VOLUME 46

MUNDAY, KNOX COUNTY, TEXAS, THURSDAY, JULY 12, 1951

NO. 59

Kracker Krumb's Odd Bits Salvaged at Random

This is the year of elections.

Although it is an off-year, politically speaking, people of Munday and Knox County who paid their poll taxes are really getting their money's worth.

Looks like we get to vote more in an off-year than during a regular Democratic election year.

Voting this year started off with an election to name city aldermen for Munday on Tuesday, April 3.

Didn't many people exercise the right for which they paid \$1.75 in poll taxes in this election. The highest vote accorded a candidate in the city election. Four days later, the voters came out in greater numbers to name the men who were to serve on the local school boards. Munday chalked up a total of 191 votes in this election.

Then there was a promise of a bond election, to vote bonds for constructing additional facilities and rooms for the Munday schools. Just as interest began to get well under way for this election, the school board rescinded its order and no election was held, as had been slated for May 18.

Then came the proposition of consolidating the Sunset school district and the Munday school district, and the date for this election was set for June 16.

More interest was shown in this than in any off-election year election.

Voters of Sunset passed for consolidation by a vote of 84 to 76, while Munday extended the school children of Sunset a rousing welcome by a vote of 316 for to 9 against.

And that covers the elections held thus far, so far as we can remember. But hold on to your poll tax receipts, folks, there's more to come!

Last year, the people voted an amendment to the Texas constitution whereby counties may be allowed—if passed by vote—to collect a 30-cent ad valorem tax for county road maintenance, instead of the state collecting such ad valorem tax.

So it was decided our county could use this money for road building and road maintenance purposes, and an election was so ordered to get the views of the people. Homesteads are exempt in the amount of \$3,000, as has been the case on the state ad valorem tax.

This election is right upon us. It's set for Saturday, July 14, in all voting boxes of Knox County; and it should have a good response from our voters.

The consolidation of our two school districts—if we are acquainted with the situation—left the new district without a tax rate.

So an election has been called for Saturday, July 28, for the purpose of setting a tax rate of \$1.50 on the \$100 valuation for school purposes. This rate is the same as the Munday school district has had for several years.

On the same date, voters of the Munday school district will be presented another ballot when they go to the polls. This will be on the matter of assuming the outstanding bonded indebtedness of Sunset Consolidated Common School District No. 27, which is necessary under the consolidation setup.

So you get two for the price of one in the election Saturday, July 28.

But there is still another election coming!

The resignation of Congressman Ed Gossett becomes effective on July 31. Since his resignation was made public, a number of persons—now totaling four, we believe—have become avowed candidates.

So over the 13th congressional (Continued on last page)

Methodist Men To Get Charter Tuesday Night

Word was received last week that Munday's newest church organization, The Methodist Men of the First Methodist Church, has been granted a charter by Methodism's General Board of Lay Activities in Chicago.

This organization will become one of 5,000 Methodist Men organizations which the board plans to charter by 1952, according to the lay secretary, Chilton G. Bennett.

W. R. Moore, Jr., is president of the new Methodist organization, while O. H. Spann, Jr., is secretary.

The first meeting of the group has been announced for Tuesday evening, July 24, at the new Methodist Church. Jim McCullough of Stamford, district lay leader, will be present at this time and will formally present the new charter to the officers.

The purpose of the Methodist Men, according to a statement made recently by Rev. R. L. Butler, pastor, is "to throw its entire strength behind the total ongoing program of the church in these crucial days."

Telephone Co. Signs Agreement With Work Union

Southern Telephone Company has signed a new agreement for one year with the Communications Workers of America effective July 1, 1951. It was announced in Dallas today by Company President, Mr. Roy Autry. The new agreement calls for a ten percent increase in basic wages for employees within the designated bargaining unit.

Part of the increase will be put in effect on July 1, 1951, and the balance must await determination by the Wage Stabilization Board. It is anticipated that the Company and the Union will present a joint request to this Board in Dallas.

Mr. Autry pointed out that increases in wages will cost the Company approximately \$400,000 per year and would undoubtedly make it necessary to ask for increases in telephone rates. "Our company is growing rapidly," said Mr. Autry, "and it is our policy to pay our employees good wages in line with those which prevail in the community where we operate. Naturally, if we are to meet existing wage standards to attract and retain good people for our company, we must increase our revenues accordingly. In the telephone business this money can only be made available by a proper adjustment of telephone rates."

C. H. Keck Heads Knox City Lions

C. H. Keck, grocery store operator in Knox City, was installed last Thursday night as president of the Knox City Lions Club for the new year. He succeeds Dan Steakley.

Other new officers are C. E. Williams, first vice-president; Jeff Graham, second vice-president; E. V. Becker, secretary and treasurer; John May, tail twister; and J. G. Hawkins, lion tamer.

New directors are the outgoing president, Mr. Steakley; J. M. Averitt, Roy A. Baker, Floyd V. Bailye and Alton Leach.

Photo Contest Set July 24th

The Times had entered into an agreement with Hallmark Studios of Dallas and Irving, whereby photographs of children of this area will be published in the paper. This is the same type of agreement which the Times has had with Waltz Studio in the past.

The photographer will be at Munday Hotel on Tuesday, July 24, for taking the pictures. Further details will be given in the studio's ad which will appear next week.

Be careful. Observe state and local traffic laws.

Bank Deposits Show Drop, Still At High Figure

Deposits in the First National Bank of Munday have shown a considerable drop since April, according to the bank's financial statement published this week in response to a call made by the comptroller of currency in Washington.

The statement, issued at the close of business on June 30, showed deposits to be \$751,201.40 less than they were when the call was made in April; however they remained over four and one-half million dollars.

The statement this week shows \$4,573,974.18 on deposit as of June 30, as compared to \$5,325,175.58 at the close of business on April 9. The decline could possibly be due to a lighter wheat crop this year, as well as the expense of planting the 1950 crops and the necessity for earlier poisoning of cotton insects.

The present statement reflects the strong condition of the local bank, as well as a healthy financial condition of this section of the country.

Reunion For Class Of 1930 Set July 29

The second annual reunion of 1930 graduates of Munday High School will be held at the First Methodist Church in Munday on Sunday, July 29, it was announced this week by the officers.

Officers met recently in the home of Mrs. Joe Bailey King to make plans for the reunion. Present were H. C. Hughes, president; Mrs. King, secretary and treasurer, and a class member, Weldon Floyd.

Plans call for the reunion dinner to be served in the church basement at 12 o'clock noon. The group will spend from 1 to 1:30 inspecting the new church building, and this will be followed by a program and business session. Plans call for showing a movie film of last year's reunion activities.

Prizes will be awarded as follows: to the member traveling further for the reunion the most bald headed person, the fattest, the skinnest, the class member having the most children, etc.

All in all, this reunion is expected to be one of fun and enjoyment for all members who can attend.

Golf Tourney Still Undecided; Matches Delayed

Just as the play-off matches got started in the local golf tournament, the worms took after the farmers' cotton. Many members of the Munday Country Club, who are also farmers, decided it was more important to fight worms than play golf. Consequently, many matches of the tournament remained unplayed Tuesday. Here are some of the results.

