

Kracker Krumb's

Odd Bits Salvaged
By The Editor

It just hasn't been straw hat weather!

k-k

That is, until the rains stopped and the sunshine came out this week. And the sunshine has been welcomed by more people than those who wanted to don their summer straws.

k-k

One of the most droopy things imaginable is a summer straw that has taken a hard spring shower, so the straws — whether they be last year's bargain sale items or this year's brand new models — have been in semi-storage during the past few weeks. But more and more of them are adorning the heads of gents who are seen on the streets this week.

k-k

We've argued that a straw without air holes is just as hot, if not more so, than a felt. We've had such headgear on during a hot summer day, had the perspiration collect around the hatband, then when we lifted the headpiece for a breather, the sweat would course over our face and spectacles like rain.

k-k

Therefore, we've tried to secure straws with air holes in them for our every-day models. We selected a bargain sale type last fall and placed it in storage. When we came out with it last Monday, it appeared in pretty fair shape except for a few dents and bulges resulting from its inactivity during the months.

k-k

So if "Appleknocker" Harpham hasn't already donned his straw, it's plumb all right for him to do so. You know, they say that this editor and Harpham can put their straws on earlier and wear them later in the fall than any other persons. A few have gotten ahead of us this year.

k-k

Last Monday, we heard Bill Hertel tell some friends he had some wheat he'd sell pretty cheap. The rust had gotten into this particular patch, and Bill expressed doubt that it would ever head out.

k-k

There's been other complaints about the "red rust" in wheat fields, and what looks like a fine wheat crop to the person driving along the road may not be much after all. But if everything continues favorable, there'll be lots of wheat taken to the elevators before the season is over.

k-k

Some have expressed the desire for continuing sunshine, like we've had the first of this week, for some six or seven weeks without letup. That would place us in mid-June with crops well under way, and rain at that time would probably be as welcomed as the sunshine is now.

k-k

Potato growers had their irrigation wells running some time ago, pumping the water to their spud crops. Then came the rains of last week, and they started pumping the water off the fields. One of the problems of truck farming is to know when to irrigate and when to wait for rain.

k-k

If you have relatives in far-away places who are ex-students of Munday High School, and you feel those planning the 1958 homecoming do not have their addresses, then turn them in to the Chamber of Commerce office. Plans are being made for the homecoming on August 30-31, and the committee feels that many ex-students could plan their vacations to coincide with the homecoming dates if they know about it in time.

All-Stars Win League Opener

The Munday All-Stars opened the Brazos Valley league with a 15 to 0 win over the Aspermont Semi-pros last Sunday. The game was scheduled to be played in Munday but was moved to Aspermont, due to wet grounds at the local field.

Willard Skiles pitched a two-hitter, walking three and striking out nineteen. Home runs were hit by Willard Skiles with two on, and Larry Walling with one on. Next Sunday Munday will meet Guthrie in Munday at 3 o'clock in what should be the best game of the season.

Mrs. Wilma Dean Griffith and Mrs. Dorsey Looney were visitors in Abilene last Tuesday.

Road Projects Are Expected To Be Opened Soon

Two projects now under way in Knox County by the Texas Highway Department are expected to be completed within the next ten days. H. C. Cunningham, local resident engineer, announced last Monday.

"If pretty weather continues so work on these projects can continue without interruption, we expect to complete them sometime next week," Mr. Cunningham said. The projects have been delayed during recent weeks by continued wet weather.

FM Road No. 2365, which connects the Munday-Knox City highway with Highway 277 south of Munday, is one of the projects. It begins about six miles west of Munday, goes south one mile, then east to Highway 277.

The other project is the Brazos River bridge, north of Rhineland, which has been almost completed for several weeks. Mr. Cunningham expects both projects to be completed about the same time.

Billy Mitchell Announces For Commissioner

Billy Mitchell last Tuesday authorized the Munday Times to announce his candidacy for the office of Commissioner of Precinct No. 4, subject to the action of voters in the coming primaries.

"Most of the people of this precinct know me personally," Mr. Mitchell said in making his announcement, "since I have lived in and around Munday for the past 22 years. I am 35 years of age, am married and have four children.

"I believe I know many of the problems of my county and precinct, and, if elected to this office, I pledge my full co-operation with other members of the Commissioners Court, other county officials, and with the citizens in confronting these problems. I will do my best to serve you efficiently and will devote whatever time necessary to the duties of office and for the benefit of our county and precinct.

"Your vote and influence in the campaign will be deeply appreciated; and, if elected, your confidence in me will be rewarded by the best service possible for me to render. I hope to see most of you personally. In the meantime, I request your careful consideration of my candidacy."

Burton Named Gin Manager

Cecil (Cotton) Burton was elected manager of the Farmers Co-operative Gins at a recent meeting of the board of directors.

He succeeds M. H. (Red) Brumley, who has served as manager for the past several years. Mr. Brumley resigned as manager a few weeks ago.

The Burton family is really coming back home, Cecil having come to this county with his parents in 1906. He was employed by the local gin for ten years, serving as manager in 1945-46, after which time he worked at gins in Rule, Goree and Seymour. He has been employed at a Seymour gin since 1949.

Cotton has taken over his duties at the gin and will move his family to Munday at the close of school.

Railway Officials Are Visitors Here

Three officials of the Burlington Railway were visitors in Munday on Wednesday of this week, coming here in the interest of aiding in moving the vegetable crop in this area.

The visitors included A. K. Hepperly, agricultural agent for the Burlington Lines at Denver, Colo.; Macil Orman of Fort Worth, agricultural agent for Texas; and A. H. Luker, general agent for Burlington's refrigerator lines.

Burlington officials have shown an interest in the development of this area in vegetable production since its inception and have been of much assistance to local vegetable growers in the past few years.

Mr. and Mrs. Dwight Key and family visited relatives in Olney during the week end.

SPRING FOOTBALL — At Texas Tech shows a former Munday Mogul star in action. At left Floyd Dellinger (10) jabs a stiff arm to evade the tackle of fullback Glenn Amerson (31) of the Whites during action in the spring game. Amerson is a sophomore at Texas Tech.

Plans For M. H. S. Homecoming Are Being Made For August 30 And 31

Committees have started making plans for the annual homecoming of ex-students of Munday High School, which has been set this year for August 30 and 31.

If all expectations are carried out, this year's homecoming will see one of the largest gatherings of ex-students ever assembled here, according to Doris Dickerson, who is serving as president of the association.

M. T. Chamberlain Announces For County Judge

M. T. Chamberlain authorized the Munday Times last Monday to announce his candidacy for the office of County Judge of Knox County, subject to the action of county voters in the coming Democratic Primaries. Mr. Chamberlain had filed for the office earlier, but delayed his formal announcement until this time.

"Most every one in the county knows me," Mr. Chamberlain said, "and you know my record as a public official. My candidacy will be based solely upon my past record and upon my ability to perform the duties of this office.

"As has been my policy in the past, I do not enter this race with a lot of promises to you, either as to what I will do or will not do. My only promise is to give the people the best service possible, if elected.

"I solicit your vote and influence upon this basis, and I assure you that, if elected, I will do my best to merit the confidence you have placed in me."

Vera School Names Faculty

Members of the Vera Consolidated School Board held its regular meeting recently and re-elected the faculty for another year.

Re-elected were Mrs. Edith Russell, Mrs. Braden McWhorter, Miss Jessie Myers, Guy McLain, for the elementary school, and Mrs. Tom Bowdoin, Harold Beck and Mrs. J. A. Stover, for the high school.

New officers of the school board are: Tom Hardin, president; Bill Rutledge, vice president; Morris Robertson, secretary. Other members are Orville Kinnibrugh, L. D. Allen, Loran Patterson and Calvin Christian.

MUNDAY STUDENT IS SOCIAL CLUB OFFICER

STEPHENVILLE — Bobby Cude, son of Mr. and Mrs. Elmer E. Cude of Munday, was recently elected vice-president of the Silver Keys social club at Tarleton State College. He will serve during the 1958-59 fall and spring semesters.

Cude is a freshman student at Tarleton State. He is a 1957 graduate of Munday High School.

Organization Of Heart Assn. To Be Perfected

Dr. D. C. Eiland of Munday is in charge of arrangements for the organization of the Knox County Heart Chapter, and the organizational meeting will be held in Dr. Eiland's office at 8 p. m. Thursday, May 15.

The purpose of the organization is to extend whatever help is necessary from this county for people who might need help. From the Heart Fund drive proceeds, 20 per cent of the amount raised in the last drive will be allocated to this county, and its expenditure will be under the direction of the County Heart Association.

Arville Tolbert, assistant executive director of the state association, is expected to be present to explain how the local chapter can help. Tolbert recently returned from a school in New York, where he learned in detail about the vast research and educational programs which are being carried on by the American Heart Association and its affiliates.

Any interested person is invited to attend this meeting.

