## Kracker Krumb's Odd Bits Salvaged at Random

And when the final scorer comes

To write against your name, it matters not if you've won or lost

But how you've played the game!

The words my not be exact, but the idea is there.

The writer of that part of a poem probably meant it to apply to the game of life, but it also applies to any game of athletics.

With the football season upon us, it might be well for us fans, as well as the coaches and players, to keep the above idea well in mind.

For fans have a lot to do about whether or not a team does its best, or wins or loses. A team will not do its best when it goes on the field knowing that the attitude of its home-town fans is against it.

There's just as much glory and satisfaction in playing a game loyally and well, although losing, as in violating the rules and winning the game.

It's the better athlete who puts "his all" into playing a losing game. It's a good coach who encourages his team to play the game fairly, whether winning or losing.

And whether our Moguls win a game or not, they deserve the undying loyalty of their home fans as long they play the game strictly according to the rules.

And with these remarks, we switch to an article which was contributed this week by a most loyal backer of Munday's athletes, regardless of the game they specialize in. It hits at most of us because our lack of interest and criticisms when Munday High School did not produce a winning football team.

The remainder of this article are his statements, not ours, but they're worth pondering over. Here they are:

Next Friday night, September 14, the Munday Moguls will play their first home game of the 1951 season. This game will be played against Seymour. The Moguls lost their first game of the season, playing against Crowell last Friday night.

It is sincerely hoped that our home people will not let the team down by staying away from the home games because of team losses.

We have a fighting team that is willing to put everything it has into the game, and hard working coaches who believe in their boys. This aggregation deserves the backing of its home people.

All too many measure a football team by its ability to win games. We all like to win, but after all, winning games is a minor benefit a team and a community gets from football.

The real benefit comes from the citizenship, the sportsmanship, and the cooperative spirit that the game teaches.

In every community, there are a few so-called fans who are prone to criticize both boys and coach if they lost. They especially pick out a coach for a few choice darts.

Sometimes these criticisms have some merit, perhaps. But too often they come from those who know nothing about the real merits of the game. In fact, this is usually the case.

If we would only stop to think the law of averages tell us it is impossible to have a winning team excepting at intervals. In fact, a school the size of Munday is lucky to have a winning team within a four or five year interval.

When a team loses, nobody feels as badly as the team and (Continued on last page)

## Frank Ikard Is Victor In Congress Race

District Judge Frank Ikard of Wichita Falls is receiving congratulations of all Texas this week over his victory in the race for Congress of the 13th District, a seat in the U. S. capitol recently vacated by Ed Gossett.

Mr. Ikard received approximately 32 per cent of all the votes cast, and only a plurality was needed to place him in Congress.

In Fort Worth last Tuesday, Mr. Ikard handed his resignation as judge of the 30th District Court to Gov. Allan Shivers. Shivers is expected to announce appointment of a new district judge to succeed Ikard within a few days. The resignation became effective on Wednesday.

Accepting Ikard's brief letter of resignation, Shivers said, "Congratulations, Frank, you're going to make a great congressman."

Ikard and his wife will fly to Washington Friday and the new congressman will take up his duties in congressional hall. Official returns from 14 of the 15 counties in the district, and returns from all but a few precincts in Denton County, were announced Tuesday. They revealed 28,836 ballots counted with results as follows:

Ikard, 8,931; Jenkins, 5,322; Jackson, 5,070; Wagoner, 4,146; McFarlane, 2,736; Crouch, 2,292; Wilkins, 72; Stephens, 47.

Only 1,053 votes were cast in Knox County, with Ikard leading the ticket. Total in the county vote was as follows:

Crouch, 25; Jenkins, 234; Ikard, 364; Wilkins, 4; Stephens, 17; McFarlane, 128; Wagoner, 147.

## Meeting Begins At North Side Church On Friday Night

A revival meeting will begin on Friday night, September 14, at the North Side Church of Christ in Munday. Services will be held at 8:30 each evening.

Preaching will be by Bro. Strother of Fort Worth and Bro. Noyes of Tuxedo. Both are well-known gospel preachers who bring messages from the truths of the Bible.

Everyone is cordially invited to attend each and every service.

## Knox County Hospital Notes

Patients in the Knox County Hospital September 9th:

Mrs. R. F. Tallant, Knox City; Mrs. Mike Bruckner, Munday; Mrs. James Browning, Truscott; Mrs. Fred Searey, Munday; Hugh Rogers, Knox City; Mrs. Anna Simonitz, Munday; Mrs. Edward Smith, Munday; Mrs. J. B. Lamb (col.), Rochester; Claude Rouse, Knox City; W. H. Wheeler, Knox City; Mrs. R. P. Barnard, Sr., O'Brien; Andy Elland, Munday; Ray D. Ford, Munday; Mrs. J. P. Clark, Knox City; Mrs. Juan Chavez, Knox City; Mrs. Floyd Robertson, Truscott.

Patients dismissed since Sept. 2nd:

Mrs. Jose Arriola, Rochester; Mrs. Gary Reid, Munday; Mrs. William Jackson, Goree; John Bates, Goree; Mrs. Ernest Day, O'Brien; Mrs. T. R. Campbell, Knox City; Robert Jennings, Munday; Danny A. Earle, Weinert; Mrs. Bill Lemley, Munday; Mrs. T. M. Knight, Dallas; David Johnson, Truscott; Mrs. J. M. Hatmaker, Knox City; Miss Evelyn Hollis, Knox City; Mrs. J. D. Holmes, Rochester; J. W. Williams (col.), Knox City; Mrs. Joe Wilde, Munday; Edward Smith, Munday; Mrs. Roy Lane, Goree; Mrs. Max Bailey, Knox City; J. W. Shahan, Goree.

Births since Sept. 2nd:

Mr. and Mrs. Ernest Day, O'Brien, a boy.  
Mr. and Mrs. J. M. Hatmaker, Knox City, a girl.  
Mr. and Mrs. James Brown, Truscott, a girl.  
Mr. and Mrs. Joe Arriola, Rochester, a boy.

Frank Ikard, Newly Elected Congressman For The Thirteenth District

## O. E. S. Chapter Instituted Here Saturday Night

Work which interested parties have done for several months was brought into fruition last Saturday night when a local chapter of the Order of Eastern Star was instituted. Here for the official ceremonies were Dr. H. C. Sloop of Houston, grand patron; and Mrs. Logsdon of Abilene, district deputy matron, O. E. S.

Officers of the local chapter announced this week that a meeting will be held in the Masonic hall next Saturday night.

Officers have been elected, as follows:

Mrs. Ernest Allen, worthy matron; Ernest Allen, worthy patron; Mrs. Clifford Good, associate matron; E. L. Goolsby, associate patron; Mrs. Joe B. Roberts, conductress and Mrs. G. B. Hammett, associate; Mrs. Levi Bowden, secretary; Dave Jetton, treasurer; Mrs. Don L. Ratliff, marshal; Mrs. J. K. Jackson, Allie Moorhouse, Bryan Cammack, Dve Jetton and H. A. Polnac, star points; Mrs. E. L. Goolsby, organist; Mrs. Jewel Stark, chaplain; Joe B. Roberts, warden, and Otis Simpson, sentinel.

## Tea Will Honor New Teachers

Officers of the Munday Parent-Teacher Association announced this week that a tea will be given at the school auditorium on Thursday afternoon, September 20, at 3:45 o'clock honoring the new teachers in the Munday school system.

In the receiving line will be Mrs. Fred Broach, Jr., P.T.A. president; Mrs. Bryan Cammack, who served as president of the Sunset P.T.A. before consolidation; W. C. Cox, C. C. Brown and new teachers.

Serving punch will be Mrs. Lonnie Offutt, first vice-president, and Mrs. D. C. Elland, second vice-president.

New teachers in the local schools this year are: J. H. McGaughey, principal of grade school; Mrs. Frances Haynes, second grade; Mrs. Ina Cowan, first grade; Miss Barbara Almarode, commercial work and English; Forrest Posey, band director; Mrs. J. S. Shannon, fifth grade; and Mrs. Annie Morgan, English in junior high school.

Mr. and Mrs. Douglas Smith, Gordon and Glenda Nell, Mr. and Mrs. J. L. Hamilton of Amarillo spent the week end visiting relatives in Munday.

## Labor Reception Center Is Possible

A labor reception center for Munday is possible—in fact, it's very probable.

Under the sponsorship of the C. D. A., an organization has been formed to look into this need in detail. Heading the organization as chairman is L. B. Patterson, Sr., with E. H. (Bud) Nelson as vice-chairman and "Cotton" Smith as secretary-treasurer.

Since the formation of this organization, a large degree of interest has been shown in the project. Such a center would provide a place for the traveling laborers, who have been on the road all day, to stop, rest and

## Five Paymaster Gins Operating In This Area

"No matter where you farm in this area, you'll find a Paymaster Gin near you and ready to serve you. This is a statement made recently by H. A. Pendleton, district manager for the Paymaster Gins, in announcing that all the company's gins in the area are now ready to handle the farmer's cotton crop.

