DO WE WANT MORE UNEMPLOYED?

The Department of Labor reports that unemployment rose by 1,000,000, reaching a total of 4,400,000, in the May-June period. This was a larger increase than was expected. Unemployment among both teenagers and adult workers rose more than seasonally.

About 1,600,000 of the unemployed in June—35 per cent of the total—were teenagers. This figure was about a quarter of a million higher than in June, 1959.

At the same time, 3,700,000 teenage boys were employed in June. And it is significant that about one third of them were in sales or service jobs.

So much for the statistics. Now, suppose that the proposal to extend the federal wage-hour law retail businesses—which have been exempt—were approved. Retailing is a service business which has room for many marginal workers—teenagers, part-time employees, and others with or no skill or experience. Retailing offers the opportunity to learn skills that will then for better paid, more responsible work. If an arbitrary national law imposed other restrictions which were out of step with their productive worth, this kind of unemployment would be pared to the bone.

Proposed wage-hour law extension would cut the unemployment totals. And it is sad that those whom it is supposed to help are the most vulnerable.

THE BLAME BELONGS

Blame should be placed on living costs during the late 1950s. The blame would be. "Everything went up."

It would be quite accurate. Take, as an example, the price of gasoline. Between 1950 and 1959, the price of gasoline rose 5.5 per cent, as against a 15 per cent rise in the commodity price index of 21 per cent.

Because of the cost of some eyebrows to the public, that it costs a lot more to live today than it did 10 years ago. It is not increases in the price of goods and services, but it is vast increases in the cost of living and federal gas taxes.

Today the cost of living is 25 per cent higher than it was in 1950.

combined tax averages 10.12 cents per gallon. As a result, direct taxes now equal nearly one-half the retail cost of the fuel itself which at the end of 1959 averaged 21.18 cents a gallon, minus taxes. Even extreme luxuries do not carry so heavy a tax.

So, when you cuss the high cost of motoring, put the blame where it belongs—not on the gasoline, but on government.

"MAD DOG" INTO "UNDERDOG"

J. Edgar Hoover, Director of the Federal Bureau of Investigation, writes in a message directed to all law enforcement officials: "We are faced today with one of the most disturbing trends that I have witnessed in my years in law enforcement—an everzealous pity for the criminal and an equivalent disregard for his victim."

This dangerous tendency is inherent in the various theories and systems now being suggested, many of which are aimed at making sweeping changes in our established methods of dealing with the lawless . . .

"One proposal, which proponents attempt to justify from an economy standpoint calls for a vast decrease in the number of persons sentenced to prison. Other diverse schemes being propounded, if adopted, would have the effect of virtually opening the doors of our prisons or turning them into little more than restrictive resort hotels. These plans, of course, would remove the threat of the thing most feared by the criminal—punishment for his misdeeds . . .

"Americans are noted for favoring the 'underdog.' But all too often we have witnessed a 'mad dog' transformed into a 'underdog' by certain people who quickly forget or choose to ignore the great suffering by innocent victims of hardened and professional criminals."

DANIELSON, CONN., TRANSCRIP: "In the next ten years, 26 million youngsters will enter the labor force for the first time . . . The outlook: Thirty per cent of them will not have a high school education. During their best years, most will be averaging less than half the pay of those who have been trained in skills."

"Every effort must be made to encourage our young people to obtain the best education possible . . . for their sake, and for the sake of our entire space-age society."

Chips From The Carpenter's Workbench

By JAMES HALLMARK

What is saving faith? Every individual interested in spending eternity in heaven should be concerned with this question. The Bible teaches that we are justified by faith (Ro. 5:1), but there is some confusion and disagreement as to what constitutes saving faith. Since man is justified by faith, it is reasonable to assume that God's word is not silent on the subject.

