Odd Bits Salvaged  
at Random

Do you think our Chamber of Commerce needs a secretary-manager?

Do you think the membership can work out an increased operating budget to support the secretary-manager type of organization?

Whatever you think, begin getting those thoughts into speaking form. If you haven't even thought, begin to do so.

Charles McCauley, president of the organization, says quite a few members want this type of organization. He has appointed a committee to work on this and to contact various members for their ideas, etc.

So get ready to give the committee your viewpoint.

Children, many of whom were scared and other brave little soldiers, were taken to local doctors' offices by bus-loads last Monday.

Nurses and doctors and helpers were busy for some time as needles were stuck into the arms of these children and they received their first shots of the Salk polio vaccine.

And the program was started whereby some 400 first and second graders of Knox County will receive the free vaccine.

Maybe the children were scared—still kinda scares us to have to submit to a shot in the arm—but their parents were hopeful that the dreaded polio would never be contacted by the child who had been inoculated.

Doctors and nurses donated their services, a number of others volunteered help, and the vaccine was furnished free of charge by the National Foundation of Infantile Paralysis, the organization that received a big portion of your "March of Dimes" money.

Heard a fellow say Saturday he was tired of reading so much about the Salk vaccine. "So what if so many thousands of children are receiving the vaccine? So what?" he says.

Frankly, we're tired of reading so much about polio, of the number of lives it's taken, of the number of children who've suffered and become crippled.

We'd prefer to read about Dr. Salk's invention that has brought so much hope to the nation and to the world.

Things look pretty bad here.

But take a trip to the northwest, staying east of the plains irrigation belt.

You'll find things dryer and worse than here.

While attending the Panhandle Press Convention in Amarillo last week, we heard a lady-publisher remark that Perryton had received only 37 of an inch of moisture since last November. Reports from others were about the same.

When we said we had received 3.97 inches since January 1, 1955, they marveled. The usual accompanying remark would be "Boy! That's good."

Three years of continued drought have made that country very arid.

And a trip to the southwest would bring about the same reports.

Even though we seem to be in a favored area, we know that good old life-giving moisture is what we need more of right at the present writing.

Attending the district W.S.C.S. meeting in Seymour Tuesday were Mmes. R. D. Atkinson, J. C. Borden, G. M. Borden, W. R. Rodgers and J. C. Rice. Mrs. Rice and Mrs. Rodgers were re-elected to their district offices.

## Benjamin Names Honor Graduates

Honor graduates for Benjamin High School were announced recently by Edward L. Kirk, class sponsor.

Gloria Stephens, daughter of Mr. and Mrs. Fred Stephens, is class valedictorian with a grade average of 90.2 in all subjects taken during her four-year high school period.

Salutatorian is Mary Lois Parham, daughter of Mr. and Mrs. C. A. Parham, whose grade average was 88.5.

Both girls have been active in athletic and dramatic events during their high school career and have been outstanding citizens of the school community.

The third highest grade was made by Peggy Trammell, who has an average of 87.95 for the four-year period.

Graduation date for the Benjamin seniors is May 20.

## Funeral Services For Mrs. Knight Held In Seymour

Funeral services for Mrs. Cordelia Farmer Knight, who passed away at Seymour at 12:20 a.m. Saturday, were held from the First Methodist Church in Seymour at 3 p.m. last Sunday. Rev. Rollo Davidson, pastor, officiated and burial was in Seymour's Masonic Cemetery under the direction of McCauley Funeral Home.

Mrs. Knight, a resident of this area for 35 years, lived at Goree a number of years before moving to Seymour. She was born at Graham on September 8, 1890, and was 64 years, seven months and eight days old.

She is survived by a daughter, Mrs. Robert Rankin of Seymour, and two grandchildren.

Serving as pallbearers were Chalmer Hobert, Jarrell Davis of Wichita Falls, Clyde Whiteside, Emmett Golden, J. M. Trainham, Claude Morris, Jeff Burnett and Chloe Shawver.

Patients dismissed since Monday, April 11, 1955:

W. E. Sherrod, Munday; Margaret Ann Cornett, Rochester; Mrs. Ruth Johnson, O'Brien; Mike Stoker, Truscott; A. M. Reeves, Rochester; Mrs. J. E. Reeves, Sr., Munday; Miss Shirley Sherman, Goree; Edd Fletcher, Knox City; Willie Fletcher, Knox City; Mrs. Geo. Thomas, O'Brien; Manny Wayne Buffin, O'Brien; Alan Chapman, Benjamin; Mrs. Paul Grinstead, O'Brien; I. Z. Moore, Munday; Tommy Van Pelt, Rochester; Mrs. Bob Walker and baby, Rochester; Margarito Vidana, from O'Brien; M. G. Nix, Munday; Mrs. L. M. Williams, Knox City; L. J. Whitmeyer, Beaumont; Mrs. Clyde Burnett, Benjamin; W. R. Brown, Knox City; Mrs. Jim Robertson, O'Brien; Mrs. Lupe Lopez and baby, Munday; Earl Pruitt, Munday.

### BIRTHS:

Mr. and Mrs. Bib Walker of Rochester, a son.  
Mr. and Mrs. D. E. Alexander, Munday, a daughter.  
Mr. and Mrs. John Morrow of Vera, a daughter.

Mrs. J. I. Hughes received word the first of this week that her brother, O. C. Byrd of Wichita Falls, former Munday resident, sustained slight injuries when he fell from a ladder and hung his foot in a gas meter. He was treated for a sprained ankle.

Mrs. C. A. Barton of Pecos is visiting relatives and friends here for a few days and staying in the home of Miss Maud Isbell.

Munday's first and second graders were among the first children of Texas to receive their polio vaccines last Monday, as mass inoculation of some 400 Knox County children was begun.

Pictured above are children of the Munday school boarding the school bus after receiving their shots. They are being supervised by Chief of Police Lee Bivins, foreground, and Mrs. D. C. Eiland, in background.

At right are students of Dunbar Colored School assembled in the clinic of Drs. Eiland and Markward to receive their shots.

## Cancer Drive Begins In County

The American Cancer Society's 1955 crusade for \$1,050 in Knox County swung into action here Tuesday when Tom Bullington, local chairman, met with his co-workers to map out the program.

Placards advertising the drive were placed in store windows, and plans were completed for a concerted drive for funds on Friday and Saturday, April 22 and 23.

In addition to Mr. Bullington, the following are active in this drive:

Mrs. D. C. Eiland, co-chairman; Mrs. J. T. Offutt, Mrs. George Beaty and Mrs. John Peysen, Munday and Sunset; Mrs. Walter Jungman, Rhineland, and Pete Beecher, Goree.

It was pointed out that 60 per cent of the money raised stays in Texas, with the remainder going into the national fund.

Assisting Mr. Beecher at Goree are Mmes. Raymond Smith, Joe C. Butler, Everett Galther, Floyd Bowman, J. D. Hicks and Miss Essie Moore.

