

Kracker Krumb's

Odd Bits Salvaged
By The Editor

Yes, we are living in a marvelous age!

k-k
Years ago, we used to marvel at the fact we could be driving along the highway at 60 miles per hour and listen to lovely music or programs coming in over the car radio. We couldn't understand just why the speed of the auto wouldn't throw the radio waves out of kelter.

k-k
During World War II, we would read with awe how the monstrous Army tanks were being transported to the battlefields by airplane. Our somewhat below par laymen's brain just couldn't comprehend how the air we breathe could also be made to lift anything as heavy as an Army tank.

k-k
Then there was also the walkie-talkie means of communication, which caused quite a bit of consternation upon our part.

k-k
And we still can't quite understand how we can sit in our own den and view live programs that are taking place in New York, San Francisco, or any part of the world by means of television. Or how we can carry on across the ocean conversations by telephone.

k-k
We marvel, too, at how men can be launched into outer space, orbit around the world within a few hours, make three or more complete orbits, land in the ocean, are rescued and live to tell the story. Also at how the huge guided missiles, now installed at strategic points across the nation, can be launched within a few minutes and sent on missions of destruction.

k-k
Another marvelous and awesome thing to our way of thinking was last week's launching of the now famous Telstar satellite, and how that sphere now in orbit can receive and transmit messages to various designated points. Guess we just don't have a scientific mind!

k-k
We were relieved somewhat by Glenn Shelton's column last Monday about the Telstar, in which he had this to say:

k-k
"Launching of Telstar, and use of the orbiting satellite, was doubly satisfying because its purposes are entirely peaceful and can in no wise be interpreted as militarily inspired. Moreover, it isn't just for Americans, but to serve mankind everywhere."

k-k
"It was in the finest traditions of American inventive genius—in the tradition of the development of the telephone itself, the cotton gin, the steam engine, the airplane and other tools that have proved such a boon to men everywhere. It ranks moreover, second only to the man-in-space achievement in importance."

k-k
Want to beat the heat? Then here are some ideas advanced by the American Medical Association that might be of help to you:

k-k
Wear light, loose clothing—the less the better. Stay out of the sun. Eat your regular diet. Don't go overboard on cold cuts, salads, etc. Drink more liquids than usual. Don't take extra salt if you have liver or kidney trouble, or a heart condition.

k-k
Take a shower or a dip in the pool once or twice a day. It will help you cool off. Get a lot of rest and sleep. On hot nights, put a mattress on the floor. Sometimes the air is cooler and circulates better there.

k-k
Don't work on the lawn or garden during the hottest part of the day. Work in the early morning or at twilight. Exercise moderately. Don't overdo sports or work.

k-k
Too long exposure and too much exercise in the hot sun may produce sunstroke. Prolonged excessive heat, in or out of doors, may produce heat stroke.

k-k
Do, or don't do, these things and perhaps you can be cooler during this hot weather. But the fact remains, like the remark George Nix heard us make some two weeks ago and ribbed us to some extent about it, "This hot weather is hard on a fat man!"

k-k
We remained fairly cool Saturday afternoon and Sunday, though. We stayed in our air-conditioned den and watched the ball games.

Your hometown merchant is your friend Patronize him first!

Munday Wins Second Place In Teen-Age League

Members of the Teen Age Baseball League played their last game last Thursday night at Haskell, beating them 4 to 3. The league is composed of Haskell, Knox City, Munday and Rule.

Haskell won the league with a 9-2 record, with Munday beating them both games. Munday won second with a 5-3 record.

Munday's record for the season:

Player	AB	R	H	Avg.
Couch	21	11	4	.190
Decker	27	10	8	.289
Cumba	13	1	4	.308
Thompson	17	1	1	.359
Flores	21	5	12	.444
Friske	17	3	4	.235
Lane	25	3	3	.120
Moore	22	5	6	.273
Floyd	12	1	3	.250
Boozier	32	4	5	.156
Bradly	2	1	0	.000
Parker	4	0	0	.000

Boozier made the only home run for Munday. Flores hit two three baggers with Decker, Couch and Moore hitting one three bagger each. Flores also hit 2 two base hits as did Decker with Couch, Moore, Floyd, Cumba and Friske hitting one each.

Pitchers	Won	Lost
Decker	3	0
Cumba	3	2
Flores	2	1

Farm Safety Week For Knox County

County Judge L. A. Parker, pictured above with Homer A. Martin, president of the Knox County Farm Bureau, has officially proclaimed July 22-28 as Farm Safety Week in Knox County.

In his official proclamation, Parker said: "Accidents result in disabling injuries, and often death to many farm residents each year. These accidents are responsible for needless suffering and incapacity, and greatly effect the well-being and progress of our agricultural population in our county, state and nation. A vigorous farm accident prevention education program will be conducted during this week with the theme 'Family Safety—At Work and Play'."

Mr. Martin said that a different phase of safety would be emphasized each day during the week: Sunday, reverence for life; Monday, safety begins at home; Tuesday, agricultural chemicals; Wednesday, prevent falls; Thursday, rural highway safety; Friday, farm machinery; Saturday, recreation safety.

District Masons To Meet At Rochester

A meeting of the 91st Masonic District Association will be held at Rochester on Tuesday evening, July 24.

A feed will be served at 7 p.m. followed by an enjoyable program. The district is composed of Masonic Lodges in Baylor, Knox, Haskell and Throckmorton Counties.

All Masons of the area are urged to attend.

SHE'S OUR FIRST

Hi! My name is Donna Suzanne Munson. I arrived at the Hendrix Memorial Hospital at 6:48 p.m. Monday, July 16, 1962. I weighed 7 pounds and 1 1/2 ounces and am 19 1/2 inches long. My proud parents are Mr. and Mrs. Don Munson of Abilene. I am the first grand child for Mr. and Mrs. Howard Voss of Munday. My other grandparents are Mr. and Mrs. Joseph Munson of Clyde.

