Odd Bits Salvaged
at Random

"Aaron, you are right," he said as we met him in the hallway of the court house. "We have so few newspapers publishers that I had never looked up the law."

The speaker was District Judge Lewis Williams, who had told us earlier in his court that newspaper publishers were not exempt from jury service.

We had asked permission to claim exemption last Monday so we could come back and start pounding the concrete in search for ads and news and stuff that goes to fill up a weekly sheet.

After the judge failed to confirm our belief of exemption, we had resigned ourselves to jury service and then some night work to get a paper published.

Dismissing court until 1 p. m. because of lack of jurors for a panel, Judge Williams looked up the law, then sent us home.

We don't know just why newspaper publishers are exempt, unless those who wrote the law figured they're just too dumb to serve on a jury.

Which reminds us of an incident years back when our boss was summoned for jury service and claimed exemption.

"Is he a good newspaper man?" the judge asked.

"No," came a roaring reply, as those in the court room answered in unison.

Then, he won't make a good juror," the judge replied, "You're excused," and our embarrassed boss left the court room amid laughter from the crowd.

Several women were notified to appear for jury service, but they were promptly excused before court opened.

The reason was that our court, like a majority of those in Texas, does not have the facilities to accommodate women. Which was something brought out before the vote was held on this amendment, but people voted for it anyway.

With the ladies excused, several failing to appear because of illness or excused for other reasons, the judge found the panel too small to start selecting jurors.

So officers went over the county seeking others for jury service, and the judge dismissed court until 1 p. m.

Going over, we noticed the Brazos river on a mild rampage.

At Benjamin, someone remarked that a 3-inch rain over on the Brazos watershed caused the rise, which was the largest we've seen in many, many months, although mild at that.

From the court house window we watched the snow peppering down as we waited for court to open.

We also saw ice all along the roadway going to and coming from the county capital.

And all on the first day of spring!

The cold north wind had whipped around the window sills; the freeze had nipped all greenery in the buds; tiny leaves from ambitious paradise trees took a sickly droop; even onion sprouts became limp and drooped toward Mother Earth.

Fruit was reported destroyed, and lovely spring flowers became a sickly mess.

The icy fingers of "spring" had taken their toll.

But the moisture that came ahead of the freeze brought happiness to many farmers' hearts and broad smiles to their faces.

Mrs. Clifton Patterson, Mrs. Robert Patterson and Mrs. D. E. Patterson of Seymour were Wichita Falls visitors last Monday.

Annual Banquet For Munday Chamber Of Commerce To Be Friday, March 25

Ticket sales are well under way for the Munday Chamber of Commerce annual banquet which will be held on Friday evening, March 25, at the school auditorium. Officers and directors are making plans for entertaining better than 300 persons at this annual event.

A number of visitors from neighboring towns are expected to attend. Rev. H. Doyle Ragle, pastor of the Munday Methodist Church, will serve as master of ceremonies, and an interesting program has been arranged.

The banquet dinner will be served by the Jetton Catering Service of Fort Worth.

Principal speaker will be Dr. Sterling L. Price, minister of University Baptist Church in Abilene. Dr. Price is a well known pastor and civic leader and speaker who will hold the attention of his audience.

A native of Oklahoma, Dr. Price is a graduate of a number of colleges and seminaries, holding the B. A., M. S. M. and M. R. E. degrees. From 1925-41 he was a member of the music faculty of Carson-Newman College at Jefferson City, Tenn. Pastor of the Abilene church since July, 1948, he has held other pastorates at Newport News, Va., and Athens, Tennessee.

He has been one of the outstanding civic leaders since moving to Abilene.

Weinert Church To Begin Revival Wed., March 30th

Rev. C. C. Lamb, pastor of the Weinert Methodist Church, announced Wednesday that a revival meeting will begin at that church on Wednesday evening, March 30, continuing through Sunday, April 3.

Rev. M. W. Reynolds, pastor of Truscott, will be the evangelist. Calvin Hamner will direct the singing; Mrs. M. D. McMinn will serve as organist and Mrs. Floyd McGuire as pianist.

"Everyone is cordially invited to attend all these services," Rev. Lamb stated.

Stubblefield And Son Take Charge Of Service Station

Announcement was made this week that H. B. Stubblefield and son, Hilton, are now operating the Phillips 66 Station, located on the highway just south of town.

The new operators stated they are anxious to give the motoring public the best of service possible on their cars. They specialize in washing and greasing, with pick-up and delivery service on cars and on flats.

"Our motto is 'Satisfaction Guaranteed,' and we invite you to drive in for prompt service," they said.

AMATEUR NIGHT IS SLATED AT BENJAMIN

The Benjamin Parent-Teacher Association is having an Amateur Night Friday night, March 2, at the Benjamin school. Anyone in surrounding area interested in entering is asked to contact Mrs. Togo Moorhouse or Mrs. Henry Duke. The public is cordially invited to attend.

Merchants Will Sponsor Drawing Friday, April 1

It's a drawing, but not a lottery, which merchants of Munday are sponsoring for Friday April 1, when \$150.00 will be awarded in four cash prizes.

A large majority of Munday merchants have joined in this trades promotion idea, and they will start giving away tickets next Monday.

The drawing will be held at the second monthly farm implement auction sale sponsored by Munday Implement Company. The cash awards will be made at 4 p. m. Friday at the auction sale grounds.

First and second prizes will be for \$50 each, while third and fourth awards will be \$25 each, so four people will be richer by attending the drawing.

Tickets are being issued with no strings attached. Nothing is required except that you register at one of the participating stores. The sooner you register, the more tickets you will receive. For instance:

Register on Monday and get 5 tickets; Tuesday you get four; Wednesday three, Thursday two, and only one on Friday.

Sounds plumb good, don't it. Then start registering next Monday and be here at 4 p. m. Friday when the cash awards will be made.

To Hold Revival

Rev. Robert H. Lloyd, above, pastor of the First Baptist Church in Munday, will be the evangelist for revival services at Gillespie Baptist Church beginning on March 27 and continuing through April 3.

Everyone is invited to attend Sunday school at 7 p. m. Sunday. Evening services will begin at 7:30 and morning services at 10:30.

The meeting has been preceded by a series of cottage prayer meetings sponsored by the brotherhood of the church. These prayer meetings have been in various homes, with wonderful spirit being manifested.

GOREE BOY WINS PRIZE AT JUDGING MEET IN ABILENE

Buddy Hodges, sponsor of the F. F. A. and agriculture teacher, took members of his judging team to Abilene last Monday.

Jerry Gaines, Jerry Brown and Mickey Land judged land; Jimmy Routon, David Moore and Colbert Haskin judged chickens, and Douglas Beatty, Doyle Lawrence and Jimmy Roberts judged dairy cattle. Third place winner, Jimmy Roberts, received a cash prize of \$15.

KNOX COUNTY APPROVED FOR EMERGENCY WIND EROSION PRACTICES

Jesse T. Gilpin, office manager for the Knox County A. S. C., has just been advised that Knox County is included in the wind erosion area. Assistance is being offered for contour listing and chiseling to prevent erosion.

Applications for assistance are being taken in the A. S. C. office in Knox City.

Mrs. E. B. Moore of Ralls visited over the week end with her son and family, Mr. and Mrs. V. E. Moore and children.

Lions Club Makes Donation To Camp At Kerrville, Texas

The Munday Lions Club has recently announced a one hundred dollar donation to the Camp for Crippled Children at Kerrville, Texas. This camp is sponsored by the Lions Clubs of the state of Texas and is located on a five hundred acre tract of land in the Hill County three miles south of Kerrville on Highway 27.