## Munday FFA Boy Wins High Honor

G. H. Coady, fourth year vocational agriculture student under the supervision of E. R. Ponder, instructor, won high honor for the Munday Chapter and himself by making 100 on a beef cattle placing and grading contest conducted by Farm and Ranch Magazine on a nation-wide basis. Thousands of boys and men from over the nation entered this contest.

G. H. placed the Shorthorn feeder steers correctly, then correctly placed them into market grades to place him in a tying position with some others. He was asked to write out his reasons for placing them as he did, and he has sent these in. His fellow-members are looking forward to hearing of a complete victory for him.

This is not the only honor for G. H., as he is also a member of the meat judging team along with Johnny Orsak and J. R. Booe. These boys will go to Fort Worth on May 3 to match their ability against that of hundreds of others for a chance to enter the state judging contest.

### RECEIVES DISCHARGE

Billy Wayne Alexander recently received his honorable discharge from the U. S. Navy. He is the son of Mr. and Mrs. Leonard Alexander of Weinert.

## Munday School Wins Honors At District Meet

The District 11-B Interscholastic League meet was held last Thursday at Knox City, with Charles E. Silk as director general.

The following Munday students took honors in the meet: Barbara Carver, first place in typing with a score of 134; Juanita Welch, third place with a score of 129.

Lou Milstead and Glenda Yeager tied for first place in shorthand with a grade of 92.25, taking first place as a team.

Margaret Yandell took second place in senior girls declamation. Sue Voss and Gayle Littlefield won third in spelling, and Nita Morgan won first place in junior girls declamation.

Those participating who did not place are: Augora Enriquez in typing, Linda Kuehler and J. L. Hunger in spelling for junior high and Elton Floyd in junior boys declamation.

Two directors from Munday schools were Waymon Pistole, extemporaneous speech, and Mrs. Juracy McCall, typing and shorthand.

First place winners in typing and shorthand will go to Brownwood to participate in the regional meet on Saturday, April 23.

## Rhineland Gin Holds Its Seventh Annual Meeting

Over 100 members were present for the seventh annual meeting of the Rhineland Co-operative Gin which was held on Monday, April 18. Each was given a copy of the operating statement for the year.

Patronage refunds of \$6 per bale were returned to patrons of this organization.

Several amendments to the by-laws passed without a dissenting vote, and an audit of the year's records was presented and explained by the manager, A. J. Kuehler.

Directors elected for the coming year are: P. F. Homer, W. H. Bellinghausen, Joe A. Brown, Jack Tidwell and W. M. Ford. Homer and Tidwell were both re-elected.

W. A. Jungman, who was president of the board of directors, retired from the board after (Continued on Last Page)

## Annual Spring 4-H and F. F. A. Show To Be Held Next Saturday At Goree

The spring show for Knox County 4-H and F.F.A. boys and girls will be held Saturday, April 23 at Goree, W. J. Bryan, county agent announced this week.

Bryan said he expected about 170 projects to be exhibited in this show that will include classes for dry lot steers, beef heifers, dairy heifers, breeding hogs, breeding sheep, rabbits and poultry.

Judges for the show this year will be Mr. Lester Burk, Seymour and James Ludeke, Haskell. Both men are well qualified in their field, Bryan said.

The show will be sponsored by the Goree Fire Department, and prize money for the boys was raised from all the communities in Knox County. The Knox County Farm Bureau will present showmanship prizes to the two top showmen. Their prizes will

Plans have been completed for the annual Zone IV ladies night and social of Lions Clubs in the zone, which will be held at the Munday school cafeteria on Friday evening of this week. Around 150 Lions and their ladies are expected to attend.

A dinner will be served at 7:30 p. m. by ladies of the lunch room, and an interesting program is being planned.

Virtually every member of the Munday club is serving on some committee, and an effort is being made to have 100 per cent attendance in the local club.

District Governor M. J. Weaver of Olney will head the Olney delegation and will possibly have a part on the evening's program. J. D. Gillespie, who is in charge of ticket sales, stated Tuesday that around 100 tickets had been mailed to other clubs of the zone.

The zone is composed of Lions Clubs of Haskell, Knox City, Seymour, Olney, Archer City and Munday.

## Cotton Meeting Is Slated Friday

A sub-district meeting on cotton production and improvement is to be held at Haskell on Friday, April 22, Jay Bryan, county agent announced this week.

The meeting will get started at 9:30 a. m. and will be under the direction of Mr. J. A. Scofield, district agent for the Extension Service.

At this meeting the general cotton situation, new methods of production, marketing, weed control, insect control etc. will be discussed by Mr. Fred Elliot and Dr. F. M. Fuller. Both of these men are specialists in their fields from A. & M. College, Bryan stated, and he feels that they will present information that will be of value to cotton farmers in the area.

Bryan said he would leave the courthouse at Benjamin about 8:15 and would be glad for any interested cotton producers to go with him.

## Junior Play To Be Presented Tuesday Night

The junior class of Munday High School will present its annual play at 8 p. m. Tuesday, April 2, in the school auditorium. The play, "Where's Grandma," is a comedy in three acts.

It is a snappy, interesting comedy with splendid story value, good characterizations and plenty of laughs—a home play with a happy ending, well concealed moral, and it promises a generally delightful evening of entertainment.

The cast of the three boys and six girls, none of whom have been presented in a full evening of entertainment, will include: Sue Norvill, Gary Cure, Waymon Smith, Shirley Gulina, Bobbie Nance, Glenda Guffey, Don Homer and Tidwell were both re-elected.

Mr. and Mrs. Riley Bell took their little daughter, Vicki, to Abilene last Saturday for a check-up.

### SIMPLE ENOUGH

Arthur Krock of the New York Times, who is widely regarded as the country's ablest and most knowing Washington correspondent, has said that the row over the Dixon-Yates contract, under which taxpaying private enterprise is to build a \$107,000,000 electric plant to serve an Atomic Energy Commission installation in Arkansas, is one of the worst exhibitions of partisan politics in years.

The contract has been declared sound and favorable to the government by a long list of top organizations and individuals—including AEC commissioners, the Federal Power Commission, ranking Senators and Representatives, and the President of the United States himself. It was the result of painstaking negotiation, in which the interest of the government was the paramount consideration.

Why, then, should there be so bitter and prolonged a controversy?

This quotation from an editorial in the Council Bluffs, Iowa, Nonpareil, helps to answer that question: "This Dixon-Yates controversy is a fight between public power and private power. Nothing else. If public power is good for the country, so is public ownership of coal mines, steel mills, automobile companies, grocery and department stores, collective farms like they have in Russia." And there you have it!

