# **Stamford Wins Over Hillsboro**

After two unsuccessful trys in the past, the Stamford Bulldogs took the Class AA state schoolboy football championship at Abilene last Monday by downing the Hillsboro Eagles 34 to 7.

In the other two trys at the championship the Bulldogs bowed to Terrell, the champions, in 1952, and were defeated by Phillips in 1953, with the Phillips team going to regional championship. But this year, the Bulldogs swept through 15 opponents to take the championship.

McClellan scored the victors' first two touchdowns on runs of 30 and 22 yards, with Stevenson and Campbell getting the fourth and fifth scores on short line plunges. Quarterback Jackie Mills got the third Bulldog tally on a two yand slant off guard.

Hillsboro's lone tally came on a three-yard charge by Halfback Joel Terry in the fourth quarter, after Stamford had gained a 34-0 lead. Joe Lloyd Terry kicked the extra point.

Hillsboro lost five fumbles, and Stamford turned four of them into touchdowns. The Eagles had two of their 12 passes intercepted. Stamford lost one fumble and had one pass intercepted.

It was the Bulldog defense that chilled the Hillsboro hopes and sent Stamford's fans home in a jubilant mood.

Holiday guests in the home of Truly a stage production you will were Mr. and Mrs. Kenneth Hardren in Haskell while here.

Midland, Mr. and Mrs. Doris and Z. T. Armstrong of Califor-

# EDITORIAL PAGE

"What a man does for himself dies with him—what he does for his community lives on and on."

Published Every Thursday at Munday Aaron Edgar and Grady Roberts . . . . Owners Aaron Edgar . . . . . . Editor and Publisher Entered as second class matter January 1, 1919, at the postoffice in Munday, Texas, under Act of Congress, March 2, 1879.

### GRASS ROOTS OPINION

Pensacola, Fla., Standard: "Buy your stocks from reputable brokerage houses, do not invest in the many uranium and oil stocks until you have consulted with a brokerage expert, who has investigated the stock, and never buy hurriedly. . . to get in on a windfall profit, which must be taken advantage of immediately."

Maryville, Tenn., Enterprise: "Electronics can even be a very decisive prenatal influence in a pig's life: it is now possible to record the genealogical records of hybrid sows on punched cards and have them fed into a complex business computing machine which thereupon will produce a card describing the kind of boar and sow needed to produce the healthiest and heftiest baby pigs. Old McDonald's farm was never like this!"

Antigo. Wisc., Daily Journal: "One of these days someone will demand that Washington guarantee profitable operation for those engaged in distribution as well as for those engaged in production. They probably won't get it, with producers and consumers united in opposition, but it will stimulate some logical thinking."

#### ANOTHER RECORD

In a late week, U. S. electric power production reached a new high record of more than 11,000,-000,000 kilowatt-hours. Only 16 years ago, in 1939, the biggest week known until then saw 2,500,000,-000 kilowatt-hours flow off the generators. And it wasn't until 1947, a mere eight years ago, that a 5,000,000,000 kilowatt-hour week was realized.

This country's power demand has soared at jetplane speed. The demand has been met-in the great majority of cases by regulated private utility companies. And these utilities, incidentally, constitute one of America's biggest and most dependable sources of taxation for government at all levels.

### NEW MOOD

Last November Sth, citizens of widely scattered states voted on proposed bond issues for roads, public housing, water projects and other purposes.

The result, in the words of U.S. News & World Report, clearly indicated "a new mood" on the

### THE X-RAY HOLDS THE KEY

People are sometimes critical because, on entering a hospital for treatment of a specific ailment, they are required to take a chest x-ray. To the layman, this may seem a needless bother and expense.

Writing in Today's Health, a publication of the American Medical Association, David S. Goodman explains the truth of the matter. He says: "The next time you go to the hospital with an infected toe, don't be surprised if you must have a chest x-ray. . . . An infected toe may be painful and quite real to you, but unfortunately, many of our most deadly diseases-tuberculosis, cancer and heart ailments-may exisit and grow within us to an alarming extent without the slightest warning signs. If doctors could find them early, they could nip them in the bud. . . . the x-ray film often holds the key to what becomes of each patient." Mr. Goodman then cites a list of typical case histories, in which routine x-rays disclosed unsuspected serious disorders, and permitted treatment in time.

Modern medicine, American style, is not only concerned with handling physical troubles whose symptoms are plain. It is designed, as well, to prevent disease-or, failing that, to detect it at the earliest possible moment.

### THE GERMAN EXAMPLE

West Germany's economic recovery, after a war in which she suffered total defeat and unimaginable material destruction, has been a modern-day miracle.

