

## Kracker Krumb's Odds Bits Salvaged at Random

It was a wonderful sight, according to those who were present and witnessed the scene.

Nineteen tractors were going full force, their drivers and owners all of one purpose and intent—to help a neighbor who had experienced misfortune.

The tractors were assembled at the M. L. Jacobs farm last Monday morning. Mr. Jacobs had been ill for some time and was recuperating from a major operation at a Wichita Falls hospital.

His crop had, of necessity been neglected because he had been unable to take care of it.

So his neighbors pulled into his fields at around seven o'clock Monday morning. Three hours later, they had the crop completely worked out and they were ready to resume work in their own fields.

As the work neared completion, all 19 tractors were in operation in the same field. As they plowed the last rows and pulled out, one after the other, the activity made those present remark: "It was a wonderful sight!"

Those of the Jacobs family who were present had hearts full of gratitude for such wonderful neighbors. They did a big job, but with all working together the job was done in short order, and each had sacrificed only three hours from their own labors.

And we imagine Mr. Jacobs was overcome with gratitude when the news reached him as he lay in his hospital bed. There's not much better tonic for the sick than the knowledge that friends and neighbors care for him and are willing to come to his aid in time of real need. Such is the spirit of the Old West that has continued through the years and will continue as long as Christian people live neighbors to each other.

The 4th of July holiday week end is over—and we are grateful—not just because it's in the past, but because our community did not suffer one of those holiday fatalities.

When we read of the 434 persons killed in accidents from 6 p. m. Friday through midnight Sunday, we can't help but breathe our thanks that no one of our own little community was among them.

Many communities were not so fortunate, and their citizens experienced sorrow in the deaths that came during the Independence Day week end.

An Associated Press article on Tuesday summed up the nation's death toll during the week end as follows:

"More than 60 per cent of the toll—262 deaths—occurred in traffic mishaps. One hundred twenty-one persons were drowned; only one death was attributed to fireworks; 50 were killed in various other types of accidents, including shootings, fires, by lightning, electrocutions, and falls."

Death is everywhere, lurking on the highways, in the swimming pools, among the rocks of the hills and mountains, on the stairways—everywhere people become careless or overconfident.

Seeing the pictures of Drs. Heard and Taylor with the old buggy brought memories of our childhood and youth. We've traveled many miles in the wagon, in the buggy, and in the old family surrey.

Seemed people were more content in those days, because their scope of travel was limited. We couldn't think of going to Fort Worth or Dallas and then be there in a few short hours. A train trip back to East Texas was a major event for our family. In fact, it didn't happen but twice during our "growing up," and we were one of those to remain at home and take care of things while the others were away.

## County Relief Panel Is Named

In accordance with instructions received from College Station, a five-man committee to administer drought relief to stricken ranchers and farmers of Knox County was named in a meeting held in Knox City.

Ex-officio members of the panel are W. C. Pallmeyer, Knox County Agent, Hamp Jones, P. M. A. committee chairman from Goree, and W. A. Satterwhite, head of the Knox-Baylor-Throckmorton Farmers Home Administration.

These members named Jack Idol, Benjamin rancher and W. E. Braly, Munday banker, to serve on the committee with them.

The committee will act as a body to distribute the emergency cattle feed to those who qualify for assistance.

## George Key, 62, Passes At Olney

George Key, 62, Olney rancher, passed away Sunday night in an Olney hospital after suffering a heart attack late Sunday afternoon. He was the father of Dwight C. Key of Munday.

Mr. Key lived in Olney for the past ten years and had land holdings in Young, Archer and Knox counties. He was a former Archer County commissioner.

Other survivors include his wife and three sons, Edwin, Clifton and Floyd Key, all of Olney; four brothers, two sisters and three grandchildren.

Funeral services were held at 10 a. m. from Cumberland Presbyterian Church in Olney, with the pastor, Rev. L. C. Kerans, officiating. Burial was in Olney cemetery.

## Goree Doctors Honored In All-Day Celebration July 4

Hundreds of grateful people gathered in Goree on Saturday, July 4, to pay tribute to two doctors who have served three generations in their combined 100 years of practice in Knox County.

These two are Dr. E. F. Heard and Dr. W. M. Taylor, who as classmates received their M. D. degrees from Georgia College of Medicine and Surgery at Atlanta in March, 1902. Since that time they have had many experiences, served hundreds of patients and won the hearts of all whom they have served.

Last Saturday, more than 1700 gathered in Goree to express their affection and admiration in a program that consisted of several speeches, acknowledgments, the presentation of framed photographs, a barbecue dinner, a skit depicting the early lives of the doctors, and just visiting with old friends.

Probably a third of the people there had the breath sparked into them by one or the other of the two honorees. Dr. Heard delivered his first baby less than 90 days after he came to Goree, and his last one arrived February 28, 1953.

The event was a community affair. Everyone for miles around had a hand in making it a tremendous success, and fitting tribute to a pair of public spirited professional men, who had done more than minister to the physical ills of their community. A pair who became civic, cultural and spiritual leaders as well.

There were committees handling the various phases of the appreciation day activities, but you couldn't find out who the chairmen were, or who actually headed the celebration. It was one of those rare instances, where the entire populace was willing and eager to do whatever needed to be done, almost without being asked.

For instance, Pete Loran and members of his Rhineland Lone Star Band, both young and old, furnished music.

Mothers, daughters and granddaughters cooked, baked and made salads to go with the hundreds of pounds of barbecue and beans that were served to one and all. On one table alone there were over 80 pies, cakes and other pastries. And where the money came from to buy the barbecue nobody seemed to know.

The idea originated one day in April when the men of the Methodist Church were holding a meeting. From there on the momentum grew and grew until it resulted in an appreciation day program as well organized and conducted as it was deserved.

## A. U., Uncle Happy Hathaway, Beloved Local Resident, Passes At 96 Years

A. U. (Uncle Happy) Hathaway, beloved Munday resident for many years, succumbed to a fatal illness at 11 p. m. last Thursday night at the Knox County Hospital. He had received treatment at a Wichita Falls hospital since he became ill some two weeks before, then was returned to the Knox County Hospital to receive treatment from those physicians whom he dearly loved.

A man of strong constitution, Uncle Happy had been dangerously ill several times in recent years, and relatives thought the end was near, but he always rallied. An ardent fisherman, he would later be seen with a cane pole on his car, headed for some favorite fishing spot.

