

## Kracker KrumbS

Odd Bits Salvaged at Random

"Head over heels—working for Uncle Sam!"

K-k

That's what a local business man told us Monday, as he was preparing various forms relative to Social Security and withholding taxes, etc., to which we added that we put in several hours during the week end on the same type of work, with more yet to do.

k-k

This end of the month, end of the quarter, end of the year business calls for quite a bit of time with our dear old uncle. We have computed our Employer's Quarterly Federal Tax Return, our Employer's Quarterly Contribution and Wage Report for the Texas Employment Commission, our W-2 forms for employees, and have one more Federal return to make out—then we can settle down on other week ends toward computing our two income tax returns, business and personal.

k-k

With four regular employees for the year, we had a total of seven W-2 forms to make out, which the district director hadn't figured, as he sent us only six forms. We had to get out and rustle up another one.

k-k

Along with the forms came an admonition to fill them out and give them to employees promptly, urging them to make out their income tax returns early and, thereby, take some of the workload off the federal employees at deadline time, which didn't decrease our workload any! But once the job is done, we can relax a little if we're prompt enough to get them all off ahead of another quarterly return.

k-k

We've been noticing headlines in daily papers which read something like: "Knox City Area Driest In Years," "Wellington Rainfall Lowest In History," etc. Our guess is that one could take almost any town or hamlet in the Southwest and duplicate those headlines.

k-k

H. P. Hill, who keeps local records of rainfall for the U. S. Weather Bureau, summed things up for Munday in brief last week. He picked out some of the dry years in the past with a record like this:

k-k

Precipitation in 1955, 22.50; in 1916, 15.87 inches; in 1917, 11.12 inches; in 1918, 6.98 inches, and in 1956, 11.11 inches. It was rough back in 1917-18—remember

k-k

Just about the time demolition crews had done away with all the concrete at the old Gulf station, Judge Billingsley saw Buell Bowden and said: "You know, they're erasing all the tracks you made over there!" Buell was there for many years, and made lots of tracks around the place. Soon construction crews will be ready to work, and a new, modern station will take the place of the old one.

k-k

Folks wonder, some with a sort of dread, what the new year, 1957, will bring. One thing's for sure—it will bring us 365 days. Ten of these are done about used up, so what use are we going to make of the remaining 355?

k-k

Despite the fact that many of us are wondering where the money is coming from to pay our income tax, the Munday area must be in pretty good shape. Our local bank lacked a little less than \$20,000 having a cool \$4 million on deposit at the beginning of 1957.

## ROUGHAGE PROGRAM FOR TEXAS EXTENDED

The Roughage Program for Texas has been extended in all 238 counties previously designated. Walter T. McKay announced today. County Committees in all designated counties are being advised that they may now accept applications for a supply of roughage feed to carry basic livestock through March 15, 1957.

McKay was also advised that it is the policy of the Department of Agriculture to continue the emergency feed grain and roughage programs in the drought areas as long as there is a need for these programs.

**REVIVAL LEADERS**—Dr. E. W. Burton, editor of "Home Life" in Nashville, Tenn., will be the evangelist and S. W. Prestidge, Jr., of Baptist Temple in San Antonio, the singer for the Baptist revival which opens next Sunday.

The revival will continue through Sunday, January 20, with morning services being held at 7:30 o'clock, Monday through Friday and evening services each evening at 7:30 o'clock. The public is cordially invited to attend all these services.

## Vegetable Growers Plan Acreage In Spuds, Cantaloupes, Sweet Potatoes

At a meeting last Monday night, members of the Munday Vegetable Growers Co-operative laid plans for putting 1957 acreage in cantaloupes, watermelons and sweet potatoes, in addition to the 350 acres already contracted in spuds.

H. H. Partridge, who was recently elected president of the board, stated that acreage in these additional crops is now being lined up, and anyone wishing to grow any of these crops are requested to see any member of the board.

Others on the board are: LeRoy

Leflar, vice president; L. D. O'futt, secretary; E. H. Nelson, Tolbie Winchester, A. L. (Cotton) Smith and Chalmer Hobert.

The planting of the 350 acres of spuds will be getting under way soon, it was stated. Five carloads of seed potatoes arrived the first of this week and were being unloaded and distributed to growers.

The local organization is being incorporated with a capital stock of \$250,000, and sale of shares in the co-operative is starting this week. There are 2,000 shares of common stock at \$25 per share which may be purchased by member-producers only, and 20,000 shares of preferred stock at \$10 per share, which may be purchased by any firm, corporation or individual.

## County Council Names Offices

Knox County Home Demonstration Council met Friday, January 4, in the assembly room at Benjamin. The new officers for the year, Mrs. J. H. Adcock, chairman, Mrs. J. W. Trainham, vice-chairman, Mrs. R. M. Almanrode, secretary and Mrs. Homer Martin, treasurer, took their places.

The committees met at 1 p. m. and all recommendations for the year were presented. Standing rules of council were amended and accepted. The chairman named her committees as follows: Education, expansion, exhibit; Mrs. J. R. Brown, Mrs. Joe Patterson, Mrs. Bill Dowd, Mrs. M. G. Duncan, finance, Mrs. Homer Martin, Mrs. Roy England, Mrs. Calvin Christian; consumer-education, Mrs. W. O. Corder, Mrs. Fred Lain, Mrs. O. R. Miller; recreation, Mrs. Grady Hardin, Mrs. W. T. Cook, Mrs. H. M. Black; yearbook, Mrs. J. W. Trainham, Mrs. R. M. Almanrode, Mrs. L. A. Parker, Mrs. Elton Carroll, Mrs. Jack Hickman; civil defense; Mrs. J. A. Fuller, Mrs. Bob Ely, Mrs. Lee Snallum; reporters, Mrs. R. M. Almanrode, reporter of all clubs; 4H leaders, Mrs. V. F. Albus, Mrs. J. A. Fuller, Mrs. Enil Navratil.

The THDA chairman announced that the training meeting will be held in Haskell, January 29th. The District meeting will be held in Vernon April 5th. Nominees for district delegates and for THDA chairmen will be elected in clubs in January and three delegates elected at the February Council meeting with THDA chairman being elected.

## EASTERN STAR CHAPTER TO MEET ON TUESDAY

Munday Chapter, Order of Eastern Star, will hold its regular meeting on Tuesday, January 15, at 7:30 p. m. All members are expected to attend.

## Weather Report

For seven days ending 7 p. m. Jan. 8, 1957 as compiled by H. P. Hill, U. S. Weather Observer.

	LOW	HIGH

## Polio Victim To Warm Springs

After sending in the report of Knox County's funds for the March of Dimes last week, Mrs. John Peysen, chairman, received word that Tony Soca, son of Mr. and Mrs. Bloz Soca, was being released from Hendricks Memorial Hospital in Abilene and will enter the Warm Springs Foundation at Gonzales.

Tony had been in the hospital since August 8, 1956. The hospital had sent no statement for his care until his release, Mrs. Peysen said.

"The hospital charges are \$2,320," she said, "and we only have \$2,263 on hand, so you see we are going to have to dig deep so we may stay on our feet and help those who were and are

## E. M. Owens Of Weinert Dies

E. M. Owens, 57, of Weinert, died at 9:30 a. m. Wednesday at the Knox County Hospital. He became ill at 3 a. m. and was rushed to the hospital, where he died of a heart attack.

Mr. Owens was born December 13, 1899, in Hunt County and was married to Miss Opha Morgan. The couple moved to their home five miles northwest of Weinert in 1920 and had lived there since.

