

Kracker Krumb's  
Odds Bits Salvaged  
at Random

Nearly everywhere you look  
you can see one or more com-  
bines. . . .  
At various places their motors  
are running, they're being clean-  
ed and adjusted. . . .  
Some pass through town, fol-  
lowed by an auto pulling a large  
trailer house. . . .  
Which means the wheat har-  
vest will soon get under way. . . .  
The harvest this year will be  
far below normal; however, some  
pretty good wheat is reported in  
the area. . . .

It's turned out just like last  
year's cotton crop—our showers  
came a little to late. . . .

But we're better off than some  
other places. . . .

Wheat harvest has started in  
some fields between Truscott  
and Crowell. The harvesting is  
being done by cattle, instead of  
combines! . . . .

Which is not good, not good at  
all. . . .

We received a very compli-  
mentary letter a few days ago.  
It came from Mr. Joseph A.  
King, superintendent of the  
schools at Paint Rock, Texas. . . .

The compliments were not  
paid to us, especially, but were  
directed toward the 1953 gradu-  
ates of Munday High School. . . .

Because it speaks so well for  
these boys and girls, we think  
the writer won't mind if we print  
the contents of this letter. . . .

A local citizen sent him a copy  
of our paper, telling of the cour-  
tesies extended our seniors on  
their recent senior trip. In this  
connection, the writer had this  
to say: . . . .

"I read with an appreciative  
interest your column of May 7,  
1953, in which you mentioned  
the fact that your seniors were  
well treated here recently when  
they had the misfortune of hav-  
ing bus trouble while on their  
senior trip. . . .

"In this connection, please per-  
mit me to state that this com-  
munity was very happy to ex-  
tend such hospitality to this fine  
group from your high school and  
community. It was just another  
case of being nice to a group of  
nice people. . . .

"The few hours that I spent  
with the group gave me ample  
opportunity to observe that this  
group was well behaved and well  
supplied with those qualities  
that necessarily accompany any  
well regulated group. . . .

"You and your community and  
school are to be commended for  
sending out such fine boys and  
girls." . . . .

We think the parents, teachers  
and friends, as well as the 1953  
graduates, can very well appre-  
ciate the contents of the above  
letter. It kinda refutes the idea  
we've heard a number of times  
in recent years—that the young-  
er generation is "going to the  
dogs." . . . .

The influence of home, church,  
school and community make  
their impressions on boys and  
girls—impressions they will car-  
ry throughout a lifetime. . . .

And as our 1953 graduates go  
to institutions of higher learn-  
ing, into business or private life,  
and find their positions in a  
busy world, we may in future  
years hear of them in the words  
of the last paragraph of the  
above letter: . . . .

"You and your community and  
school are to be commended for  
sending out such fine boys and  
girls." . . . .

Our rainfall of about .69 of an  
inch the other day was not  
enough, but it's better being dry  
than in the shape of tornado-  
stricken Waco and San Angelo  
areas or the flooded East Texas  
ans.

Class Of 1933 To  
Hold Celebration  
Here May 23-24

The Munday High School class  
of 1933 is celebrating the twen-  
tieth anniversary of its gradua-  
tion with a reunion here on the  
week end of May 23 and 24. A  
banquet is planned for Satur-  
day night, May 23, at 8 o'clock  
at the school cafeteria, and a get-  
together for Sunday afternoon,  
May 24.

Barbara Walker of Fort Worth  
appointed James Gaither of  
Munday, chairman; Mildred  
Howard of Midland, program,  
and Lucille Moorhouse of Benja-  
min, correspondent for the oc-  
casions.

The class is looking forward  
to an enjoyable week end, since  
this will be the first time all  
the class members will have  
been together since their gradu-  
ation.

Goree To Vote On  
Issuing Warrants  
For New Fire Truck

J. B. Justice, city secretary,  
has announced a special election  
for the City of Goree, to be held  
on Saturday, May 23.

The election has been ordered  
for the purpose of determining  
whether the citizens want the  
city council to issue warrants in  
the amount of \$5,000 for the  
purchase of fire fighting equip-  
ment for Goree. The warrants  
would be paid out of assessment  
of valuation taxes, it was stated.  
I. J. Troy has been appointed  
election judge, and all qualified  
voters are urged to vote in this  
special election.

Dr. Harrell Named  
To Medical Staff

Word has been received here  
that Dr. Dick Harrell, formerly  
of Munday, has been selected as  
part time instructor in the Uni-  
versity of Pennsylvania Medical  
School. He will assume his duties  
sometime between now and  
June 1.

Dr. Harrell is expected to ar-  
rive in Munday this week for a  
visit with his parents, Mr. and  
Mrs. E. W. Harrell, and other  
relatives before taking up his  
new duties.

Brother Of Mrs.  
J. C. Rice Dies At  
Waco Friday Night

Funeral services were held at  
Waco last Monday for Willie  
Christian, brother of Mrs. J. C.  
Rice of Munday, who died in a  
Waco hospital last Friday night.  
He suffered a stroke several  
days earlier.

Mr. Christian made his home  
with Mr. and Mrs. Rice for a  
number of years, and was well  
known to many local people.

Besides Mrs. Rice, he is sur-  
vived by a brother, Henry Chris-  
tian of Waco.

Goree Cemetery  
Association Names  
Officers For Year

The Goree Cemetery Associa-  
tion met last Monday evening,  
with much interest being shown  
in the cemetery maintenance.

New officers were elected, and  
plans were made for the annual  
all-day homecoming, which will  
be the first Sunday in June.

Association members will meet  
the second Monday of each  
month at 8 p. m. in the mem-  
orial building, and a program will  
be given each time. Everyone  
has a special invitation to attend  
these meetings.

