

Kracker Krumb's Odd Bits Salvaged at Random

We've long wanted to run a series of pictures of homes in the Munday area.

The idea was born back yonder when there was quite a lot of building going on in Munday—and the editor, himself, had the fever pretty badly.

We finally figured how we could build by tying a mortgage around our neck for 20 years, but we never did figure out a means of getting pictures and engravings of homes in and near Munday.

We talked with local boys who were adept at handling the camera, then figured on what it would cost us to have the engravings made.

At our best figures, it seemed it would cost us around \$3.50 for each home. Not knowing where to start or stop, we finally dropped the idea.

Then last week, a photographer came through and wanted to make an engraving of each home in the area, free of charge, if the home owners wanted him to make the picture.

The idea is for those wanting a picture of their homes—and it doesn't have to be a new home—to appear in the paper to drop us a card or letter, or phone us, so the photographer will know where to go to make the picture.

The engravings won't cost us anything, and we can realize our ambition of running pictures of local homes in the paper. We think, perhaps, it will increase reader interest and help us in printing a more interesting paper.

After the photo is made, the photographer will return with proof of the homes. Then you will "have an opportunity" to purchase a photo of your home.

And here's the only cost to either of us. If you want a picture, you may order it and pay for it. Otherwise it won't cost you anything, either.

But hurry, now. The photographer is expected to be here Friday (which is tomorrow), and he'll need to know whether to make the picture of your home in the morning or the afternoon.

We hope quite a few pictures will be made. Munday has some lovely new homes and some lovely homes that have been outstanding ones in the history of the town.

We have homes, too, that have the family history attached to them; so, all in all, we doubt if there's a town in this area where pictures of local homes would be of more interest.

If you read our headlines last week—then didn't read any farther—you were probably confused about the county-wide junior livestock show.

We're so used to our 4-H calf shows and other county-wide events coming on Saturday that we just naturally put Saturday in our head last week.

Which was our error—one of the few we've made in newspapering—and wasn't the fault of County Agent Bill Palmeyer at all.

So we hope you read the story, too, and then after you'd finished, weren't too confused as to when the show was being held.

The C. D. A. carried the date, too, in the half-page ad which they ran last week.

So we hope you're here today—Thursday, April 24, for the junior livestock show.

We hope you see all the cattle, and hogs, and sheep, and poultry being shown—and that you can see the possibilities of this annual affair being an outstanding one in Knox County.

Since it fell on Thursday, it was a little inconvenient for us to spend the time there we wanted to. As you know, it was also "press day" with us.

Designates Home Demonstration Week

Governor Allan Shivers is shown above as he signed the proclamation designating April 27 to May 3 as Home Demonstration Week in Texas. Present for the occasion, reading left to right, are: Bonnie Cox, organization specialist, T. A. E. S.; Mrs. E. M. Almanrode, Munday, THDA president; Mrs. Gus Rogas, a past THDA president; Maurine Hearn, state home demonstration leader, T. A. E. S.; Mrs. Sam Spier, Travis County THDA chairman; Mrs. J. E. Mills, THDA vice president, District 10; Mrs. G. W. Ferguson, editor of the THDA Messenger.

Parade To Open Roping Contests

A parade which will form at the West Texas Utilities building will open the first of a series of matched roping and cutting horse contests which will be held here Friday night at 7:30 o'clock. The parade will proceed to the Munday athletic field, where the contests will be held.

A number of local men are planning to ride horses along with the contestants. All cowboys and cowgirls of the area, and everyone with an available horse and wishing to enter the parade are urged to do so. Munday's implement houses and automobile dealers will also add features to the parade.

Outstanding attraction of the contest will be a matched roping contest in which Sam Baugh, former Texas Christian University and Washington professional football star, now of Rotan, and Fred Dalby of Aspermont, will contest Jack Wallace and Jay Oxford of Haskell. Contestants from about 15 towns in the area are expected to compete.

Charles E. King of Wichita Falls will have one or more entries in the cutting horse contest which is expected to draw some of the finest horses in the area. Two jackpot roping contests will also be held with the top ropers competing. The Munday C. D. A. athletic committee in co-operation with the local schools is sponsoring the contest, and proceeds will be used to further improve the athletic field.

Bully Ratliff is general chairman of all committees. Other committee members are: Roping, Bully Ratliff, John Broach and A. A. Smith, Jr.; cutting horse, Fred Broach, Jr., and L. B. Patterson; pens committee, Lee Patterson and Jim Bowman.

Workers Conference To Meet With Goree Baptist Church

The workers' conference of the Knox-Haskell Baptist Association will meet with the Goree Baptist Church on Tuesday, April 29, at 5 p. m.

The program begins at five o'clock and continues until six, at which time dinner will be served.

Beginning at 7 o'clock, the program has been arranged, and a large crowd is expected from the various churches of the association.

"Ag" Meeting Is Slated Tonight

A meeting of farmers and agricultural leaders will be held tonight (Thursday) at the American Legion Hall in Munday. This will be an organization meeting, the purpose of which is to form an organization to promote agriculture in this area.

All business men, as well as farmers, and everyone interested in agriculture is urged to attend this meeting.

Last Rites For Roy Bullington Held Friday

Funeral services for Roy G. Bullington, who passed away Wednesday, April 16, at the Knox County Hospital, were held at three o'clock last Friday afternoon from the First Methodist Church in Munday. Rev. R. L. Butler, pastor, officiated, and was assisted by Rev. Huron A. Polnac, Baptist pastor.

The body was laid to rest in Johnson Memorial Cemetery, with the Mahan Funeral Home in charge of arrangements.

Roy Granville Bullington was born February 27, 1899, in Oklahoma and died at the age of 53 years, one month and 19 days. He suffered a heart attack four days before his death.

He was married to Miss Jimmy Robertson on December 21, 1930. Mr. Bullington had been a resident of Munday since 1928. He was engaged in the teaching profession several years, later becoming a salesman.

Surviving him are his wife, Mrs. Jimmy Bullington of Munday; a daughter, Mrs. Martha Nell Franklin, Munday; three brothers, Carl Bullington of Wellington, John Bullington of Amarillo and Frank Bullington of Pierre, Wyo.; two sisters, Mrs. Claude Sutton of Wellington and Mrs. I. M. Freeman of Kerrville; a half-sister, Mrs. Lula Woolsey of Weatherford; a half-brother, Lee Harrison of Fort Worth and one grandchild.

Pallbearers were L. B. Patterson, Jr., Leo Guffey, Clarence Jones, Seth Yost, Ed Johnson and Roddy Griffith.

Enter Armed Forces

Five area men, registrants of Local Board No. 82, were sent for induction into the armed services on Thursday morning, April 17, it was announced this week by Mrs. Zena H. Waldron, clerk of the board. They are as follows:

J. R. McMorris, Seymour; Vernon Howard Moore, Truscott; Dorse Dean Blankenship, Goree; Jack Travis Peddy, Vera, and Bennie Charles Matthews, Knox City.

Cure, Idol Named On County Board

As a result of the school trustee election held on April 5, John Cure and Jack Idol were re-elected to the county school board.

Mr. Idol was elected county trustee at large. Official returns following canvassing of the election by the Commissioners Court gave Mr. Idol 786 votes to 576 by J. Omar Cure.

Mr. Cure is representative on the board from Commissioners Precinct Four, winning over Ben Hunt, according to information received Thursday from M. D. McGaughy, county superintendent.

Local Men Attend School In Stamford

E. Y. Johnson, water superintendent, and Pete Parker, assistant superintendent of Munday, attended a water school in Stamford recently. J. G. Lynch, of the engineering extension service, a part of the Texas A. & M. College System, was the instructor in this school, which was held March 17-April 4.

Municipal waterworks employees from Knox City, Haskell, Rule, Munday, and Goree were enrolled.

The group studied Unit 1 of the Service's Water Works Operation and Maintenance Course, which has seven units. An operator completing any four of the units is eligible to take a state licensing examination for a certificate of competency. State law requires that all water plant operators have one of these certificates.