His Christian influence as a Sunday School teacher and a church worker has been felt by several generations. Sunday school teaching had been a major part of his life of 96 years. He was happiest with a group of youngsters gathered around him as he told the Bible stories and passed out gum drops, and many children whom he met on the street received these bits of candy.

As a boy of 17, he organized a class of youngsters in Louisiana, and his work with young boys fostered a close kinship with him remained long after they had children of their own.

Born in Devark, Ark., on September 4, 1856, Uncle Happy was 96 years, 9 months and 28 days of age. A Baptist deacon for 65 years, he never smoked, drank intoxicating liquors nor ate harsh foods. He had the distinction of being the only male member of the Women's Missionary Union, which he helped found. He was scoutmaster for more than 25 years, joined the church 77 years ago at the age of 19, and helped organize the first

They called it a "phaeton" in the Wichita Falls paper, but to us and to many who gathered to pay a tribute to Dr. E. F. Heard, and Dr. W. M. Taylor last Saturday that thing in the above picture was just an old-fashioned buggy. But it was a buggy when the doctors used it years ago. It is the property of Dr. A. A. Smith of Munday and was borrowed for Saturday's celebration.

About 10 a. m. Barton Carl mounted the rostrum to extend a welcome to the crowd that numbered approximately 1,200, but increased another 500 by noon. He then introduced Rev. S. E. Stevenson, pastor of the First Baptist Church, who offered the invocation and thanked God for blessing the community with two men of the calibre and ability of Drs. Heard and Taylor.

Following the death of his first wife, Uncle Happy was married to Miss Cora Elland on October 24, 1924, and the couple have made their home in Munday since that time.

Surviving him are his wife; two daughters, Mrs. Addie Layne of Munday and Mrs. Ivy McNeese of Wichita Falls; a step-sister, Mrs. H. A. Thompson of Dallas; four grandchildren and eight great grandchildren.

Funeral services were held from the First Baptist Church in Munday at 4 p. m. Friday, with the pastor, Rev. Huron A. Polnac, officiating. He was assisted by Rev. S. E. Stevenson of Goree and Rev. Charlie Powell of Crowell. Burial was in Johnson Memorial Cemetery under the direction of Mahan-McCaulley Funeral Home.

Pallbearers were Laland Hannah, Chan Hughes, J. O. Bowden, Winston Blacklock, J. J. Keel and M. H. Reeves.

## Masons Install Officers Monday

New officers for Knox Lodge No. 851, AF&AM, for the Masonic year ending June 24, 1954, were installed last Monday night at the regular stated meeting.

E. T. Goss of Seymour served as installing officer, and reviewed the duties and obligations of each new officer as he was installed. New officers are as follows:

Terry Harrison, worshipful master; E. L. Goolsby, senior warden; Levi Bowden, junior warden; W. E. Braly, treasurer; G. B. Hammett, secretary; H. D. Henson, tiler; E. R. Ponder, chaplain; Jimmy Henson, senior deacon; Bill Gaither, junior deacon; Fletcher Gates, senior steward; and Roddy Griffith, junior steward.

## Recreation For Teenagers Will Begin On Friday

A group of about forty young people of Munday gathered in the American Legion hall one day last week and whipped into shape the final plans for a recreational center for the youth of Munday, with the result that the first evening's entertainment will be offered on Friday, July 10, from 8 to 11 p. m. at the Legion hall. Various forms of entertainment will be available.

Joe Frank Bowley has consented to be on hand to call square dances, and for those who do not desire to dance, there will be a ping-pong table, and table games such as canasta, dominoes and checkers. The group will be adequately chaperoned each night the center is open.

The idea began around a drug store coffee table with a group (Continued on last Page)

### Library Adds 54 New Books

A total of 54 new books were checked into the shelves of the Munday Public Library this week by members of the library committee, thus adding materially to the reading pleasure of those who patronize the library.

Of these, there were 16 books of fiction and 38 for children and 'teen-agers. Still other books are expected to be added in the near future.

People of this area are urged to use the library for their enjoyment during the school vacation months.

### In Goree Meeting

Evangelist Merle E. Bryant of Center, Texas will do the preaching in the gospel meeting which begins Friday night, July 17, at the Goree Church of Christ.

Services will be held at 8 a. m. and 8:15 p. m. daily during the meeting, which will continue through Sunday, July 26. Song services will be under the direction of Elkin Warren and John Phillips.

The public is cordially invited to attend each service.

## Homecoming For Sunset People Held On Sunday

The Sunset Homecoming was held Sunday, July 5, at the Sunset school with approximately 600 attending. Classes from 1932 through 1949 were represented with Howard Myers serving as chairman.

Church services were held in the Sunset auditorium at 11:00 a. m. with Mart Hardin of Fort Worth doing the preaching. A basket lunch was served to more than 600 immediately after church services.

T. W. Harber of Dallas was speaker for the afternoon assembly. A short business meeting was held with officers for the following year being elected. Howard Myers was elected chairman and Drucilla Morton was elected secretary and treasurer for the next Homecoming which will be held in 1955.

Former teachers who were present for the Homecoming were Mrs. J. S. Shannon of Munday, Mrs. Cecil Burton of Seymour, Mrs. Arthur Owen of Salt Lake City, Utah, Mrs. Jack Krause of Fort Worth, Mrs. Otis Cash and Miss Exa Faye Hutton of Knox City, W. C. Kimbrough of Bowie and Ray Akin of Austin.

West Texas farmers are never too busy to help out a neighbor when sickness or misfortune strikes. They're ready to stop their labors in their own behalf and come to the aid of a neighbor, making his heart a little warmer toward his fellowman, bringing him thankfulness of heart instead of worry of mind.

Such was the experience of M. L. Jacobs, who farms the old Alec Branch place, and who recently underwent a serious operation in a Wichita Falls hospital.

Last Monday morning, his crop was badly in need of working, but Mr. Jacobs could do nothing about it from his hospital bed. His neighbors did, however.

At about seven o'clock, the neighbors started gathering with their tractors and soon there were a total of nineteen machines humming their tunes as the Jacobs crop was being thoroughly cleaned. Within the short space of three hours, the job was completed and the farmers were ready to resume work in their own fields.