### INSOLVENCY MEANS DESTRUCTION

Senator Byrd has said: "We still have practically the highest taxes we have ever known. Yet, a balanced budget is not in sight. Unless Federal spending is reduced still further, deficit spending and inflation will continue to the bitter end which is insolvency. We can not preserve our freedom in insolvency. We can not defend ourselves militarily in insolvency. Our currency will be worthless in insolvency. . . . Those who willfully or otherwise would destroy American solvency would destroy freedom for people everywhere!"

The fate of the whole free world may ultimately depend in this country's budget and fiscal policy. No matter how difficult the job, no matter how painful the process, government spending must be sharply reduced. That means the people must curb their demands for more and more hand-outs from government or suffer the consequences.

### A MAN NEEDS TOOLS

Two top authorities recently had something to say about the value of the stock market and widespread stock ownership.

Federal Reserve Board Chairman Martin said: "A properly functioning stock market is important to the attainment of a high standard of living and steady growth of employment. . . . Secretary of the Treasury Humphrey said: "Widespread ownership of American industry is to be encouraged. . . . A man cannot earn a living with just his two hands. He needs tools and power and these you cannot get without investment."

A share of stock is to share in America—in its wealth, strength, and future. This—not the day by day fluctuations in stock prices—is what makes the stock market essential to a free nation.

### ROOT-STRENGTH OF OUR NATION'S YOUTH

Each year, in the second week in April, National Sunday School Week is observed. This year, the Laymen's National Committee offered two worthwhile thoughts on behalf of the week's 11th annual observance, April 11-17.

One is that each day, at 6:00 p.m., our young people offer a silent prayer for boys and girls behind the Iron Curtain, asking that they too will have the freedom to pray and that peace among nations will be realized. The other is that all of our young people, regardless of creed, attend Sunday School. These are splendid goals. Sunday Schools are the root-strength of our nation's youth. They are thus the root-strength of our future.

### THE WORST MONOPOLY

Secretary of the Interior McKay recently denounced the most dangerous and destructive of all monopolies—government monopoly. He said: "In other parts of the world today this philosophy of government monopoly has created a living nightmare for hundreds of millions of unfortunate people." In the same speech, the Secretary said that one of the great conflicts of the present lies between the philosophy which supports ownership and development of our natural resources in the traditional American way and one which "presses constantly for expansion of an all-powerful federal bureaucracy. . . ."

There is no greater enemy of freedom than all-powerful government—and no greater friend of slavery.

## WHAT DOES THE BIBLE SAY?

Every church has its own peculiar plea. The peculiar plea of the Church of Christ is for a complete restoration of the church which was established on the first pentecost after the resurrection of Christ in the city of Jerusalem (Acts 2.) Every one familiar with the New Testament knows that the twelve apostles were the charter members of this church and that three thousand souls were added unto them at the close of the first sermon which was preached by Peter (Acts 2:41, 47).

### What Was The Creed Of The Early Church?

The dictionary defines the word creed as what I believe. A man's creed is what he believes. The early Church believed that Jesus is the Son of God. This was its creed, its only creed. The early church never asked people to confess or pledge allegiance to any other creed. This was the creed which Peter confessed, "Thou art the Christ, the Son of the living God (Matt. 16:16). This was the creed which the eunuch confessed before his baptism and becoming a member of the church. When the eunuch asked, "What doth hinder me to be baptized?" Philip said, "If thou believest with all thine heart, thou mayest." and

he answered and said, "I believe that Jesus Christ is the Son of God" (Acts 8:36-37). You will note that nothing else stood in the way of the eunuch's being baptized. Thus, the early church did not come together first and vote on those who had made application for membership. Since the New Testament is silent on voting on those who desire membership in the church, we must remain silent there also if we are going to subscribe to the creed of the early church.

### What Was The Discipline Of The Early Church?

The early Church used the New Testament, every word of it, but nothing other than it, as their church discipline and manual of church government. Paul says in 2 Tim. 3:16-17 "All scripture is given by inspiration of God, and is profitable for doctrine, for reproof, for correction, for instruction in righteousness: that the man of God may be perfect, thoroughly furnished unto all good works." This is exactly what the Church of Christ uses today. If we use more or less, we would lack just that much being the Church of the New Testament.

### Handwritten Corrections Of Will Not Recognized in Court

Changing and revoking wills has involved many an estate in litigation because the proper legal methods were not used and the statutes were not followed.

Take the case of Mr. S. Some time ago he went into his lawyers office and laid in front of his attorney a will which had been prepared for him about a year previously. He said that he had made a few changes in it and wanted to know whether his attorney thought the changes were all right.

Mr. S. was attempting to change two items of his will by drawing lines through certain words in these items and interlining, in his own handwriting, the changes he wanted. He was not attempting to revoke his entire will but merely trying to change these two items.

If Mr. S. were to die with his will in that condition, the probate court would not recognize the changes that he had made, but would probably probate the will as it was originally written. Mr. S. was surprised to learn this and immediately requested that a new will be prepared.

## Knox Prairie Philosopher Baffled By The Government Worker Who Wants To Get Back To The Farm And Rest

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek claims he's behind in his work, a point we certainly wouldn't argue about.

Dear editor:

While I was out here yesterday checking up on how far behind I am with my work, there's one thing you can say about a farm, the only way to run out of something to do on one is to move to town. I walked over to a tree and sat down in the shade and pulled out a newspaper and read a couple of hours to rest my mind. I understand some people claim dreading work is worse than the work itself, but I've never found it to be that way, it's not the thought of work that bothers me, it's going up one row and down another.

At any rate, I got to looking over this paper and ran across an item that struck me as odd.

According to it, a man in Washington had just been fired from his government job and, when some reporters asked him what he was going to do next, meaning what other government job would he take, he said he

J. A.

was too tired to be thinking of a job and was "going back to my farm."

I tell you, that man was tired more than he realized.

Anybody who is too tired to work and decides to go back to the farm, just ain't got the same kind of farm I'm used to. No doubt he needs a rest, but most people, confronted with a similar situation, would figure out the place to rest would be another government job.

I know a lot of government officials work hard, but ordinarily you just don't hear of many government workers saying they'd like to swap their swivel chair for a tractor seat. It's not that there's anything wrong with a tractor seat, they make 'em now with hydrolic springs and foam rubber cushions, but the atmosphere is different. They just ain't equipped with venetian blinds to shut out the sun and half the time the air conditioner won't work.

When government jobs get to the point where they're harder than farming, I aim to hire me a tractor hand. Up to now, though, they're still hard to get.