Funeral services will be held at 2:30 p. m. Thursday from the Weinert Baptist Church with Rev. T. C. Tucker, pastor, officiating. He will be assisted by Rev. Temple Lewis of Tye and Rev. Gene Louder, pastor of the Weinert Methodist Church. Burial will be in Johnson Memorial Cemetery under director of the Mc. Cauley Funeral Home.

Survivors include his wife; three daughters, Mrs. Mildred Robertson of Fort Worth, Mrs. Helen Lowe of Munday and Mrs. Patsy Mayfield of Fort Worth; four sons, Marion E. of Fort Worth, Bobby of Weinert, Kenneth of Lubbock and Donnie K. Owens of Weinert; 13 grandchildren; three sisters, Mrs. Leona Forehead, Mrs. Jim Driggers and Mrs. O. L. Waston.

Palbearers will be C. B. Forehand, John Earp, G. C. Brockert, Frank Vojkufka, Ves Anderson, Joe Gray, Chester Smith and Fred Reddell.

## Long Range Help In Great Plains Program For '57

Temple—State Conservationist H. N. Smith of the U. S. Soil Conservation Service today announced plans to take quick action to put into effect the stepped-up Great Plains program in this state.

Smith said that he has called a conference of state leaders of agricultural programs was recently placed on the Soil Conservation Service by Secretary of Agriculture Ezra T. Benson.

Smith pointed out that Secretary Benson's order provided for the combining of the resources of the Department of Agriculture's various agencies in a step-by-step process for making long-time adjustments in land use, cropping systems, and in the treatment of cultivated lands and range, under the climatic hazards of the Great Plains.

The Great Plains program, brought into being by Public Law 1021 last August, is designed to give farmers and ranchers, in the Great Plains area of the 10 involved states, both immediate and long-range help in the use of their land within its capabilities, Smith pointed out.

He explained that Public Law 1021 authorized an appropriation of not over \$150 million for a 15-year period. Funds to aid farmers and ranchers are expected to be available after July 1, 1957. Expenditures may not exceed \$25 million in any one year.

The program will apply in counties to be designated by the Secretary of Agriculture in portions of Colorado, Kansas, Montana, Nebraska, New Mexico, North Dakota, Oklahoma, South Dakota, Texas and Wyoming. "The continued drought in these states has emphasized the need for such a program to help develop a more stable farm and ranch economy

## Knox County Gets 17 Discovery Wells In '56

ALL THAT REMAINED—Of the Gulf Service Station here at mid-afternoon last Thursday is shown in this photo, and within a short time this was a pile of rubbish. The building, which was erected

in 1930, was completely razed to make way for a new and modern Gulf station. The property was purchased from P. V. Williams some time ago by the Gulf Oil Corporation.

## Children's Photos To Be Taken Here Monday, January 14

Monday, January 14, is the day for taking pictures of children of the Munday area, and these photos will be published in The Munday Times as a series of feature pictures under "Citizens of Tomorrow."

Arrangements have been made with Woltz Studios of Des Moines, Iowa, a nationally known portrait studio, to have a photographer here for that day. He will be located at the Munday Hotel and will take pictures from 10 a. m. to 5 p. m.

The studio will furnish enlargings of all photos for publication in this newspaper.

There is no charge of obligation for taking the pictures, the studio representative said. You do not have to purchase pictures, though you may obtain additional prints by arranging direct with the studio representative if you want them.

## Goree Man Gets New Assignment

WURZBURG, GERMANY—Army Sergeant First Class Louis E. Blankenship, son of Mr. and Mrs. Willie E. Blankenship of Goree, recently was assigned as chief admission and dismissal clerk at the 32nd Surgical Mobile Army Hospital in Wurzburg, Germany.

Sergeant Blankenship, a 1941 graduate of Goree Independent School entered the Army in April 1944. He was last assigned at the U. S. Army Hospital Fort Chafee, Ark.

His wife, Anna, lives at 324 N. 35th St., Fort Smith, Ark.

## Goree Service Held Dec. 26th For J. C. Morton

Funeral services were held from the Church of Christ in Goree at 3 p. m. December 26, 1956, for J. C. Morton, 80, pioneer resident of Goree.

Mr. Morton passed away at a Silverton hospital on December 24. He was born at Etoile, Texas, on December 11, 1876, and was married to Sudie McNeese on February 2, 1898, and the couple came to Knox County in 1901.

Minister Bill Decker of Abilene officiated at the funeral, and burial was in Goree cemetery.

Mr. Morton is survived by his wife of Silverton; four sons, Jimmy of Hollydale, Calif.; Pat of Laguna Beach, Calif.; Calvin of Burbank, Calif. and John of Salinas, Calif.; eight daughters, Miss Edna Morton of Long Beach, Calif.; Mrs. Jack Burton of Downey, Calif.; Mrs. Lee Bomar, Mrs. Wayne Crawford and Mrs. Don Alexander, all of Silverton; Mrs. Weldon Warren of Plainview, Mrs. Al Zitt of St. Louis, Mo., and Mrs. Weldon Leflar of Munday; a brother, Quinn Morton of Plainview; two sisters, Mrs. Nancy Randles of Drumwright, Okla. and Mrs. Ellie Maynard of Holtville, Calif.; 25 grandchildren and eight great-grandchildren.

## Ground Observers Training Session Set February 1st

A special training session for high school students in the Ground Observer Corps will be held here on Friday, February 1. It was announced this week. Joe F. Canafax, high school principal, has been appointed post supervisor to work with Joel W. Massey, chief observer for the Munday unit.

S/Sgt. Alfred Buchalter of Abilene, who is with the Dallas Filter Center, will lead the training session, working with Mr. Canafax in the instruction. Classes for freshmen and sophomores will begin at 9 a. m. and for juniors and seniors at 12:45 p. m.

"The purpose of this training," Sgt. Buchalter said, "is to familiarize the high school with the Ground Observer Corps' program and through them to encourage parents to participate.

At present the Munday unit is composed mostly of Boy Scout and a few adult volunteers.

Prior to the training session, a practice alert will be held for local volunteers on Sunday, January 20, led by Mr. Massey, who will contact volunteers in regard to the alert. The Munday unit uses the top of the city hall as "lookout" for their alerts.

All persons who desire information about the program are asked to contact Mr. Massey.

## Former Resident Passes At Cisco

Mrs. D. J. Osborn, 77, widow of a prominent West Texas Methodist minister who at one time was pastor of the Munday church, died at 2:30 a. m. Monday in a Cisco hospital after a brief illness. She was born September 20, 1879 in Alabama.

Funeral services were held at 2 p. m. Tuesday from the First Methodist Church of Cisco with Rev. Claud P. Jones of Fort Worth officiating. Burial was in Oakwood Cemetery in Cisco.

Mrs. Osborn is survived by two sons, two daughters, six brothers, two sisters, 11 grandchildren and eight great-grandchildren.

Mr. and Mrs. Bill Sharp of Lubbock visited friends here last Monday.

## Tax-Man Sam Sez:

Probably more folks have their income tax returns audited because of claiming a questionable dependent than for any other reason. Thousands of taxpayers have to come in because they didn't follow the tax instructions on dependents. You don't have to send pictures of all the dependents but you have to give all the information and fill out all the forms to let the tax folks know that you haven't claimed your dog.

Some folks are surprised that they can't claim their dog or their cow. If some of us would stop and think, maybe the old cow ought to take us for a dependent. Anyway, it is a good idea to study the tax instructions Uncle Sam sends you before you fill out your tax return.

A mid-year spurt of activities in the southeastern portion of Knox County which dotted the area with oil rigs saw some 100 new test wells staked in the area from September through December of 1956, as the county held interest of oil operators. More than half of these were producing wells, with 17 discovery wells being credited to the county for the year.

