

HIGH QUALITY CATTLE STEADY, OTHERS WEAK
FORT WORTH—There was the usual disagreement between salesmen and buyers on the Fort Worth market Monday. Salesmen asked more money for cattle and calves, largely on the strength of smaller supplies being offered around the 12 major markets than a week ago or a year ago. Buyers, as usual, offered a multitude of reasons why lowered prices should be paid. When the trade was completed the cattle and calves with quality, or with high finish, to recommend them drew steady prices. Some fed steers and heifers were strong. The medium and lower grade calves and yearlings and some cows, wound up on the minus side. Plain kinds of calves and yearlings were the lowest type to move and narrower outlets for these kinds as stockers pushed increased numbers of this kind into packer channels at consequent reductions. A package of fancy heifers topped at \$24, and two loads of well fitted mature steers reached \$24 also. Fed cattle were in small supply. Numerous medium to good lots sold from \$16 to \$22, and plain and common sorts \$9 to \$16. Some typical sales of cleanup cows included: Double S Ranch, Pushmataha Co., Okla., a load at \$6, Masterson Estate, Knox Co., two loads of canners and cutters at \$8.25. S. C. Bonner, Fannin Co., had load lots of old cows at \$7, \$8 and \$8.50. Some choice stocker steer yearlings and two-year-old steers from Joe Durham, Jack County, topped at \$20.50, with the heifers out at \$17.50. Other toppy

steer calves and yearlings were reported at \$17, \$18, 19.75. Heifer calves and heifer yearlings sold \$2 to \$4 under the steers, unless they carried enough flesh to sell for slaughter.

A good many cows were again moving to much better advantage into stocker channels than to the packers. The improved demand for stocker cows became evident last week and continued into this week as sections of the Southwest which got some rain provided outlets for some cows and for some pairs of cows and calves. Prices ranged from \$6 to \$7 common or aged cows, up to \$11 on the better kind, with some able to sell comfortably above that range if young enough or good enough.

STOCKER LAMBS IN VERY BROAD DEMAND

Order buyers at Fort Worth Monday were complaining that numbers of the good or choice kinds of stocker and feeder lambs were far short of their needs. Sales to \$15 and \$15.50 failed to indicate the full strength of the market and consensus was that sizeable lots of choice lambs were quotable in excess of the \$16 with ease.

Slaughter sheep and lambs also found fully steady to strong prices. Fat lambs topped at \$19, and fat yearlings drew \$15 down. Old wethers drew \$7 to \$11.50, and old ewes drew \$4.50 to \$6. Stocker ewes ranged from \$6 to \$12, according to age and quality. Old bucks sold around \$4.

Some typical sales included: J. C. McSpadden, Denton Co., had a load of 87 lb. lambs at \$18.50 out of the wool. C. R. Salman, Denton Co., had some 69 lb. lambs at \$17; R. V. Wilson, Bell Co., marketed some lambs at \$15 and \$15.50. Maude G. Bunger, Wichita Co., had some 80 lb. lambs at \$17.50. Owen Young, Callahan Co., had some 87 lb. woolled lambs at \$18.50. J. C. Staggs, Brown Co., had some yearling muttons at \$12.50, and some ewes at \$5, \$9 and \$10. Jimmie Staggs, Brown Co., marketed some 6 lb. shorn lambs

Weekly Health LETTER

Issued by Henry A. Holle, M. D., State Health Officer of Texas

AUSTIN—The cold winds of winter will whip up a new threat to Texans' safety.

The threat comes from carbon monoxide, which, Dr. Henry A. Holle, State Health Officer, characterizes as being invisible, odorless, and tasteless—but deadly.

As cold weather draws near, the danger of carbon monoxide in the home or garage increases. Many people throughout the state are lighting poorly or faulty ventilated heaters and furnaces in their homes or running their cars in closed garages.

at \$16. Jack Crossland, Coleman Co., had some 80 lb. lambs at \$18 shorn. Robert Fisher, Collin Co., had lambs at \$11 (bucks) up to \$17 for some 88 lb. lambs. Tom Roach, Collin Co., sold a load of 85 lb. shorn lambs at \$18. Mrs. T. F. Mayfield had some ewes at \$5.50 and \$6.50. E. A. Ruether, Lampasas Co., marketed 70 lb. lambs at \$17 out of the wool.

