## Kracker Krumb's

Odd Bits Salvaged  
at Random

Nobody is busier than the farmer.

With the rains bringing plenty of planting moisture and too much moisture just after planting in many instances, the farmer's friends are keeping in the fields from early until late.

There's cotton to be planted, cotton to be replanted, wheat harvest has been in full swing, oats are coming on soon and the maize fields need plowing and weeding.

But it's a lot nicer, we think, than it was back before the rains started.

Haven't heard much complaint about the rains, but it is discouraging when the farmers have planted cotton three or four times and still don't have a stand. Won't be long, either, until the time for planting cotton with assurance of a harvest will be over. It just finally gets too late for such activities.

That's why, we guess, we always hear that the farmers are the first to holler about the rains. We haven't actually heard any of the holler, but decided we'd just do a little hollering for them.

Another farm activity we didn't mention is under way, too. The potato harvest got under way last Thursday.

To many of us, this was a new experience. And it was with quite a bit of interest that we watched the process last Friday afternoon on the 'tater patch of John Michels.

We noticed first a sort of stalk-cutter type of machinery that was whipping tops off the tater vines.

Then, two tractors were pulling the diggers—sort of fork shaped things that burrow into the ground and bring up the spuds. A sort of roller-elevator attachment brings the 'taters up and over, while the soil is allowed to fall back to earth.

When the digger has passed, there are the spuds right on top of the ground. But not for long. As soon as they have clearance, workers gather on those two rows and begin picking up spuds and putting them into gunny-sacks.

It seemed to us the potato harvest could be over within a few minutes after the digger had made its last dig.

It seemed, too, that the harvest was pretty good. We understand they were rolling out around 150 sacks of No. 1 spuds to the acre. Then, too, there were the smaller ones and the culls.

It appears that this year's potato crop might encourage others to enter the field next year. This might well become a potato growing country.

Some fields were ready for harvest; other types of potatoes were about two weeks later, so the harvest will continue here for several more days.

Prospects appear to be good for growing cantaloupes, too. Diversification has been preached for some time, and some of it is being put into practice.

Noticed where the legislators had adjourned at Austin, leaving us with prospects for nine constitutional amendments to be voted on next year.

Guess the boys were about ready to quit and go home, too. You see, their salaries had been stopped, according to law, after they'd completed 120 days. "All work and no pay makes Jack a dull boy," or something to that effect.

## LEAVE ON VACATION TRIP TO CANADA

Mr. and Mrs. W. H. Chapman of Texas City and Mr. and Mrs. W. R. Moore, Sr., left last Friday on a vacation trip that will take them into Canada. They plan to be gone several weeks.

## Local Man One Of Six Injured In 3-Car Crash

Robert Gray, son of Mr. and Mrs. Hoyt Gray of Munday, was one of six persons injured in a three-car collision in Wichita Falls at about ten o'clock last Sunday night. Gray's injuries were classified as serious, but reports coming from the hospital are that he is doing nicely.

Two of the others, Cora Mae Johnson, a Negro woman passenger in one of the cars and W. L. Craven, driver of the other, were seriously injured. Three of Craven's children were slightly injured.

Gray received a broken jaw, several fractured ribs and multiple cuts and bruises about the face and body. He was "knocked out" by the impact of the crash and did not regain consciousness for several hours.

His parents went to his bedside upon receipt of the message and have visited him daily. It is believed he will recover speedily unless other complications develop.

## Storm Causes Light Damage In Goree Area

The Goree area reported some damage caused by high winds during the storm and rain cloud that hit this section early Tuesday evening.

Part of the two-story building occupied by the City Cafe in Goree was unroofed. Mr. and Mrs. Buster Latham, who operate the cafe, reported extensive water damage to their living quarters on the upper story but only slight damage to the cafe.

The J. W. Laningham building was also damaged, and a plate glass window went out on the new Gulf Service Station building. Some TV antennas were buckled, and loose sheet-iron was seen on other buildings.

A barn was unroofed on the Boyd Meers farm, and his car was wedged between a fence and the garage.

Rain in the area was believed to be about like that received in Munday. H. P. Hill, local U. S. weather observer, recorded .66 of an inch, but heavier amounts fell to the south and southwest.

The rain came just as many farmers had completed planting cotton for the fourth time, and lots of the crop will have to be replanted.

## Royal Arch Chapter To Meet Thursday

M. T. Chamberlain, secretary, has announced a meeting of the Royal Arch Chapter and Council Masons for 7:30 p. m. tonight (Thursday), at the Masonic Hall.

Due to the stormy weather, only a few were present on Tuesday night, and no business could be transacted. Important business will be taken up, and all chapter and council Masons are urged to be present.

## 3-F MEMBERS TO HAVE HOBNO NIGHT

It's going to be Hobno Night for the 3-F members next Monday night at 7:30 o'clock at the Methodist Church. There will be a crowning of the King and Queen of the Hoboes so all you 3-F members dress like Hoboes and compete for the title.

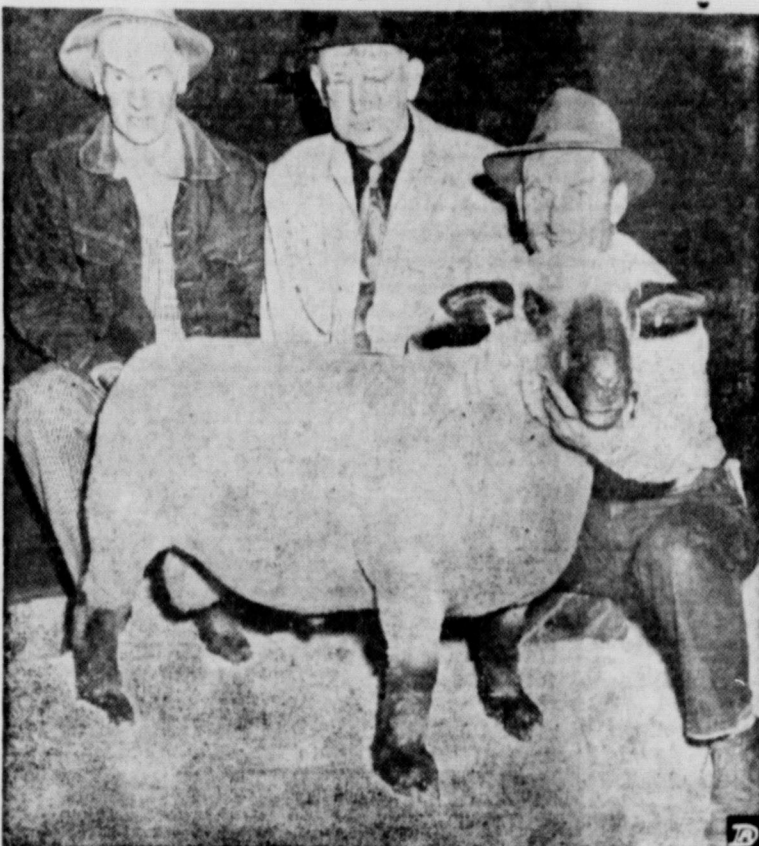

## BEN FARMER MOORE ARRIVES JUNE 4TH

Ben Farmer Moore—actually it's Benjamin—made his appearance at the Knox County Hospital on Saturday, June 4, and when they placed him on the scales that pointer went around to nine pounds and an equal number of ounces.

His parents are Mr. and Mrs. W. R. Moore, Jr., and the other Moore children have welcomed him home. Grandparents are Mr. and Mrs. W. R. Moore, Sr., of Munday and Mr. and Mrs. Ben Farmer of Knox City.

Mr. and Mrs. Bennie Melton and daughter of McAllen visited their parents, Mr. and Mrs. L. H. Ford and Mr. and Mrs. B. L. Melton, last Thursday and Friday. Benny has completed training school for the Border Patrol and has been stationed at McAllen.

## \$1000 Hampshire Ram

Frank Brown, Jr., Carlton, Oregon, bred and sold this ram for \$1,000, which topped the 85th California ram sale. The ram was bought by W. J. Wagoner and Weldon Craig, Livermore, Calif., at the sale where 1,940 rams and ewes were sold at an average price of \$126 per head. The top selling pen of three rams in the sale was Hampshire consigned by Two Sisters Ranch, Klamath Falls, Ore., and sold to Melvin Preston, LeGrand, Calif., for \$400 each.

Buyers at the sale wanted black faced rams. Eight breeds and some cross breeds sold, of which over 50 per cent were Hampshires. Topping all breed averages at \$144 were 359 Hampshire rams. Averaging \$55 per head were 270 Hampshire ewes.

## Farmers' Vote In Wheat Referendum on June 25th Will Affect 1956 Price Support

### Texas People's Tour Includes Trip To Bermuda

Mr. and Mrs. H. F. Jungman of Munday are members of a group of 160 Texas farmers and ranchers and individuals interested in agriculture who are on the sixth annual WFAA Farm and Ranch Study Tour.

