

Kracker KrumbS Odds Bits Salvaged at Random

A youngster passed by a small group of older people visiting just outside the Methodist Church prior to time for the training classes to begin last Monday night.

"We're gonna get a swimming pool," he stated gleefully, and without stopping, as he continued his way inside the church building.

That was only about 25 minutes after the polls had closed. Someone laughed and said, "He's keeping up with it isn't he?"

"How did the election go?" we inquired of one of the adults, to which he replied he didn't know.

We were kinda impressed by the youngster's enthusiasm. The swimming pool meant many hours of fun and recreation for him during hot summer months. He wouldn't have to beg his mother to take him to another town in order to go in swimming—he was going to have the facilities right here at home.

Quite a bit of interest in the election was shown by the youngsters of Munday and their parents. Opposition to the swimming pool, as voiced by the vote last Monday, was lighter than we had expected.

We were sure the little fellow was right—that we were going to get a swimming pool. But to learn how the vote went, we ambled over to the city hall Tuesday morning to inquire.

The complete unofficial returns—they won't become official until canvassed by the City Council—as reported by Harvey Lee, city secretary, are as follows:

238 votes were cast for the park bonds, and 22 people voted against the proposal.

Quite a bit of activity has been going on in Munday during the past several days.

Some two weeks ago, workmen began tearing up the street, or highway, running through Munday just east of the city hall.

They tore out concrete curbs portions of sidewalks and bladed up that portion of the street, they set out to build new curbs and gutters.

It's all a part of the highway widening and improvement project now under way through Knox County. This street, which is also the highway, had to be widened, too.

Someone remarked Tuesday that they sure did bugger up our street, and another said: "They are just waiting now for a rain to come and settle that dirt."

And a rain is something we're willing to see. Don't know of anything that would be more welcomed.

Another citizens was remarking about what a big improvement our drainage ditch is. "Munday's streets are not flooded for days now, like they used to be before the ditch was dug. They still get flooded, but the ditch carries the water off in a few hours."

We had to study for some time to be sure the ditch had been put into service—it hadn't rained in so long. A Knox City man then remarked: "The tried to get out to the Munday golf course when that ditch was surely running full of water."

That would be a wonderful sight, now!

Guess we'll go up where it's really dry, so we can come back and appreciate Knox County more.

It's our plan to motor up to Amarillo when we get this sheet out and attend the annual convention of the Panhandle Press Association on Friday and Saturday. It hasn't rained much up there since we were there a year ago.

Stamford P. C. A. To Hold Its 20th Annual Meeting

A large attendance from among the approximately 1500 members of the Stamford Production Credit Association is expected at the 20th Annual Stockholders Meeting to be held in Stamford on April 16. Registration will begin at 9:00 A. M. in the Roundup Hall on the Texas Cowboy Reunion grounds.

There will be an hour-long entertainment period beginning at 9:30. This entertainment will be highlighted by Red Fox and his 47 Band and Little Dee Don, stars of KRBC-TV and the Big State Jamboree. There will be other entertainers, also from these sources. Beginning at 10:30, the business session will consist of reports from the Board of Directors, the Secretary-Treasurer and from the Production Credit Corporation of Houston.

The terms of two directors, J. F. McCulloch of Stamford and Lasater Hensley of Guthrie, expire. Election to fill these two vacancies on the Board will be held. The nominating committee selected as nominees the following: J. F. McCulloch and Frank Andrews of Albany; Lasater Hensley and J. B. Morrison, Jr. of Spur.

At the close of the business session a model 4110 Philco 21" screen Console TV set will be awarded to some member of the Association or the wife of some member. Following a fine chuck wagon dinner at 12:30, the meeting will adjourn. The Association serves farmers and stockmen in Jones, Shackelford, Haskell, Knox, King, Kent, Dickens and Stonewall counties.

Richard Whitworth Back From Korea, Now At Ft. Hood

FORT HOOD—Sgt. Richard W. Whitworth, son of Mr. and Mrs. D. E. Whitworth of Munday, recently arrived at this post from Korea for an assignment to a unit of the 1st Armored Division.

A veteran of eight years service, Sergeant Whitworth, served a total of 46 months overseas. After entering the Army in 1946 he served with the 3rd Army in Europe. For 18 months he served with the 822nd Engineer Battalion in Korea.

In joining the 1st Armored Division, he becomes a member of an outfit famed for its action in Africa and Italy during the Second World War. The "Old Ironsides" Division is now engaged in intensive training as a combat-ready armored force in its vast Central Texas home.

County Board Member Contest Is Close Race

Upon the basis of incomplete returns in the school trustee election last Saturday, the race for county school trustee-at-large was one of the closest contests in recent years.

Louis Cartwright of Munday and Sam Leaverton of Benjamin were on the ballot for this place on the county school board, the place formerly held by Jack Idol, who did not seek re-election. Reports from seven of the eight voting boxes gave Leaverton a lead of 43 votes, the totals being 647 for Cartwright and 699 for Leaverton. The vote by boxes was as follows:

Munday, Cartwright 464, Leaverton 13; Sunset, Cartwright 37, Leaverton 7; Goree, Cartwright 51, Leaverton 30; Knox City, Cartwright 16, Leaverton 549; Benjamin, Cartwright 16, Leaverton 71; Rhineland, Cartwright 15, Leaverton 10; Gilliland, Cartwright 48, Leaverton 19. These are unofficial returns.

Returns from the Vera box were not available, but it was stated that Cartwright carried this box by a small margin.

Week end guests of Sled Waheed and Joe and Abraham Choucair were K. M. Sabe and Sam Kouir of Sweetwater and Kay Doucker of Hamlin. They all went to Vernon on Sunday for a social gathering with relatives and friends held in the Legion Hall there.

Munday Votes For Swimming Pool

The "park improvement" bonds, which meant money with which to construct a swimming pool in Munday, carried by a large majority last Monday. Opposition to the project was lighter than expected.

"Have you voted, yet?" or "Get on over there and vote," were the admonitions of interested people who were working for the swimming pool. And some 250 people did go to the city hall and vote.

The bond issue carried by a vote of 238 to 22, according to complete unofficial returns announced on Tuesday.

