Odd Bits Salvaged
By The Editor

"The legitimate object of government is to do for a community of people whatever they need to have done, but cannot do at all, or cannot so well do for themselves—in their separate and individual capacities. In all that the people can individually do as well for themselves, government ought not to interfere."—Abraham Lincoln. We wonder if the officials and people of Little Rock have been brushing up on any of Lincoln's philosophy.

k-k
"We have the flu, but no flu shots," is the statement we heard early this week. Doctors report quite a number of flu cases over the Munday area. Some of this can be just plain flu, some might be Asian flu. Whether we get the shots or not, we have one consolation. The "top man" of our nation has received his shot—and a vacation, too!

k-k
Fall is in the air, it's the type of weather that's real suitable for catching cold, with the warm days and early evenings, then getting right nippy during the night. You guessed it. We caught one of those nasty head colds during the week end.

k-k
With fall comes cotton harvest and maize harvest, but it seems folks are kinda rushing the maize harvest too fast. Some have combined this week, only to have their loads turned down at the elevator because it was still green and had too much moisture content. Can't blame folks for wanting to get ahead of the type of harvest farmers had in the Quannah and Chillicothe areas some two weeks ago. They had a storm with wind and hail that did a pretty complete job of harvesting in spots.

k-k
October is a month filled with special weeks. To mention a few there is National Newspaper Week, October 1-8; International Letter Writing Week, October 6-12; National Pharmacy Week, October 6-12; National Thrift Week, October 20-26; National Bible Week, October 14-20; National Donut Week, October 19-25, and we could go on. More special weeks than there are days for them, so some have to fall on the same dates.

k-k
Charles McCauley has been in a fizz for several weeks, and just before he gets plumb fized out, he will have his new furniture store open. Formal opening of the new firm will be Friday in the Harrell building, which will also be the new home for McCauley Funeral Home.

k-k
For a number of months, a group of local merchants have been trying to keep alive their Dollar Day—one day in each month on which they express appreciation for the patronage of people of this trade area by giving special dollar day values. Around 14 merchants started the move last year, but the group has dwindled down somewhat, but those who are staying in there are those who especially invite the people of this area to continue trading in their home town.

k-k
Next Monday is another Dollar Day, with the following group of loyal merchants sponsoring the event: Ben Franklin Store, Cobb's Department Store, Perry Bros., Kemetz and Carl, and Bertha's Babyland.

k-k
Give Munday merchants your patronage. They are the ones who are here to serve you—day in and day out, year after year—and help to keep the town alive.

k-k
This is National Newspaper Week. The American people depend more and more upon their newspapers to keep them informed as they go about their tasks. Whether it is religion, education, law enforcement, community service—nearly every phase of this thing we call democracy is served by your newspaper. Ours is the greatest governmental system in the world and the newspapers have helped to make it so.

TO RELATIVE'S FUNERAL.
Mrs. S. B. Campsey and her daughter, Mrs. Jack Reese, of Abilene attended the funeral of Mrs. Campsey's aunt, Mrs. C. A. Holland, in Cleburne last Friday. Mrs. Holland was the sister of the late Mrs. R. S. Barton and had visited here a number of times.

CHARLES MCCAULEY
... opens furniture store

New Furniture Store To Open Here On Friday

Charles McCauley, who operates the McCauley Funeral Home, announced Tuesday that he is opening a new furniture store in Munday, located in the Harrell building, just east of the city hall, and to be known as McCauley Furniture Co.

The building has been completely remodeled inside so the furniture store will occupy the south side, while the funeral home will be in the north side of the building. Ample room is provided for both businesses.

Formal opening of the new furniture store will be held on Friday, October 4, and the public is cordially invited to come in and see the new merchandise "designed for luxurious living," yet priced to fit the moderate pocket-book.

Registration will begin on Friday for free merchandise prizes which will be given away on Friday, October 18. These include a comfortable vibrator chair, a foam rubber mattress, and two decorative table lamps.

In addition to his duties with the funeral home, Mr. McCauley will devote a portion of his time to the furniture department. Mrs. McCauley and Mrs. Leland Floyd will also be employed in the furniture store. A line of living room, dining room and bedroom furniture will be handled, and Mr. McCauley will appreciate an opportunity to serve the needs of people of this trade area.

Dr. J. O. Haymes To Fill Pulpit At Methodist Church

Dr. J. O. Haymes of Lubbock, who recently retired from active work in the ministry, will fill the pulpit at the First Methodist Church in Munday during the absence of the pastor, Rev. J. F. Michael, who is on vacation.

Dr. Haymes will preach at both morning and evening services on Sunday, October 6, and Sunday, October 13.

He is well known in the Munday area, having lived here a number of years ago. He was pastor of a charge at Childress when he retired a few months ago, and he also served as district superintendent.

Dr. and Mrs. Haymes will be visiting Mr. and Mrs. Lee Haymes during their stay in Munday, but they have other relatives and many friends here.

Rites At Petersburg For Former Resident

C. B. Smith, 77, former Knox County farmer, passed away at his home in Petersburg at about 3:45 p.m. Saturday, September 21, and funeral services were held at 2 p.m. Sunday, September 22 at Petersburg, with burial in Johnson Memorial Cemetery at Munday.

Mr. Smith served as deputy sheriff at Petersburg from 1951 until 1955. He was a member of the Methodist Church.

Survivors include his wife; three daughters, Mrs. Jo Allison of Fort Worth, Mrs. R. J. Alexander of Weatherford and Mrs. Joe Gray of Huntsville, Ala.; three sons, James of Brownfield, Winston and Marvin of Santa Barbara, Calif.; a brother, J. F. Smith of Cleburne; three sisters, Mrs. Jess Gainer and Mrs. Claude Wilshire, both of Burleson, and Mrs. Ada McClean of Cleburne; 22 grandchildren and 30 great-grandchildren.

HOME FROM HOSPITAL

Mr. and Mrs. Jack McCall and Debbie were in Wichita Falls last Saturday to bring Mrs. Rose Jones home from Bethania Hospital, where she spent the past three weeks. She is reported to be improving.

SQUIRREL SEASON OPENED TOO EARLY

Several hunters in northeast Texas have found it doesn't pay to open the squirrel season too early. Wardens have taken them into courts and in each instance heavy fines were assessed.

The squirrel season opens officially in Red River and Bowie Counties Oct. 1, and in Lamar County Oct. 15, according to the Director of Law Enforcement of the Game and Fish Commission.

Even eating a hot dog is fun when it's State Fair time in Texas. The fun grows by leaps and bounds when it's a foot-long hot dog and you can keep it forever when you "Catch" it with a movie camera. Whether you're using a movie or a still camera though, it's planning that will let you get pictures like this one and let you come home from the State Fair of Texas with pictures you'll be proud to show your friends.

OAKS IRRIGATION'S FREE IRRI-KIT TO BE AWARDED NOVEMBER 1

The free Irri-Kit which is to be given away by Oaks Irrigation Co., will be awarded on November 1st, instead of October 1st, as advertised in last week's paper.

The Times made another one of its errors in this ad last week—the date should have been November 1st. All you have to do to be eligible for this yard sprinkler kit is to register with Oaks Irrigation Co.

Moguls Begin District Play On Friday Night

Opening their conference games much stronger than at the beginning of the season, the Munday Moguls will journey to Paducah next Friday night for their first district game.

Both teams have had their part of the losses against stronger teams thus far in the season, with Paducah dropping all four of her games, while Munday has lost three. From the statistics standpoint, Paducah has managed to cross the goal stripe more often than our local boys.

Munday has scored only six points during the season, while her opponents have racked up 117. Paducah has scored 42, with a total of 153 scored against her.

It would appear that the two teams are meeting on just about an even basis, but our Moguls are going through workouts this week with the idea of coming out on the top side of an uneven score in this, their first conference game of the season. Many ardent Mogul fans will be on hand to urge them on to victory on the Paducah field.

UNDESIRABLE WHEAT VARIETIES LISTED

The 31 varieties of wheat named as undesirable under the 1958-crop wheat price support program are listed by class as follows:

Hard Red Winter—Blue Jacket, Chiefkan, Cimmarron, Early Blackhull, Kanking, New Chief, Pannee Sel 22 Purkof, Red Chief, Red Hull, Red Jacket and Stafford.

Soft Red Winter—Kan Queen, Knavale, Nured and Seabreeze.

Hard Red Spring—Gasser, Henry (except in Wisconsin and Washington), Kinney, Premier, Progress, Spinota and Strugeon.

Durum—Golden Ball, Peliss and Pentad.

White—Fifty Fold, Florence, Greeson, Rex and Sonora.

