NO. 13

## Kracker Krumb's Odd Bits Salvaged At Random

"Have you heard what the cotton market done today?"

That question was put to us Monday by a man who had around 25 bales of cotton he wanted to sell.

Just why he asked the question, we can't figure.

If we listened to the cotton market report over the radio we possibly couldn't make heads nor tails out of it anyway.

All we know about cotton is that we hope we don't ever have to pick any more of it!

And the last time we tried to keep any sort of accurate check on the cotton market was over 30 years ago—back in 1919.

We had a little cotton patch, then!

We had cotton patches since then, but that's the patch, and them's the memorise of our cotton, that stays patched up in our mind.

That's the time, for a time, that farmers got 40 cents and better for their cotton.

Someone remarked the other day that many local farmers are selling cotton this year for 40 cents per pound for the first time in their lives.

They're the ones who started farming after we had that cotton patch.

But the bottom fell out of the cotton market in 1919, and we sorta lost interest in the cotton market. Here's how it happened.

We picked cotton then, that is until after frost. It was sort of disgraceful to be seen taking a bale of old dirty cotton to the gin before frost.

And that "picked cotton" was the kind that was bringing 40 cents a pound. Then came the frost, and folks started carrying in "snapped" cotton and "bollies".

And the bottom of the cotton market sprung a leak. Prices started going down, and down. By the time we got around to gathering our patch of bollies, the market had hit a new low.

Pop started holding some cotton until the price went back up again. It didn't.

We had two bales of bollies from our patch. We took it to the gin, had it ginned off, took it up to the corner of the town square where the cotton buyers hung out, and our memory's correct after these 31 years, the buyers insulted us by offering only 11 cents a pound for it!

"We won't take it," we says in disgust, and decided if Pop could hold cotton until the market got back where it ought to be, then we could, too.

There was our two bales, and Pop and the other boys held 20 making 22 bales in all.

The market didn't get back to where it ought to be. Instead it continued to take a nose dive.

After several months, some smart guy advised Pop to ship the cotton to Houston and put it in storage. Our two bales went along with the other 20.

Finally the storage outfit decided it needed some money for storage on our cotton. There wasn't but one thing to do—try to liquidate!

On our two bales of cotton, which would have brought us \$55.00 per bale, when it was ginned, netted us \$2.50 for the five bales when storage and shipping charges were paid.

Then we decided that when we had any more cotton, she would be for sale when she rolled out of the press.

As long as we had cotton after that, it was sold just as (Continued on last Page)

## Moguls Drop Friday's Game To Bulldogs

They rang up 13 hard-earned points, but the Munday Moguls found too much power in the Stamford Bulldogs last Friday night at Stamford, dropping this conference game by the score of 13 to 27.

The Bulldogs were paced by Ken Lowe as they uncorked a running and passing attack. Their opening tally came on a 5-yard spring by Lowe early in the first quarter, which brought to a climax a sustained 80-yard drive.

After an exchange of the ball, the Bulldogs scored again when Don Stearns crashed over from the one-yard line. A converted kick made the score 13-0 for the Bulldogs.

The Moguls came to life before the end of the second period, and in a series of ground plays placed the ball in scoring position. Dannie Ponder plowed the middle of the line for the remaining two yards. The try for extra point was nullified.

Eugene Lyckman raced the opening second period kick-off back 80 yards for Stamford's third score, and Lowe added the extra point.

Scotty Ponder, Mogul ace back, came in for his share of honors when he scooted 88 yards for Munday's second touchdown and then added the extra point to end the local's scoring for the evening.

## Seeding Drills Are Purchased By Soil District

District Supervisors of the Wichita-Brazos Soil Conservation District have recently purchased two new seeding drills. This makes a total of three of these drills owned by the District. One drill sows seed on a 12 inch spacing or in 36 inch rows, the other two drills sow on a 10 inch spacing or in 40 inch rows. These drills are now available to District Cooperators for fall sowing of grass and will be available next spring for grass seeding when an estimated 800 acres will be planted by cooperators as a part of their conservation plan.

The District also owns 4 grain fertilizer drills. Technicians of the Soil Conservation Service have assisted the following District cooperators using these drills in planting winter cover crops as a part of their conservation plan:

Rye and Vetch—Jeff Graham, George Wall.  
Rye, Vetch and Alfalfa—Burd Gheslon, League Ranch, Anell Waldrip.

Alfalfa—J. C. Saunders, Sam Clonts, Dr. Beavers, Dennis Williams, and Delma Williams.  
Austrian Winter Peas—Ernest Hughes, Tom Westbrook, Bill Taylor, O. A. Green, Henry Followill, Ernest Michaels, M. C. Webb, Pete Albus, John Albus, Big 4 Ranch.

Alfalfa and Peas—Roy Smith, S. D. Jones, George Stubbs, F. L. Chambers, Alton Jones, Skeet Carpenter.

To date this acreage totals 1,391 acres which will have a cover on the ground to prevent washing and blowing of soil during the winter and spring months. When turned under next spring, these crops will add much needed organic matter to the soil.

## Weather Report

For the period of October 19th through October 25th, 1950, as compiled by H. P. Hill, U. S. Weather Observer.

	1950-1949	1950-1949
	LOW	HIGH
Oct. 19	57	66
Oct. 20	59	68
Oct. 21	51	60
Oct. 22	47	45
Oct. 23	43	52
Oct. 24	51	47
Oct. 25	50	37
Precipitation this year,	30.61 in.	
Precipitation to this date,		
1949	29.35 in.	
Precipitation since Nov. 1,		
1941	31.71 in.	

Be careful. Observe state and local fire laws.

## Observe Wedding Anniversary

Pictured above are Mr. and Mrs. W. R. Caldwell, beloved Goree couple, who observed their Golden Wedding Anniversary at their home in Goree recently. All of their children were home for the occasion, and many long-time friends called to congratulate the couple.

Mr. Caldwell operated the Caldwell Grocery in Goree for a number of years. He retired a few years ago.

## Knox County Hospital Notes

Patients in the hospital October 23rd:

T. C. Merrill, Munday; Mrs. D. G. Adams, Munday; Irma Albus, Munday; Mrs. J. W. Hamm, Knox City; Mrs. T. B. Dobbs, Benjamin; Hugh Rogers, Knox City; Mrs. Ed Helm, Knox City; Mrs. D. B. Jones, Goree; Rosalind Romeriz, Knox City; Ivarra Maneul, Rochester; Mrs. Neal Logan, Knox City; Frances Moorhouse, Benjamin; Mrs. Elwood Hackney, Knox City; Mrs. Lillian Twainner, Rochester; Cook Baby Girl, O'Brien; Mrs. Willard Reeves, Munday; E. L. Marion, Knox City; Bobby Lawrence, Munday; Mrs. Lee Bivins, O'Brien.

Patients dismissed:  
Art Jungman, Knox City; O. C. Donaldson, O'Brien; Shirlene Vinetta, Knox City; Mrs. W. F. Williamson, Rochester; Mrs. W. L. Pierce and baby, Munday; Mrs. Henry Henderson, Rochester; Mrs. Pete Escobedo, Knox City; Mrs. Bernard Rodriguez, Knox City; Gose Anthony and baby, Rochester; Dometro Gomez, Gilliland; Mrs. J. C. Duncan and baby, O'Brien; Mrs. Gaudalope Bazan and baby, Rochester; Mrs. Colletano Mayallan and baby, O'Brien; Carolyn Burton, Rochester; Mrs. W. C. Armstrong, Munday; Mrs. C. F. Anderson, Knox City; Miss Lucy Norman, Rule; Mrs. W. D. Norman, Rule; Mrs. W. W. Almond and baby, Knox City; Mrs. M. D. Conway and baby, Paducah; Joe V. Smith, Crowell; Mrs. Bud Norris, Asperment; Ray Snody, Benjamin; Albert, Ruby and William French, Knox City; Mrs. W. L. Pierce and baby, Munday; Mrs. Twainner, Rochester; Mrs. Lee Bivins, O'Brien.

Births:  
Mr. and Mrs. W. L. Pierce, Munday, a son.  
Mr. and Mrs. Bernard Rodriguez, Knox City, a daughter.  
Mr. and Mrs. J. C. Duncan, O'Brien, a son.  
Mr. and Mrs. Colletano Mayallan, O'Brien, a daughter.  
Mr. and Mrs. Guadalupe Bazan, Rochester, a daughter.  
Mr. and Mrs. Joe Urena, O'Brien, a son.  
Deaths:  
Juanita Moreno, Munday.  
Ella Hill, Munday.

## Discount Given On 1950 Taxes

1950 state and county tax statements have been mailed out, and M. A. Bumpas, Jr., tax assessor and collector, advises that a 3 percent discount will be accepted on all state and county taxes on which payments are mailed and bear a postdate of not later than November 2, 1950.

"To the amount of the statement should be added \$1.75 for eachpoll tax due," Bumpas added, "and taxpayers who desire to do may mail check or money orders, thereby saving a trip to Benjamin."

During the month of November the tax assessor and collector will be in each precinct in the county for the purpose of collecting taxes. A notice will appear in the Munday and Knox City papers showing the dates on which he will be in the respective communities.

Mrs. T. A. Armstrong, Mrs. A. E. Bowley and Mrs. J. O. Tynes visited with Mr. and Mrs. Joe Frank Bowley and children in Big Spring the latter part of last week. Mrs. Bowley and Mrs. Tynes returned home Sunday, while Mrs. Armstrong remained for a longer visit.

Mr. and Mrs. Clyde Nelson visited in Wichita Falls Monday and Tuesday.

## Teachers Name Officers For Coming Year

Knox County Teachers Association held its October meeting at Benjamin last Tuesday night. J. H. Bardwell of Munday, association president, presided.