Munday Implement Company Adds Two More Mechanics

The addition of two new mechanics to the shop of Munday Implement Company was announced this week.

W. B. Thomas and son, Bill Thomas, formerly of Childress, are now employed in the shop. They have moved their families to Munday. Both men have had lots of experience in the repairing and maintenance of Ford tractors.

This gives the local firm three first-class mechanics and one helper, and places them in position to take care of all mechanical needs for Ford tractor owners in this section. With a \$30,000 stock of parts for Ford tractors and Dearborn equipment, they can handle any and all needs, and repair work is fully guaranteed, the owners stated.

Singing Convention Slated At Haskell For Next Sunday

The annual singing convention will be held at Haskell on Sunday, April 24, opening at 8 a. m. It was announced this week. Among the quartets to appear for the convention are the following:

Stamps Ozark Quartet of Wichita Falls, the Shipp Quartet of Lubbock, the Tankersley Quartet of Knox City and the Friendly Four Quartet of Fort Worth.

The convention will be held in the American Legion Hall and on Saturday night the Friendly Four will give a special concert. An invitation is extended to all music lovers to attend the convention and special concert.

Rain Brightens Hopes and Crop Prospects Over Area

Directors For Co-operative Gins Named Recently

The annual meeting of members of the Farmers Co-operative Gins of Munday was held here last Saturday, at which time directors for another year were elected.

The meeting opened at 2:30 p. m., and George B. Blair of the Texas Federation of Co-operatives was guest speaker for this occasion. Directors elected for another year are as follows:

G. W. Hawkins and B. E. Smith, 2 year terms, and Chester Smith, new director, for one year term. Carry-over directors are A. L. (Cotton) Smith, president, and H. H. Partridge.

L. D. Offutt, manager of the gins, reported that the local organization enjoyed another successful year, with one entirely new gin plant being added during the year. He stated that about \$30,000 in dividends will be paid the members in the near future.

County's 4-H Clubs Plan For Year's Program

The nine 4-H Clubs of Knox County met the week of April 14-15 to plan the year's work, and discuss current problems.

Highlight of the meetings was discussion of records, how to keep them, and the benefits received by keeping accurate records.

Also included in the monthly program were the training of a poultry team to compete in district elimination contest, and the selection of the County Rifle Team which will compete in the District Contest. Twenty members will work out for the poultry judging team, and over 100 boys will be trying for a place on the county rifle team. Both teams will consist of four members each, with the winning district team attending the state 4-H roundup in College Station on June 9-10 where they will enter the state contest.

Summer camps were also discussed, and a check on projects was made. Projects include beef cattle dairy animals, sheep, horses, rabbits, chickens, turkeys, field crops, gardens, orchards, safety, Farm Electricity, Wildlife Conservation and Soil Conservation.

There are now 341 members on the county 4H rolls, many of which will exhibit projects at the county show on April 24.

Mr. and Mrs. J. E. Reeves spent the week end in Lubbock and other points on the Plains, visiting with relatives and attending to business matters. While away, Mr. Reeves attended a Dodge dealers' meeting in Lubbock on Monday.

Editors From Mexico City Visit Here In Interest Of Better Relations

Rafael Martinez, managing editor of El Estado and Sus Dependencias, and his brother, both of Mexico City, were here the first of this week, conferring with local ginners and farmers in the interest of promoting better understanding between farmers, Mexican laborers and the Mexican government.

They conferred Monday with directors of the Farmers Co-op Gins, as well as L. D. Offutt, manager; Orb Coffman, ginner at Goree, and possibly others. Martinez made pictures of local directors and pictures of the three gin plants, which he said would appear in his magazine.

In a letter to several local people who have worked for a closer good neighbor policy, Mr. Martinez said:

"The Government Bureau of Information, which edits the magazine 'El Estado Y-Sus Dependencias', of the City of Mexico is preparing a series of ar-

Bank Deposits Over 4 Million

The country is still in pretty good shape, judging from the amount of money on deposit in the First National Bank of Munday.

Showing a decline since the first of January, when over 5 million dollars were on deposit in the local bank, the quarterly report of condition, issued shows a "heap of money" on deposit in the local bank.

Deposits at the close of business March 31, 1952, were \$4,499,892.81 was in demand deposits of individuals, partnerships and corporations.

That's not a bad statement, and it reflects the sound condition of the local bank, as well as healthy conditions generally over the area.

Funeral For W. B. Temple Is Held Tuesday

Funeral services for Burl Temple were held in the First Baptist Church of Goree, Tuesday, April 14. Rev. E. Stevenson, pastor, officiated, assisted by Rev. J. W. Baughman and Rev. Claud Harris, pastor of Calvary Baptist Church, Mineral Wells. Burial was in the Goree cemetery under the direction of Lanningham Funeral Home.

William Burl Temple was born November 11, 1896 at Brownsboro, Henderson County, Texas. He grew to manhood there and married Miss Ruth Weber on July 16, 1915. They came to Knox County in 1917. He was engaged in farming here until recent years. He did carpenter work in Fort Worth and Mineral Wells, his last work being on the Baptist church in Goree. His health was failing at this time and he spent most of the last year in Dallas taking medical treatment.

He was converted during a revival meeting, under a brush arbor, in the Hood community in 1917 and joined the Baptist church.

He is survived by his wife, Mrs. Ruth Temple, and three children, Cecil of Amarillo, Mrs. Estella Rhinehart and Mrs. Francis Condron of Fort Worth, six grandchildren, Gary and Vicki Temple of Amarillo, Carol, Ronnie and David Condron and Jimmy Rhinehart of Fort Worth, one brother, Charlie Temple of Tyler and three sisters, Mrs. Myrtle Smith of Brownsboro, Mrs. Sally Casey of Kerrville, and Mrs. Oma Daniels of Sterling City, and several nieces and nephews.

Pallbearers were: Ivan Gresham, Alvin Hord, Clyde Rogers, Calvin Robertson, Weldon Hobbs and Bob Moore.

Drive carefully. The life you save may be your own!

"It was just about equal to a four-inch rain!"

That's the general opinion of some Knox farmers who continued the discussion of the wonderful rains which have fallen during the past week. They were those slow, steady downfalls that gave the ground a good soaking and with very little moisture being lost to the ditches, gullies and creeks.

In some sections of the county, however, heavier rains have fallen, causing runoff water to course toward the creeks and rivers.

H. P. Hill, local U. S. Weather observer, reported Tuesday that Munday has received rain on five days of the past week. The moisture started Wednesday night of last week, when 1.8 of an inch was measured.

After that, it seemed it could rain at will—and everybody was happy, but all concluded that however nice the drouth-breaking moisture was, it still wasn't quite enough. The five days of falling weather brought Munday a total of 1.64 inches.

"It will sure make that ground plow good," many farmers remarked, and hopes for continued moisture and for crop prospects for 1952 have been greatly boosted by the precipitation.

Mogul Band's Music Carnival Set For Sunday

Members of the Munday Mogul Band, the Band Boosters Club and others are planning on entertaining a large number of local people at the band's concert next Sunday afternoon.

The concert, appropriately designated the "Carnival of Music" will be held at the school auditorium beginning at three o'clock. J. Posey, director, has his bands in proper training and trim for this concert.

Tickets for the event are on sale at the City Drug Store or may be secured from any band member. Proceeds from the concert will go to further equip the local band.

Both the Mogul Band and the grade school band will take part in this program, which is expected to be a real treat for those who enjoy good band music.

Hospital Notes

Patients in the Hospital April 21st:

Mrs. Bobby Golden, Benjamin; Mrs. Bo Walker, Knox City; Mrs. Roy Hester, Knox City; Jeff Simmons, Knox City; Hugh Rogers, Knox City; Mrs. Travis and baby, Knox City; Mrs. E. N. Hughes, Vera; Mrs. Arnold Navratil and baby, Gilliland; Miss Peggy Lou Massey, Munday; Mrs. S. S. Dozier, O'Brien; Eli Williamson, Knox City; Mrs. F. C. Russell, Munday; Mrs. G. W. Gray, Munday; Rev. Jess Gray, Goree; Maurice Willis, Munday; Mrs. N. B. Gilentine, Benjamin.