Mr. Pendleton stated that the Paymaster Gins have been thoroughly gone over during the summer season, and they are in tip-top shape for the approaching ginning season. All are equipped with quality ginning machinery, assuring farmers of proper handling of all cotton brought to these gins.

There are five Paymaster Gins operating in this immediate vicinity. They are as follows:

Munday, Cliff Good, manager.  
Vera, Brooks Campsey, manager.  
Knox City, E. R. Carpenter, manager.  
Rochester, R. A. Shaver, Jr., manager.  
Weinert, E. D. (Toots) Earle, manager.

## Wiggins Named Chairman For U. S. O. Drive

M. L. Wiggins of Munday, has been named Knox County Chairman for the forthcoming fun appeal in Texas for the USO. Appointment of Mr. Wiggins to head the Knox County appeal was announced by Ben H. Wooten of Dallas, Campaign Chairman of the Texas United Defense Committee and J. Ben Boston, District 13 Chairman of the U. S. O. fund campaign.

In accepting the appointment as County Chairman, Mr. Wiggins pointed out that Knox County has a total of 122 boys and girls serving in the armed forces and that more young people will be called up from time to time as our defense program expands. "One of the most important civic, patriotic and personal responsibilities is to these young people in uniform," Mr. Wiggins said. "Through the U. S. O. we have a means by which we can assist in keeping up the morale of these young men and women who are giving up so much to protect our freedom."

"Let's make certain that the fund appeal for \$960 in Knox County is a success."

## "Somewhere" Opens; Mrs. Kelsey Nelson Operates Business

"Somewhere" has been opened in Munday.

It's a new eating place which is being operated by Mrs. Kelsey Nelson, and is located between Harrell's Hardware and Morton and Welborn Grocery. It's specializing in "someburs," hamburgers, foot-long Cone Islands, barbecue on buns, home-made chili, and soft drinks.

Mrs. Nelson stated that curb-service will be featured each evening after 7 p. m. She invited the patronage of local people.

Miss Jane Holloway of Haskell visited Mr. and Mrs. Lee Haynes over the week end.

## Moguls Meet Panthers Here Friday Night

### Defeated By Crowell In Initial Game

The Munday Moguls will meet their arch rivals, the Seymour Panthers, in the first home game of the season next Friday night at eight o'clock. Local fans who did not brave the stormy weather last Friday night to see the Mogul-Crowell game, will get to see the locals in action on their home field.

Little is known of the strength of the Panthers, since this will be their opening game of the season. This annual affair between the Moguls and Panthers is always a good one, however, and the game will attract interest of fans from all of this area.

This will be a non-conference game. Due to a new ruling, in effect for the first time this year, Seymour is playing in Class AA, while the Moguls are in Class A.

Playing in the rain which hampered both teams last Friday night, the Moguls suffered a smashing 26-0 defeat at the hands of the Class AA Wildcats. The Cats jumped to two quick touchdowns in the first period, using a pass combination of Don Gobin to Jim Norman to set up both talls.

The Moguls could not get going against this strong opposition, the rain and wet ball causing them to fumble on four occasions.

Coaches Green and Stewart have the boys at hard workouts this week, and it is hoped that a smooth operating team will face the Panthers on Friday night.

## New Books Are Added Library

The Munday Public Library recently received several new books, including four small children's books, "The Blowaway Hat," "The Noisy Clockshop," "The Cats That Stayed for Dinner," and "Baby Susan's Chickens." These are for pre-school and grades one and two children.

Other children's and teen age books added to the library are: "Gallus Rock," "Christmas Bells Are Ringing," "Dinny and Danny," "Fajito" and "Time Out For Youth."

## Former Resident Passes At Dennis

Mr. and Mrs. L. W. Hobert received a wire Wednesday, advising them of the death of G. W. Haney, former resident of Munday, who passed away at Ennis. Funeral services will be held at Ennis on Friday.

The wire, coming from Mrs. Tom Haney of California, stated that Lee Haney is in a Roswell, N. M., hospital badly injured from a car wreck. A grandson, Jimmy Lee Haney, is driving through from California to attend the funeral.

Mr. and Mrs. Hobert plan to attend the funeral in Ennis.

Visitors in the Ben Williams home Sunday were a sister, Mrs. A. L. Babson and her daughter and husband, Mr. and Mrs. Vern Jarrod of Wichita Falls, a brother-in-law, Jim Bogby of Clyde, Mr. and Mrs. Lewis Peyton and Sue of Archer City, Mr. and Mrs. John Williams of Rule.

## Weather Report

For the period of Sept. 6th through 12th, 1951, as compiled by H. P. Hill, U. S. Weather Observer.

W. H. Wright, Chairman North Texas Dist. Oil Industry Information Body

## Co-op Gin Is Near Completion On Third Plant

Work is expected to be finished on an all new Continental plant at Formers' Co-op Gin within two weeks.

This plant is equipped with the latest and best in gin equipment, and upon completion, it is expected to be one of the most modern and complete gins in this territory.

The plant will be electrically powered with a 25 HP motor, and as separate 60 HP motor will furnish power for air, will contain five stands with the latest lint cleaners, all of which will give the producer the cleanest and best sample he can get and at the same time, make him more money.

The Farmers' Co-op Gins of Munday also has a 1946 and a 1949 model Continental Gin, all of which are equipped with lint cleaners. These three plants are all similar in design and equipment, and are the only three Continental Gins under the same name in the United States.

Work was begun on July 18 digging the foundation for the new plant, erection began on the building on July 24, and was finished in two weeks. The greater part of the machinery is now installed and should be ready for operation on or before September 1.

One plant is now ready for ginning and has ginned 18 bales. No. 2 will be ready by Sept. 15.

The policy of this gin—"Ginning at Cost", reflects the interest of this modern plant in the community. It is owned and operated by the farmer and for the farmer.

All former customers and prospective customers are urged to come in and visit with us—the place where friends meet. The public is cordially invited to come in and inspect these three complete plants.

## Junior Mogus To Play Thursday

The junior edition of the Munday Moguls may be seen in action here tonight (Thursday) when they tangle with the junior Indians of Haskell.

Coach Troy Stewart stated this promises to be an interesting game for the juniors, and all football fans are invited to attend.

## Mrs. Bailey Brown Dies At Knox City

Mrs. Bailey Brown, 51, passed away at the Knox County Hospital last Monday. She had been a resident of the Needmore community, southwest of Knox City for some time.

Mrs. Brown suffered a stroke early Monday while offering devotional at a missionary society meeting at the First Baptist Church in O'Brien.

Surviving her are her husband; five sisters, Mrs. Marcus Short of Odessa, Mrs. Rosa Thomas of Snyder, Mrs. Morris Rick of Denver, Colo., Mrs. Rommit Hudson of Eastland and Mrs. Willie Corley of Lamesa; five brothers, Rufus Butcher of Amarillo, Charles, Julian and Emory Butcher, all of Lamesa, and Bob Butcher of O'Donnell.

Funeral services were held from the First Baptist Church in O'Brien at 3 p. m. Tuesday.

## Ratliff Named On Oil Progress Committee

W. W. Wright, chairman of the North Texas District of the Oil Industry Information Committee, said this week that local chairmen in all the towns in the twelve county district are making plans to publicize Oil Progress Week, October 14-20.

Mr. Wright stated that oil companies and representatives of allied industries had offered encouragement to local newspapers in the preparation of special sections publicizing the importance of the oil industry in our free enterprise system during Oil Progress Week this year. "I hope that service station operators, bulk agents, producing companies and all firms and individuals associated with the oil industry will cooperate with Don L. Ratliff, the local representative on the district committee, in making Oil Progress Week this year the most outstanding ever held," Mr. Wright said. Ben F. Lowell, Wichita Falls independent oil operator and chairman of the Speakers Committee, said that most of the communities will stage a parade during the week of October 14-20 to allow citizens to see how much equipment is being used by retailers, wholesalers and producing companies in the distribution of oil products in the Munday area.

Mr. Wright informed Mr. Ratliff that capable speakers would be available to address local civic clubs during Oil Progress Week, but suggested that requests for speakers be made as early as possible.

## Rodney Alan Jones Crushed To Death By Dairy Truck

A two year old boy, Rodney Alan Jones, playing behind a dairy truck parked in front of his home in Fort Worth was crushed to death about 10 a. m. Tuesday, September 11, when the driver, T. M. Bailey of Fort Worth, backed the vehicle up.

Mrs. W. Everett Jones, the mother, rushed the baby to the downtown office of Dr. Thomas J. Cross where he was pronounced dead on arrival with a crushed chest and multiple bruises. Death was believed to have been instantaneous.

Other survivors include a six year old brother, Gary John Jones, and grandparents, Mr. and Mrs. G. D. Jones of Goree and Mr. and Mrs. L. L. Nichols of Haskell. Funeral services were being planned Tuesday afternoon at Ray Crowder Funeral Home.

