

Chips From The Carpenter's Workbench

By JAMES HALLMARK

The local congregation must have organization in order to effectively execute the program of work set forth by our Master. The New Testament is not silent upon this subject; in fact, it reveals the organizational plan for the church of Christ. We believe that there is a great deal of wisdom behind this structure; therefore we are on dangerous ground when we deviate from this pattern. Let us examine the scriptural organization of the New Testament church.

Of course it is understood that the local congregation is autonomous, or independent. Christ is the head of the church (Col. 1:18). However, it with the officers of the congregation we are now concerned.

The most important human official of the New Testament church is the ELDER. The terms bishop, pastor or overseer also refer to this officer. In each case there must be a plurality of elders of bishops. (Titus 1:5). Even logic shows the wisdom of this. The qualifications for elders are found

in I Tim 3:1-7 and Titus 1:6-9. The duties of the elders are manifold; however, Paul outlined the general responsibilities of the eldership in Acts 20:28.

"Take heed therefore unto yourselves, and to all the flock over which the Holy Ghost hath made you overseers, to feed the church of God, which he hath purchased with his own blood."

Serving under the bishops, or pastors of the congregation are the deacons. Not a great deal is known about their official capacity; but it appears that they filled in wherever the elders found a need. In Acts 6:1-6, most scholars agree, we have the first mention of deacons. In this particular instance their duties were of a physical nature. However, two of the deacons, Stephen and Phillip were preachers of the word. Qualifications for deacons are found in I Tim. 3:8-12 and Acts 6:3.

Attempts to alter this plan have led to apostasy and ecclesiasticism.

Weekly Health LETTER

Issued by the State Health Department

While the national birth rate is steadily declining, the birth rate for Texas has remained fairly stable according to provisional data for the first six months of 1958, 1959 and 1960.

During the first six months of this year there were 110,996 live births in Texas — compared to 110,774 during the same period last year and 108,395 in the first half of 1958.

The birth rates for 1958 and 1959 were identical — 23.6 per 1,000 population.

However, during the first six months of 1960 it was only 23.2 per 1,000 which is a slight drop but still above the national average.

Another development indicated in the six months provisional statistical data is the upturn in the death rate for Texans.

For the past 15 years, the Texas death rate has declined steadily year after year, but so far during 1960 there has been an increase.

The death rate for the first six months is 8.3 per 1,000 population. The total deaths were 39,498.

In 1958 there were 36,630 deaths for a rate of 8.0 per 1,000 and in 1959 there were only 36,033 deaths indicating an all time low of 7.7 deaths per 1,000 pop-

ulation. If this rate maintains through the year, it is possible that 1960 will have the highest death rate since 1951, when it was 8.2 per 1,000 population.

Very little change was noted in the number of fetal deaths and fetal death ratios during the first six months of the last three years.

Accurately compiling statistical data for analysis by public authorities is one of the major duties of the Records and Statistics of the Texas State Department of Health.

By noting the decline or increase in certain death figures, health authorities can gauge effectiveness of health programs or spot potential health trouble spots.

The Records and Statistics Section keeps all birth and death records for the State of Texas.

Mr. and Mrs. J. R. Burnison returned home last Monday from a two weeks visit with their daughters and families in New Mexico.

Charles Baker, Lee Haymes and Rex Mauldin attended the annual Conference session of Methodist Churches in Lubbock on Wednesday of last week.

Mr. and Mrs. Earl Tayntor and son of Wichita Falls and Mr. and Mrs. R. A. Edwards and daughter of Dallas spent last Saturday night with Mr. and Mrs. M. L. Raynes and all attended an Edwards family get together at the home of R. S. Edwards in Weinert on Sunday.

Sleeper Impala One of 20 New Chevrolets

Designers have applied smooth, graceful lines to the '61 Chevrolet Impala, Bel Air and Biscayne passenger car lines. Wings on the rear deck have been smoothed into the body. Roof lines, as noted in the Impala Sport Sedan (above) are freshly contoured and are separately styled for each model. Overall body design features gently sloping lines. Rear trunk deck lid now opens flush with top of bumper affording easier loading and unloading. Fuel tank has been repositioned for greater safety. The Impala Sport Sedan is one of 20 body styles in the standard Chevrolet line.

Homecoming At McMurry Set For Friday, Saturday

ABILENE — Thousands of school children from the Abilene area will converge on the McMurry campus Friday and Saturday, Oct. 7 and 8, as McMurry holds its homecoming celebration, complete with Teepee Village.

The Village has become an authentic and educational reminder of the colorful history of West Texas. Experts in Indian lore say the teepees, costumes and utensils on display are accurate portray-

als of the life of yester-year. School children visiting the village Friday afternoon will be given free Indian headbands.

Highlights of the homecoming celebration will be the coronation of Chief McMurry and the Reservation Princess Friday night at 7:30 in the Radford Building and the lighting of the council fire in Teepee Village immediately after the coronation program; a band concert Saturday morning at 9:30 by the Indian Band; an alumni luncheon in the McMurry gymnasium at 11:30; the McMurry-Southwest Texas State football game at 2:30 p. m. at Public School Stadium; and social club

reunions at 6:30 p. m. at various places in the city.

Many schools in Abilene dismiss their elementary children for part of Friday afternoon each year so they may visit the Teepee Village. Schools all over West Central Texas are invited to send their youngsters, said Dr. Gordon R. Bennett, McMurry president.

Mr. and Mrs. E. A. Hooper, Raully and Kit, of Abilene visited Rev. and Mrs. Rex Mauldin and sons last Saturday and Sunday.

Miss Edna Pearl Johnson of Abilene was a Sunday guest of Mr. and Mrs. Jim Welch.

Tax-Man Sam Sez:

A large part of us might prefer to forget all about income tax payments after April 15 and not worry about it again until at least April 14, 1961, when we have to file our 1960 Federal income tax return.

Of course, it doesn't pay to do this. When you read in the paper about John Doe being worth a few million dollars, you can bet that he didn't forget about his income tax except on April 15. The amount of income tax that you pay every year depends upon your business planning.

If you want to avoid paying a lot of income taxes, you simply determine how much tax a busi-

ness transaction will cost you before you make a deal. It doesn't help to cry about the tax cost of a business transaction after the end of the year when you file your income tax return.

Tax planning works for the little fellow as well as the rich fellow.

Mr. and Mrs. Russell Penick and daughters visited in Dallas over the week end. They attended the Ringling Brothers Circus and saw the show "Ben Hur." Mrs. Levi Bowden accompanied them to Fort Worth and visited with her sister and families. Rev. and Mrs. Robert Lloyd and children. And Mr. and Mrs. Cherry Moore and daughter.

FRIDAY! THE GREATEST

SIXTY-ONEDERFUL CHEVROLET

Here's the car that reads you loud and clear—the new-size, you-size '61 Chevrolet. We started out by trimming the outside size a bit (to give you extra inches of clearance for parking and maneuvering) but inside we left you a full measure of Chevy comfort. Door openings are as much as 6 inches wider to give feet, knees, and elbows the undisputed right of way. And the new easy-chair seats are as much as 14% higher—just right for seeing, just right for sitting.