Hamptons Attend Church Dedication

Mr. and Mrs. Sam Hampton, Mrs. M. D. Gamble of Slaton and Mrs. V. L. Cade of Lubbock returned a few days ago from Leesburg, Ala. where they attended a memorial service and dedication of a new Methodist Church building on the site where their grandfather, Robert Hampton, organized the first Methodist Church in 1830. This is the fourth building since that time.

They also visited six other eastern and southern states on this trip going to Chattanooga, Tenn., visiting the Chicamauga National Park where their grandfather was buried.

First Homecoming Of Ex-Students Of Goree Schools Slated For Next Saturday

Ex-students from far and near are expected to be gathering in Goree this week end for the first annual homecoming and jubilee of Goree High School. The event is scheduled for Saturday, October 5, and plans have been virtually completed. A total of 355 reservations have already been made.

Activities will open at 9 a.m. Saturday with an open house at

the school building. This will continue until noon. Registration will begin at 1 p.m.; however, someone will be on hand to assist in early registrations.

General assembly will be from 2 to 4 p.m., with the following program being rendered:

Opening prayer, George Hunt, president of the Goree school board; welcome address, J. B. Lawson, school superintendent; quartet, Mona Mobley, Sherry King, Donna Sue Jetton and Linda Joyce Handon, accompanied by Dolores Lambeth on the piano. "It Isn't Any Trouble," group led by Connie Bingham, with Pearl Falls accompanying on the piano.

Introduction and interviews of classes will be by Gene Heard, master of ceremonies, and J. H. Bardwell of Munday will introduce ex-teachers and board members.

"The More We Get Together" will be led by Connie Bingham with Pearl Falls, pianist.

Walter Coffman, chairman of ex-students, will preside at the business session, and James C. Carver will recognize ex-lettersmen and coaches of the Goree school. A pep rally will be led by Cheerleaders Tommy Harlan, Jo Moore, Brenda Hutchens and Ruby Dane Hammons, who will also lead the group in the school song.

One hour, from 4 to 5 p.m. will be devoted to meetings of the different classes present.

Jetton Catering Service of Fort Worth will serve the homecoming dinner, which will begin at 5 p.m. Festivities will close with a football game between Goree and Benjamin, beginning at 7:30 p.m.

Taking part in making this first homecoming a success are the following committee chairmen:

Walter Coffman, general chairman; Mrs. James Carver, first vice chairman; Mrs. Reuben Bates, second vice chairman; Mrs. Elkin Warren, secretary; J. D. Hicks, treasurer; Sam Hampton, correspondents; Mrs. Lee Patterson, registration; Gerald Simpson, catering service; Mrs. Barton Carl, P. T. A. concessions; Mrs. Vernon Routon, decorations; Mrs. Etta Chamberlain and Mrs. Sam Hampton, publicity.

HONORED—Principal and assistant director of the Parker Foundation in Dallas, Miss Mary E. Wear, above, is being honored by The Business and Professional Women's Clubs of Dallas as one of the ten "Women of Distinction." Miss Wear is recipient of the award because of her outstanding vocational, church and civic activities.

Boggs Bros. Observing 20th Anniversary

Twenty years ago this year, a new business was established in Munday and has continued in operation since that time.

Boggs Brothers, Mahlon and A. C., announced this week that they are observing their 20th anniversary in the furniture and mattress business. They started in a modest way and have continued to grow as they have gained the patronage and confidence of people of this area. Several years ago, they purchased the old Banner Ice Co. building and remodeled it into a modern furniture store and mattress factory.

"Our growth and progress is due chiefly to the patronage and confidence of our customers in the Munday area and Knox County," they stated Wednesday. "We appreciate this patronage through the years and hope to continue serving you for many more years."

MUNDAY STUDENTS AT WAYLAND COLLEGE

PLAINVIEW—Knox County is represented by Dannie Rue Moore, Munday, at Wayland Baptist College which began its 49th year on Sept. 18, according to Dean Cecil Cosper. He is among the students from seven foreign countries and 24 states.

Foreign countries and territories represented are Alaska, Columbia, France, Hong Kong, Okinawa, Japan and Philippines. New Mexico leads out of state areas with 46 students. In second and third places are Oklahoma with 24 and Colorado with 11. California is next with 10 students.

MERIDIAN STATE PARK returned to favor this year as one of Texas' popular fishing resorts. Water began flowing over the spillway of its dam on May 2, 1957 for the first time since May of 1951. During the dry years the lake level had dropped 21 feet. Weeds and rough fish were removed during the drought and the lake restocked by the Game and Fish Commission.—Photo by Roger Parker.

Town To Welcome New Residents

The local Chamber of Commerce voted recently to greet new residents who move into the town in a friendlier manner and to assist them in getting acquainted. Definite plans were formulated last week when a group of interested citizens gathered at the C. of C. office to make Munday known as "the town of 2,800 friendly people, and no sore-heads."

It was pointed out that many people have moved into Munday and out again without permanent residents ever having known them, and it is the intention of the Chamber of Commerce that in the future newcomers will have pleasant memories of the town and its people. It is their aim to help new residents get settled and to join in the community life without experiencing the loneliness and frustration usually associated with moving into a new town.

Harold Paden, minister of the Church of Christ, sparked this drive to extend a hearty welcome to new residents. He has been joined by Rev. J. F. Michael, Rev. Grady Allison and Mmes. A. A. Smith, Jr., Lee Roy Leflar, C. W. Hobert and Bruce Burnett. These people have volunteered to assume the duties of calling on new residents, making them welcome and assisting them in getting acquainted.

Full publicity will be given "our new friends," and this committee is confident that others of the town will follow through with gestures of friendship. It is confident, too, that the "Heart of the Famous Knox Prairie" will show its heart in making Munday a warmer and happier home for its new citizens.

MUNDAY 4-H CLUB GIRLS IN MEETING

The Munday 4-H Club girls met recently at Junior-High. The 4-H officers were elected as follows: Ann Moorhouse, president; Eka Lee Peysen, vice president; Shirley McCarty, secretary-treasurer; Jerilyn Duke, reporter, and Linda Thompson as council delegate.

NOT FOR SALE

A magazine published by one of the farm equipment companies points out that "human safety is not for sale." Years ago, the article continues, the various companies . . . took the stand that if one company invented or developed a safety feature, it should—by every measure of decency—be available to all . . . This is why farm equipment companies do not condone the advertising of safety on equipment. You may read occasionally that a certain device makes the equipment safer. This is in good taste, simply as a part of safety education, but all reputable farm equipment personnel accept the gentlemen's code which holds that safety features are not to be used for "selling advantage."

In all other respects this industry is an extremely competitive one. Every company attempts to offer machines which are superior to those of competitive companies and to persuade potential buyers of their advantages. This means that the farmer gets the best equipment at the lowest price possible under today's economic conditions. But when it comes to safety, ideas and innovations are pooled—and the buyer of each and every brand gets a piece of equipment which is as basically safe as the designers and engineers can devise.

However, safety features can't prevent accidents if the equipment isn't properly used and the safety rules aren't followed. The factories can't stop farmers from making mechanical alterations which create hazards, or from allowing children to run the machines, or from operating them at night on public roads without adequate lights, or from other such accident-inviting practices. So, in the final analysis, safety is up to the user.

Writing in Today's Health, Dr. William Bolton says that seven basic food sources will provide an adequate diet for a normal person: green and yellow vegetables; citrus fruits, tomatoes and tomato juice, strawberries and melons; milk products; meat, poultry fish and eggs; bread, flour and cereals; butter or fortified oleomargarine; other vegetables, including potatoes.

In a year and a half, total consumer expenditures in this country have increased at an annual rate of \$17,200,000,000. However, according to the First National City Bank of New York, "Fully half of this was an illusory expansion caused by rising prices."

AN EXTRACTIVE INDUSTRY

Oil is an extractive industry. And don't let that description confuse you. It simply means that the oil producer extracts material from a natural deposit which cannot be replenished. In producing oil, in other words, he steadily exhausts the deposit and depletes its capital value. And when the well finally is used up, it must be replaced with another. If that sounds easy, it isn't. The risks in wildcatting for oil are extraordinary. Only one wildcat well in nine finds any oil at all—and only one in 44 finds as much as a million barrels, which is about the break-even point for commercial production.

Here is why oil producers—like producers in other extractive industries—are allowed what is known as a depletion allowance. In the case of oil the allowance is 27 1/2 per cent. Producers deduct that from their income taxes, under certain restrictions, one being that percentage depletion is limited to not more than 50 per cent of the net income from each producing property. This is in no way a special favor to the oil men. It simply recognizes a fact of life—that their capital is exhausted by production.