HOGS WEAKEN AGAIN; CORNBELT RUNS BIG

The 12 major markets reported 95,000 hogs Monday, around 13,000 above a week ago. Markets were lower as a result. At Fort Worth top hogs drew \$19.25 and \$19.50, or weak to 25 cents under last week's close. Sows held steady at \$18 as the sausage grinders were again active in the trade.

Closed houses keep the cold out and the deadly fumes in. A few people live to tell about it because someone found them before it was too late.

The burning of any fuel that contains carbon may produce carbon monoxide. This is true of coal, coke, wood, oil, kerosene, gasoline and such gaseous fuels as natural or manufactured gas.

All heating equipment should be vented to a flue. Keep all room ventilated. Do not turn the heater higher than it was intended to run. Never leave gas heating appliances burning while you and your family are asleep. Regulate adjustable air-mixing valves so that enough air is supplied to insure complete combustion of the gas.

If a person is overcome by carbon monoxide they should first be removed to fresh air. In addition open windows and turn off the gas in the room. If the victim has stopped breathing, administer artificial respiration and if possible an inhalator should be used to administer oxygen. Keep the patient warm and lying down until a doctor comes.

Mr. and Mrs. Bill Dings and daughters of Pampa were week end guests in the G. W. Dings home and attended the ex-students homecoming on Friday.

DO IT FASTER
DO IT EASIER
DO IT BETTER
DO IT ELECTRICALLY!

Running a house may not be a bed of roses. But with Reddy Kilowatt, your electric servant, ready to serve you 24 hours a day, it's easier than it used to be.

Your electric servants save you time — save you work — let you enjoy spare time for relaxing, hobbies, outside activities. Just go through your home, look at all the electrical appliances that are ready to serve you at the flick of a switch.

Then, take a look at the family budget. Amazing, isn't it, that so much convenience, so much service can be yours for so little money. No doubt about it, your electric service is still the biggest bargain in your family's budget today!

Be Modern — Live Electrically!
 West Texas Utilities Company

What's new with Chevrolet? everything!

Wonderful new Glide-Ride Front Suspension
 New spherical joints flex freely to cushion all road shocks. You glide over the bumps! New Anti-Dive Braking Control, exclusive with Chevrolet, assures "heads up" stops.

Great new V8—two new 6's
 New "Turbo-Fire V8" delivers 162 h.p. with an ultra-high compression ratio of 8 to 1. Two new 6's, too—the new "Blue-Flame 136" with Powerglide (optional at extra cost) and the new "Blue-Flame 123."

Easier steering, stopping, clutching
 The new Chevrolet steers with ball-bearing ease, thanks to new friction-cutting Ball-Race Steering. New Swing-Type Brake and Clutch Pedals pivot at the top, swing downward with a light pressure of your foot.

Tubeless tires as standard equipment
 You get this great tire advance at no extra cost! Proved tubeless tires give you greater protection against a blowout... deflate more slowly when punctured.