Clyde Beck Is Candidate For Commissioner

Clyde Beck of Vera has authorized the Munday Times to announce his candidacy for the office of Commissioner of Precinct Two, subject to the action of precinct voters in the Democratic primaries. Mr. Beck's statement to the voters follows:

"I am 31 years of age and have lived in the Vera community all of my life. I am married and have two children, and am a member of the Methodist church. After finishing high school at Vera, I attended Texas A&M College for one year before entering the Marine Corps for 30 months of service during World War II. After receiving my discharge, I attended Texas Tech and continued my studies in agriculture economics for one year, and have been farming in the Vera community since that time.

"During my candidacy, I intend to personally contact every voter in the precinct. I will give my full co-operation to the Commissioners Court and other county officers in all actions for the betterment of our county and precinct, and will leave the headquarters and all county equipment in Benjamin.

"I ask that you give my candidacy careful consideration, and I assure you your vote and influence will be greatly appreciated."

Blessed Virgin Is Honored In Queen Of May Ceremony

St. Joseph's church was the scene of an impressive ceremony honoring the Blessed Virgin as Queen of May. Flowers in profusion dressed the altar spotlighting the sanctuary where the statue of the Mother of God was placed for this special occasion.

Upon entering the church in procession, the parish children sang "Salve Regina." The High School girls, in formal attire, formed a court of honor for Danny Kuehler, crown bearer, and Miss Connie Bellinghausen, who placed a crown of roses on the head of the statue.

This traditional annual service highlights the many special devotions during the month of May honoring Mary as the spiritual Mother of the church. Recitation of the Rosary and Litany of the Blessed Virgin concluded the ceremonies.

MARINE RECRUITER IS VISITOR HERE

Marine recruiter T/Sgt. Jim Moore, whose office is in the post office building in Wichita Falls, was a visitor here one day last week. He will be at the post office in Seymour from 11 a. m. to 1 p. m. each Thursday.

He urges young men to find out about the educational and technical advantages of becoming a Marine.

BIRTH ANNOUNCEMENT

Mr. and Mrs. Thomas J. Brogan of Fort Worth are announcing the arrival of a son, Thomas Loyd, on April 25, 1958. Grandparents are Mr. and Mrs. L. C. Sweatt of Munday and Mrs. A. Neil Brogan of Philadelphia, Pa.

Munday Junior High Presents Annual Spring Programs On Thurs., May 8th

On Thursday evening, May 8, at 8:00 o'clock, in the Sunset School gymnasium the first of two programs to which the public is invited will be presented by Munday Junior High School. This first evening's entertainment includes two one-act plays by eighth grade students, "The Professor Roars" by 8-A and "No Time for Skirts" by 8-B. The cast of the first of these includes Jerry Meers, who plays the part of Professor Fromkin; Sue Garrett, Aunt Justina, the professor's aunt; Polly Parks, the professor's wife; and Glenda Bell and Carolyn Berryman, who play the parts of two college students, Billy Carstairs and Lee Marcy.

The cast of "No Time for Skirts" includes Frances Orsak as Martha Horst; Tommy Dickerson as Charles Horst, Martha's husband; Patte Patterson as Jan-

ie Horst, the tomboy daughter; Tony Hobert as teen-age Bert Horst; Charles Kirschner as Hank, Bert's chum; Cheryl Matthews as Elaine, Jamie's friend; Lynda Smith, Pat Williams, and Doris Kay Armstrong who play the parts of teen-agers, Lois Carla, and Irene; Howard Canafax and Bobby Masters as two workmen; Susan Rayburn as Miss Tomlyn, a schoolteacher; and Charles Phillips, who plays Keith Tomlyn.

Music will be furnished by the 5th and 6th grade band, and a novelty number, "Get a Job", will be presented by Joan Cude, Karen Johnson, Shirley Booe, George Reed, Jerry Meers, and Bruce Pruitt.

The second of these programs will be presented on Thursday evening, May 15, at 8:00, in the Sunset gymnasium. This program will consist of a one-act play, "Wildcat Willie Gets Brain Fever," by students of the seventh grade. The cast includes the following: Dicky Partridge as Wildcat Willie; Jackie Morrow as Joe, Willie's pal; Helen Bentley, Mrs. Wilkins, Willie's mother; Karen Johnson as Gladys Wilkins; Joan Cude as Kathie, Joe's sister; Ricky Couch as Vernon; Mary Gulley as Celia, Vernon's sister; and Nancy Penick who plays the part of Miss Bond, Willie's teacher.

Music for this program will be furnished by the Junior High Band, directed by Mr. Hulise, and a Virginia Reel will be presented by the following students: Shirley Duncan, Patte Patterson, Cheryl Matthews, Ann Moorhouse, Pat Williams, Bobbie Nelson, Sue Garrett, Claire Harpham, Phyllis Yost, Jan Pendleton, George Reed, Jerry Meers, Bruce Pruitt, Rodney Taylor, Dicky Partridge, Tony Hobert, Charles Kirschner, Jackie Morrow, Ricky Couch, and Freddy Smith.

SECOND TERM — Attorney General Will Wilson is seeking a second term in the Democratic Primary, and will announce his platform later.

During his second term emphasis will be put upon strengthening local government in every way possible. "I am not just for opposing centralization of the Federal Government," he said, "I am for county rights and city rights. Our people govern themselves best through local units."

Mother Of Local Man Dies Tuesday At Hale Center

Funeral services will be held at the First Methodist Church in Hale Center Thursday, May 8, at 2 p. m. for Mrs. E. T. Wright. Mrs. Wright died Tuesday at noon after a long illness.

Mrs. Wright is survived by one daughter, Miss LaVerne Wright of Hale Center; three sons, Bill Wright of Munday, Lloyd Wright of Dallas and Willard Wright of Arlington; three brothers, John H. Elliott of Lubbock, Howard Elliott of Muleshoe and Chester Elliott of Austin; six sisters, Mrs. Melvin Strickland of Munday, Misses Blanche and Clifford Elliott of Knox City, Mrs. Barney Horton of San Benito, Mrs. L. A. Proctor of San Angelo and Mrs. G. H. Harris of Pampa.

New Books In Munday Library

The library committee reports that several new books have just been added to the Munday Public Library.

Most interesting of these is "Masters of Deceit," the story of communism in America and how to fight it, by J. Edgar Hoover. Other additions reported are as follows: Bulldozer, by Stephen W. Meader; Invitation to Tea, by Lang; The Governor's Daughter, by Whitson; Postmarked Moscow, by Kirk; The Little Locksmith, by Hathaway; Mrs. Lorimer's Family, by Molly; and The Indian Family, by Wernher.

Knox City Soldier In Germany Exercise

MAINZ, GERMANY (AHTNC) — Army PFC Jerry D. Cobb, whose wife, Genie, lives in Knox City, recently participated in a field training exercise conducted by the 8th Infantry Division in Wildflecken, Germany.

Cobb, a rocket launcher gunner in Company D of the division's 8th Infantry, entered the Army in June 1957 and arrived in Germany in March 1958.

The 23-year-old soldier is a 1954 graduate of Haskell High School and a former employe of Guinn Sheet Metal and Plumbing in Knox City. His parents, Mr. and Mrs. Minward M. Cobb, live at 205 S. Avenue D, Haskell.

Rhineland Gin Holds Its Annual Meeting April 20th

The annual meeting of members of the Rhineland Co-op Gin was held on Wednesday afternoon, April 30, at one o'clock.

The year's earnings of \$15,750 were distributed to members in cash and book credits, according to A. J. Kuehler, manager. A total of 4,032 bales were ginned during the past season.

W. H. Bellinghausen and W. M. Ford were re-elected as directors, and lunch was served at the close of the meeting.

BARDWELLS ATTEND RELATIVE'S FUNERAL

Mr. and Mrs. J. H. Bardwell were called to Jacksonville, Texas last Tuesday to be at the bedside of Mr. Bardwell's brother-in-law, Mr. J. R. Alexander, who was critically ill.

Mr. Alexander passed away on Thursday evening after a long illness and was buried in the Jacksonville cemetery on Saturday morning. The Bardwells returned home Sunday.

HEALTH CARE OF THE AGED

In this age of ever-increasing longevity, the health care of the aged has become a highly important and much-debated problem. That problem is now being attacked by a joint council made up of the American Dental Association, the American Hospital Association, the American Medical Association and the American Nursing Home Association.

The council has three primary objectives—to identify and analyze the health needs of the aged; to appraise available health resources for the aged; and to develop programs to foster the best health care for the aged regardless of their economic status. One of the first jobs to be undertaken will be to determine exactly what are the health problems of older people. Studies in this field have been underway for several years, but now research will be intensified and the work of the various health organizations involved will be coordinated.

The council also will work closely with health insurance groups in an attempt to improve the coverage of the aged and to see that their insurance dollars go farther. It is believed, in addition, that much can be done for older people by the states and communities, and the council will endeavor to stimulate the activities at these levels of government.

Average life expectancy now is almost 10 years longer than it was as recently as 1935. The joint council's goal is to make the closing years of the lives of all as happy and as comfortable as possible.

