

Kracker KrumbS Odd Bits Salvaged At Random

Our hat is off to the American Legion boys of Munday!

Members of Lowry Post No 44 found themselves in an embarrassing position last week...

They had contracted for the production of a play—a home talent affair—and so far as they thought, that was all they had contracted for.

Dates of the play were set for Thursday and Friday, April 5 and 6. A director was to be here to coach the cast in putting on a real entertainment.

The director came in—and the Legion boys learned that they had taken on more than they contracted for.

In connection with the play there was to be a baby contest. Jars were to be placed in various business houses, we understand, to collect the coins which counted as votes for those in the baby contest.

And in addition, the boys learned, there was an advertising scheme that wouldn't quit!

Two tiny ads were to be sold on the back of tickets to the play. These ads were going at \$25 bucks each—and the 1,000 tickets were to be printed for \$8.25, leaving a net profit of \$41.75.

There were hand-painted posters of some sort to be displayed on the stage during the two nights of the play. These posters were to be advertising of local business firms.

Prices on these, we were told, ranged from \$10.50 to \$50.

And the play had to have a benefit organization—which in our opinion, was to serve as a "blind" for the exorbitant advertising prices.

At the end of two days, our Legion boys realized what a mess they were in. They saved the townspeople a neat sum of money, and they saved their faces with local people in a manner that's a credit to them.

It cost them between \$60 and \$75, but they came out of a bad deal in a splendid way!

They refused to go on with the play under the circumstances as shown above. But they did it like gentlemen.

They figured the director had spent the greater part of three days on the deal, counting a day for coming to Munday to work with them.

They paid her \$10 a day for her work, then an additional \$10 for bus fare to her next destination.

The director, though disappointed didn't have any ill will toward the Legion boys. She assisted them in refunding money for advertising which had already been sold.

And the Legion boys are in the "better graces" of local people than at any time before.

We feel that, as long as our American Legion is manned by the type of men who are not at its helm, we need have no fear as to the success of the organization.

They're doing a wonderful job with the Boy Scouts, and in this instance last week they showed a willingness to protect our merchants and townspeople against schemes designed to part them from their money.

The C. D. A. has that in mind, too.

Merchants are urged to ad here to the wording on their C. D. A. membership cards, as follows:

"Notice, Solicitors! You must have a letter of approval from the Community Development Association office before we will consider any requests on out-of-town advertising or donation of funds."

Mr., Mrs. Reeves New Owners Of Munday Cleaners

Announcement was made Monday that Mr. and Mrs. M. H. Reeves have purchased the interests of Joe Bailey King and Jerry Kane in the Munday Cleaners, formerly known as Spann's Tailor Shop.

The new owners are no strangers to the people of this area. They have resided in Munday for several years, and Mr. Reeves operated the Farmers Elevator here for almost 32 years. Marvin put it this way: "I spent 32 years in the dirty elevator work—now I'm in the cleaning business, trying to clean up."

"We solicit the patronage of all former customers of the tailor shop," Mr. Reeves said, "and we invite those who have not been customers to give us a trial. Our resolve is to give you the best in tailor work, with prompt and efficient service."

"At this time, I also want to thank the people of this area for the patronage given me during the 32 years I was in the elevator business."

Mr. King and Mr. Kane expressed their appreciation for the patronage given them during the time they owned the business, and they also solicit this patronage for the new owners.

Baptist Brotherhood Plans Trip To Rule On Friday Night

The Baptist Brotherhood of Munday is striving to carry at least 50 men to the associational brotherhood meeting at Rule next Friday night.

An interesting program is being arranged for this meeting. The speaker will be Howell H. Smith, millionaire cowboy from Harlingen, Texas.

All men wishing to go to this meeting are asked to be at the Munday Baptist Church at 6:45 o'clock Friday evening.

IN HOSPITAL

Mrs. J. R. Hill is in a Stamford hospital, where she will undergo an operation some time this week. Mrs. Hill was visiting her father in Anson when she became ill.

Receives Special Award

Pictured above is Mayor W. E. Braly, president of the First National Bank, a special award for his services as Knox County Savings Bonds chairman over a period of many years. The award from Nathan Adams of Dallas, state chairman, and the presentation came as a surprise to Mr. Braly.

Committees On Cotton Improvement Program Named For Area Towns

The Tri-County Cotton Improvement Association, an organization sponsored by the Western Cotton Oil Company, has for its objectives, the following:

- 1. To determine if possible what is the most profitable variety or varieties of cotton to be grown in this area.
2. To establish adequate and dependable seed supplies of the selected variety.
3. To continue the search for better varieties or strains to replace the ones in use.

The organization is made up of local committees of growers representing the following gin communities: Gilliland, Vera, Red Springs, Hefner, Seymour, Goree, Rhineland, Munday, Knox City and Rochester and Weinert. The personnel of the local committees are as follows:

Gilliland: L. E. Patterson, Clelland Russell and R. B. Richards.
Red Springs: W. A. Thornhill, M. A. Harper, H. A. Robertson, C. L. Havins and Clyde Chapman.
Hefner: Reuben Bates, H. L. Butler, and J. W. Elliott.
Seymour: (McNeill Gin): E. T. McNeill, Wm. J. Goode, C. C. Wirz, George Holub and Raymond Brown.

Seymour: (Co-op Gin): S. W. Dykes, Cecil Burton and Jewell McLarty.
Goree: Clyde Taylor, M. G. Cunningham and M. J. Gass.
Rhineland: August Schumacher, George Steinback, Arnold Wilde, Jack Tidwell and A. J. Kuehler.

Weinert: Willie Medford, Clyde Mayfield, Bill King, R. C. Lyles and R. M. Baldwin.
Munday: G. W. Hawkins, C. E. Hobert, Russell Penick, E. R. Ponder, E. C. Thompson, L. B. Patterson, Jr., Oscar Spann, J. C. Elliott, Howard Myers, Shelton Phillips and J. T. Offutt.
Knox City: Ancil Waldrip, A. H. Word, J. C. McGee, Charles Reese, T. E. Groves, J. S. McBeth and S. E. Park.
Rochester: Felix Mullins, D. A. Adkins, Albert Fox, Paul Melton, W. T. Adkins, and Kenneth Roberts, teacher and Mac Rae Clark, student.

The local committees will conduct a variety test for each gin unit it represents. The following varieties have been selected by the local committees for tests: Stormproof, Lankart, Western Prolific, Paymaster, Acala, Hi Bred, Northern Star, Empire, Deltapine and Qualla 60. Seed for the tests is being supplied by the Western Cotton Oil Company.

