

## Kracker KrumbS

Odd Bits Salvaged at Random

The temperature dropped from a stifling 106 Monday to a cool and refreshing 56 Tuesday morning.

And not before we were ready for it!

We had a nice job of printing and folding circulars for Barton Carl and A. V. Kemletz Monday.

Those big sheets of paper cannot be handled on "Old Betsy," the press, with our blower going—therefore it became necessary to shut off our air conditioner most of the day.

We donned a pair of loose-fitting overalls and a worn-out shirt, trying to be as comfortable as possible, and flew in to supplement the work being done by George Cross.

Right away we started perspiring. Then we quit perspiring and started sweating. By four o'clock, we couldn't have been better if we'd been dipped in the horse trough.

Going down to work Tuesday, revived by the cooling 56 degree weather and the night's rainfall, we asks George: "Why in the heck couldn't we have had a day like this yesterday?"

Meandering about the streets, we discovered C. R. Elliott and several others with coats on. Elkin Warren was wearing a jumper, while we continued in a sport shirt.

"If you guys had been as hot as we were yesterday," we says, "you wouldn't have been wearing coats." We still hadn't gotten cooled off through and through. You see, we had between 15 and 20 days of that boiling weather.

The rainfall measured a little better than half an inch. H. P. Hill, who was one of those coated persons Tuesday, made an official report of .53.

And it didn't come before we were ready, either.

We imagine most every other person was ready, too. A gauge on the John Bates place north of Goree registered .65 of an inch.

Coming at night, after a little cooling norther and with the ground kinda cooled off, it's the opinion of many that the little rain will do lots of good.

One Knox Countian offers the advice that he saw the rain over 24 hours before it came. He's our National Wheat King, Johnny Michels.

Johnny was in wheat harvest in Colorado as the time drew near for his daughter's wedding. If he was to "give the bride away" it was necessary for him to get home.

That he did, engaging Ron White, a pilot, to fly him to Munday. They flew in the cool air that was headed this way, and in mist a lot of the time.

Johnny recognized Munday from the air Sunday afternoon, and directed his pilot to a farm southeast of town where a number of light planes land.

As they lost altitude, preparing to land, Johnny looked over the side of the plane and said, "We can't land here—that field's too muddy!"

They took to the higher altitude again, and flew over to the Seymour airport to land.

Johnny was plumb tickled about the good rain we'd had in and around Munday. At Seymour he gets on the telephone and calls his brother, Gene.

"Drive over to Seymour and pick us up," Johnny tells Gene. "We started to land just south of Munday, but that field was too muddy."

"Too muddy!" Gene says in disgust. "Why we haven't had a

## Meeting To Discuss Mexican Labor Problems Set At Haskell August 4

The West Texas Chamber of Commerce and other organizations are sponsoring a series of meetings over the Texas cotton belt for the purpose of discussing problems pertaining to the Mexican labor situation.

The meeting for this area is scheduled for Haskell on August 4, and will be held at the American Legion Hall, opening at 1:30 p. m. All persons of this area who are interested in gaining information regarding the Mexican labor situation are urged to attend this meeting.

Among those present will be Michael Galvin, undersecretary of labor; Jay Stillley, executive secretary of the Texas Cotton Ginners Association; Henry LeBlanc, Texas Employment Commission, and Vaughn Bryant, Texas Good Neighbor Commission.

A similar meeting will be held at Childress on August 14, which will be the next nearest point at which one of the meetings will be held.

## Methodist Youth Elect Officers For The New Year

The Youth Fellowship of the First Methodist Church elected new officers last Sunday evening at their weekly meeting. They are as follows:

Bera Faye Spann, president; Shirley Hill, vice president; John King, secretary and treasurer; Julie Massey, recreation chairman; Dickie Ponder, missions and world fellowship chairman; Tommy Ratliff, community service; Shirley Hill, worship, and Mrs. H. Doyle Ragle, adult counselor.

John King, Dickie Ponder and Mrs. Ragle recently attended the conference-wide youth assembly at McMurry College in Abilene. This was the annual business meeting of the Northwest Texas Conference M. Y. F.

## He's Down Again

That old ankle which he injured several months ago when he fell from a telephone pole has J. B. Scott, above, down again. It kept giving him trouble, so he entered Bethania hospital in Wichita Falls one day last week for surgery on the ankle. He's getting along nicely, but that cast which he must wear for some time is a worrisome affair.

Mrs. Scott and son, Jerry, stayed with J. B. several days during the week end and report that he is still improving.

J. B. was returned home late Wednesday.

## Absentee Vote In July Primary Started Monday

It won't be long now until voters of Knox County will make their selections of public officials for another two years. The first Democratic primary will be held on Saturday, July 26.

Absentee voting in the first primary officially opened last Monday, Sunday, July 6, was the date for absentee voting to begin, but in most places it didn't open until Monday.

M. T. Chamberlain, county clerk, had requests for ballots for voting Sunday, but the ballots had not been received at that time. They came in Monday morning, and the absentee voting got under way officially.

Chamberlain has received a number of requests for absentee ballots, some of them coming from Knox County boys who are in service in Korea.

## Knox County Hospital Notes

Patients in the Hospital July 6th:

Cypert Baby Boy, Rochester; Jarres Carver, Knox City; Jess Gray, Goree; Mrs. Olie Ileseng, Gilliland; Mrs. E. B. King, Knox City; T. C. Merrill, Munday; Hugh Rogers, Knox City; Mrs. E. L. Watkins, Carlsbad, N. M.; Mrs. A. J. Waldron, Munday; L. V. Dodd, Knox City; Mrs. L. J. Urbanczyk, and baby, Goree; Mrs. Robert Curtis, Munday; Mrs. R. W. Melton, Munday; J. T. Voss, Munday; Joy Crenshaw, Benjamin; Mrs. Jas. A. Davis, Truscott; Mrs. Roy Hester, Knox City; Mrs. C. G. Kolb, Aspermont; Mrs. Kate Lea, Knox City; Mrs. E. W. Stephens, Knox City; Mrs. J. E. Willingham and baby, Munday; Mrs. J. W. Hall, Benjamin; Dorothy Pack, Knox City; Mrs. D. L. Rabbsack, Seymour; Mrs. John Leonard, Knox City; Mrs. Venture Catano and baby, O'Brien.

Dismissed since July 1st: Mrs. J. W. Gray and baby, Goree; Lenora Baggett, Benjamin; Mrs. C. B. Banner, O'Brien; Bobby Gene Butler, Goree; Dorothy Duncan, Rochester; M. O. Flores Benjamin; Mrs. J. S. Hodges, Knox City; Mrs. Charles Hertel, and baby, Benjamin; Eloise Jackson and baby, Munday; Leona Paul, Knox City; Garland Swanner, Knox City; J. A. Hill, Munday; Eugene Miller, Munday; Mrs. F. D. Searcey and baby, Knox City; Alexander Baby, Wehnert; Mrs. O. A. King and baby, Knox City; Mrs. E. L. Watkins, and baby, Carlsbad, N. M.; Mrs. Phillip Bruggeman and baby, Munday; Mrs. J. W. Brown and baby, Seymour; Mrs. R. E. Hollingsworth and baby, Rochester; J. A. Brown, Rule; Fay Bennett and baby, Munday; Mrs. F. W. Driver, Benjamin; Mrs. Harvey Freeman, Knox City; Mrs. Mike Gallino and baby, Munday; Alton Hester, O'Brien; Marion Hicks, Rochester; Mrs. Minnie Olson, Gilliland; Mrs. S. E. Stevenson, Goree; John Attribury, Knox City; Mrs. Bobby Burnett, Knox City; Mrs. R. D. Parker, Knox City; Tommy Abe Watson, Knox City; Edward and Jimmy Watkins, Carlsbad, N. M.; Mrs. E. B. King, Knox City; Margaret Meadow Rochester.