Once you've settled inside you'll have high and wide praises for Chevrolet's spacious new dimensions (in the Sport Coupes, for example, head room has been upped as much as 2 inches, and there's more leg room, too—front and rear). Chevy's new trunk is something else that will please you hugely—what with its deep-well shape and bumper-level loading it holds things you've never been able to get in a trunk before.

Yet, generously endowed as this car is with spaciousness and clean-etched elegance, it holds steadfastly to all the thrifty, dependable virtues Chevrolet buyers have come to take for granted. Your dealer's the man to see for all the details.

There's never been a trunk like it before! The floor's recessed more than half a foot and the loading height is as much as 10 1/2 inches lower.

INTRODUCING THE '61 CHEVY BISCAYNE 6

the lowest priced full-sized Chevy with big-car comfort at small-car prices!

Chevy's new '61 Biscaynes—6 or V8—give you a full measure of Chevrolet quality, roominess and proved performance—yet they're priced down with many cars that give you a lot less! Now you can have economy and comfort, too!

IMPALA 4-DOOR SPORT SEDAN—one of five Impalas that bring you a new measure of elegance from the most elegant Chevrolets of all.

NOMAD 9-PASSENGER STATION WAGON. You have a choice of six Chevrolet wagons, each with a cave-sized cargo opening nearly 5 feet across.

BEL AIR 2-DOOR SEDAN, like all '61 Chevrolets, brings you Body by Fisher newness—more front seat leg room.

Biscayne 4-Door Sedan

Chevrolet Offers 20 Freshly Styled Models; Cars Go On Display Friday

Top seller of 1960 automobiles, Chevrolet promises to solidify its position in 1961 by significantly broadening its range of passenger cars.

Scheduled for display at dealer showrooms Friday, October 7, are 20 freshly styled conventional models; nine Corvairs including new passenger and commercial models, and the spaced two-place Corvette.

Complete new body styling, which provides easier loading for both passengers and baggage, establishes new heights in motor-vehicle comfort and convenience, is featured in the regular line of passenger cars.

The entire body, from floor to roof and grille to rear bumper,

is all new. Prime design emphasis has been placed on functionalism with thrift.

High on the list of advantages of the all-new body are:

1. Easier entrance to passenger compartments.
2. Large, more accessible luggage space with the trunk load-ports lowered as much as 10 inches.
3. Improved chair height and over-the-hood visibility which will increase the ease of parking and add to driving safety.
4. Other safety items include improved brakes, optional electric windshield wipers, and a new bumper for the fuel tank which protects it from rear crashes, such as hard bumps and flying stones.

Although the conventional cars are shorter, narrower and slightly lower, the interior roominess remains about the same or better. Riding comfort is improved.

From a styling standpoint, the new models feature gentle curves and smooth lines and a generally cleaner and airier appearance from all angles.

The Corvair models to be unveiled Friday also blossom out into a complete line of passenger and commercial vehicles. They include:

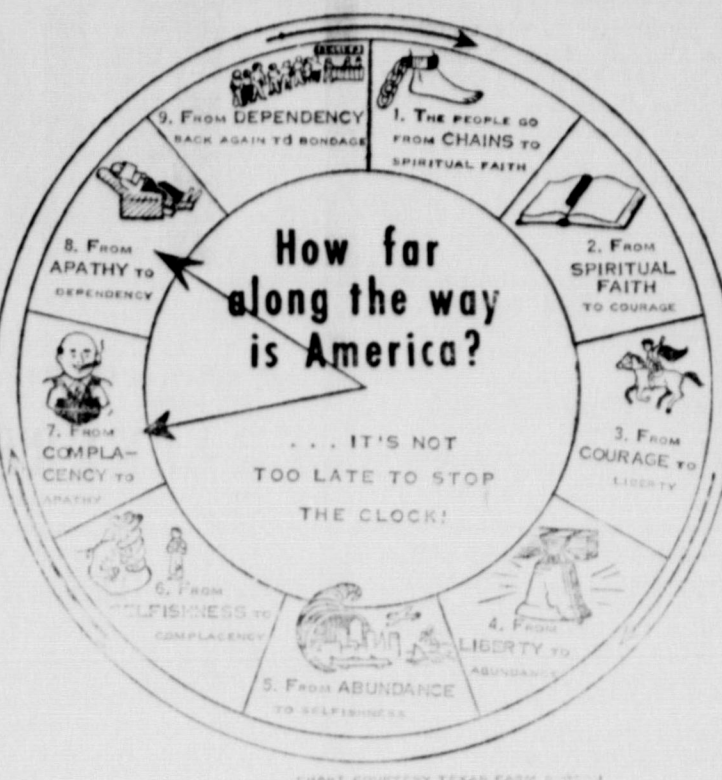

Passenger cars — Club coupes, four-door sedans and a new Lakewood Station Wagon in the "500" and "700" series, plus the deluxe Monza Sport Coupe and the new Greenbrier Sports Wagon.

Commercial — Corvan, Rampside and Load-side trucks.

Basic mechanical features of the Corvair — the air-cooled engine, combination of transmission and axle at the rear, and frame-body integration — are continued. So is the basic body styling, although exterior ornamentation provides a fresh appearance and the interiors are completely new.

Significant engineering improvements have been made, how-

FREEDOM OR SLAVERY THE CHOICE IS YOURS

New Musical "Jewel"

"Lowest priced electric chord organ ever produced in America is this Magnus 'Jewel' which produces real music, rich and mellow with both melody and chords. Made by the Magnus Organ Corporation of Livingston, N. J., it is being offered for under fifty dollars. It may be played in just 60 seconds by anyone with no previous musical knowledge since this is a 'play by number' organ. Light in weight, it may be tucked under your arm and taken to parties or dances.

might toss you both into the water. If you did not drown, you won. Or perhaps you both grasped a red hot iron or walked bare-foot through hot coals. If you come out without blisters, they believed your story.

As you can see, few people went to court of their own will. The risks were many, not the kind you'd choose.

Later in England, where we go most if our law, men had other ways to reach decisions. For example, take the "oath-helpers." Suppose your case was to be tried. You'd not go into court with facts, as today. No, you took with you a fixed number of men called "oath-helpers." Oath-helpers would swear by all that's holy that you were a man of your word. After that, you would swear that your neighbor had wronged you. In turn he would bring his oath helpers and do the same.

(This newsfeature, prepared by the State Bar of Texas, is written to inform not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)

Mrs. Ethel Tomlinson of Littlefield visited with Mr. and Mrs. Carl Green and Mr. and Mrs. J. E. Tomlinson last week.

will be offered in the Impala, Bel Air and Biscayne series. But, they have been expanded to include an Impala two-door Sedan not previously available.

The station wagon series also has been expanded so that there is a choice of either six or nine-passenger accommodations in each of them — the Nomad, Parkwood and Brookwood.

Reversal of the trend to longer, wider bodies also is noted in the fact that the new passenger cars are 15 inches shorter and 24 inches narrower. Overall length is 209.3 inches and overall width is 78.4 inches.

Distinctive design effects are achieved by matching exclusive roof contours of body types. Particularly noteworthy is the elimination of small triangular windows at the rear of four-door sedans and station wagons. Also, the rear corner pillars of sport sedans have been widened to create a slightly hooded effect.

EVIDENCE

Before our modern idea of evidence in science, in daily affairs, and in our courtrooms, men did strange things to "test" truth in a court trial. Our notion of evidence in law courts is actually only a few centuries old. It entered court procedure at about the same time that Galileo and Newton used scientific evidence to upset older theories of nature.

