

Kracker Krumb's Odd Bits Salvaged At Random

It doesn't make any material difference what you call it.

It's the members that compose the organization that make the difference.

You can call it the "Black Kitten Kongres" if you want to, and with every member working and thinking and cooperating you can have the goingest organization this side of anywhere.

Or you can call it the most fantastic name ever conceived—name it after the best organization in the world—and its members just belong, and fuss, and criticize and kick over the traces, etc., and your organization won't amount to a whoop.

The reason that trend of thinking is due to a question we heard a local citizen asked recently.

"Why don't this town have a Chamber of Commerce?" he asks. When told we have the C. D. A. that acts in the same capacity of a Chamber of Commerce, he puts out another question: "What's that?"

It was explained that the town once had a Chamber of Commerce, a Rotary Club, and some other organizations, and it was decided to combine all of these into one. The result was the Community Development Association.

It has sponsored many worthwhile projects, and has cooperated in many others.

It has made a big step in keeping down the solicitation of funds and advertising by out-of-town people and organizations.

It has contributed money to many moves because it deemed these good moves, but wanted to keep down the door-to-door solicitations of business houses and members of the C. D. A.

But it was not intended at the time the C. D. A. was formed to take care of national drives, such as Boy Scouts, the Red Cross, etc. But in some instances the C. D. A. has contributed to these drives and taken the burden off the shoulders of the business man.

A drive was coming up sometime in November, and leaders in this drive don't want it that way. They want every person who wants to "make and investment" in America during the annual Boy Scout drive next month.

The C. D. A. doesn't run the town, and doesn't want to. Its purpose is to cooperate with officials, organizations and individuals in an effort to make the town a better place in which to live.

Any business or professional man, and any individual who wants to help and cooperate in with a movement is welcome to membership in the C. D. A.

And there are several who need to be members who have never been.

There are some who have been members, who for reasons of their own, have dropped out. C. D. A. directors would like to have them back in the fold.

The membership committee is going to contact a number of persons soon in regard to membership. A meeting with the directors on the second or fourth Monday nights will convince you these men are earnestly concerned about the welfare of the town.

Attendance at the churches at the First Baptist Church's fellowship hall on every other Wednesday will convince you that members are getting good meals and want ideas and expressions about what ought to be done for the town.

These luncheons are not as well attended as they should be, nor are they as well attended as the directors want them to be. Attendance has not yet (Continued on last Page)

Knox County Hospital Notes

Patients dismissed since October 2nd:

Mrs. J. McMeekan and baby, Rochester; Mr. and Mrs. G. D. Jones, Goree; Betty Taylor, Benjamin; Darrell Strickland, Haskell; Mrs. O. L. Myers, Truscott; Hap Smith, Rochester; Mrs. Ruth Clark, O'Brien; L. A. Haynie, Truscott; Mrs. R. A. Greenwade, Rochester; Mrs. Rhoades Allen and babies, Munday; C. J. Williamson, Knox City; W. M. Hendrick, Benjamin; H. B. Jenkins, Munday; Mrs. Joe Gomez, Gilliland; W. D. Johnston, O'Brien; Miss Lucy Norman, Rule; Walter Malone, Knox City; Tony Malone, Knox City; Ozell Clarke, Rochester; Sharon Harrison, Benjamin; Mrs. Walter Townsend, Snyder; Mrs. John Ed Wilde, Munday; Mrs. Susie Butler, Rochester.

Patients in hospital October 9th:

Mrs. Bud Norris, Aspermont; Mr. Hugh Rogers, Knox City; Mrs. Eddie Bateman Jr. and baby, Knox City; T. B. Dobbs, Benjamin; T. C. Merrill, Munday; Mrs. Susie Rinser, Rule; Mrs. J. W. Hamm, Knox City; Sally Hale, Knox City; Mrs. Joe Lowe, Munday; Mrs. Nancy Nickelson, Munday; Mrs. A. T. Bromley, Gilliland; Mrs. Russell Johnson, Abilene; Mrs. R. S. Brannin, Benjamin; Mrs. W. D. Norman, Rule; Mrs. W. C. Armstrong, Munday; Angele Tjernell, O'Brien.

Births since October 2nd:

Mr. and Mrs. Eddie Bateman, Knox City, a son.
Mr. and Mrs. Joe Gomez, Gilliland, daughter.
Mr. and Mrs. Paul Morath, Munday, a daughter.
Mr. and Mrs. Don Reynolds, Munday, a daughter.
Mr. and Mrs. R. T. Banu, Seymour, daughter.
Mr. and Mrs. William Goode, Seymour, daughter.
Mr. and Mrs. Pedro Perez, Rochester, daughter.
Mr. and Mrs. Chester Rogers, Gilliland, son.

Deaths since October 2nd:

Mr. Walter Cosstephens, Rochester.

Three Men Go Into Service

Second induction call for Local Board No. 82, composed of the three counties, Baylor, King and Knox, was filled Friday, October 6, when three men left for Amarillo Induction Station. The three men delivered were Wesley Frank Darliek, of Seymour; Ludvik Ignis Hons, Jr., of Seymour; and Herbert Kingsberry, of Houston. Kingsberry was transferred to Houstoun for induction.

The third call is for November 10, and Local Board No. 82 quota is for seventeen men, the largest call for this board. Notices have been sent to registrants to report for induction on above date.

The next and fifth physical examination call is for October 18. This group will be delivered to the Amarillo physical examination station by charter bus, leaving Benjamin at 8:00 a. m. This call is for forty-five men.

The board members met Monday afternoon, October 9th, at 2:30 p. m. At this meeting sixty-four classifications were made, and fourteen re-classifications made. The next board meeting will be Monday, October 23, beginning at 2:00 p. m.

Mexican Woman Is Buried Tuesday At Gilliland

Francisco Martinez Garza, aged Mexican woman, died at 3:30 Tuesday morning at the family residence in Gilliland.

She was born in Mexico on October 5, 1865, and was 85 years and five days of age. Survivors include her husband, Frank Garza.

Graveside services were held at 3:30 Tuesday afternoon at Gilliland cemetery. The Mahan Funeral Home was in charge of arrangements.

Mr. and Mrs. Lee Jennings and Mr. and Mrs. Coy B. Jennings visited Mr. and Mrs. Monroe Dator in Mineral Wells over the week end.

Supervisors Of Soil District Hold Meeting Recently

The supervisors of the Wichita-Brazos Soil Conservation District held their regular monthly meeting on September 29. They met at Benjamin and proceeded to make at tour of the grass plantings on the League ranch. Mr. Idol showed the supervisors the 450 acres of King Ranch bluestem established on the ranch. They saw an 18 acre patch of two year old King Ranch bluestem that was being saved for grass seed until cattle broke in recently and grazed until they were removed. Mr. Idol said he had heard reports that cattle did not like this grass, but all the evidence points toward their liking it in this area. The ranch intends to seed an additional 300 acres this coming spring, which will include sand love grass as well as King Ranch bluestem.

The following applications for conservation assistance were approved by the Board: Blagden Manning, J. D. Roberts, Phillip H. Bruggerman, Mrs. Francis J. Hills, John Andres, J. J. Mills, Mrs. A. B. Urbanaczkyk, Floyd and Vesta Bowman, J. A. Jenkins, Mrs. Graves Cayce, Tom Harlan, Coughoran Estate, P. O. Large, Alexander Ranch, near Truscott; Bruce Campbell, Lynwood Wilcox, Welton Leflar, Lee Roy Leflar, and C. Y. Morris.

The following conservation plans were approved by the Board: George W. Smith, Marion Chowning, Joe Cloud, Ed Cloud, E. J. Cloud, J. R. Fouts, Ben Kittley, H. H. Hines, A. T. Verner, Henry Followwill, E. D. Weaver, G. T. Floyd, J. C. and R. G. Alvis, Mrs. J. E. Bisbee, Collins Estate near Weinert, Sam Reed Ranch west of Benjamin; Barney Arnold Ranch west of Knox City; H. H. Sego, Bob Speck, Dennis Williams, Ancil Waldrip, J. W. Gholson, and Bob Speck.

School Men Go To Austin Meet

T. E. Holcomb of Knox City, W. C. Cox and J. E. Reeves of Munday, Warren Morton of Vera, S. E. Reed and Merick McGaughey of Benjamin were among school men who attended the conference in Austin the first of this week.

Group meetings were held for the Texas Association of School Administrators and the Citizens Advisory Conference on Education.

Monday evening they attended the inauguration of Dr. J. W. Edgar as the state's first commissioner of education. In his inaugural speech, Mr. Edgar listed four lines of action his department would follow to meet their challenges to education:

1. "We must be determined that education be available to all."
2. "We must provide in our schools realistic education for American citizenship."
3. "We must keep our schools on a sound financial basis so that money is available as and when it is needed."
4. "We must increase the expertness with which teaching is done. We must raise the standards of our profession."

Goree P-T. A. In Meeting Tuesday

The Goree Parent-Teacher Association met on Tuesday afternoon at three-thirty in the high school auditorium, with the president, Mrs. Elkin Warren, in charge.

A very interesting program on "Where do children get their standards?" was discussed by Mrs. Billy Hutchens and Milton Kirby. Dolores Mobley rendered several piano selections. It was decided in a business session that the P.T. A. would take part in the school Halloween carnival.

A large number of members were present for this enjoyable program.

BIRTH ANNOUNCEMENT
Mr. and Mrs. Paul Morath of Rhineland are announcing the birth of a daughter. She was born Thursday, October 5, in the Knox County hospital. Both mother and daughter are doing nicely.

Top headlines for Ice Cycles of 1951, which holds its world premiere Oct. 7-22 at Dallas Ice Arena during the State Fair of Texas, include beautiful Margaret Field and Jamie Lawrence

Anson Tigers Defeat Moguls Here Friday

A battling tribe of Moguls gave their fans plenty of action last Friday night, but went down in defeat at the hands of the visiting Anson Tigers.

The Tigers held the Moguls scoreless until the fourth period, although the locals pounded near pay dirt several times only to find the Tiger line holding strong. It was not until the final period that the Moguls hit the scoreboard. Scottie Ponder carried over from the one-yard line, then kicked his own conversion.

The visitors scored one tally each in the second, third and fourth stanzas. Kenneth Scott went over for the first and third touchdowns, and Rebert Beck scored the third in the last quarter. Scott kicked the extra point.

The Moguls chalked up ten first downs and 138 yards to 15 first down and 230 yards for the Tigers.

To Play Valley View

The Moguls will entertain the Class B Valley View team on Friday night. This team has been playing Class A football up until this year, when they went into the lower class.

They are boasting a strong team again this year, and their battle with the Moguls will be one of interest to all local football fans.