ATTEND G. E. SHOWING

Mr. and Mrs. A. C. Boggs, Sharon and Chris, were in Lubbock last Sunday, where they attended a showing of the new General Electric appliances for 1963.

Pictured above are, 1 to 6, top row: Danny, son of Mr. and Mrs. Doyle Lowrance; Georgie, son of Mr. and Mrs. George Spann, and Mary Denise, daughter of Mr. and Mrs. Marvin Zeissel; middle row: Wayne Allen, son of Mr. and Mrs. Donald Johnson; Judy, daughter of Mr. and Mrs. Richard Herring, and Deann, daughter of Mr. and Mrs. Doris Dickerson; bottom row: Jerry, daughter of Mr. and Mrs. K. D. Walker; Erick, son of Mr. and Mrs. Tommy Dickerson, and Randal, son of Mr. and Mrs. Bill Kennibrough.

Production Credit Groups Are Urged To Observe National Farm Safety Week

STAMFORD — Farm organizations and cooperating agencies and groups across the nation will join together in observance of National Farm Safety Week, July 22-28.

As proclaimed by President Kennedy, all persons and organizations allied with agriculture are urged to join in the effort to reduce the number of farm, home and highway accidents. The week is sponsored by the Department of Agriculture and the National Safety Council, in cooperation with various other farm agencies and organizations.

The Stamford Production Credit Association, agricultural financing organization, serving an eight-county area of West Central Texas, is among the area agricultural groups participating in the week's observance.

"We urge all our stockholders

and all other farming and ranching people to participate in the observance, and to help decrease the alarming number of accidents occurring to our agricultural population," declared J. L. Hill, general manager of the association, owned and operated by farmers and ranchers in Dickens, King, Knox, Kent, Stonewall, Shackelford, Haskell and Jones counties.

Hill pointed out that although the farm population is only 8.7 per cent of the nation's total, farm and ranch people suffered 13 per cent of the motor vehicle deaths in 1960 and 13 per cent of the non-fatal motor vehicle accidents.

According to National Safety Council figures, Hill said, fatal accidents to farm and ranch residents in 1960 totaled 11,300 with disabling injuries reaching a total of 950,000. Accidents included motor vehicle, home, work, and public nonmotor vehicle.

Although motor vehicle accidents counted for nearly half of farm resident deaths, home and work accidents caused 680,000 disabling injuries, in comparison to only 180,000 disabling injuries due to motor vehicle accidents, he explained, emphasizing the necessity of good safety practices at home and at work on the farm and ranch.

About 1,000 persons are killed each year in farm tractor accidents, the PCA executive said, and 45,000 nonfatal accidents involving tractors occur each year. He warned against carelessness, darning or sporting liberties while driving a tractor in the field, on the farm or on the highway.

The 37 Production Credit Associations in Texas, home-owned and operated, provide \$400,000,000 in agricultural credit to 30,000 Texas farmers and ranchers each year. Since their organization in 1933, the associations have furnished more than \$3 billion in agricultural credit in Texas.

NEW DAUGHTER ARRIVES

We have the most exciting news to tell and it's that we have a little sister. We are Chris, 3, and Ronnie, 2, Phillips and our little sister made her arrival at 11:45 a.m. on Friday, July 13, 1962. Her name is Janie Ann and she only weighed 6 pounds and 6 ounces and our mommy and daddy, Mr. and Mrs. Joe Lynn Phillips, won't even let us hold her cause we might hurt her. We only have one grandmother, Mrs. Annie J. Floyd, and three great grandmothers. Mrs. Ida Scott, Mrs. Jim Phillips and Mrs. W. A. Floyd. With all of us and one little girl, won't she be a spoiled one!

HOME FROM VISIT

Mr. and Mrs. John Michels, Johnnye and J. W., arrived home last Tuesday night after spending two weeks with their son-in-law and daughter, Mr. and Mrs. Ernest Descoteaux and sons, Chris and Paul, in Nashua, New Hampshire. They spent a week at the beach, where Mr. Michels and Mr. Descoteaux went deep sea fishing. The family reported they had a wonderful time.

Four Accidents Investigated In County For June

The Highway Patrol investigated 4 rural accidents in Knox County during the month of June according to Sergeant Frank Jirek, Patrol Supervisor of this area.

These wrecks accounted for four persons injured and an estimated property damage of \$1,055.00.

The rural traffic accident summary of Knox County from January through June of 1962 shows a total of 21 crashes. As a result of these crashes there were no persons killed and 24 persons injured. The estimated property damage amounted to \$9,486.00. This compares with the first six months of 1961's total of 20 rural crashes killing no persons, injuring 10 persons and causing an estimated property damage of \$15,935.00. In a statewide comparison the total number of traffic fatalities are practically the same as they were this last year.

The current SLOW DOWN AND LIVE summer campaign has played an important role during the last several years in acquainting motorists, especially speedsters, with the danger of vacation and the ever-present hazards of the highways during the crowded summer months.

Farm Bureau's Queen Contest Set For Friday

The Knox County Farm Bureau's annual queen contest will be held at the school gymnasium in Knox City at 8:30 p.m. Friday, July 20, it was announced this week.

A total of seven contestants have entered the contest this year. They are as follows: Patricia Burgess, Paula Horne and Lynda Navratil, all of Gilliland; Martha Kay Waldrip and Samatha Graham, Knox City; Sandra Massengill, Munday, and Vicki Coulston of Vera.

Members of the queen committee are Mrs. Homer Martin, Jean Schwadlenak, Lee Bruce, Jerry Tomaneck and L. W. Welch. The public is cordially invited to attend this contest.

