Volume XXVII.

Munday, Texas, Thursday, May 28, 1931.

Number 57

## Knox City Retains Lead by Winning Over Munday 3-5

Knox City remains at the pinnacle of the percentage column with a perfect record as a result of having defeated Munday by a score of 5 to 3 Sunday afternoon at Knox City. Melton pitched an almost perfect game for Munday and the game seemed to be all salted down for Munday with the score 1-0 in Munday's favor until the sixth inning, when a series of errors on Munday's part netted the league leaders 4 runs and brought great joy to a despondent fandom. Edwards pitched an excellent game for Knox City with the exception that he lacked control at times, but he had fine support from his team-mates throughout the game.

Following is the box score for the Munday-Knox City game:

## Goree Takes 8-4 Victory From Skipper Burton

Goree's standing in the percentage column of the Brazos Valley League was brought a notch upward as a result of Sunday's game, in which Blankenship repeated his performance of a week before against Munday by pitching his team to victory over Sunset, allowing the visitors only five hits, while the local aggregation was piling up ten hits for a like number of runs off of Freeman and Garvin for Sunset.

The box score for the Goree-Sunset game follows:

SUNSET		Ab	H	O	A

W. S. Dickerson, district manager for the West Texas Utilities company, states that a line carrying 6500 volts has recently been completed into Old Glory in Stonewall county. The line was built by 11 men a distance of 11 miles in exactly 11 days.

Mrs. L. E. Lovless has as her guest this week her mother, Mrs. F. M. Tomlin, of Weatherford.

Patricia D. Marion, of Winchester, Tex., came over to queen it at the Shenandoah Valley apple festival, at Winchester, Va.

## Hood School Closes Successful Term On May 15 With Play

School closed at Hood on May 15th. On Thursday night, May 14, a four-act rural comedy drama entitled, "Let Toby Do It" was successfully rendered. Everyone who saw this play and remarked about it, say that all the characters played their parts excellently.

On Friday, the 15th the school children were treated to a picnic at the Seymour City Park, where they had access to various playground apparatus. About fifty children and patrons attended, and all had an enjoyable day.

Then on Friday night, May 22, a cream and cake supper, together with a domino party was given by the appreciative patrons of the school at the school house, as a surprise party in honor of the teachers. The teachers reported that it proved to be a highly enjoyable surprise. There were about sixty present including the Morrow brothers, who furnished an excellent program of music. We are proud to have these boys in our community.

The records show the following promotions:  
From first grade, 13 promotions.  
From second grade, 6 promotions.  
From third grade, 6 promotions.  
From fourth grade, 9 promotions.  
From fifth grade, 9 promotions.  
From sixth grade, 6 promotions.  
From seventh grade, 7 promotions.  
From eighth grade, 3 promotions.

The teachers ask that the patrons of the school be thanked for their hearty cooperation during the past term.  
Let us all pull together for a better school term in 1931-32, is the admonition of the writer.

Mrs. F. S. Broach and children are visiting relatives and friends in Austin, Dallas and other points.

FOR SALE—Bennett cottonseed, 75c per bushel.—J. B. BOWDEN.

William G. Harris, Los Angeles banker and executive of the National Thrift Corporation, gains addition honor.

## J. W. Land Badly Wounded When Gun Is Discharged

J. W. Land of the League County community is in the Knox County Hospital at Knox City with a very meagre chance for recovery as a result of an accidental discharge of a .22 calibre rifle late Thursday afternoon.

Reports of the accident state that Mr. Land was removing the gun from a car when it was accidentally discharged. The bullet struck him in the neck and passed through the spinal column, according to information received by The Times.

A report from the hospital at ten o'clock last night, after attending surgeons had performed an operation, stated that his condition was very critical and that his recovery was a matter of grave doubt.

Mr. Land is one of the prominent farmers of the League County and has served his community as school trustee and in other capacities. He came here several years ago from Comanche county, and his many friends will learn of the tragic accident with deep regret.

Members of the Munday Golf Club are this week inaugurating a club tournament, and the tournament committee has given notice that all who wish to enter the tournament should turn in their qualifying score before Monday. The play will continue throughout next week, allowing entrants to play their rounds at their convenience.

## Mrs. Rosa Patton Dies Suddenly At Clovis, N. M.

Mr. and Mrs. Howell Burton were called to Clovis, New Mexico on Wednesday last week by a message advising them of the sudden death of Mrs. Burton's niece, Mrs. Rosa Adams Patton, 28 years of age, who succumbed from the effects of an anaesthetic which had been administered for a minor operation.

