Odd Bits Salvaged
By The Editor

The weather pulls some peculiar pranks on us.

The foul and unpleasant weather seems to always come during the first of the week, when we are "pounding the concrete" in an effort to secure business for our establishment. After the paper is out and it isn't so necessary to be outside, the weather turns out right pleasant in most instances.

But last Sunday was a good day for staying inside, and we took advantage of it by doing as nearly nothing as possible, but likely nursing a guilty conscience for being even too lazy to get ready and attend church services.

The weather, however, co-operated with those holding the calf show and judging contest last Saturday. Although a little chilly on the windward side, the weather was clear and without moisture.

A few years ago, we heard of local farmers planting potatoes in the snow, and they did that last Monday if they planted, although the snow was not of very great proportions. Planting got under way several days ago, and it appears there will be more spuds planted this year than ever before.

Last year's whipping which most farmers got because of adverse weather conditions during the growing and harvesting season had not daunted their courage, and they're going in for spuds, cantaloupes, cucumbers, sweet potatoes and possibly other vegetables even stronger this year.

Farmers took a whipping in almost every activity last year, not just with the vegetable crop. You remember, the rains came just about wheat harvest time and combines bogged down in trying to get into the fields as early as possible. Cotton suffered from the early freeze and wet weather, as did the fall maize crop.

But this February, everything is looking on the up and up, with these cold and damp spells bringing enough top moisture to boost the wheat along. This is always a pretty good "next year" country, and maybe this will be the time when everything "will hit."

School trustee elections are coming up on Saturday, April 5, and under the new law all candidates must file for places on the ballot at least 30 days prior to the election date. Ballots must be printed 20 days before election, so now is the time to begin thinking of who you want on the school boards. Remember, too they must file their names in person. And if you failed to pay your poll tax you won't have a voice in this election.

Gillespie Church To Hold Banquet For Valentine

An all-church valentine banquet will be held at Gillespie Baptist church on Friday, February 14, at 7:30 p. m.

Table and room decorations will carry out an "Indian Love Call" theme, using a color scheme of red, black, and green. In keeping with the theme, a short film on the customs and ceremonies of the Navajo Indians will be shown.

Speakers for the evening will be Iliad Warwar of Nazareth and Edith Telgan of Hawaii. Both Mr. Warwar and Miss Telgan are students at Hardin-Simmons University. Music will also be furnished by the University.

The banquet is sponsored by the Training Union, of which Mrs. T. J. Partridge is director, and all members and friends of the church are cordially invited.

TWO MUNDAY MEN COMPLETE BASIC

FORT CARSON, COLO. (AH TNC) — Two Munday, Tex., soldiers, Privates Oscar C. Parker and Harrell W. Brazzell completed eight weeks of basic combat training Feb. 5 with the 9th Infantry Division at Fort Carson, Colo.

Parker is the son of Mr. and Mrs. Oscar C. Parker. Brazzell is the son of Mr. and Mrs. Eugene V. Brazzell.

Knights Hall At Rhineland To Be Constructed

The Columbus Club Association, composed of members of the Knights of Columbus at Rhineland, will soon start construction of a new hall to replace the one destroyed by fire, according to A. J. Kuchler, Grand Knight. Cost of the new building will run between \$10,000 and \$15,000, it was stated.

The structure will be approximately 60 by 80 feet of haydite tile. It will comprise a main assembly room, a kitchen, several meeting rooms, recreation rooms where dominoes, shuffle-board and other games may be played by members. The structure will face west, probably on a plot of five lots owned by the association. Kuchler said most of the funds have been raised.

The old Columbus hall, a wooden structure, burned to the ground last July. The new hall will be near the site of the old one.

The association comprises 87 members. They meet regularly on first and third Wednesday nights of each month. Besides Kuchler, other officers are Verne Zeisel, deputy grand knight; James Albus, financial secretary; and Jimmy D. Farber, recording secretary.

Mrs. S. C. Hawes Dies Monday At Anson Hospital

Mrs. S. C. Hawes, pioneer mother and wife of a well known area farmer, passed away at about 5:30 p. m. Monday in Anson General Hospital. She had been in failing health for several years and had been a patient in the hospital for two weeks.

Mrs. Hawes was born Ellen Reid, daughter of Mr. and Mrs. Billie Reid, Parker County pioneers, in Whitsett on July 5, 1875. She was 81 years, seven months and five days of age. She was married to S. C. Hawes on July 5, 1894, in Parker County, and they moved to their farm on route one, Munday, in 1900, living there ever since. She was a member of the Church of Christ at Weiner.

Survivors include her husband; two sons, Hugh Hawes of Rogers, Ark., and Clint Hawes of Georgetown; four daughters Mrs. C. B. Forehand of Knox City, Mrs. M. F. (Bud) Wilson of Abilene, Mrs. Eugene LeBeouf and Mrs. T. B. Cyfert of Jal. N. M.; a granddaughter, Mrs. Verlin Cyfert of Knox City, who was reared by Mr. and Mrs. Hawes; 22 other grandchildren; and 24 great grandchildren, and one sister Mrs. Mamie Bonds of Whitt.

Funeral services were held at 2 p. m. Wednesday from the Church of Christ in Weiner with the C. Y. Pettigrew, minister of the church, officiating. Burial was in Johnson Memorial Cemetery in Munday by Holden Funeral Home of Haskell.

Pallbearers were Clyde Walker, Marvin Phemister, Mack Boykin, Coyt Hix, Glenn Caddell, L. V. Reeves and Ted Jetton, all of Weiner, and R. B. Leavitt of Abilene.

BLUEBIRDS GROUP TO BE ORGANIZED

Mothers of girls who are in the second grade through the fourth grade interested in organizing a Bluebird group are asked to be at the lunch room in the grammar school at 10 o'clock Tuesday morning, February 18. The young girls of the community will be greatly benefited by this organization so all interested please attend.