The tour, which is being conducted by Murray Cox, radio farm director for station WFAA in Dallas, will travel some 7,000 miles, visiting farms in the corn belt state of Indiana, the blue grass area of Kentucky, the vegetable production area in New Jersey, and the Dutch farming region of Pennsylvania. The tour will also visit Williamsburg, Virginia; Washington, D. C.; New York City, and take a six day cruise to Bermuda.

The special train left Dallas June 6th, and will return June 20th. Represented on the tour are both purebred and commercial ranchers, cotton farmers, dairy farmers and small grain farmers.

Dr. and Mrs. Delmon E. Alexander and family visited relatives in Waco over the week end.

### Travel Kit Tip

Men whose tempers become ruffled when their freshly-laundered shirts get rumpled need not fret any more. The newest aid to good grooming is a standard quality vinyl film shirt book with four pockets that open like an accordion folder and an envelope type protective flapover. Either at home or abroad it keeps shirts clean and crisp and, while travelling, soiled shirts can be separated from clean ones.

The women in the family will appreciate the features of this vinyl film article for storing their sweaters and blouses. Its 18-inch by 12-inch size is generous, fits neatly into bureau drawers. Warranted to stand lots of rough handling, it is made of vinyl film which meets industry and U. S. Department of Commerce quality standards and is eligible to bear the vinyl film seal of quality, the consumer's assurance of durability. The shirt book can be obtained at the notions counters of most department stores.

The outcome of the wheat marketing quota referendum on June 25 will affect the price support level and determine whether marketing quotas will be in effect for the 1956 crop of wheat.

According to T. H. Jones, chairman of the Knox County Agricultural Stabilization and Conservation Committee, if two-thirds vote "yes", the support for the 1956 crop will probably be between 75 and 82 percent of parity; the exact level will be announced before the referendum. If more than one-third vote "no", the support will be 50 percent of parity. In any case, the support will be available in the commercial wheat area only to those farmers who stay within their farm's wheat acreage allotment.

Another point which wheat growers should have in mind when they cast their ballot is that if the vote is favorable, marketing quotas will be in effect and those who exceed the farm acreage allotment will be subject to a marketing penalty of 45 percent of parity on their excess wheat. If the vote is unfavorable, marketing quotas will not be in effect and there will be no penalty for excess wheat.

Acreage allotments will be in effect for price support purposes even if marketing quotas are disappointed.

Chairman Jones emphasizes that the marketing quota program applies only to wheat growers in the commercial wheat States who will have more than 15 acres of wheat on any one farm in 1956. Texas is a commercial wheat State. Marketing quotas do not apply to wheat growers in States designated as non-commercial and there will be no referendum in those States. In the commercial States, only those growers who will have more than 15 acres of wheat for grain in 1956 will be eligible to vote.

Mr. and Mrs. R. D. Atkinson left last Sunday afternoon for a two week vacation in Colorado.

Mrs. Ann McClaran and John H. left Thursday for Wichita Falls where Mrs. McClaran will undergo eye surgery in the General Hospital on Friday.

## Weather Report

For seven days ending 7 p. m. June 15, 1955, as compiled by H. P. Hill, U. S. Weather Observer.

Precipitation to date, 1954 12.98 in.

## Potato Harvest Begins In This Area Last Thursday

### \$16 Million In Savings Bonds To Texas Buyers

DALLAS—Texans purchased more than \$16 million worth of U. S. Savings Bonds in May of this year. Nathan Adams and Ed Gossett, State Savings Bonds Co-Chairmen, reported today.

May sales of Series E and H Bonds throughout the state totaled \$16,039,000, which was 30.5 per cent more than during May of 1954, the Co-Chairmen announced. The May purchases also were 4.9 per cent higher than sales in April this year.

Purchases of Savings Bonds by Texans during the first five months of 1955 amounted to \$87,163,000, or 22.4 per cent more than total sales during the same period of 1954, the report said. "During the first five months of this year," the Co-Chairmen pointed out, "43.2 per cent of the state's total Bond goal of \$201.9 million for the year had been achieved. It must be noted, however, that sales usually are greater the first part of each year and Texans need to increase their support of the vital Savings Bonds program in order to meet our proportionate share of the national goal of \$5.5 billion for 1955."

The more than 1400 Savings Bonds volunteers throughout the state, and all other Texans, were urged by the Chairmen to continue to expand the Bond program in every county in order to achieve the state's 1955 goal.

### Mrs. Browning Is Home From Visit

Mrs. Kate Browning, who was called to the bedside of her son-in-law, Cecil Stephens of Orange, in February, returned home last week. She reported that Mr. Stephens is doing as well as could be expected. He is suffering a crushed bone in his leg which he received in a car accident in February.

While away, Mrs. Browning visited her brother, R. L. Harlan of Mont Belvieu. On her return trip she visited a sister, Mrs. Ada Garrison, at Marble, Ark., and the grave of her parents, Mr. and Mrs. E. W. Harlan, at Eureka Springs, Ark.

Mr. and Mrs. W. E. Stovall visited Ray Reed and son, Gene, in Graham last Sunday.

### Former Goree Man Made Superintendent Of Electric Firm

Wayne Lambeth, a California Electric Power company lineman at Hemet, Calif., for ten years, has been appointed Riverside district operating superintendent for the utility company. He is the son of Mr. and Mrs. John Lambeth of Goree.

In his new position Mr. Lambeth will be in charge of all field crews, maintenance and construction in the unincorporated area around Riverside and is moving his family to the West Riverside district. He and his wife, Donnie, have two children, Sharon, 7, a Hemet school first grade pupil, and Margo, 5.

A resident of Hemet for 18 years, Mr. Lambeth has been active in community affairs, especially athletics, and donated much of his own time to the wiring and lighting facilities for the athletic stadium last fall. He is a member of the Elks Lodge at Hemet.

### Brother Of Local Woman Passes At Denver City, Texas

Lee Fortenberry, 80, brother of Mrs. F. T. Jarvis of Munday, passed away at a Denver City, Texas, hospital on Thursday, June 9. He had been in failing health for some time.

Funeral services were held at Denver City at 2 p. m. Saturday. Mrs. Jarvis and son, F. T. Jr., went to Denver City on Thursday and was accompanied from Midland by Mrs. Jarvis' daughter Mrs. O. W. Steele. Mr. and Mrs. Bob Jarvis also attended the funeral Saturday.

Mr. Fortenberry had visited here on several occasions and will be remembered by a number of Munday people.

### Contributions To Armstrong Fund

The following contributions to the Mrs. T. H. Armstrong fund have been reported since the list was published last week:

L. W. Hobert	\$10.00
J. H. Bardwell	\$ 2.50
Mrs. J. B. Bowden	\$ 3.00
Mrs. Lucile Couch	\$ 5.00
Carl Booe	\$ 3.00

Mr. and Mrs. Charles McCauley visited relatives in Mertens over the week end.

## Winners Shown In This Group

In the top row are winners in the recent photo contest. They are, left to right, Mary Kathryn Kane, daughter of Mr. and Mrs. Jerry Kane, first; Ricky Lynn Kuehler, son of Mr. and Mrs. Everett Kuehler, second; and Jan Myers, daughter of Mr. and Mrs. Howard Myers, third.

In the second row are Gayle Beecher, daughter of Mr. and Mrs. Pete Beecher; Edwina Nan Reeves, daughter of Mr. and Mrs. T. E. Reeves; and Wayne Zeissel, son of Mr. and Mrs. Ver-nal Zeissel.

Third row: Nancy Elaine Zeissel, sister of Wayne; Jan Feemster, daughter of Mr. and Mrs. Robert Feemster; and Debra Struck, daughter of Mr. and Mrs. C. N. Struck.

The potato harvest got under way in this area a week ago, on Thursday, June 9, and will likely continue for about two weeks longer.

The harvest is supervised by Colville and Renfro of Altus, Okla., the same firm that was in charge of planting, dusting and fertilizing during the growing process.

The field of Johnny Michels was completed the first of this week, and harvesting crews went on to that of Michels' son-in-law. The two have around 32 acres in spuds and the average yield has been around 160 sacks of No. 1 and No. 2 potatoes per acre. The sacks average around 100 pounds.

Potatoes are then brought to Munday, where they are washed and graded at the migrant labor camp sheds where machinery is set up. Grading is under supervision of a government inspector, who stated that a good grade and quality of potato is being produced in this area.

Farmers in the Munday area have around 125 acres in potatoes this year. Some are of a later variety which won't be ready for harvest for about 10 days.

### Methodist Youth Attending Camp At Ceta Canyon

The J O Y sub-district of Methodist Youth Fellowship is well represented at the planning and training conference at Ceta Canyon Methodist Camp Ground this week. Almost all officers of the sub-district are attending, as well as officers of the Stamford District Youth organization.

Recently elected officers of sub-district who are attending camp this week are: James David Gailther, Munday, president; Donna Sue Jetton, Goree, vice president; Margaret Yandell, of Munday, secretary and treasurer; Barbara Townsend, Vera, Christian Faith chairman; Bobby Driver, Knox City, Christian fellowship; Zada Ann Hester, Rochester, Christian witness; Doyce Nix, Seymour, Christian citizenship; and Mrs. Doyle Ragle, Munday, counselor.