Deceased was the daughter of Mr. and Mrs. R. D. Adams, who resided in this community a number of years ago. Mrs. Adams is a sister to Mrs. Burton.

Funeral services were held on Thursday afternoon at the Baptist church at Clovis and was attended by a large concourse of sorrowing friends.

In addition to her husband and parents, Mrs. Patton is survived by two small children, a boy and girl.

## State Officials Attend Barber Meeting Here

Barbers from Knox, Baylor and Haskell counties gathered here on Friday evening of last week, at which time three members of the State Barbers Board were present, including Roy W. Johnson of Dallas, president of the board; Mr. Robinson of Austin, secretary of the board, and Mr. Brown of Dallas, state enforcement officer for the State Board.

Each of the visitors delivered an interesting talk and explained the advantages and benefits to be derived through the board, and highly commended the barbers of this section for having formed an association for the mutual benefit.

## Young Man Is Jailed; Chicken Theft Charged

A lady residing on the Goree-Vera road reported the loss of several chickens on Friday night of last week to Sheriff C. R. Elliott, who made an investigation.

A letter was found in the chicken house which led to the arrest of a young man residing on an adjoining farm, who was placed in the Knox county jail at Enjinman to await the action of the grand jury.

The owner of the fowls came to Munday and identified thirteen fowls as those having been stolen from her chicken house, and which had been sold to a local produce house, and it is said that the information obtained here further implicated the young man to whom the last letter was addressed.

## Henry Chapman Perfects New Game of Golf

No one ever suspected that Henry Chapman was an inventive genius, notwithstanding the fact that he's always building something with planks.

Henry's inventive genius popped out some days ago when he perfected a perfectly ideal game of golf which is calculated to get sickly golfers from the golf-loving populace. It is built along the line of the individual greens on the numerous miniature golf courses over the country except that the one green with a given number of balls which are released by dropping a nickel in the slot, constitutes a game, and unlike the genuine game, the winner of the highest score is the winner of the game.

As soon as the specimen is completed it will be placed in the Eiland Drug Store, where the public may try it out. Mr. Chapman has applied for a patent on his idea and should be successful in getting it he will manufacture the courses here.

## Golfers Qualify For Tournament Here Next Week

Members of the Munday Golf Club are this week inaugurating a club tournament, and the tournament committee has given notice that all who wish to enter the tournament should turn in their qualifying score before Monday.

The play will continue throughout next week, allowing entrants to play their rounds at their convenience.

Those who have turned in their qualifying scores are: W. H. Atkinson 88; E. J. Roberts, Sr. 84; E. J. Roberts, Jr. 69; L. E. Lovless 72; E. W. McGlothlin, Jr. 90; Pammie Farmer 90; Vincent Lane 86; Dr. E. M. Ammons 90; J. A. Kennedy 108; F. A. Coxsey 92; W. R. Moore 106; R. L. Ballenger 90; R. G. Campbell 86; John Spann 62 (1). The following have signified their intention of entering the tournament but as yet have not turned in their qualifying scores: T. R. Haney, Lee Haney, Raymond Thomson, E. E. Akers, C. A. Eiland, E. M. Roberts, H. F. Barnes, H. P. Hill, Grady Thornton, Chas. Haynie, E. W. McGlothlin, Dr. Joe Davis, Dick Atkinson, Henry Chapman, M. F. Billingsley, Chas. Farrington, J. D. Kethley and E. H. Bauman.

**Choral Club Will Give Program Over KTST Today**  
Mrs. Louise Ingram and her choral club will render a program over radio at Seymour, Friday from 12:00 noon to 12:30, on the Munday Booster hour, and J. Arthur Smith's Serenaders will render their usual program of old fashion breakdowns and popular numbers from 12:30 to 1:00 p. m.

Members of the choral club include Ida McMahon, Geraldine and Maxine Burnison, Barbara Eiland, Ruth Rice, Lucille Williams, Elmer Jungman, Maurerine Reeves, Lela Brock, Marguerite Stodgill, Katy Beth Bowden, Louise Aycock, Irene Bowden, Betty Lou Greer, Lily Albertson, Hazel Clough, Mary and Madeline Fritz.

The violin quartette will be composed of Paul Pendleton, Mary Hope Smith, Howard and Lily Albertson.

## Father's Day Will Be Observed at Baptist Church

The second Sunday in June is Father's Day. We are planning a special program for that day. On the afternoon of June 21st, third Sunday, beginning at three o'clock the Haskell Association Sunday School Convention will be held with our church. Mr. Walter Jackson of Abilene will be the main speaker. The program will be printed later.