Tractor owners and drivers who had a part in playing the "good neighbor" to Mr. Jacobs are as follows:

Thurman Guiley, Cecil Guiley, John Broach, Alonzo Cartwright, Earl Foshee, Tommy Proffitt, A. M. Searcey, Lynn Ford, H. H. Cowan, Floyd Warren, Earl McNeil, Henry Henson, Mr. Clark, J. C. Elliott, C. R. Elliott, Dwight Moody, O. D. McKennon, Arthur Smith, Jr., J. B. Tomlinson, Oscar Spann and his Mexican driver, Grady Tomlinson, J. E. Tomlinson and Austin Tomlinson.

## Rhineland Lady Making Midwestern's Tour In Europe

Miss Georgette Claus, daughter of Mr. and Mrs. Henry Claus of Rhineland, is one of the 20 persons, mostly from Texas, who are making the Midwestern University's tour of Europe this summer.

The twenty people and Miss Ernestine Bolin, Wichita Falls high school history teacher, who is escorting the group, met in New York at the Barbizon-Plaza Hotel on July 2. That night they held a get-together party, then sailed the next morning on the "Ithalia," a liner of the Home Lines which carries 1,000 passengers.

In England July 12-17, the group will visit London, Stratford-on-Avon, Oxford, Windsor Castle, Hampton Court, and the area surrounding London.

From England the tour will see Holland, Belgium, Luxembourg, Germany, Switzerland, Ithalia, Monaco (Monte Carlo), Paris and then back home.

Miss Claus received her B. A. degree from North Texas State College in Denton and her M. A. from Hardin-Simmons University. She did graduate work at the University of Colorado in Boulder and at Marquette University at Milwaukee. She has taught 12 years at Rhineland, and for the past four years was principal of Rhineland High School.

## Additional Rain Comes To County

Another booster for crop prospects and the end of the drought in Knox County came Tuesday night and Wednesday in the form of welcomed rain. No rain of drought breaking proportions has come as yet, however.

Munday received almost an inch, the official gauge of H. P. Hill, U. S. weather observer, registering .97. Portions of the county to the northwest, north and northeast received heavier amounts. Goree reported around two inches.

Rains also visited portions of the arid plains area Wednesday, although relatively light in most places. The heaviest was three inches at Spur.

The Goree cemetery association's regular meeting will be Monday evening, July 13, at 8 o'clock in the memorial building for business and entertainment. All are invited to attend.

### GRASS ROOTS OPINION

**DOVER, DELA. STATE NEWS:** ". . . we were guests at the meeting of the Dover Rotary Club . . . And we were greatly impressed . . . in the way that Larry Livingston . . . drove home a very essential message about our democratic way of life. Having just returned from a tour in Europe there was added conviction in the words of Livingston when he pointed out how business enterprise in this country, large and small, makes progress by working together. For this is really how the American dream of a better life comes true."

**BALTIMORE, MD., DAILY RECORD:** "It is unfortunate that the charitable instincts of the public should ever be taken advantage of by unscrupulous individuals, but there are plenty of instances where 'charity rackets' have gathered in a lot of dollars. The only safe thing to do if you are approached is to check with your local Better Business Bureau or Association of Commerce."

**GREENVILLE, TEXAS, EVENING BANNER:** "What of the future? Bayard L. England, president of Edison Electric Institute, says that air conditioning, dustproof and insect proof, will be as common as radio, and the push-button equipment will be more completely automatic than is dreamed of now. Thus the home manager will have still more time for community affairs and enjoying life. And perhaps, with those electric brain machines, the men will have time for extra activities—such as darning their own socks."

### MEDICINE IN 1952

The past year was "one of exceptional progress in medical science." That statement was made by Dr. Edward J. McCormick, who was recently installed as the 107th president of the American Medical Association. He cited several outstanding medical achievements, such as the progress made in developing a vaccine against all of the known polio viruses.

Going into the health picture as a whole, Dr. McCormick then said: "Today we find it necessary to review our estimates and definitions of old age and human usefulness."

"The horizons of medicine are unlimited! Research workers are making magnificent progress in all fields. Spectacular devices such as the mechanical heart and lung and the mechanical kidney demonstrate man's ability to ferret out the long hidden secrets of the human body. I can predict with confidence that the doctor of the future will do much of his work in the field of disease prevention."

One of the AMA's intensive current activities lies in expanding medical education—with private, not government, funds. Plans are now under way for the establishment of several new medical schools. To quote Dr. McCormick again, "The trend is away from centralized government dom-

### ONE THING IS CERTAIN

At various times, surveys have been conducted to find out what the general public thinks businesses earn in the way of profit. Some of these surveys have concerned retail trade. And it has been learned that many believe the typical retailer pockets as much as twenty-five cents out of each dollar spent with him.

The retailer would be a mighty lucky man indeed if that were true. But it isn't. In 1952, for instance, the nation's department stores, after taxes, averaged but 2.4 per cent of sales. In 1951 the figure was 2.3 per cent. In other words, every time you spend a dollar in a general merchandise store only a fraction more than two cents belongs to the owners. All the rest, almost 98 cents, goes for merchandise, wages, taxes, rents, and all the other costs that are an inescapable part of running a business.

Profits may be a trifle larger than this in the future, or they may drop even lower. But one thing is certain. So long as we maintain the free competitive system, profits will be moderate.

### OLD TRICK

Next time you hear someone damning the real or alleged shortcomings of American business, and demanding more government interference with the free enterprise system as the cure, it would be well to remember a recent statement by Secretary of Commerce Weeks.

This top-level official observed that, for more than 20 years, private enterprise has been "burdened by government, shackled by government, punished by government and then blamed by government for not performing as many miracles as it could have, had it been free."

It's an old trick of certain politicians to throw monkey wrenches into the wheels of progress and then blame everyone but themselves for the results.

### HAVE WE THE GUTS?

"False economy" is a budget cut you do not favor," says the Washington Daily News. That attitude has prevailed both in government and in the grass roots for many a weary year. And it is to a great degree responsible for our staggering national debt, our eternal deficits, and our our punishing taxes.

The great question now is whether we have the guts to accept and applaud economies in government that will affect us all—not just "the other fellow."

## THE NEW TESTAMENT CHURCH

There are two ways—the broad way which leads to Hell, and the straight and narrow which leads to Heaven. (Matt. 7:13-14).

Mankind has the right and freedom of choice as to which way he travels, but the consequences of that choice are inescapable.

