Munday, Texas, Thursday, November 6, 1930.

Number 28,30

Democrats Sweep Nation In Battle of Ballots Tuesday

Tuesday was general election day over the entire United States, and democratic politicians and adherents generally are jubilant over the results, as the party made tremendous gains over the entire nation, and it seems now that the party will have control in both the law making bodies at Washington.

Possibly the outstanding victory registered by the democrats in Tuesday's election was that of Franklin D. Roosevelt for re-election as governor of New York. He won by the greatest majority ever given a candidate in that state, even doubling the substantial majority that was given to Gov. Alfred E. Smith. Roosevelt carried many of the rock-ribbed republican up-state counties that have always registered strongly against Smith, and his victory certainly makes him the one presidential possibility within the democratic ranks in 1932.

In Texas the election merely meant the election of the entire democratic ticket headed by Ross Sterling of Houston for governor. Five amendments were voted on in Tuesday's election and tabulated reports to date indicate that every one of them received a substantial majority, hence Ross Sterling will be ushered into office with many of the handicaps that other governors have encountered removed, and we believe Texas has just cause to look forward to the oncoming administration for some wholesome changes in governmental affairs.

"Wanted, a Man" To Be Presented On Monday Night

The home talent play, "Wanted a Man," will be presented at the community auditorium Monday night, November 10. This is an entirely new humorous romantic comedy play; one that will be thoroughly enjoyed by everyone. It is crammed full of absolutely clean wholesome fun from the beginning to the end, and will keep you guessing.

This high class comedy is composed of a cast of all female characters who make you forget your worries and think about theirs.

Come see who loves the handsome Jake. Learn how Sarah Ann finds out other peoples' business before they know it themselves; you will enjoy her witty, riddles.

The play will begin promptly at 7:30 o'clock and the auditorium will be comfortably heated. The admission will be 15 and 25 cents.

Following is the cast of characters:

A traveling salesman—Mr. Gunter—Mrs. Fred N. Warren.
Jane Bowers—Mrs. Elbert Hughes.
Lucinda—a colored maid—Oneta Blanton.
Twins—Pat and Jim—Maggie Keel and Alene Bowden.
Hannah Gout—Mrs. W. E. Reynolds.
Betsey Spikes—Mrs. M. H. Reeves.
Mary Spikes—Mrs. H. A. Oliver.
Lucy Roundabout—Mrs. Chester Bowden.
Jerusia Brown—Mrs. F. A. Coxsey.
Francis De-Good—Mrs. J. E. Reeves.
Mrs. Moon—Mrs. H. H. Riley.
Sarah Ann Moon—Vera Tate.
Kidnapped Twins—Marvoren Reeves and Trudie Keel.
The Preacher—Mrs. E. M. Ammons.
Glee Club Director—Mrs. Louise Ingram, and Choral Club.

Mildred Moore Hostess at Halloween Party Friday Evening

Miss Mildred Moore entertained a few friends with a Halloween party Friday evening, October 31. Halloween colors were used in decorating. As the guests entered they were led to the witches' den where their fortunes were told. Then various games were played until a late hour when plates of pumpkin pie and hot tea were served to the following: Misses Dorothy Campbell, Inez Campbell, Virginia Bess Atkinson, Billie True RRL, Louise Ingram, Ilia Wyche, Rosaline Houser, Maxine Lane and Irene Newsome; Jesse George Kennedy, Buddy Rayburn, Albert Aycock, J. B. Duval, Jerry Kethley, Jack Williams and Don Sadler.

Old Fiddlers Are Entering Into the Annual Contest

U. R. Houser, who is in charge of plans for the ninth annual old fiddlers contest to be staged here under the auspices of the Munday Fire Department during the present month, states that a large number of entrants have already been received for the contest, and that interest in the event is general, many having asked him just when it would take place. The date will be announced within a few days.