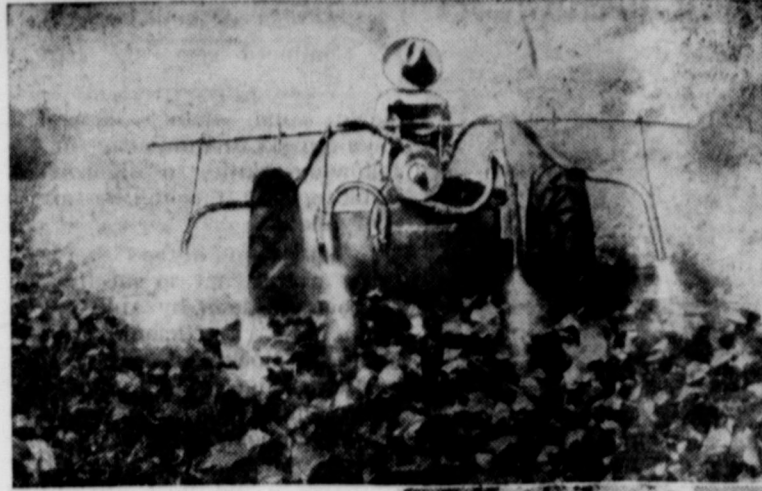

Yours faithfully,  
J. A.

## Answer To Farmer's Pest Problems

New insecticide is good news for bean grower (above), bad news for Mexican bean beetle (right).

The insect spray program which the farmer adopts this year will determine the quality and yield of the crops he harvests. No matter what fruits, vegetables or field crops he produces, a good insect control program is a necessity.

High insect killing power combined with a high degree of safety to man, animal and crop, make malathion the fastest growing insecticide in agriculture today.

Already established as one of the most versatile insect killers for fruit, vegetable and nursery crops (over 75 pests on 40 crops), it is now gaining equal recognition in the field of animal protection. In areas where flies have become resistant to DDT, dairymen are depending on this new insecticide to kill those resistant species inside and outside the dairy barn. Cattle and hog raisers are also using it for flies. Also, malathion controls two of the most destructive poultry parasites—enabling poultrymen for the first time to kill both chicken red mites and northern fowl mites with only one insecticide.

Prior to the development of malathion, the only insecticides which would at the same time control aphids and spider mites and other important sucking and chewing insects were materials quite toxic to man and animal. These required strict precautionary use measures. In malathion, however, there has been developed for the grower an insecticide that kills the same variety of insects, but as the United States Department of Agriculture puts it, "is one of the safest insecticides to handle."

## NEWS FROM VERA

(Mrs. Thelma Lee Coulston)

Mr. and Mrs. Jack Gilley of Dallas spent the week end with Mrs. Gilley's parents, Mr. and Mrs. Jess Trainham.

Mr. and Mrs. Jim Hughes spent Saturday through Monday with their daughter, Mr. and Mrs. Clarence Allen and girls of Abilene.

Mrs. Lucile Couch returned home Saturday, after an extended visit with her daughter, Mr. and Mrs. Tubby Horn and family in Wyoming.

Week end guests in the home of Mrs. W. F. Rabe included her daughter, Mrs. Ida Haynie and little daughter, Kathy, Mrs. Nora Ada Jackson and children Linda and Dennis and Mr. and Mrs. Eugene Kauntzman of Wichita Falls.

Mr. and Mrs. Virgil Thomas and family of Haskell visited over the week end with her parents, Mr. and Mrs. Willis Peddy.

Mrs. Neal Howell and Mr. and Mrs. R. W. Witty of Lubbock visited with Mr. and Mrs. Tom Russell during the week end.

Mrs. Audrey Holt and three children of Abilene spent the week end visiting in the Irvin

Nichols and Carlton Struck homes.

Mr. and Mrs. Wayne Knight and Mrs. Raymond Carroll returned to Vera Sunday after spending a few days visiting with Wayne's brother in Florida.

Week end guests in the A. M. Bradford home were Mr. and Mrs. Buck Vowell and two children, Mr. and Mrs. Namon Vowell and family and Mr. and Mrs. Raymond Vowell and children of Lawton, Oklahoma, and Mr. and Mrs. Bobby Bradford and son of Sherman, Texas.

Mr. and Mrs. Herb Snider and daughters of Grapevine, Texas, visited recently with Mr. Snider's sister, Mr. and Mrs. Buster Jackson and family. Second Lieutenant Joe Jackson is spending a few days with his parents, the Jacksons, enroute to Arizona, where he will be stationed.

Mr. and Mrs. Cecil Welch and children of Dickens, Texas spent the week end with the K. B. Ritchie family and Mr. and Mrs. J. O. Archer and family.

Little Jerri Lyn Cross of Oton, Texas is spending two weeks with her aunt, Mr. and Mrs. Wesley Trainham.

Miss Reta Trainham and Jan Richards are representing the Vera Chapter of the Future Homemakers of America at the state meeting in Galveston. Miss Trainham, a senior in the Vera High School, is the daughter of Mr. and Mrs. Ed Trainham. Jan, a freshman, is the daughter of Mr. and Mrs. Rube Richards.

The home of Mr. and Mrs. A. M. Bradford was completely destroyed by fire Easter Sunday at approximately 11 a.m. The home was located on their farm 4 1/2 miles southeast of Vera in the Cotton Wood community. The family consists of Mr. and Mrs. Bradford and five children, Garland, Travis, Donnie, and twins Billy and Betty. No household furnishings were saved. The Bradfords are now making their home in a house located on the Joe Blackburn farm which was formerly occupied by Mr. and Mrs. Couch.

A donation of one hundred dollars was contributed to the Bradford family by the Knox County Red Cross chapter. Other donations were also received.

All classroom teachers have been re-employed for the 1955-56 school term by the Vera consolidated school board at a recent meeting. Teachers re-elected include: Mrs. Edith Russell 1st and 2nd grades; Mrs. Braden McWhorter, 3rd and 4th grades; Miss Jessie Myers, 5th and 6th grades; Miss Jo Ann Rhoads, 7th and 8th grades; Maurice Hughes, Social Science and coach; Mrs. Thena Mae Bowdoin, high school English and math; Mrs. Douglas Benham, vocational homemaking; Mr. Gabe Dooley, vocational agriculture.

Twenty-five first and second grade pupils received their first polio vaccine shots on Monday morning, April 18th, at the office of Dr. D. C. Eiland in Munday.

Representing the Vera school in the District Interscholastic League at Knox City last week were Maxine Park, Benny Carl Coulston, Janelle Jackson, Peggy Jackson in declamation; John Murphree, Elizabeth Brown, Melba Dianne Ritchie and Marianne

## Legion Speaker

ARCHER CITY—State Senator Jimmy Phillips of Angleton, colorful and eloquent legislator who has taken the lead in the probe of the Veterans' Land Board Scandals, will be the principal speaker at the annual Spring convention of members of the American Legion and Auxiliary of the 13th Congressional District to be held here Saturday and Sunday, April 23 and 24.

Presiding will be James P. "Jimmy" Horany of Archer City, who will close out an outstanding two year tenure as 13th district commander.

Not only the local Ira Jones Post 198 of the American Legion but the chamber of commerce, schools and churches are joining in arranging an outstanding hospitality for Legionnaires and Auxiliary members expected to be here from every post in the district.