The local committees will form a central committee composed of one man representing each gin unit. The central committee will formulate policies and generally conduct the affairs of the association, according to Roy F. Saunders of Munday, who is in charge of the program.

Munday Goes Over Top In Red Cross Drive

Contributions of Munday's people during the annual Red Cross Call drive almost doubles the quota set for this community, according to Mrs. W. R. Moore, local chairman.

The quota set for Munday was \$528.00, and the amount raised was 986.00. "The above figures speak for themselves," Mrs. Moore said "I wish to thank all of those who have assisted me in the drive, also all those whose contributions made this great showing possible. It has been a great pleasure and privilege to serve."

Cotton Ginnings

Cotton ginnings in Knox County for 1950 were only about half of that the year before, according to a report issued Monday by Hoyle A. Sullins of Vera, special agent for the U. S. Department of Commerce, bureau of the census. The report follows:

Census report shows that 30,782 bales of cotton were ginned in Knox County, Texas, from the crop of 1950, as compared with 66,357 bales for the crop of 1945.

Boy Scouts Attend Training Conference

Several members of Munday Troop of Boy Scouts went to Childress for a junior leaders' training conference on Friday and Saturday of last week.

An interesting program of training was held during the two days, and Scouts were assigned to home to spend the night while there. Certificates were presented at the closing assembly Saturday afternoon.

Troy Lindsey took the following Scouts to the meeting: Robert Lynn Bowden, Jerry Lindsey, Wayne Searcey, Stanley Wardlaw, Joe Voss, Don Roberts, Tommy Ratliff, Mike Pruitt, Don Elliott and Glen Ameron.

Oil Activities

Continental Oil Company's No. 1 B. B. Campbell is a 6200-foot rotary test wildcat which is being drilled about four miles northwest of Knox City.

Stanolind Oil and Gas Company's No. a-1 Verhalen, a 4700-foot rotary test is to be drilled in the northeast Knox pool five miles northeast of Knox City.

Light Vote Cast In City Election

Thirty-nine voters of the City of Munday went to the polls and elected three new aldermen last Tuesday for a term of two years. Elected were the following:

L. W. Hobert, 39 votes; Joel W. Massey, 38, and Wallace Reid, 38. The new aldermen replace E. W. Harrell, J. Weldon Smith and Winston Blacklock, whose terms expire.

Mr. and Mrs. Lon Haga and son, Mr. and Mrs. Jim Proffitt visited their daughters, Mr. and Mrs. Bill Collander and Mr. and Mrs. J. T. Barnett of Irvin, Mr. and Mrs. Bill Fuller of Arlington and Mr. and Mrs. R. T. Paramore of Cedar Hill recently.

Speaker Opens "Basket Of Chips" At C. D. A. Banquet Friday Night

New President

Winston Blacklock, above took over the helm of the Community Development Association as its president at the annual banquet Friday night. Blacklock, who operates the Blacklock Home and Auto Supply, served as vice-president of the organization for two years and is enthusiastic about the possibilities of accomplishments for the community through the organization and with the cooperation of the people.

Speaker Gives Expense Check To Local Boy Scouts

The Munday C. D. A. issued a check for \$60 to Sidney J. Kring of Wichita Falls, who spoke at the annual banquet Friday night, in payment for his services.

Kring turned the check over and endorsed it to the Munday troop, Boy Scouts of America, a practice which he has done many times.

The Scouts will use the money on the construction of their new and larger building to be used in carrying on Scout activities in this area. They are indeed grateful to Mr. Kring for this substantial gift toward the building fund.

Last Rites For J. A. Reid Are Held Monday

James Alonzo Reid, well known farmer of this area, passed away at the Knox County Hospital at about three o'clock Sunday morning, April 1. Mr. Reid had been in failing health for several months and had undergone treatment in a Dallas hospital. He suffered a stroke a few days prior to his death.

Born in Texas on June 4, 1879, Mr. Reid was 71 years, 9 months and 27 days of age. He came to Knox County in 1880, residing here for ten years, then moving away and returning in 1914. He was engaged in farming here during that time. He was a member of the First Baptist Church.

He was married to Kate Abbott on June 20, 1906, and is survived by his wife and five children, who are: Wallace and Alvin Reid, both of Munday; Harvey Reid of San Angelo, Mrs. M. H. Brumley of Munday and Miss Juanita Reid of San Angelo.

Other survivors include three grandchildren and three brothers, who are: Gary Reid of Munday, Walter Reid of San Angelo and L. P. Reid of Cross Plains. Funeral services were held from the First Baptist Church in Munday at two o'clock last Monday afternoon, being conducted by Rev. Huron A. Polnac pastor, who was assisted by Rev. R. L. Butler, pastor of the Methodist Church. Burial was in Johnson Memorial Cemetery under the direction of Mahar Funeral Home.

Mr. and Mrs. Bob Jarvis visited friends and relatives in New Castle over the week end.

"If you bring a basket of chips—chips that burn on the hearthstone of life," said Sidney J. Kring of Wichita Falls in opening his address at the third annual Community Development Association banquet here Friday night. These, he said, are scattered by all as they hew their paths through life.

Emphasizing that all hewed chips, Kring passed on his chips which he had gained from great people of America. The "chips" were such things as tenacity, understanding, love, devotion and gratitude.

Around 250 persons attended this annual affair, which was held at the school gymnasium. The banquet was prepared by ladies of the lunch room and served by Miss Eugenia Robertson's homemaking girls.

Tom Bullington, local lawyer served as master of ceremonies. Entrainment of "fun and frolic" was furnished by the Slumtown Symfunny, a Lamesa Lions Club group which C. A. Eiland of Lamesa assisted in bringing to Munday.

Winston Blacklock, vice-president of the C. D. A. for two years, was installed as president succeeding E. B. Littlefield, retiring president and director. Other new officers are Paul B. Pendleton, vice-president; Dwight C. Key, treasurer; Mrs. Joseph Borden, secretary.

A special award was presented by Mayor W. R. Moore to W. E. Braly, president of the First National Bank, who has served as county savings bonds chairman for many years. This was an award from Nathan Adams, state president, in appreciation for the valuable work which Mr. Braly has rendered his county, state and nation.

The speaker presented the group photos to illustrate his point that each of us passes on ideas, either good or bad. The first photo was of Old Ironsides, he received a lesson in tenacity. Another picture of John Nance Garner taught Kring to watch his tongue.

Eleanor Roosevelt, he said demonstrated that she had the brotherhood of man in her heart as she mingled with the Mexican school children on a trip to Texas. "Mrs. Roosevelt," he said, "is one of the most gracious and charming women I ever knew."

