Odds Bits Salvaged at Random

It's beauty didn't last for long. . . .
But it was enough to bring exclamations from many people, such as: "Wasn't that the prettiest snow you ever saw?"

It began about ten o'clock Monday night, according to those who were up at that hour. . . .

It was coming straight down, no wind, and the biggest flakes you ever saw. . . .

Tuesday morning, then, there was that beautiful sight. The ground, house-tops, tree branches, clothes lines, electric and telephone wires covered with snowy whiteness. . . .

It was an inspiration for those who produce the snow scenes on Christmas cards, but we guess no such talent is in our town. Noticed a few with cameras, recording the lovely scenes in film. . . .

It seemed to lend a Christ-mas-y effect to late February—a beautiful climax to the celebration of George Washington's birthday. . . .

After breakfast, we looked out the window, then donned our overcoat before leaving for office. Actually we didn't need it; the temperature was mild. . . .

By nine o'clock the snow began dropping off the trees and wires, and before long only spots of the whiteness remained on the ground. . . .

But there was still something beautiful about it. To this arid area, there was beauty in the wet soil, the puddles of water on the pavement. . . .

There was a certain amount of beauty in the mud on your shoes when you stepped in a soft, wet spot. It meant moisture—that stuff that is essential to the production of crops. . . .

And that's what we still need more of!

Another thing of beauty is now gone from our midst. It's the beautiful life, the beautiful character of a very lovely pioneer woman. . . .

She spent a full fifty years in the Munday area, and the influence of that beautiful life will continue with us, yea, for another fifty years, and more. . . .

We didn't know her as intimately as her closest friends, or those who had known her long-er. . . .

But we did know the sunshine in her lovely smile, the buoyancy of her friendly greeting, the warmth and Christian atmosphere of her home. . . .

In pioneer days, we imagine, her home was a haven of rest, a shelter from the weather for the pioneer traveler—a place where there was food, shelter, rest and friendliness. . . .

We imagine her home was a first with her, because through the years she maintained it in a queenly manner and with a Christian influence. . . .

Her home, if first, was first only to her church. Ever since the day she became a charter member of the Munday Methodist Church, she attended its services under conditions that kept many members at home. . . .

She was appreciative of every courtesy. We've met her on a downtown street during a busy afternoon. She would seem perplexed at trying to cross through the busy traffic to the other side. . . .

We'd take her arm and escort her across the street. Then she'd smile her lovely smile and express her thanks in a manner that would make you think you'd done a sacrificial deed. . . .

Such was the personality of this lovely woman. We doubt if any life has touched and blessed the lives of so many people as that of Mrs. W. A. Baker, whose

Knox County 4-H Club Calves Place In District Show At Wichita Falls

The 4-H Club calves exhibited by Donnier Ryder, Benjamin Bobby Miller, Gilliland; and John Reneau of Munday were named winners in the Wichita Falls show held on February 18, 19 and 20.

The 895 pound Hereford exhibited by Ryder and bred by the Beavers Ranch of Benjamin, was graded choice by Judge Glenn Bratcher. Ryder received \$61.05 in prize money and sold his calf to the Kemp Hotel for 40 cents per pound, a total of \$358.

The 1100 pound Hereford exhibited by Miller was bred by the League Ranch of Benjamin, and was graded good. Miller received \$40.70 in prize money, and sold the calf to Doug Johnson and Parker Food Stores for 35 cents a pound, total \$385.

The 1100 pound Angus exhibited by Reneau was bred by his father, Dr. J. B. Reneau, Jr., of Munday and was graded good. Reneau also received \$40.70 in prize money, and sold his calf to the 77 Ranch of Wichita Falls for 50 cents per pound for a total of \$550.

Total prize money won by the three boys was \$142.45, and total sales of animals, \$1,293, making a total of \$1,435.45.

In addition, four boys with Herefords were sifted the day before the judging because of rough competition. More good calves than ever before were entered in the show, and many were sifted because of the limit of 60 for the show. Results of sale of the sifted calves are as follows:

Ed Moorhouse, Benjamin 4-H, \$24.90 per 100, \$206.67; Glendon Hicks, Goree 4-H, \$24.50 per 100, \$191.10; Frank Quintero, Gilliland 4-H, \$23.80 per 100, \$186.83; Gary Cure, Gilliland 4-H, \$24.80 per 100, \$176.08; total \$760.68.

Accompanying the boys to the show were Bill Ryder, Benjamin; Obb Miller, Gilliland; Dr. J. B. Reneau, Munday; Stanton Brown, Benjamin; Edwin Quintero, Gilliland; J. D. Hicks, Goree; Omar Cure, Gilliland, and W. C. Pallmeyer, county agent. Present for the judging were the families of those entering calves in the show.

KNOX 4-H BOYS PLACE IN JUDGING CONTEST

The junior steer judging contest was held in connection with the show on February 18, and the Knox County 4-H team placed 25th in a field of 33 4-H and FFA teams from Texas and Oklahoma. Boys on the team were Jimmy Morgan, Munday; Ernest McGaughey, Vera; Butch Hardin, Vera; and Kenneth Trainham, Vera. Team score was 513 points in a possible 750.

Individual scores were: Jimmy Morgan, 190; McGaughey, 163; Hardin, 158; Trainham, 153. Scores of the top three boys composed the team score. Perfect individual score was 250.

Clinic Speaker

H. C. Sivealls, association secretary of Dallas, will be the principal speaker at the Haskell-Knox Association Brotherhood meeting and clinic to be held at the First Baptist Church in Haskell on Tuesday night, March 3.

The meeting will begin at 7:15 p. m., with Bill Griffith, Association Brotherhood president, presiding. A complete program of the meeting appears on page two of this issue.

Last Rites For Mrs. Massingill Held Saturday

Mrs. Mary Massingill, resident of the Gilliland community for 35 years, passed away at the Knox County Hospital on Thursday, February 19. She had been in ill health for some time and was hospitalized for several days.