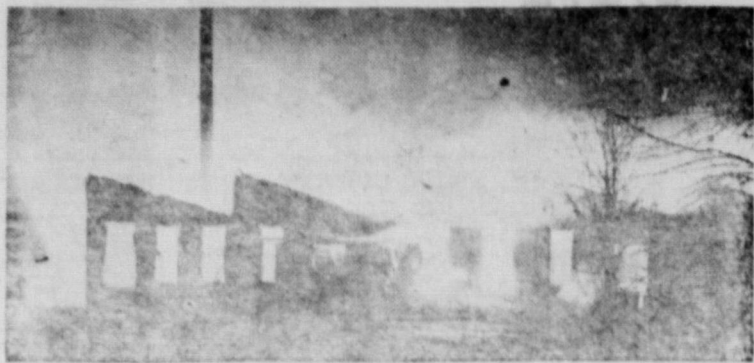

This vital provision of the tax laws has been one of the major reasons for the ability of the industry to attract capital in the enormous amounts needed for locating and developing new oil reserves. It has been of tremendous importance in making the risks of wildcat drilling worth taking in spite of the heavy odds against success. And its importance will continue to grow, in this era when demand for oil steadily climbs, and that demand can be met only by drilling more and deeper wells at an ever-rising cost.

TAYLORVILLE, ILL., DAILY BREEZE-COURIER: ". . . there are apparent physical and mortal shortages in the American system of education. It is fundamental though that if we are to remain in charge we must foot the bills directly or at no more than the state level . . ."

Bonuses for World War II and Korean War veterans have been authorized in 21 states, at a total cost of \$2.8 billion.

KANSAS CITY, KAN., PRESS: "It is common sense that there must be a limit to the upward price spiral, else a loaf of bread will demand a wheelbarrow of currency as it did in Germany after World War I."

Industrial Fires Hurt U.S.

A landmark in American industry went up when this Springfield, Ohio, plant was destroyed by fire earlier this year. This, reportedly, was the first sawtooth-constructed industrial building in the world. Although exploding drums of flammable liquids and insufficient hydrants hampered fire fighting, these were not the principal reasons that the building was totally destroyed at a loss of \$250,000. The fire chief on the scene explained it this way: "A one-story frame metal clad building without a watchman, sprinkler system or automatic fire alarm system—what can you expect?" The National Fire Protection Association, sponsor of Fire Prevention Week this October 7-13, estimates that there were 37,600 manufacturing fires of all kinds last year that cost this country \$188,674,600.

MODERN HOMEMAKING

Recipes . . . Household Helps

By Julia Hunter

HOME ECONOMICS DIRECTOR, LONE STAR GAS CO.

What is the difference between a broiler and a fryer chicken? The youngest chickens used for the table are called broilers. Dressed, these young tender birds weigh less than 2 1/2 pounds.

During the summer months of outdoor eating, broilers have been much used for barbecuing. This popular dish may very well move indoors. For indoor barbecuing simply place broiler halves in a shallow baking pan and bake in a moderate gas oven (350 degrees F.) one hour. Baste the halves about every 15 minutes with a favorite barbecue sauce. For an extra touch add mushroom pieces to the broilers about 20 minutes before the end of cooking time.

Richly browned broilers piping hot from the broiler pan and served with chunky cranberry relish are complement insurance for a hostess. Place broiler halves on cold broiler grid, skin side down. Sprinkle with salt and paprika and brush with melted butter or margarine. Broil 5 inches from full broiler flame 15 minutes. Turn and sprinkle second side with salt and paprika and brush with melted butter or margarine. Continue broiling 30 to 45 minutes turning about every 15 minutes. When chicken is done, drumsticks and wing joints should move easily.

Make chunky cranberry relish by combining 2 tablespoons finely chopped walnuts, 2 tablespoons finely chopped orange rind, 2 tablespoons sweet pickle relish and 1 one-pound can whole cranberry sauce. Chill thoroughly.

And add continue cooking 2 minutes. 1/2 cup pimiento strips and 1 cup uncooked rice. Add 1 1/2 cups chicken broth, dash chili powder, 1 teaspoon salt and 1/2 teaspoon pepper. Heat mixture to boiling. Pour into large casserole and top with browned chicken. Cover and bake in moderate gas oven (350 degrees F.) 1 hour. Makes 4 servings. Note: For chicken broth, cook giblets in water to cover until tender or dissolve chicken bouillon cubes in hot water according to package directions. If necessary, make a cover of aluminum foil for the large casserole.

LOCALS

Mr. and Mrs. P. C. Phillips and Mr. and Mrs. Nolan Phillips visited relatives in Foss, Okla. last Sunday.

Mr. and Mrs. Quentin Spann and sons of Foss, Okla. visited relatives here and attended the funeral of Mrs. Bertie Phillips last Thursday afternoon.

Monday Run Largest In Two Months, Sell Steady

FORT WORTH—The offering of cattle and calves was the largest in two months, and nearly double a week earlier, when the week's trade got underway at Fort Worth Monday.

A week ago rains in much of the territory curtailed the shipments considerably. Trade was moderately active and prices were generally steady on all types of livestock. National packers were talking weak prices in some cases on fed steers in view of the large offerings of well finished cattle at some corn belt terminals. However, they accomplished little in that direction. Some buyers tried vainly to weaken stocker and feeder prices, also, but their efforts were unavailing.

Comparative prices: Good and low choice fed steers and yearlings \$19.00-22.25; common and medium grades \$14.00-18.50. Fat cows \$13.00-15.50; canners and cutters \$9.00-13.50; bulls \$11.00-

16.25; good and choice slaughter calves \$18.50-21.00; common and medium \$13.00-18.00; culls \$11.00-12.00. Stocker steer calves of good and choice grade \$19.00-23.50; heifer calves \$21.00 down; good and choice stocker steer yearlings \$18.00-21.50; stocker heifers \$18.50 down; stocker cows \$10.00-15.50.

Hogs Rally In Opening Trade, Top \$18.50-18.75

Supplies of hogs at Fort Worth Monday were about double those a week earlier, but corn belt farmers held back following last week's sharp declines. At 12 major markets about 14,000 less hogs were reported than a week ago, and the run was more than 25 per cent under the same date a year ago.

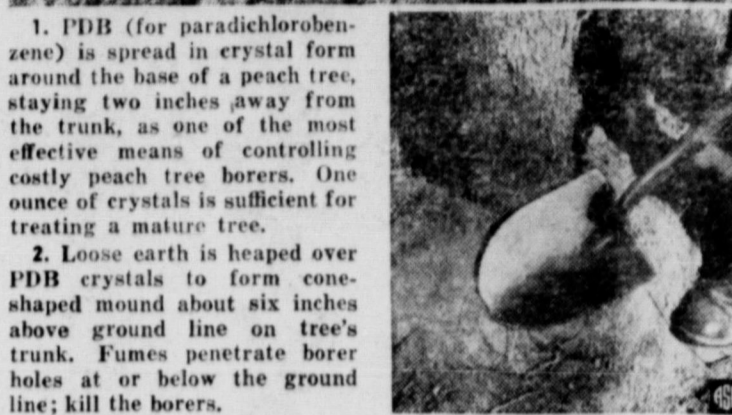

Choice butcher hogs ranged from \$18.50 to \$17.50, and medium to good butcher hogs sold from \$16.50 to \$18.00. Sows cashed at \$17.50 downward.

Packers reported pork loins were about the only cut at present that was moving readily in wholesale pork channels, and the Eastern Seaboard area reported pork loins about steady to 1 cent per pound under a week ago while other pork cuts ranged as much as four cents per pound off, to give a graphic view of the selective nature of the buying of meat.

Sheep And Lambs Open In Strong Fashion, Top \$21.50

Do This to Stop Peach Tree Borers

1. PDB (for paradichlorobenzene) is spread in crystal form around the base of a peach tree, staying two inches away from the trunk, as one of the most effective means of controlling costly peach tree borers. One ounce of crystals is sufficient for treating a mature tree.

2. Loose earth is heaped over PDB crystals to form cone-shaped mound about six inches above ground line on tree's trunk. Fumes penetrate borer holes at or below the ground line; kill the borers.

A record crop of peach tree borers is expected to be at work this fall and winter at or below the ground line on your orchard trees, boring holes that can weaken and kill them. Peach tree borers have been known to wipe out entire orchards, are rated one of the most damaging orchard pests. Experts like Dr. Don King, entomologist at Texas A & M, are recommending to orchardists that they return to the use of PDB (for paradichlorobenzene) as one of the oldest but still most effective means of controlling the borers.

Fall is the proper time for such treatment, when the soil is dry and the soil temperature is above 55°. Follow these steps:

1. Clear weeds from base of tree and loosen soil lightly.
2. Make grooved ring in soil around base of tree at least two inches from the trunk.
3. Drop PDB crystals evenly in the groove (see figure above) at a rate of one ounce for mature trees, 1/4 ounce for trees 4 - 5 years old and 1/2 ounce for trees 2 - 3 years old.
4. Pile soil in cone-shaped mound over crystals to a height of six inches on tree trunk and firm it (see figure at right). Be careful not to push crystals into contact with tree trunk.
5. In early spring, remove earth mound, level soil.

