

Kracker Krumb's Odd Bits Salvaged at Random

We've heard of folks who fussed about the traffic lights at our schools.

Our police have said there's some criticisms of the signal lights by those who don't want to take the time to stop for them.

It's folks, too, we've heard, who have children in school. No names were called, so we don't know who the "fussers" are—nor do we care to.

At night, when the lights are not operating, we've heard that motorists make a regular race track out of the street leading by the school campus.

They used to do it, too, during daytime—before lights were installed.

Heavy trucks come down the highway, and some of them would hardly check their speed as they passed in front of the school.

There may be some who don't observe the traffic lights, now, knowing that Munday doesn't have the police force to patrol the area all the time.

If you're one of those and are reading this—just keep on reading—because the remainder of our tale might serve to open your eyes.

We're reproducing the little prayer below that ought to bring a quietus on such fussing.

It's a father's prayer that motorists would not run over his little 7-year-old girl, which appeared on Page 1 of a recent issue of the Houston Chronicle.

Its publication marked the opening of many Texas schools. The prayer was reprinted from an old newspaper story. The author is unknown. Here it is:

"Today my daughter, who is 7 years old, was back in school. She wore a dark-blue dress with a white collar, black shoes and blue gloves when she left in the morning to start the new school year.

"Her cocker spaniel, whose name is Coot, sat on the front porch hand whined his canine belief in the folly of education as she waved good-bye and started off to the hall of learning.

"This evening of her first day of the new school year, we talked about school. She told me about the girl who sits in front of her, the girl with yellow curls and the boys who sits across the aisle who makes funny faces.

"She told me about the teacher, who has eyes in the back of her head, and the trees in the school yard, about the big girls who doesn't believe in Santa Claus.

"We talked about a lot of things—tremendously vital, unimportant things, and then studied spelling, reading, arithmetic—and then went to bed.

"She's back there now—back in the nursery sound asleep, with Princess Elizabeth (that's her doll) huddled in her right arm.

"You guys wouldn't hurt her, would you?"

"You see, I'm her daddy. When her doll is broken or her finger is cut or her head gets bumped, I can fix it—but when she starts to school, when she walks across the street, then she's in your hands.

"She's a nice kid. She can run like a deer and dart like a chipmunk.

"She likes to ride horses and swim and hike with me on Sunday afternoons. But I can't be with her all the time.

"I have to work to pay for her clothes and education.

"So please help me to look out for her. Please drive slowly past the schools and intersections—
(Continued on last Page)

Farm And Ranch Clinic Held In Baylor County

More than 100 bankers, 4H Club and FFA boys, farmers and agricultural specialists attended the first Texas Farm and Ranch Clinic which was held in Baylor County on Tuesday of last week. The clinic was sponsored jointly by the Seven County Bankers Association, the Texas A. and M. College System, and the Federal Reserve Bank in Dallas. It consisted of a visit to an outstanding farm and ranch in the county, followed by a barbecue chuck wagon lunch and a short program.

Hosts for the group were the Seymour bankers, George Plants and D. J. Bailes of the First National Bank and W. R. Whitley, Jr., and Dave Holman of the Farmers National Bank were responsible for arrangements. Roy McClung, county agent of Baylor County, took the lead in planning the morning program and the farm and ranch tour.

A visit was made to the 160-acre farm owned by Mr. and Mrs. Chester Cox, which showed many improvements since these people purchased it in 1938. During the morning a visit was also made to the Arledge ranch, where observations were made of results of mesquite control, contouring to conserve water, supplemental grazing, and in looking over a fine herd of registered Hereford cattle.

A panel discussion was led during the afternoon by C. H. Bates of the A. and M. College, providing an opportunity for everyone to participate in the program. The need for diversification of farm operations were mentioned several times. Comments were also made regarding the points to be considered in appraising an agricultural loan, and several bankers urged the boys to start building their credit standing while they are in 4H and FFA work.

In summarizing the program, Carl H. Moore, agricultural economist of the Federal Reserve Bank of Dallas, pointed out that many of the lessons learned from the farm and ranch visited could be used in nearly every community in northwest Texas. He also emphasized the need for diversification.

Mr. Whitley, chairman of the bankers association, announced that the farm and ranch clinic would become an annual event for the seven county association. Next year's meeting and clinic are scheduled for Haskell County.

Methodist Men's Directors Meet To Plan Program

Directors of The Methodist Men, a new organization of men in the local Methodist Church, met on Wednesday of this week to plan the program for their next meeting.

The meeting will be held on Tuesday, October 9, at the Methodist Church. The organization is showing rapid progress since it was organized some two months ago.

Each man of the Methodist congregation is urged to attend all meetings. New members are always welcome.

FUTURE FARMERS ENJOY WATERMELON FEAST

The Munday chapter of Future Farmers of America met in regular session on Tuesday evening at 7:30 o'clock. Around 30 members were present, and all enjoyed a watermelon feast.

LANDS IN ENGLAND

Mrs. J. C. Campbell received word this week that her son, Charles Hardin, left March Field, California, Tuesday night at 9:00 o'clock and landed in Sculthorpe, England, Thursday night, September 13, at 11 o'clock. He went over with the 22nd Bomber Division.

Mrs. Leroy Lefler and Shelton Phillips attended the funeral of their aunt, Mrs. W. R. Galloway, at Elk City, Oklahoma, Tuesday of this week.

Mr. and Mrs. J. O. Bowden were in Rising Star last Thursday to attend the funeral of Mrs. Bowden's uncle, Mr. Edwards.

Korean Hero Urges Everyone Support Defense Bond Drive

M. Sgt. Stanley T. Adams of Olmito, Kan., a hero on the Korean front and winner of the Congressional Medal of Honor says, "I hope every American citizen will back up America's Defense Bond Drive with all they have. The purchase of Defense Bonds will show the boys that the country is behind them." Sgt. Adams, though wounded, fixed his bayonet and led his platoon into a nest of Chinese, giving his 10th Regt. of the 24th Infantry a chance to regroup and drive the enemy from a dangerous salient. The Sgt. also served in No. Africa and in Italy during World War II. He was also wounded during the Italian campaign.

Move For Reception Center Gaining

The move for establishing a labor reception center in Munday is gaining headway.

A group of interested farmers contacted many farmers of the city last Monday in connection with the project, and met with unusual interest. "Most everyone responded liberally," they said, "with only a few turning us down, and we feel that these do not realize they are just as much a part of the community as the other person."

"The labor reception center is strictly a community affair," these farmers continued, "and if you were not contacted Monday you will be in the near future. We feel that every farmer wants to be a part of the community, and we will appreciate it if you will come to the C. D. A. office or the Firestone store and make whatever contribution to this cause you feel like making."

The land for the reception center has been purchased, and Tuesday the grounds were being cleaned off, getting rid of the weeds and trash, so they can be used immediately.

Knox County Boys Receive Merit Awards

Four Knox County boys were presented awards of merit for outstanding work in 4H and FFA work at the last annual meeting of the Seven County Bankers Association held near Seymour on September 11.

Receiving awards were Bobby McBeth, Knox City 4H member and Charlie Clark, Knox City FFA. Similar awards were given to Glen Bruce, Munday 4H member and Melburn Johnson, Munday FFA. Also attending the meeting from Knox County were Bruce Campbell, Knox City banker, W. E. Braly, Munday banker, L. E. Groves, Knox City FFA instructor, E. R. Ponder, Munday FFA instructor, and Bill Palmeyer, Knox County Agent.