A short musical program was rendered by the Benjamin high school girls under the direction of Miss Silha.

Principal speaker for the evening was Dean Walter H. Adams of Abilene Christian College. He was introduced by E. L. Kirk, vice-president. Dr. Adams spoke on "Professional Standards for Teachers."

Refreshments were served by Mrs. Stover and her economics class of Benjamin High School. Mr. Bardwell presided over the business session, in which a nominating committee consisting of Supt. T. E. Holcomb, Supt. S. E. Reed and Supt. Warren Martin presented a ticket of officers for the coming year, consisting of J. H. Bardwell, president; Mrs. Thena Mae Bowdoin of Vera, second vice-president; M. H. McGaughey, secretary-treasurer. These were unanimously elected for the coming year.

Delegates to the district convention in March were also named. They are: J. H. Bardwell, E. L. Kirk, and T. E. Holcomb.

## Munday F. F. A. Chapter Formed

The Munday Future Farmers met in regular session recently, and organization was completed for this year.

L. C. Searcy, who has served three years as an officer of the chapter, was elected president; Junior Howeth, first vice-president; Melburn Johnson, second vice-president; Edwin Quintero, third vice-president; Glenn D. Henson, secretary; James Simpson, treasurer; Gerald Myers, reporter; Kenneth Hendrix, historian; Homer Lowrance, parliamentarian; Bobby Lawrence, sentinel; and E. R. Ponder, adviser.

Forty-one are enrolled in the three vocational agriculture classes and are members of the chapter. Thirty of these attended the State Fair at Dallas on October 7. They are well pleased with what they saw and feel that this was worth more educationally than a day in school.

Junior Chapter Formed  
Last Tuesday a junior chapter conducting team was organized, composed of the following:

J. W. Inman, president; Walter Owens, secretary; Stanley Wardlaw, first vice-president; Fred Lang, treasurer; Gene Haynie, reporter; Dicky Ponder, sentinel; John King, adviser; Bob Killian, parliamentarian; Larry Don Laine, historian; Leon Johnson, second vice-president; Eugene Howard, third vice-president.

## Moguls To End Home Play Here On Thursday

Munday's Moguls will bring down the curtain on 1950 football—so far as home games are concerned—here Thursday night when they meet the Wichita Falls Rowdies on the local field. Although this will be last home game, the Moguls have two more tough ones remaining on the schedule.

On November 3 they will go to Albany, and the last game of the season will be with the conference leaders, the Haskell Indians, on the Haskell field.

Boasting a strong team, the Wichita Falls Rowdies have played several A-teams of the different districts this year, and always with a good record. The Moguls will find plenty of competition in their brand of football.

Due to the fact this is a Thursday night game, it is expected to attract a large crowd.

Mr. and Mrs. John Spann visited their sons, Joe and John, in Canyon over the week end. While there they attended the football game between West Texas State and Sam Houston State. Also they stopped in Lockney to visit Mr. and Mrs. W. A. Campbell.

Bobby Winchester, who is attending Hardin-Simmons University in Abilene, visited his parents, Mr. and Mrs. Toiby Winchester, over the week end.

## Dr. G. H. Beavers, Pioneer Of Knox County, Passes Away Tuesday

### Rural Carriers Meet At Goree

The Baylor-Knox counties rural carriers association met Monday evening at 7:30 in the memorial building at Goree. The business meeting was presided over by Benton Anderson of Knox City, president.

In a general discussion of rural mail box improvement and rural road work, led by C. A. Wilson of Knox City, he stated that in a recent campaign for rural route improvement they had been assisted by Postmaster Jeff Graham and their local newspaper. Results were that a large percent of obsolete mail boxes were replaced by new and improved boxes and others were erected according to postal regulations. Great improvement had been made on the rural roads.

In the business session, President Anderson and Secretary Wilson were re-elected to serve another year. It was requested that all rural carriers of the association pay their dues at this time and attend all meetings.

The Goree rural carriers who were hosts for the meeting are: W. O. Lewis and S. G. Hampton.

### Sunset School Goes On Cotton Picking Hours

Sunset school has gone on a "cotton picking schedule," according to an announcement made Wednesday by M. G. Hannaford, principal.

Beginning Wednesday morning of this week, school hours are from 8 a. m. to 2 p. m., dismissing the students two hours earlier so they may help in the cotton fields.

By cutting down on the play periods and shortening the noon lunch period, students still have the same number of hours in the class rooms, Mr. Hannaford said.

This schedule will be of material help to those desiring to work in the cotton fields, and school board members decided on this schedule rather than dismissing the school for the cotton harvest.

It was reported plans are now under way to have the roads through the cemetery graveled, making them more passable in wet weather.

### Goree School Has Observance Of U. N. Flag Day

A United Nations Flag service was observed by the Goree Public School and the P. T. A. members on Tuesday afternoon at 3:30 with the raising of the U. N. and American flags on the school grounds.

The program consisted of patriotic songs and a history of the United Nations, being presented by the high school students.

### Oil Activity

Some delayed reports on oil activity in Knox County are as follows:

Stanolind Oil and Gas Company No. 1 Icelena Clonts, a 6,200 foot rotary test in subdivision 11, D. G. Burnett survey No. 7 A-15, a wildcat about five miles northeast of Knox City, is drilling below 3700 feet in shale.

Hawatha Oil and Gas Co. No. 1 Fant Ranch, a 6,000-foot rotary test about 12 miles west of Benjamin, had set and cemented surface pipe and was waiting on cement.

Pacific Coal and Oil Co. No. 1 Davis, a 4600-foot rotary test in the Louis Cartwright field, has spudded in. The test is a wildcat about four miles southeast of Munday and near the two Cartwright completions.

**BIRTH ANNOUNCEMENT**  
Mr. and Mrs. Al Cartwright are announcing the birth of a son, born Tuesday morning, October 24, in the Knox County Hospital. He weighed 7 lbs., 3 1/2 ounces, and was named Lewis Alfred. Both mother and son are doing nicely.

Dr. G. H. Beavers, well known and beloved pioneer resident of Knox County, passed away at about 1 a. m. Tuesday, October 24, in a Fort Worth hospital, bringing to a close a life that was typical of pioneer days of West Texas. Dr. Beavers had been in poor health for some time and had gone to Fort Worth about a month ago for a medical checkup.

Dr. Beavers, who was 84 years of age, was a native of Denton County and practiced medicine there about a year before coming to Benjamin in 1902. He was active in his practice at Benjamin until 1925, when he retired. Since that time he had devoted a large part of his time to ranching activities.

He owned a drug store in Benjamin for several years, was interested in the bank there, and the post office once occupied his building. He was a member of the Christian Church in Benjamin.

Dr. Beavers was a graduate of Trinity University and of Washington University in St. Louis.

Surviving him are his wife, a son, Dr. G. Herbert Beavers, Jr., of Fort Worth; a daughter, Mrs. Doris Mulkey of Oklahoma City, five grandchildren and two great-grandchildren.

The body was returned to Benjamin, and laid in state at the First Christian Church until 1 p. m. Wednesday.

Funeral services were held from the Benjamin church at 2 p. m. Wednesday, being conducted by Rev. Granville T. Walker. Burial was in the Greenwood Cemetery in Fort Worth at 11:30 a. m. Thursday.

Palbearers were Jack Idol, W. T. Ward, Leroy C. Melton, Homer T. Melton, Bruce Burnett, Togo Moorhouse, Wayne Dolan and Tom West.

### FUTURE FARMERS PLAN SUBSCRIPTION DRIVE

Soon, the Munday chapter of Future Farmers of America will start their fall subscription campaign. They have been given exclusive right in the Munday schools to write subscriptions for practically any and all magazines published, many daily newspapers, as well as the Munday Times.

Practically every citizen of the county should be a subscriber to the Munday Times. Why not let the FFA boys take your subscription?

We now have bargain rates on leading magazines and are glad to pass these rates on to you. We guarantee delivery of your magazines, or your money will be refunded.

It usually takes from six weeks to two months to get your first copy after the subscription is sent in, so renew your subscriptions early.

Earl R. Ponder, adviser.

### Baptist Brotherhood To Meet At Rochester

An associational brotherhood meeting of the Haskell Baptist Association will be held at the First Baptist Church in Rochester on Thursday night, November 2. It was announced this week. Program for the meeting is as follows:

7:30 p. m., song, congregation; prayer, Rev. Houston Walker; refreshments; business and announcements; special music; address, Dr. Tom Taylor, president of Howard Payne College, Brownwood.

### Gospel Singer To Give Program Here

Respond to this call:  
Bro. Frank Osborne, the greatest gospel singer in Texas, and his assistants will appear in Munday on the 5th Sunday, October 29th in a concert program at the high school auditorium (white) at 2:30 p. m. All song lovers are invited to hear this soul-stirring gospel singer.

Admission, 50 cents, for adults and children 14 years of age or over.  
West Beulah Baptist Church, sponsor.

Mrs. Etta Webb is spending the week in Oklahoma in the home of her son, Mr. and Mrs. Jeff Webb and children.

## The Munday Times

Published Every Thursday at Munday  
 Aaron Edgar and Grady Roberts . . . Owners  
 Aaron Edgar . . . Editor and Publisher  
 Entered as second class matter January 4,  
 1919, at the postoffice in Munday, Texas, under  
 Act of Congress, March 2, 1879.

### OUR NEEDS FOR 1950

1. Completion of our portion of the Throckmorton road, giving the farmers of that area an all-weather outlet.
2. A farm-to-market road to the north and east of Munday, possibly connecting with the Heffner road.
3. A U. S. Federal building. Munday needs a new post office home.
4. More homes in Munday. We did a good job in 1949, but there's still a housing shortage.
5. A new telephone system, giving the town adequate telephone service and tapping the rural area surrounding the town.
6. Greater cooperation of business man, farmer, and citizen toward long-range development for our community.

