Odd Bits Salvaged
By The Editor

The 'taters are making 'taters. Talk since the latter part of last week has been about the up and coming potato crop, since several of the growers have reported discovering those little "underground bulbs" that eventually grow into No. 1 spuds. Some have some small ones, others larger ones, and it looks like the potato crop is under way.

They're getting off to a better start this year on the spuds. Last year, they were late planting and later gathering with too much rainfall in the interim. So the crop, instead of being ahead of other areas, came off at about the same time, which played havoc with the market. The wrong time rain caused too many No. 2 spuds and lesser No. 1's, which didn't do the market no good.

But hopes are rising high for this year's crop, which they expect to come off in time to be ahead of those other areas, and the prices will maybe be more remunerative. A number of farmers have already contracted half of the crop.

Prospects look good in many respects — for the vegetable crop, for a wheat crop, and for other crops that are now being planted. With moisture running way down deep, this year should not be so disappointing.

Livestock are fat, too. Although we depend a lot upon cotton and wheat and maize, etc., this area still remains pretty active in the cattle industry. We didn't realize just how important the cattle industry is to Texas until we read a short paragraph from O. C. Harrison's "Passing Day" column in the Baylor County Banner recently. O. C. said:

"For more than half a century, Texas has supplied the nation with 12 per cent of its beef. Today the cattle industry still is so closely tied to the state's economy that whenever a horse fly stings a cow half the people yell 'Ouch!'"

"April showers bring May flowers." That's a part of some sort of little rhyme we learned a long time ago. And spring showers have produced an abundance of May flowers for this area.

Not only are the flowers of the domesticated type showing up like painted pictures around homes of town, with roses beginning to bloom and those having bluebonnets that produce a scenic panorama of color, but wild flowers are also blooming in abundance. If you enjoy nature's paintings at springtime, a drive along the highways or country roads to view the mass of color along the hillsides and in the valleys will make you glad to be alive.

The Mrs. was one of the committee to see about flowers at the church during April, and with flower gardens beginning to bloom here, she experienced very little trouble. Last Saturday she went to the Borden in response to a call that they had flowers for the church. She also selected some from her own premises and had as beautiful array of irises as we've ever seen. Sunday morning, we offered to help her get them to the church, and she accepted, but upon arriving with them, we found the church already decorated by Opal Booe, who was the other committee member. We retraced our steps home with the flowers — and, needless to say, we had more lovely irises than we could shake a stick at. Mrs. Tommie Harper said she started to holler at us and tell us where we could leave them!

People of the area — farmers with their crops and townspeople with their gardens — quaked in the boots early Tuesday morning, if they had their boots on that early, when the rain and hailstorm hit. For a short while hail promised to wipe out everything, as big stones hit the house-tops, but from reports damage was negligible. The .78 of an inch of rain will cause some replanting of crops, though.

Things will be picking up in the state political arena, now that W. Lee O'Daniel has become a candidate for governor. Regardless of who you're for, or who wins or loses, the entry of "Pappy" into a race makes promise for a heated campaign.

Munday Man To Receive Degree

James Paul Nelson, son of Mr. and Mrs. Clyde Nelson, Munday, Texas, is one of 234 candidates for graduation on May 16 from Southwestern Baptist Seminary in Fort Worth, Texas.

Nelson is to receive a Bachelor of Divinity degree. Since the Seminary is celebrating its 50th anniversary, he is a member of the Golden Jubilee Class and will receive a special Jubilee diploma. Southwestern was chartered in 1908 with less than 100 students. Since then, more than 18,000 students have studied at the Seminary and the average yearly enrollment has risen to approximately 2050 persons, making Southwestern the world's largest evangelical seminary. It is an agency of the Southern Baptist Convention.

Dr. Arnold T. Ohrn, General Secretary of the Baptist World Alliance, will deliver the commencement address May 16.

Wallace Reid Announces For Commissioner

Wallace Reid, well known Munday businessman, on Wednesday authorized the Munday Times to announce his candidacy for the office of Commissioner of Precinct 4, subject to the action of precinct voters in the democratic primary. Mr. Reid made the following statement in formally announcing his candidacy:

"I have lived in the county and precinct over 40 years, and I believe I am well acquainted with the problems of this area. I know the roads and their conditions and believe I can cope with the problems of road maintenance in my precinct. I believe that irrigation in this area will make road and drainage problems more acute. I have followed irrigation by nature of my business since its beginning in the county and I believe I am qualified to work in solving the problems caused by increased irrigation.