Dr. Herschel H. Hobbs, president of the nine-million member Southern Baptist Convention, will be principal speaker for the annual rally of the District 17 Baptist Brotherhood at Hardin-Simmons University Aug. 3.

Dr. Hobbs, pastor of the First Baptist Church of Oklahoma City, will speak twice during the afternoon-evening rally, said Lowell W. Queen of Abilene, district Brotherhood president. His first talk, at 5 p.m., will be on "Southern Baptists and World Missions." His closing address at 8:30 p.m. will be on "A Great Door Is Opened Unto Me," theme of the rally.

More than 1,000 Baptist men are expected for the rally from the 11 West Central Texas counties that make up the district.

Hiway Cafe Will Open On Friday

Mr. and Mrs. L. R. Beasley, formerly of Rochester, announced Wednesday that they will open the Hiway Cafe here on Friday morning. Free coffee and doughnuts will be served all day Friday.

We'll Build Lake President Claims

"Have patience, for we will, in the future, build the lake that you voted by a big majority to build," said L. B. Patterson, president of the North Central Texas Municipal Water Authority, last Monday when he announced that the 11th Court of Civil Appeals at Eastland had upheld validity of the water authority. Mr. Patterson's statement to the general public follows:

"I presume most everyone has, by this time, learned of the ruling of the 11th Court of Civil Appeals at Eastland in which it upheld the decision of Judge Sterling Williams of Snyder, who sat in Judge Ben Charlie Chapman's

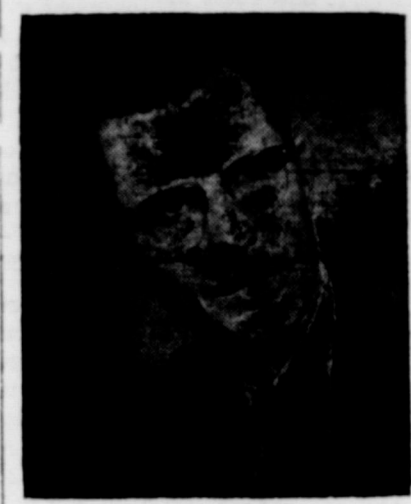

chair at Haskell, in the trial testing the validity of the North Central Texas Municipal Water Authority.

"Mayor J. E. Walling of Haskell has said that the case will be appealed to the Supreme Court at Austin. It will likely be December before we will get a decision from the Supreme Court, as it will go into a 60-day summer vacation the first of August.

"I am still confident that we will build the lake; and we, as directors will do everything possible to speed up the building of the lake. Our counsel which represents and instructs us, is as good as any in Texas.

"It is quite different when you are on the inside looking out and trying to work this out, than it is when one is on the outside looking in—and, perhaps criticizing. We are appealing to the general public, asking you to have patience; for we will, in the future, build the lake that you voted by a big majority to build."

Brotherhood Meet Set At Knox City

Rev. Emil Becker, pastor of the First Baptist Church at Stephenville, will be principal speaker for the quarterly meeting of Haskell-Knox Association Brotherhood, which will be held at the First Baptist Church in Knox City on Thursday night, July 26.

Supper will be served at 7:15 p.m., to be followed by the program.

Rev. Becker is a former pastor of the Knox City church, and many will welcome an opportunity to hear him again.

Plans are being made for 500 men of the association to attend this meeting.

Little League's Playoff To Begin Thursday Night

The area playoff of the Little League baseball will be held in Munday Thursday, Friday and Saturday nights. The public is cordially invited to attend. There will be no admission charge but a collection will be made during game time.

The first game will be played Thursday, July 19, at 8 p.m. between Knox City and Munday. The winner of that game will play Haskell Friday night, July 20, at 6 o'clock. At 8 o'clock Friday night Crowell and Rule will play Finals will be played Saturday night, July 21, at 8 o'clock.

Arch Hughes of Iowa Park, district director, named Charles Baker as tournament director and Desmond Dulaney of Haskell as assistant director.

Committee chairman are as follows: Concession stand, Mrs. A. C. Boggs; grounds, Hugh Beatty; collections, O. O. Putnam; announcer, Howard Emerson; scorer, Al Cartwright.

Weather Report

For seven days ending 7 p.m. July 17, 1962, as compiled by H. P. Hill, U. S. Weather Observer.

Patterson New Commissioner In Contest Ruling

Judge Lewis M. Williams of the 50th District Court ruled last Thursday that Rex A. Patterson was the Democratic nominee for Commissioner of Precinct No. 2 of Knox County in the first contested election in the county in the past 22 years.

After canvassing the votes by Judge Williams and the two attorneys, the results indicated that Patterson had defeated W. W. Trainham by 24 votes.

Patterson, in the original hearing, would not agree to the canvass of the votes, but insisted that Trainham must prove illegality in the voting.

Votes in the three boxes of the precinct, Benjamin, Brock and Vera, showed 205 votes for Patterson and 181 for Trainham, the incumbent.

Knox City Soldier Goes To Thailand

FORT BUCKNER, OKINAWA (AHTNC) — Army Specialist Four Roosevelt Jackson, 25, whose wife, Luberta, lives in Knox City, Texas, is a member of the 9th Logistical Command which recently moved from Fort Buckner, Okinawa, to Thailand to support U. S. combat forces in that area.

Specialist Jackson's unit and elements of other Army units were deployed at the request of the Thai government. More than 5,000 U. S. troops are now stationed in Thailand, a country which is a vital link in the SEATO chain of defense against aggression to free countries in Southeast Asia.

Jackson, who arrived on Okinawa last April, is a radio relay operator in the command's 999th Signal Company.

He was graduated from Fred Dugless High School in Anson, in 1958 and entered the Army in January 1959.