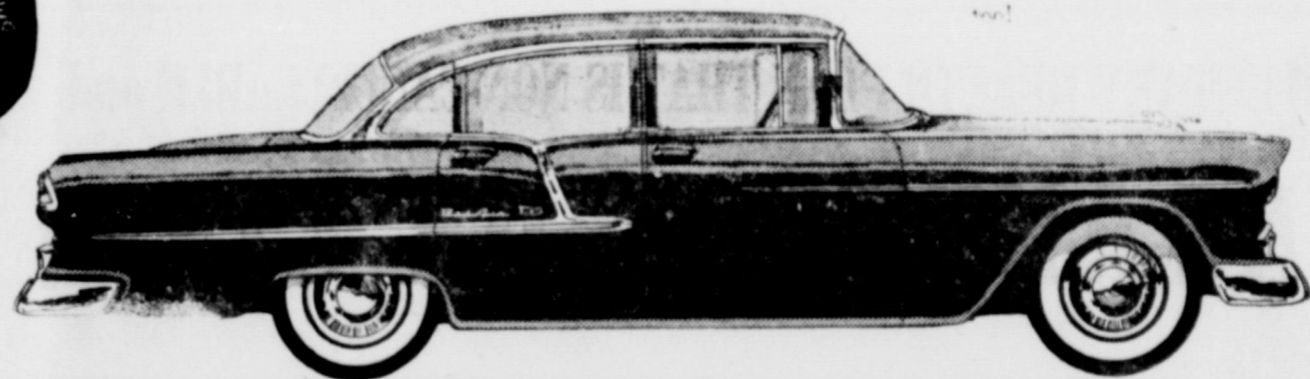

Even Air Conditioning, if you wish
 Air is heated or cooled by a single highly efficient unit that requires no trunk space! (V8 models only.) It's just one of the wonderful extra-cost options Chevrolet offers!

And look what you see from the driver's seat
 New Sweep-Sight Windshield curves around to vertical corner pillars, giving you a wide, full view of the road ahead. And you can see all four fenders from the driver's seat!

New Outrigger Rear Springs
 Rear springs are longer—and they're attached at the outside of the frame. This means they're spaced wider apart, outrigger-fashion, to give you greater stability in cornering.

Powerglide
 Chevrolet's new High-Level Ventilating System takes in air at hood-high level, away from road heat, fumes and dust.

Three drives, including Overdrive
 Powerglide—with the new V8 or the new "Blue-Flame 136." New Overdrive with the new V8 or the new "Blue-Flame 123." (Powerglide and Overdrive are extra-cost options.) New standard transmission.

The Bel Air 4-Door Sedan—one of 14 new Fisher Body beauties in three new series

Chevrolet and General Motors have started something—a whole new age of low-cost motoring —by taking a whole new look at the low-cost car. Here are new ideas, young ideas... and some of tomorrow's ideas, too! And they're all rolled up in the most glamorous package that ever wore anything like a Chevrolet price tag!

This is the car that began with a great idea—the idea that a low-priced car could be built that would have the style, the performance, the comfort and convenience features, and the fine quality "feel" of high-priced cars. Lots of car buyers have wished for such a car. Lots of automotive engineers have dreamed about it. But there were plenty of reasons why it couldn't be done. Then Chevrolet and General Motors designed and built a car to fit the dream—the Motoramic Chevrolet! Come in and see how the Motoramic Chevrolet for '55 is far more than a completely new car. It's a whole new idea about cars!

Come in and meet the *motoramic* Chevrolet
 —more than a new car—A NEW CONCEPT OF LOW-COST MOTORING

Paula Ann Conwell Is Crowned Queen Of Hallowe'en Carnival Saturday Night

Hallowe'en was a gala occasion for the students of the Monday schools, as they celebrated with their parents and friends by attending the P-TA sponsored carnival in the school gym.

Activities for both young and old were planned for the evening. Children were seen frequenting the grab box, pulling the cat's whiskers, and fishing at the fish pond. Practical housewives and hungry husbands were conning for pies, and cakes through such activities as wringing the duck's neck, guessing the beans and "What's in my House."

Shooting goals with basketballs and footballs kept many boys and men entertained.

Teenagers of both sexes became willing subjects for an evening for their would-be-queens by patrolling the carnival area for votes. Proceeds from all phases of the carnival, which netted approximately \$1,500, verify the statement heard too often: "It was a real success."

Coronation of the queen and presentation of her court was the climax of the evening.