"Through the years, I have worked with committees and groups and through this work I have learned to listen to expressed ideas of others and adapt them to my thinking if I believe them worthwhile. I pledge my full co-operation with the Commissioners Court in all actions for the betterment of our precinct and county.

"I ask that you give my candidacy your most careful consideration, and I assure you your vote and influence will be greatly appreciated."

Savings Bond Sales \$25,765 In March

"During the month of March \$25,765 in Savings Bonds were sold in Knox County," reported W. E. Braly, County Chairman.

Savings Bond sales in Texas for March were \$14,831,097 which is 11.7% above sales for March 1957.

"Keeping America strong in military preparedness and economically sound must be the concern of every American," stated Mr. Braly.

Lt. Morrow Named Instructor Pilot

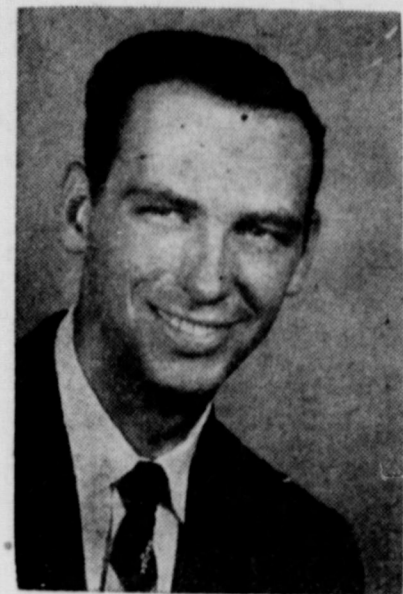

First Lt. Gerald L. Morrow, son of Mrs. Freddie Morrow, Munday, has just arrived at Reese A. F. B., Lubbock, to assume duties as a jet instructor pilot. As a jet instructor, he will train Air Force student pilots in their final phase of training prior to graduation and reception of wings.

A graduate of Munday High School, where he was active in football, basketball and boxing, the lieutenant also attended Midwestern University at Wichita Falls.

The lieutenant and his wife, the former Peggy Jean Rater, Henrietta, are currently living at Reese Village, Lubbock.

Rev. John Walbe, Mrs. George Zeissel, Mrs. Albert Fetsch and Mrs. W. L. Jungman attended the N. C. W. in Windthorst. Speaking on "Sociable and Charitable Welfare" was Sister Blanche of St. Paul Hospital, Dallas, guest speaker for the occasion.

Youth Revival Slated At Rule Church

TOM MOSLEY

ART TRAVIS

Beginning Friday, May 2 and continuing through Sunday evening services on May 4, the First Baptist Church, Rule, will have a Youth Revival.

An Evangelistic Team from the student body of Hardin Simmons University will lead the revival. Rev. Arthur Travis will be the preacher. Rev. Tom Mosley will lead the singing. Also in the evangelistic team will be a pianist and organist.

Services will be each night at 7:30 p. m. The youth of the church will be on the various committees to promote prayer meetings, attendance and advertising. Rev. Rodney C. Dowdy is the local pastor.

Mother And Daughter Banquet Held By Goree F. H. A. Members Thursday

Linda Latham served as toast-mistress when the Goree F. H. A. chapter held its annual mother and daughter banquet in the school lunchroom on Thursday night, April 24. Sixty-four mothers and daughters attended with Don Lambeth, Chapter Beau, as a special guest.

The "Spring" theme was carried out with the tables beautifully decorated with lilacs and white candles.

The invocation was given by Don Lambeth. Sharon Turner welcomed the mothers and guests, with Mrs. Billy Hutchens responding. The program also included readings by Rhogonia Beatty and Jo Ann Estes and special music by Jan Orsak, Pat Blankinship, Jane Lawson and Brenda Hutchens.

F. F. A. Team To Enter Judging Contest At A&M

The Munday F. F. A. dairy products team and their adviser, E. R. Ponder, will leave Friday for Texas A&M College at College Station to participate in the state judging contest on Saturday.

The team is composed of Charles Harlan, Fred McGrady and Jerry Richards.

Although the boys made a good record in the area judging contest at Stephenville to qualify for the state meet, they know competition will be keener in Saturday's contest; therefore, they have been practicing for the event, and hope to bring back more honors for their school.