A native Texan, she was born Mary Jane Shaw in Johnson County on February 29, 1868, and was 84 1/2 months and 19 days of age.

She was married to William Henry Massingill on November 1, 1885, and the family came to Knox County in 1917, locating in the Gilliland community. To this union was born three children: Martin Luther Massingill, deceased; Burr William Massingill, of Burnett, and Mrs. Sam Stone of Gilliland.

Other survivors include eight grandchildren; a brother, W. A. Shaw of Freer, and one sister, Mrs. Emma Lively of Muleshoe.

Mrs. Massingill was baptised and became a member of the Christian church at Midlothian, Texas, when she was 38 years of age.

Funeral services were held from the Gilliland Church of Christ last Saturday afternoon, with Clifford Wilson, evangelist of the Munday Church of Christ, officiating. Burial was in Gilliland cemetery.

Poll Tax Payments Are Off In County

Poll tax payments in Knox County showed a considerable drop this year, according to M. A. Bumpas, Jr., tax assessor and collector.

A total of 1,736 poll tax certificates were issued for 1953, he announced, as compared with 2,773 paid in 1952, and 2,034 in 1951.

The interest lag is attributed to this being an off-election year and the effect of the extended drought on the people of the county.

Ninety-three per cent of all other taxes have been reported, Bumpas said.

Church Of Christ To Sponsor Radio Program On Sundays

Beginning on Sunday, March 1, the Munday Church of Christ is sponsoring a 30-minute radio program over Radio Station KSEY, Seymour, 1240 on your dial.

This program will consist of religious songs, a short sermon, and a question and answer period. The program will begin at 1:30 each Sunday afternoon. Any comments on the program or any question you'd like to have answered during the question and answer period will be appreciated by Clifford Wilson, local evangelist.

C. J. Howeth Is Buried Here On February 20th

C. J. Howeth, former resident of Munday, passed away at a U. S. Veterans Hospital in Dallas on Thursday, February 19. He had been in the hospital for several weeks and his condition was very critical for some time.

Charles Jefferson Howeth, a native Texan, was born September 14, 1925, and was 28 years, five months and five days of age. He was the son of the late N. A. Howeth, who passed away here some two months ago. He followed the painting profession here until he moved to Fort Worth about two years ago.

Mr. Howeth was a veteran of World War II, a member of the American Legion and Oddfellows Lodge.

Surviving him are his wife, Mrs. Wynelle Howeth, and son, Tommie, of Fort Worth; his mother, Mrs. Bell Howeth; four sisters, Mrs. Mildred Barley, Mrs. Margafie Barger, Mrs. Marion Barger and Marie Howeth, all of Fort Worth; four brothers, N. A. Jr., Joe, Gene and Bobby Howeth, all of Fort Worth.

Funeral services were held from the First Baptist Church in Munday at 4:30 last Friday afternoon, with Rev. Johanson of rule and Rev. Huron A. Polnac officiating. Burial was in Johnson Memorial Cemetery under the direction of Mahan Funeral Home.

Pallbearers, all members of White Settlement I. O. O. F. Lodge No. 52 of Fort Worth, were: J. Hoyt Brown, Robert J. Jones, J. L. Sheffield, T. M. Sheffield, J. C. Johnson and J. C. Rosamond.

Mrs. W. A. Baker, Early Pioneer Of Munday Passes Away On Thursday

MRS. W. A. BAKER

One of the few remaining pioneers of the county, one who was known and loved by a host of people, went to her reward at 8:40 p. m. Wednesday, February 18, when death came to Mrs. W. A. Baker, who passed away at the family home in Munday.

Although she had been in ill health for nine months, her death came as a shock to the community. She was apparently feeling well earlier in the evening, but suffered another heart attack which claimed her life.

Mrs. Baker was born Mattie Collins in Mansfield, La., on September 11, 1877, and was 75 years, five months and seven days of age. She was married to W. A. Baker, who passed away four years ago, in 1894, and four years later this young married couple came to Knox County, where there was little more than the wide expanse of prairie.

Here they began to mold their lives into the building of a Christian community as few people have done. Mrs. Baker and her husband were charter members of the Munday Methodist Church and she was very faithful in attendance until her health failed nine months ago.

While her husband was busy as a merchant and business man, Mrs. Baker maintained the home, her family, her church and her friends. She lived in Munday continuously since 1900, except about three years at Floydada.

Surviving her are four sons, Pitzer Baker of Munday, Roy Baker of Knox City, Homer Baker of Los Lunas, N. M., and Bonner Baker of Glenwood Springs, Colo.; a daughter, Ruth Baker of Munday; three grandchildren; two great grandchildren and one brother, G. C. Collins of San Bernardino, Calif.

Funeral services were held from the First Methodist Church in Munday at 10:30 last Friday morning, with Rev. H. Doyle Ragle, pastor, officiating and Rev. J. R. Bateman of Munday and Rev. Howard Marshall, pastor of the First Christian Church of Knox City, assisting. She was laid to rest beside her husband in the family plot in Johnson Memorial Cemetery, with the Mahan Funeral Home in charge of arrangements.

Serving as pallbearers were Joseph Borden, Winston Blacklock, Joe Bailey King, Bruce Burnett, Paul Pendleton, Travis Lee, W. R. Moore, Jr., and Fred Broach, Jr.

School Patrons Invited To Visit Local School During Week Of March 1-7

Governor Allan Shivers has officially proclaimed the week of March 1-7 as Public Schools Week in Texas, and the Munday Public School is inviting parents and patrons to visit the local school during this week.

"We are always glad to have parents of school children and others interested in our school to visit us at any time," W. C. Cox, superintendent, said. "But during Public Schools Week, we want to issue a special invitation for you to come."

Parents may visit the school and visit the classes in which their children are taking part. Another interesting feature of Public Schools Week as it is being observed locally is the showing of two motion pictures, George M. Beard, principal of

the elementary school, stated that these films will be shown two days, Thursday and Friday, March 5 and 6, beginning at 2:45 p. m. Parents are especially invited to see these pictures.