His father, William Jackson, lives in Lovington, N. M.

Mrs. Vela Smith, Knox City, Dies; Rites Wednesday

Mrs. Vela Cypert Smith, 53, a resident of Knox City most of her life, passed away at 11:30 p.m. Monday at the Knox County Hospital. She had been seriously ill for several months.

She was born in Haskell County on July 10, 1909, and married Marlin Smith of Granbury on December 15, 1936. They lived in Hood County for several years before moving to Knox City.

THE PRICE OF GASOLINE

The average service station price of regular grade gasoline (excluding tax) in 1960 was only 4.5 per cent above the 1950 level. By way of contrast, average retail prices for all items rose 23 per cent over the same period and in many cases were much greater.

Moreover, price is not the only arbiter of value. Quality is a big factor. And the gasoline consumer has been getting a continually improving product at prices that have not reflected the quality advance. For instance, between 1950 and 1960 U. S. refiners improved the average octane rating of both regular and premium grade gasoline by about 8 points. The motorist today can buy regular grade gasoline that has a higher quality than the premium gas of only five years ago—and at a lower price. Incidentally, it now costs the industry an average of about \$200 million for each increase of one number in the octane rating.

Finally, it will be noted that the comparisons carry the phrase "excluding tax." And that's a very important matter. The federal gas tax is 4 cents a gallon, and that of the states runs up to 8 cents. So, on the average, the tax equals about half of the pre-tax service station price of the fuel. If gasoline really is over-priced, this extortionately high tax is the cause of it.

THERE IS POISON IN YOUR HOME!

How are you fixed for poisons in your home? That is far from an idle question. For, says the American Medical Association, there are 250,000 products in home use which contain some form of poison. These serve necessary and desirable functions. But, on the debit side, 600,000 children manage to poison themselves each year, about 500 fatally.

These poisons include cleaning and polishing agents, detergents, cosmetics, paint, and a next-to-endless list of other items. The best of all safety precautions is to keep them under lock and key. But that is not practical in many cases—so the AMA offers a number of precautions that should be kept eternally in mind:

If your child takes something that is possibly poisonous, call a doctor at once—don't wait for developments. Never transfer poisons from their original, marked containers. Never leave a child alone when you're working with cleaners, polishers and other poisons—and wash contaminated utensils immediately. Give medicines only in a lighted room and discard old medicines no longer in use. When you get rid of hazardous materials, put them where children can't reach and rummage into them.

These rules are simple. They may prevent a terrible illness—and even death.

COURTING UNEMPLOYMENT

Demands for unreasonably short work hours and higher and higher wages will be the incentive for the invention and use of more and more labor-saving equipment.

Will the next step be to pay some people for not working in order to reduce a labor surplus the same as some farmers are paid to not plant in order to prevent overproduction?

Our economy can stand the strain of inflation up to a point just like a balloon—then boom—and we start over.

There is no hedge against a wooden nickel.

PAYROLLS AND PURCHASING POWER

It is commonly believed that wage increases are good, for the reason that they increase purchasing power.

But this idea, as John Davenport of Fortune magazine observed in a recent speech, is an economic illusion, which arises from a failure to distinguish between wage rates and total payrolls.

In his words, "For instance, if a firm is employing 20 men at \$2 an hour, but would employ 25 men at \$1.90 an hour, payrolls would advance even though wage rates fell.

"Per contra, if a firm is employing 20 men at \$2 per hour and wages rise to \$2.25, it may be forced to cut back employees to only 15 men.

"In this case, purchasing power has actually dropped even though wages have advanced. The wage rate is only part of the equation.

"What makes up purchasing power is payrolls." And, it can be added, if wage rates are forced up to levels that weaken an enterprise's ability to compete in the market place, and thus causes a loss of business, payrolls and purchasing power have no way to go except down.

THERE'S NO "RIGHT" TO STEAL

It is reported that passage of a foreign aid bill restriction against seizures of American property aboard has become a likely prospect. The provision would cut off aid to any nation which seizes property owned by United States citizens and does not take adequate and proper steps toward fair compensation or arrange for settlement.

It's hard to see how anyone can oppose such a policy. Foreign governments, including those which are communist dominated, have cynically confiscated American properties of huge value—notably utility and oil companies—and either paid nothing, or made payment in worthless or near-worthless notes, securities and currencies.

The right of eminent domain belongs to all governments—but it involves paying the fair market price for the property thus taken over, and without avoidable delay. It doesn't imply the right to steal and hijack.

PALMER, ALAS. THE FRONTIERSMAN: "It is not a pleasant subject to talk about continual erosion of the dollar, and to think that the great country we live in, abundant in raw materials and natural resources . . . would find itself in the monetary mess that looms on the horizon. How long will the American public be fooled?"

CORONA DEL MAR, CALIF. ENSIGN: "One of the reasons we are losing ground in our fight to defend our constitutional Republics and its private enterprise system of economy is ignorance of the value of competition and free enterprise and the profit motive. In fact, 'profit' and 'capitalism' are getting to be smear words, whereas they are, in truth, essential to the preservation of individual liberty."

GILLESPIE, ILL. NEWS: "We have been a nation blessed. We must have won favor in His eyes, otherwise we would not have prospered as we have. We should proclaim to the world that we are Americans—a free people, proud of our heritage, and that we are prepared to defend it."

CHURCH OF CHRIST

GOREE, TEXAS

A Plea For Christ

The plea for the church of Christ is to restore the apostolic church, which simply means a complete return to the original ground of the New Testament church, and take up things just as the apostles left them. Such an appeal involves the going back beyond all human creeds, councils, and ecclesiastical authorities, to Christ and the inspired apostles, and restore all things wherein there has been apostasy.