A number of relatives from Goree went to the funeral. Including Mrs. G. D. Jones, the grandmother. Mr. Jones was unable to attend the services.

## Methodist Men Meet On Tuesday

The second regular meeting of the Methodist Men was held last Tuesday evening at the Methodist Church. A watermelon feed and an enjoyable program featured the meeting.

O. H. Spann served as program chairman. Gene Harrell and Fred Broach, Jr., furnished a "radio skit" which was very entertaining, and J. H. Bardwell made a very interesting talk. Others on the program were C. E. Fox and E. R. Ponder.

The Methodist Men are meeting on the second Tuesday of each month. All men of the church are urged to attend the meetings.

## 1949 Graduates Starting Fund For Lighted Scoreboard

1949 graduates of Munday High School have started a fund for the purchase of an electric scoreboard for the Munday school gymnasium. Members of the class have already donated \$62 toward this fund.

Others who desire to help may make their donations to school officials or members of the 1949 class.

It is hoped to have the new scoreboard in operation for the opening of the basketball season.

### REPROACH BEYOND ACCEPTANCE

By NED H. DEARBORN

President, National Safety Council

Sometime this year, probably about the middle of December, the 1,000,000th traffic death will occur in the United States—unless there is mass determination to postpone that fearful date.

It is shocking to realize that since the turn of the century, since the first automobile chugged and hissed to the derision and excitement of a horse drawn era, the lives of almost 1,000,000 men, women and children have been squandered in one of the most senseless and tragic wastes of modern times.

But even more shocking than the toll is the inescapable fact that few Americans feel any personal concern. As other fellows perish about them, they look on with a detachment and complacency that is difficult to understand and even more difficult to alter.

There rests the keystone of the entire traffic safety structure—personal concern. The duty of every responsible citizen is to strive for traffic safety as a voter, as a volunteer worker in whatever capacity his interests and abilities direct, and as a driver and pedestrian. Even the relatively small percentage of accidents caused by mechanical failure of motor vehicles could be reduced if owners would make sure their cars are in safe condition.

Two years ago the well-loved Margaret Mitchell was struck down on a street in Atlanta, Georgia, by a driver who, while personally capable, was only the product of his city's apathy. The blood of Margaret Mitchell was on the hands of everyone whose indifference set the stage for the tragedy. Shocked into action, Atlanta today is making impressive strides in accident prevention.

But what will it take to spur the nation into action? Will 1,000,000 deaths—the day of seven-figure reckoning—do it? If so, the dead will endure to some purpose and memorialize a new hope.

One million deaths, then, can be more than a morbid milestone on a road without ending. It is a place to examine the failures of the past and to plan for the future.

For more than a decade the techniques of traffic accident prevention, tested and proved by the National Safety Council and other organizations, have been available for application by any city or state. What has been the result?

While most states have a statute requiring examination for a driver's license, only a few administer the law strictly enough to give it meaning. Thousands of drivers lack the skills, physical faculties and mental attitudes for safe driving. Re-examination of older drivers or those who have been involved in accidents or violations is virtually non-existent.

Enforcement of traffic laws always will be necessary to curb the irresponsible minority. Yet in most cities far less than the minimum stand-

The Munday Times is Democratic, yet supporting only what it believes to be right, and opposing what it believes to be wrong, regardless of party policies, publishing news fairly, impartially.

NOTICE TO THE PUBLIC: Any erroneous reflection upon the character, standing, or reputation of any person, firm or corporation which may appear in the columns of this paper, will be gladly corrected upon due notice being given to the publisher, at the Munday Times office.

ard of 25 per cent of the police power is devoted to traffic.

The finger of accumulation has been pointed repeatedly at the teen-age driver. Yet only a third of our eligible students are receiving driver education, and far less than that number are offered behind-the-wheel instruction.

Only 13 states permit tests of blood alcohol to be used in court against the most reprehensible motoring miscreant—the drinking driver. Yet scientific tests are the only sure measurement of intoxication.

Engineering and road building have fallen far behind the demands of the motor age. Lack of funds is the common excuse, yet billions of dollars in gasoline taxes have been diverted into channels of political expediency.

Automatic revocation of a driver's license for serious misconduct is invoked too seldom. Jail sentences are few. The system of fines and penalties throughout the nation is a hodgepodge of improvisation, the temper of the court, and the stature and legal counsel of the defendant.

Officials can act effectively and decisively only within the limits of public support. Only a few states and cities have organized public support groups of influential citizens who can arouse the interest and crystallize the opinion of the community. And many of those that do exist are merely letterhead donations to the public good.

There are but a few of the more obvious holes in the dike of traffic safety. They can be plugged, but only through the aroused interest and insistent support of people who care.

All the time remains before the 1,000,000 victim is counted. At best, that somber date can be pushed into 1952—if 1,000,000 ghosts are a reproach beyond acceptance. Are we going to do something about it?

### A GOOD KIND OF SCRAP!

The "Dakota Farmer" recently ran a significant little editorial which said, "There is one kind of scrap people can mix into without fighting but without which this country cannot fight a war—scrap iron and steel."

Farmers aren't being asked to give their scrap away. The idea is to take it into town and sell it to scrap dealers, or, in the case of heavy and bulky material, to call the dealer and arrange for transportation. Practically every farm in the country has accumulations of obsolete and worn-out machinery which is entirely worthless to the farmer. This may include broken tools, parts of tractors, trucks, cultivators and so on. It's junk on the farm—but in the form of scrap, it can help provide the vast flood of steel the country needs. The situation is urgent. Today, steel's appetite for scrap is pretty close to insatiable.

"Jeep" is an abbreviation of "G. P.," meaning "General Purpose," which was once printed on the sides of such army cars.

### Uncle Sam Says

The moral fibre of our Americanism is today on trial. The dark clouds of aggression are still ominous. In the defense of our freedom two things are essential—preserve our national economy and utilize to the fullest America's tremendous productive power. The purchase of U. S. Defense Bonds gives every American the opportunity to share directly in strengthening our economic power. Make today your "D" Day with Defense Bonds!

U. S. Treasury Department

## Let's Talk LIVESTOCK

(By Ted Goudly)

FORT WORTH, Sept. 8.—The September movement of cattle and calves out of Texas may easily set a record this year. The livestock agents of rail lines at Fort Worth are sitting up nights trying to get livestock cars back to Fort Worth and other central shipping points in the state to take care of the thousands of cattle and calves.

The unusual aspects of the movement this year are that South Texas shipments are much heavier than normal because of the drought. This may mean that shipments next spring from that section will be abnormally small.

Another phase of the movement is that most of the shipments are going great distances. Most shipping points are far enough away from the Southwest that few if any of these cattle will ever come back. Destinations in Arizona, California, Wyoming, Colorado, New Mexico and all across the Midwest South Central to Southeastern points, appear on the rail car billings going out of Fort Worth.

It is very difficult to get these empty cars back fast enough. Another factor in the shortage is that a good many were lost or damaged in the Kansas City and other floods in that area.

There has never been a time when careful breeding and care in handling, including good supplemental feeding has means so much to livestock producers.

Examples are numerous on the Fort Worth market every day. Typical of the quality emphasis was the 35 steer calves from John W. Herring of Henrietta in Clay County. They weighed 491 at \$39.50. Another Clay

Countain, Bryant Edwards, who was formerly head of the Cattle Raisers' Association, had about six loads of steers weighing around 1,250 pounds at \$34.00 last week.

While there is some unevenness in most classes, the really finished fed steer never were, or at least have not in months. Another shipment of those good steers from San Marcos this week sold, weighed 996 and sold at \$35. Makes several shipments over the past two months to Fort Worth at that same price.

There was an inquiry the other day from USDA heads in Washington as to why "Fort Worth reports so many ewes in the runs recently." Seems the Washington observers feared Texas was going out of the sheep business.

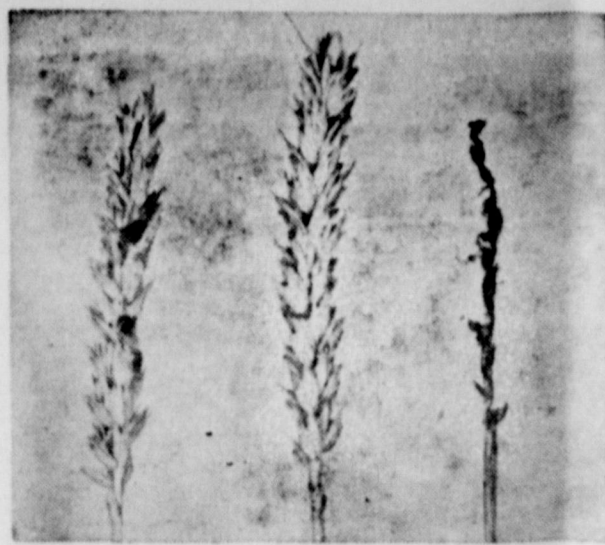

Answer to this: In recent years more old ewes have been held longer than normal. Ranges are dry and poor making it virtually impossible for broken mouthed or toothless old ewes to make it another season.