The camp is planned for crippled, blind, deaf or dumb boys and girls and is an effort to give these boys and girls an opportunity for the joys which other boys and girls have at their camps. The entire summer is taken up with camps for various age groups. Six hundred boys and girls will use the camp this summer. The donation of the Munday Lions Club was made possible by the sale of Christmas trees and the pancake suppers which the club sponsored.

Mrs. Hill And Son Are Now Operating City Drug Store

Mrs. L. J. Hill and son, Joe Mac, have taken over operation of the City Drug Store, formerly operated by Mr. and Mrs. J. K. Jackson, who have moved to Wichita Falls. They have been busy re-arranging the fixtures and restocking the store with new merchandise the past few days.

As a Saturday special, the new owners are co-operating with an ice cream manufacturer in a 2-for-one sale with those ice cream specialties going at two for the price of one. They invite the continued patronage of people of this area.

In Atomic Test

CAMP DESERT ROCK, Nev. (PHTNC)—Now at the Atomic Energy Commission Proving Grounds here for the latest series of atomic tests is Marine Cpl. A. G. Torres, son of Mr. and Mrs. Jesse O. Torres of Route 1, Box 55, Munday, Texas.

Before entering the service in January, 1953, he attended Lanier Junior High School, Ean Antonio.

The annual revival of the First Methodist Church will begin on Wednesday evening, March 30, and will continue through Easter Sunday, April 10. Dr. Ray N. Johnson, Conference Evangelist, will be doing the preaching for the revival. Dr. Johnson is noted as an outstanding evangelist and is giving his full time to this work. During his ministry he has served as pastor in San Antonio, Brownsville, San Angelo, Dallas and Vernon. Prior to the Second World War he gave three years as a full time evangelist and then during the war served as a chaplain for four years. Three years of this time was spent serving with a hospital unit in Europe. Upon his return from the war he was assigned to San Angelo where he served for five and a half years. During his pastorate there a \$700,000 church was constructed. Dr. Johnson has been back in the evangelistic field since November of 1954 and has been conducting revivals all over the Southwest since that time. The local church feels fortunate in obtaining his services for this revival.

Services will be held at 10 o'clock each morning and a 7:30 each evening during the revival. A special service will be held on Good Friday, April 8. This service will begin at noon and will continue until 3 o'clock as a service in memory of the closing hours of the public life of Jesus. The general public is cordially invited to attend any or all of the services during the revival.

Revival To Open Next Sunday At Church In Goree

The First Baptist Church in Goree will participate in the simultaneous revival of Southern Baptist Churches, extending from the Atlantic to the Pacific oceans.

The Goree revival will begin on Sunday, March 27, and continue through April 3. Rev. W. D. Malone, pastor of the O'Brien Baptist Church, will be the evangelist. He is a splendid preacher and a graduate of Baylor University and Southwestern Theological Seminary in Fort Worth.

The Goree church is preceding the revival with cottage prayer meetings, six of which will be held in the homes of the people. You are cordially invited to attend these services.

Director Of Civil Defense To Speak Here Monday Night

Col. Steve E. Marchand of Wichita Falls, director of civil defense of this area, will be the guest speaker at a special meeting of the M. P. T. A. and Munday Fire Department on Monday night, March 28, at 7:30 p. m. at the school auditorium.

Of special interest will be his counsel on setting up tornado disaster warnings and a first aid school for this area. The general public is asked to attend this meeting.

MRS. BENGE ATTENDS ABILENE CHURCH MEET

Mrs. T. G. Bengé was a guest of Dr. and Mrs. Willie P. Gerhart at the Wooten Hotel in Abilene last week end for the forty-fifth annual convocation of the Missionary District of North Texas, held with the Church of Heavenly Rest in Abilene. She reported a wonderful meeting, with services ending on Sunday.

GETS PROMOTION

A/c Gerald T. Morrow has received a promotion to Air Force Cadet Colonel. He is the son of Mrs. Freddie Morrow of Munday. Gerald is stationed at Williams A. F. Base in Chandler, Arizona. He will receive his wings as a commissioned officer April 28th.

There were flashes of lightning. There were rumblings of thunder. The rain came. Hail came. The cool front came in, with an accompanying norther, followed by a killing freeze.

And the coldest day of them all was Monday—the first day of spring.

Joyously the people welcomed the rain; reluctantly they accepted the killing freeze.

From practically all parts of the county came reports of 1.50 inches of rain, while a reported three inches on the Brazos river watershed caused a mild rise in the river.

A life saver for local wheat crops, which had begun to suffer badly from dry weather, the moisture also puts farming land in good shape for planting of row crops.

Rain started here around 3 a. m. Sunday and made all gauges register around one and one-half inches.

Sunday evening, the norther blew in bringing freezing temperatures. Low for the spell was around 25 degrees, and most people state that fruit was destroyed for the second successive year. Trees had been in full bloom several days.

Gardeners lost most of their tender garden plants, while sprouting foliage on all trees was destroyed. Warming temperatures came Wednesday.

The freeze hit hard; the rain was splendid, and there still remains hope in the hearts of local people.

Knox Teachers To Meet Here Tuesday

The spring meeting of the Knox County unit of the State Teachers Association will be held at the Munday grade school auditorium Tuesday night, March 29. This is to be the social meeting of the year and a buffet supper will be served at \$1.25 a plate.

Each school is asked to let W. C. Cox, superintendent of Munday school, know the number planning to attend from each school so that they might know how many to prepare for.

WILL INTERVIEW LABORERS FOR WORK IN COLORADO HARVEST

On Friday, April 1, representatives of the Holly Sugar Company of Denver, Colo., and other vegetable processors and the Texas Employment Commission will interview workers in this area for employment in sugar beet and vegetable harvest work. The work will be in Colorado, Montana and Wyoming.

Employers desire to hire U. S. citizen workers of Mexican or other Latin-American extraction. This year, for the first time, all hiring commitments and travel advances will be made between the worker or crew leader at the company representative and reception center in Munday.

Workers will be needed until about September 15, at which time they be free to return to Texas for the cotton harvest. Interested workers may meet the representatives on Friday, April 1, from 10 a. m. to 3:30 p. m.

FORMER RESIDENT INJURED IN WRECK

Mr. and Mrs. Fred Lain received word that their niece, Mrs. Don Duggan, was injured in a car wreck near Glen Rose last Saturday. Mrs. Duggan received lacerations and a severely bruised hip. She will be confined in the Marks-English Hospital at least three weeks before she will be able to return to her home in Houston. She is a former resident of Munday and will be remembered at Leita Lane school.

MARTHA KAY ELLIOTT IN SPELLING CONTEST

Martha Kay Elliott, seventh grade student and daughter of Mr. and Mrs. J. C. Elliott, will represent Munday at the spelling bee next Saturday at 9:30 a. m. at Sunset school.

Winner in the county contest will enter the district contest in Wichita Falls on Saturday, April 23, to compete for the national contest.

FARM MACHINERY IN EVOLUTION

Each year, at roughly the same time, all the makers of automobiles bring out new models. Minor and major changes alike are extensively advertised, in the hope that motorists will decide after one season that their cars are pretty well out of date and they'd better get aboard the band wagon. And millions of motorists do just that.

The situation is different in the case of tractors and other modern farm machinery. The farmer buys these tools on a basis of need and utility—not because of the attractions of chrome trim and sleek lines. But, like the automobile, farm equipment is also in a steady process of evolution and improvement.

Thirty-odd years ago, for instance, about the sole mechanical power available to farmers were big, ungainly tractors, suitable only for field crop operations on the largest acreages. Now there is power equipment available for practically every agricultural job, including the most specialized. The improvements and the innovations are a testimonial to the vigor and progressive spirit of our competitive farm equipment industry. It is a common practice, incidentally, for the industry to consult with farmers on new ideas, and to test them under practical farming conditions.