### WITHIN MY POWER

I am not a very important man, as importance is commonly rated. I do not occupy a position of great honor or authority, or do I have great wealth or control a big business.

Yet I may someday mold human destiny. For it is within my power to become the most important man in the world in the life of a boy. And every boy is a potential atom bomb in human history.

A humble citizen like myself may have been the Scoutmaster of a Troop in which an undersized unhappy Austrian lad by the name of Adolph might have found a joyous boyhood, full of the ideas of brotherhood, goodwill, and kindness. And the world would have been different. A humble citizen like myself might have been the organizer of a Scout Troop in which a Russian boy called Joe might have learned the lesson of democratic cooperation.

These men would never know that they averted world tragedy, yet actually they would have been the most important men who ever lived.

All about me are boys. They are makers of history, the builders of tomorrow. If I can have some part in guiding them up the trail of Scouting, on to the high road of noble character and constructive citizenship, I may prove to be the most important man in their lives, and the most important man in my community.

A hundred years it will not matter what my bank account was, the sort of house I lived in, or the kind of car I drove. But the world may be different because I was important in the life of a boy.

—Forrest Witcraft

### THE COUNTRY PRESS SAYS

WAYNE, MICH., DISPATCH: "Many state legislatures . . . have adopted resolutions roundly criticizing Federal grants-in-aid as a growing and costly evil."

"For instance, the Indiana Legislature said: Indiana needs no guardian and intends to have none. We Hoosiers were fooled for quite a spell."

### SUBSCRIPTION RATES

In first zone, per year . . . \$2.00  
 In second zone, per year . . . \$2.50

The Munday Times is Democratic, yet supporting only what it believes to be right, and opposing what it believes to be wrong, regardless of party policies, publishing news fairly, impartially.

NOTICE TO THE PUBLIC: Any erroneous reflection upon the character, standing, or reputation of any person, firm or corporation which may appear in the columns of this paper, will be gladly corrected upon due notice being given to the publisher, at the Munday Times office.

with the magician's trick that a dollar taxed out of our pockets and sent to Washington will be bigger when it comes back to us. We have taken a good look at said dollar. We find that it lost weight in its journey to Washington and back. . . . We have decided that there is no such thing as 'Federal' aid. We know that there is no wealth to tax that is not already within the boundaries of the 48 states."

PHILLIPS, WIS., BEE: "We want to continue to support electrical cooperatives, but we want to support them on the basis of the service they give, not on political platforms. We say again, we do not believe that R. E. A. or its cooperatives have any place in endorsing candidates or supporting parties."

POUGHKEEPSIE, N. Y., DAIRYMEN'S LEAGUE NEWS: "Recent surveys reveal a distressing apathy among American citizens toward voting in elections. In the last presidential election 37 percent of New York State's voters stayed away from the polls. Take Onondaga county for instance: There a check-up shows 44 percent of the automobile dealers failed to vote. The number among directors and officials of banks was 28 percent, among school teachers 23, real estate dealers 38 percent."

### IT DOESN'T MAKE SENSE

Keeping the goods moving to consumers in high volume is the only practical way to stem inflation. Any other alternative such as price fixing and rationing should remain the last resort of an all out do-or-die effort. The free market is as basic as any other freedom we enjoy. When it is restricted the entire ideal of freedom is in peril.

Thus the necessity of keeping the goods moving can not be over estimated. Efficient mass distribution is absolutely essential. Yet strangely the government is seeking to restrict the efficiency of mass distribution by attacking mere size as a monopoly. The untenable inconsistency of the government in the present situation is well described by a spokesman for the largest retail grocery concern in the country: "Today business sits on a two-pronged dilemma. On one side is the demand from our government that we turn our attention and our efforts toward providing the supplies and the men for what may possibly be the toughest war the world has been called upon to fight. On the other prong, business faces the most determined campaign ever waged by the anti-trust lawyers—in which they attack size and bigness in business merely because . . . (it has) . . . been enterprising, efficient and successful in bringing to the American public a better form of living."

"In 1927 the cry was to 'break up the New York Yankees.' Today they want to break up A & P, AT & T, the Big Four Packers, Alcoa, General Motors, and Dupont."—Editorial Statement, Chicago Journal of Commerce.

### Uncle Sam Says

Your "Uncle Sam" is proud to join in saluting our youngest business men—the newspaperboys. These young men, 200,000 of them, are demonstrating the principal requirements for success—ambition, initiative, enterprise, industry and thrift. In addition to giving invaluable aid to peacetime Savings Bonds Drives, they are also investing their earnings in U. S. Savings Bonds. "NOW LET'S ALL BUY BONDS."

U. S. Treasury Department

In 1919, warfare almost broke out at Toyah.

The former were main out-of-staters who had obtained a permit to prospect for minerals on land which the State had sold to ranchers but had retained part of the mineral rights. Technically, the permit-holders were within their rights in going on the land but the ranchmen became indignant because fences were cut and gates were left open.

Result was that both sides armed themselves. The outsiders took over one side of the business section and the cattle-men took over the other side of the business district of Toyah.

A newspaper man who had agreed to write up the "war" nearly set off the hostilities. He had had a drink or two and, while standing in front of the postoffice talking to a friend, he twirled a six-shooter on his finger and the weapon went off. Men came a-running; they thought the battle had broken out.

At last a compromise was worked out.

Tom Grisham, well-known attorney and oil man of Abilene, whom I've known for many years, relates this little-known chapter of Texas history.

When a portion of the battlefield of Gettysburg was dedicated, Edward Everett was invited

## Attention, Farmers

See the new Ranger fifth-wheel industrial and farm wagons before you buy. Located on corner of Munday Ave., across from Farmers gin plants.

Wherever there is a hauling job large in bulk or heavy in weight, the Ranger fifth-wheel farm wagon is the answer. Users are finding these wagons to be extremely economical because of four outstanding features:

- (1) They combine at less cost the hauling service of two or three ordinary wagons.
- (2) Durable construction assures long life.
- (3) Fifth wheel reduces turning radius to a minimum.
- (4) Bearings, wheel alignment, tracking and fifth wheel combines into a maximum maneuverability that permits a minimum of pulling power. The wagons will bring to their owners a pride in their dependable performance. Electric welded, nice finish and good appearance. Standard Temkin bearings, standard Alemite fittings. Telescoping reach, cold rolled steel spindles. Wheels are standard 6,000 lb. cap., wagon has 16x4.50 or 15x5.00 tires and wheels.

10,000 lb. capacity, with or without tires.

"With the Ranger heavy load, just keep rolling along."

## 747 Doctors Register With Texas Boards

AUSTIN, TEXAS, Oct. 18.—State Selective Service headquarters reported to National Headquarters in Washington today that 747 physicians, dentists and veterinarians in Texas registered in the special registration Monday.

Texas local boards registered all day Monday and sent totals by teletype to state headquarters Tuesday. Brigadier General Paul L. Wakefield, state director, reported. General Wakefield said that only 12 out of the 137 Texas boards reported no registrants.

Out of the total reported, 467 were listed as physicians, 160 as dentists, and 120 as veterinarians.

Highest registration was reported from Harris County, where 132 professional men signed registration cards. Second highest was at Dallas, where 95 registered. Forty-six were entered on the rolls at Fort Worth and the same amount in Galveston. An even two dozen signed at San Antonio.

A total of 30, 27 of them physicians, were registered at Temple; 14 at San Benito; 12 at McKinney; 19 at Lubbock; 12 at Corpus Christi; 10 at Amarillo;

## "Mr. 880"

ROXY—SOON

### LET LAWN GROW AT FIRST SIGNS OF WINTER SNOW

To be sure of having a good healthy yard of grass next spring and summer, try letting it get several inches high before the first snow flakes begin to fall this year.

Grass which is cut too close to the ground when cold weather begins can't live long under a blanket of snow.

When grass is allowed to rise to a height of several inches, however, it goes to seed. The long, overlapping blades of grass protect the new seed until warm weather returns.

Many lawnowners find that it pays to begin a lawn in the late fall. They plant seed and never touch a lawnmower to it until after the snows of winter have passed.

To save leftover seed for the following year as fill-in, they store it in covered galvanized steel garbage pails. The covered pails protect seed from moisture and rodents.

and 14 at Austin. At all other local boards the number was under 10 and in most places under 5.

Professional personnel who were required to register were physicians, dentists, and veterinarians who had less than 21 months of active duty in the armed forces and who had also had participated as students in armed forces specialized training or who were deferred from service in World War II to pursue education in their professions.

Under terms of the Presidential proclamation governing registration, professional personnel may register late if they could not register on October 16 because of circumstances over which they had no control.

### Mums Betoken National Flower Week

Lavish in color, size, and variety, mums are among the favorite flowers of the fall season and will be much in evidence during the week of October 29-November 5, which has been designated by the Society of American Florists as National Flower Week.

Formal enough to be used for church weddings and yet gay enough to grace a lapel at fall football games, mums are at their finest during the autumn months. Their profuse perfection inspires recognition of the role played by all flowers in bringing beauty and pleasure into almost every phase of our daily lives. . . the goal of National Flower Week which, for the sixth successive year, will be celebrated from coast to coast.

### Fluid Drive Proves Popular

An indication of the growing popularity of the automatic transmission, more than 97 per cent of the cars built by the Chrysler Division of the Chrysler Corporation this year have been equipped with Prestomatic Fluid Drive transmission.

The Chrysler automatic transmission consists of three compact units—gyrol Fluid Drive, Safety Clutch, and Prestomatic transmission.