Leedy Gives Safety Talk At CDA Luncheon

George Leedy of the Texas Highway Patrol was guest speaker at Wednesday's luncheon of the Community Development Association.

In speaking of safety for the Monday area, Mr. Leedy complimented the people of Munday for the installation of traffic lights at the local schools. The second light was installed Monday morning, and these have been connected with a clock so they will go off at times when traffic is light and they are not needed.

Leedy expressed the opinion that stop and go signals are better than flash signals, a type which have been installed in many places. Motorists will come near observing the stop and go type, he said.

Another safety measure which the patrolman recommended was the purchase of a police car for use of officers, stating that these were effective in neighboring towns. He warned of the danger of dusting planes landing on the highways, and urged that the farmers have sufficient lights on their trailers during the cotton hauling season.

Over 40 members were present for the luncheon, and directors were gratified at this increase in attendance.

Short Cotton Crop Seen For All Of Texas

Texas cotton production for 1950 is estimated at 2,775,000 bales, according to a forecast from the agriculture department at Washington this week. The crop over most of Texas has been hit hard by insects, bad weather during the planting, growing and harvesting seasons, and federal acreage controls.

The figure forecast by the agriculture department is less than half of Texas crop last year, the greatest on record at 5,900,000 bales.

The October forecast was the same as the previous month. Actual production in South and Central Texas was just about as expected. The short cotton crop has caused the federal government to remove acreage and marketing restrictions for next year. The restrictions were removed while the Korean fighting was at its peak and while the government planned to build up a large military force.

Baptist Brotherhood Meets On Tuesday

The Brotherhood of the First Baptist Church in Munday, met in the Fellowship Hall of the First Baptist Church in banquet style for their regular monthly meeting Tuesday night, Oct. 10.

The meeting was opened by group singing, under the leadership of Wayne Blacklock, Brotherhood choister. This was followed by a banquet dinner, served by members of the W. M. U.

After a five minute intermission, the seventy-two members and visitors re-assembled around the banquet tables for the business session and following program.

A beautifully rendered vocal solo by Mr. Charlie McMurry, a noted singer from Wichita Falls, He was accompanied in the piano by the guest speaker of the evening.

The guest speaker for the evening was Rev. Voles Norsworthy, also from Wichita Falls who held the attention of all by stressing the fact that we must stay close to God, or be overrun by communism. Rev. Norsworthy also explained why the Baptist Brotherhood was so vital a part of the church.

This being the first meeting of the Brotherhood in the new church year; the following officers were announced, that were elected in the last meeting: President, Winston Blacklock; 1st Vice-President, Chan Hughes; 2nd Vice-President, Bill Morris; 3rd Vice-President, J. B. King; Secretary, W. E. Reynolds; Treasurer, Everett Thompson; Choirister, Wayne Blacklock; Pastor, Huron A. Poinac. Committees: worship, Lloyd Patterson; education, Wailace Reid; finance, Herbert Stodghill; evangelism, W. C. Cox; benevolence, G. W. Hawkins; extension, E. B. Littlefield. President Winston Blacklock announced that the next meeting night will be Nov. 15th, and will be "Ladies Night." Another good program will be in store at that time, with Dr. Fred Fisher of Hardin-Simmons University, as the principal speaker.

Last Rites For John G. Martin Held Sunday

Funeral services for John G. Martin, well known resident of the Goree area, were held Sunday afternoon at three o'clock from the First Methodist Church in Goree.

Mr. Martin passed away at about seven o'clock Saturday evening at his home in Goree. He had been in failing health for several years.

He was born in Jefferson County, Miss., on December 6, 1906. He had been engaged in farming until about four years ago.

Surviving him are his wife, Mrs. Mattie Martin; one daughter, Mrs. J. J. Williams of Goree, and six grandchildren. He is also survived by a brother, Frank Martin of Orange; two sisters, Mrs. Kate Schwartz and Mrs. Lovdy Rose, both of Waco.

Funeral services were conducted by Rev. S. Y. Allgood, pastor of the Goree Methodist Church, who was assisted by Rev. S. E. Stevenson, pastor of the Goree Baptist Church. Burial was in the Goree Cemetery.

Palbearers were Tom Harlan, Tom Wilson, R. C. Spinks, Orb Coffman, Terrell Boggs and Homer Howard.

Seymour Man To Head Area Drive For Boy Scouts

L. D. Jones of Seymour was elected chairman of the Boy Scout finance campaign which will be held the week of November 27 in the Brazos Valley district, which is composed of Archer, Knox, Baylor and Throckmorton counties.

Named as co-chairman in a meeting held on Thursday night of last week were W. L. Yoe of Archer County, Homer T. Melton of Knox County and Byrd Thorp of Throckmorton County.

About 25 men, including representatives from Munday, attended the meeting, which was presided over by George S. Plants, district finance steering committee chairman.

Plans are already being formulated for the drive in Munday.

Bank Deposits Over 4 Million

Deposits in the First National Bank of Munday showed a drop from the time the last financial statement was published, although they continued to remain high at the close of business on October 4, when the call was made by the Comptroller of Currency at Washington.

The statement, published in this week's paper, shows total deposits of \$4,197,881.04, as compared with \$5,073,205.57 on April 24 when the last call was made.

The decline in deposits in due mostly to the fact that fall gathering is later than usual this year, and to the fact that farmers have been out heavy expense in poisoning for insects.

However, the statement this week continues to reflect the sound financial condition of the First National Bank and for this area in general.

Weather Report

Club Boys Win Prize At Texas- Oklahoma Fair

Doyle Dodson, son of Mr. and Mrs. C. E. Dodson, of Knox City, exhibited the Champion gilt and Joe Swearingen, son of Mr. and Mrs. A. W. Swearingen, of Knox City, exhibited the Champion boar of the Wichita Falls Area 4-H Sears Show, held at the Texas-Oklahoma Fair in Iowa Park, October 7.

According to County Agent Kenneth Lewis, the boys showed their swine against the best gilts and boars of the six counties of this area. Counties represented were Wichita, Wilbarger, Baylor, Hardeman, Clay, Montague and Knox. A total of \$90.00 was won by the boys in prize money contributed by the Sears Foundation.

Doyle Dodson's Duroc gilt was bred by Roy D. Day, 4-H club member from Knox City, who showed the champion gilt at Iowa Park last year.

The Duroc boar exhibited by Joe Swearingen was bred by Lester Hutchinson, of O'Brien, who has an outstanding herd of Durocs.

Funeral For Mrs Crooner Is On October 3

Funeral rites for Mrs. Anna Belle Terrell Crooner of O'Brien, who died Sunday, October 1, at 8:55 p. m. in the Knox County Hospital, were held at the O'Brien Methodist Church at 2 p. m. Tuesday, October 3. Services were conducted by the pastor, Rev. A. N. Moses, assisted by Rev. C. A. Powell, Baptist pastor at O'Brien, and Eugene Winters, minister of the Weintert Church of Christ.

Interment was in the Goree cemetery, with joint funeral arrangements under the direction of W. O. Holden of Haskell and E. Hob Smith of Rochester.

Mrs. Crooner had been in ill health for several months. She was born December 31, 1886, at Bowden, Ga., and has been a resident of Knox and Haskell counties since 1905, coming here from Bell County. She married H. M. Crooner of O'Brien on July 16, 1947, and they had made their home in that community since. Mrs. Crooner had been a member of the Methodist church since childhood.

Surviving her are her husband, a prominent retired farmer of O'Brien; three children by a previous marriage, Mrs. Gladys Lambeth of Goree, Mrs. Grace Hutchinson of O'Brien, and Billie Hutchens of Goree; and nine brothers and two sisters. Seven grandchildren also survive.

Palbearers were Clyde Warren, Paul Brogren, Andy Hutchinson and Mack Tynes of Goree; Coyt Hix, Guy Marshall, Dwight Gothard and John L. Grinstead of O'Brien.

Floral offerings were handled by Letha Hix, Jean Winchester, LaGrace Walker, Carol Coffman, Alpha Ann Coffman, Mary Katherine Coffman, Delores Mobley, Linda Joyce Lambeth and Peggy Cooksey.

WILDE INFANT IS BURIED ON SUNDAY

The infant son of Mr. and Mrs. John Ed Wilde of Rhineland died on Saturday night at the Knox County hospital.

Funeral services were held from St. Joseph's Church at Rhineland at three o'clock Sunday afternoon, being conducted by Rev. Fabian Diersing, O. S. B. pastor. Burial was in St. Joseph's cemetery by the Mahan Funeral Home.

BAPTIST BROTHERHOOD TO MEET AT GOREE

A meeting of the Baptist Brotherhood will be held at the First Baptist Church in Goree on Friday night, it was announced by Rev. S. E. Stevenson, pastor.

Rev. Huron A. Poinac of Munday will be the principal speaker, and Rev. Stevenson said the officers are anxious to have a good representation of men to attend the meeting.

Be careful. Observe state and local traffic laws.

 Act of Congress, March 2, 1879.

OUR NEEDS FOR 1950

1. Completion of our portion of the Throckmorton road, giving the farmers of that area an all-weather outlet.
2. A farm-to-market road to the north and east of Munday, possibly connecting with the Hefner road.
3. A U. S. Federal building. Munday needs a new post office home.
4. More homes in Munday. We did a good job in 1949, but there's still a housing shortage.
5. A new telephone system, giving the town adequate telephone service and tapping the rural area surrounding the town.
6. Greater cooperation of business man, farmer, and citizen toward long-range development for our community.

ONE EXCEPTION TO THE RULE

Hoarding has been roundly condemned by the press of the nation. But, as a Chicago Daily News editorial points out, there is one exception to the rule—coal. "Hoarding" coal now will actually increase, not decrease, the available supply.

Coal is one item that can be stocked to the limit of storage capacity, while the industry can perform maximum service to the nation at the same time. The explanation is simple. The industry can produce only as fast as the nation's transportation facilities can move the produce away. In winter, heavy demand, weather conditions and other such factors intensify the load on all carriers. Consequently, the stocking of coal now by all types of users will make it easier for the coal industry to provide us with all the coal we need, and the quality we want.

Coal is plentiful. However, stockpiles throughout the country are now only about half as large as they were in 1942. In some cases, coal may be called upon to fill part of the needs usually met by other fuels. In any event, the part of wisdom is to fill our bins before the heavy winter demand puts in an appearance.

The American coal industry is the most efficient in the world. Due to mechanization and advanced methods, the individual miner can produce much more each shift than his foreign counterpart—and, in return, receive a wage which would seem unbelievable abroad. The industry is a bulwark to the economy in peace—and a source of national strength in war.

WHO OPPOSES SOCIALIZED MEDICINE?

