

## Kracker Krumb's

Odd Bits Salvaged  
By The Editor

Pretty weather brings people out into the open!

Townspeople venture out to begin the jobs of cleaning up their yards, only to be forced inside the next day by weather that isn't so pretty. We haven't had many nice days since the groundhog saw his shadow — but it won't be long until that six-week period is up.

We don't believe we've ever seen yards in town more in need of workings so early in the year. The growth which we commonly refer to as wild rye — which some say isn't wild rye at all — seems to be taking a majority of the lawns and vacant lots in town.

Then there's another little job we refer to as the wild verbena. It grows more proficient each year and is spreading over the lawns to the extent that it appears to be choking out the grass. Among the verbena plants sticks the fuzzy heads of the dandelion — so this time of year it seems everything grows but what you want to grow.

The arrival of those infrequent pretty days also brings activities on the farms of this area, with land being placed in shape for another crop and with vegetables being planted as fast as weather permits. We understand most of the spuds have been planted, cabbage plants are being set out and other activities under way.

Glenn Shelton headlined his "Hired Hand" column last Tuesday with "Summer To Bring Fishing," and we know of a few anglers who welcome this news. They'll likely take the jump on summer after the "groundhog period" is over. Some who ventured to Lake Kemp during the week end said a good many men, no women, were fishing — but it was sure cold!

A number of people have had the opportunity of seeing the colored picture slides on European countries, principally on Italy, which Harold Paden has shown in this area. Paden showed them to the Lions Club last summer in a series of about four programs, and everyone was intensely interested in them. He's shown them other places, too, the last one being at a meeting of the Methodist Men's Club at which the men's wives were guests. Harold brings a very interesting lecture along with showing the slides.

The deadline has passed for filing in the two elections which are coming up next month. The city election will be on Tuesday, April 1, and most towns of the area under the mayor-alderman rule will elect a mayor and two aldermen. The school trustee election will be on Saturday, April 5, and in addition to the local trustees, three members of the county board will be elected — one trustee-at-large and one from commissioners precincts two and four.

We understand the job of mayor for Munday has gone begging, with the deadline having passed and no names filed for that office.

"Please be my guest for coffee and cookies," says Reddy Kilowatt in an ad this week and on invitations being mailed out to some 500 people of the Munday area. The event which Reddy refers to is at the local office of West Texas Utilities Co. on Monday, March 10, and we expect the little fellow with a light bulb for a nose will have a good many guests on that date.

### TURKEY DINNER AT GOREE ON FRIDAY

Plenty of turkey, dressing and all the trimmings will be served at the noon hour Friday, March 7, at the Memorial Building in Goree. Members of the Goree Cemetery Association, who are serving the feed, invite you to attend.

### UNDERGOES SURGERY

Dorse Collins returned home Monday night from Dallas where he had been with his wife who underwent surgery in the Baylor Hospital last Friday. He reports that she is getting along fine but will be hospitalized some ten days longer. Her sister, Mrs. E. D. Earle is with her now.

## Amarillo Man Speaks To Postal Group On Monday

W. B. Weathered of Amarillo, regional director of postal service, spoke to some 35 employees of the Brazos Valley Postal Employees Association at their regular meeting in Weinert on Monday evening, March 3. Postmaster R. S. Sanders was in charge of the program.

Mr. Weathered told about a plan to discontinue regional offices set up four years ago in the decentralization program and the directors probably work out of a main office in Dallas. This is the first big change in the 4 year program, but not because the plan was a failure but a step toward better service.

He mentioned that transportation of the mails has been slowed down greatly by the removal of 346 trains. It takes time to work out these transportation problems. The department hopes to work out a plan by which mail can be delivered anywhere in the United States by air or otherwise in 24 hours.

Herbert Rinn, postmaster of Old Glory and president of the organization, presided in a business session.

Host postmaster and Mrs. Sanders served refreshments to representatives from the following towns: Rule, Rochester, Old Glory, O'Brien, Knox City, Benjamin, Abilene, Stamford, Haskell, Weinert, Goree and Munday.

## Mrs. Kegley, 72 Area Resident For Many Years, Dies

Mrs. Annie Kegley, resident of the Munday area for 37 years, passed away at 1 p. m. Tuesday at the Knox County Hospital. She had been ill since suffering a heart attack about a week ago. Mrs. Kegley was born March 29, 1885, in Red River County and was 72 years, 11 months and five days of age. She was married to Lee Kegley on November 16, 1902, and Mr. Kegley preceded her in death in 1954.

Funeral services were held from the First Baptist Church in Munday at three o'clock Wednesday afternoon with the pastor, Rev. G. N. Allison, officiating. Burial was in Johnson Memorial Cemetery under the direction of McCauley Funeral Home.

### LANDSCAPING MEETINGS ARE PLANNED IN COUNTY

The homestead improvement committee of Knox County met recently with the Home Demonstration agent and planned two landscaping meetings. On March 11 the first school will be held at Gilliland in the Home Demonstration club room from 9:30 to 2:30. On March 12 assembly meeting will be held at Benjamin. Anyone interested in landscaping their home in the next few years is invited to attend one of these meetings.

### NEW ARRIVAL IN THE THOMPSON FAMILY

Something new has happened in the Howard Thompson family. It is a boy and he made his arrival in the Haskell Hospital at 8 a. m. on Monday, March 3, 1958. He weighed 7 pounds and 14 ounces and has been named Robert Howard. The two older sisters, Connie Ann age 4 and Debbie Sue age 3, are about to have a fit because they have the measles and won't get to see their new brother for a while. Grandparents are Mr. and Mrs. Bob Guffey and Mr. and Mrs. Bob Jarvis.

## Scouts Father And Son Banquet Held On Friday

The annual Blue and Gold father and son banquet was held in the First Methodist Church on Friday night, February 28.

Hal Mabry, area Scout executive, was guest speaker. Other speakers were Harold Paden, minister of the Church of Christ, and J. F. Michael, pastor of the Methodist Church. John Spann, president of the Methodist men, also gave a short speech. The Methodist men sponsor the Scout organization.

W. R. Moore, Jr., cub master, presided over the meeting. Stunts were performed by each of the three dens. The tables were decorated in a festive manner displaying the handicraft of the boys.

Den mothers are Mrs. Bruce Burnett, Den 3; Mrs. Harold Paden, Den 2 and Mrs. Joe Lane, Den 1. Approximately 20 boys and their fathers attended the banquet.

## Tax Collector Will Issue Auto Tags In County

John A. Smith of Benjamin, tax assessor and collector, this week announces his schedule of visits to various places in the county for the purpose of issuing the new 1958 auto license plates. These visits are being made for the convenience of auto owners who desire to register their cars without making a trip to Benjamin.

"Be sure to bring your 1957 registration receipt and certificate of title when you come to register," Mr. Smith urges. The schedule is as follows:

Truscott, Monday morning, March 10; Gilliland, Monday afternoon; Vera, Tuesday morning, March 11; Rhineland, Tuesday afternoon; Knox City, Wednesday, March 12; Goree, Thursday, March 13, and Munday, Friday, March 14.