First oil production in the county, according to the Fort Worth Star-Telegram, was found in 1946. Play then declined until 1950 when four discoveries were reported. There were two in 1951, two in 1952 and six in 1953, and the area was fairly dormant during 1954 and 1955.

The play in Knox County continues to be concentrated south of the Salt Fork of the Brazos River, but there are indications it may spread north and westward.

The Fort Worth paper listed the following discovery wells for the county:

1. Thomas D. Humphrey & Sons, Ltd., No. 1 Noba Oliver, block 2, R. E. Farrar survey, A-1632, three miles west of Knox City, pumped 84 barrels of 38.4 gravity oil daily through perforations at 4,872 feet. (Noba Strawn.)

2. P. C. Bundy and Hayden Farmer No. 1 E. W. Hunt, block 13, J. Garner survey, four miles southeast of Goree, pumped eight barrels of oil plus 25 per cent water daily through perforation at 1,605 1/2 feet. (South Goree Tannehill sand.)

3. IRT Drilling Company No. 1 Joe Voss, section 71, block 2, D&W survey, four miles northwest of Munday, pumped 46.2 barrels of 34 gravity oil daily through perforations at 2,012 to 2,013 feet. (Voss Tannehill.)

4. Texoma Drilling Company No. 1 P. V. Cartwright section 73, block 45, H&TC survey, one mile northeast of Goree, pumped 40 barrels of 41 gravity oil daily through perforations at 1,657 to 1,665 feet. (Texoma Tannehill.)

5. Glenn W. Cooper No. 1 B. Coffman, section 83, block 45, H&TC survey, south edge of Goree, pumped 47.61 barrels of 37 gravity oil daily through perforations at 1,668 to 1,673 feet. (Tannehill sand.)

6. Ajax Oil & Development Company No. 1 Sheedy, section 77, block 2, D&W survey, 1 1/2 miles north of Munday, 85 barrels of 41 gravity oil in three hours through half-inch choke and perforations at 2,010 to 2,020 feet. (Gas-oil ratio 400-1. (Tannehill.)

7. Tom B. Medders No. 1 J. L. Cloud, section 6, HT&B survey, three miles southeast of Goree, pumped 25.88 barrels of 35 gravity oil daily through perforations at 1,610 feet. (Tannehill sand.)

(Continued on Last Page)

## Irrigation Facts Are Summarized In New Publication

"Thinking of Irrigation" is the title of a publication just released by the Texas Agricultural Extension Service and it is available without cost from the offices of local county agents or from the Agricultural Information Office, College Station, Texas.

Extension Irrigation Specialist R. V. Thrumond, the author, has listed in concise form the most important considerations for those contemplating an irrigation program for their farm. Illustrations are used to emphasize and clarify the facts listed.

Such items as water supply, soils, crops, methods of applying water, equipment and planning and designing the system are covered in the publication. The final test comes, says Thrumond, when these cost factors are all added together—water cost, extra equipment, taxes, maintenance, fertilizer, depreciation, interest on investment and labor—and compared with the expected increased income derived from irrigation.

To be profitable, the engineer emphasizes that income must be increased enough through the use of irrigation to offset the additional costs. Installing an irrigation system should not be looked upon as a short time proposition, but as a change in farm management and operation which will affect farm production and income for a long period of time, says Thrumond.

### PLANNED PROGRESS

"What we need in this town is an industry of some sort!" We've all heard that statement or one like it a hundred times over. But how many of our rural communities are really ready to take care of a new industry? How many have facilities such as good schools, available housing, places for recreation, attractive shopping centers, and all the other things management looks for in addition to a factory site?

A program called Planned Progress, which has been operating for several years in Missouri and parts of Iowa and Illinois, is designed to help the smaller communities become more attractive places to live in and work in. It is sponsored by the Missouri Edison, Missouri Power and Light, and Union Electric Companies. They help organize the program, and provide coordination, advice, and the stimulation of cash awards to spark local effort.

Townpeople in more than 200 communities have participated in the program since 1952. Some of the things they have done include the following: Installed new sidewalks, paved streets, made and installed street signs, carried on supervised recreation programs for children, campaigned for bond issues for improved schools and water systems, developed city parks and community centers, organized volunteer fire fighting associations, and organized clean-up campaigns on a community wide basis.

To quote from an editorial in the Warsaw, Illinois, Bulletin, "Although it isn't possible for an outsider to solve another community's problems, it's certainly possible for an outsider to help a community solve its own problems. And that is exactly the kind of boost we are getting from Planned Progress."

### WORKING FOR GOVERNMENT

The total cost of government in this country is far higher than most of us realize, one reason being that many taxes are of an indirect, or "hidden" nature.

U. S. News & World Report states, "Governments in this country—federal, State and local—are spending \$110 billion a year. That is the equivalent of about one-third of all the money earned by all people and businesses in the United States."

Drive Safely! Spend a little more time with us.

### DISASTER AT THE FALLS

Last June a tremendous rockslide took place at Niagara Falls. It completely demolished two-thirds of a world-famous hydroelectric station belonging to an independent utility company and extensively damaged the remaining third.

This station was a big one, with a capacity of some 335,000 kilowatts. The bulk of the power was sold to a large industrial user, some of which depended on it to maintain around-the-clock schedules. It would have seemed only reasonable that disaster at the Falls would have made prolonged power outages inevitable.

But that was not the case. The power company turned to generating sources within its own integrated system, and to other suppliers. The result: Service was completely and fully restored in a matter of hours!

This was a remarkable achievement. It is the kind of achievement that, in varying degree, we have come to expect of independent electric and other utilities when disasters strike. Floods and hurricanes have provided many an example—power and phone lines are returned to service in an incredibly short time. And in these cases the utility companies are always among the leaders in helping communities to come back to normal.

Utility companies are good citizens. And it's well to remember that they are big taxpayers too—and, when trouble, such as that at the Falls, comes to them, they pay the bills out of their own pockets, not the taxpayers' pockets.

### PURCHASING AGENT

The housewife is the purchasing agent in most American homes. So every producer and seller of goods must be vitally concerned with what advertising medium she finds most influential when it comes to making out her shopping list.

The Illinois Consumer Analysis recently conducted 5,000 interviews in 15 Illinois markets in which this question was asked: "What form of advertising do you find most helpful in buying general merchandise?" The answers were: newspapers, 50 percent; television, 8.5 percent; magazine, 6.7 per cent; radio, 1.1 per cent.

The newer media serve their purpose and are here to stay—but nothing can supplant or equal the local newspaper in the esteem and interest of the public at large.

—SAY YOU SAW IT IN THE TIMES—

## WHAT DOES THE BIBLE SAY?

### The Name Of Christ

When Peter healed the lame man, he said, "In the name of Jesus Christ of Nazareth rise up and walk" (Acts 3:6). It is said that the people were filled with wonder and amazement when they saw this man walking. His face was familiar to those who entered the temple to worship. They knew that he had been unable to walk, and thought his lameness was incurable. The rulers of the Jews apprehended Peter and John and placed them in prison for this deed.

The offense was not so much for healing the lame man, as it was for preaching in the name of Jesus. If they had ascribed this miracle to their own power, there would have been no trouble; but they said the healing was due to the power vested in the name of Jesus. The apostles were set at liberty with the warning that they must speak no more in the name of Jesus.

While Peter was facing the same group he faced when he denied Jesus, yet he was not

afraid. He had learned the power in Jesus' name, and his heart was full of courage. He and John answered the threats of the Sanhedrin by saying, "Whether it be right in the sight of God to hearken unto you more than unto God, judge ye. For we cannot but speak the things which we have seen and heard" (Acts 4:19-20).