It is frequently argued that most of the opposition to either socialized medicine or government-controlled medicine originates within groups whose motives are entirely selfish, and are completely without interest in the welfare of the masses of the people.

That argument cannot withstand the light of fact. Current proposals for government medi-

cin have met with the formal opposition of 15 state legislatures, and the amazing total of 10,000 national, state and local organizations. Among these are the General Federation of Women's Clubs, the American Legion, the Veterans of Foreign Wars, the American Bar Association, and the American Farm Bureau Federation.

To say that organizations of this character are inspired by the selfish considerations of a few people is to say the ridiculous. They represent millions of individuals, of all political faiths, and of all economic levels. They agree on the issue of government medicine for one reason—their belief that it would reduce the quality of medical care, that it would place a tremendous and unnecessary burden on the taxpayers, and that the growth of our established system of medical care, along with the many voluntary insurance plans, offers the best available solution to our health problems.

Those who would socialize, or otherwise regiment the practice of medicine, work on the theory that if a roof leaks, the solution is to burn down the house. That there are gaps in our medical care system goes without saying—and doctors are among the first to realize this, and to take measures to close them. In recent years, enormous progress has been made. The future will bring greater progress still—if the hand of the politician can be kept off the back of the doctor.

"FAITH IN THINGS SPIRITUAL"

Millions of Americans will be urged to read and reread the Bible in the near future. The occasion is National Bible Week, October 16-22, which is sponsored by the Laymen's National Committee.

The Week will have, as participants, persons of all faiths and creeds. It is designed to appeal to people of every age and in all walks of life—the housewife, the factory worker, the farmer, the businessman, the professional worker. Governors and mayors will issue proclamations asking that all turn again to the Holy Scriptures.

We live in a world which seems to have become almost utterly materialistic—a world in which the black shadow of war is seen only once. Yet in such a world matters of the spirit remain all-important. General Bradley, the chief military officer of the nation, has written, "Our enemy has faith in things material. I do not hesitate to say, as a soldier, that we must have faith in things spiritual. That faith diminishes physical hardships and enhances physical valor. It can and, I am sure, will—shorten our trial and speed his triumph."

The lessons of the Bible are eternal. They can serve us all in these difficult days.

"Not only do heavy excess profits destroy incentives but they encourage waste and inefficiency."—Robert E. Wilson, Chairman, Standard Oil Company (Indiana).

Texas Truck Driving Champs

Champion truck drivers of Texas for 1950 are pictured with their employer and the trophies they won in the annual Texas Motor Transportation Association, Inc. roadies in Dallas. Frank M. Pannell (left), of Dallas, drove a Dodge 1½-ton F-152 with van to win the straight truck event, while X. Z. Ballard (right), of Houston, drove a Dodge 4-ton YA-130 tractor with trailer to win the tractor-semi-trailer event. Both men won the same events last year in the 1949 Texas roadies. Their proud employer, Henry English (center), head of Red Ball Motor Freight Lines, of Dallas, served this year as president of the American Trucking Association.

Forty years ago is a long time to work in one place but that is the record of my friends, W. E. Tyler, president of the First State Bank of Rising Star. The Record says that when Mr. Tyler became connected with the bank, he and the late William Koonce, cashier and manager, were the entire force.

Mr. Tyler recalls that he worked the first month for nothing and then was started off with the princely salary of \$25 per month, says the Record. Among his duties was carrying in great bucketsful of coal for the fire, sweeping out of mornings, cleaning the clinkers out of the stove and carrying drinking water from a cistern. Life was simple in those days and living costs were low. Good board and room were had for \$12.50 per month, leaving him an equal amount to spend on himself or maybe a girl friend.

Friends here recall that Will started his career in this vicinity as a young country school teacher, teaching at Macedonia, Union Grove, then known as Ignorant Hollow, and finally a job in the Rising Star School where he was employed when he was tempted to enter upon a career of banking. The bank at that time was owned by the Continental

National Bank of Fort Worth with a few local minority stockholders. The officials of the Fort Worth bank were evidently pleased with Mr. Tyler's work, for within a few years, when Mr. Koonce resigned to take over the management of the Higginbotham store, he was elected to the place of cashier and manager which place he held until some years ago when he bought the majority stock in the bank from the parent bank in Fort Worth and became president of the institution. Bill states that if he had his life to live over he would still prefer to be a "Country Banker." He laughingly tells of being offered a place as a state bank examiner and fell for it. He held the job just three weeks until he headed back in his resignation and headed back to Rising Star and his old job.

In recent years he has been quite successful as an oil oper-

FARM NEWS

From the County PMA Committee

WHEAT ALLOTMENTS ARE IN EFFECT FOR 1951

Questions continue to come in to the Knox County PMA office as to whether wheat acreage allotments will be in effect for the 1951 wheat crop. According to PMA Chairman McGee, the program is in effect and there is no change from the announcement made by the Secretary of Agriculture July 14, 1950.

According to the chairman, we carried over more than 400 bushels of wheat from last year. This year's crop is estimated at

more than a billion bushels. That means a total of more than 1,400,000,000 bushels to carry us through until next harvest. It takes more than 750 million bushels of wheat to meet our domestic needs including food, seed and industrial uses. In addition, it is estimated that we may export not more than 250 million bushels in the year ending next July 1.

In the chairman's words: "It looks now as though we'll have nearly 500 million bushels of wheat more than enough to meet all our needs. As we are

People, Spots In The News

UP ANCHOR! The 45,000-ton battleship "New Jersey," now undergoing de-mothballing operation by the navy at Bayonne, N. J., will soon see action alongside the mighty Mo.

SQUASH SQUEEZE—Bonnie Lou Morgan, 5, hugs huge, prize-winning banana squash exhibited at recent Los Angeles County Fair.

FIVE STAR FINAL—Charmman lassoed these five lovely lassies who lassoed Madison Square Garden, New York, to compete in the 25th Annual World Championship Rodeo.

situated today, that is a comfortable safety margin. Certainly there is no need for plowing up our grass lands and planting more wheat. "The wheat acreage allotment for the crop that is to be harvested in 1951 is more than 72 million acres, the same as for last year. In spite of unfavor-

able conditions in some of the winter wheat area last fall and winter, our crop this year is over a billion bushels. Reports from most of the winter wheat country this fall indicate far better conditions than a year ago.

ACP TO AID IN BUILDING SOIL RESERVES

Mobilizing the resources of the country to strengthen the nation's defenses includes wise use of our land and water, says J. C. McGee, Chairman of the Knox County PMA Committee. "No stockpile of guns, ships, planes, and even atomic bombs will offset an inadequate supply of foods."

In his opinion, food is basic defense material, and the country is fortunate in having adequate supplies. Even the anticipated increases in military procurement in the coming months is not expected to result in any noticeable reduction in supplies for civilians.

This favorable situation, according to the chairman, is largely the result of the conservation practices carried out by farmers on their own farms during the past 14 years together with increased use of other technological developments in agriculture. These have stepped up farm production nearly 40 percent over what it was in the 1935-39 period and it is expected that the per capita consumption of food for this year will be 11 percent more than this same pre-war period.

With this favorable food situation, in the chairman's opinion, there is no need to reduce our plant food reserve in the soil by over-planting. On the other hand, there still is need for more pasture, cover and green manure crops to strengthen our soil reserves.

In 1951, the chairman points out, the ACP will continue to be used to encourage and aid farmers to increase the acreage of cover and green manure crops. Assistance will be available for pasture improvement including the application of lime, phosphate and potash. Under the 1951 ACP conservation practices which strengthen the nation's stockpile of potential production will be given priority.

Raymond Mitchell and Andy Eiland of Austin spent the week end here with their parents, Mr. and D. W. Mitchel, and Mrs. Dave Eiland, and with other relatives.

Mrs. R. A. Clements of Denton is here for a few days visit with her sister, Mrs. Dave Eiland, and with other relatives and friends.

Dr. J. M. Croley attended a dental association meeting in Wichita Falls Tuesday night of this week.

Double Check

your selection of a cooking appliance

Is there a range that will make your kitchen cool in summer? Be wary of "claims." You know it takes heat to cook.

There is no cooler-to-cook-with range than a new gas range—why would 96 of 100 women who have gas service cook with gas, if there were?

Moreover, new gas ranges cost less than any other automatic range. There is

no expensive installation cost. No special, costly utensils are necessary. Meal-for-meal, a gas range cooks for less than one-fourth the cost of any other automatic range.

Check and double check. See for yourself why 96 out of 100 women cook with gas; why a new gas range is your best range buy!

On display and sale everywhere

New Gas Range

LONE STAR GAS COMPANY

The grandest, largest display of Modern Gas Ranges, featuring 36 different brands, can be seen in Big Room of National Gas Building, State Fair of Texas—Now!

Betsy Rosses Make U. N. Flags For Flag Day

Thousands of modern Betsy Rosses are taking their needles in hand and making United Nations flags in preparation for celebrating United Nations Day on October 24.

The goal of this flag-making program is to have a United Nations flag displayed alongside the Stars and Stripes in every rural and city community in the United States on October 24.

Mrs. Franklin D. Roosevelt is chairman of a National Citizens' Committee which is sponsoring the program, and many city, farm, church, educational, patriotic, labor, and other organizations are represented on the committee, giving a true representation of the citizens of the United States.

The Cooperative Extension Service of the U. S. Department of Agriculture has been given the responsibility of leading the program.

Maurine Hearn, state program leader for the Texas A. & M. Extension Service, reports that the plans for the celebration on October 24 are taking shape throughout the state.

For 50 cents each, kits containing patterns and directions for making the flags can be purchased from the National Committee on Boys and Girls Club Work, 59 East Van Buren Street, Chicago 5, Illinois.

One flag pattern kit was sent to each home demonstration agent in Texas in order that she might hold a demonstration for training leaders in making the United Nations flag. The first flag made in each county is being used for educational and publicity purposes.

The United States flag has a deep sky blue field with a white outline of the world within a

laurel wreath in the center. Miss Hearn says that any standard type of cloth may be used in making the flag, and the shade of blue does not have to be matched too closely. Patterns in the kits are designed for making flags three for five feet in size.

Miss Hearn says that the purpose of the program is to emphasize the hope for peace for which the United Nations flag stands, and to make the people in every community familiar with the flag.

Work on the flag-making project is progressing rapidly on the county level, with the number of flags planned per county varying from five in some of the thinly more populated counties to 50 or 60 in Smith and Cameron counties.

The County Home Demonstration Club has been given the job of making a United Nations flag for presentation to Governor Shivers on behalf of the home demonstration club women of Texas.

Organizations that have volunteered their help in preparing the program include colleges, public school 4-H club, farm organizations, parent-teacher associations, veterans organizations, chambers of commerce, scouts, women's clubs, the Daughters of the American Republic, labor camps, and many others.

