Odd Bits Salvaged
at Random

S-D Day will be next Thursday. It's the day on which it is hoped that traffic accidents will be stopped entirely for a 24-hour program. It would be an ideal situation—and it's possible, too.

J. C. Borden thought the idea a good one, too. He had time to find a little squib about S-D Day that he thought, and we thought, was good, so we're reprinting it here even without charging for the advertising that goes with it.

"S-D DAY"

On November 1st, an ambitious nationwide highway safety program rolled into action. The climax will be reached on December 1 when every citizen, from the President of the United States down to the youngest toddler, will be asked to join in an attempt to completely stop traffic accidents for one 24-HOUR period.

This a task which involves getting every motorist to drive with the utmost care and every pedestrian to walk with the greatest caution.

As your local insurance agent in Munday I urge you each and everyone to do your part to make S-D DAY a success . . . In this activity which has as its goal the safety and welfare of every citizen of the United States.

That has reference to pedestrians, too, but maybe it would be timely to have a S-W Day—Safe Walking Day. The president of Texas Highway Safety Association, Inc., maybe had that in mind when he said: "Playing peek-a-boo with motorists is a deadly game!"

He urged walkers not to obscure their vision with parasols or umbrellas when they cross the streets. These and other careless walking habits have cost many pedestrians their lives. "You risk your life every time you take a chance in traffic," he concluded. Safety, whether walking or driving, is no accident. Get careless and an accident is likely to happen.

Speaking for Munday, Chief Lee Bivins said: "We can achieve this goal of no accidents on S-D Day, and every day, if we accept the idea that traffic safety is an individual, personal matter. If every man, woman and child in our community will keep in mind that traffic safety is his or her own personal responsibility, we can wipe out the traffic accident problem as effectively as medical science has eliminated some of our dread diseases of the past."

Here are some safety rules to follow: Observe the letter and spirit of all traffic regulations; be courteous to every driver and pedestrian—practice sportsmanship; give full attention to driving and walking. Let's make every day safe-driving day in Munday.

At this Thanksgiving season, we have many things for which to be thankful. They are really too numerous to begin to mention. Just like the fellow referring to the song, "Count Your Blessings, Name Them One By One" and said we have so many we can't begin to count them.

One thing for which we are thankful is that we still have time to stop and "shoot the gab" with our friends. A fellow up from Houston just a few days ago said that people there and in New York City just run over you and never let on that they see you—they're in such a hurry. We get in a big hurry in a little town, too, sometimes but if we pass a friend and not speak, he's liable to wallop us with a crushing blow or holler so loud he'll startle people two blocks away. That's the way we live in a little town, and for that we're thankful.

Mr. and Mrs. Claude Hill, Mr. and Mrs. Ralph Weeks, Mr. and Mrs. Fred Searcey, Mrs. A. M. Searcey and Richard Searcey went to Eldorado, Okla., last Wednesday to attend the funeral of their cousin's husband, Frank Brewer, who passed away at a Quannah hospital on Tuesday morning.

State Acreage Allotments Announced For 1956 Upland Cotton; Vote Dec. 13

The U. S. Department of Agriculture has announced state acreage allotments for the 1956 crop of upland cotton. These are a breakdown of the national allotments of 17,391,304 acres announced October 14.

The Texas allotment for 1956 is 7,410,893 acres. This is a 201,886 acre reduction from the 1955 allotment of 7,612,779 acres. On July 1, 1955 6,984,000 acres of upland cotton were being cultivated in the state.

The law provides that no state shall receive an allotment for upland cotton which is less than the smaller of 4,000 acres or the highest acreage planted to cotton in the state in any of the years 1953, 1954, and 1955. The remainder of the national acreage allotment is apportioned among other states on the basis of the acreages planted to cotton in the years 1950 to 1954, with certain adjustments in such acreages as required by law.

The national acreage allotment of 17,391,304 acres is that which is required to produce an amount of cotton equal to the national marketing quota of 10 million bales. It is based on the national average yield of cotton per planted acre for the five years 1950-54.

On December 13, farmers who grow upland cotton in 1955 will vote in a national referendum to determine whether marketing quotas will be operative for the 1956 crop of upland cotton. Two-thirds of those voting must approve marketing quotas if they are to continue in effect. The same day, a referendum on marketing quotas for the 1956 crop of extra long staple cotton will be held in the areas where this type of cotton is grown.

The state allotments announced are to be apportioned among counties and the county allotments among farms according to provisions of the law and regulations issued by the Secretary. Individual farm acreage allotments will be mailed to operators prior to the referendum.

Mogul Football Banquet Slated For December 2

The annual football banquet will be held Friday night, December 2, at 7:30 o'clock at the school gym.

Dr. W. O. Beazley, vice-president of Hardin-Simmons University, an excellent speaker and a man acquainted with all forms of athletics, will be the main speaker.

Anyone desiring tickets for this banquet are requested to get them early as it is necessary for those planning the banquet to inform the catering service as to the number of plates needed. If you desire a ticket, call Mrs. R. B. Bowden or one of the six cheer leaders.

Former Knox City Resident Killed In Farm Accident

S. E. Youngblood, former resident of Knox City, was killed late Friday near Lubbock when he was pinned underneath his tractor. He had been showing an employee how to operate the machinery when the accident occurred.

Services were held at 2 p. m. Monday from the First Baptist Church in Knox City with Rev. S. E. Stevenson of Goree officiating. Masonic rites were held at the Knox City cemetery, and burial was under the direction of Warren Funeral Home.

Mr. Youngblood moved to Knox County in 1909, living here until 1941, when he moved to Lubbock. He had extensive farming interests in both counties.

He is survived by his wife; a daughter, Mrs. Vernon Bridges of Anton, and a granddaughter.

Word was received Wednesday morning from Mrs. Joe Sahadi that she entered her husband in the General Hospital in Wichita Falls on Tuesday and that he was to undergo surgery sometime Wednesday.

Rhineland Seniors Plan First Annual

The seniors of Rhineland High School are planning the first annual for 1955-56 in the history of the school. The staff is as follows:

Editor, Valera Albus; business managers, Clarence Decker and Vincent Loran; sports editor, William Bellinghausen; typists, Lillian Decker and Juanita Decker; faculty sponsors, J. H. McLaughlin, principal, and Miss Kittie McElroy, English teacher.

A bi-monthly newspaper, "Rhineland Hi-Lights" will be issued for the first time next week. Juniors and seniors make up the staff, as follows:

Editor, Valera Albus; assistant, Jerry Bellinghausen; sports, William Bellinghausen and Maynard Moore; 4-H Boys reporters, Clarence Decker and Vincent Loran; 4-H Girls, Lillian Decker and Hattie Ann Fetsch; business managers, Alois Schumacher and Cecil Kuehler; typists, Janita Decker and Lillian Decker.

New President

Dr. G. V. Brindley of Temple was recently elected president of the American Cancer Society by the national board of directors at a meeting in New York City. Simple but impressive ceremonies marked the installation of the first Texan ever elected president of the national society.

Dr. Brindley has been a member of the board of directors of Scott and White Hospital for the past 30 years.

Funeral Services For Barbee Infant Are Held On Friday

Services for Rickey Lynn Barbee, infant son of Mr. and Mrs. C. F. Barbee of Magnolia, were held here at 10 a. m. Friday from the First Baptist Church with Rev. Paul Nelson of Abilene and Rev. Robert Lloyd officiating.

Burial was in Johnson Memorial Cemetery under the direction of McCauley Funeral Home.

The infant was born October 1 and died Wednesday in a Houston hospital. Besides the parents, survivors include a brother, Randy; and grandparents, Mr. and Mrs. Clyde Nelson of Munday and Mr. and Mrs. J. R. Barbee of Rule.

Two Indicted By Grand Jury

Two indictments were returned by the Knox County Grand Jury which was empaneled at Benjamin last week.

Clarence Smith, Negro, was indicted for murder in the recent death of a Negro woman, who was shot in a cafe in the colored section of town.

Tom B. Arrington of Tulsa, Okla., was indicted for attempted murder in the shooting of J. R. David of Carlsbad, N. M., in Knox City on November 15. Both men were working on the paving job in Knox City as an employee of the Pecos Valley Construction Co., contractors, and Arrington represented the city and the consulting engineer.

Davis was dismissed from the Knox County Hospital on Tuesday, and is now recuperating at his home in Carlsbad.

We pause in thankfulness for the visions of freedom and prosperity established by our Pilgrim forefathers, that have grown stronger and clearer throughout the years.

Harper Brothers Buy John Deere Business Here

Announcement was made last Monday that Tommie B. Harper and J. D. Harper of Goldthwaite have purchased the local John Deere dealership from H. E. Cockerell, who has operated the business for the past several months. The deal was completed last week, and the Cockerell family has returned to Olney, where Mr. Cockerell will be engaged in farming.

Tommie B. Harper has moved his family, his wife and three daughters, to Munday and he will be active in charge of the business. Both he and his brother, who will remain in Goldthwaite, are experienced in the John Deere implement business, having operated an agency in Goldthwaite for the past several years.

Tom Oustad of Goldthwaite has moved his family, his wife and two sons, to Munday and he will be in charge of the John Deere service department. He is an experienced mechanic having had many years of experience on cars, John Deere and International tractors.

"We want to become a part of your community," Tommie Harper stated in announcing the move to Munday, "and we want you to call on us any time we can be of service to you. We will move the agency into the Atkelson building, just east of Atkelson's Food Store, just as soon as possible. This move will likely be completed within the next two weeks, and we'll be able to give you every type of service in the John Deere line from this location. Please come in and let's get acquainted."

His 30th Year

Worth Gafford will be an old-timer here before he knows it. On Wednesday, November 23, he completed his 30th year as a follower of the barber trade in Munday.

He's clipped and trimmed lots of hair in that time, and he stated that he's worked on the fourth generation of one particular family. In an ad this week, he expresses his appreciation to people of this area for their patronage through the years.

Mr. and Mrs. Dub Gresham and children of Wichita Falls visited her parents, Mr. and Mrs. H. D. Henson, over the week end.

In Heart Drive

Sen. Lyndon Johnson, above, will serve as state chairman of the 1956 Texas Heart Fund during February, it was announced recently. Johnson is now recuperating at his Texas home from the effects of a severe heart attack he suffered last July 2, and he accepted the chairmanship of this campaign with the statement:

"During recent months I have had reason to become personally aware of the scope of lifesaving work made possible by the voluntary contributions of funds for use in research into heart disease. The money contributed to the Texas Heart Fund is an investment in human lives. I am confident that the people of Texas will make such an investment in generous measure this year, as they have in the past."

Drive carefully—The life you save may be your own.

Mrs. Pat Parks, Ham Operator At Rotan, Dies

Mrs. Cecil (Pat) Parks, 48, a shut-in ham radio operator and former resident of Goree, died Tuesday morning at her farm home seven miles south of Rotan.

At the time of her death, Mrs. Parks was control operator for the Civil Air Patrol and an alternate net control operator for the Military Amateur Radio Service. She was stricken with tuberculosis in 1946 and lost a lung. Her remaining lung became infected in 1949.