The bonds have been sold to Wm. N. Edwards & Co., of Dallas, it was stated.

Special Palm Sunday Service Is Slated Here

A special Palm Sunday service will be presented at the First Methodist Church in Munday. The service will begin at 7 o'clock Sunday evening, April 11. The first portion of the service will be presented by Mr. and Mrs. Edwin Key of Olney. They will present the following numbers: "Old Hunderth" by Thompson, "Corale" by Karg-Elbert, "Pastorale" by Clokey, "The Palms" by Faure, "The Holy City" by Adams, "Taccato" by Nevin and "The Lord's Prayer" by Malotte. Mr. Key will be at the organ and Mrs. Key at the piano.

The second portion of the program will be presented by the church choir under the direction of Mrs. Oscar Spann. The Passion Story will be read directly from the New Testament, and color slides will be projected on the screen to illustrate the incidents. The choir will present the story in song. The narrator for the service will be Mr. Herbert Partridge, the organist, Mrs. James H. Bardwell, and the pianist, Mrs. Dwight Key.

The general public is invited to attend the service.

Mrs. Morris Now Has Coffee Shop

Announcement was made last week that Mrs. Bill Morris has leased the Yarbrough Hotel Coffee Shop from Mr. and Mrs. B. A. Yarbrough. She took charge of the business on Thursday, April 1.

Mrs. Morris is in charge of the coffee shop, while Bill says he kinda helps out for his meals during his off hours from Reeves Motor Company. Mrs. Morris invites the public to visit her place for delicious meals, short orders and other things to eat.

Pfc. Bobby Feemster Serving In Korea

IX CORPS, KOREA — Pfc. Bobby F. Feemster, 21, son of Mr. and Mrs. Bill Feemster of Vera, Texas, recently joined IX Corps' 101 Signal Battalion in Korea.

The corps, one of three in Eighth Army, coordinates an intensive post-trace training program for UN units under its control.

Feemster, a clerk typist in Headquarters Company, has served in Korea since last September. He entered the Army in March 1953 and completed basic training at Camp Gordon, Alabama.

MUNDAY SENIORS TO SPONSOR BAKE SALE

The senior class of Munday High School is sponsoring a bake sale on Saturday, April 10, at the Chamber of Commerce office to raise funds for the annual senior trip.

The sale will begin at 9 a. m., and cakes and pies baked by parents of the seniors will be on sale. All seniors join in saying, "You'll come" and buy your cakes and pies for Sunday dinner.

Mr. and Mrs. Doris Tuggle and sons visited Mr. and Mrs. Gaston Shipman in San Antonio last week. Mr. and Mrs. Ben Tuggle, who had been visiting there the past two weeks, returned home with them.

PACKING FOR TRANS-ATLANTIC HOP!

Pretty Beverly Pack of El Paso, Texas, the 1954 Maid of Cotton, packs her cotton coated luggage for an exciting European tour as the fashion and goodwill ambassador of the U. S. cotton industry. On March 30, the cotton industry's blue-eyed fashion and goodwill ambassador will board a British Overseas Airways Stratocruiser (inset) at New York for a flight to London. She will visit major cities in England, France, and Germany. Maid Beverly has been briefed by BOAC's wardrobe advisory service as to which of her 52 cotton outfits she will need on this phase of her six-month tour.

Munday Girls To Student Meet Held In Dallas

Marjorie Campsey, daughter of Mr. and Mrs. S. B. Campsey, and Marguerite Hammett, daughter of Mr. and Mrs. G. B. Hammett, both of Munday, will be among 17 Hardin-Simmons University students attending the Texas Intercollegiate Student Association convention in Dallas, April 8-10.

The three-day gathering will have delegates from 36 member schools in the state. The association represents over 100,000 Texas college students and is dedicated to better student government. S. M. U. is host school for the meeting.

Robert Walker, president of the H-SU student assembly, is public relations director for T. I. S. A. Walker is a senior from Vernon.

H-SU delegates will be accompanied to the convention by W. T. Walton, dean of students, and Mrs. Walton.

35 Votes Are Cast In City's Election

Only 35 voters of Munday elected a mayor and two city councilmen last Tuesday, as compared with the 250 who voted Monday for a swimming pool and the 447 who voted locally Saturday in the trustee election.

The three candidates in the city ballot were unopposed, which contributed to the lack of interest. Then, too, Munday voters must have been voted out, having three elections in four days, with Sunday intervening.

Mayor M. F. Billingley was returned to office, and Hugh Beatty and Joe Bailey King were re-elected to the city council positions.

Mrs. Dan Wallace of Abilene visited relatives here and at Goree over the week end.

Local Style Show At Roxy Theatre To Be April 12th, 13th

A Spring fashion show, a lovely pre-Easter event, will be held at the Roxy Theatre on Monday, and Tuesday, April 12 and 13, with several Munday firms sponsoring the style show.

The newest creations on some of the leading designers will be modeled by local people in the show. These will include gay sport clothes, alluring formals, saucy hats and lovely frocks for ladies, and some of the children's latest in Spring and Summer wear.

The style show will be an added feature to the theatre's regular booking, it was stated. Monday will be the last showing of "Yankee Pasha," while a new feature is booked to begin Tuesday night, Jane Powell and Gordon McRae in "Three Sailors and a Girl."

Munday firms that are cooperating in sponsoring the style show are: Cobb's Department Store, Nora's Dress Shop, Bertha's Babyland, The Hat Shop and Tucker's Booterie.

Munday P-TA Names Officers For Next Season

An impressive new slate of officers has been elected by the local Parent-Teacher group to serve during the 1954-55 school session. Mrs. Joe Lane will serve as president, and Mrs. Bruce Burnett and Mrs. Clyde Taylor will assume the duties of first and second vice presidents, respectively. Other new officers are Mrs. R. B. Bowden, secretary, and Mrs. John Earl Nelson, treasurer. The installation ceremony will take place on May 6, the last meeting of the year.

On April 22 at 8 p. m. a night session is planned in which the fathers of school children will participate in each action group program. Mr. Gene Harrell will discuss "From the Child's Point of View." Rev. E. V. Becker, pastor of First Baptist Church of Knox City, will talk on "Are They Too Young for Love?" to the adolescent action group.

