Odd Bits Salvaged

"A clearing house for ideas for the betterment of Munday and community."

That, in effect, is what our new Chamber of Commerce president, Charles McCauley, said he wanted the local organization to be in 1955.

He called on all the members and the public in general to give of their cooperation toward this end.

The occasion was the annual Chamber of Commerce banquet last Friday night, but we imagine Charles wasn't just talking because he'd been called on. Our guess is that, as head of that body, he wants it to be just that—a place where an idea that would be helpful to our town can feel free to come and discuss it with the directors.

And that's something many of us are reticent to do. We're too prone to pass up invitations to meet with the directors, then cuss the organization on the streets next day.

The big trouble with our Chamber of Commerce is lack of co-operation—too much cussing and not enough discussing.

But isn't any different now than before. When the going get tough we begin thinking of stopping our dues because the organization isn't doing anything.

But it takes some sort of civic organization to look after the multiple details a community needs to have looked after. And a Chamber of Commerce or any other organization is just as good as we, as members, want to make it.

That's why the word "co-operation" is used in asking us all to pitch in and help our town to make some progress.

When a visitor hits our town—one who wants to take up some civic matter—the first thing he asks is: "Where's your Chamber of Commerce office."

We know, because we have been just next door to the Chamber of Commerce too many years. That's why, too, we objected to the old Community Development Association. When asked that question, we'd have to say: "We don't have one—but we do have a C. D. A.," then go into detail to explain just what the C. D. A. was.

So if we'll pitch in and help old Charles with his clear-house we expect by the end of the year we'll be reminded of that little poem, "It isn't your town—it's you!"

"He's been reading somebody's mail."

That's the remark we heard about our Chamber of Commerce speaker, Dr. Sterling Price, next day after the banquet. They were thinking about what he said about your motives in business, that "fast buck" you're after, and stuff like that.

It was concluded in the conversation, however, that even if he was hitting Munday's nail on the head, the same thing could well apply to any small town.

All towns are composed of people, people are human, and humans make mistakes. In all towns, too, there are probably humans who are after the "quick buck" without the idea of service. But they are not the majority.

Work has begun on the bath houses for our swimming pool.

By the time summer officially arrives, maybe we'll be having spring weather and will be thinking about swimming, at which time the bath houses will come in handy.

Heard a report Tuesday, though, "Someone told me," we were told, "that they heard that we were going to have two more freezes before Easter."

## Knox Teachers Name Officers For New Year

New officers for the Knox County unit of T. S. T. A. were elected last Tuesday evening at the annual meeting held at the Munday elementary school building. They are:

James Carver, president; Mrs. Mauryse Blacklock, first vice president; Mr. Silks, second vice president, and Mrs. James Carver, secretary and treasurer.

Representatives from the different schools of the county and several visitors were present.

First on the program was an operetta, the parade of flowers, butterflies, raindrops, frogs, etc., before the queen, Little Miss Karen Johnson, was lovely.

Dinner was served at 8 p. m. in the cafeteria. Supt. W. C. Cox welcomed the group, and M. D. McCaughey gave the invocation.

During the business session, Mrs. Tom Bowdoin, president, presided. Mrs. Branton, first vice president, introduced Mr. Silks, who presented the speaker of the evening, Mr. E. L. Galyear of Austin, head of the legislative program for teachers. He reminded his audience of the importance of the passage of three bills before the legislature—the school tax bill, certification and retirement bills.

The meeting closed the year's work for the Knox County unit. Other retiring officers are Mrs. Tom Russell of Vera, secretary, and Mrs. W. M. Taylor of Goree, publicity chairman.

## VISITORS HERE

Dr. and Mrs. Joe N. Croley and sons of Orange were week end guests of Mr. and Mrs. Charles McCauley and visited other friends while here. Dr. Croley will enter military service in the near future.

Here are some of the new officers of the Munday Chamber of Commerce who were recognized at the sixth annual Chamber of Commerce banquet last Friday night. Pictured left to right are Mrs. J. R. Rodgers, secretary; Gene W. Harrell, vice president, and W. E. Braly, who was re-elected representative to the West Texas Chamber of Commerce.

## MUNDAY F.F.A. JUDGING TEAMS TO ENTER AREA IV JUDGING CONTEST

E. R. Ponder will carry three teams to the Area IV judging contests at Stephenville on Saturday, April 2: Livestock—Freddie Caram, Donovan Whitworth, and Z. T. Armstrong; Dairy Judging team—Buddy Womble, Collis Michels, Kenneth Patterson or Winceel Jones; Poultry team—Boyd Meers, Robert Elliott, and Glen Phillips. The boys will leave Friday evening and spend the night in the big gymnasium with several hundred other boys. They hope to have a sleeping good time, and be fresh and ready to start judging at 7:30 Saturday morning.

The F. F. A. boys have been having fun balancing rations for calves weighing from 500 to 800 pounds from locally grown feed stuff, and then figuring the cost per hundred pounds of the mixture. This has really aroused some thinking among the boys as they compare the cost of home-grown balanced rations with commercial balanced rations.

## Notes For Knox Farms, Ranches

By W. J. Bryan, Knox County Agent

Farmers, ranchers and others interested in wintering, and fattening cattle are cordially invited to attend a Feeders' Day on April 5 (Tuesday) at the Texas Agricultural Experiment Station, Spur, Texas. The main features of the day will include results of feeding trials with terramycin and stilbestrol (new hormone) when fed with rations high in roughage and low in grain to long yearling steers. Marketing data for steers fed stilbestrol 60 to 100 days will be presented while steers fed 140 days will be shown in the lots. Other features will include feeding and wintering trials with steer calves, heifers, and spayed heifers on different rations. A summary of wintering trials with calves on native grass, wheat, stalk fields, and in the feedlot over a 1 year period will be discussed.

A tour of the station will also be made to view studies on soil and water conservation, brush control, reseeding pastures, grazing trials and other related work.