The Seven County Bankers Association is compose of bankers in Knox, Baylor, Throckmorton, Haskell, Jones, Young and Shackelford counties. The clinic included a tour of the Chester Fox farm and the Ar- ledge ranch in Baylor County. Farm and ranch improvement practices were explained to the 200 attending, and the afternoon program was devoted to talks on the banker's responsibility to agriculture and the farmers re- lationship to the bankers.

ROBERT GEORGE HOSEAS PARENTS OF DAUGHTER

Pfc. and Mrs. Robert Hosea are announcing the arrival of a daughter, Janice Lynn, who was born at 8:24 a. m. Sunday, September 16, at a Haskell hospital. She weighed five pounds and twelve ounces.

Paternal grandparents are Mr. and Mrs. N. E. Hosea of Munday. The child's father is in the army and stationed in Alaska. Mother and daughter are reported doing fine.

NOTICE

Officers and committeemen who are working on the labor reception center for Munday have called a meeting of all persons who contributed toward the center for next Monday night. This meeting will be held at the C. D. A. office, beginning at 7:30 o'clock.

"It is very important that each and everyone who contributed toward the reception center be present," they said, "and we urge you all to attend."

Officers For F. F. A. Chapter Are Elected

The Future Farmers of America of Munday High School met on Friday, September 14, to organize the chapter for the 1951-52 term of school. New officers were elected as follows:

Melburn Johnson, president; Stoney Wardaw, first vice-president; Leon Johnson, second vice-president; Charles Yost, third vice-president; John King, secretary; Jack New, treasurer; Jimmy Morgan, reporter; C. T. Davis, historian; Bob Killian, parliamentarian; Dick Ponder, sentinel; and Earl R. Ponder, adviser.

F. F. A. CHAPTER PLANS SUBSCRIPTION DRIVE

The Future Farmers will soon be knocking on your doors and calling on you to take care of your magazines and newspaper needs for another year, E. R. Ponder, adviser, stated Wednesday.

"The boys assure you that they fully appreciate your kindness in giving them your subscription to magazines, daily newspapers and the Munday Times," Mr. Ponder said. "They guarantee you will get your magazines or newspapers, or your money will be refunded. They will have bargain rates on all subscriptions."

Don Boyles, who has been buying cotton in the Valley this season, returned home the latter part of last week.

Munday Moguls Play Rochester Here Friday

The Munday Moguls have their second home game of the season coming up Friday night when they meet the Rochester Steers on the local field. The game is called for eight o'clock.

This will be the last home games for the Moguls until they meet the strong Albany team here on October 19. On September 28 they go to Rule; to Merkel on October 5, and they have an open date October 12.

The Steers have already broken into the win column this year, having defeated the Clyde team 13-0 last Friday night. They will be gunning for another win when they come to Munday.

So will the Moguls! Having dropped two non-conference games thus far, the local boys are anxious to hit a winning streak. They are showing marked improvement as the season advances, and this week's series of hard workouts should serve to put them in fine shape for the Rochester eleven.

Anyway, it will be an interesting game—and one that will draw many fans from the Munday-Rochester area.

Members of the athletic committee have pointed out that reserve seat tickets which were sold last year to raise funds for additional bleachers, are not general admission tickets but reserved seats only. General admission tickets should be purchased ahead of the games, or at the entrance.

Fans are also urged to use the parking space inside the football stadium. There is nearly always plenty of room inside, and this enables those in charge to police the cars better.

Goree P.-T. A. To Meet On Monday

The Goree Parent-Teacher Association will hold its opening meeting next Monday evening at 7:30 o'clock at the high school auditorium. This will be in the form of a social.

A short program will be rendered, after which three prizes will be given to the ladies modeling the most unusual hats which they designed themselves.

Everyone interested in the school and in P.-T. A. work is invited to attend this meeting.

Quannah Attorney Will Seek Office Of Representative

Word was received here Wednesday that O. L. Bell, Quannah attorney, will make the race for the office of state representative from the 114th district in the special election to be held in November. The election has been called for the purpose of filling the unexpired term of John E. Morrison, who resigned.

Mr. Bell, who is around 45 years of age, has been a practicing attorney at Quannah for some 20 years and is a former county judge of Hardeman County. He will make his formal announcement later.

Redistricting of Texas, which will come up during 1942, will probably change the area now embraced by the 114th district.

Ikard's Vote Totals 8,970

John Ben Shepperd, secretary of state, canvassed the vote last Tuesday in the 13th district congressional race and announced the official totals.

Frank Ikard, winner of the race, received an official vote of 8,970, according to the formal certificate of election which Shepperd mailed to the speaker of the house in Washington. Ikard took the seat in Congress last Monday.

Walter Jenkins ran second with 5,363 votes; Republican Joe J. J. on was third with 5,101. Votes of the other candidates in the official count were: Wayne Wagonseller, 4,225; W. D. McFarlane, 2,786; Doug Crouch, 2,423; Edith Wilmans, 60; James A. Stephens, 41.

CDA To Encourage Work With Band

At a recent meeting of the C. D. A. directors, a discussion was held on how the community could help and encourage the school band.

It was suggested that there were probably quite a number of band instruments in town that are not being used. If you have an instrument you would like to sell, please bring it to the C. D. A. office, put your price on it, and the organization will try to sell it.

If you have an instrument you would like to let some band student use a while, go to the C. D. A. office and leave your name and the kind of instrument you have.

Railway Express Office Here Closed

Word was received recently from M. H. Dean, local agent for the Wichita Valley Railway, that the Railway Express Agency here was closed on Wednesday, September 12.

In the future it will be necessary for those receiving or shipping goods by express to use the express agency in Knox City, it was stated.

TO ASSOCIATION MEET

Rev. and Mrs. Huron A. Polnac, John McClaran, Alvin Reid, Mrs. Ila McClaran, Mrs. Ed Thompson, Mrs. T. Scott and Mrs. J. O. Bowden attended the Baptist Associational meeting in Rule last Friday.

Mr. and Mrs. H. D. Warren visited friends in Lubbock and Littlefield over the week end.

Andy Elland of Austin spent the week end here with his mother, Mrs. Dave Elland, and other relatives and friends.

MAD SCRAMBLE

The 20th Annual Prison Rodeo is the only place you can see this mad event. Don't miss action like this that will give you spills that will thrill and chill you at the 20th Annual Texas Prison Rodeo, Prison Stadium, Huntsville, Texas.

Sears Pig Show Slated Here For September 22

The Knox County Sears Swine Show will be held at Munday on September 22 at 2:00 P. M. Frank Martini, County Agent of Haskell County, will act as judge.

4H Club members who will be exhibiting animals as follows:

Pen of three fat hogs: Bobby McBeth of Knox City, Alton Lee Patterson of Vera, and gilts, Johnny Jones, William Bellinghausen, Rhineland; Harold Albus, Rhineland; Tommy Deckert, Rhineland; Glen Bruce, Sunset; Vernon Davis, Knox City; Emmet Burleson, Knox City; and Robert Elliott, Knox City.

These 4H members were given the registered Duroc animals through the Sears Foundation, and after exhibiting them at the county show, the 1st place winners will compete in the district show held in connection with the Texas-Oklahoma Fair at Iowa Park on Saturday, September 29th.

When the gilts farrow next spring, the litters will be weighed at the age of eight weeks to determine winners in the litter contest, and after the 4H member gives one sow pig back to the foundation to be passed on to another 4H member, three pigs will be selected to feed as market hogs. These will be shown at the fall show in 1952.

Co-sponsor with the Sears Foundation for the annual swine show will be the CDA.

