

Kracker KrumbS

Odds Bits Salvaged at Random

They struck us right at press time, and when we were trying to whip the deadline.

Consequently, we missed a very good meal and an hour of fellowship with the goodwill group from Abilene who visited here Thursday.

On top of trying to whip the deadline, we were trying to get a little ahead of it so we could take off for three days city life and the State Fair of Texas.

But all those boys who called on us about 12:15 Thursday, although expressing regrets that we couldn't eat with them, sort of knew our situation. They were all newspaper people or exes who knew something of the weekly editor's trials and headaches.

First to drop in was A. B. Shelton from the business office of the Abilene Reporter-News.

He was closely followed by Don Sealey of Abilene Chain Link Fence Company, who said he'd put in some newspapering with Willard Jones at Snyder.

Then was our friend, Jimmie Martin of the West Utilities Company, who came from a family of newspaper people and is still in the game as editor of the company's magazine, Electric Times.

The September issue of this magazine carried a nice picture of Munday's newest employee of West Texas Utilities Company—Miss Peggy Armstrong, a 1953 graduate of Munday High School, who is now serving as cashier in the Munday office.

After a short, but enjoyable, visit these boys went on to the school cafeteria, leaving us out and snatch a bowl of beef and vegetable stew, continue our mailing operations and get off to the city.

Others in the Abilene group called on people of their particular, or kindred, trades—and it was a right nice visit for all of them.

Well, at the city, we got into our annual jam of humanity at the fair, also in going to and coming from the fair grounds.

We were also one of the 75,000 who jammed the Cotton Bowl to see the Texas Longhorns take another licking from the Oklahoma Sooners.

Lots of people—and it's especially true among Dallas residents—had rather watch the game over T.V. than to buck the crowds at the Cotton Bowl. But to an old country boy, it's something to be able to view the colorful scene of that huge bowl filled with people—to say nothing of being able to see what is sometimes our only college football game of the year.

Lots of people, other than football fans, were at the fair, too. Records showed around 180,000 people going through the turnstiles during the day—which was about 40,000 short of last year's opening day.

By 8:30 that evening, our group was ready to rest their poor aching feet for a while, so we took a seat in the cool auditorium and really enjoyed the Ethel Merman Show. Besides the restfulness of a soft cushioned seat, we saw what we deemed the best auditorium show at the fair in several years.

Since it was press day, our football tickets were compliments of the fair association; the Ethel Merman Show was compliments of our wife; a good meal at the Western Hills Hotel in Fort Worth was compliments of Mrs. H. F. Jungman, so all Herman and the editor had to do was worry about the hotel bills, auto expense, the other meals and those little miscellaneous things that weren't very complimentary to either pocket-book.

But, shucks, such a life is too "high falutin'" for a country editor, so we had to come home and start the usual grind again!

Moguls Blank Knox City Team 25-0 On Friday

A record crowd was on hand last Friday night to see the Moguls shut out the Knox City Greyhounds 25-0 on the Knox City field. It was a continuation of the friendly athletic competition which was renewed last year after Knox City had been out of 11-man football for several years.

As they held the Greyhounds scoreless, the Moguls chalked up scores in three quarters.

First score of the non-conference football tilt was by William Alfred, right guard, cut to his right for 21 yards and a touchdown in the first quarter. Glen Amerson, quarterback, converted.

Alfred ran around his own right end for the Moguls' second quarter, but try for extra point was no good.

It was Alfred again in the third quarter, who swept left end for six yards. Try for extra point hit the goal and bounced back.

The Moguls scored again in the third quarter on a pass play from Amerson to Gene Haynie, which was good for 35 yards and a touchdown. Try for extra point was no good.

Knox City's top defensive men were Bob Jensen, right tackle; Leonard Burt, halfback, and James Jackson, center and line-backer.

Munday's top defensive standouts were Fred Lang, left tackle; Gray Cure, right tackle, and Amerson.

Newest Attraction, "Lili," Is Coming To Roxy Theatre

"Lili," new M-G-M attraction coming to the Roxy Theatre screen, Tuesday, Wednesday and Thursday, has stars, romance, music, color, a quartet of puppets sure to steal the heart of youngsters from six to sixty—and two ballets to dance you to the clouds.

Leslie Caron, Mel Ferrer and Jean Pierre Aumont, with Zsa Zsa Gabor and Kurt Kaznar, take you into the wondrous world of the French carnival to frolic with four lovable, impudent, fascinating characters, each with a heart of solid-wood! They are Carrot-Top, a red-headed gentleman; Marguerite, a French coquette who insists there's a man for every girl smart enough to hold him; Golo, a simple soul; and Reynardo, a wolf in fox's clothing.

In the title role of "Lili" is Leslie Caron, who danced her way to stardom opposite Gene Kelly in the Academy Award winning "An American in Paris." As the puppeteer who burlesques his unhappiness in the wood-end figures of the characters he creates is Mel Ferrer.

Rhineland Couple To Observe Golden Wedding Anniversary

Mr. and Mrs. Anton Brown, resident of Knox County for many years, will observe their golden wedding anniversary on Wednesday, October 21, with their children being present to assist in the observance. Invitations have been mailed to many close friends and relatives.

The observance will begin with Holy Mass at 8 a. m. at St. Joseph's Catholic Church.

Open house will be held at the Brown home between 1 and 3 p. m. Wednesday, with a reception to follow at 5 p. m.

Cude Gets Rest Period In Japan

KOKURA, Japan—Cpl. Charles R. Cude, son of Mr. and Mrs. E. J. Cude of Munday, recently spent a week in Kokura, Japan, on rest and recuperation leave from the 4th Signal Battalion's Company in Korea.

Each morning hundreds of American soldiers are flown from the battle-racked peninsula to one of Japan's modern cities, where they stay at the best hotels and enjoy many luxuries unobtainable in Korea.

U. S. O. Campaign Opens Thursday

Knox County today opened its 1953 campaign for the USO. County Chairman M. L. Wiggins announced that within the next few days the county will seek to raise its proportionate share of \$790.00 of the Texas goal of \$790,000 of the Texas goal of \$7775,000.

"We can no longer think of our boys and girls serving in the uniform of our country without thinking of the wonderful job which USO is doing in their behalf," said Mr. Wiggins. "The USO, actually, has become an important part of our Defense Forces."

"Since our Universal Military Training law will continue to drain off our young people and send them on duty in many parts of the world, we cannot afford to let them down in any part of our defense—and that definitely includes USO," the County Chairman said.

USO now has 277 units in operation, 19 of these overseas, and not to be overlooked—20 are located right in our state of Texas.

Notes From Knox Farms, Ranches

By W. J. Bryan, Knox County Agent

I have heard a lot of pro and con about irrigation in Knox County since I have been here, some think it is very good and some would be happy if they had the money back they invested in their irrigation equipment.

I was talking with Clyde Taylor at Munday the other day and he is definitely sold on irrigation. Clyde harvested 3,350 pounds of grain off his irrigated combine maize, and he said that similar land nearby not irrigated yielded only 1,200 pounds per acre.

Clyde said there was a time when he wanted all the land that joined his, but now he has changed his mind. He says that even this year with a fair to good crop on his dry land that 155 acres of irrigated land will make him more clear money, considering equipment, labor, fuel, etc., than 400 acres of dry land.

I think the thing we must watch in irrigation, or any other practice as far as that goes, is will the dollar invested pay more than a dollar in return.

I am sure there is some land in Knox County that will pay off under irrigation and proper management, and I am also sure that there is other land that would not be profitable to try to irrigate.

I would suggest that anyone who thinks they are interested in irrigation, check very closely with the Soil Conservation Service before starting out on the project.

The District Sear's Gilt Show was held in Iowa Park Saturday. Two Knox County 4-H Club boys exhibited their hogs there. For this show all the boars and the County Champion gilt from each of the counties in the Wichita Falls store area were exhibited.

Charles Jennings of Benjamin, won the Knox County show and his gilt placed 4th in the District Show. Clarence Decker of Rhineland has the boar for Knox County and his boar placed 3rd in the District Show.

Since only the County Champions were exhibited at this show the quality was very good. Mr. J. A. Scofield, District Extension Agent, said the gilts were the best that had been exhibited since the program was started ten years ago. He said that we could well be proud of the job the 4-H Club boys have done.

THE WATSON ADDITION

Goree has added one more person to its population. She is Marsha Carol Watson, daughter of Mr. and Mrs. J. C. Watson. She made her appearance at the Watson home on September 29, weighing 7 pounds and 13 1/2 ounces, and a very hearty welcome was awaiting her.

Grandparents are Mr. and Mrs. J. M. Watson and J. L. Cloud, all of Goree.

A Group Of Local Future Citizens

Here are some of Munday's future citizens whose pictures were made by Winston B. Lucas, of Irving, in a recent photo contest. They are:

Top row, Cloyce Mitchell, daughter of Mrs. Odie Mitchell; Susan Matthews, daughter of Mrs. H. D. Matthews, Jr.; Deborah Lea Kegley, daughter of Mrs. L. T. Kegley.