## Knox County Hospital Notes

Patients dismissed since February 25:

Mrs. Jewel Day, Knox City; Domingo Ortiz, Munday; Mrs. D. E. Wells, Knox City; Kenneth Jones, Munday; Louise Cotton, Munday; J. H. Dabney, Rochester; John Morton, Goree; Mrs. R. W. Moore, Munday; Mrs. Elaine Adams, Munday; Earnestine High, Munday; John Hays O'Brien; Mrs. J. G. Mahan, Knox City; Mrs. Angelat Everett, Knox City; Mrs. George Davis, Knox City; Mrs. J. B. Tidwell, Munday; Joseph Lane, Munday; Mrs. Ralph Rios, Knox City; Tommy Scott, Knox City; Mrs. A. S. Logan, O'Brien; Marvin Urbanczyk, Munday; Danny Lewis, Knox City; Gary White, Knox City; Kathy Coffman, Goree; Clyde Covey, O'Brien.

Patients in the hospital March 2:

Mrs. W. H. Littlepage, Knox City; Mrs. Lula Howery, Goree; Florene Welborn, Benjamin; Ricky Howeth, Knox City; Judy Perdue, Goree; Jessie Rios, Munday; Mrs. Weldon Skiles, Knox City; Mary Katherine Kane, Munday; R. E. Hackfield, Knox City; Commodora Wallace, Munday; Sandra Claburn, Wichita Falls.

Births: Mr. and Mrs. R. W. Moore, a girl; Mr. and Mrs. Eddie Everett, a boy; Mr. and Mrs. Alvin Adams, a girl.

Deaths: Mrs. Annie Kegley, Munday.

CHARLES H. ALEXANDER, JR., 10-year-old Cub Scout representing Boy Scouts of Texas and across the nation, presents United States Senator Ralph Yarborough with an Honorary Boy Scout Pin. The presentation was in observance of Boy Scout week. Charles, son of Mr. and Mrs. C. H. Alexander of Washington, made the presentation because his father is originally from Mineral Wells, Texas.

## Rochester Pastor To Be Evangelist For Revival At Gillespie Baptist Church

REV. HERB BARKER

Rev. Herb Barker, pastor of the Rochester Baptist church, will be the evangelist for a week of meetings at the Gillespie Baptist church, beginning Sunday, March 9, and continuing through the following Sunday. Services are scheduled for 10:30 each morning and 8:00 each evening. The evening services will be preceded by group prayer meetings at 7:30.

A native of Mountain Grove, Missouri, Rev. Barker was graduated from Hardin-Simmons University with a B. A. degree and from Southwestern Baptist Theological Seminary with a B. D. degree. He has also completed residence work for his Master of Theology degree.

Rev. Barker pastored in Denton County before coming to Rochester last year. He is an accomplished musician and will sing solos from time to time throughout the meeting.

Rev. Marvin E. Burgess, pastor of the Gillespie church, will supply the Rochester pulpit both morning and evening next Sunday.

## Goree Will Elect Mayor, Aldermen

Voters of the City of Goree will elect a mayor and two aldermen in the city election which is slated for Tuesday, April 1, it was announced this week by J. B. Justice, city secretary.

Those whose terms are expiring are: Ernest Robinson, mayor, and Bill Laningham and Tom Harlan, aldermen.

## Report Given On Heart Fund Drive

Mrs. Marion Elliott, Munday chairman for the Heart Fund drive and her committee composed of Mrs. G. R. Eiland, Mrs. D. C. Eiland, Mrs. Martin and Mrs. O. O. Putnam, report that the local drive netted a total of \$414.93. The committee expressed their thanks to the score of volunteer workers who made this drive a success.

Contributions were as follows: High school, \$2.75; junior high, \$9.67; elementary school, \$14.99; local drive, \$255.70; business houses, \$96.95. Observance of Heart Sunday at the churches brought the following contributions: Church of Christ, \$17.87; Methodist Church, \$16.50; Baptist Church, 50 cents.

Speed doesn't shorten the road — it shortens your life!

## Munday School Will Host Oil Belt Agriculture Teachers Next Thursday

On Thursday evening, March 13, the Munday School will welcome vocational agriculture teachers of the Oil Belt District here for their regular district meeting. Teachers of the area who are expected to attend are as follows:

J. B. Payne of Stephenville, Area IV V. A. supervisor; Kenneth Roberts, Benjamin; Raymond Duvall, Bryson; Lloyd Simpson, Goree; Forrest Burnham, Graham; Raymond Puryear and V. G. Boykin, Jacksboro; L. E. Groves, Knox City; Don Owen, Megargel; E. R. Ponder, Munday; host teacher; Ward Pendleton, New Castle; A. L. Baggett, Olney; Lester C. Burk and Charles E. Barron, Seymour; W. B. Owen, Throckmorton; Bill Atwood, Breckenridge, and the teacher at Woodson.

The subject for discussion and study is irrigation installation, methods, production, vegetable production and marketing.

"I have asked a number of farmers of the area to help with the study," Mr. Ponder said, "and they are responding wonderfully well. If you have received a form and have not filled it out and mailed it back, please do so at once so you may be included in the combined form summary. I wish to thank each of the farmers who are cooperating."

## Benjamin Girls Gain Regional Basketball Finals

Two sisters, Glenda and Linda Cox, scored 29 and 26 points respectively at Guthrie last Monday night to lead Benjamin to a 73 to 61 girls bidistrict basketball victory over 14-B Aspermont.

Coach Hank Green's 13-B Benjamin sextet, owners of a 20-5 season record, thus gained the Region I-B tourney Friday and Saturday at Canyon and will meet the Blue-Roosevelt survivor in the opening round.

Aspermont's Nancy Galloway, who has scored as high as 70 points this season, tallied 39 for high point honors, but a pair of freshman guards, Peggy Jennings and Sue Rider, used a switching defense to keep the Aspermont ace from scoring more.

Meanwhile, a third freshman, Pat Waldron, was adding 18 points to the Benjamin total.

## Reduced Interest On N.F.L.A. Loans Is Now Available

H. A. Robertson of Vera and S. G. Cobb, Jr. of Seymour attended the annual stockholders meeting of the Federal Land Bank of Houston recently.

Mr. Robertson said one of the purposes of the meeting was to get a report on the condition and operations of the bank.

Of special interest to National Farm Loan Association members, as well as farm and ranch owners, was an announcement of Sterling C. Evans, president, that the bank had reduced the interest rate to 5 per cent on new loans and voluntarily cut the interest to 5 per cent on loans which were closed at a higher rate. It will now close additional loans. This is a new practice and enables a borrower with a 4 per cent land bank loan of \$1,000 or more to get an additional loan at 5 per cent on the new money and leave his old loan undisturbed.

Officers and directors of the Baylor-Knox Association are: J. P. Jones, president; Claude W. Hill, vice president; S. G. Cobb, Jr., secretary and treasurer; H. A. Robertson, M. J. McLarty and J. F. Cooper.