### I. WHAT MUST I DO TO BE SAVED?

1. I must hear the word of God. (Rom. 10:14-18; John 17:17; John 8:32).

2. I must believe in Christ. (John 3:16; John 20:31; Heb. 11:6).

3. I must repent of my past sins. (Luke 13:3; Acts 17:30).

4. I must confess faith in Christ. (Matt. 10:32; Acts 8:37; Rom. 10:10).

5. I must be baptized (immersed) into Christ. (Rom. 6:1-4; Col. 2:12; Acts 2:38; Gal. 3:26-27; Mark 16:16; Matt. 28:19; 1 Pet. 3:21; Acts 22:16; Acts 8:36-38).

### II. WHAT CHURCH SHOULD I JOIN?

1. NONE. I cannot "join" Christ's church.

2. Let Christ ADD you to HIS church. (Acts 2:47) after you have believed in Him, repented of all sins, confessed faith in Him, and been baptized into Him. (1. Pet. 2:5).

3. There is only one New Testament church. (Matt. 16:18).

a. There is one Lord, one Faith, one Baptism. (Eph. 5:4).

b. There is one Head of the church. (Col. 1:18).

c. There is one body. (Eph. 4:4).

d. The church is His Body. (Eph. 1:22-23; Col. 1:18).

Therefore there is only one true New Testament church.

"If ye love me, keep my commandments." (John 14:15).

HAS THE LORD ADDED YOU TO HIS SPIRITUAL BODY—THE CHURCH?

### THE DWINDLING RAINS

Texas' below-average rainfall has had this result:

Feed crops and pastures are deteriorating over most of the state as moisture reserves run out. Dry conditions are now general over Texas.

Temperatures of 100 degrees and above have fired maturing feed and wilted late crops. In the west and northwest, dryland feed and cotton are barely holding on.

Early corn in the north and east has suffered. Late corn desperately needs rain. Plains area sorghums have been burned by hot dry winds and much of the acreage has been lost to blowing sand. Continued drought has hurt commercial vegetable crops in all areas.

Scattered showers have brought only temporary relief. Both surface and subsoil moisture is depleted in a great many areas.

What has been our rainfall

this year which has caused such a dismal picture?

The state's average rainfall is 45.37 inches. The last "good year" was in 1950 when the average was 40.22 of rain evenly distributed.

In 1951, the first onset of the present drought, only 27.23 inches of rain fell. The following year, 37.06 inches were received but it was poorly placed—most of it soaked East Texas and left other areas dry.

The most recent 1953 report revealed that we had received some 10.21 inches of poorly distributed rain. At the same time last year an average of 10.32 had fallen. The normal at this period of the year is 12.03 inches.

With the exception of one month, the Upper South High Plains area has gone some 33 months without receiving the normal amount of moisture. Some South Texas and Western Plateau states have been below average for 24 months.

Weather experts estimate it would take two months of "very wet weather" to restore some of these counties to normal crop and pasture conditions.

There is very little, if anything, that we can do to remedy

the situation. The farmer and rancher can only keep his eye on weather developments and make his plans accordingly.

Herbert Stodghill of Berger came in last Thursday night for a visit with relatives and friends here. Mrs. Stodghill and Johnny and Joan, who spent the past week with relatives here and at Goree, returned home with him Tuesday.

## BOYCE HOUSE

Great in war, Robert E. Lee was even greater in peace. Tendered a title and landed estate in England, he declined it; the presidency of an insurance company was offered him, with nominal duties and a salary of \$50,000 a year but that, too, was refused to share the fortunes of his beloved Virginia. He accepted the presidency of Washington University (now Washington and Lee) at a small salary, explaining that he had led the young men of the South in war and

now he wanted to train them for the battles of peace.

I once heard Russell Cornwell, the great Baptist preacher of Philadelphia, tell a story that I shall never forget. Dr. Conwell was a young officer in the Union Army. Some years after the war, he visited Washington University. It was during vacation or a holiday recess—at any rate, the halls were deserted. He wandered through the historic rooms and saw the desks where great Virginians had sat as students. At last, he approached an elderly man who was wearing work clothes and was setting out a tree on the campus and to him Dr. Conwell said:

"I have seen the classrooms where so many great men studied but I am about to leave disappointed because I have not seen General Robert E. Lee."

The old man straightened up slowly from his humble task and quietly said, "Sir, I am General Lee."

Another story that illustrates

## Underground Fairyland

MADISON, WIS.—Pretty Jean Kietl, studies reflections in underground pool in Gem Room of Wisconsin's famous Cave of the Mounds. This subterranean fairyland, 25 miles west of here, has attracted well over 1,000,000 persons in the 14 years since its discovery. Geologists claim the beautiful cavern contains examples of practically every type of limestone cave formation, and some rare shapes and colors of rocks not found in any other known cave.

the simple dignity of Robert E. Lee's character is that some years after the War between the States, he was walking along with an acquaintance from the North when they met an aged negro, a former slave, and the old colored man took off his hat and said, "Good mornin, Marse Robert." General Lee raised his hat and said, "Good morning, Sam." The visitor was astonished. He said, "You fought for four years on the Southern side to keep the negroes in slavery yet you take off your hat to one of them." Lee smiled as he replied, "I couldn't let an old darkey surpass me in courtesy, could I?"

Father Ryan, the poet laureate of the Lost Cause, penned a stirring poem entitled "The Sword of Lee":

Forth from its scabbard pure and bright,  
Flashed the sword of Lee!  
Far in front of the deadly fight  
High o'er the brave in the cause  
of Right

Its stainless sheen like a beacon light  
Led us to Victory.

Out of its scabbard!—never hand  
Waved sword from stain as free,  
Nor purer sword led braver  
band,  
Nor braver bled for a brighter  
land,  
Nor brighter land has a Cause  
so grand,  
Nor cause a chief like Lee.

Forth from its scabbard! how  
we prayed,  
That sword might victor be:  
And when our triumph was de-  
layed,  
And many a heart grew sore  
afraid,  
We still hoped on while gleamed  
the blade  
Of noble Robert Lee.

Forth from its scabbard! all in  
vain  
Bright flashed the sword of Lee;  
'Tis shrouded now in its sheath  
again,  
It sleeps the sleep of our noble  
slain;  
Defeated yet without a stain.  
Proud and peacefully,  
A united nation, a united peo-

## Weekly Health LETTER

Issued by Dr. Geo. W. Cox,  
M. D., State Health Officer  
of Texas

AUSTIN—The State Department of Health moved this week to make sure that all nursing and convalescent homes in Texas are looking after the health and safety of their elderly residents.