Births: Mr. and Mrs. O. A. King, Knox City, a son.

Mr. and Mrs. R. E. Hollingsworth, Rochester, a son.

Mr. and Mrs. J. W. Gray, Goree, a daughter.

A. J. and Eloise Jackson, Munday, a son.

Mr. and Mrs. Mike Gallino, Munday, a son.

Mr. and Mrs. John E. Willingham, Munday, a son.

Mr. and Mrs. J. B. Brown, Seymour, a daughter.

Mr. and Mrs. Phillip Bruggeman, Munday, a son.

Mr. and Mrs. L. J. Urbanczyk, Goree, a son.

Robert A. Vadney of Lake Charles, La., visited in the home of Mr. and Mrs. Johnny Michels the first of this week.

Miss Lou Ann Chandler of Sulphur Springs visited Miss Charlotte Williams the first of this week. They left Wednesday to spend a few days with Mr. and Mrs. Joe Bill Pierce in Midland.

## Final Rites For Bob Couch Held Here On Sunday

Final services for Joseph R. (Bob) Couch, who passed away on Friday, July 4, at Hobbs, New Mexico, were held from the First Baptist Church in Munday at four o'clock last Sunday afternoon. Services were conducted by Rev. S. E. Stevenson of Goree and Rev. Huron A. Polnac of Munday.

Mr. Couch had been ill for about two weeks, having undergone surgery at Hobbs. He was an employee of the Cabot Company, working at a carbon black plant.

Born in Knox County on February 25, 1912, Couch was 40 years, four months and nine days of age, and had called Knox County his home although he was employed elsewhere for a short time.

Surviving him are his wife the former Mattie Mare Collins; two sons, Dorse Wayne and Bob by Couch, of Hobbs, N. M.; his parents, Mr. and Mrs. Will Taylor Couch of Goree and Wayne Couch of Pampa; a sister, Mrs. J. F. Lowrance of Goree.

The body was laid to rest in Johnson Memorial Cemetery under the direction of Mahan Funeral Home. Pallbearers were John R. Rayburn and Burnice Bowden, both of Munday; Jack West of Hobbs, N. M.; Porter Fitzgerald of Seminole, Dorse Rogers and Bill Moore, both of Goree.

## Cotton Estimate Below 1952 Goal

A 1952 cotton crop far below the government's goal was indicated Tuesday by the Agricultural Department at Washington. The Department estimated 25,051,000 acres of cotton were in cultivation July 1, which is nearly 2 million acres, or 6.7 per cent below the goal of 28 million acres. The drought over much of the cotton producing area will likely cut down on production as well.

Cotton in cultivation the first of July would indicate a crop of around 14½ million bales, compared with a goal of 16 million bales. No forecast on actual production will be issued until August 7, it was stated.

## Bank Deposits Over 4 Millions

This part of the country is still in a pretty sound financial condition, judging from the financial statement issued this week by the First National Bank of Munday.

The statement, issued in response to a call made by the Comptroller of the Currency in Washington, shows the bank to be in a sound financial condition.

A total of \$4,418,817.14 were on deposit in the local bank at the close of business on June 30. Of this amount, the deposits of individuals, partnerships and corporations stood at \$4,206,874.43, and the remainder being Government deposits and those of states and political subdivisions.

Total assets of the Munday bank, according to the statement are \$4,636,122.43.

## Knox County Gets Another Wildcat

Another wildcat has been stalked for Knox County. Yeatman Drilling Company of Coleman recently staked a 5,500-foot wildcat eight miles northeast of Knox City and 1½ miles north of the North Knox City Pool.

It is the No. 1 W. S. Davis, 330 feet from south (river) lines of M. G. Burnett survey, A-20 on a 5,400-acre lease.

Mrs. Ruby Kethley of Abilene and Mr. and Mrs. Frank Robertson of Pecos were guests of Mr. and Mrs. P. V. Williams last Friday.

Miss Marilyn Searcey left last Sunday for a two weeks visit with her aunts and uncles in Dallas.

## Supreme Court Grants Writ Of Error In Dispute Over Knox School Lands

### Home On Visit

Pfc. G. C. Brackett, Jr., is home on 20 day leave visiting his parents, Mr. and Mrs. G. C. Brackett, Sr., and family of Munday, Rt. 1, and other relatives and friends. Stationed at Fort Hood, Texas since April 18, 1951, Pfc. Brackett of the Armored Tank Division, is being transferred to the Far East Command, and will report at Camp Stoneman, Calif., July 22. Pfc. Brackett is a graduate of Weibert High School, and attended Hardin-Simmons University and Texas Tech before entering the service.

### John Deere Dealer Will Announce New Heavy-Duty Tractors

Two new heavy-duty John Deere 2- and 3-plow tractors, successors to Models "A" and "B", will be announced Saturday, July 19, by Harrell's Hardware in Munday.

According to E. W. Harrell, owner these tractors feature a host of engineering advancements and major improvements which make them the greatest values ever offered by John Deere. Mr. Harrell states that one of the new models will be on display Saturday, July 19, and he extends a cordial invitation to everyone to stop by and see the new tractor.

Free coffee and doughnuts will be served through the day, and there will be a registration for several door prizes.

### Young People Go To Methodist Camp

Bera Faye Spann, Tommy Ratliff, Gary Offutt, and Rev. Doyle Ragle are spending this week at Ceta Canyon, where the Methodist camp grounds are located.

They are attending a summer youth camp program. Approximately 200 youth from over the Northwest Texas Conference are in attendance.

Rev. Ragle is serving as christian guest speaker, speaking to the general assembly each day.

### HOME FROM HOSPITAL

Gary Lynn Bruce, son of Mr. and Mrs. Elmer Bruce, has been brought home from the Wichita Falls Clinic hospital, where he underwent surgery last week. He is reported to be doing nicely.

Charles Hardin has returned to March Field, Calif., after an extended visit with relatives and friends here.

## Showers And Good Rains Brighten Hopes For Crops, Cotton Is Revived

Rainfall ranging from showers to good rains in various parts of the area has revived the hot, thirsty cotton plants and revived hopes of a cotton crop for Knox County.

The rains came Monday night on the heels of a hot day which saw the temperature at 106 degrees. A norther hit late Monday bringing cooler weather, and the rains came later in the night.

H. P. Hill, local U. S. weather observer, reported only .53 of an inch for Munday. North of Goree rain gauges registered .65 of an inch. Ted Russell of Vera reported 1.65 inches which was the heaviest to be reported here for

Local attorneys and school officials received word Wednesday morning that the Supreme Court of Texas has granted a Writ of Error in the school land suits which involves some 16,000 acres of the former Sunset school district.

The writ of error was granted on all points presented by the Munday School Districts, it was stated, and the Supreme Court has assumed jurisdiction of the case. It will be set for submission and will probably be heard by the Supreme Court in October or November. Arguments in the case will be heard, and the court will make final disposition of the dispute.

The Eleventh Court of Civil Appeals at Eastland on March 30 upheld action of the Knox County School Board in granting annexation of some 16,079 acres of land in the Munday-Sunset district to the Knox City district. The Munday board then filed a motion for rehearing, which was overruled by the Civil Appeals Court, and the case was then appealed to the Texas Supreme Court.