Strickland Employs TV Service Man

Melvin Strickland of Strickland's Radio and Television Service has announced the employment of Bill Wright, formerly of Plainview, as service man for his firm. Mr. Wright, who was recently released from the U. S. Air Force, has had several years of experience in television.

TO OBSERVE GOLDEN WEDDING ANNIVERSARY

Mr. and Mrs. E. J. Brazell, residents of this area for some 35 years, observe their golden wedding anniversary on Sunday, April 11.

RETURNS TO POST

Pvt. Mavis L. Alexander, son of Mr. and Mrs. Leonard Alexander of Weinert, has returned to El Paso after spending a 14-day furlough with his parents. He is taking his basic training in radar at El Paso.

Among those who attended the funeral of W. T. Lindsey in Stamford last Saturday afternoon were Mr. and Mrs. Joe Voss, Mr. and Mrs. Lee Haynes, Mr. and Mrs. Buel Bowden, Mr. and Mrs. Curtis Gollehon, Mrs. L. B. Snelson, J. F. L. Lindsey and Miss Christine Lindsey and Rev. Huron A. Polnac.

Mr. and Mrs. J. C. Harpham and daughter, Claire, were week end guests in the home of Mrs. Harpham's cousin, Mrs. Tommy Jones, and family in Dallas.

A two-vehicle smashup which occurred six miles west of Vera at about 12:30 p. m. last Friday resulted in injuries to six persons.

Most seriously hurt was Raymond Dixon, about 45, identified as driver of a 1953 pickup truck which collided with a 1953 sedan. Thirteen people were riding in the two vehicles.

Sixon received severe head injuries, and was rushed to a Seymour hospital for emergency treatment. Also hospitalized were:

Mrs. Florence Birge of Idalou; two of her children, Joe Alva, 12, and Reba Joyce, 11; Mrs. Louis Hayter, Clovis, N. M.; and Mrs. Mary Cox of Ralls, both passengers in the sedan. Injuries of the five were not thought to be serious.

Highway Patrolman George Leedy, who investigated with Patrolman Bill Jones, Sheriff Homer T. Melton, and J. W. Massey, local chief of police, said the sedan overturned. The pickup spun and spilled out the seven persons riding in it. The truck was headed west on Highway 82 and met the eastbound sedan, officers said. Ambulances from Mahan-McCauley Funeral Home in Munday and Harrison Funeral Home of Seymour took the injured to the hospital.

Several other persons riding in the two vehicles escaped injury.

Carl Gage Sells Grocery, Market To Hugh Beatty

A business transaction was completed last week whereby Hugh Beatty, well known Munday groceryman, became owner of the Gage Grocery and Market, which has been operated by Carl Gage for several years.

Coming here from Knox City in 1949, Mr. Gage purchased the grocery business from Mr. and Mrs. Walter Rodgers, and had operated it continuously since that time.

Mr. Gage stated Monday that his plans for the future were indefinite at this time, but he and his family will continue to make Munday their home for the present. He expressed his appreciation for the patronage given him during these five years, and solicited continued patronage of his customers for the new owners.

Mr. Beatty is no stranger to people of this area, having been employed in the grocery business here for over 18 years. He stated that he plans to do quite a bit of remodeling, and will install additional equipment. "We want to serve your grocery and market needs in every way possible," Mr. Beatty said, "and we welcome you to our store at any time. You will find a complete stock for your convenience, and at reasonable prices."

Mogul Golfers Win 11-B Crown

The Munday Mogul golfers won the District 11-B golf championship last Monday at the Munday Country Club, compiling a team total of 375 in a high wind.

Rule was second with 447, and O'Brien was third with 523.

Terry Harrison, Jr., of Munday was medalist with 99. Rounding out the Munday foursome were Wayman Smith, 93; Gair Cure, 95, and Jerry Scott, 98.

The Munday team and runner-up, Rule, qualified for the regional tournament at Brownwood on April 23-24.

Wiggins of Weinert won the singles event with a score of 94.

Others in the event were Robert Burden, whose score was 102, and Durwood Thigpen, 105.

Thursday and Friday guests of Mr. and Mrs. J. A. Caughran were Mrs. H. T. Fields, formerly Flora Lee Wallace, of Shamrock; Mrs. L. C. Miller of Dallas, and Mrs. Oswald Cole, formerly Alma Ernest of Rule. This was a reunion of old friends who grew up together. They were joined by Dr. R. L. Newsom and Mrs. J. C. Borden for lunch at the Coffee Shop.

BUILD FAITH IN OUR CHILDREN

In accepting the National Chairmanship for the 18th annual observance of National Sunday School Week, which will be celebrated April 12 through 18 this year, Irving S. Olds, prominent New York attorney, had this to say: "I think we will agree that Sunday School Week is a week of great significance for the nation. No one can minimize the importance of Sunday School in fostering among the youth of the country a faith in God and an ability to recognize what is fundamentally right and just."

National Sunday School Week and National Bible Week are staged annually by a hard-hitting organization, the Laymen's National Committee. The slogan for Sunday School Week this year is: "To Build Faith in Our Children—Take Them to Sunday School!"

"Perhaps now more than ever before our nation", in the words of the Committee, "is beginning to respond to those simple beliefs of our forefathers, those same tenets and principles that made this country ours what it is . . ."

15 STATES HAVE RIGHT-TO-WORK LAWS

Mississippi is the 15th state to guarantee a citizen's right to work without joining any organization. Governor White signed such a law on February 24th.

The right-of-work laws are in no way anti-union. They simply affirm a fundamental and essential freedom—that a man may or may not join a union, as he chooses, and that in either case he has a right to make his living at his trade. In other words, the laws protect the individual from coercion by either the unions or business.

Active right-to-work law campaigns are underway in other states. Labor will not be truly free and independent until all 48 states have passed them.

GRASS ROOTS OPINION

WINDOM, MINN., CITIZEN: "Over in Russia the communists have long been using capitalistic methods to get their production up. The man who produces the most gets the most pay. They have had piece work for years. They have had a wide pay differential . . . And now as a means of making an excuse for this use of capitalistic measures they claim to have invented something new. It's just old-fashioned American incentive pay, based on the theory that he who produces the most should receive the greatest remuneration . . ."