Through friends she was persuaded to install a receiver so she could listen to ham operators. Gradually the hams helped her build a transmitter and she became a licensed operator. Last year hams and neighbors gave her a television set.

Mrs. Parks was born in California and had lived in Rotan since 1937.

Surviving her are her husband and two children, Don and Deanne.

Funeral services were held at 2 p. m. Wednesday from the First Baptist Church in Rotan, with burial in Rotan cemetery.

MUNDAY BOY IS FRATERNITY PLEDGE

Richard L. (Dick) Ponder, sophomore and pre-dental major in Texas Tech, is pledging Alpha Phi Omega fraternity, it was learned this week.

Alpha Phi Omega is a national service fraternity for Boy Scouts who are interested in giving service to the school, it was stated.

Grand Jury Asks Inquiry Into Sales Alcoholic Substances; Raps At Gaming

Robert Gene Wren, Polio Victim, Is Returned Home

Knox County friends of Robert Gene Wren, young son of Mr. and Mrs. Lee Roy Wren of Munday, will be pleased to know that he has recently returned home following extensive treatment at Gonzales Warm Springs Foundation for Crippled Children.

Robert was admitted to this hospital of physical medicine and rehabilitation Aug. 8, 1955, in an effort to overcome the effects of polio suffered in October of 1954.

Gonzales Warm Springs Foundation, designed to benefit physically handicapped Texans, regardless of race, color or financial condition, was built and is sustained by the citizens of Texas. It now has facilities to accommodate from 140 to 150 patients; thus extending its treatment services to many more crippled people of our state.

Mrs. O. W. Lee, 85 Passes Away At Home On Sunday

A pioneer Knox County woman and beloved mother of the Munday area answered her final summons when Mrs. O. W. Lee of Munday passed away quietly at her home here at 11:45 p. m. Sunday. Mrs. Lee had been in failing health for 10 years, but even then her death came as a shock to many of her friends and acquaintances.

Born in Albany, Ky., on February 28, 1870, Mrs. Irene Bell Lee was 85 years, 8 months and 22 days of age. She was married to Oliver W. Lee on November 11, 1896, and about two years later they settled in Knox County to make their home. Mr. and Mrs. Lee contributed much to the advancement of this area, his serving in several official posts of the county and being connected with the Munday Times at one time.

During her 57 years of residence here, Mrs. Lee endeared herself to many people who knew her and of her devotion to her home and family. Even in her advanced years and ill health, this beloved mother had a vivid memory of the past and loved to talk of her school days with the late Cordell Hull and others who became our nation's leaders or substantial citizens.

Surviving her are two sons, Harvey Lee of Munday and Sidney S. Lee of Fort Worth; one niece and two nephews, and a host of friends who mourn her passing.

Funeral services were held from the First Baptist Church in Munday at 10 a. m. Tuesday, November 22, with the pastor, Rev. Robert H. Lloyd, officiating. Burial was in Johnson Memorial Cemetery in the family plot beside her husband, who passed away February 11, 1946.

Serving as pallbearers were Joel Massey, Lee Haymes, Clifford Rhoads, Leland Hannah, Ed Johnson and Marvin Reeves.

Weather Report

For six days ending 7 p. m., November 22, 1955, as compiled by H. P. Hill, U. S. Weather Observer.

	LOW 1955-1954	HIGH 1955-1954
Nov. 17	23 47	54 81
Nov. 18	46 49	74 69
Nov. 19	33 38	69 74
Nov. 20	39 39	75 73
Nov. 21	47 40	81 70
Nov. 22	55 35	84 65
Precipitation to date, 1955		22.26 in.
Precipitation to date, 1954		16.02 in.

Visitors in the home of Mr. and Mrs. Claude Hill over the week end were Mr. and Mrs. Charles Williams and Glynn Ray of Jal, N. M., Mrs. Burns Ashley of Fort Worth, Mr. and Mrs. J. R. Hill, Johnette and Lynda of Goree, Claud Larry Hill of Texas Tech and Mr. and Mrs. Pat Hill.

Bill Morris and J. Bryan McCallum were business visitors in Amarillo last Thursday and Friday.

November 16, 1955
Honorable Lewis M. Williams
District Judge, 50th Judicial District
Benjamin, Texas
Dear Judge

We, the Grand Jury, duly organized and empaneled as such for the October Term of the District Court of Knox County, Texas beg to report as follows:

We have faithfully and diligently inquired into all law violations called and coming to our attention and here now in open Court return 2 Bills of Indictment.

We wish to make the following recommendations to the Sheriff of Knox County, Texas: That he inquire into and ascertain the names and identities of all persons and or firms, at this time who are selling liquid substance containing alcohol such as Ba Rum and extracts and further instruct the Sheriff to require from such people copies of their invoices, showing how much alcohol, that they are selling monthly or quarterly or annually and if the merchants handling such commodities fail to deliver copies of said invoices that the Sheriff secure copies of such invoices from the wholesale houses serving this County and if the Sheriff finds that the firms or persons are handling any appreciable amount of such product with their names and addresses with a report of all his findings delivered back to this Grand Jury, when we next assemble.

We further recommend to the Enforcement Officers, of this county, that all Gaming Device Games of Chance, Carnivals, undesirable attractions be discouraged from locating in Knox County and if they set up in Knox County that they be promptly policed and if not perfect lawful in their operations that they be prosecuted.

There being no further business to come before us at this time we respectfully petition permission of the Court to recess such time as our services will further needed.

Respectfully Submitted,
Walter W. Coffman,
Foreman of the Grand Jury

T. M. Busby And Wife To Celebrate 50th Wedding Anniversary

Mr. and Mrs. T. M. Busby Anson, former resident of Munday, will observe their gold wedding anniversary on Sunday, November 27, with an open house at their home in the Truby community. Hours will be from 2 p. m. All their friends are invited to attend.

Mr. and Mrs. Busby were married in Stamford on November 1905. Mrs. Busby was Wren Rogers, daughter of the late T. Rodgers of Stamford.

Mr. and Mrs. Busby resided in Knox County for about 45 years before moving to Anson.

Tax Collector Gives Schedule Of Tax Visits

M. A. Bumpas, Jr., tax assessor and collector, will soon be making visits to various communities in Knox County to receive 1955 payments in order to save payers the inconvenience making a special trip to Benjamin for this purpose.

The visits, which begin on Monday, will be on the following schedule:

Truscott, Monday morning, November 28; Gilliland, Monday afternoon; Vera, Tuesday morning, November 29; Rhineland, Tuesday afternoon; Knox City, Wednesday, November 30; Go Thursday, December 1, and Munday, Friday, December 2.

Mr. and Mrs. Chester Bow were Sunday guests in the home of Mr. and Mrs. Clarence Wards in Ranger. They were there by their daughter and family, Mr. and Mrs. Jerry Edw. and daughters of Waco.

THE GOOD CITIZEN AND HIS MONEY

In a recent forum, the question was raised: "Who is the Good Citizen?"

Inevitably discussion turned to that aspect of the subject dealing with The Good Citizen and his money.

Each of us hopes to be and tries to be a Good Citizen. And each of us must manage some amount of money, small or large.

HOW we manage that money, whether much or little, has its impact both on our own personal finances and on the national economy of our country—for the two are inextricably intertwined.

The first aspect of the Good Citizen's money management is spending, though sometimes it seems that department manages us more than we manage it. But spending, so long as we control it and make it effective, is the prime purpose of our money management. Spending procures for us and our families the necessities of life, and such luxuries as we can afford.

The second aspect is giving—and Americans are amazingly generous in their personal charities and in their voluntary support of religious, philanthropic, and educational institutions.

A third aspect—one largely beyond our individual control—is the payment of taxes. The Good Citizen grumbles a bit about this, but he pays with reasonable cheerfulness so long as he feels his governments—local, state, and national—use his money for the intended purposes of supporting education and public services of many other kinds, for the administration of justice, and for the national security.

The fourth cornerstone of the Good Citizen's money management is saving—and this is where most of us have the greatest difficulty.

Each of us recognizes the need for saving. None of us knows when he may encounter an emergency requiring resources greater than current income can provide. We know the wisdom of what Benjamin Franklin and all the other sages have taught about thrift. Again the question is not WHETHER we should save but HOW.

The first element in the HOW, of course, is to control our spending. But human nature being what it is, most of us spend all we have at hand. The Good Citizen, therefore, needs some systematic method of establishing saving as one of the first, instead of the last, demands on his money.

That is where the U. S. Savings Bond provides handy tool, both for setting aside the money on current earnings and for assuring the safe and profitable investment of that money after it is saved.

Many employers and most banks provide the

machinery whereby a Good Citizen can make regular purchases of U. S. Savings Bonds at a minimum of inconvenience to himself, and with a maximum of assurance that he will stick to his established program.

The Good Citizen decides how much he can save each week, or each month. He then tells his employer or his bank to deduct that amount from his pay envelope or from his bank account each pay-day or each month.

The rest is automatic. The employer or the bank uses the money to buy U. S. Savings Bonds which are delivered to the Good Citizen from time to time.

These bonds pay generous interest. They are as safe as any investment can be. They are redeemable whenever the Good Citizen needs his savings for whatever purpose he may deem desirable or urgent.

They, along with life insurance, home ownership, and other tools of thrift, make the Good Citizen financially independent.

They contribute to the stability of the nation, by putting government financing on a broad base and curtailing inflation. They help smooth out the national economy, by keeping some money out of spending channels during boom times and by providing personal savings to bolster spending during tough times.

Thus U. S. Savings Bonds help the Good Citizen to promote both his own and his country's well-being.

—Wright Bryan, Cleveland Plain Dealer

AUTOMATION AND EMPLOYMENT

Secretary of Labor Mitchell states that automation is not causing unemployment. He adds that there are more people working than ever before and "automation is increasing the demand for skilled technicians."

This should surprise no one. Every technological advance in history has advanced, not undermined, the welfare and interests of working people. Automation is simply one more phase of the beneficent industrial revolution that began with the steam engine.

Plentywood, Mont., Herald: "The Hoover Commission on Organization of the Executive Branch of the Government . . . headed by former President Herbert Hoover, has made an exhaustive study of the federal government to determine how it should best be organized and operated . . . But already political opposition is developing, principally from those who are devoted to the philosophy of unlimited federal spending."

WHAT DOES THE BIBLE SAY?

The following article was written by Paul Moffitt, and appeared in the Firm Foundation October 25, 1955:

VERTIGO

The silence of the night is shattered by the screaming of two navy jets as they streak across the blackened sky some two thousand feet above the dark ocean surface. The first pilot hears his wingman ask, "Bill, are you turning right?" A quick glance at his instruments and Bill replies, "Straight and level." Then Bill sees his wingman fall back and down. Suddenly there is a blinding flash on the water to Bill's left, and another pilot has fallen victim to vertigo, a delusion of his own mind. This simply means that a flier comes to distrust his instruments and relies upon his own senses to tell him up from down. Sometimes fliers become possessed with the feeling that they are turning when they are straight and that they are falling when they are level. If they keep their eyes on the instruments, regardless of what seems right to them, they are safe but as soon as they give way to human feelings doom awaits.

