MUNDAY, KNOX COUNTY, TEXAS, THURSDAY, SEPTEMBER 21, 1950

NO. 8

Kracker Krumb's Odd Bits Salvaged At Random

It's wonderful at the change two nights of operation will bring about!

Take, for instance, our pavement in the business section.

Dirt had accumulated at the curbs, etc., until it was in a deplorable condition.

Our street sweeper was out of commission and was in the hospital, being doctored up.

It looked like something had to be done—so they did it.

Following the clean-up drive, the C. D. A. directors decided another worthwhile community move would be to clean the streets.

Workmen were hired with brooms, shovels, trucks and other equipment. Several days and \$338.00 later, the job was completed.

Then the city went about the very important job of striping the streets into parking spaces.

This was hailed as a good job, parking space saver, a saver of bent fenders, etc., caused by the wrong type of parking, parking too close together and at the wrong angle.

Everything looked nice and beautiful—and then the rains came, as they have done all spring and summer.

Vehicles coming off the dirt streets and roads brought in the mud. Soon our pretty white lines began to disappear.

It looked like we'd soon be in the same shape we were in before.

Then the street sweeper was released from his hospital!

It was put to work Sunday night, and again on Monday night. Our white parking lines began to appear again, our streets look lots better, and it looks like a good job all the way 'round.

Sponsoring the clean-up drive, sponsoring our calf shows which have been put on without merchants having to dig down for extra money for prizes, etc., cooperating with the city in cleaning the streets, cooperating in the garbage disposal plan, sponsoring the move to secure new bleachers for our football field—these and many other things are what your C. D. A. directors are attempting to do.

The luncheons held every other Wednesday at the First Baptist Church should be attended by every member. We're having good feeds, fine associations, some programs and opportunities for you to express yourself in regards to the town's needs.

Directors have been disappointed at attendance at these luncheons. They have their encouraging times, too. Sometimes better than 30 members attend. Directors hope to increase this number to 50.

Wednesday of next week is luncheon time. Be there at twelve o'clock.

A relatively new member and newcomer to our town has been somewhat impressed by the luncheons. He, too, was impressed by the comparatively few who attended, seeing that the C. D. A. is the only civic organization in our town.

So he ran across a little poem and sent it to the directors. They were somewhat impressed by it. Maybe you will be, too. Here it is:

If you want to live in the kind of a town
Like the kind of a town you like
You needn't slip your clothes in a grip,
And to on a long, long hike.
You'll only find what you left behind.
(Continued on last page)

Mrs. Williams Of Weinert Passes Away Sept. 12

Funeral services for Mrs. Angia Williams, 90, mother of District Judge Lewis M. Williams, were held at 3 p. m. Thursday, September 14, from the First Methodist Church in Weinert. Rev. L. W. Tucker, pastor of the Weinert Baptist Church. Burial was in the Weinert cemetery.

Mrs. Williams, a resident of Weinert since 1908, passed away at 7:45 p. m. Tuesday, September 12, in the Haskell County hospital. She had been seriously ill for six weeks.

She was born in Rome, Georgia, on December 22, 1859, and came to Texas with her parents when she was 11 years of age. They settled in Ellis County.

She was married to Julius M. Williams of China Springs on January 22, 1879, and the couple moved to Weinert in 1908. Mr. Williams operated a farm until his death in 1931. Mrs. Williams was a member of the Methodist church for many years.

Surviving her are three daughters, Miss Jew Williams of Weinert, Mrs. A. D. Bennett of Weinert and Mrs. L. O. Findley of Hale Center; two sons, Ed Williams of Weinert and Judge Williams of Knox City; a sister, Mrs. W. T. Rogers of Okenah, Okla.; 15 grandchildren and 14 great grandchildren.

36th Division Convention Set

The 36th Division Headquarters in Austin, Texas, announces its 25th Annual Convention to be held in Fort Worth, Texas, October 27, 28, and 29th, 1950, at the Hotel Texas.

Col. William H. Martin, Natl. President, and Asst. Adj. General of Texas, urges all veterans of the 36th Division in World War I and II to attend. A varied program has been planned, including two general meetings, a western style barbecue, a Grand Ball to be held "Top-O-Texas" on Saturday night and Memorial services, Sunday at 11:00 A. M. at Will Rogers Coliseum.

Participants desiring hotel reservations, please write at once to Hotel Texas, Fort Worth, Texas, and you will receive an acknowledgment from the registration committee. Convention registration fee has been set for \$5.00.

Mrs. Jess Clement Dies At Megargel

Mrs. Jess Clement, 70, resident of the Megargel area for 45 years, passed away last Monday at an Olney hospital after suffering a cerebral hemorrhage. Funeral services were held at 3:30 p. m. from the Church of Christ in Megargel.

Surviving her are her husband, a Megargel farmer; two sons, Jess D. of Odessa and Quentin Clement of Big Spring; a daughter, Mrs. J. F. Falls of Megargel; two brothers, E. C. Hardin of Knox County and Porter Hardin of Mason; 12 grandchildren and one great grandchild.

Masons Meet At Rule Tuesday

Around 100 Masons attended the regular meeting of the 91st District Masonic Association which was held at Rule last Tuesday evening. Rule and Rochester lodges were hosts for the meeting.

A delicious feed was served members at 7:30 p. m., after which the group assembled in the lodge room for work in the Master's Degree. The degree team was composed of various members from over the district. Dr. W. M. Taylor of Goree, president of the association, was in charge of the business session.

LANDS OVERSEAS

Mr. and Mrs. C. N. Howard of Munday have received word from their son, Pfc. Bobby Howard, that he has arrived at his "destination" overseas, and is doing fine.

They Look To The Red Cross

Thousands of American homes are becoming strangely quiet as the "kid brothers" of World War II servicemen take their places in our growing defense forces. Like these young sailors shipping out, they look to the Red Cross for help when duty and distance separate them from their families.

Munday Paper To Be Placed In Time Capsule

The 1950 State Fair of Texas will mark the mid-century point in history for future generations by burying at "Time Capsule" with instructions not to open until 2050 A. D.

The time capsule, containing data of historic interest about life in Texas during the first half of the 20th century, will be sealed and buried on the final day of the exposition.

Disinterment of the hermetically sealed metal cylinder 100 years hence will probably be a high point of the next Mid-Century Exposition. Its contents will enable Texans at the 2050 fair either to marvel or smile tolerantly at the way we live in 1950.

Prominently among exhibits to be included in the Time Capsule to give a true picture of Texas in 1950 will be copies of the front pages of virtually every newspaper daily and weekly in the Southwest. The front pages will be photographed on microfilm, which will be especially treated and sealed in an air-tight container of its own. The front page of the Munday Times, bearing a picture of the First Methodist Church now under construction, was mailed to be buried in the capsule.

Abilene Boosters Here On Tuesday

Boosters for the Golden Jubilee West Texas Fair which opens September 25 in Abilene made a stop here Tuesday on their good will tour. A short program of entertainment was rendered in the business district and invitations were extended for Munday people to attend the fair.

The fair will feature a great aggregation of sparkling entertainment and educational spectacles, including aerial circus shows, horse race meet, Hillbilly Circus, agricultural and livestock shows and a carnival.

County Reservists Ordered To Duty 2 For Physicals

Two men from Knox County are among the thirty arm reservists who have been called to active duty. They are:

Cpl. Charles P. Baker, who will report to Fort Hood, Texas, on Saturday, September 23.

Pfc. Jack W. Brown of Truscott will report to Texarkana on Tuesday, October 3.

Two from Munday went to Sheppard Air Force at Wichita Falls on Tuesday, September 19, for their physicals. They are: Cpl. Joe Frank Bowley and Cpl. Kelton C. Tidwell.

BIRTH ANNOUNCEMENT

Mr. and Mrs. Everett Kuehler are the proud parents of a baby boy, Danny Lee, who was born September 14, at 9 A. M. in the Knox County Hospital. The little boy weighed 8 pounds and 11 ounces. Both mother and son are reported to be doing nicely.

Knox County Hospital Notes

Patients dismissed since September 2nd:

Mrs. R. L. Edwards, Munday; Billie Alexander, Knox City; Buddy Coner, Benjamin; Keith Chamberlain, Goree; Mrs. M. C. Brown, Benjamin; Mrs. O. J. Logan, and baby, Benjamin; Teresa Rios, Knox City; Mrs. Dwight Key, and baby, Munday; Mrs. Douglas Brack and baby, Wichita Falls; Mrs. Everett Keuhler and baby, Munday; Eugene Michels, Munday; Fabian Diersing, Rhineland; Mrs. J. T. Ballard and baby, Rochester; Mrs. D. A. Sharp and baby, Rochester; Cora Belle Kuykendall, Benjamin; Lillian Gibbins, Benjamin; Mrs. J. C. McNally, Rochester; Freddie Smith, Munday; Elvis Blake, Munday; Mrs. Sammy Angle, Knox City; Butler baby, Knox City; Mrs. Paul Grimstead, O'Brien; O. C. Thomas, Throckmorton; Mrs. Paul Pope, Rochester; Shirley Houston, Knox City; Jose Rodriguez, Rule; Mrs. W. E. Smart, O'Brien; Shirley Jean Rice and baby, Munday; Mrs. R. D. Adkinson, Munday; Mrs. T. P. Frizzell, Jr., Knox City; Mrs. Cahries Baker and baby, Munday; Gerald Morrow, Munday; J. M. Williams, Rochester; Mrs. Harry L. White; Mrs. E. V. Brazzell and baby, Munday; Mrs. W. N. Crawford, Rule; Cecil McMinn, Knox City; J. M. Faulkner, Spur; L. N. Burleson, Rochester; Laura Beth Branton, Knox City; Mrs. Maxine Hamilton, Rochester; Jeanette Sahol, Knox City.