Coffman, spelling; Jeanie Beasley and Billy Bradford, Ready Writers; Reta Trainham and Virginia Jackson, typing; Larry Bratcher, story telling; Reta Trainham, in extemporaneous speech; Jeanie Beasley, poetry reading.

At Rule, in the track meet on Saturday were Muri Feemster, John Murphree, Benny Carl Coulston, Robert Gauthreaux, and Jerry Feemster in high school; grade school boy entering were Travis Clark, Jim Frank Coulston, Lyndal Laws and Billy Hardin.

Placing in track were Muri Feemster and Travis Clark. Reta Trainham placed third in extemporaneous speech, Melba Ritchie and Marianne Coffman, placed third in fifth and sixth grade spelling, Billy Bradford and Virginia Jackson and Muri Feemster will represent us in the Regional at Brownwood this week in Essay, Typing and 100 yard dash, respectively.

Mr. and Mrs. Jerrell Trainham of Lubbock visited with Mr. and Mrs. Wesley Trainham over the week end.

Mrs. Tom Russell, chairman of the Cancer Crusade for Vera, announces that she will contact every home in the community within the month of April for their donation to the cancer drive.

The quota for Vera has been set at \$65.00, but it is hoped that the quota will be doubled. Sixty per cent of all money collected in Texas will remain in the state for treatment and research. The balance goes to the National Society or research education and training of scientists.

At least a dozen people who live in Knox County have been sent to the M. D. Anderson Hospital for Cancer Research in Houston during the past year for diagnosis and treatment of cancer. This hospital benefits from the cancer drive we are working on now. In addition to hospital service for cancer patients who are unable to pay, surgical dressings are furnished to patients in the terminal stages of cancer who remain in their homes.

Jimmie Silman and Nat Katter of Saginaw, Mich., are guests in the home of Sied Waheed this week and are also visiting other relatives and friends.

Mr. and Mrs. Elmer Knox of Abilene were Sunday guests in the home of her sister and husband, Mr. and Mrs. John McMahon.

## Polio Vaccine—

(Continued from Page One)

sicians and county druggists have agreed unanimously on the following solution to the problem, thinking that it would be fair to everyone:

It has been agreed between these groups that no vaccine will be sold or given by any one of them until a sufficient amount has been stockpiled to give to a particular age group. What age group this would be depends on the recommendation of the National Foundation, based on their statistics of the most susceptible age group, including pregnant mothers.

In order to ascertain the number of children in the county, of each age group, it was decided to supply post cards addressed to the County Superintendent of Schools, who has agreed to separate them for the use of the doctors and druggists. These cards will give the information concerning the parents who wish their children to have the vaccine as soon as it is available, and the age of the children, so that if the National Foundation says, for example, that four year olds should be the next group to receive the vaccine, then it will be immediately possible to know how many four year olds there are in the county wishing the vaccine. Then when that amount of vaccine is available in the stockpile contributed to by the doctors and the druggists, each doctor will be allocated sufficient doses to vaccinate that age group who have listed him as their regular physician. A copy of the post card will be found in the

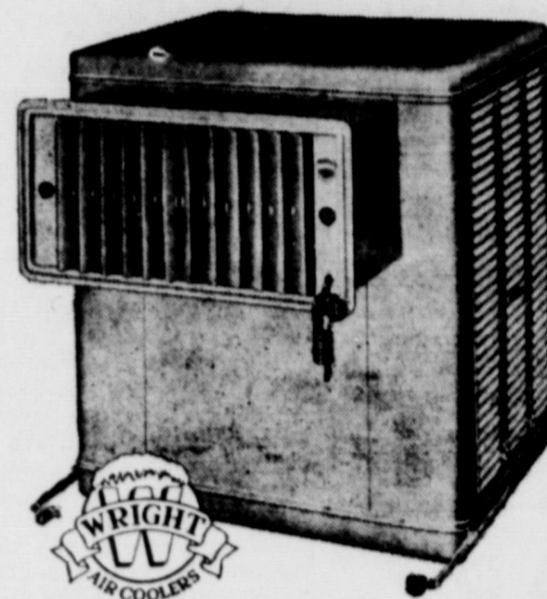

paper. The cards will be available in all of the postoffices of the county, requiring only that they be filled out and stamped.

It is fervently hoped by the doctors and druggists that this program will meet with the approval of the people who might

be trying to get on reservation lists. They feel that this is the only fair way that it can be done. As soon as vaccine is available, one age group after the other will be offered the vaccine, according to the recommendation of the National Foundation.

## New Attendance Record Set At P. C. A Meeting

The 21st Annual Stockholders meeting of the Stamford Production Credit Association, which was held April 15, 1955, in Stamford, set a new record, both State and National, in member attendance—with 80% of the Class B (voting) stockholders present. The total attendance at the meeting was 1,589, with 790 of those present being stockholders.

C. G. Burson of Haskell was re-elected to the Board of Directors for a three year term and Mack T. Claburn was elected to the place formerly held by J. Spurgeon Reeves. Holdover members of the Board are J. B. Pumphrey, Old Glory; Lasater Hensley, Guthrie; J. F. McCulloch, Stamford. Associate Directors named were J. B. Morrison, Jr., of Spur and H. H. Sego of Haskell.

The Board, in its reorganizational meeting, re-named Burson as president, McCulloch as vice president, J. L. Hill as secretary-treasurer and J. R. Gleaton and R. C. Cobb as assistant secretary-treasurers. The loan committee will be composed of Burson, Hensley and Hill.

The Starlight Sisters and band, Jean Stansbury and the Gatlin Trio of Abilene KRBC-TV furnished a very delightful hour of entertainment.

Representatives from other PCA's located in Memphis, Lubbock, Coleman and Canadian were present, along with Ellis Lanier, Ray Smith and V. L. Carothers of the Production Credit Corporation of Houston. Mr. Lanier is a vice president of the PCC and addressed the crowd briefly.

Included in other business transacted, the following Nominating Committee for 1956 was named: Robert McAtee, Dickens County; Bearl Murdoch, Kent County; V. Cross, King County; B. F. Hoy, Stonewall County; J. E. Hunter, Knox County; Clay Haddox, Haskell County; Jack Morrow, Jones County and Fred Wylie, Shackelford County.

J. R. Hill of Goree was awarded the attendance prize which was a Frigidaire deep freeze.

The meeting adjourned with a chuck wagon dinner.

## Speaking of PUBLIC SAFETY

While much attention is devoted to the cost of safe, modern street lighting, the price of inadequate lighting is often overlooked, according to the National Street and Traffic Safety Lighting Bureau.

The National Safety Council estimates the composite traffic accident cost—based on 35 personal injury and 225 property damage accidents for every fatal accident—at \$95,000 per fatality.

Since only one-fourth of all traffic fatalities occur at night, night traffic fatalities should not exceed one-fourth of all traffic fatalities.

On this basis, we should have 9,575 deaths whereas actually the annual night toll is 21,000 lives.