Mid-row, Dowell and Vickie Matthews, children of Mrs. H. D. Matthews, Jr., and Don Kegley son of Mrs. L. T. Kegley.

Third row, first name not given; Henry and Frieda Pope, children of Mrs. F. W. Pope.

Prize winners: First, Cloyce Mitchell; second, Susan Matthews; third, Deborah Lea Kegley.

Knox County Hospital Notes

Patients in the Hospital Monday, October 12th:

Juan Solis, O'Brien; Mr. Ted Clary, Knox City; Mrs. J. C. Elliott, Goree; Mrs. Alvin Michalik, and baby daughter, Munday; Mrs. Isabel Cruz and baby son, Odum; Mrs. Ray Martin, Goree; Mrs. Troy Lindsey and baby son, Munday; Mrs. Joe Burks and baby son, Knox City; Mrs. O. N. Smith, Munday; Mr. Hollis Gidcock, Knox City; Mr. W. D. Thomas, Knox City; Mr. Jack Edwards, Knox City; Mr. Ed Hackfield, Knox City; Mrs. Clarence Thompson, Munday; Mr. F. J. Redder, Munday; Jerry McMinn, Knox City; Mr. J. H. McAfee, Munday; Ramirez Reyes, O'Brien; Salgado Fernandez, O'Brien; Cona Venegas, O'Brien; Lujne Cabera, O'Brien; Guardo Lujne Cabera, O'Brien; Guardo Rodriguez, O'Brien; Mrs. Mario Soto and baby, Rochester; Helen Sanchez, Knox City; Mrs. T. H. Tanner, Rochester; Carolyn Capers, Knox City.

Births: Mr. and Mrs. D. R. Fletcher, a son, Knox City.

Mr. and Mrs. Pate Meinzer, a son, Knox City.

Mr. and Mrs. Joe Burks, a son, Knox City.

Mr. and Mrs. Troy Lindsey, a son, Munday.

Mr. and Mrs. Isabel Cruz, a son, Odum.

Mr. and Mrs. Alvin Michalik, a daughter, Munday.

Mr. and Mrs. Mario Soto, a son, Rochester.

Mr. and Mrs. E. D. David of Lamesa were guests in the home of her parents, Mr. and Mrs. E. E. Akers last Sunday and Monday. The Akers and the Davids visited relatives in Seymour during that time.

P-T-A VOTES HALLOWEEN CARNIVAL AS USUAL

At a call meeting of the local P-T-A on Thursday, October 1, it was voted unanimously to sponsor the traditional Halloween Carnival for the schools again this year, the proceeds of which will go toward building the swimming pool for Munday. Mrs. Bruce Burnett was appointed to head a committee from the P-T-A to effect a liaison between other civic organizations toward achieving this goal.

Among other business completed at this meeting was the unanimous approval given to the selection of Gary Offutt to attend the Traffic Safety Council in Austin. P-T-A president, Mrs. Clyde Taylor was also selected to attend the State Convention of the P-T-A in Austin in November.

Abilene Attorney To Speak Here For Laymen's Service

N. Alex Bickley, outstanding young attorney from Abilene, is to be the Laymen's Day speaker at the First Methodist Church in Munday on Sunday morning, October 18. Laymen's Day is designated for special observance by all the forty denominations of the National Council of Churches to call attention to the work of laymen in the church and to challenge laymen to accept greater responsibilities. The theme for the day and the topic for Mr. Bickley's address is "Christ Calls Men". The observance of Laymen's Day in the local church has been planned by the Church Lay Leader, Moulton Wiggins, who will conduct the order of worship and present Mr. Bickley.

Mr. Bickley is one of the really outstanding Christian laymen of this area. In 1946 he was elected as the outstanding young man of the city of Abilene. In 1949 he was president of the Junior Chamber of Commerce. At the present time he is doing an outstanding piece of work serving as Church School Superintendent of St. Paul Methodist Church, the largest Methodist church in this area. He is the city attorney for the City of Abilene, member of the executive committee of Boy Scouts, member of the Rotary Club and the Speakers Club. During the second World War he served as commander of a submarine and was recently commander of the Abilene Naval Reserve Division. Mr. Bickley is a former McMurry College student and has served as president of the Alumni Association. He is married and has three children.

Mr. Bickley will be speaking at the eleven o'clock service and the general public is cordially invited to hear him.

Laymen's Day activities will be concluded at the local Methodist church at the evening service, 7 o'clock, when the Methodist Men's organization will furnish a special choir. The pastor will preach on the theme "The Church Calls Men."

Oil Activities

Skelly Oil Company scheduled a 6,100-foot wildcat in southern Knox County last Monday. It is the No. 1 H. J. Michels, three miles southwest of Munday and four miles east of Bend conglomerate production.

Mrs. B. V. Blackwell, Jr., of Amarillo and Mr. and Mrs. Wayne Couch of Big Spring were week end guests in the home of Mr. and Mrs. Doris Dickerson and attended the Weinert School Homecoming.

Abilene Businessmen Visit Here On Thursday, Lunch With Local People

Highway Repairs Slated For Area

The right of way for widening Highway 277 in Baylor County has been secured, and the State Highway Department is expected to let bids for widening and improving the heavily traveled road between Munday and Seymour in October, according to an article in a recent issue of the Baylor County Banner.

The Banner pointed out that the highway from Wichita Falls to Abilene had been widened and improved except from Seymour through Munday to the Haskell County line. Plans call for the pavement to be widened from 18 to 24 feet, with the crown of the road being 40 feet across.

The Knox County Commissioners Court, according to the article, is doing the preliminary work to get the portion in Knox County ready for the rebuilding work.

In Marine Corps

Bobby Ray Cumba, 17, an enlistee in the U. S. Marine Corps on October 2, has arrived at San Diego and has started his boot training. He is the son of Mrs. Jewel Russell of Seymour and Jess Cumba of Munday.

Bobby is a former employee of Broach Equipment in Munday.

Radio Stars To Be On Program Here On Monday, October 19

Stars from Radio Station KWFT will appear on a program here Monday night, October 19, which is sponsored by the Munday Home Demonstration Club. The program, which will be at the school auditorium beginning at 8 o'clock, will feature the Stamps Ozark Quartet, Bill Mack and Dixie Boy Jordan, all of whom appear daily on the radio station.

Club ladies extend a cordial invitation for everyone to attend. Admission will be 50 cents for adults and 25 cents for children.

Claude Reid Heads Exes At Weinert

Claude Reid, prominent area farmer, was elected president of the Weinert Homecoming at the annual gathering of ex-students of Weinert school during the week end. Mrs. V. C. Derr was named secretary and Mrs. R. C. Liles treasurer.

Four hundred and eighty guests registered during the day. They came from various parts of Texas and from Colorado and New Mexico.

Weather Report

A group of Abilene businessmen, on a tour of Jones, Haskell and Knox counties, stopped in Munday last Thursday and played host to a group of local people at lunch in the high school cafeteria.

The party, traveling in a chartered bus, made stops at Anson, Lueders, Stamford, Munday, Knox City, Rochester and Rule during the day's itinerary. Besides spreading good will for their city, the trip enabled the visitors to become better acquainted with people of neighboring towns.

When the bus stopped in Munday, the group scattered and paid visits to a number of Munday firms. The luncheon was held at 12:45, with the following Munday people as guests:

A. H. Mitchell, E. B. Littlefield, Wallace Reid, Albert Loran, W. E. Braly, Lee Haynes, J. K. Jackson, Moulton Wiggins, Weldon Smith, W. C. Cox, E. W. Harrell, M. L. Raynes, Earl Hughes, J. C. Borden, L. B. Patterson, Bud Nelson, Estell Sharp, Russell Penick, Worth Gafford, Mrs. J. R. Rogers, Terry Harrison, Dick Atkinson and J. D. Gillespie.

Four McMurry College co-eds entertained the group here during the luncheon with musical selections.

After an enjoyable hour spent here, the group continued on toward Knox City on the last leg of their day's tour.

Moguls To Rest Before Remainder Of District Play

Coach Vernon Leverette says Moguls will take a well earned rest on Friday night of this week before continuing the remainder of hard games in the conference schedule.

Possibly many of the local team will be taking trips Friday night to see some of the other conference teams, their future opponents, in action. Some will likely be seeing their next foes, the Albany Lions, in a game, Munday and Albany meet on the local field on Friday night, October 23.

Remainder of the Mogul schedule includes Roby there on October 30, and the three last games at home: Roscoe on November 6, Haskell on November 13 and Merkel on November 20.

P-T. A. Sponsors Local Boy For Driving School

In order that he might teach the safe-driving code in the local school, the Munday P. T. A. selected Gary Offutt as representative to the meeting in Austin this week, paying his expenses on this trip. He was accompanied by Waymon Pistole, assistant coach.

Safety experts and high school leaders were in charge of the meeting, which was for the purpose of analyzing ways of reducing accident rates and improving the safe driving records of youngsters.