The Fluid Drive unit provides a liquid connection between the engine and the rear wheels. It consists of two vane disks, separated by a cushion of oil. The engine turns one disk, which transfers the power to the other and the rear wheels by the action of the twirling oil on the vanes, with no metal-to-metal contact between the disks.

The principle of fluid power transmission, pioneered and first introduced by Chrysler in 1938, is now being used in practically every automatic automobile drive on the market.

The clutch and clutch pedal are retained in the Chrysler

unit as an important safety feature. Though seldom used in normal driving, the Safety Clutch is available when it is needed—for ease and safety in parking, backing up, and "rocking" the car.

The Prestomatic transmission operates in two ranges in the forward speeds. In the driving range there is an accelerating gear for quick speedy getaway and a high gear for smooth eco-

nomical cruising. In the power range there are two extra low gears for occasions when added power is needed. Shifting in each of the ranges is automatic and is controlled by the driver through the accelerator pedal.

Chrysler's Prestomatic Fluid Drive transmission is standard equipment on the Windsor, New Yorker and Imperial models and is available as an option on the Chrysler Royal models.

### GALVANIZED CANS DISCOURAGE RATS

Starving rats is the best means of keeping them away from homes, rodent specialists declare, pointing out that the way to do this is to keep all household refuse in galvanized garbage cans.

Galvanized steel garbage cans are recommended because they are constructed of sturdy, rust-resistant steel and are equipped with close fitting covers.

When garbage is kept covered in these rat-proof cans, the experts assert, rats are deprived of their primary source of food. Thus, they must find new quarters or die.

Mac Haymes of Odessa visited his father, Lee Haymes, here a while Monday.

## Miss Nadine Butler And Bobbie Broach Marry In Church Ceremony

Tuesday morning, October 24, at 10:30 o'clock, Miss Nadine Butler, daughter of Mr. and Mrs. E. L. Butler of Munday, became the bride of Bobbie Broach, son of Mrs. Fred Broach, Sr., and the late Fred Broach, of Munday.

Rev. Huron A. Poinac, pastor of the First Baptist Church, officiated at the double ring ceremony, performed in the sanctuary of the church.

The improvised altar was formed of large baskets of yellow mums and gladioli and woodwardia fern.

Pre-nuptial music was provided by Mrs. Roger Williams and Mrs. A. V. Kennelitz, an aunt and cousin of the groom. Mrs. Kemletz, soloist, sang "Always", "O Promise Me", and Mrs. Williams played "Liebestraum" during the ceremony, and also gave the traditional processional and recessional.

The bride, given in marriage by her father, wore a beige gabardine suit with brown accessories and her corsage

was of brown orchids and her strings of pearls was a gift of the groom.

Mrs. Vernon Teaff, attended her sister as matron of honor. She wore a green garbardin suit with brown accessories and a corsage of Picardy gladioli. Fred Broach, Jr., attended his brother as best man, while Mr. Vernon Teaff acted as usher.

Only relatives of the immediate families were present and out-of-town relatives were: Mrs. Buttre of Quentin, Okla., an Mrs. George Egge, Jr., Detroit, Mich., grandmother and sister of the bride, Mr. and Mrs. J. S. Pickard, Mr. and Mrs. Joe Pickard and son, Larry, of Dallas, aunt and cousin of the groom.

The bride is a graduate of Sunset High School, and the groom a graduate of Munday High School and Texas Technological College of Lubbock. He is now engaged in farming and ranching.

After a brief wedding trip to Ruidosa, New Mexico and Carlsbad Caverns, the couple will be at home in Munday.

### Rehearsal Dinner

Mrs. Fred Broach, Sr., honored the groom-elect and his fiancée with a rehearsal dinner in her home on Monday evening at 6 o'clock, before the wedding of Tuesday, October 24.

Talisman roses in crystal and silver bowls were used throughout the living and dining rooms and centered each quartette table.

Dinner was served from a

## HOMEMADE DOUGHNUTS

Homemade doughnuts, fresh, warm and sugar-coated, are fine party fare or a real treat for the family. Serve them with mugs of tany cider or steaming cups of coffee or cocoa. Remember though, in making doughnuts, use a deep fat frying thermometer to be sure the temperature is exactly right. The thermometer shown is made entirely of shiny stainless steel with a round dial face that's as easy to read as a clock.

## Baptist Circles Meet Monday At Local Church

All circles of the Baptist Woman's Missionary Union met on Monday, October 23, at the First Baptist Church.

Mrs. J. C. Gollehon was director of the program on "Behind The Iron Curtain." The meeting was opened with the song, "Nothing Between," and scripture readings were given by Mrs. Buck Tidwell, Mrs. Ben Bowden, Mrs. J. O. Bowden and Mrs. Ed Thompson. The devotional, "No More Strangers," was by Mrs. J. C. Gollehon, followed by prayer by Mrs. J. O. Bowden and the song, "Throw Out The Lifeline."

The following parts were given: What Is The Iron Curtain?, Mrs. Paul Pruitt; Yugoslavia, the Land of Two Curtains, and Hungarian Reconstruction, Mrs. Ed Thompson; Roumania Under the Elephant's Foot, Mrs. Troy Lindsey; prayer, Mrs. B. L. Blacklock; The Cross Turns Not Back, and The Moment to Decide, Mrs. J. O. Bowden; song, Onward Christian Soldiers; prayer, Mrs. Andy Hutchinson. After luncheon a business meeting was held. The meeting was attended by 55 members.

Cahries Hardin, who is attending N. T. S. C. in Denton, visited in the home of his mother, Mr. and Mrs. J. C. Campbell, over the week end.

buffet, made lovely with the same color scheme as on the dining table where a large bowl of Talisman roses furnished a colorful addition to the decorative theme.

Only the members of the wedding party were guests. Mrs. Broach greeted her guests and her sister, Mrs. J. S. Pickard, of Dallas, assisted in serving.

## Sunset H. D. Club Meets Thursday In School Building

The Sunset home demonstration club met on Thursday, October 19, at the school building and completed their U. N. Flag to be flown during U. N. Week.

Mrs. R. C. Partridge and Mrs. R. M. Almanrode were selected to write a history of the club.

Plans were made for the achievement party, when Munday club women will be entertained. This will be on November 2. The Sunset club will be guests of the Truscott club members on November 9 at their achievement party.

Officers for the year, 1951, have been elected as follows:

Mrs. Jerry Nix, president; Mrs. Gil Wyatt, vice-president; Mrs. H. R. Hicks, secretary-treasurer; Mrs. R. M. Almanrode, council representative, Mrs. R. C. Partridge, council alternate, and Mrs. Gil Wyatt, parliamentarian.

## Benjamin Sorosis Club Has Meeting At Club House

The Benjamin Sorosis Club met in the club house, October 19th, with seventeen members present.

The topic for discussion for the meeting was EDUCATION, which was led by Mrs. F. E. Davidson.

Mrs. Grady Gill gave some very interesting facts on "Parental Cooperation with Academic and Religious Education." A paper on "Six Educations I Not Enough," was given by Mrs. O. D. Propps and was also given as a "Round Table Discussion."

Hostesses for the afternoon were Mrs. G. H. Beavers and Mrs. Earl Sams.

## Mrs. H. F. Jungman Entertains With Dinner Party

Mrs. H. F. Jungman entertained members of the No. 8 Luncheon Club and several guests at a lovely dinner party last Monday evening at seven o'clock.

Following a delicious chicken dinner at Al's Coffee Shop, the guests assembled in the Jungman home for games of eighty-four. The home was beautifully decorated in colors of the Hallowe'en season.

Enjoying this lovely occasion were Mmes. G. R. Elland, J. C. Borden, Bill Hertel, A. H. Mitchell, C. P. Baker, J. D. Crockett, D. E. Holder, S. E. McStay, W. R. Moore, Georgia Staples, P. V. Williams, W. E. Braly, Aaron Edgar and R. D. Atkeison.

## Gilliland Club Plans November 1 As Achievement Day

The Gilliland home demonstration club met in the club room of the Gilliland school on Wednesday afternoon, October 18.

Mrs. Omer Cure, and Mrs. Ornauld Navratil gave a very interesting demonstration on proper lighting of the home and making lamp shades.

Lovely refreshments were served to Mmes. Ornauld Navratil, Earl Burgess, Omer Cure, Alton Cook, Elton Carroll, Charlie Groves, Bill Hollis, O. R. Miller, Elton Smith, Buck Spivey, Arnold Reeves, J. T. Cook, John Thompson, John Kinnibrugh, Dwight Burgess, John Jamison and Taylor Scott.

The next meeting will be November 1, which is Achievement Day. The club will entertain the Truscott club women during the social hour.

## Charlotte Williams Soprano In Choir

DENON—Miss Charlotte Ann Williams, soprano, daughter of Mr. and Mrs. P. V. Williams, of Munday, is a member of the Texas State College for Women Modern Choir, well known choral group directed by Dr. William E. Jones.

Ten states are represented by the choir, which has a membership of 48 students. Programs presented by the choir include both secular and popular numbers. Three sections compose the choir, soprano, second soprano, and contralto.

Choir members are in rehearsal now for their first concert of the year scheduled November 13. Traditional with the choir for their first concert is homecoming for all ex-members of the group. Some 200 exes are expected to return for the event this year.

Mr. and Mrs. Charles Knefelv of Abilene spent the week end with her parents, Mr. and Mrs. George Crouch.

Mr. and Mrs. W. O. Lewis visited a relative in the Haskell hospital last Sunday.

Mr. and Mrs. Beverly King, Jr., and little son, Kelly Bert, of Graham, spent Sunday with her parents, Mr. and Mrs. Ira Stalcup.

## Scouts Attend Camporee Near Snyder, Okla.

Friday afternoon, October 20, 31 Scouts left Seymour for the Wichita mountains just east of Snyder, Okla., in the National Wildlife Game Refuge, north of Cache, Okla., and camped out two nights. The scouts reached the camp grounds after dark and set up the tents and had their evening meal by the camp fires.