In this same connection it is said, "Neither is there salvation in any other; for there is none other name under heaven given among men, whereby we must be saved" (Acts 4:12). Paul says, "Wherefore God also hath highly exalted him, and given him a name which is above every name" (Ph. 2:9). The name of Jesus stand above all other names, because it is the only name in which salvation from sin is provided.

The name of Jesus must be preached. All who would become Christians must believe in his name, they must confess his name, and be baptized in his name. Christians can work and pray only in the name of Christ.

### RETURNING AND EXCHANGING GIFTS

With every wedding, birthday, or holiday season, there comes the day-after-the-day-before—the returned gift headache. The season for returning Christmas gifts to stores for exchanges is now upon us.

Most business establishments are as cooperative as possible about this annual American pastime, but before getting into any arguments with a reluctant clerk

or manager, better take a look at the legal situation involved. You may find that persuasion is more on order than demands for adjustment.

Department stores are under no legal obligation to take back a purchase and refund your money or deliver other goods in exchange just because you changed your mind. Most stores do make refunds and exchanges, but that is because it is their policy to do so—not because they are required to.

However, a promise to refund or exchange merchandise made by the store or the salesman should be honored. Similarly, if a store misrepresents the quality of certain goods or if the goods are defective, you are justified in expecting a satisfactory adjustment. But you have no more legal right to expect a store to refund or exchange because you change your mind about a purchase than the store has to ask you to give back the goods that were sold to you because it didn't

## MODERN HOMEMAKING RECIPES . . . HOUSEHOLD HELPS

By Julia Hunter  
HOME ECONOMICS DIRECTOR, LONE STAR GAS COMPANY

After so much holiday cooking, meals easy to prepare are in demand. A meal cooked entirely in the oven means easy preparation and less dishwashing, since foods cook and go on the table in the same dishes. Less time in the kitchen, too, for all the foods cook in the same length of time; just place them in the oven and forget them until the end of cooking time.

Determine time and temperature for an oven meal by the meat dish (or any dish requiring exact temperature and time.) While certain times and temperatures are often specified, vegetables will bake or steam in the oven at various times and temperatures.

Once you've tried your hand at planning oven meals you'll work out many menus. Here's one to begin with: Crunchy Oven Chicken, Parmesan Cauliflower, Baked Sweet Potatoes, Vegetables Salad Mold, Hot French Bread and Rosy Pears.

Place one 10-ounce package of cauliflower in a 1-quart baking dish with a quarter teaspoon of salt, cover and bake in a moderate gas oven (350 degree F.) for one hour. Drain. Combine and serve over hot cauliflower four tablespoons of melted butter and two tablespoons of Parmesan cheese. Serve at once. Makes four

servings.  
Scrub, dry and rub lightly with shortening four large sweet potatoes. Place the potatoes on a small cookie sheet, in a pie pan or directly on the oven rack. Bake in moderately hot gas oven (350 degrees F.) one hour.

If you your family likes a fruit dessert, here's a "peach" of a pear recipe: Peel four large pears, leaving stems, and place them in a shallow baking dish. Combine 1/3 cup sugar, 1/3 cup water, 3 tablespoons lemon juice and a few drops red food coloring, bring to a boil and pour over pears. Now bake the pears, uncovered, in a moderately hot gas oven (350 degrees F.) one hour.

For additional information on oven meals, send a postcard to the Home Economics Department, Lone Star Gas Company, Room 601 at 301 South Harwood, Dallas 1, Texas.

**Recipe Of The Week**  
**CRUNCHY OVEN CHICKEN:** Melt over low gas flame 1/2 cup butter or margarine; combine 2 cups crushed potato chips with 1/4-cup teaspoon garlic salt and a dash pepper. Dip in melted butter or margarine and then in potato chip mixture one 2 1/4-pound frying chicken, disjointed. Place pieces, skin side up, so that they do not touch in a greased

shallow baking pan. Bake, uncovered, in a moderately hot gas oven (350 degrees F.) one hour. DO NOT TURN. Makes four servings.

## Weekly Health LETTER

Issued by Henry A. Holle,  
M. D., State Health Officer  
of Texas

AUSTIN—Oldtimers may yearn for the "good old days" but it is the good new days that make it possible for more and more Americans to live long enough to reflect on those "good old days."

Nursing homes are on the increase. The Nursing Home Licensure Section of the Texas State Department of Health has issued permits to 508 nursing and custodial care homes, and this figure increases about five per month.

Many oldsters live with their families. This, of course is ideal when conditions are such that they may be well cared for. Under other conditions, grandpa might be better off in a home where he is able to associate with cronies his own age and assured of proper care at all times.

Retired persons living alone, however, are left to their own devices and often, for one reason or another, are not overly careful about their health.

This is especially true with meals. Often, diets which should continue to be nourishing and attractive are relegated to tea and cracker affairs, the reason being that oldsters find it difficult to adjust to small scale shopping.

Lowered incomes affect buying habits, but eating regular and healthy meals is too important to give up. Dr. Henry A. Holle, commissioner of health, offers these suggestions for better eating habits among persons:

Buy only what you use immediately so that there will be a minimum of waste. The large economy size wastes more than it saves for most old couples.

Do not buy meats or vegetables by the pound, instead switch to servings as a basis for food purchases, buying only that amount which you can eat.

A few weeks experimentation will determine how much you eat per meal, so that you may plan your buying accordingly. Leftovers, never desired as a meal, are especially distasteful to oldsters.

You have lots of time, so go ahead and experiment with new recipes; you will probably settle on a nucleus of good, mutually attractive menus which will serve as a basis for most meals.

Balanced diets are more necessary than ever, but many foods become difficult to eat because of dental problems. Don't eliminate the food, just change the preparation.

Cube or grind meats which are difficult to chew and let your knife do most of the work instead of your teeth.

Time will pass faster, you'll sleep better and get much more enjoyment out of life if you take care of your health, letting good eating habits lead the way.

Some folks will say to a friend, "Aw, why don't you get lost?"

It isn't necessary to say that to me because I have a positive genius for getting lost. If there are two roads, I always take the wrong one.

I even once got lost in San Marcos—and you really have to be good to do that. Walter Buckner's town, at that time, had maybe 5,000 inhabitants.

True, it was at night but it was a clear night. I was on the San Antonio-Fort Worth highway, and then I wasn't. I had piloted my car up the highest hill in the picturesque town and was in the shadow of a gray rock building which looks like a castle but is a school.

I did know my way back to the center of the city so I drove back to the courthouse square and made another start.

When the Memphis Commercial Appeal gave me a try-out soon after I graduated from high school, I worked for nothing and only routine tasks were assigned to me—and not many of them. After ten days or so, I grew discouraged and one night, at my customary quitting time, I walked out without saying anything to the man on the city desk, who was Fred Beneke, assistant city editor.

Next day, he mentioned this in a mild tone and added, "Always check out." I replied, "Well, I thought that I was doing so little that it didn't matter." But the fact that he had noticed it showed that somebody was paying some attention to me and that was encouraging. A few days later, I was placed on the payroll.

People speak of "the little red schoolhouse." Truthfully, now, did you ever see a schoolhouse that was painted red?

A song that was popular when I was a boy came to mind the other day. I wonder if Bill Bailey ever did come home?

We pass a stranger on the street and he smiles as though something about us was amusing. The fact probably is that he was not thinking about us at all. In fact, it's a good bet that he wasn't even thinking.

When I was a little boy, ladies wore hats with a bowl of cherries or a bird with outstretched wings as the main decoration and they would thrust a hat-pin through their pompadours. I was always afraid they would miscalculate.

## LOCALS

Mr. and Mrs. Ralph Geddie and children of Dallas visited her parents, Mr. and Mrs. Stanley Wardlaw, and other relatives over the week end.