Lanham Bevers of Dallas came in last Tuesday night for a visit with his parents, Mr. and Mrs. W. C. Bevers.

Ewing To Speak At PTA Meeting

Prof. Floyd Ewing of Midwestern University in Wichita Falls, will be guest speaker at the February meeting of Munday P. T. A., which will be held at the school auditorium at 7:30 p. m. Thursday, February 20. This will also be observed as "Fathers' Night," and the subject will be "Partners in Education."

This is also P. T. A. Founders Month, and the local unit will be observing this event.

County FM Roads Being Planned

New farm to market roads "in the making" for Knox County include a road from FM 222 five miles east of Knox City. It will be built one mile south, then turn east to a connection with U. S. 277 Highway, near the W. E. McNeill home south of Munday. Dirt work and bridge construction are now under way.

Another road will be south of Goree five or six miles to make a connection with the Munday-Threemorton paved road. Another road project expected to be undertaken soon will be from Rhineland to Hefner, tying into the farm road to Goree and into another paved road connecting with U. S. Highway 82 between Seymour and Benjamin. This route will be about six miles in length, connecting Rhineland and Goree, a distance of about 12 miles.

Funeral For J. A. Gray Held Here On Sunday

Jessie Arley Gray, 72, retired farmer and a Munday resident since 1923, died last Friday night at his home in Munday. He was a native of Arkansas, having been born there on August 1, 1885.

Survivors include his wife, Mrs. Mattie Raney Gray of Munday; two sons, Carl C. Gray of Fort Worth and Melvin Gray of Pecos; two sisters, Mrs. Ella Williams of Houston and Mrs. Lillie Sparks of Terrell; two brothers, Tom Gray of Munday and Cicero Gray of Paris; 16 grandchildren and five great-grandchildren.

Funeral services were held from the Four Square Church in Munday at 2 p. m. Sunday, with Rev. Earl Brewer, pastor, officiating. Burial was in Johnson Memorial Cemetery under the direction of McCauley Funeral Home.

Cotton Sign-up For Soil Bank To Close February 20

J. T. Gilpin, manager of the Knox County Agricultural Stabilization and Conservation office, called the Munday Times last week to clear up confusion caused by an order received by the county office regarding the soil bank program. The order caused some to fear the program was being halted.

By telephone later, however, Gilpin learned that the order applied only to the cotton acreage reserve program and that all contracts made through January 16 were firm contracts and will be honored.

Gilpin added that the office will continue to accept applications through Feb. 20, and said interested farmers should make applications, as they may be approved if funds are made available.

The original order, which came from H. L. Manwaring, Deputy Administrator, Production Adjustment, said: "Because of unprecedented interest in acreage reserve program and the possibility that farmers' requests may exceed program authorization, notify county committees not to approve any further agreements and not to notify the farmers of any agreements that may have been approved by County Committee until further notice. Discontinue inspection and measurement of designated tracts. Counties, where funds not exhausted, will continue to take farmers' requests on agreement forms. Other counties will record farmers' requests on form 823. This applies to all acreage reserve programs, except winter wheat."

Gilpin said Knox County has been out of funds since January 16 but has continued taking applications and under the new order will continue to do so. All applications for winter wheat in the county have already been approved, he added.

Fletcher Gates and Don Dodson attended a dinner given the Seymour District of the Lon Star Gas Company for winning the Fall range campaign last Thursday night at the Marchman Hotel in Wichita Falls.

FOOD FIRST — Gov. Price Daniel is shown signing a proclamation designating Feb. 23, March 1 as "Food Comes First Week" in Texas. Looking on are (left to right) H. C. Brinkoeter, Beeville, farmer-stockman and chairman of the Texas Farm Bureau's Texas Food Conference

Munday To Name Three Trustees

Three trustees for the Munday Independent School District will be elected in the school trustee election on Saturday, April 1, according to an announcement made Monday by Supt. W. C. Cox.

Those whose terms expire are: Ray Holcomb, Weldon Floyd and Bruce Burnett, Mr. Cox stated.

He emphasized the fact that candidates must file in person at least 30 days prior to the election. They may file with Harvey Lee, tax assessor and collector, at the superintendent's office. Mr. Lee has all necessary papers for filing.

Snow Blankets Much Of Texas

Snow up to four or five inches blanketed much of Texas the first of this week, although a lighter amount fell in the Munday area. Cold weather has prevailed, and icy highways caused traveling to be hazardous.

H. P. Hill, local U. S. weather observer, reported that Munday received only about an inch of snow, which began falling Tuesday. Skies began clearing about noon Wednesday.

Mr. Hill reported .24 of an inch of moisture since Tuesday of last week, bring the year's total to 1.46, as compared to 1.91 for the same period last year.

The mercury dropped to a chilly 16 degrees Tuesday night.

Oil Activities

S. A. Agee Jr., No. 2 Melton, in the Knox County Permayes (Tannehill) Field, four miles northeast of Munday, has been completed. It pumped 64.32 barrels of 36 gravity crude per day from open hole at 1917-22 feet. Gas-oil ratio was 200:1.

Benjamin Girl Shows Champion Steer In Junior Show At Benjamin Saturday

Miss Patty Meinzer, 10-year-old daughter of Mr. and Mrs. Pate Meinzer of Benjamin, showed her 1,040-pound steer to the championship of the 1958 Knox County Junior Steer Show at Benjamin last Saturday.

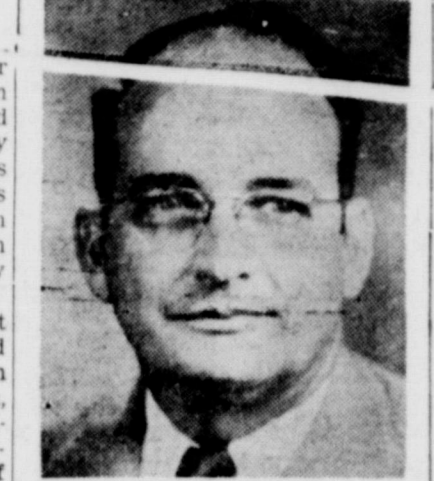

Reserve champion awards went to Jacky Idol, son of Mr. and Mrs. Jack Idol of Benjamin. Both the champion and reserve champion calves were bred by the League Ranch.