Scout leaders James Carden and Joe Lane took Troop 76 on their monthly hiking trip last Saturday. The troop hiked from the Rhineland bridge to the farm of Mrs. Genevieve Cammack which is approximately 7 miles.

Scouting the hills along the way served as their demonstrator of hill climbing with the use of ropes and the practice of knot tying for this purpose.

## W. G. Leflar, 61 Dies Thursday At Home In Munday

W. G. Leflar, well known area farmer and land owner, passed away at 7:30 p. m. Thursday, February 27, at his home in Munday. He had been in ill health for several months and was hospitalized several times. Death was attributed to a heart ailment.

William Godbey Leflar was born October 3, 1897, in Grandview, Texas, and moved to Haskell County in 1906. He was married to Ora Lee Neely in 1917, and the family moved to Knox County in 1938, where Mr. Leflar was actively engaged in farming until his health failed.

Funeral services were held from the First Baptist Church in Munday at ten o'clock last Saturday morning, with the pastor, Rev. G. N. Allison, officiating. He was assisted by Harold Paden, minister of the Church of Christ. Burial was in Johnson Memorial Cemetery under the direction of McCauley Funeral Home.

Pallbearers were Billy Mitchell, Doris Dickerson, Tolby Winchester, Don Combs, H. B. Stubblefield, Oscar Sparr, Otis Stimpson and L. B. Patterson, Sr. Named as honorary pallbearers were Melvin Strickland, Tuck Whitworth, M. H. Brumley, Clyde Nelson and E. H. Nelson.

Survivors are his wife; one daughter, Mrs. Helen Hardin of Shamrock; two sons, Le Roy and Shelton of Munday; three sisters, Mrs. Esther Gregory of Houston, Kan., Mrs. Ida Varsey of Houston, Mich., and Mrs. Lillian Cole of Rule; two brothers, Eli of Amarillo and Lee of Phoenix, Ariz.; and 10 grandchildren.

## Future Farmers Of Goree Hold Banquet Recently

The Goree Chapter of Future Farmers of America held its annual Father-Son banquet recently in the school cafeteria with the Underwood Catering Service of Wichita Falls serving.

Waymon Edwards, president of the chapter, was master of ceremonies. Jackie Hampton gave the welcome and his father, S. G. Hampton, gave the response. The group was entertained with musical selections by a vocal trio composed of Linda Latham, Jean Orsak and Brenda Hutchens.

The following awards were given: Gerald Kinman received farm safety, Glendon Hicks received Chapter Star Farmer, Wayne Hatgrove received farm mechanic, Jerry Dan Chamberlain received farm electrification and Tommy Howry received soil and water management. A Honorary Farmer degree was presented to Millard McSwain.

There are 21 boys in the Goree chapter. Tomye Ruth Harlan is sweetheart and Gerald Simpson is adviser.

## ABRAHAM CHOUCAIR TO VISIT SYRIA

Abraham Choucair left last Sunday for Killeen where he visited Mr. and Mrs. Kay Waheed and daughter a few days. Mr. Choucair plans to visit with Mr. and Mrs. Sam Salem in Dallas and with relatives in Tennessee and with Mr. and Mrs. George Salem in Washington, D. C. before leaving for a trip to the Old Country.

### GOOD QUESTIONS

Why do labor leaders object to making secret ballots in union elections mandatory?

Why do they object to penalties for failing to file statements of union finances?

In a "free" union how can they have the power to deny men the right to work unless they join and pay their organizations for the privilege?

In a land where equal justice for all is supposed to prevail how do they have immunity from "anti-trust" laws that apply to all other organizations that combine to control or restrict production to gain their ends?

More and more Americans are beginning to wonder whether the terms "democracy" and "freedom of the individual" are empty phrases in the United States.

Have workers in businesses become the pawns of labor organizations so powerful and wealthy that they are above and outside the laws that apply to all others?

These are good questions.

Generally speaking, capital investment by industry is substantially down from the very high levels of last year. A major exception to this rule is the electric utility industry. Gene Smith writes in the New York Times that the utilities will spend \$5,300,000,000 this year for expansion—a new record. They will add 16,400,000 kilowatts to their capacity, also a new record.

A Ford Motor Co. executive reports that wages and salaries paid by U. S. corporations have increased 75 per cent in the last 10 years, while profits as a per cent of sales have declined 35 per cent. This, he says, demonstrates that wages and not profits are a major inflationary influence.

Reports from Washington indicate that if business doesn't show an upturn by mid-year there is a distinct possibility of the Administration and Congress approving a reduction in the individual income tax. Opinions differ as to how this should be done. Some want a straight percentage cut; others favor increasing exemptions.

According to a newspaper account, a large Massachusetts high school spent more on athletics in a late year than on science and mathematics combined.

Drive Safely! Spend a little more time with us.

### APATHY AND POLIO

We Americans were GENEROUS when we contributed millions of dollars to fight paralytic polio.

We were TRIUMPHANT when, after years of research, our scientists developed a vaccine against it and the number of cases dropped 47 per cent last year.

Now we are SHOCKED to hear that, according to a recent estimate, 58 million Americans under 40 who should get this simple, effective protection have neglected to do so.

What is the word for this neglect? Polio authorities, like the National Foundation for Infantile Paralysis, call it APATHY. The dictionary defines as "lack of interest" or "indifference."

But can anybody afford to be indifferent about polio? When it strikes it leaves ruin in its wake—crippled bodies, disrupted homes, wage-earners unable to go on with their chosen work.

Indifference in the face of this kind of risk is folly. Better roll up your sleeve and vaccinate before it's too late!

"The hen is the only thing we know of that can lay around and make money." . . . The Plattsmouth, Nebraska, Journal.

### AN OLD STORY

U. S. News & World Report says: "Two simple facts give you a clue to what has been happening in American industry:

"Fact one is that output of goods in factories for each man-hour of work has risen only a trifle more than 1 per cent in the last 10 years since 1955.

"Fact two is that hourly pay of factory workers has in that same period gone up a bit more than 10 per cent."

This trend could produce something new in this country—a depression accompanied by high and rising prices. This is the kind of inflation that has destroyed currencies and brought collapse to governments all through history.

### TO THE MOON

Oswald West, a former governor of Oregon, has made this acid little observation: "If the Sputnik critics of our educational system will have a little patience, they will find that we will soon be turning out graduates who can pass a football to the moon—were some Russian there to receive it."

## MODERN HOMEMAKING

### Recipes . . . Household Helps

By Julia Hunter

HOME ECONOMICS DIRECTOR, LONE STAR GAS CO.

Cauliflower is in peak production and rich in important nutrients. Low in calories, too. It provides excellent amounts of Vitamin C, yet one cup raw cauliflower has only 25 calories.

This member of the cabbage family, referred to by Mark Twain as "the cabbage with a college education," combines with a variety of sauces in hot vegetable dishes, but is equally good in cold salads. Don't forget raw cauliflower flowerets on raw relish and hors d'oeuvre trays, they are excellent for dunking.