Patients dismissed since April 14th:

Mrs. George Stubbs, Knox City; W. E. Hollingsworth, Rule; Mrs. A. J. Waters, Rochester; Delbert Adams, Munday; Mrs. O. C. Hollingsworth and baby, Rochester; James Echols, Benjamin; T. H. Tanner, Rochester; Hayden Reeves, Knox City; K. J. Wright, Rochester; Mrs. Wesley Garrison, Knox City; Mrs. H. C. Chafin and baby, Knox City; O. L. Knight, Knox City; Patricia Brown, Knox City; Mrs. Elwood Hackney, Knox City; Mrs. L. D. Green, Rochester; Mrs. Leroy Casey, Rule; Clyde Burnett, Munday; Carl Miles, Rochester; Mrs. Concha Mendoza, Knox City; Mrs. Jack Paul, Knox City; J. R. Spivey, Truscott.

Births: Mr. and Mrs. O. C. Hollingsworth, Rochester, a daughter.

Mr. and Mrs. H. C. Chaffin, Knox City, a daughter.

Mr. and Mrs. Travis Thompson, Knox City, a daughter.

Mr. and Mrs. Arnold Navratil, Gilliland, a daughter.

Deaths: Mr. Roy Bullington, Munday. Mrs. R. H. Duncan, O'Brien.

GRASS ROOTS OPINION

TOMBSTONE, ARIZ., EPITAPH: "Breadwinners of Tombstone who filed returns for the biggest Federal tax grab in history, probably don't know the half of it. The most extravagant Federal bureaucracy in history is costing you money in far more ways than are shown on income tax forms. Here are the open and hidden Federal levies on average families of this community: About \$331 come out of an annual income of \$1,500, \$952 out of \$3,500 income and \$5,087 out of a \$12,500 income."

JEROME, IDAHO, NORTH SIDE NEWS: "Proponents of the Hell's Canyon dam project should examine and explain fully the reason why Congress must continue to appropriate funds for the Tennessee Valley Authority while it is continually cited as a Utopian accomplishment for the benefit of the people. Last week, Congress slashed \$14,757,000 in committee from the budget appropriation for TVA and then another \$14,000,000 on the floor of the House where the huge experiment in government ownership and operation was tagged under the appropriate name of 'socialistic.'"

ANAHEIM, CALIF., BULLETIN: ". . . The House Appropriation Committee slashed an average of 10 per cent from the seven billion dollars requested for a dozen Federal agencies for the next fiscal year. For some departments the cuts ran as high as 33 per cent. More of this sort of thing might well obviate the need for deficit spending or more taxes," as one law maker expressed it."

OSKALOOSA, IOWA, DAILY HERALD: "Somewhere there is a point at which earnings can be knocked down by taxation to the point where they are inadequate to pay the taxes. Which is to ask, what happens to the milkster when the cow goes dry?"

EMPLOYER OF 8,000,000 PEOPLE

Retailing is a big business. It ranks as the second largest in terms of people employed—8,000,000 men and women look to it for their livelihood. Retail sales now total some \$128 billion a year.

Some of the stores are large and some are small. Some are individually-owned and some belong to national and regional chain systems. But practically all of them have certain things in common—they provide good service, they offer reliable goods, and they do their essential job for a much smaller profit than the average consumer realizes. This profit, in a typical general merchandise store amounts to only a few cents on each dollar of sales after all the bills are paid. In mass distribution food systems, it may be but a penny or so.

The retailer is the purchasing agent for the consumer. Few of us can go to the factory to buy manufactured wares, or to the farm for our

SUBSCRIPTION RATES

food. The magnificent production system of America, both industrial and agricultural, would be useless without an equally efficient system of distributing the goods. That is the retailer's function, and his existence depends upon how well he performs it. The consumer is fickle, and not tolerant of mistakes. If the housewife thinks she has been over-charged or poorly treated in some store she won't go back. In our competitive system, there's always another merchant who's eager to please her and get the trade.

American abundance depends upon the twin tools of production and distribution. One is as important as the other.

TURNING AWAY FROM THE FACTS

One trouble with price and wage controls is that they obscure the true causes of inflation. A great many people fallaciously believe that all that is necessary is to pass a new law or effect a new ruling, and all will be taken care of.

That attitude is 100 per cent wrong. As has been said time and time again, price and wage controls deal only with the symptoms of inflation, never with inflation itself.

Some time ago, an association of retailers listed the measures which must be employed if inflation is to be fought effectively during a war emergency. These included: 1. General credit controls, including higher interest rates and curtailed Federal Reserve support of the government bond market. 2. Reductions in non-defense spending at the national, state and local levels. 3. The use of types of taxation that will effectively reduce consumer spending without increasing the total tax burden. 4. All possible encouragement to increased production.

Practically all the recognized economists are in agreement with such general principles. The roots of inflation go deep into the whole economy and can destroy a free country. The greatest spur to inflation is reckless government spending. It is an ironical fact that the government urges the people to save and to curtail their purchasing—even as it tosses money to the winds like a drunken sailor.

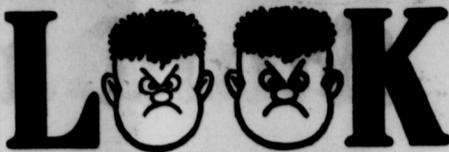

The danger of more inflation is still with us. And the danger will remain so long as the men in power refuse to act on the facts.

The United States once paid tribute to the pirates of Tripoli and Algiers for the privilege of trading in the Mediterranean.

The Texas cotton crop is the most valuable crop grown in a single political subdivision of the world.

The linotype machine was first put into use in 1886 by the New York Tribune. It was the invention of Ottmar Mergenthaler.

The Hawaiian Islands were formerly called the Sandwich Isles, after the Earl of Sandwich, a British peer.

obs. Mr. and Mrs. Jim Cash and children of Gilliland visited in the home of Mr. and Mrs. W. E. Ryder, Sr., one day last week. Jack Stewart of Goree visited relatives here last Saturday.

Guests in the home of Mrs. W. A. Barnett last Sunday were: Mr. and Mrs. Homer Howard and Jenny Lou of Goree and Mrs. Alice Dutton of Knox City.

Mrs. Ralph Geddie and daughter, Debbie, of Dallas visited her parents, Mr. and Mrs. Stanley Wardlaw, over the week end.

IT PAYS TO ADVERTISE

Recognition Day For 4-H Club Girls To Be Held May 3

Fifty 4-H girls from a 16-county area in North Texas will take part in the first 4-H Girls' Recognition Day in Wichita Falls on May 3, 1962. Plans for the Recognition Day were made at a meeting of all Home Demonstration Agents of District No. 3 this week and supervision of plans are under the direction of Miss Fern Hodge, District Home Demonstration Agent of the Extension Service of Vernon, Tex.

as and Mrs. J. E. Wolfs, representing the Wichita Falls Chamber of Commerce, sponsors of the Recognition Day.

This will be the district elimination basis and winners in the contest held here on May 3rd will be entitled to participate in the finals at College Station at a later date.

There will be a dress revue contest and the winning girls who are 14 years old will model their dresses at the afternoon program. In the vegetable team demonstration, individuals or teams may represent a county. There will also be a shrub identification contest and a dairy

foods contest. Judges for the dress review will be Bernice Puckett, who is the Home Demonstration Agent from Cook County and Miss Orene McClellan, Demonstration Agent from Dallas County. All contests will be held simultaneously on the morning of May 3rd and a program for the public will be held during the afternoon. The place for the contest will be announced at a later date.