Many aged ewes are bringing their owners a great deal more money than expected, because, surprisingly, they are not selling for canners as expected, but are being sold for stockers on the market.

Example of what the careful sorting can mean in dollars are these sales: Dell Curry of Pecos had 390 canner and medium ewes at \$11.50, BUT sorted out of his shipment were 111 solid mouthed or cheater mouthed ewes at 92 pounds at \$17.

Mrs. Lillian Lewellen, Coleman, had 56 old ewes, 23 canners at \$10.50 and 33 breeders at \$16. R. G. Evans had a load that was 50-50 canners at \$10.50, and stockers at \$16. Out of 135 old ewes, Carl Robinson of Big Spring had 41 breeders at \$17 and 94 canners at \$10.50 and expressed surprise at the "high market."

Mrs. Olivena Loven, Clyde,

Stinking Smut . . . Healthy Wheat . . . Loose Smut

## FOR A BETTER CROP

Control of smut is one of the important jobs in producing a good crop of quality grain. The Texas-Oklahoma Wheat Improvement Association, cooperating with crop improvement associations and state extension services of the winter wheat belt is urging farmers to combat smut diseases by careful selection and preparation of seed for planting.

Stinking smut or bunt is the most destructive of the wheat smuts and occurs everywhere wheat is grown. It is characterized by the formation of smut balls in place of wheat kernels, balls filled with hundreds of thousands of smut spores which have the odor of

decaying fish. Seed treatment with seed disinfectants is the recommended control.

Loose smut of wheat spores are scattered and lodge on healthy plants at blossoming time. These spores germinate and enter the developing kernels in which they remain dormant until the next season. As the infected kernels sprout, the smut parasite begins to grow and continues inside the stem, becoming localized in the head before it emerges. Each wheat kernel is displaced by a mass of smut spores. Hot water seed treatment is the only control measure known, except for the use of smut-free seed and smut-resistant varieties.

had 127 ewes, 65 of them sorted out for stockers at \$17 and only 62 going for canners to \$10.50.

Topsy calves and yearlings were numerous this week; in this bracket were some "department store" calves at \$37.25. We call them "department store" because they came off the ranch of O. P. Leonard, one of the "Leonard Brothers" in the famous Fort Worth department store. These calves came from

Phillip Dietrick and his brother from Montague County had some \$37.50 calves at \$39 pounds. Phillip tells me the Clay County Pioneers are looking for a swell meeting the 14th and

15th of this month. A. W. Kornegy of Malone had some \$35 and \$37 calves. Yep, care in breeding and care in handling are adding up to lots of extra dollars these days on the market.

Best hogs this week came from Bill Bentley of near Gainesville and they were cross bred Hampshires and Berkshires. It makes a great pork producing animal. He used Hamp sows and Berkshire boars.

Miss Jane Holloway, who is teaching in the Haskell schools, spent the week end in the home of Mr. and Mrs. Lee Haymes.

Mr. and Mrs. D. E. Holder, Jr., and daughter of Lubbock visited friends and relatives here last week.

Be careful. Observe state and local traffic laws.

Mr. and Mrs. I. L. West and Lennie have been visiting relatives in Dallas and Weatherford this week. While in Dallas they visited a cousin in Rockwall they had not seen in 62 years.

Mrs. Dave Elland returned home last Friday from a visit with her sister, Mrs. Robert Cray in Mineral Wells and her daughter, Mrs. B. F. Hood and family in Galveston.

Dr. D. C. Elland is attending a medical convention in Dallas this week.

Hiram Smith of De Leon visited friends here last Sunday.

## Best way to get a move on

Ask any GMC owner about hauling performance.

For when it comes to packing home a pay load — he's got a lot of solid experience.

He knows what the right kind of horsepower can do for trucking profits. Whether he powers his load with a gasoline pickup model — or requires one of the sensational new GM-Diesel "Million-Milers" — he's right in the driver's seat for performance unexcelled by any other carrier in its class.

But he's not just "riding an engine."

He'll tell you the way his GMC shoulders the load, year after year, is proof of perfect teamwork of axle, chassis and frame — truck-engineered to outlast anything on the roads today.

Want to profit by the same long-time benefits of GMC's truck-building experience? Let us recommend the right combination of hauling performance to fit your particular needs. For GMC's are made in the widest variety of engine-chassis-axle combinations, from ½ to 20 tons.

**BENJAMIN NEWS**

Mrs. Ethel B. Laird, reporter

Miss Evelyn Harrison started working last week on her nurse's training in West Texas Hospital, in Lubbock.

Mrs. Jordan of Harlingen has been visiting her daughter, Mr. Wade House.

Mrs. Leon Bivins was a business visitor in Wichita Falls on Wednesday of last week.

Early Wednesday morning what should drop out of a clear sky, but an airplane right in front of the jail. Some of our brave citizens sallied forth to render justice to the culprit, when to their astonishment Orville Capeheart, ex-deputy sheriff here, stepped from the cockpit and greeted them. After a short visit, he flew on to Big Spring.

Mrs. J. B. Moorhouse and Miss Amelia Sams of Midland, Sue, and Felix Tay-

lor, were business visitors in Wichita Falls Wednesday of last week.

Mrs. John Dutton of Knox City visited in the home of her sister, Mrs. W. A. Barnett, Sunday.

Mr. and Mrs. Bill Townsend of Portales, N. M., spent the week end in the home of her mother, Mrs. Ethel Laird.

Walter Moorhouse of Tatum, New Mexico, visited the past week end with his mother, Mrs. Ada Moorhouse.

Louise Isabel and Ruth Johnson left Saturday for Wichita Falls where they will enter Midwestern University.

The Benjamin P. T. A. served supper Tuesday night of last week to the teachers and after the delicious meal, they played games of Canasta, forty-two and dominoes, while the parents and teachers were getting acquainted.

Mrs. J. B. Moorhouse and Miss Amelia Sams of Midland, is visiting her mother-in-

**WHAT A DAY!**

"Come on in—the water's fine!" invites pretty Doris Day, Warner Bros. dulcet-voiced singing star. The blonde actress wears a glamorous one-piece cotton swim suit for her dip. Her molded, strapless cotton suit is one of the season's most popular designs, the National Cotton Council reports. Doris soon will be seen in a new musical, "On Moonlight Bay."

law and other relatives.

Mrs. Kenneth Draper of Stamford and Mrs. Jack Shipman of Munday visited in the home of Mr. and Mrs. Doyle Pyatt Sunday.

Sue Moorhouse and Jean Galaway left Monday for Lubbock for rush week at Texas Tech.

Mrs. Maileum Shipman returned last Friday from Houston where she had been visiting her sister, Mrs. C. W. Harbert.

Mr. A. E. Ball and children, Larry and Kay, of Rule visited in the Doyle Pyatt home Sunday.

Mrs. Hugh Goodrich of Cauthren, Ark., visited in the home of Mr. and Mrs. Leon Bivins last week.

Mrs. Jim Pults of Pueblo, Colo., spent several days last week in the home of Mr. and Mrs. Lee Smalium.

Lois Brown left Monday for Abilene where she will take nurse's training in Hendricks Memorial Hospital.

Mr. and Mrs. Melton Ford of Vera were in town on business Monday.

Orb Russell was in Wichita Falls last Sunday on business.

Mrs. Charlie McAfee, who had major surgery, has returned home from the Clinic Hospital in Wichita Falls. Reports are that she is improving nicely.

**Brooks-Holder Family Reunion Held September 3**

The annual reunion of children, grandchildren, great grandchildren and one great, great grandchild of Mrs. Salie Holdre of Wichita Falls and the children and grandchildren of the late Luther Brooks of Goree was held during the Labor Day week end. The 28th reunion was held at the home of Mrs. Holder's son, B. R. Holder in the Hefner community, north of Goree.

Activities began Saturday at noon with a picnic lunch being served on the spacious grounds under huge shade trees and grape arbor. Home grown watermelons were enjoyed during the afternoon, while Saturday evening waltzers and marshmallows were roasted over an open grate in the yard. Sunrise breakfasts were served each morning, and a barbecue beef dinner at noon Sunday. All meals for the three-day affair were picnic style.

Numerous outdoor sports, canasta, forty-two, skating and various children's games provided entertainment for the gathering.

Mrs. Esther Parks of Madera, Calif., and Miss Sarah L. Holder of Dallas presided at the guest book, registering the 153 guests, who were as follows:

Wichita Falls: William Weber, Sr., Carl Holder and son, Calvin Douglas, L. Gatewood, Mrs. Roy Nichols and son, Carl Calhoun, and Messrs. and Mmes. R. T. Holder and family, B. R. Holder, Jr., and family, William Weber, Ernest Keck, John H. Holder, Kenneth Brooks, Edwin Brooks, Lloyd E. Gardner, Bill McDonald, J. C. Woods, Odell Bradford, C. W. Holder and Raymond Bradford and their families.