Joe Stevens, who is attending Texas University in Austin, visited in the home of his mother, Mrs. J. B. Stevens, over the week end.

COOK ELECTRICALLY

... it's ECONOMICAL

Cool, Clean, Fast and Automatic!

A few of the reasons why Women prefer ELECTRIC COOKING

It's Fast! Electric "speed-units" now cook faster than any other method!

It's Automatic! Electric cooking's automatic features save you time, labor, and money!

It's Cool! Electric ovens are insulated on 6 sides. Heat goes into food, not into the kitchen.

It's Safe! No matches, no flame, no fumes to bring hazards into your kitchen!

It's Clean! There is no smoke, soot, or dangerous fumes to mar your kitchen.

It's Modern! Once you cook electrically, you'll wonder why you stayed so long with horse-and-buggy methods as old-fashioned as flame lamps.

It's Healthful! Foods cooked electrically retain the garden-fresh flavor and food values which are often lost when cooked by old-fashioned flame methods.

It's the best!

West Texas Utilities Company

All freedoms stand or fall together. That's why we take our stand together with the doctors of America for the voluntary system. At home or abroad, it's worth defending!

THE ECONOMY of the new electric ranges will appeal to any woman who watches her pennies. It's a real money-saver! Heavy insulation on all six sides of the oven keeps the heat in so you use only the heat needed without waste. Surface units, too, save by cooking faster; by putting heat directly into utensils and food, allowing no waste heat to escape around the pots and pans to heat up the kitchen.

Electric cooking requires less water; foods cook in natural juices retaining the garden-fresh flavor and food values so often lost in flame type cooking. The most heat of an electric range reduces meat shrinkage to a minimum. (With today's meat prices that's a most important saving.) Even the cheaper cuts come out tender and juicy!

Don't overlook the penny-saving deep well cookers that cook entire meals, soups, pot roasts and vegetables with so little electricity. Clean and fast (just like electric light—and just as economical), an electric range will save you time, work, and money.

Some day you will cook ELECTRICALLY, Why not NOW?

SEE YOUR ELECTRIC RANGE DEALER NOW!

He will tell you more about the wonderful electric ranges... tell you of the ease, convenience, and economies that only modern electric cooking can bring. He'll also tell you of many, many other modern electric appliances that make your work easier, your home more comfortable, and your family happier.

Let's Talk Livestock

(By Ted Gouldy)

FORT WORTH Oct. 10.—The sharp nose dive cattle prices have suffered in the past two weeks is credited to a very sharp break in prices of meat at wholesale levels. Seldom has a booming market had the wind knocked out of it more thoroughly than have livestock prices in the past two weeks.

Reasons for the break in wholesale meat prices are several, according to the trade. First of all, there is simply more meat available as Fall supplies of cattle, calves and hogs have expanded. Liberal amounts of poultry, including some early movements of turkeys, has been a factor. Broiler and turkey prices have been under pressure in the past two days as red meat prices plummeted.

Last week alone, fresh pork trimmings sagged 11 cents per

pound in Chicago's wholesale trade. Calf, veal, cow beef and other pork products all had sharp declines, in some cases being \$3 to \$8 per hundred lower in a week.

The break in prices has been instrumental in cutting off talk of rationing and controls.

Late reports from the corn-belt indicate that earlier fears of large amounts of soft corn would be made have been discounted steadily as the season progressed. Some cattle bought by feeders in anticipation of soft corn are reportedly now being offered for sale. This has served to further chill the feeder and stocker trade. Delays in getting wheat in in some sections has slowed the demand for grazing cattle, though this demand may while up in the near future if open weather permits rapid development of the grain pasture.

Looking back to the same period a year ago, it is noteworthy that most classes of livestock still are selling well ahead of a year ago.

On October 11, a year ago slaughter steers and yearlings were quoted at Fort Worth from \$15 or under for common cattle up to \$23.50 and \$24 for good shortfed offerings. This compares with this week's range of \$20 to \$28 for similar beefs.

Stocker steer yearlings a year ago brought \$16 to \$20, two-year-old steers \$19 down. Stocker yearlings at present are quoted \$19 to \$27 of \$28, and some good weighty feeder steers Monday at Fort Worth for \$26-75.

Fat cows a year ago sold for \$13.50 to \$16.50, against this week's prices of \$17 to \$20. Canners and cutters last October sold for \$9 to \$13.50 and this

Senator LeBlanc Says South Has Great Industrial Future

Now Is the Time to Start Getting Somewhere, Says HADACOL Owner

Lafayette, La. (Sp.)—Senator Dudley J. LeBlanc, colorful owner of HADACOL, wants the South to sell its advantages to the nation just as he is selling HADACOL to the rest of the country.

The Senator spoke to about 500,000 people on his recent half million dollar good-will tour of 10 southern states. His theme was the fallacy of the South producing raw products, shipping them north for processing and then paying freight to bring the finished product back home.

The Senator pulled his handkerchief out of his pocket, waving it to crowds that ranged from 25,000 to 60,000. "This handkerchief was made from cotton grown in the South," he said. "The cotton was shipped to Massachusetts and made into this finished product. Then we in the South paid the freight on it back home where we grew the cotton."

"That mill in Massachusetts furnishes employment to folks up there and paid taxes that created schools and improved their economy. Why couldn't those northern folks move factories down here and give employments to our folks? I tell you, they would if we sell them the wonderful advantage of the South just as we are selling HADACOL to the rest of the nation."

Senator LeBlanc is spending a great deal of money on colored sound pictures of the HADACOL Good Will Show to display the advantages of southern industry. He plans to show these in theaters. He is also preparing an elaborate booklet to distribute throughout the north.

Senator Dudley J. LeBlanc

"I feel that when a firm has become as large as HADACOL that it owes it to its people to do more than sell just itself," said Senator LeBlanc.

Senator LeBlanc presented Mickey Rooney, Burns and Allen, Carmen Miranda, Connee Boswell, Roy Acuff, Ernest Tubbs, Minnie Pearl, Sharkey and His Dixieland Band, Fraxson the Magician, and Marie Germain LeBlanc.

HADACOL is now selling at the rate of more than \$2,000,000 per month and the Senator is planning to increase sales to \$50,000,000 yearly if he can obtain enough raw materials.

week from \$10 to \$17.50. Bulls at \$12 to \$16.50 a year ago, range from \$16 to \$22.50 this week.

Good and choic fat calves last October at this time sold for \$18 to \$23, the top for best heavies. Rannies, common and medium killing calves a year ago sold for \$12 to \$17.50. This

week, best fat calves cashed at \$23.50 to \$27, with cull, common and medium grades \$16 to \$23.

Last October 11, the hog top at Fort Worth was \$18.75 to mostly \$19, and on Monday here it was \$19.50 to \$20, with \$19.75 the more popular price. Sows at \$15.50 to \$17.50 a year ago, on Monday at Fort Worth

brought \$16.50 to \$18.50. Feeder pigs at \$14 to \$17 a year ago, sold Monday at \$15.50 to \$17.50.

In the sheep division a year ago, good and choice fat lambs with No. 1 pelts sold for \$22.50. Good lambs Monday with No. 1 skins sold for \$27.50.

Ewes a year ago at \$8.50 to \$10.50, sell for \$13 to \$15 higher this week. Feeder yearlings a year ago at \$15.50 to \$17 sold Monday at \$20 to \$21.

An interesting load of two-year-old steers were on the market at Fort Worth Monday. They were the calves Bryant Edwards of Henrietta got from crossing of Angus bulls with his Hereford heifers in an experiment seeking to make the first calving of these heifers less troublesome.

The "black whitefaces" appear frequently on the market here and they make a short-coupled and very shapely beef steer. They appear to have the usual inheritance of hybrid vigor, too, since all of them usually have the growthy look and a good deal of bloom. This lot of steers sold at \$27.50 and came from his ranch near Higgins, Texas.

Practical top now is around \$30 for stocker calves and they have to be good to bring that kind of money.

Hogs jumped sharply higher Monday at 75 cents to \$1 per hundred at Fort Worth. This resulted from a higher run around the market circle and to a little better tone in the pork trade last week following the sharp breaks.

In 1813 in the factory of Francis Cabot Lowell, a young Bostonian, cotton manufacture from bale to woven fabric was first done under one roof.

Periodic checks should be made of the flower garden and of the shrubbery about the place for aphids. A heavy infestation of aphids, sometimes called "green bugs", may take enough sap from the plants to weaken them seriously. Control measures should be applied as early as possible.

In presenting the United Nations Flag to President Truman, the following pledge was given by the 4-H club making the presentation: "As a loyal citizen of the United States, I pledge my full support to the United Nations, the one great hope for a peaceful world with freedom and safety for all."

Blacklock Home & Auto Supply

KITCHEN MEMO

BY JEAN CLARKE

SIX for supper and what to serve? Easy on the budget is Macaroni Meat-In-One. To 3 qts. actively boiling water, add 1 tsp. salt. Gradually add 6 ozs. elbow macaroni. Cook until tender (about 12 mins.). Drain and rinse. While macaroni is cooking, melt 3 tbsps. butter or margarine in top of double boiler. Stir in 3 tbsps. enriched flour. Gradually add 1 1/2 cups milk, stirring until thickened. Add 1/2 tsp. dry mustard, 1 tsp. Worcestershire Sauce, 1/2 tsp. salt, 1 cup grated cheese. Stir until cheese is melted. Add macaroni and blend well. Pour half of macaroni mixture into bottom of well-greased 2 qt. casserole. Cover with 2 1/2 cups cooked drained green beans (1 No. 2 can). Top with remaining macaroni. Arrange 6 strips bacon over top. Cover and bake in moderate gas oven (350°F.) 15 mins. Remove cover and bake 15 mins. more.

No matter how clean your home, there's bound to be some dust in the air. An air filter, easily installed, on your forced warm air gas furnace screens out dust, keeps it from going through the house.

Emergency plumbing: A handful of soda and a half glass of vinegar poured down a stopped-up drain usually clears it.

A new control for automatic gas water heaters is marked Warm, Lukewarm, Hot and Very Hot to guide the householder to correct temperature hot water.

The equivalent of a 2 1/2-ton truck is lifted every year when women hang laundry on the line. An automatic gas dryer, controlled to any drying temperature, eliminates such laundry drudgery.

Quicker than a knife, and safer too, are kitchen shears for cutting up chicken, ham, salad trimmings and such.

Crocheted Soaker For New Arrivals

Rayon yarn is something new for baby things. It's economical, soft against the skin, and shrink-resistant. This little baby soaker is an ideal gift for your own or a friend's baby. Crochet it in white, with two stripes of Kentucky All Purpose rayon yarn, and put the colored ribbons in at the last minute, if you're doing it "on speculation." Free instructions are available for making this soaker and detachable bib. Just send a self-addressed, stamped envelope to the Women's Page Editor of this paper.