Special Election On November 13 To Name Representative

John Ben Shepperd, Secretary of State, recently mailed to the County Judges of Foard, Hardeman, King and Knox Counties, which composes the 114th Representative District of Texas, the Governor's Proclamation ordering a special election to fill the unexpired term of the Honorable John E. Morrison, Jr., resigned.

This Special Election will be held jointly with the election on Constitutional Amendments on November 13, 1951. Shepperd stated in a letter to the County Judges that it was the duty of each County Judge to get together and set a final filing date.

The Judges of each county must make provisions for drawing for places on the ballot and all other necessary arrangements. He further stated that the returns of the election must be mailed to the Office of Secretary of State within 48 hours after the returns have been canvassed by the Commissioners Court.

Masons Meet At Throckmorton

Over 100 Masons, representing all lodges in the district except Goree, registered for the regular 91st Masonic District Association meeting at Throckmorton last Tuesday evening. The meeting opened with a fish supper at Throckmorton lake. Plenty of fish, and some to spare, was served the visitors. The supper was followed by an inspirational address by Judge Bowles of Breckenridge.

L. A. Parker of Benjamin, newly elected president of the association, was in charge of the meeting.

It was announced that Benjamin and Knox City lodges would be hosts for the next meeting, being on the third Tuesday in November.

Junior 4-H Club Elects Officers

The junior 4H club had its first meeting Wednesday, September 19th, for the purpose of electing new officers. Maleta Heason from Benjamin will be the agent.

Forty-three new members were present with the following officers being elected: President, Sandra Blacklock; Vice-president, Maurice Tidwell; Secretary, Marilyn Searcy; Treasurer, Shirley Howerly; and Reporter, Donna Phillips.

THE RATS FIND THE CHEESE

It will be a tragedy if the public cynically overlooks or forgets the recent revelations of dubious and dishonest practices within the Federal government. Corruption in government, unless ruthlessly exterminated, can destroy any nation from within.

Some time ago Henry J. Taylor, the nationally-broadcast radio commentator, devoted a program to the Reconstruction Finance Corporation scandal. Prior to speaking, he talked with Jesse Jones, who headed RFC for many years. He asked Mr. Jones for his opinion of RFC now. Mr. Jones gave it, along with permission to make his views public.

Here, according to Mr. Taylor, is what Jesse Jones said: "There's no integrity left in that agency any more. It has violated all moral standards and the public trust, whether it has violated any laws or not. The agency was established to serve an emergency. The only emergency it's serving now is political. It's rotten to the core."

"There's no solution but to close it up, and take the public's money out of that sinkhole at the earliest possible moment . . ."

"It's been a place where the rats found the cheese."

The FRC is the largest of the government agencies whose reason for existence has long since vanished—and which undermine the national integrity. There are others. The government must be cleaned up, from stem to stern.

COMPETITION CONTROLS PROFIT

The new price control bill contains an amendment that requires that retailers and wholesalers must be allowed their customary percentage margins, with certain exceptions, based on the May 24-June 24 period. In other words, this amendment prevents OPS from attempting to force these dealers to absorb higher costs over which they have no control.

According to various experts, the amendment as worded, does not go far enough. However, it is a step in the right direction—and a most necessary step if our splendid system of retailing, which is unequalled on earth, is to be preserved.

Some may think that it's proper to force a retailer to absorb price increases, on the argument that anything which might reduce or stabilize prices is desirable. This argument just doesn't make economic sense. A typical retailer, chain or independent, make a net profit of one cent to about five cents on each dollar of sales. Such staples as food carry the smallest profit. In the case of merchandise which moves slowly, or which is influenced by style and seasonal trends, the margin must of course be larger.

Profits of this size represent the minimum which retailing must earn if it is to remain a progressive, going concern offering the best possible service to the public. No retailer can long make an excessive profit—the inexorable force of competition takes care of that. A "gyp-

ped" customer doesn't return. He takes his trade elsewhere. The cost absorption scheme, which OPS apparently was adoptin, would have forced retailers to reduce stocks and, in some cases, to stop buying certain items entirely. No one can benefit when that is the case, and everyone is hurt in the long run. We can sneer at the "profit motive" all we like—but it is the factor which makes of achievement by industry and the individual alike.

THE IRRESPONSIBLE SMOKER

Negligence is a curse that dogs the tracks of civilization. There are always those who refuse to take responsibility resiously. An individual who intentionally burns down a house and cremates a living person, or burns down a barn and animals, or ignites a forest, or destroys someone's property by fire, is punishable as an arsonist. And yet careless smokers who are not apprehended and punished cause hundreds of deaths and millions of dollars of property damage annually, including destruction of irreplaceable wildlife. They create havoc through negligence instead of intent but the results from their acts are as deadly as though premeditated.

Smokers who use no caution in the handling of a cigarette are a menace. They refrain from throwing a match into flammable material—but not a cigarette. They may not light a match around a gasoline pump—but they will smoke a cigarette. They hesitate about tossing a match into dry grass—but not a cigarette. They pour water on a campfire—but turn right around and drop a cigarette. What is it about a cigarette that numbs the individual to its deadly qualities?

With knowledge of the destruction cigarettes cause each year, is it not possible to make the smoker conscious of his responsibility—to make him realize that cigarettes are fire and not chewing gum?

GRASS ROOTS OPINION

ATHENS, TEXAS, DAILY REVIEW: "An individual . . . knows how to avoid fire—after having been burned. But the American government, after dabbling time and again into economic controls and regulation of industry—apparently is coming back for more. And the next generation will be called upon for the salve"

CLAFLIN, KANSAS, CLARION: "New Zealand and Australia have sold some of the government owned businesses to private individual or companies and are getting out of business as fast as possible. Every attempt at socialism in government has resulted in less production, lower wages and higher taxes and prices."

"An excess profits tax will undermine the moral compulsions that make the tax system of the United States so successful as compared to that of many other countries."—Beardsley Ruml.

BOYCE HOUSE
 Gives You Texas

Persons who are middle-aged or older will recall Mayor John Purroy Mitchell of New York City for whom a great future in national affairs was predicted. But while serving in the armed forces during the First World War I, he fell from a plane to his death.

At a banquet in Little Rock, Ark., a couple of years ago, I was seated by Edwin F. Wagner of Madison, Ill., who served with Mitchell. Wagner declared that Mitchell was a brilliant man but he would get to thinking with such concentration on a subject that he became oblivious to his surroundings.

Wagner's belief is that Mitchell became so preoccupied

that he forgot to fasten the safety belt and fell when the plane looped.

"Welcome the arriving, speed the departing, guest" is an old saying—and the Gunter Hotel in San Antonio does that. For not only is the new arrival made welcome—but the clock in the lobby is always five minutes fast, a fact which startles the departing guest into hurrying to get to an airport or station.

And deflation has begun in the Alamo City. You can play tunes on the juke-box for a quarter, instead of five cents straight. Some folks would prefer, however, to see this particular item cost more and then they would listen to fewer fellows with adenoids rendering hillbilly tunes.

"Bringing home the bacon"—everyone knows what that expressive phrase means. The saying goes back to the days when Joe Gans, a Negro, was lightweight champion of the world, along about 1906. A newspaper man, interviewing Gans' mother,

Pictures For Movie Time In Texas Given

Completing his lineup of pictures for the opening phases of the state-wide motion picture celebration of "It's Movie Time in Texas," Manager P. V. Williams of the Rxy Theatre announces a strong schedule of attractions for his screen.

All the Hollywood studios are cooperating with the Texas campaign and are making available

immediately the high-powered attractions that are usually reserved for the winter season.