Joe Morrow again copped the championship crown of the city tournament by defeating Winston Blacklock, 8-7, in the final match last Sunday. Lamoine Blacklock won the championship consolation.

In the first flight, J. B. King downed I. V. Cook to win the top bracket, and there were no consolation matches.

Top matches in the second flight are yet to be played, while Buddy Gafford was the winner of second flight consolation.

J. R. KING BUYS ANGUS
J. R. King of Munday, Texas, recently purchased Aberdeen-Angus cows from Ashcroft & Hill of Stamford, Texas.

DEANERY COUNCIL MEET
The third quarterly meeting of the Wichita Falls Deanery Council of Catholic Women will be held in Seymour on Wednesday, July 18, at the parish hall. Registration will begin at 11 a. m., and luncheon will be served at noon.

WALKING WITHOUT AID OF crutches or braces these days is Robbie Boles, the Easter seal boy of the Texas Society for Crippled Children. His picture, taken with crutches, appeared on some 500,000 letters of appeal sent out in February by the Texas Society. Since then, he has learned to walk alone for a few steps. He is demonstrating his skill here for Martin Ricker, executive director of the Society; his mother, Mrs. W. E. Boles, Jr., who is kneeling, and Mrs. Betty Massey, therapist. The letters which used his signature, brought in approximately \$182,000 which will be used through-out the state for the benefit of handicapped youngsters.

John E. Morrison Resigns Post As Representative

News was received here last week of the resignation of John E. Morrison, Jr., who was completing his second term as state representative of the 114th district which is composed of Knox, King, Foard and Hardeman Counties.

In a letter this week, Mr. Morrison stated that he has moved his family to Odessa, where he has accepted employment in the legal department of Phillips Petroleum Company. Mr. Morrison said, in part:

"Needless to say I hated very much to leave the 14th district; the people of that district have been most kind to me, and I shall never cease to appreciate it. However, I felt I owed it to my family to accept the attractive offer that Phillips made upon my graduation from the law school.

"In addition, I have served two terms as state representative; many people feel that adherence to democratic principles prohibit more than two terms for the same person. I enjoyed serving the people of Knox County very much. If I was able to do half as good a job as a representative as they did as constituents, then my time was well spent."

Munday Giants, Wichita Red Sox To Play Sunday

Colored boys of Munday will officially open their home games here next Sunday, according to Gus Johnson, when the Munday Giants play the Wichita Falls Red Sox out west of Munday, on Wallace Field.

Gus says this will really be a good game, and he invites the public to come out and see the colored boys in action. Warm-up starts at 3 p. m. with play getting under way at 3:30.

Drive carefully—the life you save may be your own!

Knox County Voters To Decide Road Tax Issue On Next Saturday

Oil Activities

Among oil activities reported recently in Knox County are the following:

Nine miles east of Benjamin, Hewitt-Dougherty No. 1 Davis-Gauss in the R. Hunter Survey, A-582, a 6500-foot rotary test, a wildcat, is drilling at 3100 feet in shale.

One mile west of Knox City, Oil Associates, Inc. No. 1 Myrtle L. White in section 51, block 2, D&WRR survey, a wildcat, drilled the plug after a dry stem test at 4776-89 feet recovered 315 feet of oil and 1023 feet of salt water. Operators are still testing.

Sid Katz and R. H. Venable No. 1 W. D. Lewis in the E. Boren survey, A-831, block 51, a wildcat seven miles southwest of Knox City, is below 2930 feet in shale.

Three miles northeast of Knox City, Stanolind Oil & Gas Company No. 1 S. D. Jones in section 5, D. G. Burnett survey, A-24, a Canyon test, is waiting on cement after setting five and one-half inch casing at 4246 feet to test Canyon formation.

CONSERVE WATER TO INCREASE PRODUCTION

When it comes to stepping up production to meet defense need, on many farms it is as important to hold the moisture on the land as it is to keep the run-off from taking the soil with it, says J. C. McGee, Chairman of the Knox County PMA Committee.

As the chairman explains, the additional moisture held on the land through conservation practices often makes the difference between a poor crop and a good one, he said.

When increased production is so urgently needed to strengthen the national defense, this factor alone becomes all the more important.

McGee said that in most instances the concern is over losing the soil and little attention is given to the water that leaves the land. And yet, he points out, often without the moisture the soil is of little value in producing the food and fiber needed to help build a strong nation.

He points out that soil and water conserving practices for which assistance is provided under the Agricultural Conservation Program are primarily aimed at saving and improving the land and that moisture conservation is an important by-product. Such practices as establishing a good protective cover with grass and legumes, the construction of terraces, contour farming, and many others fall in this class.

In the chairman's words, "maintaining and improving the productivity of the land is the purpose of the Agricultural Conservation Program and this means conserving both soil and water. Often one is as important as the other."

LOAN RATE ANNOUNCED FOR 1951

Knox County Loan Rate on Wheat for 1951 is—\$2.17 per bushel.

Knox County Loan Rate on Grain Sorghum for 1951 is—\$2.12 per Hundred Weight.

Mr. and Mrs. O. L. Anderson and Linda Sherron, formerly of Perryton, are now making their home in Clovis, New Mexico. Mr. Anderson resigned his position as high school principal in Perryton on June 1, and he is now owner of Duffy's Camera Shop in Clovis.

Mrs. Anderson is the daughter of Mr. and Mrs. J. R. Burnison of Munday, who recently returned from a visit to Clovis where they visited another daughter, Dr. and Mrs. E. D. Anderson and Phyllis Kay and Sherry.

ATTENDS AIR SCHOOL

MAXWELL AF BASE, ALA.—Lieutenant Colonel Jack W. Williams of Munday, Texas, is presently attending the Regular Course of the Air Command and Staff School here it was announced today by Colonel Leslie G. Muzer, Maxwell commandant.

He is the son of Mr. and Mrs. P. V. Williams of Munday. His wife is the former Elizabeth Crow of Arlington, Texas.

Knox County's voters will go to the polls next Saturday, July 14, to decide the issue of a 30 cent ad valorem tax. This special election was ordered by the Commissioners' Court of Knox County in conformity with a constitutional amendment approved by citizens of Texas in 1948 that would permit counties, after a local election, to levy a 30 cent ad valorem tax instead of the state levying this tax.

Any qualified voter who had rendered property (real or personal) may vote in this special election, it was stated. In a statement to the voters of Knox County, members of the Commissioners' Court said in part:

"If approved by the voters, this tax will provide a 30 cent levy on each \$100 valuation over \$3,000. Regular homestead exemptions of \$3,000 will continue as it has been under the present state law.

"This will not increase your taxes, if you vote for this levy it will simply mean that you will pay the tax to Knox County instead of the State of Texas, as you have been doing heretofore.

"All the money received from this tax will be spent in Knox County for the construction and maintenance of lateral farm roads. This will help get the farmer out of the mud, provide better roads for the school buses and mail carriers, and improve business generally throughout the county."

Munday Library Gets Donation Of 100 Books

One of the largest contributions which local citizens have made to the selves of the Munday Public Library was received recently from Mr. and Mrs. C. P. Baker.

Mr. and Mrs. Baker contributed around 100 books to the library, among which included many popular books for both children and adults. The library committee is very grateful for this nice contribution.