Patients in the hospital September 18:

Mrs. F. H. Roberson, Truscott; Mrs. C. T. Kelly, Throckmorton; Herbert Sams, Benjamin; Jim Woodall, Weinert; Cotton Strickland, Rochester; Mrs. Henry Cooner, O'Brien; Charley Harrell, Munday; Mrs. Allen Rhodes, Munday; Mrs. Odie Brown, Rochester; Mr. and Mrs. T. C. Merrill, Munday; Mrs. F. J. Redder, Munday; Dian Talent, Benjamin; Angie baby boy.

BIRTHS

Mr. and Mrs. Dwight Key, Munday, a son.
Mr. and Mrs. Cahries Baker, Munday, a son.
Mr. and Mrs. Fletcher Ballard, Rochester, a daughter.
Mr. and Mrs. D. A. Sharp, Rochester, a daughter.
Mr. and Mrs. Everett Keuhler, Munday, a son.
Mr. and Mrs. Sammy Angle, Knox City, a son.
Mr. and Mrs. O. J. Logan, Benjamin, a daughter.

Goree P.-T. A. To Have First Meeting Monday Evening

Members of the Goree Parent-Teacher Association and Mrs. Elkin Warren, president for the year, invite all parents and others interested in the Goree school to present Monday evening at 7:30 o'clock at the high school auditorium for the first meeting of the year.

This will be a social meeting, and a large attendance is expected.

First Bale of 1950 Cotton Ginned Here On Monday

A FORMER COUNTY AGENT WRITES US . . .

"Say, that was such a pitiful story (referring to Kracker Krumb's) about you needing a new suit! Please cash the attached check and renew my subscription to the Munday Times."

That came from R. O. Kunkle, former county agent of Knox County who is now at Graham. Old "Dunk" came through just like we wanted him to. Hope some more of you follow his good example!

Early Mailing Of Christmas Gifts Urged This Year

Christmas is again "just around the corner" and the Dallas regional office of the U. S. Department of Commerce, Room 1114, 1114 Commerce Street, urges attention to the fact that packages sent abroad should conform to all regulations and requirements of each country's government, and should be mailed far enough in advance that they will not be caught in the last minute rush.

The Dallas office reminds you that a Christmas gift should be a pleasure to receive, not a burden to the recipient. Provisions for sending gift packages to foreign countries and the various import regulations for each country are available in the Dallas Regional Office of the U. S. Department of Commerce, Room 1114, 1114 Commerce Street.

Each country's regulations on unsolicited gift packages sent from one individual to another are radically different; some countries permit the importation of items necessity duty free, while others prohibit the importation of many items even when included in gift shipments, the Dallas office said. Meeting the U. S. export control requirements is another regulation which must be complied with.

The Dallas office of the U. S. Department of Commerce requests that you be sure to state the country, or countries, to which gifts are to be sent when making your request for the 1950 requirements. These brochures do not contain information on sending gift parcels to Armed Forces personnel.

Spelce Quits Post Office Job; On Rural Route

Some 26 years ago, a fellow who was somewhat younger than he is now, and maybe not quite as bald, started dispatching mail at the U. S. Post Office in Munday. He'd had some experience at other places, but served a "hitch" in the army during World War I, and had now settled on a job at which he hoped to support his family.

Last Monday, he walked off that job and took another, but he's still handling the U. S. mail. He's throwing lots of mail in our box, and yours, during all those years. He's runs lots of letters through the stamp cancelling machine, written many money orders, held civil service examinations and done all the duties required of a chief clerk. But he decided he wanted an outside job. So when Munday's route one got in need of a carrier after Jess Burnison resigned, Ardell Spelce applied for the job. Last Monday he quit his clerking duties at the post office and started his auto over the route, a job which he hopes to hold until he retires.

You won't be seeing Ardell's mug at the post office window very much, now.

Chan Hughes went off the "sub" list and took the regular clerk position which Ardell held. Chan has regular hours now, instead of any kind of hours. Chan put in a number of years as clerk on the extra board. Kenneth Whittemore, who has been substitute extra for some time, is now regular extra clerk. Those are the changes which have been made in the post office force.

Funeral Rites For G. B. Warren Held On Monday

Funeral services for G. B. Warren, a former resident of Knox County, were held at two o'clock last Monday afternoon from the First Baptist Church in Munday.

Mr. Warren passed away last Friday at Amarillo. He had been in ill health for some time and suffered a heart attack which caused his death.

Born on December 28, 1875, Mr. Warren was 74 years, 8 months and 17 days of age. He was a pioneer resident of Munday and lived here for many years before going to Amarillo. At one time he operated the Munday Trading Company, which was located east of the city hall where the City Grill, City Drug Store and post office now stand.

Mr. Warren is survived by his wife, Mrs. Lela Warren of Amarillo; three daughters, Mrs. O. V. Donnell of Amarillo, Mrs. Terry Waggoner of St. Louis, Mo., and Mrs. Nell Daily of Charlotte, N. C.; a brother, S. J. Warren of Munday.

Funeral services were conducted by Rev. Huron A. Polnac, and burial was in Johnson Memorial Cemetery under the direction of the Mahan Funeral Home.

Palbearers were Harvey Lee, L. W. Holbert, Wallace Reid, A. B. Warren, H. D. Warren and Clyde Warren.

Moguls Prep For Greyhounds

More of those stiff workouts and crimmages have been on the agenda of the Munday Moguls this week, as Coaches David Green and Troy Stewart are putting them through the paces in preparation for the opening of conference play here Friday night.

The Moguls will meet the Throckmorton Greyhounds on Friday night.

General admission tickets went on sale Wednesday. A number of them are available at the C. D. A. office. Bobby Price, secretary. Those in charge of the gate urge all who can to buy their general admission tickets ahead of game time, as this will greatly relieve the congestion at the entrance gates.

Weather Report

For the period of September 14th through 20th, as compiled by H. P. Hill, U. S. Weather Observer.

Precipitation since Nov. 1, 1949	30.16 in.	

ATTEND RELATIVE'S FUNERAL IN TEMPLE

Mrs. A. N. Morrow received word the first of this week of the death of her brother, W. Y. Cummings of Temple.

Mrs. Morrow and Mr. and Mrs. Joel Morrow attended the funeral services which were held in Temple last Monday afternoon at two o'clock.

H. L. Edrington Gets First Bale To Be Ginned Here

Cotton ginning has finally gotten under way in Munday, about a month later than usual. H. L. Edrington, who operates the Munday Radiator Shop in addition to his farming activities, brought in the first bale of 1950 cotton to be ginned locally on Monday, September 18. Edrington operates a farm about eight or nine miles northwest of Munday.

The cotton was ginned by the local Farmers Co-op Gin on Monday afternoon. Out of 1970 pounds of lint cotton, Mr. Edrington received a 420-pound bale.

The cotton was purchased by the Co-op Gin at 41 cents per pound.

Second Bale Ginned
Out of the district hard hit by hail several weeks ago came the second bale ginned at Munday. This was grown by Nolan Phillips, who was in the hardest hit part of the hail storm. This was ginned by the Co-op Gin on Tuesday, and Phillips received a 510-pound bale. The cotton had not been sold Wednesday morning.

Cotton gathering is later this year than at any time in the history of the county. Rains during planting season delayed the early planting of crops, and continued rains during the summer and early fall have retarded maturity of the cotton.

The first bale last year was ginned about 30 days earlier than the first bale of 1950 cotton, according to records at the gins.

Local ginners expect to gin several bales during the next week, as several farmers have started gathering. However, they do not expect any great amount of cotton to come in before October.

Sunday To Be Day Of Prayer In Texas

Urgin Texans to "take time to think upon the works of God and our state and nation and to ask for divine guidance of our leaders and our men, at home and abroad, in peace and at war," Governor Allan Shivers has proclaimed Sunday, September 24, a Day of Prayer in Texas.

Rev. S. E. Stevenson announced Thursday morning that the Goree Baptist Church will observe the day in prayer, and it is expected that all churches of the area will likewise observe the day.

Present Address Of Registrants Sought

An extensive search has been made by the Selective Service System through Local Board No. 82, headquarters at Benjamin, to find the following registrants:

Roy Madden, address at one time, Munday; Rudolph Casas Yrugas, address at one time, Knox City; Raythell Hooper, address at one time, Munday.

If anyone knows the address or whereabouts of these registrants, please notify the local board. It is most important that registrants notify their local boards each time they have a change of address or change their status in any way.

OIL ACTIVITY

From Sunday's Wichita Daily Times came the following report of oil drilling activities in Knox County:

Sinclair Oil and Gas Co. No. 1 John Jones, a 5000-foot wildcat five miles northeast of Benjamin, is at 2000 feet.

Continental Oil Company No. 1 H. C. Hamilton, a 6200-foot wildcat six miles northwest of Knox City, is below 5350 feet.

Miss Charlotte Williams has returned to Denton, where she enrolled in TSCW for the school term. Her parents, Mr. and Mrs. P. V. Williams, took her to Denton last Sunday.

NOTICE TO THE PUBLIC: Any erroneous reflection upon the character, standing, or reputation of any person, firm or corporation which may appear in the columns of this paper, will be gladly corrected upon due notice being given to the publisher, at the Munday Times office.