Third place winner was Bobby Idol, also of Benjamin, and fourth place went to the steer shown by Leon Groves, son of Mr. and Mrs. Charlie Groves of Gilliland.

Top place winners in the show will be shown at the Wichita Falls junior steer show which is being held this week.

Judging in the steer show and making official placings in the contest were Kirby Clayton of Paducah, county agent of Cottle County, and Elmo Todd, sheep breeder of Truscott.

Last Rites For J. F. (Bob) Goodwin Held At Seymour

Funeral services for James Floyd (Bob) Goodwin, local resident field man for the B-K Electric at Seymour, were held at 2 p. m. Wednesday from the First Christian Church in Seymour with Bill Spreen, a former minister, officiating. Burial was in the Seymour Cemetery under the direction of McCauley Funeral Home.

The body of the 52-year-old Goodwin was found about 9 p. m. Monday in his utility pickup truck about a mile east of Goree, on a country road. A .22 calibre rifle was found at the truck, and Justice of the Peace Luther Hunter of Goree ruled that death was due to a self-inflicted gunshot wound.

Goodwin is believed to have left Munday for Seymour at about 8 a. m. Monday. When he did not arrive at the B-K Electric headquarters, and employees failed to reach him by two-way radio a search was begun. Goodwin had reportedly been dead about 10 hours when his body was found. Sheriff Homer T. Melton and his department and J. W. Massey, local chief of police, conducted the search and investigation.

Goodwin, who was born December 20, 1905, had resided in Munday several years and serviced the R. E. A. lines in Knox County.

Survivors include his wife; three sons, Jerry, James and Gary, all of the home; one daughter, Mrs. Lenora Carol Bunch of Munday; eight brothers, George, Bill and Buck, all of Seymour, Talford of Archer City, Clifford of Dumas, Orville of Childress, Toodler of Abilene, and Jack of Harold, Calif.; three sisters, Mrs. Woody Carlock of Seymour, Mrs. B. Sutton of Poolville, and Mrs. Arvin Nichols of Houston, and one grandchild.

County Issues 1,605 Poll Taxes

Only 1,605 poll taxes were paid in Knox County for 1958, according to John A. Smith, tax assessor and collector. The total was higher than the 1,444 paid in 1957, an off election year, but was about 29 percent less than the number paid in 1956, the last election year, when the total was 2,245.

NIGHTMARES IN MOSCOW

In the long view of history, governments and civilizations are judged by what they do or fail to do in behalf of the spiritual and material welfare of peoples.

Judged by this standard, the Soviet Union is a monumental failure, despite its achievements in certain fields of science.

For instance, some time ago an American woman physician, Dr. Carolyn Taylor, visited Moscow. She was then an American army doctor. And what she saw there, she told a reporter from the Portland Oregonian, was "enough to give you nightmares."

Russia has gone "missile mad" she said. There was grim determination on the part of students at Moscow university, with none of the pleasant social exchanges between classes that are commonplace in the free nation. Most revealing of all is what she found when she visited Russian hospitals. Care was "exactly adequate" and no more. She watched a man having his gall bladder removed — "he was squirming and jumping all over the table." She learned that local anesthetics are used in about 98 per cent of all operations.

Practicing doctors in Russia are extremely poorly paid — about \$80 a month. The big rewards go to scientists who devote themselves to research. In other words, human life in Russia is cheap, and medical standards and policy reflect that belief.

We are about to embark on a gigantic weapons program, out of sheer necessity. Vast scientific resources will have to be devoted to it. But this will not be done at the expense of the individual's health — and it will not be done by turning our hospitals and other medical institutions into impersonal assembly lines. That symbolizes the difference between our society and the Soviet society.

ELK GROVE, CALIF., CITIZEN: "Once again the news has appeared that income taxes have been cut — but once again the dateline has been Canada.

"Which brings to mind the wry comment of Utah's famous tax crusader, J. Bracken Lee: "Death and taxes are said to be unavoidable, but we are lucky that death does not get worse every time Congress meets."

BUY, SELL, TRADE THRU THE CLASSIFIEDS

PRICED OUT OF THE MARKET

A leading newspaper recently carried two important stories side by side on the front page. One was headlined: "Labor to seek higher wages, shorter week." The other headline read: "November jobless highest since 1949."

This puts one in mind of the irresistible force and the immovable object.

Labor can press for higher wages and shorter work-weeks, and very likely it can get them. But labor can't make people buy the goods and services that keep the labor force employed.

A worker, like a product, can be priced out of the market. There is plenty of evidence that this is beginning to happen now.

Senator McClellan of Arkansas says: "I know that talk about eliminating extravagance, waste and non essential expenditures in government is and old, old theme. It is something about which we have talked a lot but about which we have done very little.

"If we are to meet the challenge of world dangers that threaten our survival, it is imperative that we maintain sound fiscal policies and keep our economy strong."

"NO PILFERING, BUT —"

"We don't want to pilfer the U. S. Treasury!" said the mayor of Independence, Missouri. "But —"

"This classic comment," observes the Wall Street Journal, "fairly well sums up the feeling of city officials meeting at the convention of the American Municipal Association. . . . The mayors want more, not less, Federal help for . . . airports, housing, sewage plant construction and countless other projects.

"Perhaps one of the most . . . revealing indications of municipal thinking is the dead-pan demand of New York City's Mayor for more Federal aid to combat juvenile delinquency

"Instead of assuming their own plain obligations, the civic authorities prefer . . . to dump all responsibility on Washington. That may not amount to an attempted pilfering of the U. S. Treasury. But—offhand it's hard to think what else it amounts to."