Mr. and Mrs. H. N. McClelland of Benjamin visited her sister, Mrs. C. N. Smith, last week.

Mr. and Mrs. M. L. Joyce of Albany visited her mother, Mrs. J. B. Bowden, on Wednesday of last week and attended the funeral of A. H. Mitchell.

Mr. and Mrs. Bob Albus returned to their home in Elko, Nev., last week after spending the holidays here with relatives and friends.

Mr. and Mrs. L. B. Patterson visited relatives in DeLeon over the week end. Enroute home they visited with Mrs. Dick Moore in the Hendricks Memorial Hospital in Abilene.

**LAST CHANCE**—to have your photograph made this week. Open 10 a. m. to 5 p. m. Closing Saturday, January 12. Ma Shugart's Trailer Studio. 1tp

**Munday Study Club Has Interesting Program January 4**

"Women Well Informed" was the theme of the Munday Study Club when they met in regular session on January 4 at the club house.

Mrs. Dwight Key was director and introduced the speakers for the afternoon. Banking and finance was discussed by Moulton Wiggins and Insurance was the subject discussed by Charles Baker.

A business meeting was held after the program and the following officers were elected for the years 1957-58:

President, Mrs. W. O. Ratliff; 1st vice-president, Mrs. J. S. Shannon, 2nd vice-president, Mrs. H. F. Jungman; recording secretary, Mrs. Leland Floyd; corresponding secretary, Mrs. B. B. Bowden; treasurer, Mrs. A. L. Smith; assistant treasurer, Mrs. Genevia Cammack; Librarian, Mrs. Don Combs; executive member, Mrs. C. P. Baker; nominating committee, Mrs. R. D. Atkelson, Mrs. J. C. Borden and Mrs. A. A. Smith, Jr.

A report from all officers and standing committee was given. Mrs. A. L. Smith, chairman of Civil Defense and Public Welfare, reported a package valued at \$15.00 was mailed to the State Hospital in Wichita Falls in time for their Christmas.

The club voted to send a check

**Miss Penny Parks Honored At Bridal Shower Recently**

Miss Penny Parks, bride elect of Edward Melton, was honored recently with a bridal shower in the Fellowship Hall of the First Baptist Church.

In the receiving line was the bride-elect's mother, Mrs. L. A. Parks, the honoree, and Mrs. D. A. Melton, mother of the groom to be.

Registering the guests was Miss Evelyn Green. Misses Diana Gaither, Brenda Gass and Carla Mae Booe served refreshments.

Hostesses for the afternoon were Mesdames Ben Yarbrough, Carl Booe, Austin Tomlinson, Carl Green, Nora Broach, Chester Lain, H. B. Stubblefield, Cotton Smith, Bessie Winchester, Elbert Owens, C. N. Smith, J. C. Elliott, Bill Gaither, Marshall Gass, Truman Winchester. Miss Helen Ford assisted.

to the Hungarian Relief Fund and also a donation to the Eunice Buchanan Scholarship Fund.

Mrs. R. D. Atkelson, federation counselor, gave some interesting highlights on club activities in our district and in our neighboring towns from the Texas Federation News.

Twenty one members answered roll call.

**Gary Cure And Miss Sue Guinn Marry Dec. 22nd**

Miss Sue Guinn, daughter of Mr. and Mrs. L. G. Guinn, Jr., of Knox City and Gary Cure, son of Mr. and Mrs. Omar Cure were united in marriage on Saturday evening, December 22.

Officiating in the double ring ceremony was Minister J. R. Collins of the Church of Christ in Frederick, Okla., where the wedding was performed. Their only attendants were Mr. and Mrs. Jerry Cobb of Knox City.

The bride wore a colonial white sheath dress or rich brocade satin, with a wide crushed belt forming the empire waistline. The scooped neckline was completed with tiny shuffles, and soft pleats formed peg-top pockets on the skirt. She wore matching accessories.

For their honeymoon the couple spent a few days in Lawton, Okla.

The bride, a junior in Knox City high school, is a member of the Greyhound Band, was named high school beauty in 1955, FFA sweetheart, and is one of the nominees for high school beauty in 1956.

Cure is a 1956 graduate of Munday High School, where he lettered three years in football and was chosen all-area player in his junior and senior years.

The couple plans to continue their education in Stillwater, Okla., where Cure is a student in Oklahoma A&M.

**VALENTINE DANCE SLATED FEBRUARY 9TH**

A Valentine dance for Munday High School students and their guests will be at the American Legion hall on Saturday night, Feb. 9, from eight to eleven o'clock.

There will be a twenty-five cents door charge for each one attending.

Among the sponsoring parents those in charge of arrangements are Mrs. Herschel Cowan, Mrs. Harold Partridge, Mrs. Boyd Meers, Mrs. E. B. Littlefield and Mrs. Travis Lee.

**Nolan Phillips Celebrate 25th Wedding Date**

Mr. and Mrs. Nolan Phillips, well known local couple, recently celebrated their Silver Wedding Anniversary with open house at their home. Approximately 100 relatives and friends called during the afternoon.

Mrs. Edgar Morgan presided at the register. Others who assisted with the house party are: Miss Helen Phillips, Mrs. Quentin Spann, Mrs. LeRoy Leflar and Mrs. Ernest Machen, who greeted the guests. Mrs. Shelton Phillips and Mrs. John Phillips alternated at the punch service, and Mrs. Russell Penick served the cake.

A silver and white motif feature of candles intermingled with white carnations and silver foliage was emphasized throughout. The table was covered with a white Irish linen cloth and centered with an arrangement of white carnations with silver entwined wedding bands and sprays of silver bells tied with silver ribbons.

A corsage of white carnations and silver net, presented each member of the house party, completed the ensemble.

The couple have lived their 25 years of married life in Munday. Mr. Phillips is a life-long resident of the area, and Mrs. Phillips lived at Spann, Ky., except four years at Foss, Okla., prior to their marriage on December 23, 1931.

**Miss Penny Parks Becomes Bride Of Edward A. Melton**

Miss Penny Lee Parks became the bride of Edward Anderson Melton at 8 p. m. Saturday, December 29, in a double-ring ceremony performed at the parsonage of the First Baptist Church in Munday. Rev. Robert H. Lloyd, pastor, officiated.

Parents of the couple are Mr. and Mrs. Lee A. Parks and Mr. and Mrs. D. A. Melton, all of Munday.

The groom is a 1956 graduate of Munday High School, was a member of the Future Farmers of America for three years, and a Mogul Band member for four years.

The bride was reared in Munday, attended Munday High School and was a member of the Future Homemakers of America.

The young couple are making their home in Munday, where Mr. Melton is engaged in farming.

**Bridal Shower Given To Honor Mrs. Alexander**

A bridal shower was given in honor of Mrs. David Alexander, the former Nancy Matthews, on Monday afternoon, January 7, in the Fellowship Hall of the First Methodist Church.

In the receiving line were Miss Carla Booe and Miss Margaret Yandell, greeting the guests, Mrs. Alexander, the honoree, her mother, Mrs. H. D. Matthews, Mrs. Delmon Alexander, mother of the groom and Linda Alexander, sister of the groom.

Registering the guests was Miss Diana Gaither. Misses Jacqueline Clowdis, Maidee Smith, Patsy Lain and Pat Partridge served the cake and punch from a table set on a white linen cloth centered with a bouquet of white carnations and a bride and groom. Piano music for the afternoon was furnished by Misses Gayle Littlefield and Anita Tidwell.