When buying cauliflower, look for a head that has white or creamy white flowerets and a fresh green jacket of outer leavers. Be sure the head is clean, heavy and compact. A 2½ or 3 pound head will make 4 to 6 servings.

To prepare for cooking, wash the cauliflower well and remove the green outer stalks. These may be cooked as separate greens. Leave the cauliflower whole or break it into flowerets. Simmer in ½ inch boiling water in a covered pan until tender; 8 to 15 minutes for flowerets, 20 to 30 minutes for a whole head. Season and serve with melted butter or margarine or with a sauce.

Canned soups make delicious sauces for cauliflower. Cream of celery is especially good. Just heat the undiluted soup, add enough milk to make the mix-

**Munday Study Club Meets Friday In H. F. Jungman Home**

The Munday Study Club held its regular meeting last Friday afternoon in the home of Mrs. H. F. Jungman, with eighteen members present.

Articles on mental health education from the Hogg Foundation were presented by Mrs. J. O. Bowden, program chairman.

Mrs. Paul Espey of El Paso was a guest of the club.

In the business meeting, the club voted to sponsor the Campfire Girls. The library committee presented plans for the National Library Week program, and as a participation the club will give awards for outstanding posters.

**Oriental Tea Given By Matron's Club At Weinert**

Members of the Munday Study Club were invited to attend an Oriental tea and book review given by the Weinert Matron's Club on Thursday, February 27, in the Methodist Church.

Mrs. J. B. Pumphrey, Sr., of Old Glory reviewed "Bridge to the Sun" by Gwen Teresak. Mrs. Pumphrey was dressed in oriental costume.

The refreshment table was covered with a white oriental cloth over pale green damask. The centerpiece was of red gladioli, sans and orientals figurines on a black straw mat with palm greenery in the background.

Ladies from Munday attending were Meses. G. R. Eiland, A. L. Smith, R. D. Atkinson, C. P. Baker and Mrs. Espey of El Paso.

**Munday H. D. Club Meets February 27 With Mrs. Jones**

Members of the Munday Home Demonstration Club met on Wednesday, February 26, in the home of Mrs. C. C. Jones. In the absence of the president, Mrs. Gili Wyatt, vice president presided.

Mrs. Otis Simpson gave the opening prayer, after which two songs were sung by the group. Games were directed by Mrs. Wyatt.

Business was directed by the chairman. The recreation school will be held in Benjamin on March 4 and 5.

Mrs. Wyatt resigned as council delegate, and Mrs. R. M. Almanrode was elected. A report was given on the luncheon held on the 20th for March of Dimes workers.

A demonstration on furniture arrangement was given by the agent, Mrs. S. C. Kinsey. Six principles were given: proportion, balance, scale, harmony, emphasis and rhythm — each needed to bring peace and pleasure to any room.

The agent also gave a short history of the beginning of Extension Service and the far reaching results of the work.

Refreshments were served to Meses. Otis Simpson, M. H. Dean, Gil Wyatt, R. M. Almanrode, Virgil Yost, Edwin Johnson, Miss Kinsey and the hostess.

The club meets in the home of Mrs. Joe Patterson on Wednesday, March 12.

**Vera H. D. Club Meets In Home Of Mrs. Maurice Hughes**

Members of the Vera Home Demonstration Club met in the home of Mrs. Maurice Hughes on Tuesday, February 25, with the chairman, Jerry Wiles, presiding.

Mrs. S. C. Kinsey, home demonstration agent, gave a demonstration on "Living Room Arrangement."

Refreshments were served to 18 members and two guests, Mrs. R. E. Hughes and Mrs. Kinsey.

The next meeting will be in the home of Mrs. Peggy Kinnibrugh on Tuesday, March 11.

**Gilliland Club Meets February 19**

The Gilliland Home Demonstration Club met in the club room of the school building on Wednesday, February 19.

Mrs. W. T. Cook called the meeting to order, and Mrs. Leonard Welch read the devotion. Mrs. O. R. Miller conducted one game.

Mrs. Miller also gave the council report, and Mrs. Homer Martin explained about printing the cook books. Mrs. Cook turned the meeting over to Miss Kinsey, who talked on furniture arrangements.

Mrs. Dwight Burgess served refreshments to Meses. W. T. Cook, Leonard Welch, O. D. Welch, Arnold Navratil, John Thompson, Charlie Groves, O. R. Miller, Homer Martin, M. G. Duncan, Sam Stone, S. C. Kinsey, O. A. Burgess, Jim Cash, Arthur Horne, J. R. Spivey, M. G. Hollis, Hewitt Simmons, L. D. Welch, Emil Navratil and A. L. Cook.

William G. McAdoo was a United States Senator from California. Before that, he was a member of President Woodrow Wilson's Cabinet and during the First World War, he had charge of operating all the railroads in the nation. He also led in the early balloting for presidential nomination at a Democratic national convention.

But to a reporter, he was just a news story — the subject of an interview.

He had just arrived in Fort Worth when I phoned from the hotel lobby and he invited me up.

After greeting me cordially, he said, "The pilot and I have been in a small plane for hours; the air was rough and I've had nothing to eat except a cold sandwich. I'm very tired. Couldn't you see me after while?"

And he stretched his long frame on a couch. I felt sorry for him and a little ashamed of myself but I said, "Mr. McAdoo, there's an edition coming out and it won't wait, so neither can I."

And so instead of tossing me out, he smiled and said, "Then fire away" and he answered my questions.

A governor and the mayor of a capital city were enemies. One night the mayor heard that his foe, drinking heavily, had gone to a dive, so the police were ordered to raid the establishment and the governor was among those arrested.

News of the scandal spread over the state and the governor, who had been renominated, gave up the nomination.

Several years went by and the former governor announced his complete reformation. He renounced liquor and denounced it from the platform.

From his own bitter experience, he spoke: "Liquor, I hate it for what it has done to me and those that I love."

"See the drunken man reel in to his home and his wife and little children cowering before

him-like birds before the hunter's gun." He shed tears and so did his audiences. He became the most eloquent advocate of prohibition in the nation.

What a novel this would make.

**Fishing Lures Designed From Mussel Shells**

Making fishing lures from mussel shells can be easy and fun says William H. Brown, Aquatic Biologist, in the February issue of Texas Game and Fish. The result of your ingenuity, Brown adds, will be a flashy bait sure to whet the fish's appetite.

In his article, "Home-made Appeal," Brown gives the step-by-step instructions you can follow.

Simple tools are needed — a hacksaw to saw the shell into strips, and pliers to pinch off small pieces of the strip until the rough outline of your lure is shaped. Final finishing touches are made with a file and either fine emery or sandpaper. A fairly rough surface with many faces to catch the light is better than one which is too smooth. Brown says:

In each end of your lure, a hole must be drilled for the attachment of split rings. This is probably the hardest part of the job, and it takes a hard, high-speed drill bit to pierce the hard inner-layer of the mussel shell. Both drill bit and shell become very hot during this operation so you must be careful not to get burned, the author cautions.