In talking about the event Mr. Houser's mind ran back over the years when the contests were first held, and he recalled that Dr. Judd E. Hammond, now of Norfolk, Va., was one of the prime factors in holding the first contests, as was Bernard Cartwright, now of Boerne, Texas, and among the contestants were E. R. Hoberg, Chas. Hoberg, Ab Murray, and others, while in the second annual event the Morrow Brothers made their entry into the contests and have been providing some keen competition to fiddlers throughout West Texas since that time, and many of these West Texas fiddlers will likely be here to compete with the local talent upon the occasion of the ninth annual event. Watch these columns for the date.

Government Seeks Quarters Here For Post Office

The Postoffice Department is asking for bids on quarters for the postoffice in Munday, and plans and specifications required by the department may be had by consulting Postmaster John Reneau. Floor space required for the office asks for approximately 1500 square feet and must have good day light and be comparatively centrally located within the city.

A. S. Page, post office inspector, will visit Munday about November 10th to confer and advise with persons interested in leasing property to the government for the post office, and all who are interested in leasing property for this purpose should make it known to Mr. Reneau at once. The government will take a lease for a term of ten years on the building suitable and upon which they can agree on terms. The lease on the building now occupied has expired.

Coal Contributed To Community Chest By Barnes

One of the most substantial contributions that has yet been made to the Community Chest was that made last week by H. F. Barnes, local agent for the Wichita Valley who contributed about three tons of coal to the chest, and which will be distributed during the winter months among the less fortunate folk of the community. The contribution of this substantial gift was announced last week by W. S. Dickinson, president of the Lions Club, which organization is sponsoring the community chest.

And let us remind our citizens not to forget that there is a constant demand upon this fund and those in charge of the distribution of the fund are using all diligence possible in seeing that every penny goes to worthy people. Professional beggars and unworthy persons have a difficult task in putting anything over on this committee, and yet they are only too glad to lend aid to worthy persons who are in distress. This is as it should be.

4-H Clubs Will Be Organized Over the Entire County

Organization and re-organization of 4-H clubs for boys and girls will take place during the month of November, according to plans of County Agent J. E. Jones and Home Demonstration Agent, Miss Grace Nelson.

The meeting will be held at the school houses of each community named, immediately after school closes in the afternoon. The schedule follows:

Truscott, November 5; Vera 6th, Munday 10th, Benjamin 12th, Gilbert 13th; Redland, 14th; Union Grove 17th; Goree 18th; Hefner 19th; Hood 19th; Washburn 20th.

In many communities not named above will probably be formed.

Mrs. C. A. Tunnell and children of Quitqueva, Texas, are visiting in the home of her sister, Mrs. F. L. Decker.

Fred N. Warren made a business trip to the plains country first of the week.

That being the meager crop which is being produced will not bring any where near as much as the short crop of 1918 brought.

So, it seems beyond doubt that there is more justification for the passage of a drought relief measure now, than there was in 1918.

While not a member of the Forty-Second Legislature, I have been nominated for the Lower House from the 114th District, in the Forty-Second Legislature, and should the Forty-First not be convened to pass a drought relief measure, I sincerely hope that the Forty-Second will pass such a measure, and I expect to lend every effort to bring same about.

Trusting that this matter will continue to receive your well merited attention, I am,

Sincerely Yours,
GEORGE MOFFETT.

MAYOR C. L. MAYES PROCLAIMS HOLIDAY FOR CITIZENS FOR NOVEMBER 11—ARMISTICE DAY

Pledged to a program of usefulness and service to the community, state and nation, the American Legion today enjoys the full confidence of the American public. Ever since it has been organized the Legion has exerted its best efforts in the behalf of good citizenship and in the building for a greater and better America. The nation's defenders will always be honored for the glorious service they gave in war, but their desire to also serve in peace must command our deepest respect and admiration.

The public has direct interest in the Legion because of the worthy activities it carries on each year. The Legion has come to be recognized as a great stabilizing influence in American life with some 10,000 posts, embracing membership of nearly 900,000 veterans of the World War, standing ready to serve their communities in whatever capacity they may. The Legion's community service work is well known. Every year the posts throughout the United States carry on scores of different types of community welfare and civic betterment projects.