EMIL HOFFS ANNOUNCE  
ARRIVAL OF A SON

Mr. and Mrs. Emil Hoof are  
announcing the arrival of a new  
boy in Long Beach, Calif., May  
12. He weighed 7 pounds and 6  
ounces and he has been named  
William Christopher, but will be  
called "Chris" for short. Mr.  
Hoff, who is in the Army and  
stationed at Takoma, Wash., was  
there for the blessed event.

Mrs. Hoff is the former Peg-  
gy Harrison of Munday.

Mr. and Mrs. Gene Thompson  
and children visited relatives in  
Dallas over the week end.

Junior High Honor Graduates

Pictured above are honor  
graduates of the Munday Junior  
High School, who held their com-  
mencement exercises on Thurs-  
day evening, May 14.  
Miss Gayle Littlefield, daugh-  
ter of Mr. and Mrs. E. B. Lit-  
tlefield, was class valedictorian,  
while Dickie Morrow, son of Mr.  
and Mrs. R. T. Morrow, was sa-  
lutariorian.

Valedictorian

Valedictorian of the 1953 grad-  
uating class of Munday High  
School was Miss Shirley Hill,  
above, daughter of Mr. and Mrs.  
Joe Hill of Munday. Class mem-  
bers received their diplomas in  
commencement exercises held at  
the school auditorium last Fri-  
day night.

Goree Man Completes  
Ordnance Training

ABERDEEN PROVING  
GROUND, Md.—Private James  
E. Norris, son of Mr. and Mrs.  
Edwin Parkes Norris, 316 North  
Brisco Ave., Tullia, Texas, has  
been graduated from the Ord-  
nance Storage Specialist School  
of the Ordnance Replacement  
Center here.

Graduates of the Ordnance  
Storage Specialist School are  
assigned to command units de-  
voted to storing, issuing and  
transporting military supplies  
needed by the Army's Ordnance  
Corps. This includes almost ev-  
erything used to equip a modern  
army, with the exception of  
food and clothing.

Private Norris is a graduate of  
Goree High School and was em-  
ployed as a ranch hand for Mr.  
Jack Idol in Benjamin, Texas.

UNDERGOES SURGERY

Collis Michels underwent head  
surgery Tuesday morning at the  
Baylor Hospital in Dallas. Re-  
ports are that he is doing nicely.  
His parents, Mr. and Mrs. Gene  
Michels, are staying in Dallas  
with him.

Drive carefully. The life you  
save may be your own.

Missionary Nurse  
Speaks Sunday At  
Baptist Church

Miss Edith Chaney, mission-  
ary nurse who works in the com-  
missary in Nigeria, is visiting  
in Munday while on furlough.  
Miss Chaney gave a talk on her  
work and experiences at the  
morning services of the First  
Baptist Church last Sunday.

Sunday night, she showed col-  
ored slides of scenes in Nigeria,  
of the people with whom she  
worked, where she lived, and  
many other interesting pictures,  
while telling of her experiences  
and explaining the slides. She  
was attired in the native dress  
of Nigeria.

Members of the West Beulah  
Baptist Church were guests for  
the Sunday night program.  
Miss Chaney plans to return  
to her work in Nigeria in the  
near future.

Bill L. Lambeth Of  
Goree Completes His  
Basic A. F. Course

LACKLAND AIR FORCE  
BASE—Bill L. Lambeth, 19, son  
of Mr. and Mrs. H. Lambeth of  
Goree, is completing his AF  
basic airman indoctrination course  
at Lackland Air Force Base, the  
"Gateway to the Air Force."

Lackland, situated near San  
Antonio, is the world's largest  
air force base, site of Air Force  
basic training, for men and wo-  
men, headquarters of the Hu-  
man Resource Research Center,  
and home of AF's Officer Candidate  
School.

His basic training is prepar-  
ing him for entrance into Air  
Force technical training and for  
assignment in specialized work.  
The course includes a scientific  
evaluation of his aptitude and  
inclination for following a par-  
ticular vocation and career.

LITTLE BECKY ARROTT  
GOES TO PALO PINTO

She left with tears in her eyes,  
because she was leaving people  
she'd learned to love very much  
—Uncle Jeff and Aunt Elizabeth.  
But she had gained a new step-  
mother, and a step-sister; she  
would be with her daddy, so the  
future looked pretty good for  
her in her new home. She knew,  
too, that Uncle Jeff and Aunt  
Elizabeth will welcome her with  
open arms any time she wants  
to visit them.

So Becky Arrott left Sunday  
with her parents, Mr. and Mrs.  
Leon J. Arrott, for her future  
home in Palo Pinto. She endear-  
ed herself to many friends, both  
young and old, in Munday, and  
they wish her every happiness.

Virginia A. Nelson  
To Receive Degree

DENTON—Virginia Ann Nel-  
son, daughter of Mr. and Mrs.  
Clyde Nelson of Munday, is a  
candidate for the bachelor's de-  
gree at North Texas State Col-  
lege.

Mr. and Mrs. W. C. Hertel, will  
receive his bachelor of science  
degree in business administra-  
tion May 30 at St. Edward's Uni-  
versity in Austin. His degree  
will be conferred in the univer-  
sity's 68th annual commencement  
exercises.

Hertel, a graduate of Rhine-  
land High School, will graduate  
as an honor student in the Col-  
lege of Commerce and will be a  
flag-bearer in the traditional  
flag ceremonies. He is a member  
of St. Edward's University Coun-  
cil 2559 of the Knights of Colum-  
bus, the Intramural Club and  
the Commerce Forum. In his  
junior year, he was editor of the  
school yearbook, The Tower. He  
also had a radio program on  
campus station KSEU.