One split ring is used at the front of the lure for attaching the line or snap swivel from the line. Another split ring is used to attach a treble hook to the rear of the lure. When all the work is over, your lures will prove their worth with a good-looking string of fish.

Deaton Moorhouse of Amarillo visited Mr. and Mrs. Chas. Moorhouse last Monday night.

**Relatives Here For Leflar Rites**

Out of town relatives and friends attending the funeral of W. G. Leflar last Saturday morning were Mr. and Mrs. Eli Leflar of Amarillo, Mrs. Lillian Cole of Rule, Mrs. Esther Gregory of Hugston, Kans., Mrs. Willie Greer, Mrs. Thelma Cole, Mrs. Beans McCanless, Mrs. Madelyn McKinney, Mrs. Joe Smith, Mrs. John Behringer, Mrs. Jess Place, Mrs. Ira Bradley, Mrs. Rip Barbee, Mr. and Mrs. Joe Cloud, J. R. Barbee, Roland Rose and Mrs. R. C. Poole all of Rule; Mrs. Mattye Bruner, Roy Bruner, Eli Bruner and Mrs. Effie Johnson all of Hamlin, Mr. Lee Leflar of Phoenix, Ariz., and Mrs. Ida Varsey of Detroit, Mich., were unable to attend because of illness.

Mrs. George Neely, Mr. and Mrs. John Freeman, Haskell; Mrs. Vera Mitchell of Plainview; Mr. and Mrs. Harvey Gilchrest, Ruth Gilchrest, Mr. and Mrs. Pete Gilchrest, Waco; Rev. and Mrs. Mart Hardin, O'Brien; John Morton, Gore; H. F. Harmel, Seymour; Weldon Laird, Grandview; Mr. and Mrs. Oliver Reed, Dorothy Gregory, Stamford; Mr. and Mrs. Quintin Spann, Clinton, Oklahoma.

Mr. and Mrs. Ben Yarbrough visited Mr. and Mrs. Joe Duke in Lovington, N. M., from Thursday until Monday.

**ONLY \$2.20 PER EXTRA YEAR OF LIFE.....**

The average family today spends about \$22.00 a year more for prescriptions than it did in 1929.

Largely because of the wonder drugs in those prescriptions, you can expect 10 more years of life than you could in 1929. This means that the typical family pays about \$2.20 for each extra year of life expectancy.

That's why we say . . .  
**Today's Prescription Is The Biggest Bargain In History!**

**Eiland's Drug Store**

**Fresher when you serve it**

**MRS BAIRD'S ENRICHED BREAD**

Little wonder, then, that you hear so many people saying "The big buy in trucks is a GMC!" You'll prove it yourself—by looking over America's Ablest Trucks—at your GMC dealer's. Do it today!

Now—choose between the full-fender Step-side body (illustrated) or the new extra-capacity Wide-Side body, available at slight extra cost.

**No other Pickup — bar none — offers so many extra quality features at NO extra cost!**

Just check over these 30 features—only a partial list of GMC extra value points that mean better performance—longer life—lower operating costs—in any truck—

- 1 High-Horsepower, High-Torque
- 2 GMC Truck-Built Engine
- 3 30-Amp Generator
- 4 Extra-Size Windspitters for Hood Ruggedness
- 5 Two-Point Radiator Core Support
- 6 "Aimed-To-Live" Dual Head Lamps
- 7 Heavy-Duty Hood Latch
- 8 Heaviest Front Cross-Member of Any Pickup
- 9 Extra-Heavy-Duty Bumpers
- 10 Heavy-Duty Bumper Guards
- 11 Center Hood Reinforcement
- 12 Foam-Rubber Seat as Standard Equipment
- 13 Beautiful and Functional Control Panel
- 14 Nonglare Instrument Panel
- 15 Wet-Proof, Rust-Resistant Cab Floor
- 16 Crack-Resistant Metal Molding around Door Glass
- 17 All-Metal Window and Door Hardware
- 18 Rubber Water Seals around Window Glass and Door Handles
- 19 Strongest Rear Axle of Any Pickup
- 20 Fast-Ratio Cruising Axle for Overdrive's Economy Without Overdrive's Cost
- 21 High-Capacity Springs with Greatest Deflection Rate in the Weight Class
- 22 Sand-Tight Tail Gate
- 23 Heavy-Duty Tail-Gate Hinges
- 24 Drip Rail that Directs Water Down Windshield Post
- 25 Not Cardboard—But Vinyl Roof Insulation in Cab

**FARMERS SUPPLY COMPANY**

PHONE 3081 MUNDAY, TEXAS

**LIVESTOCK TRADE STRONG AT FORT WORTH MONDAY**

FORT WORTH — Cattle and calves moved in a very active trade at Fort Worth Monday as both slaughter and stocker buyers pressed for a share of the supplies. Again the supply of mature fed cattle was very small. The excellent grazing prospects developing all over the Southwest put added zest into the stocker trade, although high quality kinds were virtually lacking in the offering.

Good and choice slaughter steers and yearlings cashed at \$24 to \$27.50, and medium and low grades sold from \$16 to \$23.50. Fat cows cashed at \$16.50 to \$19, and canners and cutters drew \$10 to \$17. Bulls were reported from \$14.50 to \$20.50.

Good and choice slaughter calves sold from \$24 to \$27.50 and medium and lower grades sold from \$14 to \$23. Stocker calves brought \$22 to \$28, and heifer calves sold from \$26.50 down. Stocker yearlings drew \$27 down. A few stocker cows sold from \$14 to \$20.

**HOGS OPEN 50c TO 75c HIGHER, TOP \$22.00 - \$22.25**

Butcher hogs opened on a very strong footing at Fort Worth Monday as choice butchers scored \$22 and \$22.25. Medium to good hogs sold from \$18 to \$21.50. Sows cashed at \$17 to \$19.

**OLD CROP LAMBS SHOW SOME STRENGTH MONDAY**

Trade in the sheep yards was active and prices on old crop lambs were strong to 50 cents or more higher, some of the heavy-weight lambs showing the better gains. Good and choice slaughter lambs sold from \$21 to \$22.50, the higher figure for No. 1 or Fall shorn pelts. Some good woolled lambs drew \$21.50, and some heavies up to 125 pounds also sold at \$21.50, considerably better than last week on those weights. A few odd lot medium and low grade stocker lambs cashed at \$18 to \$20. Slaughter ewes sold around \$9 to \$10 and other grades and classes were scarce.

**SPECIAL STOCKER SALES DATES ARE ANNOUNCED**

The schedule of special stocker and feeder sales for the coming season at the Fort Worth livestock market was announced Wednesday, and reveals nine of these events will be staged. These special private treaty sales for terminal markets were originated four years ago at Fort Worth, and are now held at most major markets of the country.