The Legion's foremost work is caring for those who were maimed and disabled by their service in the war. Justice does not always flow automatically for the men who suffered war-incurred disabilities and the big task of the Legion has been to see that they receive all the compensation to which they are justly entitled and adequate hospital care and treatment. The Legion has likewise extended a helping hand to another class of war sufferers, the widows and orphan children of those who fought and died for their country.

The people of this city are duly appreciative of the splendid endeavors of the American Legion, and to Legionnaires they extend every encouragement to broaden and further expand their work in the future. Since the achievements of the Legion can be measured only in terms of its membership strength, it is highly desirable that the public should cooperate with the Legion in its attempt to enroll every eligible World War Veteran into the ranks of Legion service.

Now, therefore, I, C. L. Mayes, Mayor of the City of Munday, do hereby proclaim the week beginning November 4, and ending on Armistice Day, November 11, as American Legion Week, during which time an intensive drive will be made to enroll 1931 Legion members. I particularly ask that all citizens cooperate with the Legion in its effort to build a better and stronger organization for 1931 by urging eligible veterans to take out Legion membership during this campaign.

In witness whereof, I have hereunto set my hand and caused the seal of the City of Munday to be affixed. Done in the City of Munday this 3rd day of November, in the year of our Lord, One Thousand Nine Hundred and Thirty.

(Signed) C. L. MAYES,
(SEAL) Mayor of Munday.

THINKING OUT LOUD

BY J. A. K.

The following wasn't written by TOL, but it just about expresses his feelings at times when things look blue. It was handed to us some time ago by a Munday business man, and it is likely that it expresses the opinion of many of our folks from time to time, so we pass it on to our consumers.

"I wish to inform you that the present shattered condition of my bank account makes it impossible for me to send you a check in response to your request.

My present financial condition is due to the effects of federal laws, State laws, County laws, Corporation laws, By-laws, Brother-in-laws, Mother-in-laws and Outlaws, that have been foisted upon an unsuspecting public. Through these various laws, I have been held down, held up, walked on, sat on, flattened and squeezed until I do not know where I am, what I am or why I am.

These laws compel me to pay a merchant's tax, capital stock tax, excess tax, income tax, real estate tax, property tax, auto tax, gas tax, water tax, light tax, cigar tax, street tax, school tax, syntax and carpet tax.

In addition to these taxes I am requested and required to contribute to every society and organization that the inventive mind of man can organize. To the society of St. John the Baptist, the Women's Relief, Navy League, the Children's Home, the Policemen's Benefit, the Borcas Society, the Y. M. C. A., the Boy Scouts, the Jewish Relief, the Near East, the Gold Diggers' Home, also every hospital and charitable institution in the country. The Red Cross, the Black Cross, the White Cross, the Purple Cross, the Double Cross.

The government has so governed my business that I do not know who owns it. I am suspected, expected, inspected, dis-respected, examined, re-examined, informed, required, commanded and compelled until all I know is that I am supposed to provide an inexhaustible supply of money for every known need, desire or hope of the human race, and because I refuse to donate to all and go out and beg, borrow and steal money to give away, I am cussed and discussed, boy cotted, talked to, talked about, lied to, lied about, held up, held down and robbed, until I am nearly ruined, so the only reason I am clinging to life is to see what the hell is coming next."

Armistice Sermon At the Methodist Church Sunday

There were about fifty at prayer meeting Wednesday night, and a very fine program was rendered. The laymen have complete charge of these mid-week services; they plan the program and carry it out in every detail. You are missing a great treat if you miss one of these services.

The opening program of Sunday school next Sunday morning is to be one of special interest. Special numbers are to be brought by some of our most talented young people. You'll have to be on time at ten o'clock sharp—or you will miss some number of this very enjoyable program.

At the eleven o'clock hour the pastor will preach an Armistice Day sermon. The subject will be, "Talking Peace, but Thinking War."

Arrangements are being made to have the American Legion attend in a body, with a section of the auditorium assigned to its members. All are invited to this service.

The evening service will begin at 7 o'clock. It is the last service of this Conference year, and the pastor will give a brief report of the activities of the church during the year. This will be of interest to all, but especially to the membership of the church.