All this has a great bearing on the value the farmer gets from his machinery dollar. The cost of equipment has naturally risen as wages and taxes and prices in general have risen. But the machines do more work in less time and with less labor. They require less maintenance and upkeep. If properly cared for, they are safer to use. When everything is added up, the farmer receives more for his money than ever before.

INVEST-IN-AMERICA WEEK

"Money in motion in the miracle of the high standard of living in the United States, it's unparalleled production and its freedom," says the Oregon Voter.

During the April 25-May 1 period Invest-in-America Week will be observed. Its purpose is to acquaint more people of the miracle of which the Voter spoke. And that is certainly a worthwhile goal. It takes from \$8,000 to \$12,000 of investment to create just one job in American industry. As more and more people invest a part of their savings in enterprise, the more jobs we have—and the stronger the nation becomes in every way.

HERE'S WHAT YOU CAN DO

"What can I do about traffic accidents?"

A lot of people—concerned about a traffic situation that resulted in 38,300 deaths in 1953—are asking that question.

But many ask as if they expected the answer to be, "Nothing!"

They're dead wrong. The answer is, "Plenty!" And the current program which the Texas Safety Association, the Texas Department of Public Safety and the National Safety Council are conducting spells it out "Know and Obey Traffic Laws!"

Maybe you think that's a little far fetched—that knowing and obeying traffic laws won't make a dent in the annual traffic toll.

If that's what you think read the following sentence carefully. In 1953, 62 per cent of the drivers involved in fatal traffic accidents were violating a traffic law at the time of the accident! Doesn't this fact definitely establish the relationship between traffic accidents and law breaking?

We don't say that none of these drivers would have had accidents if they had not violated the law. But it's safe to assume that a substantial number of accidents in which they were involved would never have occurred if the drivers had been observing the law.

This is the basis for our suggestion that a knowledge of and respect for traffic laws will bring about a partial solution of our traffic accident problem.

It's a simple solution. All it calls for is a willingness on the part of every driver to accept his responsibility to protect himself and everyone he meets in traffic. If each driver familiarizes himself with local traffic laws and then obeys them at all times, we will be well on the way to licking our traffic accident problem.

GRASS ROOTS OPINION

WEST POINT, MISS., DAILY TIMES LEADER: "Any strong nation of free workers can survive the ordeal of going broke, and can even come back stronger than ever when the tide of fortune again turns its way. But paste this in your hat: No country is strong enough to make a comeback when the people lose their sense of personal responsibility . . . and their fundamental respect for the system that underlies all economic progress—the private property system—under which all men have the same opportunity . . ."

WHAT DOES THE BIBLE SAY?

The following article was taken from the editorial of the Firm Foundation, March 15th issue.

IT'S LATER THAN WE THINK

These are dangerous times. The governments of men do not trust each other! Suspicion and distrust rule the day. We live in an age in which the best brains on the face of the earth are being put to the task of finding better ways of blowing us up.

I recently read the report of one of the world's leading atomic scientists who revealed for the first time that we have perfected two different devices that are too powerful to test. The Pacific Ocean is not wide enough nor deep enough for us to take one of these gadgets out in the middle of it and set it off! It is too powerful to test!

We have reached the place where we have the power to commit racial suicide! Some think we will never use these powers. The possession, they claim, will make us afraid to use them. It is not so. It has never been. The possession just makes us more "trigger-happy." Each will rush to use his weapons before the other. It is just another case of being quicker on the draw! It doesn't sound nice, nor pretty, but we are leaning over the pit. Catastrophe may not come before Christmas, but it might. Sooner or later someone will light the fuse to one of these gadgets too powerful to test.

The segment of humanity that has placed its trust in gold or armed might, is very conceivably nearing the end of its rope. It is about to hang itself.

There was a time when men fought each other with clubs until someone invented a spear. I suppose they hoped he'd nev-

er use it—but he did. Then men fought with spears until someone invented gunpowder. The world was shocked. They hoped they'd never use it—but they did. Then someone developed a battleship, and they loaded it with cannons. They aimed them at each other's cities and ships, and hoped they'd never use them—but they did. Then came poison gas, and the nations turned back in horror at the creeping, crawling fog that could sear the flesh of a man, and eat up his lungs and burn out his throat—and they outlawed it on paper. They hoped they'd never use it—but they did.

And now we have a gadget too powerful to test, and the suspicious little men of trustless nations meet around council tables in an attempt to junk the atomic bomb, and the ten times more powerful Hydrogen bomb, and the fifty thousand times more powerful bombs that they may build. They hope we'll never use them—but we will!

Men have placed their trust in these things now for thousands of years, and that trust has been betrayed every time. Now, let's try Christianity's solution to the world's ills. Let's teach men to put their trust in God, and love their neighbors as themselves. Let us take warning while there is yet time. This warning has not been the report of fanatics. This is the cold, sober word from the lips of the men who make the bombs and who work in the plants where secrets are top secrets.

It's later than we think! We may be one step from eternity and not know it. It's high time men cease to put their trust in guns and planes and blasting powder, and place it rather in the Almighty God.

WATCH YOUR HAT, COAT

The sign over the coat rack read: "Not responsible for lost or stolen articles." John glanced at it as he hung up his coat and then turned to assist Jean, his wife, in taking off her fur coat. He put it on a hanger beside his own.

The two of them drifted casually down the corridor into the dining salon and were assisted to a table by the hostess. The lunch was exceptionally good and both were hungry. The minutes flew by. John glanced at his watch. "Golly, it's almost 1:00 o'clock. Better get going."

But when they got back to the coat rack, Jean's fur coat was gone.

"I'm sorry, sir," said the manager, "but we are not responsible for lost articles. We put up the coat rack for the convenience of our patrons, but that sign you see makes you responsible for your own coat and hat. I'm awfully sorry, but we just can't watch everybody's possessions."

Sign Not Factor

The fact is that in the case of Jean's fur coat the restaurant would not have been responsible for its loss even if there had been no sign. One takes off a garment and places it on a coat rack, as one would do in a restaurant, retains the power of surveillance and control over it himself. Ordinarily, under such circumstances, the operators of the restaurant have no responsibility toward the customer's belongings because they have not knowingly received the exclusive possession and dominion over them.

The case would be different however, where the coat had been delivered to an employee of a checkroom. In such event the management probably would be responsible. So, also, in the cases where a customer

Weekly Health LETTER

Issued by Henry A. Holle, M. D., State Health Officer of Texas

AUSTIN—Many Texas children and adults die each year from fly-borne diseases. Typhoid fever, tuberculosis, summer complaint, cholera, and intestinal diseases frequently resulting in death follow closely in the trail of the common housefly.

"The control of the fly menace comes at the top of the list of necessary public health measures which should be applied by every city and community in the State," said Dr. Henry A. Holle, State Health Officer. "The most effective measure for control is to prevent breeding, and about eight days are required to complete a life cycle. During her lifetime of several months, one housefly lays from 600 to 1,000 eggs. Thus, it can easily be seen that in a season which usually begins in the spring of the year, the descendants from one fly number countless thousands."

To eliminate flies, Dr. Holle said the breeding places must be destroyed. As flies breed in filth, manure piles, garbage, and other organic filth furnish the requirements of warmth, moisture, and food necessary for the propagation of the fly. Flies should be kept from contact with food or drink or utensils in which such food and drink are prepared and served. Likewise they should be kept from access to privy vaults where they pick up the infections, which they later spread to humans by contact with the food and drink, and by unwashed hands and utensils.

"See that your windows, doors, and porches are screened so that the stray fly from some careless neighbor will not endanger your family. See that your grocer keeps meat, vegetables, and fruit screened from flies."

MARCO POLO

BROUGHT BACK TO ITALY FROM CHINA (1295) THE SECRET OF "PASTA" WHEAT-PASTE DISHES, INCLUDING SPAGHETTI, MACARONI, RAVIOLI, ETC.