Acting under authority granted by the last legislature, the health department mailed licensing application forms to several hundred operators, all of whom must now conform to humane standards of operation or close their doors.

As state health officer, Dr. Geo. W. Cox, is administrator of the new licensing law. These are its terms:

Any establishment which provides food and shelter to four or more persons unrelated to the proprietor, and which provides services which meet some need beyond basic provisions of food and shelter and laundry, must apply for an operation license from the State Department of Health.

Hospitals, hotels and similar institutions are not included. Nor are homes conducted by or for adherents of a religious order who depend exclusively on prayer or spiritual means for healing.

Application fees have been set by the Legislature at \$25 per year, plus \$1.00 for each bed maintained by the home. Fees will be applied to paying administrative costs of the law.

The health agency has the authority to make inspections on homes and to revoke licenses for shoddy operation. Home operators can file grievance complaints in district court in any instance of unfair or arbitrary

ple today, we can all of us—North and South, East and West—cherish proudly the name and fame of Robert E. Lee.

treatment by the administrators of the law.

Dr. Cox, outspokenly in favor of the licensing law as a method of insuring proper treatment of elderly people in nursing homes, says "some homes in this state are little more than fire traps."

He adds:

"This is one condition we hope to eliminate. We will not tolerate unscrupulous persons in the

nursing home profession, not when the health and safety of disabled old folks are at stake."

Week end guests in the home of Mr. and Mrs. Emmett Branch were Mr. and Mrs. Tug Nesbett and son of Dallas.

Mr. and Mrs. Rhoades Allen and girls visited friends in Levelland over the week end.

On all these points of comparison...

Chevrolet's **farther ahead** than ever!

... IN NEW AND ADVANCED STYLING—The new long, low, sleek lines of the 1953 Chevrolet set new standards of beauty in the low-price field. Here you will see careful detailing and a richness of appointments always before found only in much costlier cars.

... IN HIGH-POWERED PERFORMANCE—The most powerful engine in the low-price field! The entirely new 115-h.p. "Blue-Flame" engine in combination with new Powerglide\* brings you new high-compression power and a wonderful gain in economy, too. In gearshift models you will find the advanced high-compression 108-h.p. "Thrift-King" engine.

... IN SMOOTH, SIMPLE AUTOMATIC DRIVING—Expect faster getaway with Powerglide's new automatic starting and passing range... and new economy, too. Chevrolet's new Power Steering\* takes over 80 per cent of the work of steering, makes parking unbelievably easy.

... IN ECONOMY AND VALUE—Now, you'll get many more miles out of every gallon of gasoline. You'll save on over-all operation and upkeep, too. Yet Chevrolet remains the lowest-priced line in the low-price field.

... IN AMERICA'S FAVOR—Again this year—as in every single postwar year—more people are buying Chevrolets than any other car. In fact, latest official registration figures show that Chevrolet is over 25% ahead of the second-place car. Nearly 2 million more people now drive Chevrolets than any other make.

\*Optional at extra cost. Combination of Powerglide automatic transmission and 115-h.p. "Blue-Flame" engine available on "Two-Ten" and Bel Air models only. Power Steering available on all models.

The thrilling new "Two-Ten" 2-Door sedan. With 3 great new series, Chevrolet offers the widest choice of models in its field.

MORE PEOPLE BUY CHEVROLETS THAN ANY OTHER CAR!

**SLEEP NEEDS TAKE PILE OF COTTON**

It takes a pile of cotton to bed America down for an evening's sleep.

The National Cotton Council reports that more than 1.2 mil- lion bales of cotton and more than a half million bales of cot- ton linters are required annually for slumber needs.

Sheets take 523,000 bales of cotton annually. Another 170,000 bales are used in bedspreads; 130,000 bales in blankets; more than 90,000 bales in pillowcases; and almost 6,000 bales in com- forters and quilts.

Nightwear for men, women and children consumes more than 200,000 bales annually.

Mr. and Mrs. Bobby Graham of San Antonio were week end guests in the home of her par- ents, Mr. and Mrs. S. G. Smith.

Miss Deneva Merrell of Mid- land were guests in the home of Mr. and Mrs. J. R. Counts over the holidays.

The age of mechanization has come to the Cotton Belt. The re- placement of men and mules by labor-saving machinery is one of the most significant trends in American agriculture today.

Mrs. Hathaway received a telegram from his friends there offering the family their sympathy at the loss of their loved one and their friend.

**Reed-Williams Wedding Rites Are Performed In Goree**

Miss Jeanette Williams of Goree became the bride of Lloyd Lewis Reed during a double ring ceremony performed on Satur- day, June 27, at the home of the bride's parents, Mr. and Mrs. Luther Williams, in Goree. The groom is the son of Mr. and Mrs. John L. Reed of Goree.

Rev. S. E. Stevenson, pastor of the First Baptist Church, officiated. The vows were exchanged as the couple stood before an arch of greenery flanked by baskets of white gladiolus against a background of palm foliage and white tapers in branched candelabra.

The bride, who was given in marriage by her father, was lovely in a floor length dress of white nylon net and lace over taffeta. She wore elbow length gauntlets of matching nylon and lace. Her fingertip veil was at- tached to a headress of net and satin completed with side clus- ters of orange blossoms. She carried a white Bible topped with white carnations and satin streamers.

Mrs. W. D. Putman of Wichita Falls, sister of the bride, was matron of honor. She wore a floor length dress of power blue chiffon and lace over taffeta and her corsage was of white carna- tions. Misses Geraldine Lambeth and Jackie Latham were brides- maids. Candles were lighted by Miss Josephine Williams, cousin of the bride, and Miss Glenda Mayo.

Musical selections were provided by Miss Dolores Mobley at the organ and Miss Jerry Pat- terson, vocalist, who sang "Al- ways". They wore ballerina length dresses of pastel net over taffeta and white carnation cor- sages.

John Lloyd Lambeth of Goree was best man and other mascu- line attendants were Don Robert- son of Waco and John Brown of Eunice, N. M.

Immediately following the cer- emony a reception was held in the home of the bride's parents. The refreshment table was cov- ered with a white outwork linen

cloth and centered with an ar- rangement of white carnations Mrs. John W. Yates and Mrs. Debbs Wilson of Seymour, sis- ters of the groom, presided at the crystal punch service and cut the three-tiered cake, which was topped with a miniature bride and groom. Miss Mary Coffman presided at the guest book.