After breakfast on Saturday the scouts hiked to the top of Eagle mountain on a nature study. After returning to camp and lunch there were demonstrations on camp cooking and mapping and compass the scouts then explored Lost Lake and the surrounding area. Observed by the scouts on these trips were buffalo, deer, elk, wild turkey, real longhorns and various small game.

Saturday night about eleven, the scouts turned out and hiked about five miles to Lost Lake and back on a Night Hike.

Sunday morning after breakfast services were conducted by Rev. J. N. Marsh, Jr., of Cache.

Welcome to all of our services.

Okla., accompanied by two laymen of the same town. Services were attended by 31 scouts and 8 scouteres.

Eleven scouts from troop 161 of Knox City, Texas, are as follows: Monroe Thomas, Robert Jensen, Cecil Beauchamp, Jimmy Burt, Wayne Stevens, Bob Jensen, Billy Bolin, Warren Collins, Man Bradley, David N. Pedue and Kenneth Hubbard, accompanied by Rip Collins.

Six scouts from troop 74 of Red Springs, Texas, are as follows: Jo Crump, Bob Miller, Byron Robertson, Buddy Patterson, Billy Patterson, Billy Powell, and accompanied by Owen Hatter.

From Seymour there were 14 scouts of troop 71, as follows: Earl Clementt, Jimmy Hunter, and Tommy Coker and accompanied by D. J. Brookreson II.

and Robert Thompson; Troop 72 Kent Hoyle, George Shawyer, Teddy Emsoff, Larry Green, Dennis Jeete, Ruben Crenshaw, Troop 73: Johnny Starkey, John Shelley, Harold Baldwin, Tommy Stamps and Winford Fulton, accompanied by Cecil Cole; Bob Bouse of Wichita Falls and John Stallings of Red Springs were also on this trip.

The scouts and scouteres wish to express their thanks to the Baylor Drug, Sims Drug and Carl Hash Motor for their help in making this trip a success.

Grady Roberts of Wichita Falls and Sam Roberts of Haskell visited with friends here a while Tuesday.

Miss Mary Holub and Mrs. Charles Harris of Seymour were visitors here Saturday.

## Local Colored Man Misses His Wife, But Hits A Tree

On our rounds this week we spotted a Chevrolet in a garage. Its left front wheel had been torn away, its left fender and headlight were demolished. It was pretty much of a wreck.

"What happened to that and whoever was in it?" we asked the mechanic who was busily employed on another auto. From him we got this report:

A colored boy was trying to make off with another woman. His wife ran out in front of the car and tried to stop him. He swerved and missed his wife, but he failed to miss a paradise tree. Just peeled the bark on the tree a little bit.

A check with Chief of Police

Tuck Whitworth revealed about the same story. We guess that's what happened.

Mrs. W. M. Mayo spent the week end with her daughter, Mrs. Agnes Mayes, in Amarillo. Mrs. W. M. Mayo left Monday to spend the week in Mineral Wells.

Joe A. Choucair returned home last Friday from a visit with friends and relatives in Washington, D. C., New York and Tennessee.

ROXY THEATRE—SOON

KITCHEN MEMO BY JEAN CLARK

No matter how sweet a tooth you have, once in a while your taste buds appreciate tartness. Cranberries are tart but here we supplement them with pineapple for a Cranberry Pineapple Pie. The amount of sugar added isn't enough to make the filling sweet. Combine 1/2 cup sugar, 2 tbsps flour, 1/2 tsp salt. Add 1 1/2-cup whole cranberry sauce and 1 9-oz. can (1 cup) crushed pineapple. Mix well. Pour into pastry-lined pie plate, dot with 1 tsp butter or margarine. Cover with remaining pastry and don't forget to slit the pastry top. Bake in a hot gas oven (425°F) for 30 mins. Yield: 1 9-inch pie.

Such laundry as towels, corduros, bedspreads that don't need ironing when they're dried in the gas dryer, shouldn't be left in the laundry basket to wrinkle. Fold them and put them away as soon as you take them out of the dryer.

Beets won't lose their gay red if the long taproot leaves and an inch or two of stem are left on.

Recently approved by the American Gas Association's Testing Laboratories are new gas furnaces which may be installed in such confined spaces as closets—especially convenient for the new basement-less homes.

Pickle-making? Follow the Hawaiians' lead and add curry to sharpen the flavor. A pint jar takes about 1-1 1/2 tsp. curry powder.

Bread toasted under the broiler has a certain crisp taste that's delicious. Preheat broiler about 3 minutes, put bread on broiler pan about three inches from flame.

Too high a flame under frying fish—and any other fried food will make it stick to the pan. Turn down

## Men's Shirts Take Top Place As Cotton User

Men's shirts have climbed to the top of the list of the cotton industry's chief customers, the National Cotton Council revealed today in a report of cotton consumption statistics for 1949.

In 1949 an estimated total of 534,000 bales of cotton was used in the manufacture of men's shirts. The next four leading cotton customers for the year were sheets, accounting for 449,000 bales; bags 404,000 bales; 388,000 bales; and tire cord, 384,000 bales.

The Cotton Council's market research department issued the new consumption statistics in its 1948-49 edition of Cotton Counts Its Customers, a study of cotton uses.

Wayne Smith visited his brother, Lyndol, in Waco over the week end. While there they attended a football game between Texas Tech and Baylor University.

Mr. and Mrs. M. B. Caughran of Lubbock are here this week for a visit with their parents, Mr. and Mrs. J. A. Caughran and Mr. and Mrs. J. I. Hughes.

Mrs. Travis Martin and daughter of Seymour, visited Mr. and Mrs. Marvin Reeves over the week end.

Mr. and Mrs. Jeff Bowden and daughter of Wichita Falls visited in the home of Mr. and Mrs. J. O. Bowden over the week end.

Miss Ula Lilly of Dumas is visiting in the home of her brother, Mr. and Mrs. J. O. Bowden this week.

Waffles are lighter when yolks and whites of eggs are beaten separately and whites folded in last. They are tastier when served with a bountiful supply of melted margarine.

Modern "Betsy Rosses" all over Texas and the nation are busy making United Nations flags. They are to be flown alongside the Stars and Stripes on United Nations Day, October 24.

## EXPERTS GIVE SEVEN WAYS TO PREVENT FIRES

Every two minutes an American dwelling catches fire. To help citizens protect their homes fire prevention authorities offer the following suggestions:

1. Keep matches in fireproof containers away from children.
2. Don't smoke in bed and keep several large, flat-bottomed ash trays around the home.
3. Be sure heating equipment is clean and in good working order for the winter months.
4. Store ashes and cinders in covered galvanized ash cans, not in flammable boxes.
5. Keep electrical appliances in good working order.
6. Don't use flammable liquids for cleaning clothes or reviving

**Blacklock Home And Auto Supply**  
Your FIRESTONE Dealer

stove fires.  
7. Dispose of rubbish regularly. Between collection days, keep it in covered galvanized steel garbage cans.  
If every citizen follows these safety precautions, the experts assert, home fires will be reduced more than fifty percent.

Mr. and Mrs. Bill Ehlers visited friends in Seymour over the week end.

Make every day in 1950 a safe day on your farm.

## "HOME" FOR HUSBANDS

**EVER SLEEP HERE?**  
Wow... talk about going to bow-wows! If your home is damaged by fire and you're not protected by insurance, will your wife be mad! And you, too! Stay out... Come and ask for dependable, all-coverage fire insurance.

## McCelvey Jones And Miss Colleen Crow Marry In Ceremony At Waco

In a candlelit ceremony October 21st, at the First Presbyterian Church of Waco, Miss Colleen Crow became the bride of McCelvey Jones of Stephenville. Clusters of candelabra graduating from the center to sides were behind the altar, which had panels of white gladiol and chrysanthemums as its background. Woodwardia fern formed a green setting for the white flowers.

Bobby John Jones and Toby Jones lighted candles for the ceremony, which was performed by Rev. T. B. Galahar. Mr. E. A. Werner sang "Because" and "The Lord's Prayer", with Mrs. Jack Hightower at the organ.

Ciril F. Crow, father of the bride gave her in marriage. She wore a traditional gown of ivory satin designed with a V neck line, outlined with gathered princess lace. The long sleeves ended in points over the hands and were edged in ruffles of lace. The very full skirt fell from the low waistline and swept into a long graceful train. Festoons of the princess lace formed deep points on the skirt.

Her veil of imported French illusion fell the length of her train from a medieval cap of the illusion, ornamented at either side with a cabochon of seed pearls. She carried a bouquet of white gardenias and stephanotis.

Miss Sherrill Cox, aunt of the bride, was maid of honor. Her

dress of bon-bon taffeta and satin, was draped in front. Her cascade bouquet of Briarcliff roses were tied with pink satin. Gail Crow, four-year-old sister of the bride, attended as flower girl. Her dress of French blue with pink nylon trim and carried a basket with cascade pink rosebuds. She wore identical taffeta halo headdress as the maid of honor.

Mr. Towner Leeper of Sweetwater served as best man. Ushers were Bobby John Jones, brother of the groom, Toby Jones of Kerrville, Billy Jenkins of Amarillo, and Clifton Perkins of Sweetwater.

A reception followed the ceremony at Hamilton House. The bell-shaped wedding cake, tied with shell pink satin ribbon, was on a table laid with Italian cutlery and lace cloth with silver candelabra and white tapers and silver compotes of rosebud decorated mints. There were scattered clusters of pink sweet-heart buds on the table.

Mrs. Crow wore a costume of DuBarry blue crepe with seed pearl and bugle bead design on blouse and sleeves, a full skirt and matching cloche. Mrs. John Ed Jones of Stephenville, mother of the groom, wore a Dior model of mauve lace and chiffon with hat of matching color.