Next Monday evening at 8:30 the officers and teachers of the Sunday school will have their monthly meeting. Tuesday morning at 9:30 the Deacons will meet. Wednesday evening at 8:30 we will have our monthly business meeting of the church.

Last Sunday the services were well attended. There were 218 in Sunday school. Several more came in for the preaching service. Good interest. One addition to the church.

Sermon subjects for next Sunday: Morning, "Walk About Zion"; Evening, "Where Will You Spend Eternity?" There will be special music at each service.

"I love the Lord, because He hath heard my voice and my supplications. Because He hath inclined His ear unto me, therefore will I call upon Him as long as I live." Psalms 116:1-2.

You are always welcome to any or all of our services.  
W. H. Albertson, Pastor.

Miss Maurine Dickerson, who is attending Abilene Christian College at Abilene, spent the week end here with her parents, Mr. and Mrs. W. S. Dickerson.

## C. of C. Luncheon Hears Report On WTCC Convention

A large attendance was present at the semi-monthly luncheon of the Munday Chamber of Commerce on Thursday noon at the Munday Hotel, at which time the principal talk was made by John Ed Jones, who attended the annual convention of the West Texas Chamber of Commerce at Lubbock recently as Munday's director in that organization.

Mr. Jones told of the conference that was held by the promoters of the Feeder-Breeder association, which has for its purpose the encouragement through financial means of producing more livestock in the feed growing areas of Texas, and stated that funds could be had through this organization at a low rate of interest by producers of feed who wished to market their surplus feed in this manner.

He also told of an address made by a representative of the Southland Life Insurance company on the trade-at-home idea, in which it was pointed out that the present business depression, which has worked to the detriment of people in all walks of life, was in a measure due to the slump in business in the small towns and the trend of people to pass up the small towns and spend their money in the large cities.

G. R. Eiland, as president of the school board, called attention to the fact that through the efforts and cooperation of the various branches of government it was possible to have all children immunized from diphtheria and smallpox, and asked that full cooperation be given in this movement in order to make it as near 100 per cent as possible, and a resolution was passed endorsing the undertaking and urging that all citizens take advantage of the opportunity to protect their children against these diseases.

The local health chairman, Mrs. W. P. Farrington, has secured the use of the home economics building for Miss Susie Durden, the State Health Nurse.

Miss Durden will be in Munday June 1st for the first clinic. Only the diphtheria immunizing serum will be given at this time, and the County Health Committee wishes again to urge that all children from 1 to 14 years of age take advantage of this opportunity to be immunized. Especially do they urge that pre-school children be given the serum.

Remember the date and the place and help promote this forward movement in health preservation.

## Rev. Howell Back Home; Services Sunday as Usual

Well, the cat came back. I will be in my pulpit Sunday and not in Dallas as I had thought possibly I might be. I am still running true to form, that is never staying away from home as long as I plan to do when leaving.

So come to church Sunday and bring your happiest face with you.  
W. C. Howell, Pastor.

## Rev. Tucker Will Preach Here and at Sunset Sunday

Next Sunday is fifth Sunday, therefore the pastor will divide his time for this Sunday between his charges. 11:00 a. m. will be given to Munday. The sermon will be on the subject, "The Gospel According to You."

The regular appointment will continue to be on the first and third Sundays.  
The hour for service at Sunset is 2:30. Good attendance is always appreciated.  
—CHARLES TUCKER.

## THINKING OUT LOUD

BY JAKE N. NEDY

Well, the Munday hopefuls encountered some rough sledding again Sunday over at Knox City, and came away with the small side of the tally sheet to their credit.

It was just another game where the opposing team got the breaks, for the hopefuls were playing air-tight baseball with a one score lead until the sixth frame, when a series of errors netted the leaders four perfectly good runs and ruined a perfectly perfect day for the Munday fans.

Any one who doubts that this Vernon Melton can pitch real ball should have witnessed the game at Knox. Pitching to an aggregation of hardhitters, which included some of the old-time swatters like Ed Shaver and Henry White, he led them down for four hits, and any pitcher who duplicates this performance during the season can be relied upon to win the majority of the games.

When one considers that the Munday aggregation is composed almost entirely of youngsters who are playing their first real baseball, there is room to predict that they will offer some real competition before the close of the season.

The fans are requested to be a little more liberal with their contributions at these games. They are offering this excellent entertainment to the public, and all they ask and expect is sufficient funds with which to pay for balls, bats and other incidental expenses, and so far they have not received sufficient funds to cover these small expenses. Dig a little deeper and help keep the game going.