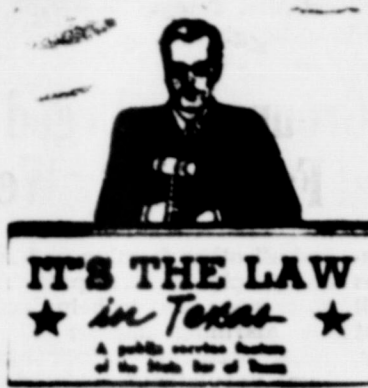

This plea is not to reform some church, or "the church." The original church of Christ needs no reformation. Neither does this plea mean the establishment of another church, or some new church. What the world needs is the original church of Christ, in all its primitive faith, worship, and practice.

A Plea For The Name Of Christ

He who says there is nothing in a name is not familiar with the scriptures. Salvation is in the name of Christ. "Neither is there salvation in any other, for there is none other name under heaven given among men, whereby we must be saved." (Acts 4:12). Remission of sins is in the name of Christ. "And that repentance and remission of sins should be preached in his name among all nations, beginning at Jerusalem." (Lk. 24:47). Christians are those who wear Christ in their lives. "The disciples were called Christians first in Antioch." (Acts 11:26). "Yet if any man suffer as a Christian, let him not be ashamed; but let him glorify God on this behalf (in this name)" (1 Pet. 4:16).

The chief person in christianity is Christ. The fact that he was the Christ, the Son of the living God, was the central truth in all the preaching of the inspired apostles. People were commanded to believe in Christ (Acts 8:36-39). Repent of their sins (Acts 17:30; 2:38). Confess Christ as the Son of God (Acts 8:37; Rom. 10:9-10). Be baptized for the remission of sins (Acts 2:38; 22:16). The people who obeyed these commands were added to the church, they were Christians (Acts 2:47; 11:26).

Payne Hattox, Minister, Box 147 — Phone 436-2421

Follow Simple Rules In Automobile Accident

Vacation time is here. Soon millions of people will be driving about the country, and automobile accidents will occur with increasing frequency. What should a person do when involved in an accident?

At such times it is hard to keep your wits about you and know just what to do. It is therefore a good idea to plan in advance just what you would do in event of a smash-up. Here are a few simple rules that every driver should commit to memory:

1. Stop! Failure to stop can result in serious criminal consequences.
2. Render Aid. If anyone is injured (1) Render first aid. (2) Stop bleeding. (3) Call a doctor or an ambulance or both. (4) Do not move an injured person in any way that could possibly add to his injury.
3. Protect the Scene from Further Damage. You may be liable for damages to approach-

ing drivers, unless they are properly warned. If the highway is obstructed at night, have someone turn his headlight beams on the wrecked vehicles.

4. Call an Officer. Policemen, Highway Patrolmen, Sheriffs and their deputies are trained accident investigators whose testimony may be invaluable in establishing your civil claim for damages.

5. Gather Information . . . Write it Down. Don't trust your memory. Don't guess—be specific. Measure skid marks. Step off distances. Be sure to obtain names and addresses of witnesses. You are required by law to exhibit your driver's license to the other driver—and he must do the same.

6. Be Careful What You Say. Even if you feel you probably are to blame, it is best to make no admission. You may learn later than the other driver was equally at fault, or more so. Emotional comments can be misconstrued by others, or may be misquoted. Whatever you say, make it factual.

7. See Your Doctor if there is the slightest chance you may be injured. Serious injuries do not always result in immediate pain or bloodshed.

8. Consult Your Lawyer Immediately. The sooner your lawyer is brought into the matter, the better he can advise you and protect your rights. He can obtain statements from the witnesses while their memories are fresh, and do many other things to insure that the true facts are

Miss Fincannon And J. S. McCrary Marry At Haskell

Miss Mildred Lynette Fincannon became the bride of J. S. McCrary on Saturday, June 30 in the East Side Baptist Parsonage in Haskell with Rev. W. C. Kimbler reading the double ring ceremony.

Parents of the couple are Mrs. Bertha Fincannon of Munday and M. D. McCrary of Stamford.

The bride wore a dress of white cotton mesh designed with a wide lace insert in the full skirt. Her jewelry was a double strand of pearls, gift of the bridegroom. She carried a white lace handkerchief belonging to her mother. Flowers were white carnations carried on a white satin covered Bible.

They will reside at 1129 I St. in Munday, where the bridegroom is employed by the Farmers Co-op Gin. The bride is a graduate of Goree High School and was employed at the Rexall Drug Store in Munday.

Lemley Reunion Held At Mineral Wells Last Sunday

The Lemley family reunion was held at Mineral Wells on Sunday, July 15. This was the first time in ten years that all 14 brothers and sisters were in attendance.

Attending from Munday were Mr. and Mrs. Bill Lemley, Lloyd Lemley and Litt Lemley.

Others attending included Mrs. Carrie Yates of Goree, Mr. and Mrs. John Lemley, Wichita Falls; Mr. and Mrs. Red Strickland, Grand Prairie; Mr. and Mrs. Cass Stevens and Mr. and Mrs. Roy Pitts, Fort Worth;

Mr. and Mrs. J. D. Pitts, Mr. and Mrs. Archie Yarbrough, Mr. and Mrs. Don Ezell, Mr. and Mrs. Orson Lack, all of Mineral Wells; Tom Lemley of Jacksboro, Mr. and Mrs. Fred Lemley of Escondido, Calif.

In all there were 99 members of the family present, and five visitors.

Mrs. S. E. Robertson entered the Haskell Hospital for treatment last Saturday.

Misses Marilu and Melissa McCauley spent a few days last week with their grandparents, Mr. and Mrs. Bryan McCallum, in Mertens.