Just why all the rural areas of the nation should dig up taxes to take care of big city lawlessness and inefficient management is beyond understanding and should bring a resounding "NO" from the people's representatives in Washington.

MODERN HOMEMAKING
Recipes . . . Household Helps
By Julia Hunter
HOME ECONOMICS DIRECTOR, LONE STAR GAS CO.
Brownies are always a hit! These moist, fudgy, bar-type cookies are easy to make and can be varied in many ways. For sure success, measure ingredients carefully, set oven heat control for correct temperature and use the size pan called for in the recipe; an 8x8x2-inch square pan. A smaller pan makes brownies too thin, a larger pan makes them too thick, in either case baking time and temperature will not give good results.
To vary basic brownies, try:
Toasted Coconut Brownies — Omit nuts in basic recipe. Add 1/2 cup finely chopped coconut. Spread the mixture in the pan and top with 1/2 cup coconut mixed with 1 tablespoon sugar and 2 teaspoons melted butter or margarine. Bake as directed.
Chocolate Peppermint Brownies — As soon as baking time is finished, remove brownies from oven and top with 15 or 20 chocolate peppermint patties. Return to oven 3 to 4 minutes to soften patties. Then, with a spatula, spread patties to cover top of brownies.
Mocha Brownies — Use basic recipe adding 4 teaspoons instant coffee with the sugar. Bake as directed.
Brown Sugar Brownies — Use basic recipe substituting 1 cup firmly-packed brown sugar for the sugar. Bake as directed.
RECIPE OF THE WEEK
Brownies: Sift together 1/2 cup sifted flour, 1/2 teaspoon baking powder and 1/4 teaspoon salt. Melt over low gas flame 3 one-ounce squares unsweetened chocolate. Beat 2 eggs in a mixing bowl. Add, mixing well, 1 cup sugar and 1 teaspoon vanilla. Stir in melted chocolate. Add dry ingredients, mixing well. Stir in 1/2 cup chopped nuts. Spread in greased 8x8x2-inch square pan. Bake in moderate gas oven (350 deg. F.) 35 minutes. Remove from oven, let stand in pan a few minutes, cut in squares, remove from pan and cool on wire rack.

News From The U. S. Congress

By Congressman Frank Ikard

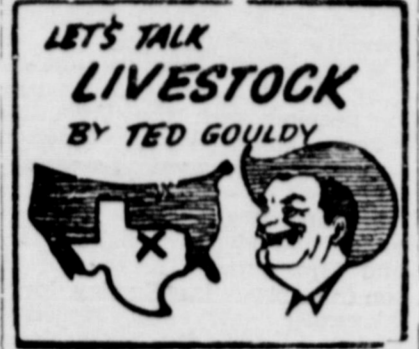

The continuing decline of our economy continues to cause great concern. A number of witnesses that have appeared in the general tax hearings that have been held by the Committee on Ways and Means have testified that one way to cure the downward trend is an immediate revision of our present oppressive Federal tax rates. History has demonstrated on a number of occasions that when taxes have been reduced, actually the revenues of the Federal Government have gone up. I am hopeful that some reasonable reductions and revisions can be made in our tax system during this session of Congress.

Everyone is familiar with the discussion that is taking place about who might take over if a President became incapacitated. The confusion in this situation is caused by the fact that there is no provision in the Constitution in determining the disability of a President. Mr. Eisenhower was the first to suggest that some solution to this problem should be reached. The result has been that many plans have been advanced. The one that seems to be most likely to be adopted is one that would provide for a commission composed of seven members. That would be the Vice President, the Secretary of State, the Speaker of the House, and the Majority and Minority Leaders of both the House and the Senate. At least five of these seven members would have to agree in any action declaring that a

President was incapacitated and could not discharge his duties, and such action could only take place after competent medical advice. An important feature of this plan is that it would preserve some balance between the Executive and Legislative Branches of our Government.

At one time or another nearly everyone has received obscene and filthy literature through the mail. Two measures that would prohibit the movement of this type of literature in the United States mails will shortly be considered by the Congress. There is a real need for this legislation, and I hope that it will get speedy approval.

Mr. Flynn Stewart was a visitor in Washington this week.

CATTLE AND CALVES OPEN SHARPLY HIGHER

FORT WORTH — The trade in cattle and calves continued along the come-back trail at Fort Worth Monday. Trade was strong and very active at Fort Worth Monday in the cattle division. Slaughter calves, stocker cattle and calves, and canner and cutter cows were strong to 50 cents or more higher, some slaughter calves registered 50 cents to \$1 higher levels than late last week.

Canner and cutter cows had about recovered recent losses. Fed steers and yearlings as well as bulls and fat cows chalked up strong prices, with some fed heaves as much as 25 cents or more higher.

Good and choice slaughter steers and yearlings cashed at \$23 to \$26.50 and common and medium sorts sold from \$15 to \$22. Fat cows drew \$16 to \$18 and canners and cutters sold from \$10 to \$16.50, some big weight dairy breeds in the \$16.50 to \$17 bracket matching the recent highs on those kinds.

Bulls sold from \$14 to \$19. Good and choice slaughter calves cashed at \$23 to \$26.50 and common and medium sorts sold from \$17 to \$22. Culls cashed at \$14 to \$17. Good stocker steer calves sold from \$21 to \$23 and stocker heifers of similar kinds sold from \$25 downward. Stocker steer yearlings cashed at \$25 downward.

SHEEP AND LAMBS STEADY LAMB TOP \$24.00, GOATS UP

Sheep and lambs were fully steady at Fort Worth Monday. Goats cashed at unevenly higher prices. Good and choice slaughter lambs cashed at \$22 to \$24, the higher figure on some milk fat lambs. Shorn lambs with No. 1 pelts, but rather heavy at 107 pounds, cashed at \$23. Stocker and feeder lambs were scarce. A few good grade wooled slaughter lambs sold at \$22.50.