W. J. Mayhew, Pastor.

\$20,000 May Soon Be Available for Survey of Brazos

From Austin comes the story that an appropriation of \$20,000 for a survey of the Brazos Valley watershed appeared certain following a ruling from the attorney general's office to Governor Moody that he had authority under the law to make such an allowance from the \$200,000 deficiency fund granted by the Legislature.

For a number of years the State Board of Water Engineers have been interested in the creation of a great conservation project along the Brazos which involves 65 counties and an area larger than the entire State of Ohio, which would serve a dual purpose by conserving the rainfall in the western portion of the state and reclaim thousands of acres of fertile land along the banks of the streams in the south portion of the state. The board has been handicapped by lack of funds for many years and should this appropriation be made by Gov. Moody it will likely mean the beginning of the greatest conservation move that has ever been undertaken in Texas, costing between \$50,000,000 and \$60,000,000, and which includes the building of twelve dams across the Brazos, one of which will in all likelihood be located near the West-Haskell county line in the west part of the county, and would provide irrigation for the entire Knox Prairie. Already the Federal Government is lending assistance by surveys of its own, and engineers are generally agreed that the Brazos project offers the greatest opportunities for conservation and development to be found in the entire United States.

The citizens of Knox county will watch with interest the developments, as it is stated that should plans be perfected to bring this great dream to an actual reality that the project will be started in the western portion of the state.

Armistice Day Will Be Observed By Concerns Here

Next Tuesday, November 11, being Armistice Day, all the stores of the city will close, as that is the custom here.

We know of no special arrangements that are being made for a program of any kind on that date, but a football game is the afternoon between the Knox City Greys and the Munday Moguls will provide some real amusement for the football fans of the community, and this should be a real game, as these two teams have always been strong rivals, and it will be a real game.

Local Optometrist Attends Clinic at Wichita This Week

J. D. Kethley is in Wichita Falls this week attending a clinic of Optometrists conducted by members of the profession in this section of the state by Dr. A. M. Skeffington of Chicago, international authority on the eyes and color vision, and a director of the Graduate Foundation for Optometry.

Mr. Kethley keeps abreast of the times by attending these clinics each year, and often at more frequent intervals, and thereby keeps in close touch with the latest developments that are constantly being made in the science of optometry, and especially is interested in the development of methods developed in recent years for the straightening of crossed eyes through the application of practice treatments.

Substantial Gain Shown In Postal Receipts for Oct.

One good parameter of business conditions is said to be in the postal receipts of any city, and, if this is the case, conditions in this immediate community are showing marked improvement, as Postmaster John Reneau reports that business of the local post office show an increase of approximately 27 per cent during October of this year over the same month last year. The receipts for October 1929 being \$910.26 as compared with \$1158.15 for the present year.

Mr. Reneau is another citizen who is viewing the situation in a more optimistic light, and he is urging that folk quit grumbling about conditions and thereby forget about as near as possible and everything will be back to normalcy before we know it. Let's try John's remedy.

Munday-Knox City Football Game To Be Feature Nov. 11

Every school and college has its big game. Munday's big game will be played on Scruggs Field, November 11. On this day the Munday Moguls will again meet the Knox City Greys. This game has been looked forward to, the whole season, by the public as well as the student body and the football players.

For several years there has been great rivalry between the two schools, and on some occasions not the best of sportsmanship has been shown. The school authorities of both schools hope that the fans will forget the bitter feelings of the past and come to Scruggs Field next Tuesday to enjoy a great game played by two teams that will be giving their best in the game of all games for each team.

Both teams are in fine shape, or will be by game time. Myers has been out for some time with injuries but will be ready to go in and give the boys from Knox City an example of how the fullback position should be played.

If you do not wish to miss a game jammed full of tense, thrilling moments and breath-taking plays, then our advice is be present next Tuesday at 2:30.

Sunday's Star-Telegram carried an extensive account of the marriage of Miss Ethyl Walton, daughter of President and Mrs. T. O. Walton of Texas A&M College, and Hershel E. Burgess of Houston, which was solemnized in Guion Hall at the college on Tuesday evening of last week.

