

# THE MUNDAY TIMES

Volume XXVIII.

Munday, Texas, Thursday, October 13, 1932.

Number 22.

## Plans Made For Red Cross Drive In Knox County

D. T. Mauldin, Shannon Layne and Mesdames M. H. Reeves and H. F. Barnes went to Benjamin on Tuesday to attend a conference of Red Cross workers from over the county which had been called to meet by Mrs. Chas. Moorhouse, county chairman, and at which meeting a representative of the national organization was present and outlined the work expected to be done, stressing the importance of the nation-wide membership drive to be inaugurated on November 11th and continuing until Thanksgiving.

Memberships in the Red Cross will be issued from \$1.00 upward. 50c from each membership will go to the national organization whether it be a \$1.00 membership or a \$10.00 membership, and the remainder remains in the local treasury to be used locally. In other words, if a \$10.00 membership is taken in Munday \$9.50 of the amount remains here and 50 cents is sent to the national organization.

Certainly the drive should meet with a hearty response from the citizens of the Munday country this year, as the Red Cross has done much for this community during the past year. The contributions to this community during the past year has consisted of 16,000 pounds of flour, 1700 cans and other smaller contributions, while the total amount contributed to the Red Cross by this community during the past two years was only \$10.00. Certainly the citizens of this community should respond to the membership drive this year.

Window cards will be provided to the local committee for both residence and business houses, and these cards will be awarded to homes and business houses that are represented 100 per cent in the membership drive.

## Haskell County Fair In Progress With Big Features

The Haskell County Fair to be held in Haskell on October 20-21-22—Thursday, Friday and Saturday of next week, promises to be the most successful exposition in the history of the county, according to the officers and directors who have the show in charge this year.

The premium list which was printed and distributed several weeks ago has created an interest in the livestock, poultry, agricultural and textile departments that has never been equalled in past years and the competition in all departments promises to be exceedingly keen and the exhibits will probably be the best ever shown in West Texas.

A new feature has been added this year to the Agricultural Section, in that several substantial prizes are being offered on individual farm exhibits as well as community exhibits. A number of farmers have signified their intention of entering their products in this department.

The amusement feature has not been overlooked, and a full program is being arranged to entertain everybody. The Press Rogers Post of the American Legion will have charge of the race track section. They are planning a rodeo performance that will surpass anything that has ever been attempted by the Fair in the past. They have secured the Red Lyon famous herd of wild Brahms steers and bucking horses—the same stock used in the rodeo performances during the Wichita Falls Golden Jubilee Celebration and also at the Amarillo Fair this year. In this herd of show animals will be included a real buffalo cow and calf. Substantial prizes are being offered in all rodeo events, which will bring some of the best talent in this section of the state.

The first day will open with a parade by the cowboys and cowgirls, followed by a big barbecue inside of the rodeo grounds—free to all who attend the first performance. Plans are being made to feed three thousand people at the noon hour.

The Tidwell Shows will be the feature attraction on the midway again this year. New shows and new riding devices as well as a big free act will be featured each evening.

Roy Ham of Temple, Texas, has moved to Munday and is in charge of the auto repair department at the Isbell Garage. Mr. Ham has been associated with his brother in the automobile repair business at Temple for a number of years, and thoroughly understands the business in every detail.

Geo. S. Park of Denison, Texas, a dry goods salesman of experience, has accepted a position with the Baker-Campbell Company here.

## Chas. Haynie Is Injured Saturday By Hit-Run Driver

Chas. Haynie is getting about this week with difficulty as a result of bruises received on the streets of Munday late Saturday when he was run down by a hit-and-run driver. The car came into town on highway 30 and turned west on Campbell street at a rapid rate of speed, despite the fact that the streets were crowded with people. Chief of Police Layne was watching the driver as he turned west and blew his whistle to halt him, but instead the driver of the car merely increased his speed and struck Mr. Haynie as he crossed the street near the First National Bank corner. Officers Layne and McGraw gave chase to the car, but were unable to catch it, and efforts to locate the car or get the license number were without success.

## Hershel Ash Draws Two Year Suspended Sentence On Monday

Hershel Ash of near Goree drew a two year suspended sentence in the District court at Benjamin on Monday on a charge of liquor law violation. Ash was arrested by Sheriff Elliott last July at his home near Goree and a quantity of liquor was confiscated.

## Rites Saturday For J. A. Rayburn Pioneer Citizen

Funeral services were conducted at the Church of Christ on Saturday afternoon for James A. Rayburn, pioneer citizen of the Munday country, who died at the home of his son, Wash Rayburn, on Friday night after a prolonged illness.