Those attending the conference heard a panel discussion aimed at emphasizing the importance of each participant's enlisting the aid of others in working for greater traffic safety. Sponsors of the conference hope to work out a system of district and community workshops to follow this statewide meeting.

ANOTHER BOY FOR THE TROY LINDSEY'S

It's a new boy in the Troy Lindsey home—and is that Jerry, the 15 year old brother, proud of that new arrival? He thinks it's terrible, 'cause they let him cry.

Gregory Allen made his appearance at the Knox County Hospital on Friday, October 9, at 9:35 p. m., weighing nine pounds and eight ounces. Some boy—could be a Mogul in the making! Both Mrs. Lindsey and Gregory are doing fine.

 of Congress, March 2, 1879.

PUBLIC SERVANT NUMBER ONE

Many Texans are overlooking a faithful and efficient service which is being given them every day. In this modern society of ours we have many public servants, but these servants are not government employees and they are not another expense for your tax dollars. Who are they? They are your school safety patrols.

You've grown to take them pretty much for granted, haven't you? You shouldn't especially if you have children in school. Do you actually realize what they mean to you? They guide your children back and forth across the street each day. They prevent the motorist from having to run the hazard of children darting across the street and possibly right under the wheels of your car.

Their job is just as important and is done just as efficiently as the traffic officer at a downtown intersection. There are not enough local traffic officers to handle the school traffic problem, so these children, both boys and girls, form a vital link in your community's traffic safety effort.

The Texas Safety Association points out that these children, both boys and girls, from a vital they enjoy it. They would also take pride in some individual praise from you. Is your child a member of the safety patrol? Have you thanked him or complimented him on the job he is doing? Even though your boy or girl is not on the patrol, or even if you do not have children in school, you, as an individual citizen, should let them know that you are aware of their good work and appreciate it.

In many instances, the school cannot afford to buy the equipment or replace worn out equipment for these children. Don't you think the purchase of belts, raincoats, and caps for the patrol members would be a good project for your civic or service club? Everyone likes to be recognized for a job well done—THEY do, too.

The next time you pass a school patrol, think of what it would be like if they were not there. Remember they are protecting the life of some of your friends or loved ones. Support them—let them know that YOU are proud of them.

MARSHFIELD, MO., MAIL: "Many people have the idea that when anyone opposes the closed shop or the union shop (which is the closed shop in disguise), he is opposing unionism. Such a conclusion is not true at all. There is as wide a gulf between unionism and compulsory unionism as there is between freedom and slavery."

The Munday Times is Democratic, yet supporting only what it believes to be right, and opposing what it believes to be wrong regardless of party politics, publishing news fairly, impartially.

NOTICE TO THE PUBLIC: Any erroneous reflection upon the character, standing, or reputation of any person, firm or corporation which may appear in the columns of this paper, will be gladly corrected upon due notice being given to the publisher, at the Munday Times office.

THE KEY TO PEACE

In 1941, the Laymen's National Committee, a strictly non-sectarian organization, first sponsored National Bible Week. The idea was, and is, to encourage everyone to read the Bible a few moments each day, in the belief that this will help greatly in solving our individual and collective problems.

This year the Week will be observed for the 13th time, beginning October 19. The theme is, "The Bible, the Key to Peace." A better theme could not be chosen. For certainly it is clear that if peace ever is to come again to this troubled world, there must be a tremendous resurgence of spiritual values—and of those principles of conduct which the Bible stands for.

Read your Bible during the week—and every day thereafter.

GRASS ROOTS OPINION

MANNING, IOWA, MONITOR: "There are a lot of controversial opinions advanced regarding the preaching of Ezra Taft Benson, Secretary of Agriculture, but no one can question the truth of a statement he made recently when he said: 'A lot of youngsters have been raised in the past 20 years with the idea that government support is a normal thing for farmers to expect at all times. That kind of thinking can lead to socialism. We've got to get back to depending on ourselves in normal times.'"

MOUNTAIN VIEW, CALIF., DAILY REGISTER: "At least, the Eisenhower regime is making the first real effort in the past two decades to curb reckless spending. It is also endeavoring to establish integrity and a sense of responsibility in government. Neither is an easy task after the years of easy money and morals in Washington."

OVERBROOK, KANS., CITIZEN: "Just remember, as you encourage government to compete with the other guy, you encourage it to compete with you. Federal government should be taken clear out of all business enterprise—must be taken out, for such is foreign to the American way of life, part and parcel with communistic belief."

THE SAVED AND THE CHURCH

"... And the Lord added to the church daily such as should be saved." Acts 2:47.

Often we hear, that the church is non-essential. That one does not have to be a member of the church to be saved. And that there are many outside the church who are saved.

A careful reading of the above scripture, will show the error of such statements. This passage can be understood.

Note "such as should be saved", were added to the church. Again, that the Lord did the adding. How many did He add? Why, those that should be saved. Do you suppose that He added any who shouldn't be saved? Of course not. Well, did He fail to add any to the church who were saved? No. Then it follows, that all the saved were added to the church. And those who were not saved, were not added. Those in the church then, were the saved. Those outside the church were the unsaved. How many people are in the church? All of them. How many saved people outside the church? None.

What did these people do to be saved and to be added to the church. In verse 37 they asked Peter and the Apostles, "What shall we do?" Then Peter said unto them, "Repent, and be baptized every one of you in the name of Jesus Christ for the remission of sins, and ye shall receive the gift of the Holy Ghost."

When they did this were they saved? Were they added to the church? Did they "join" anything? Were they voted on?

How readest thou the scriptures?

CLIFFORD WILSON, Evangelist

Knox Prairie Philosopher Favors Paying \$100,000 For A Russian Built Dictator Instead Of Russian Plane

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek is talking about something he does not know anything about this week, international affairs.

Dear editor:
 I have been thinkin some about that Russian Mig airplane that flier delivered to the United States for \$100,000 over in Korea, and was wonderin if I had anything out here on my Johnson grass farm the government would be interested in buyin, say my tractor, for example. It might be interestin to study and see how a piece of equipment in its shape still manages to run. While I ain't quotin my figs, I will take considerably less than \$100,000 for it.

Understand, I'm glad we got the Russian plane, in the long run I believe it's cheaper to buy an enemy plane than it is to send some of ours out to capture it and it's a lot safer, but I was just thinkin, instead of offerin \$100,000 for a Russian-built airplane, I believe we'd get more for our money if we offered that much for say a Russian-built dictator.

Now I don't suppose this is legal. I suppose the State Department diplomats would throw a fit over it, but if a bunch of individuals got up a purse of around \$100,000 for every dictator who flew only half-way to the United States—it wouldn't be necessary to fly all the way, some half-way point in the middle of the ocean would be satisfactory—I believe we'd get more for our money.

Another use for our money it seems to me would be a price-support program for Iron Curtain farmers. Offer a reward to the Iron Curtain farmer who grows the smallest amount of wheat per acre, the scrawniest calves per cow etc. The farmer over there who succeeds in burning out his tractor's piston rods the

J. A.

greatest number of times in one year, give him a prize.

I notice this country is spending a lot of money on radio programs beamed into the Iron Curtain countries, and maybe they do some good, the radio programs we export may be a lot better than the ones we use for domestic consumption, but nothin beats the hard cash when it comes to stirrin up a man's dissatisfaction.

In regard to this Mig this country paid \$100,000 for, I'm afraid after the experts get through studyin it they'll find it ain't much different from the airplanes we already got. The secret of the airplane is now pretty generally known all around the globe, and one country tryin to keep it a secret from another is sort of like tryin to keep the principle of the bicycle a secret.

Any country which is aimin to win a war with a secret weapon, well, the only thing it's really keepin secret is reality from itself, which it refuses to come face to face with. Of course you understand I ain't discountin the principle of the improved model. They no doubt are now makin better tractors than the one I've had for years, but I ain't seen a model yet that runs without somebody runnin it.

Yours faithfully,
 J. A.

Drive carefully. The life you save may be your own.

NEW TESTS FOR LIVESTOCK

There are many cattle inoculations that old Bossie must feel like a raw army recruit taking medical shots. Now the scientists have come up with another development with the needle—a test that shows the degree of fatness.

The test was developed specifically for live cattle, sheep or hogs. It should be very useful for pured breeders who want to select their best young animals for breeding stock. The feeder who finishes fat steers or hogs, however, won't be affected.

The test calls for laboratory equipment and technical skill so it probably won't be generally made on the farm. It employs a drug called antipyrine which has been used by the medical profession to reduce a fever.

When a measured dose of the drug is injected into the blood stream of an animal, it dissolves immediately and then begins to be eliminated. On cattle, after 2½ hours, blood samples are taken every hour for four hours. The rate of elimination of the drug is recorded. The fatter the animal, the greater is the concentration of the drug in the blood samples.

Smaller animals such as sheep, can be tested much faster since the drug is distributed more rapidly through the body. Blood samples can be taken from hogs one hour after injection of the drug and at intervals of 30 minutes.