Knox Prairie Philosopher Says The New Credit Restrictions May Slow Down The Wheels of Industry

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek is taking the wrong attitude toward the necessary credit restrictions the government has established, but you can't tell him that.

Dear editor:
I found a copy of the Munday Times out here yesterday which was only about a month old. If you ain't seen a paper yet it's still as newsy as it was the day it was printed, and noticed an ad in it offering new cook stoves for nothing down and \$5 a month, and since the terms appealed to me considerably, as there ain't nothing that will build up purchasing power like being able to buy without puttin out any money, I went into town and tried to buy it.

But the store told me all that was changed, said the government has clamped down on credit restrictions and requires as much as a third down, with a shorter time to pay the balance

in, no more of this dollar a week the rest of your life. Now the government may know what it's doin, but it seems to me this is a blow at the very foundations of our economic structure.

If the government is gonna say you can't buy a stove or a refrigerator or a car or a radio until you can afford it, this country is ruined. Won't be enough stoves or refrigerators or cars or radios said to keep half the people now workin on such stuff in jobs.

As I understand it, our whole econo my is bas ed oentmfwy economy is based on the idea there ain't no point in waitin until you can afford something before you buy it. Lack of money ain't been no bar to doin business, and if for example automobiles was limited to just the people who could afford em horses and buggies would still be popular. Installment buyin was a better invention for the automobile industry than the self starter or pneumatic tires. There are some folks who still cling to the idea a man ain't entitled to something till he can afford it, but they are a small party who has been left behind in the sweep of progress.

If the government is out to ruin business, especially the kind I do, settin up such old fashioned plan is the sure way to do it. I ain't lived within my income for years, don't know many folks who have either, and we ain't about to start now. Let's get this law repealed and keep the wheels if industry turnin and business boomn.

Yours faithfully,
J. A.

MISS NC RELAXES IN TAR HEEL PRODUCTS

Taking it easy before the Miss America contest at Atlantic City Sept. 4-10, Miss North Carolina relaxes in and on products of her favorite state. Miss Carolyn Edwards, Leakesville, N. C., wears an afternoon frock of cotton gingham while she relaxes on a Karastan cotton shag rug. The cotton textile companies in her area presented pretty Carolyn a group of cotton products to wear and to use when she carries the North Carolina banner in the Atlantic City beauty battle.

Mr. and Mrs. H. H. Nixon of Vernon, spent last Friday and Saturday in the home of Mr. and Mrs. John F. Nixon. They were enroute to Abilene where they plan to make their new home.

Mr. and Mrs. Bobby Haymes and children of Irving, Mr. and Mrs. Tom Russell of Vera and Mr. and Mrs. Ray Willis of Knox City were guests in the home of Mr. and Mrs. Lee Haymes last Sunday.

Mr. and Mrs. A. H. Mitchell spent several days last week in Borger, visiting their son-in-law and daughters, Mr. and Mrs. Michael Sloan.

Dr. and Mrs. F. J. Vendrell of Gallup, New Mexico, visited in the home of Dr. and Mrs. Ben Bowden one day last week.

Miss Carolyn Hannah attended the State Fair in Dallas over the week end.

Legal Notice

STATEMENT OF THE OWNERSHIP, MANAGEMENT, CIRCULATION, ETC., REQUIRED BY THE ACTS OF CONGRESS OF AUGUST 24, 1912, AND MARCH 3, 1933.

Of The Munday Times, published weekly at Munday, Texas for October 1, 1950. State of Texas, County of Knox, ss:

Before me, a notary public in and for the State and county aforesaid personally appeared Aaron Edgar, who, having been duly sworn according to law, deposes and says that he is the editor-publisher of The Munday Times and that the following is to the best of his knowledge and belief, a true statement of the ownership, management (and if a daily paper, the circulation), etc., of the aforesaid publication for the date shown in the above caption, required by the Act of August 24, 1912, as amended by the Act of March 3, 1933, embodied in section 537, Postal Laws and Regulations, printed on the reverse of this form, to-wit:

1. That the names and addresses of the publisher, editor,

managing editor, and business manager is: Aaron Edgar, Munday, Texas.

2. That the owners are Aaron Edgar, Munday, Texas; Grady G. Roberts, Wichita Falls, Texas.

3. That the known bondholders, mortgagees, and other security holders owning or holding 1 percent of more of total amount of bonds, mortgages, or other publication sold or distributed, securities are: None.

4. That the average number of copies of each issue of this publication, sold or distributed, through the mails or otherwise, to paid subscribers during the twelve months preceding the date shown above is 1725.

Sworn to and subscribed before me this 9th day of October, 1950. G. B. HAMMETT (My commission expires June 1951.)

Attention, Farmers

See the new Ranger fifth-wheel industrial and farm wagons before you buy. Located on corner of Munday Ave., across from Farmers gin plants.

Wherever there is a hauling job large in bulk or heavy in weight, the Ranger fifth-wheel farm wagon is the answer. Users are finding these wagons to be extremely economical because of four outstanding features:

- (1) They combine at less cost the hauling service of two or three ordinary wagons.
- (2) Durable construction assures long life.
- (3) Fifth wheel reduces turning radius to a minimum.
- (4) Bearings, wheel alignment, tracking and fifth wheel combines into a maximum maneuverability that permits a minimum of pulling power. The wagons will bring to their owners a pride in their dependable performance. Electric welded, nice finish and good appearance. Standard Temkin bearings, standard Alemite fittings. Telescoping reach, cold rolled steel spindles. Wheels are standard 6,000 lb. cap., wagon has 16x4.50 or 15x5.00 tires and wheels.

10,000 lb. capacity, with or without tires.

"With the Ranger heavy load, just keep rolling along."

Sorosis Club Of Benjamin Meets On October 5th

The Benjamin Sorosis Club held their second meeting of the year Thursday, October 5th. Subject of the meeting was "Health." A very interesting picture, "Question In Time," was shown by the Benjamin School Superintendent, Mr. S. E. Reed. Mrs. L. C. Melton gave some interesting facts about "The Heart," and Mrs. O. W. Driver told the group of "The Treachery of Undulant Fever." After the business meeting the club adjourned and a social hour was enjoyed by all. Hostesses for the occasion were Mrs. Carl Paterson and Mrs. Lewis Parker.

Johnson Reunion Happy Occasion Here October 8th

The week of October 8th was a very happy occasion for Mrs. A. J. V. Johnson, saddened by one thing, her eldest son, Jim of Kent, Washington, could not be present for their family reunion. On Sunday, a bountiful reunion lunch was enjoyed in the home of Mr. and Mrs. Wylie Johnson on the old home place, where back in 1889, the husband and father, Andrew J. V. Johnson, who passed away from this life November 30, 1945, home-stayed. Many fond memories were recalled in friendly conversation throughout the week end. Children present for the oc-

Roxy Theatre, Sunday and Monday

John Carroll and Adele Mara in "The Avengers," a drama of revenge and treachery!

Goree Couple Observe Golden Wedding Anniversary In Their Home

Mr. and Mrs. W. R. Caldwell, beloved Goree couple, celebrated their golden wedding anniversary recently with an open house in their home. The couple were married 50 years ago in Alba, Wood County, at the preacher's home "in a bug-eye."

Of the eight children born to this home, only three are living. They are Mrs. T. M. Tucker of Goree, Herman Caldwell of Wichita Falls. The couple have also reared three orphaned grandsons, and have ten other grandchildren.

Mr. and Mrs. Caldwell moved to Baylor County in 1920 and came to Goree in 1943, where they were engaged in the grocery business until retiring about a year ago.

Guests were met at the door

casation were Mrs. Paul Scheadlick of Wabeno, Wisconsin; Mrs. Matt F. Davis, Sr., of Ranger; Mrs. W. B. Hudson and Mr. Hudson, Knox City; Edd Johnson and Mrs. Johnson, and Wylie Johnson and Mrs. Johnson, all of Munday.

Grandchildren and great grandchildren present included Mr. and Mrs. Alton Rogers, Eddie Meryl and Curtis Alton, Big Spring; Mr. and Mrs. Perry L. Cook, Wichita Falls; Mr. and Mrs. Burl L. Johnson, Fort Worth; Mr. and Mrs. Doyle Dean Johnson, Lamesa; Misses June and Andy Hudson, Knox City; Misses Wanna and La Rue and Penny Johnson, Don Johnson, Mr. and Mrs. Gene Chandler and Ronnie, all of Munday.

Other relatives present were Mrs. Ailie Campbell, Mrs. Della Burns, Mr. and Mrs. J. K. Johnson, Mr. and Mrs. H. D. Matthews, Sr., Johnnie, Nancy, Darr and Cheryl, all of Munday, and Mrs. Joe Sacors, all of Munday.

by Mrs. Raymond Caldwell and presented to the receiving line consisting of the honored couple and their children. Mrs. Herman Caldwell displayed the many beautiful and useful gifts, and Mrs. Gerald Tucker presided at the guest book.

At the lovely lace covered refreshment table, centered with a bowl of gold chrysanthemums, Mrs. D. A. Bowles poured the punch and Mrs. Jimmie Elliott, twin sister of Mrs. Raymond Caldwell, served the beautifully decorated three-tiered cake which was topped by a golden bell.

Others assisting in the duties of serving were Mary Frances Tucker, Mrs. T. M. Tucker, Jr., and Sammie Smith.

About 125 guests called during the afternoon to wish this beloved couple many more years of happiness. Among them were Mrs. J. F. Odor of Abilene and Mr. and Mrs. J. L. Brown of Pilot Point. Mrs. Brown was present for the wedding supper 50 years ago.

Members of the family present for this happy occasion are as follows:

Mr. and Mrs. T. M. Tucker and Mary Frances, Goree; Mr. and Mrs. T. M. Tucker, Jr., Roby; Mr. and Mrs. Gerald Tucker, Weatherford; Claxton Tucker, Lubbock; Mr. and Mrs. Raymond Caldwell and Sandra Kay and Jimmie Ray, Wichita Falls; Clint Graham, San Antonio; Bobby Graham, Mr. and Mrs. Herman Caldwell, Billie Joe, Johnnie Lou and Victor Lee Caldwell, all of Goree.

Wesleyan Service Guild Meets With Mrs. Pendleton

The Wesleyan Service Guild met Monday evening in the home of Mrs. Paul Pendleton. Co-hostesses were Mrs. B. B. Bowden and Mrs. Joel Massey.

Mrs. I. V. Cook had charge of the study. Others on the program were: Miss Merle Dingus, Ruth Baker, Mrs. Ruth King, Mrs. Charlie Harpham, Mrs. Bob Hicks and Rev. Butler.