Mr. Rayburn was for many years a citizen of the Munday community, having freighted goods into Munday prior to the coming of the railroad. Some years ago he moved to Justin, Texas, where he resided since until some few weeks ago, when he came here for a visit in the home of his son, and his condition has been such for some months that his death was not unexpected.

Mr. Rayburn would have been 71 years of age on November 4th. He had been married twice, both wives having preceded him in death. He is survived by several children residing at distant points.

We join the many friends of the family in extending sincere sympathy to the bereaved ones in their sorrow.

## Member Bonus Army Denounces Hoover's Attitude to Forces

W. B. Baskin, a son of J. J. Baskin and a member of the recent Bonus army at Washington, arrived here on Tuesday evening for a visit with his father. He was a member of the 36th Division and spent some weeks with the B. E. F. in Washington, and is a strong friend of the Washington police forces, and friend to the B. E. F. forces, and he states that in the controversy recently waged between Attorney General Mitchell and Glassford that Glassford's version of the explosion of the forces from the capitol city was correct.

Mr. Baskin had some badly worn copies of the B. E. F. News, published in Washington during their stay there, which give some inside lights on the actual conditions which existed, and Mr. Baskin strongly resents the state mental Government officials that many criminals and others who had not seen service were included in the members of the B. E. F. He states that before real tickets could be procured that it was necessary to produce discharge papers and other identification that would have made it impossible for any great number of intruders to have gained their way into the ranks.

## Farmers Union Officials Attend Hearing at Dallas

J. D. Henderson, president of the Farmers Cooperative and Educational Union of Texas, and J. E. Henderson, secretary of the state organization, and Peter Lora, a director, returned late Thursday from Dallas, where they attended a hearing before a representative of the Interstate Commerce Commission on a petition of the Fort Worth & Denver and other lines asking a revision and change in cotton rates from inland points to Texas ports,

## WHY IS IT?

## Committees Make Reports at C.-C. Luncheon Thursday

Several committees that had been appointed at a previous meeting made their reports to the organization at the regular semi-monthly luncheon at the Munday hotel Thursday noon, on which occasion delightful music was rendered throughout the hour by Mr. M. L. Knott and Mesdames Joe Davis and J. A. Kennedy.

## Time Want Ad Is Effective In The Recovery of Watch

Some weeks ago a watch was stolen from George Isbell, and for a time it seemed that there was little possibility of getting even a trace of it after Chief of Police Shannon Layne had made a diligent investigation of the occurrence. The watch was taken from the trouser pockets which were hanging in the wash room at the filling station while Mr. Isbell was doing some mechanical work in the rear of the garage building.

However, George has always been a firm believer in advertising, and he decided that advertising might serve him well here, so he inserted a small want ad in the Times giving a description of the stolen watch and offering a reward for its recovery, and it was this small ad that led to the recovery of the watch as well as the arrest of a young man who had been picking cotton in the Munday community for several weeks. The watch had been purchased by another young man, H. B. Hilliard, for \$2.00, who became suspicious that the watch had been stolen and made some inquiry about the name engraved in the back of the watch.

As a result of the ad the inquiry made by the purchaser, Arthur Blackwood, 22, giving Brady as his home, has been lodged in the Knox county jail at Benjamin, and George has recovered the watch, which carried a high sentimental value with it, since it was presented to a son, now deceased, by Mr. and Mrs. Isbell.

## HALLOWEEN FIESTA!

Sensation of the ages. Come and help your school. Be a booster. Wear a costume if you choose. Bring your change. Plan to laugh, play, eat and grow young. At this time our school needs books and maps. We know you will help the P.-T. A. to raise funds for such a purpose. Watch for the date of this stupendous fete.

## JURY SUSPENDS TERM FOR POST

HASKELL, Oct. 11.—J. Bailey Post, who early today entered a plea of guilty to a charge of embezzlement, was assessed a three-year suspended sentence this afternoon by a jury in 29th district court. The body returned its verdict after deliberating seven minutes.

Post, former cashier of the Farmers State bank of Haskell, was indicted last January on charge of embezzling \$3,100 from the sinking fund of the city of Haskell, for which the bank was depository.

Post appeared in the courtroom this and pale from a recent illness to enter his plea and ask for a suspended sentence. The state quickly completed its testimony and defense witnesses took the stand before noon. Arguments were completed shortly before 3 o'clock.