ITALIANS DEVELOPED PASTA INTO 150 SHAPES AND FORMS, WITH NUMEROUS DELICIOUS SAUCES. VILLAGE STREETS SHONE WITH PALE GOLDEN SPAGHETTI DRYING.

IN TIME ITALIAN-AMERICAN CHEFS BECAME FAMOUS FOR PASTA DISHES: WITH RECIPES STERNLY GUARDED.

BUT A FAMOUS CONTINENTAL CHEF, HECTOR BOUARDEL (PRONOUNCED BOYARDEL), FIRST PACKAGED FOR AMERICANS' DINNERS OF SPAGHETTI WITH SAUCE AND CHEESE, PRESERVING THEIR FRESHNESS AND EQUISITE FLAVOR.

LET'S TALK LIVESTOCK BY TED GOULDY

MOST CATTLE 50 CENTS HIGHER

FORT WORTH—Fed steers and heifers were steady and other slaughter classes 50 cents or more higher at Fort Worth Monday. Fat cows were strong and lower grades were around 50 cents higher. Fat calves were 50 cents to as much as \$1 higher in some cases. Bulls were steady.

STOCKER DEMAND IS STRONG

Good stocker and feeder steers continue in good demand, while low grade stockers become increasingly hard to move. Both feeder and stocker steers and steer calves were around 50 cents higher.

Fed cattle sold at \$23 down while common to fairly good kinds brought \$15 to \$18. Fat cows sold for \$11.50 to \$12.50. Canners and cutters brought mostly \$8 to \$11. Bulls brought \$10 to \$14. Choice killing calves brought up to \$21.50.

Medium and good stocker feeder steers and steers and steer calves brought \$15 to \$21.50.

HOGS OPEN 50 TO 75 CENTS HIGHER

Choice butcher hogs topped at \$17 Monday at Fort Worth, fully 75 cents higher than last week's close. Sows were 50 cents higher and sold at \$12.50 to \$15. Less desirable weights and grades of hogs sold at \$15.50 to \$16.50.

SHORN SLAUGHTER LAMBS HIGHER

Sheep receipts were not quite as large as last Monday and Spring lambs were fully steady with a top of \$23.50. Good and choice shorn slaughter lambs cashed at \$18.50 to \$20, the latter price being paid freely for lambs with number two pelts. Plain and common kinds of clipped lambs sold at \$13 to \$18. A few good woolled killing lambs sold at \$20.

Other classes of slaughter sheep were steady. Some fairly good slaughter ewes sold at \$8. Good, fat ewes are quotable up to around \$9 in the wool. Some good, number three pelt shorn slaughter yearlings brought \$16.50. Common to good kinds of shorn aged wethers sold at \$11 to \$13.

Shorn feeder lambs were 50 cents higher and other classes of feeders and stockers were steady. Stocker and feeder lambs brought \$16 to \$19, the latter price for woolled and half fat shorn lambs.

Rev. and Mrs. R. H. Lloyd attended a Baptist convention in Fort Worth the first of this week.

PLENTIFUL FOOD LIST TOPPED BY PORK

Slumping prices for live hogs are reflected in the meat markets. Supplies of pork are large, the slaughter rate is running from 20 to 25 per cent ahead of last year at this season, and this plus lower retail prices, says May Belle Smith, extension consumer education specialist, puts pork in the featured spot for April.

Other meats on the April list include beef and such fish as shrimp, frozen haddock and halibut and canned tuna.

Pinto beans, canned snap beans and canned sweet corn remain in heavy supply as do fresh and processed oranges and grapefruit, raisins and small prunes.

Rice, eggs and dairy products also rate a high ranking on the April list for supplies are near record levels.

Miss Smith says lard, vegetable fats and oils complete the list.

Mr. and Mrs. Dale Williams and children of Plainview visited her mother, Mrs. Lucille Stodghill, and other relatives over the week end.

Mr. and Mrs. Deon Martin of Abilene visited her mother, Mrs. Freddie Morrow, over the week end.

HERE'S PROTECTION FOR YOUR LAWN

Your lawn represents a big investment in time, labor, and seed. It is worth every bit of its cost for the enjoyment it brings to the whole family and for the real value it adds to your home. Protect your investment by feeding your lawn a square meal this fall. Give it 4 pounds of Vigoro per 100 square feet of area. A well-fed lawn has greater resistance to damage through adverse weather, weeds, or disease.

C. C. Coffee, Lubbock, presided. Other Northwest Texans featured on the program included Mrs. W. E. Hamilton, Quanah, who led the service of remembrance; Lucile Flowers, Plainview, conference president of the Wesleyan Service Guild; and Naomi Hare, Hereford, who has just completed a five year term as a missionary in a girls' school in Lima, Peru.

One of the highlights of the program was an address by Pat Miller of Odessa, who has just returned from a three-year term as a missionary in Africa. A graduate of McMurry College, Abilene, Miss Miller praised Rev. Doyle Ragle, then on the staff at McMurry, now pastor at Munday, for pointing her to the mission field. "I would not take anything for my experiences in the Belgian Congo," said Miss Miller.

The women increased their pledges by \$2,500 to total \$76,000 for world wide purposes. Mrs. J. C. Cowan, Jr., Tulla, conference treasurer, led the pledge service.

Miss Marguerite Hammett of Abilene visited her mother, Mrs. George Hammett, over the week end.

Miss Peggy Clough of Arlington spent the week end here with her parents, Mr. and Mrs. D. D.

Miss Michels And Morris W. Smith Engagement Told

Mr. and Mrs. John Michels of Munday announce the engagement of their daughter, Miss Lois Ann Michels of 1813 Ardath, Wichita Falls, to Morris Wayne Smith, son of Mrs. Homer R. Couch of Wichita Falls and Morris Clyde Smith of Anderson, California.

The couple is to be married in mid-summer in St. Joseph's Catholic Church in Rhineland.

Miss Michels graduated from the Academy of Mary Immaculate with the class of 1954 and is now attending Draughon's Business College in Wichita Falls.

Mr. Smith graduated from the Wichita Falls High School with the class of 1953 and is now employed by Miller and Miller Motor Freight Lines in Wichita Falls.

Mr. and Mrs. J. Weldon Smith and children visited with Mr. and Mrs. Manson D. Waits and son in Lubbock over the week end.

Mr. and Mrs. Oates Golden and Mrs. Charles Baker and sons visited in San Antonio and Corpus Christi several days last week.

Miss Hargrove Celebrates Her 12th Birthday

Virginia Hargrove was honored with a slumber party at her home in Aiken on Thursday, March 10, in honor of her 12th birthday.

The cake was the center of attraction, being white and trimmed in orchid, with clusters of pink roses on one side and twelve pink candles on the other. Brown letters in the center formed the wording, "Happy birthday, Ginge."

The girls played games, after which many useful gifts were received. The group sang "Happy Birthday" to the honoree, and the cake and frosted cokes were enjoyed.

More games were played, after which supper was served to the following: Glenda Hardin, Raye Watson, Charlotte Bench, Wanda Savage, Linda Gammage, Jane McClure and the honoree.

The group enjoyed television and games until bed time, and all wished the honoree more happy birthdays.

DONALD JOLLYS ARE PARENTS OF SON

Mr. and Mrs. Donald Jolly of Muskogee, Okla., are announcing the arrival of a son on Saturday, March 19. He weighed 7 pounds and 9 ounces and has been named William Lee. Mrs. Jolly is the former Helen Haymes of Munday.

Carol Owen of S. M. U. in Dallas, and Charles Ratliff of Texas Tech in Lubbock were week end guests of Charles' parents, Mr. and Mrs. R. L. Ratliff.