The item is of interest to Munday citizens by reason of the fact that the groom is a former citizen of Munday and Goree and graduated from the Munday High school some years ago. During his school days here Hershel was a leader in athletics and following his graduation here he went to Allen Academy at Bryan, and later entered A. & M. from which institution he graduated in the class of '28, and is now engaged in the insurance business at Houston.

Munday High School as Seen by a Student

In spite of the fact that the average student thinks he works too hard, that rules are strict, and that teachers are insistent in the quality and quantity of work they want brought up, Munday High School is, to the majority of us, a place of congenial people, interesting work, and pleasant recreation. It is a place where we have every opportunity of acquiring an education, and the whole atmosphere of our school is an incentive to us to do good work.

Our school is of capable understanding teachers, anxious to help us in our quest for knowledge; fine ambitious boys and girls—eager to learn all we can while we are here.

We know that our school ranks among the foremost schools in our section in athletics. We play good games and we play them fairly. Every student in Munday High gets a thrill out of watching our boys in action. We are loyal to our team, to our teachers, to our ideals, and to one another. When we have gone on to other schools, other towns, and other work, we will be loyal to the memories of Munday High School.

School Spirit
The ebb of school spirit in M. H. S. is at an end. The flow is now in progress.
Statements have been made by well-meaning persons that the student body lacks spirit and vim, but these will be challenged next Tuesday, November 11, when Munday meets Knox City on Scruggs Field.
School spirit is not a thing which can be turned off and on like water in a tap. It is a feeling which exists only in the heart of a student. It is only natural, or should be natural, that students attending high school, spending

four years on its campus, and forming life-long and valuable associations should feel some measure of pride in any of its activities, and should want to see it at the very top of anything that it undertakes.

It is not a disgrace to "root" openly and unashamedly for victory, but it is a disgrace to think oneself too nice or too sophisticated to show the loyalty and pride that a school expects from the students.

The students of Munday High have awakened from a sleep, and they are planning to fling back into the teeth of their accusers their assertion that they have lost their spine. The big game of the season is causing much excitement, and every loyal student of M. H. S. will "strut his stuff" on that day, November 11.

Girls basket ball practice began Tuesday evening, and with Marjorie Harris as captain, and a number of girls working to make the team, Munday High should have one of the best teams in history.

The Home Economics club will begin activities Monday night by having a party and the initiation of the new members. Wee unto them!

GILB'S GAB

The game between Munday and Throckmorton last Friday proved that the Moguls' line-up was as usual, with the exception of the fullback. Dick Rayburn, played this position and promises to be an outstanding player next year. Myers was unable to play because of a slight injury.

This was a defensive game from start to finish. The longest run was twenty six yards, made by fullback Rayburn in returning a punt. Throckmorton made only two first downs. Both teams smothered their opponents' passes and end runs.

Halfback Holder was hot on line plunges. He carried the pigskin time after time in succession, resulting in first downs.

The final score was 19-0, favoring the Moguls.

The Moguls are now training for "that one big game of 1930"—attending Knox City on November 11, on

A Clean Sweep Sale!

of Every Item in Gents' Furnishings in Our Store

MEN'S DRESS PANTS
1/2 - PRICE - 1/2

SENIORS

The Seniors have been singing a cute little ditty since October 31 to the tune of Old Black Joe. We have not scanned this song, but it goes something like this: Gone are the days of the owls and spooks and cats, Gone are the days to scare those "Freshmen Chaps". Gone are the days that have passed so swiftly by, We hear those subjects calling us to "Ole' Munday High". We Seniors certainly had a joliant time at our Halloween party given at Louise Atkinson's home. During the party we made our "wills" out and Miss Helen Francis Elland willed her "red hair" to Miss Mamie Stenrude.

Moguls, that was a wonderful game October 31, and we Seniors are still behind you.

JUNIORS

All the haunts, ghosts, and fun of Halloween night are gone. Believe me, the Juniors were out pretty strong on that night. We were ready to prevent anything from being done by the Seniors, and they certainly ought to be glad that they did not try to pull anything that night, for I am afraid they would have been treated pretty rough by the Juniors at that time. Although we were ready to hold our own with the Seniors, we were ready to have some fun of our own, and we did this very thing. However, we did not have to have a party to have fun. We can have fun at any time, and any where. Junior boys, who are football players, we certainly are proud of you, because of the showing you

always make in the games. We hope you continue to do this good, because the secret of next year's football team lies mostly in your ability to play football, and of course we want to have the best team next year that M. H. S. has ever had.