Before them men talked to prophets, fortune tellers and augurs before they acted. These men would look into the sky and find out how many and what kind of birds flew in from what quarter. Sometimes they looked at the charred entrails of sacrificial animals.

Court tests for truth in the Middle Ages were many, but somewhat drastic.

You might dispute with your neighbor over land. If so, the court might order a test by ordeal. The contestants would walk through fire. They might be tied and cast into water or you might meet your opponent with sword and shield. You or your agent might fight it out with your neighbor on the theory that Providence would not let the unjust win; or, after due rites, the courts

SHOW ON WORTH! CHEVROLET

NEW '61 CHEVY CORVAIR

More space . . . more spunk and wagons, too!

The newest car in America: the CORVAIR 700 LAKEWOOD 4-DOOR STATION WAGON.

CORVAIR 700 CLUB COUPE. Like all coupes and sedans, it has a longer range fuel tank.

CORVAIR 700 4-DOOR SEDAN. Provisions for heating ducts are built right into its Body by Fisher.

Even middle-seat passengers sit pretty, thanks to Corvair's practically flat floor.

Now in production — the GREENBRIER SPORTS WAGON with up to twice as much room as ordinary wagons (third seat optional at extra cost).

Here's the new Chevy Corvair for '61 with a complete line of complete thrift cars.

To start with, every Corvair has a budget-pleasing price tag. And Corvair goes on from there to save you even more. With extra miles per gallon . . . quicker-than-ever cold-start warmup so you start saving sooner . . . a new extra-cost optional heater that warms everyone evenly. Riding along with this extra economy: more room inside for you, more room up front for your luggage (sedans and coupes have almost 12% more usable trunk space).

And our new wagons? You'll love them — think they're the greatest thing for families since houses. The Lakewood Station Wagon does a man-sized job with cargo, up to 63 cubic feet of it. The Greenbrier Sports Wagon you're going to have to see — it gives you up to 175.5 cubic feet of space for you and your things.

Corvair's whole thrifty lineup gets its pep from a spunkier 145-cu.-in. air-cooled rear engine. Same rear-engine traction, same smooth 4-wheel independent-suspension ride. See the polished and refined 1961 Corvair first chance you get at your Chevrolet dealer's.

Spare tire is in the rear in coupes and sedans — leaving more luggage space up front.

Even middle-seat passengers sit pretty, thanks to Corvair's practically flat floor.

Now in production — the GREENBRIER SPORTS WAGON with up to twice as much room as ordinary wagons (third seat optional at extra cost).

See the new Chevrolet cars, Chevy Corvairs and the new Corvette at your local authorized Chevrolet dealer's

NEWS FROM VERA

(Mrs. Thelma Lee Coulston)

T. E. L. CLASS HAS PARTY

The T. E. L. Class of the Vera Baptist Church met in the home of Mrs. E. C. Hardin on Sept. 29, 1960.

All members were present but one. The following officers were elected for the new year: Mrs. Harry Beck, teacher; Mrs. E. C. Hardin, president; Mrs. Jim Kiniburgh, vice president; Mrs. Bill Feemster, secretary; Mrs. Lola Scott, treasurer; Mrs. George Sutton, assistant teacher, and Mrs. Della McGuire, second assistant teacher. Entertainment committee will be Mrs. Pete Ray, Mrs. R. C. Spinks, Sr., Mrs. Sam Shipman and Mrs. Willis Pedy.

After the business session, secret pals were revealed and new names drawn for the coming year. A delicious salad plate was served to the following: Mesdames Bill Feemster, Pete Ray, Lola Scott, George Sutton, Della McGuire, R. C. Spinks, Sr., Sam Shipman, Willis Pedy, Jim Kiniburgh, Harry Beck and the hostess, Mrs. E. C. Hardin.

Mr. and Mrs. George Kuchan of Albuquerque, N. M., visited Saturday and Sunday with his brother, Mr. and Mrs. Carl Kuchan and Barbara.

Recent guests in the home of Mr. and Mrs. Lee Feemster and Mrs. R. C. Spinks, Sr., were Mr. and Mrs. M. J. Spinks of Dallas, Mr. and Mrs. A. K. Boyd of Seymour and Mrs. Bud Dawson and Donna Beth of Henrietta.

Mr. and Mrs. Derrell Coffman of Wichita Falls visited over the week end with her parents, Mr. and Mrs. Sutton Beasley.

Mr. and Mrs. Wilkes Abernathy of Joplin visited her sister, Mr. and Mrs. E. S. Allen, last week end.

Lloyd Don Welch of West Texas State College, visited his grandparents, Mr. and Mrs. Barney Welch and Mr. and Mrs. E. S. Allen over the week end.

Mr. and Mrs. Johnny Gore and Douglas of Seymour visited Sunday in the home of Mr. and Mrs. Quel Hughes.

Bobby Roberson, who is doing custom combining near Bovina, visited over the week end with Mrs. Roberson, Judy and Kathy.

Thurman Allen of Jacksboro visited with his parents, Mr. and Mrs. E. S. Allen, several days last week.

Mr. and Mrs. Wesley Trainham visited Sunday with Mr. and Mrs. Clarence Allen and Mr. and Mrs. Gerald Brown and boys in Abilene.

Mr. and Mrs. Truman Shipman and two boys have been visiting with his parents, Mr. and Mrs. Sam Shipman.

Mr. and Mrs. Jess Trainham spent Sunday in the home of Mr. and Mrs. J. L. Trainham, Jr. and boys in Wichita Falls. J. L. has been on the sick list.

Mr. and Mrs. Glen Beach and family are now making their home in Seymour.

Recent visitors in the home of Mr. and Mrs. Jess Trainham were Mr. and Mrs. Carl Willis of

All-Day Meeting Held By Munday Club Sept. 28th

On September 28 the members of the Munday Home Demonstration Club met for an all day meeting at the American Legion Hall with each member bringing a covered dish.

The program was a report on making wills by the county Home Demonstration agent, Miss S. C. Kinsey.

Each member enjoyed a demonstration of making lamp shades, hats, aprons and glamor pillows.

Roll call was answered by "I have or have not made a will." The club elected officers for the following year.

Every member present read a report of what each had accomplished so far this year.

On achievement day in October the following homes will be visited: Mrs. Gill Wyatt home; Mrs. Tolby Winchester, landscaping, and Mrs. Joe Patterson's kitchen.

There were ten members and two visitors, Mrs. Roy Pedy of Benjamin and Mrs. Joe Zelisko of Haskell were present.

Mrs. R. M. Almanrode will be hostess for club meeting on October 12, at 2:30 p. m. Mrs. W. O. Mays will give a demonstration on root cuttings.

Miss Wanda Guinn, Phillip W. McAfee To Marry Soon

Mr. and Mrs. Wilkie Guinn of Munday announce the engagement and forthcoming marriage of their daughter, Wanda Gail, to Phillip Wayne McAfee, son of Mr. and Mrs. C. L. McAfee, also of Munday.

The wedding will be an event of Friday, October 21, at 7:30 p. m., at the Church of Christ in Munday. The public is cordially invited to attend.