From Goree: Messrs. and Mmes. B. R. Holder, Sr., Curtis Seale, Arthur Brooks, Harper Cooksey, Bob Lambeth, and families, and Mrs. Claudia Jones and Miss Emma Cooksey.

Mr. and Mrs. T. G. Bradford and Mr. and Mrs. Algie Bradford and family, Portales, N. M.; Mr. and Mrs. Jim Burns and family, Ellsville; Mr. and Mrs. Carl Fincannon and family, Hamlin; Mr. and Mrs. Tom Singleton, Ackerly; Mr. and Mrs. J. P. Holder and family, Idalou; Mrs. Gertrude Rogers, Graham;

Mr. and Mrs. Joe Neskorkik, Mr. and Mrs. John Railsback and Mr. and Mrs. Fred Kinney, all of Seymour; Mr. and Mrs. A. Hughes and family and Mrs. Hattie Sessions, Munday; Mr. and Mrs. Arch Miller and family, Seymour; Mr. and Mrs. J. T. Walton and son, Texas City; Mr. and Mrs. Lloyd and family.

**"Top Hat And Spurs" Feature At Iowa Park**

IOWA PARK, Texas, Sept. 7 (Special)—Visitors to the Texas-Oklahoma Fair here Sept. 24-29 will have an opportunity to witness "Top Hat and Spurs," one of the most colorful and fastest moving musical revues ever presented in Southwestern fair circuits.

Produced by Texas Dudley, veteran showman of Dallas, the revue will be presented in 12 acts with some of the nation's outstanding stage stars being booked for the production.

Among the star acts in "Top Hat and Spurs" will be Durward Cline's Band, Cleo Landolt, accordionist; Mundee and June, jugglers; Paul Beckley and Company and Christi the magician.

Presenting such dances as the hula and can-can will be the cooly Texanettes and fair officials predict that visitors will agree that they are among the most lovely of Texas girls.

The show, to be presented each night for an hour and 45 minutes, will have as master of ceremonies, Don Payne, the man whose "burp" made Bugs Bunny famous. Payne is actually the man who burps for the rabbit of movie cartoon fame.

Payne, who is also a comedian and impersonator, is the voice for a number of Merry Melodies movie cartoon characters and appears in "Hellszapoppin" and "Reveille With Beverly." He is known in show circles as "the man with the jumping eyes."

Be careful. Obey state and local traffic rules.

Mr. and Mrs. Marvin Warren and son, Jerry, and his cousin, Dickie Warren, of Plainview visited Mr. and Mrs. S. J. Warren several days last week.

Mr. and Mrs. Roy Langdon of Falfurrias spent the week end with their uncle and aunt, Mr. and Mrs. S. J. Warren.

Mr. and Mrs. Wayne Blacklock of Amarillo visited friends and relatives here over the week end.

Mrs. Cecil Cheek and Donavan and Mr. and Mrs. T. A. Walker of Fort Worth spent the week end in the home of their mother, Mrs. G. P. Burns.

Mr. and Mrs. Roy Langdon of Falfurrias spent the week end with their uncle and aunt, Mr. and Mrs. S. J. Warren.

Mr. and Mrs. Wayne Blacklock of Amarillo visited friends and relatives here over the week end.

Phone 208

Munday, Texas

A map hanging on a wall set in motion a chain of events. It was back some 15 years ago that your columnist—then a staff writer for the Fort Worth Star-Telegram—walked into the office of the late Hilton Burks, manager of the Comanche Chamber of Commerce.

On a map of Texas, a heavy red line had been drawn around eight counties. In reply to a question, Mr. Burks said, "In all those counties, of which Comanche is the middle, there are less than a dozen miles of paved highways, though we are paying many thousands of dollars a year in State gasoline tax."

In a few days there was to be a State highway conference. On the morning the conference opened, the map of those "forgotten counties" appeared on the front page of the Star-Telegram accompanied by a few words I had written explaining the situation. The map was the talk of the meeting and a road building program was launched. Modern highways now criss-cross all those counties.

And you might say it started from a map hanging on a wall.

Life is odd. After reading that line, I read it over and, frankly, it doesn't exactly sound original.

But, anyhow, life is odd. For example, Stephen F. Austin was "the Father of Texas."

## LOCALS

Miss Bobbie Nell Whitworth is visiting here with her parents, Mr. and Mrs. D. E. Whitworth, between semesters at Hardin-Simmons in Abilene.

Ronald Foshee of Dallas visited with his parents, Mr. and Mrs. R. E. Foshee, over the week end.

Mrs. Dee Mullican and Mrs. Roy Bullington visited in Rochester over the week end with Mrs. Grace McMahon.

Mr. and Mrs. Press Phillips and Mr. and Mrs. Noland Phillips visited relatives in Jacksboro last week.

George Cross visited his parents, Mr. and Mrs. C. G. Cross, in Wellman over the week end.

But he was a bachelor. And George Washington was "the Father of country". But he had no children.

James Whitcomb Riley ("Orphan Annie," "Out to Aunt Mary's") was called the poet of childhood. But he was a bachelor.

Will Rogers produced more laughs than any other man of his generation. But he never told a joke. (That's correct; he said so himself. He didn't tell jokes; he made wisecracks.)

And, by the way, the cowboy humorist and philosopher never did any hunting; he just didn't care about it.

And Abraham Lincoln remarked of himself, "I who never could stand to kill a chicken have been placed at the head of the nation during the bloodiest war in history."

Life is indeed odd.

## Launching Crusade for Freedom

Judy Hatula, of Detroit, prepares to release "pillow balloon" in the nationwide Crusade for Freedom which seeks to enroll 25,000,000 new American members and to raise \$3,500,000 for additional radio stations to penetrate Iron Curtain from Europe and Asia. The 1951 station wagon is one of 49 which the Chevrolet Motor Division has provided for Motorcades to visit principal cities in every state. Balloons used in Crusade dramatize millions of "Winds of Freedom" messages sent to people of Soviet satellite countries. The word "Wolnos" on the balloon is the Polish word meaning "Freedom."

## Farmers Urged To Plant Quality Wheat Varieties

Wheat producers are reminded that the wheat they plant this fall should be a variety that yields well and produces a quality product. According to Fred T. Dines, Extension wheat marketing specialist of Texas A. and M. College, the strongest wheat market is for the high quality varieties which are suitable for flour production.

Dines points out that approximately 85 percent of Texas produced wheat flour is used by commercial bakers and the quality, therefore, must be good.

The Texas Agricultural Experiment Station tests show that the better quality varieties are

also among the highest yielding varieties. The varieties recommended for the principal wheat areas of Texas are Comanche and Westar for the highest yield and quality. Wichita and Triumph are earlier maturing varieties of satisfactory quality. Quanah, a new variety, of excellent quality is specifically recommended for the Rolling Plains North and Central Texas areas. Quanah is not winter hardy enough for Panhandle conditions.

Comanche, says Dines, is more widely adapted than any other variety and is the highest quality. It also does well under irrigation in the Panhandle and South Plains areas.

Seed wheat is scarce in some areas of the Rolling Plains. North and Central Texas but is ample in most South and Panhandle counties. County agents, grain elevator operators and seed dealers have available lists of seed producers, says Dines and he recommends that the quality varieties be used to seed the increased acreage asked for by the USDA.

the Stetson is part of the man...

## Mary Alice Cone, Charles W. Arnold Marry September 1

Miss Mary Alice Cone became the bride of Charles William Arnold in a formal ceremony performed Saturday, September 1, at the First Baptist Church in Gonzales. Rev. Claude F. O'Neill, pastor of the First Baptist Church of Waelder, officiated.

The bride, daughter of Mr. and Mrs. H. L. Cone, is a graduate of Gonzales High School and the University of Texas, where she majored in home economics. She was a member of the Girls' Glee Club, Omicron Nu, national home economics fraternity, and the Home Economics Club. Last year she was a member of the homemaking faculty at Miller High School in Corpus Christi. At present Mr. Arnold is an instructor in the applied mathematics department of Texas University, and is working on a doctor's degree. He is the son of Mrs. H. D. Arnold of Goree, and received his bachelor of science degree in chemical engineering from the University of Oklahoma, and a master's degree from the University of Texas. He is a member of Tau Beta Pi, national honorary engineering fraternity, and the American Institute of Chemical Engineers.

Miss Mary Ruth Kelly, organist, played the wedding music, and accompanied Jim Calaway of Tribune, Kans., and Austin, who sang "Through the Years" and "Because."

Miss Peggy Cone served as her sister's maid of honor. She wore a ballerina length, grape colored tulle gown, with a net cape and net gloves. Her head dress was a braided tulle ring with a net veil.

Bridesmaids were Miss Virginia Ann Arnold of Goree, sister of the bridegroom; Miss Doris Morgan of Denton, and Miss Myra Ann Dawe of Gonzales. Their dresses, in pale colors, were identical to that of the maid of honor.

