Odd Bits Salvaged
at Random

Officially it's spring. Unofficially, it could come another freeze.

k-k

One of our calendars gave Tuesday, March 20, as the first day of spring—and we guess that's official. Our observation in years past is that we've had freezing weather in mid-April, and the way things are mixed up these days it might even freeze in July!

k-k

And speaking of mix-ups, our attention has been called several times to the mix-up we had a few weeks ago about our irrigation acreage. With about 1,100 irrigation wells in the Munday trade area, we said, we would have about 3,300 acres in irrigation this year. But by simple arithmetic, we should have made it around 35,000 acres, since one well is calculated to irrigate around 35 acres.

k-k

Our Mogul Band wasn't mixed up last Saturday, though. But a bunch of band masters, band booster club members, parents and fans are likely to get mixed up with joy over the situation. You see, our band won the sweepstakes, taking first place in both concert and sight reading in the annual Jacksboro Music Festival at Jacksboro, last Friday and Saturday. This was for the Class 1-A schools. Everybody is just as proud as can be, and justly so.

k-k

Another quite happy group are members of the Munday Study Club, who received word last week that their 1955-56 yearbook had won first place in the district. We're happy for the Mogul Band, of course, but we're also happy for and with the club ladies because their yearbook was printed by this print shop.

k-k

We've been having a part in the printing of yearbooks for well over 25 years, and to our knowledge this is the first time a piece of our work—or the work of the boys in our shop—has taken off the grand prize. That's our way of saying, too, by way of parenthesis, that first prize shouldn't be expected every year. If our work wins once in 25 years, then don't expect to win again next year.

k-k

We understand folks in the cantaloupe business are wanting around 300 more acres in these melons in the Munday area. Reports are that the dipping thermometers got the cantaloupe crop in the valley, and now the boys want Munday area farmers to plant enough to take care of this valley shortage. Time will tell, but it looks like this Munday soil is destined to become a vegetable producing soil after all.

k-k

Better brush off your 1956 poll tax receipt! The elections are coming. The first Tuesday in April is the city election; the first Saturday in April comes the school trustee election. Then there's the July primary, the August run-off primary, and the November general election, giving us five votes for one poll tax this year, if there happens to be no special elections.

k-k

With the entry of W. Lee O. in the gubernatorial campaign, and others threatening, it looks like this race will be a wide open affair. We'd offer, by way of parenthesis, though, that since the veteran campaigner has rounded out 66 years of this life's span his name be changed from "Pappy" to "Grandpappy" O'Daniel.

k-k

We guess one of the most publicized events involving a prominent lady since the Princess Margaret-Peter Townsend affair is the forthcoming marriage of Margaret Truman and E. Clifton Daniel, Jr. Our wife got in on the last of the announcement that morning, and she asked: "Oh, is Margaret getting married?" "Yeah," we says, "and to a newspaperman," then she rejoined with "Oh, gosh!" Just what did she mean by that?

CEMETERY ASS'N. MEET

The Brushy Cemetery Association will hold a meeting Friday night, March 30, at the Brushy Baptist Church. Everyone interested is urged to attend.

Mogul Band Wins Sweepstakes In Recent Contest

The Munday Mogul Band, which has shown marked progress this year under the leadership of Band Director Harold Jackson, showed last Friday and Saturday that it was tops in this area at the annual Jacksboro Music Festival. Band members, band parents and boosters came home happy over the showing the band made.

Entering against ten other bands in its class, the Mogul Band came home as sweepstakes winners in both concert and sight reading in the contest. The band also joined in the marching contest. Other winners in the Class 1-A concert and sight reading contest are:

Henrietta, second and first; Iowa Park, two seconds; Albany, two seconds; Waurika, Okla., two seconds; Crowell, second and first; Decatur, two seconds; Bridgeport, two thirds; Graham, second and third; Archer City, two seconds.

Participating in solos and division classifications were: Dickie Morrow, third division; Mary Lou Booe, first; Shirley Phillips, Sara Offutt, Charles Walker, and Nancy Cowan, second, and Gayle Littlefield, second in twirling.

Goree To Elect Two Trustees

Election of two members of the Goree school board will be held April 7. The terms of Elkin Warren and Melvin Cooksey expire. Both are seeking re-election.

Joe Butler and Lee Patterson are also candidates in this election. Applications for listing on the ballot will be accepted until March 27.

Other members of the school board are: George Hunt, president; Reuben Bates, Billie Hutchens, Melvin Cunningham, and T. J. Trainham.

Election will be held in the Memorial Building. Ben Hunt will be election judge, assisted by Mrs. Beulah Stewart and Mrs. Reuben Bates.

Vera To Elect Three Trustees

Three members of the Vera School Board will be elected in the school trustee election on Saturday, April 7, it was announced this week.

Members whose terms expire but who have filed for re-election are: Herschel Hardin, W. J. Townsend and L. D. Allen. Others who have filed for places on the board are: Calvin Christian, Tom Hardin, Morris Robertson and Lorin Patterson.

Holdover members are: J. B. Ritchie, president; Claudell Bratcher, vice president; Orville Kinbrugh, secretary, and A. K. McGaughy.

The entire public is cordially invited to attend.

Pie Auction Set For Vera H.D. Club

A pie auction, which is expected to attract practically all people of the community, is being sponsored by the Vera Home Demonstration Club. The auction will be held on Monday, March 26, at the school gymnasium, beginning at 7:30 p. m.

The auction will be followed by forty-two and other games. Proceeds from this event will go to benefit the club.

The entire public is cordially invited to attend.

Senior Class To Present Play On Friday Night

The Senior Class of Munday High School will present their annual play tomorrow evening, Friday, March 23 at eight o'clock, in the Grade School Auditorium.

The cast for the play was selected four weeks ago from a class of 48 students after a thorough tryout by Mrs. Herbert Partridge, Mrs. Wendell Partridge, and Mrs. Jas. H. Bardwell.

The cast under the direction of class sponsor Mr. Bardwell has practiced nightly for the past three weeks and now have the play ready for presentation. They will present a three-act comedy, "Strictly Confidential" by J. Vincent Barrett with a cast of seven girls and four boys. The class promises the public two full hours of clean entertainment. The Mogul Band under the direction of Mr. Jackson, local bandmaster, will furnish music before the play and between the acts.