"What Greater Gift" is a 16-mm motion picture dramatizing the teacher as a professional person that points out the truth that it is no longer true nor was it ever a fact that "just anybody can teach school." "Secure the Blessings" is a picture that dramatizes the role of the public school in a Democracy. Since the beginning of our nation the schools have been a bulwark of our form of government. This film was produced to help school leaders explain this role to the people of their community.

GRASS ROOTS OPINION

CLAREMONT, MINN., NEWS: "The Tennessee Valley Authority, the largest government controlled electric system in the country, offers what they call 'cheap rates' but an investigating committee for the House of Representatives found they would have to raise their sales by 134.9 per cent just to cover costs. Comes the statement from that state which says, 'The Tennessee River flows through three states and drains all the other 45.'"

MANSFIELD, OHIO, NEWS-JOURNAL: "The greater capabilities of the men elected to Congress the more efficiently the body will function. Yet business and industry offer far greater financial attractions to able men than does election to Congress. Proposals to raise the pay of congressmen merit serious consideration."

INTERNATIONAL FALLS, MINN., DAILY JOURNAL: "In 1913, when state and local governments received 67 per cent of all revenue collected from taxes, they were free and able to handle responsibilities which are properly theirs under the Constitution. Of late years, with the federal government taking about three-fourths of all tax revenue, federal grants-in-aid became necessary in many public service fields. This has meant federal control—a more centralized control, no doubt, than the founding fathers ever intended."

SYMBOL OF VAST CHANGE

Every phase of human life has been revolutionized in the last century. And nowhere have there been more spectacular changes than in the oldest industry of all—agriculture.

One hundred years ago four out of five people worked at the job of producing raw materials for food, clothing and shelter. Today these basic needs are supplied by just one out of five. And even that doesn't tell the whole story—for we have far better and more varied foods and other products of agricultural origin than in past times.

This is very largely the result of the application of the machine to farm jobs that were once accomplished slowly and laboriously by hand. It is not an exaggeration to say that, on the modern farm, the machine has displaced hand labor. It does the work much more economically and efficiently than in possible with human muscle. And its usefulness is not limited to the production of crops. The machine makes it possible for the farmer to conserve and improve his soil and to fight successfully against such old natural ravages as floods and erosion. The machine gives more food from fewer acres today, and at the same time assures that the soil will be fertile and productive tomorrow.

The plow, the seeder, the baler, the cultivator, the tractor, the combine and all the other machines symbolize the amazing advances agriculture has made in the span of a long lifetime. And

they symbolize, as well, farming's present-day status as a business and a profession.

WE NEED MORE BUCHANANS

Everyone is interested by a success story. Making good against odds is inspiring. America became a great nation because it was a land of opportunity and the right of the individual to make the most of those opportunities was protected.

Buchanan, Georgia, after World War II was about as near destitute as any community could be and still not become a ghost town. With a population of about 500 it lay in a declining cotton area. Young folks were leaving to seek work elsewhere.

At the end of the war a couple of veterans who lived in Buchanan decided to do something about the situation. They enlisted the support of townspeople to build a factory. The result was the town literally lifted itself by its boots traps out of oblivion.

Hundreds of local people were employed in the factory. Within a year there was money to pave the court house square, build a new Baptist church, a movie theatre, a new drug store and a dry cleaning plant. A baseball club was formed. Young people stopped migrating to cities.

The story of Buchanan, Georgia is significant for two reasons. First it shows that this country is still a land of opportunity, and secondly it shows that local problems can be solved without subsidies or handouts. We need more Buchanans.

PUBLIC SCHOOLS WEEK

The need for the public school never changes, but times and conditions may change or require to be changed methods and practices of public education. This is inherent with anything that grows for growth is the result of change.

It is a healthy thing in our democratic way of life to have an intelligent understanding of the important functions of our basic institutions. This is especially true of the schools. The initiative and resourcefulness and the wisdom and leadership that our schools are inculcating in the youth of today are the answer of the problems of citizenship in the years ahead.

Yes, "bring me men to match my mountains." That is the need of our times and must come from the public schools—schools that are strong in the virtues required for building strong men and women.

We can be assured of this and do our part in understanding and helping the public schools to fulfill their great obligation to our times by being a participant in the annual Public Schools Week, March 1 through 7. Schools will hold open house; accept their hospitality, and you will enjoy the experience of going back to school—if but for one day. Remember it is "Texas Public Schools Week—Democracy in Action."

PROTECT YOUR HANDS!
Use Hand Cream — Wear Dust Mitts . . .

(photograph courtesy of Trushay)

Woman's work, they say, is never done; and most of it can be pretty rough on your hands. It can be; but it need not be if you protect them with a good hand cream or lotion before as well as after doing household chores. For instance, when you roll up your sleeves to tackle the cleaning, apply a non-sticky cream or lotion to the backs of your hands, massaging it well onto the backs, the fingers, and the wrists. This, say the makers of Trushay, will provide a good protection against dust and grime, and will help keep your hands smooth and lovely looking. Repeat this beauty routine when your work is finished. For convenience, keep an extra jar or bottle with your dusting and polishing supplies. . . . For even further protection, wear dust mitts. For free instructions for mitts which you can crochet quickly and inexpensively from a non-irritating rayon and cotton yarn, send a stamped, self-addressed envelope to the Women's Editor of this paper.

PLENTIFUL FOODS FOR MARCH

A wide variety of foods will be available during March for the Texas housewife who wants to stock her deep freeze while prices are favorably low. The Production and Marketing Administration office at Dallas a total of 17 foods or commodity classifications which are expected to be in plentiful supply

at a right price. Fryers top the list. Indications are that fryer marketing will be at a near record level during March when supplies will exceed that of last year. Eggs are included, although egg production is slightly below March 1952.

Cold storage holding of turkeys have recently been unusually heavy and supplies should continue liberal during the month. Prices will probably remain favorable to budget-minded buyers.

Production and stocks of milk and dairy products are heavy for this time of the year and may be expected to continue increasing as the peak production period approaches. Butter, cheddar cheese and skim milk products, cottage cheese and buttermilk will be plentiful.