Your farm chemicals store is the best source of PDB crystals. However, you may also find them in drug and department stores where they are sold for clothes moth control. When buying a clothes moth compound for use against peach tree borers, however, be sure to get paradichlorobenzene crystals, not naphthalene which is sometimes used against clothes moths.

lambs at Fort Worth was about three times as large Monday as the rain-slowed session a week ago. Trade was active, with lambs 25 or more higher. Other sheep and lambs were strong.

Good to choice slaughter lambs cashed at \$20 to \$21.50, some clipped lambs at the higher figure. Cull, common and medium slaughter lambs drew \$13 to \$19. Stocker and feeder lambs sold from \$16 to \$20, and choice feeders were quotable above \$20 easily enough. Slaughter ewes cashed at \$7 to \$8, and almost any kind of ewes that looked like they might raise a lamb sold for much more money to go back to the pastures. Old bucks sold around \$6. Old wethers were listed at \$14 down.

Some clipped yearling muttons sold at \$18.

Farm Flocks Of Sheep Are Building Rapidly

According to reports reaching Fort Worth the build-up in the sheep population, especially in the Eastern two-thirds of Texas is progressing just as rapidly as the farmers and stockmen can get possession of any breeding ewes.

If normal breeding intentions are carried out the 1958 Spring lamb crop for Texas will tally the largest in some years. Build-up in West Texas flocks is also going forward at a rapid pace. However, some of those areas have not been favored with as much moisture as is needed right now and this poses a question mark as to whether their increase will be as great as in the case of the smaller hands.

Consensus at Fort Worth is that the crop of fat Spring lambs stand a good chance of being a bonanza for farmers with some grain pasture, if current conditions are maintained through the winter.

Final Stocker-Feeder Sale Will Be October 11th

Final to this season's special stocker and feeder calf and yearling sales at Fort Worth will be October 11. While the sale is jointly sponsored by the Texas Hereford Association and the Market Institute, all breeds, cross-breeds, etc., are welcome.

"Demand for stockers in the Southwest is great, and getting better as the moisture conditions improve. We look for a strong sale October 11," was the way the Sale Committee described the outlook.

Mr. and Mrs. Jerry Guinn and Jan. Mrs. Bess Guinn and Patsy visited Mr. and Mrs. Don Yandell in Graham last Sunday.

LICENSE UNDER NEW EGG LAW EXPLAINED

The Texas Egg Law, which becomes effective August 22, provides that no person can buy or sell eggs within this state for subsequent resale without first obtaining a license from the Commissioner of Agriculture.

The exception to this, says F. Z. Beanblossom, extension poultry marketing specialist, are those who sell from their own flock and claim no grade; hatcheries which buy eggs for hatching; public eating places where all eggs purchased are served by the establishment; food manufacturers purchasing eggs to be used only in their products; agents employed and carried on the payroll on a salary basis by persons licensed under this act; and any retailer, as defined by law — that is, any person selling or offering for sale, eggs to consumers in this state.

In order to create a fund for the enforcement of the provisions of this act, each licensee shall pay a license fee. The annual fee for dealers, wholesalers, and processors shall be determined according to the average weekly volume of the month in which the licensee handled the most eggs in the preceding twelve months ending on May 31. The proceeds of such license fees shall be paid into the State Treasury by the Commissioner of Agriculture in a fund known as the Egg Law Enforcement Fund.

The deadline for obtaining licenses is October 20. Actual enforcement of the law will start February 17, 1958.

Mrs. Nora Broach returned home last Thursday from two weeks vacation in Key West and Miami, Fla., and points in Mississippi and Alabama.

RAIN BENEFITS FISH AND GAME

Rains of the past week will be especially beneficial to both hunting and fishing this fall, according to the Executive Secretary of the Game and Fish Commission. "The rains have been so general they will help the late grass situation throughout the state," he said. "They also have refilled many of the smaller tanks and lakes, which will make more water available for ducks to feed and rest."

The rains have been sufficient to carry much new food from the land into the lakes and streams for the benefit of fish.

H. R. Hicks was a visitor in Fort Worth several days this week.

Top Furniture Designers Present "LIVING ARTS"

"Gave my bedroom new life!"
"At prices good to my pocketbook!"

New Exciting

Beauty combined with practical living enhances this "Living Arts" group. A spacious drawer for everything gives you more space to LIVE in. This group includes the chest, double dresser, bookcase bed and nite stand.

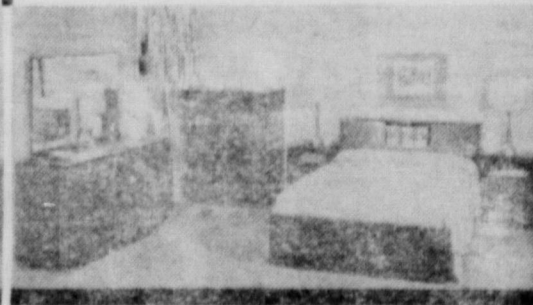

The smooth, flowing lines of this group with French front radiate warmth and character. Complete control of design distinguishes this lovely group from ordinary furniture. In it you find the chest, the double dresser, bookcase bed and the nite stand.

Simplicity of line is essential to real beauty. See how skillfully designers of "Living Arts" have captured the excitement of true beauty. In this group—the chest, double dresser, bookcase bed and nite stand.

Refreshing, NEW styling . . . Unique combinations of design bring out a three dimensional beauty. The group includes a chest, triple dresser, bookcase bed and nite stand.

The soft, serene curves of the artist are brought to life in this "Living Arts" style. Notice the clean lines . . . the graceful drawer pulls that complement the all-over effect. In this beautiful group—the chest, triple dresser, bookcase bed, nite stand and double dresser.

Tate Explains Some Benefits Of Social Security

Some Knox County social security beneficiaries have been caused unnecessary embarrassment and hardship in recent months, according to Erton F. Tate, local district manager. The difficulty could have been avoided by these people if they had understood what earnings count toward determining how many social security insurance checks they could receive for a year.

He mentioned the case of a young mother who was receiving survivors benefits for herself and her children based on her deceased husband's wage record. She works for a non-profit organization and her job is not covered by social security. Because of this she assumed that she could receive all of her benefit checks regardless of the amount she earned. She did not know that all earnings from employment or self-employment must be considered whether the work is under social security or not said Tate. By the time she found out differently, she had been overpaid for several months and was required to make full refund of the amount.

Another recent case related by Tate was that of a Knox County man who applied for his social security several months ago, drew one check, and then had them stopped because he expected to earn over the \$1,200 limit. Several months later he found

that he had needlessly deprived himself of his benefits. His expected earnings were actually stock dividends and a pension that his former employer paid him. Earnings such as these do not count in figuring income for the retirement test, so this man's monthly old-age payments were resumed and his back payments sent to him.

Some other non-earned income which does not affect social security benefits are: income from savings, investments, insurance, and rents. Tate advises all social security beneficiaries who are not certain about their rights under the retirement test to contact their local social security office for further information.

Improved Munday Moguls Drop Third Game Of Season To Throck's Hounds

The Munday Moguls, showing improvement over their brand of play in their other two games, proved too light for the Throckmorton Greyhounds last Friday night as they went down to 19-6 defeat on Greyhound field. Quarterback Jerry Grable scored once on a 30-yard pass interception and again on a 70-yard punt return to lead the Greyhounds to victory.

The 10-A Greyhounds rolled up 239 yards on the ground Friday night behind a light but hard-hitting line which held the 11-A Moguls to 99 yards.

The Greyhounds were victorious Friday night without the services of Harold Hitch, first string guard. Hitch suffered a

torn ligament in his foot. He may return to action next Friday. The Greyhounds took a 130 lead before the Moguls scored. Midway in the opening period Grable snared a Mogul pass on the enemy's 30 and sped across the goal line untouched. When Dale Hilley booted it was 7-0. About five minutes deep in the second quarter, Grable picked up a Mogul quick kick on his own 30. Beautiful broken field running coupled with precision downfield blocking cleared Grable to paydirt to put the Greyhounds ahead 13-0 when the try for point by Hilley failed. The Moguls entered the scoring picture about three quarters deep

in the second period. James Goodwin, 150 pound fullback, plunged a yard for the score. The TD was set up by a 36-yard run by quarterback Phillip McAfee. Halfback Chigger Hibbets scampered around right end for the final Greyhound score. Hilley's kick was blocked to ice the game away at 19-6. The Greyhounds fumbled twice on the goal line during the game and had one touchdown on a pass interception by Grable called back for clipping.

Burlap Linings For Irrigation Canals

A number of Texas farmers may be able to profit from a newly-developed asphalt and burlap material designed for use as an irrigation ditch lining.