OUR NEEDS FOR 1950

1. Completion of our portion of the Throckmorton road, giving the farmers of that area an all-weather outlet.
2. A farm-to-market road to the north and east of Munday, possibly connecting with the Hefner road.
3. A U. S. Federal building. Munday needs a new post office home.
4. More homes in Munday. We did a good job in 1949, but there's still a housing shortage.
5. A new telephone system, giving the town adequate telephone service and tapping the rural areas surrounding the town.
6. Greater cooperation of business man, farmer, and citizen toward long-range development for our community.

THE COUNTRY PRESS SAYS

LINDBORG, KANSAS, NEWS RECORD: People do read the newspapers. The other week the Emporia Gazette printed an interesting item from its files telling of aid sent to Russia twenty years ago. But a lot of folk who read the item didn't read all of it evidently and jumped to conclusions. They got pretty excited and kept the telephones at the Gazette office and at the Chamber of Commerce ringing.

HARRODSBURG, KY., HERALD: "Most unprejudiced citizens believe in the principle of collective bargaining. But when collective bargaining bogs down, what then?"

"Slowly but surely public sentiment crystallizing in favor of some form of compulsory arbitration. And why not? Every decision handed down in a civil court involves the principle of compulsory arbitration. It is the procedure recognized as just and equitable to all parties concerned."

WINDOM, MINN., REPORTER: "The presidential election of 1948 brought out only one-half of those who were entitled to vote, the real expression of citizenship. Only 60 per cent of the graduates of American colleges and universities took the trouble to go to the polls and mark a ballot."

CENTRALIA, WASH., CHRONICLE: "Truman may have read about Martin Van Buren, who was defeated for the presidency because he refused to spend the public funds."

OLNEY, ILLINOIS, ADVOCATE: "No wonder babies cry when they are born into this world—naked and hungry, and find they already owe the government \$1,700."

ULEN, MINN., UNION: "Of every dollar Minnesota paid in taxes in 1948, 70 cents of it went to Washington, only 15 cents of it stayed at home in our own local government."

If nature is so wonderful, why didn't she make the mosquito a vegetarian.

KEEP YOUR FEET ON THE GROUND

Excessive buying is gradually diminishing. With a little reflection it is easy to see why. Concern over the grim headlines of recent weeks simply caused a lot of people to lose perspective. Indisputable facts meant little—such as booming consumer goods production and soaring agricultural statistics. Meat is a good illustration. Abnormal demand has shoved up some prices but there is a shortage. Within a matter of weeks the biggest pork crop in history will be moving to market. And beef supplies are abundant.

Meat consumption is one of the best indications of a nation's living standard. Here again the figure should help wary consumers get their feet back on the ground. The average family of four in this country eats eleven pounds of meat a week which takes about five hours of the breadwinner's pay. In Russia, by way of contrast, one would have to work 35 hours to pay of the same amount of meat, if it were available.

One very good reason why we have not had serious shortages of necessities in the United States is our free competitive system under which all business, big and little, operates. Wherever there is consumer need, it immediately becomes good business for someone to meet that need at a competitive price. While meat cannot be manufactured like automobiles and tooth brushes, meat producers and packers are compelled by the same natural laws governing other free enterprise to do their utmost to satisfy consumer demand.

These are some of the reasons why housewives in our country do not need to scramble for goods. There is more than enough of everything. Practically any other nation in the world would consider itself well off indeed if it had half the abundance of this country.

"One of the most difficult aspects of this problem of deserving public confidence is the fact that some businessmen are guilty of the same derelictions they criticize in others. Some of them also have the 'gummies'. The moral is obvious. Businessmen must stop acquiescing in government intervention which doesn't seem to directly concern them. They will have to quit taking a handout from Uncle Sam with one hand, while they take a poke at bureaucrats with the other."—Elmer L. Lindseth, President, Edison Electric Institute.

Man to psychiatrist: "I have neither illusions nor delusions, Doctor. My problem is that I exist day after day in a world of grim reality." Leo Garell in Medical Economics.

Few traffic jams are caused by people rushing to buy things they see advertised on billboards.

How to Cure "Eye-Sores"
OPTENTIMES a building which has come to look "weedy" can be given a new outlook and its life span increased by simply covering the unsightly exterior. By using a durable yet inexpensive material, the owner is able to salvage the old building, give it a presentable appearance, and save the cost of a new structure.

Time and use bring about many ravages to farm buildings. Yet, the old machine shed, the garage—even the barn itself—can be rejuvenated both in appearance and strength by nailing on panels of Masonite quarter-inch tempered hardboard.

These tough, strong panels of wood fiber have a number of advantages both for new construction and building rejuvenation. They resist weather, water and time; they are unusually strong and rigid, yet light in weight; and they resist wear and tear remarkably well.

Applying the panels, which come in lengths up to 12 feet and are 4 feet wide, is easily and quickly accomplished. Each panel is nailed first through the center, with nails 4 inches apart. Edges are nailed last, with the nails approximately one-quarter inch from the edges and 3 inches apart. Ordinarily, the panels are applied vertically, with batten strips of the same material covering the joints.

Masonite tempered hardboards are recommended for lining and residing dairy, hog and poultry structures, grain bins, garages, utility sheds and other buildings.

Mr. and Mrs. M. L. Wiggins and Mr. and Mrs. J. A. Caughran spent several days last week in Fort Worth visiting in the home of Dr. and Mrs. Kenneth Wiggins and family.

Mr. and Mrs. G. B. Hammett and Misses Betty Blacklock and Patsy Morrow spent Sunday in Abilene visiting with Marguerite Hammett, who is a student in HSU.

Mr. and Mrs. Jerry Edwards of Abilene visited with Mrs. Edwards' parents, and grandparents, Mr. and Mrs. Chester Bowden and Mr. and Mrs. T. A. Brown, over the week end.

Mrs. George Conwell and daughter, Paula, of Plains, spent the week end here with Mrs. Conwell's parents, Mr. and Mrs. G. L. Pruitt, and other relatives and friends.

James A. Stephens, Attorney-at-Law

OFFICE IN STEPHENS BLDG. BENJAMIN, TEXAS

Have prosecuted and defended many criminal and civil cases in the trial and appellate courts. The records of the courts in many counties tell the story. Fees reasonable.

An Indian fight was the cause of Brown County receiving its name.

The leader of the force of settlers was Capt. Henry S. Brown, whose son, John Henry Brown, wrote a well-known history of Texas.

Capt. Brown had a remarkable career. In 1827 while Texas as of course was still a part of Mexico, he engaged in trading expeditions. While camped on Peach Creek east of Gonzales, Brown found the body of a young stranger named Early who had left San Felipe de Austin with another stranger. When Brown reached San Antonio, he saw Early's companion in possession of the slain man's horse and other belongings—a fact which the captain reported to the political chief and that official authorized Brown to arrest the man and take him back to San Felipe for trial, which Capt. Brown did.

There it was learned that the accused man was the son of former governor of Kentucky, and that he had been convicted of killing a Southern merchant who was enroute, horseback, to Philadelphia and that the governor had pardoned his son. The man was sentenced to die for the Texas murder, but according to Brown's history, died before the date of his execution. However, later research indicates it is probably that the prisoner did not die but wrought upon the sympathy of his jailer and the latter put out the report of death and nailed up a chunk of wood about the weight of a man's body in a box and that is what was actually buried. More than 90 years later a Texan who visited an island in the Pacific reported that he met the descendants of this man, who fled there and lived out his life.

But back to Capt. Brown—

He is the discoverer of the Enchanted Rock. He made the discovery of this huge solid rock mountain while leading a force of Indian raiders.

While he was on a trading expedition, redskins stole a number of his horses and the captain set out in pursuit at the head of a good sized body. He crossed the Colorado near the mouth of Pecan Creek, came up on an Indian village and there was a stubborn fight in which the savages were routed. This place, as far as I'm concerned Brown County and the county was named in his honor.

We speak of this county and that town and seldom stop to think that in most instances they were named for some hero or pioneer who helped to build the foundations of Texas. The history of Texas, (the blood and toil and sacrifice), is recorded in the names of those noble men which have been bestowed on our counties and cities.

Knox Prairie Philosopher Wants To Get The War Over With; He Can't Stand Any More Of This Geography

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek is getting confused on the war situation, but he isn't by himself. Dear editor:

I picked up a newspaper that blew out of a truck which passed by my house yesterday afternoon, blowing dust all over the place, as far as I'm concerned roads are fine things but it would suit me fine all right if people used some other ones besides the one in front of my house, ought to be other places they'd as soon go by as my house, and after the dust settled I went down to the pasture and sat under a tree and after

I got through dozin, read the paper to catch up on the news. I don't like to complain, but it seems to me the Korean war is comin close to the last war, I ain't through learnin the geography from the last one yet, understand some folks ain't even used up the sugar and razor blades yet they hoarded up in the last one.

In fact, I went through the last two wars without ever hearin of Korea and as far as I can tell I was gettin along all right without knowin about it. Understand, I think the war is necessary, rather stop Russia in her front yard than in ours, but it's the geography that bothers me. Why don't they arrange to have wars in the same place? In the last war I got where I could pronounce Tunisia, Crete, Okinawa, etc. but as far as I'm concerned that's enough geography for a lifetime, but now we got Korea, Formosa, Pohang, Taegu, Pusan, Hyonping, Hyopthun. I tell you, I don't believe my nervous system can stand up to all this geography.

You take a man after a hard day's work, he comes homes to supper and his wife questions him a little too closely on how much he got plowed and mentions half a dozen things that

At Roxy, Tues., Wed., and Thurs.