Other chips for his life's basket were gained from Prince William of Sweden, Billy Sunday, Gladys Swarthout and Will Rogers. He quoted Will Rogers in the lesson he learned from him: "The man who is big enough to hurt you wouldn't hurt you, and the man who would hurt you isn't big enough to hurt you."

He urged local people to "realize their responsibilities and scope, promote brotherhood, and pray to our God—to exercise their vote—a freedom for which our boys are dying on the battlefields of Korea."

Visitors attended the banquet from Abilene, Benjamin, Goree, Graham, Haskell, Knox City, Lamesa, Seymour, Stamford, Vera, and Wichita Falls.

Grade School's Field Events To Be On April 14

Announcement was made this week that the Knox County grade school Interscholastic League field events will be held at Munday on April 14.

Among the various contests that will be held on that date will be tennis, playground ball and track events. This will be an all-day affair, and the public is invited to attend.

Awards will be presented the winners in each event. The volleyball meet was held at Sunset school on Saturday, March 31. The Munday grade school won first place in this event. Second place went to Knox City, and Goree placed third.

GOLDEN WEDDING

Mr. and Mrs. A. M. Moore of Munday request the pleasure of the company of their many friends at the observance of their golden wedding anniversary on Sunday afternoon, April 8, 1951, from 3 to 6 o'clock at the home of their daughter, Mrs. Opal Brewer, 216 11th Avenue Munday, Texas.

### A REPORT FOR 1950

No one understands—except he be a C. D. A. director—the multitudinous things that come up for your Community Development Association's consideration. Many of these are worthy projects or real community problems—some are ideas to "dig" our merchants and townspeople—but each and every one must be considered by its directors.

Volumes could be printed about these, many of which could not be listed as accomplishments, but the directors desire to place before you a few of the projects which they consider as accomplishments.

### ACCOMPLISHMENTS FOR 1950

Realizing the steady and consistent growth of the city necessitates a complete revamping of its water and sewer facilities, the C. D. A., in cooperation with the City of Munday, has studied these problems and possibilities. This has resulted in a complete survey being made, with the architect's report and recommendations for immediate needs, needs 10 years from now and needs 20 years from the present. It will take the continued work and study to bring these needs into fruition.

The C. D. A. has kept its affiliation with the West Texas Chamber of Commerce and has its director in the organization. W. E. Braly is the director, representing the town in WTCC for several years.

In cooperation with the city, your directors perform an endless job of sanitary work in helping furnish material for the spraying machine and handling the garbage disposal situation. It sponsored a clean-up drive in August, the marking of our streets for parking, etc. These projects, in addition to the regular operation of our street sweeper, have resulted in a cleaner, more attractive community.

We've continued to push the move to secure a new and better telephone system. Prospects are now bright for securing a dial system during this year.

Working through its highway committee, the C. D. A. and the community have brought the project of surfacing the road southwest toward Throckmorton to a successful close. The contract was recently let for this project, work to be done during the summer.

The directors have consumed many hours of time in giving thought and discussion to the towns youth activities. During the summer months, we sponsored a summer athletic program for our youth. The director's salary alone amounted to \$675.00.

Through its athletic committee, your organization was able to secure new bleachers for the Munday athletic field. This \$5000 project, which resulted in steel bleachers on both sides of the athletic field, could not have been accomplished

except through the cooperation of citizens of this area.

We cooperated with the sponsoring organization, the American Legion, in forwarding the Boy Scout movement in Munday. The C. D. A. contributed \$200 toward sending some of our boys to the Valley Forge Jamboree last summer.

Among the annual activities sponsored by the C. D. A. were the Future Farmers of America project show and the Sears Foundation pig show.

### A FAILURE

Not all our activities are accomplishments. The one sponsoring a semi-monthly luncheon for the membership resulted in an almost complete failure. Due to lack of interest and light attendance, the C. D. A. was going in the hole around \$50 a month on the luncheons. We thought this was spending the members' money unwisely, and the luncheons were discontinued after about three months.

### AMONG OUR CONTRIBUTIONS

Doing its best to discourage canvassing the town for donations or advertising schemes, the C. D. A. has in many instances made donations to worthy causes and refused to grant permits to solicitors. You are urged to refer matters of this kind to the C. D. A. Among the contributions of funds may be listed the following:

- Sending F. F. A. judging team to Lubbock, \$10.00.
- Cancer crusade, \$150.00.
- Equipment for youth program, \$100.00.
- Annual contribution for purchasing new books for library, \$100.00.
- H. L. Edrington, prize for first bale of cotton, \$25.00.
- Munday Fire Department, annual contribution, \$150.00.
- Christmas decorations, lights, etc., \$250.00; sales promotion activities Christmas week, \$500.
- Purchased calf at 4-H Calf Show, Knox City, at loss of \$120.00.
- Harvey Hill, suit of clothes in appreciation of work in keeping weather report and rainfall record, \$69.00.
- Maddox Orphan's Home, \$50.00.
- Salvation Army, \$75.00.
- Ribbons for county school meet, \$25.00.
- Soil conservation work, \$125.00.

### SEE THE RECORDS

Details of these and other smaller contributions are contained within the minutes of the organization. We urge any and all interested members to come to the office and study the minutes. They reflect the problems that confront your directors, and they are available to anyone interested.

## Soil Conservation Activities

The Supervisors of the Wichita Brazos Soil Conservation District urge all land owners to work out a complete coordinated conservation plan with the District board. This plan, which is worked out by the farmers or ranchers assisted by technicians of the Soil Conservation Service, is based on using the land according to its capabilities and treating it according to its needs. All land in the district needs conservation, believe the board. No two sections of land are exactly alike, so no treatment would apply to all. The establishment of a crop rotation including a legume is essential to maintain the organic matter of

the soil. The number of years that soil depleting crops such as cotton, maize, sudan, or wheat can safely be put on the same land then put to a soil conservation crop has, in general, been worked out by the Soil Conservation District. This information is available to all farmers and ranchers who seek this information and intend to put it in practice on their land.

The planting of permanent grass and sweet clover at this time of year by cooperators of the District is part of their conservation plan to use the land right and maintain it for higher production in the immediate future, as well as for years ahead. The land owner who abuses his land by repeated cropping in cotton, maize, or wheat and does not turn under a green manure crop in an orderly rotation is not thinking of maintaining his soil fertility and standard of living.

## Knox Prairie Philosopher Can't Understand The Need For Government Voluntary Credit Restraint Plan

Editor's note: The Knox Prairie Philosopher on his Johnson grass program, his letter this week indicates.

Dear editor:  
With everything I buy too high and everything I sell not quite high enough, I've been thinkin about inflation lately, the same as you, and this mornin I run across a new explanation of the situation.

