

## Kracker Krumb's

Odd Bits Salvaged at Random

One month and two days of Munday's golden jubilee year are gone.

And some of those at the helm of planning are wondering just how much cooperation will be given the golden jubilee celebration, come July. The task appears to be a monstrous one and will take lots of work and planning to make the event a success.

As we see it, it will furnish a tailor-made opportunity to see just how the people of this community can and will work together. It will be a community-wide project and one that will take lots of people pulling together.

We understand actual work on the historical pageant will begin about five weeks ahead of the celebration, but there's groundwork to be laid and a community to be aroused to its responsibilities before that time.

Noticed that some other towns are planning such celebrations this year, too. In Abilene, the men have started growing beards and have organized "Brothers of the Brush" clubs, etc., in preparation for the city's Diamond Jubilee Celebration on April 8-14.

We reckon Munday's event would be conducted along the same order. We've already heard of beard growing men and ladies without cosmetics, unless special permits are secured to indulge in these special modern activities. At any rate, the success of our Golden Jubilee Celebration will depend a whole lot on you, and you, and you.

Soon the Chamber of Commerce will be issuing new membership cards to its members—and these will be in keeping with our 50th anniversary. They are black cards, 4x8 inches in size, with the lettering in gold and at the bottom are the words, "Our Golden Jubilee Year." Most everyone seems to like the cards, even though they are printed here in our office.

"I didn't know the gun was loaded! And I'm so sorry, my friend."

That little song would be a likely one for Millard McSwain of Goree to be singing or humming these days, if there's anything to the story we saw right smack on the front page of the Abilene paper last Monday. Here's a portion of the tale:

McSwain was sitting with the rest of the family Thursday watching TV and unloading a gun. When he finished he asked his 6-year-old son, "Lonnie, do you want daddy to shoot the man on TV?"

"Sure, Daddy, shoot 'im," said Lonnie.

Daddy fired away. The glass screen shattered.

However, the "unloaded" gun's slug missed the picture tube and now McSwain has color television. The tube was left with a large spot which makes the picture purple in that area.

One little news item we have been missing each week for the past several weeks is the notes from the Knox County Hospital. We've depended upon some loyal person at the hospital to send these to us each week, and they have been a feature of this paper for many years. We don't know just why they stopped coming out but hope they'll be appearing in our paper again soon.

### BALL TOURNEY BENEFITS MOD FUND

The Community Volley ball tournament was well attended and everyone seemed to enjoy it. A total of \$113.15 was netted for the March of Dimes. Mrs. Billy Hutchens wishes to thank everyone for their wonderful cooperation.

Mr. and Mrs. Sidney Wincheser attended the Hereford Show in Fort Worth and visited with Mr. and Mrs. E. Garrett in Roanoke the first of this week.

Mrs. Ky Hunter of Iowa Park visited in the home of her mother and brother, Mrs. Jarvis and F. last Sunday.

## Children's Pictures To Be Made By Woltz Studios, Then Published In This Paper

It is an undisputed fact that the responsibilities of tomorrow's world, our Nation, and Community will rest upon the shoulders of the children of today. Since this is true, the publishers of this newspaper would like to give you a good look at these future "World Builders".

The only way we can do this is by publishing pictures of them in a feature series. To assure the latest and best reproduction pictures . . . they must all be of uniform size and quality . . . we have invited the Woltz Studios of Des Moines, Iowa, a nationally known portrait studio, to take these special pictures for us.

An expert children's photographer for the Studios, with all the necessary equipment for this specialized work, will be here on Tuesday, February 14. Pictures will be taken at Munday Hotel and will be open from 10 a. m. to 5 p. m.

**No Charge to Parents**  
There is no charge to the parents. There are absolutely no strings to this invitation. It is bonafide in every sense of the word. Parents do not have to be subscribers, nor even readers of this newspaper to take advantage of this feature. Neither are they obligated to purchase pictures after they are taken. Those who want some additional prints may obtain a limited number by arrangement with the Studio representative when they select the pose they want printed in the paper.

It is entirely up to them.  
**The More Pictures, the Better**  
The Times simply wants pictures of all the youngsters and the more, the better. So the Mothers and Fathers of the community in which this paper circulates should remember the date and not fail to bring their children to the photographer.

## Three Knox City Men Injured In Auto Accident

Three young men from Knox City were injured about 10 p. m. Saturday three miles west of Aspermont when the car in which they were riding failed to make a curve and overturned several times. The injured men, all hospitalized in Stamford Hospital are:

Hollis Gideon, 26, son of Mrs. O. M. Gideon.

Tommy Abe Watson, 18, son of Mr. and Mrs. Abe Watson.

Barney B. Arnold, 19, son of Mayor and Mrs. Barney Arnold. Gideon, driver of the 1954 Ford, was more severely injured, although his attending physician said Sunday that his condition was not serious. He suffered a severe head injury, according to the physician, who said he was in a satisfactory condition.

Watson suffered a fractured kneecap and was in very good condition.

Arnold suffered a fractured collarbone and was reported in good condition Sunday night. The car in which the youths, all oil field workers, were riding was going west on U. S. Highway 38 toward Aspermont. They were taken to the Stamford Hospital in a Springer Funeral Home ambulance from Aspermont. The car was badly damaged.

### PARATHION BEST IN GREENBUG TESTS

Parathion gave the best control of greenbugs in wheat in two tests conducted near Hereford in 1955 by Norris E. Daniels, entomologist for the Amarillo Experiment Station.

Nine insecticides were used, including six systemic. Significant yield increases were obtained with six of the compounds.