CLIFTON, ARIZONA, COPPER ERA: "Congressman Sadlak, a Republican, and Congressman Herlong, a Democrat, have introduced a bill which would remove the roadblocks to the industrial expansion and research needed to create more jobs and raise living standards. Their bill would give tax relief to both individual and corporate Federal taxpayers, with a 42 per cent top for both individuals and corporations. The cuts would be made gradually over a five-year period and because normal economic growth would expand Federal revenue, the Treasury would not suffer."

A House subcommittee has totaled up more than 100 commercial activities in which government-owned or operated business competes with private business.

TOO SOON FOR AN OBITUARY

Newspapers have a reference room called "the morgue" where they keep clippings and obituaries of people famous or infamous. When a prominent man dies, they haul out his obituary and print it.

Somebody did that with Mark Twain once before he died and he made a classic reply. He said: "Reports of my death are exaggerated."

Ever since 1955, when the Salk vaccine was officially approved and licensed for use by the U. S. Government, people have been writing obituaries of paralytic polio. Polio, they say, is finished. But like Mark Twain, such polio authorities as the National Foundation for Infantile Paralysis answer: "Reports of polio's end are exaggerated."

True, 65 million Americans have had one or more shots of Salk vaccine. But only 35 million have had the three shots prescribed for full protection, and 46 million have had no shots at all.

True, the number of polio cases dropped way down last year. But 1957 may have been a year of light polio attack. With three out of seven susceptible people still unvaccinated, there is no guarantee that polio epidemics may not break out again next summer.

The age groups that need vaccination most are pre-school children, teen-agers and parents of young children. But there is plenty of vaccine available now for everybody, regardless of age. It's the cheapest insurance on the market.

CUERO, TEXAS, RECORD: "The public must demand more seriousness and more learning, on the part of men in public life, if better and more intelligent debate and leadership are wanted. If the public thinks that world problems can be solved, foreign policy can be developed, peace can be gained, and American security can be strengthened by platitudes, then the public will get platitudes, many of them. But platitudes will neither illuminate nor solve world problems."

GARNER, IOWA, LEADER: "The continued emphasis of crime in television programs accomplishes one end which few may realize. It has a tendency to cheapen life. Television characters 'die' by the dozens every day in racket shows, westerns, highway stories, waterfront dramas, police case histories, etc. A young mind is impressed—the wrong way."

There's Nothing Like Checking Convenience

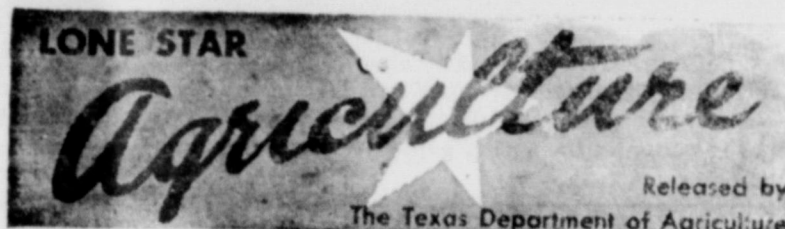

Just ask your friends and neighbors. They'll tell you that a checking account gives triple threat convenience, and makes handling money easier than ever before.

At tax time—or any time—you can check up on expenditures easily by referring to your cancelled checks. Then, too, personal checks travel to pay out-of-town bills so easily. With so much convenience at hand, more and more people are using First National checking accounts to handle their finances.

This bank offers you every service consistent with good banking.

HOW EGG PRICES ARE DETERMINED

The chicken egg, probably the most universal of all foods, is a part of everybody's diet in one form or another. Eggs are produced, bought and sold practically everywhere, and yet the business of pricing eggs is an unexact science in which many gauges are used, although not all of them are accurate.

Ultimately, of course, egg prices like all free commodity prices, are determined by cost of production and handling and supply and demand. In day to day pricing it is impossible, however, to know just how much influence factors such as sentiment, rumors, connivance, personalities, weather conditions, human judgment, faith, hope and perhaps even forced charity, are involved in

arriving at egg prices.

Who Should Determine Prices?

The people most directly affected by egg prices are the same people who should establish these prices. They are the people who produce, buy, sell and consume eggs. In order that these individuals involved in egg marketing know how to make the intelligent price decisions which are required of them, they must have the most factual and up to date information possible.

Market information agencies such as the Texas Market News Service, a section of the Texas Department of Agriculture, whose job is to report conditions and prices on certain commodities, can do a great deal toward removing mysteries concerned with marketing.

Their job (or our job as it is) is to report information, careful-

ly received and evaluated as an aid for the buyer and seller in determining their own prices. The important thing to remember is that the Market News Service does not function to determine prices but to report the prices which have been paid, after such payment has been validated.

The Texas Egg Report

Very recently, egg price reporting was established in five separate areas of Texas production—Lubbock-South Plains area, Dallas-Fort Worth area, East Texas area, Houston area, South-South Central Texas area, and the Corpus Christi-Rio Grande Valley area. Prices and conditions from these areas are reported and published twice weekly, both through press and radio and through a mailed bulletin available free of charge on request.

The Texas report is as welcome and valuable to the Texas egg industry as it is new. Texas egg market prices should be determined by Texas egg market conditions, and it is our hope to accurately and thoroughly report these conditions.

Anyone desiring to receive Texas Egg Market News Service in printed form is welcomed to

IT'S THE LAW
in Texas

CONSTITUTION CURBS LAWMAKERS

The world's mightiest law makers — the United States Congressmen and senators — sit down each year to make laws. But mighty though Congress is, the constitution won't give it certain powers:

1. Neither Congress nor anybody else can suspend the writ of habeas corpus (unless the public demands it during rebellion or invasion). All officers or oth-

ers must obey a court and bring in anyone in their custody to see whether he is held lawfully.

2. Congress cannot pass "bills of attainder", special acts to punish someone. Congress cannot bypass the courts.

3. Congress cannot pass an ex post facto law — a law which makes an act a crime which was not one when done, or which punishes the offender more than called for when done.

4. Congress cannot tax exports from any state nor by regulation favor one state's ports over another's, nor make one state's vessels clear to pay duties to another state in order to enter.

Besides these denials from within, the constitution curbs Congress and the executive and judiciary in the amendments, especially the first ten.

Among other things, Congress cannot make a law respecting an establishment of religion or prohibiting its free exercise, or abridging the freedom of speech, of the press or the right of the

people peaceable to assembly and to petition the government for a redress of grievances.

The constitution also curbs the courts (for example, they cannot deny a person a fair hearing duly represented by counsel). It curbs the executive (he cannot, for example, take private property for public use without just compensation).

The constitution, which divides the work of the three branches of government, winds up by telling where the rest of the power rests — just in case anybody gets any fancy ideas of dictatorship. There are things no state can do, for instance, "make or enforce any law which shall abridge the privilege or immunities or citizens of the United States."

If there are any powers not given to the United States government or reserved to the states, they belong to the people. The constitution does not seem to limit the people.

(This column, prepared by the State Bar of Texas, is written to

inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)

Never use plant pesticides on livestock. This rule for protecting farm animals from chemical poisoning was developed by U. S. Department of Agriculture scientists investigating cases of livestock poisoning by insecticides and herbicides.

Several years ago, I visited a little Texas town and one of the leading citizens invited me to spend the night at his lodge. It

was a large house — one of those seemingly primitive places with bear-skin rugs on the floor; big fireplace; Indian blankets on the walls; a collection of guns; rafters and beams; tables and chairs held together with pegs; leather thongs for door knobs; benches made of split logs smoothed and polished till they glistened like mirrors. The place must have cost a fortune — and it had a setting of pines and overlooked a lake.

Among the most striking features were the deer heads. They were large and handsome and there were at least two in every room.

"You must be quite a hunter," I remarked.

"I used to be" he replied, looking a little ashamed, "but one day I shot a deer and the bullet didn't strike a vital spot. He gazed at me with such an expression of suffering in his beautiful eyes that I have never been able to shoot another."

A witty Englishman, Sidney Smith, had his say on taxes:

"Taxes upon every article which enters into the mouth, or covers the back, or is placed under the foot — taxes upon everything which is pleasant to see, hear, feel, smell or taste — taxes upon warmth, light and locomotion — taxes on everything on earth, and the waters under the earth — on everything that comes from abroad or is grown at home — taxes on the raw material — taxes on every fresh value that is added to it by the industry of man — taxes on the sauce which pampers man's appetite and the drug which restores him to health — on the ermine which decorates the judge and the rope which hangs the criminal — on the poor man's salt and the rich man's spice — on the brass nails of the coffin and the ribbons of the bride.

"The schoolboy whips his taxed top; the beardless youth manages his taxed horse with a taxed bridle on a taxed road; the dying Englishman, pouring his medicine, which has paid 7 per cent, into a spoon that has paid 15 per cent, flings himself back upon his chintz bed, which has paid 22 per cent, and expires in the arms of an apothecary who has paid a license of a hundred pounds for the privilege of putting him to death. His whole property is then immediately taxed from 2 to 10 per cent. Besides the probate, large fees are demanded for burying him in the chancel; his virtues are handed down to posterity on taxed marble; he is

Nutgrass Can Be Controlled

Nutgrass annoys more people than any other weed or undesirable grass in Texas and is one of the hardest to control.