Preliminary tests have been successful enough, the scientists say, to open up the field for critical breeding tests to prove the heritability of the high or low

fat producing characteristics of the animal.

When applied to a few of the best bull calves, a cattleman may be in a better position to select a herd sire that has the ability to transmit early market finish to his calves. With this method, the cattleman would not have to wait to judge by the first crop of calves for each prospective sire.

The hog breeder may be able to select boars and gilts which have small amounts of fat and have the ability to make rapid growth with minimum feed requirements.

The antipyrine test has been used by some medical researchers for several years. But only in recent months have the tests been applied to cattle, hogs and sheep. It may cut out of a lot of uncertainty in good cattle breeding.

contacting the Mayor, Goree, Texas.

The City reserves the right to reject any and all bids and to waive formalities.

It is the intention of the City Council to make payment or partial payment for the hereinbefore described fire fighting equipment, and the contract therefor by the issuance of time warrants in the maximum amount of not exceeding \$7,600.00, bearing interest at the rate of not exceeding 5% per annum, with the maximum maturity date not later than 10 years from their date.

R. C. SPINKS, Mayor, City of Goree, Texas

To prepare Herb Rice use 1-1/3 cups packaged pre-cooked rice and add 1/2 teaspoon marjoram, thyme, or oregano and prepare according to package directions.

For a different twist to plain, fruit-flavored gelatin, force it through a potato ricer or flake with a fork after it has set. Makes it bubbly and luscious-looking.

For quick and easy unmolding of gelatin salads and desserts, loosen the edges of the mold with a small, warm knife. Then for a second or two, dip the mold, up to its rim, in warm water and gently shake it. That should do the trick.

Next time you're making salads with fruit-flavored gelatin, substitute ginger ale for water for extra zip and sparkle.

Arrange corn flakes on plate; place poached egg on top and serve at once.

Sugar Cookie Garnish. Sprinkle your favorite sugar cookies with instant cocoa mix before baking.

Mr. and Mrs. Cecil Stephens and daughters of Orange visited in the home of her mother, Mrs. Kate Browning, and attended the Weinert School Homecoming over the week end.

Mr. and Mrs. R. L. Ratliff visited relatives in Dallas over the week end.

Drive carefully. The life you save may be your own.

THE STATE OF TEXAS COUNTY OF KNOX CITY OF GOREE TO BIDDERS AND TO THE QUALIFIED VOTERS OF THE CITY OF GOREE, TEXAS:

NOTICE IS HEREBY GIVEN that sealed bids addressed to R. C. SPINKS, Mayor, at Goree, Texas, will be received until 8 o'clock P. M. (CST), on the 26th day of October, 1953, for the purchase of the following described fire fighting equipment:

- ONE (1) FIRE TRUCK, 500 GPM, 2-stage pumper.
- 1,000 feet of 2½ inch fire hose.

Prospective bidders may receive further information by

Tips on Cooking

Sunday brunch—sprinkle coconut on waffles just before closing the iron. Good with Log Cabin Syrup!

A flavor treat on pumpkin pie! Shake on a little coconut just before pie is done.

For a quick rice ring prepare a double recipe of packaged pre-cooked rice according to package directions. Add 2 tablespoons butter or margarine and pack into ring mold. Let stand a few minutes and turn onto hot platter.

For a Savory Rice use 1-1/3 cups packaged pre-cooked rice, 1 can condensed consommé and 1/4 cup water instead of amount of water given on package. Then prepare according to package directions.

The '54 Plymouth On Display!

'54 PLYMOUTH BELVEDERE

In Styling—In Performance, It's the "Jewel Car" in the Low Price Field!

The sensational new 1954 model Plymouths went on display in our show rooms today (Thursday).

They are longer than last year's models. New body lines, a new front end design, new interiors, new advanced seat cushions and engine improvements are among the 64 advancements in styling and engineering design.

All the new 1954 models are available with Plymouth's new full-time power steering and with Hy-Drive, a no-shift combination.

New 1954 Plymouth cars ride quieter than ever before. This is due to increased silencing materials, composed of asphalt felt and jute, installed all the way from the top of the instrument panel down to the cowl and under the floor. It effectively shuts out road noises.

See the new Plymouths in our show rooms today. You'll still be convinced that "Plymouth Builds Great Cars!"

Gasoline for Sunday driving... or **Natural Gas** to cook next Sunday's roast?

Most people think only of gasolines, lubricants, and fuel oils when the petroleum industry is mentioned. The fact is, practically all oil producers are also natural gas producers. So today the driller of a wildcat, or exploratory well, calls his venture successful if the well discovers either oil or gas.

If it is an oil well, then he has helped to supply the country's increasing needs for oil and oil products; if it is a gas well, he has discovered additional supplies of an efficient, economical fuel for household and industrial use.

The petroleum industry's development and conservation of the country's natural gas resources is a practical demonstration of the progress to which Oil Progress Week invites attention.

Beginning with the location of the well, advanced geological and geophysical studies of underground formations aid in the selection of likely oil or gas producing

areas, but still the odds against a wildcat well producing either gas or oil are eight to one.

If a natural gas field is discovered, reservoir engineers immediately begin their studies to determine the best producing methods to conserve the underground energy and to obtain the maximum production for the longest possible time.

If the gas that is discovered is "wet," it is processed in gasoline plants which remove the liquid parts and send them to refineries for further processing into motor fuels and aviation gasolines, or to petrochemical plants to be converted into a long list of useful chemical products, among which are the plastics and synthetic fabrics with which you are so familiar. "Dry" gas, the residue from gasoline plants, and sometimes produced direct from the gas field, is the natural gas that burns in literally millions of homes throughout America and under the boilers of thousands of American industries.

So, whether a wildcat well discovers oil for gasoline or natural gas for the kitchen stove, it adds to the available energy resources of the most highly mechanized nation on earth; it supplies products essential for today's and tomorrow's high living standards; it gives additional strength to measures for National defense.

NEWS FROM VERA

(Mrs. Thelma Lee Coulston)

VERA DAD'S NIGHT

Thursday night, October 22, has been proclaimed Dad's Night in honor of the fathers of the Vera High School football players. The Vera Pilots will be hosts to McCaulley High School in their final home appearance of the season.

Half time activities will include the crowning of the Pilot football queen for 1953.

Mrs. Martha Rannefield of Roscoe is spending a few days with her daughter, Mrs. Paul Weiss, and family.

Mr. and Mrs. Donald Reeves and sons of Brownwood visited the G. A. Hughes last Saturday. Mr. and Mrs. Hope Bratcher and son of Childress visited the Barney Welches over the week end.

Relatives of Johnny Gore report he is recovering nicely from an operation performed recently in Midland.

Mrs. Hyder Blackburn is a patient in the Seymour hospital. Mr. and Mrs. Harlan Boone and family were recent visitors in Vera.

"It's a girl" for the Sam Albrights in Jacksonville, Texas.

College students home for the week end were Theo Allen and Bobby Hardin of Midwestern, Ernest McGaughey of McMurry, Mary Frances Laws of North Texas and Billy Clyde Laws, a teacher in the Fort Worth schools.

Junior Hardin visited with his parents, Mr. and Mrs. P. A. Hardin during the week end.

Mrs. Cloris Arnold has sold her home and laundry to Mrs. Nell Thomas of Wichita Falls. Mrs. Thomas is a daughter of Mrs. Eva Jernigan.

J. H. Adkinson was in Coleman Sunday on business.

Final scores in the football game Thursday night were Vera 50, Mattson 6. This Thursday night we play Benjamin here. Next week's game, October 22, will be here with McCaulley. This will be the Pilots' final home game this season.

Mr. and Mrs. Neil Wiskur and sons visited over the week end with Billie's sister, Mr. and Mrs. Floyd Ellis, in Hamlin.

Mrs. Lois McNew of Lamesa is spending a few weeks with her sister, Mrs. J. N. McGaughey.

Mr. and Mrs. Don Railsback and little daughter visited with the A. K. McGaugheys last Sunday.

Mr. and Mrs. Bobby Bradford and family of Colorado City visited with the Monk Bradfords recently.

Mr. and Mrs. Billy Dan Richards and family were through here Saturday enroute to Amarillo where they will make their home.

Mr. and Mrs. Reuben Richards and family visited Sunday with Mrs. Richards' parents, Mr. and Mrs. B. R. Holder, in Goree.

Mr. and Mrs. J. C. Melcher and children of Fort Lavaca visited Mrs. Melcher's parents, Mr. and Mrs. Milton Ford, over the week end.

Mr. and Mrs. Durwood Horn and twin sons were recent visitors in the Levey Kinnibrugh home. The twins are staying with Peggy while Mrs. Horn is at the bedside of her mother, who is seriously ill in the Seymour hospital.

Mrs. Zoma Kinnibrugh and Polly and Mr. and Mrs. Bob Hamilton of Lubbock visited with the Levey Kinnibrughs last Sunday.