The following senior boys and girls compose the cast: Jerry Lemley, Gary Cure, Robert Bowden, Wayman Smith, Paula Conwell, Shirley Guinn, Glenda Guffey, Bobbie Nance, Ima Jean Decker, Sue Voss, and Loyce Voss.

CC Speaker

Melvin T. Munn of Dallas, above, director of public relations for Blue Cross and Blue Shield of Texas, is the principal speaker for Munday's annual Chamber of Commerce banquet which will be held at the school auditorium on Friday evening, March 30.

Munn is suited by both background and experience to "talk to folks" from the speaker's rostrum. Outstanding points of his talks are his distinctive manner of speaking and his understanding of the persons to whom he talks—qualities which are not soon forgotten by his audiences.

Goree To Elect Two Trustees

Election of two members of the Goree school board will be held April 7. The terms of Elkin Warren and Melvin Cooksey expire. Both are seeking re-election.

Joe Butler and Lee Patterson are also candidates in this election. Applications for listing on the ballot will be accepted until March 27.

FEED SLATED AT GOREE FRIDAY NIGHT

The Goree Cemetery Association is sponsoring a supper on Friday night at the Goree Memorial Building, beginning at 7:30 o'clock. Proceeds will be used toward the purchase of a pump for the new well at the cemetery.

Munday people desiring tickets for the supper should contact Mrs. Troy Moore, phone 3731.

Drive Carefully. The life you save may be your own!

Pie Auction Set For Vera H.D. Club

A pie auction, which is expected to attract practically all people of the community, is being sponsored by the Vera Home Demonstration Club. The auction will be held on Monday, March 26, at the school gymnasium, beginning at 7:30 p. m.

The auction will be followed by forty-two and other games. Proceeds from this event will go to benefit the club.

The entire public is cordially invited to attend.

New Chamber of Commerce Officers

Pictured above are two of the three new officers for the Munday Chamber of Commerce. Gene W. Harrell was elected from vice-president to president, to succeed Charles W. McCauley. Chas. P. Baker, not pictured, was named vice president, while M. L. Wiggins, newly-elected director, is the new treasurer. Mrs. Levi Bowden is serving as secretary.

Suggs Service Held On Sunday

Funeral services were held at 4 p. m. Sunday from the First Baptist Church for Lieut. Arledge Wayne (Buddy) Suggs, 25.

Dr. Gresham of Fort Worth officiated, and he was assisted by Rev. Mart Hardin of O'Brien and Rev. Robert H. Lloyd of Munday. Burial was in Johnson Memorial Cemetery under direction of McCauley Funeral Home.

Military rites were held at the graveside with personnel of Sheppard Air Force Base in Wichita Falls in charge.

Lieut. Suggs is survived by a daughter, Aurelia Ann of Kinston, N. C.; his mother, Mrs. Tennie L. Suggs of Munday; a sister, Mrs. J. C. Reagan of Dickens, and a brother, Cecil Suggs of Arlington.

He was killed on Monday, March 12, when his jet interceptor plane crashed in a wooded area near Oscoda, Mich. The bodies of Lieut. Suggs and his radar observer, Lieut. Edward D. Parmenter of Bloomfield, Mo., were found Tuesday near the wreckage of the plane.

Optometrist To Open Office Here

Dr. Theron A. Baber, optometrist, is opening an office in Munday on Friday, March 23.

Dr. Baber comes from a family of optometrists. His brother, Dr. W. F. Baber, is located in Vernon and his sister, Dr. Wilma R. Baber, with whom he is associated, is in Wichita Falls. Their father is the late Dr. W. A. Baber of Wichita Falls.

He received his undergraduate work at Midwestern University and his B. S. and Doctor of Optometry degrees from the University of Houston.

Dr. Baber is serving as president of the Northwest Texas Optometric Society. He is also a member of the Texas Optometric Association, the American Optometric Association and the Optometric Extension Program, a post-graduate study group.

Cecil Sawyer visited his parents in Gordon over the week end.

Pruitt, Route 2, Greenville. The traditional annual Easter Seal Appeal for funds to aid the state's crippled children opened March 10 and will continue through April 10.

Cotton Production Meeting Is Held At Benjamin; Latest Methods Discussed

Peysen Opens Own Repair Shop

Johnny Peysen, well known local mechanic, has announced the opening of his own repair shop, which is located in his own building, the J. I. Case building formerly occupied by Garrett Farm Equipment.

"I have spent many years in Munday," Johnny said, "and the people of this trade area have known me all these years. Auto repair work is the only business I know, and when all equipment has been installed I will be able to give you expert service on all auto models. I specialize in General Motors and Chrysler products, and will give you my best in service. Give me an opportunity to serve you."

Peysen resigned as service manager at Frost Chevrolet Co. to enter business on his own. He will be able to do repair work on all types and models of cars, and those who have known him through the years know he will give honest service.

Goree Speaker

Dr. Earle W. Crawford, pastor of the First Presbyterian Church in Wichita Falls, will speak to the Goree Methodist Men at 7:30 p. m. Monday, March 26.

Dr. Crawford is well known to television viewers in this area, as his inspirational messages are heard each Tuesday at 6 p. m. over Channel 6 on the "Meet the Minister" program.

Munday Methodist Men are invited to attend this meeting.

NOTICE

The ordinances of the City of Munday forbid the dumping of cans, trash, garbage or litter of any sort in the alleys and streets of the city. It is the intention of the City Council to have the ordinances relative to this matter enforced. Your voluntary cooperation in this matter will be appreciated.

Two Youths Hurt In Local Wreck

Two youths from Iowa Park were injured at 1:30 a. m. Tuesday when their 1954 Oldsmobile failed to make a curve just north of Munday on Highway 277 and overturned.

The boys were William Allen Skaggs, 18, son of Mr. and Mrs. W. A. Skaggs of Iowa Park, and Hershell Ray Gullatt, 16.

They were taken to the Knox County Hospital. Gullatt was later taken to a Wichita Falls hospital by McCauley Funeral Home ambulance, suffering an injured ankle.