I plan to attend the field day and would like for any who are interested to go with me. The program will start at 9:00 A. M., so we will need to leave about 7:15. If everyone will meet on the east side of the court house in Benjamin we can divide up and take only as many cars as is needed.

Mr. and Mrs. C. H. Giddings of Dalhart visited Mrs. G. R. Eil and other friends here this week.

## Goree To Elect Three Aldermen On April Fifth

Three aldermen for the City of Goree will be elected in the city election on Tuesday, April 5, according to J. B. Justice, city secretary.

The terms of Everett Barger, Barton Carl and H. L. Moore expire and all three have filed for re-election. They are the only ones whose names appear on the ballot.

Carry-over officials are J. W. Laningham, mayor, and Jack Beatty and Tom Harlan, aldermen.

## TOMMY GAGE ON SCHOOL HONOR ROLL

AUSTIN — Tommy Wilton Gage of Munday is listed on the highest honor roll of the College of Pharmacy for the fall semester at the University of Texas.

Gage, a sophomore pharmacy student, is the son of Mr. and Mrs. Carl Gage.

D. L. Thigpen of Abilene spent the week end here with his family.

## Abilene Man Named As Head Of W. T. C. C.

The West Texas Chamber of Commerce named its treasurer, Ray Grisham of Abilene, to the office of president at its annual session in Lubbock last Tuesday. Roy T. Holmes, also of Abilene, was elected to succeed him as treasurer.

Mineral Wells was selected as the 1956 convention city.

Fred H. Husbands was re-elected executive vice president and general manager. The three-day meeting opened Sunday and closed on Tuesday.

W. E. Braly, representing the Munday organization in the West Texas group, attended a portion of the sessions. He was accompanied to Lubbock by Mrs. Braly.

## Work Begins On Bath Houses For Swimming Pool

Work on construction of bath houses for the Munday swimming pool was started last Monday with excavation for the foundation.

The separate bath houses to accommodate both boys and girls are being erected immediately west of the swimming pool. They will be on concrete foundations with concrete floors and walls of tile.

Work will continue until completed, and they are expected to be ready for opening of the swimming season.

## Hunter Celebrates His 91st Birthday

G. L. Hunter celebrated his 91st birthday last Sunday with a birthday dinner at his home, with four of his children and families there to help him celebrate. He is the father of 9 children, 21 grandchildren, 35 great grandchildren and 2 great-great grandchildren. Those present were Mr. and Mrs. Ky Hunter of Iowa Park, Mr. and Mrs. Rob Myers of Munday, Mr. and Mrs. Eugene Hunter of Haskell, Mr. and Mrs. Togo Moorhouse and four sons, Ed, Tom, Bob and Tom of Benjamin.

A son, Wilson, of Singapore sent a birthday package and another son, A. W., called from Seattle, Wash., to give regards on his birthday. Mr. Hunter received many other nice presents.

Miss Martha Hannig of Abilene spent the week end with parents and sisters, Mr. and Mrs. Frank Knapp, Dolores and Mrs. Phillip Bruggeman, Jr. and family.

Despite the chilling winds that whipped around the corners, bringing freezing temperatures, around 250 persons braved the weather to attend the annual Chamber of Commerce banquet here Friday night at the elementary school.

Among the group were visitors from Seymour, Goree, Benjamin, Vera, Wichita Falls, Abilene and Haskell. The new slate of officers, who were formally installed at a banquet, took office Saturday.

New officers are Charles McCauley, president; Gene W. Harrell, vice president; Charles P. Baker, treasurer; Mrs. J. R. Gers, secretary, and W. E. Braly, representative to the West Texas Chamber of Commerce. Mr. Braly and Mrs. Rodgers are hold-over officers.

Harrell, Baker and Tom W. Bullington were named to the board of directors.

Out-going directors were J. D. Gillespie, Russell J. Penick, and L. B. Patterson, Sr.

Penick is the out-going president, and J. Weldon Smith was last year's treasurer. Hold-over directors are McCauley, Dorse E. Collins, Joe Bailey King, H. E. Sharp, J. Weldon Smith and E. H. Nelson. Dr. Sterling Price, pastor of the University Baptist Church, was guest speaker.

He asked the audience, "What is your motive in business life?" He urged them to make their business motives "deeper than flattery and better than the dollar."

Dr. Price asked his listeners to give their time to the building of their town, schools and churches. "Express your appreciation to those who have made your town what it is today, and especially to those who have stuck by it through the good and bad years."

"I challenge you to build big because your foundation went deep," McCauley in-chamber president, termed the Chamber of Commerce a clearing house of ideas in which it is necessary for every member to work and cooperate in unity.

Master of ceremonies was the Rev. H. Doyle Ragle, pastor of the First Methodist Church. The Rev. R. H. Lloyd, pastor of the First Baptist Church, led the invocation.

Dinner music was furnished by the Mogul Madkats, a six-piece combo composed of Munday High School students.

## Top Golfers Of U. S. Coming To Wichita Falls

WICHITA FALLS—More than half a hundred of the nation's best professional golfers will be in this city April 30 and May 1 to compete in the first annual \$5,000 Wichita Falls Pro-Amateur golf tournament, and it will be a splendid chance for golfing enthusiasts of Munday to witness these stars in action.

They'll be paired with top-notch amateur stars from this area, who will earn qualifying spots in the tournament through competition in a 54-hole medal tournament to be held earlier in the week at the same site—the Wichita Falls Country Club.

Already such golfers as Byron Nelson, Johnny Palmer, Al Bess-elink, Frank Stranahan, Dave Douglas, Bill Nary, Fred Wampler, Billy Maxwell, George Bayer, Gardner Dickinson, Jr., and Harry Todd have announced their intention to compete.

## PIANO STUDENTS TO GIVE RECITAL

The piano students of Junior High, who study under Mrs. E. Q. Warren, will be presented in a recital Monday night, April 4, at 6:30 o'clock, at the First Baptist Church auditorium. The public is cordially invited.