Seed are produced abundantly but their viability is low. Rhizomes grow from the crown of a nutgrass plant and form tubers in a chain-like fashion. A well-developed chain may consist of 15 or more tubers and each develops six or more buds from which sprouts can emerge. A cubic foot of heavily contaminated soil may contain as many as 1500 or more tubers.

But this bothersome pest can be controlled, says Homer Rea and J. A. Long, associate professor and instructor, Department of Agronomy, Texas A & M College, respectively, in a report entitled "Control of Nutgrass".

One "don't" that is often violated by farmers and which should be pointed out here is "don't" destroy the tops of the nutgrass. This breaks the chain between the tubers and stimulates re-sprouting. Although tubers dry slowly, tillage that detaches and brings them to the surface is the most practical method of controlling this plant in many sites.

Instructions for controlling nutgrass with chemicals and suggestions to follow when controlling it in various sites, such as fields, gardens, ornamentals, etc., is contained in this report.

This report may be obtained from local county agents or the Agricultural Information Office, College Station, Texas. Ask for TAP-95.

Miss Carlene Morgan of Hardin Simmons University visited her parents, Mr. and Mrs. Carl Morgan, over the week end.

One-Day Service

We can now give one-day service on rebuilding your old mattresses into a new one—inner-spring or cotton. Made soft, medium or hard, to suit your needs.

HOUSE DOCTOR

Polka Dot Paint Is Newest Fad

If you should see your neighbor applying polka dots on his living room walls with a paint roller, or spraying them on with a vacuum cleaner, you don't need to see a doctor. It's for real.

Paint manufacturers—well aware of the modern housewife's insatiable desire to make her home more distinctive—keep turning up with new ways to enable her to do it.

One of the newest is polka dot paint! Two or more colors can be applied in a single coat. The result is like the spatter finish that was popular in Colonial days. It is tile-tough, mar-resistant, and washable. Vari-Krom multi-color combinations can be applied with a paint roller, brushed on, or sprayed on with the paint sprayer attachment of your home vacuum cleaner. You don't have to remove the old finish.

For those in search of a decorator-look, there is a new way to finish old furniture by giving it a finish that resembles antiquing accomplished by professionals. The idea is specially prepared gold flecks called "Golden

Newest polka-dot paint can be applied with roller or sprayed on with paint sprayer attachment of your home vacuum cleaner.

Touch" which can be added to spatter color combinations. Jade, black and gold, blue, white and gold, or yellow on yellow and gold are just a few of the colorful possibilities.

Goree News Items

Munday Seniors Leave On Trip

Twenty-four members of the 1958 graduating class of Munday High School left by charter bus at 4 a. m. Wednesday on their senior trip.

The destination is Colorado Springs, Colo. While there they will visit many scenic places, including Royal Gorge, Garden of the Gods, Pike's Peak, Cave of the Winds, Seven Falls, Cripple Creek, and the Skyline Drive. They will also visit the state prison in Canon City, Colo.

Adults making the trip with the seniors are: Joe Canafax, high school principal, and Mrs. Canafax, Mrs. Lonnie Offutt, Mrs. Earl Claburn and Boyd Meers.

The group will return home late Sunday.

Boy Scout Troop At Weinert Goes To Camporee Meet

Boy Scout Troop 28 of Weinert was represented at the Camporee May 2-3 at the Texas Cowboy Reunion Grounds, Stamford. Patrol leaders, Ronnie Moody and Larry Caddell and Jackie Sanders, Jack Dunnham and Scotty Moody participated in Scoutcraft and Campcraft. The boys won a 3rd place ribbon. They narrowly missed placing 2nd when a knot became loosened.

The boys were under the leadership of Scoutmaster Alton Sanders and Assistant Scoutmaster Glenn Caddell and D. L. Moody. The boys plan a campout next month to complete their requirements for a national campers award. They will attend Summer Camp the first week in July.

LOCALS

Mrs. G. R. Elland is in Fort Worth this week where she is attending the meeting of the State Federation of Women's Clubs. She had the privilege of hearing Ivy Baker Priest, treasurer of the United States, at a dinner on Tuesday evening at the Texas Hotel.

Miss Mildred Fincannon visited her brother, Louis Fincannon, in Hamlin over the week end.

Mrs. L. J. Hill was a business visitor in Spur last Sunday.

Mrs. Lonnie Offutt, Mrs. J. T. Offutt and Mrs. G. E. Rodgers were visitors in Fort Worth several days last week.

Mrs. Mauryse Blacklock and Sandy of Snyder visited her parents, Dr. and Mrs. A. A. Smith, last week end.

Mr. and Mrs. Elmer Cude, Mr. and Mrs. Floyd Bowman, Misses Kathleen Michels and Linda Moore attended the parent's day at Tarleton State College in Stephenville last Sunday. Bob Cude and Don Bowman are students in Tarleton.

Mr. and Mrs. H. T. Cunningham were visitors in Wichita Falls last Saturday.

I. V. Cook of Plainview visited friends here a while Monday. He was enroute home after spending the week end with his parents, Mr. and Mrs. I. E. Cook of Putnam.

Dwight C. Key attended a Ford dealers' meeting in Seymour last Tuesday.

Mr. and Mrs. O. L. Barnard of Simi, Calif., visited Mr. and Mrs. M. L. Barnard the first of this week.

Our ANNIVERSARY

This month we will enter our second year in Munday. Our progress this past year has been everything we expected — and more. We are happy to be in Munday, and we are confident that in the months to come we will be able to bring even greater shopping conveniences and food savings to the people of this trade area.

To the hundreds of our customers who shared with us our "first steps" we say thanks.

To the hundreds more who have yet to see shopping can be a pleasure — as well as economical — we extend a sincere welcome.

To show you we mean it — here is undoubtedly the greatest food sale ever offered to the people of Munday and Knox County.

We are always striving to make shopping more pleasant and get you extra mileage for your money. Thank you again. — Skinny, Olen and All

News From The U. S. Congress

By Congressman Frank Beard

Dr. James R. Killian, Chairman of the President's Scientific Advisory Committee, in urging that we step up our efforts to move into outer space, lists several factors as giving importance, urgency, and inevitability to the advancement of space technology. He states that we must act in this field first for National defense; secondly, to increase our scientific knowledge; and third, to enhance our National prestige. This is set forth in a booklet entitled "Introduction to Outer Space" which Dr. Killian has just prepared.

Legislation is pending to grant pensions to the widows of Confederate Veterans of which there are less than 1,000 living. In view of the fact that most Southern States, including Texas, pays pensions to Confederate Widows, and as their number has declined, money available in the pension funds has increased substantially. Federal legislation to pay the Confederate Widows may not attract much support.

Congress has just passed the half-way point. It might be of some interest to note that during the first half of this session the Senate has been in session sixty days, and the House of Representatives sixty-one day. The Senate has actually consumed 385 hours and 48 minutes while the House has only been in actual session 217 hours and 44 minutes. The Senate has enacted 24 public bills into law while the House has approved 46. During this session 984 measures have been introduced in the Senate while House Members have introduced slightly over 3,000. To date the House of Representatives has taken action on and disposed of appropriations for the next fiscal year for over half the Department of the Government with several of the most important and controversial yet to come including the Defense appropriation and foreign aid.

The President's proposal to reorganize the Defense Department is still being considered by the Armed Services Committee in the House. Hearings will probably continue several weeks. The Committee on Ways and Means continues its consideration of the Extension of the Trade Agreements Act which deals with the important oil imports question.

Mr. and Mrs. Parker New and son, Phillip, of Roscoe visited her parents, Mr. and Mrs. Albert Johnson, over the week end.

Mrs. John Klug Named Honoree At Shower On Sunday

Mrs. John Klug was honored with a get-acquainted miscellaneous shower Sunday, May 4, in the Rhineland Parish Hall.

Hostesses for the occasion were Meses. Albert Fetsch, Ralph Schumacher, J. C. Baty, Frank Cereveny, P. F. Homer, and Leo Fetsch, who are all neighbors of the honored guest.

Introducing the ladies to Mrs. Klug was Mrs. Sybilla Andros. Mrs. Klug was overwhelmed with joy at the friendly gesture and everyone there enjoyed her most delightful personality.

Mr. and Mrs. Klug were married in San Francisco, Calif., on April 12 and are making their home on a farm in Rhineland.

Vera Students To Tour East

Juniors and seniors at Vera Consolidated School will leave May 17 on their annual trip, which this year, will take them to Washington, D. C., and New York.

Supt. M. J. Kirby says 15 students and eight sponsors will make the eight-day tour. A school bus will take the group to Dallas where they will board a train for Washington.

They are scheduled to arrive back in Dallas May 24 about 7:45 a.m. They will leave at 6:10 p.m., May 17, from Dallas.

In the nation's capital, they will see the Bureau of Engraving and Printing, the Capitol, Supreme Court Building, Congressional Library and the White House.

They will make a trip to Arlington Cemetery, Alexandria, Va., and Mount Vernon, home of George Washington, and will visit the Lincoln Memorial.