Skaggs was not thought to be seriously injured, but he was still in the hospital Tuesday night. He was on leave from his Navy post in Rhode Island, where he was stationed on the USS J. P. Kenney.

Skaggs was driver of the auto and Gullatt was a passenger.

A. H. Mitchell, Marshall Banner and W. E. Reynolds attended a safety meeting in Quannah last Tuesday night where Mr. Reynolds received a 40 year service pin.

A sub-district meeting to discuss the latest information on cotton production was held at Benjamin on Wednesday, March 14. The meeting was under the direction of J. A. Scofield, district agent, and was presented by specialists from A. and M. College.

About 60 farmers and others were on hand to hear Fred Elliott, extension cotton specialist, discuss latest methods of production. Elliott pointed out that the use of naphtha oils were doing a very good job of controlling Johnson grass in cotton. Tests last year showed the use of these oils reduced the grass to only one per cent, while hand hoeing left 55 per cent at the end of the year and cost \$2 more per acre.

He also gave results on cotton defoliation, showing that some years it would pay with the use of pickers and stippers. However, he said that cotton should be from 60 per cent to 90 per cent open before chemicals are applied and that in many years this is frost time in this area.

Dr. Fremont Fuller, extension entomologist, stated that if one boll on every ten stalks was saved from insects by spraying it would cover the cost. He stressed the need for early season control on irrigated cotton and late season control on both dryland and irrigation cotton as needed. Fuller also pointed out that spraying for insects at the wrong time or at too long an interval would probably make them worse than if no spraying was done.

Howard Zuch, extension engineer, showed slides on hoppers for catching cotton burrs at the gin and ways to equip trucks to spread the burrs back on the land. He stated that experiments had shown that four tons of burrs per acre would double the water penetration on tight soil. The test shows that burrs were worth about \$7 per ton to the soil. He said that many gins on the plains were putting burrs back on the land for farmers for \$2.50 per ton.

Mr. Reese, with the USDA grasshopper control service, stated that 1956 will be one of the worst years for grasshoppers in some time. He stated that when grasshoppers had matured and moved out on croplands, it was almost impossible to control them. On the other hand, if you find where they are hatching out along fence rows, etc., and spray while they are very small or in small areas, very good control can be secured. He recommended the use of aldrin as a spray.

W. J. Bryan, county agent, stated that bulletins and other information are available at the county agent's office on all points covered at the meeting.

Methodists To Begin Revival On April 4th

The annual revival of the Munday Methodist Church has been scheduled for April 4 through April 15, it was announced this week by H. Doyle Ragle, pastor. Services will be held daily at 10 a. m. and 7:30 p. m.

Dr. Quay Parmer of Fort Worth, general evangelist of the Methodist Church, will be guest evangelist. He has conducted more than 200 revivals in 16 states, and the local church considers itself fortunate to have him coming for the annual revival.

Song services and youth work will be under the leadership of Earl L. Ward of Waco. Mr. Ward has traveled widely with this evangelistic team and is reported to be a very outstanding song leader.

The general public is cordially invited to attend any or all of the services.

MUNDAY STUDENT ON COLLEGE HONOR ROL L

Among the nine students from this area on the University of Texas of Engineering scholastic honor roll for the 1955-56 session's first semester, included Gary F. Offutt, son of Mr. and Mrs. J. T. Offutt, of Munday.

Mr. and Mrs. Lee Roy Wren took their little son, Robert Gene, to Gonzales Warm Springs on March 12 for a check up. The doctors say he is improving.

Betty Jo Townsend And Bill Kinnibrugh Marry In Twilight Rites Held At Vera

The First Methodist Church in Vera was the scene of twilight wedding rites which united Miss Betty Jo Townsend and Billy Kinnibrugh on Sunday evening, March 11. The bride is the daughter of Mr. and Mrs. W. J. Townsend, and the groom's parents are Mr. and Mrs. A. L. Kinnibrugh of Gilliland.

Rev. C. R. Copeland of Munday officiated at the exchange of vows. The double ring ceremony was performed before a background of baskets of white gladiolas and fern accented with blue satin. White tapers in branched candelabra flanked the altar. Blue lighted candles illuminated the windows and the bridal aisle was marked with satin bows.

Providing the traditional wedding selections was Miss Jeanie Beasley, pianist, with Mrs. Tom Hardin, vocalist, who sang "Wonderful One" and "Always".

Misses Barbara Coffman and Karen Sullins, candelights, wore dresses of sky blue silcotta with long waistline and full ballerina length skirts. They wore wristlets studded with sequins and pearls.

Miss Barbara June Townsend, sister of the bride, was maid of honor. Her dress was sky blue silcotta styled with a bouffant ballerina length skirt. Her head-dress was a shell cap of matching velveteen flowers, and she carried a cascade bouquet of white carnations and satin streamers.

The bride, given in marriage by her father, was attired in a wedding gown of crystal white chantilly lace and net over taffeta ballerina length. The dress was designed with a molded lace bodice, a round neckline and a high yoke of tulle. Her fitted long lace sleeves tapered to points over the hands. Her bouffant skirt of new over taffeta was attached to the deep pointed waistline. Her fingertip veil fell from a net halo adorned with pearls and sequins. She carried a white Bible topped with split gladiolas

and satin tubing. The bride also wore the traditional something old, something new, something borrowed and something blue, and a sixpence in her shoe.

Glen Kinnibrugh of Vernon served his brother as best man. Jerry Beck of Vera and Charles Welch of Midwestern University were the ushers.

Virginia Jackson of Midwestern University registered the guests.

Out-of-town guests included Mr. and Mrs. Bill Robinson and Cindy of Hamilton, Mr. and Mrs. A. P. Townsend and Teenie of Brownwood, Mr. and Mrs. Newt Peder-son of Abilene, Miss Patsy Robinson of Abilene, Mrs. Roxie Morris of Gore, grandmother of the bride; Miss Betsy Ferguson, Bill Bailes, Joe Dickson and Mr. and Mrs. Hoyle Sullins, Seymour; Mrs. John Broach and Cindee, Gore; Mr. and Mrs. Billy Maeberry, Mr. and Mrs. Howard Cook and Donna, and Mrs. Glen Kinnibrugh and Ricki, all of Vernon; Mr. and Mrs. John Kinnibrugh, Mr. and Mrs. A. L. Kinnibrugh, Mr. and Mrs. Elton Scott and daughters, Mr. and Mrs. M. G. Duncan, Mr. and Mrs. E. A. Burgess, all of Gilliland, Mrs. C. R. Copeland, Loretta and Nancy, Munday; Mrs. Rosalina Mahon, Mrs. Alyn Laws, Billy Clyde and Grady Laws, Seymour.