SHOPPING IN WARSAW

On occasion do you still feel aggrieved at the prices you must pay for foods and other commodities in our American retail stores?

If so, it would pay you to take a trip, in your imagination, to Warsaw and do some shopping under the communist system.

In Warsaw, as everywhere behind the Iron Curtain, the stores are run by the government, and so are non-competitive in any true sense of the word. According to the "Business Around the World" column of U. S. News & World Report, beef costs from \$3 to \$5 a pound in terms of U. S. money. Horse meat is \$1.50 a pound and coffee \$50! That last figure is particularly interesting in light of the fact that there was a national uproar when the national drink passed \$1 a pound here.

In the manufactured goods field, the situation is equally startling. Men's shoes are priced at \$231.25 a pair, a girl's sweater at \$187 and bathing trunks retail at \$85. One wonders what, if anything the Polish swimmers wear.

In any event, this is a pretty typical example of what inevitably happens when competitive free enterprise is outlawed and the state takes over.

How can any American think totalitarianism is the way to the more abundant life?

ONE IS AS BAD AS THE OTHER

"Just as Big Business has been tamed by governmental power and kept within competitive limits and subject to vigilant observation, so also is Big Unionism being examined now to determine whether federal or state regulation or both shall curb the excesses enjoyed by a privileged group that seeks monopolistic status," writes David Lawrence in U. S. News.

The fact that close to a third of the states have adopted "right to work" laws, which guarantee labor the basic freedom to join or not join a union as he chooses, shows the way the wind is blowing. The law is belatedly recognizing that domination and dictation of labor by unions is as indefensible as domination and dictation of labor by business. The closed shop, which denies a man the right to earn a living unless he pays tribute to a union, is as bad as the outlawed "yellow dog" contracts which denied him that right if he did join.

BE NOT DECEIVED

—By Ted W. McElroy.

(Firm Foundation)

This is a study of the genesis of some very common sins. Sometimes we classify sins according to mental attitude from which they spring: viz., (1) willful (2) impulsive (3) weakness (4) deception. The mental attitude does not reduce the power of sin to destroy and damn, but it is a factor in coming to repentance, securing forgiveness and avoiding the sin in the future. The word deceive is defined, "to ensnare or mislead, to lead into error or sin . . . to cause to believe the false or disbelieve the true." Sins of deception are those sins that are committed, and the one doing the evil does not think or realize that it is evil.

Deception and the fatal effects of such sins are made manifest by the following illustration. "There is a curious tree known as the judas-tree. Long before leaves appear on the branches, gorgeous blossoms ornament them. The brilliant beauty of the crimson flowers attracts thousands of tiny insects. But every insect that ventures to rest upon the edge of the blossom is overcome by a fatal, curious sort of opiate, and drops dead upon the

ground beneath. Around the tree the grass is strewn with dead and dying insects. The judas-tree is like sin. Sin may look bright, pleasant and attractive to our eyes; we may think it "no harm" to indulge in it. But souls are led by the deception to taste the deadliness of sin, and are slain by it. All around the judas-tree of sin we see the lost and ruined souls of men."

The scriptures warn against three sources of deception. Rev. 20:10: "And the devil that deceived them was cast into the lake of fire and brimstone." Eph. 5:6: "Let no man deceive you with vain words." Jas. 1:22, 26: ". . . deceiving your own selves . . . but deceiveth his own heart." The "devil" and "your own selves" is a factor in every deception, and often, but not necessarily so, "man" is an influence in deception. Our own desires and affections are subtle persuaders; it is easy for a man to reach the conclusion that what he wants is right. It is difficult and contrary to human nature for a man to discover and expose the deception that he worked on himself. Next week we will study some of the deceptions that are working wreck and ruin to the souls of men.

Publicity will "sell" the American public anything. Look at chlorophyll or Marilyn Monroe. YOU look at chlorophyll!

Speaking for exactly one person, ex-King Farouk's picture gets in the paper too often. When the fat slob does an honest day's work, that will be news.

And far too much space is being given to that POW who turned Communist, then turned back.

Writers are superior to all other callings or professions. Who says so? Writers.

I have trouble getting a barber now to mow the hair of my temples and leave my ears sticking out like jug handles. I marvel that John L. Lewis is able to preserve his eyebrows.

And when I buy a suit, they always sell me one that's too small and has to be let out. Then I put on weight and can't put on the suit.

Just once, I'd like to buy one that was too large and had to be taken in. Then when I gain a little weight, the suit can be let out.

Maybe inflation is subsiding. There's a stand in Ranger where you can buy a hamburger for 15 cents.

Odd things happen on the side-

walks of Fort Worth.

A blind man—starting to walk through the stream of pedestrians—tapped his white cane ahead of him as he moved with slow, uncertain steps.

All the pedestrians gave him the right-of-way; all but one, a tall man carrying a suitcase and walking with long, swinging strides.

He bumped into the blind man, almost knocking him down.

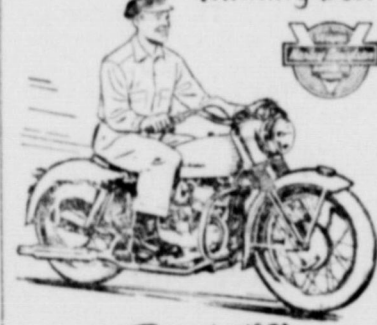

Others turned to glare at the arrogant one.

He was looking straight ahead with a fixed stare and was carrying a white cane.

He, too, was blind.

Odd things happen on the sidewalks of Fort Worth.

COTTON INSECT CONTROL PROGRESS

Research scientists have now announced another forward step in the battle of man vs. insects. One of the latest insecticides to come from the crucibles of the research laboratories is Endrin, a chemical believed to be effective against a large number of cotton pests.

This new formula has been found to be the best insecticide thus far tested against the combination of the bollworm and the boll weevil, two of cotton's most destructive enemies. Several other cotton pests are also hit hard by Endrin, according to entomologists.

The Pink Bollworm, however, is still a hold-out, however. This tough little destroyer which accounts for a bigger percentage of damage to South Texas cotton than any other, is relatively

unaffected by the discovery.