Another tour will take them to the Smithsonian Institution, National Art Gallery, the Archives Building, Ford Theater — where Lincoln was shot — and the Washington Monument.

In New York, the group will stay at the Governor Clinton Hotel and will see the nearby Empire State Building. They will take tours of Upper and Lower New York with a stop at United Nations headquarters, and a Circle Line tour around Manhattan Island by boat.

They will return to Dallas from New York via St. Louis.

Gilliland Club Meets April 16

The Gilliland Home Demonstration Club met in the club room of the school building on April 16. Mrs. W. T. Cook called the meeting to order, and songs were sung.

Mrs. Emil Navratil gave an interesting report on the district meeting, and Miss Kinsey discussed food production and preparation.

Mrs. Hewitt Simmons served refreshments to Meses. W. T. Cook, Dwight Burgess, Jess Rutherford, Emil Navratil, Orb Miller, O. A. Burgess, M. G. Duncan, Homer Martin, J. T. Cook, Jim Cash, L. D. Welch, J. R. Spivey, W. G. Hollis, E. D. Welch, and one visitor, Mrs. Joan Pointner.

Tax-Man Sam Sez:

During the past few years Congress has passed laws providing Social Security benefits to almost every occupation except doctors. Taxpayers who earn wages don't have to worry about Social Security taxes since their employer withholds the proper amount of the tax and pays both the employee's part and the employer's part to the government.

During the past few years, though, a large number of farmers and business men and others have been required to pay self-employment tax. If you are self-employed and earn more than \$400, you are required to pay this tax. The payment of self-employment tax is not optional.

It is a very important subject for older taxpayers who are approaching the age of 65 for men and 62 for women since the amount of self-employment tax you pay determines in large part the amount of social security benefits you will draw on retirement. You ought to be careful in determining your self-employment tax to assure your social security benefits.

SPRING LAMB MOVEMENT LARGEST IN 23 MONTHS

FORT WORTH — Texas movement of lambs reached a new high mark for the season at Fort Worth Monday when well over 17,000 sheep arrived. The number was the largest in 23 months here. Order buyers and shipping interests were active from the start and trade got under way on a steady to mostly 50 cents lower market, compared to the extremely high close of last week. After these orders had been pretty well filled the trade eased off, and as the clearance proceeded most sales were fully 50 cents to \$1 lower.

Old crop lambs scaling around 100 pounds or less moved readily, but heavier yearling lambs were mostly \$1 lower and slow at the sharp decline. Relatively few strictly choice Spring lambs were in the offering, the best Springers sold from \$21.50 to \$22.50, the higher prices usually limited to off-market packer sales. A few choice handy-weight old crop lambs sold at \$18 and \$18.50, the top to shipper outlets, most of the better old crop lambs ranged around \$17.50 to \$18 and down, heavies \$16 and below.

Good and choice milk fat lambs cashed at \$21 to \$22.50, and cull

to medium lambs sold from \$17 to \$20.50. Stocker and feeder Spring lambs cashed at \$18 to \$20. Good and choice old crop yearlings lambs sold from \$17 to \$18, a few \$18.50. Cull to medium old crops sold from \$12 to \$16.50. Token wether yearlings sold from \$16 down, and a few yearling ewes drew \$18 to \$20.

Two-year-old wethers sold for \$16 down, and aged wethers drew \$13.50 down. Aged slaughter ewes cashed at \$8 to \$9. A few goats sold at \$7 and \$7.50.

3,200 CATTLE & CALVES UNEVEN, GRASSERS WEAK

In the cattle division at Fort Worth Monday stocker and feeder classes and bulls sold fully steady. However, on cows, slaughter calves and fed steers and heifers the trade was highly uneven. Shippers and order buyers representing independents and off-market packers took supplies at generally steady prices in active fashion. However, later sales were inclined lower and the bidding displayed an extremely wide division of opinion among the buyers as to values. Some cattle and calves sold at prices which were dollars above other packer bids.

Good and choice slaughter steers and yearlings sold from \$25 to \$28.25, while common and medium offerings sold from \$16 to \$24. Fat cows cashed at \$18 to \$21.50, and canners and cutters sold from \$13 to \$18, a few strong weights above \$18. Bulls cashed at \$17 to \$22.

Good and choice slaughter calves bulked at \$25 to \$28.50, a few to \$29 and above. Common and medium slaughter calves sold from \$17.50 to \$24, and culls cashed at \$14 to \$17.50.

Good and choice stocker steer calves drew \$26 to \$31, and stock-

People, Spots In The News

MUD ruined this El Sobrante, Cal. house as heavy rains caused series of huge mud slides in Bay Area.

CLASSIC study of an up-curl (though it missed) caught as Sugar Ray Robinson beat Carmen Basilio for middleweight title.

—AND MORE MUD was on the ground at Bowie, Md. where this exceedingly wet panorama of racing action was made.

and sale during that week. The sale is designed to give the owners of breeding ewes and rams an opportunity to display their stock before many buyers. The recent increase in sheep raising in Central and Eastern parts of Texas and the demand for breeding stock in these areas far exceeds the supply this year.

First summer cattle sales will feature commercial Hereford stockers and feeders on June 19th, and the following day commercial Angus stockers and feeders will be shown and sold. These sales are sponsored by the Texas Hereford Association and the Texas Angus Association, respectively.

Judging of the cattle will be conducted by the breed associations before the sale starts, and trophies will be awarded. Information about these sales can be obtained by writing these associations, or the Livestock Market Institute at the Fort Worth market.

shorter exposure time has decreased the amount of radiation to both the examiner and the examinee. Also the indiscriminate use of shoe-fitting fluoroscope has been controlled.

Too, there is a diminishing need for use of x-rays in areawide mass surveys, formerly justified when tuberculosis was more widely prevalent. Today such surveys are directed only to exposed groups or to those who have been previously screened through the use of tuberculin tests.

However, this watchful attitude does not mean that all radiation should be avoided. The State Department of Health continues to publicize the fact that anyone who hesitates to accept diagnostic or therapeutic x-rays properly recommended by a qualified physician is needlessly jeopardizing his health without justification.

Diagnostic x-rays, the use of radioactive iodine in thyroid studies, fluoroscopy for gastric disorders, radioactive sodium for heart studies, and the use of radioactive phosphorus in the treatment of blood cancer, are valuable aids which have reduced suffering and contributed to the study and treatment of disease.

Health and medical authorities are ever alert to the benefits and dangers of radiation. Knowing this should put Texans at ease and prevent radiation hysteria.

Weekly Health LETTER

Issued by Henry A. Hollis, M. D., State Health Officer

With the coming of the atomic age and all of its benefits to mankind, also comes new problems and hazards.

All of us recognize the hazard faced from enemy action in dispersing radioactive contaminants over wide areas, and with continuing information released by various authorities, everyone is coming to realize the many other dangers of excessive radiation.

Through continuous educational activities the State Department of Health is in the forefront in safeguarding Texas citizens against the dangers of careless and unnecessary use of isotopes, x-rays and other radioactive substances.

The cooperation on the part of industrial and medical users in the employment of proper procedures and safety devices has been commendable.

The Department does not attempt to regulate the use of x-rays used in the healing arts. But improvements in radiological techniques in the use of x-ray equipment, installation of cones, filters, shields, more sensitive films, accurate focusing, and

er steer yearlings ranged from \$27.25 downward in most sales. A few lightweights to \$28 and above. Feeder steers ranged from \$27 downward, some 800-pound cattle at that figure. Replacement cows cashed at \$19 to \$22.

HOGS WEAKEN, TOP \$21.00 CHOICE MEAT TYPE SCARCE

Hogs were 25 to 50 cents lower at Fort Worth Monday as choice hogs cashed at \$20.50 to \$21 and medium to good kinds sold at \$18 to \$20.25. Sows drew \$18 to \$19. Stags cashed at \$11 to \$16, and a few boars sold from \$10 to \$12. Pigs cashed at \$18 to \$20.50.

SPECIAL STOCKER SALES SET FOR MONTH OF JUNE

The first special sale for breed-

ing sheep at the Fort Worth Stockyards will be held June 5 and 6. The event will feature breeding ewes of all ages and will attract an entry list containing all breeds. A number of owners of pure bred stock have indicated they will have some breeding bucks on the yards for display

For Mother's Day, May 11

Express your love for Mother with a lovely gift of flowers.

We have corsages and wreaths, all kinds of pot plants and cut flowers for the occasion. Visit us early — while our stock is more complete for your selection.

MUNDAY FLOWER SHOP
 Phone 3111

DO YOU LIVE AS WELL AS THE "JONES"?

One way to find out is to add up the ways you put electricity to work in your home. The more jobs you do electrically, the more likely you are to live comfortably and conveniently.

Just for fun, why not add up all the ways electricity is working for you and compare the total with your "Jones"? You'll be amazed — for electricity is probably serving you in dozens of ways you often forget.

And just think how little all this convenience costs!

West Texas Utilities Company

Electricity costs so little — you can afford to use lots of it!