Action of the court Wednesday is looked upon by local school authorities as a victory in their efforts to retain the school lands which were consolidated to the Munday district by vote of the people.

## Durwood Scott In Training At Ft. Belvoir, Va.

Cadet Durwood Scott, son of Mr. and Mrs. J. B. Scott of Munday, is one of 1,181 cadets assigned to the Corps of Engineers 1952 ROTC summer camp at Ft. Belvoir, Virginia, for the six weeks training course which will continue until August 1st. His leadership will be developed and he will be schooled in weapons and marksmanship, explosives and demolitions; mines, obstacles and booby traps; bridge and airfield construction.

Upon graduation from Texas A. & M. College in June, 1953, Scott will be eligible for a commission in the Officers Reserve Corps in the engineer branch.

Army ROTC training is a regular part of the curriculum in 236 colleges throughout the United States. The program has been the source of commissions for over 150,000 reserve officers who have served in our armed forces.

## Cotton With Half Grown Bolls Shown By Nolan Phillips

Showing that he is as far along with his farming as the other fellow, Nolan Phillips was in town Saturday exhibiting a stalk of cotton with two half-grown bolls.

The stalk was also well loaded with squares and small bolls, while a white bloom was carried pretty far up on the stalk. Nolan figures the cotton bloomed around June 15. He figures, too, the cotton will be opening around August 1.

"That bloom is getting pretty close to the top," he says. "You ain't wolfing." Nolan says, shaking his head like he wished it would rain.

## Our Younger Generation

Top row, left to right, Lynn, 10 months, son of Mr. and Mrs. Howard Gray, Munday; Ireta, 6 years, daughter of Mr. and Mrs. E. M. Peek, Goree; Kay, 6 years, daughter of Mr. and Mrs. E. J. Cude, Munday.

Bottom row, Glenn Earl, 2 years, son of Mr. and Mrs. E. H. Melton, Goree; Brenda, 5 months, daughter of Mr. and Mrs. Troy Stone, route two, Munday; Cynthia, 3 months, daughter of Mr. and Mrs. Joe Combs, Munday.

### GRASS ROOTS OPINION

OSKALOOSA, IOWA, DAILY HERALD: "The court's majority opinion is equally explicit on the legal procedure than is at hand. It says that Congress not 'can authorize the taking of private property for public use' but 'it can make laws regulating the relationship between employees and employers, prescribing rules to settle labor disputes and fixing wages and working conditions in certain fields of our economy.' All this is the duty of Congress—not the executive."

MANSFIELD, OHIO, NEWS-JOURNAL: "Whatever other 'ceilings' may be established by government, there is no appearance of serious effort to find a stopping place for taxes. While chief complaint has to do with Federal income taxes it is being gradually disclosed that it is really the so-called 'hidden taxes' that are taking the biggest bit out of take-home pay. According to the Tax Foundation, an organization that watches government spending and taxing, these hidden taxes cut our savings whether in banks, life amount of income taxes."

PHILADELPHIA, PA., TRADES UNION NEWS: "Inflation cheapens our dollar and drastically cut our savings whether in banks, life insurance policies, or in pensions. As our voluntary savings shrink the demand for larger government control and protection swells. Few want a planned economy with its elimination of the market place and sound competition, but in general, the public fails to realize how damaging and revolutionary a constantly increasing inflation can be."

SAN ANTONIO, TEXAS, MESSENGER: ". . . Americans built a strong, productive country because they were free to utilize those resources under a private-enterprise system that was not hamstrung by bureaucratic restrictions on energy and ambition."

### A LEAF FROM THE MILITARY BOOK

There is a standard military tactic, used by all armies, called a diversion. Its purpose is to confuse the enemy and make him misjudge the actual state of affairs—in other words, to divert his attention from the true situation.

Something very closely resembling this strategy is frequently used by government bureaus and officials when the heat is turned on them, and it looks as if some of their policies and actions are about to cause them acute embarrassment.

The Office of Price Stabilization, the bureau which is attempting to run much of the economy by political fiat, has provided several interesting examples of this.

Some time ago OPS went in for a great whoop-de-do about the meat situation. There was much talk of black markets and of dubious dealings all through the meat industry. The usual investigation was ordered. It produced exactly nothing of value. And a good many people think

that the main reason for the uproar was to hide the fact that OPS' Alice in Wonderland regulations had thrown the industry into a state of confusion, discouraged producers, and so led inevitably to meat shortages.

Much more recently, OPS worked up a brimming lather over the potato situation. Investigation into alleged potato black markets was ordered on a nation-wide basis. What will come of this, if anything, remains to be seen. However, it certainly looks as if OPS is doing its best to divert public attention from the fact the late potato shortage was in considerable part due to OPS' own policies.

Yes, OPS has taken a leaf from the military book and is using diversionary tactics for all they are worth. But it doesn't seem likely that an intelligent public will be fooled for long.

### DOCTORS WITH CIVIL SERVICE MENTALITIES

Those who still believe that socialized medicine or government-dominated medicine offers a wise solution of our health problems, should carefully read a long article in the June 16 issue of The Freeman magazine by Melchior Palyi, called "How Sick Is State Medicine?" Dr. Palyi is a distinguished Hungarian-born economist who has taught at a number of leading American universities. The Freeman sent him to England to make his detailed study of socialized medicine on its home grounds.

Dr. Palyi cites fact after fact to show how socialized medicine, which is mass-produced medicine, has drastically reduced the standards of care. Doctors are enormously overworked—it is a physical impossibility to give the proper time and attention to serious cases. On top of that, much of their time must be devoted to filling out forms and dealing with the mass of red tape the political bosses have imposed on them. Less and less attention is given to the all-important matter of preventive medicine. Hospital standards are also in decline.

worst of all, it seems, is what socialized medicine is doing to the individuals whose duty it is to care for the nation's health. Dr. Palyi quotes a British doctor as saying, "There will be an entirely different type of man going in for medicine—our future doctors will be small-minded little men with civil-service mentalities, and their main concern will be keeping on the right side of their administrative superiors, the correct filling of forms, watching the clock, and passing the buck."

It is a sorry story that Dr. Palyi tells—and is a very significant one for Americans. In principle and in direction the Federal compulsory health insurance scheme that is proposed for us is little different than Britain's national health program. Inevitably, the fruits would be the same. The standards of medical care would go down and down—at a cruel cost to our generation and to generations yet unborn.

### THE TEXAS CONSUMER

Many thousands of dollars are lost by the Texas consumer each year because of faulty scales and measuring devices. The farmer doesn't get this full 100 pounds of feed, the housewife's pound of meat is an ounce or two short and the motorist fails to receive a full gallon of gasoline.

But the consumer isn't the only one who loses out on transactions based on inaccurate units. The merchant stands an equal chance of loss from devices which have accidentally slipped out of adjustment.

The Weights and Measures Division of the Texas Department of Agriculture is now engaged in the annual blanket check of all commercial scales and measuring units of the state. Ten inspectors are making a circuit tour of Texas in an intensive effort to assure the customer and the dealer a fair share in all transactions. The job is expected to be completed by mid-summer—and the results, thus far, are encouraging.

Last year, an average of one out of every scales was found to be in poor working order or out of adjustment. And an average of one out of every 4½ gasoline pumps was giving an inaccurate measure of fuel. Preliminary reports from inspection this year reveal that the ratio of improvement may be as high as 93 per cent. This is due, in part, by the constant inspection program maintained by the department, in addition to cooperation between city and state weights and measures divisions.

can be properly marked and then placed under refrigeration where shrinkage is bound to occur. Any package that has been in cooling compartment more than 24 hours in almost certain to be wrongly marked. The only solution would be to require merchants to re-weigh the goods every day. This would be a tremendous job for some of our super markets.