Hostesses for the occasion were Mmes. James Gaither, Troy Lindsey, Joe Hill, Dewey Melton, H. C. Yandell, Chester Lain, Bill Gaither, Genevia Cammack, Joel Massey, Cotton Smith, Jack Stewart, O. O. Putnam, Eugene Michels, Gene R. Haynie, Misses Maidee Smith, Pat Partridge, Anita Tidwell, Margaret Yandell, Gayle Littlefield, Patsy Lain, Carla Booe, Diana Gaither and Jacqueline Clowdis.

**Nancy J. Matthews, Louis D. Alexander Marry December 23**

Miss Nancy Jane Matthews and Louis David Alexander exchanged wedding vows December 23, 1956, at 2:30 p. m. in a simple ceremony at the First Methodist Church. Rev. J. F. Michael, pastor, officiated. Miss Carla Mae Booe furnished organ music for the occasion.

Mr. and Mrs. H. D. Matthews are the parents of the bride and Dr. and Mrs. Delmon E. Alexander are the groom's parents.

The bride was dressed in a two piece light blue suit with black and blue accessories.

Miss Patsy Lain, maid of honor, was attired in a two piece light blue knit dress with black accessories.

James David Gaither served as best man.

Those who attended the wedding were Dr. and Mrs. Delmon E. Alexander, Mr. and Mrs. H. D. Matthews, Mr. and Mrs. James Gaither and Tim, all of Munday; Mr. and Mrs. Dorman Followwill and Patti of Denver, Colo.; Mr. and Mrs. Billy C. Matthews of Pecos, Mrs. J. F. Michael, Miss Linda Alexander, Miss LaCresha Floyd, Miss Cheryl Matthews and Jackie Matthews.

**CHRISTMAS PARTY HELD BY STUDY CLUB**

Members of the Munday Study Club entertained their families with a Christmas party on December 14 in the sanctuary of the First Methodist Church.

Mrs. Genevia Cammack, director of the program, presented Mrs. Herschel Cowan who gave a review of Peter Marshall's book "Let's Keep Christmas". Rev. J. F. Michael led the group in a closing prayer.

Punch and cookies were served in the Fellowship Hall by the hostesses, Mrs. Tom Bullington, Mrs. L. R. Frost and Mrs. Earl Hughes of Abilene.

Mrs. G. P. Burns spent the Christmas holidays in Fort Worth visiting with her children.

## News From The U. S. Congress

By Congressman Frank Ikard

Twelve o'clock noon, January 3rd, marked the beginning of the 85th Congress. Both of the Houses met, elected their leaders, and organized just as they have done at the beginning of each Congress for 168 years. We have come to accept this event that takes place every two years without taking any great notice of it and without realizing, probably, that even though we are young in the Family of Nations, the United States is the oldest Republic in the world today. Participating in the opening of the Congress for the first time were forty-six new Members of the House and nine new Senators.

This session of Congress will unquestionably be a very busy one and one that will be called upon to meet many important and significant issues. It did not take long for the first of these issues to be resolved during this session to be presented. In an unusual Joint Session on Saturday, January 5th, the President presented his plan to stop the advance of Communism in the Near East. Up to this point, there seems to be little question but that the ones who have really gained in the recent crisis in that area of the world have been the Egyptians under Nasser and Communists Russia. This part of the world controls almost two-thirds of the world's supply of petroleum, and for that reason, if it fell into Communist hands, it could bring Western Europe to its knees simply by cutting off its supply of oil. Since the President, under the Constitution, has almost unlimited power and power and responsibility in the field of foreign affairs, and as Commander-in-Chief of the Armed Services, he probably has most of the authority that he has asked for without Congressional action; however, regardless of this fact, if he feels that he needs Congressional approval of his plan and asks for this approval as he has, it must be given to him for certainly the United States must present a united front against the advance of world Communism.

Visitors from home this week were Mrs. Mann Hamm and son, Lee Hamm, or Henrietta, and Mrs. John R. Harris, and son, St. John R. Harris, of Wichita Falls.

Guests in the home of Mrs. G. P. Burns for the New Years holidays were Mr. and Mrs. Price Ronnie and Patti Ann, Mr. and Mrs. T. A. Walker and Mrs. Cecil Cheek and Donovan all of Fort Worth.

Dale Phillips underwent an appendectomy in the Knox County Hospital last Monday morning. He is reported to be getting along fine.

By John C. White, Commissioner

Anybody want to build about 865,000 average five room houses this year? Enough lumber will be cut in Texas during 1957 to do it!

If a 10-foot wide wooden belt were needed around the equator to hold the earth together, Texas could furnish the material and still have some left over. Or laid end on end, Texas' yearly lumber production would form a continuous span to the moon.

The piney woods section of East Texas has made a real comeback in the past 20 years. Almost one million acres more forest land exists today than in 1935 due to once cleared land reverting to woods.

Forests now cover 11,655,800 acres in the commercial timber belt of East Texas. Annual income exceeds 100 million dollars from cut lumber, furnishing employment to over 50,000 persons.

The volume in sawtimber trees totals 26 billion board feet. Softwood sawtimber volume, mainly southern yellow pine with some cypress and red cedar, has risen 26 percent since 1935 in southeast Texas. This big increase in growth reflects the great progress made in protection and improved forest practice during the past 20 years.

Fire, insects, disease, and other natural disasters annually kill about 50 million cubic feet of timber in East Texas. Special attention is being given this prob-

lem for, if the existing timber supply were exhausted, the economy of 36 counties would be severely hurt.

About 92 percent of Tyler county is in forest land, and in Newton, Polk and Angelina counties, more than 80 percent of the total area is wooded. From these and other counties come over 1 1/2 billion board feet of lumber handled by 70 large sawmills and several hundred portable mills.

Three pulp mills in Texas are now using about half as much pine annually as all of the more than 500 sawmills together.

The towering pine is still big business in Texas, and will be for many years to come.

Mrs. T. G. Bengel returned home last week from a visit with relatives and friends in Cleburne.

Mrs. Bob Goodwin and Gary and Mrs. Carol Bunch and son visited relatives in Oklahoma City, Okla. last week.

### JANUARY PLENTIFUL FOODS LISTED

With the passing of another Holiday Season and the beginning of a New Year, homemakers will still find a long list of plentiful foods to meet family dietary needs in January.

Eggs, potatoes and canned sweet corn are given feature spots on the U. S. Department of Agriculture's January plentiful foods list. These foods, according to the Agricultural Marketing Service's regional office in Dallas, are in heavy supply not only in the Southwest but in all parts of the nation.

Red meats, including beef, pork, turkeys, broilers and fryers, are also listed. Other high protein foods are ocean perch filets, milk and other dairy products. In the Southeast, rice and pecans also will be plentiful.

Fruits expected to be in good supply during January include winter pears, dates, dried prunes and canned purple plums.

The only vegetable on the list, other than potatoes, is onions.

### NEWS FROM VERA

(Mrs. Thelma Lee Coulston)

Mr. and Mrs. J. D. Helm of Austin visited Monday with her aunt, Mrs. J. M. Robertson.

Mr. and Mrs. A. K. McGaughey visited over the week end with Mrs. McGaughey's aunt, Mr. and Mrs. I. K. Sweetman.

### Growth Reflected In Gas Company's Year-End Report

An optimistic outlook for Monday's continued growth is reflected in a year-end business report by O. F. Gates, local manager for Lone Star Gas Company.

Lone Star added 25 new customers in Munday in 1956, bringing the total at December 31 to 697, including 559 residential, 133 commercial and 5 industrial customers, Gates said. He added that the company installed or replaced 1190 feet of new street mains during the year, making a total of 9 miles of pipes in the city's distribution system at year's end.

"We anticipate additional growth in 1957," Gates said. "We are planning to install 1000 feet of additional street mains. This will be carried out primarily to meet new customer demands.