Parathion may be applied with ground equipment or by airplane. Sprays are more effective when the weather is calm. Ground equipment should be used to keep chemical loss low when wind velocity is high. Best results are obtained when the temperature is 60 degrees F. or above.

The greenbug has been a major pest of wheat in the Central and Southeastern States for many years. It causes some damage every year. Two major outbreaks have occurred on the Texas High Plains since 1942.

## Haskell Trims Moguls, 51-44

The Haskell Indians downed the Munday Moguls by a score of 51 to 44 at Haskell last Friday night, keeping the Indians' hopes alive for a District 8-A title.

David Joslett high 20 points to pace the winners, but he was outscored by Glenn Amerson, who sank 23 for the Moguls.

In the girls game Haskell defeated the Munday girls by a score of 58 to 47. Sue Bell hit 21 for Haskell, while Margaret Yandell rang up 30 points for Munday's team.

## Goree Wins Over Vera; Score 57-56

The Goree Wildcats outscored the Vera Pilots in the final Friday night to come from behind and take a close District 13-B victory by the score of 57 to 56. The game was played at Benjamin.

Vera's Bobby Trahnham was high point man with 23 points, while Dol Lowrance of Goree led his team with 15 points.

## News Of Munday F. F. A. Chapter

The Munday F. F. A. boys took an active part in the Knox County Junior Livestock Show recently. They did not feed out or show any milk fed calves, but they are feeding out 17 calves for the commercial fat calf show in April—a project that is believed to be more practical on the farm. Some of the boys, however, are making plans to milk feed some calves next year.

In the lamb show and fat barrow division the F. F. A. boys took their share of the honors, with Lloyd Welch taking grand champion honors with his lamb. Frank Quintero won first place with his pen of 3 fat barrows and won second and third place in the heavy barrow division.

Robert Elliott won first, third and sixth place in the light barrow division and second with pen of three barrows.

D. A. Blair won 7th place in the light barrow division. Boys who showed lambs were: J. R. Booe, D. A. Blair, Bunny Norvill, Don Roberts, Glenn Phillips, Don Kegley and Robert Beck, showing 12 of the 17 lambs they fed out. In all the Munday chapter fed out 43 lambs and showed 29. Four died while being fed out.

Eleven of the local F. F. A. boys went to Fort Worth on Sunday January 22, with their adviser E. R. Ponder, to look after the sale of their lambs and to gain some ideas of how livestock are handled and sold in the stockyards. They also visited the Swift & Co. packing plant. Making the trip were D. A. Blair, J. R. Booe, Glenn Phillips, Don Roberts, Jack Masters, Robert Beck, Lanuis Bryan, John Sahadi, Arthur Cundiff, Don Kegley and Pete Rister.

Kay Waheed of Killeen was a week end guest of his brother, Sied Waheed.

Mr. and Mrs. Edgar Beecher and daughters of Dimmitt visited relatives here over the week end.

Drive carefully. The life you save may be your own.

RECEIVES AWARD—W. E. Braly of Munday, center, is shown receiving the U. S. Treasury Medalion Award for having achieved Knox County's quota in U. S. Savings Bonds for 1955. Making the award is Ed Gossett of Dallas, former U. S. Congressman from this district; and on the left is J. C. Porter of the First National Bank of Wichita Falls, district chairman. Nine other area chairmen also received awards.

## Treasury Award Made To County Bond Chairman

W. E. Braly attended the U. S. Savings Bonds district meeting in Wichita Falls on January 26, and was presented a U. S. Treasury medalion award for having achieved his county's Savings Bond quota for 1955. The award, which reads "For Patriotic Service, U. S. Savings Bonds Program," and pictures the Treasury's Minute Man and the seal of the United States, was presented by J. C. Porter of Wichita Falls, district chairman.

Mr. Braly accepted the award in the name of Savings Bonds volunteers in Knox County. "Without the interest and fine cooperation of these volunteers, our bond quota could not have been met," he stated.

Attending the meeting with Mr. Braly was M. L. Wiggins of Munday.

Plans were formulated to expand and carry the bond program forward and achieve the district's 1956 quota of \$7,110,000. The quota for Knox County is \$320,000.

The Savings Bonds slogan for 1956 is "For the Big Things in Your Life, Be Ready with U. S. Savings Bonds."

## Firestone Stock Being Liquidated

Announcement was made Wednesday that Barton Carl of Goree and A. V. Kemletz of Knox City have purchased the stock of Don and Decker Home and Auto Supply, and this stock is being liquidated.

"We are selling the entire stock, including all passenger car, truck and tractor tires, at drastic reductions in order to vacate the building as soon as possible," Mr. Carl said. "Here's your opportunity to save money on quality merchandise."

Kay Waheed of Killeen was a week end guest of his brother, Sied Waheed.

Mr. and Mrs. Edgar Beecher and daughters of Dimmitt visited relatives here over the week end.

TEXAS PUBLIC SCHOOLS WEEK has been proclaimed by Governor Allan Shivers for March 5-10. Receiving the proclamation for the sixth annual statewide observance is John McKee of Dallas (left), who has served as state chairman of the Texas Citizens' Committee for Public Schools Week since the week was inaugurated in 1951.

## Williams Seeks Another Term As District Judge

Lewis M. Williams, who is serving as District Judge of the 50th Judicial District of Texas, has authorized the Munday Times to announce his candidacy for reelection, subject to the action of the voters in the Democratic Primaries.

Most of the voters of this district, which is composed of Baylor, Knox, King and Cottle Counties, know Judge Williams as a well qualified jurist. He has been a leader in many activities of the area other than his duties as District Judge.