As I walked around the southwest corner of my barn I met a newspaper head-on, which the wind had picked up and sailed on to my face, and while I appreciated the fact that I didn't have to bend over to pick it up, just pull it off my face, it's un-nervin to have a paper blow into you so suddenly, did you ever see what happens when one blows up in front of a mule?

At any rate, I kept the paper and got out of the wind and sat down and read where all the bankin and investment compan-

ies in the country have gotten together at the government's request in a voluntary credit restraint program. The reason is that, accordin to one theory, inflation is partly caused by too much credit in the country.

Now I'll admit this is news to me, not that inflation results from too much credit, maybe it does, but that there was too much credit. What I want to know is where is it? There may be too much credit in New York, maybe in Dallas, maybe in Houston, but around Munday I personally ain't run in to it.

On the contrary, seems like my trouble all my life has been al lack of credit, and if I got to have still less, believe I'd just as soon have inflation.

Accordin to this item, all the banks in the nation are being asked to cut down on the amount of credit they extend, unless it's essential to the needs of agriculture, industry and commerce, but as far as I can tell all the bankers I know have been doin this for years. And as for

## COTTON IS FARMERS' TOP MONEY EARNER

Cotton puts more money into the American farmer's pocket than any other crop.

In the latest report of U. S. crop income, the Southern Regional Research Laboratory revealed that annual income from cotton amounted to \$2,380,000,000 with an additional \$257,000,000 obtained from the sale of cottonseed.

Crops following cotton in amount of cash income are wheat, corn and tobacco.

In addition to holding the title of leading crop money maker cotton is frequently called the nation's greatest agricultural industry. An estimated 12 million people in the United States depend on cotton for a livelihood. Ten million people live on cotton farms, comprising about one-third of the total U. S. farm

population. Two million others are engaged in the processing, manufacture, and sale of cotton products.

The cotton-producing region encompasses 18 states, covering one-third of the total U. S. farm land area. The Cotton Belt stretches from Virginia to California. The world acclaims cotton as the most versatile fiber in existence.

## Mother of Two Praises Hadacol

HADACOL Supplies Deficient Systems With Vitamins B<sub>1</sub>, B<sub>2</sub>, Niacin and Iron

Mrs. Elmer Hise, 3225 2nd Ave., Council Bluffs, Iowa, is a good mother, and like all good mothers she keeps a careful watch for the welfare of her two young children. And when little four-year-old Lucille Hise wasn't feeling as her mother knew she should

do something about it, Mrs. Hise gave Lucille HADACOL because she had heard how much it was helping children who had poor appetites and stomach distress caused by deficiencies of Vitamins B<sub>1</sub>, B<sub>2</sub>, Iron and Niacin. It helped her so much that now Mrs. Hise gives HADACOL to both of her children.

Here is what Mrs. Hise says: "My daughter has taken two bottles of HADACOL and she has been eating more than before and also sleeps better. I think HADACOL is the best thing for children who do not have an appetite. My daughter is four years old. Before taking HADACOL my daughter complained of her stomach hurting her, and I got her a bottle of HADACOL and she says now stomach doesn't bother her any more. I think HADACOL is wonderful. I am also giving it to my three-year-old daughter."

HADACOL is so effective because it supplies the vitamins B<sub>1</sub>, B<sub>2</sub>, Niacin and iron in a form which means that they are quickly absorbed and distributed to the blood stream, ready to go right to work. HADACOL helps build up the hemoglobin content of the blood (when iron is needed) to carry these precious Vitamins and Minerals to every part of your body.

### Fannie Sue Beason And L. C. Searcey Marry March 25th

Miss Fannie Sue Beason became the bride of L. C. Searcey, son of Mr. and Mrs. A. M. Searcey of Munday, on Sunday, March 25, at the home of the bride's parents, Mr. and Mrs. Lloyd Lemley, near Weinert.

Rev. Huron A. Polnac, pastor of the First Baptist Church, of Munday, officiated in the double ring ceremony.

Given in marriage by her stepfather, Lloyd Lemley, the bride wore a navy blue suit, a white corsage and a single white orchid.

The wine drapes and two baskets of white gladioli with greenery formed the background for the impressive ceremony.

Serving as bridesmaids were Misses Lola Sue Pheemster and Billie Joyce Brockett. Best man was Lenn Ford.

A reception in the home of the bride's parents followed the ceremony. The table was decorated with fern and sweetpeas around the punch bowl. Miss Alto Josselet served at the crystal bowl, and Miss Helen Ford cut the three-tiered wedding cake. Relatives and close friends were present for the wedding and reception.

The couple left on a honeymoon trip to San Antonio and Austin. They are making their home southeast of Munday where Mr. Searcey is engaged in farming.

Pictured above are Mr. and Mrs. Robert Anthony Vadney, whose marriage was an event of Tuesday, March 27, at the Sacred Heart Catholic Church in Seymour. The bride is the daughter of Mr. and Mrs. John Michels of Munday.

### Guild Members Meet March 26 With Mrs. Baker

Mrs. C. P. Baker was hostess Monday evening, March 26, to members of Wesleyan Service Guild. Co-hostess for the evening was Mrs. J. B. Scott. A short business meeting was held by Mrs. Hicks.

The program began with the group singing "Footsteps of Jesus". Mrs. Lee Haynes led the prayer. Mrs. O. H. Spann gave the Bible study, which was from the 5th and 6th chapters of James.

Refreshments of angel food cake and frosted drinks were served to Mrs. O. H. Spann, Cahrlie Harpham, Joe Massey, Joe B. King, I. V. Cook, J. C. Harpham, Lee Haynes, Robert Green, Weldon Smith and Miss Ruth Baker and the hostess.

#### BIRTH ANNOUNCEMENT

Mr. and Mrs. Felton Raynes are announcing the birth of a son, born at 4:00 a. m. Monday, April 2, in the Knox County Hospital. The bouncing boy named Larry Allen, weighed 8 pounds and 8 ounces. Both mother and son are doing nicely.

### Methodist WSCS Meets Monday In Bowden Home

The Woman's Society of Christian Service met in the home of Mrs. S. A. Bowden Monday, April 2. Mrs. D. E. Holder was co-hostess.

Mrs. E. E. Lowe opened the program with a call to worship the group singing the hymn "Amazing Grace". Mrs. G. R. Elland gave the devotional using the thirty first chapter of Proverbs for the scripture reading. She also gave a talk on "Women in the Church."

Mrs. Travis Lee gave a very interesting talk on "Woman's Place in Society." A social was enjoyed and the hostess served refreshments to Mrs. P. V. Williams, Travis Lee, W. R. Moore, Bruce Burnett, H. A. Pendleton, P. B. Baker, G. R. Elland, Oates Golden, E. E. Lowe, T. G. Bengel, R. L. Butler, W. T. Ford, W. F. Phillips, J. D. Crockett and Miss Shelly Lee.