Mrs. Agnes Crooks and her daughter, Mrs. Esther Weirick, of Midwest City, Okla., visited their son and brother, John Crooks, and with Mr. and Mrs. Nolan Phillips over the week end.

Mrs. Edith Reynolds, who has been living in Lubbock, spent the week end with her mother, Mrs. W. W. Wilson, enroute to Springfield, Mo. where she will be employed.

Mr. and Mrs. Jerry Scott and children of Electra visited their parents, Mr. and Mrs. John Phillips and Mr. and Mrs. J. B. Scott, last Sunday.

Mrs. C. P. Baker and Mrs. W. R. Moore were visitors in Wichita Falls last Tuesday.

Brownfield.

Lt. and Mrs. Junior Hardin and family, son of Mr. and Mrs. P. A. Hardin, are enroute to Italy where Jr. will be stationed for the next 3 years. They had been visiting with his parents a few days before their departure.

Farm Production Excels

In spite of being caught in one of the most drastic cost-price squeezes in history—lower prices for what they sell, higher prices for what they buy—American farmers have increased their production efficiency at a rate far ahead of workers in industry. One hour of farm labor in 1959 produces four times as much food and fiber as it did in 1920. Crop production is 56 per cent higher per acre. The output per breeding animal is 81 per cent greater. Productivity of the American farmer is now increasing at a rate more than twice as high as the productivity of workers in industry. Since 1950, the output per man-hour in non-agricultural industry has risen two per cent per year. In agriculture the increase has been at the rate of five per

cent per year. In Russia one agricultural worker produces for four or five people. More than 40 per cent of the total labor force of the Soviet Union works in agriculture and forestry. If American farmers were no more efficient than those of the Soviet Union, 22,500,000 Americans who now work in manufacturing, construction, mining, the trades, transportation and other non-farm business would be required to produce the essential needs in food, clothing and forest products. In spite of all this efficiency, the average per capita income of the farm population is still less than half the income of non-farm population. The average income per capita of those who live on farms in the United States in 1959 was \$965

Governor Price Daniel signing proclamation declaring the week of October 9-15th as Fire Prevention Week. Judge Penn Jackson (left), Chairman, Insurance Commission, and C. H. Boring, Jr., President, State Firemen's and Fire Marshals' Association, witness their appreciation and approval.

with relatives in Baird over the week end.

Mr. and Mrs. Norman Brown and Sandy Ray visited their parents, Mr. and Mrs. John Brown and family and Mr. and Mrs. Albert Fetsch and family. They remained for the funeral of Mrs. Mary Schumacher, who was his step grandmother.

Mr. and Mrs. Gilbert Daniels and children of Pep visited her grandmother, Mrs. Anton Kuehler, over the week end.

Mr. and Mrs. Billy Bradford and daughter of Whitesboro visited with her parents, Mr. and Mrs. Coy Tuggle, on Wednesday of last week and attended the funeral of his grandmother, Mrs. Mary Bradford, in Seymour on Wednesday afternoon.

Mr. and Mrs. W. B. Neill visited with relatives in Merkel last Sunday.

Alma Ruth Duesterhouse of Pep visited her sister, Mrs. Clarence Bown, and family over the week end.

Drive carefully. The life you save may be your own!

FLATTERING—For summer, choose a flattering sleeveless dress of cotton pique sprinkled with black dots. The dress by Carole King buttons to the hem, coachman style, and is fastened at the waist with a black belt.

Mr. Farmer

We still have a few plows left, such as 3-point tandems, breaking plows, etc., also other farming equipment. We can save you money on these!

Repair Service

We repair all makes of autos, trucks and tractors. Give us a trial. We also have a portable welder, a lathe and a brake drum lathe for your convenience.

for the year—\$344 from farming plus \$321 from non-farming sources such as outside employment. At the same time, the per capita income of the non-farm population was \$2,216.

The net income for one hour of farm work in 1959 was \$1.23. One hour of work in a factory averaged \$2.22. Hourly earnings of food marketing workers, those engaged in food processing, wholesale trade and retail food stores, averaged \$2.10.

Farm incomes have continued to go down steadily during most of the period since World War II, while non-farm workers have had an almost steady increase in income. Since 1945, the farm value of food has risen only 15 per cent, but the marketing margin—after processing, packaging and distributing—has increased by 93 per cent.

Mr. and Mrs. George Spann of Lubbock spent the week end with their parents, Mr. and Mrs. Chester Lain and Mr. and Mrs. Oscar Spann.

Mrs. H. D. Matthews, Jr. and daughters visited her brother, J. P. Groves, and family in Vilonia, Ark. last week.

Livestock Also Have Foot Trouble

During the cold, wet weather ahead, farmers and ranchers should be on the lookout for limping cattle. Dr. C. M. Patterson, extension veterinarian, says that limping is one of the first signs of foot rot, a livestock disease that often develops during fall and winter.

The disease, which causes a raw condition similar to "athlete's foot," can spread rapidly through a herd. Foot rot is caused by an organism which gets its start when the feet of cattle become softened and damaged in wet, muddy lots and pastures, Dr. Patterson continues.

Treatment is best an early, the problem can usually be cleared up. The veterinarian will usually have to trim away the infected tissue before he can apply medication.

Farmers can help prevent the disease by keeping livestock away from areas of stagnant water and water-logged lots. Areas around water and feed troughs should also be kept clean and dry, Dr. Patterson concludes.

Wade House.

Mrs. O. D. Propps left last week to visit Mr. and Mrs. Pat Propps and family in Albuquerque, N. M.

LOCALS

Mrs. L. C. Franklin and Mrs. Albert Fetsch recently visited Martin Franklin, Norbert Brown and Mrs. Lawrence Fetsch in Albuquerque, N. M.

Visiting in the home of Mr. and Mrs. Ferd Fetsch on their 48th wedding anniversary, October 1, were some of their children, Mrs. Leonard Albus, Lenord, Jr., Gloria and Sidney; Mrs. Fred Albus, David and Stanley, of Pep; Mr. and Mrs. Fedilas Fetsch and sons, Junior, Richard and Francis of Loveland and Mr. and Mrs. Paul Fetsch, Jan, Monica and Garry, of Muenster.

Mrs. Lola Cartwright visited with her son and family, Mr. and Mrs. Keith Cartwright and children, in Abilene for ten days. They brought her home last Saturday afternoon.

Mrs. Muriel Mitchell visited

VOTE FOR TEXAS

RICHARD M. NIXON, candidate for President, is a Californian, but he thinks the Texas way. Richard Nixon stands for:

- A strong national economy and defense so that America will not have to apologize to Khrushchev for anything;
- A sensible farm program that will attack and solve the present problems.
- Texas retaining its tidelands, and a tax policy favorable to Texas.
- Local control of our schools.

If you will read and compare Nixon's platform to that of his opponent, you will agree that a vote for Nixon is a vote for the best interests of Texas.

GOREE HOMECOMING OCTOBER 8TH

Plans have been completed for the 1960 Goree School Homecoming to be held on October 8, 1960. This reunion is for the ex-graduates, ex-students, ex-teachers and friends.

The events of the day will be as follows: 9:00 a. m. to 12:00 noon open house; 1:00 p. m. registration, 2:00 p. m. to 4:00 p. m. general assembly; 4:00 p. m. to 5:00 p. m. class meetings; 5:00 p. m. dinner. Dinner will be served by Jetton's Catering Service of Fort Worth. 7:30 p. m. football game — Goree vs. North Side Vernon.