Contributions, added to new books purchased by the committee as funds allow, are rapidly filling the library shelves and are making the library a popular place for children and older people during the school vacation period.

Local Airman In Germany Ceremony

S/Sgt. Bonner Barton of Munday was one of thirteen Texans in the Air Force stationed in Germany who took part in ceremonies recently unveiling Berlin's memorial to the men who lost their lives in the airlift of two years ago.

Seven Texans, more than from any other state, lost their lives in crashes bringing food and supplies to Berliners during the Soviet blockade, it was stated.

BAPTIST BROTHERHOOD OF GOREE MEETS FRI. NIGHT

The men of the Goree Baptist Church will sponsor a "family night" program on Friday night on the church lawn. A picnic supper will be served. Men, women and children will come. An interesting program will be given.

GOREE EQUALIZATION BOARD WILL MEET

The equalization board of Goree Independent School will meet next Saturday, July 14, at 9 a. m. All school patrons and Goree school district will please take notice of this meeting.

LANDS IN GERMANY

Mr. and Mrs. J. C. Borden have received word that their son, Sgt. Joseph Borden, will land in Germany on July 13 with the advanced party of the Second Armored Division.

Mr. and Mrs. O. V. Milstead and daughter, Lourelle, returned home Tuesday of this week after a visit with relatives in Robertson and Falls counties.

GRASS ROOTS OPINION

MANSFIELD, OHIO, NEWS-JOURNAL: "The case for the farmer is well presented in the June issue of Country Gentleman by Herschel D. Newsome, master of the National Grange. He says that the average of farm prices still is almost 15 per cent below 1947, while corporate profits and hourly wages of factory workers both are 18 per cent above the levels of four years ago. An interesting admission is that agriculture has been at fault in allowing 'narrow self-interest to delay correction of flaws' in parts of the government programs, pointing particularly to 'absurdity of the potato support program.'"

PALM BEACH, FLA., POST-TIMES: "The virulent poison in the bloodstream of Human Freedom, is the polyglot who . . . spread the glory gospel that man can live without labor, feed upon his neighbor, be supported by the government rather than supporting government."

REIBECK, IOWA, COURIER: "D. A. Huley, president of the U. S. Chamber of Commerce, points out some facts. Federal agencies, all along the line will make a devout effort to get rid of all the cash left in their accounts . . . They must spend the money appropriated to every agency, in order that come July first their asking for a larger amount to spend next year be granted them. . . . What would happen if we all spent the last dollar we had each year in order that we could start with a clean slate?"

WALDOBORO, MAINE, PRESS: "The old saying 'It is an ill wind that blows no one any good' must be true. Within the last week we were listening to the radio and heard the announcement of the ten per cent increase on the cost of newsprint. We immediately reached for the aspirin, which, of course, helped the aspirin business. It seems as though everything is bound to help some one."

"A WITLESS PROCEDURE"

One of the best editorials yet written on the much discussed, much misunderstood meat situation can be found in the June issue of Country Gentleman.

Here, in part, is what that magazine had to say: "The rollback of meat prices recently announced by the Office of Price Stabilization is indefensible . . . There can only be one result—less beef and a poorer quality for consumers. Cattle feeders simply won't risk the losses that the OPS move assures . . ."

"The action is certain to defeat itself for it ignores the three forces responsible for beef prices. These are: the amount of money people have available to spend; the proportion of it they will spend for beef; and the amount of beef available for them to buy. The first two forces are still free to operate; in fact, consumer incomes are rising. But less beef to meet the demand

SUBSCRIPTION RATES
 In first zone, per year ----- \$2.00
 In second zone, per year ----- \$2.50

The Munday Times is Democratic, yet supporting only what it believes to be right, and opposing what it believes to be wrong, regardless of party politics, publishing news fairly, impartially.

NOTICE TO THE PUBLIC: Any erroneous reflection upon the character, standing, or reputation of any person, firm or corporation which may appear in the columns of this paper, will be gladly corrected upon due notice being given to the publisher, at the Munday Times office.

is rendered inevitable. "When people have money to spend and want more beef, there is only one logical way to meet the situation. That is by increasing the supply, and cattle producers were increasing production. This is now thrown in reverse. The course taken by the OPS renders its usefulness open to question. It was just such a witless procedure that blew the OPA out of existence in 1946."

There you have it. Whatever else the OPS may or may not do in the future, the points and principles so clearly enunciated in Country Gentleman's editorial will remain 100 per cent valid. In the fight against soaring prices—for beef or anything else—increased production is absolutely essential. The very existence of OPS regulation tends to feed the fires of inflation, and work against the interests of consumers, producers and all concerned.

THE FOLKS BACK HOME

The House of Representatives has been doing good work cutting the proposed 1952 budget. Item and item have been closely scrutinized, and some have been pared by as much as 50 percent. The House Appropriations Committee has charged that although "this nation has been in an emergency since the end of the war," nevertheless "all agencies of the government resumed business as usual, disregarding the varied and continued threats to our security." To this is added, "All agencies, it seems, are willing to assist in the defense effort provided they can continue to carry on their regular activities."

In the long run, the issue of government economy versus government extravagance will be decided by "the folks back home." Some of the worst offenders have been civic, business, agricultural, labor, and other groups which have turned all possible pressure on their Congressmen in search of tax handouts for all manner of activities. These groups are invariably in favor of economy as a general principle, and they frequently issue high-sounding resolutions demanding cheaper government. But, it turns out, they want the other fellow—never themselves—to bear the burdens of the economizing.

The House deserves praise for what it is doing to squeeze some of the water out of the pending budget. It should do a great deal more than it has done so far. It can and will do it if the voters show that they can support iron-handed economy. In the long run, the people still run our government, and the people's wishes are final. It takes all kinds of people to make up the world. One reason that big apples are always on top of the basket is the fact that there are always a lot of little ones holding them up there!—Brownsville, Pa., Telegraph.

"Crations of public confidence, and the strengthening thereby of the national spirit is a necessity for maximum armed strength."—Mark Sullivan, Columnist.

Uncle Sam Says

Faith in Freedom made America what it is today. Our boys are fighting for it and dying for it in Korea. And we at home can fight for them by getting in there and doing the job that needs to be done with U. S. Defense Bonds. Every Bond you buy proves your faith in America for it's your financial security, built up by Bond saving, that puts the strength of America's economy behind our fighting power. Don't wait—enroll for the Payroll Savings Plan where you work—today! U. S. Treasury Department

Legal Notice

Benjamin, Texas
 June 19, 1951
 To the Citizens of Knox County: In 1948 the citizens of the State of Texas voted in favor of a Constitutional Amendment that would permit the counties after a local election to levy a 30 cent ad valorem tax instead of the state levying this tax.

The Commissioners Court of Knox County has called a special election for Saturday, July 14 for this purpose.

If approved by the voters, the tax will provide a 30 cent levy on each \$100 valuation over \$3,000. Regular homestead exemptions of \$3,000 will continue as it has under the present state law.

This will not increase your taxes. If you vote for this levy it will simply mean you will pay the tax to Knox County instead of the State of Texas, as you have been doing heretofore.

All the money received from this tax will be spent in Knox County for the construction and maintenance of lateral farm roads.

This will help get the farmer out of the mud, provide better roads for the school buses and mail carriers, and improve business generally throughout the entire county.