Cecil Fitzgerald of Post visited friends here over the week end. Mr. and Mrs. Gene Shackelford of Jayton visited relatives here over the week end.

LOCALS

Mr. and Mrs. W. E. Braly left Saturday for Tulsa where they visited in the home of Mr. Braly's sister, Mr. and Mrs. J. L. Fore. They went to Lubbock Sunday afternoon and Mr. Braly attended the South Plains Bankers meeting on Monday.

Mr. and Mrs. Don Boyles were visitors in Wichita Falls last Monday.

Mrs. K. Morgan, of Pittsboro, Mississippi, returned home last

Sunday after a weeks visit with his children, E. L. Morgan, Mrs. Veda Tankersley, and Mrs. George Hammock. He also visited his sister, Mrs. J. B. Bowden.

Rural Mailbox Improvement Week To Be Observed

The Post Office Department has designated April 27 to May 3 as Rural Mailbox Improvement Week this year. In continuation of the valuable work in previous seasons to repair or improve the rural mailboxes of the nation, a vigorous campaign is being launched this spring to carry on this project. Here are a few pointers for R. M. I. week:

1. See that posts are securely erected—are not leaning badly—and that box is fastened securely.
2. Replace obsolete box if it is hard to get mail into it, or if it is hard to see into it for letters that you want mailed.
3. Name should be painted on side of box which carrier approaches, or can be on front of box if several boxes are closely grouped together.
4. It is a big help if several boxes are neatly and closely placed on a plank extending between two posts.
5. Bottom of box should be 42 inches above roadway, and should be on an arm extending

Most every type of aircraft currently used by the U. S. Air Force will be on display Saturday, May 17, Armed Forces Day, when Sheppard Air Force Base holds open house beginning at 1 p. m. Included on the Sheppard flight line that day will be the immense B-36 bomber with a tail section four stories high; jet fighters and the B-26, now used in Korea; B-29's the type of plane used to carry the atom bomb to Japan; the Billy Mitchell B-25; cargo carrying aircraft and others.

out away from the post, in such a manner that it can be easily reached, with all obstructions (including snow and parked cars) promptly removed.

6. Fill ruts with crushed rock or broken brick or cement.
7. Drive your own car up to your box. If you can easily reach you mail from behind the wheel, reaching out the right hand side as the carrier is required to do, then the chances are that your box is pretty well located. But better yet, talk to your carrier about the proper location, and the correct setting.
8. Your carrier serves this box 305 days every year. If it is correctly set, it lightens his work and saves him time so that

he can more quickly serve other patrons along his route.

9. This will be appreciated, for with rapid development of housing on acreages, the work of most rural mail carriers has more than doubled in the past few years.

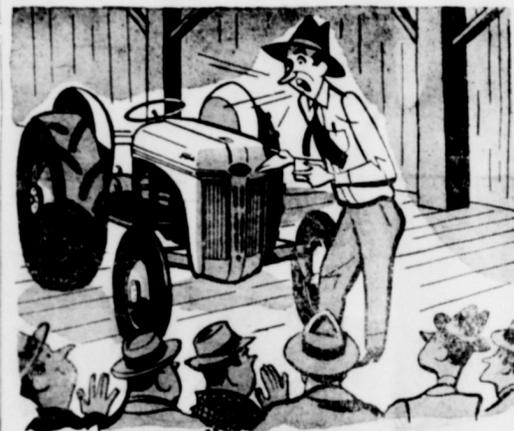

10. Your mailbox is the front door to your home. Since it is usually in front of your home, its neat appearance will add considerably to the neat appearance of your home. Ruts filled-box and post painted white—possibly a few flowers planted behind it.

Do you get your three different types of vegetables each day? They are green, yellow and others. The green and yellow groups get their name from their color. Diets are not balanced unless vegetables are included.

- For Justice of the Peace, Precinct No. 6: **JOHN RICE** (Re-election)

"GENTLEMEN" "GENTLEMEN" "GENTLEMEN"
"Before I hear a bid I want you to see THIS name REAL good"

Farm auctioneers know what they're doing when they point to the name "Ford." They have found out the name "Ford" on a tractor works like magic at any farm sale.

And this fact points up a big advantage you get in a Ford Tractor—it sells for more at trade-in time.

Why? Well, for one thing it is the popular two-plow size; that means a bigger number of prospects. Then, too, it's a year-round tractor; a tractor that does more jobs; a tractor that is easy to operate.

Remember, too, you pay less for a Ford Tractor when new. Add to this its greater trade-in value when old and you can see why the Ford Tractor is the buy!

Friday, April 25th Set For Bee School

It has been announced by J. A. Scofield, District Agent, that the bee school for beekeepers in Knox, Baylor, Wilbarger and Wichita counties will be held Friday at the Agricultural Experiment Station near Iowa Park in Wichita County. The school will start at 2:00 P. M., and will be conducted by Dr. F. L. Thomas, State Entomologist.

All Knox County people interested in the keeping of bees are urged to attend this school which will cover diseases and bee management.

Mr. and Mrs. W. R. Moore, Sr., received word that they have a new granddaughter in Mexico City. Elizabeth Anne is

the daughter of Mr. and Mrs. H. W. Harrell and was born April 15. Mrs. Harrell is the former Mildred Moore. Mother and daughter are doing fine.

Elmer Dickerson and Clay Grove were business visitors in Dallas last Tuesday.

Let's Talk LIVESTOCK

(By Ted Gouldy)

FORT WORTH—Fat cattle prices at Fort Worth were unevenly higher last week due to the shortened supplies due to floods in the Missouri and Mississippi Valley areas.

Some fed steers and yearlings sold fully \$1 or so higher and there was a general tone of strength to the market.

Typical of the higher prices was the sale of club calves up into the \$34, \$35 and \$35.50 range, these coming from Dickens County and from the Blooming Grove FFA boys (Navarro County.)

Both these groups toured the market and packing plants and they were also operating their feeding experiments under the "commercial" beef feeding program using as much home grown feeds as possible and cutting out the expensive nurse cow and pampering types of program.

More and more club groups are getting into this type of program, which really develops livestock feeders.

The adults with the Blooming Grove group stressed the importance of the livestock farming program for their area. The area was for a long time mostly a cotton growing section but is ideal for diversified farm operations and this of course means expanded opportunities, as well as greater security for farmers.

Good commercially fed cattle this week included one creep-fed calves from G. A. McClung of Johnson County at around 800 pounds at \$35. J. J. Burries of Livingston had a load of 550-pound yearlings at \$32.25. H. R. Patterson of Floyd County had a load of steers at \$26 pounds at \$31.5 and a load of 753 pounds at \$28.25. L. F. Blanton of Dallas County had load lots of cattle at 958 pounds at \$29 and at 826 pounds and \$26.25.

Rehey and Strickland of Hamilton County had two loads of plain, fat steers at 752 pounds at \$32.50. W. T. Carouth, DeLeon,

NATIONAL CHAMP AGAIN!

Clyde Morton and Paladin, winners of the National Field Trial Championship for the second consecutive year, have established records for both the trainer and the dog.

Morton has won the National Championship nine times with bird dogs he has trained and handled—a record unsurpassed in the history of field trials and sporting dog training. He has been the trainer and handler for the late A. G. C. Sage, well-known sportsman and field trial enthusiast.

A new motion picture, "The Sedgefields Story," featuring Morton, has been in production more than a year by the Rabston Purina Company. The picture, in full color, is scheduled to be released early in the fall.

had a package of yearlings at \$33. W. L. Stokes and Son of Williamson County, marketed a load of cattle weighing 594 at \$32.50.

Hugh Parrish of Hamilton County, had some good stocker calves this week that averaged 376 pounds and brought \$37.

Marvin Beauchamp of Dumas had a load of steers averaging 1,139 pounds at \$34.50. Babe Tarpley of Merkel had a load of 994-pound steers at \$31. R. D. Deen, Wills Point, had a load of 868-pound steers at \$27.75.