Already in limited use and expected to be on the market next year, the new lining process con-

sists of two layers of specially treated burlap sandwiched between three layers of a special asphalt material. Developers claim the new development will lower lining costs by forty-five per cent below concrete, used to prevent seepage of water flowing through canals on its way from the reservoir to the farm.

Without linings, as much as a third of the irrigation water is often lost.

Another possibility for the new burlap inner-liner is its similar use as a seepage-preventor in artificial tanks and ponds. However, it might meet fairly stiff competition here with another more natural type of sealing agent already in use.

Some Texas farmers and ranchers are caking their leaky tanks with a special type of dirt which, when mixed with porous soil, produces a hard, seep-proof bottom. The big disadvantage here is that the water has to be emptied and the soil dried completely before this transformation can take place.

On the other side of the water-retention problem—evaporation—other Texans are using a chemical "cover" of "fatty alcohols" which, when applied to reservoir surfaces, hold evaporation to a minimum.

All of these developments, and others as well, are at least worth a fair try in the constant search for answers to our water problems.

Mrs. L. C. Sweatt visited Mrs. Caz Lanusford in the General Hospital in Wichita Falls last Thursday.

Master Gerald Gaines of Ropesville is spending his vacation this week with his grandparents, Mr. and Mrs. Jim Gaines.

IT'S THE LAW in Texas

A public service feature of the State Bar of Texas

NEW LAW AFFECTS ELECTRIC CO-OPS

Under some conditions inhabitants of cities and towns can avail themselves of the services of rural Electric Co-operatives (Co-ops), according to a law passed by the Fifty-fifth Texas Legislature.

As the name implies, these Co-ops are made up of customers and furnish services to their members on a cooperative basis. Persons residing in rural areas and unable to obtain electrical service from public utilities or municipally-owned plants (central stations) have been able to purchase electricity through such co-ops for a number of years. However, there has been some argument about non-rural customers.

Sometimes rural areas served by a Co-op become non-rural, due to annexation by an incorporated city or town. Electric Co-ops usu-

ally continued to serve existing customers, as well as others desiring service, within these annexed areas. But their authority to serve these people became questionable when in a recent law suit the Supreme Court of Texas indicated that such practice might be illegal.

This decision led to the action of the Legislature in passing House Bill 547, amending our laws pertaining to Electrical Co-ops, as a precautionary measure. The Co-ops are now authorized to engage in rural electrification by any one or more of the following methods:

If an area (rural or non-rural) being served by a Co-op is annexed by an incorporated city or town in which central station service is supplied by the municipality or by a public utility located there, the Co-op can continue to serve those persons who were members on the date of annexation.

Persons in such an area who were not members on the annexation date may become members of the Co-op and thereafter receive service, if they cannot get electric service otherwise through the municipality or a public utility.

Further, even though central station service is now available, persons living in an incorporated or unincorporated city or town (rural or non-rural) who have been receiving electricity from a Co-op can continue to avail themselves of Co-op service, provided central station service was not available to them when they began to purchase from the Co-op.

In addition, as in the past, Co-ops may furnish wiring facilities and electrical or plumbing equipment to their members in addition to electricity. House Bill 547 extends this authority and extends it to cover persons in annexed areas who are authorized to receive electrical service.

(This column, based on Federal law and prepared by the State Bar of Texas, is written in informal form—not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)

Mr. and Mrs. Travis Gore and Waymon of Wichita Falls spent the week end with her parents, Mr. and Mrs. Carl Green.

Mr. and Mrs. A. M. King of Abilene were Sunday guests in the home of his brother and wife, Mr. and Mrs. Joe Bailey King.

Week end guests in the home of Mr. and Mrs. E. F. Yeager were Mr. and Mrs. Glenn Yeager and family and Mrs. Bill Wynn of Fort Worth and Miss Glenda Yeager of Abilene.

Terry Don Harrison and Hilton Stubbfield returned home last Saturday after completing six months of service with the Army. Both boys have been stationed at Fort Chaffee, Ark.

Don Bowman of Tarleton State College in Stephenville spent the week end with his parents, Mr. and Mrs. Floyd Bowman.

Mr. and Mrs. Verbon Voss and children of Dublin visited their parents, Mr. and Mrs. J. T. Voss and Mr. and Mrs. Terry Harrison, over the week end.

Re-assembly Dinner Opens Activities For Study Club

The fall season of activity opened this week for members of the Munday Study Club when they met in the Fellowship Hall of the First Methodist Church for a re-assembly dinner.

The tables were beautifully decorated with autumn floral arrangements intermingled with artificial fruit. Mrs. P. V. Williams, Mrs. Chan Hughes, Mrs. J. C. Harpham and Mrs. Paul Pruitt composed the arrangement committee.

Mrs. L. R. Frost was presiding hostess for the dinner which was served by the Munday Home Demonstration Club. Mrs. Frost introduced Mrs. J. F. Michael who gave the invocation.

Assuming their official duties were Mrs. W. O. Ratliff, president; J. S. Shannon, vice president; A. L. Smith, second vice president; Tommy Harper, treasurer; D. E. Alexander, assistant treasurer; Don Combs, librarian; J. C. Borden, parliamentarian; G. R. Elland, historian; R. D. Atkinson, federation councilor; C. P. Baker, reporter.

Mrs. Ratliff introduced the chairman of each standing committee who gave their plans for the year work.

Mrs. J. S. Shannon distributed the new year books and explained the theme and programs for the year.

The meeting closed with the singing of the federation song.

Mr. and Mrs. J. R. Rogers, Jimmy and Shirley, of Azle visited Mr. and Mrs. John Earl Nelson and children and other relatives here and in Goree over the week end.

Doreas Class Members Meet On Thursday

The Doreas Sunday School Class of the First Baptist Church met last Thursday evening in the home of Mrs. J. B. Bowden for regular social and business meeting. Prayer was by Mrs. Lula Jones.

An arrangement of fall garden flowers formed the centerpiece for the lace covered dining table.

Election of 1957-1958 officers was held. They are as follows: Teacher, Mrs. Iva Gilstrap; assistant teacher, Mrs. A. U. Hathaway; president, Mrs. Bertha Fin-cannon; vice president, Mrs. C. R. Parker; treasurer, Mrs. W. O. Mays; secretary, Mrs. C. M. Thompson; reporter, Mrs. J. B. Bowden.

Grand leaders, Mrs. J. J. Keel, Mrs. C. N. Smith, Mrs. A. M. Searcey, Mrs. O. V. Milstead, Mrs. Lula Jones and Mrs. Alice Lowrance.

A refreshment plate of punch, open face sandwiches and cookies was enjoyed by 18 members.

Lynn Reynolds and New York Girl Marry July 28th

Miss Joan DeSantis, daughter of Mr. and Mrs. Joseph DeSantis of Syracuse, N. Y., became the bride of Lynn Reynolds on July 28. The groom is the son of Mrs. Dell Riddle of Fort Worth and Ernie Reynolds of Yoakum. He is the nephew of Mr. and Mrs. Don Wardlaw of Munday.

Judge Sebastin Lombardi performed the ceremony in Niagara Falls with Mr. and Mrs. Carnest Fields as their only attendants.

Mrs. Reynolds majored in Elementary Education at State University of New York Teachers College in Oswego, N. Y. where she graduated with a B. S. degree.

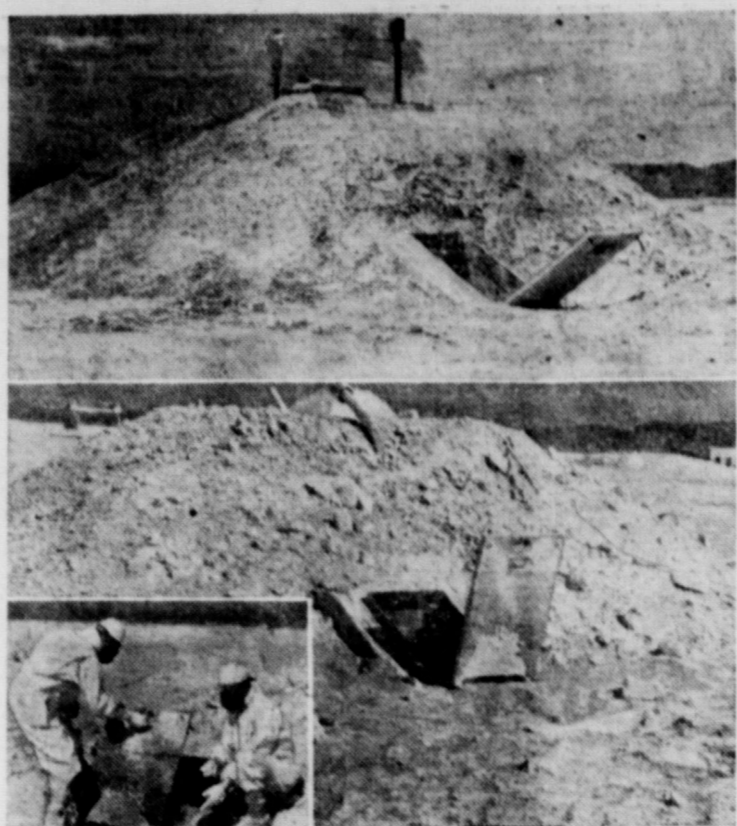

Mr. Reynolds is a 1953 graduate of Munday High and served two years with the U. S. Army. The couple plan to return to Munday around October 11.

