

Engagement Of Charles W. Arnold And Miss Mary Alice Cone Revealed

The engagement of Miss Mary Alice Cone to Mr. Charles William Arnold of Austin was announced recently by her parents Mr. and Mrs. Herman Cone of Gonzales. The wedding will take place in the early fall.

Miss Cone, a graduate of Gonzales High School, received her BS degree in home economics in June 1950, from the University of Texas at Austin where she was a member of notional honorary fraternities in home economics and education fields. For the past year she had been teaching nursery school and child development in the home-making department of the Roy Miller

Mrs. Charles William Arnold

High School in Corpus Christi. Mr. Arnold is the son of the late H. D. Arnold and Mrs. Arnold of Goree. He received his B. S. degree in chemical engineering from the University of Oklahoma and his master's degree from the University of Texas. He is a member of Tau Beta Pi, honorary engineering fraternity, and the American Institute of Chemical Engineers. At present he is teaching in the applied mathematics department of the University of Texas, where he is working on a doctor's degree in chemical engineering.

PCA Directors In Conference At Fort Worth

On Monday and Tuesday, July 30 and 31, the directors and manager of the Stamford Production Credit Association met at Fort Worth with the directors and managers of the Amarillo, Canadian Valley, Lubbock, Memphis and Plainview Production Credit Associations, according to an announcement today by J. L. Hill, Jr., Secretary-Treasurer. This was one of a series of seven regional conferences of directors and managers of production credit associations being held over the states this summer.

These conferences were in the nature of a round-table discussion for the exchange of ideas. The subjects discussed at Fort Worth were: Credit for agriculture; the difficulty of making sound loans in inflationary periods; the job of increasing capital and surplus; improving annual stockholders' meetings; and improving employe relationships. Mr. C. G. Burson of Haskell, Mr. J. F. McCulloch of Stamford, Mr. J. S. Reeves of Hawley, and Mr. Lasaster Hensley of Paducah, were the discussion leaders for the Stamford Association.

Mr. J. B. Lynn, Radio Farm Director of Station KGNC at Amarillo, was the guest speaker at the conference on Monday afternoon.

Prominent on the program was C. H. (Hub) Matthews of Eagle Lake, who is the Texas representative on the National

Activities Of The Colored People

Services were well attended last Sunday. The Goree Baptist Church worshipped with West Beulah Sunday, also had a high day at the Methodist Church at three o'clock Sunday.

Brother T. T. Tyler of Haskell was a visitor at West Beulah Sunday night.

Mrs. Willie Pearl Hill and children of Lubbock spent the week end in the home of her parents, Mr. and Mrs. Marcellus Johnson.

Mrs. Mable Hawkins is on the sick list this week, also Billy Burton Thomas.

Mrs. Elijah Thomas is spending some two weeks in Oklahoma.

Mrs. Fannie Mae Johnson received word that her daughter, Mrs. Nelson Williams of Oklahoma City, is spending the week in Dallas.

Mrs. Willie B. and Ada Mae spent Sunday with their grandmother, Mrs. Simon Williams.

Be careful. Observe state and local traffic laws.

PCA Advisory Committee, and W. J. McAnelly, president of the Federal Intermediate Credit Bank of Houston which discounts agricultural paper for the production credit associations and other credit corporations over the state.

The Stamford Association, like the other 35 in Texas, is entirely farmer-rancher owned and operated. It makes crop and livestock production loans in Dickens, King, Knox, Stonewall, Haskell, Jones and Shackelford counties. On June 30 the association had 1589 stockholders with capital, surplus, and reserves \$779,266, and had \$2,750,523 in loans outstanding to 829 farmers and ranchers. The group of six Northwest Texas associations represented at the conference in Fort Worth had a total of 5674 stockholders with a combined capital, surplus, and reserves of \$3,204,832 on June 30, and had \$12,436,968 in loans outstanding to 2976 farmers and ranchers.

Attending the meeting from the Production Credit Corporation of Houston, the state supervisory office for the 36 associations in Texas were Directors E. J. Kyle of Bryan and J. B. Pumphrey of Old Glory. Mr. Kyle is Dean Emeritus of Agriculture at Texas A. & M. College and former U. S. Ambassador to Guatemala. Mr. Pumphrey, also a director of the Stamford Association, is elected by the 36 production credit associations as their representative on the Houston board. Also present were L. Roy Prescott, Secretary-Treasurer; L. D. Campbell, Assistant Vice-President; and V. L. Carothers, Field Representative of the Production Credit Corporation.