Among the big ones coming to the Rxy soon are: Tyrone Power and Susan Hayward in "Rawhide", Sept. 25-26-27, John Wayne and Robert Ryan in "Flyin' Leathernecks", Oct. 23-4, Dean Martin and Jerry Lewis in "That's My Boy", Oct. 7-8, Jeff Chandler in "Iron Man", Oct. 9-10-11.

Many more big ones will be announced later.

Motion picture admission costs have gone up only one-third of general living costs, according to figures charted by the United States Bureau of Labor Statis-

SONG BIRD FOR T-O FAIR—Jean Oliver, who will be the featured singer in the production, "Top Hat and Spurs," can provide not only beautiful music but visitors to the Texas-Oklahoma Fair in Iowa Park, Texas, Sept. 24-29 will discover that she's not hard to look at. The beautiful singer will appear nightly on the big entertainment program to be presented in the T-O Fair auditorium.

Weekly Health LETTER

Issued by Dr. Geo. W. Cox
D. D., State Health Officer
of Texas

Because of the economic losses they cause to industry and commerce and the annoyance they create in homes, rats have been considered a serious menace to mankind since long before their role as vectors of disease was understood. Today at least six diseases which are transmitted to man from the rat are known to medical science according to Dr. Geo. W. Cox, State Health Officer. These diseases include the dread plague, typhus, trichinosis, a form of jaundice, tapeworm, and food poisoning. The whole history of the role rats play in the transmission of disease remains as yet unknown.

"It is necessary to public health," Dr. Cox said, "that a continuous rat control program be maintained in every urban and rural area throughout Texas. This is of especial importance on farms where rats may flourish by feeding on grain and other farm products.

The doctor points out that rats, like other living things, require food and shelter if they are to propagate and increase in number. Destroying their shelter and breeding places includes the employing of ratproof design in buildings, the use of ratproof materials in construction, employing ratproof methods of construction and installation, and providing for periodic inspection of buildings to insure permanent safety. This program will force the rat out into the open where its destruction may be accomplished.

Of equal importance as a control measure is the elimination of all food supplies. This consists of storing all foods in ratproof buildings or in ratproof containers, the proper storage and disposal of garbage, and

careful feeding of stock to prevent waste feed from being picked up by the rats.

By observing these control measures, the community will benefit not only in the eradication of a nuisance and economic menace but in improved health conditions and the prevention of rat-borne diseases.

REAL ESTATE

Farms and stock farms, on highway, close to Seymour. Good water well. Improved. Some with this year's crops. 160, 170, 325, 640, 425, 325 acre tracts. Some larger.

Walter Coufal

Box 250 Seymour, Texas

Motorless Servel Gas Refrigerator

Lasts on and on... summer without repair, without loss of first-day efficiency... no motor or compressor to break down under strain of a torrid spell. The proof's in writing—an exclusive ten-year guarantee. Think of the future... choose a big, beautiful Servel today.

15% down, 18 months to pay

Lone Star Gas Company

ties and cited by Manager P. V. Williams of the Rxy Theatre, in calling attention to the state-wide MOVIE TIME IN TEXAS celebration.

Nationally, according to the Bureau's figures, the average rise in the movie admission prices in five years is considerably less than one-third of the 38.7% increase in the general cost of living in the same period. Even more impressive is the small advance in movie admissions as compared with the increase in the cost of food and clothing; and, although real estate rentals have been held down by Federal controls, rentals went up twice as much as movie admission.

These percentages of course cover the entire national scene, and while movie prices have gone up 11% nationally, they have gone up even less in the State of Texas, and "no" advance in Munday, the only increase during this period in Texas have been in price adjustments made necessary by the Federal Excise Taxes.

It has long been recognized by the motion picture industry the press and public itself, that the top Texas admission price of 60% in the larger towns is emphatically less than any comparable population situations anywhere else in the nation; all of this despite the tremendous increases in the cost of picture production and operation of theatres.

Mrs. Homer Lee of Wichita Falls is visiting her son, Travis Lee, this week while Mrs. Travis Lee is staying with her father in Wichita Falls, who is ill.

*Times Want Ad Pays

LOCALS

Bill Hardage, who has been song leader at the Baptist Church this summer, returned to Abilene this week to continue his college work at Hardin-Simmons University.

Mrs. Joe Layne Womble returned home last week from Portsmouth, Va., where her husband was stationed with the Navy. He has been sent overseas.

Mrs. P. C. Phillips and Mrs. Leroy Lefler were business visitors in Wichita Falls last Saturday.

Billy Brown left this week for Lubbock to enter Texas Tech for his freshman year.

DODGE "Job-Rated" TRUCKS ARE THE BEST BUY

More rugged chassis, more power
Every chassis unit front to rear is engineered for extra dependability—for long life and low maintenance on your job! Your "Job-Rated" engine delivers increased power—it gives you the right power with top economy and low upkeep in the toughest service!

More all-round safety
You get the finest truck brakes in the industry! On many models you get new molded, tapered, Cyclobond brake linings for smoother, quieter, safer braking. And you'll ride in a welded all-steel cab with "Pilot-House" vision, including extra-big windshield area.

WHY A "Job-Rated" TRUCK IS YOUR BEST BUY

A Dodge "Job-Rated" truck is engineered at the factory to fit a specific job... save you money... last longer. Every unit from engine to rear axle is "Job-Rated"—factory-engineered to haul a specific load over the roads you travel and at the speeds you require.

Easier handling, smoother riding
Back a Dodge "Job-Rated" truck into a tight spot—and see how sharply it turns, how easy it is to maneuver. Such features as wide front tread and shorter wheelbases make handling easier. Oriflow shock absorbers on 1/2-, 3/4-, and 1-ton models give a smoother ride.

Longer life with FLUID DRIVE
Only Dodge offers gyrol Fluid Drive. Available on 1/2-, 3/4-, and 1-ton models. You start with amazing smoothness... tiresome gearshifting is minimized... wear is reduced on vital parts to increase truck life. And Fluid Drive protects your load!

Every unit that SUPPORTS the load—frame, axles, springs, wheels, tires, and others—is engineered right to provide the strength and capacity needed.

Every unit that MOVES the load—engine, clutch, transmission, propeller shaft, rear axle, and others—is engineered right to meet a particular operating condition.

See us today for a truck that fits your job...

BENJAMIN NEWS

Mrs. Ethel B. Laird, reporter

Mrs. Malcom Shipman left Tuesday of last week for her summer home in Flagler, Colo., and her nephews, Carl Benson, and Mr. and Mrs. Billy Benson accompanied her for a short visit.

Mrs. Wallace Glenn was a business visitor in Vernon on Thursday of last week.

Mr. and Mrs. Curtis Ripley and children of Lubbock were guests in the home of her mother, Mrs. J. A. McCanlies, last week.

Mrs. Walter Coody of Munday called on her mother-in-law, Grannie Coody, Thursday of last week.

Bryson Laird was in Seymour on business last Friday.

Franklin Alexander left Friday for Camp Stoneman, Calif., after spending a twenty-one day furlough here with his parents, Mr. and Mrs. A. M. Alexander.

Word has been received by the mothers of two of our boys, Mrs. Zenia Waldron and Mrs. Myrtle Meinzer, that their sons, Jack Waldron and Wallie Joe Meinzer, are now in Korea.

Mrs. R. L. Headrick left last week for Wichita Falls to visit in the home of her daughter, Mrs. C. L. Wallace.

Mr. and Mrs. Bernie Hale and son of Truscott, spent Sunday in the home of her mother, Mrs. Nancy Hamilton.

Mr. and Mrs. Jack Shipman of Munday spent Sunday in the home of her parents, Mr. and Mrs. C. P. Littlepage.