Gates pointed out that Munday's growth is typical of that which Lone Star has experienced throughout its operating area. The company added a total of 32,300 new customers to its distribution systems in Texas and Oklahoma in 1956 and expects an additional 32,400 in 1957.

The company's underground storage capacity was increased by some 35 billion cubic feet of gas in 1956, bringing its total capacity to 51 billion cubic feet. Company officials state that this storage capacity, together with Lone Star's increased supplies and gas reserves, puts the company in the best position ever to assure steady and dependable natural gas service to Munday and the other 451 cities and towns it serves in Texas and Oklahoma.

M. T. Chamberlain left on Wednesday for Long Beach, Calif., to visit with relatives for several weeks.

**NOTICE**—If you have pictures at Ma Shugart's Trailer Studio call for them before Saturday, January 12. Hours 10 a. m. to 5 p. m. Itp

### Big Lake Youth Whips Polio, Then Makes All-State Football Eleven

**GONZALES**—From polio patient at Gonzales Warm Springs in 1949 to All-State guard in 1956.

That's a capsule account of the amazing recovery and accomplishment of David Jacobs, 190-pound husky senior student, who captained the Class A Big Lake High School grid team undefeated through its regular season.

Back in the summer of 1949 when David was stricken with polio, no one dreamed of such a climax to his football aspirations. He entered Gonzales Warm Springs Foundation on Sept. 1, 1949, and remained almost five months. He continued his therapy at home and had periodic check-ups at Warm Springs.

He was determined to play football, and in the fall of '51, the medical director gave his consent. So he played on the Junior Team that year and the next. His improvement was steady.

As a freshman in 1953, he played on the high school team and, as a tackle, he logged more minutes than any other player. A shoulder injury in 1954 kept David out of action for five quarters, but he went on to play as much as any other player on the team.

As a junior, he made All-District and tied for outstanding lineman in the district, still playing in a tackle position. This year, playing guard, he easily made All-District and then was named on the Fort Worth Star-Telegram's All-State Class A eleven.

Aggressive and alert, David has averaged 155 tackles each of the last three years, blocked six punts in 1955 and two this season, recovered 11 fumbles this fall and rushed the passers so much that Big Lake scored five times with intercepted passes.

David's father, Paul Jacobs, says that the experience with polio taught him consideration, patience, and a tenacity to accomplish his objectives. And, while he has played three years on the BLHS basketball and golf teams, his accomplishments have not been restricted to sports.

Throughout his high school career, David has been on the honor roll and has served on the Student Council. He has held the office of vice-president and this year is president of the student body.

He has fed lambs in 4-H and FFA programs since he was ten and has won numerous stock show ribbons including a first place in the San Angelo Fat Stock Show. He played tenor sax three years in the school band and has participated in dramatics, taking

**WINS OVER POLIO**—David Jacobs, Big Lake High School senior, has demonstrated what determination, coupled with proper care, can do against a polio attack. Afflicted by the dread disease in 1949, David climaxed his come-back by being named all state Class A guard in 1956. He spent five months at Gonzales Warm Springs Foundation and continued his therapy at home, with periodic check-ups at Warm Springs.

the lead in the Senior Play in December. On Sundays he has been teaching a Sunday School class for junior boys.

#### LEAVE FOR HAWAII

Mr. and Mrs. H. F. Jungman left on Tuesday for Fort Worth, where they joined others for a two-weeks vacation tour of the Hawaiian Islands. They will make the trip over by plane and will return to Los Angeles by boat. They will return home around January 27.

Mrs. Etta Webb returned home Sunday after spending the New Year's holidays with her son and wife, Mr. and Mrs. Tom Webb, in Ballinger and with her daughter and husband, Mr. and Mrs. Leon Reagan in Spur. She returned with Mr. and Mrs. M. L. Wiggins who were Sunday guests in the Reagan home.

Mr. and Mrs. D. E. Whitworth were business visitors in Wichita Falls last Monday.

**PICTURES**—Get your's or your families' made before Saturday, January 12, at Ma Shugart's Trailer Studio. Hours 10 a. m. to 5 p. m. Itp

Mr. and Mrs. V. E. Moore and children visited Mr. and Mrs. Roy Cutbirth in Abilene last Sunday. They also visited Mrs. Dick Moore in the Hendricks Memorial Hospital.

Guests in the home of Mr. and Mrs. E. W. Harrison last Sunday were their son, Claude Harrison, and family of Lubbock and Mr. and Mrs. J. C. McGee and Mr. McGee's mother of Knox City.

## Knox Prairie Philosopher Finds That He And The U. S. Treasury Are In About The Same Financial Boat

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek claims he has company in his financial problems, his letter this week reveals.

J. A.

Dear editor:  
With the Suez Canal jammed with ships and Washington jammed with Congressmen as the new session got underway, I naturally was interested in getting hold of a newspaper before 1957 gets too old but I searched this place thoroughly and couldn't find one yesterday, outside of one published two weeks ago containing predictions on what Congress will do this year and anybody who relies on a newspaper columnist's predictions is pretty hard up and not very well equipped to face the future, so I went into town and hauled off and bought a copy and took it home.

I was just getting into it when I read a statement by the Secretary of the Treasury saying he felt sure the national budget can be balanced this year if a little increase in income can be managed.

What this convinces me of is that the government operates its business about like I operate mine. That is, I never have seen the time when I couldn't balance my budget if I could manage to

get a little more income.

People talk about tax relief, about economizing, but me and the United States government have found out long ago the only way to make ends meet is to get a little more money. I know I could spend a little less, could cut down here, do without there, the same as you, but you and me are rassing with the same problem as Congress: the people won't let us do it. In Congress' case it's the voters. In yours and mine, it's families. The demands of the voters are the two things that are keeping a lot of noses to the grindstone.

Moreover, while I don't know about you, I know me and Congress approach this problem in the same way. That is, about all either of us has ever figured out

### County Gets—

(Continued from Page One)

8. Lomax & Maxwell No. 1-A E. V. Cartwright, section 71, block 45, H&TC survey, 2½ miles east of Goree, pumped 56 barrels of 34 gravity oil daily through perforations at 1,705 to 1,722 feet. (Tannehill.)

9. Phillip Johnson et al No. 1 J. R. King, section 115, block 45, H&TC survey, 1½ miles southeast of Munday, pumped 29.1 barrels of 34 gravity oil daily through open hole below 1,816 feet. (JRK Tannehill.)

10. Schulz & Brannan No. 1 Offutt, section 74, block 2, D&W survey, one mile north of Munday, pumped 28.81 barrels of 40 gravity oil daily through perforations at 2,024 to 2,028 feet. (Tannehill sand.)

11. Titan Production Company (formerly Sikes-Burckhalter) No. 1 Buster Coffman, section 86, block 45, H&TC survey, 1½ miles southwest of Goree, pumped 50 barrels of oil daily from open hole at 1,821 to 2,003 feet. (Tannehill sand.)

12. Christie-Stewart Drilling Company No. 1 W. C. Hertel, section 13, block 2, D&W survey, four miles north of Goree, pumped 98 barrels of 35 gravity oil daily through perforations at 1,749 to 1,755 feet. (Christie-Stewart 1,750-foot Tannehill sand.)

13. Christie-Stewart No. 1 F. C. Russell, section 100, block 2, D&W survey, 1½ miles north of Munday, 102 barrels of 34.9 gravity oil daily through perforations at 2,017 to 2,025 feet. (Tannehill sand.)