## MUSIC FESTIVAL SLATED IN APRIL

ABILENE—The annual music festival week at Hardin-Simmons University will be held April 18 through 22. Daily concerts at 3 and 8:15 p. m. will be held in Behrens Chapel.

The concerts will be given by music students of HSU, with the HSU A Cappella Choir giving a special concert.

### INVESTMENT FOR THE MILLIONS

Only 23 per cent of the adult population know what common stock is. Some 16,000,000 non-share-owning households want to know about common stocks. And 20,000,000 adults would be interested in a monthly investment plan type of stock purchase program.

These are major highlights from three comprehensive public opinion surveys begun by the New York Stock Exchange last year and just released. Today, it is estimated, there are about 7,000,000 U. S. stockholders in publicly-owned corporations. But the surveys show that the potential market is far greater.

A monthly investment plan has been in effect for over a year. The participants have been almost unanimously pleased with it—95 per cent of them say they would recommend similar programs to their friends. The strongest interest is exhibited by households in the \$5,000-\$10,000 income range, but there is considerable support from all income groups. MIP appeals because it encourages voluntary periodic savings, involving small amounts of cash. If an investor abandons his plan for any reason he doesn't lose—he gets whatever amount of stock he has paid for.

Every share owner has a direct, personal stake in America—in the institutions which create wealth and jobs and better living standards, and in the philosophy which makes those institutions possible. May their tribe increase!

### A PRECIOUS RIGHT

A short time ago the Utah legislature passed a right-to-work bill, under which no one can be compelled to join a labor union or any other type of organization in order to work at his trade or profession. In signing the measure, Governor Lee observed that no one should be "forced to join any organization and pay dues for its support in order to gain employment or keep a job." The unions claim these laws will hamper the union movement. That is a frail argument indeed. For the laws protect the right of a man to join if he so chooses as well as to not join. Certainly, if any union can show that it is performing a valuable service, it will have no trouble maintaining and increasing its membership.

All the right-to-work laws do is to make membership in an organization voluntary, not compulsory. That is as precious a right as a free people can enjoy.

### NEWS GETS AROUND

Everybody eats food—everybody is interested in it. Any substantial change in the price and supply situation of a major food comes under the heading of news.

A good example of that occurred a short time ago. The American Meat Institute reported that pork prices had reached the lowest level in two years. The most popular retail pork cuts have been selling between 10 and 25 cents a pound cheaper than a year ago. Pork has been in plentiful supply since last Fall and it is expected that for the next several months marketings will be well above the comparable 1954 levels.

In letters sent to retail food distributors operating more than 28,000 stores throughout the country, the Institute said: "Consumers, many of whom lost the pork-buying habit during a period of reduced supplies and relatively high prices, probably need more urgent reminders of the values existing today." It added that the meat packing industry, the National Live Stock and Meat Board, and the U. S. Department of Agriculture are working to help improve pork sales.

As said before, this is news. And newspapers in all parts of the nation, in small towns and in the biggest cities alike, have been printing articles featuring the availability of pork at highly attractive prices.

### THE LIFE OF A PIG

A pig originally rustled for his food and shelter in the wilds. Then he was seduced with "free" meals to fatten him, and his life and freedom were forfeited for board and room. The wild pig had a future, but only one end awaited his cared-for brother.

Man has a brain to choose freedom, but history is a sad record of results under socialism to which he has often succumbed. This course has led to servitude and subjugation. Man found lost freedom the price of false security.

There is no shortcut to a fruitful life. Man can delegate a few duties to government, but to maintain his liberty he must not submit to government for subsistence.

**SHELBY, MONT., PROMOTER:** "Survey after survey indicates that, generally speaking, the big commercial highway freighters are not paying their proper share of the cost of building and repairing highways—and these costs have soared to an almost incredible level because of the growth of such heavy traffic. We are building our roads to the specifications of the big truckers and not to accommodate our passenger car level."

### WHAT DOES THE BIBLE SAY?

#### HOW WOULD YOU LIKE THIS?

1. A church that is undenominational? "Now I beseech you brethren, by the name of our Lord Jesus Christ that ye all speak the same thing and that there be no division among you joined together in the same mind and in the same judgment." (1 Cor. 1:10.)

2. A church with no head but Christ? "And hath put all things under his feet, and gave him to be head over all things to the church, which is his body." (Eph. 1:22-23.)

3. A church with no creed but the Bible? "Whosoever transgresseth, and abideth not in the doctrine of Christ, hath not God. He that abideth in the doctrine of Christ, he hath both the Father and the Son. If there come any unto you, and bring not this doctrine, receive him not into thy house, neither bid him God speed: For he that biddeth him God speed is partaker of his evil deeds." (2 Jon. 9-11.)

4. A church with only a Bible name? "Salute one another with an holy kiss. The churches of Christ salute you." (Rom. 16:16.) "Unto the church of God which is at Corinth, to them that are sanctified in Christ Jesus, called to be saints, with all that in every place call upon the name of Jesus Christ our Lord, both

theirs and ours." (1 Cor. 1:2.)

5. A church organized by new Testament patterns? "Paul and Timotheus, the servants of Jesus Christ, to all the saints in Christ Jesus which are at Philippi, with the bishops and deacons." (Phil. 1:1.)

6. A church without any amusements to draw crowds? "And I, if I be lifted up from the earth, will draw all men unto me." (Jno. 12:32.)

7. A church with a divine vocabulary? "If a n y man speak, let him speak as the oracles of God." (1 Pet. 4:11.)

8. A church supported by the free-will offerings of its members? "Upon the first day of the week let every one of you lay him in store, as God hath prospered him, that there be no gathering when I come." (1 Cor. 16:2.) No begging, rummage sales, pie suppers, nor amateur programs, etc.

9. A church that observes ordinances of the New Testament regularly, continuing steadfast in the apostles, doctrine and fellowship, and in the breaking of bread and in prayer. Acts 2:42.) WHEN? "Upon the first day of the week." (Acts 20:7; 1 Cor. 16:2; Eph. 5:19.)