The bride attended Goree High School. The groom attended Munday High School and spent four years in the U. S. Navy.

When the couple left for a

short honeymoon trip Mrs. Reed was wearing a tailored suit of tan nylon faille with white ac- cessories and a corsage of white carnations.

Mr. and Mrs. Reed will estab- lish residence in Oil Center, N. M., where he is employed by the Phillips Oil Company.

Mrs. Roy Rogers and Mrs. Jack Phillips and children, Jerry, James and Carolyn, of Quanah spent last Monday with Mr. and Mrs. Aaron Edgar and W. J. Bridge.

### Knox 4-H Rifle Team Competes At State Meet

The Knox County 4-H Rifle Team, composed of Ronald Hardin, Vera; Glenn Hale, Benjamin; Jimmy Roberts, Goree; and Douglas Beaty, Goree, took part in the State Rifle meet held in College Station on June 25th.

The boys were selected from a field of 60 boys who are members of the Knox County Junior Rifle Club, and were picked on the basis of high scores fired in practice meets. Two meetings were held for all club members, with the high members called together for the final selection. Travis Brown of Benjamin was named one of the winners, but as he was unable to attend the state meeting, the next high member, this being Glenn Hale of Benjamin, was selected as alternate.

The Rifle Club is affiliated with the NRA, with guns and shells being furnished by the Department of Army to promote rifle practice among the boys of the nation. Other meetings will be held this fall, thereby giving members a chance to qualify for marksmanship medals. The rifle range is located on the League Ranch, just north of the Rhineland bridge.

Rifle winners were carried to the meet by Bill Pallmeyer, Knox County Agent, with registration fee being paid by the Knox County Farm Bureau. On the return trip, the group spent one night fishing on Lake Whitney.

Mr. and Mrs. L. W. Hobert and Mr. and Mrs. Donald Hobert attended the funeral of George Key, father of Dwight Key, in Olney last Tuesday morning.

Mr. and Mrs. Leon Reagan and daughters, Dean and Ann, of Spur were Sunday guests in the home of Mrs. Reagan's mother, Mrs. Etta Webb. Dean and Ann remained for a visit this week with their grandmother.

Summer, with record breaking heat, arrived thirty days early ... and I've been working double hard to help you beat the heat!

... working to keep you and your family comfortable in spite of the abnormal heat ... working to keep the food in your refrigerators and home freezers fresh and wholesome ... keeping air conditioners, room coolers, and fans running full speed day and night.

Yes, when the temperature soars there's much, much more work for me to do in addition to my regular chores around the home ... work that I'm glad to do so long as it's helping you.

## News From The U. S. Congress

Congressman Frank Icard

WASHINGTON, D. C., July 2—Since Archer, Baylor, Clay Foard, Hardeman, Jack, Knox, Montague, Throckmorton, Wichita, Wilbarger, Wise and Young counties have been designated as being in the critical drought disaster area, the Government feed program should start functioning in these counties almost immediately. This feed program will be directed in each county by a Committee of five men, one of whom will be from the PMA who resides in the county, one from the Farmers Home Administration in the county, County Agent of the county, a representative rancher and a representative banker. The rancher and the banker who will serve as the County Agent, and the on this Committee will be select representatives of the PMA and the Farmers Home Administration. The duties of this Committee will be to screen applications for feed and to determine the need and receive orders. Already the surplus stocks of the Government have been released and the actual deliveries should be forthcoming almost immediately. The President has indicated that he would shortly announce some credit program that would make credit available to the stockmen in the drought area. The President, through the Secretary of Agriculture also announced that the Government will purchase substantial quantities of beef to be used by the Government in school lunch programs, by the military, and for sale overseas. It is hoped that these purchases will have the effect of stabilizing the market. Unless there are general rains throughout the Southwest, there no doubt, will be many counties added to the disaster area within the next few weeks. Unfortunately, the long range weather predictions announced for the next 30 days do not offer much relief from the drought before Fall.

There has been considerable speculation here just what will happen to the excess profits tax. All indications are that a bill to extend the tax will pass the House if it is brought out on the floor for a vote.

The Administration apparent-

ly had decided at one time to bypass the House Ways and Means Committee, which has had the extension bill bottled up for some time, by going directly to the Rules Committee and bringing the bill on the floor. However, at the last minute, this plan was abandoned and it was decided to send it back to the Ways and Means Committee. This Committee will meet again on July 8 or 9 and will probably consider this matter. There is still some question as to whether or not this Committee will report a bill out so that the House can vote on the matter.

The House and the Senate approved and sent to the White House a bill to authorize lower down payment requirements for FHA homes and to continue for one year most of the FHA mortgage program. Also the bill would continue for one year the authority for the Veterans Administration to make direct home loans to veterans and to give the FHA additional funds in its mortgage insurance account and rescinds the VA's order of May 18, banning discounts on GI home loan mortgages.

Congress also took final action on a bill that would create a 25-member Commission on Intergovernmental Relations to study the overlapping of the functions of state and federal governments. It is hoped that the studies of this commission will provide facts for legislation that will make possible the return to the states of many of the functions of government that are rightfully theirs. Also awaiting the President's signature is legislation passed by the Congress that will create a Commission to study operations of the Federal government with a view to determining ways and means to establish efficiency and economy in government agencies. Both of these commissions have a very fertile field for work, and I hope they will produce results to bring about a streamlining of our Federal government and the decentralization of governmental power generally.

Visitors from home this week were: Miss Mary Lynn DuBose, Miss Kay Rugeley, Mr. and Mrs. H. W. Tatum and son, John, Mr. and Mrs. Charley Stagg and children, Ensign and Mrs. Stanley L. Mowrey, Mr. Joe Ward, Mr. John C. Wilkinson, Mr. and Mrs. Ed Kadane and children, Mr. and Mrs. Elmer Parish and daughter, all from Wichita Falls.

## Our Terrible Thirst

If your town doesn't have to worry about its water supply, you're lucky. A lot of towns do.

Trouble is, some communities never dreamed that they might double and triple in size, that new industries would come to town, that citizens would use more water than ever before. We've reached the point where we use about 1100 gallons per person a day in the United States.

Yet why should water be short when 25 times our needs falls from the skies every year?

Unhappily, it doesn't always fall when and where we need it most. Many reservoirs were built with no idea that towns would grow so fast. And 75% of our communities rely on water from lakes and streams. Today many of these are polluted and require treatment before use.