Our first Golden Reunion held on October 5, 1957 was a tremendous success due to the extra effort on the part of all ex-students and others to attend. It is our hope that you will put forth that same effort again this year so that we might make this reunion a great success by your interest and attendance.

Mr. and Mrs. Gordon Earl Moore and daughter of Odessa spent the week end visiting his parents, Mr. and Mrs. Ernest Moore.

Mr. and Mrs. C. H. Presnall visited her sister, Mr. and Mrs. Burgin, in Anson last Sunday.

Mr. and Mrs. Tuck Blankenship of Guthrie have been visiting his parents, Mr. and Mrs. W. E. Blankenship.

Mrs. Annie Coffman has returned home from a visit with her son, Mr. and Mrs. Ebb Coffman and family in Lubbock.

Visitors in the home of Mr. and Mrs. W. D. Robinson Sunday were his parents, Mr. and Mrs. Robinson and sister, Mr. and Mrs. Vernon Teague of Olney.

Mr. and Mrs. Pete Beecher and Gayle visited in the home of Rev. and Mrs. H. C. Adair and family in Rule Saturday night.

Mr. and Mrs. Cecil Hutchinson of Jayton spent the week end visiting her parents, Mr. and Mrs. Oscar Hutchens and other relatives here.

Mr. and Mrs. Rube Richards of Vera spent the week end visiting Mr. and Mrs. L. L. Richards.

Mr. and Mrs. E. L. Walker and children and Mrs. Josie Dixon of Eldorado, Okla. visited Sunday in the home of Mrs. Dixon's brother and sister, Mrs. Tomie Polson and George Rawls. Mrs. Dixon remained for a longer visit with her brother and sister.

Heard and Jimmy Crouch and Bud Yates of Wichita Falls and Mr. and Mrs. Buster Styles and Mark of Seymour were Sunday visitors in the home of Mr. and Mrs. George Crouch.

Mrs. Jack Nichols is at the bedside of her father, Mr. George Brown in Collinsville this week. Mr. Brown is recovering from a heart attack.

Visitors in the home of Mr. and Mrs. Wesley Kinman Sunday were her sister, Mr. and Mrs. H. L. Price of Abilene, Mr. and Mrs. W. E. Adkins of Haskell and their son, Mr. and Mrs. Charles Kinman of Wichita Falls.

Mr. and Mrs. William Hertel and sons of Seymour visited her sister, Mr. and Mrs. T. J. Trainham and family Sunday.

Sunday visitors in the home of Mr. and Mrs. Jerry Williams were Mr. and Mrs. Amos Williams, Mr. and Mrs. Walter Williams, Mr. and Mrs. Emmett Doid and son, E. W. and Mr. and Mrs. Dean McCauley and children, Lloyd Ray and Rose Marie, all of Seymour, Mr. and Mrs. Luther Williams and Grady Williams of Goree, Mr. and Mrs. Edgar Lowe of Weinert, and Mr. and Mrs. Curtis Williams of San Antonio. Curtis was a former resident of this county, but this was his first visit here in 12 years.

Mrs. Jossie McCowan returned to her home in Walters, Okla. Monday after spending several days visiting in the home of Mrs. Kate Glasgow.

Mrs. W. M. Taylor, Mr. and Mrs. Sam Hampton and Rev. Roy Don Rhodes accompanied Dr. Taylor to Wichita Falls Monday,

'Mister Cowboy' Coming To Fair

Rex Allen, known as "Mister Cowboy" for his numerous starring roles in western movies, will appear at the Quarter Horse Shows Oct. 14, 15 and 16 at the 1960 State Fair of Texas in Dallas. Allen will be featured with his famous horse, "KoKo."

where he is undergoing treatment at the Bethania hospital. Ross Madole of Dallas is also at the bedside of the doctor.

Mrs. Grace Reid of Haskell visited her mother, Mrs. I. J. Troy Sunday.

Mr. and Mrs. Norris Price of Fitzhugh, Okla. were recent visitors in the home of his mother, Mrs. Walter Price.

Mr. and Mrs. Brooks Theibaud and daughters visited his parents, Mr. and Mrs. Garland Theibaud Sunday.

Misses Glenda Jane Lowrance and Sammy Wilcox of Wichita Falls spent the week end visiting in the home of Mr. and Mrs. J. F. Lowrance.

Mrs. Dewitt Green and children, Jacky, Becky and Dicky were Wichita Falls visitors Saturday. They also visited in the home of an aunt, Mrs. Jack Wagner.

Jerry Martin Williams has returned to school in San Diego, Calif. after spending several days visiting his parents, Mr. and Mrs. Jerry Williams.

Miss Zoe More and Ralph and Parten Wakefield of Fort Worth spent the latter part of the week visiting Mr. and Mrs. H. W. Moore.

Mr. and Mrs. Jim Goode of Bellevue, and Mr. and Mrs. John Goode of Seymour visited their sister, Miss Burnice Goode Sunday.

Mr. and Mrs. Barton Carl and daughters were Fort Worth visitors Saturday. They also attended the T. C. U. - Arkansas football game Saturday evening.

Mr. and Mrs. R. B. Shelton of Graham visited in the home of her aunt, Mr. and Mrs. J. M. Wat-

son Sunday. Rev. H. W. Barnett spent the week end visiting his daughter, Mrs. J. W. Smith, in Lubbock. Rev. Barnett attended Conference at Lubbock Sunday.

Mrs. John Bates visited her mother, Mrs. John Rice in Haskell Monday.

Mrs. Earl Howry is visiting her daughter, Mrs. Ronnie Ayles, in Gainesville this week. Mrs. Ayles has been ill and Mrs. Howry is carry for her little granddaughter.

Miss Judi Hunt of Draughans College in Wichita Falls spent the week end with her parents, Mr. and Mrs. George Hunt.

Mr. and Mrs. Ewen Beaty spent the week end visiting his brother, Mr. and Mrs. Pearl Beaty in Bowie.

Miss Patsy Steward of A. C. C. Abilene spent the week end with her parents, Mr. and Mrs. Jack Steward.

Students of McMurry College in Abilene selected a Chief McMurry and a Reservation Princess by voting last Tuesday. Winners of these honors and favorites named by each class will be revealed in a coronation program Friday evening, October 7, as part of McMurry's homecoming activities.

Candidates for Reservation Princess are Miss Samye Bates, daughter of Mr. and Mrs. Reuben Bates of Goree and Miss Paula Spurlin of Abilene. Samye is a physical education major and senior student. She is also a member of Gamma Sigma social club, and serves in the McMurry Senate. Miss Spurlin is a senior and a member of Delta Beta Epsilon

social club from Abilene. Candidates for Chief McMurry were Paul Stubbs of Abilene and Randy Rotan of Dallas.

Recent visitors in the home of Mr. and Mrs. L. L. Richards were Mr. and Mrs. E. G. Richards and

granddaughter, Perry Richards. Venita, Okla.; Mr. and Mrs. L. H. Richards and Mrs. R. N. Richards, Dickens; Mr. and Mrs. Dewey French, McAdoo; Mr. and Mrs. Aubrey Ritchie, Weatherford; Mr. and Mrs. K. B. Ritchie, Vera; Mr.

and Mrs. Cecil Welsh, Linda and Kathy, and Mr. and Mrs. Don Welsh, all of Munday. Mrs. Eunice Hollis of North Zulch is visiting in the home of Dr. and Mrs. W. M. Taylor this week.