MULLING WITH MULLER
By Edna M. Muller

Ever try a Brunswick stew on the family? Takes a little time but it's worth the effort. Cut up a three pound chicken and put it in a large pan with three quarts of water, one large sliced onion, one half pound of lean ham cut in small pieces. Simmer gently for two hours. Add three points of tomatoes, one potato sliced, one No. 2 can whole kernel corn, one tablespoon salt, one-fourth teaspoon pepper, a small pot of red pepper. Cover and simmer gently for one more hour, stirring frequently to prevent scorching. Add three ounces of butter and serve hot. Take my word for it — it's pronounced die-tect-a-ous!

"The Greatest Story Ever Told," which is presented over the ABC network every Sunday afternoon, will again present "The Crucifixion" on Palm Sunday, and "The Resurrection" on Easter Sunday. It will be no small wonder to you, if you have been a regular listener to this series, that this program has received more honors than any other radio offering. The broadcasts, which present the teachings of Christ applied to present conditions, are kept entirely in the spirit of a sincere public service . . . no credits are given to actors, director, writer, or music. This is the sixth year for these presentations which have become traditional radio fare for so many of us.

Children love birthday parties and much and that "special occasion" cake is very important. Yet it never seems to fall that when you think 12 ladies are coming you discover that twice as many have been invited by your favorite offspring! A bit of a problem now develops — how to get 24 slices out of that cake! Cut the cake in quarters, then eighths, and each eighth into 3 pieces.

Gilliland Club Has Its Regular Meeting March 16

The Gilliland Home Demonstration Club held its regular meeting on March 16 in the club room. A game called "cake mix" was directed by Mrs. O. W. Miller to open the meeting.

The club voted to donate five dollars to the Red Cross drive. Recommendations of some of the committees were approved. The club is to sponsor "fun night" every fourth Friday night of each month for their families. The ladies will also sponsor some entertainment for 4-H Club boys and girls.

Refreshments were served to 15 members by Mrs. John Crownover.

Mr. and Mrs. I. R. Cypert and Mrs. Gene Brown and daughter visited relatives in East Texas last week.

Knox Prairie Philosopher Worried Over Proposed Law Against Selling Merchandise For Less Than It Costs

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek may be unduly worried over the matter at hand this week, but you can decide that from his letter.

Dear editor:

The trouble with electing a man to Congress is that he considers it a mandate as they say from the people to get his name on some legislation. There ain't nothing apparently more embarrassing to a Congressman than to visit back home and have to admit to the people he hasn't gotten a law passed that he thought up, and consequently this puts so much pressure on him he has to rack his brain to find a spot for a new law, because if there's one thing the United States has a surplus of, it's laws.

Nearly any situation you think of, some Congressman has al-

J. A.

ready thought of a law to cover it.

But the other day a Congressman thought up a new law, and I'm concerned over it.

What he wants is a law to prohibit the sale of merchandise below cost.

Now off-hand this might sound like a good thing, business has got to make a profit to be worth anything, and I guess if a man hasn't got sense enough not to sell for more than he paid, may-

Fed Low-Cost Rations

Robert D. Fisher, 18, Tinmath, Colo., with two of the Herefords in his prize winning carloads feeder class entry at the 49th National Western Stock Show, Denver. Aureomycin in a good rumen type supplement enabled young Fisher to produce premium grade beef while holding feed costs to a minimum through a high roughage ration.

be he needs a law to keep him in business.

But I got to thinking, I don't know what all "merchandise" would include, but I can see the day when the courts would interpret it as cattle, for example, or cotton or corn or wheat or rice, and I'm telling you when they pass a law keeping a farmer from selling below cost, they're gonna play thunder with farming.

I know farmers, in fact I'm one of em, who have been selling below cost for years, and you pass a law putting a stop to it and you'll throw a lot of us out Year before last, nearly anybody who sold a cow he'd bought the year before that, sold it at

below cost, and if this law had been in effect, by now lots of farmers couldn't have gotten to their mail boxes for stumbling over dead cows.

I'm not in favor of it, but one of the fundamental rights of a farmer has been to sell below cost, and you eliminate that and there'll be years when a man can't plant a new crop for worrying where to put last year's.

Maybe a druggist shouldn't be allowed to sell tooth paste below cost, or a merchant a formal evening gown, but you stop a farmer from selling his products that way and what's he gonna do for a living?

Yours faithfully,
J. A.

J. Wayne Green, eminent Trichologist, demonstrates causes of baldness and how it can be prevented.

How To Have Hair For A Lifetime To Be Demonstrated At Seymour By Famous Trichologist

Offers Written Guarantee

An exclusive interview by Steven Bright

WICHITA (Special)—J. Wayne Green, Director of Rogers, Inc., Hair and Scalp Specialists, exploded the "myth of baldness" today in an exclusive interview.

"Baldness is unnecessary, costly, unnecessary and a plague to mankind," says Green. "No man need be bald. No man need suffer the stigma of premature old age that is forced upon him because he is losing his hair. The Rogers method of hair and scalp treatment can prevent baldness—can turn colorful fuzz into healthy, growing hair—can make you look youthful again."

Demonstration To Be Held in Seymour, Texas

This revolutionary method of home treatment for the hair and scalp will be demonstrated in Seymour, Texas, Tuesday ONLY, March 29, at the Seymour Hotel. Trichologist E. L. Hicks will conduct the private INDIVIDUAL INTERVIEWS from 12 noon until 9:00 p. m. Tuesday ONLY. There is no cost or obligation, and you need no appointment.

Reason for Baldness

"There is always a reason for baldness," continued this nationally known authority. "Hair cannot grow through a scalp that is infected with dandruff, excessive oiliness or extreme dryness. A scalp that has never been exercised cannot be expected to produce healthy hair." Men, and yes, women, too, walk the streets today, completely devoid of nature's greatest ornament—hair. Simply because they were not taught the basic rules of hair and scalp hygiene while they were growing up. "The simple answer," emphasized this expert, "is that children should be taught the same simple basic rules of hair and scalp hygiene that they are taught for the proper care of their teeth. If this were the case baldness would be a rarity today."

Heredity Not Involved

Trichologist Green dodged no issue. He quickly took up the most widely spread theory of baldness—heredity. "Mankind's unrealistic belief that baldness is hereditary stems from a misin-

terpretation of the theory of genetics. Theory does not state that any person must be bald because baldness exists in the family. What it does say, is that in some families, a tendency exists towards an undernourished scalp." The purpose of the Rogers Hair and Scalp Clinic is to teach the methods of strengthening the weak scalp and nourishing it to a healthy, vigorous condition. "A healthy scalp will grow hair if it is not already completely bald," assures Green.

Is There Hope for the Completely Bald

In his travels throughout the United States and Canada, Green has collected hundreds of testimonials of his ability to develop weak fuzz into healthy, mature hair. All of his clients have started with a private examination, hair and scalp analysis, and a diagnosis of the disorder. Green is quick, however, to tell a hopeless case that he cannot be helped. "We strongly advise," says Green, "that no person who is completely bald hold any hope whatsoever of re-growing hair. If there is any fuzz at all, we can restore a healthy scalp condition and the hair will grow normally again as nature intended."

Offers a Guarantee

"Rogers, Inc., America's Foremost Hair and Scalp Specialists, offer a guarantee to any client who enrolls for treatment. If he or she is not completely delighted with results at the end of 30 days, the money will be graciously refunded," pledged Green. "We must have satisfied clients. We must regrow hair. After all, it is our best advertisement."

Is Your Hair Healthy?

If you have a scalp disorder, or if you are worried about your hair, call Trichologist E. L. Hicks at the Seymour Hotel in Seymour, Texas, Tuesday ONLY, from 12 noon to 9:00 P. M. The public is invited. The examinations are private and OPEN TO MEN and WOMEN. You do not need an appointment, and you will not be embarrassed or obligated in any way.