The Bible teaches that man is justified by a particular kind of faith. In order for faith to justify it must be coupled with obedience. "Ye see then how by works a man is justified, and not by faith only." (Jas. 2:24). Paul describes it as "faith which worketh by love." (Gal. 5:6). On the basis of these passages it is reasonable to assume that God's blessings are to those whose faith has expressed itself in obedience. Let me illustrate this principle from the word of God. The eleventh chapter of Hebrews is regarded as the "great faith" chapter. Certainly this is true, for here we have illustrated the faith that is pleasing to God (Heb. 11:6). In the seventh verse we read that "by faith" Noah built an ark to the saving of his house. Notice the order! Faith, then obedience resulted in the saving of his family. Again in verse thirty we read: "By faith the walls of Jericho fell down, AFTER they compassed about seven days." The wall fell by faith—but it was after that faith had yielded in obedience that the victory came. Saving faith is properly defined as "faith which worketh by love."

"For ye are all the children of God by faith in Christ Jesus. For as many of you as have been baptized into Christ, have put on Christ." (Gal. 3:26-27).

By John C. White, Commissioner

TDA Need For Funds Urgent

The Texas Department of Agriculture, which has had an increase of only one per cent in appropriations from the State General Revenue Fund in the past ten years of demanded and expanded new services, has now reached a point of "sink or swim" in its essential needs.

This was emphasized by Texas Agriculture Commissioner John C. White when he presented the proposed TDA budget for the 1961-63 biennium to the Legislative Budget Board and the Governor's budget divisions. These two budget agencies will draft recommendations on proposed appropriations to the 57th Legislature when it convenes in January, 1961.

In the past ten years, it was pointed out, while services and activities of the department have been credited with a three-fold expansion, appropriations from the General Revenue Fund coming directly from the taxpayers have increased only one per cent. The expansion has been made possible by careful spending, reorganization and full utilization of all available personnel, and increased collections from programs administered by the department.

The time has now come, Commissioner White told the budget panel, when the urgent request for additional funds must be met. "If the Texas Department of Agriculture is to continue to be recognized by Federal agencies, other state departments of agriculture and the agriculture industry of Texas we are in the second half of a technological revolution. The first part was mechanical. The second part is chemical. We are dealing with a new type of scientific agriculture in which we feel our responsibilities are greater than ever before."

Aside from purely agricultural advances, Commissioner White said that new spending by the department is essential to carry on its responsibilities in enforcement of accurate weights and measures regulations. The average family of four in Texas is estimated to have a financial stake of at least \$200 a year in accurate weights and measures enforcement, he said, and this is one of the vital functions of the TDA. During 1959, even with inadequate equipment and personnel, the department was able to condemn and seize or condemn

Leona Faye Bartos and Robert Wayne Elliott Marry On Saturday, August 13

Miss Leona Faye Bartos of Gilliland and Robert Wayne Elliott were united in marriage at the Gilliland Baptist Church at 7 p. m. Saturday, August 13, 1960. Rev. Bill Hall, pastor of the First Baptist Church in Petrolia, officiated at the double ring ceremony.

She is the daughter of Mr. and Mrs. Adolph Bartos of Gilliland and Mr. and Mrs. J. C. Elliott are parents of the groom.

Vows were exchanged before an archway entwined with fern and white gladioli flanked by baskets of white gladioli backed by palm trees and branched candelabra holding burning tapers. The nuptial setting was completed with a frieze dieu. Traditional nuptial music was presented by Miss Mary Lou Schaffner of Henrietta, pianist, and Rev. Hall, soloist.

The bride was presented in marriage by her father. She designed her original floor length gown

of chantilly lace over white bridal taffeta. The fitted basque waist featured a scalloped bateau neckline embroidered with seed pearls and iridescent sequins and long sleeves extending to points over her hands. The skirt was enhanced with flowered lace panels and tulle ruffles. Her fingertip veil of illusion was attached to a pearl studded crown. She carried a white orchid with lilies of the valley atop a white Bible.