Betty Hutton as Annie Oakley heads the list of star performers in the technicolor musical extravaganza "Annie Get Your Gun."

Prison Rodeo To Be Held For Five Days In October

HUNTSVILLE—What is considered the "Most Famous Rodeo on Earth" will open Sunday, October 1 in Prison Stadium, Huntsville, at 2:00 P. M. It will be held each Sunday in October and this, the 19th Annual Prison Show, promises to be "bigger and better" than any of the previous "tough v. s. tough" events.

Rodeo Director Albert Moore, who has made this rodeo the greatest penal sporting event in the country, insists that he'll have the fastest, wildest and roughest show ever staged during his 17 years of Prison Rodeo experience. Each performance of the greater new 1950 Prison Rodeo will include novelty acts, standard rodeo events, such as calf roping, bareback and saddle bronc riding, etc., and exclusive Prison Rodeo feat-

ures such as the hilarious Charlot Race, the wild mare milking contest, the breathtaking mad scramble, the fine Prison Military Band, the Goree Cow Girls, and the Rhythmic Stringsters. Mr. Ray Dillon, widely known as the "voice of the prison show" will again MC the performances.

Mr. French M. Robertson, Chairman of the Texas Prison Board's Rodeo Committee, announced that "Opening Day at the Prison Rodeo will be desig-

nated as 'Governor's Day', and that Governor Shivers had accepted the Board's invitation to be present as honor guest." The Texas Prison Board will also be host to the members of the Legislature as guests of honor. Each member has been issued a personal invitation by General Manager O. B. Ellis. In a further display of honor to Governor Shivers, A. C. Turner, in charge of Rodeo Publicity and Director of Rehabilitation has asked all Texas newspapers and radio men to be his guests on Governor's Day and a special "press section" is being reserved for them. Reserved seats are now on sale at the Prison Rodeo Ticket Office, Huntsville. Prices are \$2.00 plus tax, totaling \$2.40. Plenty of seats will be available with the new and modern bleachers replacing sections of old wooden stands. Proceeds are deposited in the prisoners' Educational and Recreational Fund to provide schooling, library, athletic supplies, eye glasses, and other medical aids not provided for in state appropriations.

County Supt. M. D. McLaughery of Benjamin was a business visitor here the latter part of last week.

Mr. and Mrs. Worth Gafford left last Sunday for a week's vacation trip to Carlsbad and other points in New Mexico.

need fixin around the place, and adds that some of her relatives is comin for a visit, and then he sits down to a pleasant evening of readin the paper and runs into a whole string of unpronounceable, out-of-the-way places, it ruins the rest of the day.

As far as I'm concerned, they can bomb Russia in the morning and get this thing over with. Two or three wars is about all a man can stand in one lifetime. I'm willin to make a sacrifice and stay ignorant if it'll mean world peace.

Yours faithfully,
J. A.

More Magazine Racks!

PERHAPS your home has one magazine rack, but is one enough? There probably should be several—one for the living room, another for the porch, one for the recreation room and another for a bedroom, perhaps.

The beauty of the illustrated plan is not only that a handsome magazine rack can be made by the handiworker, but that while he is making one he might as well make several.

All parts of the rack, excepting the wooden bottom, are Masonite 1/2" tempered hardboard, glued together back to back. Two edges of the bottom are beveled 15 degrees to slant the sides. Then a groove is run in the center of the board for the partition. Two strips of quarter-round molding can be substituted for the groove. Duplicate side and end pieces are jigsawed in pairs. Tab slots in the end pieces are cut by drilling a hole at one end of the slot for inserting the saw blade.

Parts of the magazine rack should be assembled as follows:

First glue the center piece in the groove in the bottom board. Be sure that the inside edge of half-lap slot aligns with the edge of the wood. Now nail and glue the side pieces to the beveled edge of the bottom board. The ends go on last. These engage the tabs on the center piece and then are bowed outward to snap over the tabs on the ends of the side pieces. This interlocks the ends. The lower edges of the end pieces then are nailed to the end grain of the bottom board.

For a variation in the material, use Masonite Leatherwood, which has an embossed surface resembling Spanish grain leather. Either hardboard may be left in its natural color, painted, varnished or lacquered.

Mrs. Floyd Is Hostess to Munday H. D. Club Meeting

The Munday home demonstration club met on Wednesday, September 13, in the Study Club house, with Mrs. Leland Floyd serving as hostess.

Mrs. Joe Patterson gave a report of the state meeting which was held in Big Spring and passed on to the club members some valuable information which she received at the association.

The Munday club will be hostess to council members in Benjamin at their September meeting.

Several club members and their husbands attended a picnic supper and forty-two party at the home of Mr. and Mrs. Joe Patterson last Thursday night.

Present at the club meeting were Meses. Fred Lain, Joe Patterson, R. Hargrove, Frank Bowley, B. Claborn, Otis Simpson, J. C. Gollehon, Leland Floyd, Mrs. Pruitt and Mrs. Mooney.

The next meeting will be on Wednesday, September 27.

Mrs. M. L. Raynes Is Honored With Birthday Party

Mrs. M. L. Raynes was happily surprised with a party at her home Tuesday evening honoring her on her birthday.

Leaving her duties at the store at quitting time, Mrs. Raynes entered her home to find a lovely birthday cake with lighted candles. Friends and relatives came in later to help her enjoy the occasion.

The birthday cake was served with punch to the guests, and several games of forty-two were later enjoyed.

Present were Mr. and Mrs. John R. Rayburn, Mr. and Mrs. John Rich and baby, Mr. and Mrs. W. C. Schwartz of Weinert, Mr. and Mrs. George Muntz, Mr. and Mrs. Leonard Alexander, Mrs. Earl Taynto and guest of Wichita Falls, Mr. and Mrs. Felton Raynes and Mr. and Mrs. M. L. Raynes.

ENROLL IN NTSC

Dan Reynolds, D. G. Chamberlain, Bob Gray, Charles Hardin, Mary Lou Nelson and Ann Nelson left the first of the week for Denton, where they have enrolled in NTSC for the fall term.

Nadine Butler And Bobbie Broach To Marry October 24

Mr. and Mrs. E. L. Butler of Munday have announced the engagement and approaching marriage of their daughter, Miss Nadine Butler, to Bobbie Broach, son of Mrs. Fred Broach Sr., of Munday.

The wedding is to be an event of Tuesday morning, October 24 in the First Baptist Church in Munday. Rev. Huron A. Polnac, pastor, will officiate in the double ring ceremony.

The bride will be attended by her sister, Mrs. Vernon Lydoff Teaff of Weinert, and the bridegroom will be attended by his brother, Fred Broach, Jr., of Munday. Music will be furnished by Mrs. Roger Williams of Munday and Mrs. A. V. Kemletz of Knox City.

Miss Faye Betts And Howard Gray Marry Sept. 16th

Announcement was made Tuesday of the marriage of Miss Faye Betts and Howard Gray, who were united in marriage at 8:15 Saturday evening, September 16, at the Methodist parsonage, Rev. R. L. Butler, pastor, officiated in the single ring ceremony.

Mrs. Gray is the daughter of Mr. and Mrs. Lem Betts of Seymour and is a graduate of the Seymour High School.

The bridegroom is the son of Mr. and Mrs. R. D. Gray and attended the Munday schools.

Attendants at the wedding were Mart and Thelma Booe and Sue Clark, all of Munday.

The couple left immediately after the ceremony for a wedding trip, after which they plan to make their home in Munday.

Mrs. Earl Tayntor of Wichita Falls visited her parents, Mr. and Mrs. M. L. Tayntor, the first of the week.

CARD OF THANKS

In deepest appreciation, we attempt to express our sincere thanks for every kindness shown in the death of our loved one, G. B. Warren. Every thought, word and deed, as well as the lovely flowers, were deeply appreciated. May god bless you all.

The family and relatives of G. B. Warren.

Gene Kelly Supports Kids' Day

The popular young star of many Metro-Goldwyn-Mayer musicals, Gene Kelly, draws admiring glances from seven year old Charlotte George, of North Hollywood, Calif. as he tucks the first 1950 National Kids' Day poster on his dressing room door.

Spearheaded by the more than 3,350 Kiwanis clubs throughout the United States and Canada, Kids' Day will be observed this year on Saturday, September 23. It is a joint project of Kiwanis International and The National Kids' Day Foundation, Inc., designed to focus additional attention upon the problems of underprivileged children. It is expected that fundraising events conducted on Kids' Day will benefit millions of children for money raised in a community remains in that community to be spent for youth under the supervision of the local Kiwanis Club.

BENJAMIN NEWS

(Elda Purl Laird, Reporter)

The Community Singing will be held Sunday, September 24, beginning at 3:00 P. M. in the First Christian Church. The singing is being enjoyed by all who attend. Come and join in the singing, you will enjoy it also.

Recent visitors in the home of Mr. and Mrs. Willard Kilgore and family were Mr. and Mrs. John Fisher, of Silverton and Mr. and Mrs. W. H. Humphries and family, of Tulla, and Willis Kilgore, of Wichita Falls.

Johnny McGaughey, son of Mr. and Mrs. M. D. McGaughey, and Miss Jean Galloway, daughter of Mr. and Mrs. J. L. Galloway, left Thursday of last week for Texas Tech where they are enrolled of the coming year.