For traveling the bride wore a powder blue suit, white satin hat and white gloves. After a short wedding trip, the couple will make their home in Gilliland.

The bride is a 1935 graduate of Vera High School. The groom graduated at Gilliland and served 33 months in the armed forces.

66,500 Orphans-- Not 750,000

Thirty years ago, there were no less than 750,000 orphans in this country—750,000 children under 18 who had lost both parents.

Today, with a population 50 per cent bigger than it was in 1920, there are only 66,500 orphans.

Choice of this big, raring 4-Door Sedan or the dashing Lancer Hardtop

Big and great as the Lone Star State

...WITH A LOW PRICE TAG TO BOOT!

It's your kind of car . . . this handsome, rugged Texan by Dodge! At the very first glance, you'll know this is true. And when you take the wheel and "give the gun" to its mighty, aircraft-type, Super Red Ram V-8 engine, your enthusiasm will burst all bounds. For the Texan boasts a power-plant just like the sturdy Dodge that made automotive history on the celebrated Bonneville Salt Flats in Utah.

Surely you've read or heard recently how a '56 Dodge stock car shattered 306 AAA records for endurance and speed in that sensational 14-day, non-stop run. In this officially witnessed performance, Dodge covered the first 10,000 miles at an average speed of 105.43 miles per hour . . . then went on to cover more than 31,000 miles of round-the-clock driving at a record-breaking clip. This is the greatest distance at the fastest pace any car has ever travelled.

Now this handsome, flair-fashioned, specially trimmed Texan offers you the same rugged endurance and the same eager power as the Dodge that established these records. What's more, your biggest surprise is still to come!

Most likely, you'd expect to pay a pretty price for a great car like this. Not so! The Texan is priced right down with the so-called "low-priced three." Yet it's big and powerful and luxurious . . . actually rivaling cars costing as much as a thousand dollars more!

Never will you find a better "buy" nor make a better deal than your nearby Dodge dealer will give you today. Come in today and see the Texan close-up. Then judge for yourself.

Former Munday Couple Observe 50th Wedding Anniversary On February 25th

Mr. and Mrs. E. J. Smith, residents of Morton for the past 15 years, observed their golden wedding anniversary on Saturday, February 5.

Mr. Smith and the former Miss Leona Owens were married on February 25, 1906, in Parker County. As a young bride and groom starting life together, they moved to a farm where Mr. Smith was engaged in farming. The couple lived in Parker County until 1932 when they moved to a farm in Knox County.

They lived in Knox County until 1941, moving from here to Morton where Mr. Smith farmed until his retirement six years ago.

To celebrate this happy occasion, children and grandchildren honored the Smiths when they entertained a host of relatives and friends with a dinner on Saturday, February 25, in the Smith home in Morton.

Forming a centerpiece on the honorees' table was a decorative basket filled with a gold floral arrangement of gladiolus, snapdragons and mums. Suspended above the bouquet was a gilded 50, surrounded by golden wedding bells.

The beautiful tiered wedding cake was topped with a miniature bride and groom, and gold wedding bells furnished the bridal note and significance of the occasion.

Mrs. Smith wore a corsage of gold chrysanthemums tied in gold ribbon, and her husband wore a matching boutonniere.

Mr. and Mrs. Smith have two

children; a daughter, Mrs. Edna Burns of Sudan, and a son, Chester Smith of Munday. Another son, Herbert Montgomery, died in 1953.

Besides the children present for the celebration were grandchildren, Mr. and Mrs. Idell Montgomery of Van Horn, Gaylon and Patsy Burns of Sudan and DeWayne Smith of Munday; and great grandchildren, Sandra, Ginger and David Montgomery of Van Horn.

The couple received numerous lovely gifts from relatives and friends, along with best wishes and congratulations on their golden wedding anniversary.

Mrs. T. C. Lowry was honored with a tea on her 81st birthday in the home of Mrs. V. E. Moore last Thursday afternoon from three until six o'clock.

A beautiful centerpiece of daffodils and Japanese iris adorned the serving table. Mrs. J. C. Campbell and Mrs. Thomas Rigby of Wichita Falls served the punch, coffee and cake to the 40 guests who registered during the afternoon. Mrs. Roy Cutbirth of Abilene assisted in registering the guests.

Nature, Science Is Program For Munday Study Club

The Munday Study Club met in regular session Friday, March 16, with Mrs. Levi Bowden presiding. Mrs. Tom Bullington was director of the program and hostess for the day.

"Nature and Science of the Great Southwest" was the subject discussed with Mrs. Leland Floyd discussing the National Parks of the Southwest, Mrs. Oscar Spann told of Phoenix, shady mecca in a treeless desert. It is the driest, the sunniest and the clearest city in the U. S. A. Mrs. R. D. Atkinson told of the "Mystery of the Cliff Dwellers" in New Mexico. She had visited their dwellings, and could give first hand information about them.

At the business session, Mrs. W. O. Ratliff gave the delegates report to district convention held at Weatherford. Mrs. Oscar Spann, Mrs. Earl Hughes were other members who attended.

Mrs. R. M. Almanrode was extended membership to the club.

March 28 has been set for the date of the Easter program which will be held in the parlor of the First Methodist Church. Rev. Doyle Ragle will be narrator for a film, "The Last Seven Days". Mrs. J. H. Bardwell and her choral club will furnish music for the occasion.

Children of members will be guests at the program.

OUR TEXAS

(By the Poets of St. Joseph's School)

Texas is a large state,
And also is the best.
It's full of handsome cowboys
Who ride the trails out west.

It boasts of oil and cotton,
Coyotes and skunks, too.
It has the biggest wheat fields
And highest skies of blue.

Jackrabbits run all over,
Bluebonnets dress the ground,
Thorny cactus dot the grass
And cattle graze all around.