ATTENDANTS AT WEDDING ATTEND 50TH ANNIVERSARY

Mr. and Mrs. Tom Cluck attended the 50th wedding anniversary of her brother and wife, Mr. and Mrs. W. E. Lamb, in Ralls last Sunday. Mr. and Mrs. Cluck were their only attendants at their wedding fifty years ago.

Munday H. D. Club Meets On July 11th

The Munday Home Demonstration Club met in the home of Mrs. W. R. Rodgers Wednesday afternoon, July 11, with six members and one visitor, Julie Rhame, present.

The THDA prayer was read, roll call was answered with how to be a good neighbor. The minutes of last meetings was read by the secretary, Mrs. Joe Patterson.

The council report was given by Mrs. R. M. Almanrode. Leaflets were given each member on ideas and problems concerning year books for next year. An interesting program on cancer was given by Mrs. Rodgers.

It was reported that Mrs. Almanrode had been elected as a delegate to the state meeting in Dallas at the Baker Hotel on September 19-20.

Crafts made at Seymour on Rally day were on display. A number game was enjoyed by all.

Refreshments were served to Mrs. Joe Patterson, Almanrode, A. L. Roden, Otis Simpson, Gail Wyatt and Miss Julie Rhame.

Hawaiian Luau Is Set At Knox City

A "Hawaiian Luau" will be held on Monday, July 23, at 8 p.m. at the Knox City swimming pool. Hawaiian style food will be served, in addition to entertainment.

Prizes will be given for the most authentic dressed couple and individual.

The public is invited to attend. Admission will be 50 cents per person.

Mr. and Mrs. Benny Ledbetter and son of Fort Worth are spending their vacation with his parents, Mr. and Mrs. J. C. Ledbetter, and other relatives.

Mrs. C. A. Stienriede, Mrs. Mamie Brazell, Janette and Julia, were visitors in Wichita Falls last Monday.

Mr. and Mrs. Chester Brannon, Linda and Donnie, of Texas City visited Mr. and Mrs. Boyd Meers the first of this week.

Zane Franklin was a business visitor in Henreitta last Saturday.

Collins Reunion Held At Weinert

The Collins family reunion was held Sunday, July 15, at the Weinert Community Center with the following in attendance:

Mrs. Ada Blackstock and Mr. and Mrs. Charles Ray Blackstock and sons of Plano; Mrs. James Miller and daughter of Abilene; Mrs. Pearl Lackey, Mr. and Mrs. H. R. Collins and E. C. Mr. and Mrs. Leslie Collins and Judy, Mr. and Mrs. O. P. Collins, Mrs. H. J. Hambleton, Jr., and Ricky, Mrs. Bobby Adkins and sons, all of Haskell;

Mr. and Mrs. W. O. Lewis, Mr. and Mrs. J. J. Smith and Mrs. Don Coffman and family of Goree; Mr. and Mrs. G. C. Brockett of Weinert, Mr. and Mrs. G. C. Brockett, Jr., and family of Odessa and Mr. and Mrs. W. C. Nance and family of Knox City.

Harold Decker of Amarillo visited his parents, Mr. and Mrs. H. P. Decker, over the week end.

Activities of The Colored People

By Fannie Mae Johnson

Mrs. Prim Rose Murry of Greenville visit in the home of her cousin, Mr. and Mrs. Arthur Dean, last week.

Rev. Wilson and wife and Mr. and Mrs. Gide was dinner guest in the home of Mrs. F. M. Johnson Sunday.

Mr. Willie Lee Scott of Midland visit her parent, Mr. and Mrs. Willie Toliver, on the week end.

Mr. Clemmy Toliver and Mrs. Ella McKnight was united in marriage on Monday.

The West Beulah pastor and some of the members worship with the Goree church Sunday evening. Rev. Wilson brought the message. On returning back to Munday, Rev. Wilson preached a wonderful sermon at West Beulah Sunday night.

Rev. Wicks, pastor of the Methodist Church, is having a few nights meeting this week. He is asking all to attend. He is preaching out of his soul.

Mr. Snow Fisher is sick at this writing. We all thank Dr. Newson for his kindness in helping Brother Fisher so much.

Brother Dennis Williams is not feeling so well at this time.

Farm Facts

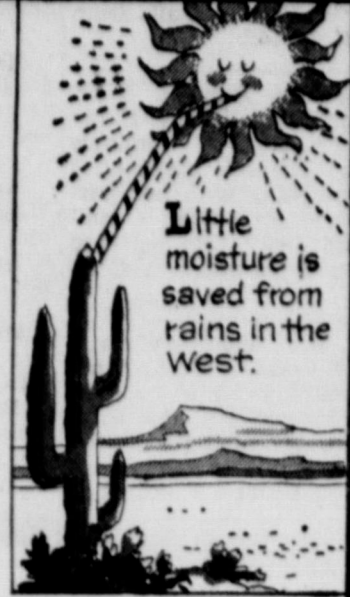

Of 12 to 13 inches of average annual precipitation in the 17 Western states, only about 30% contributes to the fresh water supply.

According to J. S. Robbins of the Agricultural Research Service, much of the moisture evaporates from soil, water, and plant surfaces. The rest infiltrates the soil and is transpired back into the atmosphere by vegetation.

An additional inch of water for plant use could increase Western wheat production up to five bushels per acre.

Scientists are studying plastic or mechanical barriers to control water or vapor flow to the soil surface and are testing chemical or physical treatments of soil to inhibit water loss.

At Tempe, Ariz., they're experimenting with sprays to sterilize the soil and kill weeds, stabilize it to prevent water infiltration, and make it water repellent to control

erosion. Ground covers of butyl rubber sheeting or asphalt-coated jute fabric are being used in Utah to move runoff from small areas into reservoirs or special bags.

Mr. and Mrs. Floyd Roberson in Truscott.