"My record of service in this office is before you," Judge Williams said in making his announcement. "You know I have tried to serve you well in this capacity, and if re-elected I promise you the same type of court service that I have given you in the past."

"It shall be my purpose to see as many of the voters as possible during the campaign, but duty is always first in my estimation. So if I fail to contact you personally, I assure you your vote and influence and every consideration given my candidacy will be deeply appreciated."

## Knox Pioneer Dies; Funeral Held Thursday

Mrs. Lee Adams, 74, pioneer resident of Knox County, passed away at 10 p. m. Wednesday, January 25, at the Knox County Hospital. She had been seriously ill for a month.

Mr. Adams, a retired farmer, is seriously ill and in the Knox hospital.

Funeral for Mrs. Adams was held at 10 a. m. Friday from the First Methodist Church in Knox City with Rev. Walter Driver, pastor, officiating. He was assisted by Rev. Nettie Wilcox, Gospel Mission Church pastor. Burial was in Gillespie Cemetery under the direction of Warren Funeral Home.

The former Josie Ann Fortenberry, she was born July 15, 1882, in Parker County. She and Mr. Adams married there on April 25, 1902. They lived at Munday and the Gillespie community before moving to Knox City in 1931.

Survivors include her husband; five sons, Rufus of Munday, Doc, J. B. and Bill of Knox City and Bunt of Fresno, Calif.; three daughters, Mrs. Edgar Holmes of Knox City, Mrs. Ed McClure of Weimer and Mrs. A. J. Proffitt of Hamlin; two sisters, Mrs. Frank Jarvis of Munday and Mrs. Hilda Hill of Casa Grande, Ariz.; one brother, Baxter Fortenberry of California; 17 grandchildren and eight great-grandchildren.

## Drive On Polio Nets \$1,219.39

Contributions of people of this area in the March of Dimes drive which has just closed amounted to \$1,219.39, according to Mrs. Johnny Peysen and Mrs. Don Combs, leaders in the drive locally. The following was received since the report last week:

Mailed in	\$ 10.00
Coffee Day	34.76
Containers from stores	72.05
Church of Christ	25.00
Business House	5.00
Mothers' March	370.50
<b>Total this week</b>	<b>\$517.31</b>

Contributions for the Munday area were a little short, as compared with last year's \$1,220.69.

It is never too late to send in your contribution, so if you were missed, send it to the March of Dimes, Munday.

### ATTEND SCHOOL FOR EASTERN STAR

Mr. and Mrs. Joe B. Roberts, Mrs. J. S. Shannon, Mrs. H. H. Cowan, Mrs. Joel Massey, Mrs. Bill Gaither and Mrs. Levi Bowen attended the Eastern Star school of instruction for this district held in Abilene last Thursday. The five taking the examination received the certificate of proficiency.

## 30 Students On Honor Roll For Third Six Weeks

A total of 30 high school students attained the honor roll for the third six weeks of school, it was announced Tuesday by F. Williams, high school principal. They are as follows:

Seniors: Glenda Yeager, Aurora Enriquez, Diane Hobert, Sue Haynie, Peggy Thigpen, Bobby Nance, Imo Decker, Joyce Voss, Sue Voss, Winford Biddle, Pat Putnam, Gary Cure, Wymon Tidwell, James Gaither, Noble Fleniken and Shirley Gubb.

Juniors: Gayle Littlefield, Dickie Morrow, Bob Cude, Patsy Parks, Anita Tidwell and Pat Partridge.

Sophomores: Jo Ann Booe, Jerry Williams and Leona Bartos. Freshmen: Gwen Morris, Audrey Trammell, Melissa Lee, Shirley Cammack and Beckie Clark.

## Soil Conservation Equipment To Be Centrally Located

On January 27, 1956, the District Supervisors met in regular session and decided that effective February 1, 1956, all equipment owned by the District be brought to a centralized place under the management of one man, and he will be completely in charge of all equipment as to maintenance and rentals.

John Crowmover was appointed custodian for district owned equipment, and all who wish to use the equipment must sign an agreement and must not take the equipment without checking it out from him.

A deposit of \$20.00 must be left with the custodian before equipment is taken, the deposit to be held until final settlement is made.

Rental charges on district owned equipment are as follows: Grass Drills, 50c per acre. Combination Grain Drills, 50c per acre.

Inter-Row Seeders, 50c per acre. Graham Conservation Special, 50c per acre.

Land Plane, \$5.00 per Day. Engler Scrapers, \$5.00 per Day. Signed: Jack Idol, Chairman. C. C. Browning, Secretary. H. W. Smith, Member. H. D. Gammill, Member. Doris Dickerson, Member.

## Olney Lions Give Exchange Program At Meeting Here

Lions from Olney were at the regular meeting of the Munday Lions Club last Tuesday, bringing an exchange program for local club members. The Munday club went to Haskell several weeks ago and rendered a program for the Haskell Lions.

Accompanying the Olney Lions were five high school students, who brought an interesting program of piano music, pantomime, guitar music and singing. The program was thoroughly enjoyed by all present.

Among other visitors was Rev. Mart Hardin, who is doing the preaching in the Baptist Christian Dedication services this week.

## Junior Girls Win Another Thriller From Haskell Team

Munday Junior High basketball team defeated Haskell last Monday, 43 to 23 with Margaret Clowd accounting for 21 points, Neva Morgan 12 and Sandy Stubblefield 10.

Guards doing good defensive work were Peggy Skiles, Judy Boggs and Penny Parks.

Other Munday players were Sara Offutt, Sandy Brown, Nancy Cowan, Evelyn Tomlinson, Jimmie Dell Peysen, Sue Smith, Nancy Stewart, Donna Partridge, Ruth Enriquez, and Mary Ann Reaneu.