LOCALS

Mrs. Jerry Kane and daughter returned home last Sunday from Midland where they had been visiting Mrs. Kane's sister, Mr. and Mrs. Joe Bill Pierce. Last week they also visited Mr. Kane's parents, Mr. and Mrs. J. K. Kane, in Waco.

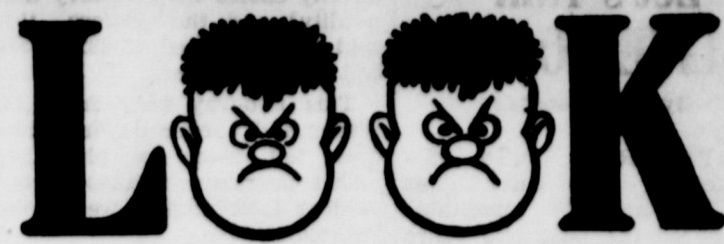

Mr. and Mrs. J. E. Reeves, Jr., of Fort Worth spent the week end here with their parents, Mr. and Mrs. J. E. Reeves and Mr. and Mrs. R. D. Atkinson.

Mr. and Mrs. J. W. Malone and children of Sweetwater spent a few days here with Mrs. Malone's mother, Mrs. J. F. Lowrance and family.

Mr. and Mrs. Ralph Watkins left Tuesday of this week for Philadelphia, Penn., where Mr. Watkins is stationed with the Navy.

Mrs. Brice Dobbs of Dallas spent the week end with Mrs. Ruth Searcy and other relatives.

Miss Marilyn Searcy is visiting with friends and relatives in Dallas this week.

A memo from the U.S.A.

We Americans don't get mad easy. But when we do, look out!

We pitch in and turn out guns, tanks, planes and ships faster than anybody on earth.

But nobody boots us into line. No commissars. No bayonets. No slave labor. We just get to work—because we've got something to work for...our liberties and our individual freedoms.

And back of our men and machines is electric power—as much as all the rest of the world has.

It's steady, dependable power—the kind produced only by free men—the kind that helped perform production miracles in World War II. Today, the business-managed electric companies have doubled the supply of electric power available before that war—and they're stepping it up all the time.

Yessir, we have power—with more on the way—and we know how to use it. That's a good thing for everybody to remember right now. And it's a good thing for some people here at home to remember that America's tremendous electric power was developed by the free enterprise system which has made America greater than any other nation.

(The BEST for LESS)

Martin's Dept. Store

Munday, Texas

Let's Talk LIVESTOCK

(By Ted Goulidy)

FORT WORTH, July 26—Creep-feeding for calves has been a singularly profitable practice for the past two years for Southwestern cowmen. The advantages, which have been recounted many times by many people, will not suffer for re-peating again.

First, calves weighed more, a lot more when creepfed.

Second, selling is easier since both packer and feeder buyers contend for creepfed calves.

Third, creepfed calves are already eating good and do not go into a tailspin when weaned and lose hard-earned pounds of flesh. (Currently the price of calves makes each added pound really something worth having.)

Examples of the advantages of creepfeeding were evident at the Fort Worth livestock market in the past couple of three weeks. Many calves showed wet weather shrink, but the creepfed calves had lots of bloom.

Take for example the around 600 pound steer calves G. A. McClung of Johnson County had in at \$35.50 and \$36. The heifers sorted off and sold for butter were \$1 or more cheaper than the steers BUT they brought a premium from the butchers.

Postmaster Rufus F. Stanley of Brownwood and John Spence and Son of Winchell had some fancy creepfed calves which sold this week at Fort Worth. The steers sorted off at \$35.50 for

feeders (although they were strictly choice fat and very high quality) and the heifers then sold for slaughter at \$32.50 and \$33.50 for butcher.

This two-way play from the feeder and packer buyers which these fed calves got, plus their added poundage, makes creep-feeding look mighty well worth the money.