Respectfully,
 County Judge and Commission-

ors Court, Knox County. P. S. Attached is a list of questions which have been asked most often concerning this election.

Q. Will my present taxes be increased?

A. NO. The tax will be paid to Knox County instead of the State of Texas.

Q. Will my homestead be exempt?

A. YES, up to the value of \$3,000.00.

Q. What amount is exempt for homesteads now?

A. The State at present allows \$3,000 homestead exemption.

Q. What will the money be used for?

A. To construct and maintain lateral farm roads.

Q. Will the value of my property be raised?

A. NO. This election will not change the values.

Q. Who can vote in this election?

A. Any qualified voter who renders property (real or personal) for taxes.

Q. What is a qualified voter?

A. A person who paid his or her poll tax in January 1951, or is entitled to a voting exemption. To vote in this election, the person must also have rendered either personal or real property or both for valuation in 1950.

 Munday--Knox City

Frank Ikard Announces For Congress Post

District Judge Frank Ikard of Wichita Falls has authorized the Munday Times to announce his candidacy for U. S. Representative from the 13th Congressional District of Texas subject to the special election Saturday September 8.

Governor Allen Shivers has called this election for selection of a successor to Rep. Ed Gossett, who has resigned effective July 31.

A native of Clay County, where his parents, Mr. and Mrs. Lewis Ikard, reside, Judge Ikard is of pioneer stock. His grandfather, the late W. S. Ikard, laid out the city of Henrietta and later introduced Herford cattle in this North Texas area.

Judge Ikard attended the public schools of Clay County and was graduated from the University of Texas. As a youth, he worked on the farm in the wheat harvests. He also made several trips as a "herder" with carloads of cattle which were shipped to markets in Fort Worth, and worked summers as an ambulance driver on night calls in Henrietta.

While attending the State University Judge Ikard served as deputy sergeant at arms for the Texas State Legislature in Austin for three years to help pay his way through school.

"This also was a labor of love, because I enjoyed the parliamentary process of law making. I resolved then to take part in this work, but realized that a man should have some practical experience with local problems and should know the people he represents," the Judge recalls.

He has been a practicing lawyer in Wichita County since his graduation from law school in 1937, with the exception of his military service.

A combat infantry private with Company M, 110th Infantry of the 28th Division, Ikard was sent over seas to France, Belgium and German after 17 weeks of basic training. He won two battle stars before he was captured following a delaying action in the Battle of the Bulge. He was held prisoner of war for seven months, during which time he learned of the horrors of Nazi prison camps. His normal weight of over 200 pounds on his six-foot, four-inch frame was down to 150 pounds when he was liberated in central Germany.

"My experience as a combat infantryman has given me a

JUDGE FRANK IKARD

strong desire to keep my country out of war if possible, and my experience as a prisoner of war has given me an everlasting desire to preserve the American way of living," the Judge declares.

"I believe our standard of living must be protected from further inroads of infiltration. Measures must be taken to insure a stable economy without undue tax burden," Judge Ikard said, adding, "because people who work for a living cannot continue to meet the ever-increasing cost of living and businessmen see yesterday's profits eaten up by today's costs of operation."

Frank Ikard was elected by the Democrats of Wichita County as Chairman of the Wichita County Democratic Committee in 1946 and 1948, and headed the Texas State Veterans Affairs Commission in 1947 and 1948. He resigned these posts when he was named Judge of the 30th District Court by the late Beauford Jester.

As a district judge he has established an outstanding record, disposing of cases before his court at the rate of 750 a year. This is approximately three times the rate of the average district court in the state. He was elected judge of the 30th District Court for a second term in 1950 without opposition.

He is known as a tireless worker. Litigants before his court have always found they can obtain a hearing, and the public outside his court have found him ready to serve in any capacity—from committee work with groups to actual flood rescue work as last summer when he worked around the clock taking people from their flooded homes.

Judge Ikard has always occupied a prominent place in the civic and religious activities of North Texas. Because of the life saving food packages he received from the Red Cross in the German prison camps he has been active in Red Cross work and is the first and only North Texan to serve on the national board of governors of that organization. He serves with many distinguished Americans.

He is also active as a member of the board of the Young Men's Christian Association and has served as Chairman of the Wichita County Juvenile Board. Ikard is 37 years old and is

BOYCE HOUSE

After reading about Virginia Hill and Washington mink coats can you remember back when woman's suffrage was being urged because, if women could vote, politics would be purified?

People are funny! (Hardly an original observation, of course.) Some time ago, I read about the appointment of a friend (or so I looked upon him) to an excellent position.

What with writing this "column" and a daily humor feature and my traveling around making speeches and writing a book a year, I manage to keep my time pretty well occupied but found a couple of minutes to write him a note of congratulations. He did not reply.

And the odd thing was that his new job was in the field of public relations, which is just another name for gaining, and keeping, good will.

Louis Sobol, Broadway columnist, declares, "The greatest instrument ever devised for mass boredom, in my unsolicited opinion, is the cocktail party."

Name of a cafe in San Antonio, "Eat It and Beat It."

A place of business in Austin is named "Howard's Sew-and-So."

Some Oklahoma college professors say their conscience will not permit them to fight in defense of our government but their conscience permits them to draw a living from that government.

Fisher Alsop, Temple's contribution to the story-telling art, was once a school teacher. He attended an institute where an eminent educator, a very wise man from the East, made

married to the former Miss Jean Hunter of Wichita Falls. They have two sons, Frank, Jr., 9, and Bill, 5, and live at 2410 Dar-mouth.

(A political announcement)

a speech in which he said, over and over, "Study the child! Study the child!" In the open forum, Alsop was called on for his views. He drawled, "In my school, there are 85 students and I'm the only teacher. So since there are 85 of them and only one of me, it would be simpler for them to study the teacher!"

Last year the home grounds of 19,403 homes in 200 Texas counties were improved. Improvements included the building of driveways, walks, addition of recreational equipment, planting windbreaks, trees and shrubs as well as extensive landscaping.

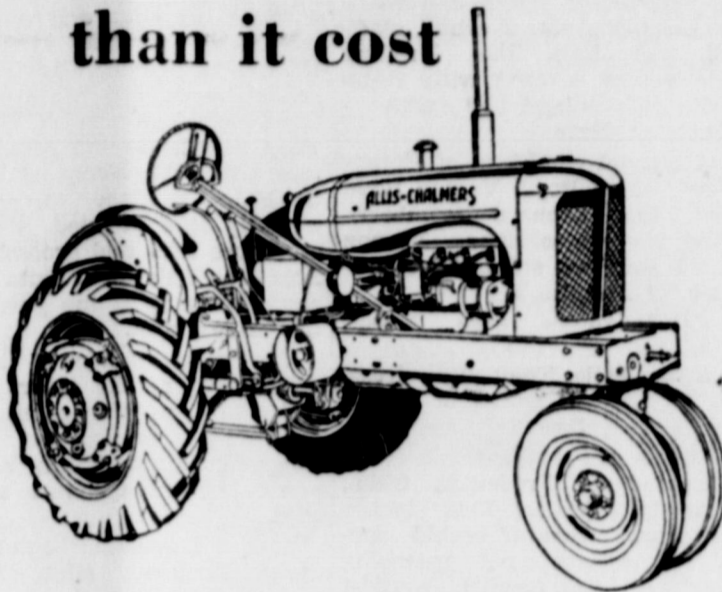

J. B. Walling of Austin spent several days here this week, visiting with relatives and attending to business matters.

The first step in bringing soils to their maximum production should be a soil test or anal-

your WD tractor is worth more than it cost

WD Tractor owners have a power investment that's worth more than it cost. You have the only tractor in its class with two-clutch control, power-shift rear wheels, and Hydraulic Traction Booster — plus an Allis-Chalmers engine that's a proved leader in long life, economy and quick response to sudden loads.