Mr. and Mrs. Jim Walker are visiting with the Chester Blankenships a few weeks.

Mr. and Mrs. Pat Taylor of Knox City spent Sunday with Mrs. Taylor's parents, Mr. and Mrs. J. H. Hollabaugh.

Mr. and Mrs. G. A. Rollins of Sunset, Texas are now residing on the George Sutton farm. The Rollins were residents of Vera two years ago.

Supt. and Mrs. Don Robbins attended the State Fair in Dallas over the week end.

Mr. and Mrs. Tom Bowdoin, Mrs. Zoe Beck and Clyde Beck went to Dallas Sunday to see Mrs. Lucy Tolson. Mrs. Tolson underwent extra surgery Friday but was reported in satisfactory condition Sunday.

The Fred Wileys are entertaining a new son, Richard Lynn.

Mr. and Mrs. C. L. Cavin and Mr. and Mrs. J. L. Bradford of Crowell attended church services at the First Baptist Church Sunday night.

Mrs. Bessie Plunkett of Wichita Falls is visiting with her sister, Mrs. A. E. Boyd, Sr.

Mrs. Puttard Boyd and Linda went to Sudan to visit with Puttard over the week end.

A large group of Vera football fans journeyed to Weinert Saturday night to witness the game between Paint Creek and Weinert.

People, Spots In The News

NINE CHILDREN of Mrs. Anne Spada on free Florida vacation with folks after Anne, finalist for Mrs. America title, withdrew to avoid being separated from them!

SARA SHANE'S new name under which former Elaine Sterling returns to films she quit three years ago to marry.

UNMARKED after TKO win in 11th round over Roland LaStarza is Rocky Marcano, still champ of heavyweights.

UNDERSEA TV?—New "Sea Seasar" electronic device developed by Minneapolis-Honeywell uses sound waves to help fishermen and marine pilots to "see" bottom contours, fish, obstructions, sweeping in 180-degree arcs to spot objects up to 1,600 feet away.

Paint Creek won the thriller by a score of 18 to 16.

Mrs. D. C. Eiland and Allen attended the Texas and Oklahoma football game in Dallas last Saturday and visited with David Eiland, who is attending Texas University in Austin, who met them there.

Goree News Items

GOREE KITTENS DOWN PAINT CREEK JR. BOYS IN GAME TUESDAY NIGHT

The Goree Kittens walked over the Paint Creek Juniors last Tuesday night on the Paint Creek field by an easy score of 32-7.

GOREE P. T. A. PLAN HALLOWE'EN CARNIVAL

In a business meeting at the regular meeting Tuesday, October 13, at 3:15 p. m. at the High School Auditorium, the Goree P. T. A. members made plans for a Halloween carnival to be held in the school building Friday evening, October 30.

Mrs. H. D. Arnold, president, presided at the meeting. A program in song was rendered by the eighth grade girls under the direction of Mrs. Homer Moore. "The Structure of American Society" was the subject for the day. Topics on "Home and School" were prepared by Mrs. Sam Hampton and Mrs. Barton Carl.

SHARON HUNT CROWNED "SWEETHEART" OF GOREE KITTENS TUESDAY NIGHT

On Tuesday evening, October 6, Sharon Hunt, daughter of Mr. and Mrs. George Hunt was crowned "Sweetheart" of the Goree Kittens. The ceremony was very impressive with thirty-seven Pep Squad members and twenty-one football players taking part. Captain Jerry Gaines very gallantly did the crowning while co-captain, Charles Edwards, presented the Sweetheart with a lovely corsage. Afterwards, the song, "Let Me Call You Sweetheart," was sung by the whole group in a large heart formation.

Rev. and Mrs. S. E. Stevenson returned home last Friday from a month's vacation trip in which they traveled about 5,000 miles in their own car and 2,000 with others. They visited their children, S. E. Stevenson, Jr., and family in Los Angeles, and S. E. went with them to Portland,

Ore., where they visited Mrs. Mary Jean Rathbone and Mrs. Joe Merle Pearson and son. They also visited overnight and attended church in Phoenix, Ariz., where Brother Stevenson was a missionary several years ago. Mr. and Mrs. Rex Allen and son-Curtis, spent Sunday with their parents to welcome them home.

Mr. and Mrs. Lloyd Stewart left Monday for Plainview for a few days stay hoping the Plains climate might help Mr. Stewart's asthma.

Supt. Bryan Lawson was in Austin on business during the week end.

Ernest Robinson attended the funeral of a cousin, Will Cox, in Cisco last Tuesday. Mr. Cox was superintendent of Goree school in 1914 and will be remembered by many.

Mr. and Mrs. Sam Hampton and Jack spent the week end in Dallas with Mr. and Mrs. Kenneth Phillips. They also attended the State Fair and Cotton Bowl football games between S. M. U. and Missouri and Texas and Oklahoma.

Mr. and Mrs. George Weber, Mrs. Ruth Temple and Mrs. Kate Glasgow visited their sister, Mrs. Lee Coursey, in Corsicana during the week end.

Mr. and Mrs. Ernest Moore had their children home last Sunday. They were Mr. and Mrs. Arman Moore, Mr. and Mrs. Billy Frank Moore, Mr. and Mrs. Dan Billingsly and their families, all of Wichita Falls; Mr. and Mrs. Bob Moore of Borger and Mr. and Mrs. John M. Edwards and son of Seymour.

Sunday guests in the home of Mr. and Mrs. W. R. Couch were Mr. and Mrs. Wayne Couch of Big Spring and Bobby and Rickie Couch of Munday.

Mrs. Fred Pascal and mother, Mrs. Leah Robinson of Hoyden, Ariz., are visiting Mr. and Mrs. Ernest Robinson and family this week.

Mrs. Lessie Jackson and Mrs. E. J. Jones attended the golden wedding celebration of Mrs.

Architects Build For Young America

Today, young home-makers are interested in well designed, practical homes which serve in every respect, every direction. To inform them on better living through architecture, the American Institute of Architects has just issued a ready-reference collection of facts about the architect and his professional usefulness. The "Facts" book shows how the community architect is building homes so that the American family can live comfortably, conveniently, economically and with pride of possession. It also points out the tremendous role architects have in building new cities measured to progress.

Jackson's sister and husband in Knox City last Sunday

Mr. and Mrs. Walter Coffman took their son, Joel, to Oklahoma City, Okla., last Friday from where he left for Boston, Mass., to report for his duties in the Navy.

Billy Royce Weir, who is attending Midwestern University in Wichita Falls, spent the week end with his parents, Mr. and Mrs. Oran Chamberlain.

Munday H. D. Club Meets Wednesday With Mrs. Pape

The Munday Home Demonstration Club met on Wednesday, October 14, with Mrs. Buster Pape. The house was called to order by the president, Mrs. Lane, and after roll call, old and new business was transacted. Officers were elected for the club.

Mrs. Rice gave a splendid report on her trip to the state meeting at Galveston.

The ladies are selling tickets to the Stamps Ozark Quartet which will be Monday night at the school auditorium.

Members present were Mmes. J. C. Rice, Frank Bowley, Ray D. Ford, Fred Lain, N. C. Howard, Pete Raynes, Buster Pape, John Peysen, Joe Patterson and Otto Brazell. Visitors were Mrs. Tynes, Mrs. Bell and Mrs. Walter Selby of Yazoo City, Mississippi.

The next meeting will be October 28 with Mrs. Fred Lain.

Shaw Family Has Reunion Sunday At Seymour Park

A reunion of the Shaw family was held in the Seymour Park last Sunday. A picnic lunch was enjoyed by the following:

Mr. and Mrs. A. J. Paul and family, Mr. and Mrs. Hollie Shaw, all of Lubbock; Mr. and Mrs. Paul Shaw and twin sons, Mrs. Lester Collier, Mr. and Mrs. Johnny Arnold, Mr. and Mrs. Charles Atha and children, all of Fort Worth; MMn drsb all of Fort Worth; Mr. and Mrs. Modrel Howard of Wichita Falls, Mr. and Mrs. Harrold Beaty, Mr. and Mrs. Ewin Beaty of Goree; Mr. and Mrs. T. H. Clark and children of Munday; Mr. and Mrs. Berrell Lee, Jr., and children of Seymour and J. S. Clark of Bowie.

Benjamin Wins Over O'Brien, 26-12

Benjamin won its first six-man conference game last Thursday night at Benjamin, defeating O'Brien 25 to 12. It was Benjamin's second victory.

Benjamin's Glen Hale took a pithout from Buddy Conner around left end for 30 yards and a TD. Hale later made another on a five-yard plunge through center and Ted Snalum ran the extra point.

Still in the first half Dwayne Johnson went around right end for 41 yards and the first O'Brien touchdown and later pounded around the same end for 25 yards and another touchdown, making the score, 13, 12, at halftime.

Snalum sped 25 yards for Benjamin's third touchdown in the third quarter and Glen Hale made the extra point by taking a pass.

In the fourth quarter Conner took another pass and went 47 yards for the final Benjamin tally.