And how did Germany accomplish this? The Oregon Voter explains it in these words: "The Germans. . . . have gone straight to the key principles of free enterprise upon which the U.S. industrial power was built. They have put free enterprise to work. . . . "

urged to give government more and more power at the expense of free enterprise, can certainly

"AND THE LORD ADDED" Turn to the second chapter of Acts and read the incident of that memorable day. Peter was the chief spokesman and in his takes care of both. sermon he showed that Christ is the promised Messiah and that God made Him both Lord and Christ. The people who heard the sermon were "pricked not need to seek membership in in their hearts and said unto the church of his choice. The Peter and the rest of the apos-Lord saves him and adds him to tles, men and brethren, what the church of God's choice. No shall we do? Then Peter said unman nor group of men can keep to them, Repent and be bapa saved man out of the Lord's tized, every one of you, in the church, nor can they vote an name of Jesus Christ for the reunsaved man into the Lord's mission of your sins, and ye church. For men to claim the shall receive the gift of the authority to open and close the Holy Ghost." Then in verse 41 doors of the church is to claim authority nowhere taught in the Bible.

we read; "They that gladly received his word were baptized: and the same day there were added unto them about three thousand souls." Now verse 47: 'And the Lord added to the church daily such as should be saved."

Please notice the scriptural teaching. When the people heard the gospel and obeyed the words of Peter they had the promise of salvation. When they were were added in being saved.

The Dallas Morning News and your home town newspaper make up a tempting bundle of information and entertainment every day.

### In The Dallas News you get:

Quick news from everywhere — Pictures and Cartoons — Sparkling Sports News — A whole section of Women's News — Tested recipes — Advice on health and beauty — Etiquette — America's finest comics — Oil News — Business News — Farm News — Late quotations on farm products and livestock - Sound editorials — and on Sunday a big magazine with features and fiction.

Start your day with this big portion of facts and fun. You can subscribe now for \$1.75 a month. Simply call your local Postmaster or write The Dallas Morning News, Dallas, Texas.

**Chevrolet's** taught dynamite

THE MUNDAY TIMES

# good manners!

With its frisky "Turbo-Fire V8," this Chevrolet is pure dynamite, all right. But it's beautifully mannered, tooquiet, well-behaved, instantly obedient to your slightest signal!

Nudge the accelerator and you're aware of the split-second chain reaction of your toe to the "Turbo-Fire"! There's your dynamite -with horsepower ranging up to a high of 205. The car is built for its power, too-with a low, low center of gravity, well distributed weight and wide-apart rear springs. There's your stability, and safer handling! All doors have safety latches-and instrument panel padding and seat belts, with or without shoulder harness, are available at extra cost. Directional signals are standard. Come in and try a new Chevrolet!

THE HOT ONE'S EVEN HOTTER

# **Gulf's Super-Refined GAS-OIL TEAM**

for more miles per gallon ... more miles per quart

plus: instant starts ... fast, fuel-saving warmup .. complete engine protection

Gulf No-Nox Gasoline burns clean

Here's proof: Note the black deposit on plate at left, caused by the "dirty-burning tail-end" of gasoline-the part Gulf refines out in making New Super-Refined NO-NOX. But see how clean new NO-NOX leaves the plate at right. Now-in your own new 1956 car-see how clean-burning NO-NOX can give you more miles per gallon in the short-trip, stopand-go driving you do most.

**Gulfpride Select Oil works clean** Here's why: Most conventional oils are refined only to the stage shown in A. But New Gulfpride Select is further refined by the Alchlor Process-removing up to 15% more of the carbon-formers, in B ... C contains the new superrefined oil that gives you more miles per quart because it has natural viscosity (body)-contains no artificial thickeners that break down in service.

Get the new super-power team

week end.

infant death rate is less than half the rate in 1940. State Health Commissioner Henry A. Holle attributes the difference to better pre-natal care.

The mother of the New Year's baby will be better off too. Her counterpart of 1940 ran a death risk seven times greater than to day's mother runs during the birth process. Dr. Holle credits improvements in maternal care with making the difference. And finally, it will be easier

for the physician who attends the birth of the New Year's baby to keep up with the details than it was in 1940. State Registrar W.

D. Carroll has devised a "Physician's Birth Memorandum," pad of miniature birth certificates on which the facts of birth can be noted on the spot.

Then, back at the office, it is a simple matter for the physician's clerk to transcribe the facts from the miniature to the fullsized birth record form as required by law.

Mr. and Mrs. De Troy Trammell and daughter of Chickasha, Okla., spent the Christmas week end with his parents, Mr. and Mrs. Frank Trammell.

### A New Year

It is certainly a blessing that we have our allotted time on this sphere divided in to years, for they provide, a pause in our daily routif ...e. which gives us an opportuit. for introspection.

F

F

The coming of a year to an end enables us to review the past and use it as a basis for comparison with which to plan for the future.

The beginning of a new year is a time for retrospection and resolution, a time when hindsight can be turned into foresight. Thus each year we can profit from our mistakes and chart the new year's course with the experience gained from the old.

Foolish indeed is the man who does not use this pause in his daily life to re-evaluate himself and resolve to make the changes needed to improve his character and forward his career!

of 60 participating powerboats shove off with a load of evacuees, while Civil Air Patrol planes fly reconnaissance overhead. If the United States