The difference between expected and actual night deaths (11,425) multiplied by \$95,000 gives \$1,085,375,000 as one measure of the economic cost of inadequate lighting.

Since modern adequate lighting costs only \$2.50 per capita per year, it would appear that the nation's streets and highways could be adequately lit at less than half the cost of the economic loss.

## Fun Night Held Monday Night At Baptist Church

The 3-F (Fun, Fellowship, Food) teen night was held in the Baptist Church Monday night.

The youth, a non-demonstrational group, is now six months old and has 115 members registered with an average of 53 present at each meeting. This group, sponsored by the Methodist and Baptist Churches, urges all the youths of Munday to meet with them on their fun night and help make the organization a success.

Mrs. Dorothy Putnam and Mrs. E. B. Littlefield are co-chairmen with Mrs. Stuart, Mrs. Bruce Edwards, Mrs. Doyle Ragle, and Mrs. A. A. Smith, Jr. serving on the committee.

Teen agers having perfect attendance at Youth Night are Linda Alexander, Betty Bryan Roxline Howell, Gayle Guley, Kaye Holcomb, Raye Holcomb, Melessa Lee, and Pat Putnam. Those missing just once are David Alexander, Gary Cure, Shirley Cammack, Bob Cude, Carolyn Hobert, Terry Harrison, Dickie Morrow, Jerry Scott, Wyman Tidwell and Junita Welch.

## Haskell Singing Convention Set For April 24th

Sunday, April 24 has been set as the date for the 31st annual program of the Haskell County Singing Convention, an event which attracts hundreds of singers and music lovers to Haskell from a large area each year.

The convention will be held in the American Legion auditorium several blocks south of the square, where adequate parking space is available for several hundred automobiles.

Last year's convention was attended by an estimated 1,500 singers and visitors, many from distant points in Texas and some from Oklahoma. Attendance at this year's program is expected to equal or eclipse last year's record attendance.

Hallie E. Chapman, president of the singers organization, said that a number of well-known quartets and musical groups had been invited to take part in the program.

## Miss Baty Becomes Bride of Jack P. New In Home Vows

In an afternoon ceremony on Easter Sunday, Miss Veneta Mae Baty became the bride of Jack Propps New. The vows were repeated in the home of the groom's aunt and uncle, Mr. and Mrs. W. H. McDonald of Seymour.

The bride is the daughter of Mr. and Mrs. L. B. Baty of Gilliland and the groom is the son of Mr. and Mrs. Eaton New, also of Gilliland and the grandson of Mr. and Mrs. Jack Propps of Electra.

Rev. James E. Lewis, pastor of the First Baptist Church, officiated in the presence of the immediate families and close friends. White gladioli and greenery formed the background setting.

The bride wore a waltz length gown of white lace over taffeta and carried a bridal bouquet of gardenias atop a white Bible.

Miss Janice Johnson of Munday was maid of honor. She was gowned in pink net over taffeta. Parker Eston New, brother of the groom, was best man.

Following the ceremony, a reception was held with Mr. and Mrs. W. H. McDonald as host and hostess. Serving at the refreshment table were Misses Janice Johnson and Patsy Propps.

After a short wedding trip, the couple will reside at Alpine, where Mr. New is employed by a construction company. Both are graduates of Munday High School and he attended the Draughon's Business College in Wichita Falls.

## Boys, Girls Are Presented In Service April 13

The Woman's Missionary Union of the First Baptist Church presented the Girl's Auxiliary and Royal Ambassadors in a joint coronation and recognition service April 13th.

Mrs. O. B. Woodrum of Abilene presided over the coronation service and the pastor, R. H. Lloyd, presented the boys in recognition.

Girls who took part were Phyllis Yost, Karen Johnson, Jan Hawkins, Barbara Fears, Arbera Fears, Shirley Weaver, Caren Johnson, Mary Guley, Kaye and Raye Holcomb, Carol Floyd, Doris Kay Armstrong, Linda Smith, Bobbie Nelson, Linda Beth Thompson, Patte Patterson, Ann Moorhouse, Sue Smith, Ann Neal, Jeanene Lowrance, Sandra Brown, Gail King, Ava Mary Taylor, Linda Brown, Maidee Smith and Jan Browning.

Boys recognized were Cloyce Mitchell, Chan Hughes, Freddie Strickland, Dickie Butler, Bob Hardy, Henry Pape, Rodney Taylor, Ronald Yost, Jimmy Reid, James Holcomb, Joe Decker, Gayle Guley, Don Kegley, Charles Walker, Dwayne Ford and Joe McMahon.

Jess Whitfield was a business visitor in Amarillo last week.

## Moffett Explains Principal Needs For Higher Taxes

Among the hundreds of letters which come to my office each week in Austin there are many which ask, "Why do we have to raise more taxes?" This is a good question. I will try to discuss it as fully as space permits.

The need for additional revenue (taxes) arises from three sources. More money is needed for our public school system; more money is needed to pay pensions to old people; more money is needed for our highway system. These are the principal needs. In addition, our State Hospitals and Special Schools now have 25,000 inmates. A short time ago they only had 16,000. These people must be taken care of, and it takes money to do it.

In fact, all State expenses go up as our population goes up. Within the past few years, our public school enrollment shows an increase of more than a quarter of a million students. The State contributes 80% of the cost of maintaining the public school system, including text books, teachers' salaries, bus transportation, etc. It will take \$18,000,000 more from the State Treasury during the next two years, than it has heretofore to provide the State's part of supporting the public schools. It will take \$14,000,000 more in the next two years from the State Treasury to comply with the increase in Old Age Assistance which the people voted last November and for which the Legislature is duty bound to raise the money.

Texas has the best highway system in the United States. Automobiles can be operated more cheaply over a paved road than any other kind. If we are to continue to build and maintain a good highway system that we all use, it will require more money.

The foregoing are only the high spots in the needs of our State which now contains more than eight million people. It has been only a relatively short time since the State had only five and one-half million people. More people necessarily call for more government services and more tax revenue to pay for them.

The Legislature does not relish levying taxes. It is always a disagreeable job. Under the present circumstances, however, there is no other course that we can take. Therefore, many of the members have reluctantly made up their minds to swallow hard and vote for the minimum taxation that is necessary to pay the bill for essential State services.

I would be glad to receive comment on what should be done, what taxes to levy, or where to cut expenses.

Miss Maud Isbell has returned from an extended stay in Wichita Falls. She stated the telephone company failed to list her in the new directory, but the telephone number is the same—5351.

## Choice Club Yearlings Bring \$25

A few head of choice club yearlings from Motley County sold at \$25, but most good and choice fed steers sold at \$19 to \$23. Some fed steers were as much as 75 cents lower. Fat cows sold at \$11 to \$13 with a few odd head higher. Cannors and cutters brought \$7 to \$11. Bulls sold at \$10 to \$14. Good and choice slaughter calves cashed at \$17 to \$21.50. Plainer kinds brought \$12 to \$16.50, while culls sold down to \$10.