NEWS FROM VERA

(Mrs. Thelma Lee Coulston)

INFORMAL TEA HONORS VERA COUPLE

Mr. and Mrs. Wesley Trainham and Mr. and Mrs. Jerrell Trainham, son and daughter-in-law, were host and hostesses to an informal tea, in celebration of the twenty-fifth wedding anniversary of the Wesley Trainhams Sunday afternoon, March 20th. One hundred and fifteen friends and relatives called from 2:30 until 5:30 o'clock. The decorative setting, carrying out the traditional silver motif was accented by pink, the color chosen by the couple, was used throughout the house.

In the dining room, the table from which guests were served was draped with a cut-work cloth laid over pink. In the center of the table was a beautiful pink and silver spray of gladioluses and carnations on background of a silver wedding ring, topped with silver bells and the number "twenty-five," in keeping with the occasion. Pink tapers lighted the table, which was set with a beautiful three-tiered cake, orna-

mented with pink roses and carnations and a beautiful silver service. The pink rose motif was repeated on the candy mints, which were served.

Mrs. Jess Trainham, Linda Lou and Janet Allen and Mrs. Edd Trainham assisted in the dining service.

In the receiving line with Mr. and Mrs. Trainham were Mr. and Mrs. Jerrell Trainham and Mrs. Clarence Allen. Presiding over registration of the guests was Mrs. Quel Hughes. Mrs. Carl Coulston played appropriate piano selections throughout the afternoon.

The silver and pink motif was accented by flower arrangements sent by friends. Mrs. Louise Cross of Olton presided over the gift display.

Out-of-town guests and relatives attending included Mr. and Mrs. John Williams of West, Mr. and Mrs. J. B. Thompson of Hillsboro, Mr. and Mrs. C. L. Tanner and three children and Mr. and Mrs. Luie Cross and three children of Olton, Mrs. Frank Anderson and Norvin Wray of Wichita Falls, Mrs. Clarence Allen, Linda, Janet and Nancy of Abilene, Mr. and Mrs. Lyndal Hughes, Larry and Ronny of Justin, Mr.

and Mrs. Orville Dear and three children of Amarillo, Mr. and Mrs. Walter Trainham of Benjamin.

Mr. and Mrs. Lee Feemster, accompanied by Mrs. Feemster's parents, Mr. and Mrs. R. C. Spinks, Sr., of Goree, visited relatives in Abilene over the week end.

Week end guests in the home of Mr. and Mrs. E. C. Hardin were Mr. and Mrs. Emory Hardin and son, Mr. and Mrs. L. V. Fisher and son of Fort Worth and Mr. and Mrs. W. T. Crouch and children of Seymour.

It all depends on how you look at it. These are all American pennies. Worth, at face value, only one cent. But to a coin collector, some of these pennies are worth many times more. To him, their real value is high.

The real value of the pennies you spend for electric service is high, too. Think what you get for them in terms of comfort, convenience and easier living.

Electric service is always there to help with the housework, the cooking, the laundry and dishwashing. It will warm the baby's bottle late at night or help Dad shave in the morning.

When you count all the things your electric service does for you, don't you agree that you get more for the electric pennies than for the money you spend for anything else in your family budget?

No gasoline—no, not a single one—has higher octane than New 1955 GULF NO-NOX

but octane alone is not enough . . . New No-Nox burns clean!

Only a gasoline that burns clean can make its full octane power really work for you. Instead of trying to fight harmful deposits with so-called "miracle additives"—inside your engine—Gulf believes in preventing them from forming in the first place; removes the cause—the "dirty-burning tail-end" of gasoline—at the refinery.

The plates in the photo show what a difference Gulf super-refining makes!

and clean-burning No-Nox gives your engine . . . more complete protection!

Gulf treats new NO-NOX to protect every part it touches against harmful deposits.

See for yourself: Compare clean piston "A" from engine using new NO-NOX with piston "B" from engine using the "dirty-burning tail-end" of gasoline that Gulf refines out. Both pistons, at left, from Gulf test engines, ran the same number of hours under the same conditions.

- Fill up with new Super-Refined Gulf NO-NOX and feel the difference, right from the start, in full engine power that lasts. You'll get:
 - More complete engine protection than with so-called "miracle-additive" gasolines.
 - Extra gas mileage in the short-trip, stop-and-go driving motorists do most.
 - Stall-proof smoothness . . . instant starts . . . fast, fuel-saving warm-up.
 - No knock, no pre-ignition—even in today's high-compression engines.

It's super-refined . . . to burn clean!
The '55 gasoline for all high-compression engines

GULF'S PLEDGE to the motoring public

- We at Gulf make this promise to America's motorists. We will not permit a single competitor—no, not a single one—to offer a gasoline superior to our own superb No-Nox.
- It is our sincere belief that No-Nox is the finest gasoline on the market today, and no matter what others do or say we will keep it the finest—in power, in performance, in engine protection.
- This is not a boast, not a claim. It is a pledge to you, the motoring public—a pledge backed by all the resources—and the integrity—of the Gulf Oil Corporation.

Munday H. D. Club Meets Wednesday With Mrs. Bowley

The Munday Home Demonstration Club met in the home of Mrs. Frank Bowley, Wednesday afternoon. Roll call was answered with the members naming a new meat dish they had tried.

Mrs. Bowley gave a demonstration on a new way to prepare pork chops and the club passes on the recipe to you. Take six pork chops, 2 tablespoons brown sugar, 1 cup catsup, 1 large onion, one-fourth cup water, salt and pepper to taste. Grease a large casserole and place a layer of meat on the bottom, using one-half the meat. Sprinkle with brown sugar and half the onion, salt and pepper. Repeat with another layer meat, brown sugar, onions, salt and pepper. Add the catsup and water. Cook in 400 degree oven and let bake for forty-five minutes or until the meat is tender. Serve while hot.

Each member had a serving of the dish and it was enjoyed by all.

The next meeting will be held in the home of Mrs. Joe Patterson. All members are urged to attend.

John McClaran of Fort Worth and Miss Ilene McClaran of Wichita Falls spent the week end with their mother, Mrs. Ann McClaran.

Attend Conference At Mineral Wells

Lee Bivins, W. E. Braly, H. T. Melton and H. C. Stone of Benpamin attended the Law Enforcement Conference held at the convention hall in Mineral Wells on March 18. This conference was conducted by Texas Department of Public Safety and sponsored by the Junior Chamber of Commerce of Mineral Wells.

The program began at 1:15 with Plan for Hold-Ups by Captain Guy Smith, Texas Highway Patrol; Bankers' Viewpoint by C. G. Lee, president of the State National Bank in Mineral Wells; Comments on "Plan" and Meridian Hold-Up by Captain Jack Sutherland, THP, of Fort Worth. At 2:15 W. A. Murphy, agent in charge, F. B. I. of Dallas, discussed Investigations and Road Blockades, and a panel discussion was held at 2:30. The main address at 3:30 was made by Colonel Homer Garrison, Director Texas Department of Public Safety.

A free barbecue for every one was served at the Crazy Hotel pavillion at 5:00 p. m.

Research workers of the Texas Agricultural Experiment Station have found that the hollow-cone type spray nozzle is superior to those which give a flat fan-shaped pattern for cotton insect control. The tests covered a three-year period.

Dramatizations Of The Crucifixion And The Resurrection On "Greatest Story"

"The Greatest Story Ever Told," radio's most honored program, will again present "The Crucifixion" on Palm Sunday, April 3, and "The Resurrection" on Easter Sunday, April 10. These two Easter programs have become traditional radio fare for the American public, this being the ninth year of its presentation.

The broadcasts, heard each Sunday at 5:30 p. m. (EST), over the ABC network, are most unusual in many respects. There is no commercial announcement, except for sponsor identification required by law. No credit for actors, director, writer, or music is announced, giving this public service program the sincere and reverent feeling that its theme requires.