The District Three tractor op-  
erators' contest will be held in  
Munday for the 4-H Club boys  
of this area on Monday, May 25,  
opening at 10 a. m. The contest  
will be held west of the Munday  
High School and will be under  
the supervision of J. A. Scofield,  
of Vernon, district agent.

Judges of the event will be R.  
L. McClung, P. W. Martin and J.  
E. Burkett. Tractors will be  
furnished by implement dealers  
of Munday.

The contest will include a set  
of true and false questions  
about tractor maintenance and  
safety, a demonstration of daily  
and periodical checkups and why  
they are made, and actual opera-  
tion of the tractor with a two-  
wheeled vehicle attached.

Counties of the area to be re-  
presented are: Archer, Childress,  
Hall, Kent, Knox, Shackelford,  
Stephens, Stonewall, Wichita,  
Throckmorton, Wilbarger and  
Young.

Goree To Have  
Country Doctor  
Day On July 4

A special day for the people of  
Goree and vicinity is being plan-  
ned for Saturday, July 4. It  
will be a community-wide cele-  
bration honoring their doctors,  
who collectively have rendered  
100 years of service to the com-  
munity.

The two to be honored are Dr.  
E. F. Heard and Dr. W. M. Tay-  
lor, who were honored recently  
at a medical meeting upon com-  
pletion of many years of ser-  
vice. Dr. Heard has completed  
53 years of service, while Dr.  
Taylor has 47 years to his cred-  
it.

As yet, plans are incomplete,  
and further announcement will  
be made as the date draws near-  
er.

Local Men Attend  
Soil Conservation  
Meeting In Vernon

ABILENE—Attending an area  
soil conservation meeting in Ver-  
non Tuesday of last week were  
Clay F. Grove, W. R. Moore, E.  
H. Nelson, Russell Penick, and  
W. E. Braly, Munday's director  
of the West Texas Chamber of  
Commerce.

The meeting was arranged by  
the Vernon Chamber of Com-  
merce and the West Texas Cham-  
ber of Commerce. Its purpose  
was to bring together soil con-  
servation district supervisors,  
soil conservation men, and busi-  
ness men to stimulate a better  
understanding among business  
men of the value of conservation.

8:30 the Goree Baptist Church  
will have a preparation day, pre-  
paratory to the annual Vacation  
Bible School, which begins in  
Monday, May 25, running  
through May 31.

"We want all of the workers  
and pupils to be at the church  
at 8:30 a. m. Friday, said Rev.  
S. E. Stevenson, pastor.

ESCAPE THE HEAT

John and Gene Michels made  
a business trip to Denver, Col-  
orado last week. They reported  
the snow 4 inches deep and that  
they were up there in that cold  
weather without any heavy  
clothing. Gene said they nearly  
froze in that cold place.

### GRASS ROOTS OPINION

KNOXVILLE, IOWA, EXPRESS: "Too many of the things we call benefits are not what they represent. No government can support the people."

WASHINGTON, D. C. POST: "The Department of Commerce has announced that, beginning April 1, it will get out a daily newspaper on Federal purchases, the first time Uncle Sam has entered the daily publishing field. The Commerce newspaper, which will sell for only \$7 a year on a subscription basis, is in direct competition with several private enterprises."

AMBRIDGE, PA., CITIZEN: "Argentina was once a country noted for its production of beef cattle. Its prosperity depended on trade with the rest of the world. Under Peron a serious meat shortage has developed and a rising inflation perils Argentina's economy. The poor he promised to help are worse off than they were before."

WACO, TEX., MESSENGER: "While it is apparently true that dictators will not thrive on a democracy it is also true that whenever people fall to vote there are opened avenues over which people travel towards dictatorship."

PROVIDENCE, K Y., JOURNAL ENTERPRISE: "Recently President Eisenhower . . . spoke with delight of the pickle jar and the cracker barrel found in most general stores when he was growing up . . . It may be that . . . a man will occupy the White House who will recall the days when he rode through a super market in a four-wheeled shopping basket."

OSKALOOSA, IOWA, DAILY HERALD: "The trimming down that for years was mainly talk is now getting under way at last . . . Whether or not it points to a balanced budget and then a start on tax relief in the fiscal year beginning July 1, it does carry the promise of action long delayed."

LAKE WORTH, FLA., HERALD: "The claim that opening the (relief) rolls to the public will embarrass recipients of aid, apparently is made more to cover up the chiselers . . . than to actually protect the deserving poor. It might be added there is no record of embarrassment occurring where the rolls have been opened to the public but there has been considerable improvement in the reduction of funds wantonly spent in the wrong direction."

### HORSEPOWER IS THE KEY

Horsepower—machine-produced horsepower—has been of immeasurable benefit to the farmer. The benefits to all the rest of us, who buy and eat an wear the produce of the land, has been equally important and spectacular.

Writing in The National Grange Monthly, L. E. Childers of the U. S. Department of Agriculture has this to say: "Years ago it was demonstrated

that a strong, healthy man working at a capstan—the sort of treadmill still used in some primitive areas of the world for converting human energy into mechanical power—could develop about one-tenth horsepower for an eight-hour day. On that basis it would cost about \$10 for each horsepower hour of power development by man labor, assuming a wage of a dollar an hour.

"It would be totally impossible, of course, in this day and age to meet the needs of food production with that kind of power at such a price." Mr. Childers went on to point out that each farm worker had 22 horsepower at his command in 1900, 52 horsepower in 1920, and 33 horsepower in 1950. And the figure is higher still today.