Maid of honor was Miss Doris Lynch of Houston. She wore a street length dress of aqua silk organza over taffeta fashioned with a low round neckline and short puffed sleeves. The tightly fitted bodice was enhanced by a self covered bow on each shoulder. She wore an aqua headband with short circle veil and carried a colonel bouquet of white carnations. Miss Martha Kay Elliott, sister of the groom was bridesmaid, and Miss Anita Bartos, sister of the bride, was junior bridesmaid. They wore dresses identically to the honor attendant.

Glenn Phillips served as best man. Rickey Couch, cousin, of the groom, and Rickey Traweck, cousin of the groom, served as ushers and candle lighters. Jerry Johnson, brother-in-law of the groom, of Abilene was groomsman.

The bride is a 1958 graduate of Munday High School and was graduated in December of 1958 from Draughan's Business College in Wichita Falls where she was employed at the City National Bank for a year and half.

The groom is also a 1958 graduate of Munday High School and is now a junior agricultural engineering student at Texas Technological College in Lubbock.

The bride's parents were hosts

MRS. ROBERT WAYNE ELLIOTT

for a reception at the church. The table was covered with white net over aqua satin and the centerpiece featured white carnations of the bridesmaids and maid of honor's bouquets. Miss Patricia Burgess presided at the guest book. Mrs. Bobby Miller, cousin of the bride, and Mrs. D. A. Blair of Odessa, served punch. Serving

the three tiered wedding cake was Mrs. Lee Bowden of Munday and Miss Judy Traweck of Crowell, cousin of the bride.

The couple will be at home in Lubbock where the groom will continue his studies this fall.

The groom's parents were hosts for a rehearsal dinner held Friday evening at their home.

Harper To See New Tractors At Dallas Meeting

Tommie Harper of Munday will have an opportunity late this month to see firsthand just how many independent businessmen a major manufacturer needs to sell and service its products throughout the United States and Canada.

Along with some 4,500 other independent businessmen who have John Deere dealer franchises in the United States and Canada, he will go to Dallas, Texas, the last week in August for the biggest sales meeting of its type ever held.

Sixteen United States and Canadian airlines will cooperate in airlifting the 4,500 dealers and 1,500 other persons to Dallas within a 24-hour period. It will be the first time any manufacturer will utilize as many airplanes, reserve as many accommodations, and arrange for as many meals for a single group at one time.

The meeting has been called to show dealers the new line of John Deere Tractors and equipment. Announcement was made this week that the new tractors will be put on the market in late September.

Mr. Harper, who operates the Quality Implement Co., will go to Dallas Aug. 29 for the one-day sales meeting that will be held the following day. To accommodate the high crowd, the Dallas Memorial Auditorium, the Texas State Fairgrounds, and Cotton Bowl will be utilized for various parts of the meeting.

At the Fairgrounds, the largest display of any one power equipment manufacturer's products ever to be exhibited at one place will be staged. More than 230 tractors and 270 pieces of equipment will be used in the display.

The dealers will stage their own showings of the new tractors and equipment after they return to their home communities.

with Dr. and Mrs. Ben Bowden and children.

Mr. and Mrs. Gene Harrell, Natalie and Chris, of Portales, N. M., visited his father, E. W. Harrell, over the week end. Their son, Gene, Jr., who spent last week here with his grandfather returned with them and Natalie remained for a weeks visit.

Week end guests in the home of Mr. and Mrs. C. C. Jones were

their children, Mr. and Mrs. Doyle Jones and children of Amarillo and Mr. and Mrs. Victor Zagarola and children of Atlanta, Ga. Mr. and Mrs. Zagarola and children are spending their vacation here.

Mr. and Mrs. Kenneth Baker are vacationing in Louisiana this week. Their little daughter is staying with Mr. and Mrs. Charles Baker and sons while they are gone.

Proposed CONSTITUTIONAL AMENDMENT NUMBER TWO ON THE BALLOT

AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 8, 1960.