O'Brien's next game is with Mattson next Thursday at O'Brien.

Wesleyan Service Guild Continues Study On Monday

Members of the Wesleyan Service Guild met in the church parlor last Monday night for the second lesson of the Bible study, "The Prophet Jeremiah." Any guild member who misses these interesting lessons brought by the pastor, Rev. Ragle, are missing a treat.

A business meeting followed, at which time the members decided to sponsor a bake sale on Saturday morning, October 24. Mrs. John Spann was welcomed as a new member.

Mrs. Carl Gage, hostess for the evening, served a delicious refreshment plate to Mmes. C. P. Baker, Levi Bowden, Lee Haymes, H. R. Hicks, H. A. Medford, E. R. Ponder, J. C. Harpham, Joe B. King, Weldon Smith, John Spann, J. W. Masssey, Oscar Spann, Doyle Ragle, Misses Ruth Baker, Merle Dingus, Florence Gaines and the pastor, Rev. Doyle Ragle.

GRANDDAUGHTER FOR THE WAYNE MITCHELLS

"Connie, isn't that a cute name for our new granddaughter," so say Mr. and Mrs. Wayne Mitchell, who had just received word that their son and wife, Mr. and Mrs. Raymond Mitchell, were the proud parents of a new girl, who made her appearance at the Fort Sill Army Hospital on Monday, October 12. She weighed 5 pounds and 12 ounces. The Raymond Mitchells reside in Lawton, Oklahoma and Raymond is stationed at Fort Sill.

Maternal grandmother is Mrs. Ruby Rubrecht of Gainesville. Raymond talked with his parents Tuesday night and reported that both mother and baby were doing fine and that he has the cutest little girl they ever saw. This is the Mitchells' third granddaughter.

RETURN FROM TRIP

Mr. and Mrs. M. F. Billingsley and Mr. Billingsley's sister, Mrs. Robinson of Euphrata, Wash., returned home Sunday from a ten-day vacation trip to the Davis Mountains, Big Bend National Park, Houston, Galveston, and other points in South Texas. They reported a very enjoyable trip.

James Amerson of NTSC in Denton was home over the week end with his parents, Mr. and Mrs. J. H. Amerson.

LOCALS

Mrs. Lucille Stodghill spent Thursday until Sunday in Plainview to be with her daughter, Mrs. Dale Williams, who underwent surgery in the Plainview hospital on Friday. Mrs. Roddy Griffith and Miss Betty Stodghill went Thursday night to be with their sister for surgery on Friday. Mrs. Williams is reported to be getting along nicely.

Mr. and Mrs. L. L. Putks and family of Abilene were Sunday guests in the home of her sister, Mrs. Howard Voss, and family.

Friday and Friday night guests in the home of Mr. and Mrs. Charles Moorhouse were Mr. and Mrs. Deaton Moorhouse and son, Charles, of Lubbock and Mr. and Mrs. David Moorhouse and children of Levelland.

Mr. and Mrs. Michael Sloan and daughter of Midland were week end guests in the home of her parents, Mr. and Mrs. A. H. Mitchell.

Don Guffey accompanied Mr. and Mrs. H. B. Stubblefield and Sandra to Fort Worth on Wednesday of last week to meet the Stubblefields' son, Kenneth, who arrived by plane in Fort Worth, from Scott Field, Illinois.

Leo Guffey, who is in the maize harvest in Hereford, spent the week end here with his wife and son. His son, Don, accompanied him back to Hereford and will be employed in the harvest.

Supt. W. C. Cox, Supt. King of Rochester and Supt. Lawson of Goree attended the School Administrative Meeting held in Austin last Sunday and Monday.

Mr. and Mrs. E. L. Goolsby attended the State Fair in Dallas over the week end and the Texas-Oklahoma football game on Saturday.

Mr. and Mrs. Riley Bell took their little daughter, Vicki, who has polio, to Abilene last Tuesday for her checkup.

Mr. and Mrs. P. V. Williams were visitors in Dallas over the week end and attended the S. M. U. Missouri football game on Friday night and the Texas-Oklahoma game on Saturday afternoon.

Notice

We urge you who have motor vehicles and trailers to take every safety precaution possible and equip them with a burning tail light, red reflectors or both if possible.

Each year we have a large amount of accidents and in some of these accidents people have been killed or injured.

Please join us in making the highways safe for travel. If you wait until it happens it may be too late.

Rexall Drug Store

Weekly Health LETTER

Issued by Dr. Geo. W. Cox, M. D., State Health Officer of Texas

AUSTIN—Dr. Geo. W. Cox, State Health Officer, says that it is the duty of every citizen, young and old, to help in preventing the spread of disease. Every man, woman and child in Texas has a personal obligation to keep as well as possible, and to do all they can to protect others from illness. Even a child in kindergarten can be taught to cover a cough or sneeze and thus help in preventing the spread of colds or other diseases that start with the symptoms of a cold.

Dr. Cox emphasizes the fact that the local health officer can do little to break the chain of communicable disease in the community if he does not have the wholehearted support of the people. Every case of illness that looks suspicious of being a communicable disease should be promptly reported to the health officer. Physicians report to the county or city health officer the cases of communicable diseases as they diagnose, but parents often fail in this duty. The local health officer cannot start control measures unless he is informed of cases or suspected cases of communicable diseases.

Some signs and symptoms which often accompany communicable disease are: running nose, coughing and sneezing, dizziness or faintness, swelling about the neck, sore throat, unusual paleness, ear ache or running ears, feverish appearance, rash, nausea, vomiting or diarrhea and irritability or other change in normal behavior and appearance.

Help to prevent the spread of communicable disease in your neighborhood by observing correct health practices and reporting promptly any appearance of suspicious symptoms.

LOCALS

Miss Jamie Haynie was an Abilene visitor last Monday.

C. B. Jones of Mineral Wells was a business visitor here the first of this week.

Week end guests in the home of Mr. and Mrs. R. M. Almanrode were her brother and wife, Mr. and Mrs. B. C. Horton of Meadow.

Week end guests in the H. H. Cowan home were Mr. and Mrs. Dom McKinney and children of Big Spring.

John Brown of Eunice, N. M., spent the week end with relatives and friends here.

This versatile two-tone sports coat can be worn loose and flared, or clutched to the body in the latest "wrapped" effect. Crocheted of heavy Kentucky Soft Spun rayon yarn, with contrasting fabric sleeves and collar, it combines sturdy practicality with the current "rage" for knitted and crocheted fashions.

Mr. and Mrs. Wynelle Howeth and son, Tommy, of Fort Worth spent the week end here with her parents, Mr. and Mrs. Tom Cluck.

Jimmy Boyles, who is stationed at Lackland Air Base in San Antonio, spent the week end here with his parents, Mr. and Mrs. Don Boyles.

Mr. and Mrs. E. L. Fore and Lynn of Tulla and Mr. and Mrs. W. E. Braly attended the State Fair and the Texas-Oklahoma football game in Dallas over the week end.

Mr. and Mrs. Hugh Beaty and sons were business visitors in Fort Worth the first of this week.

Just a CHANGE in NAME

Our good friends and customers have been after us for some time to change the name of our insurance agency from Munday Insurance Agency to MOORHOUSE Insurance Agency, because they said "No one knew who owned or operated the MUNDAY Insurance Agency." We liked the name of Munday, being the reason that we first selected it, but due to these other reasons, we have had the Board of Insurance Commissioners of Austin, Texas to permit us to change to MOORHOUSE INSURANCE AGENCY. There will not be any change in personnel or operation of the agency in any manner, but all policies issued under the name of Munday Insurance Agency will be policies of the Moorhouse Insurance Agency and will be given the same service that we have always rendered.

We have complete insurance facilities and can handle your every need for insurance in Old Line CAPITOL STOCK COMPANIES for your INSURED'S protection.

LET'S TALK LIVESTOCK BY TED GOULDY

Latest newspaper poll conducted by the Amarillo Daily News netted a majority of votes in favor of supports.

The proposal outlined by the House Committee was for support at a certain level for "choice" grade cattle. While there are relatively few "choice" grading cattle produced in the Southwest, the reflected strength that would result from encouraging Corn Belt feeders would help prices here.

FORT WORTH—Some sort of price support program appears certain for livestock. About the only thing that could prevent this would be a turnaround that resulted in a sharp rise in cattle and other species of meat animals.

Latest straw-in-the-wind: The House Agriculture Committee late last week called on Agriculture Secretary Benson to extend price supports to cattle immediately to prevent "economic disaster" to producers.

Pressure for price supports has been building up steadily despite strong opposition. Recent indications of this trend were a meeting of several hundred at Matador Texas, where a group was organized and resolutions were passed favoring supports on livestock if they are maintained on other agricultural products.

Secretary Benson has shown no inclination toward support prices for livestock, and in general is dedicated to self-help attitude toward the farm problem. Self-help is increasingly difficult for stockmen.