One of our beloved classmates has married and left us. Thelma Lansford was married to Revell King, a popular young man who lives near this town. We hope that Thelma has found her happiness, since it seems she could not find it at school. However, she always seemed to have fun out of everything in school life. We hate to lose this loyal supporter of the Juniors, but we wish her a happy married life and offer the groom congratulations.

SOPHOMORES

The Sophomores are back on the job after a few days vacation. Just watch us work and make good grades. Did we enjoy those days of rest? We did, "and how".

witches and owls, the Sophomores met at the home of Barbara Elland for a grand entertainment. The house was beautifully decorated and the colored lights cast a ghostly shadow over the rooms. As you entered the house, eerie carried you around through the house. We were ushered into a dark spooky room and given a string and told to follow it—oh, what a place! Cats, cans, chairs, and chains were in "our way. The peculiar noises soon chilled up your spine. Following the string, you stumbled over any thing that happened to be in your way. You walked up to a board, which you were compelled to walk down.

Slides, slips and falls were taken on this. Other amusing games were played, and horrible ghost stories were told by ghosts. The eats were enjoyed very much. Dainty sandwiches were served. After this, the class enjoyed the midnight matinee. The Sophomores enjoyed themselves very much, Mrs. Elland. We will be back to see you every chance we get.

FRESHMEN

Whew! What a fright we all got Halloween night and yet what a good time we had. We hope everyone has drawn a good breath and has regained their senses by now.

We were very proud of the freshmen days, and we are eagerly waiting

ing for November 11, when Munday Moguls and Knox City Greyhounds challenge each other. We hope that it will be a victory for the Moguls.

We Freshmen, the class always for the right side, will stand by you from the first to the last. We do not have much to tell you this week, but still we are the class who can keep shining above the others.

CELEBRATE NOV. 11TH with newest in fireworks—MACK'S HAMBURGER STAND.

CARD OF THANKS

We desire to thank each and every one who so kindly called

us in any way during the illness and death of our loved one.

The beautiful floral offerings and each kind deed were deeply appreciated.

We wish to thank the Church of Christ for their assistance and floral offerings. May God's Blessings be an each of you.
J. H. McAfee and Children.

TURKEYS! --- TURKEYS! --- WANTED!!!

NOTICE, MR. FARMER AND MY MANY CUSTOMERS OF THE PAST 20 YEARS:

I am now dismissed from the Munday Produce Co. and house, and am not buying or working for any corporation or company, but I aim to try to buy from you for my personal self, and I will thank you twice to give me a portion of your trade. I will from day to day buy and pay you the highest market price for all your Poultry, Eggs, Turkeys, etc.

The Turkey Market opens on Friday, Nov. 7th, and I will get the market on that day. I will be at the Armour Creamery stand, north of the Bauman Motor Co. See me before you sell your turkeys. I need to buy them and you need the money. Turkeys will be bought on a grade basis. The 7th and 8th are good days to sell your turkeys.

I will look for you with Turkeys, Chickens and Eggs. If you don't know, just ask where I am located.

--and the cat came back

To all my old friends and patrons will say that I have taken over the Munday Produce Co. stand, and I want to buy your turkeys and produce. I will be glad for you to come in and see me. Also I want to meet the new friends that have moved into this territory since I left here, so come and see us or phone us.

Remember, we buy all kinds of produce and will appreciate your business.

THE MODERN SPIRIT

Men—alone or working together in business—are constantly trying to beat each other to the goal of the greatest success.

It is human nature to endeavor to outstrip others. The spirit of competition is inborn. It starts young men at the very outset of their business careers and keeps them striving for first place in their field until life's course is run.

Think, plan and work to provide the best service and in turn receive the fullest rewards from whatever you are doing. Carry your colors bravely and with intelligence.