High point forward for Haskell was Mylta Kreger who tallied 12 of Haskell's 23 points.

Mr. and Mrs. D. E. Whitworth were Wichita Falls visitors last Sunday.

Bobbie, Donna and Debbie Patterson spent the week end with their grandparents, Mr. and Mrs. G. C. Wirz, in Seymour.

### A DOUBLE SOCKET

Suppose you wanted a double socket to plug into an electric outlet. Obviously, you'd find one without the slightest trouble, and for very little money. It is a stock item not only in hardware and electric stores, but in many variety, grocery and other retail outlets. All stores are competing for your business—whether the item be a small one, like the socket, or an appliance costing many hundreds of dollars.

Things are different indeed where there is no competition—and the state is the sole judge of what shall be sold and what the price shall be.

Marguerite Higgins, the distinguished foreign correspondent, tells of her search for a double socket during a recent visit to Moscow. The hotel didn't have one. Neither did any of the stores she toured. She was finally offered one by an individual—for \$10. However, this socket didn't work. Some five days later, a workable socket was procured—and Miss Higgins was able to operate a heater and have light at the same time.

This may seem a trivial matter. But that double socket is an excellent symbol of a difference between a free, competitive economy, such as we enjoy—and a controlled state-bossed economy under which the Russian and many other peoples live. Next time you enter an American retail store, with its abundance of stocks, its excellent displays and services, and its competitive prices, you might offer a little prayer of thanks not only for the material abundance our system provides—but for all the other freedoms that are inextricably related to economic freedom.

### WHAT IS IMPORTANT

The debate over public-vs-private electric power often becomes a statistical battle, concerned with rates and allied matters. The two sides frequently come up with diametrically opposed figures, to the confusion of the public.

This is inevitable. But there is a phase which goes far beyond any statistical or material question—and over which there should be no confusion. Admiral Ben Moreell, Chairman of the Hoover Commission Task Force on Water Resources and Power, put it strongly and precisely in these words: "It is just as true today as it was a century and one-half ago, that the condition under which God has given liberty to men is eternal vigilance. Whether the demagogues advocating public power are or are not socialists is not important. What is important is that the price we pay for public power must be measured by the advance of socialism in our midst and our concurrent loss of liberty."

### CUTTING COSTS ON THE FARM

A mid-western advertising executive, who was raised on a farm and has been in close touch with the world of agriculture all his life, recently said that there is one thing the American farmer has learned: "Efficient production is essential. That means he must be a man not only of the soil, but a man of the machine shop, a businessman, and a student of weather, insect pests, seed, world trade, labor, and politics."

He then related this to mechanized farming. In industry, an expensive machine will be thrown out because a new one can save a few cents on each unit produced. A similar process takes place in modern farming. As he put it, "American farmers have learned—and other world farmers are learning—a new farm tractor or machine that cuts cost more than a previous model is a necessary and wise investment."

American agriculture produced record crops last year—and did it with less human and animal labor than in any other year. Mechanization—the ever-increasing use of more and better farm equipment of many kinds—was the reason.

The Farm Equipment Institute recently reported: "Farmers are putting into use new machines and methods for increasing farm production at a fascinating rate. Farmers have sizable backlogs of purchasing power, their credit is good, and they are continuing to mechanize to gain efficiency and cut costs." We hear much of current and temporary agricultural setbacks. We should hear more of the great long-range gains that agriculture is making—gains that over the years will be of tremendous service to the consumers as well as the producers of our food and fiber.

### PAMPERING BREEDS WEAKNESS

The Sherman County Journal, of Moro, Oregon, stated a very big principle in a very small space when it said: "A government that protects the weak will always have lots of that kind of people; a government that lets the strong develop will have that kind."

It is a law of nature that pampering breeds weakness. The pen-raised bird, loosed in the wilds, has small chance of survival, as many state game agencies have learned from extensive experience. The parallel extends to the human individual. And the result is about the same whether the excessive pampering comes from a doting family or a paternalistic government.

## WHAT DOES THE BIBLE SAY?

### CAN WE AGREE?

(Conclusion)  
If we believe the Bible we are in agreement thus far in our study on the subject "Can WE AGREE?" So far we have found from Ephesians 4:4-6 that there is "One God, One Lord, one Spirit, one body or church, one faith, and one baptism." We cannot be in disagreement on the above if we believe what the Bible says.

After all, the reason for disagreement about God's eternal word, is unbelief. We must agree there is only one gospel. Men of intelligence and Bible knowledge certainly will not speak of the "gospels" of Christ. We agree there is one gospel of Christ, which is the power of God unto salvation to everyone that believes, Rom. 1:16. If a man teaches more than the one gospel, he is preaching a perverted gospel—and not the gospel of Christ. In Gal. 1:6-12 the apostle pronounces a curse on any man or angel who would preach any other gospel!

The proposition is, let us always be sure that we believe, teach and practice the gospel of Christ—the word of God. If we do that, we are in agreement. To the Church of Corinth Paul

wrote, in 1 Cor. 1:10 "Now I beseech you, brethren, by the name of the Lord Jesus Christ, that ye all speak the same thing, and that there be no division among you; and that you be perfectly joined together in the same judgement." We must be in agreement—if we believe only the Word of God and practice only that which is authorized by the God of Heaven in his word.

### ONE HOPE

If we are in agreement in faith and practice, which must be characteristic of Christians, then we must agree there is "ONE HOPE".