The banker was defended by Tom Davis, Ben Charley Chapman and Walter Murphree, Jr., of Haskell, and his brother-in-law, George Cannon, attorney of San Antonio. Prosecution was conducted by H. F. Griststaff, district attorney, and French Robertson, county attorney of Haskell county.

## FIRST METHODIST CHURCH

John H. Crowe, Minister  
Sunday:  
Church school 10 a. m., J. A. Caughran, Supp.  
Worship 11:30 a. m., sermon by the pastor.  
Boys and Girls World club 5 p. m., Mrs. O. H. Spann, leader.  
Young People's Division 6:30 p. m.

C. L. MAYES, TOM ISBELL, W. H. ATKEISON, Directors.  
Subscribed and sworn to before me this 12th day of October, 1932.  
G. R. EILAND, Notary Public.

## Well Known Band Leader May Locate Here Permanently

M. L. Knott, well-known over West Texas as a band leader, is here with a view of locating in Munday, coming here from Dallas, where he has been located for the past several months, and he will likely be associated with the McCarty Barber shop, and plans the development of a musical organization among those who are interested in music.

Mr. Knott some years ago developed an excellent band at Knox City, and later was leader of a band at Post, which was awarded high honors at the annual meeting of the West Texas Chamber of Commerce convention at Abilene. He has developed a number of excellent bands over West Texas, and believes that he can secure a sufficient number of pupils who are interested in music to have a good organization here. Mrs. Knott's entire family are musicians, including Mrs. Knott, two sons and daughter, and they would be quite an asset to our community.

## Government Testing Car Here Lookout For Cotton Pests

A testing car for the Department of Agriculture is here this week in charge of J. H. Adams and is making a thorough test of refuse matter around the gins over this section for traces of pink bollworm, boll weevil and other cotton destroying pests, and Mr. Adams states after making tests in the machine here for several days that the Munday country is more free from pests of all varieties than any section he has visited. He states that in sifting several different batches of refuse that he has found only two or three boll weevil, no trace of pink bollworm, and a few boll and leaf worms, however, he states that the Department is always on the alert to find traces of pink bollworm, but so far their activity has been confined to points along the border and coming up as far as Lamesa and Odessa, some few years ago.

The Adams equipment consists of a machine mounted on the rear-end of an International truck and is driven by a small gasoline engine. It thoroughly sifts all refuse matter, dividing it into three or more stacks and worms, bugs and insects are thrown into a pan, and an examination of the pan after a large quantity of refuse matter had been put through the machine was a lone leaf worm.

Miss Merle Dingus, leader.  
Worship 7:30 p. m., sermon by the pastor.  
Special music at worship services.  
Monday:  
Woman's Missionary society 4:30 p. m. Mission Study, Mrs. J. H. Crowe, leader.  
Wednesday:  
Mid-week devotional service 7:30 p. m.

## O. H. Love Injured When Struck By Car Thursday Morning

O. H. Love, local cotton buyer and son-in-law of Mr. and Mrs. J. P. McGraw, was critically injured early Thursday morning when he was struck by a car driven by J. J. Thompson. The injured man was given first-aid treatment in the offices of Dr. W. P. Farrington and later rushed to a Wichita Falls hospital in the Campbell ambulance, accompanied by Dr. Farrington.

Mr. Love together with a number of other cotton buyers was leaving the Farmers Union gin plant near the oil mill and was walking along the highway when struck. The ankle of his right leg was badly crushed and the ankle bone was protruding when he was brought to town in the truck of the city water department, which was parked nearby where the accident occurred, and Bill Shaw and others assisted in bringing the injured man to town.

## Funeral Rites On Monday For Mrs. Florence Williams

Funeral services were conducted on Monday afternoon at the Methodist church here for Mrs. Florence Williams, who died in the Knox County Hospital at Knox City Sunday night following a prolonged illness from typhoid fever. She was transferred from her home here to the hospital for treatment some weeks ago when she failed to locate her strength from the prolonged illness, and it was believed that she was slowly improving, and her death came as a severe shock to members of the family and her many friends.

A large concourse of friends who gathered here for the services together with the beautiful floral offerings spoke mutually of the high esteem in which she was held, and following the services at the church here the remains were conveyed to Benjamin, where interment was made following a final service at the graveside. The services were conducted by the Rev. John H. Crowe, pastor of the Methodist church here, assisted by the Rev. H. M. Sams, pastor of the Methodist church at Esperment, a former pastor at Benjamin.