Most observers feel that when the chips are down the present administration will come up with a program of supports, etc., not too much at variance with programs already established. Right now a lot of fat is being trimmed off Department of Agriculture programs.

Along with this fat there are many die-hard New Deal political appointees being forced to resign or be fired.

No doubt about it, the farm program is shaping up as the No. 1 issue in political circles and the next congressional and presidential elections are sure to

ords at the station indicate the yield of lint cotton primarily depends on the depth of moisture at planting time.

Cotton yields in 1954 on burr treated plots are expected to be about 175 pounds an acre compared to 50 pounds from untreated areas provided moisture conditions at planting time equal those existing when the tests were made.

In grassland tests on heavily grazed buffalo grass, where 10 tons of barnyard manure to the acre was applied in 1952, moisture reached 30 inches. Moisture penetrated to 18 inches where sorghum litter was spread, but only nine inches on grassland where no organic moisture was applied.

Activities of The Colored People

Sunday morning services at West Beulah Baptist Church were in charge of the pastor, Rev. J. L. Shellman. Evening worship was held early in order that all could hear the Spiritual Five Singers of Fort Worth, who rendered a program at the Sunday School night under the auspices of the Methodist church. An interesting meeting of the P.T. A. was held last Tuesday night. Dues paid amounted to \$9.35.

We are very happy over the set of encyclopedias and other useful books donated our school this week by Mr. Cook.

Three factors may hold the answer to how much time will be required to rebuild the depleted and drouth stunted ranges of the state. Research done at the Sonora Experiment Station show the drain of past grazing, the kinds of grasses and the management practices used after rains finally broke the long dry spell to be of prime importance.

General Telephone Company of the Southwest
One of the Great Telephone Systems Serving America

decided on that issue. Buyers credit increased seasonal offerings in Corn Belt areas and the abundance of competitive meats for the dive hogs have taken.

At Fort Worth Monday the trade on cattle and calves was slow, due to the big run. Probably 50% or more of the grown cattle were cows. Prices were weaker, most cows and bulls 50 cents off, and some bidders trying for bigger reductions. Top-py fat calves were steady, but stocker trade was very narrow again. Good and choice grain fed steers and yearlings were very scarce, selling from \$17 to \$24, and common and medium grassers drew \$9 to \$15. Cull yearlings sold down to \$17.

Fat cows drew \$8.50 to \$11, and canners and cutters drew \$5.00 to \$8.50, some shells below \$5.00. Bulls drew \$7 to \$11, a few above and below that range. Good and choice fat calves drew \$12.50 to \$16, a few heavies to \$16.50. Common and medium kinds drew \$9 to \$12, with culls from \$7 to \$9. Stocker steer calves drew \$10 to \$16, one top load \$17. Heifer calves drew \$14 down. Stocker and feeder steers and yearlings sold from \$9 to \$14.50. A few stocker cows drew \$7 to \$10.50.

Hog prices tumbled to the lowest point since last Spring (April) and top hogs drew \$21.25 to \$21.50. Sows held steady at \$18 to \$20.50. Underweights

Slaughter ewes at Fort Worth were weak to around 59 cents lower. Fat lambs were steady to weak, however, the quality of the run was lower than usual and liberal fills offset some of the lower bids. Feeder lambs drew strong prices.

Slaughter ewes drew \$4 to \$5-50, and some solid mouthed ewes drew \$6 to \$6.50 to go back to the country. Fat lambs of choice grade drew \$16 to \$17, medium and lower grades sold from \$8 to \$14. Feeder lambs drew \$10 to \$13. Yearlings sold around \$8 to \$11. Old wethers cashed at \$6 to \$8. Old bucks drew \$1.50 to \$2.00 per hundred.

ORGANIC MATERIALS AID IN MAKING SOIL MORE DROUTH RESISTANT

Although Texas farmers and ranchmen are not able to have "made-to-order" weather, recent tests indicate certain practices which increase the moisture penetrating capacity of the soil greatly aids in making land more drouth resistant.

Tests conducted at the Spur Experiment Station show that moisture penetration was doubled where cotton burrs were spread over experimental plots the previous spring. Soil moisture also was increased on grass land treated with sorghum litter and barnyard manure. Cotton burrs returned to the soil at a rate of 4, 8 and 10 tons to the acre increased moisture penetration to 28, 30 and 39 inches, respectively. Plots not so treated had water penetration of only 16 inches. The burrs not only increase water storage and penetration, but contain nitrogen, phosphorus and potassium, essential soil elements.

The returning of this "waste" product actually pays off in dollars and cents. Long time rec-

Arthritis?

I have been wonderfully blessed in being restored to active life after being crippled in nearly every joint in my body and with muscular soreness from head to foot. I had Rheumatoid Arthritis and other forms of Rheumatism, hands deformed and my ankles were set.

Merick McGaughey was a business visitor in Austin two days last week.

Mr. and Mrs. H. C. Stone were business visitors in Seymour last Monday.

Friends Honor Betty Patterson At Shower Sunday

Miss Betty Sue Patterson was honored by a group of her girl friends with a personal shower last Sunday night in the home of Mr. and Mrs. R. T. Morrow.

Brides' games were played by the group and all prizes won by the girls were given to the honoree, who also received beautiful personal gifts from them.

A refreshment plate of small finger sandwiches, potato chips, olives and cookies and punch were served to the following: Misses Jamie Haynie, Peggy Parks, Peggy Armstrong, Annette Brewer, Betty Carolyn Morrow, Jo Brockett, Joy Lemley, Sue Clark, Betty Patterson and Mrs. J. R. Rodgers, Robert Patterson, and Dub Moon.

Gifts were sent by Misses Helen Ford, Ina Jones and Mrs. Lynn Ford, who were unable to attend the shower.

Mr. and Mrs. Alton Hunter and son of Iowa Park were Sunday guests in the home of her parents, Mr. and Mrs. Ed Johnson.

'America's First Sports Car Reaches Market

One of the most widely discussed automobiles—the Chevrolet Corvette—has been placed in distribution. A two-passenger open model (with removable top), the car is the American auto industry's first sports car and the first to carry a plastic body built by mass production methods.

The Corvette measures only 33 inches high at the door. Wheelbase is 102 inches. Traditional Chevrolet features include a special 150-horsepower "Blue-Flame" engine and a Powerglide automatic transmission. Production followed special showings of an experimental model in many cities.

Betty Escobar And Dan Martinez, Jr. Marry October 3rd

Miss Betty Escobar, daughter of Mr. and Mrs. William Escobar of Benjamin, and Dan Martinez, Jr., son of Mr. and Mrs. Dan Martinez of route two, Munday, exchanged wedding vows on Saturday, October 3, at the Santa Rosa Catholic Church in Knox City. Rev. James Moren officiated.

Music was provided by Mrs. Pyde, Mrs. Ray Escobar, sister-in-law of the bride, was matron of honor, and Ray Escobar of Vera was best man.

Given in marriage by her father, the bride wore a gown of white satin which had lace all the way down the front and to the waist in the back. Her skirt extended into a cathedral train. Her waist length veil was attached to a bonnet of lace, trimmed with seed pearls. She carried a bouquet of white roses.

A dinner and dance were held at the Rhineland Parish. Hall. During the dinner, the bride and groom cut the three-tiered wedding cake.

The bride is a senior student at Benjamin High School. The groom attended Munday High School, and served in the U. S. Air Force for three years.

The newlyweds are making their home near Knox City.

DAPPER SMALL FRY GET SPORTY COATS

The tiny man about town can be just as sporty as his pop in new sports jackets designed especially for the dapper young fellow, age three to seven.

The jackets are made of tweed-printed corduroy in a variety of patterns. The cotton corduroy comes in such prints as small checks for the conservative young esquire or sporty zigzag blazer stripes for the more daring. The jackets team well with solid colored corduroy slacks.

Printed corduroy also is popular in fall shirts for the small fry. One style is designed in corduroy with the appearance of flannel. Another smart and comfortable shirt is a pullover style made from cotton knit shantung tweed with a solid yoke and turtle neck.

LOCALS

Week end guests in the home of Mr. and Mrs. W. T. Ford were her children and their families, Mr. and Mrs. John Hunt, of Waxahachie and Mr. and Mrs. Hugh Ford of Wichita Falls.

Lt. Stephen Harrison, who is a pilot instructor and stationed at Long Beach, Calif., spent the week end here with his parents, Mr. and Mrs. Terry Harrison, and with his wife and son in Haskell.

New 1954 Plymouth Cars Displayed On Showrooms Of Two Munday Dealers

The new Plymouth for 1954 went on display here and throughout the United States on Thursday, October 15.

The new models have optional power steering and three choices of power drives.

The new Plymouth may be seen here at Reeves Motor Company and Harrell's Motor and Equipment.

"We are confident that people will like the new beauty of our 1954 cars," says President John P. Mansfield of Plymouth. "We are absolutely certain that they are the most durable, best riding, best performing and roomiest cars that Plymouth has ever built."