The Fort Worth Livestock Market Institute announced that this year for the first time these sales here will include wo dates for

the sheepmen. The first sheep sale will be held on June 5 and June 6 and will feature stocker ewes and rams. The sale is designed to give Texas breeders a chance to offer this breeding stock to buyers from all parts of the country, and there has been heavy movement of Texas ewes and rams to the Mid-south and Southeast states at that season in the past. These buyers, as well as Texas buyers, can see large numbers in the two days here. The second sheep event will be a Fall sale of stocker and feeder lambs. It will be a two-day affair on September 18 and 19.

All of the cattle sales will also be two-day sales on Thursday and Friday dates. The experiment in holding two-day sales is aimed at avoiding possible congestion and will give order buyers an opportunity to look at the livestock in more leisurely fashion. It will also permit spacing of the shipments in and out of the yards to better advantage.

First cattle sale will be March 13-14 at which all breeds and all ages, especially wheat pasture cattle, will be featured. There will be a second sale for all breeds and all ages on June 19-20.

Combination shows and sales, jointly sponsored with the Texas Hereford Association and the Texas Angus Association, will be

held in July and September. In these sales one breed will show and sell on Thursday, and the other breed follows the next day, an arrangement which will enable out-of-state buyers to come in for these events and see top cattle breeds from some of the "reputation" herds of the state.

July 10 will feature Herefords and July 11 the Angus cattle will sell. On September 4 Angus cattle will sell, and on September 5 the Whitefaces will be shown.

Final cattle sale will be the fall roundup dates October 16-17, and this affair will be open to all ages, all breeds. This sale is expected to attract some of the top cattle from all sections of the state including some from the Highland Country of Southwest Texas.

All judging and awards will be handled by the breed associations and all selling will be at private treaty.

**Caldwell Man Is Outstanding Farmer; Named By Jaycees**

AUSTIN — A 27-year-old Burleson county man has been selected as the outstanding young farmer in Texas by the

Texas Junior Chamber of Commerce.

Staging their fourth annual awards banquet, the Texas Jaycees named Johnnie E. Stefka of Caldwell, as the top agricultural award winner. Stefka is a cattle, dairy, cotton and grain farmer. He was sponsored by the Bryan Junior Chamber of Commerce.

Runners-up for top honors were James L. Norris, 35, of Paris, a dairyman sponsored by the Paris Junior Chamber; and Weldon A. Mauney, 35, also a dairyman from New Waverly, sponsored by the Houston Jaycees.

The Austin Jaycees were hosts at the banquet, which featured an address by Agriculture Commissioner John C. White.

White charged that economic planners in Washington had ignored the vital role American farmers play in the national economy. Citing the current recession and unemployment as an example of what happens when the farmer and his problems are forgotten, White declared:

"Certainly we should know, by now, that a national depression begins its treacherous sweep from the doors of a family farm. We should know that a nation prospers only as the farmer prospers — that agriculture is the backbone of our American economy."

Stefka is entered in national competition with forty nine other state and territorial winners and will receive an all expense paid trip to the National Awards program, in Indianapolis, Indiana on April 14-15-16, 1938. His trip will be paid by the United States Junior Chamber of Commerce and their co-sponsor, the American Petroleum Institute Committee on Agriculture.

**New Brush Killing Chemical Available**

A new chemical is available that has proved its worth for controlling brush. It is fenuron, says G. O. Hoffman, extension range specialist.

Fenuron is made up similar to fertilizer pellets, says Hoffman. It can be used early in the growing season to control post oak, blackjack oak and winged elm growing on sandy soils.

Fenuron is applied in the pellet form and is dissolved by rain. It is taken up by the roots and kills the brush plants, he says.

The pellets are easy to apply and there is very little danger of their drifting onto susceptible crops, such as cotton and truck crops. Another advantage of the

new chemical is that it can be applied before the trees leaf out. It takes rainfall to make it work. Too, it kills only post oak, blackjack oak, and winged elm growing on sandy soils.

But it also has its disadvantages, Hoffman points out. For example, it does not kill brush growing on clay soils and it does not kill all kinds of brush, such as greenbrier, haws, yaupon, gums, hickory and other hardwoods. Too, fenuron kills pine trees, therefore it can't be used as a chemical for timber stand improvement.

Other disadvantages are that it cannot be applied closer than 150 feet to shade trees and it sterilizes the soil at high rates of application.

Fenuron pellets should be applied from February 1 through May 15 at a rate of 16 pounds per acre, advises Hoffman. This is the time when these trees first begin to grow and before the spring rains. Care should be taken so the exact amount will be applied per acre. If too much chemical is applied, perennial grass can be killed.

Hoffman suggests seeing your local county agent for further information.

TIMES CLASSIFIEDS PAY!

**News From The U. S. Congress**

By Congressman Frank Beard

Last week the House appropriated funds to carry on the acreage reserve part of the soil bank for this year. The acreage reserve program is not a satisfactory one and has not worked well; however, in view of the fact that in administering this program the farmers were asked to sign up before the funds that were available were allocated to the various States, a shortage in funds was brought about which made the appropriation of additional moneys necessary. In all probability this soil bank program will not be continued for another year.

All veterans who are still carrying their National Service Life Insurance may find it worthwhile to convert their policies. The type of insurance that we all bought while we were in the service was cheap for the premium on this type of insurance are low when you are young but run much higher as you get older. It is advisable to talk to the nearest Veterans Administration Office or some insurance man about the possibilities of conversion.

This week a number of Texans will appear before the Committee on Ways and Means to testify in favor of the effective control of oil imports which is so necessary to the economy of our State. There is a chance that the President will impose mandatory controls under the present law within the next two or three weeks, but even if this should occur, it is important that Congress take affirmative action to assure continued control of imports.

Next month the Smithsonian Institute in Washington will exhibit a sixteen foot sardine which was sent here from the University of Texas. This overgrown Texas-size sardine was found in Texas, and according to scientists, lived about one hundred million years ago in the sea which covered the Great Plains Area.

There has been much discussion here about postal rates. Chances are that a Four Cent rate for first class mail will be finally approved despite all we hear about a Five Cent rate.

Mr. James Van Horn of Iowa Park and Mr. Don Nanny of Haskell were visitors in Washington this week.

**THANK YOU ALL**

We take this means of thanking the Munday Chamber of Commerce and all individuals and business firms of the town for their contributions in helping finance the moving of the Church of God in Christ, and all those who helped in any other way. A total of \$103 was raised.

GEORGE NIX (Re-election)

### Woman's Study Club Has Texas Program In Tuesday Meeting

Members of the Woman's Study Club of Goree met last Tuesday afternoon for a program on Texas. The meeting was in the home of Mrs. Ogb Coffman.

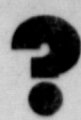

Mrs. Coffman served the members dessert and coffee as they arrived. The group then sang some Texas songs.

Mr. Alma Reeves gave the pro-

gram on Texas, with a survey of historical spots and resources of the state.

Roll call was answered with women of Texas who are outstanding in many fields of endeavor.

Visitors in the home of Mrs. Fannie Armstrong over the week end were her sister, Mrs. Mattie Fagnolio, and Mrs. Fenoglio's daughter and family, Mr. and Mrs. Foster Burkhardt and children, all of Bowie.