Yes, your WD Tractor is a real money-making investment — especially if you take care of it with careful servicing. See us for oil filters, service parts and maintenance suggestions. We want you to get full returns from the "workingest" tractor in the country.

Miss Tennie Montandon is visiting in Waurika, Okla., this week on her vacation.

Mr. and Mrs. T. E. Pettiet of Littlefield spent the Fourth with Mr. and Mrs. W. C. Welburn.

Mr. and Mrs. James Grammar

and children of Lamesa spent the week end with Mrs. G. R. Elland.

Andy Pruitt of Abilene was a business visitor here this week.

Mack St. Clair of Knox City was a business visitor here Tuesday of this week.

Glenn D. Lawrence Glenna Olmstead Marry In Frederick

Miss Glenna Dean Olmstead, daughter of Mr. and Mrs. Everett Olmstead, Frederick, Okla., became the bride of Glen D. Lowrance, son of Mr. and Mrs. Alice Lowrance of Munday.

The ceremony was held in the Tenth and Gladston Church of Christ in Frederick, Okla., Saturday evening, May 26, at 7:00 o'clock, with W. T. Hamilton, minister of the Commerce St. Church of Christ in Gainesville officiating in the double ring ceremony.

Vows were exchanged before a wrought iron arch entwined with huckleberry and centered with a cluster of wedding bells. The arch was flanked on either side by branched candelabra holding white tapers and white pedestal baskets of white gladioli and fern. The kneeling bench was covered with white satin pillows and tied with a single gardenia.

A quartet composed of Homer Boyd, Eldon Boyd, Vernon Boyd and Mrs. Leonard Brimberry sang several selections. Vernon Boyd sang two solos, "Because" and "O Promise Me."

Candlelighters were Misses Sue Cook and Peggy Moran of Wichita Falls. They were dressed in identical frocks of yellow and wore yellow wristlets.

Misses Leawh Boyd and Betty Olmstead of Frederick, Okla., were bridesmaids. Their identical frocks were of orchid embossed cotton and matching headdress and carried colonial bouquets of pastel flowers.

Matron of honor was Mrs. Bobby Spraggins of Davidson, Okla. She was attired in a dress of blue embossed cotton fashion-

ed with fitted bodice and full skirt. She carried a colonial bouquet of pastel flowers. Her headdress was of blue.

Donald Olmstead, brother of the bride, was best man. Ushers were Norman Barrett, Mineral Wells; John Voss of Munday and Kenneth Olmstead of Frederick, Okla.

The bride, given in marriage by her father, was lovely in a white salyna street-length dress styled with fitted bodice and full skirt. The neckline was fashioned with a bertha collar. Her fingertip veil of illusion was attached to a headdress of flowers. She carried a single orchid attached to a white Bible and attached with white satin ribbons which were caught in double lover's knots.

The couple was honored with a reception at the home of the bride's parents. The refreshment table was covered with a white lace cloth and was centered with a bouquet of flowers that was flanked by crystal candelabra holding white tapers. Miss Joan Robinson of Wichita Falls presided at the punch service. Mrs. Bill Neely of Wichita Falls, cut the three-tiered wedding cake, topped with a miniature bride and groom. Miss Lois Mae Hale of Wichita Falls secured names of the guests for the bride's book.

The couple made a honeymoon trip to Lake Murray and Lake Texoma. For going away the bride wore a beige shantung suit with navy blue accessories. Her corsage was an orchid.

Mrs. Lowrance graduated from Frederick High School and attended Draughan's Busi-College and is employed by Dillard-Waltermire, Inc. The groom graduated from Munday High School and received a bachelor degree in Business Administration at Midwestern University in Wichita Falls. He is a civilian instructor at Sheppard Air Force Base.

They have established residence at 2149 Ave. F, Wichita Falls, Texas.

TWO REASONS WHY MORE FARMERS WANT

GOOD YEAR

SUPER-SURE-GRIP TRACTOR TIRES

1. Deeper Soil Penetration — Greater Pull
2. Balanced Straight Lug Tread Design — Longer Wear!

Goodyear's open center tread has straight deep-biting lugs. No curves to cut traction — no hooks, knobs or elbows to blunt their bite. They cut cleanly into the soil, penetrate full depth, full length. Straight bars closer together at the shoulders wedge the soil for firmer grip—don't "plow out" soil at the sides.

Goodyear open center lugs are all straight, all equal in size and spacing. That's why every lug works equally, pulls fully, wears more evenly. This means a smoother, steadier pull, less vibration and wobble — more riding stability — plus longer life. Get Goodyears for your tractor — they don't cost a penny more.

We Have The Tires!

If you're interested in tractor tires, we have them in stock for both front and rear wheels. Our prices are right—made to fit your purse. Come down our way, and let's trade!

Methodist WSCS Meets Monday In Oates Golden Home

The Woman's Society of Christian Service of the First Methodist Church met in the home of Mrs. Oates Golden on Monday afternoon, July 2, at four o'clock, with Mrs. Raymond Ratliff as co-hostess.

Mrs. J. S. Shannon had charge of the program, which was opened with the song, "Jesus Calls Us." Mrs. J. C. Rice gave a beautiful devotional, "Come unto me all ye who are burned and are heavy laden and I will give you rest." The group then sang "Wonderful Words of Life," after which Miss Shelly Lee gave a history of the Philippine Islands. Mrs. Rogers gave "Work in Rural Areas of North Luzon" and Mrs. Butler closed the program with a short prayer.

After the business meeting, the 15 members present enjoyed lovely refreshments of cookies and ice cream soda.

Mrs. Nell Anderson and daughter of Wichita Falls were visitors over the week end with Mr. and Mrs. A. E. Bowley.

Mrs. Bill Mitchell left Tuesday for Rochester to visit relatives.