The bride, given in marriage by her father, wore a white tulle gown designed with a pointed basque of satin and a nylon tulle yoke outlined with a beaded fold featuring bands of seed pearls. The skirt was ornamented with two puffs falling to a short train, and the long sleeves extended into points over the hands. Her illusion veil was fastened to a ring of illusion tied with tiny pearl rings. Her

## Sunset Club Meets Recently With Mrs. Nix

The Sunset Home Demonstration Club met September 6, in the home of Jerry Nix. Rearranged programs, as planned by the county agent, were announced by the president and discussed.

The highlight of the program was a very interesting report given on the State meeting by Mrs. Gill Wyatt, who went as one of three delegates from Knox County.

Mrs. R. M. Almanrode, State President, told of some of the interesting places she visited in Chicago, while on her way to the National T. H. D. A. meeting in Lansing, Michigan. Meeting places for remainder of the year were selected.

The next meeting will be September 20, in the home of Mrs. H. R. Hicks. The county agent will attend this meeting in place of September 6 meeting which she was unable to attend.

Albert Garrison of Wheeler and his daughter of Hawthorne, Calif., visited Mr. and Mrs. E. Beecher Monday of this week.

Harvey D. Arnold of Fort Worth served as his brother's best man. Other attendants to the bridegroom were R. D. Dees of Austin, Jack Harwell of Houston and Earl Nichols of Tyler.

After the ceremony, a reception was held at the home of the bride's parents. The bride's cake was a wedding cake with wedding bells, decorated with wedding bells and ribbons. The bride wore a navy blue sheath dress with tucked bodice and a skirt of tiny knife pleats. She wore a turquoise hat with grey gloves and a corsage of baby orchids.

The groom's mother wore a black sheer dress with a corsage of baby orchids. As the couple left for a wedding trip, the bride was wearing a hat of olive green and a skirt of black velvet. Her hat was decorated with a corsage of tiny knife pleats. She wore a turquoise hat with grey gloves and a corsage of baby orchids.

The bride, given in marriage by her father, wore a white tulle gown designed with a pointed basque of satin and a nylon tulle yoke outlined with a beaded fold featuring bands of seed pearls. The skirt was ornamented with two puffs falling to a short train, and the long sleeves extended into points over the hands. Her illusion veil was fastened to a ring of illusion tied with tiny pearl rings. Her

## To the American People...

Probably never before has there been so much at stake in the preservation of the freedom which we have enjoyed since the birth of our republic. All of us that possibly can do so should participate in its defense and this we can do by regularly purchasing Defense Bonds, thereby maintaining a strong economy essential to our free way of life.

Faithfully yours,

G. C. Marshall

## Gilliland Club Meets September 5 With Mrs. Cook

The Gilliland Home Demonstration Club met in the home of Mrs. J. L. Cook on Wednesday, September 5, with 14 members present.

Mrs. J. L. Cook gave the 4-H report, and Mrs. Richard W. Cook gave an interesting report of her trip to A. and M. College.

The program closed with the Guild benediction, after which the guests and members adjourned to the dining room of the church and were served refreshments.

Guests for the evening were Mrs. Aaron Edgar, Misses Shirley Hill, Julia Massey, Barbara Jane Almanrode, Mrs. Carson and Mrs. Margaret Lowe, all of Munday. Mrs. Mart Russell of Seymour, Mrs. E. Q. Warren, Mrs. Lena Magee and Mrs. Wilson, all of Knox City.

## Weekly Health LETTER

Issued by Dr. Geo. W. Cox  
M. D., State Health Officer  
of Texas

AUSTIN—A water conservation program must be started immediately by towns, water districts, ranchers and farmers declared Dr. Geo. W. Cox, State Health Officer. The present situation is extremely grave and immediate action is necessary to relieve drought areas and prevent such conditions occurring in the future.

Dr. Cox said, "Our diminishing water supply, and in many places in Texas the total lack of sufficient water, brings about an emergency that imperils the life and health of the citizenship and brings about a substantial economic loss."

"Without water, industry can not operate, homes can not exist, crops can not grow, forests would disappear, game and fish would die, the earth would become a desert, and the human race would perish!"

"Municipalities must make plans for additional water supplies. These may come from the construction of dams to impound water during the time of rains and with additional wells. However, the construction of dams is the more practical as the water level in Texas is getting lower each year."

"An immediate water conservation program throughout the state that will provide for the impounding of flood rain water will contribute more to protecting the health of our people and add more to our economy than any other known project that could be undertaken. To wait three to five years to develop such a program, could prove to be our greatest domestic tragedy."

Mrs. Russell Bledsoe and children, of Breckenridge, visited Mr. and Mrs. L. A. Parks and Mr. and Mrs. Warren Rister and other relatives here this week.

## Wesleyan Service Guild Opens Fall Program Monday

Members of the W. S. G. met Monday evening at 8:00 in the Methodist Church for its first program of Fall. This was also guest night.

Mrs. Hicks, president, opened the evening's program and welcomed the guests and guest speaker, Mrs. Butler, led the prayer while Mrs. Joe Bailey King introduced the program.

Following organ and violin melodies by Mrs. Bardwell and Mrs. Rippetoe.

Mrs. Lee Haymes gave the devotional for talks by Misses Shirley Hill and Julia Massey, each giving an account of her trip to Albuquerque, New Mexico, a pilgrimage in which the girls visited churches, schools, missions and hospitals, sponsored by Women's Society of Christian Service throughout our country.

Guest speaker was Mrs. Mart Russell of Seymour. Mrs. Russell presented a most informative and interesting discussion on the Guild work in general.

Miss Barbara Almanrode gave a beautiful rendition of "The Name of Jesus" accompanied at the organ by Mrs. Bardwell.

The program closed with the Guild benediction, after which the guests and members adjourned to the dining room of the church and were served refreshments.

Mr. and Mrs. Melvin Thompson of the Rio Grande Valley are visiting relatives and friends here this week.

Doug Goode, who has been visiting his aunt, Miss Burnette Goode, left Monday for College Station where he will attend A. and M. again. He will visit relatives in Wichita Falls enroute.

Douglas Moore left Tuesday for A. C. ... where...

### Uncle Sam Says

The current Defense Bond Drive is a challenge to every American to mobilize the power of thrift behind the national drive for peace, progress and prosperity. The symbol of this drive is the American Eagle standing on guard, ever vigilant and ever strong. Behind this Drive should be put every ounce of the power of every good citizen as a volunteer worker and a volunteer citizen for the defense of America. Put your power and dollars into U. S. Defense Bonds. U. S. Treasury Department

will attend school this year.

Mrs. Mamie Fitzgerald and Mrs. Lee Patterson of Munday visited relatives in Lubbock the first of the week.

Mr. and Mrs. Charles Windell Atkinson of Panhandle spent the week end with relatives here.

Mr. and Mrs. Loy McElhannon of Harlingen visited his mother, Mrs. L. D. McElhannon, and sister, Mrs. A. L. Haskin, this week.

Mrs. Roy Lane returned to her home Saturday from the Knox county hospital, where she spent several days for medical treatment.

Mr. and Mrs. Ira Stalcup were visitors in Throckmorton last Sunday.

Mr. and Mrs. Jack Coffman and daughter of Floydada spent the week end with his parents, Mr. and Mrs. Orb Coffman.

### Mission Budget To Be Discussed At Baptist Meet

A proposed ten-million dollar mission budget for the Baptist General Convention of Texas in 1952 will be up for discussion when Baptists of this area meet Thursday, September 13, for the annual conference of the association. The meeting will be held at the Rule Baptist church.

Rev. M. D. Rexrode, pastor of the First Baptist church of Haskell, will represent the denominational headquarters in Dallas at the conference. He will present the need for the multi-million-dollar budget.

Half the ten million would go for denominational work in Texas; the other half, to Baptist work in other parts of the United States and in foreign countries. This is the fourth year the ten-million-dollar objective has been set up by Texas Baptists.

Representatives from the 19 churches of the association will report on their progress during 1951 and will make plans for the coming year.

Rev. Rexrode will urge the individual churches of the association to follow the Baptist General Convention example by designating fifty per cent of their own budgets for state and worldwide missions.

The Baptist churches in this association have a combined membership of 5,680. The 3,300 Baptist churches in Texas now support 12 colleges and professional schools, six hospitals, and three children's homes.

Dr. and Mrs. Ben Bowden returned home last Sunday from their vacation in Colorado.

Mrs. A. B. Warren spent Sunday in Haskell with her mother, Mrs. J. W. Medley.

Floyd Shaver of Seymour was a business visitor here Tuesday of this week.

When starch sticks to the bottom of the iron and burns on clean the iron by first letting it cool thoroughly, then sprinkling a little baking soda on a damp cloth and rubbing the iron until clean. Soda cleans without scratching.

A skin burn from anhydrous ammonia should be washed immediately with water and then treated as an ordinary burn.

## FARM NEWS

From the County PMA Committee

### ACT PROVIDES SPARK FOR CONSERVATION

Most farmers realize the need for soil and water conservation but often they can do little about it because the many calls on farm income leave little for investment in erosion control, soil-building and water-conserving practices, says J. C. McGee, chairman of the Knox County PMA committee.