The same source that impells me to believe there is ONE FAITH, ONE BAPTISM, ONE BODY, ONE SPIRIT, ONE LORD, and ONE GOD also leads me to believe there is ONE HOPE. Obviously, that "one hope" is the hope of a faithful Christian. A false hope can not be substituted for the "one hope" as much as we may earnestly desire and hope for the salvation of one's soul. We must agree there is one hope! We are saved by hope. (Rom. 8:24-25) However, we must agree, there is one hope—hope of the faithful Christian.

### RULES OF EVIDENCE PRESERVE JUSTICE

Are you hopelessly confused by court room procedure? Words such as "objection", "overruled", "sustained", "hearsay", "irrelevant" and "opinion" are meaningless to the average person.

The purpose of a trial is to settle disputes that the parties cannot settle by themselves. Before these disputes can be settled, the facts which give rise to them must be established. This sounds simple, but on the contrary it is a difficult task. If the parties agreed on the facts the job would be easy, but each side has its own version.

The trial court has the job of

establishing the facts. This is accomplished by questioning witnesses and the introduction of physical evidence. This requires application of the rules of evidence.

Through the years the law of evidence has been established. The rules place restraints on what type of evidence is proper. They have the effect of protecting the rights of the parties by insuring a fair trial.

Hearsay is a word often heard during a trial. Hearsay may involve a statement by a third person of a conversation between two other persons. It would be hearsay if Jones were asked to tell the court what he overheard Smith tell Greene. With certain exceptions, evidence of this type is excluded because it is not reliable, and might open the door to false testimony.

A lawyer objects to evidence he does not believe is proper. If a lawyer object to evidence because it is irrelevant, he means that the evidence is of such little importance that it has no bearing on the case, and if admitted it would bog down the trial so that the time needed doesn't justify its admittance.

Opinion evidence of one not an expert is not admissible since such opinion carries no weight. When an objection is sustained by the judge the evidence is not received. Should the objection be overruled, the evidence is allowed to be presented.

The rules of evidence have been built up through many years of court trials. These rules are not arbitrary but are designed to see that justice is done in our courts. The judge is seeking to have the truth established and insure that all parties and witnesses in the trial are given a full and fair opportunity to present the facts.

**Weekly Health LETTER**

Issued by Henry A. Holle, M. D., State Health Officer of Texas

AUSTIN—Lockjaw, or tetanus, is a very serious disease caused by a tiny germ that looks like a stick with a ball on one end—something like a microscopic lollipop, says Dr. Henry A. Holle, Commissioner of Health. This ball is called a spore, and it is the seed of the germ. Lockjaw germs are found in the soil, especially in manured soil of the barnyard or garden; in blank cartridges, etc.;—in fact—just about everywhere. These germs grow best in deep wounds where there is considerable tissue destruction and in which chips of glass, wood splinters, or grains of dirt have been embedded. They do not grow on raw surfaces in the presence of air.

Every accident seen by the physician must be considered from the lockjaw angle; and whenever there is any question, tetanus antitoxin should be given, for it is the antitoxin that has helped to keep the incidence of lockjaw at its low level. Your physician will advise you as to its use. Its disadvantages are that it gives only temporary protection; it does not get rid of the lockjaw germs in the wound; and it does sometimes cause hives and other disagreeable symptoms for a few days, particularly if the subject has had previous injections. Should lockjaw develop, it requires much antitoxin and entails great expense; and even then, not all cases can be saved.

It is not possible to free the environment of lockjaw germs, but now there is a method of active immunization. The subject becomes his own manufacturing establishment for antitoxin to combat lockjaw poison.

One nice feature about the treatment is that it can be combined with diphtheria and whooping cough prophylaxis. The concurrent immunization is, preferably, carried out in infancy. Should a child already have had his diphtheria toxoid and whooping cough vaccine injections, he can take the lockjaw toxoid injection alone; and these can be given at any time with very little discomfort.

Mr. Scott Green in Wichita Falls. Giles Petty was a business visitor in Abilene Saturday of last week.

Mrs. Roberta Beck, Maxine Park and Barbara Lee Coffman shopped in Wichita Falls, Saturday.

Mrs. Johnnie Parker and Miss Virginia Jackson of Wichita Falls visited over the week end with their parents, Mr. and Mrs. Buster Jackson.

Miss Lourelle Milstead of Hardin-Simmons University in Abilene spent the week end with her parents, Mr. and Mrs. O. V. Milstead.

Mr. and Mrs. Chester Bowden are spending this week with their daughter, Mrs. Jerry Edwards, and family in Waco.

Mrs. S. A. Bowden visited her brother, E. C. West, in Fort Worth the first of this week.

Capt. Stephen Harrison of Montgomery, Ala., visited his parents, Mr. and Mrs. Terry Harrison, last Friday. His wife and children, who have been visiting her parents in Haskell for several months, returned to Montgomery with him.

Lt and Mrs. Billy Joe Brown spent the week end here with his parents, Mr. and Mrs. Elmer Brown. Lt. Brown has completed his basic training at San Antonio and was transferring to the Hon-do A. F. Base.

## Miss LaRue Johnson And Floyd Patton Marry In Church Ceremony At Hamlin

Miss LaRue Johnson of Munday was united in marriage to Floyd Patton at 2 p. m. Sunday, January 29, in the First Methodist Church of Hamlin. Rev. John Syrlons officiated.

The bride is the daughter of Mr. and Mrs. E. Y. Johnson of Munday. Parents of the bridegroom are Mr. and Mrs. Walter Patton of Weinert.

Mrs. McCrary played the traditional wedding music. The bride was attended by a sister, Mrs. Alton Hunter of Iowa Park. Mrs. Hunter wore a paper taffeta dress of gold and turquoise. Her corsage was of white shredded carnations, and her accessories were white and gold.