Stocker trade was higher, especially where cattle or calves were thin and light and had some quality. Some sales were \$1 or more above week earlier. Some 596-pound yearlings cashed at \$35. Some toppy calves reached \$38 and then there were the usual lots of small calves in the \$40 and \$50 field.

Typical of this sort of sale was a string of cattle from H. T. Fillingim of Fischer County that included some \$30 pound cows at \$21.25 and some 175-pound calves at \$40.

Late last week, some five rail-car loads of cows and calves from the Menard section sold with around 839-pound cows at \$23 and the 180-pound calves at \$50.

Some good McLennan County sales included the W. P. Felton & Co. shipments that included 64 heifers at 422 pounds at \$32.50 and 15 heifers at 422 pounds at \$30. Also from McLennan

LOCALS

Mr. and Mrs. H. M. Montgomery, of Morton, were visitors in the home of Mr. and Mrs. Idell Montgomery over the week end. While here they all went to the Ice Capades at Fort Worth last Saturday and visited with Mr. and Mrs. Delbert Montgomery.

Family Reunion Held In Butler Home Recently

There was not an idle moment around the home of Mr. and Mrs. H. L. Butler, Goree, the week end of April 19-20. This was the first time they, all their children and families were together since 1949. The purpose of this reunion was to welcome home M. Sgt. and Mrs. Raymon Butler, who have been in England for three years and to get acquainted with their little granddaughter, Bertha Lou, English born, whom they had never seen.

The Ramon Butlers entertained the guests by showing pictures and telling the story of their tour of Great Britain, Ireland and Europe.

Relatives visiting during the reunion were: M. Sgt. and Mrs. Raymon Butler and daughter, Bertha Lou, U. S. Air Force; Mr. and Mrs. Randell Butler and daughter, Sahron, Terminal; Mr. and Mrs. Wade Coursey and children, Su Rita and Juan, Petrolia; Mr. and Mrs. Randell Horn and son, Randy, Roswell, N. M.; Mr. and Mrs. Clayton Korn, Mr. and Mrs. Clayton L. Horn and sons, Scott and Kent, Mrs. Phyllis Key and daughter, Janice Marie, all of Chickasha, Okla.; Mr. Robert F. Butler, Dean Butler, Mrs. Christine Buchanan and son, Don, of Anton; Mr. and Mrs. Roy D. Butler, Mr. and Mrs. James Butler and sons, Jimmy and Jerry, of Munday; Jack Tidwell, Mr. and Mrs. Cliff Moorman, Mr. and Mrs. Joe Butler and children, Dickie, Gene and Dianne of Goree.

Gilliland Club Entertains 4-H Girls Recently

The Gilliland Home Demonstration club entertained the Gilliland 4-H girls at the regular meeting on April 6 in the club room. Four of the 4-H girls' mothers attended. They are Mmes. G. L. McGuire, Bartos, McGregory and J. I. Welch.

Seven girls modeled aprons, skirts and dresses. Mrs. Richard Winstead had some cook books for sale. Mrs. A. L. Cook is a delegate to the district meeting which will be May 6 in Haskell. Mrs. J. T. Cook received the attendance gift.

Delicious punch and cake were served the 4-H girls and mothers and 17 club members.

Mrs. T. G. Bengt Entertains 84 Club Tuesday

Mrs. T. G. Bengt was hostess to members of the eighty-four luncheon club last Tuesday.

A delicious Quaker Oats was served at the Coffee Shop at noon, and games of eighty-four were played during the afternoon.

Members and guests included Mmes. A. H. Mitchell, J. D. Crockett, D. E. Holder, Georgia Maples, S. E. McStay, Fred Broach, Sr., M. H. Reeves, J. R. Smith, C. L. Mayes, Aaron Edgar, Effie Alexander and the hostess.

SURPRISE BIRTHDAY SHOWER

Mrs. Ben Williams was honored with a surprise birthday shower on her 84th birthday last Saturday afternoon. She received many nice gifts. A birthday dinner was enjoyed by Mr. and Mrs. L. N. Peyton and daughter, Sue Ann, of Archer City, Mr. and Mrs. John Williams of Rule, and Miss Lois Simpkins of Goree, in Mrs. Williams' home.

Bridal Shower Given To Honor Mrs. Wayne Hardin

Mrs. Wayne Hardin was honored with a bridal shower, Friday, April 18, from 2:30 'til 5:00 in the home of Mrs. W. A. Smith in the home of the Thorp community. Mrs. Hardin is the former Ruth Harrell.

The guests were greeted at the door by Mrs. Smith. Mrs. Charles R. Smith secured the names for the bride's book. The guests were then served from a lace covered table where Miss Christine Lindsey ladeled punch from a crystal bowl. Bluebonnets tied with blue ribbon with small slippers engraved with the bride and groom's names were used for plate favors.

The guests were then shown to the gift room where Mrs. I. L. Smith and Mrs. Roe Myers showed the many gifts on display. The gift room was lovely with spring flowers.

Hostesses for the occasion were: Mmes. Roe Myers, Fred Reddell, W. A. Smith, E. G. Parkhill, Sr., Charles R. Smith and Miss Christine Lindsey, Munday; and F. L. Lusk, Wichita Falls, and I. L. Lusk, Rule.

Draft Call For May Including 1,394 Texans

AUSTIN—The May draft call for Texas is 1,394 men, Brigadier General Paul L. Wakefield, state Selective Service director, announced today.

Quotas to local boards will be figured and mailed "sometime during the early part of April," the state director said.

The state quota can be filled with men 21 years of age and older, according to current manpower inventories at state Selective Service headquarters.

"The picture may change, though," General Wakefield cautioned, "and we may be forced to dip into our 20-year-old age group. We are not authorized to get any lower than 20-year-olds."

The state draft director pointed out one exception to this rule. "Delinquents and volunteers of a younger age can be inducted," he pointed out.

The May call of 1,394 compares with a call of 1,184 in April. The May quota in 1951 was 1,332.

Under present plans at state headquarters, draft boards will be called upon in May to forward around 2,500 men for pre-induction physical and mental examinations. No regular examinations are being given in April. A total of 630 4-Fs are being re-examined in April from 63 local boards. Around 150 conscientious objectors also are being examined in April, in compliance with recent regulations governing civilian work which these men will be required to perform.

Conscientious objectors who fail these examinations, the same as given to prospective inductees, will not be required to perform this civilian service.

Mr. and Mrs. J. E. Reeves spent the latter part of last week in Fort Worth and Dallas, visiting with relatives and attending to business matters.

Mr. and Mrs. Joe Bailey King visited relatives in Abilene last Wednesday.

Mrs. Al McWilliams and daughter, Mozelle, of Menard, visited in the home of Mr. and Mrs. Donald Hobert over the week end.

Mr. and Mrs. Roland Crabb and daughter visited relatives in San Angelo over the week end.

Guests in the home of Mrs. G. P. Burns over the week end were Mrs. Jim Price and Ronnie, Mr. and Mrs. Vernon Spaeth and Michael, Mrs. Cecil Cheek and Donovan and Mrs. T. A. Walker, all of Fort Worth.

Miss Wynelle Albus spent the week end in Wichita Falls visiting friends.

Mrs. J. S. Wardlaw is spending this week with her daughter in Fort Worth.

Be careful. Observe state and local traffic laws.

ance with recent regulations governing civilian work which these men will be required to perform. Conscientious objectors who fail these examinations, the same as given to prospective inductees, will not be required to perform this civilian service.

Goree Junior-Senior Banquet Held Monday

The junior class of Goree High School prepared the Junior-Senior Banquet Monday, April 21, at 8:00 o'clock. The banquet hall was decorated in festive colors, yellow, brown, amber and green—teepees, campfires and Indians for a "Heap Big Powwow." Indian Maidens from the Sophomore class served a group consisting of juniors,

seniors, faculty and guests. The invocation was given by Supt. J. B. Lawson. Ward Cooksey was toastmaster. Welcome addresses were made by Pauline Searcy and Ward Cooksey; the response was made by Cordas Ray Lambeth.