Somebody said that the baseball had about killed the interest in golf, but that's all a mistake. Right now the golf enthusiasts are planning a tournament for next week and the list of entries is no smaller than in former years.

# ... like RABBITS out of a hat!

Do you expect your druggist continually to produce bargains—like rabbits out of a hat? Do you expect him to be able to sell at cost or less than cost and still live? Don't be fooled. The rabbits must come from somewhere... the bargains must be paid for somehow.

If no-profit items are thrust at you, beware! Sooner or later you'll pay—either in buying things you really don't want or goods with excess profits tacked on to them.

Buy products only of known quality

Expect to pay reasonably for them

Buy at stores where you know ALL values are fair

Encourage retailers to price ALL products so as to give themselves a fair profit on EACH item.

This is in line with our policy. We don't sell you a few items at cut rate and make it up in our Prescription Department, but we strive to maintain a live and let live policy on every item we sell.

## INSIST on the INSIDE FACTS For Your Protection Make These Comparisons Before You Buy Your Tires...

UNDERNEATH the surface is where you get the cold truth about tire values. It's the inside of the tire—the method of construction and the quality and quantity of materials—that determines its Stamina, Performance, Safety, VALUE.

We have arranged to show you cross sections of Firestone and special brand mail order tires. You can come here and make your own comparisons, uninfluenced by any sales propaganda.

We urge you to thoroughly check every vital point—rubber volume, weight, width, thickness, and plies under the tread. Then buy accordingly—ON FACTS AND FACTS ALONE. There can be no question or controversy when you get the FACTS yourself.

### BRUSHY NEWS

Mr. and Mrs. J. D. Palmer and Miss Valine Hibbitt closed a successful term of school Friday with an enjoyable graduation exercise, and we are looking forward to the coming term when they will be with us again.

Grandfather Lowe is still on the sick list.

Very little rain fell in this community the past week. A nice rain would be a great help for those who have crops up.

Several of the farmers have begun to cut their grain.

Grasshopper school ended Friday and a large crowd attended the school play given Wednesday night.

Miss Faye Britton, who has been away for some time teaching music at Odessa, returned home Monday for a few days visit.

A few from our community attended the party given May Boyer on Saturday night.

Cottonwood and Grasshopper played an interesting game of ball at Cottonwood Sunday afternoon, the score being 9 to 11 in Cottonwood's favor.

Miss Janelle Stodghill of Seymour was a week end visitor here in the home of her mother, Mrs. E. H. Stodghill.

### Army Worm Is Damaging Grain In Some Sections

The Army worm has been doing great damage in Wichita and Throckmorton counties, and no doubt other counties. The greater part of the damage has been done to small grain, such as oats, wheat and barley. The grain is first attacked and stripped, first of its leaves and then the grain is attacked, leaving nothing but a stub.

This worm has made its appearance in Knox county, but as yet the damage has been very small, however, this is just a warning and steps should be taken to be on the alert for its appearance in the small grain fields of this county.

After the worms enter the field of grain there is nothing that can be done about it, but as soon as the worms are discovered in nearby fields a DEEP furrow can be plowed around the fields which have not been attacked and a log dragged in this furrow, also a spray of Calcium Arsenate can be sprayed in the furrow. Make the furrow deep with steep walls.

Description: The color of the Army Worm is brownish green with a broad dark stripe along its back, with a white broke line along its middle, and are about 1 1/2 inches long. After destroying a field they crawl in mass fashion to another field.

Felds that have been damaged by this worm should be broken as soon as possible, as the full grown worm when it ceases to feed usually burrows in the soil to the depth of a few inches.

### COTTON AFFECTS MANY

The first week in June will be celebrated throughout the nation as "National Cotton Week", as a result of plans recently formulated. The various cotton exhibitions which have been taking place throughout the South helped suggest that the idea be carried to the entire nation. An increased purchase of cotton goods, it is felt, will assist in a general revival of buying throughout the country. The announcement, fixing the first week in June for this observance, says: "It is conservatively estimated that 6,000,000 American adults and 35,000,000,000 in capital are employed in the production of American cotton, and that approximately 12,000,000 persons in the United States get their living directly from cotton and cotton products.

### FEDERAL LAND BANK LOANS

## 5 1/2 - Per Cent - 5 1/2

A long term loan with the option to pay at any interest rate, provided the payment to be made is out of one's own funds. And contrary to the general belief, THIS LOAN DOES NOT CARRY ANY LIABILITY ON YOUR FARM, OTHER THAN YOUR OWN LOAN.

This loan offers a saving of \$10.00 on the \$1,000.00 over any loan offered by any Loan Company in Texas.