Pretty girls are plentiful
And millionaires are, too.
So why not come to Texas?
It's waiting just for you!

Weekly Health LETTER

Issued by Henry A. Holle, M. D., State Health Officer of Texas

AUSTIN—Fly densities in Texas will reach their peak within six weeks, state health authorities cautioned today.

Temperature and moisture will be ideal for fly growth and propagation by May, and coinciding with the increase in the number of flies will be a marked rise in the number of cases of dysentery diseases, State Health Commissioner Henry A. Holle predicted.

Last year in Laredo, sanitarians were able to accurately chart on a graph a rise in dysentery diseases side by side with a rise in fly densities. They found that by starting intense fly-killing campaigns at the right time, knocking off the peaks in fly densities as shown on the graph, a parallel drop occurred in the incidence of dysentery diseases.

"There is an object lesson in Laredo's experience for the rest of the state," Dr. Holle said. "Right now is the most important time of the year to begin really serious fly control programs."

More than 1100 deaths were attributed to dysentery diseases last year. Most of the victims were babies.

Senior Engineer Frank von Zuben of the State Health Department's environmental sanitation staff pointed to general community sanitation as the most vital aspect of fly control.

"If I had one choice of what I would like to impress on the mind of every man and woman in Texas, it would be neighborhood cleanliness," von Zuben said. "Neighborhoods are clean only when everybody living in them takes care to keep their own

See You In CHURCH Sunday

places free of litter and fly breeding media."

It is a known principle of disease transmission that flies "seed" disease organisms among some humans. Thereafter the sick persons spread the illness to their "contacts," even after peaks in fly densities have passed.

Another "peak" will come in the fall, after hot weather has passed and fall rains come.

With ideal conditions of temperature and moisture, flies may breed and lay eggs in a harmless looking pile of grass clippings. They won't pick up disease organisms in the grass clippings, but when the eggs hatch the flies will find an attractant—a privy, an animal shelter, or an open garbage dump where disease organisms are prevalent.

Therein lies the importance of community wide sanitation.

Included among the major fly-borne diseases are tuberculosis,

It's The Trade Area's Biggest Market Place---

THE MUNDAY TIMES

Over 16,500 Sheep Marketed Monday

FORT WORTH—The Easter lamb trade Monday at Fort Worth featured the arrival of more than 16,500 sheep and lambs. It was the largest run in almost a year at the market and exceeded the general expectations, because the earlier Easter and the dry conditions which slowed development of milk fat lambs in much of the Southwest had indicated a much smaller crop than usual.

The market wound up about 50 cents lower with new crop milk fat lambs topping at \$21, and old crop shorn lambs topping at \$18.50. However, most of the old crop lambs sold from \$18 down. Good and choice milk fat lambs scored \$19 to \$21 and medium and lower grades sold from \$13 to \$18. Old crop shorn lambs of good and choice grades scaled from \$16 to \$18.50 with No. 1 and Fall shorn pelts at \$18 to \$18.50 and No. 2 pelts from \$17 to \$17.50 and shorter skins from \$16 to \$17. Cull to medium shorn lambs drew \$13 to \$15.50. Old ewes cashed at \$6.50 to \$8.

Calves Strong; Most Cattle Steady

Fed steers and yearlings opened steady, spots strong at Fort Worth on Monday. Some sales to the shipper and independent packer trade accounted for the strength. Cows were fully steady to strong and scarce. Bulls ruled weak to 25 or 50 cents lower.

Slaughter calves were active and strong. Stockers and feeders were strong.

Comparative prices: Good and choice fed steers and yearlings, \$16-18.25; common and medium, \$12-15.50. Fat cows \$11.50-13; canners and cutters \$7.50-11.50. Bulls \$10-14.25. Good and choice fat

calves \$16-19.50; medium and lower grades, \$11-16; stocker steers \$15-20; yearlings \$19 down; older steers, \$16.50 down. Stocker cows, \$10-13; some cows late last week at \$13.35 had calves at side at \$21, making the pairs bring over \$150.00.

Brogdon's Beefmasters First Stocker Cows In Sale

Cliff Brogdon of Electra called us late last week to report he will have two or three loads of Beefmaster cows in the special distribution stocker cow and pairs sale at Fort Worth on April 13. His was the first entry reported and served to emphasize the fact that this sale is for all breeds, as well as for any kind of cows or pairs of cows and calves.

Hogs Soar As Receipts Lighter On Monday

The major markets on Monday reported receipts of hogs around the 75,000 marker again, and this spurred the buyers at Fort Worth into considerable activity. When the dust settled, the butcher hogs were 50 to 75 cents above last week's close and sows were 50 cents higher.

Choice meat type hogs cashed at \$14.50 to \$14.75. Less desirable weights and grades scaled from \$11 to \$14. Sows drew \$9.50 to \$11.50.

Over Half Of Lambs Eaten In Three States

New York, California and Massachusetts people eat over 50% of the United States' entire lamb crop. Seven states consume 76% of the entire lamb crop. Distribution of the consumption of lamb is the most narrow of all meats, on the basis of USDA figures on the subject.

Here's the way they rate 'em: New York eats 24% of the lamb crop; California, 21%; Massachusetts, 8%; Pennsylvania, 6.2%; Illinois, 6.2%; New Jersey, 5.9%; and Michigan, 4.3%.

Easter Hams Not So Plentiful As 1955

The big Easter push on hams will be staged as usual this year but packers tell me they are not under as much pressure as a year ago despite the huge crop this season. They say pork products have been moving surprisingly well and the Government's pork buying program has taken lots

and lots of hams out of circulation. Most of these hams were purchased as boned, canned hams. Seasonally smaller offerings of fed cattle and fat hogs have some observers hoping prices will continue to improve a little.

A WINTER HAY RIDE

Now the weatherman said the weather ahead would soon be warmer, but the Goree F. H. A. didn't give his predictions time to come true.

Friday afternoon 43 girls and boys met at Sherry Haskins' home for a Weiner roast as a grand finale to "twirp week." The supper around the campfire was one of the best. Then, as the sun faded in the west, we climbed aboard a hay-filled trailer and truck to take a ride. It all began with cheery singing, jokes and other fun; then it became colder and colder until when we at last rolled into home base a few feeble voices were singing "When the Saints go Marching In."