Mrs. Lee Haymes To Teach At O'Brien

Mrs. Lee Haymes, teacher in the Munday Public Schools, has accepted the position of English teacher in the O'Brien High School for the 1958-59 school term.

Mrs. Haymes has taught English in the local high school for the past three years. She had taught here in the grade school four years prior to teaching in the high school.

BIRTH ANNOUNCEMENT

Mr. and Mrs. Dick Allen of Wichita Falls are announcing that a beautiful baby girl has come to make her home with them. She made her arrival on April 26, 1958 and came to live with the Allens April 28th. She weighed 5 pounds and 12 ounces and has been named Tracey Ann. They have a nine year old son, Robbie, who is very proud to have a new sister. Mr. and Mrs. W. L. Thornton of Goree are her grandparents.

MUNDAY ALL-STARS TO PLAY ASPERMINT

The Munday All-Stars will play the Aspermint team here at 2 p. m. Sunday, weather permitting. This will open the Brazos Valley Baseball League play for the local team. The public is invited to see this game.

Friends Gather And Plow Land For Clyde Hackneys

Mr. and Mrs. Clyde Hackney were delightedly surprised on Tuesday afternoon of last week when their friends and neighbors drove into their field with twenty-four tractors to relist their land. Mr. Hackney is under a doctor's care and unable to work.

Those who furnished one or more tractors were Clyde Nelson, J. E. Hunter, Bobby Owens, Charles Smith, Lonnie Offutt, Ervin Booe, Steve Kubena, Wendell Partridge, Earl Clayburn, John Jones, Kenneth Whitmore, Cecil Guiley, Don Combs, Doris Dickerson, W. C. Offutt, Chalmer Hobert, J. B. Booe, Jr., Fred Reddell, Sr., Bobby Tankersley, Donald Tankersley and Howard Myers. P. V. Williams furnished the butane for the tractors and Joe Gray's Grocery furnished the cold drinks to the men that afternoon.

John W. Smith, Early Settler, Oldest Knox County Resident, Dies On Sat.

John W. (Pappy) Smith, 94, oldest resident of Knox County who opened Knox City's first grocery store about 1905 and was one of the earliest settlers in this area, died at 5:15 a. m. Saturday in the Knox County Hospital.

He had been in failing health for some time, particularly since the death a short time ago of his son, Hap Smith, Abilene druggist. He had been hospitalized for a week.

Funeral services were held at 3:30 p. m. Sunday from the First Methodist Church of Knox City with Rev. Jim H. Sharp of Shamrock, former pastor at Knox City, officiating. Burial was in the Knox City cemetery under direction of Pinkard-Smith Funeral Home.

After going on a train to Seymour, he caught a ride to a general store at "Kosoga," four miles northeast of the present town of Knox City. He bought a half interest in the store a week later and bought the other half two days afterwards. He operated the store and bought land, some of which he still owned.

Chamberlain To Seek Office Of County Judge

M. T. Chamberlain, well known Knox County man and former county clerk of Knox County for many years, early this week made known his plans to run for the office of County Judge of Knox County.

Mr. Chamberlain officially filed as a candidate for this office with the County Democratic Chairman, Collins Moorhouse, last Monday.

He stated he will make his formal announcement at a later date. Meanwhile, he asks the voters to consider his candidacy for this office.

Ladies Night Held By Lions Here On Tuesday

Lions and their ladies gathered at the Munday school lunchroom last Tuesday night in observance of annual ladies night for the Munday Lions Club.

After invocation by Lion J. F. Michael, the group entered enthusiastically into devouring the feed prepared by lunchroom ladies. Lion Bullington led the group in a sing-song, after which guests were introduced. Among these were Lion Joe Weaver of Olney, past district governor and international counselor, and Mrs. Weaver; Lion Luron Campbell, president of the Olney Lions Club, and Mrs. Campbell; Mr. and Mrs. Cecil Couch and Mr. and Mrs. Ray Snyder of Munday, and Mrs. Don Timberlake of Abilene.

Mr. Timberlake, ministerial student in Hardin-Simmons University, furnished entertainment with spicy jokes and an imitation of Al Jolson. An interesting film "Like Children Everywhere," showing work of Lions in providing treatment of children suffering from tuberculosis, completed the entertainment.

Charles Baker, retiring president, introduced the new officers and presented the annual awards to members.