He points out that the educational work of the Extension Service and the demonstrations of the Soil Conservation Service have brought to the attention of most farmers the need for conservation. But too often the farmer is faced with a multitude of decisions on the use of the limited income from the farm. In his words, "The machinery and equipment now in use on most farms have speeded up many farming operations but they also have added mater-

ially to the expense of operating the farm. In addition such items as taxes, labor, cost of marketing, seed, repairs, and replacements of fences, buildings, bins, graineries, and so on are formidable items that draw heavily on the available cash."

Many of these expenditures of ten are more urgent than building an erosion control dam or terracing a field. "The farmer knows they are important and that his farm will be improved by them but the other things come first."

The Agricultural Conservation Program is of special importance to such farmers. Chairman McGee points out, "By sharing the cost of conservation practices it often tips the decision in favor of carrying out needed practices. It is the most effective means so far discovered in this country to assure that food and fiber production will keep up with increasing needs."

## LOCALS

Don Johnson and Mr. and Mrs. Burl Johnson of Fort Worth, Mr. and Mrs. Doyle Dean Johnson and Dennis of Haskell, Mr. and Mrs. Ellis Johnson, Wayne, Iulita, and Cynthia of Rochester visited in the home of their parents, Mr. and Mrs. Wylie B. Johnson, over the week end.

## FARM NEWS

From the County PMA Committee

### MOBILIZING FARM PLANT FOR '52 CALLS FOR LOOKING AHEAD

Mobilizing the farm plant for production in 1952 calls for looking ahead and laying out the farming operations for next year, says J. C. McGee, chairman of the Knox County PMA committee. As he sees it, stepping up defense efforts—more men in the military service and increased defense production in industry—will call for continued high level farm production.

Faced with the challenge of meeting current defense needs and at the same time keeping the farm production plant in good condition for production in 1953 and the years to follow, farmers of Knox County will need to look ahead and make preparation to make the best use of materials and facilities.

In the chairman's opinion, the farmers of Knox County can make their most effective contribution to defense by giving careful thought on how the limited financial assistance available under the Agricultural Conservation Program can contribute to conservation and production.

He suggests to Knox County farmers that they check carefully the conservation measures for which assistance is available under the program, that each farmer

go over his farm field by field to determine how each field can make the greatest contribution, and then to determine the conservation needs of each field to insure current as well as future production.

The chairman advises that farm plans of the Soil Conservation Service, Extension Service or other agency may help farmers in laying out the conservation and production operation for the coming year.

As chairman McGee sees it, by looking ahead and listing conservation measures to be carried out in 1952, farmers will make better use of the ACP and the result will be increased conservation for each dollar of the conservation fund allocated to Knox County.

## LOCALS

D. M. Montgomery left last Saturday for Fort Worth where he has accepted a job with General Motors Company and plans to attend T. C. U. at nights. Mrs. Montgomery will follow him later.

Mrs. L. B. Cunningham and Miss Bertie Cunningham visited in the home of Mrs. Cunningham's daughter, Mr. and Mrs. Bill Dixon and family, over the week end.

## Roxy Theatre Joins "It's Movie Time In Texas"

Joining with more than 1500 motion picture theatres in the state, the Roxy Theatre this week begins the celebration of "It's Movie Time in Texas," a period in which the management will feature a series of special events as well as presenting the year's outstanding pictures.

The entire movie industry is behind "It's Movie Time in Texas." These activities precede a similar nation-wide movie drive embracing as many as 16,000 additional theatres, which will not get under way until October.

To focus attention on the theatres for the next few weeks, Hollywood will send out many famous stars on personal visits to various states. Nation-wide broadcasts featuring well known entertainers and special short subjects will point up the merits of the screen and the importance of the movie theatre in

J. L. Stodghill, Ford tractor dealer in Munday, Texas, is among this group of 54 Texas Ford tractor dealers and executives of The Stewart Company, of Dallas, world's largest distributors of Ford tractors, and sponsors of this special American Airlines junket, on Sept. 25, to the tractor production plants of Detroit, Michigan. The idea was to give the leaders first-hand knowledge of the products they sell from day to day.

community life.

The idea behind "It's Movie Time in Texas," which has been enthusiastically adopted by both New York and studio executives expanded into cost-to-coast proportions, originated with a well known Bonham, Texas, theatre man, Col. H. A. Cole, Chairman of the Board of the Allied Theatre Owners of Texas conceived the thought of a project to marshal all theatre men, their employees and their families, in to a movement to offer the finest of entertainment and to bring about a closer and friendlier relationship for the theatre with the community at large.

Col. Cole's plan was promptly endorsed by J. R. O'Donnell, leader of the vast Paramount-Interstate interests and a top official in the show business. These two Texans joined forces to hold meetings in New York and Hollywood, where they were supported by the financial and artistic executives. What was originally a Texas campaign exploded into national proportions.

## Dates Set For Gonzales Warm Springs Drive

GONZALES—Dates for the state-wide drive to raise funds for Gonzales Warm Springs Foundation for Crippled Children, Texas' own treatment center for physically handicapped youngsters, have been set for September 16-30, according to announcement by Ross Boothe, Foundation President.

Governor Allan Shivers is serving as general chairman of the Gonzales Foundation committee, spearheading the appeal for funds to expand the facilities of the non-profit, non-sectarian hospital.

Gonzales Warm Springs Foundation operates a 115-bed hospital, chartered by the state but built by contributions from generous Texans from every corner of the state and dependent upon them for support. It bears the stamp of approval of the American College of Surgeons, emblematic of the high calibre of the treatment program offered to any Texas child.

All of the big studios promptly revised their plans. The finest productions, many of them in color, were set for release during the celebration of "It's Movie Time in Texas."

regardless of color, creed, or financial condition.

A building program is under way at the Foundation which will add approximately 30 beds to its capacity, providing space for the treatment of about 100 more children each year. Money raised by public subscription during this September campaign will be used to provide these and other facilities to enable the Gonzales Foundation to extend its medical program to many more physically handicapped little ones in Texas.

Be careful. Observe state and local traffic laws.

Mr. and Mrs. Bob Powell and Bobby visited Mrs. Katie Powell in Lubbock and Mr. and Mrs. Royal James in Abilene over the week end.

Marion Phillips of Fort Stockton visited with his parents, Mr. and Mrs. Press Phillips, over the week end.

Mr. and Mrs. Oscar Pollard of Lubbock visited with Mr. and Mrs. Clayton Wren last Thursday.

Mr. and Mrs. Jack Pippin of Haskell visited with Dr. R. L. Newsom last Sunday.

## Activities Of The Colored People

Sunday school was well attended at all churches Sunday. Rev. Banks preached at West Beulah.

Parents, teachers and pupils alike crowded the school Tuesday, and from the smiling faces you could readily see how thrilled they were over the improvements that have been made. Expressions were given which assured us a successful year.

The P. T. A. held its first meeting last Thursday night with 18 members present. Our objectives were set, and we expect to lose no time in meeting them. Amount of dues paid were \$8.50, making a total of

\$42.55 in the treasury. The lunch room opens this week. The nice glasses donated us by Mrs. Raymond Suggs were very much appreciated.

In order to provide wholesome recreation for our youth after school, a movement is under way to institute a teen-towners in our community this year. It will be composed of teen-age boys and girls and it is a challenge to our parents, teachers and friends to help meet the needs of these children. We are now striving to provide games, music and other forms of amusement for them. "Teen-towners" center will be open every Saturday night and will be supervised by the teachers and parents.

During the past 15 years, cash operating expenditures by farmers have increased from an outlay of 5 billion dollars to 18 billion last year.

Control of diseases by seed treatment gives extra plants and healthier plants.

## FOR A BETTER CROP

Control of seed-borne stinking smut or bunt, scab seedling blight, seed decay and root rot can make a lot of difference in the stand and yield of wheat. In the photograph are shown the plants produced from both untreated seed and seed which was properly treated with seed disinfectant to control these diseases.

The wheat seed in this test showed a laboratory germination of 74%, but when 100 treated seeds and 100 untreated seeds were planted, the treated

seed produced 86 plants and the untreated produced 32 plants.

The effectiveness of seed treatment in reducing losses to seed diseases has resulted in differences in yield of several bushels to the acre in some years. That's why the Texas-Oklahoma Wheat Improvement Association and state extension services urge farmers to plant only cleaned and treated seed. For information on the locations of cleaning and treating plants, farmers are advised to contact their county agent.

Mr. and Mrs. Ben Yarbrough are spending their vacation in Colorado and New Mexico this week.

## Land Prices Make 10 Percent Rise For 1950

Texas farm and ranch land prices rose an average of 12 percent during 1950, according to a study made by the USDA and the Texas Agricultural Experiment Station.

An average increase from \$44.44 per acre to \$49.95 was found in a survey made by John H. Southern, agricultural economist with the Bureau of Agricultural Economics, and Joe B. Motheral, associate professor of agricultural economics and sociology with the experiment station.