Really, though, it was fun, and we'd even do it again. Thanks to Mr. and Mrs. Delmar Haskins, Mr. and Mrs. Vernon Routon and Rev. and Mrs. Walter Hadley for acting as chaperones.—Reporter

YOUTHFUL SAFETY EXPERTS FEATURED ON SAFETY PROGRAM

Two outstanding 4-H club members, Leah Patton of Bexar county and Shirley Merrick of Cameron county along with President John Parks of the Clifton F.F.A. Chapter are among the featured speakers on the program for the Farm and Ranch Section of the annual Texas Safety Conference. The meeting will be held in the English Room of Dallas' Baker Hotel at 2 p. m. on March 26.

E. C. Martin, administrative assistant for the Texas Agricultural Extension Service and program chairman for the section meeting, says youth organization speakers are being featured because the groups they represent are really working to lower the accident rate on the farms and ranches of the state. Miss Patton last fall was named the state's outstanding 4-H club member in farm safety work while Miss Merrick was a member of the state winning 4-H safety demonstration team. Parks likewise is a safety leader in his organization.

Martin extends a special invitation to 4-H and F.F.A. members to attend the meeting for the speakers will emphasize the part youth can play in making rural living safer and more enjoyable. Local 4-H leaders and others interested in farm and home safety are also invited to attend.

Others appearing on the program include J. Walter Hammond, president, Texas Farm Bureau and chairman of the Texas Farm and Ranch Safety Committee; Melvin T. Munn of Dallas, Director of Public Relations for Blue-Cross-Blue Shield of Texas and C. T. Johnson, director, Southwestern Public Relations for Sears-Roebuck Foundation of Dallas. He will present awards to individuals and groups for their outstanding contributions to farm safety during the past year.

A short business session which will include the election of officers for the Texas Farm and Ranch Safety Committee will conclude the meeting.

Mr. and Mrs. Warren Rister and children visited their daughter, Mrs. Wayne Butler, in Lubbock over the week end.

ATTENDS CONFERENCE

Mrs. J. C. Rice was in Stamford on Wednesday, Thursday and Friday of last week, when she attended the annual conference on women's work in the Methodist Church. She reported a very enjoyable and helpful meeting.

PROTECTING FARMERS' PENSIONS

Unless a proposed amendment to the Social Security Act is adopted by Congress this year, retiring farmers may suffer permanently for income drops suffered the past three years.

As now written, the 1954 Social Security Act covering farmers would base the benefits on their incomes in 1955 and 1956, a period in which farm income dropped drastically.

An amendment to the act now before Congress would permit retiring farmers to eliminate their 4 or 5 lowest-income years since 1950 in figuring the base figure for benefits, just as those covered previously are entitled to do.

This applies to retiring farmers 65 or older this year who have paid Social Security tax on at least 6 quarter-years of income in 1955 and 1956. If they should die, their surviving dependents are eligible for benefits.

Extended coverage to these farmers is a vital, worthwhile thing. However, it would be rank discrimination to base the security of their remaining years on lower prices, higher costs, and natural disasters which have brought their incomes to a 15-year low.

THE SOIL BANK—WILL IT RAISE FARM INCOME?

The billion-dollar soil bank program, a major issue of the administration, is said by its backers to be the "balm in Gilead" for our economically-tortured farmers. They say it will increase the farm income immediately, eliminate surpluses, and, coupled with sliding scale price supports, will cure all the farmer's ills.

Soil conservation—and that's what the soil bank actually does amount to—is definitely advantageous. A great many farmers

practice some form of conservation on their own. However, placing a government grant on idle land could possibly result in some unfortunate situations.

One of the greatest dangers existing is the possibility of discrimination in subsidizing wastelands as highly fertile fields. If this is to be averted, administration of the program must be careful and complete, and consequently very costly. If the soil bank program does get through Congress, every safeguard must be taken.

JURY DUTY

One of these days—perhaps soon—you may get a notice telling you to report for jury duty—and to "fail not." In serving, you share one of the most solemn duties known to our democracy.

Some people try to get out of jury service. It may be inconvenient or unpleasant. Yet, when you are put on a jury you should think of this as a chance to help make good one of the promises of our Constitution—trial by jury. Say the following to yourself:

MULLING WITH MULLER

By Edna M. Muller

Before buds appear on trees, before flower shoots become visible, before that first whiff of warm air—I know Spring is here! How? By the appearance of the family row boat, laying upside-down in the backyard and much activity in taking apart, oiling and doing whatever menfolk do to outboard motors! That always means Spring! Got a feeling we're going to be owners of a new outboard this year—there's been entirely too much talk about a new Sea-Bee for it to be just conversation! Such constant enthusiasm is bound to make its mark and some of their comments I now know by heart! For instance, the Sea-Bee is a 25 h.p. motor... comes in either automatic rewind or electric starting models... has a quieter operation... a separate six-gallon fuel tank in addition to the motor's own tank. How about that—and I'm not even mechanic-minded!

I've tried to ignore the whole thing but I'm weakening. Guess I won't be sporting the most expensive Easter bonnet this year—but I'll probably be the one who'll most enjoy the lake this summer!

Watching the excitement and flushed faces of the kiddies on an Easter egg hunt is only half the fun. Dyeing eggs in beautiful colors, or trimming with stars or tiny flowers, or decorating them with eyes, ears, lips and mustaches, is the other half.

Incidentally, an easy way to draw on eggs is with colored crayons—before the dyeing of course. Because of the wax in the crayons the dye will not penetrate your colored decorations!

Thought you might like your attention called to another telecast in the religious series, "His Way, His Word," to be seen over NBC's television network on Sunday, March 25, at 2:30 p.m. (EST). Entitled "The Fruitless Fig Tree," this presentation promises to be one of the finest parable dramatizations to date. Seems a fitting way, too, to observe the beginning of Holy Week. It's also nice to note that these programs are offered as a public service and have no commercial messages to mar the sincerity of the presentation.

self: "My forefathers wrested my right to serve as a juror from tyrants."

"Under our law no one's life, liberty, or property can be taken without due process of law."

"Trial by jury is our basic right. All who seek their day in court should have a fair hearing. They will get it from me."