A word of caution is offered by the scientists. Endrin is toxic not only to insects but also to man and warm blooded animals. Users are warned to follow exactly the recommendations of the manufacturers which are printed on the label of the insecticide container.

Endrin is closely related chemically to Dieldrin, one of the cotton insecticides widely used at present to control the boll weevil. It has been tested by government entomologists under the widely divergent cotton growing conditions found in such locations as Brownsville and Waco, and points in South Carolina and Tamaulipas, Mexico.

At Florence, S. C., Endrin treated plots yielded gains in seed cotton of up to 746 pounds per acre. In Mexico, its use increased the seed cotton yield 1,

From where I sit... by Joe Marsh

Easy Does It—Again!

Ladies Aid Society had their rummage sale the other night—and as soon as the doors opened, "Easy" Roberts was inside.

Without a word, he headed straight for the coat counter, picked out a shabby old tweed jacket, and paid for it. "Easy" told me a little later that buying his jacket back was getting to be a regular habit.

"That's been my favorite smoking jacket for years," he said. "And my wife talks me into giving it away regularly. Then I get to thinking how much I like

it and hurry down to buy that jacket back. This is the third time I've done it!"

From where I sit, everyone's entitled to his own likes—whether it's a sports jacket, a baseball team, or the beverage he likes for dinner. For example, the wife likes coffee along with Saturday night spaghetti while I like a glass of beer. We never try to "sell" each other on our personal preferences.

LOCALS

071 pounds an acre during a heavy boll weevil infestation.

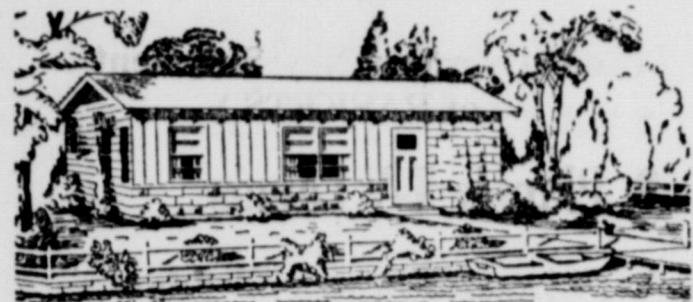

The entomologists speak with cautious optimism but state that the new material comes close to being an all-purpose cotton insecticide than any yet tested. Applied in quantities varying from 0.2 to 0.5 pounds per acre, it is effective against such other cotton pests as thrips, cotton leafworms, cotton fleahoppers and lygus bugs.

Mrs. Ann McClaran, accompanied by her daughter, Miss Ilene McClaran, of Wichita Falls, visited their son and brother, John McClaran in Dallas over the week end.

Lee Bowden, who is attending McMurry College in Abilene, was a week end visitor with his parents, Mr. and Mrs. Levi Bowden.

OLD-TIME COWBOYS LOOK FORWARD TO STAMFORD REUNION

STAMFORD — Pioneer cowboys already are looking forward to the Texas Cowboy Reunion and officials are busy with plans for the unique occasion in Stamford—though it is almost three months away—July 1, 2, 3 and 5.

Each year, between 400 and 500 old-timers of the range gather to greet former associates, swap stories, do some square dancing and domino playing and eat chuckwagon fare. And the sprier ones compete in the old-timers' calf-roping contest. Some bring bedrolls and sleep out under the sky. The early-day cowboys are guests at the big rodeo which is a feature of the reunion.

Quite an elaborate plant has been constructed since the reunions began back in 1930—Roundup Hall, scene of a nightly square dance; the Pavilion, where more modern dances are presented each night; the Bunkhouse, where business sessions of the Texas Cowboy Reunion Association are held; the chuckwagon area where 2,000 visitors are fed. Then there is a sparkling lake, a guest house and the rodeo area and grandstand, with a seating capacity of approximately 7,500.

W. G. Swenson of Stamford, manager of the SMS Ranch, is president-manager of the Texas

Cowboy Reunion, which is host to the Cowboys and produces the rodeo. Otto F. Jones of Colorado City, manager of the Spade Ranch, is president of the old-time Cowboys' association. To be eligible for membership, a man must have been a cowboy who worked on the range at least 35 years ago.

The annual celebration is a four-day affair, climaxing on the Glorious Fourth, but as that date falls on Sunday this year, there will be no rodeo that day but there will be afternoon and night performances on July 5, with night performances on the first three days.

Mrs. J. B. Graham and Mrs. J. R. King were business visitors in Wichita Falls last Monday.

News From The U. S. Congress

Congressman Frank Ikard

The passage in the Senate this week of a bill giving statehood to Hawaii and Alaska raises the question again as to whether or not we should admit to the Union states which geographically are not a part of the North American continent. As I am sure you will recall, a bill dealing with Hawaiian statehood alone passed the House last year. The approval in the Senate for both Hawaiian and Alaskan statehood means that the whole matter will again have to be taken up in the House. The Alaskan statehood bill has been pending in the House Committee for well over a year. It is anybody's guess, of course, what action the House will take. It seems to me, however, that it is an extremely dangerous precedent to set.

I would favor a commonwealth status for Hawaii, but I do not feel that it should become a part of the Union. All of the arguments used in favor of admitting Hawaii as a state could be used for the admission of Puerto Rico, Cuba, or almost any other country as far as that goes. It seems to me that the easiest way to dilute the strength of our nation is to spread out from this continent and start admitting new territories.

This week the President has signed the new excise tax bill, the effect of which is to substantially reduce the excise taxes that are paid on the purchase of many home appliances, cosmetics, and admissions and tickets for transportation. The effect of this act will be to reduce taxes approximately one billion dollars. This law will put a 10% ceiling on most items taxed and the cuts became effective on the first day of this month.

The legislative schedule in the House has been stepped up substantially within the last two or three weeks as a result of the efforts on part of the leadership to bring a large portion of their program before the Congress for action. Within the last few days the excise tax bill that I have just mentioned, the income tax bill, and the housing bill, all of which are very long, technical and controversial bills, have been passed by the House. Despite the fact that a great deal of work has been done during the last few weeks, it still seems to me that it will be impossible for Congress to adjourn around the first of July as was originally predicted. My guess is that we will be lucky if Congress is through here by Labor Day.