Mr. and Mrs. Bob Hendrickson and baby of Amarillo spent the week end in the home of her parents, Mr. and Mrs. Lawrence Johnson.

Mr. and Mrs. Lawrence Chitty and children and Mr. and Mrs. Marion Chitty, all of Fort Worth, visited in the homes of their parents, Mr. and Mrs. O. C. Chitty, and sister, Mr. and Mrs. D. V. Gilbert, over the week end.

Mr. and Mrs. Red West of Seymour and Rev. S. F. Martin of Wichita Falls visited in the home of Mr. and Mrs. Dvyle Pyatt, Wednesday of last week.

Mr. and Mrs. Dud McDonald of Seymour called on Mr. and Mrs. Earl Sams Sunday night.

Mr. and Mrs. Doyle Pyatt left Monday for Turkey to visit in the home of her grandmother, Mrs. N. E. Montgomery, and with friends.

Mr. and Mrs. Marion McGinty of Plains and Mrs. Jack Propps of Seymour were guests in the home of Mrs. Emma Sams last week.

Margie Dee Hill, Charles W. Sargent Marry September 8

Miss Margie Dee Hill became the bride of Charles Williams Sargent in a home ceremony performed Saturday night, September 8, in the home of the bride's parents, Mr. and Mrs. J. A. Hill. The double ring ceremony was read by the groom's father, Rev. Charlie Sargent.

Mrs. Lowry Wilson served as her sisters' matron of honor. She wore a pink dress with blue accessories.

The bride, given in marriage blue suit, with pink accessories.

She carried out the tradition, something old, something new, something borrowed and blue, with a penny in her shoe for good luck.

Johnny Sargent, brother of the groom, served as best man. After the ceremony a reception was held. The bride's cake was a three-tiered confection, decorated with a miniature bride and groom on top.

Mrs. Tom Cloud presided at the punch bowl and Mrs. J. A. Hill, Jr., served the cake. Attending the reception were close friends and relatives.

The couple are making their home in Munday.

Joe Lynn Yost And Elnora Dahl Wed September 8th

Miss Elnora Dahl became the bride of Joe Lynn Yost on Saturday, September 8, at 8:00 p. m. at Seattle, Washington, in the First Southern Baptist Church with Rev. George Irvin officiating.

There were two attendants, maid of honor, Miss Leona Rupp, and best man, Delbert Dahl, brother of the bride. The maid of honor was attired in a navy blue suit with a red corsage.

The bride wore a light blue suit with white accessories and carried a white orchid topped on a white Bible.

Gene Maples sang "Because", and "Together", after which the bride's father, Mr. Herman Dahl, gave her away in marriage.

A reception immediately followed the wedding at the home of the bride's parents. The couple then left on their honeymoon, which they spent at Vancouver, British Columbia, returning to Texas on September 15.

One Lesson We Should All Take To Heart

Piper Laurie, the Universal Pictures star, looks good at the blackboard but she is making it even better. The familiar Series E Savings Bond is again doing double duty. It now backs up our Defense forces as well as your future. It is doing a job for peace because peace is for the strong. Defense Bonds help to keep the American economy strong. You may now hold your Series E Defense Bonds another 10 years. Looking ahead, here is how they will add up—\$15.00 plus 10 years equals \$150.00. \$15.00 plus 20 years equals \$135.00. In 30 years you will receive 77 per cent more than cost price. Your Bonds are better than ever!

Benjamin Sorosis Club Opens Year With Dinner Sept. 13

The Benjamin Sorosis Club opened the 1951-52 season with a dinner on Thursday, September 13, with Mrs. J. C. Patterson, president, and Mrs. S. E. Reed, Jack Barker, O. D. Propps and F. E. Davidson as hostesses.

Mrs. Patterson welcomed the club members after the year books were distributed by Mrs. Reed, program chairman, followed by reports on future aims of the club. Mrs. I. T. Wright, education chairman, reported the loan of \$200 for the Luta Moorhouse Nursing Scholarship Fund to Lois Brown, a recent graduate of Benjamin High School. Miss Brown is now a student nurse in Memorial Hospital in Abilene.

A contribution to CARE for Korea will be made through the International relations chairman, Mrs. Robert Hames, school nurse, will be in charge of the health program on September 27.

Mr. Karl Harbin and child n of Hot Springs, Arkansas, visited with relatives here Tuesday and Wednesday of this week.

George Salem returned home last Saturday from Washington, D. C., where he has been visiting with his family.

Mr. and Mrs. Clayton Wren and Erwin were visitors with relatives in Seymour over the week end.

Goree Bible Class Meets September 17 With Mrs. Bates

The Goree Bible Class met September 17 in the home of Mrs. Reuben Bates after being adjourned through the summer months.

In a business session the following officers were elected for the new year: President, Mrs. Everett Gaither; Vice-President, Mrs. Walter Coffman; Secretary, Mrs. Buster Coffman, and Treasurer, Mrs. James Carver.

The group sang "Take Time To Be Holy," and was led in prayer by Mrs. Burdon Smith. A very interesting lesson on the "Life of Christ" was led by Mrs. Floyd Bowman.

Refreshments were served to the following members: Mmes. James Carver, Everett Gaither, Walter Coffman, Jack Steward, Mack Tynes, Billy Hutchens, Bourdon Smith, Mary Jo Jones, Barton Carl, Floyd Bowman, Buster Coffman, and one guest, Mrs. Mabel Halk and the hostess, Mrs. Reuben Bates.

Reagan Family Reunion Is Held At Vera Sept.

A reunion of the Reagan family was held in the home of Mr. and Mrs. C. A. Reagan of Vera on Sunday, September 9. Among those attending were all their children, as follows:

Mr. and Mrs. Arthur Allen Reagan of New York, Mr. and Mrs. Leon Reagan and Sue and Mr. and Mrs. J. C. Reagan and Brenda and Jackie, Spur; Mr. and Mrs. Red West, Seymour; Mr. and Mrs. Chester Layne, Munday; Mr. and Mrs. Ralph Cypert and Clara Sue and Gary, Knox City.

Other relatives from Munday who attended are: Mrs. Lucille Stodghill and Betty and Ruthie, Mr. and Mrs. Herbert Stodghill and Johnny, Miss Sue Hallmark and Jimmy Peek.

Munday H. D. Club Meets In Home Of Mrs. Ralph Weeks

The Munday Home Demonstration Club met Wednesday, September 12, in the home of Mrs. Ralph Weeks to reorganize and elect new officers, with Mrs. Frank Bowley, vice-president in charge.

After new members were elected Mrs. Bowley showed the club members some very beautiful gloves, painted china and a coded wallet the club had made.

RUPTURE

SHIELD EXPERT HERE
H. M. SHEVNER, widely known expert of Chicago, will personally be at Kemp Hotel, Wichita Falls, Sunday and Monday only, Sept. 30 and Oct. 1 from 9 A. M. to 4 P. M.

Mr. Shevner says: The Zoetic Shield is a tremendous improvement over all former methods, effecting immediate results. It will not only hold the rupture perfectly no matter the size or location but it will hold the rupture perfectly no matter the crease the circulation, strengthen the weakened parts, and thereby close the opening in ten days on the average case, regardless of heavy lifting, straining or any position the body may assume. A nationally known scientific method. No under straps or cumbersome arrangements and absolutely no medicines or medical treatments. Mr. Shevner will be glad to demonstrate without charge. 6509 N. Artesian Ave., Chicago, 45

Large incisional hernia or rupture following surgical operation especially solicited.