#### NEED LEGISLATURE'S PERMISSION TO SUE STATE

Included among the measures pending before the current 54th Texas Legislature are several Concurrent Resolutions and Bills permitting various individuals and firms to file suits against the state. Applying to local situations only, such measures are ordinarily attended by very little publicity, and the majority of Texans are probably not even aware of their passage.

In fact, the average individual would seldom have occasion to ponder the question of whether the State of Texas can be sued on the same basis as a person or corporation: One of the prerogatives of sovereignty carried down from ages past into our present day laws is that of im-

munity from being sued. The State of Texas may not be sued without its consent.

The Legislature by a proper action may permit certain types of suits to be brought against the state, under certain conditions and restrictions. Then, if a specific situation arises which is not covered by the general rules, the legislators are authorized to pass a specific measure to permit suit to be brought.

Therefore, any person seeking to enforce a claim against the state through the courts must petition the Legislature for the necessary permission, unless his claim falls within some general category or type previously by our lawmakers.

In its preceding session, the Legislature passed legislation allowing suits to be brought against the state in a variety of cases, ranging from an action for damages for personal injuries suffered in a collision with a State Highway Department truck to a suit for monetary damages alleged to have been incurred in connection with the securing of right-of-way for a farm-to-market highway.

Sometimes, however, suits may be brought against individuals holding office under the State of Texas and acting as agents of the state, but where the state itself is not the principal party to the suit, without first gaining consent to sue. There are numerous situations in which an individual officer may be sued with regard to the duties and functions of his office, and in which the state is not directly or substantially a party in interest.

Suppose you do obtain legislative permission to sue the state. What happens then?

If suit is brought against the State of Texas, and the action is successfully prosecuted, you will be awarded a judgment against the state. Then, it's back to the Legislature for more legislation

## Your 1954 Income Tax

Mr. Marvin M. Rudd, Administrative Officer in Charge of the Wichita Falls, Texas office released the following figures comparing the income tax filing for 1955 with 1954. In 1955 Internal Revenue has received 1,192,906 pieces of mail during the first 45 working days. During 1954 Internal Revenue received during the same period 1,324,574 pieces of mail. A very large part of the mail received is income tax returns. During January of 1955 more taxpayers filed than during January of 1954. The number of taxpayers filing dropped slightly during February but is dropping rapidly at the present time because of the change in the filing deadline. Last year March 15th was the deadline, whereas April 15th is the deadline this year. Based on last year's mail receipts, more than a million pieces are yet to be received in a little over the month remaining. Mr. Rudd felt that those taxpayers who have not filed had better sharpen their pencils and start figuring because there is not much time left.

The Dallas Internal Revenue District deposited \$236,596,986.75 during January and February of 1955. Even though this is a respectable amount, it was \$3,338,194.32 less than the \$239,935,181.07 deposited during January and February of 1954. Internal Revenue expects the March 1955 deposits to drop below those of last year since many taxpayers will wait until April 15th to pay their tax.

129,962 North Texans have been refunded \$10,094,311.45, or an average of \$77.67 per refund check. Internal Revenue is mailing out refunds at the rate of 10,000 per day. They will be required to maintain the 10,000 per day rate to get out the more than 700,000 refund checks by the May 31st deadline. Internal Revenue has 300,000 refunds being processed at the present time. It requires six weeks to two months to process the refund. They have six weeks' work on hand at the present time. In spite of the 430,000 tax returns due a refund that have been filed to date, more than 300,000 Texans that the government owes money have not filed their tax return. Mr. Rudd urged taxpayers who have a tax refund due to file immediately so that Internal Revenue can begin the necessary processing work. He states that tax refunds amounted to over \$72,000,000 in 1954. Internal Revenue would expect \$72,000,000 or more to be paid out in refunds during 1955. Mr. Rudd requested that taxpayers do not write Internal Revenue concerning their refund. Internal Revenue can send out several refunds while they answer one letter. The large volume of refunds to be processed prevents the Internal Revenue Service from giving a taxpayer individual attention concerning his refund regardless of circumstances. Many things can prevent the Internal Revenue Service from getting the taxpayer his refund check within six weeks after he files his return. It is obvious that a very large majority of North Texans will receive their returns within two months after filing. Taxpayers who make errors in their tax returns will not receive their refund checks until after correct returns have been processed.

Mr. and Mrs. Kirby Fitzgerald and Mrs. Bob Jarvis visited relatives in Lubbock and Plainview last Sunday. They were accompanied by Mrs. Jarvis' mother, Mrs. R. Q. Williams of New Castle and her nephew, Jode Williams of Long Beach, California.

Week end guests in the home of Mr. and Mrs. H. D. Henson were Mr. and Mrs. W. T. Grisham and children of Wichita Falls and Billy Ray and Glenn D. Henson of Texas Tech in Lubbock.

Mrs. L. S. Partridge of Bowie visited her mother, Mrs. M. A. Horton, in the R. M. Almanrode home last week. She returned home Sunday with Mr. Partridge who was a week end visitor.

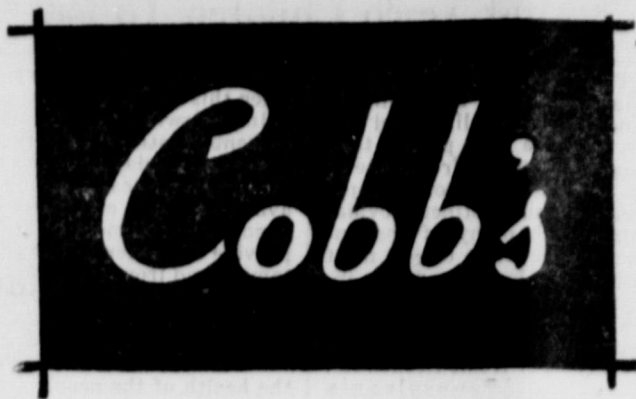

Mrs. Ben Bowden and son, Barry, of Dallas spent the week end with Dr. Bowden's parents, Mr. and Mrs. J. O. Bowden, and with friends.