What West Texas Can Do To Have More Industry, And How My Town Can Help

The following essay, written by Jimmy Lee during the last school term, was recently awarded first place in District III of the West Texas Chamber of Commerce sponsored industrial development contest. Eighteen towns are included in the district.

To learn what West Texas must do to have more industry, we must know what kind of industry it has now, and how this type of industry may be helped or bettered. Likewise, if we are to learn how our town can help in bettering West Texas' industry, we must know just what our town can offer to get new industry, or what it can correct to bring the industry in.

When you or I think of the word "industry" our minds usually form a picture of great steel mills in Pennsylvania or the giant automobile plants in Detroit. However, our West Texas does not come to mind at once, for it is not a true industrial area. Manufactures have never been

one of our great assets. Texas produces about 7 per cent of the nation's agricultural products, and Texas contributed in the table above would be a great task. Therefore let's assume that West Texas' part in this growth was 20 per cent. Although Texas produces only 2 per cent of the nation's manufactures, 20 per cent of this would still be a sizeable sum of money, and a true asset to our area.

Today in 1960, everything seems financially secure. The nation's economists have told us that our country is still hitting peaks in the production of everything. Out of three locally prominent businessmen interviewed, one thought the business future of West Texas was good; one thought it was poor; and the third had no comment. In my town, I overheard a businessman-farmer say once, "Well, I had such a good year last time, but I just don't know what the next one will be like..." It was quite a surprise to me to hear this very same man with a completely different comment eight months later. At that time, I formed an opinion of the business of my town. "The people of my town can have better business and more industry if they want it badly enough." I feel that this is the answer to the question, Now Can West Texas Have More Industry?

As concerned citizens of West Texas, we must analyze our own towns by asking four questions about them: What does my town need? What does my town lack? What does my town offer? By answering these four questions about my own town, I hope to show how any West Texas town could make adjustments necessary to industrial growth.

Munday, Texas with a population of 1900 people is certainly a small town. Yet, the people in my town can help West Texas industry grow. What does my town need? The two major needs at this time are an adequate water supply for the future, and better transportation facilities. From the words of local citizens, "Munday must have water—without it, we could very well become a ghost town in 25 years..." As drastic as this might seem, proof of it may be found in a report to the local government of my city which shows that the droughts of the past, along with the advanced use of irrigation wells in the area have lowered the water table to such an extent that a new source of city water supply must be found at once. The geographical location of Munday has always been a disadvantage to any prospective industry. Wichita Falls only 75 miles north of Munday has much better facilities to offer any industry and Abilene, only 75 miles south of Munday, has much greater shipping capacities in its

Member Federal Deposit Insurance Corporation

about 12 per cent of its minerals; yet, it only produces 2 per cent of its manufactures. Nevertheless, industry has added value to Texas' wealth as shown by the table below. This table shows the value added by manufactures in Texas from 1869, immediately after the Civil War, when the nation's production was at one of the lowest levels in its history, to the beginning of the industrial revolution which marked the start of the greatest industrial era in world history.

What does Munday lack? Munday lacks a strong labor force of semi-skilled workers which any industry would need. Munday must attract a great number of these workers.

What does Munday offer? Munday, by very nature of its size and location can offer several advantages to a prospective industry: No large labor unions; Unlimited natural gas and electricity; low fire insurance rates because of a top-notch volunteer fire department; A strong economy backed by the wealth of area farmers and ranchers; The prospect of a bright future in petroleum in the area; and unlimited support of 1900 morally straight, hard-working citizens to any industry which might choose Munday as its home.

The problems and needs revealed by the previous questions are common only to Munday, Texas. Each town in West Texas has its own needs and wants—its own advantages and disadvantages. It is up to the citizens of these many towns to better their own area, and by so doing, better West Texas.

In conclusion, I submit three

goals which all towns in West Texas must strive to reach, if they are to help West Texas industry grow:

1. Reveal what is needed to balance and build the local economy, and indicate what industries would contribute most to community welfare.
2. Learn of the community deficiencies which might hamper industrial development, and strive to offset or correct that.
3. Make known the advantages the community offers to the industries it seeks.

Yes, West Texas Can Have More Industry and My Town Can Help. As the old saying goes, "No chain is stronger than its weakest link." Surely our towns are the important links in a great industrial "chain" of the coming years.

Mr. and Mrs. J. B. Booe, and other relatives here last Tuesday.

Mrs. Charleh Kotulek of Odessa spent the week end with her parents, Mr. and Mrs. C. J. Albus.

Mrs. Inez Jackson and children of Santa Rosa, N. M., visited her sister and husband, Mr. and Mrs. A. B. Warren, last Saturday and attended the Weinert homecoming.

Mr. and Mrs. S. G. Smith, Mr. and Mrs. R. M. Almanrode and Mr. and Mrs. Jim Reeves attended a World War I Veteran's meeting with the Graham Barracks last Monday night.

Mr. and Mrs. A. L. Roden visited their son and family, Mr. and Mrs. A. L. Roden, Jr. and children, in Bay City over the week end.

Mr. and Mrs. A. B. Warren visited their daughter and husband, Mr. and Mrs. Joe Duke, in Wichita Falls last Sunday.

Dollars And Sense

By Mrs. S. C. Kinsey, Knox County H. D. Agent

Thinking of buying some new piece of equipment? Ask yourself these questions before you buy:

How well does it do the job for which it was intended? Does it serve more than one function? How frequently will it be used? How much care does it require? How durable it is?

Does it incorporate good design? Is it of good quality of its kind? Is its quality suitable for the use to which it will be put? How much storage space does it require? Can we afford it? Do we own another article which will serve the same purpose?

Whatever you are buying, be sure to study the real reason for wanting it, as well as the surface reasons. Only if your wants and needs are in harmony can your money buy the things that will give you maximum satisfaction.

Who owns the electric company?

INVESTORS own the electric companies. Investors are people who have saved some money and want to invest in some private business. They believe in a free-enterprise type of economy.

We are owned by these INVESTORS. That makes us an independent business—not owned by any city, county or state government, nor by a co-op or any Federal Government agency.

We work at being an INVESTOR OWNED independent business. We hope you understand our position.

Here's a real bargain in electricity!

The average family, served by WTU, can cook a complete meal the flameless electric way for less than 3¢ a meal—and enjoy all the cool, clean, automatic features of an electric range.

Electricity Costs So Little — You Can Use Lots Of It!

SOMEONE IN THIS AREA WILL WIN NEXT WINTER'S HEATING FUEL

Just tell us why you prefer to heat with—

GULF GULFTANE LP-GAS BUTANE PROPANE

HURRY! LAST DAYS TO ENTER!

in 25 words or less!

"Dependable, clean, and efficient." This is a brief but accurate description of Gulftane LP-Gas. But you can describe Gulftane fuel even better—and you have up to 25 words to do it! And a chance to win a winter's supply of Gulftane fuel!

No cost to enter—no obligation. Here's how—and good luck!