Mrs. Williams was born in Giles county, Tennessee, and came to Texas in her youth and for the past forty-five years had been a resident of Knox County. She was married in April, 1895 to J. R. Williams, who died a number of years ago. Surviving here are her mother, Mrs. Nedora Alexander, of Benjamin; three children, Mrs. S. G. West of Benjamin, Miss Florence Williams of Munday and Harry Williams of Munday, two sisters, Mrs. Myrtle Bisbee of Benjamin, and Mrs. E. Duval of Abilene. Another sister, Mrs. James A. Stephens, died only recently.

Her pastor and former pastor spoke in the highest praise of her life as a Christian character, and those of us who have known her over a period of years can testify as to her exemplary life as a neighbor and friend, and we can say that in her passing the community as well as the members of her immediate family has sustained an irreparable loss, and we join the entire community in extending sincere sympathy to the bereaved children and other members of the family.

Active pallbearers were: O. W. Driver, J. H. Atterberry, W. C. Glenn, E. B. Sams, of Benjamin; M. F. Billingsley and G. R. Eiland, Munday. Honorary pallbearers were: A. H. Sams, S. T. Easley, Frank Decker, G. H. Beavers, Tom Adams, Joe Spikes, W. S. Lanham, Roy Snody, G. H. Williams, Roy Killingsworth, John W. Pace, M. F. Harbert, O. D. Propps, C. H. Burnett, R. C. Hammer, W. T. McLean, Tom Hurd, Frank Glover, Sam Graves, Fred Warren, Harvey Lee, Joe A. P. Dickson, Bob Dickson, W. T. Ditto, A. B. Sams and L. D. Greene.

## Parent-Teacher Ass'n. Will Hold Meeting Wednesday

The Parent-Teacher association will meet on Wednesday afternoon at 3:40 at the high school building, and all patrons of the school are urged to be present, as important business is to come before the meeting, and the presence of all patrons is needed.

Mrs. J. T. Lee and daughters, Miss Shelly and Mrs. J. A. Caughran, went to Weatherford Sunday to attend the funeral services for Mrs. Sarah Bullington, mother of Hon. Orville Bullington.

## Two Year Sentence Given Jess Hill Charge Car Theft

In the District court at Benjamin Monday Jess Hill, formerly of Munday, was given a two year sentence on a charge of car theft. The charge originated here some months ago when a Chevrolet car was stolen from D. B. Weaver, and was later located near Wichita Falls by officers. Hill formerly resided here and operated a motor freight line. He was a fugitive for several months and was recently arrested on the coast and returned to Knox county by Sheriff Elliott.

## Father Mrs. Grady Thornton Dies At His Home at Tullia

Mr. and Mrs. Grady Thornton were called to Tullia, Texas on Friday morning, a message advising them of the death of A. M. Anderson, father of Mrs. Thornton, who died suddenly Thursday night from heart failure. Mr. Anderson was 65 years of age and had been in his usual good health, and members of the family were awakened about eleven o'clock Thursday night by his groans and before medical aid could be summoned he was dead. He is survived by his wife and twelve children.

Mr. Thornton returned first of the week, while Mrs. Thornton will remain at Tullia for a more extended stay. We join the many friends of the family here in extending to Mrs. Thornton our sincere sympathy.

## 5,386 Bales Are Ginning In Knox Prior To Oct. 1

There were 5,386 bales of cotton ginned in Knox County prior to October 1st, as compared with 8,804 bales ginned on the same date last year, according to the report of W. H. H. Griffin of Goree to the Department of Commerce.

With fair weather the past week over the county and the gins running night and day the harvest is making good headway and these figures will be materially increased. Many hundreds of pickers have come into the Munday section during the past week and have been absorbed over this section, and while there is no brisk demand for additional pickers, everyone here seems to have ample work, and conditions are improving materially with everyone as the weather remains favorable. Light frosts have not killed the foliage as yet and it is believed that a killing frost now would do little or no damage to crops.

Among those here on Monday to attend the funeral services for Mrs. Florence Williams were Mr. and Mrs. F. L. Decker of Childress; G. H. Williams of Seymour; Dink Allen, Mrs. V. A. Watson and Gwendolyn and Brandon Williams of Newcastle, Mr. and Mrs. Fred Warren of Seymour, and many others whose names we failed to get.

Miss Arlene Kendall, daughter of Judge and Mrs. J. S. Kendall, has again achieved recognition at the University of Texas, being numbered among the best 278 students out of a total of 3,855.