### Barbara Lain Is Honored With Birthday Party

Mrs. Homer Lain and Peggy Parks honored Barbara Lain with a surprise birthday party on Thursday, March 29.

The guests enjoyed many games before Barbara opened her lovely gifts. Sandwiches, punch and white cake with yellow roses were served to the following:

Peggy Parks, Earlene Edwards, Annette Brewer, Iva Bruce, Ann Elliott, Gwendolyn Fox, Janice Johnson, Frances Pruitt, Ruth Elder, Gene Ann Guinn, Barbara Ann Carver, Bennie Ledbetter, O. D. Wallace, Ralph Hargrove, Terry Harris, Larry Don Lain, Lelorne Fields, Leon Johnson, Lavon Fox and Teddy Lain.

### Food Production Rates High Among Projects Of 4-H

Texas' 118,327 4-H Club members will be emphasizing three major food producing projects this year. They hope to top 1950 production in field crops, garden and poultry. Some 2,000,000 youth throughout the nation will be doing their part in the mobilization program by participating in 4-H Club activities.

In these projects 4-H boys and girls, ranging from 20 to 21 years, learn latest scientific agricultural techniques and approved farming practices. They also have an opportunity to demonstrate phases in which they become particularly skilled. Learning to judge crops, garden produce, poultry and eggs is another part of their 4-H training.

Awards will be made next fall to club members who have done the best job. Medals will be presented to county winners, a trip to the 1951 National 4-H Club Congress in Chicago to state winners, and a \$300 college scholarship to the national champions. Donor of the awards in the field project is International Harvester. Poultry awards are given by Dearborn Motors, and garden by Allis-Chalmers Mfg. Company. All three concerns have provided these incentives for the past several years.

home in Limestone County Texas in 1836, and later became the wife of Peta Nocona and mother of the famous Chief Quanah Parker. She lived with the Indian tribe until the battle which killed her husband when U. S. troops recaptured her and returned her to civilization. She died of a broken heart 10 years later.

Climax of the "Saga of Peta Nocona" is the death song of the chief, a wild, weird chant which is reproduced in Nelson's musical work.

The mammoth score will be performed by the Oklahoma State Symphony Orchestra, a 250-voice chorus and Desire Ligeti, celebrated bass-baritone of the San Francisco Opera who will sing the title role of Peta Nocona. Frederick Balazs, conductor of the Wichita Falls Symphony Orchestra, will conduct the concert.

The chorus is made of the University of Oklahoma Chorus, Norman, the Midwestern University chorus and a civic chorus, both from Wichita Falls.

The performance at Memorial Stadium will be sponsored jointly by Midwestern University and the Wichita Falls Chamber of Commerce.

## Nocona Symphony To Have Premiere At Wichita Falls

WICHITA FALLS—One of saddest and most colorful chapters in Southwestern frontier history has been brought to life in a music of new symphonic work, "Saga of Peta Nocona" to have its premiere here April 17.

The composition for orchestra and chorus was written by Ethel Allen Nelson, Wichita Falls violinist-composer-conductor, and tells of the death of Peta Nocona, great chief of the Comanches, at the hands of Capt. Sul Ross in battle Dec. 18, 1860. The battlefield along the Pease river near Crowell, Texas, has since become a historical landmark and the story of Peta Nocona and his wife, Cynthia Ann Parker, has become legend.

Cynthia Ann was kidnapped by the Comanches from her

### Washington News Letter

By Congressman Ed Gossett

WASHINGTON, D. C., March 31—I have just returned from having a cup of coffee with Honorable Marvin Jones, in the House Cafeteria. Mr. Jones, who served in Congress for 20-odd years, is now Chief Justice of the Federal Court of Claims. Coming out of the Capitol on Saturday morning for coffee at the Cafeteria round-table has long been one of his customs.

The House has been taking an Easter recess this week, but it reconvenes on Monday. The main order of business in the House on Monday will be a speech by the President of France, the Honorable Jules Vincent Auriol. Washington papers report that 4,000 so-called dignitaries attended a big reception at the French Embassy last evening in honor of the French presidential party. Having an aversion to white tie and tails and also to crowds of such kind and proportions, Mrs. Gossett and I declined the invitation to attend this big affair.

Aside from personal letters, a congressman receives from 25 to a 100 other pieces of mail daily. Among such mail on my desk this morning, I note the following: Copy of a note from the Ambassador of Israel to our Secretary of State asking for an additional loan of 150 million dollars; a 20 page booklet from the Guaranty Trust Company of New York, on price controls, government finances, foreign trade, and business in general with charts and statistics; the usual CIO releases attaching speeches by President Philip Murray and Secretary-Treasurer James B. Carey. These speeches are filled with platitudinous professions of patriotic fervor and of organized labor's claims for more power in our defense setup, and a particular attack upon Defense Mobilizer Charles E. Wilson. Evidently the labor czars are determined to dominate or destroy the country's economy. Many intelligent Americans feel that their domination would mean eventual destruction of the Nation's economy.

Another item is a brochure from the American Tariff League. An interesting statistic in this treatise shows United States exports in 1938 to have been 3.1 billions of dollars while 1950 exports were 10.3 billions. Imports in 1938 were 2.0 billions while imports in 1950 were 8.8 billions.

A letter from Il Progresso Italo-Americano attaches a vitriolic essay, "Inciting Racial

Hatred! This essay is an attack upon Senator Charles W. Tobey for reading a telegram during the Kefauver Committee hearings which is alleged to reflect upon Italians generally as furnishing an undue proportion of our leading gangsters. Another leaflet is from the Small Businessmen's Association, with the headline "Letters May Stop Spending Orgy."

We could write several pages listing these various items.

Yesterday, I attended a dinner in the Vandenberg Room of the Capitol given by the Association of Attorneys General. In conversation, I learned that many states do not elect their Attorney General. In Maine the Attorney General is selected by the State Legislature. In Tennessee the Attorney General is appointed for an 8-year term by the Supreme Court. The Association of Attorneys General is actively supporting the States in the matter of tidelands legislation. We are hopeful of getting something moving on tidelands with the reconvening of the Congress.

Yesterday's papers report Red losses in Korea to be 760,000 and American casualties in Korea to have been 57,120. This is no cause of undue elation. If we should trade one American for a dozen Chinese or Reds, we are still being cheated in the bargain. Americans generally are demanding that we find some way to resolve this undeclared war and to minimize our losses in lives, as well as in treasure. With Reds generally, both life and money are far cheaper than with us, and in the contest of spending money and sacrificing lives, they apparently have the advantage.