## Cattle and Calves Open Weak to Lower

FORT WORTH—All classes of cattle and calves were weak to 50 cents lower in the week's opening trade at Fort Worth on Monday. Fed cattle were under most pressure and moved in a slow trade at prices 50 cents, or more, lower than last week.

The 5,000 head received at Fort Worth was the most since November. Total receipts at the twelve major markets was the

Mr. and Mrs. Wayne Bingham last Sunday were Mr. and Mrs. Walter Coffman, Mrs. Alpha Atkinson and children and Joel Lynn Coffman.

largest since January and this had some influence in lowering prices. Also, many of the cattle are off of lush grass pastures, which reduces the dressing per cent.

Stockers were about the only kind that sold at steady prices. Choice stocker steer yearlings and stocker steer calves still sell up to \$22. Low grade stockers are slow and hard to move at \$15 and less. Stocker cows brought \$10 to \$12.

## Sheep and Lambs Hold Steady

In the sheep barns Monday's trade was steady on all classes of sheep and lambs. Old crop lambs are still under pressure and do not move as readily as springers. Old crop lambs weighing over 100 pounds sell at lower prices than the lighter, high quality kinds.

Good and choice spring lambs brought \$20 to \$22. Plainer kinds sold at \$12 to \$19. Good and choice shorn killers brought \$16 to \$17, while common and cull sorts sold at \$10 to \$15.

Cull to good slaughter ewes sold at \$5 to \$6. Breeding ewes are quotable up to around \$8 to \$9.

Shorn stocker and feeder lambs brought \$10 to \$13. Some mixed fat and feeder shorn lambs sold at \$16. Spring stocker lambs brought \$14 down.

## Butcher Hogs and Sows Lower

Butcher hogs and sows sold at sharply lower prices. Butcher hogs were 25 cents to 50 cents lower and topped at \$17.75. However, most sales were at \$17.50 on choice grades. Heavy weights and less desirable kinds brought \$16 to \$17. Sows were 50 cents to

\$1 lower; heavy sows off more. Sows sold in a range of \$12.50 to \$15, but not many sold above \$14.50.

Mr. and Mrs. V. E. Moore and children visited his parents, Mr. and Mrs. E. B. Moore, in Rails during the week end.

Mrs. L. B. Patterson, Sr. spent last week with her brothers and sister in San Antonio. She returned home Sunday with Mr. Patterson, who visited there over the week end.

MAGGIE MCKENZIE, popular radio star of KGNC says, "Every woman knows light Karo is best for cooking... and on the table..."

it's Karo for me, the best-tasting waffle syrup of 'em all"

Yes, indeed... biscuits go like hot cakes when you pour on plenty of delicious Karo waffle syrup. There's nothing like it for good eating. Satisfyin' flavor. So rich it stands right up on top of biscuits (keeps 'em light and fluffy). Keep Karo on your table morning, noon and night... it tops anything!

My Uncle Zeno used to say, "What would be obstinacy in a poor man is firmness of character in a man of wealth; an act that would be rudeness in an ordinary fellow is only an eccentricity of genius when committed by an actor or musician."

Names have always interested me.

Three presidents who served almost one right after the other had alliterative names: Woodrow Wilson, Calvin Coolidge and Herbert Hoover.

I had a friend whose given name was Welcome. He had been preceded by three daughters and the happy father said of the new arrival, "He is certainly welcome"—so Welcome he was then called.

William Jennings Bryan had an impressive name. I had a schoolmate with an even longer name: George Dickins Higgins Riley. Our debating coach, James Leonard Highsaw (there's a nice, long name, too) sometimes referred to him as George Dickins Higgins Wiggins Wentworth Riley.

There was a lady in Memphis who was the social leader when I was a schoolboy. Her name was Mrs. Virginia Fairfax Proudfit Williamson. She married Captain Walkup and the social column then spoke of her as Mrs. Virginia Fairfax Proudfit Williamson Walkup.

When I was a boy and went to stage shows, a little while before the overture, members of the orchestra would tune up and I would wonder why they didn't do that before they left home and not make all that fuss in the audience's ears.

And a thing that puzzles me even now is aspirin. You can get a headache or an aching back or

A pain in the left leg and take a couple of aspirin and that aspirin knows right where to go. Sometimes a word spoken so low that the ear has to strain to catch it can be more dramatic than a shouted word, as any good public speaker knows. Similarly, understatement can sometimes be as effective as exaggeration—as when Winston Churchill, after giving his view on an important matter, added, "And I have not always been wrong."

Jody Renicks left last Tuesday for Long Beach, Calif., after a 30-day visit in the home of his uncle and aunt, Mr. and Mrs. Bob Jarvis, and with relatives in New Castle. Jody is in the Navy and is stationed at Long Beach.

Mr. and Mrs. M. H. Dean visited her mother, Mrs. Pearl Bruce, and brother, Joe Bruce, in Dimmitt over the week end.

Mr. and Mrs. Robert Patterson and Derrell Wayne, Mrs. Charles Bellinghausen and Misses Nancy and Jerry Patterson visited Mr. and Mrs. John Moore in Bowie and all visited Mr. and Mrs. Charles Parkhill and their new daughter in Dallas last Sunday.

J. C. Harpham was a business visitor in Wichita Falls last Tuesday.

You can buy a lot of pleasure for a penny

A penny is still big money — when you spend it for electric service. You can actually buy more for your money NOW in electric service than you could twenty years ago.

Yes, electricity is the biggest bargain in your family

budget. That's one reason you give it more jobs to do every year. And, no matter how much more you need in the future, you can be sure that your electric service company will have plenty of low-price electricity ready for you.

## FACTS PROVE IT!

GET THE FACTS ON "ALL 3" LOW-PRICE CARS AND YOU'LL HAVE PROOF PLYMOUTH IS FIRST:

**FIRST IN SIZE**—By actual measurement, the 1966 Plymouth is the longest car of the low-price 3. (It's even bigger than some medium-price cars.) Plymouth is truly a big car . . . 17 feet long!

**FIRST IN ROOMINESS**—Plymouth is also the biggest car inside, with the greatest hip room and leg room. More comfort for you! And Plymouth's trunk is by far the largest in its field.

**FIRST IN VISIBILITY**—Comparison proves that Plymouth's glamorous new

Pull-View windshield—with cornerposts swept back both top and bottom—gives you the greatest visibility of "all 3."

**FIRST IN BEAUTY**—Compare styling and see why *Charm*, a leading fashion magazine, chose Plymouth "Beauty Buy of the Year." Plymouth's long, sleek *Forward Look* wins over the hand-me-down styling of the "other 2!"

**FIRST IN ECONOMY**—Smoothest and thriftiest engine of all! That's the fast-stepping new 6-cylinder PowerFlow 117.

Its Chrome-Sealed Action gives you extra thousands of trouble-free miles.