Paula Ann Conwell, representative of the junior class, was crowned queen of the carnival court, and Wyman Tidwell was chosen king. Members of the

queen's court and attendants who shared honors with her are:

Court members: George Offutt, Jacquie Sokora, Carla Booe, Boyd Meers, Gayle Littlefield, Glenn Amerson, Margaret Yandell, Gerald Tidwell, Carlene Morgan, Edward Melton, Janice Johnson, Palmer Campsey, Dolores Knapp, and Jerry Scott. Attendants were: Loretta Floyd, Larry Don Lain, and James Gaither, scribe; Glen Phillips, court jester; Jimmy Lee, herald; Mike Lain, crown bearer; Susan Phillips and Cathy Wilson, flower girls; Danny Offutt and Gaston Welborn, escorts; Linda Brown, train bearer, and Bill Moore, escort. Pianist was Lou Milstead.

The queen's court was entertained by the junior high chorus.

Martin Bowman, of Arlington, spent the week end with his parents, Mr. and Mrs. Floyd Bowman.

Miss Joy Lemley and Miss Arleda Moore were Wichita Falls visitors last Tuesday.

Glenn D. and Jimmy Ray Henson, who are attending Texas Tech in Lubbock, attended the Roby-Mogul football game last Friday night.

LOCALS

Mr. and Mrs. Don Combs and Lu Ann visited relatives in Plainview and Hereford this week.

Mr. and Mrs. A. B. Warren spent Saturday night and Sunday with Mrs. Joe Duke and Jo Ann in Wichita Falls.

Mrs. Ben Yarbrough spent last Friday in Wichita Falls visiting with Mr. and Mrs. Joe Duke and Jo Ann. Jo Ann returned home with her for a week end visit.

Clyde Latham of Abilene was here last Friday to attend the school reunion.

Mrs. Wynelle Fitzgerald Mills and baby of Post were here last Friday to attend the school reunion and for a visit with her father, Cecil Fitzgerald.

Mrs. Leon Reagan of Spur spent the week end with her mother, Mrs. Etta Webb, and attended the homecoming on Friday.

Consumers who have available home freezers are reminded that the most economically operated freezer is the one which is kept busy. Keep food moving in and out. It's a good time to fill it up with beef, turkeys or broilers or fryers. All are in plentiful supply.

News & Oddities

MANKIND HAS WORKED TO CREATE, OR DISPEL ODORS, FOR 7,000 YEARS!

ANCIENT EGYPT'S LADIES INVENTED THE ARTIFICIAL BATH, FOLLOWED BY PERFUMED UNGUENTS AND OILS TO INCREASE THEIR ALLURE.

ON THE OTHER HAND, GARLIC CHEWERS ALMOST EMPTIED EGYPT'S PUBLIC BUILDINGS, UNTIL THEY WERE EXCLUDED.

MEDIAEVAL NOBLES USED CASTING BOTTLES IN CROWDS TO PERFUME THE UNWASHED MULTITUDE, BUT NEITHER ANCIENT NOR MEDIAEVAL TIMES HAD SCIENTIFIC HOUSEHOLD DEODORIZERS.

GOODY GARLIC, SO LONG, VALERKRAUT, TAKE-OFF TURNIPS, & OUTSIDE ONIONS.

AMERICA'S LATEST DEODORIZING DISCOVERY, CALLED GULFUMIST, WAS SCIENTIFICALLY DEVELOPED TO NEUTRALIZE ALL UNPLEASANT ODORS, LEAVING THE WHOLE HOUSE FRESH AND SWEET.

DR. JOHN McFARLAND IS SPEAKER FOR TEACHERS MEETING

Ninety teachers and guests met at the Goree school auditorium at 7:30 p. m. Tuesday evening, November 2, for the fall meeting of the Knox County unit of Texas State Teachers Association. Mrs. Thena Mae Boudoin of Vera, president, presided.

Dr. John McFarland, superintendent of Vernon schools, was introduced by Mrs. Blanton of Knox City. His theme was "Building Better Citizens by Citizen Education." He gave humility as the first point, citing that it is sometimes necessary to feel both success and failure to succeed. Other points stressed were responsibility, social consciousness, fundamental moral and spiritual values, using the book of Genesis as a sound philosophy of life, self discipline, mental health, encouraging student council practice to plan and build for themselves.