Medium to good yearling and two-year-old muttons sold from \$18 to \$20, those at the higher figure having rather short pelts. Canner ewes sold from \$9 to \$10. Two loads of aged bucks, mostly recently shorn, sold for \$9.

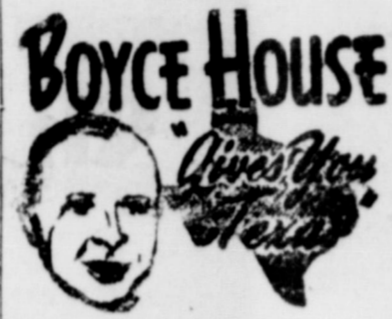

A number of consignments of goats appeared in the run and slaughter goats of all classes ranged from \$7 to \$8.50. Stocker goats cashed in the \$9 to \$11 bracket.

HOGS SELL STRONG TO 50c HIGHER

Hogs were strong to 50 cents higher at Fort Worth Monday as choice butchers topped at \$21 to \$21.50, and medium and good kinds sold from \$18 to \$20.50. Heavy weights failed to strengthen and sold from \$19.50 downward in most sales. Sows cashed at \$15 to \$18. Pigs cashed at \$15 to \$18.

NINE CUTIES — These children and their parents are, left to right, top row, Rickey Lynn Nance, Mr. and Mrs. W. C. Nance; Judy McSwain, Mr. and Mrs. Millard McSwain; Frank Morrow, Mr. and Mrs. Joel Morrow; second row, Travella Ann and Danny Lynn, Mr. and Mrs. Clifford Killian, and Melissa Louise, Mr. and Mrs. G. N. Allison; third row, son of Mr. and Mrs. Buddy Urbanczyk; Julia Ann, Mr. and Mrs. A. O. Brazell, and son of Mr. and Mrs. Billy Mitchell.

The old West Texas Oil Belt was the greatest hotbed of high school football in the State.

And about the most enthusiastic fan was a long, tall oil man in Eastland.

One day he was telling about a prospect for end:

"He's six, six and can he go up for those passes!" — and he demonstrated by flinging his arms high — and a hand was hit by the wooden blade of a fan above the Palace of Sweets doorway.

It is bound to have hurt — but he barely paused, then said, "He can sure catch 'em."

Another time he was describing a tackle he had seen and, without looking, he threw out his arms — and grabbed a lady who was walking by.

When he was kidded about it, he replied, "Well, did you notice that I grabbed a good-looking one?"

Breckenridge had a star half-

back named Zafonotis (afterwards, a regular at A. & M.) The Eastland fan was discussing the prospects of his team:

"We can beat Breckenridge if we can just stop that Paraphernalia."

Like many fans, he knew football only in a general way. On this occasion, I couldn't resist saying:

"Have you heard about a new formation Breckenridge has? The center gets over the ball and the other 10 players line up behind him; nine of them stoop and he snaps the ball to the tenth man and then he has ten men running interference."

He looked so sad that I felt compelled to explain that the formation was just something I had cooked up — as the rules require that, on offense, a team must have seven men on the line of scrimmage.

That was many years ago — but rival teams are still having trouble trying to beat Breckenridge.

LOCALS

Mr. and Mrs. D. E. Whitworth were business visitors in Wichita Falls one day last week.

Dr. and Mrs. Kenneth Wiggins and family of Fort Worth and Mr. and Mrs. Manson D. Waits and family of Lubbock visited Mr. and Mrs. Moulton Wiggins and Mr. and Mrs. J. Welton Smith and children over the week end.

Records Needed When Applying For Social Security

Persons applying for social security benefits can speed the payment of their claims by bringing the necessary record with them according to Ertion F. Tate of the Wichita Falls social security office.

Wage earners and the survivors of deceased wage earners should furnish a copy of the Form W-2 "Statement of Wages Paid" for the preceding year. In addition they should supply the information regarding earnings for the current year.

Self-employed persons or their survivors should be prepared to furnish a copy of Schedule C (or Schedule F for Farmers) and other supplementary schedules

with their income tax reports for the preceding year. They should also furnish the cancelled check or other evidence that the tax has been paid. The estimated earnings from self-employment for the current year should also be furnished.

No person should delay contacting his social security office because he lacks any of these records, Tate states. Delays in filing claims may mean a loss in benefits. However, if all the records available are taken to the social security office when an applicant seeks to file a claim it will assure the earliest possible payment of benefits.

Thursday guests in the home of Mr. and Mrs. Ray Snyder were Mrs. W. H. Haven, Mrs. Oma Lee and Mrs. Jerry Lee and daughter, Carolyn, of Wichita Falls.

Beta Chi Chapter Meets For Study Of Public Schools

Twenty eight members of the Knox, Stonewall and Haskell Beta Chi Chapter of Delta Kappa Gamma met February 8th in the Munday School Band Hall for an informative program on Texas Hale Aiken Grass Roots Study of Public Schools.

Charts, graphs and comparison posters explained by Program Chairman Mrs. Ina Cowan of Munday pointed up many startling facts pertinent to the present and coming needs of Texas Public Schools. Among these were:

Texas, at present, ranks 33rd in the nation on teacher salary schedule, yet ninety six percent of Texas teachers hold degrees, placing Texas second in the nation in degreed teachers.

Texas' school population, and most of the nation's as well, will almost double by 1970 while present rate of teacher recruit-

ment shows we will have less than half the number of teachers by that time to care for the swelling teacher load.

Four thousand plus school room units, still unbuilt, will be needed at the end of this school year to meet the needs of Texas School children. One hundred twenty one million, fifty thousand dollars will be needed to finance this deficit of classroom space.

Members met in county groups after a brief look at statistics published by the Texas Education Agency, and an explanation of the state and county organization of the Hale Aiken Study Plan. County groups agreed to familiarize themselves with the study guide which will be sent from the Legislative Committee this month . . . give moral support and every possible assistance to county members of the Group of Twenty Four who are conducting the study in each county. This report will be finished and correlated with the State study by next January, 1959.