BENJAMIN NEWS

Mr. and Mrs. Glenn Hall of Or- spent the week end with his parents, Mr. and Mrs. Hester Hall and Janice.

Mr. and Mrs. Howard Spikes are here visiting friends and attending to business. They formerly lived in Odessa.

PIONEER DAYS — This beautiful trophy will go to the man who grows the longest, most distinguished beard for the Pioneer Days Rodeo and Celebration, which will be held on Fort Worth's north side May 31-June 8. In addition, the trophy will be presented by this petite "Gal of the Range," Sandy Copeland.

Slow Down And Live Campaign Aimed At Safety

AUSTIN — J. O. Musick, general manager of the Texas Safety Association, called on Texans, today, to give their full support to the upcoming Slow Down and Live campaign which will be sponsored throughout the state by TSA between Memorial Day and Labor Day.

"Most traffic accidents are the result of human failure. Drivers simply do not follow traffic regulations as they should," the safety expert said. "If we want to cut traffic deaths and injuries, we must halt speeding and other forms of carelessness, recklessness and thoughtlessness on streets and highways."

Musick urged citizens to drive within speed limits and to brush up on other traffic laws so they may follow them to the letter. He said that the only solution to the problem of traffic deaths and injuries is voluntary compliance by drivers. The principal aim of this year's stepped up campaign, he said, will be to sell the public on safer traffic conduct, especially in regards to fast driving.

Cotton Guide On Growing High Plains Cotton Available

The income of cotton producers on the High Plains has been reduced because some of their cotton lacked uniformity, quality and character.

A guide with the purpose of helping these cotton farmers grow quality cotton has just been released by the Texas Agricultural Extension Service.

Production practices in general govern quality and yield, according to the guide. Some of the production problems discussed are land preparation, planting, insect control and irrigation.

Processing procedures are problems of the farmer in harvesting and of the ginner in ginning cotton, it states. The cotton farmer has a greater opportunity to improve his production and harvesting practices than to better the ginning and marketing procedures, but an understanding of how cotton is processed and marketed more net return from his investment and labor.

The guide discusses harvesting and packaging processes and goes into detail on marketing.

The 7-step cotton program which can help each farmer better realize the production potential of his farm is emphasized. The steps in this program are fit cotton into balanced farming; take care of your soil and water;

LOCALS

Mrs. Maude Reagan visited Mr. and Mrs. Leon Reagan in Spur and Mr. and Mrs. J. C. Reagan in Dickens last week.

Mr. and Mrs. Bill Lemley visited his brother, John Lemley, and family in Wichita Falls over the week end.

Mrs. Roselyle Glenn and Mrs. Nora Hertel were in Lubbock Saturday to get Mrs. Glenn's children who had visited relatives there.

Vote On Wheat Marketing Quotas Set For June 20

Secretary of Agriculture Ezra T. Benson has proclaimed marketing quotas on the 1958 crop of wheat; proclaimed a national wheat acreage allotment of 55 million acres, the minimum permitted by law; set June 20 as the date for a grower referendum in which growers will approve or disapprove quotas and announced that the minimum national average support price for 1959 production will be determined before the June 20 referendum.

This is the sixth successive proclamation on marketing quotas, and is required because the present wheat supply is 57 percent above the marketing quota level. It is also the fifth consecutive year that the 55 million acre minimum allotment has been applicable.

Texas share of the national allotment for 1959 has been set at 4,099,094 acres. The 1958 allotment was 4,164,302 acres.

If marketing quotas are approved by wheat producers in the June 20 referendum, the national average support price available to eligible growers in the commercial area (Texas is in this area) will not be less than the minimum support to be announced later. Individual farm marketing quotas will be the normal or actual production, which ever is larger, from the farm acreage allotment.

Growers in the commercial area who plant within their allotments will be eligible for price supports on their entire production. Those who exceed their farm allotments will be subject to marketing quota penalties if they have more than 15 acres of wheat for harvest or have not signed applications for exemption under the feed wheat provision permitting 30 acres or less to be used exclusively for feed on the farm.

If marketing quotas are disapproved, there will be no restrictions on wheat marketings. Acreage allotments will remain in effect as a condition of eligibility for price support at the 50 percent of parity rate. In the referendum for 1958 crop wheat, 86.2 percent of the farmers voting favored quotas.

With summer just around the corner, auto seat covers of terry cloth are a good investment. The cotton covers are cool and comfortable and can be easily removed for washing.

The week of May 4-10 has been designated National Home Demonstration Week and the 36,000 home demonstration club members in Texas will be among the 6 1/2 million to observe the week nationally.

MUNDAY, TEXAS

NEWS FROM VERA

(Mrs. Thelma Lee Coulston)

Mrs. Pete Ray entertained the T.E.L. Class of the Vera Baptist Church with a party recently in her home. Her dining table was very attractive with a huge bowl of lilac blooms. Old fashioned games were played and a delightful time was had by all. Delicious refreshments were served to the following: Mesdames Della McGuire, Lola Scott, E. C. Hardin, George Sutton, Bill Fearnster, R. C. Spinks Sr., Ina Murphree, Harry Beck, Alma Rabe, S. S. Doss, Mattie Russell, Willis Pedy, one guest, Mrs. Minnie Myers and the hostess. The Class party for the previous month was given in the beautiful new home of Mrs. E. C. Hardin.

Mr. and Mrs. Johnny Bowdoin and children of Ralls visited recently in the home of his parents, Mr. and Mrs. Tom Bowdoin.

Elmer Rutledge spent the week end with his cousin, Harold Welch and family in Bridgeport.

Mr. and Mrs. Ervin Nichols and family visited Sunday with relatives in Abilene.

Mr. and Mrs. McCoy Kerley and Mr. and Mrs. Jerry Gore of Hobbs, New Mexico, spent last week end with Mr. and Mrs. Johnny Gore and Douglas.

Mr. and Mrs. Clyde Beck and children visited last week end with Mr. and Mrs. Gerald Russell in Odessa.

Elizabeth Brown of Lubbock visited Saturday and Sunday with her parents, Mr. and Mrs. Fred Brown and Floyd.

Mrs. Clarence Allen and daughter, Nancy visited Sunday with Mr. and Mrs. Edd Allen and Mrs. Jim Hughes.

Visiting recently in the home of Mr. and Mrs. Rube Richards were their children, Mr. and Mrs. Charles Roberson and family of Dallas and Mrs. Billy Dan Richards and children of Venezuela, South America.

Mr. and Mrs. Hollis Gore of Hobbs, New Mexico, have been spending a few days with his parents, Mr. and Mrs. H. H. Gore.

Mrs. Jim Roberson visited recently with her son, Mr. and Mrs. Floyd Roberson in Truscott.

Mr. and Mrs. Orville Lee Jernigan, Jana and Gary, of Levelland visited a while Sunday with his mother, Mrs. Viola Sanders and Mr. and Mrs. Carl Kuchan and Barbara.

Jeannie Beasley of Midwestern University visited Saturday and Sunday with her parents, Mr. and Mrs. Sutton Beasley.

Herman Weiss of Apache, Oklahoma, and Mr. and Mrs. Paul Harbacek of Lockney visited this week end with Mr. and Mrs. Paul Weiss, Barbara and Gary.

Mr. and Mrs. Clifford Roberson and little granddaughter, Cathy Roberson, were in Lubbock recently and visited with relatives while there.

Mr. and Mrs. Carl Coulston and Vicki were business visitors in Wichita Falls last Saturday.

Mr. and Mrs. Wayne Knight of Wichita Falls visited over the week end with her parents, Mr. and Mrs. H. H. Gore.

Mr. and Mrs. J. N. Armstrong and Donald Bradford of Wichita Falls were visitors in the A. M. Bradford home over the week end.

Mr. Roy Smith of Tyler visited last Saturday and Sunday with Mr. and Mrs. Jess Trainham.

Visiting in the home of Mr. and Mrs. Edd Allen recently were Mr. and Mrs. Roy Allen, Mrs. Lessie Fitzgerald and Carl and Thurman Allen of Jacksboro.

Bob McGaughey of Lubbock visited recently with his mother, Mrs. J. N. McGaughey.

Mr. and Mrs. Carlton Struck

and children spent Sunday with relatives in Abilene.

Funeral services were conducted at the First Baptist Church last Friday afternoon for Jewel Knight.

The Vera Senior graduation exercise will be held on May 16th at the high school auditorium. Speaker for the graduation class will be J. Donnel Dickson of Seymour.

Week end guests in the home of Mr. and Mrs. Luther Christian and Diane were Mr. and Mrs. David Patterson of Arlington and Mr. and Mrs. Jack Bentley of Fort Worth and Mr. and Mrs. Morris Christian and family of Seymour.

Mr. and Mrs. J. H. Adkisson visited in the home of Mr. and Mrs. Grady Holmes in Rochester last Wednesday.

Mrs. Homer Barber and family of Lorenzo and Mrs. Gene Wilson and boys of Pecos, have been visiting with the Abb Petty family.

Mrs. J. N. McGaughey visited recently with her son, Mr. and Mrs. Merriek McGaughey and family in Benjamin.