Refreshments of cake and punch were served to Misses Florence Gaines, Ruth Baker and Merle Dingus, Mmes. Bill Gaither, Lee Haymes, Arthur Mitchell, Levi Bowden, C. P. Baker, Erin McGraw, Earl Ponder, O. H. Spann, R. L. Butler, Jimmy Harpham, and I. V. Cook. Guests were Rev. Butler and Jan Pendleton and the hostesses.

Local Girls Are Enrolled At TSCW

DENTON — Charlotte Ann Williams, daughter of Mr. and Mrs. P. V. Williams of Munday and Clara Ruth Jones, daughter of Mr. and Mrs. Edgar Jones of Truscott, enrolled for the fall term at Texas State College for Women.

One hundred and eighty-four out of 254 Texas counties are represented in the registration figure as well as 19 foreign students from 10 foreign countries and 284 registrants from 30 other states.

Housing facilities are the best in the college's history as all girls are housed in brick, fire-proof, modern buildings. An upperclassmen dormitory is under construction and is scheduled to be completed in time for the second semester.

A new dining unit, Hubbard Hall, seating 2400 accommodates the entire student body at one time.

W. L. King of Archer City visited in the home of son and daughter-in-law, Mr. and Mrs. E. E. King, and son, John, last Friday and Saturday.

Billy Hendrix; Eleanor McCraney Wed September 1

Mr. and Mrs. Roy T. McCraney of Memphis, Tenn., announce the marriage of their daughter, Eleanor, to Billy R. Hendrix, son of Mr. and Mrs. L. L. Hendrix of Lubbock. The marriage was solemnized September 16th in the Prescott Memorial Baptist Church of Memphis with the pastor, Rev. Charles L. Morgan officiating.

The bridegroom's parents went to Memphis by plane to attend the wedding.

The vows were read before an arch decorated with greenery and scattered gladioli blooms. On either side, floor baskets of white gladioli and palms stood in front of wrought iron standards bearing white candles in graduating heights.

Charles Spivey of Memphis was best man. Maid of honor was Miss Betty McCraney, sister of the bride, and bridesmaids were Mrs. Bill Martin of New Albany, Miss., and Miss Ina Ruth McMulle, of Jackson, Miss., cousin of the bride, Ollie Dowell, Jr., and James A. Spivey were ushers.

Miss Nancy Calthorp sang, "Because" and "O Promise Me" accompanied by Mrs. Henning Mayfield, who also played "Liebestraum" and "Evening Star."

Father Escorts Bride

Given in marriage by her father, the bride wore a gown of nylon net over a satin designed with a portrait neckline. The yoke joined a pointed bodice with a double ruffle of net with satin bows showing between the ruffles. Long sleeves formed lily points over the hands. The bouffant skirt had satin bows scattered over the net and fell into a full train.

Her fingertip veil of imported illusion was attached to a double ruffle of net matching the trim of the yoke. She carried a white Bible on which rested a white orchid showered with white satin ribbons and tube roses.

The maid of honor was dressed in pink lace over satin copied from the bride's gown. She carried a hand bouquet of pale pink carnations. The bridesmaids wore pastel colors of green and blue copied from the bride and maid of honor's gowns. Their flowers were pink carnations.

A reception was held in the home of the bride's parent. The couple were assisted in receiving by their parents, the maid of honor and bridesmaids.

After a wedding trip to Lookout mountains in east Tennessee, the couple are home at 2108 Twenty-fourth. For traveling the bride wore a navy blue suit with navy accessories and an orchid corsage.

The bridegroom is associated

GILLILAND 4-H CLUB GIRLS HOLD MEETING

The Gilliland 4-H Club girls met on Thursday, October 5, with 18 girls and the leader, Mrs. Jim Welch, present.

The meeting adjourned by singing the 4-H song. New officers were elected for the year, and the meeting adjourned with the 4-H prayer.

Miss Irene McClaran, who is attending the School of Nursing at Midwestern, in Wichita Falls, visited in the home of Mrs. Ann McClaran and John over the week end.

Mrs. Rose Jones is home now from a visit with her daughters, Mrs. Frank Clements in Andrews and Mrs. Jack McCaul in Anton.

CARD OF THANKS

We wish to express our thanks and appreciation for the kind words and deeds shown us in the death of our loved one, Mrs. Mattie Martin
Mrs. J. J. Williams and Family.

in business with his father at the L. L. Hendrix Lumber Company. He received his B. B. degree in electrical engineering from Texas Tech. The bride attended Memphis State College and graduated from the Methodist Hospital school of medical technology.

Mr. and Mrs. Dennis Ford and daughter of Midand visited relatives here several days last

CHURCH OF CHRIST

Munday, Texas J. B. Barnett, Evangelist

"WHICH WAY IS CORRECT AND SAFE?"
With so many conflicting doctrines and theories in the religious world today, honest souls are many times in doubt and ask, "Which IS the right way?" Another question is often asked, "Is not one church just as good as another?" One declares one way, another some other way; until chaos is the result. Confusion is one of Satan's greatest weapons. We readily admit that these are pertinent questions and demand due consideration. This situation must be considered and answered with understandable language, for the earnest, honest soul to know the correct way and thus be safe. The Bible clearly teaches an infallible safe course to pursue. First note what the wise man Solomon said, "There is a WAY which seemeth right unto a man, but the end thereof are the WAYS of death. (Prov. 14:22). Man is oftentimes prone to have his pernicious way or ways about, being SAVED, going to HEAVEN, but listen, God's book says MAN'S WAYS lead to death. The weeping prophet, Jeremiah, came to the conclusion, speaking by inspiration, that man could not direct his steps. Hear him, "Oh Lord, I know that the WAY of man is not in himself: it is not in man that walketh to direct his steps. (Jer. 10:23). He also said, where is the good WAY, and walk therein, and ye shall find rest for your souls. But they say, we WILL NOT walk therein." (Jer. 6:16). Their kin are not all dead today, for some till this day, stubbornly refuse to walk in the prescribed WAY in Holy Writ. Hear the prophet Isaiah, "And an highway shall be there, and a WAY, and it shall be called THE WAY OF HOLINESS; the unclean shall not pass over it; but it shall be for those: the wayfaring men, though fools, shall not err therein." (Isa. 35:8). Jesus said, "I am the WAY, the TRUTH, and the LIFE; no man cometh unto the Father but me." (John 14:6). Note, he did not say, "I am A way, SOME way, nor ONE of the ways, 'I AM THE WAY.'" Therefore the WAY OF CHRIST excludes all other ways to the heavenly home. The WAY OF THE CROSS leads home. (Please read also Matt. 7:13,14). There is a CORRECT and SAFE WAY, let us seek and pursue it.

week. Cliff Cooper of Newton, Miss., visited his sister, Mrs. Emma Jones, and other relatives here this week.

Mr. and Mrs. C. A. Williams of Floydada, Miss Johnnie Williams of Perryton and Miss Mary Florine Tullis, a roommate of Johnnie's, and Margaret Josephine Williams of Wichita Falls spent the week end here and attended the funeral of John G. Martin on Sunday.

J. E. Crouch and daughter, Mrs. Vardiman, of Megargel, visited Mr. and Mrs. George Crouch this week.

Mr. and Mrs. John W. Goode are announcing the arrival of another granddaughter, who made her appearance last Monday in Seymour. Her parents, are Mr. and Mrs. Gill Goode of Seymour.

Rev. and Mrs. J. W. Baughman are visitors in Matador and Lubbock from Monday through Thursday.

BIRTH ANNOUNCEMENT

Mr. and Mrs. Sargent Lowe are announcing the arrival of a daughter, who was born on Sunday, October 8, at the Knox County hospital. Mother and daughter are reported to be doing nicely.

Mrs. Deaton Green and Mrs. Deaton Moorhouse of Seymour visited friends here last Saturday.

Mrs. Mattie Malcomb of Weibert visited Mrs. Ann McClaran over the week end.

The United Nations Flag should not be displayed on days when the weather is inclement.

Cotton has many times the abrasion resistance of wool, silk, or rayons. This characteristic is particularly important in men's shirts, children's garments, uniforms, and all outer clothing.

In a line, cluster or semi-circle grouping of flags, flags other than the United Nations Flag should be displayed in the English alphabetical order of the countries represented, reading clockwise, starting at the left. The United Nations Flag should either be displayed in the center of the line, cluster or semi-circle, or, in cases where two United Nations Flags are available, at each end of the line, cluster or semi-circle.

Mr. and Mrs. E. W. White of Seymour spent last Friday visiting Mr. and Mrs. John F. Nixon.

We have faith

in you - in ourselves - in America - We believe

that most Americans are capable of paying their own bills, planning their own budgets and mapping their own futures.

that most Americans resent having politicians or bureaucrats tell them *what* they need, *where* to get it and *how* to pay for it.

that most Americans prefer to solve their problems - medical or otherwise - by means of self-reliance, free choice and voluntary methods.

that most Americans will work and fight to preserve freedom, both at home and abroad.

The menace from abroad is Communist tyranny. The menace at home is creeping Socialism.

Hulsey Is New A.G.A. President

D. A. Hulsey

D. A. Hulsey, president of the Lone Star Gas Company, Dallas, was elected president of the American Gas Association today at the thirty-second annual convention of the Association in Atlantic City, N. J. Nearly 10,000 delegates from all parts of the country and from Canada are in attendance at the convention which is being held October 2 to 5, 1950. Mr. Hulsey was elected for a one-year term expiring in October, 1951.

The American Gas Association is the trade association of the eight billion dollar gas industry and its membership comprises the leading gas utility companies, natural gas transmission companies, and gas appliance manufacturers in the United States and Canada. Its member companies serve more than 90 percent of the utility gas distributed in this country.

Mr. Hulsey has been identified with the gas utility business and with the American Gas Association for many years. Last year he served as first vice-president of A. G. A. and was chairman of the General Promotional Planning Committee, which is responsible for the extremely effective coordination of the promotional activities of the entire

gas industry. He has been president of the Lone Star Gas Company, one of the largest service organizations in the Southwest, for the past ten years. He is head of a system which serves 355 cities and towns in Texas and Oklahoma and supplies natural gas and liquefied petroleum gas to more than 50,000 homes and industries.

Mr. and Mrs. N. A. Howeth are visiting their daughter and son-in-law, Mr. and Mrs. B. C. Barley, in Fort Worth. Mrs. L. N. Paysinter of California is also visiting with the Barleys.

Move Begun For Drafting Of Doctors

AUSTIN—Six prominent members of medical, dental and allied professions in Texas conferred with the State Director of Selective Service Monday to form a state advisory committee for the drafting of doctors.