Betsy McCauley of Seymour was elected publicity chairman and Hugh Smith of Weinert, Christian Outreach chairman, but they were unable to attend.

Pat Putnam of Munday, who is a district officer, is attending as representative of the District Youth Organization.

Ceta Canyon located near Canyon, is a part of the Palo Duro Canyon system. The campers will return to their homes on Saturday.

### Two Munday Boys Go To Salvation Army Youth Camp

The first week of the Salvation Army Youth Camp is underway at Camp El-Har near Dallas with two boys from Munday in attendance, according to M. L. Wiggins, chairman of the local Salvation Army Service Unit.

The Youth Camp, for boys from 8 to 15, is held each summer by the Service Unit Division of The Salvation Army, and offers outdoor camping under the guidance and supervision of Salvation Army officers. This summer the camp is being held in temporary rented quarters pending completion of a new state-wide Salvation Army Center now under construction near Midlothian. The new camp center will be open on a year-round basis when completed.

The boys are taught hand crafts, swimming, sports, and are given lessons in Christian living at the Youth Camp. This is one of the many services of The Salvation Army that are supported by Community Chests, United Funds, and annual financial campaigns.

Mrs. Larry Wilson and children of Lorenzo spent last week with her parents, Mr. and Mrs. J. A. Hill. They returned home Sunday with Mr. Wilson who visited over the week end.

## THE ATOM AT SEA

President Eisenhower's announcement that the Maritime Commission will build an atomic-powered merchant ship stirred the imagination of the country. As he said, "Visiting the ports of the world, it will demonstrate to people everywhere this peacetime use of atomic energy, harnessed for the improvement of human living."

Strong approval of this revolutionary project has come from spokesmen for our American merchant marine. As an example, the chairman of the Committee of American Steamship Lines said: "It is fitting that the atom should, in one of its first commercial applications be harnessed to power a ship, one of our oldest forms of transportation. . . . We applaud the President's announcement and the Maritime Administration's vision in undertaking this development. We assure them of our cooperation in solving the many problems attendant upon adopting this new form of power to merchant shipping."

He also added that the project may have far-reaching effects upon current plans for placing the existing merchant marine fleet, which is rapidly approaching obsolescence. The lines are awaiting government decision on a contemplated \$1,600,000,000 ship construction program needed to keep our U. S. fleet in the forefront of maritime powers. It is clear that replacing existing ships is essential to carry out the broadened foreign trade program the country is projecting. So the need now is to get that construction program going without delay—and at the same time carry on the intensive research and development work involved in making atom-powered ships possible.

## FACTS ABOUT RIGHT-TO-WORK

One of the charges made by opponents of the right-to-work laws which forbid compulsory union membership as a condition of employment, is that these laws are sure to force down wages and undermine business conditions and living standards generally.

The National Right To Work Committee has surveyed the 12 states which have had the laws on their books since 1947, and so have had a chance to find out what happens (six more states have passed similar laws since). It found that these 12 states have equalled or exceeded national average gains in non-farm employment, businesses in operation, per capita income, retail sales, population growth, and other barometers of economic well-being.

The right to work should be considered as fundamental as the right to breathe. Without it, there is no real freedom.

## LOCAL INITIATIVE AND LOCAL NEEDS

If anyone still believes—in the face of the overwhelming evidence to the contrary—that we need to put the federal government ever deeper into the electric power business in order to meet the nation's growing power needs, he should take a look at Northwest Washington.

About a year ago the Puget Sound Utilities Council was formed, made up of a business-managed private utility company and several municipal systems and public utility districts. Recently it issued a blueprint for future power development. According to this, some \$670,000,000 will be spent over an eight-year period, and the electrical energy output of the Council's members will be more than doubled.

This will all be local money, not federal money. The Council's program proves—whether one is for against either private or public power—that local enterprises, local communities, and local people can accomplish the biggest jobs.

From a purely practical point of view, the Council is on the solidest possible ground. Congress has grown more and more chary of appropriating the money that belongs to all the people to pay for and subsidize regional power projects. And that is why the possibility of power shortages is greatest in those regions where a federal monopoly or near-monopoly exists.

Finally, this is in the American tradition. Let local initiative meet local needs.

## NEEDED:

### A GUARANTEED ANNUAL MARKET

The unions, in their drive for the guaranteed annual wage, ignore the fact that a necessary concomitant is a guaranteed annual market for the products of industry. Industry can pay wages or any other costs in only one way—by selling goods and dividing up the receipts. The richest company on earth wouldn't last long if it couldn't adjust its overhead expense in order to compensate for sales changes caused by seasonal or other factors. No one has found a way to make the consumer either guarantee how much he will spend over a given time, or guarantee where, when, and how he'll spend it.

Actually, of course, the guaranteed annual wage (which could more accurately be described as a plan to pay people their regular wages for not working) would throw a road block in the way of industrial development and increased employment. Employers would be reluctant to grow and increase their labor force—for the reason that, if sales sagged for any reason, they would still have to meet a full payroll.

## WHAT DOES THE BIBLE SAY?

Faith and obedience continued:

As pointed out in last week's article, faith and obedience are two fundamental principles by which God has governed in every age of dispensation of the Bible. In no age of the world could man please God without both faith and obedience.

For our next example of obedience, let us examine Joshua 6:1-5. Joshua was told by the Lord that the city of Jericho would be delivered into his hands. Then instructions were given as to how this could be accomplished. He was told to have the people march around the city once each day for six days and then, on the seventh day, compass the city seven times. The seven priests were to blow their trumpets and the people were to shout and the walls of the city would fall down flat. Reading through verse 21, we learn that the people carried out the Lord's command and the city was given into their hands. The whole procedure was unusual and human wisdom would never have suggested such a method of capturing a city. I am sure that every person involved in this event knew that God threw the walls of the city down when they obeyed his commands. The whole matter took faith and obedience. "By faith the walls of Jericho fell down, after they

were compassed about seven days (Heb. 11:30.)

Today the all important question confronting the human race is "What must I do to be saved?" We learn that God has ordained that something be done. "Not every one that saith unto me, Lord, Lord, shall enter the kingdom of heaven; but he that doeth the will of my Father which is in heaven (Matt. 7:21.)" "By works is a man justified, and not by faith only (Ja. 2:24.)" Jesus is the author of eternal salvation unto all that obey him (Heb 5:9.) But what is this obedience? Submitting to the demands of authority? Who is the authority who can tell us what to do to be saved? Christ and the apostles. (Matt. 28:18; Luke 10:16.) Through them God is speaking to us. What will you do with his word? God commanded us to believe. (Jn. 8:24; 20:31.) He commands us to repent. (Lk. 13:5; Acts 17:30.) He commands us to be baptized for the remission of our sins. (Acts 2:38; Mk. 16:16; Acts 10:48.) Our failure to comply with any one of these orders means we have not obeyed and hence will not receive the promised blessing, eternal life. (James 2:10.) One may not be able to understand why the Lord has joined certain conditions with salvation; however, that should not interfere with our obedience to the thing commanded.

**IT'S THE LAW**  
in Texas  
A public service feature of the State Bar of Texas

"WITH ALL MY WORLDLY GOODS . . ."

June is traditionally the month for weddings, and many couples will be taking marriage vows within the next few weeks. But, while a certain symbolic transfer of "worldly goods" is often associated with the wedding ceremony, under Texas law, the act of marrying another does not give you the authorization to take control of his property.

Generally speaking, each spouse has the right to control and dispose of his or her own separate property. The separate property of a husband or wife includes property owned by either before marriage, and that which is acquired by either after marriage by gift or inheritance. Any other property acquired af-

ter marriage is presumed by law to be community property until the contrary is clearly proved.

Aside from the ordinary community estate, there is a class of property known as the wife's "special community," which includes all the income from her separate real property, and probably the interest on bonds or notes and dividends on stocks owned in her separate right. While the husband may have similar assets, the law accords them no particular distinction from ordinary community property.

Although the history of the matter is somewhat confusing, it appears that under present day law the husband has control of ordinary community property; but control of the wife's special community property is reserved to her.

Certain restrictions are imposed upon both husband and wife in exercising such control. For instance, the husband cannot legally dispose of community property in such a way as to defraud the wife, nor can he sell the homestead without her signature and acknowledgement. And the wife's sale or mortgage of her separate real estate, stocks or bonds is not valid unless her husband joins with her in the transaction—he must sign and execute the necessary legal papers along with her.

There are laws exempting the wife's separate and special community property from liability for debts incurred by the husband. Such liability is restricted to his separate property and the ordinary community property.

On the other hand, debts incurred by the wife in obtaining necessities for herself or the children bind all property belonging to either party, including the husband's separate property. For

other debts which she has power to incur, only her separate and special community property are liable.

All of these distinctions emphasize the advisability of keeping proper records. By doing so the various classes of community and separate property owned by a married couple will always be easily distinguishable. Each category will then receive the special protection afforded to it by our laws.

(This column, based on Texas law, is written to inform—not advise. No person should ever apply or interpret any law without the aid of an attorney who knows the facts, because the facts may change the application of the law.)