After the "Heap Big Feast" the group was entertained by John Moore, who gave the class prophecy, and J. C. Decker, Bertha Blankenship and Jimmy Lee Decker, who gave the class will. Mary Joyce Jones, Jeraldine Lambeth and Norma Railsback entertained with the "Indian Love Call."

A very entertaining and inspiring talk was made by Warren Morton, superintendent of the Vera school, on the subject "Puff O'Peace Pipe" or "It's Fun to Grow Up." The closing part of the program was a candle lighting ceremony in which Joyce Beecher as the "Spirit of Goree High School Students of the Present, Past and Future" lit the candles of the senior class members.

Attending the banquet from the senior class were: Charlene Robinson, Jennie Lou Howard, Shirley Blankenship, Ernest D. LaFrance, Vernon Winchester, John Wayne Harris, Cordas Ray

Lambeth and Earl Dean Peterson. From the junior class: Geraldine Lambeth, Wesley Wright, Jimmy Don Jordan, Norma Railsback, Mary Joyce Jones, Mary Francis Tucker, Pauline Searcy, Bertha Blankenship, John Moore, J. C. Decker and Ward Cooksey. The guests and faculty present were: Mr. and Mrs. J. C. Carver, Mr. and Mrs. M. J. Kirby, Mr. and Mrs. J. B. Lawson, Mrs. H. L. Moore, Mr. and Mrs. J. E. Goodson, Dr. and Mrs. Taylor, Mr. and Mrs. Dorsey Rogers, Mr. and Mrs. Clyde Taylor, Mr. and Mrs. Garland Thibaud, Mrs. H. D. Arnold, Mr. and Mrs. Warren Morton and Joyce Beecher.

See You in Church Sunday

LOCALS

Miss Jann Browning is home from the Stamford hospital where she underwent a tonsillectomy April 22. Jann is the daughter of Mr. and Mrs. C. W. Browning and they report that she is doing fine.

Mrs. C. R. Browning returned home Tuesday from Memorial Hospital in Breckenridge. She had a severe throat infection but is doing fine now.

Mr. and Mr. Leon Qualls and children of Altus, Okla., were Sunday guests of Mr. and Mrs. W. G. Welborn.

BACK ON THE JOB
Winston Blacklock, who has been undergoing treatment at a Galveston hospital for several weeks, returned home last Sunday night. He is back at his desk and about the place at Munday Implement Company, regaining his strength rapidly and visiting with friends.

Mr. and Mrs. M. C. Hallmark and Mr. and Mrs. Moulton Wiggins were in Fort Worth last Sunday, to attend the Ice Cakes.

Mrs. M. Boggs returned home last Friday from Dallas, where she had been in the hospital. Reports are that she is doing nicely.

Weekly Health LETTER

Issued by Dr. Geo. W. Cox
M. D., State Health Officer
of Texas

USTIN—Children's Health Day will be observed throughout the nation on May 1, in the hope of insuring that tomorrow's children will be sturdier than were those of yesterday.

In Texas, state health officials are shooting for a record of benefiting an even greater number of handicapped children than the 4,320 which were cared for under the state's crippled children

UNLIMITED OPPORTUNITY: CAN YOU QUALIFY?
Investigate this opportunity to establish a profitable business of your own. A reliable corporation with a Dun & Bradstreet rating will select a responsible individual from this area to represent our company's product, distributed through new automatic merchandising machines. An investment of \$600.00 required, fully secured. Part time to start; earnings upwards of \$400.00 month possible. For interview, write giving full particulars; name, age, references, address and phone number to INTERSTATE VENDING CORPORATION, 508 So. Main St., Carthage, Mo. 39-2tp

program in 1951. It will mean new hope for the child with a club foot, a cleft palate or harelip, a crippling burn, bow legs, or a curved spine.

State Health Officer Geo. W. Cox, whose department has administered the program since 1945, said many people "don't realize they can get state financial assistance for the physical restoration of many crippling conditions."

Eligibility for help is set by legislative statute. The law says any person of normal mentality under 21 years old whose physical functions or movements are impaired by reason of a joint, bone or muscle defect . . . is eligible for care, providing the county judge where the child resides certifies that the parents cannot finance the needed care and treatment.

Physical restoration is the purpose of the program. Some of the conditions which are accepted for treatment are infantile paralysis, osteomyelitis, club feet, harelip, cleft palate, arthritis, rickets, tuberculosis of the bone, flat feet, congenitally dislocated hip, muscular dystrophy, supernumerary fingers and toes, webbed fingers, amputation, Pott's

disease, and many others. If the attending physician recommends prosthetics, the appliances are supplied.

The program does not include such handicapping ailments as rheumatic fever, hearing and visual deficiencies, or epilepsy. Crippled children of indigent parents have been available for state aid since 1933. Formed first under the Department of Education, the program was transferred to the State Department of Health in May, 1945. Since the transfer, a total of 12,589 handicapped children have been returned to normalcy or near-normalcy.

Land for rent

By JOHN C. WHITE, Commissioner

THE TEXAS ROSE INDUSTRY

California may have the Rose Parade, the Rose Bowl and all the fanfare. But Texas is the leading rose-producing state in the nation.

Texas producers are shipping up to 20,000,000 rose plants a year—or two-thirds of all roses used in outdoor planting in

America.

The rose is a field crop, and growers set out ten acres of roses like other farmers plant corn or cotton. In fact, some rose growers also plant other crops, and one of the leading East Texas growers takes pride in his 8 bale-per-acre cotton yield.

During the blooming season one can see some 15,000,000 rose plants flowering 2,000,000,000-odd roses—which go to waste as they fade and die and drop off the bush, for it is the plant, not the bloom, that is marketed.

Shipments average 200 to 300 cars annually to big cities in the East and Midwest. Up to 14,000,000 plants move in refrigerated cars; the remainder go by parcel post and truck.

Texas producers take as much pride in the development of fine rose stock as our cattle breeders take in their Hereford white-faces. Growers are known to

have paid as much as \$10,000 for a single parent plant. They grow many varieties developed by cross-pollination by breeders in other parts of the country and Europe. But they also develop their own varieties from "sports" which occur when a plant suddenly develops characteristics unlike those of its parent. One sport may never develop into anything worthwhile. Another may become a valuable new patented variety from which a grower can collect thousands of dollars annually in royalties.

Until recent years, Texas growers shipped plants to distributors out of the state, but they are now beginning to do some of their own distributing, going in for fancy root packing for department stores. The plant is displayed in a colorful moisture-proof packages, and the roots are packed in spagnum moss—which conserves moisture up to six weeks and allows the plant to continue growing and even to bloom on the sales counter.

Growers now store large quantities of bushes for late shipment to retail trade. Cold storage facilities can handle 2,000,000 bushes.

In marketing rose plants, much depends on the pull of the name. A few of the most popular varieties grown in Texas are Radance, Peace, Tallman, Briarcliff, Gay Lardy, Big Daddy, Festival, Summer Snow, Texas Centennial and General McArthur—an old variety named for Douglas' father.

One of the best-sellers is an old variety which has no place among the newer and finer plants. The secret of its popularity is in the name: "American Beauty."

Drive carefully—the life you save may be your own!

HE LEADS ME, AND I FOLLOW

Two little hands that hold you tight,
Two red lips, with smile so bright,
Two shining eyes, that watch your way,
Two tiny feet, take him to play,
Two trusting arms, in your heart-strings entwined,
There's much to call dear, in this child of mine!

Like father, like son, I have always heard,
Is true in deed, as well as in word.

The example I set, must surely be fair,
For his two growing legs, will carry him there.

Ashamed of my doings, my ideals, my whims,
When they are disclosed, embodied in him,
His soul is so innocent, clean, undefiled,
What heights I must climb to, for this, my child?