Mrs. R. M. Almanrode attended a March of Dimes meeting in Fort Worth several days last week.

Mr. Rudd concluded by urging that every taxpayer that has not yet filed, no matter whether he is due a refund or owes tax, sit down immediately, prepare his return and mail the return with a check for any tax owed today.

### Must Teach Children To Eat

ATLANTA, GEORGIA — Babies are people. Each child is an individual with likes and dislikes. And like most people, they change their minds from time to time. They learn through experience and while instinct provides children with many of the answers, they must be taught most of what they learn, and this includes how to eat.

So said Dr. Miriam E. Lowenberg, head of foods and nutrition in the School of Home Economics, Pennsylvania State College, in an address before the annual meeting of the Georgia Nutrition Council.

Dr. Lowenberg, one of the nation's leading nutritionists, said that food and the child's attitude towards food is the basis for much of the emotional as well as the physical development of the child.

"You never feed food alone — you feed attitudes," Dr. Lowenberg said. "Food provides the first experience the newborn child has with human beings."

The nutritionist pointed out that each child is an individual and that the child changes from one age to another. She pointed out that at an early age, the child likes to feel his food with his fingers. This is good. She says it means the child has a friendly attitude towards food. Even before the teeth come, the child goes through chewing motions. Dr.

Lowenberg suggests dry toast when this happens.

Interviewed after the talk, Dr. Lowenberg stressed the fact that Americans today have the greatest variety of health-giving foods available in all our history. She cited the enrichment of bread, to provide a greater intake of B vitamins and iron, the fortification of margarine and the irradiation of milk as excellent examples of science, nutritionists and business combining effort to improve the health of the people.

Dr. Lowenberg said that three meals a day are not enough for most children. The four or five hour interval between meals is too long. However, she warned that between-meal snacks should be chosen with care.

Education in the way to eat is necessary at all ages, Dr. Lowenberg said. This is of particular importance in the case of the child of four to six years of age. As the child becomes more independent and starts to school, there are more opportunities to eat outside the home and without proper supervision.

Foods that should be in the child's diet, the nutritionist said, include milk and milk products, meat, eggs, bread and cereals, whole grain and enriched, fruits and vegetables. Adequate amounts of basic foods should be included at each meal to insure proper diet.

The role of the parent, Dr. Lowenberg concluded, is to provide the right foods for the child and to assist the child in the process of learning to eat.

# New 1955 GULF NO-NOX

**This is GULF'S PLEDGE to the motoring public**

- We at Gulf make this promise to America's motorists. We will not permit a single competitor—no, not a single one—to offer a gasoline superior to our own superb No-Nox.
- It is our sincere belief that No-Nox is the finest gasoline on the market today, and no matter what others do or say we will keep it the finest—in power, in performance, in engine protection.
- This is not a boast, not a claim. It is a pledge to you, the motoring public—a pledge backed by the resources—and the integrity—of the Gulf Oil Corporation.

**Always remember: Octane alone is not enough.** Only a gasoline that burns clean can make its full octane power really work for you. New NO-NOX is super-refined to burn clean for lasting power. Fill up and feel the difference in:

- More complete protection than with so-called "miracle-additive" gasolines.
- Extra gas mileage in short-trip, stop-and-go driving motorists do most.
- Stall-proof smoothness . . . instant

## TEEN-AGE INTEREST IN LITERATURE GROWING, WRITING CONTEST SHOWS

If television, movies, radio and comic books are killing teen-agers' interest in literature and creative writing you'd never know it from the thousands of youngsters competing in the nation's top literary competition for high schoolers.

Junior Hemingways and Pearl Bucks in greater numbers than ever before, are entering the Scholastic Writing Awards competition in short story, short-short story, essay, poetry and drama.

The influx of entries indicates stronger teen-age interest in creative writing than at any time in the 30-year history of the competition, according to Scholastic Magazines which conduct the contest.

Gladys Schmitt, noted novelist whose prize-winning efforts in the Scholastic Awards started her on her literary career, now serves as a judge of the competition.

The Writing Awards were established in 1925 to stimulate creative writing by high school students. The list of prize winners over the past three decades is dotted with names now ranked high among the nation's literary lights.

It includes Gladys Schmitt, author of such top sellers as "David, the King" and "Confessors of the Name." Maureen Daly, noted for her prize-winning novel, "Seventeenth Summer." William Kehoe, whose "A Sweep O'Dusk" won an Avery Hopwood award in 1945, and Mary Varoulakis, whose "Gold in the Streets" won a Dodd, Mead award in 1945.

Current interest in the competition shows a strong revival of literary interest among teen-agers, says Kenneth M. Gould, editor-in-chief of Scholastic Magazines.

"Adults have been moaning about

what television has been doing to youngsters' appreciation of literature," he said. "Maybe, as the alarmists claim, American youth is being lulled into apathy by all the entertainment that requires them to do nothing but watch or listen. However, the number of entrants in our competition shows that teen-agers are more interested in writing than at any time in the past."

The 1955 Writing Awards are sponsored by the W. A. Sheffer Pen Company in cooperation with Scholastic Magazines. Students enrolled in the tenth, eleventh and twelfth grades of public, private or parochial schools in the United States or its possessions are eligible for the Senior Division awards. Students in grades 6, 7, 8 and 9 are eligible for the Junior Division.

The panels of judges are made up of many of the country's leading authors in their fields. Past judges include Jesse Stuart, Van Wyck Brooks, E. B. White, Phyllis McGinley, Dorothy Canfield Fisher, Wilbur Daniel Steele, Martha Foley, Harry Sylvester and Gladys Schmitt.

The past 20 years' improvements in communications should tend to increase teen-age interest in the written word, according to Walter A. Sheffer, II, president of the Sheffer Pen Company.

"Until this generation, the American youth's taste for literature was stimulated almost exclusively by his reading of books and newspapers and his school work," he said. "Now teen-agers become acquainted with the classics through radio and television in addition to the older media."