Munday members served delicious refreshments amid a valentine decor to Mesdames: Irene Ballard, Artie May Burket, Mary Martin, Kathleen Diggs and daughter, Aura Lee Thornton, Hazel Weaver and Roselle Wil-

Funeral For Hap Smith Held At Rochester

Funeral services for T. R. (Hap) Smith, 52, of Abilene were held at 3 p. m. Friday from the First Baptist Church in Rochester. Burial was in Rochester Cemetery under the direction of Mansell-Smith Funeral Home.

Mr. Smith, a registered pharmacist for more than 25 years, died at his home in Abilene at 7:15 p. m. Wednesday, February 5. He has been manager of the River Oaks Drug in Abilene until ill health forced his retirement about six weeks ago. He had been in ill health for several months.

Mr. Smith was employed for 13 years with the Frizzell Drug Co. in Knox City, and moved to Rochester in 1933. He purchased a drug store there which he operated until 1955.

Mr. Smith was a director in the West Texas Chamber of Commerce for 12 years, a 32nd degree Mason and a member of the First Baptist Church in Rochester.

Survivors include his wife, Frances; two daughters, Mrs. Dallas Baugh of Rule and Charlene Smith, a student at Hardin-Simmons University; one son, Tommy, of the home; his father and step-mother, Mr. and Mrs. J. W. Smith of Knox City; four sisters, Mrs. J. A. Wilson of Knox City, Mrs. L. A. Davis of Ruidoso, N.M., Mrs. W. R. Harris of Chandler, Ariz., Mrs. Johnny Tankersley of Arlington, and five brothers, Roy, Lee and John, all of Knox City, Hobb of Rochester and W. E. of Waco.

Jack Kultgen, left, business executive of Waco, has been elected president of the board of directors of the Brazos River Authority. He succeeds Herbert S. Hilburn, right, Plainview editor and publisher, who has been a member of the board since 1935 and its president since 1953.

Munday War Veteran Dies

W. W. (Bill) Williams, 71, of Munday, died at 5:25 a. m. Friday, January 31, in the Veteran Hospital in Amarillo after an illness of four weeks.

He was born August 20, 1886, in Eddy and moved to Haskell County in 1899. A retired farmer and unmarried, he moved to Munday four years ago and had been making his home with a sister, Mrs. Kate Caldwell.

A veteran of World War I, he enlisted in Haskell on September 17, 1917. He was a member of the Seventh Infantry Division, serving in France. He was wounded on two occasions.

Funeral services were held at 3 p. m. Sunday, February 2, from the First Baptist Church in Haskell, with the pastor, Rev. M. D. Rexrode, officiating. Military services were conducted by the Rochester American Legion Post, and burial was in Haskell Cemetery under the direction of Mansell-Smith Funeral Home of Rochester.

Survivors include three sisters, Mrs. Caldwell of Munday, Mrs. Bessie Dedmon of Mesa, Colo., and Mrs. Pearl Goss of McCaulley; three brothers, Jack and Arthur of Rule and Amziar Williams of Sudan.

"PERRI" JOINS FAMED SOCIETY

A new name will be added to the famous animals of fiction, art, history and movies when Walt Disney's first True-Life Fantasy, "Perri," comes to the Roxy Theatre as a precedential live-action Technicolor production next Tuesday, Wednesday and Thursday.

She is a dainty little charmer of the wildwood—a pine squirrel named for the heroine of Felix Salten's beautiful animal romance and photographed in her actual life and loves in a Utah wilderness.

As a Disney discovery, the enchanting little princess of the tree-tops is assured a quick celebrity. In the gallery of the greats in animal lore she is bound to be popularly associated with such names as "Black Beauty," "Buck," of London's "Call of the Wild," "Fala," the White House scotty, "Moby Dick," "Jumbo," Ringling's giant elephant; the bear's of the Uncle Remus tales; "Figaro" and "The Cheshire Cat"; "Bambi," "Thumper," "Jaquar" and "Jiminy Cricket."

"Perri" is released by Buena Vista.

LOCALS

Mr. and Mrs. Terry Harrison and Mrs. Emil Hoff and children were visitors in Abilene last Tuesday.

Mr. and Mrs. J. L. Martin of Fort Worth were Sunday guests in the home of Mr. and Mrs. L. W. Hobert.

Mrs. Boyd Moore and Nancy of Pampa visited her parents, Mr. and Mrs. A. M. Moore, Sr., and with Mr. and Mrs. Troy Moore several days this week.

Mrs. Doyle E. Hughes and family and Mr. and Mrs. Gene Roland Haynie and daughters of Lubbock were Sunday guests of Mr. and Mrs. B. O. Norvill.

Mrs. Charles Pruitt and daughter left last Wednesday for Bethany, Okla., to spend the remainder of this week with her sister, Mrs. Bill Hudson, and family.

BENJAMIN NEWS

Kenneth Isbell of Pawhuska, Okla., spent the week end with his mother, Mrs. Leola Isbell and other relatives.

Mr. and Mrs. Ray Skidmore were business visitors in Abilene last Saturday.

Local March Of Dimes Nets \$1,207

The Variety Show held last Thursday night for the March of Dimes and the concession stand sponsored by the junior class made \$120.30 for the drive. A late school card totaling \$1.70 brought the entire proceeds to \$1207.16. This was above last year which was \$1,000.00.

Mrs. Frank Garret, local chairman, and Mrs. John Poyson, county chairman, wish to thank each and every one who gave so generously of their time and donations. Election of officers will be held next week.

Mr. and Mrs. C. V. Williams visited her mother, Mrs. E. S. Beavers, in Iowa Park over the week end.

Visiting in the home of Mr. and Mrs. H. D. Hanson over the week end were Mr. and Mrs. James Henson and family of Shallowater, Glenn D. Henson of Winters, Billy Ray Henson of Texas Tech in Lubbock, Mrs. Billy Joe Pruitt and Mrs. Dub Greenham and children of Wichita Falls.

our Farm to Market Roads. There is a move on to cut appropriations for this project; if such a move proved successful not only would our farmers and ranchmen suffer, but our school system's means of transportation would be injured.