A group of high school students visited Hardin Simmons University last Saturday.

Mrs. C. D. McWhorter of Lipan visited recently with her daughter, Mr. and Mrs. Hershall

Hardin and family and Mr. and Mrs. P. A. Hardin.

Mr. and Mrs. J. C. Shipman and Janelle of Lubbock were recent visitors in the Willis Pedy home.

Mr. and Mrs. Robert Wiggins of Seymour spent Wednesday with Mr. and Mrs. Ferman Dowd and family.

Miss Jan Richards spent the week end in Dallas with her sister, Mr. and Mrs. Charles Roberson and family.

Mr. and Mrs. Leon Hobbs and daughter, Tammie, of Jal, New Mexico, visited Sunday in the home of Mr. and Mrs. Ferman Dowd and family.

Mr. and Mrs. Simon Bengie of Seymour spent Sunday in the home of her daughter, Mr. and Mrs. J. A. Fuller.

Mrs. Ernest Beck, Sr., is a patient in the hospital at Seymour.

Mr. and Mrs. Edd Trainham of Holliday visited over the week end with relatives.

Vacation Church school at the Vera Methodist Church will begin Monday, May 19th and continue through Friday, May 23rd. A sharing program will be on Sunday night, May 25th. The school will include sessions for kindergarten, primary and junior groups. All boys and girls of the community are urged to attend.

Mrs. Quel Hughes has been a

patient in the Medical Arts Hospital in Dallas for the past two weeks. Mr. Hughes was home the first of the week and reported she was improving.

the reports be correct."

Tate added that students who had had a social security card before and lost it should apply for a duplicate and not another original card. He explained that having earnings credited to two or more social security numbers could result in earnings credited to one number not being used for benefit purposes. An application for social security cards including duplicates, can be obtained from the Wichita Falls social security office or any post office.

Nearly all kinds of work a student might do during vacation is now covered by social security, according to Mr. Tate, including work on farms and ranches when he receives at least \$100 in cash wages from one employer during the year.

Mr. and Mrs. Robert Alexander visited their son, Duane Alexander, and family in Wichita Falls over the week end.

Arrival of spring brings thoughts of vacation plans to millions of high school and college students. Erton F. Tate, manager of the Wichita Falls, Texas social security office advises that students planning to work should get social security cards now.

"Having his social security card with him to show prospective employers may help a student get the job," continued Tate, "because most employers now insist on copying the name and number directly from the card for their records. This prevents mistakes in the name and number on the wage reports the employer has to file. As earnings can be credited only when the name and number are correct, and as benefits payable in old-age or to dependent survivors in case of death are based on earnings credited, it is very important that

the reports be correct."

"Why I Like My Dad"

Earth satellites may be viewed through the astronomical telescope and star-finder offered as a prize by the "Letters to Father" Committee for the best letter in which a youngster tells "Why I Like My Dad." Father as a companion, as a guide and counsellor, father as the head of the family and the good provider may be the subjects of letters from children of high school age or under. In addition to the telescope and star-finder from A. C. Gilbert of New Haven, other prizes such as a portable sewing machine for the winning girl, and hardwood humidors of cigars for the fathers who are the subjects of the top prize-winning letters. Runners-up will receive chemistry and laboratory technician's sets; their fathers boxes of cigars from the Cigar Institute of America.

Letters should be addressed to the Letters to Father Committee, P.O. Box 328, Radio City Station, New York 19, N.Y., postmarked no later than May 30th, 1956.

Observance Of Home Demonstration Week Set In County

In observance of National Home Demonstration Week, special teas or open meetings have been held this week by most of the clubs of Knox County. Truscott and Vera have sponsored Mother's Day teas and invited all the women of their communities. Benjamin is meeting to arrange flowers which will be carried to women who are shut-ins. Next week, one club will have as their honor guests prospective members and former members.

The officers of these clubs who are volunteer local leaders have assumed a large part of the responsibility in preparing for these special meetings. Commendation is due them and also the women who attend training schools to learn and teach new and better methods of homemaking to club members, neighbors and friends.

This year, the leaders in our county have conducted a recreation school and others have helped with the upholstery program.

MUNDAY SCHOOL LUNCHROOM MENU

Monday: 1/2 pint milk, Vienna sausage, buttered potatoes, cheese, peas, cabbage and carrot salad, cornbread, pear halves.

Tuesday: 1/2 pint milk, baked beans, seasoned greens, pickled beets, cheese and pimento sandwiches, cornbread, cobbler.

Wednesday: 1/2 pint milk, steak and gravy, potatoes, green beans, hot rolls butter, fruit jello.

Thursday: 1/2 pint milk, ham and scalloped potatoes, English peas and carrots, cheese, cabbage and spinach salad, cornbread, stewed prunes.

Friday: 1/2 pint milk, creamed tuna, buttered potatoes, green beans, hot rolls, butter, apricots.

Mrs. Ben Yarbrough and Mrs. Worth Gafford were visitors in Wichita Falls last Monday.

Mr. and Mrs. Donald Hobert, who were students in Tarleton State College at Stephenville, attended the present day observance there last Sunday.

How to make swine production in Texas more profitable is the single objective of the program planned for the 7th annual Swine Short Course scheduled for Texas A & M College, May 5-6. Every person in Texas interested in improving and expanding the State's swine industry is invited to attend. Program details are available from local county agents or vo-ag teachers.

Knox Prairie Philosopher Finds Third-Stage Trouble With Rocket Like Third-Stage With His Tractor

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek claims he's found a scientific truth about living, his letter this week reveals.

Dear editor:
I was out here the other afternoon working with my tractor, that is, I was sitting down looking at it wondering if I put some gas in it would it start, when I got to thinking about one phase of the satellite program that a lot of people seem to have overlooked.

That is, every once in a while when the scientists set out to launch one, everything works satisfactorily in the first two stages, the thing takes off straight up with a roar, the second stage rocket kicks it higher, but for some reason the third stage rocket fails, the one that's supposed to send it into orbit, and the satellite nosedives into the ocean.

This has the scientists puzzled, but that's because they're not familiar with the rule of life I've discovered that says the third stage is always the hardest.

For example, take plowing. I can handle the first two stages, I can put some gas in the tractor and I can start it, but it's that third stage, driving it up one row and down another, putting it into orbit, so to speak, that I have trouble with.

With other people, it's other things. Take borrowing money. Some people can handle the first two stages, getting up the nerve

to go into the bank, and actually getting the loan, but it's at the third stage, paying it back, that all the earlier scientific calculations seem to explode.

Or take getting married. A man can find a woman that'll marry him, and he can get married, but it's that third stage, keeping her in orbit, that brings on the headaches. A scientist occasionally may be able to figure out exactly how much it takes to get a satellite into orbit, but the mind of man has never mastered the job of figuring out ahead of time what it costs to keep a family's needs satisfied. The mysteries of outer space may be baffling, but they'll never equal the number of unknowns involved in keeping a growing family in orbit, especially when you no sooner get them going in one orbit than they break out in other orbits going in all directions.

Scientists with their nose-diving satellites really have it easy. Yours faithfully,
J. A.

LOCALS

Mr. and Mrs. Marion Elliott and Mr. and Mrs. O. O. Putnam and Mike were business visitors in Wichita Falls last Tuesday.

Mr. and Mrs. J. R. Rogers and family of Azle visited her sister, Mrs. John E. Nelson, and family and with her parents, Mr. and Mrs. L. E. Hunter, in Goree over the week end.

Mr. and Mrs. E. O. Tuggle of Wayside visited his parents, Mr. and Mrs. Ben Tuggle, and other relatives here over the week end.

Mr. and Mrs. Norris Smith and son, Mark, of Stamford were Sunday guests of Mr. and Mrs. Nolan Phillips.

Miss Merle Dingus, Mrs. Maxie Ireland and daughter, Mr. and Mrs. Hershel Cowan and Henry Dingus visited Mr. and Mrs. L. W. Boynton in Springtown last Sunday.

Mr. and Mrs. Chester Bowden spent the week end with their daughter and family, Mr. and Mrs. Jerry Edwards, Christi and Marti, in Waco.

Lee Bowden of Texas Tech in Lubbock was a guest of his parents, Mr. and Mrs. Levi Bowden, and Jerry over the week end.

Mrs. Everton B. Hosea and son of Sterling City spent last week with her parents, Mr. and Mrs. Elbridge Coffman. She returned home Sunday with her husband who was a week end visitor.

Mr. and Mrs. Clyde Nelson visited Mr. and Mrs. Joe Nelson and family in Weatherford last week.

MODERN HOMEMAKING Recipes . . . Household Helps

By Julia Hunter

HOME ECONOMICS DIRECTOR, LONE STAR GAS CO.

Because cold weather lingered longer this year, Louisiana strawberries are later than usual arriving at the stores. Peak of the season is expected around April 25, advises the U. S. Department of Agriculture. Prices should be as attractive as they will any time this spring. Quality of the berries is excellent this year because of near ideal weather during the growing and harvesting season.