ATTEND CONVENTION HELD IN FORT WORTH

Mr. and Mrs. W. E. Braly were in Fort Worth the first of this week, where Mr. Braly represented the Munday Chamber of Commerce at the annual West Texas Chamber of Commerce convention on the 28th and 29th. Mr. Braly has served as a director in W. T. C. C. for several years.

UNDERGOES SURGERY

J. J. Keel underwent surgery at the Wichita General Hospital in Wichita Falls last Friday. He is reported to be getting along fine and expects to be able to come home this week. Mrs. J. H. Frazier of Baytown came in last Thursday to be with her father for the operation. She returned home Sunday.

Munday Soldier In Exercise In Germany

SCHWABISCH GMEUND, GERMANY (AHTNC) — Army Pvt. Wencel L. Jones, 23, son of Mrs. Lula M. Jones of Munday, recently participated with the 802d Field Artillery Battalion in a six-week training exercise in Germany.

Jones, a supply clerk in the Battalion's Battery B, entered the Army in July 1957 and arrived in Europe the following December.

He is a 1955 graduate of Munday High School.

Born in Bowling Green, Ky., in 1863, he came to Texas with his family in a covered wagon when he was seven years old. They settled near what is now Sherman and later moved to Gainesville and then to Montague County.

He worked on ranches and saved his money to buy land. After working for a time in Wichita Falls, then only a small town, he headed west for new land being opened.

He operated Knox City's first grocery store for several years before joining Baker-Bryant Mercantile Co. where he served as grocery manager for 31 years. He once served as county commissioner.

Mr. Smith was a charter member of the Knox City Methodist Church and had been on the official board of the church since it was organized in 1904. He was a steward in the church and was a member of the Masonic Lodge and Texas Cowboy Reunion.

He met the late C. W. Post of Post Cereal fame and helped him in charting a route to Garza County where Mr. Post founded the city of Post. Post and Mr. Smith met in Benjamin, the county seat, while Post was scouting for a place to locate a new town. After dismissing the Knox area because he feared for a water supply, Mr. Smith drew him a map with a route which Post later wrote him that he followed precisely.

Mr. Smith's first wife died several years ago, and he later married the former Mrs. Bess Wilson of Munday.

Survivors include his wife; four daughters, Mrs. Rosa Wilson of Knox City, Mrs. Dollie Harris of Chandler, Ariz., Mrs. Daisy Davis of Ruidoso, N. M., and Mrs. Myrtle Tankersley of Arlington; five sons, Lee, Roy and John, all of Knox City, Elbert of Waco and Hob of Rochester; a step-daughter, Mrs. Carl Mahan of Abilene; 19 grandchildren and 20 great-grandchildren.

4-H's Learn And Profit From Soil, Safety Projects

CHICAGO — a total of sixteen \$400 college scholarships will be awarded 4-H Club members this year for best achievement in the 4-H Soil and Water Conservation program, and the 4-H Safety program, according to an announcement made by the National Committee on Boys and Girls Club Work.

The scholarships, together with expense paid trips to the National 4-H Club Congress offered as incentive awards to boys and girls throughout the nation. Donor of the soil and water conservation awards is the Firestone Tire and Rubber Company. The safety awards are provided by General Motors. Both concerns have supported 4-H work for well over a decade.

While the 4-H's have their sights set on winning, the awards are not the chief goal, the National Committee points out. The objective of 4-H is to develop good citizenship and leadership; to contribute to the welfare of the community; to "learn by doing" and achieve the best results in individual project work.

Information regarding enrollment in the soil and water conservation and safety programs may be obtained from the County Extension office or from local 4-H Club leaders. The 4-H programs are under the direction of the Cooperative Extension Service.

BIKE SAFETY WEEK

Good weather is coming, and it won't be long before the schools close for the long summer vacation. And wheels will be spinning—bicycle wheels. Let's hope those wheels spin both merrily and safely—which is the purpose of Bike Safety Week, backed by Optimists International.

Last year bicycle accidents accounted for 480 deaths and 30,000 injuries—and this figure does not count deaths in which a bike was the indirect cause of death. A simple safety code, if followed, would cut those figures by tremendous percentages. It is essential that beginners learn to ride in a safe place, away from traffic; that they buy the right size bicycle, and that they learn correct riding techniques. Those techniques will be widely publicized during the week.

As a publication of Optimists International puts it: "There is no balance of power" on streets and highways. The motorist will always have the advantage—he and his car are bigger and faster than the kid on a bike. Both must learn to follow the rules of safety. The Week's great goal is to promote a life-saving harmony between motorist and cyclist in every community.