ELECTION NOTICE

THE STATE OF TEXAS
COUNTY OF KNOX:

Be it remembered, that on this the 3rd day of July, A. D. 1951, a meeting of the Board of Trustees of Munday Independent School District was had, and there came on to be heard among other matters the petition of Harvey Lee and twenty-nine other property tax paying voters of Munday Independent School District praying for an election to determine whether or not the Board of Trustees of Munday Independent School District be authorized to levy and collect \$1.50 tax on each of taxable property in said district for the purpose of maintaining public schools therein, and

WHEREAS, it appearing to the Board of Trustees of Munday Independent School District that the requisite number of qualified property tax paying voters of said district have signed such petition, and that the same was in due form, and that such election should be ordered in conformity with the provisions of law:

THEREFORE BE and it is hereby ordered that an election be held in Munday Independent School District on the 28th day of July, A. D. 1951, at the City Hall, in the City of Munday, to determine whether or not the Board of Trustees shall be authorized and empowered to levy and collect a \$1.50 tax upon each \$100.00 valuation of all property located within the territorial limits of said school district for maintenance of public schools in said district. It is further ordered that notice of said election shall be given by the Secretary of the Board of Trustees, for at least ten days prior to the date of said election by posting notice

LAWN MOWER—Sharpening on a regular lawn mower grinding machine. O. V. Millstead Welding and Blacksmithing Shop. 45-tfc

NOTICE—I have a supply of 3-5-40 and DDT. See Don L. Ratliff or myself. Also have some with Omer Cure at Gilliland. W. R. Mitchell. 49-2tp

GULF—Try a tank of the "better than ever" Good Gulf Gasoline. Drive into our station for all types of service, from washing and greasing, gas oils, greases, auto accessories and of course those good Gulf Tires. R. B. Bowden Gulf Service Station. 41-tfc

ices in three public places within said district and will make due return thereon showing the time and place of posting such notice. A copy of this order shall be deemed sufficient notice when so posted, by having typed at the top thereof "ELECTION NOTICE," and duly signed by the President of the Board of Trustees and attested by the Secretary.

H. P. Hill is hereby named as election judge to hold said election, and he is empowered to appoint such clerk or clerks as may be necessary for that purpose, and when said election is held he shall make due return thereon to the Board of Trustees of Munday Independent School District.

The ballots in said election shall have printed thereon, in addition to the other legal requirements, the following: "For Maintenance Tax", and "Against Maintenance Tax".

Upon such election returns being received, the Board of Trustees will canvass results, and enter such orders as may be necessary in conformity with the results of such election.

Passed by said Board of Trustees, this the 3rd day of July, A. D. 1951.

J. E. REEVES,
President Board of Trustees,
Munday Independent School District.

ATTEST:
RAY HOLCOMB,
Secretary Board of Trustees,
Munday Independent School District

ELECTION NOTICE

THE STATE OF TEXAS
COUNTY OF KNOX:

Be it remembered, that at a meeting of the Board of Trustees of Munday Independent School District held on this the 3rd day of July, A. D. 1951, among other matters there came on to be considered the question of the assumption of bonds of the Sunset Consolidated Common School District heretofore consolidated with Munday Independent School District under the provisions of Article 2806 Revised Civil Statutes of the State of Texas, being Title 29, Chapter 13, of the Revised Civil Statutes and all amendments thereto, and it appearing to the Board of Trustees that pursuant to a petition duly made to the County Judge of Knox County, Texas, an election was held consolidating said districts, and results canvassed by the Commissioners' Court of Knox County, Texas, and said Sunset Consolidated Common School District No. 27 was thereby consolidated with Munday Independent

President Board of Trustees,
Munday Independent School District.

ATTEST:
RAY HOLCOMB,
Secretary Board of Trustees,
Munday Independent School District.

Buy using the milking procedure developed in recent year, dairymen can save as much as an hour a day in milking a 30 cow herd. This procedure is given in Extension Circular No. 290.

ent School District, and it would be to the advantage of said school district that the outstanding bonded indebtedness of said Sunset Consolidated Common School District No. 27 be assumed by said Munday Independent School District:

NOW THEREFORE be and it is hereby ordered by the Board of Trustees of Munday Independent School District that an election be held on the 28th day of July, A. D. 1951, at the City Hall in the City of Munday, to determine whether or not said bonded indebtedness shall be assumed by Munday Independent School District, at which election only the duly qualified property tax paying voters shall be permitted to vote. It is further ordered that H. P. Hill be and he is hereby appointed as election judge to hold said election, and shall have the power to employ such clerk or clerks as may be necessary in said election, and when said election is held he will make due return thereof to the Board of Trustees of Munday Independent School District.

The Secretary of this Board will give due notice of said election by publishing this notice at least twenty days before the day of said election, in the Munday Times, a newspaper published in said district, and by posting three copies of this order in public notice by the Secretary of this Board. A copy of this order, with the notation "ELECTION NOTICE" typed at the top thereof, and duly signed by the President of the Board of Trustees and attested by the Secretary, shall be deemed sufficient notice.

In addition to the requirements made by law, said ballots will have printed thereon "For Assumption of Bonds" and "Against Assumption of Bonds", and in all other respects said election shall be held in conformity with general election laws.

Passed and approved this 3rd day of July, A. D. 1951, by the Trustees of Munday Independent School District.

J. E. REEVES,
President Board of Trustees,
Munday Independent School District.

ATTEST:
RAY HOLCOMB,

MUNDAY LUMBER CO.

**Gloria Murdock,
Henry Kinnaird
Marry June 30th**

Miss Gloria Murdock, daughter of Mr. and Mrs. J. T. Murdock of Goree, became the bride of Henry Wayne Kinnaird, son of Mr. and Mrs. F. T. Kinnaird of Baytown, at 7:30 p. m. Saturday, June 30, at the home of the bride's parents.

The impressive double ring ceremony was read by Rev. S. E. Stevenson of Goree. Pink and white floral decorations with an arch of greenery formed an impressive altar.

Miss Betty Jane Kinnaird, sister of the groom, and John Freeman of Denton, former roommate of the groom, were the couple's attendants. The maid of honor wore a light blue sheath dress of linen with nylon net overskirt in ballerina length, and carried a bouquet of pink carnations.

The bride, given in marriage by her father, wore a mauve original ballerina length wedding dress of white imported chantilly lace over taffeta, with a small hat, Dutch bonnet style, of white lace. She wore mits of chantilly lace and carried a cascade arrangement of gardenias atop a white Bible.

The bride's mother chose apricot and grey redingcoat style

dress of sheer crepe print and wore a carnation corsage. The bridegroom's mother wore navy and white and white accessories and white carnation corsage.

Serving refreshments at the reception following the ceremony were Mrs. Helen Childress of Denton, who served the wedding cake; Miss Frances Harp of Canyon, who served at the punch bowl, and Miss Janet Mardi of Silver City, New Mexico, presided at the guest book. The refreshment table was beautiful with a cover of imported cut work cloth centered by a floral arrangement of pink and white carnations and gladioli.

For traveling the bride wore a suit of beige with brown and white silk rice cloth, with brown lizard accessories and wore a garden corsage that was part of the bridal bouquet arrangement.

After a short wedding trip to the Big Bend area of Southwest Texas, the couple will be at home in Lovington, New Mexico. Mrs. Kinnaird is high school librarian there, and Mr. Kinnaird is sales representative of Reed Roller Bit Company of that area.

Mrs. Kinnaird is a '49 graduate of North Texas State College at Denton, and Mr. Kinnaird is a '49 graduate of Southern Methodist University at Dallas and a veteran of the U. S. Navy. Guests at the wedding were

MRS. HENRY WAYNE KINNAIRD

Mr. and Mrs. L. J. Hill and family, Joe Mac and Shirley, Mr. and Mrs. M. B. Norvell and Mr. and Mrs. Lester Arnold spent several days last week in Uvalde and Garner State Park.

Let's Talk LIVESTOCK

(By Ted Gouddy)

Fort Worth, July 7.—Strange quirks of the mother instinct crop up now and then and one of the strangest this writer has come across is the story of George and Sue.