Visitors in the home of Mr. and Mrs. Doyle Pyatt during the past week were Mr. and Mrs. George Calvin, of Flomot, on Tuesday. Mrs. Doyle Weatherly and baby girl, Mrs. Jack Barnhill and baby daughter, and Mrs. Roy Russell, all of Turkey, on Thursday. Mr. Tom Wilson, of Wichita Falls, Safety Director for the State Highway Department, Thursday, and Mr. and Mrs. Douglas Doshier, of Childress, on Friday.

Rotan Barnett, of Dallas, visited in the home of Pete Barnett Friday and Saturday of last week.

Coy and Raymond Stewart of Shamrock, visited with friends and relatives here Thursday of last week.

Mr. and Mrs. Floyd Nunley and girls, and Charles Ray Snallum, all of San Angelo, were here visiting in the home of Mr. and Mrs. Lee Snallum and Mrs. Alpine Nunley, the past week end.

Mrs. P. W. Laird and Miss Elda Purl Laird were in Haskell and Stamford Saturday shopping.

Mrs. W. A. Barnett, Miss Omilene Barnett, Mrs. Wynelle Porter and girls visited in the home of Mr. and Mrs. T. P. Porter, Sr., of Seymour, Sunday.

Bozo Melton, son of Mr. and Mrs. Melton, left Sunday to enroll at NTSC in Denton.

Mrs. Eugene House, and sons, Mrs. L. C. Melton, left Sunday to enroll at NTSC in Denton.

Mrs. Myrtle Meinzer, and other relatives.

Mr. and Mrs. Bobby Jim Pyatt, of Austin, spent the week end visiting their parents here.

Mr. and Mrs. Doyle Pyatt returned to Austin with them for a week's visit.

Dunbar School Opens Sept. 4th

The Dunbar elementary school opened the 1950-51 term on Monday morning, September 4, with 74 students enrolled.

Teachers are hoping for a most successful year, and stated the year going to strive to add four more students and maintain a daily average of 78 students in order to qualify for a third teacher. Parents are asked to do their part by keeping the children in school.

The colored P. T. A. met Monday, September 18, and elected the following officers:

Mrs. Lola Jones, president; Mrs. Bernice Webber, vice-president; Mrs. Fannie Johnson, secretary; and Mrs. Dollie Jones, treasurer.

Mrs. Ruby Durham was named chairman of the entertaining committee, and the following members were appointed: Mrs.

CORN BROOM GIRL

Fran Warren, Singing Star

Texas Guinan used to greet visitors to her famous night club by shouting "Hello Sucker" at them as they entered. The folks who wine and dined in her saloon—oops, salon—could afford to be suckers. Can you—when you go to market to buy a broom?

Above you see Fran Warren, beautiful star of radio and television, picking out a broom. She's being careful to get one with good stitching so that it will do the job well. What does Fran Warren know about brooms? Well, she's now being called "The Corn Broom Girl" since she made the popular RCA recording of the liting tune, "An Ordinary Broom Reminds Me Of You."

Now, she and the National Broom Manufacturers and Allied Industries Association offer you a few tips on how to buy a broom.

First, pull back the outer fibres of the broom and make sure the inside fibres are made of genuine broom corn, too. All strands should be of full length, to make the broom lively and resilient.

Be certain the broom's stitching is tight and even, and that there are an adequate number of rows of stitching. Loose sewing with the twine may cause the broom to fray out too soon. Finally, check the number of stitches to the row. The greater the number, the tighter and better and longer-lasting the broom.

Mrs. Leo Reddell Honored At Showers Held Recently

Mrs. Leo Reddell was named honoree at two showers held recently.

On Thursday, September 7, Mrs. Jack Clowdis was hostess for a shower held from 7 to 10 p. m. The other shower was Thursday, September 14, in the home of Mrs. Louis Farmer of O'Brien, where Mrs. Reddell lived before moving to Munday.

At both showers, individual cakes and punch were served the guests. The honoree received many lovely and useful gifts.

Fiddlers Contest Slated At Henrietta

In connection with the Clay County Pioneers' Reunion at Henrietta, September 29-30, an old fiddlers' contest will be held on the court house lawn Saturday, September 30, at 2:30 p. m. No entry fee is charged and all amateur fiddlers, young and old, are invited to send entries to John M. Gilbert at Henrietta.

Prizes are \$15, \$10 and \$7.50 for first, second and third place winners. Each fiddler will be expected to play three tunes and may use as much accompaniment as he desires. Entries will be accepted up to 2 p. m. September 30, however, early entries will be appreciated.

Mrs. Lucile Hall and Mrs. Faye White of Baird were guests in the home of Mr. and Mrs. Lee Haymes last Monday night.

Mrs. L. C. Melton, left Sunday to enroll at NTSC in Denton.

Mrs. Eugene House, and sons, Mrs. L. C. Melton, left Sunday to enroll at NTSC in Denton.

Mrs. Myrtle Meinzer, and other relatives.

Mr. and Mrs. Bobby Jim Pyatt, of Austin, spent the week end visiting their parents here.

Mr. and Mrs. Doyle Pyatt returned to Austin with them for a week's visit.

ATTEND WEDDING OF RELATIVE IN BURNETT

Mr. and Mrs. J. C. Campbell and Junior Hardin attended the wedding of Mrs. Campbell's niece, Miss Betty Hardin of Burnett on Sunday, September 10.

The wedding was at the First Methodist Church in Burnett at 4 p. m. Miss Hardin was married to Mr. Albert Lacy of Benjamin.

IRA STALCUPS ALL SMILES OVER GRANDSON

Mrs. Ira Stalcup returned home Wednesday from Graham, where she went to welcome her little grandson, who made his appearance at a Graham hospital on September 19. He tips the scales at 5 1/2 pounds.

The parents are Mr. and Mrs. Beverly King, Jr., of Graham. Mrs. King is the former Chlo-dell Stalcup. Paternal grandparents are Mr. and Mrs. B. W. King of Graham. A suitable name for the new arrival has not been selected.

Mrs. Floyd Coffman and Mrs. F. G. Daniell of Littlefield were Goree visitors several days last week. Mrs. Daniell also visited relatives in Abilene.

Miss Verniece Goode and Jim Goode returned home Tuesday from a trip to Kim, Colo., where they visited Mr. and Mrs. Charlie Goode and Mrs. Ben Goode and family. They also visited a niece in Crosbyton en route to Colorado.

Mr. and Mrs. Elkin Warren were Stamford visitors last Friday.

Mr. and Mrs. Talmadge Falls of Throckmorton spent last Saturday and Sunday with Mrs. R. D. Stalcup.

Mr. and Mrs. Henry Wetzel of Lefors, Mr. and Mrs. Ruple Worsham and Mrs. Clint Reams of Fort Worth visited relatives and friends here during the week end. All of these people lived in Goree several years ago.

Mr. and Mrs. Johnnie Moore took their son, Douglas Moore, to Abilene last week, where he entered Abilene Christian College for the fall semester.

Mr. and Mrs. Barton Carl and daughters, Jane and Cathey, spent Sunday and Monday with relatives in Baird.

Mr. and Mrs. Joe Hudson and children and Mr. and Mrs. S. R. Hudson and children of Wichita Falls spent the week end with Mr. and Mrs. Jerry Hudson, and other relatives.

Mr. and Mrs. Waymon Robin and children of Throckmorton spent Saturday and Sunday with relatives here.

Miss Doris Williams of Abilene spent Sunday with her parents, Mr. and Mrs. Luther Williams.

Mr. and Mrs. Foye Bain Barnett and children spent Sunday with relatives here.

Mrs. Clyde Taylor has as her guest this week her mother, Mrs. Grimestaff of Haskell.

Mrs. Mamie Fitzgerald and son, Denzil, attended the Fitzgerald reunion in Wichita Falls last Sunday.

Keith Chamberlain, son of Mr. and Mrs. Buster Chamberlain, spent two or three days in the Knox County hospital last week receiving a slight head injury while playing ball. He is

Sight Training Hailed As Aid To Higher Grades

Many Slow Readers Are In Need Of Orthoptics Says Woman Optometrist

MILWAUKEE, Wis. — Many seeing problems of school children can be solved by re-training of the child's visual habits, according to Dr. Marguerit Thoma Eberl, chairman of the Children's Vision Committee of the American Optometric Association.

"A child learns to see just as it learns to walk, talk or swim," Dr. Eberl said. "Sometimes a child learns visual behavior patterns which are not efficient and effective. By re-training, these habits can be broken down and proper one can be established."

Dr. Eberl warned that visual "exercises" are not a panacea for all seeing problems. However, she said, scientific training, whether alone, or with lenses has corrected the vision of thousands of children who could not be helped by lenses alone.

"Orthoptics, or visual training, is a highly developed science," Dr. Eberl said. "For it a wide variety of scientific instruments are used to train the eyes to focus properly, to work together like a good team of horses and to perform the other functions required for adequate and comfortable seeing. Children requiring visual training should be entrusted only to a licensed visual specialist."

Aid to Normal Growth
"Training a child to see properly not only aids him in his school work, but it is often the solution to personality problems. Many children who cannot excel in school achievement because of visual handicaps turn to stealing or other anti-social activities to draw attention to themselves. When they are aided in seeing for normal activities like school work and sports they are more likely to develop normal personalities."

By visual training, according to Dr. Eberl, a child can be taught to grasp a whole phrase at a time in reading. Thus a child reads faster and also with more comprehension. Less effort is required and consequently he does not tire so quickly. He is able to apply himself

much better, but it not able to attend school this week.

Cooper Haskin of Wichita Falls visited his parents, Mr. and Mrs. A. L. Haskin, this week. Cooper has received his call for active service in the U. S. forces. He spent some time overseas in World War II.