EDITOR.....JESSE GEORGE KENNEDY  
FIRST ASSISTANT EDITOR.....KATHERINE JONES  
SECOND ASSISTANT EDITOR.....JERRY KETHLEY  
SENIOR EDITOR.....MILDRED BURNETT  
JUNIOR EDITOR.....JACK WILLIAMS  
SOPHOMORE EDITOR.....FLORENE KENDALL  
FRESHMAN EDITOR.....GERTUDE LANEY  
SPORTS EDITOR.....LOWRY BIGSBY  
HUMOR EDITOR.....C. B. SEXTON

The editor-in-chief of this affair feels like the employee who refused a two-weeks vacation because he did not want his employer to know how easily he could do without him. Like several other students (some of whom have not admitted where they were) he took last Monday off and went to the circus. When he came back he found that not only was the Tom-Tom completely written, but nobody had missed him. It only shows, however, what an efficient and wide-awake staff we have this year. Although only two members have had previous experience, we have had no trouble at all in this year's work.

Our humor editor has been absent for some time and this week we have his first contribution for this year. Those who have read the Tom-Tom in past years will remember him, for he has been humor editor officially and and otherwise for some time.

Sexton's Sappy Sayings. Nowadays you can't touch the young folks funny-bone without insulting the grown-ups; but believe it or not a motor car came down through town the other day and hit a pedestrian going ninety miles per hour.

More or less of the sympathetic people will be impressed by this one; sign on cafe: "We kill seven chickens daily for the next month." And then a Freshman carried his, or her trousers to the associated press.

What is fuller than a waste basket by the side of a humor editor's desk? What is more hopelessly than a man who get lace curtains in a model T Ford coupe?

The absent-minded Prof. said he would move from the boarding house, he had been living in for months, when he discovered there was no bath tub in it.

Dr. McKeon vs. Pierschold.

We had our first meeting Friday evening, October 7, initiating all new members, and most of them were Freshmen. The following officers were elected: Lucille Neff, president; Gordon James Barnes, vice-president; Katherine Jones, secretary-treasurer; Hazel Clough, reporter.

With these pupils we feel that the club will be a tremendous success.

After the officers were elected, candy and pop-corn balls were enjoyed by all.

Home Economics.

Initiation of the new Home Economics members was for them, a huge success, because in the business meeting that followed they turned the tables and elected a number of first-year members for office.

There were about fifty-five girls present, and after the initiation refreshments were served by the Home Economics girls. The initiation was taken in good spirit and the new members are heartily welcomed into the club.

It is our sincere aim to promote interest, and to make this year our very best club year. This aim will be accomplished if every member enters into every club activity keeping this in mind. We decided on two definite projects toward which to work. First, to secure etiquette books for the library, and electric equipment for the cottage. The place and time of meet-

ing was discussed, and it was decided that meetings would be held on the last Friday evening of each month at the Home Economics Cottage. Every member is urged to be present at the meetings.

Senior Scrapbook.

Greetings everybody, the news comes to you from that snappy, happy, peppy, senior class. Now that examinations are over we are looking with eager enthusiasm toward the coming six weeks. For those who found examinations "tuff" chewing we suggest seeing Dr. Studying and follow his instructions carefully. If the first scene of school came to a tragic ending, and caused bitter disappointment, just keep your chin up! Failure can teach one something if he will learn. We are determined to make the coming weeks and months a tremendous success, since we know the secret to success is the determination to succeed.

Can you guess why we are so happy? I can't keep you in suspense long because it's too grand to keep a secret! We have received the contract for our rings, and we are going to order them this week! Now, who wouldn't be happy?

We really have some smart pupils in Spanish II class and the plan we are following is a huge success. The students are acting as instructors and, believe us, it certainly requires studying and headwork to make the lessons clear. This really gives the pupils good training because it gives the teacher an idea as to what we really do not understand. We can say this much, you have to know what you're talking about before you can present it to the class. Who knows, some of us might follow that line of work in the future?

The seniors realize that a journey of a thousand miles must be started with a single step. Now we aren't going on a trip, but we are stepping toward making our class the greatest in the high school history. We have already taken that single step and we are progressing nicely.

Since we have become fully organized and became accustomed to the daily routine of school life, we are looking forward to some lively socials.

The student council is progressing rapidly and we are striving to become better students each day.

The seniors are glad to see Frances Thompson, who has been absent for some time, back with us.

**Juniors**  
This is the beginning of a new six-weeks, and we shall do our best to make it better than the last one. Since the opening day, the Juniors have been working with the teachers to make the year of 1932-33 one of the best in M. H. S., for we believe that there is one of the best student-body that has ever been in Munday.

**Sophomore Report.**  
We are beginning another six weeks of school, and are hoping to make it much better than the one preceding it. This goal can only be obtained by an unswerving interest and hearty cooperation on the part of both teachers and students. This bond has existed since the beginning of this school term, but the binding ties are becoming more secure and the interest greater each day.