"I will not ask to be excused from jury service except in an emergency."

"On my oath I will well and truly try each case before me, and a true verdict render under the law given me by the judge and the evidence at the trial without fear, favor, or hope of reward."

"I will listen closely, with open mind to all of the testimony, instructions, and arguments. I will not make up my mind until all the facts are in and the judge has instructed the jury on the law."

DANGERS INVOLVED IN KITE FLYING

March winds are a boon to kite flyers and kites are in the air. Now comes this word of caution from a farm safety expert, "don't fly kites near electric power lines."

The safety expert, W. L. Ulich, agricultural engineer for the Texas Agricultural Extension Service and secretary of the Texas Farm and Ranch Safety Committee, says reports are already coming in from over the state on accidents or near accidents involving kites.

One of the greatest dangers, says Ulich, comes from flying kites near power lines. Should a kite become tangled in a line, do not try to get it down. Leave it there and call the power company for assistance. A damp string will conduct electricity and shock could prove fatal. Above all, he warns against using metal of any kind in the construction of the kite and of using string containing metal, such as Christmas wrapping string, for flying the kite.

Should such a combination come in contact with an electric power line, there'll be trouble and it could be very serious.

Ulich says it is fun to fly a properly constructed kite. He suggests taking the kite to an open field or pasture for flying. There the danger from power lines and traffic hazards are no problem and kites can be flown by even the youngest members of the family.

reality when I, as a juror, do my full duty. No act of mine shall bring shame to our system of liberty under law."

Try the V-8 that smashed 30 world records in one day!

Discover what happened at the thrilling Kingman, Arizona performance run! Try this Ford yourself... for pick-up... for passing... for hill-leveling! You'll love what you experience!

Photographed at world's most modern test track—Ford's new desert proving grounds at Kingman, Arizona.

It's the 225-h.p. Thunderbird Special V-8 you can have now in Ford!

At 6 p.m. on Saturday, February 25, a '56 Ford set out to re-write the record book for performance at the new Ford Proving Grounds in Kingman, Arizona. Just a little over one hour later, this 225-h.p. Ford had done it. It had set 30 new world marks—ranging from short runs to 100-mile performance! To you this record-breaking performance promises the most exciting response ever delivered for so little money. Hills you've long known will disappear. Stop lights will be fast fading memories within instants after your foot nudges the throttle to GO. And when it comes to passing, you'll pass in a wink with plenty of "whoosh" in reserve... you'll know you're safer. You'll get this power from the world's largest-selling V-8, the world's most experienced V-8, the world's most thrilling V-8.

Thunderbird looks, too

But you get more than record-breaking performance when you drive a Ford V-8. You get

the long, low look of the Ford Thunderbird. It's the kind of sleek, years-ahead styling for which Ford is famous.

Let Lifeguard Design Start Protecting You

And, of course, you get Ford's exclusive Lifeguard Design. Among all cars in the low-price field, only Ford gives you this extra protection. Doesn't your family deserve this extra safety in the event of an accident?

More real economy, real stand-up

So whether you judge a car on performance... or safety... or styling, it's easy to see that your best buy is a Ford V-8. And as an added benefit, you get the economical upkeep and built-in value that are part of the Ford tradition. So... come in today, won't you? Slide behind the wheel of this 225-h.p. Ford that set 30 world performance records! Take it out on the road

... and let it whisk you from "whoa" to GO as you've never gone before! When you return you'll understand why Ford is the V-8 with the world's biggest following.

The GO is great in a

MARCH 31 IMPORTANT DATE IN WOOL PROGRAM

March 31 is an important date for wool growers in that it is the final date that marketings of wool and lambs will qualify for payments under the current wool incentive program year. The point is stressed by H. H. Partidge, Chairman of the Knox Agricultural Stabilization and Conservation Committee.

Those who still have 1955 clip wool to sell and those who shear early this spring and sell their clip on or before March 31 will qualify for the wool incentive payment for the current year. Payments on such sales will be made this summer or early fall. There is no need for hasty or premature marketing this spring because wool and lambs sold after March 31 will qualify for payment under the 1956 program year which begins this April 1. Payments based on sales made after March 31 will not be made until mid-summer of 1957.

The gas industry now has nearly \$16 billion in gross assets and is well on its way to becoming a \$20 billion industry.

Former Munday Student Pledge in Social Club

ABILENE—Joe Sharp, son of Mr. and Mrs. H. E. Sharp of Vernon, formerly of Munday, has been invited to pledge a social club at McMurry College.

Sharp, a freshman at McMurry, is pledging KIVA, men's social club organized in 1939.

Mrs. Phil Chappell, dean of women at McMurry, said that the purpose of the college's nine social clubs for men and women is to promote social and cultural growth among their members, and to boost school spirit among McMurry students.

A 1955 graduate of Munday High School, Sharp was a member of the all-district basketball team and the all-area basketball team.

At McMurry he is majoring in accounting, and played on the college's freshman basketball team this year.

Wayne Rodgers of Austin was a week end guest of his parents, Mr. and Mrs. Walter Rodgers.

Clarence Allen of Abilene visited his parents, Mr. and Mrs. Ed Allen, over the week end.

The Brazos Valley Postal Association met with the Vera employees last Thursday night at the school house. Twenty-four members and guests were present from Stamford, Haskell, Rule, Sagerton, Weinert, Knox City, Munday and Goree. The Vera employees present were Mrs. Glen Feemster, Quel Hughes and Mrs. Karl Kuchan.

TEXAS PRESS MANAGER HONORED — Brig. Gen. Lewis S. Griffing, Chief of the Texas Military District, is pictured here as he presents a U. S. Army Certificate of Achievement to Vernon T. Sanford, general manager of the Texas Press Association. Lt. Gen. J. H. Collier, Commanding General of the Fourth Army at Fort Sam Houston, Texas, signed the Certificate. It was presented in the office of General Griffing, in Austin. Among those present were Col. Thomas C. Green, TMD Executive Officer; Col. David F. Brown, Senior Army Advisor for Texas Reserves; and Charles A. Green, editor of the Austin American-Statesman. Sanford was honored for contributing his own time and effort to a publicity campaign promoting U. S. Army Reserve Day in Texas. Said General Griffing: "Mr. Sanford has greatly strengthened relations between the United States Army and newspaper publishers in the State of Texas. He has contributed significantly to the Army Reserve Program and the National Defense Effort."