This is why a relatively small proportion of our people, working on the land, can meet all our needs for farm products and satisfy a heavy foreign demand at the same time. Machinery and power have made that possible.

### IN TIMES OF CHANGE

Some time ago a retailing association appointed a committee to study what retailers can do to help in the transition from a semi-war economy to a peace economy, if and when world conditions improve sufficiently to make heavy reductions in military spending possible.

No one can doubt that retailing's role in such a transition would be an all-important one. Most of our spendable income passes across the counters of retail establishments of one kind or another. Retailing is one of our biggest employers. And retailing is the link between factory and farm and the American home.

It is equally certain that retailing is well-equipped to make major contributions to the national welfare and to economic stability in times of stress and change. There is nothing like our system of distribution elsewhere on this earth. In no other country are consumers, in great cities and little villages alike, offered goods in such vast quantity, at prices which are held to the minimum by free competition.

Mass-distribution is the full partner of mass-production in keeping this country economically strong.

### YOU'VE BEEN WORKING FOR GOVERNMENT

Whom did you work for during the first four months of this year?

You'll say that you worked for yourself, or for some business or other. But, in a very real sense, you worked for government! The nation's total 1953 tax bill will be as much as the wages, rents, interest and dividends received by all of us during the January 1 to April 22 period!

Read that again—and then decide whether economical government and eventual tax reduction are in your personal interest.

### A TELEPHONE CALL

A man called the other day to tell me that I was teaching error in the column and over the radio. Of course, I asked for proof and it was not forthcoming. I then begged for a public discussion on the questions involved. I was denied this pleasure, also. Therefore, I make this public statement, I stand ready, at any time, to defend what I teach as being the TRUTH OF GOD'S HOLY WORD, and "to contend earnestly for the faith which was once for all delivered unto the saints." (Jude 3). The apostle Peter in 1 Peter 3:15 commands "being ready always to give answer to every man that asketh a reason, concerning the hope that is in you." That I am ready to do. I verily would be ashamed to stand in the pulpit, face an audience, and teach something that I was afraid would not stand examination by any one.

Error is not as good as truth. Man's way as not as good as God's way. Traditions and creeds of men are not as good as God's Word as revealed in the scriptures. Jesus said, "And ye shall know the TRUTH and the TRUTH shall make you free." (John 8:12). Nothing but the truth WILL make us free. Error will enslave and keep us in bondage. The United States enjoys MORE freedom than any other country in the world only because of the TRUTH we have learned and applied to our lives. That applies to any and everything, whether it be of religious or secular nature or of the spiritual or physical realm.

The only possessions that any one has that are worthwhile are his convictions. Mine are worth contending for and defending.

In articles following I shall answer some of the allegations made over the phone, by giving what the Bible says about it.

(The space for these articles, is bought and paid for by the Munday church of Christ. They do not, necessarily reflect the views of this paper.)

 CLIFFORD WILSON, Evangelist

William Jennings Bryan was famous for his oratory. But he had another gift: the ability to relax. When he was making his first race for president, he traveled by special train and spoke 20 times or more a day. He would speak until the train was pulling out, then go to his seat and at once drop into a nap. As the next town came in sight, someone would awaken him and he would go to the rear platform, make another speech, come back and take another nap. These intervals of rest—like the one-minute pause between rounds in a prize-fight—gave him the strength to stand up under a man-killing schedule.

In these days of strain and worry a nap and uncertainty, we should learn to relax. When the bow is not in use, the archer unstrings it. When the hunting dog is not on a hunt, he is under the shade of the house, asleep. Of course, the thing can be overdone: look at Rip Van Winkle!

A mile from the capital of the Texas Republic in Austin, Indians massacred a number of settlers.

Had the battle been fought the day before, America would never have known this popular poem. How many artists, inventors and authors have been slain before they could make their contribution to the world!

When a restaurant has a concoction that no one would eat on its appearance and merits, the chef give it a name such as "health salad" or "American salad."

Thomas Carlyle, the great Scotch historian and philosopher, is quoted by Champ Clark as having said, "Humor has just been regarded as the finest perfection of poetic genius." And now let's see the highbrow critics who ignored certain books of Texas humor laugh that one off.

It has been said that the 10 most musical words in the English language are down, hush, lullaby, luminous, murmuring, chimes, tranquil, golden, mist and melody.

**ARGUMENTS FOR PARITY**

The farmer would be helpless in our modern economy if he did not have all the services which enable him to produce and sell in a profitable manner. One service which has been offered is a guarantee of a fair price for farm products.

This "guarantee" is the parity program—and it has had many ups and downs on the popularity scale of public opinion. Most of those who understand the workings of the program realize its value in maintaining a sound farm price structure. The majority of its opponents have a distorted picture of its operation and costs.

When a farmer plants his crop, he starts production on goods which will not be ready for mar-

ket for months or even years. In the meantime, economic or military events can send the sales price of crops soaring or crashing. The price of cotton, for example, will be more affected this fall by talks now going on in Korea than by any other single factor.

Parity price, then, is merely the farmer's equivalent of the laborer's minimum wage law. It helps assure him of a fair price for his time and labor, materials and money, utilized in making a crop.