## Knox Prairie Philosopher Comes Out With Brand New Idea For A New Source Of Revenue For Our America

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek comes up with an idea this week which will work about as well as any of his.

Dear editor:

As everybody knows, every governing body in the country, from towns to cities to state legislatures to Washington, is struggling with the problem of a new source of revenue, a city or a state is sort of like a family, it just costs more these days to run one, but nobody much seems to be making any headway in figuring out the answer.

I have been giving considerable thought to the problem out here lately, the worse a crop needs working, the easier I find it to think, and I have come up with part of an idea at least.

The trouble with people in this country is they're just not Continental in their approach to the matter of a new source of revenue, which is an odd thing. That is, we know how to look to Europe for a lot of things, take fashions, for example. Every year American women hold their breath to see what some Frenchman will decide they ought to wear, and if the French idea on fashions is good enough for us, why shouldn't the French idea on financing the government work, too?

When France runs out of money, what dose she do? She takes

J. A.

the Continental approach, which is to say, she sends whatever Premier she has at the time to Washington, sends him by air so he can get there and back before some other Premier is elected to take his place, and he swings a loan.

All right, why can't we do the same? Our Secretary of State is flying all over the world anyway, why couldn't he drop in on France or England or Spain and say, look, we're in something of a financial bind at the moment in America, can't get our budget balanced, two-thirds the cities can't find enough money to pave some worn-out streets, sewer lines need extending, water mains leaking, don't have enough cops and can't pay the ones we got enough, half the towns need new fire trucks, etc., how about loaning us say 50 billion dollars? We'll pay you back when the crops are in, this fall or sooner or later anyway or give you some notes we've got from a few for-

## People, Spots In The News

PARIS thrill for young'uns is this jet-merry-go-round that "buzzes" ancient Invalides hotel where lies Napoleon's tomb.

BEACH BEAUTY Adrienne Watkins of Cypress Gardens, Fla., listens to conch shell—while we look.

BIGGEST single order for commercial airplanes was placed by Howard Hughes: \$70 million for 24 super-Constellations for TWA service. Lockheed will make them.

NATURE SWITCH—Scene near Pueblo, Colo. is of land which a week earlier was drought-stricken. Flood waters have driven 2,000 from homes; southeast Colorado was worst hit.

## Weekly Health LETTER

Issued by Henry A. Holle, M. D., State Health Officer of Texas

AUSTIN — Accident rank fourth as a cause of death in Texas. According to Dr. Henry A. Holle, Commissioner of Health, 5,372 Texans died last year of this one cause, while thousands more were crippled. There are no figures available on the number of days lost because of accidents, there can be no doubt but that it is tremendous.

Automobiles cause 2,519 deaths or 47% of the total. The dangerous curves and intersections on the highways in Texas are well marked and drivers can assist greatly in reducing accidents by carefully observing them.

Many accidents could be avoided if motorists would drive below the legal speed limits when tired, sleepy, in rainy weather

and when other hazards exist. One should adhere closely to the law regarding the dimming of lights for approaching cars. It is an old saying but true, that those who drink should not drive.

Many deaths are caused by accidents in the home. A total of 650 deaths were caused last year by falls. In homes most of these fatal accidents occur on either outside or inside stairways. Of course, there are many other locations in the home where accidents can and do happen.

Disorderly housekeeping, poor furniture arrangement, slippery waxed floors, worn floor coverings, unanchored rugs, neglected

repairs and dark or obstructed passageways are other fall hazards found in many homes. Short cuts and so-called time savers frequently lead to accidents. The time saved is insignificant compared to the cost and time lost from an accident. When everybody develops safety habits, accidents will not be "fourth" as a cause of deaths.

Mr. and Mrs. Claude Rogers, Jr. visited friends in Dallas several days last week.

Mr. and Mrs. T. L. Burlison visited relatives in Fort Worth over the week end.

eign countries ourselves as security.

Now I'm not figuring on seeing any new fire trucks bought from this source, or water mains patched or streets paved, but it's an idea, anyway.

Yours faithfully, J. A.

Miss Becky Arrott of Palo Pinto is visiting friends here this week.

H. E. Sharp and son, Joe, were business visitors in Childress last Friday.

Mrs. Lucille Stodghill and her daughter, Betty, left by plane last Friday from Amarillo for a weeks visit with Mr. and Mrs. Eugene Groce and children in Los Angeles, Calif.

Miss Shirley Hill spent last week with Mr. and Mrs. Charles Hardin and son in Denton and all visited with Mrs. Paul Ferguson in Dallas one day.

Mrs. J. B. Bowden left last Saturday for a two weeks visit with Mr. and Mrs. M. L. Joyce and son in Albany.

# High time you discovered the difference in Dodge!

New Dodge Custom Royal Lancer 4-Door Sedan—most beautiful car on the road today.

Next time you're driving around town, just notice the number of gleaming new Dodge cars you see on the street!

Then ask yourself: "What is it these people have found out about the new Dodge that's causing this landslide of popular favor?"

Part of it, of course, is the new Dodge styling. You can see at a glance how much bigger and more luxurious this car is—up to 9 inches longer than its competitors.

But the real story behind the rush to Dodge is

this: People are discovering the difference in the way Dodge cars are engineered and built!

They discover it in the solid, substantial feel of the car—the way it handles and rides. They learn to appreciate it in the deep-down goodness of every part and feature: Doors that don't rattle. Body joints that don't squeak. Windows that work smoothly.

There is really no substitute for the dependability that is built into Dodge. Isn't it time you discovered this difference for yourself?

## Handy Jim's FIX-UP TIPS For the Home

### Panelgroove Siding

A NEW, attractive siding which is both economical and durable has been introduced and now is available at most lumber yards. Known as Masonite Panelgroove, this panel siding has distinctive-appearing grooves, 3/4" wide, which appear vertically at intervals of 4 inches.

Made of Tempered Presdwood, a material already in wide use for exteriors, Panelgroove is distinctive for these reasons:

1. Its resistance to weather. Its dramatic appearance, which presents a pleasing architectural effect.
2. Its easy, economical installation due to the large size panels and shiplap joints requiring no special skills or treatment.
3. Available in lengths of 12' and 16' and in widths just over 4', Masonite Panelgroove may be applied directly to studs, or over sheathing. Like the plain Tempered Presdwood, Panelgroove takes and holds paint unusually well.

Mrs. Dan Groves had all her children together over the week end for the first time in five years. Visiting her were Mr. and Mrs. Utah Groves and children of Ontario, Calif.; M/Sgt. J. P. Groves of San Marcus, Miss Gwen Groves of Wichita Falls, Mr. and Mrs. Robert Feemster and children of Vera and Mr. and Mrs. H. D. Matthews, Jr. and children of Munday.

Mrs. C. A. Barnhart of Foss, Okla. was a guest of her daughter, Mrs. Norton Pendergraft, and family over the week end.

Bobbie and Donna Patterson visited from Thursday until Sunday with their grandparents, Mr. and Mrs. G. C. Wirz, in Seymour.

## Speaking of PUBLIC SAFETY

Public officials have found that public education regarding night driving hazards has paid big dividends. According to the National Street and Traffic Safety Lighting Bureau, these are the rules that have helped reduce night driving accidents where street lighting is bad:

1. Slow down. Don't regulate your speed by posted limits alone. Remember, speed must be governed by conditions, and darkness is a condition that calls for caution.
2. Have your car checked frequently. In darkness, immediate response of the vehicle is a must. Double-check all lights.
3. Be alert. Keep a constant watch for pedestrians and for vehicles with dim lights or no lights at all.
4. Don't wear tinted glasses at night. The advantage they offer in reducing glare is more than offset by the disadvantage in reduced vision.
5. Use headlights properly. Use upper beam only on rural highways when no approaching car is within 1,000 feet. Use lower beam when oncoming cars approach, when you are overtaking another car, and when driving in cities and residential areas.
6. Dim your lights, even though an oncoming driver fails to dim his. Trying to get even by blinding him is risking your neck. Maintain control of your car by looking at the right shoulder of the highway.
7. Be sure your lights are on before you pull onto a thoroughfare at night.
8. Never stop on the travelled portion of a roadway at night. If you must stop, pull completely off the roadway, leaving parking and dome lights on. Carry flares for use in emergencies.

### Lawson Family In Reunion Sunday

The Lawson relatives held their annual family reunion in the Seymour Park last Sunday with approximately 75 members present. A picnic lunch was served at the noon hour. Those attending from Munday were Mr. and Mrs. Elmer Cude and children, Mr. and Mrs. Johnny Fruehwirth and daughter, Mr. and Mrs. R. T. Morrow and sons, Mr. and Mrs. E. H. Mullican, Mrs. Dee Mullican, Mr. and Mrs. Dub Moon, Mr. and Mrs. Boyd Meers and sons, Mr. and Mrs. Grady Howry and children, F. F. Wren and Miss Carol Broer.

Drive carefully. The life you save may be your own.