The thought came to me that

the religious world is also suffering from vertigo. Have we not failed in many instances to keep our eyes on the divine instrument and have given way to our feelings in matters? The pilot accepts the flight surgeon's words when he says, "Boys, you cannot tell up from down there in the dark so keep your eyes on the gyro horizon." But how often have we failed to listen to the teaching of Paul when he stated that he was the chief of sinners (1 Tim. 1:15), yet never violated his conscience (Acts 23:1). In this world blackened with sin it is not possible to know right from wrong separate and apart from the instrument any more than the night fighter can know up from down as he soars through the blackened sky.

Therefore our plea is to forget your feelings, your preconceived ideas, shake your head, clear your mind and get your eyes on the instrument that can provide safe passage home. Recognize the authority of Christ (Matt. 28:18; Eph. 1:22). Accept the teaching of the apostles (Matt. 10:40), and rely on the completeness of the scripture (2 Tim. 3:16-17; Gal. 1:8-9).

AFRICAN GRASS THRIVES IN TEXAS SOIL

Some Texas pastures are now being covered with an immigrant forage—African stargrass. Although it has been grown in Texas soil for some 18 years, its potential use as range forage is just now being recognized.

African stargrass is very similar to many native Texas grasses. Grown under droughty conditions, it looks like a healthy common Bermuda, except that it is not as dense and close growing. Under more favorable conditions or irrigation, it appears to be Coastal Bermuda except that the stolons are larger and many

times longer.

These long stolons or runners spread and multiply readily when they come in contact with soil. It is this characteristic that makes African stargrass easy to start from cuttings, and also very popular with its supporters. The grass also thrives well on salty land.

It is also said to furnish grazing over a longer period than the other grasses, and cattle ranged on African stargrass have made good gains.

Although there are at least three varieties of African stargrass, none is presently available from commercial sources. However, it grows very well under nursery conditions, and cuttings should be relatively simple to obtain. It is being grown mostly around Harlingen and Brownsville in the Valley and in Jackson County in the Coastal bend area.

TEXAS YAMS FOR SCHOOL LUNCHES
The Federal government has agreed to help with the marketing of this year's bumper sweet potato crop, although no arrangements for purchase of the high-quality Texas yam have yet been made.

Munday Junior High School Holds Open House; Program Held On Friday

One of the highlights of the year in Munday Junior High School is the annual open-house program of activities which occurs during American Education Week. This program of events, made possible through the close cooperation of parents, teachers, and students of the school, has for several years proved to be one of the most rewarding of the entire school year.

Monday, November 7, parents began responding enthusiastically to the cordial invitations issued by the school to each individual family, and throughout the remainder of the week smiling faces of parents could be seen in classrooms, hallways, homemaking and music departments, and gymnasium, or at noon in the school lunchroom, where an air of friendliness, understanding, and appreciation prevailed.

Each day from 10:45 to 11:15 and from 1:45 to 2:15 the eighth grade homemaking girls under the direction of their teacher, Mrs. Weldon Smith, served light refreshments to visiting parents.

Other organized groups added their services to make the occasion a success. The Good Manners Committee of the Citizenship Club under the leadership of their teacher sponsors, Mrs. Carl Morgan and Mrs. Hubert Hitt, and the student chairman, Jimmy Lee, registered the guests, conducted them on tours of the building and directed them to the classrooms they wished to visit. Members of the Building and Grounds Committee sponsored by Mrs. James Bardwell and the student chairman, Roger Bell, were

responsible for keeping the school and its equipment tidy and in good order. Directing traffic in halls and in group gatherings was the responsibility of the Health and Safety Committee under the leadership of faculty members, C. C. Brown and W. D. Welch, and student chairman, Jerrilynn Kane.

The activities of the week culminated in a program on Friday at 1:45 when the student body presented numbers in recognition of the music department, library, and Citizenship Club. This program was planned by the Program Committee under the direction of Mrs. Herbert Partridge and the student chairman, Jimmie Del Peysen, the entire student body participating in the performance. Outstanding performances were given by the Junior High band of 55 members directed by Harold Jackson and the girls chorus club of 30 members directed by Mrs. Bardwell. The Citizenship Club, embracing both the faculty and student body, presented a clever skit written and directed by Mrs. Partridge entitled "Citizenship Cures the Patient". Following this was a short number introducing the 22 student librarians and featuring the head librarians, Martha Kay Elliott and Joe Lynn McMahon, and Judy Boggs, an assistant librarian.

Outstanding individual performances were given on the program by the following students: Linda Kay Smith with her violin and Dianna Gaither on the piano; Joe McMahon as the doctor, Sara Offutt as the nurse, and James Holcomb as the patient in the Citizenship Club skit; Martha Kay Elliott and Judy Boggs in the library number; Shirley Howry, Lynda Smith, Ann Moorhouse and Cheryl Matthews in an Indian maid twirling routine with band accompaniment; and finally by John Massey, who, as master of ceremonies, announced the numbers.

A total of more than one hundred guests registered, a number of whom visited both during the week and again on Friday for the program.

Rhineland Girls 4-H Club Meets; Elects Officers

The Rhineland high school girls held their first 4-H Club meeting on Wednesday, November 16. Mrs. S. C. Kinsey, county home demonstration agent, gave the opening talk on club activities.

Officers were elected as follows: Valera Albus, president; Mary Albus, vice president; Janice Herring, secretary and treasurer; Lillian Decker, reporter; Jeanelle Kuehler, junior leader in clothing; Clarice Decker, junior leader in foods; Miss Kitty McElroy, adult leader; Valera Albus

Honors Won by Texas 4-H'ers

FOUR Texas 4-H Club members have won all-expense trips to the 34th National 4-H Club Congress in Chicago, Nov. 27-Dec. 1, for their outstanding records in the 1955 National 4-H Clothing, Food Preparation, Garden, and Home Improvement programs.

Texas' 1955 4-H Clothing champion is Regina Ann Cato of Vernon. The 18-year-old 4-H'er has made 134 garments in her club career. She will be the guest of Coats & Clark Inc. at the Club Congress.

Regina made a wide variety of apparel, ranging from aprons to a lined wool suit. She makes all of her own clothes and made dresses for her mother and grandmother. Besides silk and lined a wool suit, corduroy jacket, blouses and hat.

Regina served as clothing demonstrator and play leader for her club. This year she attended the State 4-H Roundup as a county delegate and helped with the dress revue where she did the narrations. Her teachers are Mrs. Willis Cato and Mrs. C. A. Schmacker.

Joanne Toepferwein, 17, of San Antonio, a 4-H'er for five years, has been named the state 4-H Food Preparation winner. Kelvinator will be her host at the National 4-H Club Congress.

Joanne has cooked and served over 2,900 meals and has helped with 261 others and planned almost 1,100.

Joanne has been a Jr. Leader under Mrs. R. L. Cook, has been president of the Northside Senior Club and has served on county committees. She has given 10 food preparation demonstrations, and cooks for a family of nine.

She is a member of the Girl Scouts, P.H.A. and other school organizations.

All these programs are conducted under the direction of the Cooperative Extension Service.

Carol Ansley, 18, of Wichita Falls, has been awarded state honors in the 4-H Garden program. His all-expense trip to the Club Congress is made possible by the Allis-Chalmers Mfg. Co.

In his nine years of 4-H, Bob planted 6 1/2 acres in garden. He learned soil conservation, rotation of crops, irrigation and entomology so that he could cope with the elements and insects.

He has given demonstrations showing how to plant and select the best quality vegetables for the table and food preservation. Bob is a member of the City View, Zandy Junior High and Senior High School 4-H clubs led by O. T. Freeman and G. A. Reeves.

Bob Bates, 18, of Wichita Falls, has been awarded state honors in the 4-H Garden program. His all-expense trip to the Club Congress is made possible by the Allis-Chalmers Mfg. Co.

All these programs are conducted under the direction of the Cooperative Extension Service.

Miss Bertha McNeill of Wichita Falls spent the week end with her parents, Mr. and Mrs. W. E. McNeill.

Mr. and Mrs. Aaron Edgar visited with Mrs. Edgar's sister, Mrs. Roy Rogers, in Memorial Hospital in Quanah last Sunday.

Mr. and Mrs. Alvin Hollar and sons, Ronnie and Randy, visited relatives in Fort Worth last Sunday and Monday.

ANNOUNCING....

CHANGE OF OWNERSHIP FOR THE JOHN DEERE AGENCY

This is to announce that Tommie B. Harper and J. D. Harper of Goldthwaite have purchased the John Deere Tractor and Implement Agency from H. E. Cockrell, and Tommie Harper is now in charge of the business.

We will move the agency into the Atkeison building, just east of Atkeison's Food Store, within the next ten days or two weeks and will soon be able to offer you every service from this location.

We've had several years of experience in the John Deere implement business, having owned and operated an agency in Goldthwaite for some six years.

Mr. Tom Oustad, who has many years of experience in the servicing of cars and tractors, will be in charge of our service department, and with others in this department can give you prompt and efficient service.

We've moved our families to Munday to become a part of the town and community. We want to meet the people and be of whatever service we can. Be sure to call on us when we can serve you with anything in the John Deere line.

Quality Implements

Tommie B. Harper, manager

Farm Tenure A Factor In Harvesting Of Cotton By Machine On High Plains

High Plains farmers in 1952 were in a position to weigh the economics of stripping versus handharvesting and to select the method that would yield the highest return. The early killing frost made the machine-harvest practical. Their decision was neither to handharvest their entire crop nor to harvest it all by machine.

Instead, says a study just released by the Texas Agricultural Experiment Station, most farmers chose to first go over their good acreage by hand and then complete the harvest by machine. Low yielding acreages were stripped by machine the first time over.

Tenancy, report W. G. Adkins and W. H. Metzler, appeared in both the 1951 and '52 surveys as an obstacle to the use of mechanized harvesting. Landlords object to machine-harvesting on the basis of grade losses and lower returns while the tenant profits

from the lower harvesting costs. Recent studies, say the economists, indicate that grade losses are a matter of harvest time rather than of the method used. The earliness of a killing frost was also found to be an important factor in determining which method of harvest would be used.

For the 1951 and 1952 seasons, 40 percent against 42 percent of all bales were machine harvested on the High Plains. Only 8 percent of the farm operators hand-pulled all of their cotton in both 1951 and '52, but 16 percent stripped all their cotton in 1952 against 8 percent in 1951. The combination of hand and machine harvesting was used by 84 percent of the farmers in 1951 and by 76 percent in 1952.

Full owners cut back on machine-harvesting while tenants increased their use of machines. In 1952 owners machine-harvested 45 percent of their cotton compared with 68 percent the year before. Tenants on the other hand jumped their use of machines from 26 percent in 1951 to 41 percent in 1952.

The research workers report that apparently little effort is made to use strippers to their potential. Strippers were used by most farmers for cleanup work rather than for harvesting the bulk of their crop.

The complete study is given in B-513, "Tenure and Mechanization of the Cotton Harvest, Texas High Plains" and is available

Can't Get Rid of Your Cold?