The most practical solution is for the purchaser to request the packaged goods re-checked at the cashier's stand where he can pay for the current weight.

It is partly up to the consumer to see that he gets a full weight and measure of goods. Any person who suspects faulty transactions should report them to the Texas Department of Agriculture in Austin. A check will be made at once.

Mr. and Mrs. Clayton Wren and Erwin, Mr. and Mrs. W. G. Welborn and Gaston, and Mrs. Tom Morton visited Mr. W. D. Spain in the Eastland Hospital last Sunday. Mr. Spain suffered a heart attack about ten days ago, but is doing fairly well now.

**Knox Prairie Philosopher Favors The New Idea Congress Has For Making All Living Expenses Tax Deductible**

Edliot's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek may have hit on a popular idea, but we doubt if he gets anywhere with it.

Dear editor: I read in yesterday's paper which my wife had lined the pantry shelf with where Congress, not wanting to come out and vote itself a raise but still wanting one, had figured out a method which accomplished the same ends, while the idea carried in the House, the Senate voted it down.

I regret that the Senate is not as far-sighted as the House, and I wish you would use your influence if you haven't misplaced it and get the bill re-introduced not only for Congressmen but for everybody.

Here's the way it would work: it would allow Congressmen to count their living expenses in Washington as legitimate deductions on their income tax. Whatever it cost to live, the whole amount could be counted as a business expense and deducted.

Now this is what I call the most advanced thinkin I've encountered in years. The income tax ain't high, we just deduct enough items before we start figurin how much we owe, but if the government would let me count everything it takes to live out here as a business expense, it wouldn't make much difference to me how high the income tax went.

According to the Congressmen favorin the bill, living in Washington certainly ought to be de-

ductible expense, and they're right, the same as livin out here ought to be. Just because a man has an income of so much a month ain't no sign he's able to pay any income tax on it. The more money you make, the more it takes to live, I've seen it happen over and over, and the man makin the most money frequently is the one shortest on cash.

Under this new proposal, though, whatever it takes to live on comes first, and what's left over is subject to an income tax. It's one of the most beautiful ideas I've seen in years, and is just the thing to meet inflation story goes, and he lost no time in telling people far and wide of his "miraculous cure." Soon others were trying it with similar results. So it was not long before the people of Marlin began to realize that what appeared to be a "white elephant" on their hands promised to become a blessing in disguise.

Not long afterward some enterprising doctors and citizens erected a modest bath house and piped the hot mineral water to it. People began to come and soon the bath house was too small for the needs. Later more adequate bath houses were built, hotels sprang up to accommodate the ever increasing flow of sufferers. Today, fine hotels; ample modern and completely equipped bath houses, clinics and hospitals, large staffs of specialists serve as many as 140,000 people annually who come from many states for relief from their ailments.

J. A.

**LOCALS**

Mr. and Mrs. O. B. Paulsel of Fort Worth visited Mr. and Mrs. Chester Bowden over the holidays.

Chester Bowden and O. B. Paulsel were in Plainview last Friday on business.

Mr. and Mrs. Plumer Edwards and sons of Abilene, visited friends here last Sunday.

This might not bring in much income tax, but I guarantee it would make business boom. Let's get it passed. Yours faithfully, J. A.

From where I sit... by Joe Marsh

**How Nervy Can a "Tenant" Get?**

"Harry the Hermit" dropped in to see Judge Cunningham the other day and started complaining about that dilapidated house he lives in over near Greenwood Lake.

"Who's my landlord?" Harry wanted to know. "Whoever you pay rent to," says the Judge. "Don't pay any rent," says Harry. "Moved into that house twelve years ago and nobody ever came to collect."

"Well," says the Judge, looking mystified, "what do you have to complain about?" "Plenty," replies Harry. "Rain's pouring in my living room and if someone doesn't

fix that roof, I'm moving out!"

Now Harry was only having a little joke, but from where I sit I've seen people act just about as nervy as this sometimes—serious. Like those who enjoy all the rights Americans have worked for, and yet would take away some of those freedoms from others—for example, our right to enjoy a friendly glass of beer, I say those "leaks of intolerance" have no place in the "home of liberty."

Joe Marsh

Mrs. M. C. Hallmark returned from Fort Worth last week where she underwent surgery in the Harris Memorial Hospital about two weeks ago. She is getting along fairly well.

Mr. and Mrs. Jim Choate of Lubbock visited Mr. and Mrs. Leiland Hannah over the week end. Mrs. Choate remained for an extended visit with her parents.

Mrs. Paul Pruitt and sons, Mrs. Joe Dean Clough and Mrs. Dee Clough spent the week end with relatives in Fort Worth.

**What is the best way to KILL BOLLWORM?**

Close rival to the weevil as a destroyer of cotton, the bollworm has always been more difficult to control.

The mature bollworm in the illustration has been feeding inside the boll for several days. During this time the boll itself offers the protection that makes it extremely difficult to get a high kill with insecticides. For this reason, proper timing of insecticide application is essential: Early bollworm infestations must be treated as soon as worms are found; later broods should be treated within a day or two after hatching and while young worms are still feeding outside the boll. A good measure for this is when 4 to 5 small worms (or 10 to 15 eggs) are counted on 100 terminals.

As the bollworm season approaches, every cotton grower wants to know "What's the best insecticide?" Actually, no one chemical so far tried will provide top control of bollworm. But... field tests in widely separated areas prove that certain combinations of chemicals (chlorinated hydrocarbons) do give effective control. At the same time, these mixtures kill almost all other in-

sects that destroy cotton.

A mixture of dieldrin and DDT, for example, is one of the most deadly bollworm killers of all... more lethal than either insecticide alone. Used as a dust or a spray, the combination provides excellent control with relatively small dosages. The same dust or spray gets the boll weevil, flea-hopper, tarnished and rapid plant bug, grasshoppers and a host of other pests.

Where large areas of cotton must be protected from bollworm damage, and low cost is a primary consideration, aldrin-DDT mixtures provide profitable control at the lowest cost per acre.

Whichever combination is used, the timing and form of application (dust or spray) should follow the practice proved best in the area.

Your insecticide dealer can supply either dieldrin-DDT or aldrin-DDT in suitable formulations for your cotton program. Further information can be obtained by writing to Shell Chemical Corporation, P. O. Box 2099, Houston, Texas, or 808 William-Oliver Building, Atlanta 1, Ga.

**BOYCE HOUSE**

This salute to the city of Marlin is from the San Saba News some years ago:

Over in Marlin, Texas, there has been built up, through four decades a remarkable health resort, rivaling the famed European watering place of Carlsbad, Bohemia.

Some forty years ago the citizens of Marlin needed an additional well to supply the city's daily requirements. So they hired a well driller. Choosing a likely spot not far from the center of the present business district, the driller sank a well to the usual 1500 feet but got a warm, mineral-tasting water. That wouldn't do for city use so he was told to go deeper; and the deeper he went, the hotter the water became. So after going to a depth of 3,500 feet and finding only this hot mineral water, the city gave up in despair in that location. The hot water—with a temperature of 147 degrees—continued to grow in lavish quantities from this well and a ditch was made to carry off the water into a creek.