14. Christie-Stewart No. 1 C. L. McAfee, section 3, block 9, D. G. Burnett survey, 4½ miles northeast of Knox City, 101.5 barrels of 35.2 gravity oil daily through ¾-inch choke and pay at 2,088 to 2,092 feet. Gas-oil ratio 600-1. (Tannehill sand.)

15. The Frierson Company No. 1 J. W. Gaither, section 33, block 45, H&TC survey, 1¼ miles southwest of Munday, pumped 44.45 barrels of 36.8 gravity oil daily through perforations at 1,981 to 1,990 feet. (Tannehill sand.)

16. J. L. Stodghill and C. P. Baker No. 1 Charlotte Farrington, section 100, block 2, D&W survey, three miles northeast of Munday, pumped 42 barrels of 35 gravity oil daily through perforations at 1,934 to 1,944 feet. (Tannehill sand.)

17. McMahon-Bullington No. 1 Walter Mooney, section 10, block 2 D&W survey, 1½ miles northwest of Goree, pumped 20 barrels of 36 gravity oil daily from pay at 1,860 to 1,875 feet. (Tannehill sand.)

Three more wildcats were announced for Knox county early this week. They are: Eureka Oil Co. No. 1 FW&D Railway, a mile south of Munday, to drill 2500 feet; T. V. Gorman No. 1 C. A. Steinreide, one and three-fourths miles southwest of Munday, and Hurley Oil and Gas Co. No. 1 Mary Hackfield ½ mile northeast of Knox City.

#### CARD OF THANKS

To those who expressed their sympathy in so many beautiful and practical ways and who helped in any way during the illness and at the time of the passing of our loved one, we extend our heartfelt thanks. We are grateful for every kind deed, word of sympathy and the lovely floral tributes. We pray God's richest blessings on you all.

The Family of E. R. Hobert Itc

IT PAYS TO ADVERTISE

**"IT IS EVIDENT THAT GREAT AND USEFUL OBJECTS CAN BE OBTAINED BY COOPERATION"**

Modern methods for treatment of disease, exemplify the cooperation between Physician and Pharmacists for better health care.

Your Physician makes a careful examination, diagnoses the cause, and then, if necessary, writes a prescription for the one particular medicine that will help you most.

His treatment is no longer limited to a few drugs. We, Pharmacists now carry thousands of different medicines in our Prescription department. Ours is one of the most modern. We solicit your Prescription needs. And free delivery at your request.

### Long Range Help—

(Continued from Page One)

in this region," Smith said.

Wind erosion conditions in the Great Plains area of Texas are serious with 403,000 acres damaged during October and November. Approximately 6,500,000 acres in a 68 county area of northwest Texas are in condition to be damaged by wind erosion this winter and spring, Smith announced.

He emphasized that the Great Plains program is not an annual or disaster type program nor does it replace any other existing agricultural program.

"This is a way to an enduring agriculture based on the capabilities of land and geared to the climatic hazards that we all know are ever-present in this important area," he said. "It is not a production adjustment or an income supplement program. It is a voluntary program with long-term assurance of needed financial

### BENJAMIN NEWS

Mr. and Mrs. Charles Weaver of Seagraves, Jane Weaver and Bobbie Tipton of South Dakota visited Mr. and Mrs. Walter Snody recently.

Mrs. Fay Jones visited in Amarillo over the week end.

Mrs. W. A. Barnett and Omilene visited recently with Mrs. John Dutton in Knox City.

Glen Hale, who is in the service at Hearne, spent the week end with his parents, Mr. and Mrs. Austin Hale.

Mr. and Mrs. J. D. Brown were visitors in Lubbock over the week end.

Floyd Vaughn of Sonora is visiting his brothers, Lloyd and Leonard Clayton, for a few days. Lloyd was slightly injured on the job Sunday, but will be recovered in a few days.

Thelma Glover and Betty Glover and children of Colorado were visitors here last week.

Mrs. Myrtle Meinzer returned home Sunday from Tennessee with two of her grandsons.

Mr. and Mrs. George Jackson's nephew and family visited here several days last week.

Visiting in the home of Mrs. O. T. Wright over the holidays were her daughters, Mrs. Walter C. Sharp of Dallas, and Dr. and Mrs. Carroll Gregory of Chicago.

Mr. and Mrs. Donnie Hertel and family of Wichita Falls visited relatives here over the week end.

The Pete Dennings family spent New Year's day with his mother in Sanger.

Mr. and Mrs. Paul Sams of Petersburg visited his mother, Mrs. Emma Sams, over the week end.

Visitors in the home of Mr. and Mrs. N. B. Gillentine last week were Mrs. Harry Elliott and two daughters of Houston, Noah Gillentine, Jr., who is in the navy and stationed at San Francisco, Mr. and Mrs. O. J. Beeler of Crosbyton and Mr. and Mrs. Raymond Shipman and children of Happy.

Mrs. B. C. Wampler and children visited Mr. and Mrs. A. A. Pierson in O'Brien recently.

Walter Birney is at San Antonio, where he is holding a two weeks meeting.

Mr. and Mrs. Jackie Young and son are visiting their parents, Mr. and Mrs. H. T. Melton and Mr. and Mrs. Wayne Young.

Mrs. Bert Marshall is in Dumas visiting her daughter and family. Wilma Dean Griffith of Sunset visited Mrs. Dave Crenshaw last week.

help for a complete soil and water conservation plan applied to individual farms and ranches."

"The program," Smith added, "will point up the responsibility of local people in fitting their agriculture to the capabilities of the land and the hazards of climate. This responsibility is shared by farmers and ranchers, soil conservation districts, county committees, county commissioners and by all other groups, urban and rural, interested in the economy and the development of their home areas."

### RENOVATION SLATED FOR MORE LAKES

AUSTIN—An elaborate 1957 selective kill program to keep fresh water fishing in Texas at a satisfactory level was sketched by the Chief Aquatic Biologist for the Game and Fish Commission.

He said tentative plans call for treating at least one lake in each of the nine different regions where aquatic biologists are stationed.

Principal targets of this effort are the gizzard shad and other rough fish. They either have become so numerous that game fish populations have been reduced or have served as such convenient food for the game fish that the latter won't bite on what the fisherman offer.

The Chief Aquatic Biologist said apparent success of several recent major treatment projects prompted the plans for the new year.

He said he referred particularly to Buffalo Lake in the Panhandle, Medina Lake near San Antonio, and Inks Lake of the Highland Lakes chain in the Austin area.

Next treatment site for the selective kill is Diversion Lake of the Wichita Falls chain. This is the largest fresh water lake earmarked for the shad-destruction technique. Diversion is seven miles long, three miles wide at its broadest spot and comprises three thousand four hundred twenty acres.

The Chief Aquatic Biologist said tests have indicated that rough, fish, led by gizzard shad and carp, outnumbered the game fish by about three to one in Diversion.

Mrs. Dee Clough visited relatives in Fort Worth last week.

Alfred Guinn of Wichita Falls spent the week end with his mother, Mrs. Bess Guinn.

A. B. Warren took his granddaughter, Jo Ann Duke, to her home in Lovington, N. M., last Saturday and remained until Monday for a visit with Mr. and Mrs. Joe Duke. Miss Duke spent the holidays here.

Mrs. Earl Pruitt was a business visitor in Austin last week.

Mr. and Mrs. Worth Gafford were Sunday guests of Mr. and Mrs. Buddy Gafford and children in Wichita Falls.

Miss Glenda Guffey who is employed with White's Store in Abilene, spent the week end with her parents, Mr. and Mrs. Bob Guffey.

#### CARD OF THANKS

We are sorry to be so late with our thanks but we do want all the firemen and everyone who assisted in putting out the fire when our barn burned on Christmas morning. Your assistance was greatly appreciated.

Mrs. Gene Michel and children. Itc