Tips to help you win

- There just isn't any fuel cleaner, more modern than Gulftane LP-Gas. It's healthful, even heat—no fumes, soot or oily film to cling to walls, woodwork and curtains.
- To heat with Gulftane LP-Gas for a whole winter, simply light your automatic heater, turn one knob, set one dial—and forget it.
- Also, Gulftane gives you oceans of hot water because modern gas water heaters deliver three times as much 160° F. hot water as the larger electric water heaters.
- All these advantages can be yours with Gulftane LP-Gas wherever you live. You have your own fuel supply to keep you snug and happy, even in "lines down" weather.
- It costs only pennies a day to heat with Gulftane fuel. There's no better way to enjoy clean, healthful, automatic heating without fuss or muss.
- If you think Gulftane is LP-Gas, bottled gas, propane or butane, you're almost right. The difference is the guaranteed quality, purity and dependability of Gulftane fuel.
- No other kind of fuel will heat your home, cook your meals, heat your water, dry your clothes, burn your garbage, warm baby chicks, and power your tractor. Why should anyone use anything but Gulftane LP-Gas?

Your nearby dependable Gulftane distributor is

J. H. Kane
Butane Company

Phone 2661 Munday, Texas

OFFICIAL CONTEST RULES

1. Complete this sentence, "I would like to heat my home with Gulftane fuel, because..." in 25 words or less. If the rest of the family wants to help you—fine. But only one entry per family.
2. Obtain an official entry blank from your Gulftane distributor, or clip and use the one below. Before midnight October 22, 1960, mail to The Milton Co., P. O. Box 390, Okmulgee, Oklahoma, the official contest judge.
3. The decision of the official judges will be final. Entries will be judged on the basis of originality, sincerity and aptness of thought. All entries become the property of Warren Petroleum Corporation, producers of Gulftane LP-Gas, and none can be returned. Incomplete or illegible entries will not be considered.
4. A sealed envelope containing the name of the winner will be opened on Nov. 5, 1960. Everyone is invited to attend the official announcement of the winner's name.
5. The winner will receive enough Gulftane fuel to heat his home for six (6) months (October, 1960 through March, 1961). Because home heating requirements vary, all contestants agree to accept our estimate of the gallonage required to heat an average home in this area.
6. This contest is subject to all Federal, state and local regulations and is open to any adult resident of the continental United States, except those employed by Warren Petroleum Corporation, its branded distributors, its advertising agencies, and members of their families. The prize is not transferable.

THE JET AGE IS HERE

Government regulatory agencies are necessary in many instances. But regulations often lag sadly behind the times—to the disadvantage not only of the industries concerned, but to the public which patronizes them and wants the best possible service.

Take, for instance, international air transport—which has been spurred to a tremendous extent by introduction of the big, fast and supremely comfortable jet planes.

A federal agency allocates routes to the various air carriers. But progress in meeting the public need and in adapting thinking and acting to swiftly changing conditions tends to lag. For instance, one major airline, Pan American World Airways, wants to provide service from a number of American cities to the Orient over the great circle route, through Fairbanks, Alaska. This is being delayed because of the opposition of another airline which presently flies the route and doesn't want competition. An examiner for the regulatory agency has supported the Pan-American proposal—as have all manner of business leaders, municipal officials, governors and others. The hope is that, at last, permission will be granted, and the public will have its choice of two lines—and reap the benefits that always follow competition.

The situation is similar in regard to the Portland-Seattle-Hawaii air route. The soaring volume of business justifies more service and more competition. But again, there have been lengthy delays.

The jet age is here—and it needs official attitudes and action to fit it.

PASSING THE TORCH

The ancient Greeks had a ceremonial footrace called "Passing the Torch." Their swiftest runners carried lighted torch and passed it, burning, into the hands of the next relay of runners, sometimes from city to city, until it reached its goal.

In our nation, we have an annual event carrying a similar idea—a path of light toward a goal. However, in this event, no physical exertion

is involved—only faith. The occasion is National Bible Week.

The twentieth annual observance of Bible Week takes place October 17-23. The theme for the Week is, "The Bible—Strength of our Nation."

Former President Herbert Hoover is serving as honorary national chairman for the Week, and Edward C. Werle, chairman of the board of the New York Stock Exchange, is national chairman.

This year also marks the twentieth anniversary of the Laymen's National Committee, the interfaith organization which sponsors the Week. The first observance of Bible Week began on December 7th, 1941, a date that shall endure in our history. Today, we are again confronted with an international crisis. Full participation by our people in National Bible Week will help us to keep the faith handed down by our Founding Fathers.

OUR DETERIORATING TEXTBOOKS

Russell Kirk writes in National Review: "Any one who has bothered to save school and college text books over the past forty or fifty years—or who will go to the trouble of turning over such textbooks as have accumulated in the attics of an old house—can see for himself that there has been a dismaying deterioration of quality with the passing of the decades.

The paper, binding, illustrations, and typeface all have improved; but in style and substance, the text itself, in nearly all disciplines, has been reduced to boring and deceptive generalizations.

Really first-rate textbooks for high schools now are difficult to obtain; the educationist pressure-groups have persuaded every big publisher in the field to adapt his textbooks to 'progressive' and 'permissive' standards. . . . there has crept into textbooks a sermonizing indoctrine in 'socially approved attitudes,' . . . zeal for promoting equality of economic condition, fondness for the centralized welfare state . . . federal aid to schools, and all that. Until very recent years, sweet sympathy for the aims of the Soviet peoples was on this list of approved attitudes. . . ."

COOKING WITH GAS—This homemaker is cooking a hamburger on a gas burner—but there are no grids and you can't see the flame. The secret of this actual operating appliance in the RCA Whirlpool Miracle Gas Kitchen is the power burner, a device which pre-mixes air and gas. The entire unit may be concealed under an easy-to-clean flush surface like the ceramic squares used here. In the background is the RCA Whirlpool Portoburner, a gas surface cooking unit which may be moved about the kitchen and plugged into any one of a number of strategically located gas convenience outlets. The Miracle Gas Kitchen will be presented by Lone Star Gas Company in the General Exhibits Building at the State Fair of Texas, October 8-23.

STATEMENT OF THE OWNERSHIP, MANAGEMENT, CIRCULATION, ETC., REQUIRED BY THE ACT OF CONGRESS OF AUGUST 24, 1912, AS AMENDED BY THE ACTS OF MARCH 3, 1933, AND JULY 2, 1946.

Of the Munday Times, published weekly at Munday, Texas, for October 1, 1960.

THE STATE OF TEXAS,
COUNTY OF KNOX, ss:

Before me, a notary public, in and for the state and county aforesaid personally appeared Aaron Edgar, who, having been duly sworn according to law, deposes and says that he is the editor-publisher of The Munday Times and that the following is to the best of his knowledge and belief, a true statement (and if a daily paper, the circulation), etc., of the aforesaid publication for the date shown in the above caption required by the Act of August 24, 1912, as amended by the Act of March 3, 1933, embodied in section 537, Postal Laws and Regulations, printed on the reverse of this form, to-wit:

1. That the names and addresses of the publisher, editor, manager is: Aaron Edgar, Munday, Texas.
2. That the owners are Aaron Edgar, Munday, Texas; Grady G. Roberts, Wichita Falls, Texas.
3. That the known bondholders, mortgages, and other security holders owning or holding 1 per cent or more of total amount of bonds, mortgages, or other publication sold or distributed, securities, etc., are: none.
4. That the average number of copies of this issue of this publication, sold or distributed through the mails or otherwise, to paid subscribers during the twelve months preceding the date shown above is 1675.