The bride wore a dress of magnolia satin designed on princess lines. The low-cut bodice was topped by a Spencer jacket and the bouffant skirt was worn over an ice-blue crinoline. Her hat and gloves were of ice-blue and her bag and shoes were white brocade satin. She wore pearls belonging to another sister, Mrs. Joe Lane of Munday, and carried a handkerchief that had been her maternal grandmother's. The bride also carried a white Bible holding white flowers with streamers tied in lover's knots and fern sprays.

The bridegroom was attended by Lush Jungman of Aspermont as best man.

When the couple left for a short wedding trip, Mrs. Patton

wore a charcoal gray suit with avocado accessories. The couple will make their home on a farm east of Weinert.

Guests attending the wedding included Mr. and Mrs. Alton Hunter, Iowa Park; Mr. and Mrs. Lush Jungman, Aspermont; Mrs. Norene Arnold, Arlington; John Patton and Mr. and Mrs. Walter Patton, Weinert; Mr. and Mrs. Orin Howard, Mr. and Mrs. Roddy Griffith, Mr. and Mrs. Joe Pearce and Mr. and Mrs. Joe Lane, all of Munday.

## Doreas Sunday School Class Has Meeting Thursday

The Doreas Sunday School class of the First Baptist Church met in the home of Mrs. Frank Lowrance last Thursday for a covered dish luncheon and to quilt a friendship quilt presented to Mrs. A. U. Hathaway by the class.

Mrs. Johnny Owen, president, presided. The devotion was given by Mrs. Owen. Mrs. Ed Thompson gave the opening prayer.

After a short business session the meeting was closed with a prayer by Mrs. W. O. Mayes. Twenty class members and four guests enjoyed the social and quilting.

See You In Church Sunday

## Relatives Here or Mullican Funeral

Out of town relatives and friends who were here for the funeral of Mrs. C. H. Mullican were Mr. and Mrs. C. E. Broer, Danny and Carol, of Houston; Mrs. Walter Lawson, Mr. and Mrs. Troy Eubanks of Fort Worth; Mr. and Mrs. Carr Hamerick, Mr. and Mrs. Jack Lawson of Wichita Falls; Mr. and Mrs. Marcus Lawson, Mr. and Mrs. Reuben Rouse of Abilene; Mr. and Mrs. Eugene Lawson and son of Hamlin; Mr. and Mrs. O. U. Connally of Levelland; Mr. and Mrs. Billy Ray Connally, Mrs. Marvin Waggoner of Haskell; Mr. and Mrs. John Kahoot, Mr. and Mrs. Ethridge Lawson of Stamford; Mr. and Mrs. Arthur Lawson of Seymour; Mr. and Mrs. Bascum Connally of Rotan; Mrs. J. D. Cook of Knox City; Mr. and Mrs. E. O. Tuggle of Wayside; Mrs. Z. C. Williams of Knox City; Mrs. J. M. Robertson, Mrs. Clifford Roberson, Mrs. Gertie Hurd of Vera; Grady Weaver of Abilene; Bob Sadler and Homan McMahon of Goree.

## Shower Given To Honor Miss LaRue Johnson Jan. 27th

Miss LaRue Johnson, bride-elect of Floyd Patton, was honored with a shower Friday night, January 27, at the Fellowship Hall of the First Baptist Church. In the receiving line were Mrs. Roddy Griffith, Miss Johnson, her mother, Mrs. E. Y. Johnson, and Mrs. Norene Arnold, sister of Mr. Patton, of Arlington.

Mrs. Marshall registered the guests at a table decorated in mint green and white lace. The serving table was draped in mint green covered with a white crocheted cloth. Punch, cake squares and mints were decorated in the two colors and served from crystal table appointments. Miss Jackie Sokora poured and Miss Hazel Elliott of Knox City served. Hostesses for the shower were Mrs. Roddy Griffith, Joe Pearce, W. B. Johnson, Hazel Elliott, Lush Jungman, Coy Tuggle, D. E. Whitworth and Marshall Banner.

Jerry Scott of Texas A&M is spending the between semester holidays with his parents, Mr. and Mrs. J. B. Scott.

Jim Reeves attended a Ford dealers meeting in Dallas last Friday. He was accompanied to Fort Worth by Mrs. Reeves, who visited her sister, Mrs. Lillian Little.

## Cattle Open Steady, Spots A Little Stronger Monday

Cattle and calves sold generally fairly steady and some spots were a little stronger at Fort Worth Monday. Receipts at some of the midwestern markets were cut by bad road conditions and this offered salesmen a chance to press for higher prices. However, packers resisted this trend to the best of their ability.

Comparative Prices: Good and choice slaughter steers and yearlings \$15-19, latter figure for cattle under 1,100 pounds. Some heavies over 1,300 pounds stopped at \$18. Common, plain and medium cattle \$10 to \$15. Fat cows \$11 to \$12, some heiferish kinds above \$12. Cannons and cutters mostly \$7 to \$11. Bulls mostly \$10 to \$14, a few outside that range.

Good and choice slaughter calves cleared at \$15.50 to \$18.50 and common and medium offerings drew \$13 to \$15. Cull and common sorts \$10 to \$13. Two loads of choice stocker steer calves of over 400 pounds sold at \$18.50, and steer yearlings sold mostly from \$17.50 downward. Replacement cows are in very active demand at strong prices, dealers re-

ported.