CHURCH OF CHRIST

Munday, Texas J. B. Barnett, Evangelist

THE CHURCH—ITS ESTABLISHMENT

As we study about the church, we bid you to keep in mind that we are using the words "church and kingdom" interchangeably, just as did Christ in Matt. 16:18, 19. It has been noted in previous articles that the church or kingdom was not set up; "before the foundation of the world" "in the days of Abraham" "in the days of Christ's personal ministry." Now, let's see if it was set up "on the day of PENTECOST." Christ said in Mark 9:1, "Verily, I say unto you that there be some of them that stand here, which shall not taste of death, till they have seen the KINGDOM of God come with POWER." We now move up forty days after his resurrection. Here the apostles raised the question, "Lord, wilt thou at this time restore again the KINGDOM of Israel." Note his answer, "It is not for you to know the times or the seasons, which the Father hath put in his own power. But ye shall receive POWER, after the HOLY SPIRIT is come unto you . . ." (Acts 1:6, 7). Thus far we know that three things are going to occur simultaneously, viz, the KINGDOM is coming with POWER, and they are going to receive POWER after the HOLY SPIRIT is come upon them. Only one thing is left to prove, that is, When did the Holy Spirit come? Read on in the second chapter of Acts, "And when the day of PENTECOST was fully come . . . suddenly there came a sound from Heaven as of a rushing mighty wind, and it filled all the house where they were sitting . . . And they were all filled with the HOLY SPIRIT, and began to speak with other tongues as the SPIRIT gave them utterance." (Acts 2:1-4). Therefore, on this day, the day of PENTECOST, the HOLY SPIRIT came, and the POWER was and did accompany the Spirit, (Acts 1:7, 8, 9), and the KINGDOM was to come with the POWER, (Mark 9:1). Thus the scriptures prove conclusively that the "church or kingdom" was set up on the first Pentecost after the resurrection of Christ in 33 A. D. The apostle Peter referred back to this day in Acts 11:15 as "the beginning." All references in the future, that is after Acts, 2nd chapter, in regards to the "church or kingdom" always speaks of it as being in existence. (Acts 2:47; 8:3; 14:23; Col. 1:13; Heb. 12:28; Rev. 1:9, etc. (Please read). Thus Christ is the BUILDER (Matt. 16:18), Pentecost is the TIME (Acts 2:1), Jerusalem is the PLACE (Isa. 2:2; Luke 24:47; Acts 2:5). Therefore any CHURCH having its beginning PRIOR to this, or AFTER this time, cannot be the CHURCH THAT JESUS BUILT. More to follow.

more effectively.
"Visual training as applied by licensed specialists today is a form of correction that every teacher and parent should consider for the child who has a seeing problem," she said. "We know that most failures, especially in the lower grades, are due to inadequate reading ability, and more often than not the inability to read properly is caused by a visual handicap. Usually the handicap can be overcome by proper care."

County Officers Take Part In Raid; Beer, Liquor Seized

Sheriff Homer T. Melton and his deputy, Frank Hill, assisted Haskell County officers Sunday night in the seizure of a large quantity of beer and liquor at O'Brien.

The officers seized 153 cases of beer, eight cases of wine and a dozen quarts of assorted liquors in a raid on a four-wheel trailer on the outskirts of O'Brien. A San Antonio inn operator, Ed Martinez, was arrested. He pleaded guilty Monday morning before O. E. Patterson, Haskell County judge, to illegal possession of liquor for sale in a dry area and was assessed a fine of \$1,000 and costs.

The group of officers was headed by Sheriff Bob Cousins of Haskell, and others assisting were Deputy Harry Donohoe, Brooks Middleton, Haskell city marshal, and Joe B. Loper, Rochester city marshal.

Mr. and Mrs. Jim Gaines accompanied their son, Robert Henry Gaines, to NTSC, at Denton last Monday.

Mr. and Mrs. Kent Cartwright and son, Joel, of Knox City spent last Sunday in the home of Mr. and Mrs. Alonzo Cartwright.

Attorney Joe Wheat of Seymour was here Tuesday visiting with friends and attending to business matters.

Uncle Sam Says

MAKE A DONATION TO YOURSELF—like putting something aside for the future—an investment in U. S. Savings Bonds. You don't need to own a factory to begin stockpiling, simply do it with U. S. Savings Bonds. And when it comes time to take an inventory, you'll agree that a pile of U. S. Savings Bonds makes one of the prettiest sights you ever saw. Your inventory will spell security for the future, and for now—no financial worry.

7:00 P. M. Training Union.
8:00 P. M. Preaching. Beginning Sunday evening, we will use the book of Colossians for an indefinite time in our evening services. Please read and study.

Cars Must Stop Before Passing School Buses

Did you know that you are required to stop your car immediately before passing a school bus which is discharging children, if that bus is on a highway outside of a business or residence district? After having stopped, you may then proceed

at a prudent speed not to exceed 10 miles an hour, until you are safely beyond the bus. This is required of you whether you are meeting or overtaking the school bus. This law was passed in 1947 by the 50th Texas Legislature as a part of the Uniform Act of Traffic Laws.

If you will notice within the next day or two, you will see in operation some of the approximately 6,000 school buses which carry tens of thousands of Texas children to and from school every day. The Law stated in this Article is one of several which have to do with the operation of a motor vehicle in the vicinity of a school bus which is loading or discharging children. Each year a number of accidents occur which usually involve a passing car and one of the children getting off of the bus. These accidents are of the most heart-breaking kind because they usually mean that some young, happy school child has either been killed or possibly maimed for life.

Each driver of an automobile should know and follow the rules concerning motor vehicle traffic around school buses, because these rules were made in an effort to protect the children who ride them. It is often a hardship for some of these children to get ready in time to ride the bus many long miles into school each day. Certainly if these boys and girls will put forth that much effort, the drivers of automobiles on our streets and highways can exercise enough care to protect their safety on the way to and from school.

DRIVE CAREFULLY—YOU MAY SAVE A LIFE.
More than 650 different kinds of grasses, obtained from all parts of the world, have been planted by the Texas Agricultural Experiment Station in Texas since 1907.

BROACH EQUIPMENT

Let's Talk Livestock

(By Ted Gouddy)

FORT WORTH, Sept. 18—Stocker trade continues to hold the spotlight in livestock circles and new high prices are reported right along on virtually all kinds of replacement cattle, calves and sheep.

Some sources feel that light-weight calves and yearlings may reach to the \$37.50 to \$40 range this fall. Fact is some are being priced as high as \$37.50 at some points in the winter wheat grazing sections but so far we have heard of no takers.

There is a tiny undercurrent of doubt at the present time as to whether there may or may not be a reaction toward lower

prices in the near future in view of the steady climb the past weeks.

Some of the observers speculate as to whether a quick termination of the fighting in Korea might take a good deal of the fever out of the searing stock market. At present, it appears that General McArthur's lightning thrust might cut off and chew up the invading North Koreans and result in a quick surrender. If that happens and if the fighting doesn't break out on another front, a less optimistic view of the coming months would not be unexpected.

In the meanwhile some noteworthy sales which will give you an idea of current values include: a load of good Angus cows weighing 1,051 pounds from C. H. Penner, Mill Creek, Oklahoma, sold at Fort Worth today for \$25 per hundred for stockers. That's \$262.75 for dry

LOCALS

Miss Ilene McClaran of Wichita Falls visited with her mother, Mrs. Ann McClaran, and other relatives here over the week end.

Mr. and Mrs. Kelton Tidwell of Lubbock visited with Kelton's parents, Mr. and Mrs. Buck Tidwell and other relatives and friends here over the week end.

Mrs. J. B. Bowden left last week for McCamey to spend two weeks visiting her son and family, Mr. and Mrs. Lloyd Bowden and sons.

Aubrey Roden, Jr., son of Mr. and Mrs. Aubrey Roden of Munday, is undergoing treatment in the Haskell hospital this week.

Mrs. Terry Harrison and Mr. and Mrs. Verbon Voss and family visited with relatives in Abilene last Sunday.

Misses Betty and Rutkie Stodghill spent the week end in Seymour visiting with Miss Joyce West.

Miss Bernadene Suggs of Abilene visited in the home of her parents, Mr. and Mrs. R. F. Suggs, over the week end.

been about four months. He uses Corriedale, Rambouillet and Delaine type ewes and pure bred Suffolk bucks. This makes a really fast-developing, high dressing feeder lamb.

This last bunch of lambs originated in Colorado and probably set a distance record for market lambs here, having traveled over 900 miles to get to market.

Merle Waggoner of Wichita Falls was at Fort Worth with a bunch of aged cows Monday on the canner and cutter order at \$19.50. These cows would have brought \$21 or better as stockers but Waggoner, like many other ranchmen, does not want his brand scattered around over the country and wanted them sold for butcher.

Mrs. Louis Cartwright spent last week in Plainview visiting her sister, Mrs. F. B. Hoefler, who is ill. Mr. Cartwright went for her Friday and they returned home Sunday.

Troy Harrell of Wyoming came in last Monday for a visit with relatives and friends here. He came at this time because of the serious illness of his father, C. H. Harrell.

cows with no coupon (calf) at side or definitely in sight. Sid Richardson, oilman and rancher, had some cross-bred Brahma-Shorthorns in from the Dutch Branch Ranch near Benbrook, the ranch formerly owned by Elliott Roosevelt, which weighed 960 and brought \$27.50.