Mr. and Mrs. Jerrell Trainham of Lubbock visited over the week end with his father, Wesley Trainham.

Mrs. L. O. McNew is spending a few days at her home in Lamesa.

NEW BUILDING and 4th ANNIVERSARY

At ARLEDGE MOTORS - - KNOX CITY

Open House Saturday, July 21st

Come help us celebrate our fourth anniversary and housewarming party at ARLEDGE MOTORS. We would like to thank the people of this area for their fine support in making our brand new building and expanded facilities possible.

In our four years of business operation in Knox City, we have sold 1,670 New and Used Cars & Trucks. Our business has increased each year, and with our new facilities, we will be able to offer you Better Service than ever before.

Knox City is Service City for FORD! To compliment our new building and facilities, we have a factory-trained service manager with 18 years experience on FORD Units.

Virgil Cammack, our service manager, invites you to bring all your automotive problems to him. If it's a FORD, Mr. Cammack can fix it! See him today.

Favors For Young and Old
Coffee - Cokes - Donuts

ARLEDGE MOTORS

FREE—A 3 day vacation in Las Vegas for 2 to the first 12 people who purchase a New FORD Car or Truck after July 21! All expenses will be paid at the Hacienda Hotel. Ask to see our brochure.

America's Largest Independent Telephone System

To supply your needs

When construction requiring wire, cable and other materials is under way, when you want a new telephone or an extension, this new equipment should be available without delay.

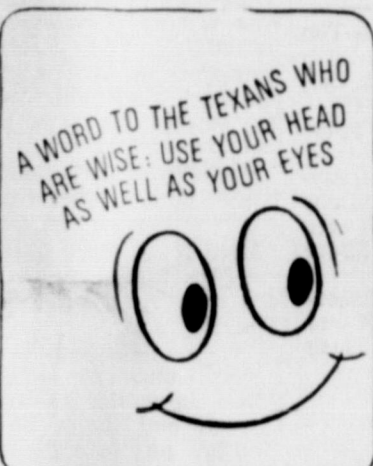

That is why General Telephone maintains many supply centers such as the one pictured.

In these supply centers experienced people must anticipate months in advance what equipment and materials will be required for both expansion and repairs.

It is another way the folks at General Telephone work hard at the job of providing you with the good telephone service you want, when you want it.

GENERAL TELEPHONE

COMPANY OF THE SOUTHWEST

IT TAKES MORE THAN A ROOFLINE TO MATCH OUR FORD GALAXIE!!

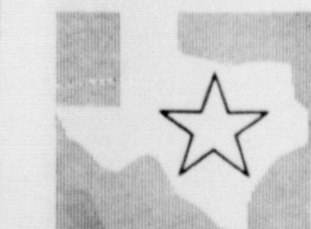

HERE ARE 15 WAYS OUR FORD GALAXIE BEATS CHEVROLET'S IMPALA*

1. **WORLD'S MOST THRILLING V-8 ENGINE**—Choice of 5 Thunderbird V-8's up to 405 horsepower (or the thrifty Mileage Maker Six).
2. **MORE SOLIDITY**—Almost 100 pounds greater curbweight.
3. **GREATER SAFETY**—Husky box-section side rails surround and protect passengers—compared to Chevy's open-sided x-type frame.
4. **MORE ROOM**—3 inches more rear shoulder room and over 2 inches more stretch-out room in the back between seats, for passenger comfort.
5. **WIDER DOORS**—Up to 5 inches wider front doors for easier entrance and exit.
6. **EASIER LOADING TRUNK**—6½ inches wider... and trunk light comes at no extra cost.
7. **30,000 MILE CHASSIS LUBRICATION**—Compared to every 1,000 miles for Chevy—a big saving in time and money.
8. **6,000-MILE OIL CHANGE**—After first 1,000-mile change—a one-third saving over Chevy!
9. **SELF-ADJUSTING BRAKES**—Safe, high-pedal stops for the life of the lining! (Chevy specifies brake adjustment every 5,000 miles!)
10. **WIDER TREAD**—Both front and rear, for a more stable ride!
11. **BIGGER BRAKES**—Galaxie has 212-sq. in. gross brake lining area—compared to Impala's 199.5.
12. **GREATER PROTECTION**—Full-depth one-piece bumper—instead of Chevy's three-piece bumper.
13. **2-YEAR OR 30,000-MILE ENGINE COOLANT-ANTIFREEZE**—Factory-installed in every Galaxie!
14. **WIDER TRANSMISSION CHOICE**—5 to choose from—including an optional new 4-speed manual transmission!
15. **YOU SAVE \$100 WITH FORD'S TWICE-A-YEAR MAINTENANCE** in the first 30,000 miles! (According to Official Factory Owners' Manuals which specify service and maintenance periods.)

...AND YOU SAVE 155 BIG TEXAS DOLLARS* TO BOOT!

*Based on comparison of manufacturers' suggested retail prices for a 4-door sedan, equipped with lowest priced V-8 engine, radio, heater, automatic transmission.

Knox Prairie Philosopher Finds Out About Telstar, But Can't Figure Out Just How It'll Bring World Peace

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek has found out about the latest achievement in science, his letter this week reveals.

J. A.

Dear editor:
I was busy sleeping at the time and missed it, but according to a newspaper article I read yesterday afternoon, television shows were transmitted from the United States to Europe and from Europe to the United States last week by bouncing the beams off a new satellite now circling the earth.

This, the report said, has opened up a vast new field, and one expert announced it would mean bringing the world still closer together.

"The more the people of the world can communicate with each other, the more we understand each other and the nearer we are to permanent peace," he said.

I have been reflecting on this statement and so far have not quite figured out a few things.