Sworn to and subscribed before me this 3rd day of October, 1960.

CALLIE ANN COMBS
(SEAL)
(My commission expires June 1961).

Mr. and Mrs. H. F. Jungman, accompanied by Mr. and Mrs. Bill Hertel of Seymour, were in Dallas over the week end, where they attended a reunion of those making recent tours to Europe.

Mr. and Mrs. Wayne Smith of Irving visited their parents, Mr. and Mrs. Joe Massey and Mr. and Mrs. A. L. Smith, over the week end.

Mr. and Mrs. Frank Garrett and Sue visited with their daughter and family, Mr. and Mrs. Don Elliott and daughter, in Abilene last Sunday.

Quail Season In Some Areas Still Remains Uncertain

There is still a big question as to how good the 1960 quail season will be, according to the assistant executive secretary of the Game and Fish Commission.

Biologists are now checking conditions in regulatory areas for recommendation at the October 7 meeting of the Game Commission.

At the July meeting it was suggested that quail season be opened Nov. 1 in most of the counties under regulatory authority. However, there was a strong protest on the part of dog owners and many others. It was decided to delay decision on the opening date. Since then, there is evidence that the quail crop in some areas isn't up to expectations.

The general quail season in Texas is Dec. 1-Jan. 16, inclusive. There are a few counties where the season opens two weeks earlier, and a few where it extends until Jan. 31.

Season for Texas shooting reports will open Oct. 1, and continue through February on both quail and pheasant. These are pen-raised birds, released for shooting over dogs. Eight reports this year are offering duck shooting. Information on these reports can be obtained from Joe B. Davidson, representing the Sportsmen's Service Bureau, Box 661, Tyler, Texas.

Notes From Knox Farms, Ranches

By Jack Moore, Knox County Agent

Cotton Classing Meetings

A visit to the Munday Classing Office on Tuesday afternoon reflected lots of activity there. Since the rains early last week, sample receipts were the largest this season, and with strippers and mechanical pickers being placed in operation, the receipts should increase even more.

The staff at present is composed of 3 classers, 4 recorders and 1 laborer. They are Classers; Chas. Routh, Jim Tongate, K. E. "Dutch" Voelkel. Recorders; Mrs. Bob Killian, Mrs. Frank Garrett, Mrs. Orville Hesikell, and Mrs. Earl Little. Laborer; Jessie Tucker.

The officer in charge, K. E. Voelkel, stated that the staff is operating smoothly and that they would be able to class about 1800 samples a day. The third classer reported at noon today, and the total years of government classing experience is approximately 62 years. The chairman, who is operating this office for the second year is assigned to the U. S. Board of Cotton Examiners at Galveston, Texas and has had 30 years experience with the U. S. Dept. of Agriculture. Farmers and ginners should be assured that they are having their cotton classed by experienced classers.

The cotton classed at present is predominately mid light spotted with the staple length chiefly 15/16 to 1 inch. Some irrigated cotton is stapling 1-1/8 inches. It was reported that the ginners are doing an excellent job in cleaning the cotton and preparing a smooth sample. However, they aren't do much with the spots — and the chairman indicated that the classers couldn't take it out either — they will have to call them as they see them — like the umpire in the coming world series.

The community meetings are continued at the office — this

Pictured above are Jerry, son of Mr. and Mrs. Sargent Lowc and Monty Ray, son of Mr. and Mrs. M. M. Booc.

week there will be 3. These meetings give the ginners and farmers an opportunity to take a tour through the office, see the cotton grade standards and staple types on which classifications is based, have sampling procedure explained and otherwise cotton problems or classification problems discussed.

Mr. Voelkel said he would be happy to meet with any group of farmers and ginners at any time. It will be noted that at present he is conducting the night meetings at the office, after an 8-hour day of classing. The office is equipped with some of the best artificial light found at any of the larger government offices, and the air conditioning and humidification units are operating perfect. The latter is important in that all samples remain in the classing laboratory about 24 hours under ideal humidity before they are classed; thus permitting samples to condition properly.

Only last week the USDA installed a new Fibronaire, which will be of benefit to the classers should waxy cotton make its appearance this season. The Fibronaire is a greatly improved instrumentation for the faster and more accurate testing of bulk staple fiber firmness.

BIRTH ANNOUNCEMENT

Mr. and Ms. Jerome Ermis of Seymour are entertaining a new daughter, Judy Mari. Her big sister, Mary Ann, who is 10, is sure proud of her, also her two brothers. Mrs. Ermis is the former Veronica Franklin.

Don Whitworth, who has been in the Navy the past four years and stationed in California, returned home on Wednesday of last week after receiving his discharge in San Diego.

Goree H. D. Club Meets Recently In Woody Roberts Home

The Goree Home Demonstration Club met recently in the home of Mrs. Woody Roberts with seven members present. The meeting was called to order by Mrs. J. T. Murdock.

Hat making was discussed. A tour was also discussed for some time in October, the date will be announced later. Pen pals were drawn.

The following officers were elected: Mrs. W. L. Jungman, president; Mrs. Albert Fetsch, vice president; Mrs. Melvin Cooksey, secretary - treasurer; Mrs. J. T. Murdock, council delegate; Mrs. Woody Roberts, council reporter; Mrs. Albert Fetsch, club representative; Mrs. Felton Jackson, parliamentarian.

Coconut cake, cookies, pops and coffee were served by the hostess.

The next meeting will be held in the home of Mrs. Walter Brown at 2 p. m. and the program will be hat and tuckered pillow making. All member are urged to be present and women who are interested are welcome.

A GRANDSON FOR "RUNT" LEDBETTERS

"Emphasize grandson, please, as this is really the one and only grandson and I had told all these women that it was going to be a grandson," said Runt Ledbetter last Wednesday morning when he called to report the event. He said that the mother, baby and father were all doing fine but boy were the grandparents "all shook up" and then he gave us the details.

Mr. and Mrs. Bennie Ledbetter are the parents of a son who made his arrival on Saturday, October 1, 1960. He weighed 6 pounds and four ounces and has been named James Bradley. Grandparents are Mr. and Mrs. Anton Krahn of Cypress and of course Mr. and Mrs. J. C. (Runt) Ledbetter of Munday. Mr. and Mrs. Ledbetter spent the week end in Fort Worth to greet the new arrival.

Drive carefully. The life you save may be your own!

An Announcement

We are happy to announce to the citizens of Munday of our purchase of the T. V. Cable System.

It will be our policy to furnish the very best T. V. Cable service possible to Munday citizens at the lowest possible rates.

We have reduced the rates to \$5.95 effective as of October 1st.

We have ordered equipment needed to furnish users of our service "a 24 hour background music channel" that can be received in your home without additional cost or charges to your present T. V. set.

To change the construction of our distribution lines to permit us to make a direct connection with the local Civil Defense office, in order that any emergency announcements can be made to every subscriber of an "approaching storm" or other major or dangerous hazards..

To keep abreast with changing times and be ready to take on new and improved methods of closed T. V. circuit benefits such as the Johansson - Patterson fight which recently went out to 21,000 closed circuit T. V. systems.