Don't handicap yourself and fall behind in the race for the coveted position by failing to read the advertisements.

Recognize the importance of advertisements—the big part they have in life and the influence they exert in business.

Remember, that before making a purchase, that they always should be consulted. They point the way to economy—both in time and money. They offer suggestions that will save minutes and dollars. Profit by them.

COMMUNITY DIFFERENCES

Tourists who have taken extensive automobile trips during the past season doubtless noticed the big differences in towns and cities through which they passed. Two communities may seem alike in size and advantages, yet the temper of the two places may vary widely.

In some there is an atmosphere of activity and energy noticeable even to the casual observer. The

people radiate aggressiveness and their attitude suggest a community of achievement and advancement. Other towns are pervaded by a more listless feeling. Many loafers may be seen on the benches and decorating the curbstones. Business men stand in their doorways, lazily observing the traffic. In other stores clerks idly gossip. Little knots of people gather to exchange sidewalk gossip.

Probably the majority of them say that the world is all wrong and that adverse conditions are responsible for their disappointments in life. They complain of the backwardness of their home town, yet if they were asked to serve on a committee to give the community a boost, they would promptly decline.

It's no trouble to get the picture. Most everyone has observed just such places. But they are not past redemption. A few active men in such a town can remake it in a few years.

If they are engaged in business, they soon raise the level of business practice by employing up-to-date methods in their business, which in time will be copied by other business men. If they be

Hood News

Church and Sunday school were well attended Sunday.

Miss Camille Beatty spent the week end with Miss Marie Booe.

Miss Hazel Booe spent Sunday with Miss Ester Hill.

Miss Sybil Swain was a dinner guest of Miss Christin Norman Sunday.

Mr. and Mrs. Swain spent Sunday with Mr. and Mrs. Kallback.

Hazel and Opal Booe and Ester Hill were guests Sunday of Miss Lois Tidwell.

Miss Irene Owen of Hefner spent Sunday with Olo Owen.

Mr. and Mrs. F. L. Bullington spent Sunday with Mr. and Mrs. Frank Hill.

Mr. and Mrs. Raymond Melton spent the week end with Mr. and Mrs. George Weber of Hefner.

LET'S STAY WITH OUR KNITTING

Too many people are looking for bright spots in which to land when times get hard. They would be infinitely better off to stand pat and try to make the spot in which they are living a little brighter before looking elsewhere. There aren't any bright spots now. The whole country is in the same boat and the boat has been rocking, not because its passengers have been ill at ease. Lack of determination is a drawback even when sailing is easy, but now that we are passing through more turbulent seas, faith and the courage to press forward are needed. Reverses and obstacles are everyday occurrences. The ability to rise above them is the true measure of our worth. Prosperity has its price. When it comes again we will have paid in full. Let's stay with our knitting.—Clarkeville Times.

Avoid the Mistakes Most Parents Make

You see them everywhere—children who are disobedient, rude, unpopular with others. But these children weren't born that way. These undesirable traits developed gradually because some parent made bad mistakes in child training. Not because he intended to but because he didn't understand child psychology, didn't know how to teach good habits, how to guide his child to successful living.

The eyes of many parents have been opened to a new understanding of children, they have been helped to work out better, easier, happier ways of training their children by reading "The Parents' Magazine." Each month it brings them very practical, helpful articles on every phase of child care from birth to college. It deals with such subjects as: education, baby care, sex education, finicky appetites, adolescence, temper, habits, and character training. Doctors, teachers, psychologists, experts in many fields of child training, as well as mothers and fathers write its interesting, helpful

What most communities need is not new money flowing in but less old money flowing out.

Mark Twain quit school at the age of twelve, but he never bragged about it.

If it were not for the foolhardy, the wise would not get the credits that they do.

Every man knows what he would do if he had the money, but few do like he thinks he would.

A Cincinnati lawyer testified he became a bootlegger for a thrill and made three million the first year. That ought to be thrill enough for any man.

Barnum said that there was one born every minute but often it looks like the birthrate is increasing.

He is a wise man who looks things over instead of overlooking things.

No cities are bidding for the convention of reckless automobile drivers.