When faced with a shortage, cities suddenly discover to their sorrow that new water sources take time to complete.

For years General Electric has contributed toward development of better and more efficient water-works equipment. This is not so unusual, since motors and other electric equipment are important in water systems, large or small.

Some of the things we've learned about water supply, and the related problem of water pollution, have been put together in motion pictures and booklets, prepared in cooperation with the U. S. Public Health Service. Any town fathers who are interested in what's available can write to General Electric, Room 123-2, Schenectady 5, N. Y.

## Knox Prairie Philosopher Highly In Favor Of A Bill To Allow Living Expenses Come Off One's Income Tax

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek obviously is on a wild goose chase this week, but there are certain charms about his proposal, even though he'll get nowhere with it with Congress.

Dear editor:  
It's customary I know to take pot shots at Congress, a man who can't find something bad to say about Congress any given day in the week just ain't tryin', but I read in a newspaper last night where the House of Representatives in Washington voted a measure which I take my hat to.

That is, I'll take my hat off to provided they extend the measure to take in the entire country.

The bill will allow a Congressman to deduct as legitimate expenses on his income tax whatever it costs him to live in Washington. As I understand this, Congress figures a Congressman's living expenses while he's in Washington are bonafide business deductions for income tax purposes, and if there ever was a step in the right direction, that's it.

It hasn't been the income tax rate that bothers people, it's the size of the tax itself, and the only reason the size is big is because the government doesn't allow a man to take off enough expenses.

Now under this new plan, provided its extended to everybody, not just Congressmen, a man could take off all his living expenses on his income tax report. Now we're getting somewhere. I figure if I try hard enough I can always make my living expenses come out to where

they exactly take up all my income tax, and under such an arrangement who cares how high the income tax rate goes?

But you take under the present system, it doesn't matter how far a man goes in the hole trying to make a livin', if he makes a paper profit he still has to pay an income tax, whether he's paid his grocery bill or not.

Of course, Congress may not intend to extend this new system to all the country, but I always say what's good enough for a Congressman ought to be good enough for me, and I figure my living expenses out here on my Johnson grass farm are just as important to me and the economic welfare of the country as a Congressman's living expenses in Washington, and I'm in favor of being allowed to deduct mine, too.

People who've been harpin on the necessity of cuttin down on the income tax rate have been workin on the wrong end of the problem. All we need to do is to increase the number of expenses we can deduct, and let the rate alone. Let me know the minute Congress extends this measure to everybody, as I sure want to come out even this year.

Yours faithfully,  
J. A.

## Said To Be Saddest Face In All History

NASHVILLE, TENN. — The face of Christ with his disciples at the last supper, as depicted by Leonardo da Vinci, is said to be the saddest face in all history. A new interpretation of that face is being seen by thousands of visitors to the newly consecrated Upper Room Chapel here.

The chapel, built in connection with the new headquarters building for The Upper Room, the world's most widely used devotional guide, features a great woodcarving of Leonardo da Vinci's Last Supper.

Hailed as a work of art with breath-taking beauty, it is hoped that it will inspire visitors to bridge the centuries and at least for a few minutes of meditation and prayer commune with Christ as he said: "This is my body which is broken for you." The chapel is open daily for prayer and meditation.

## LOCALS

Mr. and Mrs. Louis Cartwright returned last Thursday from a week's visit in Etterville, Mo., in the home of Mr. and Mrs. E. R. Lovvorn. Mrs. Lovvorn and Mrs. Cartwright are sisters. The Cartwrights reported they saw lots of pretty country and had a wonderful vacation.

Wayne Blacklock and San Antonio came in Friday for a week end visit with his parents, Mr. and Mrs. B. L. Blacklock. His wife and daughter, who have been visiting here the past week, returned home with him.

Mr. and Mrs. Billy J. Lain of Midland were holiday guests in the home of their parents, Mr. and Mrs. T. H. Armstrong and Mr. and Mrs. Fred Lain.

Mrs. J. O. Tynes spent the past four weeks visiting relatives and friends in Fort Worth and Springtown.

## LET'S TALK LIVESTOCK BY TED GOULDY

FORT WORTH — Movement of livestock around the major market circle Monday was 25,000 cattle short of a week ago and for the first time in many weeks the offering was below the comparable day a year ago. At Fort Worth, however, the cattle receipts were some 1,400 above a year ago, and calf receipts were 500 below a year ago.

The beef buying program launched by the government last week with purchase of 3,495,000

pounds of beef and gravy and 126,000 pounds of frozen boneless beef will require some 25,000 to 30,000 cattle per week to satisfy their demand for ten million pounds of beef per week. While this program has not been underway long enough to be felt in the trade, it was deemed certain to have a beneficial effect.

The buying side was aggressive Monday at Fort Worth. Fat calves were in keendemand, and butchers and packers took most of the offerings that were fat, leaving stocker buyers a relatively small percentage. Cows were another 25 to 50 cents higher. Compared with ten days ago, most cattle and calves are about \$3 higher, with some spots \$4 to \$5 over the low time ten day or two weeks ago. Fat steers were the exception, and selling steady with a week ago. Stockers and killers shared the better market for calves.

Good and choice fat calves \$16.00-21.00; common and medium \$10.00-16.00; culls \$7.00-10.00. Good and choice fed steers and yearlings \$17.00-23.00; with common and medium kinds \$10.00-17.00, and ranny yearlings \$7.00-9.00. Fat cows drew \$9.50-13.50, and canners and cutters \$6.00-9.50. Bulls cashed at \$7.00-14.00.

Good and choice stocker calves drew \$13.00-17.00, and stocker steer yearlings bulked at \$10.00-16.00. Stocker cows cashed at \$8.00-11.00.

Good and choice fat lambs drew \$18.00-23.50, and common, medium and good lambs sold from \$10.00-18.00. Culls sold

from \$6.00-10.00. Feeder lambs cashed at \$10.00-14.00, and feeder yearlings cashed at \$10.00-14.00. Cull yearlings \$6.00-8.00. Old wethers sold at \$6.00-8.00. Two-year-olds sold from \$7.00-10.00. Slaughter ewes drew \$3.50-4.50. Breeder ewes drew \$5.00-6.00. Old bucks \$2.00-2.50.

Hogs held to the season's highs. Top hogs drew \$26.00-32.50. Sows were steady at \$19.00-22.50. Pigs drew \$20.00 down.