BUFFALO, S. D., TIMES-HERALD: "Although our 5,000 mile Atlas missile program was born 11 years ago, the contract was killed by executive order in 1949 . . . It was rejuvenated by the present administration. The Thor and Jupiter 1500-mile missiles were 'born' two years ago and are already being put into production. Polaris, a submarine-based 1500-mile missile which promises to be one of the most significant weapons in our arsenal was 'born' a year ago. This is the more practical phase of missile development and shows the great strides made in only the past couple of years, since our missile program has been put into high gear."

MARYVILLE, TENN., ENTERPRISE: "A foremost authority has suggested that we in the United States spend less time denouncing Communism and more time selling capitalism. It is a good suggestion, particularly by educators . . . While the Communists have been propagandizing the results and achievements of Communism (and there have been some), we have been falling short in this field—as far as capitalism is concerned."

—SAY YOU SAW IT IN THE TIMES—

THREE MINUTES OUT OF A LIFE

Three minutes in a lifetime is nothing. They pass in a flash, like the blinking of an eye. Yet in three minutes tremendous things, both good and bad, can happen. In three minutes a life can be made or broken, a city can be wiped out by an earthquake, a whole nation can be plunged into joy or grief.

In three minutes, for instance, a man can be infected by a polio virus which may knock him flat on his back for the rest of his life. Or, in three minutes he can get three shots of Salk vaccine—at 60 seconds per shot—and be saved from a lifetime of crippling.

Over 65 million Americans have been wise enough to get their polio shots. Some 46 million are still flirting with disaster by neglecting to do so.

What's more, if you're one of those 46 million unvaccinated Americans, you're encouraging the outbreak of new polio epidemics in your community. Not till everybody has received his series of three Salk shots will the dread plague of paralytic polio be completely wiped out in this country.

Summertime is polio time. Now is the time to start your polio vaccination. It's painless. It's inexpensive. Don't take a chance—take your polio shots!

BETHEL, OHIO, JOURNAL: ". . . Kids want something exciting. Perhaps they just ought to belong to a fire department, they'd either go plumb crazy or then learn to settle down right quick."

Let us make every week a Sunday School Week and lead our youth in rightful ways.

Admiral Rickover, who is called the father of the atomic submarine, is extremely critical of "frills" in American education. An AP dispatch quotes him as saying: "I'd throw all of the fringe courses out of our schools. For instance, in one Illinois school system they have a course in how to know if you're in love. In another school they have a course in rest—you get credits for resting. And in Florida they have a course in fly casting."

Munday H. D. Club Meets April 23 With Mrs. Dean

The Munday Home Demonstration Club met Wednesday, April 23, in the home of Mrs. M. H. Dean with 10 members and the agent, Miss S. C. Kinsey, present.

Mrs. Gill Wyatt directed the games

In the business meeting it was voted to send a gift to one of the members whose husband is in the hospital.

Mmes. Gill Wyatt, M. H. Dean and R. M. Almanrode were appointed by the president, Mrs. Joe Patterson, to place the May 14th meeting. It will be an observance of Mother's day and National Home Demonstration Week. Meeting in the home of Mrs. Edwin Johnson, the committee will get invitations to those for whom the program will be planned.

The agent brought the program on food production and preparation bringing out the importance of using the Texas Food Standard as the guide in feeding the family. Several new seeds were mentioned as being adapted for this section with the amount of foods needed for a month's time.

Refreshments were served to Mmes. C. C. Jones, Gill Wyatt, J. O. Tynes, R. M. Almanrode, Otis Simpson, Virgil Yost, Edwin Johnson, Tolbie Winchester, Joe Patterson, the agent and the hostess.

State President Guest Speaker At Goree Study Club

Mrs. A. J. House of Yoakum, president of The Texas Federation of Women's Clubs, spoke to the Goree Woman's Study Club at a Federation Day program Friday evening at 7:30 in the home of Mrs. Orb Coffman where Mrs. House was a guest for the week end.

Mrs. House spoke on Federation and the different phases and goals, particularly stressing the American home and abundant living through service.

Mrs. Coffman, president of Goree Study Club, was director for the program. The group sang "The Federation Day March" composed and written by Mrs. House.