"If given proper encouragement, that acquaintance can be transformed into active participation in literary efforts. Our company is sponsoring the Writing Awards in the hope of providing such encouragement to talented high school writers." W

training. The work of the state and national Parent-Teacher Congress is to supplement this work.

One policy in the by-laws of each congress states that the organization shall be non-political. Therefore the unit, as such, cannot endorse any candidate or back a political platform. But every citizen of voting age should pay his poll tax and take active part in making his government. These citizens naturally have the welfare of their children at heart, and should include all children. The benefits one child receives should benefit all. The legislators invite their public to make known their views and demands. Take advantage of the opportunity to help make any law beneficial to children.

The school year in Munday is nearing the final stage. Some worthy things have been accomplished by the local P.T. A. unit. The membership had an increase of more than one hundred homes. Seventy-five per cent of the homes represented in school are members of the unit. Both the state and district conferences

### Local P-TA Unit Makes Report On Year's Progress

The Parent-Teacher Association is an organization functioning for the express purpose of enabling each parent and each teacher to know, discuss, and find a solution to the problems confronting the school child.

This organization is the largest folk movement in the world dedicated solely to the welfare of children. Non-sectarian, non-political, non-commercial and non-partisan, but at the same time a democratic body. We, the people, make up the organization. The teacher must go one-half the way to provide a way for children to learn effectively to express themselves. The parent must go the other half way to provide a home and community life to satisfy the mind of these children. Together they rear and train a child until he comes of age. Each individual job, large or small, goes toward building the program of child

training. The work of the state and national Parent-Teacher Congress is to supplement this work.

One policy in the by-laws of each congress states that the organization shall be non-political. Therefore the unit, as such, cannot endorse any candidate or back a political platform. But every citizen of voting age should pay his poll tax and take active part in making his government. These citizens naturally have the welfare of their children at heart, and should include all children. The benefits one child receives should benefit all. The legislators invite their public to make known their views and demands. Take advantage of the opportunity to help make any law beneficial to children.

The school year in Munday is nearing the final stage. Some worthy things have been accomplished by the local P.T. A. unit. The membership had an increase of more than one hundred homes. Seventy-five per cent of the homes represented in school are members of the unit. Both the state and district conferences

### Baptist Circle Meets Monday In Norvill Home

The Frances Bryan Circle of the Baptist W. M. S. met in the home of Mrs. B. O. Norvill last Monday. Mrs. T. A. Brown opened the meeting with prayer and the Bible meditation was given by Mrs. Norvill. Mrs. Clyde Nelson presented the lesson from the mission book "Land of Many Worlds," in a very interesting manner.

The meeting was turned over to the circle chairman, Mrs. Chester Bowden, where business and interests of the circle were discussed. The meeting was closed with prayer by Mrs. Nelson.

At the social hour refreshments of punch, sandwiches and angel food cake was served to ten members.

Farmers desiring to participate in the cotton classing and market news services in 1955 under the Smith-Doxy Act will follow the same procedure for making application as last year.

County agents, ASC offices or the Agricultural Marketing Service, Cotton Division, can supply application blanks.

### CLUB GIRLS MEET

Mrs. Peysen's 4-H girls of Munday met at 1:00 o'clock Friday, March 25. Most of the girls had paid 30c for their baskets, the one who had not paid were to give Charlene Spruill 30c the next day. The 4-H girls are the third, fourth and fifth grades of Munday School.

it's Karo for me, the best-tasting waffle syrup of 'em all"

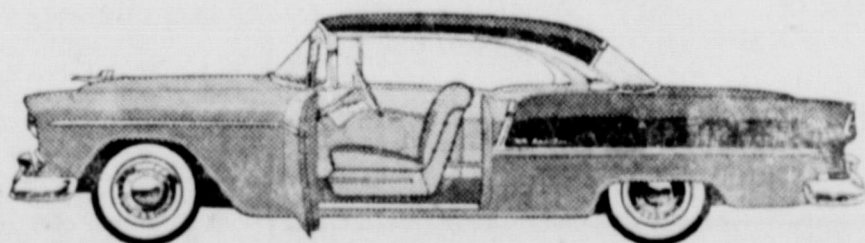

Yes, indeed . . . biscuits go like hot cakes when you pour on plenty of delicious Karo waffle syrup. There's nothing like it for good eating. Satisfyin' flavor. So rich it stands right up on top of biscuits (keeps 'em light and fluffy). Keep Karo on your table morning, noon and night . . . it tops anything!

were attended by delegates. The Hallowe'en Carnival is the only money making activity sponsored by the P.T. A. and school each year. One-half the net proceeds (\$1,458.43) goes to the unit, (729.22), and a noticeable increase was made this year over last year. The sum of \$1,295 was given to the building of the local swimming pool, and the school children donated liberally to polio and Red Cross drives. The safety zones at the local schools were brought under better control and a drive is at present pending to hold workshops on Civil Defense.

The above report on the progress of the local P.T. A. unit was submitted to the president of the 13th school district at the annual spring conference in Burkburnett March 18th. Two delegates from Munday attended, Mrs. Joe Lane, local president, and Mrs. Lee Bivins, delegate.

Mr. and Mrs. P. V. Williams were week end guests of Mr. and Mrs. Joe Bill Pierce and children of Midland.

## LONE STAR Agriculture

Released by The Texas Department of Agriculture  
By John C. White, Commissioner

### WATCH DOGS OF THE TAX DOLLARS

One important item to every Texan is the make-up and operation of the 54th Legislature's finance committees—that body of senators or representatives who make appropriations and spend the taxpayers' dollars.

As Commissioner of Agriculture, I have been very impressed this year by the constructive attitude of these committee members. Dividing up state money among the various agencies is a tremendous chore for those people. They sit in conference hour after hour, day after day, listening to people who come in on an average of every half hour wanting money for their particular project or group.