What's the Use? New Goodyear Pathfinders Cost So Little

Isn't This Good Sense?

It's a mean, dirty job to change tires—worse than ever in fall and winter. Penalties cost money to fix. Blowouts on the road are extremely annoying and run up expenses. On wet, slippery roads, a smooth-worn tire does not grip the road like a new one. Let us inspect your tires and tell you what condition they are in for winter driving. No charge—no obligation.

New Tires are NOW Cheaper than "wearing out" old ones!

LOWEST FALL PRICES
on finest Goodyear Pathfinders ever built!

LIFETIME GUARANTEED GOODYEAR PATHFINDERS

Fresh stock—strictly firsts. Values which only the world's largest tire maker can offer. Come in—we'll PROVE their superiority by the Super-twist demonstration. Carefully mounted free. You can ride with pride on these genuine Goodyears!

Sunset School News

The foundation work of the Sunset school building is now completed, and it is expected that the building will be finished by January 1st.

The school is very glad that the trustees have already purchased one of the busses. However, it is not to be run until the building is completed. Three more busses are to be bought in the near future.

Thirty six new tablet-arm chairs have been installed in the high school.

We regret very much to report that Mrs. Bowman, the wife of our superintendent, is in the sanitarium at Stamford for a serious operation. The operation will be preceded by three blood transfusions, two of which have already been given.

The Sunset High school organized their first dramatic club on October 27, 1930. It is directed by Miss Nettie Mae Bacon of Abilene. The following officers were elected:

President, Olive Mae Partridge; vice-president, Morrison Harber; secretary-treasurer, Mary Elizabeth Shannon.

This club has as its functions the care of the social nature of the school; to give plays and recitals. We have thirty-five members and we hope that many more will join. The Junior and Sophomore classes entertained the Freshmen class

at the home of Myrtle Partridge with a Halloween party on Friday night. Each guest was greeted by a ghost, after which they were carried through Pirate's Den and Dead Man's Cave. Fortune telling was another of the amusements. Several games were played and refreshments were served Olive Mae Partridge, Dolly Nix, Mary Elizabeth Shannon, Velma Henry, Jimmie and Ina Frasure, Myrtle Templeton, Doris Howell, Myrtle Mae Partridge, Rex Howell, Lonnie Offutt, Gordon and Cooper Swamer, Hughlan Smith, Morrison Harber, Buel Claybourne, Edwin Frasure, Howard and Clyde Voss, T. R. Busby, Lushion Peavy, Harold Partridge, Mr. and Mrs. Leon Partridge, T. J. and Howell Partridge.

JUNIORS

The following poem given to us by the Junior class expresses their school spirit:

It's a class with the spirit,
It's a class with the pep,
The class with the royalty,
The class with the rep.
It's the class with the good old times.

Say, gang, watch us go!
Beat 'em, Junior girls and boys.
Hit 'em high, hit 'em low
'Cause when we're in there to do a thing

We're in there to win,
We'll fight to a finish
And we'll never give in.
We're backing those Juniors,
They're the champions to be.

V-I-C-T-O-R-Y

Spell Victory.

SOPHOMORES

The Sophomore class organized October 21, with the following officers:

President, Morrison Harber; vice-president, Cleophas Harrison; secretary-treasurer, Lushion Peavy; reporter, Mildred Burton; social director, Lonnie Offutt; sponsors, Miss Bacon and Mr. Day.

Class colors: green and white. We have not yet decided on our motto.

The Halloween party was well attended by the Sophomores.

FRESHMEN

The Freshmen class organized October 21. The following officers were elected: President, Harold Partridge; vice-president, Dolly Nix; secretary, Edna Hudson; treasurer, Velma Henry, sponsors, Miss Bacon and Mr. Bowman.

Class colors: purple and gold. We Freshmen are enjoying the new chairs. They are much more comfortable than the seats that we have been using.

Yes! We have the largest class in high school, 25 enrolled. The Freshmen, too, enjoyed the Halloween party.

Mr. and Mrs. Will Campbell of Matador were here Sunday visiting relatives and friends.

Jimmie Ryan spent the week-end with his family in Wichita Falls.