It was the same story Thursday with the 75 head or so of creepfed calves which Naud Burnett of Greenville had at Fort Worth. Weighing over 400 lbs., these calves at \$37.50 per hundred had been creepfed and got a strong play from the buyers accounting for the prices they brought.

There has been a consistent demand, despite the dry weather, for stocker cows in recent weeks. This has been a source of some wonderment to many. Apparently there is still some room for cows in a good many spots despite the dry conditions in most sections of the Southwest.

The farm population of cattle is getting very high, most people with farm-sized operations have found that cows and calves furnish a highly profitable sideline to go with their farm operations.

This especially true where legumes, clovers and other good forage is being grown in a soil building program.

One of the biggest guessing games in livestock circles right now concerns the price and supply of protein feed supplements that will be available this coming Fall and Winter.

Some feeds are being booked in relatively small quantity, while many mills and many stockmen are holding back until the size of the upcoming cotton and corn crops is a little more certain.

Whatever happens, it looks like another big feeding year for both livestock and poultry.

Recent rains in the Panhandle are causing some speculation about Fall stocker prices. Some observers feel that there is already season enough in the Panhandle wheat fields to get a good stand of wheat going early this Fall.

Some stocker men feel that stocker prices in September may be higher than they will be in the next few weeks.

This is a certainty if the

Safe Braking Margin Varies

Importance of driving in accordance with highway conditions is illustrated by this diagrammatic view prepared by Chevrolet in the interest of traffic safety. Standard braking tables reveal 150 feet is required for a stop at 50 miles an hour, allowing three-quarters of a second for a driver's reaction to an emergency. When the pavement is wet, however, the distance increases to 238 feet. On icy pavement 472 feet will be covered before a car brakes to a complete stop.

wheat grazing deal in the Panhandle and Plains turns out well.

Stocker and feeder lambs and yearlings hit the comeback trail at Fort Worth this week. Some feeder Spring lambs selling up to \$29 look \$1 to \$2 above ten days or two weeks back. One very nice string of cross bred feeders came from Talpa and were from J. Milton Clayton. They averaged 62 pounds at \$29, for the 358 head.

One of the biggest checks for a single shipment of cattle in the history of the Fort Worth market went to Wilmer Seay of Oscar, Oklahoma last week. He had 220 three-year-old supplementary fed grass steers that weighed 1,327 pounds at \$34.50. Check was over \$106,000.

Mrs. R. W. Hightower and children of Dallas visited Mrs. A. E. Womble and other relatives the first of this week. Mrs. Joe Bailey King returned home with them for a few days visit.

Mr. and Mrs. Jack Franklin and family visited in the homes of relatives in Clovis, Albuquerque and Fort Sumner, New Mexico, last week.

Garrison Will Explain New Motor Safety Statute

AUSTIN — Homer Garrison, Jr., Director of the Texas Department of Public Safety, today announced his intentions of calling upon the State's newspapers and radio stations to assist his Department in putting the "damper" on the false rumors and misinformation that is currently being spread in some circles concerning Texas' new Motor Vehicle Safety Responsibility Law.

Garrison emphasized that the State will conduct a thorough educational program in November and December to acquaint the public accurately and adequately with the purposes and requirements of the law which will become effective next January 1st.

At the same time, Garrison warned the public not to believe statements that the statute is new in effect or that it is a compulsory insurance law. He emphatically pointed out that the law will have no effect upon motor vehicle owners and operators until January 1st and declared that under no conditions or circumstances will it compel motorists to carry automobile liability insurance.

According to Garrison, the new regulations bear no resemblance to a compulsory insurance law. He pointed further to the fact that only one state

has such a law but that Texas became the 35th state to enact a security-type Safety Responsibility Law. It is true, according to Garrison that, beginning January 1st a motor vehicle owner or operator who is involved in an accident resulting in death or injury, or property damage exceeding \$100, must furnish proof of his ability to meet claims up to \$15,000 or have his motoring privileges suspended until he does. Proper insurance may be accepted as sufficient

proof of such financial responsibility but the law also offers several other choices of furnishing such proof. Among these are the posting of a bond with the Texas Department of Public Safety or the depositing of satisfactory security with the Department. Also, under certain conditions, individuals or firms may qualify as self-insurers under the terms of the law.

Drive carefully. The life you save may be your own!