Activities Of The Colored People

The chairman of District Board No. 1, Rev. O. T. Tisdale, was a visitor at West Beulah last Friday night and preached a wonderful sermon. His brother and wife accompanied him here. He is the proud pastor of Anson, Texas.

Rev. Mack filled his pulpit at the Church of God in Christ.

The P. T. A. are working wonderfully. Last Thursday the members raised \$10, and a tea last Sunday evening from 4 to 7 o'clock raised the sum of \$25.75. At this writing we have on a plan between several girls. The one selling the highest amount will be "Miss Dunbar."

Mrs. Helen Shearod and children returned home Sunday after visiting her sister and mother for over a month.

Delbert Beals and Mrs. Dennis Williams remain on the sick list.

Mrs. Aline Johnson has had her home remodeled.

Rev. S. S. Sanders is also remodeling one of his rent houses. We are happy to see the school board bringing their work to a close at Dunbar school, in the way of water and gas, because we are having some cool mornings now.

Mr. and Mrs. Roy Ross were very much surprised to have their children from Wichita Falls and Amarillo to visit them

the past year. The meeting was turned over to the county agent, Miss Henson, for a demonstration on pattern sizes and models for different figures.

The meeting came to a close with refreshments being served by Mrs. Frank Bowley and Mrs. Raymond Hargrove to the following: Mmes. Johnny Peysen, Ressie Harper, Wm. T. Dixon, Frank Bowley, Raymond Hargrove and Miss Henson.

The club meets again Wednesday, September 25, with Mrs. Johnny Peysen.

Tuesday morning. We want to thank Mr. and Mrs. Levi Bowden for the magazines they donated to the school. The pupils are really enjoying them. The tea was given by the high school room, of which Mrs. Thomas is room mother.

Mr. and Mrs. Ben Yarbrough returned home last week end from a vacation trip to various points in Colorado.

Be careful. Observe state and local traffic laws.

P. V. Williams returned home this week from Houston where he had been attending a Gulf dealers' meeting.

Mr. and Mrs. Dutch Heilmann of Dallas visited with Mr. and Mrs. Kirby Fitzgerald last Saturday.

Billy Cammack, son of Mr. and Mrs. Bryan Cammack, is attending Texas University in Austin this year.

Bonds Grow With Baby

Thousands of children throughout the country—like one-year-old Danny Grace of Ozona Park, Long Island, N. Y. (above)—have been receiving U. S. Defense Bonds regularly from their parents since birth. Danny not only gets a cake, but also his 12th bond on the occasion of his first birthday.

When ironing folded sheets and linens, iron up to the fold not across it. Sharp creases may look well but it will result in breaks and tears before the material is worn out.

Texas Jersey cattle breeders last year ranked at the top or near there in eight different categories according to information released by the American Jersey Cattle Club.

Draft Call For October Higher

AUSTIN—State Selective Service headquarters has been notified to increase Texas draft call for October from 742 to 807 men, Brig. General Paul L. Wakefield, state director of Selective Service, said.

Notification came by telegraph from national Selective Service headquarters.

"Our increase for October is only 65 men," General Wakefield commented, "and will be easily filled. We are ready for much bigger increases if the nation needs men."

The increase of 65 is the Texas share of a national increase of 3,600 men. Original October call for the nation was 41,000. Adjusted call is 44,000.

As a result of adjustment in the state call, 15 local boards in 11 Texas cities are scheduled to receive a slight adjustment in their October calls.

Boards to receive an increase are located in San Antonio, Ennis, Galveston, Baytown, Beaumont, Port Arthur, Lubbock, Waco, Bowie, Sweetwater, and

Orange. Adjusted calls are scheduled to be mailed today by state headquarters.

General Wakefield explained that such a small increase in a call cannot be equitably divided among 137 local boards and that adjustments have to be made later.

"Receipt of small calls over a period of time becomes a series of adjustments and readjustments," the state draft director commented.

Mr. and Mrs. H. T. Cunningham and son, Tommy, were business visitors in Wichita Falls on Wednesday of this week.

Mrs. G. R. Eiland and Mrs. D. E. Holder, Sr., are in Dalhart this week visiting in the home of Mr. and Mrs. C. H. Giddings.

Mr. and Mrs. Arthur Allen Reagan of New York are visiting with relatives here and at Vera this week.

Miss Patsy Morrow left this week for Abilene to enter as a freshman at Hardin-Simmons University.

Be careful. Obey state and local traffic rules.

State Fair's Midway Will Be Big Attraction

The most unusual attractions that have ever appeared in the Southwest will be featured on the million-dollar midway of the 1951 State Fair of Texas, Oct. 6-21.

The beautiful and weird, the laughable and the sensational, will evoke emotions ranging from hilarity to amazement among the more than two million visitors to the world's greatest state fair.

For example, Betty Lou Williams, a 17-year-old Negro girl, who actually has four legs and three arms, and will make her first appearance in Texas. She was chosen by the late Robert L. Ripley of "Believe It or Not" fame for his "Odditorium" show when she was but five months old. Her case has baffled medical science as well as the millions of people who have seen her.

Then there will be two mammoth giants who will bring to mind the fabled story of "Jack and the Beanstalk." One is an Amazon giantess seven-and-one-half feet tall, and the other is the famous 8-foot tall giant brought to this country several years ago by the Ringling Bros.-Barnum & Bailey Circus.

Jess Willard, former heavyweight boxing champion, will also appear with one of the

shows on the midway. The biggest little people's show on earth will bring to the fair a talented aggregation of midgets, including a tiny little charmer who looks very much like Mae West and puts on a very realistic imitation of her.

Divina, the underwater ballerina who performs in a glass tank filled with water, will be a feature of the midway, as the star of a lavis musical revue. She has been seen in the nation's biggest and best-known night clubs.

These are just a few of the attractions on the 1951 Midway. Preparations for the 66th edition of the state fair are proceeding at an accelerated pace as the time grows short before the gates swing open on Saturday, Oct. 6.

More than 5,000 entries already have been made in the livestock and poultry shows. The fair's new \$125,000 livestock pavilion is nearing completion and will be ready by fairtime.

Because of the weather conditions, cotton is maturing prematurely and harvesting is progressing rapidly and will be completed earlier than normal. Cotton farmers are urged to take advantage of the situation and practice one of the most effective of all control methods against the boll weevil and pink boll worm—early stalk destruction.

Seventy-five percent of the breeder turkey marketed in Texas during the spring of 1950 were grade A in quality.

Fees For Drivers Licenses Increased

AUSTIN—Homer Garrison, Jr., director of the Texas Department of Public Safety, announced today that a survey conducted at the end of the first week of the increased fees for driver's licenses indicated that 48% of the applications for renewal of operator's and commercial licenses failed to include sufficient money.

This, Garrison pointed out, was in spite of the fact that newspapers and radio stations cooperated wholeheartedly in publicizing that the cost of both of these type of licenses were doubled by the 52nd Legislature and become effective September 7th.

The Public Safety Director again reminds Texas motorists that the fee for an Operator's License is \$1.00 and for Com-

mercial License, \$2.00. The price for a Chauffeur License remains at \$3.00. As before the Operator's License is valid for a period of two years and the latter two for a one year period each.

Remitting of the proper amount with you renewal application will expedite a more prompt return of your new license, Garrison said.

ST. LOUIS, MO.—"The American Bankers Association's support of the original Defense Savings Program played an important role in checking the inflationary trend prior to and during the war period," said Gale F. Johnston, president of the Mercantile-Commerce Bank and Trust Company, here today.

"The obligation is equally strong today. No more effective plan for widespread thrift, automatic and painless saving, has been devised than the existing program."