During this time of the year, thousands of tourists come to Washington to see the cherry blossoms. As I mentioned last week, the Cherry Blossom Festival this year is the first week in April. As I came to the office this morning around the Tidal Basin, there were literally thousands of people driving and walking through the trees which are now in full bloom.

Visitors in Washington this week were Mr. J. Holford Russell and son, Lt. W. M. Russell, Mr. Tip Hall, Sr., Mr. Marshall Pierce, Mr. H. M. Howe, of Denton County; Mr. Lee Lovell of Wichita County; Mr. R. N. Barker, Mr. Claude Calloway, and Mr. Dwight Campbell of Foard County; and Mr. Herbert Fleming, Mr. Earl Howard, Mr. Odell Liggett, and Mr. Comer Tuck of Clay County.

Drive carefully. The life you save may be your own.

Weekly Health LETTER

Issued by Dr. Geo. W. Cox, M. D., State Health Officer of Texas

AUSTIN—Increases in hospital and nursing home beds and a jump in the number of people carrying hospital insurance are the two chief causes of the nursing shortage in Texas and elsewhere, state health officials say.

The fact that there are more and more hospital beds for insured persons to take advantage of during brief illnesses indicate that nurses have to spread their time thinner to meet the demand.

Other factors mentioned in the shortage are increasing numbers of dependent children and oldsters, and a shortage of high school graduates who are psychologically adapted for nursing duties.

Nursing re-registrations in Texas last year totaled 21,889, according to figures kept by the State Board of Nursing Examiners. A board spokesman pointed out that figure did not include new registrations, but did include some out-of-state nurses who wanted to maintain their Texas licenses.

Nursing licensees in Texas are distributed throughout hospitals and schools of nursing, in public health units and school systems, and in industry. While state health leaders were pointing up nursing shortages in Texas, World Health Organization authorities were doing the same thing on a world basis. World Health Day was observed April 7 with the theme: "The Nurse—Pioneer of Health."

The heart of the nursing profession, WHO officials say, is contained in a line written 100 years ago by Florence Nightingale of Crimean War fame.

"A loving heart is not enough," she wrote. "The art of caring for the sick, the knowledge of the laws of life and death, are matters of sufficient importance and difficulty to require learning by experience and careful inquiry, just as much as any other art."

Today, in state, national and world medical and public health circles, nurses are recognized as friends and counselors of all and welcome health teachers. Doctors and community leaders insist nursing importance in local health work and community life

is second to none.

Florence Nightingale gave the world a new conception of the power and place in society of the trained and educated woman. Modern nursing combines the attributes of compassion with the calm ability conferred by the disciplines of education and training.

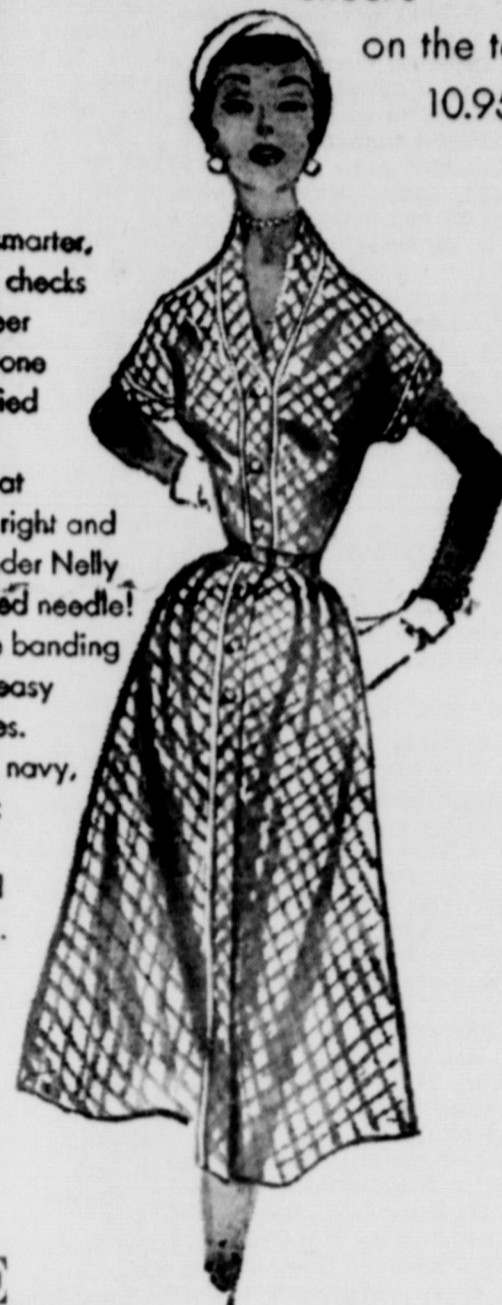

The entire nation will be better off when the shortage of trained nurses is overcome.

Miss Joyce Michels, student in NTSC in Denton was a week end visitor with her parents, Mr. and Mrs. Gene Michels.

CATTLE ARE KIND WITH CONSUMERS . . .

FORT WORTH—Beef finally outranked pork during the past year as the per capita consumption of beef soared to record heights and the crop of hogs was off. It is expected that the Nation's eaters will continue their "beef binge" at least for the rest of this year as cattle marketings continue heavy.

Cattle trade at Fort Worth Monday indicated no slackening in the beef demand as packers seemed fairly eager for supplies and paid full steady to stronger prices. The stocker trade was fully steady to strong on the better qualified kinds, despite the fact that the dry conditions in most places remained unrelieved.

Good and choice fed steers and yearlings drew \$18 to \$23, the latter price best for commercially fed cattle here in about a month. Two lots of cattle brought that top, one was 44 steers at 1021 lbs. sent in by McClung Land and Cattle Company

of Johnson County. Lee Campbell, Comanche County, had a trucklot at 840 lbs. at \$23, too. Other representative shipments of steers and yearlings included: J. Doyle Peters, Tillman County, Okla., with some steers at 979 lbs. at \$21.50; W. H. Ritchey, Hendrix, Okla., three loads of steers at \$18, with a trim. J. T. Gilbreath, Deaf Smith County, had a load at 856 lbs. at \$21.50; O. W. Holcomb, Erath County, a load at 747 lbs. at \$21; J. B. Jagers, Hamilton County, a load at 824 lbs. at \$21; B. L. Durham, Blue Ridge, a load at 860 lbs. at \$19; E. H. Harkins, Sweetwater, a load at 935 lbs. at \$21.