He also stated that we should place more emphasis on teaching civics, history and geography, encouraging the study of American and Texas history, to teach of American heroes and sing patriotic songs to help face the challenge of atheistic culture and communism. He concluded his speech by quoting the 100th Psalm.

Also on the program was a National Education Association officer, Mrs. Artie Mae Burkett, of Haskell, who used a chart to show what the N. E. A. has accomplished in the past few years, and stressed the importance of the organization.

Mrs. Dorse Rogers of Goree directed the musical program. Miss Cheryl Jamison did a Hawaiian dance number. A chorus of eight schools girls, Linda Moore, Joan Orsak, Linda Latham, Barbara Chamberlain, Linda Lambeth, Mona Mobley, Donna Jetton, and Jackie Latham, sang several numbers with Connie Haskin at the piano.

At the business meeting, the following officers were elected: James Cowsar, Goree, president; Mrs. Mauryse Blacklock, Munday, vice president; Mrs. Charles Silk, Knox City, second vice president, and James Carver, Goree, secretary and treasurer.

A refreshment plate was served to teachers and guests from Vernon, Haskell, Knox City, Munday, Gilliland, Vera and the host teachers of Goree. The spring meeting will be held in Munday.

FFA SWEETHEART FOR GOREE ELECTED

The Goree F. F. A. chapter met recently, when the main object of their business session was to elect a F. F. A. sweetheart. Samye Sue Bates, sophomore student and daughter of Mr. and Mrs. Reuben Bates, was elected. Fifteen boys and their sponsor,

Buddy Hodges, were present.

Mrs. S. E. Stevenson attended the Munday Homecoming Friday. She is a member of the 1913 graduating class and also a member of the faculty in 1916-1918.

Mr. and Mrs. Buel Claburn and girls were business visitors in Wichita Falls Tuesday.

Those who visited Mrs. Bell Claburn, who is in the Bethania Hospital in Wichita Falls this week, were Mrs. J. M. Smith, Mrs. Pete Beecher, Mr. and Mrs. Melvin Cooksey, Mrs. Mason Harlan, Mr. and Mrs. Tom Wilson, Mr. and Mrs. Troy Moore.

Mr. and Mrs. Ronald Hardin of Brownwood visited her parents, Mr. and Mrs. Homer Lambeth last Wednesday.

Miss Sherry Haskin attended the A. C. C. Homecoming in Abilene Saturday.

Mrs. Douglas Cunningham and son, Mark, who have been visiting with her parents, Mr. and Mrs. Billy Moore, left for their home in Fort Riley, Kansas Wednesday.

Visiting in the home of Mr. S. M. Claburn Sunday were Mrs. Mack Claburn and Eugene Cla-

burn of Anson.

Mr. Melvin Thompson and Wilburn James of San Benito were visitors here over the week end and part of this week.

Mr. and Mrs. Farris Mobley and daughter were visitors in the home of Mr. and Mrs. Gene Bingham and family Sunday.

Mr. and Mrs. Ewin Beaty and family were treated to a farewell party Tuesday night. They left for the Valley Wednesday where they will make their home.

Mr. D. Hoyt Davis and David of Olney visited her parents, Mr. and Mrs. Joe Tidwell Monday.

Mrs. L. L. Hendrix of Lubbock is spending this week with her mother, Mrs. E. J. Jones.

Mrs. George Nix is in the Knox County Hospital at Knox City this week.

Visiting in the home of Mrs. Roy Lane Tuesday were Mr. and Mrs. Leo Prater and family of Anson.

Mr. and Mrs. J. C. Daniels of New Mexico are visiting with her parent, Mr. and Mrs. John Bates.

Mrs. Jim Reeves visited her sister, Mrs. Lillian Little, in Fort Worth several days last week.

Jim Reeves and Bill Morris attended the TCU and Baylor football game in Fort Worth last Saturday afternoon.