I must be more Christian, than before I have known,
For not one of these evils, would I have, touch my own,
That life, shall be healthful, happy, and blest,
His future, with God, and myself, does it rest!

For a BETTER COTTON CROP

PLANT PROPERLY TREATED COTTONSEED

The chance for a good stand of cotton with the first planting can be increased greatly when seed that has been treated properly with a recommended seed disinfectant is planted.

The circles in the picture above illustrate the difference seed treating may make. Treated seed and seedlings are less apt to suffer from seed decay, damping-off or sore-shin.

The small cost of treating is unimportant when compared with the expense of soil preparation, fertilizers, labor and equipment needed to produce a good crop. Less than 10¢ per acre spent for seed protection can often mean many dollars profit when the crop is brought to the gin.

For information about treating your seed and the name of the cottonseed treater nearest you consult your county agricultural agent.

Gas Company Seeks Increases In Gas Rates

The Lone Star Gas Company will seek increases in residential and commercial gas rates in the 375 cities and towns which it serves in Texas and Oklahoma. President D. A. Hulcy told stockholders at their annual meeting in Dallas recently. He stated that the proposed rate changes affecting approximately 600,000 customers "will be gone into this summer."

The additional revenue, he said, is required to meet losses in income "due to increased Federal taxes, increased costs of gas in the field, rising costs for exploration and development, and the overall rising prices."

Mr. Hulcy declared that this will be the first general revision in Lone Star's rate structure since May 192, when "we reduced our rates 13 per cent." He announced that the company's budget for extensions and additions to physical properties in

1952 exceeds \$31 million.

"The Lone Star Gas Company has taken a great deal of pride in the fact that we have been able to furnish a good, adequate service to our customers at the lowest possible price conducive to good business and sufficient earnings," Mr. Hulcy said. "In May, 1942, we reduced our rates 13 per cent. Now, we are in an almost unique position. There are few things we can think of today that cost less now than it did prior to World War II. We have been happy that we were able to do it."

Mr. Hulcy declared that the company will seek rate increases based on studies of operating costs and future needs. These studies are now nearing completion.

"I believe our customers as well as the regulatory bodies will understand our situation," he continued, "because all businesses and individuals, too, have had to wrestle with the problem of increased costs."

Lone Stars' net income in 1951 was 19.4 per cent less than for the year 1950, he reported to the stockholders, and the direct tax bill of \$10,718,264 in 1951 was in excess of dividends paid to

stockholders and also exceeded net earnings.

"This tax bill," he stated, "took over 18 cents out of every dollar Lone Star received for gas service."

He concluded his remarks to the stockholders with an optimistic picture for the future of the Southwest area.

See You in Church Sunday

Mr. and Mrs. Levi Bowden and family and Miss Barlene Edwards attended the Ice Capades at Fort Worth last Sunday.

Avoid mop shaking by slipping a cotton flannel top on your mop, and washing it in hot soapsuds after use. Mop "slipovers" are sold in pairs so you'll always have one clean and ready to use.

BOYCE HOUSE

Gives You Texas

Do you believe in ghosts? Well, here is a true ghost story.

A traveler arrived at an inn one night and asked for supper and lodging. The proprietor said, "Supper, we will be happy to provide—but all our rooms are taken." "All?" the traveler asked. "Well, all but one," was the reply, "and I would not rent it to anyone for it is haunted."

"I don't believe in spirits; I will take it," the other said.

So he enjoyed a hearty meal, smoked his pipe before the jolly fire in the big fireplace in the public room, and then signified he was ready to retire. The host lighted a candle and conducted him upstairs, down a long hall and around a bend in the corridor where he fumbled with the lock and, opening the door, said, "Here is your room."

The dim light of the candle revealed the dust of long disuse on the sparse furniture and there was a musty smell. The proprietor set down the candle, said, "Goodnight" and departed.

The guest locked the door and propped a chair against the handle. Then, picking up the candle, he made a thorough inspection of the room, not neglecting to look under the bed and examining the clothes closet. There were two windows but they were bolted.

Satisfied that the room was empty except for himself, the traveler undressed, climbed into bed and blew out the candle. After a few moments, he arose without the slightest noise, tipped to his valise and removed a pistol which he placed under his pillow, then he lay back down.

Silence so profound that it seemed almost to be felt reigned. The bed being comfortable and the day's journey having been long and tiring, the man soon fell into a sound sleep. Suddenly, he found himself wide awake. He sensed the presence of someone or something in the room! He strained his ears but there was not the slightest sound.

His eyes became accustomed to the darkness and he saw something at the foot of his bed. Drawing the pistol from under the pillow, he demanded, "Who's there?" No reply came. "What are you?" he asked in a voice that, in spite of himself quavered. Again, only silence. "Speak, or I'll fire," he shouted. Once more, and stillness.

The next moment the pistol

roared and there was a scream—from the guest for he had shot off two of his toes; it had been his own foot sticking out from under the cover, that he had

THESE MEN—Will be getting their heads together quite frequently during the next year as they discuss the community's problems as leaders in the Munday Community Development Association. Here they are checking over the program before the fourth annual banquet got under way on April 3. Seated left to right are Worth Gafford, president, and J. D. Gillespie, treasurer, while Dwight C. Key, vice president, prefers to stand.

CARD OF THANKS

We wish to express our heartfelt thanks to each and every one who was so kind to our family through the long hours of grief and sorrow while we were struggling to put our darling son and brother, who was killed in action in Korea, away.

We want to thank everyone who sent flowers. Especially do we thank the American Legion boys of Hunt Post No. 549 in Goree for being so thoughtful and kind. May God lighten all your burdens.

Mr. and Mrs. J. W. Shahan and family, 1tc

Knox Prairie Philosopher Wants Science To Let Up On The Atoms And Work More On Flies And Mosquitoes

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek has a sound idea this week, whether he gets anywhere with it or not. Dear editor:

I read the other day where for 4 billion dollars scientists can establish a man-made satellite a thousand miles out in space, and while I hadn't realized there was a satellite shortage, I'm willing to go along with the idea, the same as I am with plans for makin a hydrogen bomb, never type atom bombs, etc.

But it seems to me scientists are scatterin their fire. They're movin on to new jobs before

J. A.

they finish the old ones. Take the common house fly. One of the worst afflictions man has, but there ain't a fly less today than there was twenty-five years ago. Or take ants. Or mosquitoes.

It seems to me there's a screw loose somewhere when a deep-thinkin scientist about to unlock the secret of nuclear energy or figure out how to conquer space has to stop in the middle of a calculation that may be it to swat a fly.

If the the brains of science was brought to bear on the fly problem with the same degree of white heat used on splittin atoms, the fly nuisance could be eliminated for all time.

Like it is now, science is just half-hearted about it. It perfects a sure death for flies, like DDT, nad everybody buys a spray gun and cities lay down clouds of the stuff and it works for a while, until the fly catches on and develops an immunity to it.

I got confidence in scientists.

People, Spots In The News

THIS WAS Judsonia's Main Street before tornado devastated this and other Arkansas towns in South's severest blow in 20 years.

200TH ANNIVERSARY of mutual insurance in America is marked in Philadelphia, where Ben Franklin started "mutual" idea in 1752. Betty Rhodes and Bess Kauman don 18th century dresses for the party.

HUSKIE MUSKIE landed by Jack Ritter of Mt. Clemens, Mich., after 20-minute battle weighed 43 1/2 pounds. He was speared through hole in ice of Lake St. Clair.

KOREA AIR — Men of U.S. Fifth Marines sprawl on frozen ground waiting for more helicopters like this to lift them to eastern sector to enemy guerrilla action. More marines and winter of tents in background.

they got the brains to outsmart the fly, if we could keep em on the problem long enough to finish it. As it is now, with the brainiest men, the best laboratories, and nearly all the money there is, the scientific mind today can figure out no really better way to kill a fly than to hit him with a fly swatter. With radar, interceptor planes, radio-

active waves, etc., to throw against a human invader, all we've got against the fly is screen wire.