Miss Mary Hoehn, cousin of the groom, was at the guest book, and others in the house party were Miss Emily Burt.

MRS. MCELVEY JONES

Mary Ruth Norris, Anne Abrams, Nancy Rohan, Roberta Hatch, and Margie Johnson.

For the young couple's trip to Colorado, Mrs. Jones wore a traveling suit of mink brown gabardine with brown accessories and a brown jeweled veiled hat.

They will live in Stephenville in a new home at 1550 West Tarleton on their return. Mr. Jones attended Schreiner Institute and is a graduate of the University of Texas where he was a member of Phi Kappa Psi fraternity. He is in partnership with his father in the insurance business in Stephenville. His bride attended Christian College in Columbia, Missouri and the University of Texas where she was a member of Pi Beta Phi sorority.

Out-of-town guests included her paternal grandmother, Mrs. O. B. Crow of Dallas, Mrs. S. L. Robertson of Hillsboro, Mr. and Mrs. C. C. McBurnett, Mrs. Walter Duff, Mrs. Happenutt of San Angelo, Mr. and Mrs. Albert Torian, Mr. and Mrs. Frank Wall and Mr. and Mrs. Tom Dowell of Dallas, Mr. and Mrs. M. K. Christ of San Antonio, Mr. and Mrs. Douglas McCelvey, Mrs. Lillian Thompson, Mrs. Herbert McCelvey, Dr. and Mrs. J. S. McCelvey, Mr. and Mrs. Bob Moore, of Temple, and

## Prices Of Land Continue High; Record In '49

Record high prices for Texas farm and ranch land existed at the end of 1949, and land prices continue to rise, according to a report prepared by John H. Southern and Joe R. Motheral. It was a cooperative study carried on by the USDA Bureau of Agricultural Economics and the Texas Agricultural Experiment Station.

During 1949, Texas land prices, increased an average of about seven and one-half percent, or from an average of \$41.36 to \$44.44 per acre. This increase is in contrast to the slight decrease which occurred

Mrs. Gordon Bennett and daughter of Duncan, Oklahoma; Mr. and Mrs. J. A. Thompson and son, Mr. and Mrs. Emery H. Hughes of Austin, Mrs. Alice Jones and Miss Anna Russell of Kerrville, Mrs. Roberta Jones, Dr. and Mrs. Robt. Kutchback of Houston, Mr. and Mrs. C. L. Young of Dallas, Mr. and Mrs. Harry Neblett and Mr. and Mrs. Cecil Vaughn of Stephenville.

## 13th District Legion Meeting Set At Graham

Delegates of 31 American Legion Posts in the 15 counties comprising the 13th Congressional District will assemble in Graham, Saturday, October 28, for their two-day Fall Convention, 13th District Commander Thomas A. Wheeler of Vernon has announced.

With 113,000 Legion members set as the Department goal for 1951, Convention delegates will coordinate the 1951 membership campaign of the 13th District with that of the Department which will be intensified during the later part of October and the first of November. November 5-11 has been proclaimed as "Join The American Legion" Week by the Department Executive Committee.

In other business the 13th District Convention will lay plans

during 1948. Last year marks the third straight year that land prices have stayed at a record high level, far above the high prices which existed in 1925.

Although the price increased in 1949, the number of acres sold was 25 percent less than was sold in 1948. The average size of the tracts of land sold was smaller than had been the case for several years, and the number of sales dropped 11 percent.

The rise in prices in 12 of the 18 type-of-farming areas in Texas, the largest increase being for wheat farming land of the High Plains. The average price of land in this area jumped from \$32.01 per acre to \$50.00, an increase of 65 percent. Very large increases occurred in the grazing area of the High Plains and in the Trans-Pecos and the Lower Rio Grande Valley areas.

The average price of land was 18.7 percent lower in the High Plains cotton area and in the Rolling plains area than during 1948. And a drop of 152 percent occurred during 1949 in the Grand Prairie. A considerable drop also occurred in the number of sales and the number of acres sold in these three areas, the acreage changing hands varying from one-fifth to one-third less than in 1948.

Southern and Motheral attribute the rising price of farm and ranch land in 1949 to the continued high prices for agricultural products resulting from the increasingly high incomes in non-agricultural industries and government support of agricultural prices.

for expansion of all phases of The American Legion Programs in the fields of Americanism, community service and post activities. Delegates may introduce other business from the floor of the Convention.

District and Department officials will be on hand for the Graham meeting which closely follows the National Commander's motor tour of 16 Texas cities, including Electra, Quanah, Vernon and Wichita Falls. Membership cards for 1951 will be presented to National Commander Erle Coker, Jr., of Dawson, Georgia, by 13th District officials at these stops.

Prominent Texans, including Department Commander Bill Elkins of Killeen, and all members of The American Legion have been invited by Commander

Wheeler to participate in the 13th District Convention.

Mr. and Mrs. Kelton Tidwell of Lubbock visited in the home of their parents, Mr. and Mrs. Buck Tidwell, and Mr. and Mrs. Brooks Campsey, over the week end.

Mrs. B. L. Bowden of Olton and Mr. and Mrs. Berton Boyd and children of Dumas were visitors in the home of Mr. and Mrs. J. O. Bowden this week.

## Let's Talk Livestock

(By Ted Gouddy)

FORT WORTH, Oct. 23—Hog men were shaking their heads over the sagging prices of late last week and those of the opening session this week. It appears from nearly all standards that hogs are under undue pressure on prices compared with beef and lambs and that the spread in prices is wider than justified.

The super-sensitivity of the meat trade is indicated by the fact that at Fort Worth Monday, best packing sows sold for \$20 per hundred, and while major shippers and small butchers paid a top of \$20.75 for most of the good butcher hogs, the major packer top was \$20.25 or only 25 cents per hundred over the top for packing sows.

This is the most narrow spread between these types of animals in a long, long time.

It stems from the fact that heavy hogs are scarce at the present time, most of the marketings of hogs being from this year's Spring pig crop and a well-rounded meat packing operation requires a variety of types of animals.

The Southwest's failure to produce as much pork as it eats was reflected in the fact that while the top at Fort Worth was \$20.25 to \$20.75 on best hogs, there was a top of \$20 at Chicago, \$19.50 to \$19.90 at Kansas City and a top of \$20.25 at St. Louis.

Further pointing up the narrow spread between good butcher hogs and sows was the fact that sows sold at \$19.25 at Chicago, or only 75 cents under the extreme top.

Good demand for feeder pigs in the Southwest is reflected in the pigs holding onto that \$1 hundred gained last week.

Large feed supplies in Texas will undoubtedly be the cause for much more livestock feeding this Fall and Winter than a year ago. Lack of storage space for much of the maize crop in West Texas is swinging the pendulum in favor of livestock feeders.

Cattle and calves continued on the mend price-wise in the opening session at Fort Worth and last week's gains of \$1 or more were generally held firmly.

Some cows and all stocker and feeder cattle and calves were sold at unevenly higher prices. Major packers were bearish on fat calves, particularly some of the medium and in-between grades which are in the process of shrinking some from their best Summer fat, but on the whole were unable to accomplish much in the way of lower prices.

The \$35 top on stocker calves reappeared here after being absent nearly a month, some extreme lightweight calves selling at that price. Late last month some 161-pound calves cut off from aged cows from the John R. Black ranch at Grandbury sold for \$33. Most of the better stocker calves sell in the \$29 to \$31.50 slot, however.

Several loads of West Texas range cows on the canner and cutter order weighed at \$17.50 to \$19, and a few fat cows reached \$23 for the first time in three weeks. Most bologna bulls sold at \$24.50, near the all-time high point.

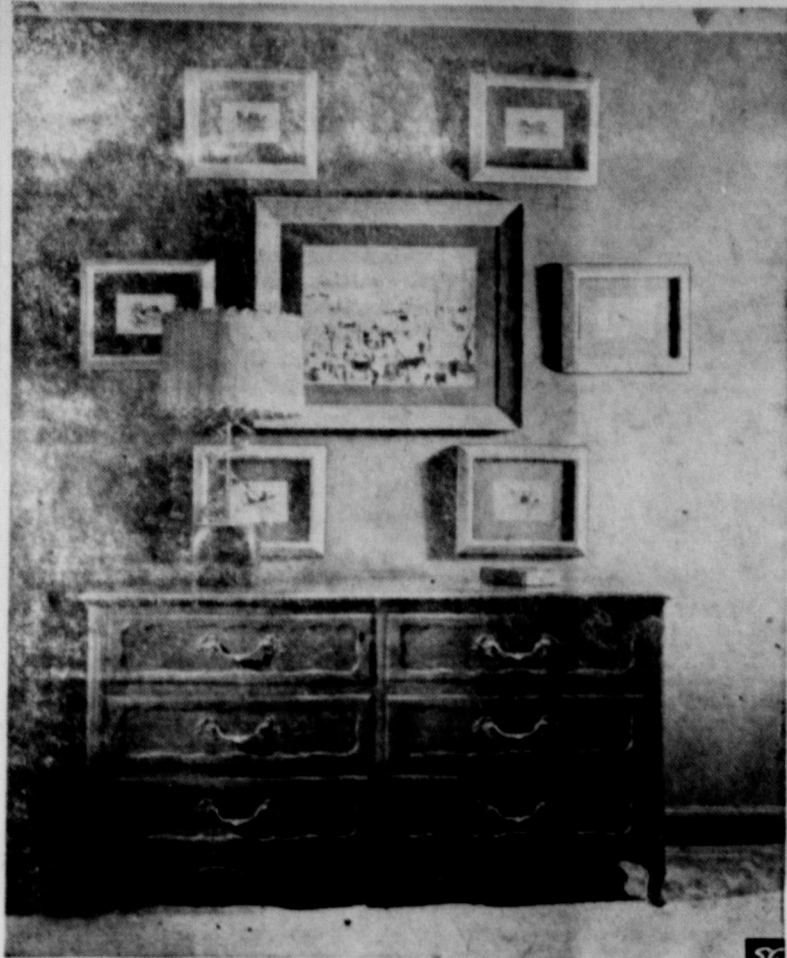

One of the most interesting talks heard at the Fort Worth Livestock Roundup in Fort Worth November 2 and 3 will be presented by Joe Lane of the firm of Rodgers and Lane at Fort Worth. Rodgers and Lane probably ship more Texas cattle to out-of-state feeders and packers than any other firm operating in this region.