C. V. Herbert, Shreveport, La. (he's the son of the late Victor Herbert, the world famous musician and composer and has a ranch about 22 miles from Shreveport) had five loads of cattle at Fort Worth Monday which included 42 calves at \$32 per hundred and 15 head at \$30 as well as a load of stocker cows at \$23. Herbert uses good Polled Hereford bulls.

Henry Sanzenbacher, Clay County, had some \$29 feeder yearlings in. One of the most unusual sales was three big 1,598 pound Brahman-Longhorn type steers that were sent here by Oscar Hadden, Ponca City, Okla. These steers were high as the fence, and had horns four to five feet long, regular hats. The steers were sold with the stipulation that the heads and hides would be returned to Hadden to be mounted. They brought \$25 per hundred.

Feeder lambs climbed to a new season high of \$27 per hundred. We understand that in a good many sections of the Cornbelt, the feeders are turning the lambs instead of calves or year-

lings this year since the lambs take a little less investment.

Billy Graham, he's the nephew of the widely known Dink Graham of the Panhandle-Plains section, near Dimmitt, had some \$27 feeder lambs that averaged 81 pounds in Fort Worth Monday. Billy also had some old ewes, mostly camers, that sold at \$14.50, the 194 head weighing 100 pounds.

Last week we saw evidence again of the highly profitable practice of fattening lambs on irrigated alfalfa pasture. Mr. E. P. Malone of Arthur Lake, New Mexico, and Mrs. G. H. Crone of Fort Stockton, marketed \$29 lambs. Malone's weighed 85 pounds and Crone's weighed 97 pounds.

Malone creepfeeds his lambs while they run with their mothers on irrigated alfalfa fields. He leads the creepers with a pellet made of 50 percent good hay and 50 percent ground maize and 10 percent molasses. Says this ration costs about \$150 to \$60 per ton and keeps it before them day and night.

Malone shipped 12 loads of lambs this season and they have averaged 77 pounds and brought from \$26.50 to \$29. Average age of the lambs has

FARM NEWS

From the County PMA Committee

COTTON SITUATION OUTLINED

With the 1950 cotton crop expected to gin out at slightly over 10.1 million running bales, the total cotton supply for the 1950-51 season should be around 16.8 million bales, the Department of Agriculture reports. Such a supply would be about 4 1/2 million bales below the 1949-50 supply and only about 2 million bales more than actual total disappearance in the marketing year which ended July 31.

The first official forecast puts the 1950 cotton crop at 10,308,000 bales, 36 percent smaller than last year and 11 percent smaller than the 1939-48 average.

The August 1 carry-over of old cotton was 6.5 million bales.

Total disappearance of cotton during the past season was the third largest on record and the highest since 1928-29, when exports alone were 8 million bales. Nearly 25 percent more than the preceding season and the highest since 1939-40.

Prices for cotton in August were at the second highest level on record for the month. Middling 15-16 inch, or 27.90 cents for Middling 7-8 inch upland cotton, gross weight. Loan rates will vary according to location.

WINTER COVER CROP SEED

This year Southern farmers have the greatest opportunity they have ever had to provide winter grazing, improve their land and grow some of the nitrogen with winter legumes according to G. F. Vance, PMA Chairman.

Vance says, for the first time, enough seed is available to cover about one-half the land which should be covered. This year's supply of every winter crop seed is larger than that of any recent year.

It is estimated that over 37

"One-Punch Special" Wins Soap Box Match

The All-American Soap Box Derby, which annually brings champions from 150 American cities to race for a \$5,000 college scholarship and the national title at Akron, O., was embelished this year by a match race between Jimmy Stewart, film star; Jack Dempsey, former prize ring champion, and Wilbur Shaw, three-time Indianapolis "500" winner. Dempsey in his "One-Punch Special" brought the crowd of

60,000 to their feet when he whizzed over the finish line the winner, as Hopalong Cassidy waved the checkered flag of victory. Inset: W. E. Fish, general sales manager of Chevrolet (right) presents the trophy to Dempsey, Harold Williamson of Charleston, W. Va., drove his home-built racing car to victory in the big race which followed the special match.

New Chryslers Made To Run On Quart Of Water

A quart of water poured into the gasoline tank can save the stranded motorist a long walk

to a gas station, if his car is a new Chrysler.

All postwar Chryslers are equipped with a super-efficient fuel tank filtering device which is effective against even the most minute droplets of water. Should the new Chrysler "run out of gas," a quart of water poured into the fuel tank will use the gasoline remaining

When In Goree, Visit WOODY'S DRIVE IN

Woody Roberts, prop.

Be careful. Observe state and local traffic laws.

Control...that has no equal!

Prestomatic Fluid Drive Transmission... simple, cool-running, with three rugged compact units designed with a minimum of moving parts... Integral Fluid Drive, the Safety Clutch, and Prestomatic Transmission. Ruggedly built for trouble-free service.

Take this beautiful car out on the road... and you'll discover the most important driving difference in cars today. For here is the only automatic gear shifting that gives you full control of your car at all times! Here is the only automatic transmission that takes its orders from you... that shifts when you want to shift... that can't shift you up and down when you'd prefer another gear. See... feel... and hear the difference in slow moving traffic. You cruise smoothly along in high, even at 12 miles an hour... saving gasoline... saving wear and tear on your engine. But at 12 miles an hour, other automatic shifts drop you down into lower gears—and there's nothing you can do about it. Try Chrysler's Fluid Drive and automatic transmission... learn how Chrysler has kept far ahead of all others. And discover the built-in value all the way through that has no equal today!

CHRYSLER IMPERIAL 4-DOOR SEDAN... the car that has no equal at any price. One of 21 beautiful Chrysler body-styles.

See it—drive it... there's built-in value all the way through!

Advantages of Chrysler's Fluid Drive

Advantages of Chrysler's High Compression Spitfire Engine!

Chrysler's Advantages in Comfort and Safety

Automatic Gear Shifting—with full control of your car! Better traction—safer on slippery roads. Convenience of clutch for easier parking. Slower Engine Speeds—reduced noise, wear. Saves gasoline! Drive in high while others drive in low in traffic.

Waterproof Ignition—prevents stalling in rain or high water! Chemically Treated Cylinder Walls—for greater wear. Floating Power—helps eliminate vibration. Superfinished Parts—reduce friction, last longer. Exhaust Valve Seat Inserts—reduce need for valve grinding! Full Flow Oil Filter—keeps oil clean longer!

Functional Design—full room for your head, legs, shoulders. Easy to enter and leave! Safe Guard Hydraulic Brakes—smoother stops. Easy-Lock Parking Brake—holds car on any hill. Electrically Operated Windshield Wipers—constant speed all the time! Chair Height Seats—no crouching, you sit naturally! Safety Rim Wheels—won't throw tires after blowouts at normal speeds. Double-width Arm Rest—for arm chair comfort.

Weekly Health LETTER

Issued by Dr. Geo. W. Cox
M. D., State Health Officer
of Texas

AUSTIN—At least four different types of radioactive detection instruments and computers are available for measuring radiation particles if and when an atomic bomb is ever exploded over a Texas community.

This encouraging bit of information was revealed by the state's chief health official, Dr. Geo. W. Cox. He's state director of health and emergency medical service, part of the Texas civil defense setup.

Radiation is one of three principal harmful effects or atomic explosions. Others are blast damage and burns. Using RAD-IAC instruments, it is possible to know what areas are safe from the tasteless, odorless, colorless radioactive particles.

All RADIAC instruments are designed for use by radiation monitoring squads. Squad members might be soldiers, or they could be civilians trained by the State Health Department's radiological division. In either case they would be trained for immediate action in atomic disasters.

"Planning emergency medical and health services in an atomic disaster has been one big mess of confusion," Dr. Cox admitted. "But we're beginning to see light now. Our radiology division is going to go right to work, now that we have it set up."

Radiac instruments got this official explanation: Film badges can be pinned on to the lapel, strapped onto the wrist, worn in a ring, etc. They consist of a piece of photographic film and are used to show the amount of radiation to which the monitor has been exposed. Radiation particles affect the film like light. Dozens of "tracks" are visible when the film comes in contact with heavy concentrations of radiation.

Film badges are a permanent record of the exposure to which the monitors have been subjected. Dr. Cox says they show whether or not the wearer has received the "maximum allowable lifetime dosage."

Pocket dosimeters, like the film badges are for the protect-

Campus Slicker Meets His Match

CHICAGO—Bob Kucera of Knox College and Jo-Ann Ring of the University of Illinois find they have something in common at the Campus Fair, the back-to-school shop at Marshall Field & Company. Both Bob, who is a member of Field's Store for Men's college board, and Jo-Ann, on the women's college board, prove that this will be a great year for plaid on campus. Collees from coast to coast, these college experts at Field's predict, will be having a Highland fling with tartans, plaids, kilts, wiskits and what-have-you!

ion of the monitors. They look like fountain pens, and gauge on-the-spot amounts of radiation.

Geiger counters and ionization chambers actually count the number of radiation particles—gamma rays, and alpha and beta particles present in an area. So sensitive is the Geiger counter that if it could be wired to a fly his footsteps could be heard distinctly.

Mrs. Clayton Bridge of Roaring Springs and Mrs. Bill Tinsley and little son of Lubbock visited with W. J. Bridge and Mr. and Mrs. Aaron Edgar a while Thursday.

LOCALS

Mr. and Mrs. Joe Frank Bowley and son, Butch, of Big Spring visited in the home of his parents, Mr. and Mrs. A. E. Bowley, the first of the week. On Tuesday, they all went to Wichita Falls where Joe reported for a physical examination.