From studying 24 representative counties, the economists found that the number of land transfers had increased by 20 percent during 1950, and the acreage changing hands increased by more than 50 percent.

A substantial decline in the average selling price occurred in the Panhandle wheat area, the Edwards Plateau and Central Basin, and the Northeast sandy lands, and a slight drop occurred in the High Plains and Trans Pecos grazing area.

The largest increases occurred in the Grand Prairie, with 49 percent; the Rolling Plains, with 34 percent; and the North-Central grazing area, with 31 percent. Gains of 20 percent or more occurred in seven other areas. The economists report that since 1939, the beginning of the rise in land prices, a narrowing of the price spread between the "best" and the "poorest" land has been noted in most areas of the state.

In a special study made of the 1950 land market in Jones, Ellis and Nacogdoches counties, South-

## Knox Prairie Philosopher Misses Out On The News For 2 Whole Weeks; But Finds Things Just About The Same

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek, is his typical self this week, writing more and solving less than anybody we know.

Dear editor:

I was laid up a couple of weeks with a little sickness and got behind on the news, but it's a funny thing, when I started reading the papers again this week I couldn't even tell I'd missed anything, the weather

ern and Notheral found that farmers who owned other land were the chief buyers of land, as has been the case throughout the World War II and postwar periods.

The number of sales increased 60 percent in Ellis County over the 1949 level and acreage sold nearly doubled. In Jones and Nacogdoches counties there was little difference in the number of sales and acreage sold during 1949 and 1950.

The average price of land in Jones County increased \$21 per acre over 1949, an increase of about one-third. A slight drop in the average price occurred in Nacogdoches County, while prices in Ellis County continued a steady increase that has been underway since 1942.

"Two factors dominating the 1950 land market in Texas were the threat of war and the program administered by the Veterans Land Board," said the economists. "Land prices were quick to respond to the influence of the sudden outbreak of hostilities in Korea, and they continued to climb for the second straight year."

Under the program administered by the Veterans Land Board, approximately 4,000 farms were bought, and more than \$20 million were spent for land by the Board.

Under the program administered by the Veterans Land Board, approximately 4,000 farms were bought, and more than \$20 million were spent for land by the Board.

The results of this study are given in Progress Report 1389, available from the Publications Office, College Station, Texas.

J. A.

was still the chief topic of conversation, everybody was wishing for cooler weather, traffic accidents was about as prevalent, living costs was still going up, inflation is still about to wreck civilization according to the people who want a job of control in it, and the Korean truce talks are at about the same stage.

It's the latter that gets me. As I understand it, they've been talking about what they'd talk about if a truce meeting was arranged, and if they're any further now than they were six weeks ago, I can't tell it.

I hate to say it, but when it takes 35 different meetings and 39 radio broadcasts to discover you ain't no nearer an agreement than when you started,

you just ain't gettin' very far.

It reminds me of me and my neighbor's plans to build a new fence separatin our two pastures. We been talkin about it for years, but ain't no nearer actual construction than when we started. When his cows get in my pasture, I'm all for gettin started on the fence, but when mine get in his, I regret it very much but get out of the mood for fence buildin. There ain't nothin that burns a man up more than to discover some strange cows in his pasture eatin his grass, or that makes him want to change the subject faster when he finds out his cows is over in somebody else's pasture eatin their grass, and I reckon the same thing is true in town when the neighbor's chickens get in your garden, or your dog digs up his flowers or vice versa or your children throw rocks or his does. In fact, hot weather and neighbors sure don't mix.

In case of war, though, the matter is a little different, and it seems to be some way ought to be found to make some progress toward a truce. But don't ask me for a suggestion. I don't have one. I been a victim of long-drawn out conversations all my life. I been talkin to my wife for years and if we ever settled anything I'm blamed if I can think what it was.

Yours faithfully,  
J. A.

From where I sit... by Joe Marsh

## Easy Makes His "Cat" Tread Lightly

Driving home on Three Ponds Road yesterday, I was flagged down by Easy Roberts' boy Skeeter. "Take it slow," he advised. "Dad's crossing this road with our tractor, just beyond the bend."

Around the curve I saw why Skeeter stopped me. Easy had laid two rows of old truck tires across the road, and was driving his new "Cat" tractor over them!

"More trouble this way," Easy explains, "but it does keep those tank tracks from tearing up the asphalt when I have to cross over to our other fields. After all, the

roads belong to all of us—and I guess I'd get mad if someone else chewed them up."

From where I sit, Easy is my kind of citizen. He doesn't just give democracy lip service. He honestly believes it's his duty to consider the other fellow's interests. Whether it's the right to use the public highways or the right to enjoy an occasional glass of beer, Easy's out to protect his neighbor's "right of way."

Joe Marsh

## Former Munday Man Enters Race For Legislature

J. B. Walling of Wichita Falls former Knox County man, is one of two candidates who have announced for the race to fill the seat vacated by Vernon McDaniel of Wichita Falls as representative of the 11th District, composed of Wichita County. The election is set for November 13.

Walling served as secretary to McDaniel during the last regular session of the Texas Legislature and worked on his master of education degree at the University of Texas. He was educational director of the Floral Heights Methodist Church in Wichita Falls in 1950, and formerly was program director of the Wichita Falls Boys Club two years.

He graduated from Midwestern University in 1949 with a bachelor of science degree and was awarded a scholarship to New York University where he took a special course in organization and administration of boys clubs.

Walling is married and has two children. His wife is the daughter of Mr. and Mrs. M. Boggs of Munday.

### HOME FROM VACATION

Mr. and Mrs. Louis Cartwright returned home Sunday from a two weeks vacation. While away they visited friends and relatives in Alpine, Borene, San Antonio, Brownsville, and Fort Worth. Mrs. Keith Cartwright and Joel Keith returned home with them to spend a few days with friends in Munday, Haskell and Abilene.

### John E. Voss At Ellington Field

ELLINGTON AIR FORCE BASE—U. S. Air Force Private First Class John E. Voss of Munday, Texas, has recently arrived at Ellington Air Force Base near Houston for further active duty with the USAF. He is presently assigned as an aviation mechanic's helper at Ellington. A newcomer to the service, young Voss hopes to eventually enter the Aviation Cadet Corps. The son of J. T. Voss of Munday, Pfc. Voss graduated from Sunset High School in Munday in 1946. In 1947, he enrolled at Midwestern University in Wichita Falls, Texas, and graduated from that institution in 1951 with a B. B. A. degree.

Mrs. M. L. Joyce and son, Joe, of Albany, are visiting with her mother, Mrs. J. B. Bowden, and other relatives here this week.

## Kracker Krums—

(Continued from Page One)

the coach.

Both the team and the coaches are going to use all ethical means at their demand to win. Fans should be as ethical as they, and give the encouragement and backing they deserve.

The attitude of the home fans has much to do with the type of team we will have this year, and in future years. Think it over!

## State Fair Of Texas To Open On October 6

With less than a month before the 1951 State Fair of Texas Oct. 6-21, opens for its 66th great show, thousands of people throughout the Southwest are already getting excited about the great annual fall festival of merry-making.

That excitement is demonstrated in the orders pouring in to Dallas for the fair's great entertainment features—"Guys and Dolls" and "Ice Cycles of 1952"—and for the three bigtime football games during the fair.

"Guys and Dolls" tickets are selling faster than the ducks to last year's "South Pacific" made theater attendance history.

Entries for the Quarter Horse Show will close Sept. 14 and other livestock entries were to be closed Monday, Sept. 10. Thousands of entries are pouring in for the great 26-breed livestock exposition, headlined by the Pan-American National Hereford Show, Oct. 6-11.

Hundreds of entries from ten states, Missouri, Kentucky, Kansas, Tennessee, California, Wisconsin, Iowa, New York, and Minnesota as well as Texas, have been received for the Women's Show. Deadline is Sept. 29.

Exhibits are going up fast in the fair's huge exhibition buildings and rapid progress is being made on the new \$125,000 livestock judging pavilion.

The trees, shrubs and flowers

that make State Fair Park one of the most beautifully landscaped spots in the Southwest have survived the worst drought in Texas history wonderfully. Fair visitors will find the park an oasis of natural beauty be decked with bay trappings of a manmade fairyland. Hundreds of gallons of colorful paint are being splashed

across the face of the fair to give the park a sunny smile to greet its visitors next month. The State Fair expects its biggest attendance in history for the 1951 exposition—2,300,000 during the 16 fun-filled days of the world's greatest state fair. Last year's attendance was 2,176,519, more than twice that for any other state fair.

**SUPER-SURE-GRIP**  
**TRACTOR TIRES**

New Super-Sure-Grip is the "greatest pulling tire on earth"—as proved in actual farm tests where it pulled tractors through wet, slick, slippery soil where other tires bogged down.

These super traction tires will help you plow, plant and harvest faster. They'll save crops when you are pressed for time and they don't cost a penny more!

Super-Sure-Grips are good crop insurance—let us install them on your tractor.