Knox Prairie Philosopher Comes To Conclusion That Family-Size Farms Are Not The Only Surplus Enterprises

J. A.

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek is confounding the surplus problem. His letter this week reveals.

I hate to say this, but I have come to the conclusion that a majority of the people in the United States are surplus.

I came to this conclusion while reading an article in a newspaper which I found near my neighbor's mail box. If it fell out, I did not see it, and a man can see enough without drawing on his imagination in this life.

According to this article, an economist, in reviewing the farming situation, said that 40 per cent of the farmers are producing 90 per cent of the agricultural products of this country, consequently all the worrying over the little farmer the family-size farmer, is unnecessary, they could all disappear and the country could still have more than enough to eat and wear from the big farmers who are producing 90 per cent already, which is about 10 per cent too much anyway.

Well, he may be right, and I got to thinking. I don't have the figures, but I imagine 10 per cent of the car manufacturers are producing 90 per cent of the cars, and could do better, consequently a majority of the car fac-

ories really are surplus.

I don't know how many filling stations there are in this country, but I have an idea about half as many could fill up all the cars satisfactorily, and if you want to get down to it, judging by the number of empty seats there are every Sunday, there may even be more churches than the people are using. Also, I've never seen a shoe store that didn't have more shoes than it could sell, and I doubt if half the bicycle manufacturers are really essential.

You could apply this all down the line, and come up with the discovery that about half the peo-

ple are doing things which may not be essential to life in this country, and there may not be any essential need for not only family-size farms but family-size tailor shops, family-size filling stations, family-size grocery stores, family-size drug stores, family-size banks, small-size counties, medium-size states, and two-thirds of the nations on earth.

In fact, 90 per cent of the work of Congress may be done by about 40 per cent of the Congressmen, and come to think of it, you and me may not be exactly essential to the future of the country either.

There may be more surplus people and enterprises than we ever realized, but I for one ain't willing to call the whole thing off. I may not be essential to the country, but I feel pretty essential to myself.

Yours faithfully,
J. A.

New '56 Texas Highway Maps Now Available

AUSTIN—The new 1956 edition of the Official Highway Travel Map is now available. D. C. Greer, State Highway Engineer, announced in Austin today.

The map has many new features and contains a wealth of information on Texas, Greer said. Most of the topographical relief was removed from the map last year so that more essential information can be read easily and quickly. The growth of the Texas Highway System at the rate of about 3,000 miles a year has made it necessary to gradually remove some of the less important information to make room for the increased mileage, he said.

In addition to the highways and the mileages between various points, the Travel Map shows state parks with recreational facilities, historical state parks, roadside parks, altitudes, and the Highway Travel Information Bureaus. The pictorial side of the map features scenes of general interest both to Texans and out-of-state tourists, with every section of the state represented.

The Austin office of the Highway Department, the 25 district offices, and the seven Travel Information Bureaus near the state's borders all have maps available for distribution. Special map cards for requesting a map may be obtained at the tax collector's office when license plates are purchased.

Medical Group In Meet Here Tuesday

The Baylor-Haskell-Knox County Medical Association met Tuesday night at 7 o'clock at the Coffee Shop for a steak supper. After the meal the group met in the office of Dr. R. L. Newsom where they saw an educational film at 8 o'clock.

Present at the meeting were Drs. Joe Massa, Roy Wilson, J. W. Foy and E. H. Balch of Seymour; W. M. Taylor of Goree; T. S. Edwards, T. P. Frizzell and Charles Markward of Knox City, and Dr. R. L. Newsom of Munday.

Annual Palm Sunday Program Announced

The Annual Palm Sunday program of the First Methodist Church in Munday will be presented next Sunday evening at 7 o'clock. This program of the Church Choir is considered one of the outstanding events of the year.

The story of Holy Week will be presented in song and story. Among the anthems which will be sung are "Open the Gates of the Temple", "Jerusalem", "On Yonder Cross", "Sunrise on a Hill" and "It Was for Me".

The service is under the leadership of Mrs. Ernest L. Horton, choir director. Mrs. James H. Bardwell is the organist. Soloists are Mrs. Oscar Spann and Mrs. W. O. Ratliff. Rev. H. Doyle Ragle will be the reader for the program.

The general public is cordially invited to be present for this outstanding Easter season program.

Goree Girl Is New Social Club Pledge

ABILENE — Jonnie Hutchens, daughter of Mr. and Mrs. Billie Hutchens of Goree, has been invited to pledge a social club at McMurry College.

Miss Hutchens, a freshman at McMurry, is pledging Delta Beta Epsilon, women's social club organized in 1944.

Mrs. Phil Chappell, dean of women at McMurry, said that the purposes of the college's nine social clubs for men and women is to promote social and cultural growth among their members, and to boost school spirit among McMurry students.

A 1955 graduate of Goree High School, Miss Hutchens was a cheer leader, secretary of F.H.A., and art editor of the annual.

At McMurry she is majoring in business and minoring in art.

Mrs. Aline Koenig and sons of Oklahoma City, Okla., spent the week end with her parents, Mr. and Mrs. W. C. Bevers.

Mrs. J. B. Bowden returned home last Monday from a ten day visit with Mr. and Mrs. M. L. Joyce and son in Albany and Mr. and Mrs. Lloyd Bowden and family in McCamey.

Jack Williams "Mushes Huskies" In Winter Carnival

Life isn't all hub-drub for the serviceman, as Col. Jack W. Williams, son of Mr. and Mrs. P. V. Williams, is proving.

Comes word from Fairbanks, Alaska, that Jack, who is commander of the 5001st Maintenance and Supply Group at Ladd Air Force Base, set a "hot-footed pace" down Second avenue in Fairbanks recently during the businessmen's dog races, a part of the Winter Carnival.

Jack manned one of the eight dog teams that raced separately down the snow-covered city streets.

Mr. and Mrs. A. H. Mitchell attended a reception in Quanah last Monday night honoring Mr. and Mrs. Earl Morley, retiring district superintendent of District E.