Mr. and Mrs. Hoyt Gray and little granddaughter, Annette, left Sunday for an extended visit with their son and uncle, Pfc. Robert E. Gray, who is stationed at Scott Air Force Base, Ill.

George Salem was a business visitor in Wichita Falls last Tuesday.

Miss Gwyna Lee Smith visited with friends in Galveston this week.

Goree News Items

Mr. and Mrs. Cannon Roberts and sons, Kenneth and Jimmie, attended the wedding of their son and brother, Billie Joe Roberts, to Miss Marie Stevenson of Fort Worth on Saturday, July 21.

Mrs. Mark Halsey of Lubbock returned home with Miss Burniece Goode last Friday for a few days visit.

Mr. and Mrs. Houston Edwards of Sweetwater were Goree visitors last Wednesday.

Mr. and Mrs. Hamp Jones returned Monday from a trip to San Angelo and Corpus Christi. Carl Maloney of Roscoe visited friends here last Thursday and Friday.

Mr. and Mrs. Ellie Roberts of San Antonio were visitors in the Sam Hampton home last week. They also visited in Munday and Bomarton.

Mr. and Mrs. L. Atkinson and Lyndal Lambeth visited in Panhandle last week end. They met other relatives in Palo Duro canyon for a reunion.

Mr. and Mrs. Ross Bates are vacationing in the northern parts of the United States and Canada.

Jim and Will Chamberlain of McMeen are visiting their mother, Mrs. D. N. Chamberlain, and other relatives this week.

Mr. and Mrs. Walter Hudson and children of Amarillo spent the week end with his parents, Mr. and Mrs. J. W. Hudson.

Mrs. W. A. Moore and son, John, and J. J. Roberts visited relatives in Sulphur, Okla., several days last week.

David Bates, son of Mr. and Mrs. Reuben Bates, spent last week visiting his grandmother.

Mrs. J. E. Patton, and aunt, Mrs. Roy Quisenberry, in Seymour, Mrs. W. R. Couch, Mr. and Mrs. Jeff Lowrance attended the funeral of Mrs. Couch's brother, Dennis D. O'Neal, in Marshall last Monday.

Mr. and Mrs. E. V. Shackelford, Mrs. Leo Moore, Mr. and Mrs. Gene Shackelford and son of Jayton and Gloria Jean Parkel of Wichita Falls visited Mr. and Mrs. Joe Jones and daughter in Childress last week end.

Mr. and Mrs. Sam Hampton and son, Jackie, spent the week end in Sweetwater. Jackie remained for a few days visit there and in San Angelo.

Mr. and Mrs. Buster Coffman and Carol are spending a few days in Mineral Wells.

Mr. and Mrs. Floyd Bowman and sons, Ed Martin and Don, left this week for Colorado and other points.

Mr. and Mrs. Robert Couch and sons of Hobbs, New Mexico, are visiting his parents, Mr. and Mrs. Bill Couch.

Mr. and Mrs. Walter Kennedy of Guymon, Okla., spent Sunday with his grandfather, W. W. Coffman, and other relatives. They were enroute to Houston.

Mr. and Mrs. Talmadge Falls of Throckmorton visited Mrs. R. D. Stalcup and Mr. and Mrs. J. L. Stalcup. Mrs. J. M. Edwards of Seymour was also a visitor in the Stalcup home Sunday.

Miss Glenda Mayo is attending a youth training encampment in Siloam Springs, Ark. Nanette Roberts is visiting relatives in Post this week.

Mrs. T. M. Tucker visited her parents, Mr. and Mrs. W. R. Caldwell, in Wichita Falls the first of this week.

Mr. and Mrs. Billrey Coffman of Fort Worth spent the week end with relatives here.

Mr. and Mrs. Charley Bennett of Sacramento, Calif., visited in the home of Mr. and Mrs. Jack Franklin over the week end. Mrs. Bennett is the brother of Mrs. Jack Franklin.

Mr. and Mrs. J. D. Gillespie and daughter, Pamela, returned home last week from a 10-day vacation trip to points in California.

4-H's Carrying Projects Emphasizing Food Preservation

Two vitally important projects emphasizing home preservation of food are being carried by club members in Texas and 46 other states this year. They are the 4-H Canning and Frozen Foods programs, which are supervised by the Cooperative Extension Service.