It is a man-killing job. Certainly, after only a few days of hearing the same arguments over and over, the senses can become dulled to the point that any decision is a strain.

Under these circumstances, I was surprised and extremely pleased with my hearing before Senator William Shireman of Corpus Christi recently. As a subcommittee chairman of the Senate Finance Committee, Sen. Shireman proved to be so interested and so effective in his suggestions that I believe it was the finest hearing I have ever had in the past four years.

When I came before the House Committee, I was the last member of state executive branches to appear. Those men were dog-tired. They had listened to hundreds of thousands of words concerning millions of dollars. They knew that as soon as I had finished, they could relax these hearings and go about other legislative tasks. But they sat there and gave all the time I wanted. They discussed my appropriations bill and asked me searching questions about it.

I was extremely pleased when I left. That does not mean that the Texas Department of Agriculture got all the money requested. It did NOT. But on those items they refused to approve, I felt I had received a fair hearing on them, and that the members understood what I wanted.

In their refusal, I also felt like the members knew enough about the bills to feel justified in turning them down. I could not ask anything more than that—and the members are to be complimented for their fairness.

A member of the Legislature can come to Austin, sit at his desk and vote when told and still draw his pay without undue effort. This is not the procedure of the vast majority this session. They are working day and night—and they don't get paid a cent more than if they just took life easy.

To me, it proves that the democratic form of government is not dead among the individual members of our House and Senate.

FORT WORTH—A total of 24,306 sheep and lambs arrived for Monday's trade at Fort Worth. The unexpectedly large offering was the biggest in a single day since May 22, 1950 when 25,100 were unloaded. Largest day prior to that was in May, 1948 when 37,807 were chalked up in one marketing day.

Most unusual aspect of the big run was that it came so early in the season. Big movement of Texas lambs usually happens in May or June. The big offering was about 75% milk fat lambs of the new crop aimed at the Easter trade. Lambs processed the forepart of this week

Knight Thursday. Mrs. Willard Kilgore and Gerald of Benjamin and Mr. and Mrs. Jim Draper and Waylon visited recently with Mrs. J. T. Draper and Mr. and Mrs. Woody Roberts and family.

Recent guests in the home of Mr. and Mrs. Ross Bates were Mr. and Mrs. Elmer Pendleton of Dora, N. M. Mrs. Pendleton is a former resident of the Hefner community and will be remembered as Miss Susie Taylor.

Mr. and Mrs. Ross Bates spent last week end at the Crazy Hotel in Mineral Wells.

will be sold to Easter lambs buyers of the North and East next week.

Trade opened 50 cents to \$1 lower on all sheep and lambs and prices slid downward to \$1 and spots \$2 lower by the close. Choice lambs drew \$23 to \$25, and old crop fat lambs sold from \$20 down. Old wethers topped at \$14.

## LAMPASAS COUNTY LAMB FEEDERS ON MARKET

The commercial Lamb Feeding program sponsored by the Lampasas Chamber of Commerce was climaxed with a trip to Fort Worth and the sale of the lambs fed by the young people. The shorn lambs sold with choice grades at \$15.50, and good grades at \$18.50.

This program is one of the better commercial type feeding programs now in operation in the Southwest. Last year the boys and girls fed 222 lambs, and this year they fed 543 head. Of these, there were 363 choice and 77 good grades, with the balance commercial.

Chairman of the program committee is Casbeer Snell, and others on the group are Cecil McCoury, Lampasas, and Clyde Glimp, Lometa. Other adult leaders were L. D. Higgins and J. O. Hood. Assisting in the work were County Agency Don Callahan, Vocation Ag Instructor John Bowden of Lampasas and Thurman Head, Vocational Ag Instructor at Lometa.

## MOST CATTLE AND CALVES FULLY STEADY

Trade on most cattle and calves at Fort Worth Monday was active and fully steady to strong. The only class experiencing pressure was fed steers, yearlings,

and heifers. Fed cattle sold steady to weak, some of the plainer quality fat cattle unevenly lower.

Cows were active and fully steady. Bulls were stronger. Cows ranged up to \$14 and a few bulls sold to \$14.50. Fed cattle sold mainly from \$23.50 down, though some fancy yearlings from McClung & Cattle Co., weighed up at \$25 on a previous sale.

Topsy fat calves sold from

\$19 to \$21.50 and stocker steer calves and stocker steers yearlings sold from \$22 downward.

## HOGS STAGE BRISK RALLY, 50-75c HIGHER

Opening trade on hogs at Fort Worth Monday saw a top of \$18 and \$18.25 established. This was 50 to 75 cents above the previous week's close. The less desirable butcher hogs sold from \$16.50 to \$18. Packing hogs had a strong market at \$13 to \$16.

**News From The U. S. Congress**  
Congressman Frank Ikard

Just a short recap of what is happening to important pieces of legislation in the Congress at this time is as follows:

The Reciprocal Trade Bill which passed the House several weeks ago is now in the Senate, the Senate Finance Committee having concluded their hearings this week. The committee will, I am sure, within the next week or two, report the bill to the Senate for action in that body. The hearings before the Committee on Interstate and Foreign Commerce on the various bills to limit the jurisdiction of the Federal Power Commission to the extent that it would not have the power to control or fix the prices of gas produced by independent producers began this week. It looks now as if these hearings will run for some time, and it will probably be the latter part of next month at the earliest before this bill can get to the floor of the House. One of the bills being considered by the Committee is H. R. 3902 which I have introduced. The Committee on Public Works in the House will begin hearings on April 18th on the pending highways bills which deal with the Federal highway program. Among other proposals the Public Works Committee will deal with the Clay Report which I discussed here a short time ago. It seems to me it is highly improbable that favorable action will be taken on the Clay Report, but I do feel that some new Federal highway program will be proposed as a result of the hearings. At this time it will be impossible to know what that program might be. While the Tax Bill has passed both the House and the Senate, the bills that each body passed were not alike, and, therefore, it was necessary that this legislation go to a Conference Committee. It is expected that this Committee will report sometime next week, and then both Houses have to act on the bill again. Several Appropriation bills have been acted on so far by the House. Of course, many more are yet to come, particularly the real large ones. The temper of the Congress so far has been to look closely at these Appropriation bills, and in two or three instances have reduced them substantially. It seems to me that this is a hopeful sign, if we are to ever have a balanced budget, the expenditures of the Government first have to be reduced.