SENATE JOINT RESOLUTION NO. 4 proposing an Amendment to Section 49-b, Article III of the Constitution of Texas, increasing to three and one-half percent (3-1/2%) the maximum permissible interest rate on bonds hereafter issued by the Veterans' Land Board; providing for an election and the issuance of a proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Section 49-b, Article III of the Constitution of Texas, be amended by adding thereto the following:

"The foregoing notwithstanding, bonds hereafter issued by the Veterans' Land Board pursuant to the authority of this Section 49-b of the Constitution may bear a rate or rates of interest not to exceed three and one-half percent (3-1/2%) per annum.

"This Amendment shall become effective upon its adoption."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at an election to be held throughout the State of Texas on the first

Tuesday after the first Monday in November, 1960, at which election all ballots shall have printed thereon the following:

"FOR the Amendment to Section 49-b of Article III of the Constitution of Texas by adding thereto a provision authorizing the Veterans' Land Board to issue the bonds authorized under such Section to bear interest at a rate or rates not to exceed three and one-half percent (3-1/2%) per annum."

"AGAINST the Amendment to Section 49-b of Article III of the Constitution of Texas by adding thereto a provision authorizing the Veterans' Land Board to issue the bonds authorized under such Section to bear interest at a rate or rates not to exceed three and one-half percent (3-1/2%) per annum."

If it appears from the returns of said election that a majority of the votes cast were in favor of said Amendment, the same shall become a part of the State Constitution and be effective from the date set forth in said Amendment, and the Governor shall issue a proclamation in keeping therewith.

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election, and shall have the same published as required by the Constitution and laws of the state.

"These trails would shake the cab off an ordinary truck... but not our Chevy"

Few trucks are subjected to the body-wracking beatings that are part of a day's work for this Chevrolet Series 60 pulpwood hauler. It's owned by J. E. Fox, North Carolina logging contractor. As Bobby Fox, a partner in the business says, "Loaded with pulpwood, we drive over stumps and potholes you'd think would tear the truck to pieces. These trails would shake the cab off an ordinary truck, but not our Chevy. We can average an extra load a day... make \$45 to \$50 a day more with this Chevy than we can with the others."

In every weight class these Chevis are doing more work at less expense than trucks have ever done before. Drive one at your Chevrolet dealer's. It's an experience that could pay you big dividends.

"That 6-cylinder engine really performs," says Bobby Fox. "It's got the logging power we need in the woods and walks right along with a full load on the highway."

Social Security's Monthly Benefits In Knox County Brings In Total of \$2,621

At the end of 1959, as Federal social security was starting its twenty-fifth year, old-age, survivors, and disability insurance monthly benefits were being paid in Knox County to 618 persons at the rate of \$380,000 a year, according to Erton F. Tate, manager of the Wichita Falls social security district office. "This is an increase in number of beneficiaries of about eleven per cent since February 1959, the last previous date for which Knox County figures are available," he said.

Nationally, about 13 3/4 million persons are receiving old-age, survivors, and disability insurance monthly benefits at the end of 1959 at an annual rate of more than \$10 billion. At the close of 1950 — the first year in which monthly benefits were payable — beneficiaries throughout the nation totaled 200,000. Almost half a million disabled-worker beneficiaries and their dependents receiving benefits at a yearly rate of over \$400 million are included in the figure for 1959.

The number of wives, husbands and children of disabled-worker beneficiaries receiving monthly benefits increased sharply in 1959. Such benefits were first payable for September 1959. Nationally, from February to December 1959 the number of these beneficiaries more than doubled — from 60,000 to 126,000.

Payments to a retired worker with no dependents receiving benefits averaged \$69 a month nationally at the end of last December; to a retired couple, both of whom were receiving benefits, the average was \$121. The average for a widow with two young children was \$169.

By contrast, Tate recalled that when benefits first became payable in 1940, the average monthly payment to a retired worker with no dependents receiving benefits was \$23, and to a retired couple the average payment was \$36.

As social security celebrates its Silver Anniversary (the original Act was signed into law on August 14, 1935) about 74 million working people are in covered employment or self-employment in the course of a year. They are building old-age, survivors, and disability protection for themselves, their dependents, and their survivors under the social security law.