County Judge L. A. Parker of Benjamin was a business visitor here last Tuesday.

CARD OF THANKS

May we express our sincerest thanks and gratitude to neighbors and friends for your expressions of sympathy in our recent sorrow.

The family of
Mrs. J. B. Phillips. 1tp

HOME SHELTER of reinforced concrete (top) at the Operation Plumbob atomic tests in Nevada withstood a blast pressure of some 65 pounds per square inch (bottom) with damage only to vent pipes (the average house can withstand a pressure of about one pound per square inch). The shelter, which could accommodate about six persons, was covered with 5 1/4 feet of earth for near-complete protection against initial radiation in blast areas. When specially-dressed radiological monitors (inset) entered the area after the A-blast, they found the steel plate door undamaged and easily opened with normal pressure. (NTO Lookout Mountain Lab Photo)

State Fair's Honor Awards To 24 4-H Members

Twenty-four outstanding 4-H club boys and girls, representing the twelve Texas Extension Districts, have been named to receive the State Fair Award of Honor for 1957.

The winners were selected on the basis of their outstanding achievements in general 4-H club work. Selection began on a county basis. Each of the county winners then entered competition with other county winners in their district.

Floyd Lynch, state 4-H club leader, said that the winners will be guests of the State Fair at a banquet honoring them, their parents and extension agents. All winners have indicated that they would be present to receive their award. The banquet will be held at the Adolphus Hotel in Dallas on the evening of October 4.

The district winners and their respective counties are: Jim Eakin, Gray; Mike Shur-

bert, Hale; Herky Killingsworth, Cottle; Wells Robert Mote, II, Wise; Pat Potts, Hopkins; Roddy Harrison, Ward; Wayne Sharp, Tom Green; Norman O. Snow, Burnet; Jimmy Charles Griffith, Panola; Larry Thieme, DeWitt; Logic Tobola, II, Wharton; and Gerald Brian Hubbard, Hidalgo County.

Bonita Kay Dunning, Ochiltree; Barbara Ann Meador, Lubbock; Frances Hill, Fisher; Cinda Jane Ellis, Dallas; La Juanda Christenberry, Hopkins; Marylyn Hunt, Ward; Irma Lee Livingston, Coleman; Betty Lou Vogel, Falls; Mary Williams, Anderson; Kathleen Nagel, DeWitt; Ruby Gynell Jordan, Brazoria; and Fay Crow, San Patricio County.

Mr. and Mrs. J. H. Amerson visited their son, Glenn Amerson, over the week end and attended the Texas Tech-A&M football game on Saturday night.

Mr. and Mrs. T. J. Smart and children of Ryan, Okla.; Mr. and Mrs. Jack Hayes and daughter and Mr. and Mrs. H. S. Cousins, all of Freepert, visited their mother, Mrs. Laura Swilling, in the home of Mr. and Mrs. Jeff Mitchell over the week end.

Mrs. Goodson Sellers is visiting her mother and other relatives in Abilene this week.

Tax-Man Sam Sez:

Education is a wonderful thing, but most of us don't remember a lot of the things we learned while we were going to school. The main reason we don't remember is that we never used the knowledge. Where we started using what we learned, we still know it even if we don't remember that Mrs. Beck taught it to us in the fifth grade.

A lot of high school and college students are going to learn about income taxes from the Internal Revenue Service's "Teaching Taxes" Program being offered in most high schools and colleges. Contrary to what a lot of us would think, a large part of the young men and women learn that by filling an income tax return they will get a refund on the income tax withheld on their summer employment.

They find out early in life that reading the instructions on income tax saves time, trouble and cuts down the amount of tax you owe. It's hard to teach an old dog new tricks but it still pays an old taxpayer to study his tax instructions.

Mr. and Mrs. Stanley Wardlaw and Mrs. Frank Russell visited the ladies' parents, Mr. and Mrs. W. H. Lindsey, in Jal, N. M., from Thursday until Sunday. Mrs. Lindsey fell and broke her hip and was in the Kermit Hospital.

Mr. and Mrs. Bob Gray and Charles of Lubbock visited relatives and friends here over the week end.

Dr. and Mrs. W. H. Stewart and children attended the Texas Tech-A&M football game in Lubbock last Saturday night.

Mr. and Mrs. H. F. Jungman, Mrs. W. C. Hertel and Miss Henrietta Hertel were business visitors in Dallas last Monday.

M. H. Brumley was in Abilene over the week end to be with his mother, Mrs. Mae Brumley, who underwent surgery on Friday at the Hendrick Memorial Hospital.

Mrs. Gilmore Named Auxillary Chairman

Mrs. Harry Gilmore, past president of New Mexico American Legion Auxillary, was notified Saturday that she has been selected as Rehabilitation chairman for Area E. of the Auxillary, which includes the Western United States.

Mrs. Gilmore will attend a meeting in Indianapolis, Ind., October 7 to receive instructions on her work as given by Mrs. J. H. Kelly, national president. The Artesian will then attend a meeting in San Diego, Calif. later in October, to set up plans for the area.

Mrs. Gilmore, the former Lorene Jones, is the daughter of Mr. and Mrs. Carl E. Jones of Artesia, N. M. and the sister of Mrs. James Gaither. The Jones family formerly lived in the Hefner community.

Daring Riders To Participate In State Prison's Annual Rodeo During October

HUNTSVILLE—The first try-outs for convict contestants to participate in the forthcoming 26th Annual Texas Prison Rodeo were held in the new million-dollar prison stadium at Huntsville on September 22.

Results were far superior to what was anticipated by Rodeo Director Albert Moore, both as to the adeptness of many new riders, and the brute savagery of heretofore untried stock.

Although rain marred the arena throughout the day, many nerveless riders "bit the dust" vying

HIGH VOLTAGE!

A convict cowboy seems to be headed for trouble as his thrashing, thundering Brahman Bull takes off for the "Wild Blue Yonder." The above action shot was taken at the Texas Prison Rodeo at Huntsville. This is just one of the many thrilling events offered at the 26th annual Prison Rodeo each Sunday during October in the prison's million-dollar stadium.

for high scores to enable them to perform during the four shows to be presented each Sunday in October, beginning October 6.

Fortunately, there was only one casualty during the many thrilling spectacles witnessed throughout the day, resulting in a broken leg for a hapless rider who fell victim to a maddened Brahma bull before he could leave the chute.

Rodeo and prison officials, as well as many free-world spectators alike, were thrilled by the high calibre of riders and rodeo stock to be used this year. Final tryouts, even more acutely competitive, were Sunday, September 29, in order to assure thousands of ardent fans that only the "cream of the crop" will be selected to add chills and thrills to those countless western enthusiasts from every part of the world.

Many of the "top money winners" of previous years, were on hand to take their share of spills into the mud.

The Texas Prison Rodeo is now in its 26th year, and Rodeo officials, as well as officials of the Texas Department Of Corrections, are anticipating this will be the greatest show ever presented in its history.

World renowned free-world professional talent has been booked for the four shows to be presented each Sunday in October, and promise breath-taking thrills, chills, unsurpassed beauty and precision in the performance of their dexterous feats of daring.

Reserve seat tickets are now on sale at the Rodeo Ticket Office, Huntsville, Texas. Letter or wire will reserve your choice seats for the first show beginning at 2 p.m. Sunday, October 6. Prices are \$2.40, \$3.75 and \$4.40 each, tax included.

Leslie Phillips returned home last Monday from Galveston where he had been with his wife who underwent surgery on Wednesday of last week. He reports that she is getting along fine.

Fair Gets Pat Boone

Pat Boone, America's latest singing sensation of television and the movies, will star in his own show in the Cotton Bowl Sunday night, Oct. 13, at the 1957 State Fair of Texas. The gala performance, one night only, will be sponsored by Dallas Radio Station KLIF.

PAULA FLOYD IS NEWEST ARRIVAL

At 3:36 a.m. Friday, September 29, 1957, a very important event occurred for Mr. and Mrs. Gene Floyd and 11-year-old Travis, when Paula Jean made her arrival at the Knox County Hospital. She weighed 6 pounds and all the family agree she is a little doll. Her grandparents are Mr. and Mrs. G. T. Floyd and Mr. and Mrs. A. R. Boone.