**FIRST IN COMFORT**—Plymouth gives you the most comfortable ride you ever experienced in a low-price car. Only the biggest car in the lowest-price field can give you true big-car riding comfort.

**FIRST IN EXTRA VALUE**—Plymouth gives you many extra-value features that the "other 2" low-price cars don't have. Come in today and let us show you why Plymouth is first for value!

BEST BUY NEW; BETTER TRADE-IN, TOO!

Why pay up to \$500 more for a car smaller than Plymouth?

Don't be fooled by the claims of so-called medium-price cars that they cost practically the same as Plymouth. When you compare price tags you'll find that, model for model, Plymouth sells for much, much less than medium-price cars, and gives you more car for your money!

By John C. White, Commissioner

## LIVESTOCK MARKET PROJECTS THREATENED

The Texas livestock industry is faced with the prospect of losing three important market information centers because the Texas Department of Agriculture may not have adequate funds to maintain them next year.

Market news services at Amarillo, Houston and San Antonio are the critical points. They represent three points which service at least three-fifths of the state.

The TDA requested an appropriation of \$15,000 from the Legislature to maintain a price reporting system in these cities. The federal government considered the projects of such importance that it was willing to con-

tribute an equal amount annually provided Texas furnished the initial funds. After first consideration by the Legislature, the appropriation was defeated and only a slim possibility remains that the money will be reinstated in a subsequent bill.

This action means that cattlemen bringing their livestock to one of the three cities for sale may not have adequate information on the worth of their stock. The market reporting system, which previously recorded daily transactions and furnished up-to-the-minute national prices, might be a thing of the past by September 1.

The loss will be keenly felt in the industry. The volume of livestock moving through the Amarillo auction in the past five years has increased to the extent that it has attracted nationwide attention. In Houston, the number of calves going through the market makes it the fourth largest calf market in the nation. San Antonio has been a trade center for South, Central and West Texas cattle for many years.

Marketing information is aimed at attracting new business and assuring the cattleman of a good basis for trade. The seller needs to know what his cattle is worth that day. He is seriously handicapped if he has to use guesswork.

It is hoped that the Legislature will see fit to restore these funds before the present session is ended.

Drive carefully. The life you save may be your own.

**HERE'S PROTECTION FOR YOUR LAWN**

Your lawn represents a big investment in time, labor, and seed. It is worth every bit of its cost for the enjoyment it brings to the whole family and for the real value it adds to your home. Protect your investment by feeding your lawn a square meal this fall. Give it 4 pounds of Vigoro per 100 square feet of area. A well-fed lawn has greater resistance to damage through adverse weather, weeds, or disease.

## News From The U. S. Congress

Congressman Frank Ikard

This week the Senate approved and returned to the House for final action the Treasury-Post Office Appropriation Bill, which is the first appropriation bill to have been acted on by both Houses. The House considered and passed the Appropriations for the State and Justice Departments. As it passed the House, this bill provided some \$33,000,000 less than had been requested. So far, the House has acted on several appropriation bills. This would indicate a fairly early adjournment on account of the fact that many times the appropriation bills are late coming in and cause delay. I am still hopeful that we may be through sometime early in July.

So far, during this session, few bills have actually been passed by the Congress and signed by the President. In fact, as of the first of this week, there were only about twenty-two, a few of which are as follows: a bill to plug the loopholes in last year's Internal Revenue Code and to provide penalties for violations of the Narcotics Act, pay increases for career people in the Armed Services, an increase in the F. H. A. Mortgage Insurance, an increase in the allotments of Durum Wheat, a bill dealing with G. I. educational benefits, and a resolution authorizing the President to defend Formosa.

One of the best Texas stories to happen in Washington in a long time was the delivery here of several thousand pounds of onions by the growers of the Rio Grande Valley. They provided each Member of Congress with a sack of onions and did an excellent job of selling Texas as well as their product here in Washington.

I have been notified that James

## COMFORT FOR MEN!

This summer the well-dressed businessman won't have to suffer in the summer heat. He can be both comfortable and well-dressed in the new cotton suits that are due for popularity in menswear fashions. This young executive wears a grey business suit by Gordon of Philadelphia in Reeves Facility cotton cord, a style that features the "natural" look. His Superba plaid tie is in M. & W. Thomas cotton.

Gibbs of Gainesville, whom I had nominated as a Cadet to the Mill-

tary Academy at West Point, has qualified and will be eligible for entrance at the beginning of the new term next June. I know while at West Point, he will carry on the fine tradition that has been established there by the Texans who have received their education there.

A rather amusing story that has been making the rounds here about the perils of politics in Russia is about three Russians who were visiting in a labor prison in Siberia. It seems that finally they found themselves in a place where they dared to talk freely. The first one asked the second why he was in prison. He replied that he was supposed to have been sympathetic to Malenkov. The second was asked why he was there, and he said he was supposed to have been plotting against Malenkov. The first and second prisoners then asked the third what he was in for. With some embarrassment, he replied that he was Malenkov.

Visitors from home this week were Mr. Rhea Howard of Wichita Falls and Mr. Bill Wright of Vernon.

Mrs. Athalene Morton of Amarillo visited her father, M. T.

Chamberlain, and other relatives over the week end.

Mrs. R. F. Suggs and Mrs. Leon Reagan and baby of Dickens visited friends here the first of this week.

Mr. and Mrs. Lloyd Patterson attended the singing convention in Stephenville last Sunday.

Mr. and Mrs. H. F. Jungman were visitors in Mineral Wells the first of this week.

# Here's why Chevrolet out-V8's everybody!

These features and advantages are the measure of a truly modern V8 engine . . . and only Chevrolet has them in the low-price field. Most aren't even found in high-priced cars. That's why Chevrolet is stealing everybody's thunder with the most modern V8 on

**COMPLETE and OFFICIAL figures show that again in 1954—for the 19th straight year— MORE PEOPLE BOUGHT CHEVROLETS THAN ANY OTHER CAR!**

## Sharp Chevrolet Company

Modern 12-volt electrical system!  
The only car in the low-price field with the extra energy of 12 volts . . . twice the electrical punch.

Faster, stronger cranking for cold-weather starts and a "fatter" spark for faultless high-speed operation.

Highest standard compression ratio in its field!  
Chevrolet's compression ratio is 8 to 1, to wring every possible ounce of power and extra miles out of every gallon.

Requires only four quarts of oil  
Chevrolet's V8 engines are so efficient they need only four quarts of oil . . . so you save money on every oil change!

Highest horsepower per pound!  
These great V8's weigh far less than any similar engine in America, top the low-cost field in power per pound!

Shortest piston stroke in the industry!  
Three-inch stroke reduces cylinder-wall friction, generates less heat, permits more compact design.

The pistons do far less traveling per mile . . . that means less engine wear, lighter loads on bearings, longer life.

**It's the valve-in-head V8 as only the valve-in-head leader can build it!**