Mrs. Gene Harrell and son, Gene Jr., left several days ago for Joplin, Mo., to be at the bedside of Mrs. Harrell's mother, Mrs. Sue Parkhiser, who recently underwent surgery. Mr. Harrell took them to Joplin.

New Grasses Being Grown In Texas Areas

Over 600 different kinds of grasses obtained from all parts of the world have been planted by the Texas Agricultural Experiment Station during the period since 1907.

Dr. R. C. Potts, associate professor of agronomy in charge of forage crop investigations, says that the Experiment Station is always on the lookout for new grasses. Some of the new grasses are collected by expeditions that are sent to all parts of the world, and others are obtained through an exchange of seed with agricultural workers in foreign countries.

Dr. Potts points out that a large percent of the pasture grasses planted in Texas today are introduced species. Dallis grass, Bermuda, Rhodes, Sudan, Yellow beardgrass, Angleton grass and many others are in this category.

In the past year, over 100 dif-

ferent grass species have been planted in the Experiment Station introductory garden at College Station. When grasses are obtained that apparently are not adapted to the weather conditions at College Station, they are planted at the Experiment Stations at Weslaco, Chillicothe or Amarillo.

According to Dr. Potts, several years are required for obtaining a promising new grass and to determine its adaptation to various soil and climatic conditions in the state. It is tested for yield and chemical composition and is compared with other grasses. After a few years, the proof of its value is determined by subjecting it to a grazing test.

After the value of the new grass is definitely proven, 10 to 20 years may pass before the farmers accept it and start planting it for pasture use. As an example of the farmers' reluctance to accept a new grass, Dr. Potts points out that in 1926 the Texas Agricultural Experiment Station published a bulletin on Angleton grass, and today Angleton grass is just coming into use.

Buffel grass of Australia,

South African bluestem, Coastal Bermuda grass, and the perennial crab grasses are some of the new species which Dr. Potts says may become economically important in Texas in the future.

Mr. and Mrs. E. E. King visited in the home of Mr. and Mrs. Gene Brashear and Mr. and Mrs. Billy Brashear in Spur over the week end.

A. E. Bowley was a business visitor in Fort Worth Sunday and Monday of this week.

Mrs. Irene Meers left Wednesday for California to visit with friends and relatives.

Important Committees For West Texas Chamber Of Commerce Named

ABILENE—Four important committees have just been named by the West Texas Chamber of Commerce President, J. M. Willson, Sr., of Floydada, to act between September 1 and January 1951 with reference to the present and future proposed reorganization and revitalization of the West Texas Chamber of Commerce.

For the annual fall convention of the organization, scheduled for Mineral Wells, October 19-20, the following have been placed in charge of the program for the two-day session: Clyde Westfall, Stamford, chairman; Buell Orr, Graham; L. D. Aston, Cleburne; Anthony Fenoglio, Nocona; J. B. Thomas, Fort Worth.

A committee to study and plan the organization's program of work for 1951 consists of Jerry Debenport, Odessa, Chairman; R. W. Whipkey, Big Spring; Clarence Whiteside, Lubbock; C. E. McCutchen, Wichita Falls; Clarence Leonard, Gainesville; Price Campbell, Abilene; J. R. Wright, Vernon; P. C. Stacy, Granbury; James N. Allison, Midland; Amos G. Carter, Jr., Fort Worth; Howard Gault, Hereford; Alton B. Bell, Crowell; Howard Vaughn, Levelland; Carl Harrison, Memphis; Audrey L. L. Townsend, Brady.

If the present plans materialize, the 1950 convention program will be broken down into panels by subjects where members of the organization will attend the panel in which they are most interested. Members of the 1951 Program Committee will meet with each group to record the suggestions made for consideration to be included in the 1951 program of work.

A committee on nominations for 1951 includes: Roy Bourland, Pampa, chairman; J. C. Bridwell, Wichita Falls; John Couch, Haskell; Lawrence A. Hagy, Amarillo; A. M. Muldrow, Brownfield.

Budget needs of the West Texas Chamber of Commerce for 1951 are tentatively estimated at a minimum of \$100,000. This is almost double the approximate \$55,000 budget in 1950. The members of the 1951 Budget Committee are: Joe Bridwell, Wichita Falls, chair-

man; Lawrence Hagy, Amarillo; Clyde Westfall, Stamford; Jerry Debenport, Odessa; H. G. Parr. An active committee at present is the Auditing and Property Inventory Committee, headed by WTCC Treasurer, Ed S. Stewart, Abilene, assisted by O. P. Thrane and G. C. McDonald of Abilene. This committee was appointed in mid-August to secure an audit of the organization's accounts and to inventory properties prior to the Mineral Wells convention.

District 9-A Conference To Open Friday

Opening of conference play for some of the teams in District 9-A football will be on schedule Friday night.

Highlighting the conference play will be the Munday Moguls annual tilt with the Throckmorton Greyhounds. The game will be played on the local Scruggs Field.

Stamford will be host to the Breckenridge "B" team; Albany plays at Eastland; Haskell entertains Rule, and Anson takes on Hamlin at Hamlin. Upsetting of the Anson Tigers by Merkle 7-0, and the power shown by Haskell in dropping Hamlin, 27-0, were highlights of last Friday night's district play. Stamford also drew considerable notice when they roared from behind to down the Snyder team at Snyder, 12-7.

Other games in the district found Munday getting walloped by the Seymour Panthers, 27-7; Albany taking a 27-7 licking from Winters, and Newcastle downing the Throckmorton boys, 21-0.

Legumes are fine soil-building crops if they are properly inoculated and fertilized. Inoculated legumes may well be called nitrogen factories for they have the ability to take nitrogen from the air and store it in nodules on their roots.

Be careful. Obey state and local traffic rules.

Uncle Sam Says

More than 60 million workers will unite in the 68th observance of Labor Day, Sept. 4. Today, more than ever before, the workingman realizes the opportunities which have been opened to him. One of these is future financial security through the U. S. Savings Bonds Payroll savings program. Millions of his co-workers have found that the regular, automatic pay-day investment in Savings Bonds provides not only a cushion against emergencies but is an assurance of security when he is ready to retire. Enroll for the Payroll Savings Plan where you work.

Moguls Drop Game On Friday To Panthers

Another week of stiff workouts were not enough for the Munday Moguls to withstand the potent offensive attack which the Seymour Panthers unleashed last Friday night as the two teams tangled at Panther Stadium in Seymour. The superior playing Panthers proved too much for the Moguls, who came out at the small end of a 27-7 score.

After a scoreless first period, the Panthers started chalking them up in the second, when Leon Mocek plunged over from the one-yard line to end a sustained goalward drive. Johnson added the extra point.

Ten plays later, Leonard Mocek scampered 50 yards for the second counter and Johnson's kick was good again leaving the Moguls trailing 14-0.

The Panthers scored again in the third stanza when Nix took

a pitchout from Leon Mocek and sailed around his left end for the remaining 10 yards. This time the try for extra point failed.

The Moguls gained their lone touchdown in the fourth period. Following a blocked Panther punt, Scotty Ponder reeled off a flashy 22 yards scoring gallop. Ponder also kicked the extra point.

Late in this period the Moguls tried the aerial route, but a Mogul pass was intercepted by Panther end, Beaver, who gained the clear and romped 70 yards for their final touchdown. Johnson again converted.

The starting lineups were as follows:

Munday: Norman, left end; Johnson, left tackle; Simpson, left guard; Powell, center; Howeth, right guard; Lowrance, right tackle; Ford, right end; Raynes, quarter; Ponder, left half; Stevens, right half; and Guffey, fullback.

Seymour: Lane, left end; Warren, left tackle; Slagle, left guard; Psenick, center; Wages, right guard; Johnson, right tackle; Whitten, right end; Leon Mocek, quarter; Leonard Mo-

Texas Farmers To Get Achievement Awards At Fair

Certificates of achievement will be awarded to more than three hundred Texas farmers at ceremonies to be held in the State Fair Park Auditorium on October 17, county supervisor Wilburn A. Sattewhite announced this week. He is making plans to accompany a delegation of thirty county families to Dallas for the event.

The ceremonies will start at 1:30 in the afternoon.

Not only persons who have paid up their farm and home loans, but families whose farming operations are financed by Farmers Home Administration are to make the trip.

This will be the third annual achievement day. Of the six thousand tenant purchase loans made in Texas under the Bankhead-Jones Act, one-third have been paid off and are now free of debt by former tenant families. A part of the program

will include radio interviews of successful farmers and award-compliments with their crops, and prizes for outstanding ac-

complishments with their crops, and prizes for outstanding ac-

Mr. and Mrs. Ed Hester and children of Haskell. Mr. and Mrs. Lewis Warren of Abilene visited in the home of Mr. and Mrs. A. B. Warren last Sunday. They gathered at this time to celebrate the birthday of Mrs. Warren's mother, Mrs. J. W. Medley of Haskell.

Harris Golden and Mrs. Emmett Golden of Seymour visited in the home of Mr. and Mrs. Tom Price over the week end.

Miss Wynell Albus, who is attending Draughton's Business College in Wichita Falls, spent the week end here with relatives and friends.

IT PAYS TO ADVERTISE

Kracker Krumbs—

(Continued from Page One)

For there's nothing that's really new. It's a knock at yourself when you knock your town. It isn't the town, it's you.

Real towns are not made by men afraid. Lest somebody else gets ahead;

When everyone works and nobody shirks. You can raise a town from the dead.

And if you make your personal stake. And your neighbor can make one, too. Your town will be what you want it to be;

It isn't your town—it's you!