If market conditions are favorable, he can sell for a profit. But if the market is temporarily gutted and the going price is below his profit margin, he can sell to the government at the parity price. As conditions improve

**SOUTHWEST'S NEWEST** — Here's the Westerner, brand new and precision-engineered for American home-owners in the Southwest. It is an original and prefabricated by U. S. Steel's housing subsidiary — Gunnison Homes, Inc. It's the first, too, from a major manufacturer of packaged homes for use in the Southwest and also represents the first time a major prefabricator has successfully undertaken a home specifically designed for regional distribution. The Westerner was given its initial exhibition, fully-furnished, at the San Antonio Home Builders Show, May 10-17. The home has two-bedroom as well as three-bedroom plans such as the layout superimposed on the architect's rendering above. The Westerner will cost about \$9,300, excluding lot, and offers many optional features not included in this plan.

and demand increases, the government places these products on the market and redeems the money paid to the farmer.

Opponents often say the program is too expensive. Actually, the cost of the parity program during the last 11 years was \$14 million. This may seem high, but it includes the absorption of the \$80 million loss on the potato program some years ago. Profits on sale of cotton and wheat and other parity products would have shown a net profit of more than \$60 million if it were not for that one disastrous crop.

The \$14 million is not a tremendous price to pay for stabilizing the nation's largest industry. In time, it will pay its own way. A realistic and practical parity program should and must be continued to prevent a re-occurrence of the economic collapse of the 1930's.

**Weekly Health LETTER**

Issued by Dr. Geo. W. Cox, M. D., State Health Officer of Texas

AUSTIN—Don't put too much stock in advertised claims for the bug-killing properties of so-called "vaporizers," State Health Officer George W. Cox cautioned Texans today.

He said "indiscriminate use" of the gadgets in homes or sleeping quarters could make the fumes more toxic to humans than to insects.

Vaporizers are familiar as small glass or metal instruments with a conical-shaped insecticide container in the top and a light bulb wired into the bottom. The insecticide is placed in the cone and vaporized by the heat generated by the bulb underneath.

Widely advertised and sold for "killing bugs the easy way," one brand comes complete with an 8-months supply of chemicals and makes claims of being "non-toxic, odorless, guaranteed positive extermination of flies, roaches, mosquitoes, all insects . . . Meets all state and federal requirements." Dr. Cox called these claims "completely misleading," and pointed to a March 27 statement released by the federal Interdepartmental Committee on Post Control to back him up. The statement said:

"Because of the health hazards inherent in the misuse of insecticide vaporizers used as fumigators, (the committee) recommends against their use in living quarters."

The committee is composed of representatives of the Department of Health, Education and Welfare; Departments of Agriculture and Interior; and the army, navy and air force.

The health officer conceded the gadgets might have some bene-

ficial application in commercial or industrial establishments where human exposure will not be continuous and food contamination will not occur.

But he emphasized that it is "dangerous and foolhardy to install them in homes, and advertising them for such use is indefensible."

### Munday H. D. Club Meets Tuesday With Mrs. Ford

The Munday Home Demonstration Club met in the home of Mrs. Ray Ford at 2:30 p. m., May 19th. The meeting was called to order by the president, Mrs. Fred Lain. Mrs. Raymond Tidwell read the minutes and called the roll.

The coming dress review was discussed and a skit written by Mrs. E. J. Cude and Mrs. Ralph Weeks was read to the club for comment. The skit is to be presented at the encampment meet.

Mrs. Perkins, the county agent, gave a nice demonstration of boiled cake icing.

The members will meet May 27th in the home of Mrs. Raymond Tidwell to begin making dress forms. All members are urged to be present at 1:30 p. m.

Those present were Mmes. Fred Lain, Raymond Tidwell, John Peysen, E. J. Cude, F. L. Bowley, Pete Raynes, Fae Perkins, Ray Ford, Otto Brazell, and one visitor, Mrs. F. W. Pope.

The next regular meeting will be June 10th in the home of Mrs. Frank Bowley.

#### CARD OF THANKS

To our many friends who have been so kind, may we take this means of saying thank you so very much for the lovely flowers, cards, letters, and especially the visits, while in the hospital.

We do appreciate each one of you so much, and hope to personally say thank you real soon. Judge and Mrs. J. F. Hill and family.

### Wedding Date Set

Mrs. Chaterine Kuhler is announcing the engagement of her daughter, Adelaide Ann, above, to Mr. Jim Roznovsky of Vera. Miss Kuhler is also the daughter of the late J. C. Kuhler.

The wedding will be an event of June 2 at St. Joseph's Catholic Church in Rhineland. The couple plan to make their home in Wichita Falls, where the young man is employed with the Lone Star Gas Company.

### Three Marines Complete Their Recruit Training

PVT. BUTLER

PVT. HOWARD

PVT. WALLACE

Three Munday Marines recently completed their recruit training at the Marine Corps Depot, San Diego, California.

They are Privates Paul W. Butler, 18, son of Mr. and Mrs. E. L. Butler; Cecil E. Howard, 18, son of Mr. and Mrs. Curtis N. Howard; and Taz "O" "D" Wallace, 17, son of Mr. and Mrs. R. E. Horan.

While in recruit training But-

ler and Wallace both qualified as Rifle Sharpshooters and Howard qualified as a Rifle Marksman.

They are now undergoing four weeks of individual combat training at Camp Pendleton, California.

Upon completion of this advanced training Wallace will be transferred to the Naval Air Technical Training Center, Jack-

sonville, Florida, where he will attend Airmen's School.

Butler and Howard will be assigned to a Marine unit in the U. S. or abroad, or to a technical training school.

Butler is a former student of Jackboro High School. Wallace attended Munday High School prior to his entry into the Marine Corps.

### McMahon Reunion Is Held At Goree On Mother's Day

All the children, grandchildren and great grandchildren and their families gathered for Mother's Day in the home of their mother, Mrs. J. O. McMahon, who has been in very ill health for several months. Each car that arrived was filled with delicious food and a great dinner feast was served. Pictures were made and various things filled the day.