March retail supplies of beef are predicted to be larger with prices well below those of a year earlier. Herds of beef cattle have increased substantially in the country during the past three years and offerings are at an all-time high.

Cabbage and carrots are abundant. Volume production of cabbage continues to assure ample stocks of carrots from Texas, California and Arizona are moving at prices that will appeal to consumers.

Raisin supplies are heavy due to a bumper crop last season. The production was considerably above the 10-year average. Market costs of raisins are reasonable and March should be a good time to include them in food buying plans.

Not to be neglected in "value shopping" are fresh and processed oranges and grapefruit. Current orange supplies are about one-fifth larger than the 1941-50 average. The grapefruit crop is below that of last year but more will be on the fruit

Quality Planting Seed Is A Cheaper Crop Insurance

Certified seed may cost slightly more than other seed but the added expense gives assurance of purity, higher germination and better yields at harvest time. Seed of questionable purity and germination may not be cheap at any price, says L. C. Coffey, associate agronomist for the Texas Agricultural Extension Service.

He points out that certified seed are usually the best seed of a particular variety available. These seed come from fields that have been inspected during the growing season, have been properly handled at harvest time, tested for purity and germination and properly stored. All this, he adds, is insurance for the farmer.

The blue tags attached to each sack of certified seed carry information that should be of interest to the buyer. The State Department of Agriculture issues the tags for use on seed that of purity and germination.

Coffey suggests that farmers purchase now the seed they will need for planting this year's crops. Supplies generally are adequate but last minute shoppers may find local stocks depleted and thus forced to plant whatever seed are available.

Finally, says Coffey, if the planting seed have not been chemically treated for controlling seed-borne and seedling diseases, farmers will find this practice profitable and more cheap insurance against poor stands and plant losses during the very early plant growth period. Local county agents can supply information on seed treating and variety recommendations.

David Elland of Texas Tech in Lubbock spent the week end here with his parents, Dr. and Mrs. D. C. Elland.

counters due to a drop in demand by processors.

That popular staple, the Irish Potato is more plentiful than last year, although storage holdings are smaller than usual. Dry baby lima, large lima and navy bean stocks are bigger than expected and costs are considered nominal.

Honey, edible fats and oils, and peanuts and peanut butter are also on the suggestion list for the value wise shopper.

Miss Vivian Orsak and Frank Steinbach Marry At Rhineland

The wedding of Miss Vivian Orsak and Frank Steinbach was solemnized at eight o'clock Monday morning, February 16th in St. Joseph's Church at Rhineland. The Rev. Fabian Diersing, pastor, officiated at the double ring ceremony before an altar decorated with white candles and bouquets of white gladioluses. Mrs. Lena Albus presented the wedding music.

The bride is the daughter of Mrs. and Mrs. Vinc Orsak, and the groom is the son of Mr. and Mrs. George Steinbach.

The bride was beautiful in a dress of white bridal satin styled in the traditional manner with the skirt extending into a cathedral length train. The closely fitted bodice was made with scallops at the waist and again the scallops were featured in the lace yoke and extended into the sleeves, coming to points over the hands. Her veil of illusion swept to fingertip length from a tiara of seed pearls. She carried a bouquet of white carnations tied with love knots. The bride wore the traditional something old, borrowed and blue.

Miss Shirley Orsak, cousin of the bride, was maid of honor. She wore a gold color faille taffeta and carried a bouquet of orchid gladioluses. Misses Dorothy Blake and Alvina Bellinghausen, nieces of the groom, were bridesmaids. Miss Blake wore a dress of rose faille taffeta and Miss Bellinghausen's dress was turquoise blue faille taffeta. Each wore matching hats and carried pink gladioluses. Miss Frances Orsak, sister of the bride, was junior bridesmaid. Her dress was purple faille taffeta with matching hat. She also carried pink gladioluses. The bridesmaids' dresses were made similar to the bride's dress. Best man was Elvis Blake,

nephew of the groom. Other masculine members of the wedding party included Johnnie Orsak, Robert Hertel and Ernest Orsak, Jr.

The newlyweds were honored with an all day reception in the home of the bride's parents. A bounteous dinner and buffet supper was served to approximately eighty guests. The bride's cake was served from a lace covered table centered with an arrangement of pink and white snapdragons and white candles in crystal holders.

The reception preceded departure of Mr. and Mrs. Steinbach for a short trip to Carlsbad, N. M. Mrs. Steinbach wore a navy linen suit with harmonizing accessories of red and she wore a white carnation corsage.

The couple are making their home on a farm north of Munday, where the groom is engaged in farming.

Out of town guests who attended the wedding were Mr. and Mrs. E. C. Orsak and family of Seymour, Mr. and Mrs. Alvin Hauffman and Sharon of Rowena, Mr. and Mrs. E. J. Kuehler and family of Pep, Mr. and Mrs. W. L. Orsak and Jean of Goree, Mr. and Mrs. Clem Krenek of Red Springs, Mr. and Mrs. George Marak of Bomarton, LeRoy Krenek, Ewald Krenek, and Theo Krenek of Fayetteville.

Chevrolet Handyman Makes Debut

Exceptional amount of cargo space in the station wagons of the new Chevrolet line is illustrated by this view through the opened rear end gates. For 1953 the company offers three bodies of this type to be designated as the Townsman ("Two-Ten" series) and the Handyman ("Two-Ten" and "One-Fifty" series). A distinction is that the Handyman seat back of the driver folds flush with the floor when additional load room is required (see above). All Chevrolet station wagons have four doors and in common with others in the 1953 line feature increased performance, comfort and convenience.

Weekly Health LETTER

Issued by Dr. Geo. W. Cox, M. D., State Health Officer of Texas

AUSTIN—Spot checks of meat markets by the State Health Department meat inspectors insure Texas housewives that when they buy a pound of hamburger they're getting a product whose contents have been carefully inspected by state law, declared Dr. Geo. W. Cox, State Health Officer.