## How Iced Coffee Began

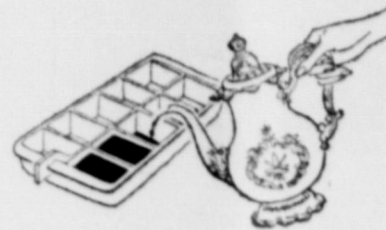

We can thank the French for iced coffee. More than 125 years ago, French colonial soldiers stationed at Mazagan, Algeria, found that drinking coffee syrup mixed with cold water made the desert heat more endurable. The soldiers carried the vogue back to Paris, where it is to this day called Cafe Mazagan, with the added fillip of ice in tall, frosty glasses.

Americans ice their coffee for summertime meals, socials, or coffee breaks. Perfectionists make it double strength to avoid dilution, and pour it hot over ice, while others brew their coffee as usual, and allow it to cool before serving.

Many hostesses make coffee regular strength, and use coffee ice cubes. Cream and sugar may be used with iced coffee as preferred.

## LOCALS

Mr. and Mrs. Jesse Williams and little daughter, Sue, returned home Sunday after spending a week with her parents, Mr. and Mrs. Aaron Ballard, and her sister and husband, Mr. and Mrs. Charles Flanary in Haskell.

Guests in the home of Rev. and Mrs. Doyle Ragle last week were her sister, Mrs. Margaret McCleskey, and sons, Robert and Roger, of Midland.

Mr. and Mrs. Jim Reeves met Mr. and Mrs. Joe Williams of Ozona in Fort Worth last week for a visit. Mr. Reeves also attended a Ford meeting in Dallas.

Mrs. Hubert Hitt and Judy visited here with Mr. Hitt over the week end. Mrs. Hitt is attending NTSC in Denton through the summer semester.

Mr. and Mrs. Clarence Swope of Kermit were guests in the home of Mr. and Mrs. J. A. Hill last Saturday night and Sunday.

Lee Bowden and Miss Faith Simpson of Abilene were guests of his parents, Mr. and Mrs. Levi Bowden, over the week end.

Mr. and Mrs. Al Garnier of San Antonio came in last Monday for a visit with her parents, Mr. and Mrs. P. C. Phillips.

Mr. and Mrs. Billy Wayne Maddox and children of Oklahoma spent the week end with her father, M. T. Chamberlain.

Mr. and Mrs. Don L. Ratliff of Dallas were visitors with his parents, Mr. and Mrs. R. L. Ratliff, during the week end.

Miss Ardeth Tremmer of Arlington is spending this week with Miss Annette Henderson.

Mr. and Mrs. Pete Cena of Glen Dale, Calif. and Mrs. Beulah Ferracone of Cameno, Calif., came in last Monday for a visit with Mrs. Cena and Mrs. Ferracone's brother and wife, Mr. and Mrs. D. E. Holder. They all visited with Mr. and Mrs. Rex Holder and son in Spur and Mr. and Mrs. D. E. Holder, Jr., and daughter and had lunch in the McKenzie Park in Lubbock on Wednesday.

Mr. and Mrs. B. W. Pavleck and children of Fort Worth visited their parents, Mr. and Mrs. H. L. Bellinghausen, the first of this week. They were accompanied home Wednesday by Miss Ilene Bellinghausen who is spending her two weeks vacation with them.

Mr. and Mrs. Fred Broach of Dallas were guests of his mother, Mrs. Fred Broach, during the week end.

Gloria Martin of Seymour is spending this week with her grandparents, Mr. and Mrs. M. H. Reeves.

Mr. and Mrs. John Spears of Cisco were Friday guests in the home of Mr. and Mrs. Joe Bailey King.

Mr. and Mrs. J. L. Stodghill were week end guests of Mrs. Ralph Schulze in Dallas.

Mr. and Mrs. Bill Morris were business visitors in Dallas last Tuesday.

Tommy Howeth of Fort Worth is spending the summer with his grandparents, Mr. and Mrs. Tom Cluck.

The USDA reports that farm real estate values in Texas rose three percent between November and March and two percent during the 12 months ending March first.

## Press Day At State Fair To Be October 8th

GALVESTON—The State Fair of Texas will play host to Texas newspaper publishers and their families on the traditional Press Day, which this year will be Saturday, Oct. 8, it was announced here at the annual convention of the Texas Press Association.

A highlight of Press Day will be the Texas-Oklahoma gridiron classic at 2 p. m. in the Cotton Bowl.

Other top attractions of the 1955 exposition will be "The Panama Game," Broadway musical comedy which will be presented in the Auditorium; "Ice Capades of 1956," internationally famed skating spectacle appearing for the first time at the Fair; color television studios and a color TV theater with a giant movie-size screen, and the Pan-American Livestock Exposition featuring 28 breeds of beef and dairy cattle, horses, ponies, sheep, swine and goats.

More than 2,000 newspaper publishers and radio and TV executives with their families are expected to attend Press Day at the Fair this year.

At the press association convention here, the diamond-studded key to the "Texas Treasure Chest" was passed on by the retiring president of the TPA to his successor for the 17th time.

The golden key will be used in 1966, the Fair's 100th anniversary year, to open the chest which was buried beneath a monument to the Fair's founders in 1938. The chest contains historical documents and copies of more than 100 Texas newspapers. The key remains in the possession of the TPA president for safekeeping.

### See You In CHURCH Sunday

Every one of you all for the food and flowers that was brought in during our recent sorrow of losing our husband and father. May God bless you one and all. Thank you.

Mary J. Poore and son, John, and children.

## Youth Camps To Open At Leuders

Junior Girls Auxiliary camp will open at Leuders Baptist Encampment grounds June 20 and will continue until after lunch on June 23.

This will be followed by Sunbeam camp June 23-24. Mrs. Hob Smith of Rochester, district young people's secretary of District 17 will be director for these Baptist youth camps which will open the season.

A coronation service in which the juniors will be awarded the "forward steps" they have earned will be held on Tuesday night, June 21. Mrs. Smith said, and will be conducted by Mrs. Harvey Wigger, State approved WMU worker.

A new feature will be the Beauty Box conference on personal loveliness which will be

conducted each afternoon by Mrs. L. L. Trott of Abilene, wife of the district secretary.

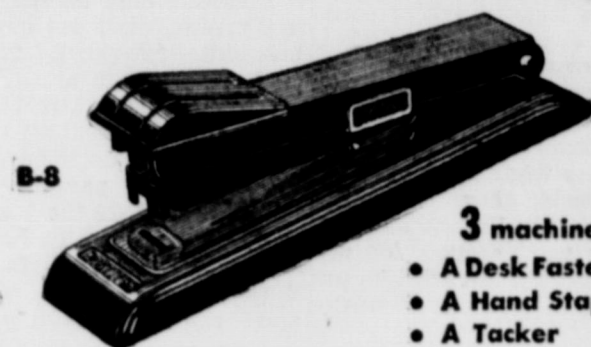

Leather and bedwork will be taught in the handcraft period conducted by Kenneth Hill of Abilene, who will also be in charge of recreation.

Mrs. James Lunsford, missionary to Brazil, who is home on leave, will show films and tell about the work in Brazil in the evening. Rev. Byron Bryant of Stamford, camp pastor, will speak each morning. Rev. Bill Crafton of Stamford will conduct the vespers.

Mr. and Mrs. Clyde Pierce, Jr., and children, Marigean and Duane, of Huntsville are visiting with Mr. and Mrs. Ardell Spele and Kenneth this week.

Mr. and Mrs. Claude Rogers, Jr., were business visitors in Oklahoma City last Tuesday.

### Munday H. D. Club Meets Wednesday With Mrs. Pape

The Munday Home Demonstration Club met in the home of Mrs. F. W. Pape Wednesday afternoon with the meeting called to order by the president, Mrs. R. answered with "What I have done to help 4-H club work". Reports from the different committees were given, and Mrs. Almanrode gave the council report in the absence of council delegate.

Representatives from all the clubs will meet the first Friday in Benjamin to make samples of crafts which will be made at encampment at Lueders August 18th and 19th.

The next club meeting will be held in the home of Mrs. Frank Bowley on June 29th with the demonstration being on hot weather desserts. Each club member is to bring a dish for demonstration purposes.

Mrs. Frankie Tremmier, Mrs. Leslie Tremmier and Mrs. Cora Bell of Arlington were guests of Mrs. Clarice Mitchell during the week end.

### Wesleyan Service Guild Officers Installed Monday

Members of the Wesleyan Service Guild met Monday night, June 13, in the fellowship hall of the First Methodist Church. Mrs. Aaron Edgar and Miss Merle Dingus were hostesses.

New officers for the coming year were installed under the direction of Mrs. J. H. McGee of Knox City. The following were installed:

Mrs. Weldon Smith, president; Mrs. Layne Womble, vice president; Miss Dingus, treasurer; Mrs. A. H. Mitchell, recording secretary, and Mrs. Joel Massey, spiritual life leader.

Eighteen members and two visitors were present. Refreshments of cookies and punch were served at the close of the meeting.

Sunday guests in the home of Mr. and Mrs. Aaron Ballard were Mr. and Mrs. Don Jacobs and children of Truscott, Mr. and Mrs. Archie Struck and children of Goree, Mrs. Bill Guiler and son of Mill City, Oregon and Creed Flanary of Haskell.