The table below shows the

number and monthly amount of each type of benefits being paid in Knox County, as of December 31, 1959, the date of the latest available tabulation.

Beneficiary Group	No. of Beneficiaries	Monthly Amount
Retired Worker	333	\$20,850
Disabled Worker	5	307
Wife or Husband of Retired or Disabled Worker	142	4,432
Widow or Widower	52	2,453
Mother with Child	16	892
Child of Retired, Deceased, or Disabled Worker	70	2,621

For the entire State of Texas, old-age, survivors, and disability insurance payments at the end of December 1959 were being paid to 540,833 beneficiaries at the rate of \$29,446,746 per month. Benefits totaling \$355,603,000 were paid in Texas during 1959.

Hot Weather Brings Danger Of Dog Days

Beware of the dog days, is the warning of the director of law enforcement of the Game and Fish Commission. The hottest part of August, the so-called dog days, is on now.

"If you go into the woods or where snakes are likely to be found, be very careful," the director warned. "During these dog days snakes will strike at most anything without warning. Also be careful in handling animals, as there probably will be an increase in the rabies incidence."

Although wardens over the State report catfishing to be fairly good, few good catches of bass are reported. Most of the good fish taken are from deep water, where they move to escape the dog day heat. There also has been a heavy draw-down on most of the lakes, particularly where water is released for irrigation purposes along the coast.

"We need a good rain to fill all the lakes again," the director said. "There have been some fair rains on the range but the run-off hasn't been sufficient to keep lakes and streams filled."

BLACKLOCK GIVES US CHEWING OUT!

Lamoine Blacklock of Amarillo was in the Times office last Wednesday morning to renew his paper and to chew us out good for having stopped his paper for the measly reason of his not sending money to pay for it. He was enroute to Dallas to attend a meeting.

All enjoyed a bountiful lunch and a pleasant day and agreed to meet again the second Sunday in August of 1961.

Dollars And Sense

By Mrs. S. C. Kinsey, Knox County H. D. Agent

Do's and Don'ts on checks: Don't make a blank endorsement or a check until you get to the bank to cash or deposit it.

Cash or deposit checks as soon as possible after you receive them. Make sure that the written amount and the amount in figures are the same.

Don't forget to sign the check. Keep a record of each check in the stub of your check book.

If you have a joint account, don't forget to keep a combined, complete record of all checks drawn by both parties so your balance will be correct.

Don't accept checks from strangers or cash checks for strangers.

Keep your signature out of circulation. When your monthly bank statement with your cancelled checks enclosed is due, take it out of your mailbox as soon as it arrives. The cancelled checks offer check thieves and forgers a perfect opportunity to get your signature.

LOCALS

Mrs. B. L. Melton, who underwent surgery in the Hendrick's Hospital in Abilene on July 28 was able to be brought home last Saturday and is reported to be doing fine. She recuperated in the home of her daughter, Mrs. Roy Granton, in Abilene for a week before returning home.

Mr. and Mrs. C. H. Martin of San Angelo and Mr. Martin's sister, Mrs. Sallie Casey 91, of Albuquerque, N. M., visited the J. B. Coggans family last Sunday. They had been attending the

Weekly Health LETTER

Issued by the State Health Department

Attention parents: It's later than you think.

This comes from W. D. Carroll, state registrar, whose vital statistics staff at the Texas State Department of Health is responsible for handling the flood of requests for birth certificates for children entering school for the first time this September.

Carroll's problem is this: There is a tendency among parents to put off requesting copies of their youngsters' birth records until the last moment. When too many parents delay in this manner, the results are obvious: a work overload.

The condition does not result from any lack of effort on the part of Carroll's staff. "Our limited Vital Statistics Division staff—despite long hours of night and week end work—can process just so many requests before school begins," he explains.

More than 262,000 children are expected to enter elementary schools of Texas for the first time this fall. The estimate is based on calculations made by the Texas Education Agency.

A good many parents—some of whom may have waited too long in past years—have already requested and received records on this year's new scholars, but tens of thousands of additional records will have to be processed between now and the time that first school bell rings in September.