The following representatives of their professions met with Brigadier General Paul L. Wakefield, the State Draft Director. Dr. William Gambrell, Austin, president of the Texas Medical Society; Dr. Barney E. Farmer, Austin, president of the Texas Dental Society; Dr. George Luebel, Fort Worth, president of the Texas Association of Osteopathic Physicians and Surgeons; Dr. Ira Wood, Texas, president of the Texas Optometric Association; Dr. T. A. Hardy, Sonora, president of the Texas Veterinary Medical Association; and Lester Short, Midland, president of the Texas Pharmaceutical Association.

These representatives are scheduled to meet with the state Selective Service director at 10 a. m. Monday to form the committee as required by public

law providing for registration, classification, and induction into the armed services of certain medical, dental and allied specialist categories.

The committee was formed at the Monday meeting, at which time members of the committee were given copies of the law, which is an amendment to the Selective Service Act of 1948.

They were presented with a list showing the identities of the 137 local Selective Service boards in Texas and a list of the numbers of these local boards. These representatives set up committees of three members within their own professions. The law requires that these committees shall advise Selective Service in the selection of medical and allied personnel for armed forces service.

Mr. and Mrs. Joe Duke and daughter, Jo Ann, visited Mrs. J. W. Medley in Haskell over the week end. Mr. and Mrs. Joe Jackson and children of Santa Rosa, New Mexico, were also visiting in the Medley home.

Mr. and Mrs. H. N. McClelland of Benjamin visited in the home of Mr. McClelland's sister, Mrs. C. N. Smith recently.

Mr. and Mrs. C. N. Smith were business visitors in Wichita Falls one day last week.

"Satisfaction guaranteed or your money back" SEARS

OUT OF GODFREY'S TEABAG

I was talking to a Hawaiian girl the other day. Ah, those lovely South Sea belles! I asked her if she could do a hula. When she replied that she could, I said, "If I'd have known you were coming, I'd have brought my uke!"

Last Hallowe'en I received a pumpkin from one of my fans. No bomb secrets, no submarine plans in it, mind you—just plain punkin! Speaking of Hallowe'en, kids don't scare nowadays like they used to. Why just outside the theater last Monday night there was a bunch of kids standing when this guy went by. He was a big, snaggly-toothed, scary guy with a mask on. One of the kids yelled: "Aw, don't be afraid! It's him! Godfrey!" . . . It was me, all right.

Did you hear about the little girl who was watching our show from home? When she got her first look at me, she said, "Oh, Mommie—look—Boris Karloff—with freckles!"

You know, of course, that a four-year correspondence school course now takes eight years. Sure, haven't you heard that they cut down the mail service to one delivery a day?

Archie Bleyer started out this morning to buy a newspaper—then decided he'd wait till Friday and get it with the fish.

HEARD ON CBS TALK 'IT SCOUTS'

Mr. and Mrs. Idell Montgomery and daughters, and Mr. and Mrs. Dick Wardlaw and Cindy, visited in the home of Mr. and Mrs. H. M. Montgomery in Morton over the week end.

Mrs. T. O. Butler of Quinton, Okla., is visiting in the home of her son and daughter-in-law, Mr. and Mrs. E. L. Butler.

West Texas C. C. To Plan For Year's Program

ABILENE—Thirty minutes after the sound of the gavel opening the 33rd annual convention of the West Texas Chamber of Commerce, October 19-20 in Mineral Wells, committeemen and delegates will convene in seven separate open panel meetings to plan and map the organization's 1951 program of work.

First session is a general assembly at 2:30 P. M., Thursday, October 19. WTCC President J. M. Willson, Sr., of Floydada, has called the group meetings for 3 P. M. to permit all West Texans attending the convention to have a voice in determining the future activities of the regional chamber.

Willson has appointed group leaders to direct the meetings as follows: Industrial, E. Y. Bue-low, San Angelo; Oil and Gas Development, French Robertson, Abilene; Agriculture and Livestock Development, Alton B. Bell, Crowell; Water, Homer D. Grant, Lubbock; Publicity-Advertising-Tourist Promotion, Frank H. Kelley, Colorado City; Taxation and Legislation, M. C. Ulmer, Midland; Local Chamber of Commerce Managers' meeting, E. O. Wedgeworth, Pampa.

Members of the WTCC's program committee will attend each of the group panel meetings for the purpose of reporting proposals, recommendations, and suggestions for the coming year's program of work to the Board of Directors at a later session.

Registration for the meeting is scheduled to begin at 11 A. M., Thursday, in the lobby of the Baker Hotel.

At seven o'clock in the evening, a barbecue diner honoring local chamber of commerce managers and wives has been planned, with Hubert M. Harrison, General Manager of the East Texas Chamber of Commerce

Handy Hardboard Bin

Home from shopping, the housewife quickly stores away such staples as potatoes, onions, oranges, lemons and bananas in a neat vegetable fruit bin which her husband has built out of lumber strips and Masonite tempered hardboard. The table-height bin has a hinged lid which furnishes an extra working space.

delivering the principal address. Harrison will talk on the proper relationship between regional and local chambers of commerce.

Following the barbecue, the program calls for dancing on the roof of the Baker Hotel from 9 o'clock until midnight, with music furnished by Johnny Jordan's orchestra.

Activities for the second day, Friday, October 20 include a special breakfast for WTCC past presidents, board of directors' meeting and noon luncheon.

At the directors' assembly, committees will report on the panel meetings held the previous afternoon, and on resolutions, auditing and property inventory, nomination and election of directors for 1950-51, and treasurer's report.

Officers who will serve for the coming fiscal year will be elected following a luncheon to be held on the roof of the Crazy Hotel Friday noon. Speaker for the occasion is John Ben

Shepherd, Secretary of State.

Arrangements for the convention program are in charge of Clyde Westfall, Stamford, chairman; Buell Orr, Graham; L. D. Aston, Cleburne; Anthony Fenoglio, Naconia and J. B. Thomas, Fort Worth.

Work program committee consists of Jerry Debenport, Odessa, chairman; R. W. Whipkey, Big Spring; Clarence Whiteside, Lubbock; C. E. McCutcheon, Wichita Falls; Clarence Leonard, Gainesville; Price Campbell, Abilene; J. R. Wright, Vernon; P. C. Stacy, Granbury; James N. Allison, Midland; Amon G. Carter, Jr., Fort Worth; Howard Vaughn, Levelland; Alton B. Bell, Crowell; Howard Gault, Hereford; Carl Harrison, Memphis; and Aubrey L. Townsend, Brady.

Mr. and Mrs. Jack Pippin of Austin visited in the home of Dr. R. L. Newson over the week end.

3,453 Texans To Be Inducted In November

AUSTIN—State Selective Service Headquarters today placed in the mails calls on Texas draft boards for 3,453 men to be inducted into the army during November.

This brings the number of men called for induction in Texas to 8,400 since the beginning of conflict in Korea, Brigadier General Paul L. Wakefield, Director of Selective Service said.

First inductions of a quota of 2,513 were made in September and inductions of 2,514 in October will continue through October 13. Local board quotas for October were announced a month ago.

The State Director of Selective Service said State Headquarters had received no quota for December. He added that one is expected within a "day or so," but that he did not know how many men would be called for the December quota.

November inductions will take place at Abilene, Amarillo, Corpus Christi, Dallas, El Paso, San Antonio, Houston, Shreveport, and Shreveport.

Draft Board No. 28 at Benjamin has been asked to supply 17 men to be inducted November 10.

Miss Leona Keel and Mr. and Mrs. J. J. Keel visited in the home of Mr. and Mrs. A. D. McDonald in Midland over the week end.

Mr. and Mrs. Winston Blacklock and daughter, and Mr. and Mrs. J. B. King and children, visited in Lubbock over the week end.

Leo Hill, who is attending Hardin-Simmons University in Abilene, visited his parents, Mr. and Mrs. D. L. Hill, over the week end.

Mr. Joe Wayne Graham of H. R. (Bob) Hicks was a business visitor in Fort Worth and Fairfield over the week end.

From Pills to Penicillin

Over the years, behind our counters, we've sold many kinds of accepted medicines and we've filled thousands of prescriptions for people of this community. We've helped measure out a lot of medical progress. We've seen new treatments and new drugs turn illness into health, despair into hope.

This progress is more than statistics—it's people! And the people we know don't want it tampered with!

Free America has no place for a bureaucracy that stands between people and progress, between doctor and patient, between physician and pharmacist.

FREE AMERICA HAS NO PLACE FOR SOCIALIZED MEDICINE!

The land on which cotton will be planted in 1951 should be seeded to a fertilizer and if needed, inoculated winter legume. This crop will protect the land against erosion and usually will boost next year's yield. The losses caused by root rot are materially lessened when cotton follows a winter legume crop.

Elliott urges farmers to purchase now the fertilizers needed to produce their 1951 crop. He says supplies next spring may not be adequate to take care of demands chiefly because of transportation problems. He further suggests that you contact your local county agricultural agent for information on seed storage, proper handling of seed in storage, winter legumes for your area and on most any other question dealing with cotton production.

Mr. and Mrs. W. T. Hertel and daughter, Henrietta, were visitors in Dallas over the week end. They met their son and brother, William Hertel, who came up from Austin and they attended the State Fair on Sunday.

Mrs. L. P. Bruner and children, Linda and Lonnell, of Burk Burnett, are here for a visit with their father and grandfather, R. V. Burton.

H. A. Pendleton was a business visitor in Dallas the first of this week.

Weekly Health LETTER

Issued by Dr. Geo. W. Cox
M. D., State Health Officer
of Texas

AUSTIN—It is the statutory duty of the Texas Department of Health, through its Bureau of Vital Statistics, to provide for the registration of the births and deaths occurring in Texas.

On the statistics made from the vital records much of the planning for the welfare of the people of Texas is done. The number of births credited to the county or city of the residence of the mother can be used in planning hospitals and medical care. The

medical certification of the birth record furnishes the Division of Maternal and Child Health, with a list of children who may need additional care, because of prematurity, congenital malformations or birth injuries. The birth certificates are used in establishing dependency benefits for veterans or members of the armed forces. They are also used in proving relationship in settlement of insurance claims and inheritance matters.

The statistics made from causes of death as gathered from medical certifications on death records are used in the prevention of disease, for control of epidemics, and immunization programs for children of pre-school and school ages. Leading causes of death statistics furnish data for study and research which will lengthen life expectancy and improve health.

Mortality statistics and the expected length of life are considered when determining insurance premium rates.

A rise in the number of deaths from diseases bred of filth can institute immediate action from the Bureau of Sanitary Engineers. Nutritional diseases can indicate a needed improvement in diet, and school lunch programs can help guard the health of Texas' school children.