To illustrate this fact we have only to observe the class of Algebra II. During the entire term Mr. Jones has been very patient and helpful, offering his assistance after class and after school hours to the students needing it. Many of those students who have failed to accept help in the past are now realizing that this generous offer is entirely for the benefit of the students, and several are now remaining after school hours to study Algebra. We can best express our gratitude to Mr. Jones by a keener interest and better work, and that is what we wish to do.

**Freshman News.**  
We have elected our room-mothers for this year. They are Mrs. Fred Brouch, Mrs. H. F. Barnes and Mrs. E. W. McGlothlin. We shall do our best to cooperate with them in everything.

We have an old classmate, Eva Ruth Thompson, back with us. We are glad to welcome her into our class.

All of us made good grades on our six-weeks examinations, but we are striving to do better next term.

We are learning what the word "order" means, and we are trying to be better students, for we are beginning to realize that we are really a part of high school.

The Freshmen girls feel relieved since the initiation into the Home Economics club has taken place. We are going to make this club an outstanding one, as we have a Freshman, Lucille Neff, for president.

Rigsby's Roundup.

Hello fans, here we are again to discuss the good and bad of our football team. You that got discouraged last week when we played Stamford should have seen the game Friday. What I mean, the boys really played football. The game was an exciting one from the start to finish. When the team plays like they did Friday it shows somebody is backing them. Yet, after we see more fans present with more rooting for the Moguls in the future.

Well, here's the dope: the Moguls won with a score of twenty-six to

**QUIET YOUR  
"NERVES"**

**This Delightful Way**

MRS. Alice Fischer (picture above) says she is "the happiest woman in the world."

"I often used to wish I was dead. Couldn't sleep; couldn't enjoy myself. It seems as though I had tried every nerve medicine made, but without any benefit until I tried Dr. Miles' Efferescent Nerve Tablets. They certainly proved their worth for me. I am the happiest woman in the world and I don't seem weary."

Mrs. Alice Fischer

If you are Nervous, Sleepless, Cranky, Blue, If you have Nervous Headache, Nervous Indigestion, take Dr. Miles' Efferescent Nerve Tablets.

**You'll Appreciate the Finer Flavor  
of Electrically-Cooked Foods**

Years ago traditional "Dutch Oven" meals provided wholesome, appetizing and attractive foods cooked in their own juices... with all the delicious flavors, healthful vitamins and vital food elements sealed-in. Memories of these wonderful meals have been handed down in poem, song and prose.

But the "Dutch Oven" method of cookery, marvelous from the standpoint of results, was too burdensome to fit modern living conditions... So Electric Cookery, offering the same delicious and healthful meals with a minimum of work on your part, has skyrocketed to popularity. Deservedly!

With Electric Cookery, scientifically accurate cooking controls do all the cooking! Literally, you do nothing but put the foods in the oven, set the controls, and take out a delicious and piping hot meal when you are ready to serve!

To save work, money and health... to enjoy a clean, cool kitchen... and to serve better and more healthful meals, install an Electric Range TODAY. Ask a salesman for information regarding special prices and terms NOW available.

Call us for an individual demonstration of what use of electric cookery is between the cost of cooking by electricity in your home. You may be surprised to learn that there are many cases where electric cookery actually decreases the total of electric and gas bills.

**West Texas Utilities  
Company**

... will provide enough natural gas to cook a dinner for three people... heat enough water for two baths... operate your living room heater for 45 minutes... or make twenty-nine cups of coffee. There is still power in a penny when invested in NATURAL GAS.

**TILLER LENSES**

An achievement of Optical Science not  
dreamed of a few years ago.

If you were to visit a Lense Laboratory  
and see them grind and polish a Tillyer  
Lense from a piece of specially prepared  
optical glass and have them explain the  
many things from a scientific standpoint  
and years of research work to produce this  
perfect lense—you would say marvelous.

But for this lense or any lense to be of value in relieving eye-  
strain or improving vision, it should be made from a prescription  
after a thorough eye examination covering a larger field of science  
and research work than the production of a perfect lense.

The sole value in a lense is the skill of the man who prescribes it.

**Charles Chaplin Stirs Hollywood Interest**

Hollywood film colony is buzzing  
again as Charles Chaplin, famous  
comedian, twice unsuccessful in ma-  
rimonial ventures, is seen about a  
great deal with little Paulette God-  
dard, blonde feature player—here  
shown together at a tennis match.