Then try 666, the wide-activity medicine, for greatest effectiveness against all symptoms of all kinds of colds. 666 combines 4 potent, widely-prescribed drugs and gives positive dramatic results in a matter of hours. Its combined therapy covers the complete range of all cold symptoms.

No other cold remedy can match 666 liquid or 666 Cold Tablets.

Spotlight on HEALTH

Deaths Rise with the Mercury

A sudden spell of hot weather brings a sharp increase in deaths, especially among the aged and the chronically ill, and increases the need for special care for such persons.

When, in early July in New York City, temperatures for six days of one week ran above 87 degrees—and on four successive days above 90 with a high of 96—deaths rose 39.7 per cent over those for the comparable week in 1954. The 1954 temperature averaged 71.1 degrees, with a high of 83.

Deaths from high blood pressure increased most—by 115 per cent. Vascular lesions accounted for an increase of 61.1 per cent and arteriosclerotic heart disease for 32.7 per cent. Cancer deaths increased by 31.6 per cent in the 1955 hot week over the figures for the 1954 week of moderate temperature.

As the numbers of persons past 65 in our population increase, the fatal effects of heat may be expected to become a matter of ever-growing concern. There are approximately 14 millions in that age group today and, by 1960, the number will have increased to about 16 millions.

Although diseases involving the heart and blood vessels are still common causes of death among the elderly, new scientific developments are producing drugs to combat them. For the painful heart condition known as angina pectoris, a new drug called Peritrate—a first cousin of the explosive nitroglycerin—has been established as the most effective in prevention of angina attacks.

For high blood pressure, there is a new drug, hexamethonium chloride, taken by mouth. It has been adjudged the most valuable agent for the control of runaway pressures. Its original oral form

has recently been combined with reserpine, the "tranquilizing agent" derived from the root Rauwolfia which Indian physicians have been using for hundreds of years. Studies have shown that the combination relieves symptoms of high blood pressure with small doses.

Heat is becoming less of a hazard to life and health as a result of medical discoveries, of new temperature controlling devices, and new advances in engineering. Single-room air conditioning units are now commonplace and the promise is made by heating engineers that year-around heating-cooling units, run by nuclear power, may be available for private homes in less than a decade.

from the Agricultural Information Office, College Station.

THE XMAS GIFT THAT KEEPS ON GIVING!

DALLAS—Mr. Nathan Adams and Mr. Ed Gossett, Co-Chairmen of the Savings Bonds Advisory Committee for the state, are urging all Texas Xmas Shoppers to include, among their Xmas purchases, "The Gift that keeps on giving: United States Savings Bonds." They said U. S. Savings Bonds for Christmas will help provide a brighter future... a Merrier Christmas year after year.

The co-chairmen advised that citizens of Texas had bought over 162 million dollars worth of U. S. Savings Bonds during the first 10 months of 1955. Bond sales

throughout Texas, from January 1 through October, totaled \$162,469,574, an increase of 19% over the same period for 1954.

Miss Henrietta Hertel, who is attending school in Wichita Falls, spent the week end with her parents, Mr. and Mrs. Bill Hertel.

CARD OF THANKS

We want to express our heartfelt gratitude to everyone for your gestures of kindness, your sincere sympathy, and your words of encouragement during the passing of Ricky Lynn.

Wanda, C. B., and Randy Barbee
Mr. and Mrs. Clyde Nelson
Mr. and Mrs. J. R. Barbee.

News Of Munday F. F. A. Chapter

The Munday F. F. A. big fun night of the year appeared to be a big hit, judging by the crowd. The gymnasium was filled to overflowing. Everyone seemed to have a bushel of good clean fun. The mechanical donkeys created plenty of excitement, as Tommy Hattox won first prize as a rider and received a dollar bill, Gwin Morris won second prize and Mr. McCall won third. These mechanical donkeys had plenty of tricks which kept the audience in an uproar and the riders getting up most of the time.

The basketball teams were rather evenly matched and they played a whale of a game. The faculty team, composed of Coach Stewart, Coach Spann, Coach

Welch, Band Director Jackson, Principal McCall, and their substitute Tooter Goodwin, played well, and sometimes were better players than riders when the donkeys thought they had ridden far enough and would not go any farther. Once in a while the players found themselves getting up after the donkeys had acted in such a way as to remove the load.

The F. F. A. team, composed of the highest salesmen of advanced tickets, made a good showing against the faculty team. The score was tied most of the time, and I really do not know how the score was at the end, all I know is that everybody seemed to get their money's worth.

Now the Munday Chapter wishes to thank everyone who contributed to the success of the game, especially do they wish to thank the Munday Times for the advertising they gave the game and the faculty team. The chapter netted \$105.50.

Mr. and Mrs. W. C. Nance and Mr. and Mrs. John E. Lane and daughters visited relatives in Vernon last Sunday.

Mr. and Mrs. Charles Finch of Arlington were week end guests of her parents, Mr. and Mrs. D. D. Clough.

Lloyd Haynie of Wichita Falls spent the week end with his parents, Mr. and Mrs. Charlie Haynie, Sr.

James Amerson of NTSC in Denton spent the week end with his parents, Mr. and Mrs. J. H. Amerson.

Bob Ballinger of Texas Tech in Lubbock was a week end guest of his grandparents, Dr. and Mrs. A. A. Smith.

"NOTICE"

We have every size farm for sale in the heart of irrigation. Contact Hollis Sweatt, Box 1228, Plainview, Texas. Office 104 E. 7th. Dial CA 4-6938 at Smelser Realty, Plainview. Good Land—Good Water—Good People. "You will like here!"

CARD OF THANKS

We are deeply grateful to all our friends for their cards, flowers and other expressions of interest in our welfare during Mr. Terry's stay in the hospital and since his return home. May God richly bless you all.

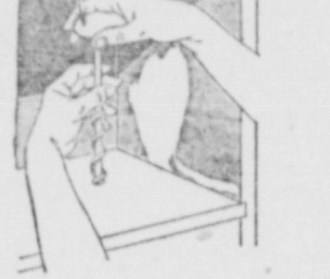

J. M. Terry and family.

Door Knob As Brace

USING a door knob instead of a brace, when confronted by the need to bore a hole in a confined area, the craftsman can

proceed without trouble, as shown in the illustration from Popular Mechanics.

Simply slip the knob on the shank of the bit and tighten the set screw so that the bit can be turned by hand.

The magazine suggests another emergency method: Use a ratchet wrench that has a square hole of the proper size for the shank of the bit.

Are You Looking for Money?

To finance, or refinance, your farm? To drill irrigation wells? To build new farm home?

Our loans carry only 4% interest, and 34 1/2 years for repayment, with the privilege of repaying any time without penalty.

See us each TUESDAY from 10 a. m. to 3 p. m. at the Production Credit Association office or at our Seymour office.

This Time it was Cooked ELECTRICALLY

... and look what happened to the big bird! Nothing but a stack of bones.

Reddy isn't surprised... neither is the family. They know Reddy has wonderful cooking ways with all kinds of food.

Best of all, when Reddy takes over, Mom is free of basting, oven-peeking and testing. All she must do is put the meal in the oven, set the controls and flip the switch. Reddy does all the work until it's time to serve.

How will YOU cook the next bird? If your Electric Range isn't installed yet, better see about it. There's still time to give yourself real cooking pleasure during the holiday season.

Live Better—Live Electrically

Knox Prairie Philosopher Says Ike Is Entitled To A Few Months To Decide--It Takes The Congress Years

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek discusses politics this week, without making much headway.

Dear editor:
It's not my job to advise the politicians, the way I see it, there is too much advice in the world already, especially farm advice, but it seems to me the politicians are starting in so early on the next election which won't happen till a year from now that by the time voting day rolls around everybody will be tired of the subject.

In fact, if farmers started working on next year's crops as early as politicians do on next year's election, no telling how big the surplus would be.

I sort of like the way President Eisenhower is handling the situation. He doesn't even discuss the matter.

I know there are a lot of people who wish he would say what he plans to do about running again, some Republicans want him to say so they can get in the race if he doesn't, others don't want him to say anything unless he can say yes, and some Demo-

J. A.

crats want him to stay quiet so it'll confuse the other Republican candidates, other Democrats want him to say something, provided it's no.

Personally, I prefer silence, for this reason. The other day I read an article about a big industrialist who said his plans for expanding his business were being held up until he found out what President Eisenhower is going to do, and that's the policy I use out here on my Johnson grass farm.

There are a few preparations I could be making now toward next year's farming activities, but I hesitate to do anything until I find out what the President is gonna do.

This is a sound policy, provided you don't carry it too far. For example, it wouldn't be a good idea to hold up all your efforts until you find out what Congress is gonna do. I tried this once and it was three years before I found out and even then I wasn't sure. People ought to be content to let the President take six months or so to make up his mind, when it takes Congress years.

Yours faithfully,
J. A.

R. F. Horan returned home last Friday after spending several weeks as a patient in the veterans hospital in Big Spring. He is reported to be doing nicely.

Mr. and Mrs. Billy J. Lain and children of Midland visited their parents, Mr. and Mrs. Fred Lain and Mrs. T. H. Armstrong, over the week end.

Miss Betty McNeill, who is attending Midwestern University in Wichita Falls, spent the week end with her parents, Mr. and Mrs. Earl McNeill.

KNOW YOUR FEET

By DR. WM. M. SCHOLL.

Comedians tell almost as many jokes about bunions as they do about mothers-in-law. But those unfortunate persons who suffer from bunions, and there are far too many such people, find nothing humorous about them. Few things can be so excruciatingly painful as a bunion.

A bunion, simply defined, is an inflammation and swelling of the "bursa," or fluid-filled sac, which encloses the great toe joint. It often is accompanied by a condition called "hallux valgus," or displacement of the bones of the great toe.

This frequently is so severe as to cause the great toe to overlap the second toe.

Primary cause of bunions is that old nemesis, the poorly fitting shoe. Shoes that are too short, extremely pointed or of any restricting shape force the toe backward and outward whenever pressure is brought to bear on the foot. Other causes are short or pointed stockings, weak or fallen arches, gout, and rheumatoid arthritis.

First step in the treatment is removal of the cause, or simply buying shoes and hosiery that fit properly. Most cases can be remedied by wearing the protective and corrective devices available in drug, department and many shoe stores.

In really severe cases, surgical operation may become necessary.

*Probably the world's best-known foot specialist, Dr. Scholl is the author of "The Human Foot, Anatomy, Deformities and Treatment."

Lee Bowden of Abilene was a week end guest of his parents, Mr. and Mrs. Levi Bowden.

E. L. Goolsby of Lubbock visited friends here one day last week.

Weekly Health LETTER

Issued by Henry A. Holle, M. D., State Health Officer of Texas

AUSTIN—Heart disease is the number one killer in Texas and last year there were 20,191 deaths from diseases of the heart, said Dr. Henry A. Holle, Commissioner of Health.

What kind of heart have you? The periodic check-up with your physician will tell you. The Tuberculosis Survey in the state conducted by the Texas State Department of Health has brought to light many non-tuberculosis abnormalities, some of these have been heart conditions.