FOOTBALL QUEEN—Miss Pat Putnam, 16-year-old daughter of Mr. and Mrs. O. O. Putnam of Munday, smiles between Mogul Captains Gary Cure and William

DIFFERENCE IN FOOD DOLLAR AND FARMER PROFITS

Few consumers ever stop to think that what they pay for food and other farm products does not all go to the farmer. Rather, a very large part of the money goes to pay for marketing and transportation services. The part which the farmer does not get has been increasing. This is true mainly because consumers buy less and less of the farmer's product in the rough form and buy more and more in the finished form. To put the food in the form the people want means extra work—an extension of marketing services—for which the buyer, of course, has to pay.

Extra work for processing, for packaging, for handling, for the many different services that go into present-day marketing all add to the food costs.

An example of the way in which an extension of marketing services tends to increase the costs involved is found in the selling of wheat products. Most of it is sold to consumers in bread, cakes, pies and other bakery products.

The number of persons at work in preparing and marketing farm food products back in 1932 was estimated at over 3 million. Last year it had increased to nearly 5 million workers. Included were persons engaged in assembling, processing, wholesaling, retailing and transporting farm products.

In the past two years, we have seen farmer income gradually drop. Normally, the consumer would expect feed costs drop accordingly. However, in most cases, wages and costs of processing foods has increased and this higher cost has been passed on to the purchaser while the farmer actually got less for his raw product.

If the housewife were to abandon "specialty" foods and pre-packaged goods, and depend upon her own kitchen skill to convert "raw" farm products

into family meals, then she would find her costs would be lowered correspondingly with the farmer's profit.

LOCALS

Charles Yost of Midwestern University in Wichita Falls spent the week end with his parents, Mr. and Mrs. T. V. Yost.

Dusk Is Dangerous!

Late afternoon hours can be a dangerous time on autumn evenings. By the time youngsters are pedalling home from a scout meeting or football game after school, it's twilight and time for every bicycle is equipped with an adequate reflector to warn approaching cars. The two children here are using safety reflectors of red "Scotchlite." More than 15 million of these are being distributed this fall in special packages of a leading brand of margarine. The red hexagons light up more than a block away when a car's headlights shine on them.

spring. The lambs were of very good quality, averaging about 64 pounds and costing the boys about \$10.00 each.

There are about 100 head of lambs now being fed by the boys. Following the show, the lambs will be taken to Fort Worth to be sold. The boys will go along to see their lambs graded and sold, and make a tour of the stockyard.

Boys feeding lambs last year in the program cleared about an average of \$7.00 per head.

Mrs. Lorene Smedley Dawson of Fort Worth attended the school homecoming last Friday and visited with relatives here over the week end.

LOCALS

Mr. and Mrs. Guindell Ritchie of Gatesville were guests of her parents, Mr. and Mrs. Omar Cure, during the week end and were here for the homecoming on Friday.

Notes For Knox Farms, Ranches
By W. J. Bryan, Knox County Agent

Plans are coming along good for the cotton improvement meeting to be held at the Grade School in Munday on Thursday, November 4th, at 7:00 P. M.

The meeting will start with a big free barbecue supper for everyone. Following the supper, the results of all the cotton variety tests made this year will be given, then a discussion on how we can improve the program next year.

I believe we have some information on cotton varieties that is of value to every farmer in the county and I would like to invite everyone interested to attend.

I have just received word that progress of the 1954 Census of Agriculture is being delayed because farmers have not completed the forms which were sent to them by mail.

Failure to complete the census questionnaire slows down the enumerators and greatly reduces the number of farms he can visit each day, and also materially increases the cost of the undertaking.

The information which farmers are being asked to supply is not only valuable to them in planning future operations but to business men who supply the farm market's needs. Agricultural leaders to whom farmers look for guidance and the agencies and organizations which serve agriculture.

The nation's taxpayers are footing the bill for the census taking job and anything which a farmer can do to speed up the work will reduce the cost. All farmers who have not completed the census questionnaire should give it immediate attention so it will be ready for the census taker when he visits your farm.

We received a truck load of lambs last week, which 4-H and F. F. A. boys will feed out for our county livestock show this

Knox Prairie Philosopher Comes Out With Improved Scoreboard To Take The Guesswork Out Of Football

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek discusses football this week, which we doubt he has any business doing.