They'll Be Here Next Week

THIS WIDTH AND WEIGHT  
MAKES A BETTER SEEDBED

Faster... Easier... At Less Cost

The weight per blade is upward from 50 pounds each... the width is 10, 12 1/2, or 15 feet in these 200 Series Allis-Chalmers Disc Harrows. You'll chop stalks quicker, make a smooth, level seedbed much faster... and give more of your seed its chance to grow.

The 10-foot disc and D-14 Tractor (shown) work fast... 5 mph in 3rd gear... with Power Director and TRACTION BOOSTER system. The bigger models do an equally good time-saving, cost-saving job — up to 75 acres a day with the 15-foot harrow and new D-17 Tractor.

TRACTOR BOOSTER is an Allis-Chalmers trademark.

**SOPHISTICATED FOODS AND FOOD VALUE**

When the American housewife reaches to the grocery shelf for two cans of food — one for her children and another for her dog — chances are the dog is getting the better end of the deal.

The reason? When the dog's food is packaged, the manufacturer has one primary selling point to consider — the nutritive content of the product. The dog's owner and the dog care for nothing except good taste and good health in the dog's diet. In contrast, the food for the family "sells itself" in several ways in to which food value is not too apt to enter.

The family food product attracts the housewife through its

appearance and its advertised ease in preparation as often as through its palatability — and much more often than through its nutrition-giving qualities.

As a result, America today is the land of plenty — plenty of sophisticated foods and, consequently, plenty of undernourished people. In fact, there are some 25 million Americans suffering from deficient diets. This in spite of the fact that food resources in our nation are unequalled in quality, available in abundance and priced lower than in any other country in the world.

This false sense of values evidenced in family food selector is no one's personal fault. It is a reflection of the tension-packed, aspirin-eased world in which we

live. We Americans are notorious among other nations for always being in a hurry. And this mania for getting things done in a hurry is reflected in our food habits.

We have become a nation of "the skipped breakfast," the "quick lunch," and the "pre-cooked supper," and the food industry has geared itself to the tenor of the times; emphasis on ease in preparation, at all costs. And the cost is high, both in lost nutrition, and in cash money as well.

As the housewife comes to rely on special services in food preparation, it is inevitable that her food costs will rise. In many cases, the various steps taken to process a staple food item from its original form to the "instant" product adds up to a cost 500 percent in excess of the food's original cost.

This leaves us with a paradox of the times — paying much more for food that we are likely to get less out of. Think of it the next time you go grocery shopping.

Minnie Hatfield, and grandmother, Mrs. Anna Hunt.

Mr. and Mrs. Gene Taylor and daughter, Sandra, of Munday attended a birthday dinner here for Mrs. Myrtle Kuykendall last Sunday.

Mrs. Ruth Ressel, Mrs. Kenneth Roberts and Mrs. Stover accompanied the homemaking class of 11 girls of Benjamin and six girls of Vera to Stephenville last Friday and Saturday.

Mr. and Mrs. W. A. Glenn had as guests last Sunday, Mr. and Mrs. McDonald of Abilene, and Mr. McDonald preached at the Church of Christ on Sunday.

Week end visitors of Mr. and Mrs. L. A. Parker were Mr. and Mrs. Wilborn West and children of Lamesa.

1956.

Now compare those yearly totals with the 729 cases last year — slightly over half the number experienced in the lightest year of the previous four.

The time for parents to take action toward having their youngsters — especially those of pre-school age — vaccinated is right now, before the polio season begins. And parents will be making a mistake if they neglect to get themselves immunized at the same time.

The tendency of many people is to take one or two doses of vaccine, and forget about the third. True, one shot does give some protection, and two give even more. But only by taking that third shot can maximum protection be assured.

Getting vaccine is no problem nowadays as it was in the beginning. Latest estimates put the nation's vaccine supply at 30 million doses.

son of Fort Worth came after her parents, Mr. and Mrs. Ezra Pryor, last Sunday and all attended the funeral of Mr. Pryor's sister, Mrs. Vada Smith in Dallas on Monday afternoon. Mr. and Mrs. Pryor returned home Monday night with friends from Benjamin.

Drive carefully. The life you save may be your own.

700,000 refund checks. You have to remember that there are millions of taxpayers and there are a lot of steps required by law in checking your return before Internal Revenue can send you your refund check.

If you move, tell Uncle Sam your new address and give him a little time and your check will probably be along within a couple of months. Don't write and ask for it before July 1.

**Weekly Health LETTER**

Issued by Henry A. Hobb, M. D., State Health Officer

**BENJAMIN NEWS**

Mrs. Bertie Littlepage spent the week end with her daughters, Mrs. Jack Shipman and family and Mrs. Floyd Herndon and family, in Houston.

Mrs. Lula Isbell was a business visitor in Seymour one day last week.

Mr. and Mrs. A. S. Barrett of Stinnett spent the week end with Mr. and Mrs. Von R. Terry and Vicki and Mr. and Mrs. Bert Marshall.

Mrs. Lillie M. Ryder is visiting her daughter, Mrs. Edwin Jones, and family in Seymour.

Mrs. Oscar Hudspeth is visiting her daughter in Channing this week.

Mrs. W. A. Barnett and Mr. and Mrs. Pete Barnett spent Sunday with Mr. and Mrs. Murry Rodgers and family in Clairemont.

Mrs. Lewis Salters and daughters, Ruth, Alice, Jimmie and Ruby, and Mr. Simpson of Plainview visited Mr. and Mrs. D. W. Crenshaw last Saturday night.

Mr. and Mrs. Carl Howard of Lubbock visited his sister, Mrs. W. A. Barnett, one day last week.

Mr. and Mrs. Clyde Hatfield and children of Borger spent the week end with his mother, Mrs.

Well over half of Texas' paralytic polio victims last year were less than five years of age, a final tabulation of the 1957 polio incidence shows.

The record discloses that of the 365 paralytic cases reported last year, 218 were pre-schoolers under five. That figures out to be 59.7 percent for Texas, compared to 45 percent for the nation as a whole.

Of the remaining Texas cases, 44 were between the ages of five and nine; 23 were in the 10-14 age group; 19 were between 15 and 19; and 61 were over 20.

Clearly revealed in these "age group distribution" figures is the necessity of placing special emphasis on the immunization of pre-school children, while at the same time keeping in mind that everyone up to 40 years of age should take the series of three shots in proper sequence.

It still takes almost eight months to take the entire series. The second shot is given two weeks after the first, and the third seven months after the second.

Parents must take the initiative in seeing that their younger children are properly immunized and in getting immunized themselves.

In the four years since the advent of Salk vaccine, its efficiency in conferring immunity against the crippling effects of polio has exceeded all expectations. This is its record of performance for the past five years.