Three frequent types of heart trouble are: coronary heart disease, hypertensive heart disease, and rheumatic heart disease.

Coronary heart disease is the chief killer and is a disease of the arteries which supply the heart muscle itself with blood. A majority of persons survive the first attack, and with good medi-

MAKE EVERY DAY S-D DAY

"Lying in bed all day isn't the answer, Hector—you observe S-D Day by driving safely for 24 hours!"

cal care, rest and common sense precautions, may even live a normal life span.

Another major cause of heart trouble is high blood pressure or hypertension. This is the most common heart disease of middle age. There is a great deal that is not known about this disease, but we do know that it is most com-

mon in people who are overweight, and that it is associated with long, continuous nervous strain, high tension and constant worry. Medical treatment of high blood pressure is fairly successful in many cases.

Rheumatic heart disease, the most common type of early life, occurs as the result of one or more attacks by the streptococcus germ. It is a public health problem for which much can be done in light of recent knowledge. Pro-

phylactic use of penicillin when streptococcal infections are present will prevent heart involvement.

Research in the medical sciences is constantly improving the outlook for the cardiac patient, yet each individual must assume the responsibility for obtaining the benefits of this knowledge from his physician for himself and family.

BUILDING MATERIALS AND SERVICES

For '56 choose FORD... America's Favorite Station Wagon!

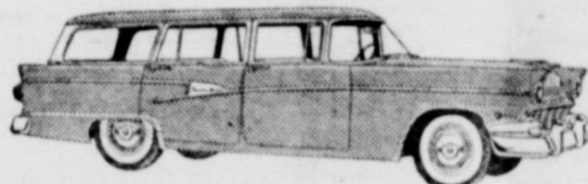

With Thunderbird Y-8 power... Thunderbird styling... and exclusive new Lifeguard Design

THREE WITH 4 DOORS

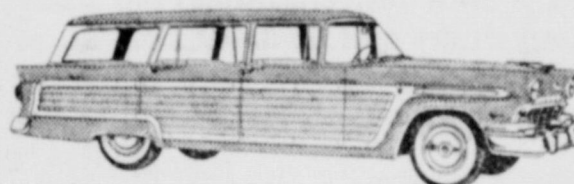

Eight-passenger Country Sedan

It's more stylish than ever this year, with exciting new colors... stunning interiors. Like the Country Squire, it has an easily removable 2-section rear seat. Four doors give easy access for all eight passengers.

Six-Passenger Country Sedan

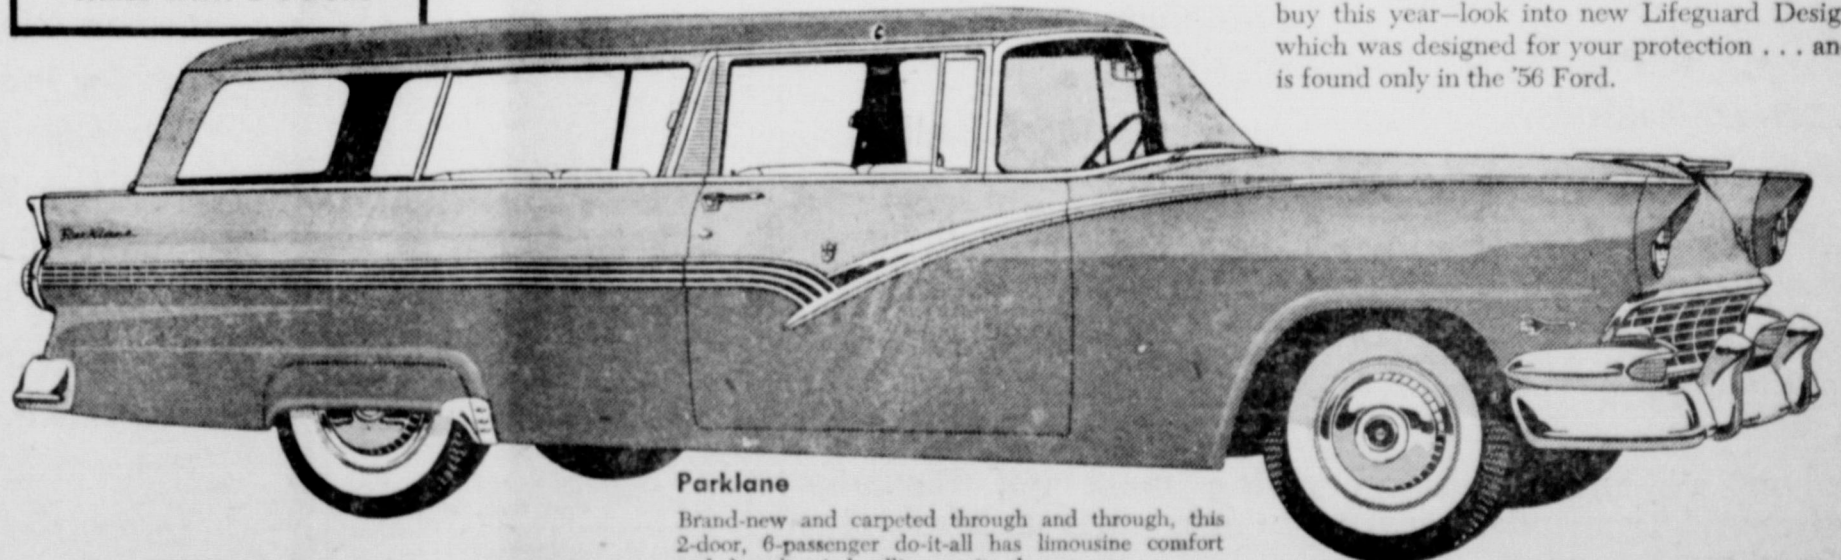

This model is designed for those who prefer 4-door convenience with seats for six. Like all Ford Station Wagons, it has fold-into-the-floor Stowaway seat.

Country Squire

A queen among all station wagons. Mahogany-finished steel panels with wood-grained, glass-fibre moldings give woodlike beauty to this 8-passenger dreamboat.

THREE WITH 2 DOORS

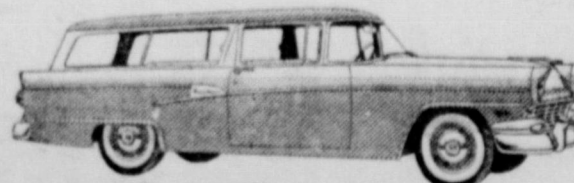

Parklane

Brand-new and carpeted through and through, this 2-door, 6-passenger do-it-all has limousine comfort and doesn't mind rolling up its sleeves.

Ranch Wagon

This all-around favorite has two wide doors, easily seats 6 people. As in all Ford Station Wagons, lift gate and tail gate can be operated easily with one hand.

Custom Ranch Wagon

A 6-passenger beauty that's at home on the range or in the city. Converts in a split jiffy from luxury liner to a super-spacious cargo carrier. Easy-to-clean interior.

Miss Charlotte Ann Williams And Mr. Ernest Perry Willson Marry Saturday

First Methodist Church in Munday was the scene of the Saturday wedding of Miss Charlotte Williams and Ernest Perry Willson Jr., both of Dallas. Rev. Doyle Ragle, pastor, officiated at the ceremony.

The former Miss Williams is the daughter of Mr. and Mrs. P. V. Williams of Munday. He is the son of Mr. and Mrs. Ernest Perry Willson of Dallas.

In the church decorated with arrangements of stephanotis and white pompon chrysanthemums and white candles, Mrs. Jack Ashby of St. Louis, Mo., sang the traditional wedding music.

Presented at the altar by her father, the bride wore a wedding gown of peau de sole and alencon lace with the regal neckline emphasizing the bodice embroidered with pearls and sequins. A cap of pearl-embroidered lace held in place the full-length illusion veil. She carried a bouquet of orchids, lilies of the valley and stephanotis.

Wearing gowns of shell-pink crystal gauze and carrying bouquets of cerise nosegays, the honor attendants were Mrs. Jerry Kane of Munday and Mrs. Joe Bill Pierce of Midland, Texas, both sisters of the bride. Mesdames M. J. Hassey of Dallas, Gwynn Daniels of Hot Springs, Ark., Jack Byrd of Colorado City, Texas, Jim Choates of Austin

and Miss Thelma Balcar of Dallas acted as bridesmaids wearing cerise dresses similar to the honor attendants and carrying bouquets of shell-pink nosegays. Miss Wanda Sue Kane of Munday was the flower girl.

With Ernest P. Willson acting as best man for his son and Johnny Pierce of Midland, Texas, acting as ring bearer, Guy McClintock and Bill Solley of Dallas, Charles Shurtliff of Paris, Texas, Roger Hanks of Wichita Falls, S. E. Ammons of Dallas and Joe Quinn of Santa Fe, N. M., served as groomsmen. Ushers included Jerry Kane of Munday, Joe Bill Pierce and Marvin Stetler of Midland, and Dick Williams, Russell Stevens and Don Abel of Dallas.

Mr. and Mrs. Williams were hosts at the reception immediately following the ceremony honoring the newlyweds in their home which was decorated with arrangements of cerise and shell-pink carnations and roses. Members of the house party from out of town were Mrs. Joe Quinn of Santa Fe, Miss Joyce Rucker of Dallas, Mrs. Frank Roberson and Mrs. Ruby Kethley of Abilene. Other members of the house party were Mesdames Travis Lee, Bessie McStay, A. H. Mitchell, W. R. Moore, C. P. Baker, R. L. Ratliff and J. C. Borden.

Out-of-town guests included Mr. and Mrs. Joe Bill Pierce, Midland; Mr. and Mrs. Joe Quinn and Mr. and Mrs. M. A. Romero, Santa Fe, N. M.; Mr. and Mrs. Wayne Murphy, Mary Alice Murphy, Mr. and Mrs. C. L. Pardo, Mr. and Mrs. H. N. Foster, Mr. and Mrs. M. W. Brown, Mr. and Mrs. J. Stanley Smith, Mr. and Mrs. Howard Yonkers and Mr. and Mrs. A. R. Maziseh, all of Dallas; Mr. and Mrs. Horace Apperson, Mr. and Mrs. Ralph Goolsby, Mrs. Ruby Kethley, Mrs. Frank Roberson, Lynda Jean Roberson, Miss Joan Maples, Mr. and Mrs. Joe L. Kethley, all of Abilene; Mr. and Mrs. Clyde E. Williams, Knox City; Mrs. Elmo Hooser, Mrs. Deaton Green, Seymour; Mr. and Mrs. John Cure, Mrs. Georgia Maples, Mrs. Elizabeth Cowser of Gore; Mr. and Mrs. Homer Lee, Mr. and Mrs. W. M. Huskinson, Wichita Falls; Mr. and Mrs. Norman Williams, Atlanta Ga.; Mrs. W. P.

MRS. ERNEST PERRY WILLSON

McLean and W. P. McLean Jr. of Greenville.

The couple, who plan to make their home in Dallas, are now on a wedding trip to the west Coast where they will fly to Hawaii. The bride's traveling costume was a suit of Windsor blue chiffon broadcloth with matching satin accessories.