In revealing that more than 1,000 meat samples were collected last year for laboratory analysis from all sections of the state, Dr. Cox says that the food and drug inspectors have been ordered to increase the frequency of their inspections of community butcher shops in an effort to curb the sale of horse-meat as hamburger.

By state law, hamburger is defined as "chopped or ground fresh beef, with or without the addition of beef fat as such, with or without seasoning, and shall contain not more than 30 per cent fat."

That definition, health officials say, makes it unlawful to

add chemical preservatives of fillers such as cereal or skim milk.

It prevents unsuspecting housewives from paying ground beef prices for a high-fat content product, or one which has been doctored with inexpensive cereals. It protects the consuming public against a spoiled or adulterated product which could be hazardous to health.

More than 95 per cent of the meat products analyzed in the state laboratories last year were hamburger. State law makes no distinction between hamburger and ground beef.

The 30 per cent maximum fat content of hamburger is a standard set by the Bureau of Animal Industry, and except for one or two exceptions is adhered to by all states. A similar maximum has been established for moisture content.

Twenty-six meat inspectors work under the jurisdiction of the Texas Health Department's bureau of food and drugs. More than none errant meat dealer can testify to their diligence.

Mr. and Mrs. George Beaty and son, Gary, and Mr. and Mrs. G. H. Beaty were week end guests in the home of Mr. and Mrs. John Brown and daughter, Nellie, in Odessa, Mr. and Mrs. G. H. Beaty remained for a longer visit with their daughter.

FORT WORTH — Trade on most kinds of livestock was slow getting under way at Fort Worth at the outset this week since the blackout of wire service caused by USDA employees taking a day off to celebrate George Washington's birthday, a day late. This slowed the operations until some idea of the numbers at hand around the market circle could be ascertained. Bad weather, and the bad break in prices suffered at Northern points last week put a bearish tinge onto the early

trade, but at Fort Worth most cattle and calves achieved steady prices, some fed cattle steady to weak. Stockers were in good demand, some heifers and heifer calves unevenly higher.

Hogs topped at \$21 or 25 cents higher. Sows were 50 cents higher at \$16 to \$19.

Fat and feeder lambs were weak to 25 cents and spots 50 cents off. Yearlings and older sheep drew strong prices.

Good and choice fed steers and yearlings sold for \$20 to \$23.50, some steers of 1,165 lbs at \$22.75, mates to steers last week at the same price. Common, plain and medium butcher steers and yearlings drew \$13 to \$19, with a few shelly kinds below that range. Fat cows drew \$14 to \$16 and some heiferish kinds reached \$18. Canners and cutters sold for \$10 to \$14. Bulls drew \$12 to \$18.25.

Good and choice slaughter calves cleared at \$20 to \$24, and common and medium offerings cashed at \$14 to \$19, with culls

USO CELEBRATES ITS 12th BIRTHDAY

Two servicemen and USO hostesses light candles in observance of USO's twelfth anniversary last week as a dozen years of USO service to the Armed Forces was given recognition in USO clubs and by USO committees throughout the country. USO services are made possible by United Defense Fund which seeks support through Red Feather and other united community drives.

from \$10 to \$14.

Good and choice stocker calves sold from \$20 to \$24 and stocker steer yearlings moved at \$23 down. Stocker cows cashed at \$12 to \$20, and some carrying small calves at side sold with the calves at \$14 to \$24.

Good and choice fat lambs sold from \$18 to \$21 and shorn fat lambs ranged from 50 cents to \$1.50 below woolled kinds according to length of the pelt credit. Fat yearlings and two-year olds cashed at \$12 to \$17 and old wethers sold at \$12 down. Slaughter ewes sold for \$7 to \$9.50 and old bucks cashed at \$6.50 to \$7.50. Stocker and feeder lambs cashed at \$16 to \$20.50, the higher figure for shearing lambs with a percentage of fat lambs on them.

Methodist Pastor And Family Host Open House Recently

Rev. and Mrs. H. Doyle Ragle, with members of Mrs. W. R. Moore's church school class as co-hostesses, held open house on Thursday and Friday evenings, February 12 and 13, for members and friends of the Methodist church in Munday. It was the first time in recent years that members were entertained with such a lovely affair, and open house was held as the pastor stated, "because we want to express our thanks for the many lovely courtesies extended us since we've been in Munday."

The planning committee, appointed by Mrs. E. W. Harrell, class president, was composed of Mmes. P. V. Williams, G. R. Ell and J. D. Crockett and Doyle Ragle.

Mr. and Mrs. Moulton Wiggins greeted guests at the door. Presiding at the register were Mrs. B. L. Melton, Mrs. A. H. Mitchell and Mrs. Gil Wyatt. At the dining table service were Mrs. W. R. Moore, Mrs. Erin McGraw, Mrs. Lee Haymes and Mrs. T. C. Merrill. Coffee, punch, cookies, mints and nuts were served.

The Valentine motif, a red tree with small Valentines hanging from the branches and a candelabra of five red candles decorated the buffet. The dining table was covered with a beautiful cutwork cloth, with an arrangement of red carnations and lemon leaves in the center, flanked on each side by a three-tiered candelabra of red candles. Japonica, pot plants and jonquils decorated the other rooms.

Others in the house party were Mmes. Gil Wyatt, S. E. McStay, Worth Gafford, J. S. Shannon, Oates Golden, J. C. Rice, D. E. Holder, W. R. Rodgers, G. R. Eiland, Sherman Hill, P. V. Williams, M. F. Billingsley, J. A. Caughran and J. D. Crockett.

Sarah and Sue, young daughters of the Ragle, entertained the children with a tea party in their play room upstairs.

Melissa Lee and Carla Mae Booe played piano selections during the evening.

Mr. and Mrs. M. L. Wiggins attended the State Bankers Convention in Fort Worth last Sunday and Monday. A total of 1750 registered for the convention.