Home Economist

Appointment of Miss Wanda Louise Jones as home economist for the Lone Star Gas Company in this area has been announced by R. H. Gray of Abilene, division superintendent. Miss Jones

a native of Lufkin, has been stationed at Sulphur, Oklahoma, as home economist for the twenty-eight towns in the gas company's Oklahoma division. Mr. Gray said, and her new territory includes the thirty-three towns in Lone Star's Wichita Falls, Vernon, Seymour and Electra districts. She will have headquarters in Wichita Falls.

Miss Jones joined Lone Star in March, 1950, and after a training course in Dallas under Miss Julia Hunter, director of the home economics department, was assigned to the Oklahoma division. Shortly after she arrived in Sulphur she organized the Business and Professional Women's Club and served as its first president. She was chairman of the Oklahoma state committee for the women's group on the sale of defense bonds and a member of the BPWC state committee on civilian defense. She also served on the Sulphur Chamber of Commerce community projects and development committee.

The new home economist will

Something New!
HM-20 COTTON STRIPPER
for Farmall H, M and HD Tractors

These strippers are being shipped to us this week. We are receiving a limited number, so get your application in early.

With the tractor, the stripper forms an easy maneuverable self-propelled cotton harvester that opens fields without running over the standing cotton. The operator has full view of the rows ahead, and down into the stripping units.

It provides high harvesting efficiency and cleaner cotton in the wagon. Come in, get the details.

Farm Meetings Held In County

For the purpose of getting ideas of farmers and ranchers as to improvements on the different agricultural agencies, a series of meetings was held in the communities of Vera, Gilliland, Truscott, Benjamin, Knox City, Rhineland, Munday and Goree by the Mobilization Committee, headed by J. C. McGee, chairman.

Ideas obtained for the agencies were as follows: Farm Home Administration should raise loans for the purchase of farms to at least \$30,000.00 in this area as the present maximum loan of \$14,000.00 will not purchase a farm large enough to support a family. The Farm Credit Administration should use a revised system of appraising land so that present prices should be used in loans. The Soil Conservation Service should hold more tours of ranches and farms to show results of their work, and a local soils laboratory should be set up. The Extension Service needs more research on cotton insect control and should hold more field trips to show results of soil improving practices. A soils laboratory should be set up for the farmers to obtain quick fertilizer recommendations and land tests. Changes in the PMA were as follows: The support price for basic crops should be 100 parits as farmers are entitled to the same present parity as industry. The method of figuring parity should be brought up to date, with present cost and each year one year should be added and one year dropped in figuring parity. (Example—1951 parity based on years 1945-1950 and 1952 parity figured on years

1946-1951. This method would keep farm prices more in line with items farmers have to buy. Grain sorghum should be classified a basic crop because a large acreage in Texas is devoted to this crop, and many more uses of the crop have been found. There is a need for more cotton warehouse storage to store loan cotton, and they should be approved even though they are not on a railroad siding, as much of the cotton crop is hauled by trucks. Storage space in the county is not adequate. The county committee should be given more authority in adjusting allotments on farms that have changed ownership and cropping systems. The State Committee should be elected in the same way that the county committee is elected, thereby giving farm people more direct representation. Local elevator operators should be bonded and their grades accepted for making loans. Cotton graders should be placed in all cotton producing counties, thereby getting grades immediately. Coverage of wheat insurance should be raised even at an increase in premium, as the present coverage is too low compared to investment. A greater margin of profit should be allowed vendors handling materials under purchase order as it is hard to get some dealers to stock materials with so low a margin of profit.

Items causing discussion were acreage control on which the following recommendations were made. Acreage controls should be in effect when the carryover is great enough to reduce prices below parity, acreage controls should be reinstated for 1952 because much of the effects of the past conservation work has been destroyed in the 1951 program by the large acreage of cotton, cotton allotments should be based entirely on cotton his-

50,000TH V-8 FIREPOWER CHRYSLER IS SHIPPED

The assembly line rolls the 50,000th Chrysler equipped with the new 180-horsepower V-8 Fire-Power engine. Unfilled orders for the V-8 equipped cars now stand at 25,000, with sales matching production. Shown speeding number 50,999 on its way are David A. Wallace, president of Chrysler Motors, a Chrysler Corporation, and Joseph A. O'Malley.

try of the farm by reducing acreages by a certain percent of the acreage planted in the years creating the surplus, cotton allotments should be based on cropland only, so that every farmer would have equal allotments, and cotton allotments should be computed in the same manner as they were in 1950 except the war crop credit should not be considered.

Other recommendations to the USDA in general are: cotton burrs should not be burned, but placed back in the land for fertilizer. A better labor agreement should be worked out for the farmer, as present program makes it difficult on farmers and ranchers and places restrictions on them that are not sound business policies. When a farm program is started, it should be carried out, and not handled as the 1951 wheat program.

Some ideas were also given as to why people are leaving the farm which were as follows: The initial cost of farming is too great for new farmers to get started, and wage-price stabilization is unfair to farmers. Some thought that the cash lease should be done away with as it gives an advantage to the large operator, who can operate at less profit per acre, and others were of the idea that enterprise should be left as it is thereby giving everyone the right to use his land and money as he sees fit for his advancement.

FORREST CITY, Ark. — The banks of America are squarely behind the Defense Bond Drive, W. W. Campbell, president of the National Bank of Eastern Arkansas, said here today. He declared: "The record of banks in encouraging the purchase of U. S. Savings Bonds in war and peace, in my opinion, is overwhelming evidence that we shall welcome the opportunity to be in the forefront in all renewed efforts to expand this program in these critical times."

Mr. and Mrs. O. C. Harville of Cleburne visited here over the week end with her sister, Mr. and Mrs. Dee Colugh, and other relatives.

LOCALS

Miss Lou Campsey, daughter of Mr. and Mrs. Brooks Campsey, entered Hardin-Simmons University in Abilene this week for her sophomore year.

Scotty and Danny Ponder left last Saturday for Lubbock to enter Texas Tech for the coming year. They are the sons of Mr. and Mrs. E. R. Ponder.

Wayne Rodgers, son of Mr. and Mrs. W. R. Rodgers, who is attending Texas University in Austin, visited his parents here over the week end.

Garron Tidwell, son of Mr. and Mrs. Jack Tidwell, left this week for Abilene to enter Hardin-Simmons University for the fall term.

Knox Prairie Philosopher Willing To Try Special Session That Will Do Something About The Water Shortage

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek is misconstruing the news again his letter this week reveals.

Dear editor:

I was out here the other afternoon wonderin when it was gonna rain again, don't believe I ever saw a summer as hot and dry as this one has been, when I noticed a little whirlwind headin in my direction and since gettin a little dust on't no worse than usin up a lot of energy tryin to dodge the thing, I sat still and let it hit me and when it was past I noticed it had dropped a newspaper right at my feet and since I was sittin down and could reach it without any trouble I sorted it out from the trash, ain't no trouble to do it all when you've had experience and picked it up and read where a Texas representative is urgin a special session of the

J. A.

Legislature to deal with the state's critical water shortage.

As I understand it, he wants to call the Legislature together to solve the water problem, and I'm all for it. My well has been gettin lower and lower and if the Texas Legislature can do something about it, what are they waitin for?

Of course, there's a good many angles about the rain shortage I haven't figured out how the Legislature can help on, but when a man gets desperate he'll try anything, and if a special session is all that's standin between us and more water, I say call it right now.