Mrs. Dee Mullican and nephew, Danny Blackard, of Houston, visited Mrs. Mullican's father in Happy several days last week.

### VERSATILE COTTON!

The 1953 Maid of Cotton, Alice Coet of Selma, Ala., shows how versatile cotton can be when she wears this fashionable ensemble made from bedspread cottons. Toni Owen, noted New York designer, used Bates sculptured bedspread cotton for the camisole and heavy cord bedspread cotton for the full skirt and trim jacket.

Mrs. Virginia Shirley and son, Jackie, of San Antonio were guests in the Hathaway home during the serious illness of Uncle Happy.

Marvin Warren of Plainview spent last Thursday and Friday here with his parents, Mr. and Mrs. S. J. Warren.

Mrs. W. E. Maddox of Lubbock visited Mr. and Mrs. L. Lansford and other relatives over the holidays.

Johnny Jones is spending this week in Wichita Falls with Mr. and Mrs. Bill Moore and Beth.

Dr. and Mrs. E. O. McClellan and son visited over the holidays with Mr. and Mrs. W. F. Straw on their ranch near Wichita, Kansas.

Howard Layne of El Paso, Mrs. C. O. Layne of Beaumont, and Mrs. Ralph Layne of Baumholder, Germany were guests in the home of Mrs. Addie Layne over the week end and attended the funeral of Uncle Happy Hathaway.

A/3c William L. Martinez left Saturday for Castle Air Force Base, Merced, Calif., after spending a 2-day furlough with his parents, Mr. and Mrs. Dan Martinez.

Mrs. Aline Koenig and sons, David and Robert, of Oklahoma City, spent the Fourth with her parents, Mr. and Mrs. Walter Bevers.

To keep gold and gilt-painted picture frames bright, rub them lightly with a soft cotton cloth dipped in vinegar.

### Recreation For—

(Continued from Page One)

of interested mothers discussing the possibility of bringing to reality a dream long in the hearts of young people and many parents of Munday, that of creating a recreational center open to all young people of the Munday area. The American Legion kindly made available their hall for the center, whereupon using the fastest communication system known to man, the mothers spread the word via the grapevine that all interested young people assemble in the meeting place to formulate the final plans. Having laid the groundwork, the mothers faded into the background and the boys and girls took over.

Electing Gary Offutt as president of the organization, he presided over the election of the other officers, who are: Gene Haynie, vice president; Bera Faye Spann, secretary; Loretta Floyd, treasurer; Shirley Guinn, reporter. The motion was made and carried to assess each participant of the center one dollar per month or 25c each evening in order to accumulate funds for needed equipment. The group will make their own rules under the supervision of a house committee composed of E. B. Littlefield, commander of the American Legion, Mrs. F. T. Offutt, Mrs. Bruce Burnett, and Mrs. D. C. Elland

### Goree Doctors—

Heard came to Goree recalled the two doctors' younger years and the manner in which they had won the hearts of the village that was then only 32 years old.

Homer Moore, another oldtimer, told about Dr. Heard accepting a buggy load of horse feed in payment for the first professional call he made at the Moore home. Then regaled the crowd with an anecdote regarding Dr. Taylor's first call in an automobile, when he ran out of gasoline and asked the boys for kerosene. "We were telling him we didn't have any, when Ma came out and said 'Boys, run up there to the porch and bring Doc some of that coal oil.' Seemed as how the boys had trouble understanding the newly arrived Georgia cracker.

An example of the young Georgian's difficulty with the Texans' dialect was portrayed in a skit written by Mrs. Homer Moore and narrated by Mrs. Dorsey Rogers. In it the doctors withheld noodle soup from a bed-ridden patient because neither of them knew what noodle soup was. But they knew he "hadn't oughta have it." The action was pantomimed by Bill Rogers, playing the part of Dr. Taylor, Gordon Moore was Dr. Heard. The part of the patient was played by Ward Cooksey, and Mary Catherine Coffman was the wife, Jerry Bradley rushed into the act, carrying a "jug" of ether.

The "doctors" arrived in a 50-year-old horse drawn phaeton, loaned for the occasion by Dr. A. A. Smith, who has practiced in nearby Munday 48 years.

Mrs. J. U. Fields, Haskell club woman, described the doctors as a "pair of Georgia peaches" as she told of the part they played in developing the cultural aspects of Goree community life. "When I came here to help organize the first women's club, the meeting was held in Dr. Heard's home, and I was a house guest of the Taylors," she said.

Dr. P. K. Smith, of the Wichita Falls Clinic Hospital, spoke for the medical profession as a whole, declaring that he had found that the entire town of Goree and surrounding country had "been 'spoiled' by the expert, yet loving care" of the honorees.

Dr. J. G. (Pat) Heard, a Houston nephew, paid tribute to the uncle who not only gave him his nickname, but in conjunction with Dr. Taylor, furnished the

inspiration and set the example that prompted him to follow in their footsteps. Members of the TriCounty Medical Association and other physicians and surgeons from Wichita Falls, Lubbock, Fort Worth and Dallas were also on hand to pay their respects.

In responding to the tributes paid them, each doctor paid homage to his wife in terms used only by those who have enjoyed the utmost of marital bliss, and in turn each acknowledged his appreciation for the honors paid them. Said Dr. Heard, "I know now why doctors' customers are called 'patients.' You have to have patience to put up with us." Dr. Taylor claimed he had to keep asking himself, "Is this I about whom they are talking?" and assured his friends that they, too, had been more than generous "and have always given us all the help we needed whenever you were asked."

As the noon hour approached Orb Coffman unveiled a large frame portrait of each honoree. In a brief tribute he announced that they would be hung in the

town's memorial hall, with a bronze plaque bearing the doctor's names, and reading, "In loving tribute to him, this portrait is affectionately presented by his home town, Goree, Texas, July 4, 1953."

Then the thousands filed by the tables piled high with home made foods and barbecue to spend the rest of the day recounting personal demonstrative of the doctors' succoring hand in time of trouble, sickness and death.

Mack Tynes presided during the afternoon, interviewing the doctors' wives, who have also played important roles in the community. Further tribute was paid the honorees by the following:

Pete Loran of Rhineland, J. H. Bardwell of Munday, Ross Madole of Dallas, Fred Thurman of Atlanta, Ga., and Ross Bates of Goree. In conclusion, Pete Beecher expressed thanks to everyone for their cooperation.

It was a small town's way of showing that the heart of humanity is big, and its gratitude runs deep and sincere.