Fat cows brought \$10.50 to \$13.00 and canners and cutters \$7 to \$11. Bulls \$10 to \$15. Best fat calves sold for \$17 to \$20.50, several lots in the \$19 to \$20.25 bracket included sales from S. B. Atlas, Johnson County; Orville Olson, Hamilton County and Johnny Smith, Erath County. Most of these top calves were obviously of the creepfeed variety. Medium and lower grades sold from \$12 to \$17.50.

The better stocker steer calves and steer yearlings drew \$17 to \$19, and heifer calves and heifer yearlings average \$2 to 3 under comparable steers. Stocker cows \$10 to \$13.50.

The better stocker steer calves and steer yearlings drew \$17 to \$19, and heifer calves and heifer yearlings average \$2 to 3 under comparable steers. Stocker cows \$10 to \$13.50.

SHEEP MARKET NEXT BEST THING TO RAIN! . . .

Texas and other Southwestern sheepmen at Fort Worth Monday could take some solace in a

reliable set of prices for their sheep and lambs, despite the dry conditions. And one West Texan put it this way, "If we had some rain we wouldn't be here yet, but since we didn't get the rain, this steady market is the next best thing. The 17,500 on hand at Fort Worth Monday was the largest run of the year, and it was more than one-third of all sheep reported around the major market circle Monday.

Best milk fed lambs drew \$24 to \$27, medium and lower grades \$15 to \$23, light culls around \$12. Shorn fat old crop lambs, good and choice, \$20 to \$23, and the medium and lower grades \$12 to \$18.50. Stocker and feeder shorn lambs \$15 to \$21, latter price mixed feeder and fat lambs.

All interests were aggressive buyers, with mixed yearlings and two-year-old wethers \$15 to \$18.50, and aged wethers \$11 to \$14.50. Slaughter ewes mostly \$5.50 to \$8.50, some breeding ewes around \$9 and better. Old bucks \$4.50 to \$5, some in the wool to \$6.

Representative sales of the better kinds: Hubert Miller and George Etter, Valley Mills, had lambs at 93 lbs. and 65 lbs., respectively, at \$27; E. R. Griffin, Cuero, had 204 lambs at 73 lbs. at \$27. W. E. Barr, Runnels County, had 368 shorn lambs at 100 lbs. at \$23. R. D. Kothman, Junction, had 90 shorn lambs at 87 lbs. at \$23; Gus Rust, Spring Branch, 150 shorn lambs at 88 lbs. at \$23; Buck Underwood, Runnels County, had 190 ewes at 106 lbs. at \$8.50.

HOGS RIDING CREST AT FIVE-YEAR PEAK! . . .

The hog has been called the "mortgage lifter" for years and years where some hogs are raised as a part of the diversified farm program. A farmer with enough hogs these days cannot only look the mortgage holder in the eye, but can give him a ride to town in a new automobile.

At the highest prices in five years, top hogs drew \$27.50 and \$27.75 at Fort Worth Monday. Sows were around \$1 higher and sold at \$22 to \$25.

Some of the hog growers who cashed in Monday included Herschel Overton, J. D. Barnes and J. W. Overton, all of Hill County; Dwight Hickey of Hood County; C. P. Guinn, Montague County and a host of others.

Roy Ford of Fort Worth visited his parents, Mr. and Mrs. Buster Ford, and other relatives during the week end.

Mr. and Mrs. Joe Pearce and Mrs. Lush Jungman and children visited the Harrold Mercer family in Oklahoma City, Okla., over the week end.

Mr. and Mrs. Joe Lane and Mrs. Joe F. Bowley of Knox City were Wichita Falls visitors last Monday.

Boys Who Saved Kathy's Life Are Rewarded With Kiss On The Cheek

Editor's note: The following article by Clare L. Chandler appeared in the Southington, Connecticut, News. It concerns Stephen and Victor Zagarola, who are grandsons of Mr. and Mrs. C. C. Jones of Munday.

"Don't cry, Kathy." These were the reassuring words of five-year-old Stephen Zagarola as he coolly went about saving little Kathy Wade's life.

Kathy couldn't hear him, though. The peaches and cream complexion of the two-year-old, blue-eyed youngster was turning dark and she was limp. The tough cord of her cowboy hat was caught on the see-saw swing when she fell, and it was binding tighter under her chin as she hung there.

Meanwhile, three-year-old Victor Zagarola had gone running

Here by the swing where she almost lost her life, little Kathy Wade holds the hand of Stephen and puts her arm around Victor—the Zagarola boys who saved her from strangling to death when the cord of her cowboy hat twisted around her neck at the playground site on Chaffee Lane near their home.

for Kathy's mother.

This week the two boy heroes were the toast of the Chaffee Lane neighborhood in the north end of town where the near-tragedy occurred last Friday.

Residents were bringing gifts to the boys, sons of Mr. and Mrs. Victor Zagarola of 11 Chaffett Lane. The presents were in recognition of their quick action that is credited with saving the little girl's life.

Young Stephen had gone to Kathy's aid at once when she fell from the swing at the community playground where they and Victor were having a happy time.

He finally succeeded in getting her loose but she was unconscious when her mother carried the limp form back home and called a doctor while she frantically tried to revive Kathy.

After about four minutes, the youngster—only child of Mr. and Mrs. Calvin Wade of 12 Chaffee

Knox Prairie Philosopher Is Not Worried Over Hydrogen Bomb If All It'll Do Is Return Man To Agriculture

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek comes to the defense of his way of life this week, and he may be alone in the job.

Dear editor:

All the talk lately about the dangers of the hydrogen bomb, all the worry England is doing, even going so far as to urge the U. S. to stop experimenting and some people even suggesting that the secret of the bomb ought to be destroyed and the matter hushed up, does not disturb me, as I do not believe civilization is going to be destroyed by man's inventiveness, and if it was it would hardly be noticed

Lane—began to stir. A short time later, she was treated by Dr. George M. Conner, Kathy would be all right.