In 1952, Texas suffered 3,984 cases of both paralytic and non-paralytic polio. That was the worst year in state history. In 1953, reported cases totalled 1,751. There were 3,037 cases in 1954; 1,931 in 1955; and 1,359 in

**CARD OF THANKS**

## Knox Prairie Philosopher Wants The Scientist's Privilege Of Not Launching Tractor If Weather Is Bad

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek is just hunting for an excuse for not farming, his letter this week indicates. It's not the first time.

Say I wake up in the morning, look out at a field that needs some attention with a tractor and decide the weather isn't right, the wind is from the wrong direction. You know what people say? They say I'm lazy. Didn't want to work in the first place.

There's a phase of the satellite business which apparently has gone unnoticed and I would like to call it to your attention, as well as some other people's attention, like my wife and my banker.

Every once in a while, when the experts get ready to launch a guided missile or a satellite, get the firing pin ready, bring in the man who knows how to count backward, load the thing up with fuel, alert the reporters, and have spectators with field glasses sitting up all night to see the spectacle, the launching is called off.

And do you know why? Because the weather wasn't right. That's all the excuse they need. It was either too windy, or too cloudy, or it was raining or the wind was from the wrong direction.

This is considered a very scientific reason, and nobody thinks anything of it, certainly nobody criticizes the experts.

Now what I'd like to know is why can't we get this scientific attitude working toward other people, say me for example?

It's this unscientific attitude that throws me. Do you ever hear President Eisenhower or the Secretary of Defense saying the reason the experts didn't send up a satellite last Thursday or whenever it was, was because the experts just didn't want to?

Certainly not. When they say the weather isn't right, people say, that's too bad, maybe it'll be better next week, and hold up a while on their demands that space be conquered.

But you try that on explaining why you're in town instead of out in the field going up one row and down another, and they scoff

at you, to put it mildly. I don't see why a farmer, the same as a scientist, can't be the sole judge of whether the weather is right for launching a tractor. As far as I'm concerned, a tractor is as important as a satellite, and if a scientist can get off scott-free and go home for supper instead of blasting off because the wind is from the wrong direction, why can't I see which way the wind is blowing before I crank up? The weather is just as much mine as it is the rocket experts, and I can count backwards as well as the next man.  
Yours faithfully,  
J. A.

## Notes From Knox Farms, Ranches

By Roy England, Knox County Agent

In a 1957 test of the effect of source and time of application of nitrogen fertilizer on the yield and test weight of irrigated winter wheat, five sources of nitrogen fertilizer were applied to non-grazed, irrigated winter wheat on Pullman silty clay loam in Deaf Smith County. The five sources included ammonium nitrate, ammonium sulphate, sodium nitrate, urea, and anhydrous ammonia. Three types of application were used, including pre-plant, top-dress, and split applications.

There was no significant difference in yield among plots receiving different sources of nitrogen or among plots receiving the nitrogen at different dates.

Plots receiving 100 lbs. of nitrogen per acre averaged 64.3 bushels per acre, while those receiving no nitrogen averaged 39.0 bushels per acre.

Test weight of the grain was not appreciably affected by source of nitrogen or time of application. The methods used in the test were as follows:

1. One-third of the plots received 100 lbs. of nitrogen per acre prior to planting.
2. One-third received 50 lbs. of nitrogen per acre prior to planting and 50 lbs. as a top-dress in February.
3. The remaining one-third of the plots received 100 lbs. of nitrogen as a topdressing in February.

Mr. and Mrs. W. C. Hertel and Mr. and Mrs. H. F. Jungman left Wednesday for a few days visit in Mineral Wells.

French premiers are like American automobiles. Every time you turn around, there's a new model. — Changing Times

Records of the Texas Safety Association reveal that fourteen percent of all rural, fatal traffic accidents occur between six and eight p. m. So, for safety's sake, slow down at sundown.

## Gems Of Thought

### "HEROISM"

Self-trust is the essence of heroism. — Emerson

The grandest of heroic deeds are those which are performed within four walls and in domestic privacy. — Richter

The reformer must be a hero at all points, and he must have conquered himself before he can conquer others. — Mary Baker Eddy

Who can be a hero to his wife's relatives fearlessly — rest of the world? — Meredith Nicholson

Nurture your beliefs in the heroic thoughts of heroes. — Benjamin Franklin

Found courage and compassion. Joined proclaim him good and great, and make the hero and the man complete. — Joseph Addison

## Gardening Time

Get ready for Spring. Select your hoes, rakes, garden hose, etc., from our large stock.

We also have a complete stock of fishing tackle.

White Auto Store  
Mr. & Mrs. A. B. Warren

## IT'S THE LAW in Texas

A public service feature of the State Bar of Texas

### PRAIRIE LAWYER

This year will see the 100th anniversary of the famous Lincoln-Douglas debates. It was in the campaign year of 1858 that Lincoln and Stephen A. Douglas stumped the state of Illinois presenting their different political views, principally on the issue of slavery. When the campaign was over, Illinois sent Douglas to the United States Senate, but it was Lincoln's views that eventually swayed the nation.

Curiously enough Lincoln had once appeared in a law suit that involved a slavery question, and his arguments had swayed the Illinois Supreme Court which then included Judge Douglas. That was in 1841. Lincoln had lost his case in the lower courts, but on appeal he successfully argued that the sale of a Negro girl was illegal because it had not been proved that she was not a free person.

Lincoln's reputation for honesty and ability as an advocate for his client is well known in history. It was amply reflected in his steadiness and determination in the course he pursued as president. Less well known, but just as sharply reflected in his four years as chief executive, is his reputation as an arbitrator and judge.

Vachel Lindsay, the poet and Lincoln scholar, tells us: "From the beginning of his law practice, Lincoln was known as a compromiser and conciliator. It was not infrequent for both sides to go to his office and agree to be bound by any arbitration he might make. Lincoln rapidly gained the reputation of being fair and honorable and a sincere peacemaker."

Judge Davis often allowed Lincoln to act as judge while Davis was out of town provided both sides agreed. It is a tribute to Lincoln's reputation as a lawyer that both sides usually did agree.

Lincoln's fame as the Civil War president is so great that his standing in the legal profession is dimmed by comparison.

But Lord Shaw, the great English jurist, ranked Lincoln as one of the five greatest lawyers of all time; and Justice Breese of the Illinois Supreme Court remarked that Lincoln had "a professional bearing so high-toned and honorable as justly entitling him to be presented to the profession as a model well worthy of closest imitation."

(This column, prepared by the State Bar of Texas, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)

### FRIENDS AND RELATIVES ATTEND BERGE RITES

Among the out of town relatives and friends who attended the funeral of Mrs. T. G. Berge last week were Mrs. W. P. Gerhart, Mrs. Roy Grissom and Mrs. Lucille Brumley of Abilene; Mrs. Lucille Fladger of Honey Grove, Mrs. Robert Gerhart of Conroe and Mr. and Mrs. D. E. Holder and Diana of Lubbock.

Mr. and Mrs. Rex Holder of Spur were Sunday guests of his parents, Mr. and Mrs. D. E. Holder.

Mr. and Mrs. Jeff Mitchell visited relatives in Seymour last Sunday afternoon.