Mrs. Jo Mae Davis and Joey of Abilene visited Mr. and Mrs. L. W. Hobert and other relatives here over the week end.

Mr. and Mrs. J. B. Scott visited Mr. and Mrs. Durwood Scott and children in Muskogee, Okla. over the week end and to get acquainted with their new grandson.

At various times in history counterfeiting has been punishable by death.

Coupe originally referred to a carriage with seats for two persons inside and a seat for the driver outside.

Ensiling Methods Are Important To Quality Of Silage

Feeding quality of silage depends upon the methods used in filling the silo as well as upon the forage with which it is loaded. And quality is usually determined within a few hours after ensiling because that's when the fermentation process important to preservation takes place, says A. M. Meekma, extension dairy husbandman.

U. S. Department of Agriculture research shows that an important key to successful preservation is immediate exclusion of air from the silage, points out

Meekma.

Forage tramped weighted and immediately sealed usually made good quality silage in the experiments. On the other hand, forage left loose and unsealed for two days spoiled. Spoilage was even more complete when air was forced through the forage. The forage heated abnormally for the first few days and ultimately lost nutrients and much of the lactic acid needed for effective preservation, notes the husbandman.

Excessive temperature is an early symptom of spoilage in silage, says Meekma. But it's the exclusion of air that counts in controlling this heating and in encouraging proper fermentation.

Type of plant used in silage is, of course, another factor in quality. A surprising finding from the USDA research was that alfalfa consistently made better silage than orchard grass, despite the latter's higher sugar content. For one thing, alfalfa withstood higher temperatures with less nutrient loss. But, concludes Meekma, there was also a difference in the bacteria development in these two forages when they were similarly treated.

Mr. and Mrs. Jim Reeves visited relatives in Lubbock over the week end. They met their son, J. E. Reeves, Jr., of Colorado Springs, Colo., who was there for the Texas Tech-Texas A&M football game Saturday night.

Weekly Health LETTER

Issued by Henry A. Hollis, M. D., State Health Officer of Texas

AUSTIN—Chances are one in five that your youngster is in need of a major teeth straightening job. Studies show that one-fifth of the nation's children suffer from "malocclusion" or improper alignment of teeth.

A generation ago, parents of young children with teeth that did not come together properly were usually advised to "let them alone and nature will correct the situation."

Today we know children will not "outgrow" it. We know it is a condition to be carefully watched so corrections can be started at the proper time by a dental specialist known as an "orthodontist."

Although the public is just now becoming aware of the health significance of malocclusion, experience has taught dentists that crooked teeth contribute to decay, faulty speech and malnutrition. One of the worst results of malocclusion is the psychological stress borne by the child who is singled out for ridicule because of "buck teeth."

A child with facial deformities such as those caused by misshapen teeth may develop traits of indecision and begin to doubt his ability to cope with problems in his environment, psychiatrists say.

What causes teeth to erupt irregularly? Dentists agree that heredity is probably one important cause. Another is persistent thumbsucking and abnormal pressures against the jaw. Living bone, contrary to popular thought, is not hard and unyielding. The entire jaw structure can be molded by gentle, persistent pressure.

In the case of thumbsucking, dentists believe that if the habit can be broken before age 5, there is a good chance the teeth may return to normal position without harmful effects.

Another cause of malocclusion is prolonged retention of primary or "baby" teeth. Permanent teeth that follow are then prevented from arranging themselves properly.

On the other hand, when primary teeth are lost too early, adjoining teeth may tend to tip and "migrate," crowding into spaces permanent teeth erupt normally.

There are different methods of bringing teeth into proper alignment.

ment. Sometimes it may be necessary to extract teeth to make room. In some cases a plastic or wire appliance may be fitted to the teeth to guide them into position by pressure.

Dentists can only estimate how long orthodontic treatments will take, depending on the age of the patient and the extent of the deformity.

But there is no question about this point: the sooner professional attention is given to the condition, the better the youngster's chance

of avoiding the fate of a "buck tooth."

LOCALS

Miss Bera Faye Spann of McMurry College in Abilene was a week end guest of her parents, Mr. and Mrs. Oscar Spann.

Mr. and Mrs. T. J. Brogan of Fort Worth visited her parents, Mr. and Mrs. L. C. Sweatt, over

the week end.

Mr. and Mrs. Joe Bill Pierce and children of Midland spent the week end with her parents, Mr. and Mrs. P. V. Williams.

Mr. and Mrs. L. C. Sweatt visited Mr. and Mrs. Houston Sweatt and family in Lubbock several days this week.

Miss Paula Conwell of Hardin-Simmons University in Abilene was a week end guest of her

parents, Mr. and Mrs. George Conwell.

Mrs. Ed Bell of Lovington, N. M., visited her mother, Mrs. Kate Browning, during the week end. Mrs. Browning returned home with her for a visit.

Gems Of Thought

WORDS

Words are not always the

auxiliaries of Truth. The spirit, and not the letter, performs the vital functions of Truth and Love.

—Mary Baker Eddy
Words should be employed as the means, not as the end; language is the instrument, conviction is the work.

—Sir Joshua Reynolds
The difference between the right word and the almost right word is the difference between lightning and the lightning bug.

I don't care how much a man talks, if he only says it in few words.

—Josh Billings
It makes a great difference in the force of a sentence whether a man be behind it or no.

—Emerson
A word is not a crystal, transparent and unchanged, it is the skin of living thought and may vary greatly in color and content according to the circumstances and the time in which it is used.
—Oliver Wendell Holmes, Jr.

BOYCE HOUSE

Here's the story of how a lease was obtained on what proved to be one of the richest tracts in the history of oil:

One hot day, Ira G. Yates was rounding up drought-stricken cattle to be driven to Rankin for shipment to market when Charles A. Hitt, in charge of land operations for the Transcontinental Oil Company in West Texas, accompanied by Ossie Greene, Transcontinental scout, and others with that company, paid Yates a visit to discuss an option for an oil lease on his ranch. He agreed to discuss the matter with them further at Rankin two days later—and there, sitting on top of a corral fence, he signed the papers for a consideration of one dollar.

The 60-day option was twice extended and had only a few days to run when Hitt received instructions to obtain a lease from Mr. and Mrs. Yates. The instructions came from the Transcontinental's headquarters in Tulsa, where A. M. (Jack) Hagan and other geologist of the company had filed highly favorable reports.

So Hitt and O. H. Kilpatrick, a geologist and engineer for the company, left San Angelo for the Yates ranch, 130 miles away. At Sheffield, they were joined by J. D. Miller, Jr., a land man for the company. They found a notary public milking on his stock farm and added him to the group.

There had been heavy rains and the Pecos was swollen, so that it was night when the four reached the ranch house. And there at 11 p.m., on Dec. 29, 1927, Ira and Ann Yates affixed their signatures to documents for a lease of 4,000 acres free and on an additional 4,000 acres for a dollar an acre bonus and a yearly rental of twenty-five cents an acre.

The visitors started back that night so that the check could be placed to Yate's credit when the bank opened in San Angelo the next morning. En route, they returned the notary public to his home. When they asked how much they owed him, that functionary apologetically inquired, "Would \$2.50 be too much?" He was paid \$5.

NEWS FROM VERA

(Mrs. Thelma Lee Coulston)

Mr. and Mrs. Sylvan Kinnibrugh and daughters of Floydada visited over the week end with his parents, Mr. and Mrs. Jim Kinnibrugh.

Lewis Richards of Dickens visited Saturday with Mr. and Mrs. Lee Richards and Mr. and Mrs. Rube Richards and Jan. Lyndal Horn of Lubbock has

been spending a few days with his sister, Mr. and Mrs. Levey Kinnibrugh and boys.

Visiting with the Monk Bradford family last week end were Mr. and Mrs. Elvin Sins and family of Lawton, Okla., Mr. and Mrs. Calvin Campbell and family of Wichita Falls and Mr. and Mrs. Bobby Bradford and family of Duncan, Okla.

with his parents, Mr. and Mrs. Arthur McGaughey and Carol.

Mr. and Mrs. Charles Roberson and children of Dallas visited with Mr. and Mrs. Rube Richards and the Clifford Robersons, last week end.

Mr. and Mrs. Bob Hamilton of Lubbock spent Sunday with her sister, Mr. and Mrs. Levey Kinnibrugh and family.

Pat Richards of Dickens visited over the week end with her cousin, Jan Richards.

Mr. and Mrs. Travis Gore of Wichita Falls visited Mr. and Mrs. H. H. Gore over the week end.

Lyndal Struck is recuperating at his home after a stay in the hospital following his auto wreck. Mr. and Mrs. David Welch and family visited over the week end with his sister, Mr. and Mrs. L. D. Allen.