Notes From Knox Farms, Ranches

By W. J. Bryan, Knox County Agent

In checking small grains over the county I find that we have a light infestation of brown mites in most fields. The mites are first indicated by a silvery appearance of the leaves and later the tips of the leaves turn brown. These brown spots start out small and spread, they usually only show up during dry weather as the mites don't damage the wheat much when it has enough moisture to grow good unless the infestation is extremely heavy.

The research information to date indicates that control measures will not always increase the yield of grain. In case stands are threatened, chemical control of the pest may be profitable. It will require from one-third to one-half pound of actual Parathion per acre to adequately control the mites.

Parathion is poisonous and should be handled with care. No livestock should graze on wheat sprayed with parathion for at least 21 days.

With the moisture we received this week I don't think the mites will do enough damage to pay for controls in most parts of the county.

Mr. and Mrs. Alvin Belling-

hausen and children of Amarillo were week end guests in the home of his parents, Mr. and Mrs. H. L. Bellinghausen.

March Of Dimes Drive Nets \$3,639

The March of Dimes drive in Knox County was highly successful, according to Mrs. L. A. Parker of Benjamin, chairman, considering the fact that a substantial sum was raised in the emergency drive last summer.

Community chairmen and the amounts raised are as follows:

- Benjamin, Mrs. J. D. Redwine, \$220.67.
- Gilliland, Mrs. Arthur Horne, \$127.61.
- Knox City, S. E. Park, \$1,426.20.
- Rhineland, Mrs. C. J. Albus, \$207.10.
- Munday, Mrs. Johnny Peysen, \$1,240.85.
- Vera, Mrs. Harold Beck, \$175.00.

"I want to thank everyone who helped and who contributed to this worthy cause," Mrs. Parker said.

LONG STAR Agriculture

By John C. White, Commissioner

AGRICULTURAL WORK

OF THE 54th LEGISLATURE
This is the third session of the Legislature which I have observed in action as Commissioner of Agriculture. And in some ways, it is the most unique and rewarding from my standpoint.

The session now in progress at Austin has been criticized for the slowness of its work. The critics base their opinion on the number of bills which have NOT been passed.

This is an extremely poor way to judge the work of any group. A lot of bills SHOULD NOT pass. It is the kind of bills, not the number, that will determine whether this Legislature is good or bad.

From my point of observation, this 54th session is one of the hardest working of the last three. The committees of both the House and Senate are receiving better attendance from its members. The legislators seem well informed on state problems and they ask good questions.

I speak primarily for the House and Senate Agriculture committees. In my dealings with them this year, I have come in contact with some outstanding workers.

Rep. Elbert Reeves of Matador is chairman of the House Agriculture Committee. He shows excellent knowledge of farm problems and leads the group accordingly. He is backed by such men as Harold Parish of Taft who is making a record for himself this session. Parish informs himself well on every bill, his questions indicate a great deal of interest and knowledge and his criticism is constructive. He has closed up several loopholes in bills that the Department of Agriculture is concerned with.

A. J. Bishop of Winters is a second term man who is carrying a heavy load and doing a good job of it. Typical of the new men is Alonzo Jamison, Jr. of Sanger who has demonstrated much effectiveness in his discussions of various farm bills.

In the Senate, the Agriculture Committee is headed by Senator George Moffett of Chillicothe, an

old-timer from the standpoint of legislative experience and one who turns in a top-notch performance on state farming matters. Senator Andy Rogers of Childress is second in command on the committee.

Senator Frank Owens is a first former from El Paso but he speaks with the voice of a seasoned veteran within the committee. Balancing the group are such people as Senator Carlos Ashley of Llano, Mrs. Neville Colson of Navasota, David Ratliff of Stamford and others.

Just because I mention only these few, I do not mean to minimize the efforts of the other members—all of whom are doing extremely good work. Their working methods are a marked improvement over other years.

In previous sessions, an agency could present a bill and if no outside forces opposed it, then it was a routine assumption that the bill would be reported out of the committee. This year it is different.

The members want to know

and who it affects. Is it good or bad for the majority and really in the interest of the people. As a result, it is not an easy matter to get a bill through committee. And this is a good thing—good for the people of Texas.

Too often a special interest group or an agency will be trying to pass a piece of legislation for their own benefit—often at the expense of the entire popula-

tion. This is not the rule this year.

I believe the farm people of Texas are fortunate in having such conscientious and hard working members on the agricultural committees this session.

PLYMOUTH WINS

FOR 1955 STYLING

OVER "OTHER 2" LOW-PRICE CARS

BY VOTE OF ALMOST 4 TO 1

THOUSANDS PREFER PLYMOUTH'S STYLING IN NATION-WIDE SURVEY!

A well-known independent research organization asked thousands of people—in New York, Chicago, Detroit, Atlanta, Dallas, Los Angeles—to compare the appearance of '55 models of the three low-price cars. Opinions were received from men and women—from people of all ages—from owners of all the different makes of cars. The results are below.

Best buy now; better trade-in, too!

HERE'S WHAT OTHERS THOUGHT OF PLYMOUTH!	
Compared with low-price car "A"	Compared with low-price car "B"
Plymouth is better looking 62%	Plymouth is better looking 66%
Car "A" is better looking 16%	Car "B" is better looking 17%
Almost 4 to 1 in Plymouth's favor!	Again, almost 4 to 1 for Plymouth!
(22% liked "both about the same")	(17% liked "both about the same")

HERE'S WHY YOU'LL PREFER PLYMOUTH, TOO!

Plymouth '55—with THE FORWARD LOOK—is the only low-price car to offer you honestly new styling, instead of a mere face-lifting. It's bigger than the "other 2" cars (longer than car "A" by 8.4 inches!). It's lower and sleeker, with a host of styling advances that wins the most applause in the lowest-price field. See everything Plymouth has to offer today!

Yes, the big swing is to Plymouth—See it today—drive it away!

From where I sit... by Joe Marsh

Finally Talked Herself Out

A certain talkative young lady almost spent a night locked in "Doc" White's drugstore.

She entered Doc's store about 11 PM, going directly to the pay phone. At eleven-thirty Doc went home—not having seen a customer for a half hour. Around midnight he got a call from the store . . . she had finally run out of conversation (and money) and found the front door locked tight.

Doc vowed he'd leave her there to teach her a lesson. But Mrs. W. spoke up: "Now you go turn her loose. It's hard to cut a good

conversation short — something only a woman understands!"

From where I sit, however, plenty of men are as hard to pry away from a telephone as any female. Some people are just naturally long-winded, while others are the silent type—just as some of us like coffee and others prefer a glass of beer. The important thing is to be considerate . . . before friends start giving us the "busy signal."

BUY THE TIRE THAT'S Tailor-Made FOR

THE NEW All-Nylon Tubeless Firestone "500"

The SAFETY-TIRE developed at the Famed Indianapolis 500 Mile Race

91% STRONGER THAN ORDINARY TIRES

The Firestone "500" easily withstands the hazards of rocks, ruts, curbs and chuck holes. Where ordinary tires fail, the "500" with its strong gentle-flex nylon cords and its cushiony tubeless construction, "rolls with the punch" . . . has plenty of "give" to resist even the most severe impact.

SAFE AT 40° HOTTER TEMPERATURE

Do you know that continuous hours of "heavy-pedal" driving can make your tires too hot to touch? . . . That excessive heat causes blow-outs? With the Firestone "500" you can safely roll along all day on "killet hot" pavement. You have a 40' safety margin over ordinary tires.

SAFE AT SPEEDS FASTER THAN YOU'LL EVER DRIVE

A combination of race-tire engineering and Nylon construction make the Firestone "500" the safest high-speed tire ever developed. Hundreds of tests at the speedway prove this tire gives you a 15 M.P.H. Safety Margin over ordinary tires. It's the tire you need for modern driving on today's super highways!