There was an important time element in the near-tragedy, though. Ten minutes later and Stephen would have been boarding a bus to attend the afternoon kindergarten session at Holcomb School.

This week, Kathy, though still showing marks on her neck where the cord had held her tight, was her happy self again.

And she knew she owed her life to the Zagarola boys. In her sweet, little girl's voice she said, "The boys saved my life."

The young heroes were serious and, in a typically boyish way, took an unassuming view of the way they had met the test.

But then they lost their modesty when Kathy kissed young Victor—who is more her size—on the cheek, while Stephen waited his turn.

All had ended well.

Arthritis?

I have been wonderfully blessed in being restored to active life after being crippled in nearly every joint in my body and with muscular soreness from head to foot. I had Rheumatoid Arthritis and other forms of Rheumatism, hands deformed and my ankles were set.

Limited space prohibits telling you more here but if you will write me I will reply at once and tell you how I received this wonderful relief.

in most places.

But what burns me up is a statement I read in a paper which blew out of a car which whipped around a curve in the road by my place one day last week. According to this statement, if man cannot control the hydrogen bomb and outlaw war, "he will revert to a primitive ag-

gricultural society."

This was supposed to scare everybody into pulling up short and thinking of what the awful results of atom and hydrogen bomb warfare will be, but as far as I'm concerned he got hold of the wrong figure of speech.

Understand, I'm not in favor of destroying civilization, if you know where it's located, and I'm certainly not in favor of another world war, but arguin if we don't do something about it mankind will return to a primitive agricultural society, is makin the alternative too easy. He ought to think up some other reason.

What in the world is wrong with a primitive agricultural society? I've been living in one for years out here on my Johnson grass farm and I wouldn't swap it for an apartment in Houston or Dallas on any terms. Tryin to tell me if I don't get rid of the hydrogen bomb I'm gonna have to live in the country is like telling a small boy if he doesn't behave you're gonna give him an ice cream cone.

Understand, I don't have anything to do with the hydrogen

bomb, first I ever heard of it was when I read about it in the paper, and it's possible the men who invented it ain't sure what they got on their hands, although I notice they've got sense enough to stand back quite a ways when they get ready to set it off, but if they want to scare me with it, they've got to convince me it'll rub out my primitive agriculture set-up out here.

If you think there's any danger it would, let's get the thing outlawed while the Texas Legislature is still in session.

Yours faithfully,
J. A.

leading cotton authorities, used samples of various fabrics to illustrate the need for better quality cotton for spinning. He revealed that the average annual income from cotton to Texas farmers from 1946 until 1950 was \$645,000,000.

Sounders said the average cotton farmer must produce 150 pounds per acre to make his expenses. The cost of production, he said, is roughly \$45 per acre. O. K. Hoyle, Seymour, a field representative of the Farm Bureau, spoke briefly, outlining the history of the major farm organization. H. T. Cardwell of Vernon, another Farm Bureau official, spoke.

L. B. Patterson of Munday, chairman of the newly organized Tri-County Cotton Improvement program, served as master of ceremonies.

Entertainment was furnished by a group under the direction of Lee Smith of Knox City with Mrs. Kenneth Myers playing piano accompaniment. Miss Genie Gwinn of Knox City gave three vocal numbers. Miss Kay Huntsman of Hale Center tap danced, and Glenda Givens and Beverly James of Knox City entertained with pantomimes with records.

Chute for Case Goods

THE farmer's most precious commodity is time. Anything he can do to save his time and labor will pay him real dividends.

For example, much time and effort can be wasted by carrying egg cases, boxes, bales and other

items from one floor to another. By a small expenditure of money and effort, a chute can be built that will pay for itself quickly in the time it saves.

Goods of this type ride nicely on a chute bottomed with Masonite Tempered Preswood, a tough, unusually smooth panel which has no splinters and actually outwears steel.

Illustrated is one method of constructing a chute for case goods—resting it on a stairway. Other similar methods will occur to any thoughtful farmer.

Burlington Line Is Offering New Passenger Service

I am back from our agents' convention, which was held in Wichita Falls last Saturday. Our discussions were on business in general for each of the respective towns along the Burlington Lines. By me being interested in our town, I made some big commitments to our management for new service for Munday. Let me tell you about it, as I am going to want your help; and, truly, I do not believe you will let me down.

We are immediately starting joint passenger train service with the Southwestern Motor Coaches. We are now able to sell you tickets at our depot in Munday to any place you desire to go in Texas by rail. These tickets will be good to board the motor coaches at Munday, then transfer to our trains at Wichita Falls or Abilene. This will enable us to leave our cars at home and get a round trip from Munday and return.

We also will have on sale here reduced railway fares for your vacation. I believe our folks will truly enjoy this service, as we can now leave our cars at home and get vacation tickets here, ride our famous Zephyr trains to Yellowstone National Park or to any of the other famous places for a cool vacation.

Listen, folks, don't let me down. I am going to count on you to help me put this service over. Let's go Zephyr on our vacation this year, and leave our cars at home.

Munday's Housing Group Answers Public Questions

Since there has been some confusion and questions circulated among the people of this community and surrounding towns, the local Housing Authority has decided to start a column for the purpose of answering questions in regard to the project in Munday.

Question: Just what is the purpose of housing project such as the one constructed in Munday?

Answer: The low-rent public housing program has as its purpose enabling local committees to provide adequate housing for low-income families who otherwise would have to live in sub-standard housing. It is a local program, operate with Federal financial assistance.

This program was begun by the United States Housing Act of 1937 which authorized Federal aid to communities to house families in the lowest income group who cannot afford to pay enough to cause private enterprise to build an adequate supply of decent, safe, and sanitary dwellings for their use. This program is not designed to compete with private enterprise landlords who furnish adequate housing to their tenants. It does compete, however, with landlords who furnish shacks, slums, and other sub-standard housing at an exorbitant rental.

The construction of low-rent housing projects is authorized by the State Legislature. Local housing authorities, such as the Munday Housing Authority, plan and build low-rent housing projects which they finance with the assistance of loans from the Federal government. When the projects are built, the dwellings are rented to low-income families at rents scaled to what the individual family can pay. When the bonded indebtedness of the local authority has been retired over a period of years, Federal assistance then ceases.