For example, I don't know anything about European television, but I've seen quite a bit of American television, and if world understanding is to be achieved by TV, this sure puts a burden on Europe. They must have a different brand over there. The brand we've got over here, while apparently entertaining, hasn't been designed to improve world understanding not to mention attain permanent peace.

On the other hand, if Europe had to look at our TV every night and we had to look at theirs, and both turn out to be about equal, it might improve world understanding. What we could all come to understand is that the world still has a long way to go yet.

On still another hand, I'm not sure that understanding people is any guarantee for world peace. When I have been the furthest from peace with some people was when I understood them thoroughly and realized what they were up to. The more I understand what Mr. Khrushchev has in mind, the less peaceful I feel toward him.

Worldwide, instantaneous television is an achievement, but,

Mrs. R. J. Harvey of Abilene and Mrs. Lucille Payne of Stamford were recent guests of Mrs. Olga Payne.

Miss Nancy Kay Cowan of Texas University in Austin was a week end guest of her parents, Mr. and Mrs. H. H. Cowan.

Mr. and Mrs. Jim Welch and James and Mrs. Welch's sister and family, Mr. and Mrs. Ralph Mason and sons, of Harrold visited Crateville Park in Oklahoma last Sunday.

Mr. and Mrs. David Moorhouse and children of Iowa Falls, Iowa, and Mrs. Rue Moorhouse of Midwestern University in Wichita Falls were Sunday guests of Mr. and Mrs. Chas. Moorhouse.

If you take your truck for granted

...it's a good one!

A truck that doesn't call for a lot of attention, that just does its job every day, is a great asset. This is the thing most users tell us they like about Chevrolet trucks — their reliability. And this, of course, comes from quality. Sound engines, strong frames, double-wall construction, insulated cabs, separated bodies

and cabs, tight tailgates . . . are some of the features that help Chevrolet trucks work longer and bring back more of your investment at trade-in. If you wish you had a truck that cost you less thought and attention, put your money on quality. Make your next buy a dependable Chevrolet truck.

Chevrolet Fleetside — America's favorite pickup

Live Better Electrically

Notes From Knox Farms, Ranches

By Jack Moore, Knox County Agent

Grain Sorghum Midge

The grain sorghum midge has been found in a few isolated fields in Knox County this last week. The cases where the midge was found were in silage sorghums and did not warrant control measures; however, sorghum producers should be on the lookout for this pest and be ready to bring it under control if the time comes that they are present in sufficient numbers to warrant control.

A great many of the farmers and ranchers in Knox County had never experienced midge damage. Midge causes a blasted appearance to the head of sorghums and quite often a farmer and rancher will blame weather conditions on this occurrence. In a few heads found this week there was less than 5 per cent of the grain not damaged before last year.

The adult midge is a gnat-like insect that has a life cycle very similar to the boll weevil that most cotton farmers are familiar with. The midge deposits an egg in the grain of sorghum and the egg hatches into a grub that feeds on the inside of the grain until it appears as an adult, and the cycle starts over.

There were several Knox Coun-

ty farmers that did successfully control the midge last year. In a few cases in Knox County last year in fields that were heavily infested, the loss was so great that the crop would not pay the combining expenses. The 1962 revision of the Texas Guide For Controlling Insects, MP 339, has midge control listed in it this year for the first time.

There are certain regulations governing the use of the insecticides recommended which are: Endrin, Toxaphene, Dibron, and Sevin. Mr. John Thomas, area entomologist with the Extension Service in Lubbock, stated that control had been good so far with Ethyl Parathion; however, it is not recommended in the guide.

4-H Horse Show

The Knox County 4-H Members that have a horse as a club demonstration will have a county show to be held in Benjamin on July 28. The show will be held on the ballfield of the Benjamin school and the judging will start at 8:00 a.m.

There will be two classes for shetlands, a class for all mares and fillies and a class for all stallions and geldings. The shetland will be shown at halter.

There will be a registered quarter horse division with four classes. Registration papers will be required to be shown. The Quarter Horse classes will be: Mares foaled before July 1960; Mares foaled after July 1960; Stallions and geldings foaled before July 1960 and stallions and geldings foaled after July 1960.

The quarter horses will also be shown at halter.

There will be a reining class for all horses that club members have will be eligible to participate in. J. D. Smith and Gene McAnear are the superintendents for the show and will help the judge get all of the horses in their classes and record the results and see that the prizes are awarded to the participating members.

William R. Parmer Is Texas Rural Minister Of Year

William R. Parmer, San Gabriel, is named Texas Rural Minister of the Year. He is pastor of San Gabriel Baptist Church.

Mr. Parmer is among 14 ministers from the South honored by The Progressive Farmer and Emory University School of Theology, Atlanta, Ga. This is the 14th year that outstanding ministers have been named. Certificates of recognition were presented to the ministers at a banquet at Emory on July 11.

Mr. Parmer will also be honored at the Texas Rural Church Conference in October. Rev. W. H. Wieting, pastor of Grapeland Methodist Circuit, Grapeland, will be recognized for second place honors at that time.

The August issue of The Progressive Farmer cites Mr. Parmer for his work with farm people. He helped develop a local flood warning system for citizens and livestock owners. He works with farm agencies, researchers, and farmers in helping them carry out grain sorghum, cotton yield, and fertilizer tests.

Through his leadership a community information night meeting has been developed. Speakers are invited to the community to talk on cotton insect control, mechanical harvesting, chemical weed control, and other farm problems.

Mr. Wieting, a farmer, carpenter, and pastor, is also cited for outstanding spiritual and practical help to farm people.

Texas turkey producers are advised by Joe N. Wakefield, Poultry Science Department, Texas A&M College, to check all market turkeys now for chigger infestations. These little pests, he adds, can cause the downgrading of birds and a resulting financial loss to growers. Local county agents can supply control information.