The same applies to mosquitoes, chiggers, greenbugs, potato bugs, bollweevils, corn borers, etc. I would like to see Congress appoint a commission to draw up the list of common every-day pests which ought to be eliminated before we go any deeper into nuclear energy or outward into space. Just draw up the list, hand it to the scientists, and tell em they can't play with atoms any more until they clean up these loose ends. There ain't nothin more ridiculous than a man about to fire a rocket load of explorers into space havin to stop and scratch a chigger bite.

Yours faithfully,
J. A.

SHE'S THE SAFEST LADY ON THE ROAD

With Chrysler **POWER STEERING** plus Chrysler **POWER BRAKES**

At the wheel of a new Chrysler, you have quicker, surer control of motion than you've ever had in a car. You can't imagine what it's like till you drive it! With this full-time power steering, hydraulic power does 4/5 the steering work at your gentle pull on the wheel! You also turn the wheel 1/3 less distance. And on rough roads, soft shoulders, snow or sand, "wheel fight" just doesn't happen. Your hand actually has five times the usual steering control, through every minute of every mile... with the same sure "wheel feel" at all times!

With this safer way to steer, power brakes make stops at all speeds safer and easier, too. Power from the engine "boosts" every touch of your toe. Actually you stop with up to 2/3 less foot pressure than non-power brakes. You can bring your Chrysler to a halt from full speeds in many feet less distance than other cars of comparable size can stop. See your Chrysler dealer soon. Feel for yourself why thousands of owners say Chrysler offers the two greatest advances in many years in driving safety and driving ease!

Munday Man Helps Construct Engine Analyzer From Salvage Equipment

AN AIRPLANE BASE IN SOUTHERN JAPAN—Necessity has often been said to be the mother of invention and this proved to be true in the case of two enterprising airmen, T/Sgt. James L. Henderson, Munday, Tex., and A/IC Garold U. Houser, 3026 Date Street, San Diego, Calif., aerial engineers for the U. S. Far East Air Forces' 314th Troop Carrier Group's "Red Devil" Squadron.

They designed and constructed an engine analyzer, an electronic device, from salvage equipment with the exception of the oscilloscope which they borrowed from another organization. This work was done in addition to their regular duties of flying missions on the Korean Airlift.

When the 314th requested engine analyzers from higher headquarters it was found that it would be approximately three years before they could be furnished the equipment so a call was issued to the squadrons for men who thought they could construct one. Henderson and Houser answered the call.

Before being recalled into the service Henderson had been a mechanic for Braniff International Air Lines and Houser for United Air Lines and both were fairly familiar with the civilian engine analyzers, but the one they designed and made is not like any that they have used or heretofore been constructed.

Their analyzer does the following things: it checks for normal ignition each spark plug; indicates a shorted or open magneto primary; identifies fouled spark plugs; indicates breaker point bounce and malfunctions; shows magneto miss-timing; indicates no combustion and engine roughness of very small amplitude but greater than normal.

At present the analyzer of T/Sgt. Henderson and A/IC Houser is not adaptable through its widest range. As it stands now it will only check for most engine malfunctions. Later, after the addition of vibration pickups, it will indicate to the operator detonation, improper valve seating, no combustion and fuel leaks within the engine.

It is felt by engineering officers of the 314th that the engine analyzer should reduce spark plug failures by 43%, spark plugs changed by 63%, aircraft delays in meeting commitments by 73%, number of hours out of

commission by ignition malfunctions by 90% and overall dollar savings including manhours by 74%.

T/Sgt. Henderson is the son of Mr. and Mrs. M. M. Henderson, Munday, Texas, and his wife, the former Reba Mae Yarbrough, of Munday and three children are living in Grand Prairie, Texas, while he is in the Far East Command.

A/IC Houser is the son of Mrs. Emma Johnson, 3026 Date Street, San Diego.

Brother Of Local Man Dies At Haskell

James Ewin Thompson, 49, a resident of Haskell County since 1908, died Monday at 6:30 p. m. in the Haskell hospital. Funeral services were held at 2:30 p. m., Wednesday from the First Baptist Church in Haskell, conducted by Rev. M. D. Rexrode and Rev. Gerald Pinkston of Haskell and Rev. Huron Poinac of Munday.

Survivors include his wife; two sons, James E. Thompson, Jr., of San Angelo, and Pete Thompson of Anson; two brothers, C. M. Thompson of Munday and C. B. Thompson of Haskell; two sisters, Mrs. Minnie Moser of Haskell and Mrs. Eunice Caldwell of Wichita Falls, and two grandchildren.

F. F. A. News

Munday F. F. A. boys made a good showing at Fort Worth.

Six boys and their advisers from the Munday F. F. A. left Saturday to attend some contests at Fort Worth. The contest the boys entered were meat judging and judging dairy products.

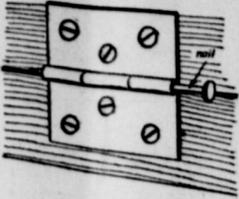

The boys on the dairy products judging team won second place, only being beaten by two points by the boys from Stephenville. Boys on the meat judging team were: Don Haynie, Bob Killian and Melburn Johnston. Boys on the dairy judging team were: Virgil Weaver, Bennie Ledbetter and Joe Smith.

Mr. Porsler carried the boys to Fort Worth.

Mrs. Fred Broach, Jr., returned home last Sunday from Dallas.

Protect That Window!
HERE IS a simple way to protect the glass window on your coal bin against breakage when a delivery is made. Most such windows are hung with strap hinges. File off the large heads of

the hinge pins and knock the pins out with a punch or nail, according to advice given by Family Handyman. Replace the pins with common nails, as illustrated. The exchange of the pins for the nails will enable you to remove the window before the coal delivery is made. Later, of course, it may easily be replaced.

MUNDAY P. T. A. TO MEET THURSDAY, MAY FIRST

The Munday P. T. A. will meet on Thursday, May 1, at 3:30 p. m. in the school auditorium. This will be the last meeting of the school year, and new officers will be elected.

A short, interesting program has been planned with Mrs. Weldon Smith as director. Mrs. Jerry Kane will give a short talk on "Our Resources," and the junior high school chorus will sing.

GARDEN IRRIGATION

Mrs. Elizabeth Hoffman, Assistant State Home Management Supervisor, Farmers Home Administration, Dallas, Texas, who worked last week in the Baylor, Knox and Throckmorton County Unit which is serviced by Mr. Wilburn A. Satterwhite, County Supervisor, reports that farm families are greatly concerned about the prospects for gardens at this time. She reports that lack of sufficient rainfall during the 1951 gardening period cut the amount of vegetables that were grown and conserved by the farmers to the point that they do not have the carryover of foods, in their pantries, cellars and lockers that they usually have at this time. The continued drought, high winds and frequent freezing temperatures have greatly retarded gardening this spring.

Mr. Satterwhite and the Farmers Home Administration families are making special efforts to overcome this shortage of rainfall and to insure vegetable production by providing equipment needed to properly irrigate a small plot of highly fertilized soil that will be concentrated upon to produce the fresh green vegetables that every person needs to maintain good health as well as to help in the fight on the high cost of living.

Kay Waheed, Joe and Abraham Choucar visited relatives in Ranger last Sunday.

"Here's the tire you want!"

GOODYEAR SUPER-SURE-GRIP TRACTOR TIRE

First choice for 2 reasons!

1. Deeper soil penetration — greater pull. Goodyear's open center tread has straight deep-biting lugs. They cut cleanly into the soil, penetrate full depth, full length. Straight bars closer together at the shoulders wedge the soil for firmer grip — don't "plow out" soil at the sides.
2. Balanced straight lug tread design — longer wear. Goodyear open center lugs are all straight, all equal in size and spacing. That's why every lug wears equally, pulls fully, wears more evenly.

Goodyear Super-Sure-Grips don't cost a penny more. Get them for your tractor.