Those present were Mr. and Mrs. Guy Holley and sons, Guy Jr. and Richard, Mr. and Mrs. George Parris and children, Mr. and Mrs. Granville Parris of Grandfield, Okla.; Mr. and Mrs. Ed Oswald and children of Chickasha, Okla.; Mr. and Mrs. R. McMahon of Goree; Mr. and Mrs. John McMahon, Mr. and Mrs. J. O. McMahon and children of Munday; Mrs. Roselina McMahon of Vera.

Sunday guests in the home of Mr. and Mrs. Jim Bowman were Mrs. John Howard Boyd of Granite City, Ill., Mr. and Mrs. Warren Greenway and Shirley of Abilene, Mr. and Mrs. George Gaines and sons of Goree, Mr. and Mrs. Roe Allred and sons and C. A. Alexander of Munday.

Barney Horton of San Benito was a guest in the home of Mr. and Mrs. R. M. Almanrode several days last week.

### Mrs. John Moore Honored At Shower In Goree Recently

The sophomore girls of Goree High School were hostesses for a wedding shower held recently in the home of Miss Jeanette Williams, honoring Mrs. John Moore.

Blue and white, the colors chosen by the bride, were featured in the decorations. The refreshment table was covered with a white linen cloth centered with a miniature bride doll carrying a blue umbrella and appointed with a crystal punch service. The cake was attractively decorated, carrying out the chosen colors. Blue miniature umbrellas with the names, "John and Peggy", were the plate favors.

Approximately forty-three guests called during the afternoon and many beautiful and useful gifts were brought.

Mrs. Moore is the daughter of Mr. and Mrs. Clifton Patterson and Mr. Moore is the son of Mr. and Mrs. Jack Moore, both of Goree.

### Betty Jean Stuart, Jessie George Smith To Wed On May 30th

Mr. and Mrs. G. C. Gibson of Albuquerque, New Mexico, announce the engagement and approaching marriage of their granddaughter, Betty Jean Stuart to Mr. Jesse George Smith, son of Mr. and Mrs. B. E. Smith of Munday. The couple will be married at Columbus Avenue Baptist Church in Waco on Saturday, May 30th.

Miss Stuart is a graduate of Albuquerque High School and is a junior in Baylor University. Mr. Smith, graduate of Munday High School, will receive his B. A. degree from Baylor this spring.

Mrs. Wallace Reid and son, Jimmy, spent the week end with relatives in Greenville. Mrs. Reid's mother, Mrs. Morgan, returned home with them for a visit here.

Mrs. Ed Johnson and Larue, Mrs. Joe Lane and Mrs. Joe F. Bowley attended a shower honoring Mrs. Alton Hunter in Iowa Park last Monday afternoon.

### Wesleyan Service Guild Meets In J. B. King Home

The Wesleyan Service Guild met in the home of Mrs. Joe Bailey King on May 11, with Mrs. H. R. Hicks in charge of the program, "Sharing With Others". Mrs. Lee Haymes, Mrs. Levi Bowden and Mrs. Joe Bailey King assisted with the program.

### METHODIST MEN TO MEET

The Methodist Men of the Goree church will hold their regular monthly meeting Monday night, May 5, at 8:00 o'clock. New officers for the coming year will be elected. Further plans to help on the 4th of July celebration will be discussed. All interested are urged to attend.

The Senior Class of Goree High School, accompanied by Mr. and Mrs. James Carver, left Saturday morning on their senior trip for points in Colorado. We will probably hear more about the trip next week.

Recent visitors in the home of Mr. and Mrs. Orb Coffman were Mr. and Mrs. Jack Coffman and children of Floydada, Mrs. Lucille Marlow of Tahoka, Mrs. W. F. Krause of Fort Worth and Mr. and Mrs. Roy B. Davis of Lubbock.

Mr. and Mrs. Melvin Cooksey, Mrs. J. H. Cooksey and Miss Emma Cooksey spent the week end in Amarillo visiting relatives. Mrs. J. H. Cooksey remained

for a longer visit with a brother who is ill.

J. B. Davis and children, Edward, Edith and Don, of Houston were visitors with his aunt, Mrs. Maggie Madole, Mrs. Betty Davis, who has been here a few days, returned home with her son.

Mr. and Mrs. W. L. Thornton visited their son, Grady Thornton and wife in Amarillo recently.

Rev. Fred Cox spent part of last week in Lubbock.

Mr. and Mrs. Willie B. Neighbors and son of Decatur were Goree visitors the first of the week.

Mr. and Mrs. W. L. Thornton, Mr. and Mrs. H. E. McMahon, Mr. and Mrs. Mack Tynes and daughters, Reba and Jeanie, and Mr. and Mrs. Cal Moorman attended the silver wedding anniversary of their cousins, Mr. and Mrs. Mack Reed, at Dumont on Sunday, May 17th.

Mr. and Mrs. Jimmy Ray Couch of Wichita Falls spent Sunday with his parents, Mr. and Mrs. George Crouch.

Mr. and Mrs. Wesley Wright left Wednesday for Abilene where they will make their new home.

Mr. and Mrs. Bill Hudson and children of Amarillo visited his parents, Mr. and Mrs. J. W. Hudson, during the week end.

The expected continuing strong demand for livestock and their products means that feed crops and pastures must be provided if the high output is maintained.

FORT WORTH—Sam Harris of Georgetown, (Williamson County) Texas, told us a tale about a string of steers he sold on the Fort Worth market last week that gives about as graphic an account of the cattle price skid as you'll ever hear.

Harris, a veteran livestock man, reported that about two years ago he bought about a hundred steer yearlings at \$41 per hundred. He wintered and caked them and was bid \$38 the following spring.