All congressmen are getting numerous letters now, urging the continuance of the Kefauver Crime Investigating Committee. There are hundreds of investigations that Congress could make that would benefit the country. For example; Congress ought to have an investigating committee on military waste. 80% of our spending is now by the Armed Services and Defense agencies. If substantial savings are to be made, and if the budget is to be balanced, we must have economy and efficiency in defense spending. The Senate has a so-called "watchdog" Committee, headed by our very able Junior Senator from Texas, the Honorable Lyndon Johnson. However their time and facilities are extremely limited. There simply aren't enough members of Congress with enough time to do all of these investigating jobs.

Mr. and Mrs. Glenn Yeager and family and Mr. and Mrs. J. D. Nelson and Carolyn Sue, all of Fort Worth, and Mr. and Mrs. Bill Wynn of Alto, Texas, were recent visitors in the home of their parents, Mr. and Mrs. E. F. Yeager.

Mr. and Mrs. T. J. Mitchell and Becky and J. D. Mounce visited relatives in Archer City and Megargel last Sunday.

Mrs. Wayborn Oates of Haskell visited with friends and relatives here on Tuesday of this week.

### Local Girl Named Duchess To Cotton Ball, Texas A and M

Daughter of Mr. and Mrs. P. V. Williams of Munday, Miss Williams will be escorted by George McBee of the A&M Agronomy Society, which sponsors the event.

Miss Wanda Harris of Sar Antonio, TSCW freshman, will reign as queen of the affair with Raymond Kunze of A&M as King Cotton. Other duchesses selected from the TSCW nominees include Misses Beverly Be zoni, Tyler; Patricia Hepinstall and Dorothy George of Houston, Joan Jipling of Paris, Paula Muller of Richmond, Ina Hubbard of Texarkana and Marilyn Fawcett of Kerrville.

Miss Williams, a junior voice major, served as a Cotton Ball duchess her freshman year and was selected as a beauty of her TSCW sophomore class.

Mr. and Mrs. Joseph Borden spent the week end in Wichita Falls with friends and relatives.

Mr. and Mrs. Joe Bailey King were business visitors in Abilene on Thursday of last week.

### LOCALS

Hill, Jr., and Patty of Munday; Mr. and Mrs. Tom Cloud and Tommy, Mr. and Mrs. Lowry Wilson and Kathy of Fort Worth, Mr. and Mrs. Gene Shackelford and Sonny of Jayton, Charles Sargent of Abilene, Mr. and Mrs. C. D. Swope and Dick and Cottie of Leuders spent Easter at Possum Kingdom.

Mr. and Mrs. J. A. Hill, Sr. and Margie; Mr. and Mrs. J. A. Hill, Jr., and Patty and Mrs. Lowry Wilson were in Wichita Falls last week end with Mrs. Gene Shackelford, who is in a hospital there following an operation.

Mr. and Mrs. A. L. Smith and sons and Miss Carolyn Hannah were visitors in Houston and Galveston over the week end. They were accompanied by Lyndol and Gwyna Lee Smith, students in Baylor University at Waco.

Mr. and Mrs. Richard Crawley, Mr. and Mrs. Bob Crawley, and Mr. and Mrs. C. A. Elland of Lamesa spent the week end with relatives here.

Mrs. Cora Plumlee of Cisco returned home after a visit here with her father, Mr. E. R. Hobert, and her sister, Mrs. Ressie Harper.

Miss Lou Campsey, who is attending Hardin-Simmons University in Abilene, spent the week end here with her parents, Mr. and Mrs. Brooks Campsey.

Mr. and Mrs. Charles Lane of Lubbock spent the week end here with his mother, Mrs. Ed Lane, and other friends and relatives.

Mr. and Mrs. Murphey Barker of Midland visited in the home of her sister, Mr. and Mrs. John Porter, over the week end.

**CARD OF THANKS**  
We wish to express our thanks to all the wonderful people of Munday who sent telegrams, flowers, letters and cards of sympathy at the time of our bereavement and death of our loved one, J. B. Barnicoat.

The Barnicoat family  
811 1/2 Orange Grove  
Glendale, California

**CARD OF THANKS**  
We cannot see each one personally, so we take this means of thanking each and everyone for each act of kindness and your words of sympathy during our recent sorrow. Especially do we thank the good women for the food that was brought in, and the one who helped to serve it. We are also thankful for the beautiful flowers. Thank you, and God bless you. The Polson and Weber families. 1tp

Dr. and Mrs. Ben Bowden were visitors in Dallas over the week end, attending an annual medical banquet, which was held in the Country Club this year.

Mr. and Mrs. J. E. Gillespie and Mr. and Mrs. Aaron Edgar attended the formal opening of the new Production Credit Association office building in Haskell last Friday afternoon.

## Sears 4-H Swine Program Proves Value To Boys

As an example of the value of the Sears 4-H Swine Program, Tyler County Agent M. S. Hyde points out the record of a purebred Duroc gilt which James Robert Jordan of the Spurger community received in 1942.

This hog is still living and has farrowed one or two litters annually for the past eight years, raising an average of seven pigs per litter.

Hyde says, "This swine program has made it possible for many 4-H Club boys, as well as farmers, in the county to own good pigs. It is from this program that you will find a great deal of the progress in better hogs in Tyler County."

In its fourteenth year, the Sears 4-H Swine Program will operate in 167 counties in Texas during 1951, six more than last year. It is an educational program in swine production, sponsored by the Sears, Roebuck Foundation and conducted by the Texas Agricultural Extension Service.

One boar and eight gilts are distributed each year to deserving 4-H boys in each county participating in the program. Approximately 15,000 4-H Club members have received Sears gilts and boars, and many who have participated in the program are now mature men.

In Maryland June, 1949, 1,244 purebred gilts and 154 purebred boar pigs were distributed to 1,380 Texas 4-H Club boys. By

April 15, 1950, 68.5 percent, or 836, of the sows had farrowed 7,043 pigs, an average of 8.1 per litter.

The 4-H Club members raised 5,428 pigs to weaning age at an average of 6.4 per litter.

Boar pigs distributed under the program are developed into breeding boars and used for public service after they are eight months old. Free breeding service is provided for all gilts in the program.

For the boar pigs distributed in the spring of 1949, the average income per board from cash service fees in the first six months was \$60.30.

Club boys who receive gilts agree to return a sow pig from the first litter, or pay \$15.00, to the county fund for use in the program the following year.

The Sears Program has had a very definite effect upon the swine husbandry of the Texas swine industry, says E. M. Regenbrecht, extension swine husbandman of Texas A & M. College. In addition to helping improve the quality of commercial hogs, the program has influenced farmers to adopt better methods of production such as improved swine pastures, use of self feeders and the feeding of balanced rations.