Preceding the program a buffet supper was served Mrs. House, club members and guests from Wichita Falls, Haskell,

Knox City, Munday and Goree. Assisting Mrs. Coffman as hostess were Mmes. S. G. Hampton and W. M. Taylor.

Mr. and Mrs. Claude Harrison and family of Lubbock, Mr. and Mrs. J. C. McGee of Knox City and Mr. and Mrs. Bobby Simpson and daughter of Dallas were guests in the home of Mr. and Mrs. E. W. Harrison during the week end. They surprised the Harrisons by giving them a new television set.

NEW ZEALAND THREAT TO U.S. CATTLE PUT OFF

FORT WORTH — Word was received in Fort Worth Monday that the importation of live cattle from New Zealand to the United States has been postponed. The imports of feeder cattle from New Zealand had been slated for May, and according to the Foreign Agriculture Service of the United States Department of Agriculture the shipments will be delayed at least sixty days.

Livestock interests at Fort Worth viewed the idea of live cattle imports from such a distance as largely a "stunt" at the time it was announced several weeks ago, since the length of time and transportation difficulties involved appeared to make the deal too hazardous to be profitable.

The FAS report Monday bore this out with the terse announcement that "The delay indicates that the economic and mechanical difficulties involved in the transaction may have been greater than expected."

The report throws additional doubt on the likelihood of any imports at all by saying, "Whether any cattle imports will eventually be made from New Zealand is not known. However, imports appear much less certain than previous information indicated."

The livestock feeding business is hazardous enough at best without adding the factor of importing cattle from halfway around the world, even if the cattle were purchased for practically nothing. Shrinkage, death loss, injury, as well as possibility of disease losses, all are factors which make such imports across the ocean extremely dubious ventures. Some small lots of breeding stock have been shipped such distances and had close attention all of the way. The expense of giving this kind of hand care to commercial cattle would be another factor against the success of the operation.

The idea was spawned while

United States stocker cattle prices were at the highest peak in five years and at the second highest point in history, and no doubt this situation made New Zealand prices look "cheap". It appears the sponsors of the program have taken a second look, and it appears a safe bet that the whole deal will fade away and if it was a publicity stunt staged for the benefit of a new feedlot operation in the Western States, then it really worked.

LIVESTOCK MARKETS SHOW STRENGTH, SUPPLIES LIGHT

Rainy and stormy weather over the weekend resulted in lighter numbers of livestock being offered at Fort Worth Monday, and since movement at other major markets over the nation were also of moderate proportions the trade was active and prices on the up side.

Most classes of cattle and calves at Fort Worth sold strong to as much as 25 to 50 cents higher, and the turn toward the strong side was a welcome relief compared to low close the previous week. Good and choice steers and yearlings sold from \$25 to \$29, and fed heifers cashed at \$28 down. Renewed interest in fleshy feeder cattle appeared, and some 850-pound fleshy cattle drew \$27 and \$27.50 as feeders, while 500-pound yearlings sold at \$30 with heifers at \$28. Good stocker steer calves sold at \$30. Medium and low grade beefs sold at \$16 to \$24.

Fat cows cashed at \$17.50 to \$22, some heiferish kinds to \$23. Cannors and cutters sold from \$13 to \$17.50. Bulls cashed at mostly \$17 to \$21.50. Choice fat calves drew \$26 to \$28.50, and lower grades scaled downward from that range.

LAMBS REACT FOLLOWING SHARP BREAK LAST WEEK

Lambs sold on a strong to 50 cents higher basis at Fort Worth Monday as the market reacted following the sharp break of the

previous week. Sheep were fully steady. Good and choice Spring lambs sold from \$20 to \$22, and good and choice yearling lambs sold from \$16 to \$17.50. Feeder Spring lambs sold from \$18 to \$20, and feeder old crop lambs drew \$15 to \$16.50. Yearling ewes were listed at \$22 down. Two-year-olds cashed at \$15 downward. Canner ewes sold around \$8 to \$9.

HOGS EDGE UPWARD AS 10,000 FEWER APPEAR

The major marketing circle re-

ported 10,000 less hogs Monday than a week ago, which was the cue for some modest strength in the trade at Fort Worth. Hogs sold 25 cents or more above the close last week and choice hogs commanded \$21 to \$21.25. Mixed grades and weights sold from \$18 to \$20.50. Sows drew \$17 to \$19.50. Stags drew \$11 to \$15.