**BAYER  
ASPIRIN**

is always  
**SAFE**

beware of  
imitations

Unless you see the name Bayer and  
the word genuine on the package as  
pictured above you can never be  
sure that you are taking the genuine  
Bayer Aspirin that thousands of  
physicians prescribe in their daily  
practice.

The name Bayer means genuine  
Aspirin. It is your guarantee of  
purity—your protection against the  
imitations. Millions of users have  
proved that it is safe.

Genuine Bayer Aspirin promptly  
relieves:

Headaches	Neuralgia
Rheumatism	Lumbago
Neuritis	Toothache

No harmful after-effects follow its  
use. It does not depress the heart.

**All-Day Picnic  
RHINELAND**

**SUNDAY, OCT. 16th.**  
(COMMUNITY HALL)

Plenty of good, clean sports and amusements, including  
contests in which prizes will be given—games of various  
kinds—Few for young and old.

GOOD EATS—NOON AND EVENING.

A WELCOME EXTENDED TO EVERYONE.

**SOCIETY**

**Mrs. Whit Smith Hostess**

As You Like It Club  
The As You Like It Club met  
Thursday afternoon of last week with  
Mrs. Whit Smith as hostess. Con-  
tract bridge was the diversion for the  
afternoon. Mrs. H. H. Langford win-  
ning high score.

A lovely salad plate was served to  
Miss E. D. Atkinson, M. F. Butler,  
by, Mat Dillingham, T. A. Haney, J. D.  
Kethley, P. V. Williams, Joe Davis and  
H. H. Langford.

**Boomerang Sunday School Class**

Elect Officers for Year

With the beginning of the new  
year's work the Boomerang Sunday  
School Class of the First Baptist  
church have elected the following offi-  
cers: president, Laura Cook; secre-  
tary-treasurer, Wallace Cook; chair-  
man, Oella Brock; pianist, Mildred  
Kennedy; reporter, Christa Burton;  
first vice-president and chairman of  
Social and Fellowship committee,  
Vivian Rogers; second vice-president  
and chairman of Enlargement and  
New Member committee, Edna Brock.

Young people who are not in some  
other Sunday school will always be  
welcomed in this class and we assure  
you that a good lesson will be  
brought by our teacher, Mrs. Ammons,  
that will be enjoyed by all. Plans  
are being made for a Halloween  
party, and members, you are going to  
enjoy a treat if you don't get in on this  
entertainment.

—Reporter.

**Mrs. Langford Entertains**

Wednesday Bridge Club

Mrs. H. H. Langford was hostess  
this week to the Wednesday Bridge  
Club. Beautiful red and white roses  
were used as room decorations. At  
the conclusion of the afternoon's play  
Mrs. Whit Smith held high score.

A salad course was served. Misses  
W. H. Atkinson, T. G. Bengel, E. H.  
Bauman, Joe Davis, U. R. Houser,  
C. L. Mayes, Whit Smith and J. A.  
Kennedy.

The condition of Mrs. T. D. L.  
Johnson has been very critical dur-  
ing the past week, and members of  
the family have been summoned to  
her bedside.

Mr. and Mrs. Roy Cuthbert of Baird  
are here visiting in the home of rela-  
tives.

Mr. and Mrs. Frank Hammonds of  
Baird are here visiting in the home  
of her parents, Mr. and Mrs. J. M.  
Perdue.

DINNER will be served Saturday  
by the Woman's Missionary society,  
beginning at 11:30, at the Masonic  
hall. Come eat with us.

**CARD OF THANKS**

In the passing of our mother, our  
daughter, our sister, our beloved  
friend and companion, our loss finds  
part compensation in the love of so  
many friends that it has revealed.  
The sad hours were made more bear-  
able by the solicitude, concern and  
sympathy of those who shared our  
grief in our irreparable loss. May  
the blessings of her Lord and Saviour  
be your always.

- Miss Florence Williams,
- Mr. and Mrs. H. B. Williams
- and daughter,
- Mr. and Mrs. S. G. West,
- and family,
- Mrs. Medora Alexander,
- Mr. and Mrs. E. Duval
- and family,
- Mrs. Myrtle Bibebe
- and family,
- James A. Stephens
- and Daughters,
- Mr. and Mrs. Ewell Harwell
- and family.

The thoroughly trained and ex-  
perienced Chiropractor knows what  
causes disease and how to remove  
the cause. Dr. Kunkel at the Lan-  
ford Apartments, in a Palmer School  
Graduate Chiropractor and there-  
fore well qualified to practice his  
profession.