## Weekly Health LETTER

Issued by Dr. Geo. W. Cox, M. D., State Health Officer of Texas

"It is a well known fact that typhoid fever may result from the use of water, milk or other food contaminated by bodily discharges of patients or carriers," stated Dr. George W. Cox, State Health Officer.

"The fact that we know the source of infection and the means by which infection may be controlled, emphasizes the importance to all communities of providing water and milk of the highest quality."

"Texas is being host to many visitors this year, and all communities should put forth every effort to see that no epidemic occurs which will put an unnecessary blot on the health record of this state."

"Typhoid fever may be controlled by the use of pure water, pasteurized milk and clean foods, by the proper disposal of sewage, by screening homes against flies, by protecting food from contamination by flies, by destruction of the fly and its breeding places, by search for and care of carriers, and by

## Former Citizen Passes Away At California Home

James B. (Tubby) Barnicoat, 40, former resident of Munday, died suddenly of a heart attack on March 12 while at work in Glendale, California.

J. B. was born and reared in Munday and lived here until he moved to California about nine years ago. He was employed there as a carpenter until two years ago when he suffered a heart attack. Since then he has been employed at "Jewel City Bowl", bowling alley.

Funeral services were conducted by Dr. James T. Martin March 14, at "Peace Chapel," and Eyrieck Mortuary in Glendale, Calif. Interment was in Grand View Cemetery. Fellow employees served as pall bearers.

Survivors include his wife Cora, of Glendale, one sister Dorothy Davis of Dallas, one brother, Hollis Barnicoat of El Paso, and four step children.

Mrs. E. F. Hallock of Norman, Okla., is visiting in the home of her daughter and son-in-law, Mr. and Mrs. Kenneth Osburn, this week.

anti-typhoid vaccination. "Excreta from persons ill with typhoid should be carefully disinfected to prevent the germs from polluting the soil and thus being carried into streams or wells and contaminating the water supply. Where there is an efficient system of water purification, typhoid fever has a greatly decreased."

"It is the responsibility of each community to establish safeguards against the consumption of contaminated products of all time and in all places. "It is the responsibility of each individual to further control the occurrence of typhoid fever by establishing immunity for himself by vaccination."

## Storm Insurance With Or Without Deductible Clause Is Now Available

Two new rulings on windstorm, hurricane and hail insurance will go into effect April 1. First, full coverage (no \$100 deductible) will be available—if you want to pay the extra charge.

Second, rates on the new policies with the deductible clause will be slashed 16 per cent.

These two changes are being put in effect under a ruling by the State Board of Insurance Commissioners.

Demand for full coverage on the storm insurance became more insistent after last summer's hailstorms took such a heavy toll of roofs.

At the opening of the current legislature, a number of bills were prepared aiming at elimination of the deductible clause.

The insurance commission held a number of hearings, then issued a ruling making a deductible optional, eliminating the need for legislation.

### SET OF EXAMPLES

The Abilene Fire and Casual

ty Insurance Exchange, with 23 local firms as members, has prepared a set of examples showing the comparative cost of insurance with and without the deductible clause.

They read like this:

A \$4,000 policy on a city dwelling will cost \$12 yearly with the \$100 deductible. Full coverage will cost \$33—an increase of \$21.

A \$7,000 policy on a city dwelling will cost \$21 yearly with the \$100 deductible and \$46.50 for full coverage, a difference of \$25.50.

A \$10,000 policy on a city dwelling will cost \$30 with the \$100 deductible and twice as much—\$60.00—for full coverage.

\$15,000 policy on a brick building will cost \$27 with the \$100 deductible, \$55.00 for full coverage, a difference of \$28.50.

The full coverage insurance is made available, too, to farm dwellings on which the deductible has been \$50. A policy on farm dwellings would cost \$26.50 with the \$50 deductible or \$40.50 for full coverage—a difference of \$14.

The full coverage policy will be written in this fashion, one Abilene insurance man explained:

First, the policy will be written with a deductible clause \$100 in towns, \$50 on farms.

Then, the property owner can, if he wishes, waive the deductible. If he does, in order to get full coverage, he will pay an extra rate of 15 cents per \$100 of insurance per year. In addition, he will pay a flat fee of \$15 per year "per risk."

That "per risk" means that if he has policies with 2 companies, the \$15 fee will be split proportionately. He won't have to pay it to both.

The deductible clause can be removed from a policy now in force—after April 1—if the policy holder desires. He will have to pay the prorata part of the increase for the balance of the policy's life.

The cut in the rate for the windstorm and hurricane insurance with the \$100 deductible will not go into effect until a present policy expires. The next one, however, will cost about 11 per cent less.

Eventually this will mean savings of thousands of dollars yearly for Abilene property owners, insurance men say.

**LIKE SOME POINTS**  
Local insurance men like some things about the ruling making the deductible optional. Other points are not so much to their liking.

"The new set-up should prove beneficial to the 'little fellow,'" said one insurance man.

"On a small policy, the difference in price is a great deal less

"At the old-timers' reunion this afternoon, you'll see an interesting old fellow called 'Fighting Bill', a Breckenridge citizen told the visiting newspapermen one day in the 1930's. 'Fighting Bill', the scribe repeated, 'How did he get that name?'"

"He's had it ever since anybody can remember and no one has ever gotten up courage to ask him," was the reply.

At the reunion, the old man was pointed out to the newspapermen. The pioneer had a picturesque beard and, though he was around seventy, there was strength yet in that erect frame. The two were introduced and the newsman said, "They tell me they call you Fighting Bill?"

Others stopped talking. "Yes" was the answer.

"Well," the visitor said, determining on a bold approach, "how in h— did you get the name?"

You could hear others suck in their breaths. Fighting Bill did not reply. Was he going to cuss out the presumptuous questioner or would he give a demonstration of how he acquired the title?

But the old man was silent for a moment. Slowly a smile came. "Well, young feller," he said, "I'll tell you. It was a this way. . . . And after taking a fresh chaw he related with gusto to the story he had never told before because nobody had ever asked him:

I was living in Ranger then, thirty miles south, tendin' bar, musta been along about 1885. There was a bunch of horse thieves that used to come into the soloin quite frequently. Everybody knew they rustled hosses but never could get the

than the \$100 deductible. But on a large policy, the difference in price will soon add up as much as the deductible—so what have you gained?"

The deductible now, as always, applies only to buildings. There is no deductible on the contents of those buildings.

mighty broad shoulders. Right away, he seems to take a dislike to me and, after a few insultin' remarks from him, I come around from behind the bar and we went at it.