I am opposed to a general sales tax; I oppose a proposed individual State Income Tax; if additional taxes have to be levied, let's make it as painless as possible. I actively supported a measure that would permit ranchmen and farmers to use up to two hundred acre feet of water for any beneficial purposes; but the measure was defeated due to its having been tied up with the general conservation bill that was enacted during the first call session in 1957. If I go back to the legislature, I'll see that such a bill is again introduced.

I favor segregation in our school system unless the local districts vote otherwise; however, I wish to see our Colored Schools equal to others. I am convinced that both races can best be served by separate but equal schools. I oppose federal encroachment upon our Public Schools. Federal Aid will mean federal control. In fact, I am opposed to the United States Supreme Court's making our laws. I am for constitutional government; but I wish that constitutional changes be made as provided in our constitution. I am for state rights.

I may say that I moved to this district with my parents in 1900; and I have resided here since that time except when I was in the United States Army during World War I and for a few years while I was teaching but I've always voted in this district.

I have been supporting the democratic nominees, locally, statewide and nationally though I do not always agree with some of our leaders. I believe that our differences should be settled among ourselves. I may say, furthermore, that I have been a soldier, teacher, banker, mayor for 8 years, and am now a farmer.

I believe the above experiences coupled with my legislative experiences qualifies me in the knowledge of your wishes and needs. I have no business connections outside of agriculture, other than a few shares in a local Co-op Gin. I can approach your problems open minded without prejudices and without bias.

Thank you, I'll personally see as many of you as possible before the July Primary.

EGG LAW ENFORCEMENT BEGINS

Only a few more days remain before the Texas Egg Law becomes effective.

On Monday February 17th, official enforcement of the new law is inaugurated by the Texas Department of Agriculture. After that date, Texas will no longer be the only state in the Union without legal protection for the egg industry.

The new egg law is essentially a grading and labeling act. Briefly, it requires all eggs sold within the state to be properly marked as to its grade — and the eggs must meet the specifications indicated on the carton or crate whenever inspectors from the Department make one of their frequent spot-checks at any level.

The end result of this new law will benefit all persons connected with the industry. The producer is given an incentive to market high quality eggs that bring a premium price. The better his eggs, the more his profit and his good quality product will not have to compete on the same levels with inferior eggs.

The housewife, too, will be relieved of the hit-or-miss methods of egg buying. No guesswork is

involved when she picks her eggs at the market. The grade on the box is the grade of the egg inside and she still will have a wide choice of quality and price according to her cooking needs.

The entire egg industry can expect a boost, also. For years, Texas eggmen have been plagued with false or misleading labeling methods within the trade. Various phrases were used in advertising which lead to confusion in trying to buy high quality eggs. Now the trade has a uniform system of grading on which to base their price.

In addition, egg handlers can buy and sell Texas eggs of a known quality without having to rely on out-of-state purchases for accurately graded eggs. This will help to keep Texas money in Texas.

When the legislature passed the egg law, it also set up a Texas Egg Marketing Advisory Board to aid in policy making and enforcement problems. Agriculture Commissioner John White is chairman of this board, with D. W. Reneau of Seguin serving as vice-chairman.

Other members of the board are: T. D. Craddock, Hamilton; G. F. Siebel, Burton; Jim W. Whitaker, Paris; Jack Dubose

Gonzales; Marvin Gilbreath, Weimar; Dewey Stringer, Houston; Tom R. Boothe, San Antonio and Frank Ehrl, Childress.

Weekly Health LETTER

Issued by Henry A. Hollis, M. D., State Health Officer

There was a definite Jekyll-Hyde element in Wilhelm Conrad Roentgen's discovery of the x-ray phenomenon in 1895. Used by trained technicians, x-rays become peerless tools for diagnosing and treating human ills and injuries. But used by untrained hands, they become errant destroyers of living tissue.

Even Roentgen didn't realize the danger of his discovery. He apparently did not receive any significant injuries, but his good fortune stemmed from the fact that he constructed shields not for his own protection, but to keep his highly prized photographic plates from being fogged by scattered radiations.

Today there is agreement among many medical authorities that x-ray exposures cause tissue damage. Generally speaking, however, as used by competent physicians the value of diagnosis and treatment far exceeds the controlled damage which must inevitably result.

Recent stringent regulation by the State Board of Health against exposures of humans to x-rays prohibits indiscriminate fluoroscopy. Fluoroscopy is authorized when supervised by persons licensed to "engage in the healing arts."

A case in point is the relatively common practice in recent years of using x-ray machines to visualize feet of normal people, including children, in retail shoe stores.

That they are dangerous has been shown by the State Health Department's Division of Occupational Health as long as five years ago. Engineers extensively examined machines in various parts of the State and found the vast majority of them to be distinct hazards to customers and to store employees stationed nearby.

The new Board of Health regulations say "shoe-fitting fluoroscopes are hereby declared to be neither diagnostic nor therapeutic." But that does not preclude their use as a means of checking a corrective shoe fit as prescribed by a physician.

For persons with normal feet, most shoe stores fit shoes by the time proved methods of pressure, feel, and comfort. But there are persons who require special built in corrections in their shoes. In many of these instances fluoroscopic devices are valuable in checking the accuracy of the correction.

Parents should never submit themselves or their children to fluoroscopic shoe fittings unless their physicians recommend the procedure.

Public Health and medical authorities have a responsibility for seeing that the best possible use is made of x-ray devices in detecting and treating human ills. The public has a responsibility too — in not demanding x-ray from their physician when he does not find one necessary.

Mrs. Kenneth Smith and son, Kenny, of Sweetwater visited her parents, Mr. and Mrs. Frank Nance, and other relatives here several days last week.