While it's hard to see for example how the Legislature can help a place like Temple, where the city reservoir is gettin lower and lower and the city more and more worried, it's possible that if the entire membership of both houses all piled in the reservoir at one time it would raise the water level, the same as droppin rocks in a fruit jar will send the water at the bottom to the top, although I guess technically speakin it don't really increase the total amount of water, although there might be some psychological advantage in seein the reservoir brim full, even if it meant havin the entire Legislature at the bottom, except when they come up for air or to vote.

And also there may be some people who doubt the Legislature can have much effect on rainfall, but there are others who claim rain-makin and law-makin takes about the same amount of know-how coupled with wild guessin, and a special session might be the very thing. At any rate, you can't deny the Legislature certainly could not make the water situation any worse, and when a well gets as low as mine, a man likes to see some action. I'm callin on my representative to make raisin in the water level in my well the first order of business, House Bill No. 1.

Yours faithfully,
J. A.

Miss Marguerite Hammett, daughter of Mr. and Mrs. George Hammett, left this week for Abilene to enter Hardin-Simmons University again this fall.

CHRYSLER INTRODUCES SARATOGA MODELS

New in the 1951 Chrysler line is the Saratoga model powered by the 180-horsepower FirePower V-8 engine, which previously has been available only in the larger wheelbased New Yorker, Imperial and Crown Imperial models. With a wheelbase of 125½ inches, the Saratoga will be available in the six-

passenger sedan pictured above, eight-passenger sedan, limousine, club coupe and the Town and Country wagon. Saratoga models will be available in a wide choice of standard colors and two tone color combinations.

Mr. and Mrs. E. W. Harrell spent the week end in the home of Dr. and Mrs. Dick Harrell of Dallas. They report that Dick is showing improvement and is recuperating from his recent operation.

Delbert Montgomery of Fort Worth visited with friends and relatives here over the week end.

Mr. and Mrs. Bill White visited their parents in Sulphur Springs over the week end.

Lubbock Cotton Variety Tests

Deltapine (TPSA) gave the highest average yield in the irrigated variety tests, with 537 pounds of lint per acre for the four-year period. C. A. 894, Paymaster 54, Hi-Bred, Stoneville (TPSA), and Stormproof No. 1 all produced yields of over 500 pounds of lint per acre.

Other varieties in the irrigated tests, in order of average yields, were C. A. 122, Stormmaster, Early Foster, Macha Early, Lockett 140, Northern Star, Western Prolific, Rogers' Texacala, Floyd's Mebane 8G and Rowden 41B (TPSA).

These results are given in Progress Report 1138L, which is available from the Publications Office, College Station, Texas. This report also gives detailed information on the 1950 irrigated and dry land variety tests at Lubbock—including number of bolls per pound, percent of crop open at first harvest, percent of lint to snapped cotton and staple length.

FOR SALE—One bed room suite. See Mrs. C. P. Baker. 1tc

FOR SALE—1949 Chevrolet ton truck, dual wheels, A-1 condition. Call 33662, Wichita Falls. 1tp

point margin at the hands of the Seymour Panthers here Friday night. It was the first game of the season for the Panthers.

The Moguls ended the first half with a lead of 12 to 0 over the visitors, but the second half found the Panthers with two touchdowns and one good conversion that won the game. Munday failed on both conversions, one coming so close that it appeared to fans to be good. The visitors' winning point was a good kick by Porter Smith after Bobby Morris, right half scored on a five-yard reverse in the third quarter.

Hitting pay dirt for the Moguls the first time this season was Sonny Long, who ran 35 yards for the first counter. In the second quarter George Spann, Mogul half, flipped a good 15-yard pass to End Kenneth Stubblefield for the second TD. Again the try for extra point was wide, but it appeared the local boys had a pretty safe margin.

The Panthers opened the third quarter with much more determination than was shown earlier in the game, scoring their seven points.

Then in the fourth stanza, Seymour's fullback, Charlie Beaver, slipped through a nice hole which opened through left tackle and scampered 50 yards for the second score. This extra point attempt failed.

Later in the quarter, the Moguls showed strength and determination when it appeared the Panthers were sure of another touchdown. They held the visitors on downs right at the double stripe, then moved the ball on out to safety.

This was a non-conference game. Seymour is playing in Class AA this year, while the Moguls remain in Class A.

The type of fight and teamwork which the local boys displayed Friday night is going to win them some conference games this season.

Paints which contain zinc oxide are best for painting farm buildings in areas that have warm, humid climates. Soft paints, which contain a high percentage of white lead, are better for the areas with a dry climate.

Mr. and Mrs. W. E. McNeill and Mr. and Mrs. Earl McNeill spent last week with relatives in Dallas and Arkadelphia, Ark.

Kracker Krumbs— (Continued from Page One)

and please remember that children run from behind parked cars.

"Please don't run over my little girl."

FOR A BETTER CROP

DON'T let disease reduce your wheat yields

Here is a study in contrasts for every wheat grower. The healthy head of wheat at the left of this picture has been the victim of covered smut. The two larger heads, from practically the same stand, show what the "runt" could have been, if it had not fallen victim to smut.

The smut-infested and healthy wheat grew in adjoining fields, under the same conditions of soil, water and sunshine. The two healthy heads, however, were grown from seed that was treated against smut before it was sown. The grower had his seed wheat treated with a fungus-killing dust that killed the

smut spores and prevented them from infecting the growing wheat plants. The "runt" head did not have the benefit of treatment.

Fortunately, not all wheat is blighted by smut. Losses from this fungus disease are high enough, however, to more than justify fungicidal dusting of all seed wheat. Its small cost of one to five cents per acre is very cheap insurance against crop disappointments that can take many dollars out of the wheat grower's pocket.

Talk with your County Agent. He can direct you to a nearby seed cleaning and treating machine.

Mr. and Mrs. Paul Ferris and children of Seymour spent the week end here with Mr. and Mrs. W. G. Weiborn and Gaston.

Mr. and Mrs. Vernon Lloyd Teaff visited relatives and friends in Jacksboro over the week end.

Mr. and Mrs. J. L. Bilbrey and Johnny of Sundown visited here and at Goree over the week end.

Jimmy Boyles, son of Mr. and Mrs. Don Boyles, left for Austin this week to enter Texas University again this year.

Mr. and Mrs. Jim Gaines took their son, Robert, to Denton this week to enter N. T. S. C. this fall.

Mr. and Mrs. J. D. Crockett visited with relatives in Sweetwater over the week end.

Funeral For J. D. Chandler Is Held At Weinert

Jessie Dean Chandler, 55, resident of Weinert for ten years, passed away on Sunday, September 9, at a Haskell hospital. He had been ill for four months.

Born on January 12, 1896, at Bluffdale, Mr. Chandler married the former Eulala Stem at Lingville on January 7, 1917. He was a member of the Methodist Church, and was engaged in the trucking business in Weinert.

Funeral services were held at 3:30 p. m. Monday, September 10, from the First Baptist church in Weinert, being conducted by Rev. S. E. Stevenson of Goree, assisted by Rev. Mattie Thompson, pastor of the Four Square Church in Weinert. Burial was in Johnson Memorial Cemetery at Munday.

Survivors include his wife; a son, Wayland Chandler of Munday; four daughters, Mrs. Buck Turnbow of Weinert; Mrs. Roy Luker of San Angelo, Mrs. R. W. Alexander, Jr., of Munday, and Miss Elaine Chandler of Weinert; a brother, Dewayne Chandler of Bostonia, Calif.; a sister, Mrs. T. E. Weatherhold, Los Angeles, Calif., and six grandchildren.

"We better buy him a piggy bank. He's determined to have one to put his new U. S. Defense Bond in."