Plymouth is using the link type of power steering. The hydraulic "muscle" is in the steering linkage. Plymouth officials say it is the most effective, compact and serviceable installation produced for cars in the low priced field. It reduces steering effort up to 80 per cent, permits fingertip control in tight parking situations and promotes safe driving through lessening of driver fatigue and absorption of road shock.

In its 1954 line, Plymouth offers three options in power.

Hy-Drive, a no-shift unit made up of a combination of torque converter and three-speed transmission, was introduced during the 1953 model year. It will be in volume production for 1954 models. The two other options are Synchro-Silent three-speed

transmission and Synchro-Silent with Overdrive, which provides a fourth forward speed for cruising. Mansfield said more than half the Plymouths now being produced have either Hy-Drive or Overdrive.

The new Plymouth line is made up of 11 body types in three series. Aristocrats of the line are the Belvederes consisting of a sport coupe of "hard-top" design, a four-door sedan, convertible and Suburban steel-bodied station wagon type car, all beautifully color-styled in two-tone combinations. In the Savoy series are a four-door sedan, club coupe and two-door sedan. In the lowest priced Plaza series are a four-door sedan, two door sedan, business coupe and Suburban.

All models have completely new interiors. Other changes include a new increase of 35/8 inches in overall length, a new front end styling treatment, new chromium side moldings and modifications in virtually all exterior designs.

Interiors are designed with emphasis on color harmony and modern decor. Seat and back cushions and door side panels are upholstered in new types of fabrics which are exceptionally resistant to wear.

Plymouth is introducing a new type of seat cushions with Dual Flex springs. They are made up of a combination of coil springs and jack springs, which, working in combination, provide a

Front View of '54 Plymouth

The 1954 Plymouth is longer and looks wider and lower as a result of design modifications. Front view shows new massive bumpers and new grille design with attractive Plymouth identification. The front is designed with a view to ease of cleaning and simplification of repairs.

softer cushioning action in normal riding situations and resistance to "bottoming" when the car hits a bump.

To extend top engine performance over a long period of time, Plymouth is using new silicon chromium alloy intake valves in 1954 models. Exhaust valves in series have been retained to maintain high compression engine performance in years of service.

Other mechanical improvements include a higher capacity oil pump, new improved clutch, and improved electric windshield wipers.

Mr. and Mrs. Glen Bilbrey and Cathy and Mr. J. H. Bilbrey of Goree visited relatives in Andrews over the week end.

LOCALS

Mrs. Doug Moore, student in Hardin-Simmons University in Abilene, was a guest in the home of her mother, Mrs. Mauryse Blacklock, over the week end.

Sonny Lang, who is attending Midwestern University in Wichita Falls, was a week end guest in the home of Mr. and Mrs. H. B. Stubblefield.

Mr. and Mrs. V. M. Lee and son, Ronnie, of Denison are spending this week in the home of her mother, Mrs. S. E. Robinson, and sister, Mrs. Jimmie Bullington, and other relatives.

Here's something from James and Cora Kelly's Stanton Reporter—from Sooter's column, some years back:

"OLD FOGY that I am, I still like to hear the ring of church and school bells. The abandonment of church and school bell-fries, and the relegating of their bells to make room for modern civilization, has added and almost graveyard stillness on weekday and Sunday mornings. I tell you the ring of church and school bells was a symphonic melody to my ear. It made a fellow feel upon awakening on a Sunday morning and hearing the sound of bells pealing forth from the little countryside churches, he was glad he was alive.

You remember when a bell hung in the belfry of every church and school house. If they weren't in the belfry, they hung on stilts outside, and if there was no bell of this kind, then some one rang a hand bell. In those days some prominent hotel in the town supported a bell.

By a prominent hotel, I mean the box-boarded structure, the cracks batted up by strips of boards . . . most of them you could throw a cat through. But the ringing of that old bell did not only answer as a call to "come and get it", but it sent clerks, business men, and others scurrying to the noonday meals. On farms and ranches, a bell was found that was rung to warn the hands that the meal

hour was at hand. Even the lead cow and sheep had a bell hung to their necks, so the owner would know where to find his flock.

In 1882, M. P. Bewley, son of a Kentucky steamboat captain, established the first of the three great flour mills operating in Fort Worth. Original capacity of the mill was 50 barrels daily.

TO NEWFOUNDLAND

Airman 3rd Class Kenneth Stubblefield came in last Thursday morning on a fourteen day leave to visit his parents, Mr. and Mrs. H. B. Stubblefield. Kenneth has been stationed at Scott Field, Ill., and will report to Camp Kilmer, N. J., on October 25, to be sent from there to Newfoundland for two years service.

From where I sit... by Joe Marsh

Modern Art Takes a Licking!

Did you know we had a real artist in town? Yes sir! Handy Jackson was a contributor to the Sculpture Exhibition at the Centerville Fair last week.

His work was streaky pink and curved all around—sort of streamlined. Caused quite a stir. Nobody was sure what it was supposed to represent, but some liked it and thought it was good art. Handy gave me the lowdown:

"Why, it was nothing but a piece of cattle salt our cows have been lickin' at for months. I just had it mounted. Fooled a

lot of folks—one fellow even wanted to buy it!"

From where I sit, Handy's "modern art" just shows how some people can be led astray. Some even get to be "experts"—especially about the other fellow's business. Whether it's art or music, or a simple thing like choosing, say, beer or milk with a snack, we should live and let live. There's no call for either of us to set ourselves up as a "model" for the other!

J. M. Humphries Buried Tuesday At Knox City

Funeral services for Jacob M. Humphries, 71, who died at his home in Knox City on Monday were held Tuesday from the First Methodist Church in Knox City. Rev. Oscar Bruce, pastor, officiated, and was assisted by Rev. E. V. Becker, pastor of the Knox City Baptist Church. Burial was in Knox City cemetery.

Mr. Humphries was born March 9, 1882, in Bonham. He joined the Methodist church in Saint Jo in 1920, and moved to Knox City in October, 1921.

He married Cora Maude Barnes in Memphis on Sept. 13, 1903. Recently Mr. and Mrs. Humphries celebrated their golden wedding anniversary.

Four children were born to them: Mrs. Beatrice Hutchinson of O'Brien; Mrs. Oleta Fitzgerald of Knox City; Bernie and R. E. Humphries of Wichita Falls.

His wife and four children survive him, as do four brothers and four sisters; Jim Humphries of Levelland, Joe Humphries of Odessa, and C. F. Humphries of Green Forest, Ark.; Mrs. Tex Tuggle of Gainesville, Mrs. Bill Barnett of Hugo, Okla., and Mrs. Lou Smith of Miami, Ariz.; 15 grandchildren and many nieces and nephews.

Mr. and Mrs. Bill Rippeoe and sons, Mike and Pat, of Arlington visited her parents, Mr. and Mrs. M. H. Dean, over the week end.

Drive carefully. The life you save may be your own.

TONS OF COLD PRODUCED BY CHRYSLER

The air conditioner in this Chrysler produces cold equivalent to melting the three tons of ice shown. When a car is a broiling 110 degrees inside, Chrysler's fast cool-down, fresh-air system brings the temperature to the low 70's in four blocks. The unit, which is available in Chrysler New Yorker, New Yorker DeLuxe, and Imperial models, is the highest capacity system now in use.

4-H CLUB GIRLS NAME OFFICERS FOR YEAR

Miss Anna Lee Drechner, new Knox County agent, met with the grade school 4-H girls on September 16th. Officers were elected as follows: president, Sandra Brown; vice president, Sandra Beard; secretary, Linda Smith; treasurer, Linda King; reporter, Bobbie Nelson; song leader, Sharon Cypert.

The name selected for the club was "The 4 Leaf Clover Club" and the club song, "I'm Looking Over for a Four Leaf Clover."

—Reporter

TO MOTHER'S BEDSIDE

Mrs. Maribelle LaFrance and son of Midland were called to Seymour last week, due to the serious illness of Mrs. LaFrance's mother, Mrs. H. Blackburn. Mrs. LaFrance is well known at Gore, where she operated a beauty shop for several years. Her many friends regret to learn of her mother's condition, and all hope for a speedy recovery.

Mr. and Mrs. E. B. Littlefield and Mr. and Mrs. Gene Harrell were business visitors in Fort Worth last Tuesday and Wednesday.

Mr. and Mrs. J. B. Scott and Jerry attended the A. & M. and Texas Tech football game in Lubbock last Saturday.

Gerald Morrow, who is attending McMurry College in Abilene, visited his mother, Mrs. Freddie Morrow, over the week end.

skinned varieties. These new strains together with advanced cultural practices and improved methods of insect and disease control are again making peach growing a nattractive enterprise in the state Hutchinson says.

Another feature of the meeting, Hutchinson points out, will be a panel discussion led by peach marketing specialists. Experiment station horticulturists will report to the group on actual field performance tests of Coronet, Redcap, Hiland and many other recently introduced varieties.

Other topics for discussion are the trends in peach production, insect and disease control, new equipment and labor saving devices, Hutchinson adds.