HAMPTON ELECTED PRESIDENT OF TEXAS ANGUS ASSOCIATION

At the annual meeting last week end in Fort Worth of the Texas Aberdeen-Angus Breeders Association, J. V. Hampton of Fort Worth was elected president, succeeding Dr. Luther Watson of Austin. Other officers and directors elected were: A. C. Chesher, Littlefield, first vice president; Henry Moore, Eldorado, second vice president; directors elected, Jack Mann, Marshall; Robert S. Hays, Kerrville; Chester Jordan, Brookshire; Marvin Couey, San Angelo; Flynn Stewart, Wichita Falls; Joe Hughes, Forney; Joe Hooten, Austin; J. D. Smith, Littlefield, and Glen L. Toie was employed as secretary. Fieldman to succeed Tommy Stuart who resigned to go into business for himself.

Ex-officio director is Dr. Luther Watson of Austin. Holdover directors are: Ray H. Boothe, Sweetwater; Tommy Brook, Brady; Harris Mullin, Dalhart; Norman McAnelly, Tulla; C. W. Chandler, Necona, and John E. Morgan, Alice.

Danny Lee Blackard to Houston spent the week end with his grandmother, Mrs. C. H. Mulligan, and with other relatives.

Mrs. Doris Dickerson and her father, Oran Howard, visited Mr. and Mrs. Wayne Couch in Big Spring one day last week.

Mr. and Mrs. Kelton Tidwell and son, Joe David, of Hobbs, N. M., visited their parents here over the week end.

Weekly Health LETTER
Issued by Dr. Geo. W. Cox, M. D., State Health Officer of Texas

AUSTIN—The careless or uninformed use of medicine cause much serious illness and even many deaths in Texas every year, Dr. Geo. W. Cox, State Health Officer, said today in a statement urging the public use caution in self-medication.

"It is never safe to take medicine in the dark," Dr. Cox warned. "Always read the label carefully to make sure the aspirin you expect to take is not a bichloride of mercury tablet or some other poison. As a matter of fact, poisons and medicines containing poisons should be kept together well out of reach of children and marked in some distinctive manner. Another thing to remember is that medicines should always be taken exactly as directed by a doctor because many beneficial medicines can do untold harm if taken too frequently or in too large quantities. It is well to stop and think that you may be taking your own life in your hands when you take medicine casually."

The State Health Officer also warned of the danger in the inclination of many persons untrained to diagnose and treat their own ills. Such persons are apt to guess wrong, he asserted, and while they may not take medicine that is actually harmful, they are nevertheless postponing an accurate diagnosis and the resulting proper treatment that could help their illness.

The safest rule is never to use medicine, internally or externally, that has not been prescribed by your doctor and for that particular illness with which you are suffering.

Haskell Band Parents To Have Talent Show

Invitations have come to Munday to enter talent in the Amateur Talent Show which is being sponsored by the Band Parents Club of Haskell, and will be held at the Haskell school auditorium on Tuesday evening, March 3.

The program will begin promptly at 7:30 p. m., and all proceeds will go to benefit the H. H. S. Indian Band.

A committee to secure talent for the evening's program has been appointed, consisting of Mrs. Buck Calloway, chairman; Mrs. Lynn Waldrip and Mrs. Calvin Wheeler. Anyone interested in entering is requested to get in touch with this committee, and they will be given a place on the program.

Mrs. Herbert Stodghill and children of Fritch visited relatives here last Thursday and Friday.

Abraham Choucair and Kay Wahed were week end visitors with relatives in Lubbock.

Mrs. A. C. Boggs visited recently with her mother, Mrs. R. D. Turpin, in Haskell. Mrs. Turpin has been quite ill but is very much improved at this time.

Mr. and Mrs. Jack Benton and sons of Fort Worth visited her parents, Mr. and Mrs. J. D. Crockett, over the week end.

Glen Bilbrey attended the Chevrolet zone parts meeting in Fort Worth last Friday.

Mr. and Mrs. Joseph Borden of Wichita Falls were here last Friday to attend the funeral of Mrs. W. A. Baker. Mrs. Borden's sister, Mrs. Leroy Lefler, and children returned home with them for a week end visit.

IT PAYS TO ADVERTISE

With the entirely new International 115-inch wheelbase model R-110 Travelall, International Harvester Company provides a handsomely styled, versatile model for use in town or on the ranch or farm. The Travelall, built for passengers plus cargo or luggage, has been introduced with International's new R-line. As a passenger vehicle, it carries International's new R-line. As a passenger vehicle, it carries ly removed for quick conversion when it is used as an all-purpose carrier. Use of front seat only affords panel truck carrying capacity. This and International's other new light-duty models are powered by the 100-horsepower valve-in-head Silver Diamond 220 engine. International R-line trucks are newly styled and are identified by the IH emblem, replacing the famed Triple Diamond.

IN MEMORY OF BRO. HARPER COOKSEY

Bro. Harper Cooksey was born April 4, 1874, in Newton, Mississippi and was converted and joined the Missionary Baptist Church there at the age of 19 years. He was married to Miss Fannie Collinsworth in 1893. To this union were born five children of whom three survive him. He also leaves his wife and one sister, Miss Emma Cooksey. He came to Coryell County and then to Knox County December 7, 1907, and joined the Baptist Church there.

It was our sorrow to witness the homegoing of this faithful servant Nov. 26, 1952. We feel that his going has been a great loss to the entire community as well as to the church. A host of friends and relatives mourn his going. Although we know he is in a wonderful place where it is said, "a thirsty soul desires one glimpse of its vastness to see."

But alas! until mortality has been swallowed up in victory, it remains a concealed plane known only to the spiritual realm from which no passenger has ever returned to tell the story of the passport or transportation thereto. It is our desire that we, with his family, with patience wait and do all that will suitably prepare us for an acceptable entrance, taking the three graces—faith, hope and charity—to buoy us onward and upward as each day and hour we cling close to our Savior. We trust that He will keep us ever near his side until we reach the portals of that heavenly land where Bro. Cooksey has gone.