Some time later a traveling peddler, severely afflicted with rheumatism in his lower extremities, stayed over in Marlin and daily went to the ditch of hot mineral water and bathed in it. His affliction disappeared, the

**IF YOU WANT BIGGER PAYLOADS, YOU WANT A DODGE**

**"We solved our hauling problems with Dodge 'Job-Rated' trucks"**

... says BERNARD J. CARNEY, Manager, Weyerhaeuser & Denkmann Lumber Yard, Rock Island Lumber Co., Rock Island, Ill.

"Our business calls for trucks that can haul big loads day in and day out—and we like our trucks to last, too! That's why we prefer Dodge trucks that are 'Job-Rated' to fit our particular hauling job.

"We recently put in service two Dodge 'Job-Rated' 1 1/2-ton trucks."

they sure haul big loads the way we want them to! For instance, the 170-inch wheelbase models allow for a 14-foot body, which is ideal for our business. And Dodge easy-handling advantages enable us to maneuver these trucks in the same space as some other trucks with 12-foot bodies."

For bigger payloads, choose from many Dodge "Job-Rated" trucks—1/2-ton through 4-ton.

"Job-Rated" engineering makes it possible for you to haul more with the right Dodge truck for your needs.

You haul more economically, because of advantages like lightweight aluminum-alloy pistons and others.

For smoother power and extra load protection, Gyrol Fluid Drive is available on 1/2-, 3/4-, 1-ton and Route-Van models.

Come in for a demonstration—and an extra good deal!

The right load-carrying units. The frame, axles, springs, and other units that carry the load are "Job-Rated" on Dodge trucks. Each is engineered to provide the strength and capacity needed to support your load. And all are "Job-Rated" to work together!

Better weight distribution. The short wheelbase design of Dodge trucks allows more weight to be carried on the front axle. Because the engine is located farther forward and the front axle is moved back, you can haul bigger payloads without overloading.

The right load-moving units. You get an engine that's "Job-Rated" with plenty of power to pull bigger loads at low cost. In fact, all load-moving units—such as clutch, transmission, rear axle—are engineered to move bigger loads.

See us today for the best buy in low-cost transportation...

### Munday H. D. Club Meets July 9th In Patterson Home

The Munday Home Demonstration Club met July 9th in the home of Mrs. Joe Patterson. The meeting was called to order by Mrs. Bill Dixon, who acted as president in the absence of Mrs. Johnny Peysen, who is on vacation. Minutes were read by Mrs. Tidwell and old and new business taken care of. Mrs. Dixon gave a report on the council meeting at Benjamin. Mrs. R. M. Tidwell was elected secretary and treasurer upon the resignation of Mrs. Joe Morrow.

Announcement of the annual encampment to be held at Lueders on July 24th and 25th was made by Miss Henson, who also

reminded all members that the Mobile Unit will be here on August 2nd for free X-rays. Miss Henson gave a demonstration on the making of hot breads and different shaped hot rolls.

Refreshments were served to the following: Mmes. M. L. Raynes, E. J. Cude, R. E. Humphries, Frank Bowley, Raymond Hargrove, Bill Dixon, R. M. Tidwell, G. L. Pruitt, Ralph Weeks, Joe Patterson and the Home Demonstration agent, Miss Melita Henson.

The next meeting will be August 13th in the home of Mrs. R. M. Tidwell.

Mr. and Mrs. Brice Dobbs and grandson, Gary, of Dallas spent the holidays here visiting with relatives and friends.

We welcome you to all our services.

### 1952 POLIO PRECAUTIONS

Seven-year-old Karen Blecha enacts 1952 polio precautions recommended by the National Foundation for Infantile Paralysis. When polio is around, the National Foundation cautions parents to watch for these signs: headache, fever, sore throat, upset stomach, tenderness and stiffness of neck and back. A person showing such symptoms should be put to bed at once, away from others. Then, call your doctor and follow his advice. If polio is diagnosed, call your local chapter of the March of Dimes for advice and assistance, including needed financial help.

### Gloria Michels Honored At Shower Last Thursday

Miss Gloria Michels, bride-elect of Ernest Descoteaux of New Hampshire, was honored with a bridal shower on Thursday, July 3, in the home of Mrs. Eugene Michels.

Guests were greeted by the hostesses and introduced to the bride's mother and the bride-elect.

Mrs. Robert Vadney of Lake Charles, La., sister of the bride-elect, presided at the bride's book. After registering the guests were served cake, mints and punch. The table centerpiece arrangement was of pink and white carnations placed around two hearts pierced with an arrow with "Ernie and Gloria" written across the arrow. Mrs. Urban Bellinghausen served punch, while Mrs. W. C. Hertel and Mrs. George Marak assisted in serving.

Hostesses for the occasion were Mmes. Eugene Michels, H. F. Jungman, W. C. Hertel, T. B. Hertel, Annie Urbanczyk, Urban Bellinghausen, John Michels, George Marak and Robert Vadney.

Mr. and Mrs. A. H. Mitchell spent the Fourth of July holidays in Midland with their son-in-law and daughter, Mr. and Mrs. Michael Sloan and little daughter, Sandra.

Mr. and Mrs. O. V. Milstead and daughter visited with relatives in Gainesville over the week end.

A. E. Richmond was a business visitor in Stephenville last Monday.

### Sunset H. D. Club Meets On July 8 With Mrs. Almanrode

The Sunset Home Demonstration Club met on Tuesday, July 8, in the home of Mrs. R. M. Almanrode.

In the business meeting, plans were discussed for the annual encampment on July 24-25 at the Leuders Camp Grounds. Sunset will have charge of registration.

Mrs. W. O. Ratliff became a new member, and was elected to fill the job of secretary and treasurer for the remainder of this year. Ceramics was taken up, and several pieces were displayed.

Refreshments were served to Mmes. G. L. Pruitt, R. C. Partridge, Gill Wyatt, Weldon Floyd, J. S. Shannon, M. A. Horton, W. O. Ratliff, Loretta and Elton Floyd and the hostess.

The club meets on July 23 in the home of Mrs. W. O. Ratliff at which time the agent will give a demonstration on yeast breads.

Mrs. Ed Reilly and daughter, Theresa, of Wichita Falls were Friday guests of Miss Laura Molyette.

Mrs. Wallace Reid and son, left last Thursday for Gunnison, Colo., to spend their vacation.

**NOTE OF APPRECIATION**  
Thanks, folks, thanks a million for the way you have received us and our business. We trust each of you have been well pleased, and certainly our desire for now and the future is to continue to serve you to the best of our ability.

Thanks again and be seeing you at The Igloo,  
HELEN and JIMMY.

Mrs. Joe Sahadi and children Mrs. Carl Green visited Mr. visited relatives in McAllen and Mrs. Harrold Green and son, Corpus Christi recently. They Mr. and Mrs. Gilbert Green and were accompanied home by Joe family and Mr. and Mrs. Travis Sahadi, Sr., of Corpus, who vis-Goree in Wichita Falls over the week end.

## Weekly Health LETTER

Issued by Dr. Geo. W. Cox M. D., State Health Officer of Texas

**AUSTIN**—It is believed that the majority of adults have at one time been infected by the virus of poliomyelitis, usually without manifestations, says Dr. George W. Cox, State Health Officer. In view of the above it is expected that most of the recognized cases will be among children.

Only a small proportion of infected persons are clinically recognizable. When symptoms are manifested, they usually comprise an acute illness with fever, headache, and almost always a characteristic stiffness of the neck and spine. Some degree of paralysis may or may not occur during the first few days of illness.