Sue is a purebred sheep dog belonging to the Harvey Roach family who have a farm a mile east of Watauga, Texas.

Recently Sue raised eleven puppies. All were given away except one. At about that time, Roach picked up a new-born orphan lamb at the Fort Worth Stock Yards and gave it to his small son, Don.

Don named the lamb George and planned to raise it on the bottle but the minute George was turned loose on the Roach farm, he spied Sue, ran to her and began to nurse.

The little sheep dog accepted the orphaned lamb and she and her sheep dog husband, Charley, seem just as proud of the adopted orphan George as they are their remaining puppy.

Roach is puzzled. Sue has a

bad habit of chasing cars that come along the road past the farm. What Roach wants to know is—Will the lamb, George, grow up to chase cars, too?

Livestock producers of the Southwest are wishing for relief from excessive rains in the midwestern states. Sounds crazy, but it's true.

Two reasons Southwestern cattle and sheep men would like to see some fair and dry weather in the midwest are:

1. Heavy rains and floods are threatening to ruin the lowland corn.

2. Midwest farmers, who buy hundreds of thousands of stocker and feeder cattle, calves and lambs, are currently far behind with farm work and too occupied with other things, including excessive rainfall, to turn their attention to buying stockers.

A shorter than expected corn crop would knock a good many of the farmer-feeders out of the stocker market this year.

Low grade lambs are piling up in the wholesale meat trade in the East and as a result, lambs and yearlings which would make fine feeders are being sold at sharply lower prices

for slaughter. The development has reached the point that some major packers have slowed and even stopped killing the half-fat or one-third fat lambs and yearlings and are sending them to pasture themselves.

This development does not add up to anything but lower prices so—believe it or not—Southwestern cattle and sheep men are praying for less rain and more sunshine in the corn belt!

Surprising development in the movement of livestock during the past week has been the size of receipts.

With the July Fourth Holiday hitting in midweek, it seemed certain that livestock numbers going to market would be sharply reduced.

Such was not the case, however. Cattle receipts at 12 major markets were 132,000 during the four-day week, just 13,000 below the previous week and 3,000 under the same week a year ago.

Calves sold at 12 major markets amounted to 21,900 or 3,500 below a week earlier and 1,700 more than a year ago.

Hogs marketed last week totaled 261,800, a sharp drop of 41,000 from a week ago but still a whooping 40,500 over the same week last year.

Sheep and lamb prices tumbled sharply at Fort Worth and around the market circle in recent marketing sessions.

Prime reason is the collapsing of the prices received for pelts from sheep and lambs.

Since the United States pulled out of the wool markets, especially the foreign markets, the wool price has hit the downward slide as fast or faster than it went up last year.

One veteran packer buyer said at Fort Worth this week that the drop in pelt prices was the sharpest he had ever seen and was perhaps the most sudden and sizable break in the history of the packing industry.

Sale of pelts to processors of mouton for flying suits and fur coats has been at very low ebb. So, most of the wool is being "pulled" from the pelts and sold as pulled wool at the sharply lower prices now in effect.

David Elland, who is attending Schreiner Institute at Kerrville this summer, spent the week end with his parents, Dr. and Mrs. D. C. Elland. Mrs. Elland and Allen took him back to Kerrville Sunday evening.

Mr. and Mrs. J. J. Keel and Miss Leona Keel, accompanied by Mrs. A. D. McDonald and son of Midland, left last Monday for Baytown for a visit with Mr. and Mrs. J. H. Frazier.

AUSTIN HIGHLIGHTS

By Senator "Cotton" George Moffett

CHILLICOTHE, Tex., July 19

—Approximately 1400 bills were introduced in the regular session of the 52nd Texas Legislature. About 500 bills were finally passed. The Governor vetoed over 25 of those that reached his desk. A large proportion of the bills which passed were either local fish and game bills, or local county road laws. Local laws, which deal with those subjects are the only county laws permissible under the Texas Constitution. Baylor, Knox and Wilbarger Counties each have a new law restricting the taking and sale of minnows, within these respective counties. The restrictions apply particularly to the sale of minnows caught in these counties and transported elsewhere.

There were 1458 roll calls in the Texas Senate and in the session just closed. I missed very few of them. I do not have a record of the roll calls in the House at hand at this time.

The 52nd Legislature devoted considerable time and attention to increased safety upon the highways. Reliable figures indicate that more Texans lose their lives each month upon our highways, than there are fatalities among Texas boys in the Korean war.

One bill relating to safety on the highways, requires that trucks with as many as four rear wheels must be equipped with mud guards or mud flaps. The purpose of this bill is to prevent the windshields of cars following a truck from being covered with mud and slush—the latter having been the cause of many bad accidents. This new law should prove helpful.

Among other bills pertaining to the regulation of motor vehicles are two which have caused wide comment. One is known as the Motor Vehicle Inspection Law and the other is known as the Motor Vehicle Financial Responsibility Law. They deal with separate angles of motor vehicle operation, but have become confused with each other.

The Motor Vehicle Inspection Law becomes effective September 7, 1951, and requires that each motor vehicle operated upon the public highways of Texas as must be inspected one each year as to mechanical condition. This inspection costs one dollar and does not include repair work should any be needed. Personally, I have considerable doubt that this law will bring benefit in proportion to the cost, and

LOCALS

Mr. and Mrs. Lee Haymes were guests in the home of Mr. and Mrs. John Nobles in Big Spring over the week end. Mrs. Noble and daughter, Cindy, accompanied them home for a few days visit.

Mrs. Joe Bill Pierce and children of Big Spring spent the week end with her parents, Mr. and Mrs. P. V. Williams, and other relatives.

Mrs. R. A. Clements has returned to her home in Bryan after a weeks visit with her sister, Mrs. Dave Elland, and other relatives.

Mr. and Mrs. E. W. Harrell spent the first of this week in Wichita Falls, where they attended a toy show and transacted other business.

Miss Carolyn Hannah, who is attending Texas Tech in Lubbock this summer, and Jim Choate, also of Texas Tech, were visitors here over the week end.

Miss Gwynna Lee Smith, who is attending Texas Tech in Lubbock, spent the Fourth here with her parents, Mr. and Mrs. A. L. Smith, and with friends.

From where I sit... by Joe Marsh

Might Say The Birds Got "Nettled"

Had dinner with Tik Bradley the other day, and over a frosty bottle of beer I found out about his job with the U. S. Fish and Wildlife Service.

"Now just exactly what do you do?" I asked him. "Shoot birds with a cannon" he calmly replies.

Seems they actually do use a cannon—to shoot out a net over a flock of birds feeding on the ground. The birds start to take off at the sound of the shot, but the settling net brings them back to earth. Then they're banded around the leg so more can be

learned about their migratory habits. Afterwards, they're let loose—and everyone's happy.

From where I sit, it was a good example of how when you learn the real facts they're often not as bad as they may sound at first. Like with people. Get to really know your neighbor and chances are you'll be more tolerant of his preferences—even though they're not your own. Take a good look, before you jump to conclusions.

Knox Prairie Philosopher Wants Somebody To Come Out In Favor Of A Rate Increase For Him, Too

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek has joined the general trend, his letter this week reveals.