COMMITTEE:
Mrs. Paul Brogden
Mrs. Arnold Haskin
Mrs. Charles Railsback

Glen D. Henson of Texas Tech in Lubbock was home over the week end visiting his parents, Mr. and Mrs. H. D. Henson.

Mrs. Cela Smith of Hugo, Oklahoma is here for a two weeks visit with her granddaughter, Mrs. Clifford Wilson, and family.

Privacy With Beauty For Windows

Jean Roehl applies an improved window covering to provide privacy and beauty while at the same time allowing light to penetrate into the room. Called Vitropane, the plastic coated window decoration is especially useful for pantry windows, basement windows, transoms and garage windows where it obscures the view of "outsiders" and eliminates troublesome washings. Clear bathroom windows in particular can be made private and be beautified. Many homemakers are using Vitropane to cover glass doors of utility and china cabinets and bookcases. The product is available in various distinctive frosted glass designs, stained glass effects and cheerful decorative designs in color. Easily applied with the use of water only, the smooth surface of the window covering is durable and dirt resistant. It is easily cleaned in seconds with the use of a damp cloth. Vitropane is available at all variety stores and can be obtained by the yard.

LOCALS

Leona Faye Horn, Malon Lee Mitchell Wed At Gilliland

Candles lighted the First Baptist Church at Gilliland for nuptial services performed recently to unite Miss Leona Faye Horn of Gilliland and Malon Lee Mitchell of Wichita, Kansas.

The couple exchanged vows under the direction of Dr. J. T. McKissick of Abilene. A musical background was provided by Mrs. Richard Winstead of Gilliland, pianist, and Grady Morton of Seymour, vocalist.

The bride was attired in a smart Dior blue shantung frock with pink and navy blue accessories. For "something old" she wore her mother's wedding band; and she completed her costume by carrying a white Bible topped with a white orchid.

Mrs. Jack Herrington of Odessa and Mrs. J. D. Horne of Austin were the bride's attendants. Best man and groomsmen, respectively, were Roy Smith of Midland and L. D. Horne of Austin. Ushers were Gaylon Parris of Dallas and Jack Herrington of Odessa.

The bride is the daughter of Dan E. Horne of Gilliland and the groom is a son of Mr. and Mrs. Raymond Mitchell of Sweetwater. A graduate of North Texas State College at Denton, he is now employed as office manager for Kraft Foods in Wichita, Kansas, where the couple has established residence.

Their wedding was followed by a reception at the home of the bride's uncle and aunt, Mr. and Mrs. Athur Horne. House party members were Mrs. Herrington, Mrs. L. D. Horne and Mrs. Charles Layton of Eastland.

When the honored couple departed for Kansas, the bride was wearing a smart charcoal grey faille suit with gold and navy accessories.

Mr. and Mrs. Verbon Voss and son and Terry Don Harrison visited relatives in Midland over the week end.

Mrs. A. L. Smith attended the gift show in Dallas last week.

CARD OF THANKS

We wish to express our sincere appreciation for the sympathy shown during the illness and death of our beloved husband, father and son, C. J. Howeth. We are truly thankful, to the ladies who so generously prepared the food, to the ministers, Rev. Johansen and Rev. Polnac, to the many friends who contributed floral offerings, and especially to the Oddfellows, who stood by him loyally during his long illness. May we say, God bless each and every one.

The Dark Can Kill You

America's millionth traffic victim has been dead a year. Yet auto wrecks go right on changing our country crossroads into killer corners.

Where's the villain?

Some say "more cars on the road these days." Some point to "reckless youths" . . . "lax laws" . . . "drunken driving" . . . "speeding."

But something else may be more to blame for auto accidents than any of these. Darkness. Plain old darkness.

Look at one case. In a Connecticut area 182 pedestrians were killed at night in two years—179 on poorly lighted streets.

Busy traffic centers are waking up fast, lighting their death-trap streets. Salt Lake City cut night deaths 92% in one area, Grand Rapids 79%, Bridgeport 98%.

Some small communities have been first to pick up the torch in lighting equipment. Oakwood, Ohio, has the largest installation of fluorescent street lamps in the country. And here's a broad-daylight look in Lyndonville, Vermont, even late at night. Fluorescent lighting as developed by General Electric has now been extended to street lighting.

Good street lighting has been a pet project of ours for years. General Electric engineers work with local officials on other community problems, too—traffic control, water shortage, waste disposal, farm and home modernization—wherever electricity can help progress. For progress is our most important product. General Electric Company, Department 9-122, Schenectady, N. Y.

news papers lately about the big problems confronting President Eisenhower, and up on the toe of the list of course is the serious problem of fallin farm prices, especially cattle prices.

But I was out here on my Johnson grass farm the other afternoon when I noticed a newspaper caught in the branches of a tree and while I was walkin toward it I got to speculatin if I could reach it without tip-toein, there are some people who would even climb a tree to get hold of a newspaper, others who would even pay out hard-earned money to subscribe to one, but I like to keep things in balance and am perfectly willin to read nearly any paper if it's in easy access and I can get hold of it without goin to any trouble, and when I found out it was in arm's reach and not caught too fast I pulled it down and rested

From where I sit... by Joe Marsh

Wrong "Train" of Thought

Most of us knew the streamliner stopped about four miles from town last Thursday — but we didn't know why...

Seems the train was hurrying along, then came the screeching of brakes — some fellow had pulled the Emergency Stop cord.

When the conductor asked him why he did it, he said, "The train was just going too fast—I wanted to get you to slow down."

From where I sit, that streamliner has been going at that speed for the past seven years with a perfect safety record and

the passengers have always been pleased. Now—along comes a fellow who wants the train to go at his speed. Some people are like that. Some still would begrudge another person's right to a temperate glass of beer even though that person wouldn't dream of flashing a "Stop" sign on their preference for, say, milk, coffee or tea. Respecting the rights of others is the only way we can keep "on the right track."

a while in the sun and fell to readin it.