### Castleberry Family Reunion Held Sunday

The reunion of the family of the late Mr. and Mrs. J. A. Castleberry was held at Stephenville park on Sunday, June 12, with the following present:

Mr. and Mrs. J. R. Castleberry and Mr. and Mrs. Thurman Castleberry, Anson; W. M. Castleberry, Eula; Mr. and Mrs. H. J. Castleberry, O'Donnell; Mr. and Mrs. Buster Wooley and sons, David and Donald; Mr. and Mrs. Jerry Wooley and daughter, Cynthia Ann, Stephenville.

Mr. and Mrs. Carl Miller and Karen, Galena Park; Mrs. Trudie Bruce, Mr. and Mrs. Ivan Bruce and son, Lee and Robbie, Mr. and Mrs. Elmer Bruce and Glenn, Gary, Ronald and Cheryl, Munday; Mrs. Jimmie Pearce and Billie, Wichita Falls; Bobbie Johnson, Rochester; Mrs. Billie Hollinsworth and Jackie and Kathy, Albany;

Mr. and Mrs. Ray Shields and Jimmy, Nocona; Mr. and Mrs. Jack Smith, Mrs. Myrtle Ables and Elton, Mr. and Mrs. Aud Ellis, Mr. and Mrs. Arthur Shoups, Dublin; Mr. and Mrs. Bill Morris and Keith and Karen, Levelland. A host of friends visited during the day.

Drive carefully. The life you save may be your own!

### ENTRY FEES FOR COWBOY REUNION RODEO ARE SET

STAMFORD—Cowboys who compete in the rodeo of the Texas as Cowboy Reunion will find the entry fees moderate, declares A. M. G. Swenson, rodeo chairman.

Calf ropers will pay \$12.00 (two go-rounds and finals); wild cow milkers, \$12.00 (two go-rounds and finals); saddle bronc riders, \$6.00 (two go-rounds and average); bull riders, \$8.00 (two go-rounds and average); bare-back bronc riders, \$10.00 (two go-rounds and average). Open cutting horse entry fee is \$12.00 and old time calf ropers' fee is \$4.00.

The Texas Cowboy Reunion attracts the largest number of contestants of any in the world, more than 500 in number. All contestants are real cowboys who, in most cases, have come in from the ranches to compete and will go back after the rodeo is over.

Entries and entry fees in the roping events must be received in the rodeo office by 6 p. m. June 29. Entries in riding events will be accepted until 10 a. m. each day for that day's contest, or until the desired number of riders is obtained.

There will be a rodeo performance each night, July 1, 2 and 4, and a matinee on the Fourth of July.

### "What's Really In The Bottle?"

When you get a prescription filled, do you see what's really in the bottle? Those pills or capsules, simple as they may look, often are the product of the best scientific minds of our time, representing years of effort by chemists, bacteriologists, biochemists and other highly trained specialists.

Something else that's in the bottle is assurance. For many of those once dreaded illnesses, that little bottle of pills means you'll be up and around in a few days. There are often no hospital bills at all, because you can be safely treated at home.

Yes, there's a lot more in that prescription bottle than meets the eye!

## LONE STAR Agriculture

Released by The Texas Department of Agriculture  
By John C. White, Commissioner

### ERADICATION OF KHAPRA BEETLE

A continuing battle is being waged to keep the world's worst pest of stored grain—the Khapra Beetle—out of Texas.

This Oriental-born pest, especially threatening in warm states, was first discovered in southern California in November 1953. It has spread eastward across Arizona and into New Mexico, infesting at least 172 locations in the three states.

Quarantine barriers were set up several months ago along the state borders to protect Texas grain and more recently a gigantic fumigation project was begun in states already infested.

The new fumigation-eradication program is a joint effort of state pest control agencies, property owners and chemical companies. In the unique extermination process, entire buildings are sealed over so the methyl-bro-

mid gas fumigant will reach the crevice-seeking beetle.

More than a million feet of beetle-infested storage were cleaned in a California fumigation experiment last January by wrapping the area in a gas tight cover of sealed tarpaulins and injecting 2 1/2 times the normal dosage of the gas. This method proved most effective against the persistent Khapra Beetle and has been adopted in other state eradication projects.

Khapra Beetles have been found by control workers in warehouses 21 feet deep under solid masses of grain. They have worked their way through a two-foot brick warehouse wall; hence their name "Khapra", which comes from an Indian word meaning "brick".

The Texas Department of Agriculture is cooperating with the Agricultural Research Service in an extensive survey of farm storage to keep the destructive pest out of the state.

Any grain in which a warehouseman or farmer discovers an unfamiliar insect is urged to notify the Quarantine Division of the Texas Department of Agriculture immediately.

**FOR SALE**—12 horse outdoor motor. Priced reasonable. Joe E. Morrow. 26-tfc

**FOR RENT**—Furnished house—3 rooms and bath, close in. Mrs. W. M. Mayo, phone 5711. 43-tfc

Mr. and Mrs. Charles Lane and children of Lubbock visited relatives here and Goree over the week end.

## Cool, Cool Weather Helps Livestock Prices

FORT WORTH—The rains and cooler weather that are helping parched and blasted Texas ranges recover have put a firm prong under cattle prices in this part of the country. Abnormally cool weather in the Eastern United States has kept consumption of meat at high levels in that area.

So the cool, cool opening weeks of June have been doubly delightful for livestock folks.

## Cattle Prices Open Strongly At Cowtown

Usually on a mid-June Monday the market reporter is about as cheerful as a professional pallbearer. It is the normal thing for us to use words like "weak", "dull demand", "prices sharply lower", and movement "sluggish."

However, Monday at Fort Worth cattle started moving to the scales early and prices were fully steady. In fact, some cows were 25 to 50 cents higher. Stocker calves and yearlings of high quality were stronger, and very scarce. Slaughter calves were steady. Bulls drew fully steady prices.

Prices included: good or choice fed steers and yearlings \$19-\$22.50; medium and lower grade yearlings and heifers \$12-\$18. Fat cows \$11-\$14, a few higher; canners and cutters \$7-\$11.50. Bulls \$10-\$14.25. Good and choice slaughter calves \$16.50-\$20.50; the cull, common and medium slaughter calves \$9-\$16. Stocker steer calves \$16-\$23; steer yearlings \$14 to \$21; stocker cows \$8-\$13. The heifer calves and yearlings in stocker flesh usually sold \$2 to \$3 under comparable steers.

## Spring Lambs Weaken; Other Sheep Steady

Spring lambs opened steady to 50 cents lower Monday at Fort Worth. Top was again \$22 on the best milk fat lambs, but the price was paid sparingly. Old crop yearlings lambs were steady at \$16 down. Stocker shorn wethers lambs sold from \$13.50 down, but straight bunches of yearlings ewes again reached \$15 to 16. Feeder type Spring lambs sold from \$15 down.

## Widely Known Cattleman, Bill Bonner, To Judge

First of four judges to be named for the Hereford feeder calf sale at Fort Worth June 30 is Bill Bonner of Gainesville. Bonner is known the length and breadth of the cattle country as a good judge of cattle and his selection fits in with the purpose of the show and sale sponsored by the Texas Hereford Association. That is to give good commercially produced feeder calves a chance to be shown together under favorable conditions where

## LOCALS

Rev. and Mrs. D. B. Lloyd and grandson of Longview are guests in the home of his son and family, Rev. and Mrs. Robert Lloyd and son.

Mr. and Mrs. E. B. Littlefield and son, Eddie, were Sunday guests of Mr. and Mrs. J. K. Jackson and Kenny in Wichita Falls.

Mrs. J. H. Frazier and son, James Keel, of Baytown were guests of her parents, Mr. and Mrs. J. J. Keel, several days this week.

Mrs. Nora Broach and Mrs. John Broach and Cindy of Goree visited relatives in Lubbock over the week end.

Mr. and Mrs. George Cross and sons visited his parents in Brownfield over the week end.

Alfred Guinn of Wichita Falls visited his mother, Mrs. Bess Guinn, over the week end.

Jimmy Massey was a week end guest of his parents, Mr. and Mrs. Charlie Massey.

The small cowman will be able to take advantage of the large numbers present and offer his calves to big time buyers.

Henry Elder, secretary of the Hereford group, reported an inquiry from Arkansas from a buyer wanting 100 "good Texas calves", and at the same time another man reported he planned to have 100 calves in the sale. Things like that are what cause cattle trades!

## Hogs Rise Sharply As Runs Are Smaller

Corn Belt points reported only 62,000 hogs Monday, and this was enough to boost the porkers into higher ground. At Fort Worth hogs opened 75 cents to \$1 higher and topped at \$20.25 to \$20.50. The cool weather across the country has not hurt pork consumption either!

Sows shared the climb with 50-cent lurch and sold for \$12 to \$16.

## Livestock Best Cash Crop For Farmers

Speakers at a recent meat packers meeting stressed the likelihood that livestock production will remain high all over the country. Their conclusion was that farmers who once depended on dirt farming for a living had discovered that livestock was their most reliable cash crop and listed these advantages which farmers like:

Livestock can be sold any day. Equipment costs are relatively small.