Mr. and Mrs. H. F. Jungman and Mr. and Mrs. Aaron Edgar were visitors in Dallas over the week end. While there they attended the opening day of the State Fair of Texas.

Shortage Of Cotton Seed May Be Seen In 1951

The present world situation and weather conditions over much of the cotton producing areas of the nation can have a strong bearing on the 1951 cotton crop in the United States. World conditions have materially increased the demand for cotton and weather conditions are very unfavorable at this time so far as the production of high quality planting seed for 1951 are concerned.

According to Fred C. Elliott, extension cotton work specialist of Texas A. & M. College, the seed situation is so bad that steps must be taken immediately to prevent an actual shortage of the better adapted varieties of planting seed for next year. He says too much moisture at harvest time materially affects the keeping qualities of cotton seed. When seed that is high in moisture and free fatty acids is stored, heating occurs and this causes seed losses as well as poor germination. He says there is practically nothing that can be done to take care of the free fatty acid problem but that good storage facilities and the proper handling of the stored seed will help some and will hold the damage that can be caused by too much moisture to a minimum.

Elliott says that all reports indicate that the demands for cotton will remain high. No announcement has yet been made regarding the probable acreage of the 1951 cotton crop but indications are that it will be much larger than the 1950 acreage.

With these facts in mind, Elliott recommends to farmers who have a good seed supply of the better adapted varieties of cotton, that they store this seed for 1951 planting purposes. Good gin-run seed of the adopted variety should be saved in each area to take care of the maximum acreage that might be planted in the gin community in 1951.

He urges farmers and ginners to cooperate in saving and storing seed that should be saved for planting purposes, and points out that the building up of reserves of good planting seed must be done within the next few weeks because the present cotton crop is now moving rapidly to gins.

There are other items the cotton producer should be considering at this time, says Elliott. All cotton stalks should be cut and played under just as soon as the harvest is completed. Area wide stalk destruction programs are the most effective. Next year's infestation of boll weevils, pink bollworms and possibly other cotton insects can be reduced by early stalk destruction programs.

Who Runs America?

the Congress? the President?

OR YOU AND THE MAN NEXT DOOR?

RUNNING AMERICA is the joint job of 150,000,000 people. It's the biggest job in the world today—keeping it running for liberty and for freedom. And the whole world's watching to see whether Americans can do it!

IN MUCH OF THE WORLD today, the people have resigned from running their own countries. Others have been quick to step in—first with promises of "security"—and then with whips and guns—to run things their way. The evidence is on every front page in the world, every day.

FREEDOM COMES UNDER ATTACK. The reality of war has made every American think hard about the things he's willing to work and fight for—and freedom leads the list.

But that freedom has been attacked here recently—just as it has been attacked in other parts of the world. One of the most serious threats to individual freedom has been the threat of Government-dominated Compulsory Health Insurance, falsely presented as a new guarantee of health "security" for everybody.

THE PEOPLE WEIGH THE FACTS. In the American manner, the people studied the case for Socialized Medicine—and the case against it.

They found that Government domination of the people's medical affairs under Compulsory Health Insurance means lower standards of medical care, higher payroll taxes, loss of incentive, damage to research, penalties for the provident, rewards for the improvident.

They found that no country on earth can surpass America's leadership in medical care and progress. They found that able doctors, teachers, nurses and scientists—working in laboratories where Science, not Politics, is master—are blazing dramatic new trails to health for Americans—and for the world.

THE "GRASS ROOTS" SIGNALS CONGRESS. In every community in the Nation, people stood up to be counted on this important issue. Thousands of local women's clubs, civic groups, farm, business, religious, taxpayer, medical, educational and patriotic organizations spoke out—giving the great United States Congress its unmistakable Grass Roots signal from home!

And ever watchful, ever sensitive to an alert people, the Congress saw that signal, and heard the people speak out, loud and plain. That's democracy in action. That's the American way!

Today among the 10,000 great organizations on militant public record against "Compulsory Health Insurance" are:

- General Federation of Women's Clubs
- National Association of Small Business Men
- United States Chamber of Commerce
- National Association of Retail Grocers
- National Retail Dry Goods Association
- American Legion
- National Association of American Farm Bureau Federation
- National Grange
- Veterans of Foreign Wars
- National Conference of Catholic Charities
- American Protestant Hospital Association

• Doctors of this Nation are grateful that the people refused to be wooed by the fantastic promises of this un-American excursion into State Socialism. • Doctors of America are dedicated to serve their fellow citizens at home and their comrades in uniform, wherever service to this Nation may take them. • And the thing they stand ready to fight for—to sacrifice for—to die for—is not the alien way of life of Socialism, but the prideful security of a free and self-reliant people!

THE VOLUNTARY WAY IS THE AMERICAN WAY!

• Throughout the Nation, free men and women, working and planning together, are finding the American answer to every question of medical service, care and cost. Hundreds of Voluntary Health Insurance Plans are in healthy competition—sponsored by doctors, insurance companies, hospitals, fraternal organizations—by industry, agriculture and labor. • Today

in America—70 million people are protected by Voluntary Health Insurance! • Throughout the Nation, families are insuring themselves against the major costs of illness—at reasonable, budget-basis prices. Voluntary Health Insurance takes the economic shock out of illness. Protect your family now. • For information, ask your doctor—or your insurance man.

An American's greatest heritage is the right to learn the facts—and to speak his mind. Maintained with honor and used with sincerity—that right will guarantee forever that

From where I sit ... by Joe Marsh

Ought To "Polish Up" Her Traffic Manners!

Spent most of yesterday over at the Court House, "Tiny" Fields, the biggest and fastest-talking of our three policemen, was holding forth about his traffic troubles.

"Women drive just as good as men do," Tiny said, "and just as bad. For instance—a girl in a convertible today. She started a three-block tie-up all by herself.

"She's creeping down Main Street—left hand stuck out and sort of waving around. Never turns right or left, never stops. But, of course, everyone behind her thinks she's signaling about

something. Nobody dares to pass. When I stop her and ask what's up, she smiles sweetly and explains that she's drying her nail polish!"

From where I sit, that girl's typical of certain folks who are so wrapped up in themselves, they never notice they're not being fair to others. Our neighbor has a right to drive in safety—just as he has a right to enjoy a glass of beer. Let's all respect the other fellow's rights.

Joe Marsh

Kracker Krumbs—
(Continued from Page One)

reached the goal of 50 for any one meeting.

But they're still working toward that goal. Some Wednesday, they're going to have 50 there and then you'll see beaming faces of those who've been working toward that goal.

And if you'd been there Wednesday and heard the highway patrolman talk on the traffic problems in Munday, you'd have thought your time well spent.

Make a date to attend the next luncheon, at noon, Wednesday, October 25.

Drive carefully. The life you save may be your own!

Legal Notice

THE STATE OF TEXAS
COUNTY OF KNOX
TO THOSE INDEBTED TO OR HOLDING CLAIMS AGAINST THE ESTATE OF MRS. BERTIE FENSTERMAKER, DECEASED.

The undersigned having been duly appointed administrator of the estate of Mrs. Bertie Fenstermaker, deceased, late of Knox County, Texas, by J. D. Eubank, Jr., Judge of the County Court of said County, on the 18th day of September, A. D. 1950, hereby notify all persons indebted to said estate to come forth and make settlement, and those having claims against said estate to present them to him within the time prescribed by law, at his residence in Munday, Knox County, Texas, where

he receives his mail. This 11th day of October, A. D., 1950.

U. W. WILSON,
Administrator of the Estate of Mrs. Bertie Fenstermaker.

CARD OF THANKS

We wish to take this method of thanking our many friends and neighbors for their thoughtfulness in many ways during the illness and death of our beloved wife and mother. We especially are thankful for the beautiful floral offering and nice food that was sent; also the doctors and nurses and ministers of our communities are due our heartfelt thanks. May God bless each and every one.
H. M. Cooner and family.
Mr. and Mrs. Cecil Hutchinson and Doris.
Mr. and Mrs. Billy Hutchens and family.
The Ferrell family.

Homecoming For McMurry Students Set October 20

ABILENE—Homecoming activities, October 20 and 21, next hold the spotlight at McMurry College.

Most of the exes who thronged the campus for the Dedication Program are expected to return for the traditional reunion, which begins at 6:15 p. m., October 20, with the crowning of Chief McMurry and the Campus Queen. Most popular event will be the ACC-McMurry football game in Fair Park Stadium at 8 p. m., Oct. 21.

Following the crowning ceremony will be pinning the colors on the footballers, presentation of exes, the starting of the tom beating, and a pep rally.

Exes will be honored by the McMurry Theatre with the presentation of "All My Sons" at 8:15 p. m., after the pep rally.

Scheduled for Oct. 21 are registration of exes, a general assembly, a luncheon for exes, a downtown parade, social club activities, the football game, and an after-game coffee.

Groups Formed For Smith-Doxey Act Benefits

Texas cotton farmers are taking advantage of the free cotton classing service and the cotton market news service as provided for under the Smith-Doxey Act. The program in Texas is handled by the Smith-Doxey State Review Committee cooperating with the U. S. D. A.'s Production and Marketing Administration.

The members of the State Review Committee are F. E. Lichte, cotton gin specialist, chairman; Fred C. Elliott, cotton work specialist and E. A. Miller, agronomist, all of the Texas Extension Service headquarters staff at College Station.

This committee in 1950 processed and approved 1,083 applications from 165 counties. A farmer to be eligible for the free services must be a member of an organized cotton improvement group. Lichte says that 108,871 Texas cotton producers

are members of the cotton improvement groups. They planted one or more of the 15 approved upland cotton varieties on 6,488,263 acres of land. Included for the first time in 1950, are the acreages for the varieties that produce fibers with staple lengths of 1½ inches or more. Cooperating with the farmers through their organized groups are the owners of 1,452 cotton gins.

The market news service provides the farmer with the latest prices that are being paid on the various cotton markets for the different grades and staples of cotton. With this information

plus the official grade and staple classification, the farmer is in a position to know just what his cotton is worth, says Lichte.

The week of October 8-14 is Fire Prevention Week and it is a good time to make the annual fall check of the farmstead for fire hazards. When hazards are found, either make the necessary repairs or remove the hazards. Farm rural fires cost rural dwellers \$100,000,000 each year.

Mr. and Mrs. W. E. McNeill and Earl McNeill spent the

week end with relatives in Floydada.

ATTEND SCHOOL MEET

Supt. W. C. Cox and J. E. Reeves, member of the Munday school board, attended a meeting of school executives in Austin last Sunday night and Monday. Discussions were held on needs of Texas school and how the Gilmer-Aikin Bill has worked thus far.

The United Nations Flag should normally only be displayed on buildings and on stationary flagstuffs from sunrise to sunset.