More than one youngster has been forced to postpone his first days at school simply because his parents couldn't produce proof of his age when it came time to register him.

Carroll's advice to parents: "Send in your request today to the local registrar, county clerk, or the State Department of Health."

All you have to do is give the child's name, date and place of birth, the mother's maiden name, and the name of the father. This information, with the legal fee of one dollar, should be addressed to your local registrar, the county clerk, or to the State Department of Health, Section on Records and Statistics, 410 East 5th Street, Austin, Texas.

Something else: Be prepared to show school officials a record of "shots" your youngster has had. Depending on local school board regulations, proof of immunizations against smallpox, whooping cough, diphtheria, and other diseases may be required.

Primitive Baptist Association for three days at Red Top (Bethlehem) Church near Munday.

Mrs. J. A. Grammer and son, Mike, of Lamesa came in last Tuesday to spend this week with her mother, Mrs. G. R. Eiland.

Proposed CONSTITUTIONAL AMENDMENT NUMBER ONE ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 8, 1960.

HOUSE JOINT RESOLUTION NO. 13 proposing an amendment to Article IX of the Constitution of the State of Texas by adding thereto new Sections to be known as Sections 6, 7, and 8, to provide that the Legislature may authorize the creation of Hospital Districts co-extensive with Lamar County, Hidalgo County, and Comanche County, Precinct No. 4 of Comanche County, having certain stated powers and duties and subject to certain stated limitations; providing that any enabling Act shall not be invalid because of its anticipatory character; providing for an election, prescribing the form of ballot and providing for the necessary proclamation and publication.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article IX of the Constitution of the State of Texas be, and the same is hereby, amended by adding the following Sections which shall read as follows:

"Section 6. The Legislature may by law authorize the creation of Hospital Districts co-extensive with Lamar County, Hidalgo County, and Comanche County, having the powers and duties and subject to the limitations presently provided in Article IX, Section 5(a), of the Constitution of Texas, as it applies to Wichita County, except that the maximum rate of tax that the said Lamar County Hospital District may be authorized to levy shall be seventy-five cents (75c) per One Hundred Dollar (\$100) valuation of taxable property within the District subject to district taxation.

Section 7. The Legislature may by law authorize the creation of a Hospital District co-extensive with Hidalgo County, having the powers and duties and subject to the limitations presently provided in Article IX, Section 5(a), of the Constitution of Texas, as it applies to Hidalgo County, except that the maximum rate of tax that the said Hidalgo County Hospital District may be authorized to levy shall be ten cents (10c) per One Hundred Dollar (\$100) valuation of taxable property within the District subject to district taxation.

Section 8. The Legislature may by law authorize the creation of a Hospital District to be co-extensive with the limits of County Commissioners Precinct No. 4 of Comanche County, Texas.

"If such District is created, it may be authorized to levy a tax not to exceed seventy-five cents (75c) on the One Hundred Dollar (\$100) valuation of taxable property within the District; provided, however, no tax may be levied until approval by a majority vote of the participating resident qualified property taxpayers who have duly rendered their property for taxation. The maximum rate of tax may be changed at subsequent elections so long as obligations are not impaired, and not to exceed the maximum limit of seventy-five cents (75c) per One Hundred Dollar (\$100) valuation, and no election shall be required to effect any change in the bond duties of the County Commissioners Precinct No. 4 of Comanche County.

"AGAINST the Constitutional Amendment authorizing the Legislature to create a Hospital District co-extensive with Lamar and Hidalgo Counties, and co-extensive with County Commissioners Precinct No. 4 of Comanche County.

Sec. 2. The Governor shall issue the necessary proclamation for said election and have the same published as required by the Constitution and laws of this State.