Knox Prairie Philosopher Finds Out Benjamin Franklin Was Clearly Misquoted On Idea Of Saving Money

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek probably is all mixed up on the economic situation, but who isn't? Dear editor:

I was sitting out here on my farm yesterday afternoon not doing a thing, that is, it may have looked like I wasn't doing anything but actually I was building up my resistance, as I understand the Secretary of Commerce in Washington has said one solution is for business people to get out and do a better job of selling, and if they do any better than they've already done I don't see how some people are going to meet their payments.

Anyway, right out of nowhere a sudden gust of wind dropped a newspaper right at my feet and I reached out and picked it up and after I figured I had my resistance built up enough to resist whatever it had to offer I opened it up and started reading an article that has me puzzled.

According to it, the reason this mild recession, and that's all I suspect it is, has hit this country is because "the people lost confidence and started to salt money away."

Now this may be absolutely right, I don't know, maybe salting money away is unconfident and will bring on a recession, but I've been thinking, what does this do to Benjamin Franklin?

According to Franklin, you remember, a penny saved is a penny earned, but he didn't go far enough, he should have warned us that he was misquoted, what he really meant to say was "a penny saved is a penny earned and a recession one cent nearer."

J. A.

I tell you, it sure throws a different light on economy when a man has to say to himself when he holds on to a dollar, all right keep the dollar, salt it away, if you want to throw somebody out of work. I have never looked at it in this light before. Up to now, there was always a gnawing idea lurking in the back of my mind when I started to spend some money I'd gotten my hands on that it might be better for me and the country too if I held on to it.

Understand, I have never really held on to it, but it sure is nice to get rid of this gnawing idea and to know that spending it is the answer to hard times.

I talked this over with a banker friend who was busy at the moment figuring out how he could cut down on his grocery bill, and he took time off to say I was confusing theory with reality. I will appreciate your getting Washington to straighten me out on this.

Yours faithfully,
J. A.

Laboratory and field tests conducted by workers of the Texas Agricultural Experiment Station indicate that Terraclor, when properly applied, will give effective control of Southern Blight in peanuts. Details on the tests may be obtained by writing the Agricultural Information Office, College Station, Texas, and asking for Progress Report 2014.

Mrs. Almanrode Heads Study Club For Another Year

Mrs. J. C. Borden installed the new officers for 1958 for the Munday Study Club Thursday afternoon, April 24, at the club house. Officers installed were: Mrs. R. M. Almanrode, president; Mrs. J. S. Shannon, 1st vice president; Mrs. A. L. Smith, 2nd vice president; Mrs. Dwight Key, secretary and Mrs. Don Combs, librarian.

A review of the history of the club for the past two years was read by the historian, Mrs. G. R. Eiland.

During the business meeting presided over by Mrs. Almanrode the club voted to place a book "The History of English Speaking People" by Winston Churchill in the library in memory of Mrs. Virginia Bengue, and one in memory of Chan Hughes to be selected.

Mrs. G. R. Eiland and Mrs. R. M. Almanrode were elected delegates to the state convention in Fort Worth May 6.

The club adjourned until September.

Haskell Rodeo And Roundup Set For May 8-9-10

The fifth annual Rice Springs Roundup, one of the area's first major shows of the rodeo season, will be held in Haskell May 8, 9 and 10. The three-day show is sponsored by the Saddle Tramps riding club.

More than \$2,000 in prize money will be offered contestants in the seven rodeo events to be staged each night. Jackpot money will also be offered in some events.

All events are strictly amateur and open to all comers. Contests scheduled include cowgirl cloverleaf barrel race, bareback and saddle bronc riding, Brahma bull riding, calf roping, ribbon roping, and cutting horse contests in both open and novice divisions.

In addition to \$1,000 prize money in two roping events, a custom made saddle will be awarded to the show's champion roper.

In connection with the Roundup, a Quarter Horse Show will be held Friday, May 9, under official AQHA sanction. Trophies will be awarded winners, with some of the top quarter horses expected to compete in the show.

A Shetland Pony Show will be held Saturday, May 10 and is expected to attract a large number of entries, since it is one of the few Shetland shows to be held in this section.

A parade of riding clubs, high school bands, cowgirl sponsors and rodeo contestants will be an opening day feature at 4:30 p. m. on May 8.

Stock for the rodeo events will be furnished by Morris Stephens of Silverton, Brooks Middleton, Haskell, is in charge of rodeo events.