The new Mrs. Willson is a graduate of Texas State College for Women where she was chosen as a Cotton Bowl duchess, redbud princess and class beauty. While at college she was a member of the Aglaian Social Club, Sigma Alpha Iota and the College and Modern choirs.

Presently a restaurateur, the groom attended Texas Technological College and received his degree from the University of Texas where he was a member of Kappa Alpha Fraternity.

Mr. and Mrs. Joe Duke and Jo Ann of Wichita Falls were Sunday guests of Mrs. Duke's parents, Mr. and Mrs. A. B. Warren.

Goree Woman's Study Club Opens New Club Year

The Goree Woman's Study Club opened a new club year with two very interesting and entertaining programs. Mrs. W. M. Taylor, Mrs. Sam Hampton, Mrs. Orb Coffman and Mrs. H. D. Arnold were hostesses for a very nice dinner in the home of Mrs. Taylor on October 24.

Mrs. Arnold, president of the club this year, gave greetings to 15 members and one guest, Mrs. Johnnie Quisenberry of Seymour. Mrs. Taylor, program chairman, briefly summarized the highlights of the year's study, "Strength Through Service."

On November 3, the club women were received in the home of Mrs. Orb Coffman for a delightful and interesting lecture and view of slides by Mr. Dan Davis of Lubbock on his trip to Germany and other European countries. Mrs. Coffman, Mrs. Reuben Bates and Mrs. Doris Rogers were hostesses to 81 club members and guests.

Mrs. Clyde Yost and Ronald Clyde and Mrs. Chan Hughes and Chan attended the General Motor's Parade of Progress at Midwestern University in Wichita Falls last Sunday afternoon.

Mr. and Mrs. Curtis Faulkner and children of Pecos were visitors in the home of her sister, Mrs. Johnny Peysen, and family, over the week end.

Mr. and Mrs. M. H. Dean visited relatives in Abilene and Coleman last Sunday.

One of the most practical things I've seen in a long time — a cook book for the young miss! Put out by B.H.&G., entitled "Junior Cook Book," the loose-leaf book that looks "just like mother's" with the familiar "plaid cover design, on a smaller . . . contains illustrations and full-color pictures of dishes, with recipes thoroughly tested and guaranteed almost fool-proof, and a minimum of kitchen mess, hallelujah! Before she even starts the book will tell her how to measure, how to select the right size pan and what some of the cooking words mean. There are excellent do's and don'ts for safety, too. And, although the dishes are "grown up" there are a few things that are so darn cute that the adults will get a big kick out of it also. For instance, there's a Hansel and Gretel Cooky House — made with fig bars, gumdrops, etc., that would make a wonderful party centerpiece. Do take a look at this new book — and by the way, Christmas is closer than you think!

Heard a story today of a man who got out of a tight spot when he forgot his wife's birthday by telling her there was nothing about her that reminded him that she was a year older! Now, that's fast thinking!

If you're a roller user when painting — here's an easy way to clean it. Take an empty disposable milk container . . . cut through three sides of the top . . . drop in roller . . . and half-fill with solvent. Close the top and shake. Roll over newspapers, etc.

Been concerned with depressions in a carpet caused by furniture legs? Try this — it usually does the trick. Vacuum the area thoroughly . . . loosen the pressed-down fibers by scraping with a coin . . . then sponge the area sparingly with lukewarm water, and wait a few minutes. Repeat the process again if necessary.

Band Practice At Rhineland Begins

Band practice at Rhineland has begun under the direction of Peter Loran and Miss McElroy. The band will play in the Rhineland Lone Star Band for the Thanksgiving festival.

First Cornets are Clarence Decker and James Edrington; trombone, William Bellinghausen; baritone, Vincent Loran and Alois Schumacher; saxophones, Jimmy Fetsch, Cecil Kuehler, Norbert Brown, Gerald Kuehler; snare drum, Maynard Moore; bass drum, Jerry Bellinghausen.

Rehearsals for the Christmas

Munday Study Club Meets To Study The "Sooner State"

Mrs. R. D. Atkeison acted as director for the Munday Study Club's November 19 program, "From Teepee to Tower", a study of Oklahoma. Mrs. Atkeison gave a history of the "Sooner" state and discussed the five Indian tribes of Oklahoma, as well as some of her famous personalities.

After giving a good background of the state, Mrs. Atkeison presented Mrs. Doyle Ragle, who

program have been started by the A Capella Choral Club and band.

talked on "Oklahoma Today". Mrs. Ragle covered every fact of present day Oklahoma, tracing its many achievements in the fields of agriculture, industry and education. Her discussion was interspersed with colored slides, visually emphasizing many of the historic landmarks and colorful celebrations.

Music from "Oklahoma" was furnished by the Fine Arts Committee.

Mrs. C. P. Baker will be director for the next meeting of the club, the Christmas program, December 9. Daughters of members will be guests for the day.

Medical Society Meets At Munday

Members of the Tri-County Medical Society, composed of doctors of Haskell, Baylor and Knox Counties, heard an educational lecture by Dr. Travis Smith of Abilene, councilman of the 13th district, at their monthly dinner meeting held recently in Munday.

They also saw an educational film, which was shown in the office of Dr. R. L. Newsom. The wives met in the office of Dr. C. Eiland and reorganized the doctors' wives auxiliary. Meeting with them was Mrs. Frank Armstrong of the 13th district council.

Mrs. J. Massa of Seymour was elected auxiliary president, and Mrs. Wilson, also of Seymour, was named secretary.

Rhineland Lists Honor Students

Honor students of Rhineland High School for the past six weeks, averaging a grade of "A", are as follows:

Seniors—Valera Albus, Juanita Decker and Lillian Decker.

Freshmen—Clarice Ann Decker.

The following had a grade average of "B":
Seniors—William Bellinghausen, Vincent Loran and Clarence Decker.
Juniors—Allis Schumacher.
Sophomores—James Fetsch, Mary Janelle Albus, Janelle Kuller, Catherine Fetsch, Joyce Friske and Lois Mae Moore.
Freshmen—Gerald Kuehler, Lucille Redder and James Edrington.

SPECIAL THANKS TO OUR WHITE FRIENDS

We, the members of The Church of God in Christ, wish to express our thanks to all of our white friends who have contributed to our fund for repairing our church in our past drive. To Mr. Bud Nelson and the Chamber of Commerce who contributed \$25, to Mr. Chan Hughes, Dr. R. L. Newsom, H. A. Pendleton, W. E. Braly, who gave \$10.00 each, to the white pastor of the Weibert Baptist Church for the doors and windows and to everyone who helped us in any way.

We are starting our drive again and will have church services on

Cloth Net for Vise

WHEN working with small parts at your workbench, use a cloth net so they won't drop to the floor. As illustrated in Popular Mechanics, the cloth is supported on a wire frame from the under side of the bench top. The heavy wire is bent into a U-shape. Ends of the wire slip into screw eyes for easy removal when the net is not in use.

Edges of the cloth may be hemmed to fit over the wire.

ATTEND RELATIVES FUNERAL ON MONDAY

Mr. and Mrs. Don Boyles and Mrs. Boyles father, Mr. Callahan, were in Duncan, Okla., over the week end to attend the funeral of Mrs. Boyles' brother-in-law, Guy Simpson, of Wichita, Kans.

The Boyles received word that Mr. Simpson suffered a heart attack while on a hunting trip and died soon after reaching the hospital. Funeral services were held Monday, with burial in a Duncan, Okla., cemetery.

Mr. and Mrs. Don Boyles received word last week that Mr. Boyles' parents, Mr. and Mrs. Chas. H. Boyles of Clinton, Okla., were in a car accident near Clinton and both were being hospitalized for injuries received in the accident. Although still in the hospital, reports early this week were that both were getting along fine.

Thursday and Friday nights, December 1 and 2, in order to raise money for this worthy cause. Rev. E. J. Odum of Abilene will be in charge of the services. Anyone wishing to help us may contact Mrs. M. H. Hendrix or mail their check to the Munday Lumber Company, where we are getting our supplies.

Mrs. M. H. Hendrix, sec'y.

BENJAMIN NEWS
(Mrs. H. C. Stone, Cor.)

Mr. and Mrs. Darr Snalum and family of Robert Lee were guests of Mr. and Mrs. Lee Snalum and Jerry on Monday night of last week.

Mrs. Frank Hill and Mrs. G. E. Rodgers were business visitors in Wichita Falls on Monday night of last week.

Mrs. Rufus Benson and Mrs. V. O. Benson were visitors in Seymour on Tuesday of last week.

Mrs. Catherine Hertel and Mrs. Olga Bivins were business visitors in Wichita Falls on Tuesday of last week.

Week end guests of Mrs. Jewel Stark were Mr. and Mrs. Johnny H. Fain and sons of Fort Worth.

Mrs. Leroy Melton, Jr., and daughter left last Friday to visit her mother, Mrs. Ralph May in Newburgh, N. Y.

Mr. and Mrs. Buddy Conner and son visited her grandparents, Mr. and Mrs. W. P. Loper, in Durant, Okla., last week end.

Week end guest of Mrs. J. B. Welch and Willie Lois was her mother-in-law, Mrs. J. B. Welch of Dickens.

G. E. Rodgers was a business visitor in Dallas on Wednesday and Thursday of last week.

ADDING MACHINE PAPER now in stock 20c cents roll standard size, 2 5/32 in. Munday Times. 43-16

As an aid to stockmen, dairy-men and poultry producers, the extension entomologists have prepared a leaflet, "Guide for Controlling External Parasites of Livestock and Poultry". It is available from the office of your local county agent. Now is the time to get several of the parasites.

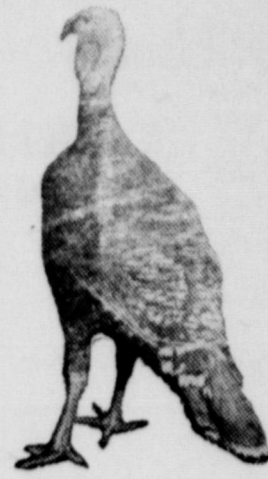

Thanksgiving

THIS MONTH WE CELEBRATE a day inaugurated by our forefathers to give thanks for the harvest, wrested from a hostile land at the sweat of their brows and often the risk of their lives.

We in the insurance business know of thanksgiving days which come to some every day in the year. They are the people who, with worldly possessions damaged or destroyed, have been saved from financial loss or even ruin by the blessing of insurance.

They are the frugal people who have had the foresight to guard themselves against the hostile elements and the other hazards which threaten our daily existence, against which our forefathers fought and had no such protection.

Yes, we have many things to be thankful for in this great country of ours — and one of them is the institution of insurance.

Charles Baker Insurance

Railroads are vigorously promoting a so-called "Cabinet Committee plan" to restrict public controls over transportation rate-making—returning such power to railroad hands.

Both Protect You...

Both Are Modern!

Your rights and privileges as an American citizen are protected by the Constitution, a unique and magnificent document whose principles are as sound today as when written, over 150 years ago.

Through the years, amendments have been added to keep the Constitution up-to-date.