Handle with care to preserve every bit of the goodness of the plump deep red berries. Before capping, wash them well with a gentle spray of cold water or by lifting them through several changes of cold water. Cap them with ease with the tip of a teaspoon. Capping berries before they are washed damages flavor. Water gets into them through the capped end and dilutes the flavor.

From something as simple as a bowl of perfect berries drifted with sugar and crowned with cream to the fanciest of desserts, strawberries are sheer delight. Nothing could take the place of real strawberry shortcake. Real strawberry shortcake, the kind made of delicate layers of pastry or of rich biscuits split while warm and spread with butter or margarine. But to add to these favorites, there is many a way to use strawberries.

Fold slivered almond, and sliced strawberries into whipped cream. Spoon over slices of pound cake or angel cake. Split yellow or chocolate muffins and spoon the mixture between and on top.

Combine whole sweetened berries with chunks of sweetened fresh pineapple. Spoon into dessert dishes and sprinkle with toasted coconut. Serve with crisp butter cookies.

RECIPE OF THE WEEK
Strawberry Cream Pie: Combine ¾ cup sugar, ½ cup sifted flour and ¼ teaspoon salt. Stir in 2 cups milk. Cook over medium gas flame until thickened.

Gardening Time

Get ready for Spring. Select your hoes, rakes, garden hose, etc., from our large stock. We also have a complete stock of fishing tackle.

Lawn Mowers
Power and push type. Priced from \$69.95 up.

White Auto Store
Mr. & Mrs. A. B. Warren

stirring constantly. Slowly stir half the mixture into 3 beaten egg yolks. Then, stir egg mixture into remaining hot mixture. Cook 2 minutes more over medium gas flame. Remove from flame and stir in 2 tablespoons butter or margarine and 1 teaspoon vanilla. Cool. Fold in 1½ cups slightly sweetened whole fresh strawberries. Pour into baked 9-inch pastry shell. Top with meringue made of 3 remaining egg whites. Beat egg whites until stiff, gradually adding 6 tablespoons sugar. Swirl on pie being careful to seal meringue onto edge of pastry to prevent shrinkage. Bake in moderate gas oven (350 deg. F.) 20 minutes. Cool before serving. Note: leftover pie should be stored in the refrigerator.

If winter comes, can Christmas bills be far behind? — Changing Times.

Linoleum Rugs

We are now equipped to install linoleum or rugs in any room in your home. New 1958 patterns arriving weekly. Gold Seal, Armstrong and Pabco.

STAYS FRESH

MRS. BAIRD'S ENRICHED LONGER BREAD

Notes From Knox Farms, Ranches

By Roy England, Knox County Agent

The livestock disease "leptospirosis", once thought to be unimportant to the livestock industry, is now known to be causing extensive losses.

Recently conducted surveys show the disease to be widespread in cattle and swine of the state. More than half of the herds tested showed infected animals. Leptospirosis has a wide range of symptoms that makes a diagnosis in the field difficult. It may affect most of the animals in a herd without recognizable symptoms. On the other hand, there may be numerous abortions and up to 5% death loss among animals. But usually the death losses are confined to calves and one out of three of those affected may succumb.

The first symptoms are a high temperature, coffee colored or blood tinged urine, and a sudden decreased milk production. The milk may be viscous and yellow as in mastitis, but the udder will be limp and cool. Abortion may occur if the animal is in late pregnancy.

Leptospirosis is relatively mild in swine except for its effect on the pregnant sow. She will often abort if in the late stage of pregnancy. If not, part or all the pigs may be born dead or die soon after birth.

It is important to call your veterinarian immediately if this disease is suspected in your herd. If treated early, most cases respond well to some of the newer drugs.

Mr. and Mrs. James Carden and children and Mrs. Emily Carden visited Mr. and Mrs. Elton Carden and family in Elmer, La., over the week end. Mrs. Emily Carden remained for a longer visit.

Mr. and Mrs. Worth Gafford visited relatives in Coleman last Sunday.

ANGUISHED

The anguished face and ragged raiment of this Chilean boy are mute evidence of the hunger and destitution that exist in many parts of the world. He is also testimony to the great need which confronts Catholic Relief Services-National Catholic Welfare Conference in its world-wide efforts to provide assistance—clothes, medicines, U. S. Government surplus foods and other relief supplies—to these and other people. Funds raised each year through the Catholic Bishops' Relief Fund Appeal provide the basis for the world's largest voluntary overseas relief program. You can help by contributing to the nearest Catholic Church or Bishops' Relief Fund, Empire State Building, N. Y. C.

Mrs. Bill Hulse and Linda Ann visited her father, Rev. Charles E. Hoole, in Davis, Okla., over the week end. Rev. Hoole is retiring from the Methodist ministry this month after 39 years of service.

Mr. and Mrs. Joe Duke and Jo Ann of Lovington N. M., spent the week end with Mr. and Mrs. A. B. Warren and Mr. and Mrs. Ben Yarbrough and other relatives.

4-H Safety Team Places First In District Events

The Knox County 4-H Safety Demonstration team, composed of Marilyn Albus and Evelyn Bellinghausen of Rhineland, placed first in district competition at Wichita Falls on May 3. They are now eligible to take part in the state contest which is to be held during 4H Round-Up at College Station on June 11.

Wanda Beth Welch of Gilliland is an alternate in Public Speaking as a result of placing third in this contest.

Other Knox County 4-H girls who took part in the district event were: Sherry Cook, Gilliland, who placed fourth with an individual Dairy Food demonstration and Lorene Fetsch and Sylvia Kuehler, Rhineland, who came out sixth in Vegetable Preparation.

Parents who accompanied the girls to Wichita Falls were Mr. and Mrs. V. F. Albus, Mrs. L. D. Welch and Mrs. A. L. Cook.

Mr. and Mrs. J. A. Hill, Sr., took their grandson, Lowry Wilson, Jr., to his home in Meadows last Saturday. He had been visiting them since April 22nd. Other guests in the Wilson home over the week end were Mr. and Mrs. Tom Cloud and children, Tommy, Jo Marie and Judy of Goree; Mr. and Mrs. Charles Sargent and daughters, Lou and Tamara of Munday; Mr. and Mrs. Gene Shackelford and children, Gene Jr. and Vickie, of Stamford and Mrs. J. A. Hill, Jr., and daughters, Pat and Paula of Munday.

Mr. and Mrs. Tom Morton, Mr. and Mrs. W. G. Welborn and Gaston and Mrs. Clayton Wren and Erwin met friends from Lubbock and Midland at the MacKenzie State Park in Lubbock for a picnic dinner and a day of visiting last Sunday.

Gems Of Thought

"ECONOMY"

Economy is half the battle of life; it is not so hard to earn money, as to spend it well. — Charles Haddon Spurgeon

The right thinker and worker does his best, and does the thinking for the ages. . . . He improves moments; to him time is money, and he hoards this capital to distribute gain. — Mary Baker Eddy

Ere you consult fancy, consult your purse. — Benjamin Franklin

Nothing in cheap which is superfluous, for what one does not need, is dear at a panny. — Plutarch

There are but two ways of paying a debt; increase of industry in raising income, or increase of thrift in laying out. — Thomas Carlyle

Economy is in itself a source of great revenue. — Seneca

SIXTH GRADE HEARS TALKS ON INDIA, KOREA

Class 6-A and 6-B have been making a study of the Asiatic countries in their social studies class.

Recently Mrs. Helen Smith McClure spoke to the two classes and related her personal experiences and views of the country of India, since she was a visitor to that country several years ago. Beautiful silk saris, the royal Indian women's costumes were modeled by several of the girls.

On Thursday, May 1, Kenneth Baker showed slides of Korea, Japan and China to the group. He also modeled the clothes of a Korean farmer. Mr. Baker visited these countries while he was in the U. S. Armed Service.

The classes appreciate the time given by Mrs. McClure and Mr. Baker to give these programs. The lectures and slides were very educational.

Drive carefully. The life you save may be your own!

Disabled Workers May Get Social Security Payments

Of special interest to disabled workers is the provision of the Social Security Act which provided for disability payments at age 50. In order to qualify for these benefits, the disabled person must be unable to perform any substantial gainful activity and must have worked under social security for at least 5 out of the 10 years immediately preceding the date he became disabled. At last a year and a half of this work must have been during the three years just before the disability began. In addition, the disabled individual must have filed an application for these benefits.

Disabled worker who have been unable to work for a prolonged period may lose their rights to disability payments at age 50 if they do not file an application before June 30, 1958. Failure to

file for these disability provisions may also affect their rights to benefits upon retirement and to benefits for their survivors in the event of the worker's death.

Any disabled person who meets the requirements set forth above is urged to contact his nearest social security office. If the individual is unable to make this contact in person, a friend or relative may notify the Social Security Administration in his behalf.

Persons who desire information or assistance in social security matter are invited to meet with the representative who will be in Munday at City Hall on Tuesday, April 15th.

When you're buying new cotton towels, select those in matching ensembles of harmonizing colors. The colorful towels will not only make your bathroom prettier, but they also will help each member of the family identify his towels.