We fought the length of the saloon, out the front door, down the street to the railroad track a block away, then back to the front door of the saloon. He knocked me down four times; I couldn't keep track of how many times I knocked him down. He was tough, all right.

At last I smashed him down again and jumped on him. I was pretty well wore out and maybe a mite dazed, too. There was a rock lyin' there and I grabbed it up—when I did, somebody grabbed me by the arm and said, "Fight's over; you win."

And there was a big cheer. I looked up and the sidewalk on the other side of the street was lined with men; there must have been two hundred. Then some of the boys told me what everybody knewed but me—that gang had because of losin' to me, had gone and imported a prize fighter from St. Louis to give me a lickin'. Everybody in the country knowed about this and had gathered in for miles to see the fun.

Ever since then, folks have called me "Fighting Bill".

Mrs. John Weisel and son Mike, of Allentown, Penn., returned home with her parents Mr. and Mrs. L. B. Patterson last week.

### BOLL WEEVIL, PEST PALS DESTROY ONE MILLION

Tiny insects, so small that they are scarce visible on a cotton plant, are the cotton industry's worst enemy. Last year the boll weevil and his pest pals devoured nearly 600 million dollars worth of cotton. These insect marauders damaged more than 2.5 million bales of cotton—or approximately one-sixth of the entire U. S. cotton crop.

The National Cotton Council in cooperation with government agencies, the agricultural colleges of the Cotton Belt, insecticide manufacturers, and other interested groups are working vigorously on coordinated insect control programs.

Mr. and Mrs. L. B. Patterson and Mr. and Mrs. Lloyd Patterson and Dickie and Pattie Patterson visited with Mrs. Wayne Patterson, who is in the Baylor Hospital in Dallas, over the week end.

### Triplets Born; Set Knox City's People Buzzin'

Triplets—three tiny boys—born to Mr. and Mrs. J. C. Durham of Knox City last Thursday set the town agog as citizens started a spontaneous gift fund for the boys. They weighed in at 4 pounds, 1 ounce to 4 pounds, 3 and one-fourth ounces.

Arriving after press time Thursday, it was decided the boys deserved an extra, so J. C. Branch and his Knox County Herald force promptly published one. The papers sold from \$1 to \$10 each.

Dr. T. P. Frizzell, attending physician, started the spontaneous gift fund by announcing he was donating his medical services. Pet Milk Company sent word they'd furnish all the milk the triplets could hold as long as they needed it. There was talk of the hospital making its services a gift.

Milk bottles were set out

tastefully tied with blue ribbon bows and marked "Knox City Triplet Fund," and money began rolling in.

The boys were placed in an incubator, where Dr. Frizzell declared they'd stay until they reached five pounds in weight.

The father was reared in Knox City, son of the C. E. Durhams. The mother was an Arizona girl who lived in Knox City while her husband was on South Pacific duty during World War II. J. C. shuffles back and forth between his job at the Model Tailor Shop, the hospital and home, and tried to explain to the other children, Ronald, 11, Robert 6, and Randall 3, about this big increase in the family.

The boys have been named Rick, Royce and Roland.

DHIA records kept by Texas dairymen in 1949, show that dairy cows producing 224 lbs. of butterfat returned \$164 above fed costs while cows producing 475 lbs. returned \$497 above feed costs.

### Obituary Of Mrs. Sid Polson

Mrs. Mary Weber Polson was born August 9, 1896, at Graysport, Mississippi. The family moved to Texas in 1900 and to Knox County in 1915.

She was married to Sid Polson on January 26, 1918. To this union, five children were born one dying in infancy.

She is survived by her husband, four children, Mrs. Serilda Span, Jacksboro; Mrs. Lucy Jo Loftis, Fort Worth; Mrs. Pearl Loftis, Graham; Wayne Polson, Goree.

Other survivors include one granddaughter, three sisters, Mrs. Kate Glasgow, Goree; Mrs. Lucy Corsey, Woolum, Ark.; Mrs. Burl Temple, Goree; three brothers, Joe Weber, Tom Weber and George Weber, all of Goree.

She was converted in July 1911, and joined the Baptist Church at Brownwood. She was quiet and unassuming and a faithful member of the church.

Funeral services were held from the Baptist Church in Goree on Wednesday, March 28 conducted by Rev. S. E. Steven son, pastor, and Rev. Temple Lewis of Welnet.

Palbearers were Hubert Nunley, W. O. Barnett, Clyde Rogers, Douglas Smith, Raymond Melton and Lloyd Patterson.

Drive carefully—the life you save may be your own!

### Westex C. of C. Plans Year Of Many Activities

The West Texas Chamber of Commerce has initiated many new broad extensive projects and services. B. B. Bludworth WTCC president, has announced here following the first meeting of the board of directors with the new staff under reorganization plans of the 33-year old chamber.

The board of directors heard activity reports and plans for future action from four staff members on eight department activities.

Committees were appointed to recommend plans for additional operating and internal management policies, and plans for a 2-day annual convention in October. The annual convention will be scheduled on a bigger basis than has been followed in recent years. Wichita Falls submitted an invitation at the meeting but bidding will be open for at least 60 days. Other interested cities are urged to submit invitation, Bludworth said.

Ray Nichols, newspaper publisher of Vernon and formerly president of the West Texas Chamber of Commerce, was endorsed by the board for election as a director of the U. S. Chamber of Commerce.

The following new WTCC directors were elected to fill vacancies: Willis Birk, Mason; W

C. Foote, Petersburg; John A. Sosebee, Anson; R. E. Drannan Clarendon.

### KNOX CITY STUDENT ON McMURRY TEAM

ABILENE — Tackle Richard of Knox City, is among the 12 returning lettermen reporting for spring football training at McMurry College.

Coaches Wilford Moore and Mel Jowell began workouts Monday afternoon. On the 30 days allowed them by the Texas Conference, their principal task will be filling the shoes of 13 graduating lettermen.

Recent rains in most sections of the state have provided enough moisture to get the home garden going. The more hardy vegetables can now be planted.

Approximately 57 percent of all field corn planted in Texas last year was planted to corn hybrids. Research and farm demonstrations have proved that many more farmers could profit from planting hybrids.

## GOOD YEAR O-P-E-N C-E-N-T-E-R SUPER-SURE-GRIP TRACTOR TIRES

New Super-Sure-Grip is the "greatest pulling tire on earth" — as proved in actual farm tests where it pulled tractors through wet, slick, slippery soil where other tires bogged down.

These super traction tires will help you plow, plant and harvest faster. They'll save crops when you are pressed for time and they don't cost a penny more!

Super-Sure-Grips are good crop insurance — let us install them on your tractor.