Notes From Knox Farms, Ranches

By Jack Moore, Knox County Agent

Grain Sorghum Contest

There were two more 4-H boys that entered the Texas Certified Producers Grain Sorghum contest this last week. Both boys are members of the Rhineland 4-H Club. They are Richard Jungman and James Anderson. This makes a total of three entries made this year so far from Knox County. The other entries were made by Dwayne Herring who is also a Rhineland 4-H Club member. All three boys planted RS 610 and Richard farmed his dry land method while the other two irrigated. Richard harvested a total of 2890 pounds for an average of 2506 pounds per acre while James harvested 4090 pounds for an average of 3815 pounds per acre. Dwayne harvested the largest plot and so far has turned in the highest weight in the contest of 7540 for an average of 4440 pounds per acre. None of the boys used any type of fertilizer and there are reports of Knox County producers that have gotten yields up to 6500 pounds so far this year using high rates of fertilizer.

Research On Screwworms

Information reaching the County Agent's office this week from College Station indicated that there would be a new USDA screwworm eradication program begun at Kerrville. One of the main projects of the USDA's entomologists will be to develop better methods of rearing screwworms, and also to find ways to produce strains of the insect better suited to sterilization by radiation. Another important aim of the Kerrville research is to learn more about the nutritional requirements of screwworm larvae so that an improved, inexpensive rearing medium may be developed. Project scientists will also seek new methods by which flies can be irradiated with minimum

ALL AMERICANS — Pictured above are top row, l to r, Belinda daughter of Mrs. Pat Elliott, first place winner in the recent photo contest; Randy, son of Mr. and Mrs. Ralph Cypert; Timothy Wayne son of Mr. and Mrs. Kenneth Hendrix. Hutchinson; third row — Kerri, daughter of Mr. and Mrs. Kenneth Baker; Rex and Blake sons of Mr. and Mrs. Bill Sladek.

effect on their life processes.

Cotton Meeting

The Knox County Cotton Improvement Association and the cotton sub-committee of the program building committee has announced that they will have a meeting on Friday, September 9 at 7:30 p. m. in the American Legion building in Munday. The meeting will feature Mr. Fred Elliott, Cotton Work Specialist of the Extension Service, who will be the speaker and present a program on the handling of cotton from the field to the gin. He will discuss the cotton defoliants that have been released for use. The

meeting will bring out several places and ways that a farmer can cut the cost of production and also market a bale of cotton that will bring a higher price. Any of several methods of mechanical harvesting have proved to be a more economical method of harvesting than by hand. In certain cases, through proper handling cotton has been up graded by proper handling from the field to the gin that there was an increase of as much as \$12.00 per bale. This is accomplished by keeping the cotton clean, dry and loose while harvesting. Mr. Elliott will discuss several methods of accomplishing this that many farmers have never thought of and have the materials in order to do it at the cost of only seconds of labor.

Lettuce Demonstration

Mr. H. H. Partridge will plant a lettuce variety demonstration this next week. The demonstration has 19 varieties in it, which will be planted near the Partridge home. The demonstration will attempt to indicate the adaptability of the varieties planted. Varieties to be planted are: Baxter, Valverde, Great Lakes 659, R200, 407, W86, W174, W751, W738, W731, W625, W455, W465, W723, W391, W361, W135, W150, and W532.

Mr. and Mrs. Albert Fetsch and family took their daughter, Mrs. Norman Brown, and daughter to their home in Albuquerque, N. M. last Saturday and remained until Tuesday for a visit. Mrs. Brown spent last week with her parents.

Mr. and Mrs. Fred Albus of Pep are spending this week with her parents, Mr. and Mrs. Ferd Fetsch.

Fish hatcheries provide the right kinds and numbers of fish to provide for stocking purposes, says Ed Cooper, extension wildlife specialist, and he strongly advises against making any additions to the pond. The addition of fish from rivers, other ponds or the minnow market is a mighty good way to ruin fishing in a farm pond.

CARD OF THANKS

I wish to express my sincere thanks to each and everyone for all the kind thoughts, letters, cards, flowers and visits while at the Bethania Hospital in Wichita Falls and home. May God reward each and everyone of you and keep you in good health.

Mrs. W. L. Orsak, Goree, Texas