Harvesting the crop requires little labor cost.

Livestock converts soil building crops into cash.

Dependence on weather is less critical.

Crop rotation increases row crop yields without too much income loss, where livestock is pastured on the resting acres.

Sounds to us like those packers are, as usual, just as right as a fox!

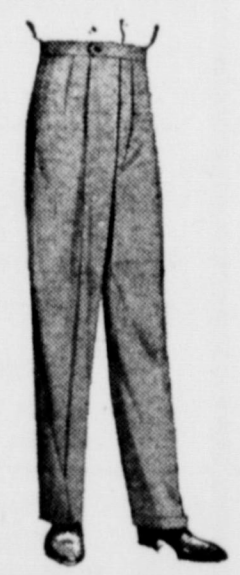

Give him something to wear. He'll enjoy and appreciate this. Here are a few suggestions.

Mr. and Mrs. Clifford Boone and three little daughters returned Monday to their home in Rankin, after spending their vacation with her mother, Mrs. Viola Sanders and other relatives.

Sarah Ann Ingram of Dallas has been visiting a few days with her grandmother, Mrs. A. S. Jernigan. Friday she accompanied her grandmother to Lubbock where they will visit with Ennis and Doss Jernigan and families.

Pvt. Raymond Carroll of Camp Chaffee, Ark., is spending his furlough with his wife, the former Peggy Ruth Knight. Peggy has been making her home with her parents, Mr. and Mrs. Wayne Knight.

Week end guests in the home of Mrs. Viola Sanders was Mrs. Mozele Shawver of Wichita Falls and Phyllis and Karen Bookout of Hobbs, N. M.

Mr. and Mrs. Hope Bratcher of Childress came Sunday for their son, Wayland Ray, who has been staying with his grandparents, Mr. and Mrs. Barney Welch of Vera and Rev. and Mrs. C. R. Copeland of Munday.

The Buster Jackson family attended a family reunion in Seymour Sunday.

Mr. and Mrs. Jimmy Randolph, Collier and J. J. Collier of Winters, visited with friends here Friday. The group was enroute

Mr. and Mrs. B. E. Zeissel and family of Harlingen are visiting his parents, Mr. and Mrs. G. J. Zeissel, while on their vacation.

Mr. and Mrs. Dell Riddle and Larry Reynolds of Altus, Okla., visited relatives and friends here over the week end.

Mrs. Tommy Jones of Dallas is here for a visit with Mr. and Mrs. J. C. Harpham and Claire.

Donlad Decker and Albert Loran were business visitors in Dallas last Sunday.

home from a two weeks vacation. Mrs. Ailyn Laws and boys, Grady Mack and Lyndal, attended church services at the First Methodist Church in Goree and visited with the Harold Beath family.

Mr. and Mrs. Maurice Hughes, Challa and Byron are now making their home in Wichita Falls where Maurice is enrolled in Midwestern University for the summer term.

Mr. and Mrs. Pete Patterson and family of Dallas visited recently with his parents, Mr. and Mrs. Henry Patterson.

Miss Lois Jane Parham of Vera and Mr. Don Hall of Benjamin were married Saturday night, June 4th. They are now making their home in Benjamin.

Dr. and Mrs. Delmon E. Alexander and children and Miss Nancy Matthews visited relatives in Waco over the week end. Mrs. Alexander and daughters remained for a longer visit. David accompanied his father home.

Mr. and Mrs. Milton Thompson and son of Fort Worth were week end guests of their parents, Mr. and Mrs. C. M. Thompson and Rev. and Mrs. C. R. Copeland.

Mrs. Ed Broach and children of Dallas visited Mrs. Nora Broach last Monday enroute to Knox City to visit her parents.

Mrs. Ida Steele of Los Angeles, Calif., is visiting her mother, Mrs. W. T. Ford, this summer.

From where I sit... by Joe Marsh

Handle With Care

Tractors are like horses—or mules—in more ways than one. They can be pretty tricky if you don't handle them right.

Too many tractor accidents happen because of carelessness. The day grows hot and drowsy, the job grows monotonous—and bingo! Someone forgets to throttle down when making a turn, or something, and there's a bad spill.

Credit Slim Hartman's missus for the fact that there's never been tractor trouble on their place. Midway through every morning and afternoon she brings him snacks. "He'll stay on

the alert," she says, "if I get him off the tractor for ten minutes."

From where I sit, carelessness can cause plenty of harm in our off-the-job personal lives, too. For instance, suppose a neighbor prefers a glass of beer with supper. You might not share this particular preference with him—but if you're careless about protecting his right to choose, your own freedom of choice is in danger of being "plowed under."

Joe Marsh

## News From The U. S. Congress

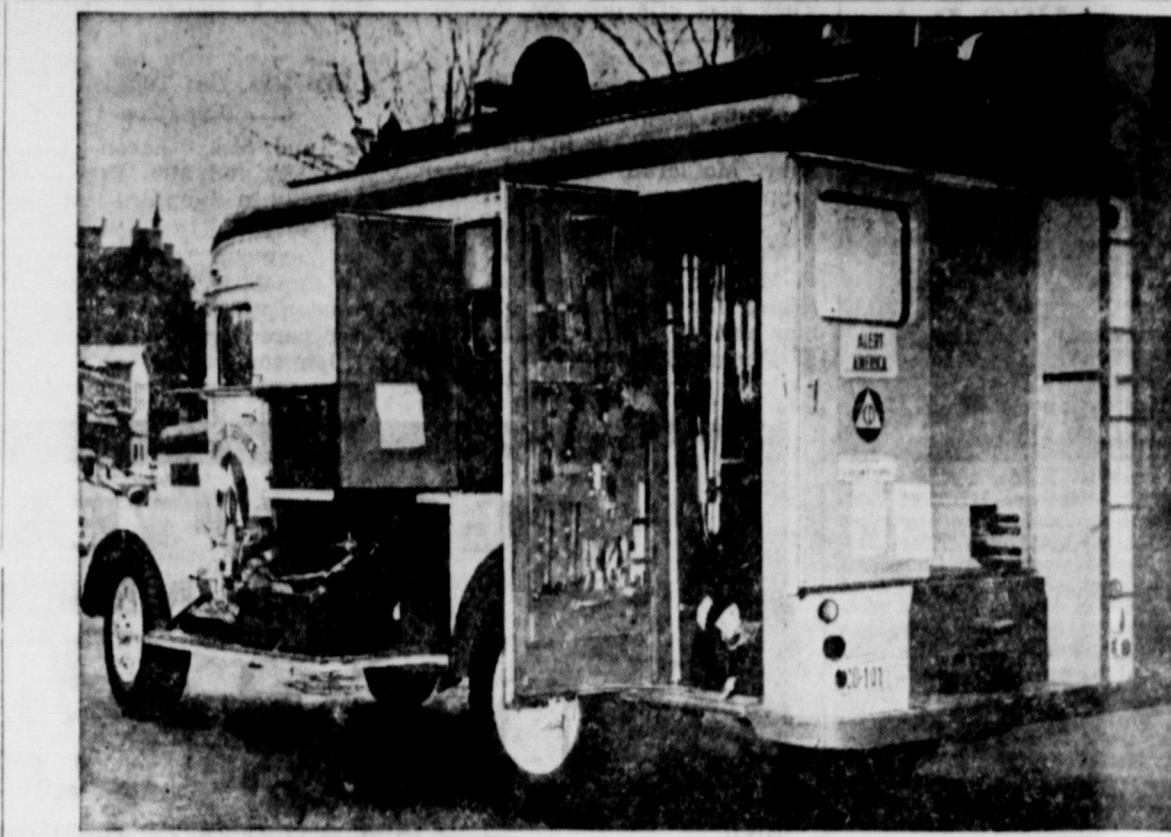

Congressman Frank Ikard

Recently Dr. Leonard A. Scheele, Surgeon General of the Public Health Service met with the Texas Delegation for the purpose of discussing the Salk polio vaccine. As a result of this meeting we learned that polio vaccine is expected to be available for mass inoculation with greater safety in the near future. As more vaccine does become available, it is indicated that areas with the greatest number of polio cases and earlier seasonal dangers will receive first consideration. The new testing methods proposed by the Government have been accepted and are being instituted by those who produce the vaccine. Tests in the past were considered complete when a live virus could no longer be found in the vaccine for a given period of time. The new test will run considerably beyond what was once considered safe, thereby creating a wider margin of safety. The tests will also be made on a portion of each batch of serum after bottling as an added precaution.

Those children all over the country who have received one shot have gained some immunity from that shot and the second shot may be given later than formerly planned and the immunity gained by the two-shot series will be just as great.

Production of the vaccine takes about 90 days and the new tested methods that have been put into effect may add a day or two delay, but the added safety factor more than compensates for this loss of time.