ABUNDANT LIFE BY ORAL ROBERTS

PRAYER HEALS CANCEROUS CHILD
What you are about to read will astound some of you. It should thrill all of you because God is a good God. What he has done for another, He is very able and willing to do for you.

Mrs. J. W. of Georgia writes that her physician told her concerning her 11-year-old son. "I am so sorry, but your son is eaten up with cancer. We have just operated and if the child has any cancer, he has a thousand! Everywhere we looked, there was a mass of cancers. He might live 3 days."

"What would you think, feel, do, if your physician turned away with tears trickling down his cheeks in a silvery stream?" asks Mrs. J. W. "All I could whisper, as my heart broke within me, was, 'Don't let him die. Please, God, don't let him die.'"

"I was not a Christian. I didn't know how to pray, and, on the morning following the operation, the doctor called us into his office and told us that we should call anyone in that we wished, our child was almost gone. 'The hours passed. I walked out of his room into the hospital corridor. I had become so depressed that I had quit even trying to pray. But there I met two ladies and they were so very nice. They told me that God could heal my son even though he was at the door of death. They also gave me a copy of the Oral Roberts magazine. As they talked to me, suddenly a desperate hope surged into my heart. Could it be possible? What wonderful news! My son could recover—I believed it. I told my husband and he began to cry and

pray. We called your headquarters in Tulsa, Oklahoma, and requested your prayers. We were assured of your sympathy and prayers. This was about 10:00 a. m.

"At 1:30 p. m., the swelling began to leave. By 6:00 p. m., our boy was sitting up in bed. At 9:30 p. m. he started passing those cancers from his body. We called the physician who had performed the operation, and he couldn't believe the report. He got out of bed and came to the hospital to see this miracle with his own eyes. By the 17th day our son wanted to get up, and we allowed him to. He put on a new football uniform that his schoolmates had sent him while he was sick, and went outside. For a moment I began to worry, thinking it might hurt him in some way to get out of bed and go outside so soon after being near death. But then I remembered it was God who healed him, and God would look after him."

This mother wrote to me again over a year ago as follows: "It has been six years since God healed our son through prayer and faith in God. He hasn't had a sick day since. We are all very happily serving the Lord." In my ministry, I keep emphasizing that God is a good God. There is a realm of faith that defies description or physical location, because it is spiritual. But it can be reached just as easily and quickly as did this mother, if you will have faith in God. Only believe, for Jesus came to bring abundant life, health and blessing.

IT'S THE LAW in Texas
A public service feature of the State Bar of Texas

HALF A LOAF MAY BE WORSE THAN NONE

You've heard the old saying that half a loaf is better than none. But when it comes to written contracts, that isn't exactly true.

Oral contracts with some exceptions are perfectly enforceable in court. You make many such contracts in your daily living. When you drive into a filling station and say "Fill 'er up!" you've made an oral contract obliging you to pay for the gasoline the attendant puts in your tank. Every auction results in many oral contracts of sale. Millions of people are employed on oral contracts.

The trouble with an oral contract is the difficulty of proving its terms if a dispute arises. The court will listen to your version of the contract and to the other fellow's version and then try to reach a decision.

It is best then to put a contract in writing. But here is the danger — be sure you put it all in writing. If the written contract does not contain all of the elements you believed to be in the agreement, the court will not even listen to your version of the agreement. Thus, half a written contract may be worse than none.

For instance, you buy a stove which the salesman says you may return if you don't like it.

You sign a conditional sales agreement that does not mention your right to return it. In fact, the fine print on the form says that you agree that no representations have been made about the stove except those written in the contract. If it turns out you don't like the stove, you will have no right to return it, and you can be sued if you fail to pay for it.

For your own protection, read your contracts before you sign and insist on writing in any promises the seller makes to you but does not put in the contract.

(This column, prepared by the State Bar of Texas, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)

Gems Of Thought

"GOVERNMENT"

Mankind will be God-governed in proportion as God's government becomes apparent, the Golden Rule utilized, and the rights of man and the liberty of conscience held sacred. — Mary Baker Eddy

No man is good enough to govern another man without that other's consent. — Abraham Lincoln

The will of the people is the only legitimate foundation of any government, and to protect its free expression should be our first object. — Thomas Jefferson

It is impossible to govern the world without God. — George Washington

That is the most perfect government under which a wrong to the humblest is an affront to all. — Solon

When men put their trust in God and in knowledge, the government of the majority is, in the end, the government of the wise and good. — William Spalding

Knox Prairie Philosopher Is Glad To Take His Shoulder Off The Wheel Now That U. S. Satellite Is Launched

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek adds his two-bits worth to the discussion of the satellite, although that may be pricing it a little high.

Dear editor: I don't know about you, but I'm certainly glad we got that satellite up and maybe now we can stop some of this talk about everybody putting his shoulder to the wheel.

Understand, I was willing to put my shoulder to the wheel, if that was the way to conquer space, but frankly Washington never did convince me the way to help this country launch a satellite was for me to get on my tractor and work longer hours. I ain't a scientist, but I never could see the connection.

Also, I never was really worried. Impatient, maybe, but not worried. I figured any country smart enough to produce a self-defrosting refrigerator a machine gun that could fire through the propellers of an airplane, a hydrogen bomb, an electric razor, a tubeless tire, and an atomic submarine, could figure out how to launch a satellite.

The fact Russia got ahead of us only emphasizes my contention that scientific secrets, like the secret of the bicycle, can't be

held exclusively very long by any one country.

But now that we've got that satellite going around the earth, I would like to point out that there are still other problems, and if man thinks the only way to be happy is to get out in that drafty, sun-blistered and subzero void called space, he's in for a let-down. I figure a man can be just as miserable gliding through space as he can fighting traffic on a highway, just as he can be happy sitting on his own farm.

I read just the other day where airplanes have become so smooth you can't feel the motion, it's as if you were sitting at home in an easy chair while you travel aloft above the clouds, but my contention is that that sure is going to a lot of trouble to get what I've had for years — the pleasures of sitting still in a