FAMOUS TEXANS' RECIPES

"Fancy Dressing" Bows to Skill In Senator's Favorite Selection

Daniel

Fort Worth— "As all good cooks know, beef does not need camouflaging," says United States Senator Price Daniel, "but all the skill of good cooking should be brought to bear on retaining its good flavor and natural juices."

"And Mrs. Daniel is one of the best cooks in Texas," he tactfully maintains.

Roast beef is very popular in the Daniel home for family meals and buffet suppers, and a special favorite of the Senator's and his four little Daniels.

The family recipe for roast beef with "locked-in flavor" was provided the Texas Beef Council by Mrs. Daniel, a resident of Liberty, Texas. It will be included in the educational council's recipe book, now in compilation.

Care in selection of the roast is an important factor also, Mrs. Daniel says. She recommends the tender rump, loin tip, or rib roast for best results.

Word has been received of the death of Mrs. Boat Barnett, wife of Rev. Barnett. They have been living in Dallas. Mrs. Barnett passed away Sunday, and funeral services were held Wednesday. Rev. Barnett is a brother of Mrs. J. T. Lawson.

Mr. and Mrs. Ira Stalcup and Mrs. J. M. Edwards of Seymour visited in Bowie last Sunday.

Mr. and Mrs. Buel Claburn and

Now is an especially good time to try Mrs. Daniel's recipe, according to the Texas Beef Council, because cattle that have been fed on corn and other grain during the winter start to market in large numbers during March. Characteristics of the young, carefully fed beef cattle are juiciness, tenderness and flavor.

For six generous servings, select a five to six pound beef roast, rub it with salt and pepper, and slit it in eight places. Quarter two cloves of garlic and insert them in the slits.

Dredge the roast in flour and wrap it in foil, air tight to prevent shrinkage and insure that the natural juices stay inside.

Roast the beef in a constant 325° oven until the desired degree of doneness is reached.

"We like ours well done," Mrs. Daniel says, "so I cook it 30 minutes per pound." However, rare roast beef requires only 18 to 20 minutes per pound and medium doneness can be obtained by roasting it 22 to 25 minutes per pound.

"For added crispness which my family likes, I remove the foil and brown the roast 30 minutes before serving," she concludes.

News From The U. S. Congress

Congressman Frank Ikard

The matter of Hawaiian and Alaskan statehood is currently being considered by the committees here. Each territory has its partisans who are urging statehood, and it is anybody's guess right now as to what action the Congress will take, if any, on this question.

Personally, I feel that Alaska is not yet developed to the point where they are ready for statehood, and while it is entirely possible that they may be ready for admission to the Union in ten, fifteen or twenty years, they are not now. As far as Hawaii is concerned, there is serious question in my mind as to whether or not we should ever admit to the Union a country that is not

a part of the North American Continent. In fact, it is not generally known here what the Hawaiian State, if it were admitted, would encompass in the way of islands. In other words, the boundaries are not certain by any means. If we ever adopt a practice of admitting territories that are not contiguous to this Continent, then any other island or country in the world could make a reasonably good argument for admission. I would favor commonwealth status for Hawaii which would be something comparable to the dominions of the British Empire or like the status that Puerto Rico now enjoys as far as we are concerned. I do not, however, feel that I could support an effort to bring Hawaii into the Union as a state.

Another issue that is re-occurring is the one as to whether or not eighteen year olds should be allowed the right to vote.

Safety Experts Win Scholarships

Achievements in promoting safety earned \$300 college scholarships and expense-paid round trips to the 33rd National 4-H Club Congress in Chicago for these top winners in the 1954 National 4-H Safety Program. The rural scene in the background symbolizes the emphasis placed on highway safety by most of the 486,000 participants in the program, in which General Motors was awards donor for the 10th consecutive year. Talking over their safety projects with R. W. Moore (center), GM Assistant Public Relations Director, are (left to right): Ella Blossom, 18, Hoffman, N. C.; Jack Martin, 20, Gardnerville, Nev.; Ralph Ray Swinford, Jr., 17, Wichita Falls, Texas; Peggy Pfefferkorn, 18, West Friendship, Md.; Norlene Lawson, 19, Kenyon, Minn.; Jim Messerschmitt, 19, Elizabeth, Colo.; Florene Richardson, 17, Cedar City, Utah; and Sara Ellen Phillips, 17, Midville, Ga.

A young person of that age has almost every other responsibility now; however, it seems to me that this is a question that should be determined by the states and not the Federal government. In fact, as is generally known, at least one of the states now allows eighteen year olds to vote. I hope the Federal government does not take and action on this matter.

Each year everyone in Washington tries to guess exactly when the cherry blossoms will be at their height. The best predictions now seem to be that they will be in full bloom the week end of the 26th and 27th of March, which, of course, is a little early on account of an extremely mild spring. During the time that these famous blossoms are in full bloom, literally tens of thousands of people come from all over the country to enjoy the beautiful spectacle they create.

Mr. Glen McDaniel, President of Radio-Electronics-Television Manufacturers Association, formerly of Seymour, was a visitor this week.

Midshipman Richard Hanson.

of Denton, who is now on spring leave from the Naval Academy at Annapolis, Md., also came by for a visit this week.

Mrs. Olin Coats and son of Dallas spent last week with her parents, Mr. and Mrs. E. H. Nelson. They returned home Sunday with Mr. Coats, who came for a week end visit.

Sunday guests in the home of Mr. and Mrs. Payne Hattox were her mother, Mrs. J. S. Carlson, and sisters, Miss Lily Carlson and Mrs. Adolph Burtman, and Mr. Burtman, all of Lueders.

Mr. and Mrs. Marcus Lawson of Abilene were Sunday guests of his sister, Mrs. C. H. Mullicon.

Peysen Attends Training Center Held At Garland

John R. Peysen attended the General Motors training Center at Garland recently to learn advanced automotive techniques which he will use in his work at Sharp Chevrolet Company. He spent some three days at the school, set up to keep employees abreast with new mechanical developments and service techniques. Peysen, service manager for Sharp Chevrolet, selected the 1955 produce course, taking advanced study in model changes. Mr. Sharp said he sent Mr. Peysen to the Garland center in order to give his customers the benefit of improved services and techniques taught there.

Mr. and Mrs. Essie Owens of Electra visited her son, Elbert Owens, and family over the week end.

Miss Charlotte Williams of Dallas spent the week end with her parents, Mr. and Mrs. P. V. Williams.

COX REPORTS FINE TRIP TO DENVER

Supt. W. C. Cox reports a wonderful time on his trip to the national convention of school administrators at Denver, Colorado. He, along with 36 others, left Lubbock on a chartered bus.

While in Denver, they took sight seeing trips to interesting places. He said it was plenty cold for a Texas boy, with about four inches of snow on the ground.

ATTEND RELATIVES FUNERAL RECENTLY

Mrs. Aaron Ballard attended the funeral of her uncle, George Hammons, in Roswell, N. M., last Tuesday. Others attending the funeral were Mrs. Dan Jacobson and daughter, Sue, of Truscott, Mrs. G. C. Cole of Vera, Mr. and Mrs. Archie Struck and children of Govee and Mr. and Mrs. Pate Meinzer and children of Benjamin.

Mr. and Mrs. M. B. Bridgewater and son of Fort Worth visited her parents, Mr. and Mrs. C. N. Smith, over the week end.

Drive carefully. The life you save may be your own.

CATCHING COMPLIMENTS

Who wouldn't bite for this pretty girl! She is dressed for casting in separates outfit by Serbin in Miami. The separates are designed in an abstract fish print on unbleached cotton muslin. Cotton prints are popular for resort fashions this year, the National Cotton Council reports.