In his discussion of the vaccine Dr. Scheele described in some detail laboratory processes now being used by scientists to perfect the serum. He also pointed

'CALAMITY JANE,' the Federal Civil Defense Administration's rescue truck, packs a wallop from debris. The \$9,000 truck contains 300 pieces more potent than its namesake's six-shooters of rescue equipment of 99 different types.

out that post vaccination cases of polio have totaled 125 out of nearly 6,000,000 vaccinations. He blamed the vaccine-cause cases on the inadequate mixing of materials or to unknown factors which he feels can now be eliminated or reduced to an absolute minimum. Like all vaccines the polio vaccine is not proving to be 100% effective and a full counter to the polio threat. There is evidence that inoculation with properly prepared vaccine does give immunity to the vast majority of those taking it. At the present time the claim is that it is approximately 90% effective against paralytic polio and 60% effective against the other types.

Visitors from home this week were Dr. B. F. Ponder, Bob Chris-

## LOCALS

Mr. and Mrs. Mahlon Boggs met Mr. and Mrs. D. L. Ashley of Oklahoma at Buchanan Lake last week and enjoyed several days visiting and fishing together.

Sunday guests in the home of Mr. and Mrs. Lee Haymes were Mr. and Mrs. Ray Willis of Knox City and Fay Wyatt and Jim McFarland of Baird.

Mr. and Mrs. W. E. Reynolds attended the Greenway family reunion in Leuders last Sunday. There were 119 present for the occasion.

Mrs. C. E. Broer and children of Houston are here for a weeks visit with her mother, Mrs. C. H. Mullican.

Mr. and Mrs. Jim Choate of El Paso were week end guests of her parents, Mr. and Mrs. Leland Hannah.

Miss Merle Dingus and Ina Merle Irland visited relatives in Springtown several days last week.

topher, Mr. J. B. Jarratt, and Mr. Carl Anderson of Wichita Falls, Mr. and Mrs. Homer Bly and Miss Sherry Bly of Gainesville, Mr. J. Q. Smith, formerly of Quanah, and Mr. and Mrs. Porter Oakes, formerly of Wichita Falls.

Mr. and Mrs. M. H. Dean returned home last Friday from a weeks vacation in Salt Lake City, Utah, and Denver, Colo.

Mrs. A. U. Hathaway and Mrs. G. R. Eiland have returned home from a ten day visit with relatives in Lamesa.

Mrs. Wilma Dean Griffith visited relatives in Abilene several days last week.

One of the most interesting houses I have ever visited is near St. Augustine, Fla. It was built to serve as the residence of the king of Spain when he visited Florida—but he never came, and so it is a monument to an unmade visit.

The car turns off the highway onto a rough road cut through a semi-jungle and the sudden sight of the lovely edifice is almost breath-taking.

A lion is part of the emblem of Spain and the house resembles the outline of a crouching lion. The exterior is adorned with the Spanish coat-of-arms and, inside, the beams and walls bear the stern visage of the Spanish commander who executed the helpless French nearby, the likeness of Queen Isabella and historic scenes. In the main room also are miniatures of sailing vessels which were commanded by the great-great-grandfathers of the present occupants.

One can sit in the front yard and watch yachts and steamers go by. Oddly enough, with all that water, the house also has a swimming pool.

Another interesting residence visited is in St. Augustine. This house was floated down the river

by a retired major. The rooms are embellished with paintings which are the work of the major's wife. From an old fashioned rocker in the sitting room, one can admire the graceful bridge spanning the river, and the ancient Spanish fort on the opposite shore.

Quite different but very interesting is Marineland where dolphins in a big pool leap high to seize food from the hand of an attendant. The visitor goes below and, through a porthole, gazes at the denizens of the deep. It is an experience to see a shark, with cruel eyes and slit-like mouth, swimming toward you

and to think that only a pane of glass separates you from the jaws of the gliding under-water assassin.

Close by is the Dolphin Cafe where the diner helps himself to as much as he wishes of the numerous foods.

My sister, Marion, who lives in Jacksonville, I had not seen in several years and the fact she acted as my guide added greatly to the pleasure of the visit.

Mr. and Mrs. J. B. Walling and sons of Wichita Falls visited her parents, Mr. and Mrs. Mahlon Boggs, and other relatives here this week.

## Nine State Amendments To Be Voted On By Voters Of Texas During Next Year

The voters of Texas will have an opportunity to approve or reject nine constitutional amendments in 1956, according to action of the Texas Legislature. A majority of the two houses endorsed these amendments before the 54th Legislature ended its session recently. Briefly the proposals would:

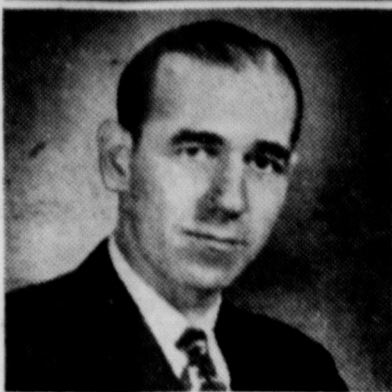

1. Put another \$100,000,000 into the veterans land program. This one is expected to set off the sharpest debate because of controversy over merits of the program since it became embroiled in scandal last November.
2. Reduce the number of jury trials in lunacy cases by giving the accused person a choice of whether or not to have a jury. The constitution now makes jury trial mandatory. The proposed right to waive use of a jury would not apply where a criminal offense is charged.
3. Make it tougher for professional criminals to get bail. District judges would have power to deny bail to persons twice convicted of felonies.
4. Allow teachers a better retirement plan. They would be permitted to contribute a larger percentage of their salary than at present, with the state putting up matching funds. Disability and death benefits would be added to the program. Retirement would be permitted after 55 after a minimum of 10 years service, or it could come after 30 years service.
5. Authorize the Legislature to provide assistance to needy individuals who are permanently and totally disabled.
6. Permit state recompense to persons erroneously convicted of crimes they did not commit.
7. Give commissioners courts leeway in reallocating between their permanent improvement, jury, road and bridge and general funds. Present law requires an election before funds can be shifted. This would let commissioners court reallocate annually when they are preparing county budgets.
8. Allow wider investment of the university permanent fund in an effort to obtain greater returns. This amendment also would realign state colleges in the two present programs for construction and equipment of buildings.
9. Set up an appropriate oath of office for appointive officers of the state, who now have to use one designed only for elective officers.

**CHICAGO IS HOME FOR DEBORAH SUE LAMB**

Chicago's population has increased. Yes, there's a new arrival in the Lamb home on 53rd street. Deborah Sue, daughter of Mr. and Mrs. Leonard Lamb, made her appearance on Sunday, June 12, at 2:15 a. m. She tipped the scales at 7 pounds and 8 ounces. Mother and daughter are doing fine and "papa" will rejoice even if "she" wasn't a boy. Paternal grandparents are Mr. and Mrs. Con A. Lamb of Pueblo, Colo., and maternal grandparents are Mr. and Mrs. P. W. Albus of Rhineland.

Drive carefully. The life you save may be your own.

## Heads USO Drive

Watrous H. Irons, President of the Federal Reserve Bank of Dallas, has been named to serve as Chairman for the Texas United Defense Fund. He served as Chairman for the successful campaign of 1954-55 and has accepted the position again for the 1955-56 campaign which will be launched this fall. Principal agency in the Texas United Defense Fund is the USO, which provides recreational activities for the men and women in the armed forces. Appointment of Mr. Irons as campaign chairman was made by Ben H. Wooten of Dallas, general chairman for Texas.

They also attended the Poolville homecoming.

Miss Ilene McClaran of Wichita Falls spent three days here last week with her mother, Mrs. Ann McClaran, and brother, John.

Week end visitors in the home of Mr. and Mrs. Gary Reid were Misses Joy Melson and Del Shimer and Mr. Eddie Crawford, all of Wichita Falls.

Mrs. G. F. Shipman and children of San Antonio are spending this week with her parents, Mr. and Mrs. Ben Tuggle.

Mr. and Mrs. Aaron Edgar visited Mr. and Mrs. Roy Craig and family in Stamford last Sunday evening.

Mr. and Mrs. Parker New of Clarendon were week end guests of her parents, Mr. and Mrs. Albert Johnson.

Mr. and Mrs. D. L. Thigpen and daughters attended the Golden Wedding Anniversary of Mr. Thigpen's parents, Mr. and Mrs. W. F. Thigpen, in Santa Anna last Sunday. They are the parents of seven children and all of them were present that day. Approximately 75 guests called during the afternoon.

Lloyd Haynie of Wichita Falls spent the week end with his parents, Mr. and Mrs. Charlie Haynie, Sr.

## LOCALS

Lt. and Mrs. Steven Harrison and children visited his parents, Mr. and Mrs. Terry Harrison, and Terry Don last Thursday. Terry Don accompanied Lt. Harrison home for a visit. Mrs. Harrison and children remained for a longer visit with her parents, Mr. and Mrs. G. C. Covey, in Haskell and with the Harrisons here.

Mr. and Mrs. B. E. Smith and Maidee, Mr. and Mrs. Edward Smith and Larry and Mr. and Mrs. William Browning and children attended church services in Weatherford last Sunday morning and visited in the home of Rev. and Mrs. Huron Polnac.