## Hogs Sell 50 Cents Lower; Top At \$14-\$14.25

Good and choice butcher hogs sold at \$14 to \$14.25 at Fort Worth Monday, or 50 cents under the best prices late last week. There was a moderate increase in hogs receipts at Cornbelt points despite the bad weather that slowed down the cattle runs at those centers. This put a rather bearish tinge to the trade, as there was some speculation that receipts might get back to very large numbers before the week was out.

Less desirable weights and grades of butcher hogs sold from \$11 to \$13.75. Sows cashed at mostly \$10 to \$12, and a few light-weights sold to \$12.50.

## Sheep And Lambs Sell Steady; Lamb Top \$18.50

Good and choice slaughter lambs cashed at \$17 to \$18.50 at Fort Worth Monday and they along with all other grades and classes were regarded as fully steady. Some 5,200 head arrived indicating again that movement was expanding somewhat seasonally.

Cull, common and medium slaughter lambs sold from \$12 to \$16.50. Top lambs at \$18.50 carried No. 1 and Fall shorn pelts, and some No. 2 pelts lambs sold at \$17 to \$17.50. A few woolled lambs sold at \$17.50 downward. Stocker and feeder lambs sold from \$15 to \$17, and some choice shearing lambs were quoted above that range in load lots.

Slaughter ewes sold from \$7 to \$7.50. Old bucks sold around \$6. Aged wethers cashed at \$8 to \$13.

# 37 Servants!

to help you LIVE BETTER ELECTRICALLY

The average home employs thirty-seven servants — and all of them are Reddy. He is at your beck and call 24 hours a day, 7 days a week all year long — fair weather or foul. He'll run any of those 37 appliances — or ALL of them — whenever you say!

The beauty of it is, that Reddy does all these jobs for real low wages . . . about 3¢ an hour. That's a lot of work for a little money!

Next time your electric service bill arrives, take a good look at Reddy's wages — you'll find that electricity is still today's biggest bargain.

## "He That Is Taught Only By Himself Has A Fool For A Master"

Many people who have never spent a day in a medical university, foolishly believe that they can advise their friends how to treat an illness. They mean well, but can cause serious harm.

The proper diagnosis of a disease is an art that a Physician acquires only after years of study and internship in a hospital. It is more important to treat the cause of an illness than to just relieve discomfort, which is usually the most any self treatment accomplishes. When you are sick be guided by your physician.

Filling prescriptions is our business—We have the medication and the know-how to compound your prescriptions whoever may be your Doctor.

**HOW TO RECOGNIZE KHAPRA BEETLE INFESTATION**

The word "Khapra" is from an Indian word meaning "brick" and was ascribed to a stored grain pest by natives of India. The insect in the larva stage has a habit of hiding out in the pores of bricks or cracks in storage houses.

Authorities agree that the Khapra beetle is much harder to control than any other known pest of stored grain. It can secrete itself in cracks and crevices where sprays have little effect and can be reached, with much difficulty, by fumigants.

Pest control workers in California, Arizona and New Mexico know how tedious it is to kill the beetle. Texas authorities hope they never have to cope with it if present quarantine and inspection measures are successful.

Eradication is a time-consuming and costly process. The entire storehouse or elevator must be covered with impervious material, including the ground area for a radius of about 30 feet. Then the interior is fumigated with ethyl bromide, allowing plenty of time for the fumes to seep into every crack and crevice of the building.

The insect belongs to the same family as the carpet beetles. It is usually first noticed because of the presence of its fuzzy larvae, their cast skins, in clusters around the corners of grain bins or in used sacks.

It is spread from place to place in grain, feed, seed or used sacks. It will probably be found only indoors. To determine whether an infestation is present, take a double handful of grain from the

corner of a bin and sift it lightly through the fingers. If Khapra Beetles are present, you may find the fuzzy larvae or the cast skins clinging to the skin of your hands. Another method is to take floor sweepings from a recently emptied bin and screen it. Larvae or cast skins usually will not fall through the screen.

Check outer surfaces of bagged grain, seed or other sacked goods for skins or clusters of small insects. Pay particular attention to the top seam and inside of the bag ears.

Bin corners are favorite hiding places for the beetle. The larvae leave the grain when ready to pupate and congregate in great numbers in such locations.

Any suspected infestation should be reported to the Texas Department of Agriculture immediately. Contact, John White, Commissioner of Agriculture, Austin, Texas. Failure to do so may mean the loss of an entire storehouse of grain.

You may not have a lot of money or cattle roaming on a hundred hills or gushers spouting black gold but if you have a job and good health and a clear conscience that lets you sleep at night, you are rich.

A few years ago, I drove into a Texas town with a friend. He said, "I have a good friend I want you to meet" so we drove to his home—(it was at night). He was a banker-rancher and lived in the finest mansion in town. He was handsome and cordial. I was introduced to his lovely wife and children. We three men went to a steak house and enjoyed a fine meal. The banker proved to be that rare combination, a good talker and a good listener. Not long after that, I was

**News From The U. S. Congress**  
Congressman Frank Bland

The number of farms in the United States has decreased from 1950 to 1954 by 600,000 according to figures recently released by the Department of Commerce. There has been a decrease in every State except Florida, and an overall decline of 11.1% of the farms in the Nation. There are fewer farms today than at any

time since 1890. The figures further show that the size of the farms is definitely getting larger, and that the big decrease has been in the small one-family farms from ten to one hundred acres. The farmers farming from ten to one hundred acres declined 449,000 or 17.8% between 1950 and 1954. There were a few more than 63,000 farms of more than 1,000 acres in the United States in 1954. By 1954 this number had increased to over 130,000, and farms consisting of 500 acres or more have increased 55% during the last thirty years.