Among their objectives is to put up home-grown products to provide well-balanced diet in non-productive seasons. Thus the cash outlay for foods also will be appreciably reduced.

As incentives for outstanding records of achievement, county canning winners receive gold-filled medals of honor. The state 4-H champion gets an educational trip to the National 4-H Club Congress, Chicago, in November. These awards and six national college scholarships are provided by Kerr Glass.

In Frozen Foods, county winners are presented gold-filled medals and the state winner's award is a 17-jewel wrist watch. Four sectional winners selected from the state champions will receive all-expense trips to the

Chicago Club Congress, International Harvester provides these awards and four national \$300 college scholarships.

More than 217,000 4-H members participated in these two programs in 1950.

Last year's state winners in Texas were: 4-H Canning, Ivy Kastner, McDade; and 4-H Frozen Foods, Ruby Schmidt, New Ulm.

County Extension Agents will supply full information on these programs.

New Texas Corn Hybrid To Be Released

Seed of Texas 30, a new corn hybrid developed by the Texas Agricultural Experiment Station will be available for use by farmers in 1952, announced Dr. J. S. Rogers, agronomist in charge of corn breeding work for the Experiment Station.

This newcomer represents a combination of inbred lines of Yellow Dent and Yellow Surocopper varieties. It produces

larger ears than either Texas 26 or 28. In eight tests conducted in the past two years, Texas 30 averaged slightly higher yields per acre than Texas 24, 26, or 28 the three most popular corn hybrids now grown in Texas.

Tests have shown that Texas 30 is well adapted to the Blackland Prairie and East Texas Timber Region. Rogers, who developed Texas 30 and other recent Texas corn hybrids, said, "Past behavior of the breeding of this new hybrid indicates that it will have a very wide range of adaptation and probably can

be grown successfully wherever other Texas hybrids are recommended."

Best tests are being made with Texas 30 this year, and a good supply of seed should be available for 1952, Rogers said.

Mr. and Mrs. Wallace Reid and son, Jimmy, left this week on a vacation trip to points in Colorado.

Mrs. M. L. Joyce and son, Joe, of Albany, visited relatives here Wednesday and Thursday of last week.

Mrs. A. B. Warren visited with her mother, Mrs. J. W. Medley, in Haskell last Sunday.

Mr. and Mrs. Ray Renner of Fort Worth visited friends here over the week end.

A. E. Bowley visited in Abilene over the week end.

During the nine-year period, 1940-1948, the area under irrigation in Texas increased slightly more than one million to 2,885,000 acres. Wells accounted for 1,369,000 acres of the increase.

Weekly Health LETTER

Issued by Dr. Geo. W. Cox
M. D., State Health Officer
of Texas

AUSTIN—Cancer does not develop any earlier in areas where the water contain a high proportion of fluorides than it does in fluoride free areas, morbidity statistics compiled by the Texas State Department of Health and the M. D. Anderson Hospital for Cancer Research in Houston show.

State Health Officer George W. Cox, in a statement flatly refuting claims by a University of Texas biochemist that fluoride in municipal drinking water might speed up the development of breast cancer, said the M. D. Anderson cancer research center, an adjunct of the University of Texas, completely supported the State Health Department's contentions that fluoride additions to city water supplies does not accelerate the trend toward mammary cancer.

The state health agency has for the past two years recommended that municipalities and fluoride in the amount of one part of fluoride to one million parts of water as a deterrent to tooth decay among children.

Also in support of the health department's position in the word of Dr. H. Trendly Dean, director of dental research, National Institute of Health.

Dr. Dean says he and "Dr. Howard B. Andervont (unidentified) have carefully evaluated the data in respect to the alleged."

TAKE SURE—You can steer sure through any rough terrain with our wheel alignment check-up today. Munday Truck & Tractor Co. 5-tfc

**Knox Prairie Philosopher Wants
The Blame For Higher Prices Put On
The Indians. Rather Than On Him**

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek this week has his two-bits worth, an inflationary amount, on the high cost of living.