This offer he turned down but later he did sell the cattle at \$34. However, this was not the end of the story by a long shot. Harris later bought the cattle back—at \$22 per hundred. Then this week he sold on the Fort Worth market the 104 steers at \$21.50, with 24 head at \$19.

Said he might just buy some of 'em back, just to see what would happen.

When a big run of livestock appears on a market the tension is something very tangible as buyers and salesmen spar around waiting for the first sales to set the market in motion. When the largest run of the year showed up in the sheep yards Monday, May 4, it was tense for this was also the biggest run locally since 1950.

Harry Butz, head sheep buyer for Swift and Company, got on the White Ranches lambs from McCulloch County, a big string of over 2,000 fancy clipped lambs and in short order bought them for \$22.75, a new high for the current crop. As word spread over the yards the effect was similar to the breaking of a log jam—buyers from Nebraska and Iowa as well as other order buyers were active—and with a big slice of the cream of the day's crop in Swift's hands, the other interest "got in" fast.

Thus it was that despite the big run the sheep were sold, weighed and on their way in about the same amount of time it takes to handle one-third that many. The White lambs each Spring are a highlight of the season's marketing at Fort Worth and a good barometer of how Texas lambs from the McCulloch County section have wintered and will sell.

Ten rail car loads of big horned South Texas steers from near Crystal City arrived at Fort Worth late last week and averaged over 1200 lbs. They sold at \$17.25 and were shipped in by Ferguson Bros. Today this is a newsworth thing—ten cars arriving on the market from down in South Texas and all from one owner. But years ago, the whole train loads of South Texas cattle were not uncommon sights on the yards here, all of them with one mark and one brand. Today about 95 per cent of the saleable cattle come in by truck, and in the early days on the market, 99 per cent and more were by rail. Times have changed and in the process the stock yards has had its face lifted and a complete rearrangement of the flow of livestock has been completed.

The number of rotary hoes equipped from tractors in Texas jumped from 7,000 in 1949 to 26,000 in 1952. Savings up to 60 per cent are being made by cotton producers on their chopping and hoeing bills by using this hoe.

Insect control measures were carried out by more than 100,000 producers on 5,800,000 acres of cotton.

**Square Locates Center**  
A SIMPLE use of the steel square easily locates the center of any board. The first step is to draw a straight line across the board, using the square. Now situate the square, as shown in the illustration from American Builder, so that the readings are identical at either edge where the line meets the square. The center mark will coincide with the point of the square.

## News From The U. S. Congress

Congressman Frank Beard

Washington, D. C., May 14, 1953. The next two or three months will see hundreds of thousands of people visiting Washington. Most of them will visit the monuments and the Capitol Building. Most of them will be greatly impressed with our National Shrines in and around the City of Washington.

To me the most interesting building in the City is the Capitol itself. Every time you enter it, you see some new point of interest, and almost daily hear some legend about it. For instance, few of us realize that in the War of 1812, the British occupied the City of Washington and took possession of the Cap-

itol and that the British Admiral Cockburn, stood on the rostrum in the House of Representatives and shouted, "Shall this harbor of Yankee Democracy be burned? All for it will say Aye." Since the House was occupied exclusively by British troops, they voted unanimously in the affirmative. Then chairs, tables, books and pictures were collected in the building to kindle the fire, and soon the Capitol was in flames. Many priceless historical treasures were lost in this flame even though shortly after the fire was started, a torrential rain came which extinguished the fire. Among these were full length paintings of Marie Antoinette and King Louis XVI which had been presented to Congress by the King himself shortly before his tragic end in the French Revolution.

President Jackson barely escaped assassination in the Rotunda of the Capitol in 1835 when he headed a funeral procession which wound from the House Chamber to the Rotunda. As he was about to stop on the portico a man by the name of Lawrence aimed a pistol at him from about eight feet distance, but the pistol misfired. It is said that "Old Hickory" would have knocked his assailant down with his cane but for a young Naval lieutenant who beat him to the punch. The pistol that the would-be assailant had in his hand was tested immediately after the incident, and it fired perfectly.

The arch dome of the south wing of the Capitol where the House of Representatives meets is shaped like and old fashioned brick oven, and for many years in the early days of our country, it was popularly referred to as "the oven." Some humorist remarked, however, that this did not prevent a lot of half-baked legislation.

Also, many people visit the Capitol without knowing that on the ground floor there is a tomb that was built for George Washington, which, of course, was never used.

This week the House finally acted on the Tidelands matter, and it now goes to the President for his signature. Also before the House for action were the appropriation bills dealing with the Post Office and Treasury. Next week the Agricultural Bill is scheduled for action in the House. For the next four or five weeks there will be at least one appropriation bill a week that will be up for action. Visitors in the office this week were Mr. and Mrs. George N.

Dwyer and Mr. L. F. Miller of Wichita Falls and Mr. and Mrs. S. W. Driver of Nocona.

Mrs. H. B. Stubblefield spent last week in San Antonio visiting Mr. and Mrs. Glen Morrow, Kenneth Stubblefield and other relatives. Kenneth, who has been stationed at Lackland Air Base, was transferred to Scott Field, Ill., last Thursday.

Mr. and Mrs. J. C. Rice, Jr., and baby of Houston came in Munday for a visit with his parents, Mr. and Mrs. J. C. Rice, Sr.

Mr. and Mrs. Aaron Edgar spent last Sunday with relatives near Quanah. They were accompanied home by Mrs. Engar's father, W. J. Bridge, who will spend the summer here.

Marion Jones visited relatives in Electra and Wichita Falls last Sunday.