Dear editor:

I know as much about football as I do Constitutional law or the life cycle of the boll weevil, but I've been noticing lately that more and more fans are coming away from football games each week unsatisfied with the results.

At any given game, you know beforehand half the fans are gonna come away unhappy over the outcome, and I never have figured out how an enterprise with such odds against it could survive. On the other hand, most winters I've never figured out how my cows could survive on the feed they've got, but somehow they make it.

A year or so ago I figured out a plan where both teams could win, everybody could come away from a game feelin' elated and the coaching profession would not be any more hazardous than farmin', but I never got anywhere with it.

I have been thinking about

J. A.

board, and it keeps their heads turnin' like it was a tennis game, while at the same time they keep an ear cocked to hear the public announcer's voice tell who carried the ball, who made the tackle, what the penalty was for, where the ball is now resting, etc., but under the plan I've worked out it wouldn't be necessary to watch the players at all. All you'd have to do is listen to the stadium roars and keep your eyes glued on the scoreboard. In addition to showing how many yards was just gained, what down it is, how many minutes left to play, etc., the scoreboard easily could be enlarged to show little moving electrical figures representing all the players on both sides, manipulated by experts in the press box, with each play accurately represented on the board, which would be in the form of a football field with yardage stripes across it, etc.

The electrical sign business is at such an advanced stage that showing players running up and down on a scoreboard shouldn't be any trick at all to achieve. If you think this idea has any merit, I offer it to you free. By the way, I have another idea worked out to allow fans from both sides to come away from every game a lot more satisfied than they are now, and I'll write you about it next week in case you're interested. May do it anyway.

Yours faithfully,
J. A.

football some more though—why shouldn't a farmer advise on football, everybody else advises farmers on farmin'—and was interested in readin' about a situation up in the East a few Saturdays ago. It seems the stadium time clock stopped during the middle of the game and the fans were almost helpless. Didn't know what down it was half the time, couldn't tell how many yards to go for a first down, and had a hard time finding out when the game was over.

This is a serious situation, but it can be overcome, and the angle I was thinkin' about is this: one thing football needs is more elaborate scoreboards. As it is now, fans keep one eye on the field and the other on the score

FARM-TO-MARKET PROGRAM FOR TEXAS TO BE INAUGURATED

The Texas Highway Commission has taken the first step to inaugurate a new two-year farm-to-market program for Texas. E. H. Thornton, Jr., Chairman of the Texas Highway Commission stated that the funds for this program are being derived from the Federal Aid Highway Act of 1954, matched with State highway funds on a dollar-for-dollar basis.

Palmer Massey, District Engineer of the Texas Highway Department at Childress has stated that the following farm-to-market roads in this area scheduled for work under this program:

In King and Knox counties from the present end of Farm-to-Market Road No. 143 northwest to U. S. Highway No. 82 at 6.0 miles west of the King-Knox County line, a distance of approximately 11.2 miles and in Knox County from Farm-to-Market Road No. 143 at 0.3 miles

west of Union Creek, southwest a distance of approximately 6.2 miles.

It was announced that work will begin on these projects just as soon as final planning is completed and right-of-way secured. Resident Engineer H. T. Cunningham, Munday, will be in charge of the work in this area.

Alfred Guinn of Wichita Falls visited his mother, Mrs. L. C. Guinn, and attended the school reunion over the week end.

LOCALS

Mr. and Mrs. Lee Haymes and Mr. and Mrs. Ray Willis of Knox City attended the Centennial celebration of the Methodist Church in Grapevine last Sunday. The church was organized 100 years ago by Mrs. Haymes and Mr. Willis' grandfather, Nathan Hudgens. There were 61 Hudgens de-

endants who ate dinner together. Eighty-eight year old Bishop Boaz, of Dallas, brought the message.

Mr. and Mrs. Elmer Cude and children were visitors in Wichita Falls last Sunday.

Mrs. Lillie Reed Terrell of Plainview spent the week end with relatives and attended the homecoming on Friday.