### A DREAM OF TOMORROW . . .

The great captains of industry today are men who had merely a vision and energy a generation ago. They worked hard, they made their dreams take shape in concrete and steel and glass—in lands or other property; Most likely it was their banker whose counsel and advice and financial aid gave them their start; It is to the weaver of dreams of tomorrow that this bank dedicates its support.

### Transmission Line Service Aids Development

WEST TEXAS is a land rich in natural resources and vital raw materials, and in the near future far-seeing manufacturers will locate their plants in this territory where they will benefit by cheap land, moderate operating expenses, low living costs, an abundance of native-born and intelligent workers, splendid shipping facilities, ideal climatic conditions and an adequate and elastic supply of inexpensive and dependable electric energy.

When these industries survey West Texas for the most attractive factory-sites, first consideration will be given those progressive small cities which offer the constant power supply of a transmission line system serving a wide area from strategically-located main generating stations and further stabilizing its service through interconnection and auxiliary plants.

One hundred and twenty prosperous cities and towns throughout West Texas are interconnected by the 2,500 mile trunk transmission line network of the West Texas Utilities Company. Receiving service from three major generating stations—supplemented by twenty-two auxiliary or standby plants—leading citizens of these towns confidently anticipate the rapid industrial development of this vast empire, truly called the "Land of Opportunity."

Dr. and Mrs. Joe Davis Entertain.

Dr. and Mrs. Joe Davis entertained at bridge on Thursday evening at the home of Mrs. Wm. P. Farrington. Messrs. and Mesdames F. S. Broach, E. Duval, Frank Decker and H. H. Langford, Spring flowers in various colors decorated the room and during the games the hostess served a delicious refreshment plate. Mrs. Broach and Dr. Farrington were winners of high score in the games of contract.

Mrs. W. R. Moore Hostess to Monday Evening Club

Mrs. W. R. Moore entertained the Monday Evening club Monday evening, a profusion of California supplies, larkspur and roses being used as decorations for the home. Mr. and Mrs. R. B. Davy held high scores. After the games delicious refreshments of orange ice and fruit cake were served, during which the guests enjoyed several piano numbers by Miss Mildred Moore, daughter of the hostess. Members and guests were Messrs and Mesdames W. H. Chapman, J. D. Kethley, E. W. McGlothlin, J. W. Ryan, Mesdames Louise Ingram, R. H. Neff and H. A. Pendleton, Messrs. Fred Broach and W. R. Moore.

Acc High Bridge Club Is Entertained at Moore Home

Members of the Acc High Bridge Club were entertained Tuesday evening at the home of Mr. and Mrs. W. R. Moore, with Mrs. J. A. Kennedy as hostess. High honor scores went to Mrs. Moore and Mr. Chapman. Refreshments of cream and cake with fruit punch were served. Members and guests were Messrs and Mesdames H. F. Barnes, E. H. Bauman, W. H. Chapman, Tom Haney, U. R. Houser, John Lane, Dr. and Mrs. Joe Davis, Dr. and Mrs. W. P. Farrington, Mrs. W. R. Moore, Miss Mildred Kennedy, Messrs L. E. Loveless, J. A. Kennedy and L. F. Bookman of Fort Worth.

Mr. and Mrs. W. H. Chapman and little son, Lynn, spent the week end in Fort Worth with relatives, and were accompanied home by a nephew of Mr. Chapman, who will spend several days here.

Barney Houser of Austin was here first of the week for a brief visit with his brother, U. R. Houser.

Mrs. J. Arthur Smith, who underwent an operation in a hospital at Temple recently, is getting along nicely, but it will be several weeks before she is able to return home.

Late reports from Mrs. Ben J. Galtin are to the effect that her condition is about the same. She is still in a very critical condition and little hope is held out for her recovery.

## Famous Singer Tells Origin of Crooning

**Vaughn De Leath Describes Accidental Start of New Style Singing**

New York City—Crooning, according to its originator, Vaughn De Leath, the famous radio star, was the result of a lucky accident. "In the early days of radio broadcasting, before the microphone had been perfectly adjusted to the range of the human voice," explains Miss de Leath, "a soprano's high notes often shattered a delicate tube in the transmitting panel. Tubes cost \$110 each, and the seconds it took to insert a new one meant interrupted programs. "In order to avoid this annoyance, I tried singing with a new note, a 'throaty' modulation of voice that kept within the microphone's range." The new style of singing made an instantaneous hit with the radio public. They wrote their appreciation and imitative croon began to spring up everywhere. Now many of the most loved and valuable songs of the day, such as "You're Just a