Robert Petty of Olney visited recently with his parents, Mr. and Mrs. Alvis Petty and family.

The Vera High School football boys were defeated at Wehnert last Thursday night with final score of 16 to 12. The Vera Pilots

THOUGHT FOR NEWSPAPER WEEK

Letter Writing Week To Be Observed

International Letter Writing Week will be celebrated in Goree, Texas during the week October 6 to 12. Acting Postmaster Etta Chamberlain announced today.

Commenting on the establishment of International Letter Writing Week, Mr. Arthur Summerfield pointed out that each year since 1938 the Post Office Department has joined in the observance of National Letter Writing—an annual event celebrated to emphasize the meaning and value of letter writing as a symbol of American freedom.

"As a result of its success," Postmaster Gen. Summerfield stated, "National Letter Writing Week will be conducted on an International basis this year for the first time. International Letter Writing Week is based on the idea that written communication between people in all countries of the world will contribute toward the building of a lasting peace."

I am sure we are all aware that a personal letter is, next to an actual visit, the most intimate means each of us has to communicate with our fellow human beings. Letters between peoples of different nations are sure method of establishing friendly relationships and understandings. The problems of freedom loving peoples will be more quickly solved if they are better understood. "I urge all citizens of Goree to join in this first celebration of International Letter Writing Week and at the same time write that overdue letter to friends and relatives in America"

Excessive Speed Leads In Traffic Law Violations

AUSTIN—"Excessive speed continues to be the most disastrous driver violation in both rural and urban accidents," J. O. Musick, General Manager of the Texas Safety Association, said today.

"For example," he continued, "Driving too fast for conditions accounted for 58 per cent of the rural fatal accidents in Texas during 1956."

When asked for the chances of survival at various speeds, the traffic safety expert gave the following figures:

"At 60 miles per hour—the daylight speed limit in Texas—if the motorist has an accident, the chances of someone being killed are about one in 20.

"If the speed is stepped up to 75 m.p.h., the chances are only one in 8.

"On the other hand, to reduce the speed to 45 m.p.h. will increase the odds to one in 75. At 35 they are only one in 115, and at 25 they are one in 300."

Tired Drivers Menace Rush Hour Traffic

By Jeanne Smith, Dodge Safety Consultant

CAREER WOMEN who must battle rush hour traffic will be interested in what a group of Chicago traffic engineers have to say about the problem.

The greatest cause of rush hour accidents, according to these experts, is fatigue. Three times as many accidents occur among drivers going home from work as among those on the way to the job.

Many drivers, the engineers point out, don't realize how much efficiency is lowered after a day's work. They haven't eaten since noon, and difficulties during the day may add to their irritability, prompting them to jump lanes, crowd other cars or rush yellow lights.

If you feel tired when you leave the office, they advise, stop for a cup of coffee. This will not only refresh you and increase your alertness, but also help you to miss the worst part of the rush hour traffic.

Impatience, inattention and discourtesy claim their toll of rush

hour accidents, according to the Chicago experts. Even the normally cautious driver sometimes takes shortcuts in safety when caught in an exasperating traffic jam.

Realize that traffic jams are likely to occur, suggest our engineer friends, and don't lose your patience. Trying to save a few seconds often means wear and tear on the car—as well as the nerves.

Appraise your attitude toward driving. Do you consider it a boring task, as a chance to show off your ability to cut corners, or as an operation requiring your alertness, full attention and best driving skill?

Finally, remember your courteous driving habits. When two discourteous drivers meet, they're likely to meet head on. It is much safer to be polite—and to watch out for rude drivers who take foolish chances.

Miss Smith

Mrs. Virginia Williams of Vernon visited Mr. and Mrs. J. J. Keel and Leona last Sunday. She is the former Virginia Curry and teacher in the Munday school.

Mrs. Orville Glenn and little son of Mesa, Ariz., visited her

mother, Mrs. Ida Scott, and other relatives here several days this week.

Mr. and Mrs. Gene Roland Haynie and daughters visited Mr. and Mrs. Curtis Gollehon and Tommy in Graham last Sunday.

Big Name Stars Abound At Fair

"Big name" performers from almost every realm of show business will be on hand at the 1957 State Fair of Texas, in Dallas, October 5-20.

AHERNE

In line with the Fair's policy of bringing the "mostest of the bestest" in entertainment to Texas, headline stars aplenty have been booked, along with some of the top shows in the nation.

Brian Aherne, long a favorite in the movies and on the stage, will be starred with Anne Rogers in "My Fair Lady." And the incomparable "Ice Capades" will present some of the world's most beautiful and talented skating stars.

The Aut Swanson Thrillride will have circus and variety acts mixed in with the daredevil—America's foremost ragtime pianist, Johnny Maddax, well known to record fans for his hilarious "Crazy Otto Medley," will be featured.

Pat Boone, singing idol of television and the movies, will be starred in his own show for one performance only, Sunday evening, Oct. 13, in the Cotton Bowl, sponsored by Dallas Radio Station KLIF.

Daily free entertainment at the State Fair will be provided by Hank Thompson and his Brazos Valley Boys, one of the top western music aggregations, and by Mark Wilson, the clever magician often seen on television.

And an outstanding singing star of TV, radio, the movies and records—handsome Gordon MacRae—will appear in the big free show in the Cotton Bowl that will salute East Texas on Tuesday, Oct. 15.

Legal Notice

STATEMENT OF THE OWNERSHIP, MANAGEMENT, CIRCULATION, ETC., REQUIRED BY THE ACT OF CONGRESS OF AUGUST 24, 1912, AS AMENDED BY THE ACTS OF MARCH 3, 1933, AND JULY 2, 1946.

Of the Munday Times, published weekly at Munday, Texas, for October 1, 1957.

THE STATE OF TEXAS, COUNTY OF KNOX, ss:

Before me, a notary public, in and for the state and county aforesaid, personally appeared Aaron Edgar, who, having been duly sworn according to law, deposes and says that he is the editor-publisher of The Munday Times and that the following is to the best of his knowledge and belief, a true statement (and if a daily paper, the circulation), etc., of the aforesaid publication for the date shown in the above caption required by the Act of August 24, 1912, as amended by the Act of March 3, 1933, embodied in section 537, Postal Laws and Regulations, printed on the reverse of this form, to-wit:

1. That the names and addresses of the publisher, editor, managing editor, and business manager is: Aaron Edgar, Munday, Texas.
2. That the owners are Aaron Edgar, Munday, Texas; Grady G. Roberts, Wichita Falls, Texas.
3. That the known bondholders, mortgagees, and other security holders owning or holding 1 per cent or more of total amount of bonds, mortgages, or other publication sold or distributed, securities, etc., are: none.
4. That the average number of copies of this issue of this publication, sold or distributed, through the mails or otherwise, to paid subscribers during the twelve months preceding the date shown above is 1625.

Sworn to and subscribed before me this 30th day of September, 1957.
SUE BOWDEN,
(My commission expires June 1958.)

Knox Prairie Philosopher Wants More Of Our People To Get Up On The International Language Level

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek apparently doesn't understand the difference between international and local language, his letter this week indicates.

Dear editor:
I never was so flabbergasted in my life. I was standing there by my fence looking over into my neighbor's pasture, understand, I wasn't coveting it, I've got sense enough to know more land means more work, although if put to it I believe I could work as little on two farms as one, when my neighbor walked up and handed me a newspaper and said, "Here, I understand you like to read these things."

Sure, I admit it, I like to read newspapers, and if a lot of other people didn't too, where would you and me be, especially you, Mr. Editor.

So I thanked him and took the paper and went back home and sat down and read it.

The main thing that caught my attention was an article on guided missiles. As I understand it, a guided missile is something

you shoot into space, duck, and wonder where it's going. It's sort of like sending a man to Congress—you can aim him in the right direction, but you never know where he'll land and it's sometimes hard to trace him even when he's still in flight—but what really interested me was the way the governments of the world describe the accomplishments of their missiles.

For example, Russia says she has flown a guided missile "a huge distance." The U. S. comes right back and says we've flown one "many miles through space." England says hers has gone "an unrevealed distance through her

majesty's atmosphere." Now this is a system of language I admire, and what I want to know is why can't you and me have access to the same arrangement?

For instance, say I come in about dark after a day I claimed I spent on my tractor and my wife asks me how much plowing I got done.

"Quite a bit," I say, but my wife, who is ignorant of the international situation, ain't satisfied, and starts pinning me down to exactly how much. A thing like that will ruin your supper.

But she's not by herself. Try using international language on your banker when he asks you how much you already owe when you're after a loan. What do you think the internal revenue collector would say when he asks you how much income you made last year and you said "well, several

dollars," or "an unrevealed amount."

I'll tell you, this world would be a lot more comfortable, as far as I'm concerned, if more people got up on the international language level.

Yours faithfully,
J. A.