**COOKING HINTS**

**Chili Con Carne For 30 People**  
5 pounds of ground beef.  
3 pounds of ground pork.  
4 pounds of onions.  
5 cans of kidney beans.  
3 cans of tomatoes.  
One-half cup of butter.  
Seasonings.

Method: Fry the onions in butter  
until brown. Remove from the pan,  
then fry meat until brown and crisp.  
Put all ingredients into a kettle. Add

water and simmer for 4 hours.

**Date Tart For 25**  
One and one-half cups of walnuts.  
3 cups of dates.  
2 cups of sugar.  
2 tablespoons of flour.

12 egg whites.  
3 cups of crumbs.  
one-third cup of lemon juice or  
1 tablespoonful of vanilla.  
One-fourth cup of water.  
1 tablespoon of baking powder.  
Method: Cut up dates and nuts.  
Mix dry ingredients with dates and  
nuts. Add liquids and last fold in  
stiffly beaten whites. Pour into  
greased pan to one-half inch thick-  
ness. Bake three-fourths of an hour.  
Serve with whipped cream.

**BAKING HINTS**

**Ham Loaf**

(By Request)

1 pound of fresh ham (ground).  
1 pound of pork.  
1 cup of bread crumbs.  
1 or 2 eggs.  
Onion.  
Pepper.  
No salt.  
1 cup of milk.  
Method: Mix meat, bread crumbs  
and seasoning. Add liquids. Put in  
greased loaf pan. Bake 1 hour in a  
slow oven.

**Diet Didn't Do This!**

**HAPPY** little girl, just bursting  
with pep, and she has never  
tasted a "tonic!"

Every child's stomach, liver, and  
bowels need stimulating at times,  
but give children something you  
know all about.

Follow the advice of that famous  
family physician who gave the  
world Syrup Pepsin Stimulate the  
body's vital organs. Dr. Caldwell's  
prescription of pure pepsin, active  
syrup, and fresh herbs is a mild  
stimulant that keeps the system  
from getting sluggish.

If your youngsters don't do well  
at school, don't play as hard or rest  
as well as other children do, begin  
evening with Dr. Caldwell's

Syrup Pepsin. This gentle stimulant  
will soon right things. The bowels  
will move with better regularity  
and thoroughness. There won't be  
so many sick spells or colic. You'll  
find it just as wonderful for adults,  
too, in larger spoonfuls!

Get some Syrup Pepsin; protect  
your household from those tedious  
days, frequent headaches, and that  
sluggish, state of half-brain that  
means the bowels need stimulating.  
Keep this preparation in the house  
to use instead of harsh cathartics  
that cause chronic constipation if  
taken too often. You can always  
get Dr. Caldwell's Syrup Pepsin at  
any drug store; they have it  
ready in big bottles.

### IN LITTLE OLD NEW YORK

By Carl H. Gutz  
New York's subways are the safest railroads in the world and transport more than 5,500,000 persons each day. There are two one-cent restaurants in New York. One is located on 43rd Street, off Sixth Avenue. All soups sell for one cent. Fresh meat cakes sell two for five cents. Vegetable stew two for five cents. Vegetable stew two cents.  
Tickets to the Metropolitan Opera House will be tax-free because the opera company now ranks as a non-profit-making organization.  
Among the documents just placed in the cornerstone of the Union Club's new building is a wine list of 1,200.  
A total of 22,000,000 cubic yards of earth and rock were excavated during the building of New York's new Eighth Avenue highway.  
A huge bronze-colored frog that does not croak but sings jazz in the best Broadway manner, a blue-faced katydid that trills like an opera singer, a poisonous spider so large it dines on birds—these are among the new arrivals at the Bronx Zoo.

### Tom-Tom

The touchdowns were made by the following: Aycock (2), Rayburn, and Chaney Hobert. The extra points were made by Rayburn and Chaney Hobert. Aspermont played brilliant football during the second quarter of the game, but the Moguls had them beat from the start. Remember the score twenty-six to nothing (26-0). Although some boys played better than others we cannot say who was the best because of such a high score. But fans, let me tell you one thing, although he made no touchdowns, Chalmer Hobert like to have run the legs off the Aspermont team. Hobert played the best game he has played this year.  
Fans, why not be on Scrags' Field, Friday afternoon and see a real football game. We play the Haskell Indians. Be there ready to give all you have for the "dear old Mogul team."

### His Model Plane Wins

Gordon Light, 17, of Lebanon, Pa., made a model airplane which set an international record of almost 6 minutes in the air to win the national contest at Atlantic City. He defeated three British entries trying to lift the Wakefield trophy.