Dear editor:

For a long time now in nearly every paper I pick up out here I've been noticing that practically everybody these days is asking for a rate increase. The telephone company, the light company, the gas company, the water company, the government tax experts, children's allowances, barbers, tailor shops, coal miners, clerks, soda skeets, district judges, policemen, congressmen . . . everybody at one time or another has been asking for an increase.

Now I have always been in much as they can, never did like to see how cheap I could work, in fact had rather sit around doing nothin than work at a rate which wouldn't return me at least 8 percent on my investment and I got my investment figured pretty high, same as a lot of other folks, but I have been readin and readin and I haven't found anybody who's demandin a rate increase

for me. All I can see is a big howl for a rate reduction for farmers, with this fellow DeSalle rollin back the price on cattle every time he's interview in Washington, even if his rollbacks do have a hard time finding their way to the meat counter, I know cotton is sellin for a pretty good price now, but ain't nobody much got any cotton to sell now. Wait until the stuff really starts flowin to the gin. If this year is anything like most years, us farmers will be in for a rate reduction, as sure as cotton is high at plantin time and low at pickin time, as sure as politicians reduce taxes while they're runnin and raise em when they

THE HOUSE CRIME INVESTIGATING COMMITTEE

TEXAS CRIME PROBERS—Pictured above is the five-man committee named by the Texas House of Representatives to investigate organized crime in Texas during the next two years. The second public hearing of the committee is slated for June 25 when the committee will delve into the activities of the Maceo gambling group in Galveston. Left to right the members are Horace B. Houston, Jr. of Dallas, Waggoner Carr of Lubbock, Chairman Fred V. Meredith of Terrell, Bill Wood of Tyler, and Charles Murphy of Houston.

Defoliation Of Cotton May Help Control Insects

Chemical defoliation of cotton may be worth the cost and effort regardless of whether the harvest is to be by hand, by pickin machines or by mechanical strippers.

Removal of the leaves exposes all bolls to sunlight and air current so they dry rapidly and open quickly. This often allows the cotton to be picked two weeks earlier.

Defoliation may be beneficial in the control of cotton insects—cutting down on leaf worms and aphid infestations, reducing boll weevil populations and permitting early stalk destruction for pink boll-worm.

"Apply defoliants when they get safely in.

Now I know a few stores in New York have cut the price on electric razors and aspirin tablets and a few similar items, but it ain't lowered the cost of livin out here on the creek a bit. They could cut the price of locomotives half in two and it wouldn't affect me none. I got very little use for a locomotive at any price.

I ain't given up yet, I'm gonna keep on readin' but I'm still lookin for some bird who has come out for a rate increase for me. Farm products may be high, compared to what they was ten years ago, but as far as I can tell I fall just shy of makin ends meet now as I did then. Yours faithfully, J. A.

youngest bolls expected to make cotton are 25 days old," advises F. C. Elliott, cotton specialist for the Texas Extension Service. "Defoliants should be applied ten day or two weeks before the intended picking date."

Use of defoliants is recommended only when plants are wet with dew or when adequate dew is forecast. Elliott cautions that the dust must remain in moisture on the leaf for at least two hours. Four or more hours of moisture is preferred.

Calcium cyanamide and monosodium are two recommended dust defoliants. Calcium cyanamide, sold under the trade name "Aero Cynamid, Special Grade," should be applied at the rate of 30 to 40 pounds per acre. Twenty-five to 35 pounds per acre is recommended for monosodium cyanamide, which is sold as "Aero Sodium Cynamid Dust (X-10)."

Spray defoliants may be used in the absence of dews and when the air is extremely dry. However, Elliott warns that thorough coverage of the cotton plants is essential for good results.

Good defoliation can be obtained with six to eight pounds per acre of spray defoliants sold under the trade names—"Shed-A-Leaf," "Ortho C-1, Liquid Defoliant," "Aero Cyanate Weed Killer" and "Dow Defoliant." One to four pounds of "Niagral DF Spray" per acre or 5 to

Weekly Health LETTER

Issued by Dr. Geo. W. Cox M. D., State Health Officer of Texas

AUSTIN—Not a single case of smallpox has occurred in Texas this year, said Dr. Geo. W. Cox, State Health Officer. Unfortunately, the fact that we have had no smallpox does not mean that we are immune for all time. "Smallpox can strike again. For example, an infected indi-

vidual from Mexico innocently carried the disease to New York City. The result was 13 cases and three deaths, the first deaths in 35 years. Service men returning from the Orient caused an epidemic of 68 cases and 20 deaths in Seattle in 1946.

"In spite of Texas' apparent freedom from smallpox, vaccination of every child before he is a year old and re-vaccination every three to five years is imperative. This is the only sure way to prevent the disease. "With the speed of present day travel, a person harboring

smallpox could alight in our midst at any time. If the public becomes lax concerning vaccination that single case could spread as happened in New York and Seattle.

Dr. Cox asks, "When were you and your family last vaccinated against smallpox? Would you and your children be safe if exposed to this disease?"

Mrs. Carl Jungman and children, Ida Jo and Mike, of Vernon spent Sunday with Mrs. Jungman's parents, Mr. and Mrs. H. M. Michels.

LOCAL and LONG DISTANCE HAULING

I am equipped to take care of your local and long distance hauling—day or night. Headquarters at Munday Truck and Tractor Company.

Activities Of The Colored People

Sunday school was well attended at all churches Sunday.

West Beulah Church really did enjoy the Sykes Gospel Singers on Friday night. All the ladies spent the night in the home of Mrs. Fannie Mae Johnson, while Professor Sykes spent the night in the home of Rev. Q. H. Beaver.

John Henry Keys passed away in the Knox County Hospital on July 1. He was laid to rest on Tuesday in the colored grave yard east of town. Rev. Douglas attended his funeral at West Beulah Church at 3:30 Tuesday evening.

Mrs. Aline Ross was called to Amarillo on account of the death of her stepfather.

Mrs. Fannie Mae Johnson and two granddaughters, Joyce and Etta Faye, spent Sunday evening at the Haskell hospital, visiting a sick friend.

Mrs. William Williams received word that her grandson was doing fine. He was taken to the hospital recently.

Kracker Krumbs—

(Continued from Page One)

district. Governor Allan Shivers has ordered an election for Saturday, September 8, to elect our representative to Congress.

So we do have politics in an off-political year. This week we are carrying the official announcement of one of those persons who want to represent the 13th district in Washington.

We have wind of still another election. The Texas Legislature passed on some constitutional amendments during the recent session. We understand some of these are to be submitted to the voters sometime this year.

Mr. and Mrs. J. H. Amerson visited with relatives in Oklahoma City over the week end.

Mr. and Mrs. H. B. Norvell and son spent the week end in Fort Worth.

Mr. and Mrs. J. F. Perryman of Ralls spent the week end with Mr. and Mrs. Press Phillips.

Mrs. Joseph Borden visited in Abilene last Sunday.

Miss Helen Phillips of Abilene came home Sunday to spend the summer with her parents, Mr. and Mrs. Press Phillips.

Mr. and Mrs. C. L. Guinn of Stephenville visited Mr. and Mrs. Bill Dixon and family over the week end.

Miss Bera Faye Spann and Miss Betty Lawrence visited friends in Post over the week end.