The same is true of the regulatory powers of the Interstate Commerce Commission. Congress has enacted more than 150 amendments to the Interstate Commerce Act since it was passed in 1887, completely overhauling it twice.

In principle, present ICC regulations governing the various transportation systems are pertinent, constructive, and modern in concept. Under these principles, we have developed the greatest competitive transportation system in the world!

A man living in a small town was in Chicago and, just for a prank, he sent a telegram to a friend. "All is discovered; flee at once. (Signed) You know who." When the traveler got back home, the man was gone—and never did come back.

Then there was the man who left home near supper-time to go for a loaf of bread. Fourteen years later, he walked back into his home and said, "There's the bread." His wife said, "You certainly took a long enough time." He replied, "Well, if you're going to fuss about it—" and he walked out and hasn't been seen since.

When Ad Wolgast died last spring, none of the writeups I saw about the old-time lightweight boxing champion mentioned the oddest occurrence in the history of that sport—the double knockout in which Wolgast was a participant.

As I recall the accounts published along about 1911 when it happened, Ad and Joe Rivers, a hard-hitting Mexican, were fighting. Wolgast then was champion. Each landed a terrific wallop at the same time and both men went down, Wolgast falling on top of his opponent. I don't recall whether the referee counted or simply waited. But, in any event, Ad was the first to regain consciousness and when he staggered to his feet, he was proclaimed the winner.

A visitor in Memphis, Tenn., as he walks along the street senses the lack of something. After a while, he figures out the missing element: noise, specifically, honking. Cars and trucks glide along almost soundlessly. It's restful to the nerves, in contrast with the tooting elsewhere, 95 per cent of which is unnecessary and senseless. For example, a driver sees a friend so he honks and disturbs everyone else in

hearing distance and the friend looks around, smiles weakly, waves faintly and walks on, wondering who in thunder it was, because the motorist's face was obscured in the darkened interior of the car.

Mr. Crump, the political "boss" of Memphis didn't like noise and so there is an ordinance even though Mr. Crump is no longer living. More people are in hospitals in this country from mental ills than from physical woes. We are becoming short-tempered and neurotic; and noise is one of the chief reasons.

Gulf's New Super-Refined GAS-OIL TEAM

...for more miles per gallon

Gulf No-Nox burns clean. Here's proof: Note the black deposit, on plate at left, caused by the "dirty-burning tail-end" of gasoline—the part which Gulf refines out in making New Super-Refined NO-NOX. But see how clean new NO-NOX leaves the plate at right.

Prove it in your own car. Now—on the road in your own car—see for yourself how New Super-Refined Gulf NO-NOX can give you the best in motor performance and protection... plus more miles per gallon in the kind of short-trip, stop-and-go driving you do most.

...for more miles per quart

Gulfpride Select works clean. Here's why: Most oils are refined only to the stage shown in Graduate A. Gulfpride Select is further refined by the Alcholor Process, removing up to 15% more of the carbon-formers, shown in Graduate B. Graduate C contains new super-refined oil.

Prove it in your own car. This new oil can give you more miles per quart because it has natural viscosity (body)—contains no artificial thickeners that break down in service.

REMEMBER: No gasoline alone can give you today's finest performance... no oil alone can give you today's finest protection. Get the super-power Gas-Oil Team...

NEWS FROM VERA

(Mrs. Thelma Lee Coulston)

VERA SCHOOL NEWS

The Junior and Senior Classes solicited ads for their annual last Thursday, November 17th. They wish to express their sincere thanks to all those who bought ads.

Mothers of the Pep Squad Girls and football boys will meet Monday morning, November 28th at the school building to plan the high school football banquet.

Plans are now being made for community Christmas program. Vocational Agriculture teacher, Roy Alsop, attended the district F. A. Teachers meeting in Olay on November 17th.

Grade school observed book week (Nov. 7 through 11). They made several interesting displays. The first, second, third, fourth, fifth and sixth grades made posters and book marks. The third grade made boats from directions given in their arithmetic books. The first and second grades made pictures to illustrate the poems they found that showed their children observing book week.

The Junior and Senior classes wish to extend their thanks to friendly merchants of Seymour, Goree, Munday, Knox City, Ineland, Hefner and Vera for their support in the Halloween festival. All the prizes were highly appreciated.

The Vera 4-H Club met recently with 23 members and the home demonstration agent present. An interesting talk on after-school clubs was given by the agent.

Following officers were elected: President, Barbara Kay; vice president, Marianne; secretary - treasurer, E. Fuller; song leader, Peggy; and reporter, Freida. Mrs. J. A. Fuller is the club leader.

Mr. and Mrs. Ben Campbell of Newport, Louisiana, came Saturday for her mother, Mrs. W. C. by, who had been visiting her sisters, Mrs. Jim Hefner and Mr. and Mrs. Jess Hefner. Mrs. Hobby will make home with her daughter and family. Family night was observed at First Methodist Church last Saturday night. Everyone brought a gift and fellowship and a soiree was enjoyed afterwards.

Miss Peggy Armstrong attended a two-day special institute for women personnel of West Texas Utilities Co. in Abilene on Tuesday and Wednesday.

get Bobby's equipment. He had been doing custom combining there.

Rev. S. A. Wolfe's father left Friday for Pampa to visit his daughter and family for a while.

Edd Trainham and Finis Bratcher, who are employed in Wichita Falls, spent the week end with their families.

Mrs. Clifford Roberson entertained the Matrons Club members in her home last Thursday afternoon.

Mr. and Mrs. Paul East of Carter, Oklahoma, visited Sunday with her aunt, Mr. and Mrs. Edd Allen.

Mrs. James McGaughey and Mrs. Wesley Trainham attended the Knox County Home Demonstration council in Benjamin last Friday afternoon.

Airman 1st Class Paul Roberson of Parks Air Force Base, California, visited his grandmother, Mrs. Jim Roberson, recently. Paul is the son of Floyd Roberson of Truscott. He was enroute to Istanbul, Turkey, for duty with the U. S. Joint Military Assistance Advisory Group.

Mr. and Mrs. Clyde Couch and Betty visited in the home of Mrs. Couch's brother, Mr. and Mrs. Bob Turnbull of Haskell last Saturday.

Miss Jessie Myers visited recently at her home in Eldorado, Oklahoma. She was accompanied home by her mother, Mrs. Minnie Myers.

Mrs. Monk Bradford and children visited over the week end with Monk and Mrs. Billy Bradford in Abilene.

Paul Weiss, Sonny Hrbache, Clyde Feemster, Calvin Christian and Larry Hardin returned home Sunday night from a deer hunt in Mason County. The group bagged five deer.

Mr. and Mrs. Milton Kirby visited Sunday with her mother, Mrs. Amalie Bohac in Megargel.

Mrs. Lucile Couch and Linda of Munday spent Sunday with Mr. and Mrs. Clyde Couch and Patty.

Misses Betty Stodghill, Dee Owens of Crane and Nell Wilburn of Electra, who are attending Nurse's Training School in Wichita Falls, visited Miss Stodghill's mother, Mrs. Lucile Stodghill, and other relatives over the week end.

Miss Peggy Armstrong attended a two-day special institute for women personnel of West Texas Utilities Co. in Abilene on Tuesday and Wednesday.

FIRST TEXAS ENTRY

First Texas entry in the 1956 Maid of Cotton contest is blue-eyed Peggy Seay of Floresville. The brown-haired contestant is a student of the University of Texas majoring in home economics. She is presently on leave from the university studying speech and drama in San Antonio.

Peggy's high school and college years have been filled with honors and activities. At Pleasanton, Texas, High School, she was Duchess of Texas State Grange, "Best Dressed" girl, "Annual Queen," Lantana representative and "Favorite." A sophomore in college, Peggy was executive chairman of the dance committee in "Freshman Follies" and was "County and District Farm Bureau Queen."

The 1956 Maid of Cotton contest is open to any girl born in a cotton-producing state who has never been married, is between the ages of 19 and 25, and at least 5 feet 5 inches tall. Entry forms and complete information can be obtained from the National Cotton Council, P. O. Box 9905, Memphis 12, Tennessee. All entries must be returned to contest headquarters postmarked no later than midnight December 1, 1955.

The winner will be selected December 28 and will leave for a glamorous six-month international tour as goodwill and fashion ambassador for the cotton industry. She will visit more than 40 cities in the United States, Europe and Canada. The tour will open officially January 31 at Nassau, Bahamas.

State Teachers To Meet Nov. 24th At San Antonio

The 77th annual convention of the Texas State Teachers Association will be held Nov. 24-26 in San Antonio, Charles H. Tennyson, executive secretary, has announced. Approximately 8,000 teachers are expected to attend.

Following a theme of "Education—Freedom's Hope," the convention will open with a Thanksgiving Service in the Municipal Auditorium. Dr. Carlyle Marney, pastor of the First Baptist Church in Austin, will deliver the sermon.

Speakers for other sessions will include such notables as Gen. Carlos P. Romulo, Philippine ambassador to the United States; Dr. Alexander Stoddard, retired superintendent of the Los Angeles, Calif., public schools; Dr. Andrew Holt, vice president of the University of Tennessee; Waurine Walker, immediate past president of the National Education Association; and Henry Stillwell, president of Texarkana College.

James Amerson of NTSC in Denton was a week end guest of his parents, Mr. and Mrs. J. H. Amerson.

Mrs. Ann McClaran and John McClaran of Archer City visited relatives and friends here over the week end.

REMEMBER The Boggs Bros. Furniture

For your mattress work.

All work guaranteed.

We also have a nice stock of New and Used Furniture.

Mrs. W. T. Crouch of Arlington spent last Wednesday night with her aunt, Mrs. Lee Haymes, and Mr. Haymes.

Mr. and Mrs. E. R. Ponder were guests of their son, Dicky, for the Father's Day week end at Texas Tech in Lubbock.

John Lightfoot of DeLeon was a guest of his sister-in-law, Mrs. A. E. Womble, last week.

Claud Larry Hill of Texas Tech in Lubbock was a week end guest of his parents, Mr. and Mrs. Claud Hill.

Mrs. Frank Fancher and children of Dallas visited her parents, Mr. and Mrs. Tom Price, over the week end.

Mrs. Terry Harrison attended market in Dallas the first of this week.

Sunday guests in the home of Mr. and Mrs. John Rice were their nieces, Mrs. Nadine Spurgin, Mrs. Minnie Bell Touchstone and Mrs. Francis Pritchard of Anson.

Week end guests of Mr. and Mrs. Leland Hannah were Mr. and Mrs. Jim Choate and Miss Charlotte Hannah of Austin and Mr. and Mrs. Troy Denham and children of Lueders.

Watch your Step!

Be sure you get a **Modern Truck**

Look for new **CONCEALED SAFETY STEPS**—a mark of today's most modern trucks that new Chevrolet Task-Force trucks bring you. They stay clear of snow, mud and ice to give you firmer, safer footing.