As is always the case, during the first two or two and one-half months of any session of Congress, most of the activity take place in the Committees where they are studying and holding hearings on all pending legislation. About this time, the Committees begin to report the bills to the House, and the legislative program on the Floor gets progressively heavier. The last week has seen the House Calendar very full. The tempo is increasing and will continue to build up until adjournment when I hope will be sometime early in July.

Visitors from home this week were Mr. T. R. Qualls of Denton and Mr. Charles McDugald, formerly of Wichita Falls and presently of Chicago.

Miss Laura Moylette was a visitor in Wichita Falls last Tuesday.

Mr. and Mrs. A. B. Warren visited Mr. and Mrs. Joe Duke and Jo Ann in Wichita Falls during the week end.

Guests in the home of Mr. and Mrs. Terry Harrison during the week end were Mrs. Della Parnell of Abilene, Mrs. and Mrs. Bud Harrison of Ozona and Mr. and Mrs. D. L. Carman of Aspermont.

Mr. and Mrs. Hubert Hitt and Judy visited with relatives in Gordon over the week end.

Kenneth Hendrix of Midwestern University was a week end guest of his parents, Mr. and Mrs. Frank Hendrix.

## Knox Prairie Philosopher Puzzled Over Politician's Fight On Bill Bringing On Only Double Taxation

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek has his mind on taxes this week, his letter indicates

Dear editor:

I'm not much at listening to the radio for news, on account of you have to listen when the announcer is talking, which is regrettably, while with a news-

J. A.

paper if you don't feel like reading it now you can put it in your pocket and take a nap and come back to it later on. But the other night my light bulb burned out and cut me off in the middle of my newspaper so I switched the

radio on just to be doing and got to listening to either a Congressman or a State Legislator, I couldn't tell which, talking about a proposed tax bill.

I never did find what bill it was, but what I was interested in was the reason he gave for opposing it.

According to him, the bill would bring on "double taxation," and he said he was opposed to it.

This struck me as odd and I'm still wondering where he came from.

I'm opposed to double taxation all right, but if I could get by with only that little I'd get off the air and keep quiet from now on.

Double taxation? Why, we passed double taxation in this country a hundred years ago and quadruple taxation fifty years ago and quintuple twenty-five years ago and are now working on six-tuple or seven-tuple or whatever the words are.

We've got (1) city taxes, (2) school taxes, (3) precinct taxes, (4) county taxes, (5) state taxes, (6) national taxes, and I reckon you could say international taxes, the way we hand money out around the world, and if we keep working on space travel, I reckon we'll have interplanetary taxation.

Some people just don't know when they're well off. Fighting a bill because it'd bring on double taxation is about like being covered up at the bottom of a hay stack and complaining because somebody dropped a toothpick on top of it.

Yours faithfully,  
J. A.

## Your Home

By Frances Ainsworth

A few weeks ago I made a discovery that resulted in a whole "new look" for my living room. It happened in my favorite furniture store when I stopped to admire a beautiful brass cocktail table and the salesman explained to me how practical new brass and copper furnishings are.

Mr. James, the salesman, told me that modern articles made of copper and brass are protected by a clear finish that needs no polishing—just a light dusting. The finish may be a plastic, lacquer or enamel coating which prevents tarnishing. Well, the result of our talk can be seen in my living room today! Yes, I bought the cocktail table—and matching end tables, too. And the warm color-tones of the brass added so much beauty to my room that I added a new fireplace set in gleaming brass. Then to make the fireplace the center of interest in our room, we had a copper hood installed which carries out the same color tone. A large copper bowl filled with ivy on my cocktail table and tall brass lamps on my end tables really complete the picture. My friends all compliment me on the warm, friendly feeling of the room!

I was certainly glad to find copper and brass furnishings that need no polishing. An occasional dusting or simple cleaning with a moistened cloth is all needed to keep them shining. According to the Copper & Brass Research Association thousands of homemakers are discovering—as I did—that copper and brass pieces are as practical as they are beautiful!

## GRASSHOPPERS MAY BE THREAT TO SOME TEXAS RANGES THIS YEAR

Severe grasshopper outbreaks are forecast in at least 10 Texas Panhandle counties this year. And a large portion of north central and central Texas is on the "threatened" list.

Entomologists base their conclusion upon grasshopper adult and egg survey made during the late summer and fall. In all, they expect 1,750,000 acres of Texas rangeland to experience light to severe infestations this year.

Panhandle counties where potentially severe infestations were found include Lipscomb, Hemphill, Roberts, Hutchinson, Moore,

Hartley, Gray, Donley, Armstrong, Randall and parts of bordering counties.

A south central Texas county, Robertson, also is considered a "severe" area.

An infestation is termed severe when 14 to 28 hoppers are found to the square yard. Concentrated control measures may be warranted in these areas.

Biggest grasshopper threat to the nation's cropland centers in the Panhandle, Missouri, southern Wisconsin and eastern Kansas. A noticeable buildup from last year has occurred on some western ranges, reports the Grasshopper Control Project, a branch of the U. S. D. A.'s Agricultural Research Service. They

say some 60,000,000 infested range acres occur in parts of 15 western states.

Mr. and Mrs. Wilkie Guinn and children and Charles Phillips visited relatives in Fort Worth over the week end.

Mr. and Mrs. Tinsel Scott of Throckmorton were Sunday guests in the home of Mr. and Mrs. Lamoine Blacklock.

James Amerson of NTSCC in Denton was a week end guest of his parents, Mr. and Mrs. J. H. Amerson.

Fred Lang of Midwestern University in Wichita Falls visited friends here over the week end.