During the poliomyelitis season the following measures are recommended:

1. Insist upon safe waste disposal so that human excreta is not exposed to disease transmitting vectors.
2. Insist on elimination of fly breeding sources and do not depend upon community wide airplane spraying or fogging machines as a substitute for basic sanitation.
3. Food supplies, including milk, must be protected against contamination.
4. Always demand safe water for drinking or swimming pools.
5. Insist that garbage be kept in covered containers and disposed of by incineration or sanitary fill.
6. Eliminate all insanitary conditions on your own premises.
7. Practice good personal hygiene, with particular attention to personal cleanliness.
8. Avoid excessive physical strain during poliomyelitis season.
9. Isolation in bed of all children with fever pending diagnosis by physician.

**LET US**—Give you wheel alignment service with our new Bear machine. Makes driving safer! Munday Truck & Tractor Co. 5-tfc

## Miss Mary Alice Beck And E. Gene Gaston Wed In Recent Church Rites

The First Methodist Church in Munday was the scene of the wedding of Miss Mary Alice Beck, daughter of Mr. and Mrs. G. L. Beck of Munday, and E. Gene Gaston at 9 a. m. Saturday, June 14. The bridegroom is the son of Roy Gaston of Dallas.

Rev. H. Doyle Ragle, pastor of the church, read the marriage service. Mrs. J. H. Bardwell, organist, played the wedding music.

Miss Jo Anne Ader of Fort Arthur was maid of honor. Her

gown of light blue embroidered organdy over blue taffeta was made similar to the bride's, and she carried a bouquet of pink satin streamers.

John Lofton of Loving was best man, and Robert Beck, brother of the bride, was usher.

The bride, given in marriage by her father, wore a ballerina length gown of white lace over white taffeta. It was made with a full skirt, scalloped hemline, fitted bodice and lace bolero. Her headpiece was a white satin bandeau with stephanotis. She carried a bouquet of white carnations, centered with a white orchid, and satin white streamers.

A reception was held in the church parlor, with Mrs. G. L. Beck, Jr., cutting the cake, Miss Jo Anne Ader pouring the punch, and Mrs. Chloe Shawver of Seymour presiding at the guest register.

After a trip to New Mexico and Colorado, the couple are at home in White Deer, where they will teach this fall. For travel the bride wore a brown prima broadcloth dress with white accessories and a white orchid corsage. She attended T. S. C. W. and is a graduate of Texas University. The bridegroom is a graduate of Texas Technological College, Lubbock.

Mr. Troy Lindsey, who is in the wheat harvest, spent the week end with his wife and son.

Mr. and Mrs. J. Posey visited relatives in Abilene last week end.

Dale Fitzgerald of Wichita Falls is visiting friends here a few days.

Although 38 years of age, 3 years as a teacher, 2 years a Texas legislator, 14 years in Congress, qualify Beckworth by experience to be your U. S. Senator. He is an attorney. He is the present Chairman of the Texas Delegation in Congress which is composed of 21 Texas House Members and 2 Senators. (Political Adv.)

MR. AND MRS. E. GENE GASTON

### Virginia Wingo Circle Has Study Of Alaska Recently

The Virginia Wingo circle of Baptist W. M. S. met on Monday night, June 30. The study was on "Meet the Alaskans."

Mrs. E. L. Goolsby gave the devotional. Mrs. Paul Pruitt gave a talk on the history and geography of Alaska, and Mr. W. E. Reynolds discussed the Alaskan government.

Mrs. Willard Reeves sang a beautiful solo; Mrs. R. B. Bowden gave a talk on Baptist work and Mrs. Winston Blacklock and Mrs. Willard Reeves presented a very interesting review of Fairbanks and Anchorage. Benediction was by Mrs. Huron A. Polnac.

Refreshments were served to Misses, Don Wardlaw, J. O. Bowden, Lula Jones, Ruth Searcey, M. L. Barnard, E. L. Goolsby, R. B. Bowden, Lawrence Kegley, Linnie West, H. A. Polnac, and four visitors, Mrs. Pruitt, Mrs. Winston Blacklock, Mrs. C. N. Smith and Mrs. Willard Reeves.

Mr. and Mrs. Bruce Wilson and children of San Diego, California, arrived last Sunday for a two weeks visit with Mrs. Wilson's mother, Mrs. Lula Jones and sister, Miss Ina Mae Jones.

### Methodist W.S.C.S. Meets Monday In Shannon Home

The Woman's Society of Christian Service met in the home of Mrs. J. S. Shannon last Monday afternoon, with Mrs. Gill Wyatt as co-hostess.

Soft music on the piano, played by Mrs. M. E. Billingsley, opened the program. Mrs. Doyle Ragle led the group in prayer, followed by meditation by Mrs. J. C. Borden.

"Earth's Abundance and Man's Stewardship" was discussed by Mrs. W. R. Rodgers, who was in charge of the program. Mrs. J. D. Crockett and Mrs. J. H. Amerson. The closing number was a prayer-hymn sung by Mrs. P. V. Williams.

After the business meeting, a social hour was enjoyed and refreshments were served to Misses, Bruce Burnett, M. F. Billingsley, S. E. McStay, G. R. Eiland, P. V. Williams, W. R. Rodgers, D. E. Holder, W. T. Ford, J. H. Amerson, Doyle Ragle, J. C. Borden, M. H. Dean, J. D. Crockett, E. E. Lowe, J. S. Shannon and Gill Wyatt.

Mrs. Delbert Montgomery of Fort Worth is visiting her parents, Mr. and Mrs. Dee Clough and other relatives here this week.

### Mary Hope Butler Honored At Surprise Birthday Party

Miss Mary Hope Butler was honored with a surprise birthday party at her home on Saturday, July 5. Her birthday was on July 4.

Cake and cream were served to the following guests:

Marilyn Rhea Searcey, Gwendolyn Peddy, Barbara Fields, Raye Holcomb, Sylvia Broach, Carolyn Blacklock, Jerry Jetton, Gerladine Jungman, Martha Kay Elliott, Jerry Jungman, Katherine Ballard, Jerry Mac Peddy, Linda Newport, Terry Newport, Melissa Ann Lee, Jackie Sokora, Beth Sokora, Annette Henderson, Kay Holcomb and the honoree.

### NEW DORMITORY HOSTESS

Mrs. Elsa Robinson, outstanding lay-leaders of the Methodist Church from the Sweetwater area, has been appointed hostess of President Hall, women's dormitory matron at McMurry College, announces Dr. Harold G. Cooke, president.

Before taking the McMurry post, Mrs. Robinson had worked with a life insurance company and an automobile dealership in Sweetwater. After attending Southern Methodist University, she also taught in the Sweetwater Public Schools for five years.

A past president of the Business and Professional Women's Club of Sweetwater, she also served on the Board of Stewards for the First Methodist Church of Sweetwater for 18 years.

Mr. and Mrs. Carl Gray and Mrs. Sam Gray of Fort Worth visited relatives and friends over the week end here.

J. Lee Myers of Dallas visited his father, R. L. Myers, over the week end.

## 129 Texans To Be Called During Month Of August

AUSTIN—State Selective Service headquarters was called on Tuesday to furnish 1,129 men for the armed forces in August, the state's share of a national call of 29,000.

Brigadier General Paul L. Wakefield, state Selective Service director, said quotas for local boards will be computed and in the mail by June 25th.

The August quota will be filled with men 20 years old or older. General Wakefield said that at present it appears Texas can furnish around 850 men in August who will be 21 years or older. The remainder of the quota will have to come from the 20-year-old group.