This is just one of the ways you're way ahead with new Chevrolet trucks! They're today's most modern truck. And that holds good under the hood! These handsome huskies offer you the shortest stroke V8's* in any leading truck. Or, you can have the most modern valve-in-head six on the market. All engines have

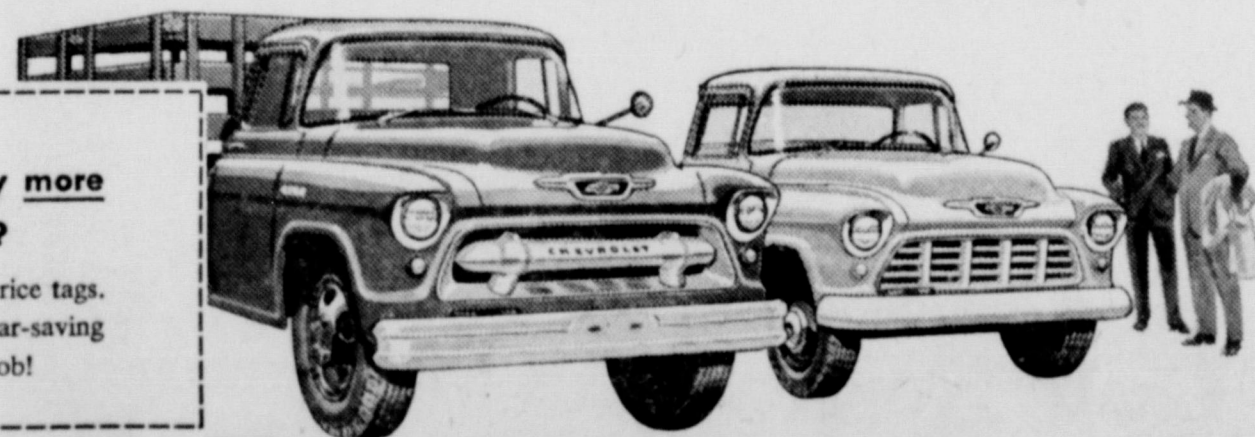

a 12-volt electrical system. You get today's most modern cab, too—with advanced features like the sweeping panoramic windshield, bigger side and rear windows, and High-Level ventilation. And you get the most modern truck styling going. Chevrolet trucks are Work-Styled for your job.

Still another thing you'll like about new Chevrolet trucks is their modern Ball-Gear steering. It makes turning and maneuvering far easier. Come in and see why anything less is an old-fashioned truck! *V8 standard in L. C. F. models, optional in most other models at extra cost.

New Chevrolet **Task-Force** Trucks

Watch the Deal! Why pay more for an old-fashioned truck?

New Chevrolet trucks wear the same low price tags. No increases! Come in and check our dollar-saving deal on the most modern model for your job!

The Bargain Store -- Munday, Texas

Moguls Down Merkel 19-14 To Close '55 Season

Ending their 1955 season in a blaze of glory, the Munday Moguls downed the Merkel Badgers here Friday night, 19 to 14 in the final game for both teams and one of the local boys' hardest fought games of the season. The victory moved the Moguls into a third-place tie with the Badgers in district 8-A play. Both teams have a 7-3 season record.

It was a defensive battle during a greater part of the half, but the Moguls scored first in the second quarter with less than a minute of play remaining. The kick for extra point was good, and they led at the half 7-0.

Merkel scored in the first minutes of the second half to even the count, then scored later to take a 14-7 lead.

It was Quarterback Glen Amerson who broke the back of the Badgers in the fourth period, scoring on an 85-yard run that carried about 68 yards from scrimmage. It appeared to be bottled up for a loss, but broke into the open and went all the way to make the score 13 to 14. Later in the fourth, the Moguls attempted a long pass which was incomplete, but pass interference was ruled on the 1-yard line. On the third down, Wyman Tidwell went over for the winning touchdown.

Munday's first score came on a pass from the 10-yard line to End Lee Bruce, who snatched it up with a shoe-string catch in the end zone.

Merkel came back in the third with Quarterback Larry Rutledge passing 20 yards to McLeod for the tally. Conversion was by Quarterback Phillip Pursley.

The short-lived lead for the visitors came early in the fourth on a Rutledge to Pursley pass covering 37 yards, and Rutledge then kicked the goal.

Defensive standouts for Merkel were Halfback Larry Joyce and McLeod. For Munday they were End Gerald Tidwell, Defensive End Buddy Womble and Amerson.

First downs were tied at 11 each. Munday gained 210 yards rushing, and the visitors 270. The Moguls garnered 39 yards passing to the Badgers 87. Merkel intercepted one Mogul pass, but lost the ball twice on fumbles. Munday was penalized five times for 35 yards, and Merkel three times for 25 yards.

Over the past twenty years new finishing processes have revolutionized the fashion field by giving cotton a large variety of new finishes. Now cottons are produced that are suitable for year-round wear.

Give young plants in winter pastures time to develop a good root system, before turning in the livestock. Grazing too early can result in depleted stands and a corresponding loss in production.

WEEK'S NEWS

CHRISTENS THE SARATOGA—Mrs. Charles S. Thomas, wife of the Secretary of the Navy, christens the giant carrier USS Saratoga at launching ceremonies at the New York Naval Shipyard in Brooklyn.

NEW GOVERNOR—Walter A. Gordon (right), Chairman of the California State Parole Board, is sworn in as Governor of the Virgin Islands by U. S. Chief Justice Earl Warren, as Interior Secretary Douglas McKay looks on.

FRENCH IMPORT—Pert and petite French star Brigitte Auber, who has a top role in Alfred Hitchcock's "To Catch A Thief," models a striking evening gown. The bouffant skirt of white tulle is topped by a form-fitting bodice of black lace, halter-strapped.

WIRE FOR SAFETY—Steel wire makes tire treads rupture-proof and prevents tire tread failure in new line of Royal Master safety passenger car and truck tires by United States Rubber Co. Tire engineer Dr. H. S. Howe points to safety shield formed by wire layers.

SANTA GETS READY his first boxcar shipment from Winston-Salem, N.C., of Hanes seamless stockings for West Coast Yuletide gifts. Hanes employee, Betty Jeanne Stokes, helps Santa pack this glamor shipment that will make 271,000 pairs of legs look smart coming and going.

Farm Exports Up In First Quarter Of Fiscal Year

United States agricultural exports for the July-August-September quarter of the current fiscal year were 20 percent higher than for the same period last year. Exports were valued at \$720 million, as compared with \$595 million for the corresponding period of 1954-1955.

During the first quarter of the current fiscal year exports in all major commodities, except cotton, showed an increase over the corresponding quarter of 1954-55. The value of cotton exports, amounting to \$40 million, was only 35 percent of the total for the same period of the previous year.

In August, latest month for which official returns are available, farm exports totaled \$222 million, 17 percent above August, 1954.

Expansion of purchasing power available abroad, and an increase in foreign consumption levels for agricultural commodities, particularly in Western Europe, are favorable factors in the foreign market. United States agricultural exports are having to compete against larger foreign output, however, and in the case of a few commodities, against lower prices.

United States agricultural commodities have met a steadily increasing world trade since World War II. United States agriculture, however, has not been participating in the increase. During the Korean conflict, U. S. farm exports increased, but declined thereafter. Foreign exporters on the other hand, have increased their sales. With United States cotton exports off during July, August and September the de-

line in U. S. exports appears to be continuing into the current fiscal year.

The bolstering effect of sales and donations under United States government programs has been considerable in the past year. Substantial Purchase Authorizations made late in 1954-55 have been resulting in large exports sales in 1955-56.

Too Late to Classify

FOR SALE—Dairy Barn Drive Inn cafe in Knox City. See Joe A. Jungman at Munday, Texas. 1tp

FOR SALE OR RENT—Modern 2-bedroom home, attached garage, large lot. Can buy my equity or re-finance GI or F. H. A. Tom Bullington, phone 5031 or 5571. 18-1fc

A current favorite in kitchen decor is the use of cotton fabrics that feature the identical print of wallpaper in the room.

School Favorites Are Recognized At Half-Time Ceremony

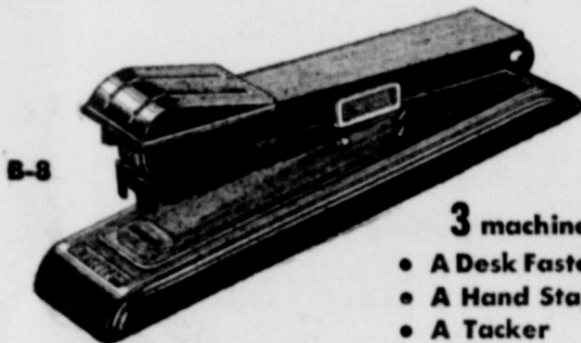

For the half-time entertainment Friday night, the Mogul Band and Pep Squad recognized the favorites of Munday High School. These favorites were chosen by either the student body or different organizations in high school.

The formation made by the band was by far the most difficult formation of the year. The band, after doing several precision movements, formed the letters—W E R 4 U—followed by the pep squad joining the band in spelling out the word TEAM. The band and pep-squad saying, "We are for you team", then recognized the following favorites of 1956 who came forward: most outstanding boy, Waymon Smith; most outstanding girl, Margaret Yandell; friendliest boy, Lester Phillips; friendliest girl, Pat Putnam; senior favorites, Jerry Lindsey and Patsy Parks; junior

favorites, Lee Bruce and Imo Decker; sophomore favorites, Don Elliott and Jackie Sokora; freshman favorites, Bunny Norvill and Rebecca Bryan; band favorites, Charles Walker and Jacqueline Clowdis; future homemakers of America boy friend, Edward Melton; annual king and queen, Jerry Lemley and Carlene Morgan; Hallow'e'en carnival, Gary Cure and Shirley Eubank. At this time Glenda Guffey, football sweetheart of 1956, elected by the football team, presented Nolan Morgan, elected Mr. Football of 1956 by the band and pep-squad, with a gold necklace engraved with "Mr. Football, 1956."

Quality birds sold in top market condition are the turkeys which please consumers. The next few weeks may be considered the critical period so far as prussic acid poisoning in livestock is concerned. Prussic acid forms in members of the grass family, especially Johnson and sudan and sorghum group, following wilting. Caution should be exercised in putting livestock on susceptible plants following the frosts.

For School and College BOSTITCH Personal Stapler

3 machines in 1
• A Desk Fastener
• A Hand Stapler
• A Tacker

Every Student should have one

- to . . . ATTACH PAPERS SECURELY;
- FASTEN BOOK COVERINGS;
- BIND THEMES INTO COVERS;
- TACK UP PICTURES AND BANNERS;
- SEAL LUNCH BAGS;
- FOR HUNDREDS OF EVERY-DAY USES.

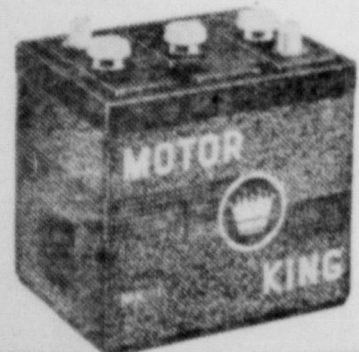

Easy to use on desk or in the hand. Compact to carry in bag or pocket. Built by Bostitch for years of use. A really good stapler, for only 2.95