Lane knows his business and he knows what makes our present marketing system operate. It will be well worth the while of every livestock grower to hear his remarks and ask him any questions you want. I know Joe and he'll give you a straight from the shoulder answer and the importance of such buyers cannot be over-estimated. The orderly movement of Texas cattle to out-of-state buyers depends on just such buyers who have contacts with feeders and packers the length and breadth of the land.

Rodgers and Lane in years past have shipped trainload after trainload of cattle to such buyers as the Campbell Soup makers, etc., and many others.

Another outstanding item in the agenda for the Livestock Roundup will be the display of carcasses at Swift & Co., at which time Beef Expert Joe Belke will point out to you the good and bad points of various types of carcasses. Great profits from livestock raising stem

## Highlights To Dramatize Your Home

Grand Rapids Guild Room Photo

Let framed pictures be your spokesman in setting the "locale" for your interior decorating scene. Here the French Provincial double chest is appealingly enhanced by these attractive prints arranged to really start tongues wagging about your ingenious "flair" for styling. Against a pine green wall, these pictures, matted with a red background and in frames of natural wood coloring, will create that intangible stamp of taste "unqualified."

With October—National Picture Month—looming over the horizon, you won't want to miss this opportunity for purchasing really beautiful pictures for your home.

for the producers' understanding of what the American housewife likes in the way of meat animals.

Be with us at Will Rogers Memorial Auditorium in Fort Worth on November 2 and 3. We guarantee that you will learn something and will get some ideas about how more profitable the livestock business can be for you. There is no charge for attending these meetings.

Marguerite Hammett of Hardin-Simmons University in Abilene, visited her parents, Mr. and Mrs. George Hammett, over the week end.

Mr. and Mrs. John Gains of California visited relatives and friends here this week.

## Moon May Become Military Hot Spot Of Future World

"Destination Moon," George Pal's Technicolor story of man's greatest adventure, the conquest of space via a rocket ship to another planet, might reveal the greatest military fact of this century.

Aware of the military and worldwide welfare factors involved, some scientists maintain that the conquest of the moon may become absolutely essential to America's future. The country which controls the moon controls the earth, they say.

**Danger Involved**  
As General Thayer, played by Tom Powers, points out in "Destination Moon", coming to the Roxy Theatre, Nov. 7-8-9, "there is realization that other nations may already be at work on the development of interplanetary space ships." Living in an age of A-bombs, H-bombs, germ warfare, guided missiles and supersonic airplanes, he sees the earth as terribly vulnerable, wholly unprotected from an attack from outer space. From the moon, Earth is a target not unlike a sitting duck, he says.

Dr. Charles Cargraves, scientist, played by Warner Anderson, discloses that "if we are to exist in our present status be-

yond our generation, we must get to the moon, and we must get there first."

Others in the cast of "Destination Moon," which is directed by Irving Pichel, include John Archer, Dick Wesso and Erin O'Brien Moore.

## Knox Prairie Philosopher Wants Government-Trained Germs That Will Fight Off All Of His Crop Pests

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek is demonstrating his knack for finding a lazier way of doing things, his letter this week reveals.

Dear editor:  
I was out here yesterday watching autumn unfold, this is the time of the year when a man's energies is supposed to start surging up and he's supposed to make the chips fly, but I learned long ago to enjoy the seasons without being victimized by em, a thinkin man ought to be able to think in the fall the same as the winter, and I was doin that yesterday when a copy of a newspaper floated down out of the air on a gust of wind, thought at first it was only leaves fallin but there's a difference if you know how to detect it and since it fell in arm's length of where I was sittin I picked it

up and read where scientists are showin improvement.

Accordin to this article, in between their main job of workin on something to destroy more and more human scientists are now working on the idea of spreadin diseases among crop pests and sittin back and lettin them do the work.

This is what I call progress. For years people have been goin on the assumption man was made to fight insects, and it was all a farmer could do to fight off the pests as fast as scientists discovered new ones. But out in California scientists are sprayin fields with disease germs which go to work on crop pests, and I'm here to tell you they're gettin on the right track.

Our repair work will stand up to vibration and will give long, satisfactory service.  
The Radiator's capacity for cooling is never reduced with our repairing. Professional grade workmanship in every detail.

## US College With UN Flavor

Students from some of the 17 countries represented at Marygrove College leave in native dress to promote Detroit's observance of United Nations Week. They are (rear row, l. to r.) Chris Wang, China; Chiari, Panama; Ailita Martellino, Philippines; front: Irene Arzoumanian, Iran; Celine Castellino, Pakistan.

What agriculture needs is a whole series of germs designed to attack all the pests which have been botherin farmers for years.

As the thing progresses, I think some method ought to be worked out where the germs will spread themselves over a crop, might as well be spreadin poison like we do now as germs if I have to do the work, and all a farmer would have to do would be to write Washington for a package of say trained boll worm germs or corn borer germs of anti-smut germs, etc. and open up the package when it arrived and let em go to work. Be the finest thing that ever happened to farmin' outside of government checks.

Yours faithfully,  
J. A.

Mr. and Mrs. George Hanumack attended the funeral of Mrs. J. F. Griggs in Stamford last Sunday.

Mr. and Mrs. E. W. Harrell spent the first of this week in Dallas, where they attended the markets to purchase merchandise for the Harrell Hardware and Furniture.

Mr. and Mrs. Worth Gafford were visitors in Buffalo Gap last Sunday. Relatives from Coleman met them there for a short visit.

Mr. and Mrs. Lee Haymes attended the ACC-McMurry football game in Abilene last Saturday.

Mr. and Mrs. J. L. Stodghill visited with relatives in Silverton over the week end.

Be careful. Observe state and local traffic laws.

## Weekly Health LETTER

Issued by Dr. Geo. W. Cox  
M. D., State Health Officer  
of Texas

AUSTIN—Dr. Geo. W. Cox, State Health Officer, estimates that there are 5000 million colds a year in the U. S. A. and they take an economic toll of two million dollars. This does not take into consideration the inconvenience suffered, or the fact that following or during a cold other serious illness such as pneumonia, tuberculosis or mastoiditis gain a foothold. And the common cold is the only one of the many winter enemies that encounters everyone from the crib to the coffin; some of the others are influenza, ear infections, sinusitis, and pneumonia. These are all respiratory diseases and they are caused by many different germs. Some of these germs are called bacteria, and some are called viruses.

Just because you have a cold is no reason you won't catch another. Two out of three people have three colds a year, and

two out of eight people have four colds a year. Wet feet, drafts, chilling, exposure to bad weather, etc., do not cause your cold but they do weaken the body's resistance to a cold. So we say that they are favorable conditions for germs, and is the strength and number of the germs, and the other is body resistance which includes under-nourishment, fatigue, irritation of the nose and throat by air borne substances, or chilling of the body.

The best way to avoid catching cold is to:

1. Avoid people with colds as much as possible.
2. Beware of fatigue, avoid overwork, get plenty of rest, exercise moderately out-of-doors.
3. Keep feet warm and dry.
4. Keep out of drafts.
5. Eat a well balanced diet.

If you have a cold, help yourself and others by staying at home, eating light foods and calling your doctor if necessary.

LIQUID OR TABLETS when COLD MISERIES STRIKE

From where I sit... by Joe Marsh

## You Can't Build A Better Mousetrap!

"They're not the best-looking boarders a man ever had," Hack Turner said one day, "and they've got awful tempers. But I've found it pays to have 'em around."

Hack was talking about a family of barn owls, nesting in his silo this year. Some folks believe those little white-faced screechers kill chickens—and ought to be shot on sight. But Hack disagrees.

"Up at State University they've studied barn owls for years—and never known one to eat a chicken. On the other hand, a daddy owl will clean up around 300 mice a

month. Farmers that kill barn owls are throwing away the best mousetraps known to man!"

From where I sit, when someone shows a prejudice against any group of animals or humans—it's usually just based on misunderstanding. For instance, some folks are plumb intolerant about those of us who enjoy an occasional quiet glass of beer. Get to really know us and you're liable to find we're pretty good birds at that!

Joe Marsh

# Seeing is believing

why no range is cooler than a modern gas range

YOU know it takes heat to cook. No hokus-focus or cock-eyed claims can change that. However, a modern gas range will keep your kitchen as cool as you can reasonably expect.

A low simmer flame, a little larger than a thimble, cooks vegetables in a covered saucepan. For any task, you can adjust a modern gas range for the lowest possible heat. You have dozens of heats to choose from, not just 5 or 7. Moreover, burners shut off instantly; no lingering heat pours into your kitchen.

If your range has its best days behind it, now is a good time to buy. But be clear-eyed, keen-eyed. Get a range with a record of proven performance; a range that will be repair-free. Get the range that's used by 96 out of 100 women in this area. Get a modern gas range.

On display almost everywhere.

## Modern Gas Range

LONE STAR GAS COMPANY

Modern gas ranges roast meats at the constant low temperatures necessary for good results. Low oven temperature plus super oven insulation reduces oven heat loss, reduces fuel consumption, keeps kitchen temperature down.