The local boards will not be able to induct any man in August below the age of 20 with the exception of delinquents and volunteers.

The August call compares with a July call of 1,251, previously announced. The August 1951 call was for only 772 men. Calls for the summer months of 1952 have been well above those in the same period for 1951.

State draft board headquarters Tuesday also announced that 1,209 4-Fs will be re-examined in July. Also announced was a July call for two dentists. General Wakefield indicated that several thousand regular registrants may be given pre-induction examinations in August, but said that no definite figure has been set.

At the end of May, Texas had

inducted 40,104 men since beginning of the United Nations conflict in Korea and had examined 40,128 men during the same period.

Since passage of the 1940 draft act just before World War II, 479,889 Texans have entered the armed forces through local boards, up to and including May, 1952. During the same period 1,105,893 were examined for service.

Guests in the home of Mr. and Mrs. Elmo Flenniken and Mr. and Mrs. George Killian last Friday were Mr. and Mrs. Jim Crouch and children of Roswell, New Mexico.

Mr. and Mrs. T. H. Armstrong and children visited with their daughter and husband, Mr. and Mrs. Doris Tuggle in Plains over the holidays.

Mr. and Mrs. V. M. Lee and son, Ronny, of Denison are visiting Mrs. Jimmy Bullington this week.

Mrs. Lee Isbell, who underwent surgery in the Wichita Clinic last week, returned home Saturday. She is doing fine.

Mrs. J. O. Tynes spent several days last week with her sister, Mrs. Nell Anderson, and family in Wichita Falls.

## ARMY'S NEWEST TANKS BEGIN TO ROLL

For the first time, the Army has permitted photographs of its new Patton 48 medium tanks rolling from the Chrysler Delaware Tank Plant assembly line. Military experts say this new spectacular tank will whip any other tank in the world. This million square foot tank plant produced and delivered its first Patton 48 to Army Ordnance on April 11, 1952, less than a year from the date the first steel was raised.

### Shade Keeps Hogs Cool

HOGS like some shade, too, on hot sunny days! Making a sunshade like the one illustrated is a simple matter for any farmer. He can start from scratch building a framework of 2x4 lumber

or improve an old sunshade by adding a new top.

Over an old roof, the farmer can nail some Masonite 1/4" Tempered Presdwood by nailing right through to the framing. Then he can apply batten strips of the same material, 3 1/2" wide, over each joint. To make the roof completely waterproof, the joints and battens should be imbedded in waterproof mastic. He may want to remove the old roof entirely and nail the Tempered Presdwood right to the lumber decking.

The new roof will last a long time, because it won't rot or corrode. It won't splinter or crack, either, and the hard surface resists dents and bumps. Tempered Presdwood is a handy panel for many uses around the farm. For example, it's excellent for working surfaces in the shop, kitchen, milk house, and barn. Many farmers use mangers and feed chutes with it.

Mrs. Irene Meers left this week on a months vacation trip to California. She was joined by her sister, Mrs. Lee Faulkner in Wichita Falls, who accompanied her on the trip.

Mr. and Mrs. Herbert Stodghill and son, Johnny, and Mrs. Lucille Stodghill visited Mr. and Mrs. Dale Williams in Plainview last Friday.

Mr. and Mrs. J. W. Henderson of Olton visited Mrs. Freddie Morrow last Saturday.

## Minister Of 1952

BIRMINGHAM, Ala. — The Rev. Arthur J. Mohr, pastor of Martin Springs Baptist Church, was named Rural Minister of the Year for 1952 by The Progressive Farmer magazine.

He will receive in conjunction with the award a scholarship to the University of Tennessee for Ministers from Chandler School of Theology.

Atlar's Career, July 29-August 14.

The Rev. Allen, whose address is Route 2, Sulphur Springs, Texas, is being recognized for "his leadership in civic activities and community building programs, his work in improving the economic status of farm people in the county, and outstanding spiritual leadership."

When the Rev. Mr. Allen came

to Martin Springs Baptist Church, it was a struggling, disintegrated group of people. Now he has a great congregation of cooperating members who work, live, and worship together as one family.

His influence is not confined to his own church. When rural schools were consolidated with urban schools, rural people were left without a community center or central interest. The Rev. Mr. Allen has done a wonderful job of rehabilitating the social life of the people in his community and has made his church a community center in every sense of the word.

Texans who have been named Rural Minister of the Year before are: Rev. Arthur J. Mohr, St. John's Lutheran Church, Belton, 1949; Rev. Richard F. Kuretsch, Peace Evangelical and Reformed Church, Georgetown, Tex., 1950; Rev. J. R. Kidwell, The Methodist Church, LePryor, 1951.

Mr. and Mrs. Robert Patterson and daughters of Graham are visiting Miss Betty Patterson in Munday and Mr. and Mrs. Clifton Patterson in Goree.

Mr. and Mrs. Bobby Graham of San Antonio visited Mr. and Mrs. S. G. Smith last week end.

Mr. and Mrs. Melvin Strickland visited in Fort Worth last Wednesday and Thursday.

Mr. and Mrs. A. C. Boggs and family are vacationing in Noel, Mo., this week.

### Let's Talk LIVESTOCK

(By Ted Gouddy)

FORT WORTH — Livestock trade opened to a much more stable set of prices at Fort Worth Monday. Numerous sales of cattle and calves were 50c to \$1 above a week ago, and all classes were moving in a more active fashion.

The meat trade was still reported dull and uncertain by the packing industry and stocker outlets were still very narrow for this season of the year, but a little more life was noted in the stock trade. Lighter receipts following the sharp break of two weeks ago helped stabilize values.

Spring lambs sold on a basis \$1 to \$2 above the low time and slaughter ewes were fully 50 cents higher. Old crop lambs and yearlings were strong to \$1 higher than the low time last week.

Hog prices continue in a narrow range despite the downward trend of numbers going to market. Hot weather over the country has been a factor in the depressed pork price.

Good and choice slaughter steers and yearlings sold at \$27 to \$32.50 and common, plain and medium sorts sold for \$17 to \$25. Cull yearlings drew \$15 to \$17. Fat cows cashed at \$15.50 to \$21. Canners and cutters moved

at \$10 to \$15.50. Bulls sold at \$15 to \$23.

Good choice fat calves sold for \$26 to \$31, and common to medium butcher calves sold at \$17 to \$24, while culls drew \$15 to \$17. Good and choice stocker calves bulked at \$25 to \$31.50 and a few sold at \$32.50. Plain and medium sorts sold for \$18 to \$25. Stocker steer yearlings sold from \$17 to \$27, a few extreme lightweights higher. Older steers sold at \$26.50 down. Stocker cows sold for \$14 to \$19.

Good and choice slaughter spring lambs sold for \$23 to \$27, with medium to good kinds \$20 to \$23. Stocker and feeder spring lambs sold at \$10 to \$18. Old crop lambs and yearlings sold for \$10 to \$12.50. Two-year-olds at \$9 down. Slaughters ewes drew \$5.50 to \$7. Old bucks drew \$5.

Monday's hog top was \$20.25 to \$20.50, sows sold at \$12 to \$16.50. Pigs sold at \$13 to \$16.

Last week, the 12 major central public markets reported 49,000 less cattle than a week earlier, and 5,000 less than the same week last year. Twelve markets reported 5,500 few calves than a week earlier and 3,000 less than the same period a year ago. Hog receipts at 12 markets dropped 33,000 under a week earlier and were 46,000 under the same previous week and the same week a year ago.