Mr. and Mrs. I. E. Cook of Putnam spent the week end in the home of their son and family, Mr. and Mrs. I. V. Cook. They came Friday to attend the graduation of their granddaughter, Pat Cook.

**PTA Gets Stung by a "Bee"**

The local PTA is feeling sheepish today. Seems they complained the youngsters weren't learning enough. Said they couldn't even spell. So the kids challenged them to a spelling bee.

whole PTA is thinking of signing up for night school!

"I was captain of the PTA's," "Doc" Brown told me. "Both teams made the first round just fine. But on the second round Speedy Taylor went down on 'efficiency.' Then his boy Chip, who happened to be next on the school team, rattled it right off. From then on it was murder!"

From where I sit, it always pays to look and think before you leap to conclusions. Take those folks who would deny me a temperate glass of beer without a moment's thought. They wouldn't want me to interfere with their personal preferences for, say, buttermilk. It's a good idea to think twice before you "spell out" rules for your neighbor.

So now "Doc" says that the

## Knox Prairie Philosopher Says The School Teachers Were Lobbying With The Wrong Outfit Down In Austin.

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek has same advice for school teachers this week, and like most free advice, it's probably worthless. Dear editor:

Along about this time of the year I always get to speculating on how much I'm gonna make off my farm out here. I walk

over the place, size up the different fields, figure this one ought to bring me in so much, that one so much, etc. I know a lot of other farmers who do the same thing, but some of em don't get the full benefit out of the system. You take one of my neighbors. He always under-estimates his crops, figures the whole thing is practically a failure before he gets a seed in the ground and starts clamping down on expens. I don't look at it that way, takes all the fun out of farmin. Not only do I estimate my yields as record-breakin, but I go ahead and spend the anticipated money.

Over a long period of years, I

other teachers in on the news that the Comptroller is the bird with the power when it comes to writin the checks. I tell you, spendin anticipated revenues is a great thing, but I hope the school teachtrs didn't go hog-wild over their raise and blow it all in, because I've found when the Fall rolls around and the anticipated revenue turns out way ahead of the actual revenue, the bankers begin to clear their throats.

Ask us about our **Safe-T-Way SERVICE**

A public service program to promote safer driving.

This year—for the 12th straight production year—truck users are buying more Chevrolet trucks than any other make. That couldn't be true unless Chevrolet trucks offered more of what you want.

Already, 1953's official sales figures tell a remarkable story of clear-cut and decisive preference for Chevrolet trucks. But, this is not surprising, for truck users everywhere are discovering how far ahead of all others Chevrolet trucks really are.

They are discovering things like the tremendous new power in advanced Load-master engines in heavy-duty models... the remarkable gasoline economy... the extra ruggedness and strength of heavier, more rigid frame construction.

And, in addition to all these advantages, the Chevrolet line lists for less than any other trucks of comparable size and capacity. So, before you buy any truck, stop in and see us.

**Social Security Benefits Paid To 108 Knox People**

Social security payments totaling \$3,180 went to 108 people in Knox County in December 1952, according to Erton F. Tate, manager of the Wichita Falls social security office.

The men and women 65 or over who had worked long enough to qualify for old-age insurance benefits made up the largest group of beneficiaries and received larger amounts than dependents and survivors. Numbering 46, they received \$1,701 for the month. Most of them were from 65 to 74 and received payments after meeting the test of retirement given in the law; those 75 or over could receive payments even though they were still working.

In the smaller groups, 28 aged widows, dependent widowers, wives and dependent husbands received \$635. Not all of the people in Knox County entitled to payments were 65 or older. Monthly checks went to 34 mothers and children—some of them dependents of retired men, but most of them survivors of those who had died. The payments to the mothers and children amounted to \$844.

In the Nation at the end of December, monthly payments amounting to \$205,179,000 were being made to 5,025,500 people. Among them, according to Tate, were 2 out of 5 of the retired age. About 80 per cent of civilian jobs are covered by the law; 4 out of 5 of the mothers and children in the country can count on monthly survivors insurance payments in case of the death of the family breadwinner, Tate emphasized.

Changes made by the 1950 and 1952 amendments to the Social Security Act accounted for a considerable part of the increases, both in the number of people receiving benefits and in the amounts of their payments. In 1950 the law was changed to include millions of people not covered before, and to make it easier for them to qualify for payments. Among those newly covered were self-employed people and regularly employed house-

hold and farm workers.

The 1952 changes, effective in September, raised the amounts of practically all benefits, gave social security credits for military service after the end of World War II, and provided that a person can be considered "retired" even though he is earning as much as \$75 a month.

Since the first of 1953, the Wichita Falls, Texas office has received an additional 670 claims which is about twice as many as the office received during the same period in 1952. The majority of this increase was due to claims filed by self-employed individuals, Tate concluded.

Money to pay social security benefits comes from the social security taxes paid by employees, employers and self-employed people, on earnings up to \$3,600 a year. The tax is now 1 1/2 per cent each for employer and employee and 2 1/2 per cent for self-employed people. Under the law, rates are scheduled to increase to 2 per cent for employer and employee, and 3 per cent for self-employed people on January 1, 1954.

Drive carefully. The life you save may be your own.

**AGE DOESN'T BOTHER CIVIL WAR COTTON BALE**

Old age doesn't bother cotton. A bale of cotton picked with slave labor in 1862, stored in a compress at Wet Point, Miss., is still in excellent condition, its fiber as strong as it was during the Civil War.

The bale at West Point is said to be one of the oldest in America and possibly in the world.

The cotton is owned by the First National Bank of West Point. It was grown in Oktibeha County, Mississippi.