I can now announce President Eisenhower is in for more trouble than he ever suspected. Not only are cattle prices and farm prices fallin, not only is the world situation tense and nerve-rackin, not only are taxes from a previous administration high and the budget unbalanced and the solutions almost ungraspable, but accordin to this

newspaper the fishin problem has gotten critical.

An expert has made a national survey and discovered that the "increase in fishing pressure has brought a decrease in the average catch per fishing trip." In fact, the expert has found, "the average catch nationally has dropped to well below one fish per hour."

I do not know how the expert arrived at his figures. I know he didn't ask me how my luck had been, and while I personally have never fished by the hour and gauged my success by the number of fish I caught, personally any fishin trip is successful if it doesn't turn out cold or rainy utelhwmsowfrang g g hglkjm at the time; with a tractor stand in ready, catchin fish is one of the poorest ways I know of judgin the worth of goin fishin, the same as where you go is not nearly as impertant as just goin when you're tryin to get out of earshot of a naggin woman; at any rate, to get on, you can see havin this drop in the number of fish bein caught thrown in Eisenhower's lap right on top of fallin cattle prices, fallin cotton prices, fallin wheat prices, etc. is more than he's entitled to receive. Personally, my sympathies are with him. He didn't have a thing to do with it or the fallin prices either and he is entitled to a fair chance.

A President can survive the wrath of the cattleman, maybe the price will go back next month, but you get the fishermen upset and there are shoals ahead. What this country needs is fewer experts, or experts who

GMC covers all bases

...19 new light truck models offer Hydra-Matic shifting

Throughout the 1/2-, 3/4- and 1-ton-capacity range, GMC presents 19 pickup, stake, panel and package delivery chassis models that offer Hydra-Matic Drive*—

as well as the highest-compression gasoline truck engines ever designed.

Dual-Range Hydra-Matic Drive has one setting for traffic — another for gas-saving open going. Hydra-Matic takes over all gearshifting effort AND judgment.

An ultramodern engine brings the tremendous lift of 8.0-1 compression with regular gasoline. And with even more power delivered to

the wheels, there's more mileage squeezed from the gas!

There's a new electrical system — greater stopping power — heavier construction.

See for yourself how these all modern GMC's are "built like the big ones" — those brawny GMC's of 26,000 GVW and up that lead all heavy-duty trucks in sales.

offered at eight with another instruction. The principal sermon is preached after another instruction at the evening services, beginning at 7:30.

St. Joseph's choir, under the direction of Mrs. Francis Albus, organist, has prepared for several weeks for this mission. The children's choir, under the direction of Sister Mary Denis, O. S. B., will sing Saturday evening.

Father Martin comes with a wide knowledge of missionary work. He has spent many years in South America and also among the Mexicans in Texas. At the present time, he is actively engaged with the missionary activities of the Redemptorist Fathers under the direction of the Society of the Propagation of the Faith. Bishop Fulton J. Sheen, formerly heard during the Lenten Season on the NBC radio program known as "The Catholic Hour," heads the Propagation of the Faith. Bishop Sheen has been appearing on television, teaching the Catholic faith, and will continue to do so for the time that God spares him to be with us.

The mission at St. Joseph's is not closed to Catholics alone, but all who desire to join the members of the congregation are freely invited to attend without any obligation whatsoever. Faith is a gift that God alone can give to an individual. —Contributed.

Sunset Building Ideal For Junior High School Work

"The Sunset school building is one of the most ideal for a junior high school. It has a first class home economics department, manual training department, gymnasium and auditorium, and we are pleased with the work of our junior high school there, and these have been our plans all along."

This statement came from Supt. W. C. Cox last Monday after an article appeared in a daily paper which could be interpreted that the Sunset building would be closed. The statement that caused concern was in effect that junior high school students were hopeful that their younger brothers and sisters would be able to attend junior high school classes in town rather than ride five miles to Sunset each morning and afternoon.

News From The U. S. Congress

Congressman Frank Ikard

WASHINGTON, D. C., Feb. 20—Committees of both the Senate and House and now considering legislation to amend the Constitution to outlaw treaties or agreements made by the President which would deprive citizens of their Constitutional rights. As I am sure you know, under our Constitution treaties become the supreme law of the land. They are, in fact, more supreme than ordinary laws passed by Congress, for the laws that we pass in Congress are invalid if they do not conform to the Constitution, whereas a rule, regulation, or law embodied in a treaty can override the Constitution. For example, treaties can take powers away from the Congress and give them to the President. They can take powers away from the States and give them to the Federal Government, or take them away from the Federal Government and give them to some international body. In fact, they could utterly

destroy the rights of the people of this country by the bill of rights in our Constitution.

At this time treaties or agreements made with foreign powers may completely nullify the provisions of State Constitutions, State Laws, State Supreme Court decisions, and federal laws covering the same subjects as the treaties cover.

The Supreme Court has held that treaties and agreements made with foreign powers by the President, even though not approved by the Congress, could supersede the Constitution and become the supreme law of the land. Even though during these times when it is necessary for us to participate to the fullest extent in international relations and in organizations created on an international basis to prevent war and to provide for greater security for the free peoples of the world, we should also be very careful that no treaties or agreements between this country and foreign countries should ever deprive us, as American citizens, of the precious rights guaranteed us under the Constitution. Therefore, it seems important to me that we take some action to amend our Constitution so as to provide that in our dealings with

the other nations of the world we will not contract away our individual rights. If such legislation is passed by the Congress, and I hope it will be, then of course it will be necessary for such legislation to be ratified by at least two-thirds of the States.

This week the House acted on the first appropriation bill to come before this session which was the second supplemental appropriation bill. The bill as finally passed by the House was about 60% less than the budget request. This was an encouraging sign that there possibly will be some real economy during this session of Congress. It seems to me that one of our greatest responsibilities is to work for a balanced budget which is the only real way we can stabilize our economy and bring about a reduction in income and other federal taxes.

We were very pleased this week to have W. H. (Bill) Wright, Bill Broday and Beck Lawrence from Vernon, come by our office. Dick Hughes of Pampa, who built Faith Village in Wichita Falls, dropped in to see us.