From where I sit... by Joe Marsh

Our Town Makes Good in New York City

Couldn't place a new subscriber named Clark, but I found out who they were last week when they dropped in *The Clarion's* office.

"We're native New Yorkers," Mrs. Clark said, "and all our friends there are originally from other places. We always felt left out when they talked about things 'back home.'"

"That's why we 'adopted' your town and to get all the news we subscribed to *The Clarion*. Now we have a 'back home' to talk about—and we think it's the most wonderful town there is!"

From where I sit, just about everyone thinks his own home town is best. Picking your town comes natural. The right to do this "picking," though, is what really counts. Whether it's a favorite town, a favorite cut of meat, or even a choice of a beverage—say between beer and buttermilk, it's respecting the right to this freedom of choice that makes a good neighbor. I hope you subscribe to that!

4-H ACHIEVEMENT DAY SET NOV. 13

November 13 is Texas 4-H Achievement Day, and the 120,000 Texas members will be reporting to the state on their activities and achievements for the year.

More than 18,000 Texas members are from urban homes. A broad program for youth development offers opportunity for study in many fields suited to

both urban and rural populations.

Besides ranching, raising crops, and livestock, cooking and sewing, the 4-H program includes such things as money management, safety, first aid, music appreciation, citizenship and entomology. 4-H members study electricity, home management, beautification of home grounds, forestry and recreation. Over 75 different projects are open to

4-H members.

Active in their communities, 4-H members appear on radio or TV programs or give a speech with poise developed through their training. They give demonstrations at the State Fair. Top 4-H youth in the state win trips to the National 4-H Club Congress in Chicago. Many attend the Texas Junior Leadership Training laboratory each year.

4-H clubs are based on the four-square development of head, heart, hands and health. Members try to follow the official 4-H Club Pledge "I pledge my head to clearer thinking, my heart to greater loyalty, my hands to larger service and my health to better living for my club, my community and my county."

Watch in your community for the observance of Texas 4-H Achievement Day.

WATER FACILITY AND CONSERVATION LOANS TO BE DISCUSSED

Representatives of the F. H. A. S. C. S., A. S. C. and the Extension Service have planned a meeting to explain the new water facility loans and soil conservation loans. The meeting will be held in the Grade School at Munday on Monday, November 8th at 7:30 P. M. W. J. Bryan, County Agent announced.

Public Law 597, 83rd Congress, makes available to farmers a new type of credit for financing soil conservation measures and extends the water facility loan program to the entire nation. Applications must be made to the local Farms Home Administration office and approved by the Soil Conservation Service.

The loans can be used to pay cash cost of materials, equipment, and services directly related to the application of establishment of soil and water conservation practices, water facilities, and drainage. Some examples are construction or repair of terraces, dikes, pasture improvement, tanks, cisterns, wells, pumping and irrigation equipment and similar measures.

Bryan stated that these loans should be a big help to farmers who are putting down irrigation systems, and he urged all farm-

BIRTH ANNOUNCEMENT

Mr. and Mrs. N. E. Riley are announcing the arrival of a son on September 20 at the Rice Memorial Hospital, Spicer, Minnesota. He weighed eight pounds and one and three-fourth ounces and has been named E. William Edmond. They have another son, Tommy, five. Grandparents are Mr. and Mrs. S. O. Riley of Munday.

Little Shari Lyn took her first outing when her parents, Mr. and Mrs. Keith Cartwright, and brother, Joel, of Abilene spent last Sunday in the home of her grandparents, Mr. and Mrs. J. O. Bowden last Monday and Tuesday.

Mr. and Mrs. Riley Brooks and children, Brooks and Josette, of Odessa and Mr. and Mrs. Jeff Bowden and daughter of Wichita Falls were guests of Mr. and Mrs. J. O. Bowden last Monday and Tuesday.

Miss Irene McClaran of Wichita Falls, who underwent minor surgery the first of the week is staying with her mother, Mrs. Ann McClaran, until Sunday.

Mrs. Genevieve Easley of Abilene attended the school reunion here last Friday.