Only modern gas ranges broil with the broiler door closed; keep hot, grease-laden air out of your kitchen. No open door—that's why it's cooler and cleaner, too!

# They're all navin' about what they're savin'!

with **DODGE** "Job-Rated" trucks

They like 'em! No fuelin'!

A Dodge truck is easy on gas and oil, thanks to lightweight aluminum pistons, 4 rings per piston and other fuel-saving features. The high-compression engine is "Job-Rated" with power to spare!

They're keepin' upkeep costs down!

Your Dodge truck will be "Job-Rated"—with the right engine, transmission and other units for your job. Exhaust valve seat inserts and other dependable Dodge features help keep costs down.

They're cashin' in on payloads!

You'll appreciate the big payloads you can put on your Dodge "Job-Rated" truck. Thanks to better weight distribution, one trip will often do the job of two—without overloading your truck.

Fluid DRIVE!

Adds even more to economical truck operation. Saves wear, adds to truck and tire life. Available only on Dodge "Job-Rated" trucks—on 3/4, 1-ton and 1-ton models. Get a copy of our new Fluid Drive booklet today!

They're likin' the low price!

Your Dodge "Job-Rated" truck will be priced with the lowest. Yet it will be "Job-Rated"—with every unit from engine to rear axle sized right for hauling your loads over your roads.

... for low-cost transportation

POWER: ... 8 great truck engines—each "Job-Rated" for PLUS power.

ECONOMY: ... priced with the lowest "Job-Rated" for dependability and long life.

BIGGER PAYLOADS: ... carry more without overloading axles or springs because of "Job-Rated" WEIGHT DISTRIBUTION.

EASIER HANDLING: ... sharp-

er turning! Parks in tight places. "Job-Rated" maneuverability!

COMFORT: ... widest seats ... windshield with best vision of any popular truck. Air-cushioned, adjustable "chair-height" seats.

SAFETY: ... finest truck brakes in the industry ... hand brake operating independently on propeller shaft on all models—1/2-ton and up.

See us for a good deal!

With all their extra value **DODGE** "Job-Rated" TRUCKS are priced with the lowest

# FARM NEWS

From the County PMA Committee

## ACP FITS NEEDS OF INDIVIDUAL FARMS

The Agricultural Conservation Program is a farm by farm program in which the individual farmer uses the assistance provided under ACP to carry out soil and water conservation practices on his own farm.

The farmer himself selects the practices which are needed to meet the conservation needs of his farm. Those who administer the program are farmers who have been elected by their farmer neighbors to serve as PMA committeemen.

J. C. McGee, chairman of the Knox County PMA committee, says that farmers generally understand the purpose and the democratic administration and operation of the ACP and that this is indicated by the conservation progress that is being made. He believes, however, that farmers have a further responsibility of keeping the public informed of the objectives of the program and of the progress being made.

Continued progress in conservation, the chairman believes depends upon public understanding and public support. The public must know that participation in the ACP is voluntary and the program is open to all farmers. The conservation practices approved by the county PMA committee are designed to cover the most important soil and water conservation needs of the farms in the county. When a farmer signs up to cooperate in the ACP, he selects the conservation practices which will help correct the conservation problems on his farm.

To illustrate how the program works, the chairman points out that if the activity of the land in pasture is keeping the grass and clover from doing an effective job of holding the soil, the farmer may select liming as one

of the conservation practices. If terraces are needed to check sheep erosion and gully on some of the sloping land, the farmer may use the assistance provided under ACP to help in constructing the terraces. In any case the practice must be approved by the county committee and when completed and approved, the farmer must still pay his share of the cost.

In any case, the chairman explains, "it's up to the individual farmer to determine whether he does cooperate in the ACP and to select the practices he will carry out when he does cooperate. It's an individual farm program designed to serve all the people by keeping up the production of our land."

## Sister Of Local Resident Passes; Buried Sunday

Funeral services were held at 4:00 p. m. Sunday from the First Baptist Church in Stamford for Mrs. James Franklin Griggs, 78, sister of Tom Busby of Munday. Mrs. Griggs passed away Saturday in the Stamford Sanitarium.

Rev. Miles B. Hayes, former pastor, officiated, assisted by Rev. Byron Bryant, present pastor. Burial was in the Highland cemetery at Stamford.

Mrs. Griggs was born in Falls County on September 18, 1872. She was the former Nancy Catherine Busby before her marriage September 18, 1888, to James Franklin Griggs. The couple moved to Jones County from Waco in 1905. Mr. Griggs died several years ago.

Survivors include four sons, Johnny and Edgar Griggs of Stamford, Willie Griggs of Oklahoma City, Okla., and Charles Griggs of Sweetwater; four daughters, Mrs. H. A. Kilpatrick and Mrs. Herbert Day, both of Stamford, Mrs. H. P. Teasdale of Uvalde, and Mrs. O. A. McAllister of Snyder; four brothers, John Busby of Oklahoma City, Ben of Waco, Jim of Tyler, and Tom of Munday; three sisters, Mrs. Jess McIlellan and Mrs. H. P. Moudy, both of Stamford, and Mrs. Josye Bonnell of Houston; 13 grandchildren and 10 great-grandchildren.

## CARD OF THANKS

We wish to take this opportunity to thank our many friends for their kindness and sympathy during the illness and death of our brother and uncle.

We especially want to thank those who served dinner and brought floral offerings.

The Hobert Family. 1tp

## Attic Den Is Tops for 'Teener'

A comfortable, attractive room in the attic will please the adolescent, especially if it is furnished for multiple purposes of work, recreation and sleep. In the room shown, the open studding was covered with Masonite Panelwood, a material which can be painted or papered and which stands lots of abuse. Note the storage drawers under the built-in bunk, the neat arrangement of albums over the closed record player, and the storage cabinet.

## Munday's Future Farmer Chapter Is Planning Show

The Munday chapter of Future Farmers of America is laying plans for their annual project show, which will be held in April. The boys and Mr. Ponder expect to make this the biggest and best show in history of the organization.

Already nine beef calves are on feed, and four of five will be put in the feed lot soon. They also hope to secure land where the boys can plan some projects for those in town who can not have projects because of lack of room.

The hog show also looks promising at this time. Several boys are planning to feed out barrows. The chapter has seven registered gilts which are let out to boys of the chapter. Later, these boys will return gilts to the chapter to take the place of those originally received.

"We now have ten or twelve registered Jersey cattle," Mr. Ponder said, "so our outlook for a good dairy show is very promising. The poultry division promises to be much better than it has ever been. As a whole we expect to have a much improved show because the boys are planning bigger and better projects."

Be careful. Observe state and local traffic laws.

## JOE FRANK BOWLEYS HAVE ANOTHER SON

His arrival didn't create quite as much excitement as the time his older brother arrived, but the welcome mat was out for the second son of Mr. and Mrs. Joe Frank Bowley when he arrived Thursday, October 19, at 3 a. m. at a Big Spring hospital. They wanted to name him after his father, but they didn't want him to be Joe Frank. They just switched things around a little and are calling him Franky Joe. Total weight is six pounds and 13 ounces—in the raw!

Grandparents are Mr. and Mrs. A. E. (Sappy) Bowley and Mr. and Mrs. T. A. Armstrong. Mrs. J. O. Tynes of Munday is his great grandmother. Franky Joe will make his home with Joe Frank and Mrs. Bowley, since it is customary for kids to live with their parents.

## BIRTH ANNOUNCEMENT

Mr. and Mrs. Doyle Dean Johnson of Lamesa are proudly announcing the arrival of a son on Friday, October 20th at 4:45 a. m. at the Haskell County Hospital.

The little boy tipped the scales at 8 pounds and 12½ ounces, and has been named Dennis Dean. Maternal grandparents are Mr. and Mrs. J. A. Cain of Haskell, paternal grandparents are Mr. and Mrs. Wylie B. Johnson of Munday. Mother and son are doing nicely.

## CARD OF THANKS

We wish to express our sincere gratitude to the Munday fire boys for their good work at our home when a two room shack burned. Another shack would have burned had the boys not been there, for which we are very grateful. The Graham family who occupied the shack are extending their thanks for the cash donations, clothing, and bedding that has been given to them. They deeply appreciate each donation in this time of need, we too, deeply appreciate the sympathetic generosity that lives in the hearts of our friends, neighbors and the business people of Munday.

Mr. and Mrs. Fred Lain and The Graham Family. 1tp

Mr. and Mrs. Joe Duke spent the week end visiting in the home of her brother, Mr. and Mrs. Lewis Warren of Abilene. While there they attended a football game between McMurry and A. C. C.

C. R. Elliott returned home last Friday from a week's visit with relatives in Eddy and Temple.

Mrs. S. E. McStay left Wednesday morning for Vernon where she is visiting in the home of Mr. and Mrs. J. D. McStay and son.

Mr. and Mrs. Tom Morton visited relatives in Seymour over the week end.

## Kracker Krumbs—

(Continued from Page One)

quick as we could seal it after it was ginned.

That's what would happen to our cotton today, if we had any. Then we wouldn't have to worry about what the cotton market would be tomorrow.

So don't ask us what the cotton market's done. We don't know! We put in enough time worrying about that 31 years ago!

Drive carefully. The life you save may be your own!

## ATTEND WEDDING IN WICHITA FALLS

Mrs. Anna Mae Peek and Mrs. Mildred Fitzgerald attended the marriage rites and reception of Miss Gaybe June Bell and Mr. Darnell Bertrand Krc at the First Methodist Church in Wichita Falls last Sunday afternoon.

Mrs. Krc is a niece of Mrs. Fitzgerald and is a prominent member of Wichita Falls society. Approximately 300 people attended the wedding and reception which followed.