Dear editor:

I notice the government is still tryin to reduce the price of meat, on the theory that farmers and ranchers are gettin rich anyway and lowerin the price on just one item they raise won't hurt no more'n lowerin the price on say radiator caps would hurt General Motors, but I stumbled on a newspaper the other mornin while I was out here studyin my crops, don't know that reflectin on your crops helps em any but it sure sounds important and makes a man look busy, and after I got through decidin the crops were fair but wouldn't make as much as I'd figured on as there ain't a piece of land been invented yet a farmer couldn't outfigure its production on. I took the paper home and stretched out on the front porch and read where an expert had been doin some figurin himself on what's causin high prices.

Blamin the farmer for high prices is a popular pasttime, he said, but there ain't anything to it.

For example, he found, a can of pork and beans, mostly beans, used to cost a nickel, but now it costs 16 cents, and most housewives mutter and blame it on the farmer. Yet if the farmer just hauled off and gave his beans to the canner, the can of

pork and beans would still cost 14 cents. In other words, no use blamin the high cost of a can of pork and beans on me and the other farmers. There's something in the woodpile maybe, but it ain't the farmer.

Also, this expert found if a farmer gave away the wheat in a 16-cent loaf of bread, the bread would still cost the housewife 14.4 cents. If the tobacco farmer gave away the tobacco in a 20-cent pack of cigarettes, the pack would still cost you 17 cents. If a sheep rancher gave away the wool in a \$50 suit of clothes, the suit would still cost \$40.50. In a \$3 cotton shirt, there is about .35 cents worth of cotton, all told.

You get the point, I ain't about to start givin away cotton or beans or anything else to prove us farmers ain't to blame for inflation, but Washington is parkin up the wrong tree when it thinks we are. It's somebody else's turn. How about the Indians? There ain't many of them and not one out of four can vote anyway. Down with the Indians and the high cost of livin.

Yours faithfully,
J. A.

BENJAMIN NEWS

Mrs. Ethel B. Laird, reporter

Mr. and Mrs. Cecil McGraw of Wylie have been visiting in the home of her parents, Mr. and Mrs. Frank Hill, the past week. James McCandies is spending a few days in the home of his mother, Mrs. J. A. McCandies. Mr. and Mrs. John Atterbury and daughter, Mrs. Max Gardner and son, were guests of Mrs. Clyde Burnett Wednesday even-

ing. Mrs. Frank Hill and Mrs. Cecil McGraw were business visitors in Wichita Falls last Wednesday. Mr. and Mrs. James Grady Hudson and daughter spent several days in the home of his parents, Mr. and Mrs. Grady Hudson, the past week. Mr. and Mrs. Jack Graham of Refugio spent the week end with her parents, Mr. and Mrs. Walter Polster. VOLLIE RUSSELL, who is in school

at Midwestern University in Wichita Falls, spent the week end with his parents, Mr. and Mrs. T. R. Russell. Bobby Hudson has returned to Fort Sampson, Geneva, New York, after a 15 day furlough with his parents, Mr. and Mrs. Grady Hudson. The Qualls and Blantons held a two-day family reunion in New Castle at Fort Belknap, Saturday and Sunday. Mr. and Mrs. Ben Qualls and all their children and Mr. and Mrs. Walter Snody and Mrs. I. T. Wright attended. Buddy Crenshaw, who is in school at Midwestern University at Wichita Falls, spent the week end with parents, Mr. and Mrs. Fred Crenshaw. Mr. and Mrs. Joe Russell of Camp Hood spent Friday night in the home of his brother, Mr. and Mrs. T. R. Russell. Mr. and Mrs. L. A. Parker made a trip last week through the southwest part of the state and visited their children en route. Mr. and Mrs. Dwayne Parker of Fort Bliss, Mr. and Mrs. Wilburn West of Lamesa and Mr. and Mrs. Connie Gray of Morton.

The Earl Castleman held a two day family reunion beginning Saturday. It was held here in the homes of Mr. and Mrs. T. R. Russell and Mr. and Mrs. L. J. Johnson and Sunday all went to the Seymour Park. Out of town guests were, Mrs. Earl Castleman, Mr. and Mrs. Charlie Castleman and child, Mr. and Mrs. Barney Castleman, Mrs. Lillian Bloom and son, Vellie, all of San Antonio, Mr. and Mrs. Joe Castleman and two children of Abilene, Mr. and Mrs. Jim Castleman and children, Mr. and Mrs. John Castleman and children of Fort Worth, Mrs. Tommie Stranger of Liberal, Kansas, Mrs. Cula McElya of Munday and a host of friends. Miss Omitee Barnett, Howard Barnett and Aubry Barnett visited in Dallas last week.