Mrs. W. H. Lawson of Fort Worth is visiting Mrs. C. H. Mullican a few weeks.

### Texas Girl Sails For Europe As Envoy To French Festival

En route to Europe as a special envoy to "Texas Week O., the French Riviera," Miss Martha Jackson, of McAllen, Tex., is greeted in New York by Georges Tremel, of the French Government Tourist Office. Miss Jackson was named by Gov. Allan Shivers to be a special representative of the Lone Star State at the Riviera celebration, July 12 to 20, when gala festivities will be staged in Monte Carlo, Nice, Cannes and other resorts on the Cote d'Azur as a tribute to Texas. Miss Jackson is being accompanied to Europe by her mother, Mrs. Wilbur Jackson, of McAllen.

### Use Precaution Before Leaving On Vacation

AUSTIN—Take a few precautions before you leave home on that summer vacation trip and you'll have a better time while you're away, and get back, too. That's the advice of Paul R. Kulp, manager of the Texas Division of the American Automobile Association.

"Too many holidays have been ruined," the AAA official warned, "by the haunting fears that the gas was left burning, the electric fan or iron connected, or the car locked up in the house."

1. Notify the milkman and newspaper delivery boy to discontinue service. In fact, take every precaution possible to make sure there are no papers or circulars stacked in front of your door—that's a sure sign to burglars the coast is clear. Advise one of your neighbors you will be away and ask them to check your door regularly.
2. Check water faucets and gas stove to make sure they're turned off. Make sure all electrical equipment, iron and stoves, are disconnected.
3. See that your pet dog, cat or canary is well boarded for the summer.

You can make your trip additionally pleasant, Kulp points out, by planning well in advance, traveling as light as you can, and preparing a family travel budget.

Mr. and Mrs. W. C. Nance of Quanah visited relatives and friends here over the week end.

Mr. and Mrs. Chester Bowden spent last Sunday with Mr. and Mrs. Jerry Edwards in Abilene.

Miss Janie Haynie and Mr. Butch McAnlies were in Wichita Falls last Monday.

Miss Patsy Morrow of Abilene visited her mother, Mrs. Freddie Morrow and other relatives over the week end.

BEAR SERVICE

### Self Employed Have Protection Of Social Security

Under the 1950 Amendments to the Social Security Act, five million self-employed persons now have old-age and survivors insurance protection. Some of the self-employed do not as yet realize the compulsory nature of this coverage. Self-employed persons are required by law to file a tax return on their self-employment income if they have net earnings of \$400 or more in a taxable year up to a minimum of \$3,600. The computation of the self-employment tax is made on Schedule C and C-a, which should have been filed with the income tax return Form 1040.

Although the date for filing the return this year has passed, the self-employed should still, as promptly as possible, file a re-

turn with the collector of internal revenue using Schedule C and C-a. This will avoid delay or loss of social security benefits.

Those of the self-employed who have retired—even though the retirement is temporary—should file a claim for benefits. "Retirement" may mean that the self-employed person has net earnings from his self-employment of less than \$600 a taxable year. In that case, he would be eligible to receive monthly benefits if he has social security credit for at least one and a half years of work covered by social security. Credit from employment after 1936 may be combined with self-employment credits since January 1951 to determine an insured status.

If you have any questions in connection with your self-employment coverage under social security, please contact the representative of the Wichita Falls social security office who will

## J. C. Patterson Issues Statement

TO THE VOTERS OF KNOX COUNTY:

As the campaign nears a close, I would like to issue a statement in behalf of myself for the office of District Attorney:

I have tried to see as many people in the 50th Judicial District composed of Knox, King, Cottle and Baylor Counties, as was humanly possible. And any person who I have missed, it was not intentional on my part, but time, conditions, and opportunity has to be taken into consideration, and for that reason, many people were away from home, when I called, and too, with all four counties to canvass, it was just humanly impossible to make a house-to-house campaign.

One thing I would like for my friends to remember during the last days of the campaign, as stated to those whom I have had the opportunity to meet in person, I would like for the campaign to be carried on to the end, free of personalities, to the end that neither you nor I will have any regrets about the matter, for after all, officers are just "servants" of the people, and should conduct themselves and their campaigns on a basis of fair play.

During the remainder of the campaign, I would appreciate any friend of mine to speak to his neighbor, asking him or her to look into my claims with an open mind, and seeking their information from folk who know me, and I assure you that I will appreciate that kind of confidence, and should I still fail to see you, I will appreciate your vote on July 26, 1952, for District Attorney of the 50th Judicial District of Texas.

THANK YOU!

*J. C. Patterson*

### Munday Juniors Undefeated In League Games

The American Legion's junior baseball team continues to hold its perfect standing in the league Tuesday night the local boys defeated Haskell at Haskell, 8 to 5, making seven games won during the season with no defeats. Games played thus far are:  
July 3—Weldon Skiles pitched a no-hit game and got 19 strikeouts as the locals downed Throckmorton 3 to 2.  
July 8—With Skiles pitching again and allowing only five hits, Munday won 8 to 5 over Haskell at Haskell.  
Thursday night, July 10, the locals will play Stamford at Munday. Starting lineup will be:  
James Yandell, catcher; Perry Reeves, first base; Herbert Ford, second base; Tommie Decker third base; Billie Roe McGuire short stop; Scottie Ponder, left field; Kenneth Owens, center field; Troyce Raynes, right field; Tommy Powell or Sonny Lang, starting on the mound.  
Substitutes: J. R. Skiles, catcher; Donnie Yandell, first base; Dan Ponder, Virgil Weaver and Dickie Ponder, fielders; Sonny Lang, Weldon and Willard Skiles and Winsell Norvill, pitchers.  
The Little Leaguers expressed their thanks to the American Legion, merchants and the pub-

### For Making Quick Patch When Speed's Vital

A TEMPORARY patch, useful in an emergency, can be used to mend a gasoline tank of your automobile, a pail or wash tub, a boiler or even a large pipe that develops a leak, according to *Family Handyman*.  
You'll need a self-tapping screw, a metal washer and a piece of scrap inner tube. Slide the washer to the head of the screw and then push the

point through the rubber. Now drive the screw into the leak until it is tight.  
This type of patch will hold quite a while, even though it's purely a temporary cure.  
lic for the support they are receiving.

## "Quest canvas pipe" brings you . . . Positive Irrigation Control

Combines the Best Features of Ditch and Overhead Irrigation

**SAVES time, fuel, labor, money . . . Pays for itself**  
UP HILL OR DOWN HILL — TAKE IT ANYWHERE

The Quest Positive Irrigation Control method means savings for you in every phase of irrigation.  
You save TIME . . . there are no ditches to dig, no mechanical failures, no heavy equipment to wrestle around.  
You save LABOR . . . the flexibility of QUEST CANVAS PIPE means easy handling. The initial cost is surprisingly low and you have practically no upkeep. You pump only enough water to actually cultivate crops, thereby conserving WATER and saving FUEL at the same time.  
FROM ANY SOURCE . . . from a spillway reservoir or from a ditch. Many farmers hook QUEST CANVAS PIPE to the discharge pipe of their deep-well pump. Others use it with a centrifugal pump from rivers and lakes.  
MAINLINE . . . two different types of QUEST CANVAS PIPE solve every water conveyance problem . . . mainline lengths are to pipe water to the cultivated field.  
DISTRIBUTIVE LINE . . . the patented QUEST CANVAS PIPE sleeves make it ideal for sending water down the crop rows. These sleeves can be tied off easily so that you control flow of water.