The total area of all land farmed in the country is about the same as it was in 1950 and represents roughly 3/5 of our total land area. This report of the Department of Commerce shows in very dramatic figures the way that our population is shifting from the land to the great metropolitan centers. Although there are 12,000,000 acres less land producing crops now than there were in 1949, the land under irrigation has increased three and three-fourths million acres during this same period making a total acreage now irrigated of over 29,000,000 acres out of approximately 333,000,000 acres of farm land in cultivation.

In Texas there was a decrease of 43,000 in the number of farms between ten and two hundred and sixty acres, and a decrease of farm tenants in Texas of about 23,000.

The census report shows among other things, that there are 110,000 farms in Texas having telephone service, 269,000 with electricity, 90,000 with television sets, 199,000 with running water, and 117,000 that have ponds, reservoirs, or earthen tanks on them.

These figures would seem to indicate that even though many of the modern conveniences have come to the people living on the farms, that people are still inclined to move to the cities. This migration unquestionably has been greatly contributed to by the

declining farm income. Visitors from home this week were Mr. J. S. Bridwell Mr. Henry Anderson, and Mr. Steve Latham of Wichita Falls; and Mr. B. H. Vickrey, formerly of Wichita Falls, but now of Tulsa, Oklahoma.

Mr. and Mrs. Glyn Bilbrey and Cathy of Brownfield visited his sister and husband, Mr. and Mrs. M. L. Barnard, and with relatives in Goree over the week end.

**New Future For Your Present**

How many ties did you get for Christmas? For once I didn't come up with any—could have used a couple this year, too. Instead I got three wool mufflers. Never wear a muffler.

Some people are determined to do something about the Useless Gift Problem—they're holding a "White Elephant Party" Saturday at the Community Hall.

Handy Peterson's the chairman. "Bring any presents you'd rather give than receive," he says. "Chances are you'll swap them off for something even worse—but it ought to be fun."

From where I sit, it's sometimes pretty hard to give a man exactly the present he wants. Other people so often have tastes and preferences that differ from our own—for example, think of all the people you know who claim coffee's the beverage, and all the others (like me) who'd rather have a glass of beer. Being able to make your own choice is the greatest "gift" of all.

## Knox Prairie Philosopher Wants Soil Bank To Include A Plan For Six-Wire Fence To Restrain His Cows

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek thinks he has found a flaw in the latest farm relief plan, but the flaw may be in him, not the plan.

Dear editor: Because I don't want Congress to go off half-cocked in solving the farm problem, solving it through the November elections would be some help but farming will have to go on just the same next year too. I have been doing some heavy thinking out here on my farm lately.

As I understand the heart of the proposed solution, a soil bank will be set up to take a lot of land out of cultivation, to cut down on over-production, but there's one catch in it which I think I ought to point out.

The proponents of this plan have already discovered that if the retired land is put in grass and grazed, it'd only serve to in-

crease the cattle surplus, so they have pointed out that the retired land can't be grazed.

They figure that'll take care of that, but they're wrong. They don't know my cows, or fences. I would appreciate you getting hold of our Congressman right away and pointing out to him that it's hard enough to get people to pay attention to government regulations, but impossible to get cows to do it.

Unless Congress writes into this soil bank bill a provision to build some new fences, a sort of fence-control plan along with the acre-control one, the soil bank idea is doomed to failure.

Oh, I could tell my cows what the new regulations are, will be glad to, but you let one of my neighbors take out some good land, plant it in lush soil-building grass or clover, and not do anything about my fences, and the plan will flop. If the government thinks my cows, thrown up alongside the temptation of a beautiful un-used pasture, have the character and the patriotism to stand back and let the grass grow untouched, it just doesn't know my

cows. They're like most humans, a square meal now is worth more than fourteen banquets ten years from now.

I hope you will see the light and get Sec. Benson to working on a plan to include a six-wire bobwire fence around all the land that's put into un-used grass. It's the only thing that'll hold the meat surplus down, and cattle-men can vote in November the same as farmers.

And there's no use looking to me to do something about the fences. The government will have to do it. If I'd wanted better fences out here, I'd have already built them. The way I see it, life has too many restrictions as it is. Yours faithfully, J. A.

# STORE MANAGER'S "FRIENDS AND NEIGHBORS" SALE

WEDNESDAY • THURSDAY • FRIDAY • SATURDAY  
FEBRUARY 1, 2, 3 AND 4th

4 BIG DAYS TO SAVE MONEY

BRING THE ENTIRE FAMILY

IN APPRECIATION OF YOUR PATRONAGE DURING THE HOLIDAYS AND THROUGH JANUARY I AM OFFERING ALL MY FRIENDS AND NEIGHBORS SOME EXCELLENT VALUES DURING THE FIRST FOUR DAYS OF FEBRUARY.

We all like to STRETCH OUR DOLLARS JUST AS FAR AS THEY WILL GO and for each Dollar you spend here DURING MY BIG 4-DAY SALE you will get A LOT MORE THAN A DOLLARS WORTH OF MERCHANDISE.

FOR 40 YEARS IT HAS BEEN THE POLICY OF PERRY'S NEVER TO MISREPRESENT A PIECE OF MERCHANDISE TO OUR CUSTOMERS, SO WHEN I SAY WE ARE OFFERING SOME REAL VALUES DURING THESE FOUR DAYS, I MEAN JUST THAT.

DON'T FAIL TO BE HERE, AND TELL YOUR FRIENDS AND NEIGHBORS ALSO TO BE HERE... REMEMBER, THE SALE LASTS ONLY FOUR DAYS, SO BE HERE ON OPENING DAY IF YOU POSSIBLY CAN... YOU'LL BE GLAD YOU DID.