Kracker Krumbs—

(Continued from Page One)

long as we raise cotton, those at the meeting were told. The mechanical cotton harvester is still in the future for this area. Things look favorable for removing Knox County from the black list. Folks want the money these laborers spend for their needs while here, and steps will probably be taken to provide them with the facilities they need when they come to town to purchase their needs.

It's a problem that can be solved, and we believe Munday is the town that can solve it. During 1950, extension home management specialists of Texas A. & M. College and county home demonstration agents trained 1,989 adult and 604 junior and adult 4-H leaders in work simplification. These leaders in turn trained 45,409 homemakers.

MESQUITE CONTROL IN MOTLEY COUNTY

Cotley County ranchers sprayed over 14,000 acres of range land with ester of 2,4,5-T for mesquite control this year. County Agent J. R. Emmons says, although it is too early to determine the results of the spraying, all reports indicate that good results can be obtained. Spraying mesquite with ester of 2,4,5-T costs approximately \$3.50 per acre. The total cost to ranchers of Motley County was \$49,650. Statements made by ranchers regarding the spraying included: "Just killing the weeds was worth the cost of spraying." "I can see my cattle now; at the present price of cattle, one calf

that might be lost from screw worms would pay for spraying 10 acres." "Even if the mesquites do resprout, I think it was worth the money." Emmons says between 35,000 and 45,000 acres are expected to be sprayed in Motley County next year—if weather conditions are favorable.

Dollar for Dollar Horsepower for Horsepower THE MASSEY-HARRIS "22" Is Your Best Buy in a 2 plow tractor

● You get more power for every dollar you invest in the purchase of a 22... more usable horsepower at the drawbar, more lugging ability for the tough spots. Actually 23.91 maximum on the drawbar and 35 on the belt. It's economical power too. Built-in governor and automatic spark advance do an amazingly efficient job of matching power output to the load. The engine itself is a 140-cubic-inch, 4-cylinder power-plant with full-length water jackets and full-pressure lubrication. The 22 has the weight and power to handle both mounted and pull-behind tools. New 3-point hitch makes hook-ups of rear mounted tools fast, easy. Attaches to all 3-point implements. Depth-o-matic 2-way hydraulic system raises and lowers implements under power... automatically maintains depth setting. For power, comfort, visibility... traction and hydraulic control, the 22 is the outstanding tractor in the 2-plow field.

Stop in for complete details... drive the 22... test it on your own farm.

HUSKY FOR THE BIG JOBS... HANDY FOR THE SMALL ONES!

...THAT'S THE JOHN DEERE RUBBER-TIRED WAGON

Here's a really versatile wagon... a wagon built to handle every hauling job on an average farm... a wagon that is husky enough to handle your big jobs, yet handy for the small ones because it isn't bulky. You can handle heavy loads at modern speeds... make short, easy turns... load and unload easily. And, low-down construction gives you the stability you need on the road and farm. The John Deere Wagon is quality-built throughout. Wheel bearings are the latest type Timken tapered roller design... steering is simple auto-type... alignment and rigidity are maintained by the all-welded tubular-steel frame. See us for complete details the next time you are in town.

"Here's the tire I want!"

GOOD YEAR SUPER-SURE-GRIP TRACTOR TIRE

First choice for 2 reasons!

1. Deeper soil penetration — greater pull. Goodyear's open center tread has straight deep-biting lugs. They cut cleanly into the soil, penetrate full depth, full length. Straight bars closer together at the shoulders wedge the soil for firmer grip — don't "plow out" soil at the sides.
2. Balanced straight lug tread design — longer wear. Goodyear open center lugs are all straight, all equal in size and spacing. That's why every lug wears equally, pulls fully, wears more evenly.

Goodyear Super-Sure-Grips don't cost a penny more. Get them for your tractor.

We Have The Tires!

If you're interested in tractor tires, we have them in stock for both front and rear wheels. Our prices are right—made to fit your purse. Come down our way, and let's trade!
