

## Kracker Krumb

Odd Bits Salvaged  
By The Editor

Nearly everybody in Munday has the crickets — nearly every business house, that is.

Crickets usually invade the city limits at least once a year to get a look at the bright lights and to cause such disturbance as they can do. We don't remember if it's the same time of year or not, but we can't remember a time in several years that we haven't had an invasion of the insects sometime during the year.

Then it is that business people get out the cricket killing powders and their brooms to sweep them off the sidewalks and try to keep them out of their stores. The little insects can play havoc with many types of merchandise, if given the opportunity.

Some think they are usually worse on the east side of the square, but they've been in great numbers other places, too. A lot of them seemed to have a yen for investigating our financial status last Saturday, as they congregated on the First National Bank building.

Anyway, since a rain is something that would be more welcomed than crickets, we entered the bank Saturday and suggested to M. L. Wiggins that maybe the appearance of crickets in town was a good sign we were going to have rain. "If that's true," he replied, "we sure are going to have a flood, judging from the numbers of crickets."

There may not be any logic in our suggestion — they may not be forerunners of rain — but they got here ahead of the next rain we're going to have. When they are killed, then swept off the walks into the curbs and allowed to remain there, the unpleasant odor they cause makes one wish for rain enough to wash them away.

If you're interested in the workings of the Quarterback Club — and lots of people are — then you'd better attend the meeting next Monday night. It will be at the south bleachers of the football field. Officers will be elected, and an interesting film will be shown. A good way to try to keep from being elected to office in the club is to be present!

John Phillips is as optimistic as they come. He has no irrigation well; and, naturally a good 2-inch shower would be as welcomed out at his place as Santa Claus. But he said Monday, "It always comes a rain, just when we've got to have it, so we will get one this time."

John has a B. E. pea patch that's just plumb ripe at this time. He asked us to come out and get all we wanted for free, not knowing that our own little patch has produced more than we could use. So if you're interested in a mess of those peas, just drive on out to John's place and tell him we sent you. He hates for them to go to waste.

Your vote will be needed — every one of you in Knox County — on Saturday, August 23, in the August Primary, to elect those of your choice for offices which were not determined in the July Primary.

Your vote will be needed — all qualified voters of Munday and Goree — again on Saturday, September 6, in a very important election concerning the Miller Creek Reservoir. This election is for two propositions — the voting of bonds for construction of the reservoir and for a water purchase contract. Seymour, Haskell and Rule will also be voting on these propositions on the same date. Full text of the election orders are carried in this issue.

## COMPLETED TRAINING IN GENERAL SUPPLY

Pvt. Bobby Faye Killian, whose wife, Juanita lives at Fort Smith, Ark., and his parents, Mr. and Mrs. Faye Killian, live in Munday, recently completed the eight-week general supply course at Fort Chaffee, Ark.

He entered the Army last March and completed basic training at Fort Chaffee. The 22-year-old soldier is a 1954 graduate of Munday High School. He attended Texas Tech in Lubbock and was employed by Key Motor Co. in civilian life.

## Homecoming Plans Under Way; Many Ex-Students to Gather On August 30-31

Various committees are completing plans for the Munday Schools ex-students homecoming, which will be held here on Saturday and Sunday, August 30-31.

Invitations to the homecoming have been prepared and are available at the Chamber of Commerce office. Each class representative is urged to pick these up at their earliest convenience and mail them to other class members whose addresses are known. A record attendance is expected this year.

The homecoming will open on Saturday, August 30, at 2 p. m. with registration at the school gym. A colorful parade will be

held in the downtown area at 4 p. m.

Chairmen of arrangements for the parade are Herbert Stodghill, Dorse Collins and Kenneth Baker. Anyone desiring to enter a float in the parade is urged to get in touch with these chairmen at once.

Tickets for the homecoming dinner, which will be on Sunday, August 31, will be in the hands of the Chamber of Commerce and several business places this week end. The dinner will be served by the Walter Jetton Catering Service of Fort Worth, and those desiring tickets are urged to get them as far ahead of the date as possible.

Others working on the homecoming plans are: Doris Dickerson, president; Mrs. Gene Thompson and Mrs. Dorse Collins, secretaries; Paul Pendleton, entertainment; John R. Rayburn, food; J. L. Stodghill, advertising, and Mrs. M. L. Wiggins, chairman of decorations.

## Decker Rites Held On Friday At Knox City

Funeral services for Mrs. Priscilla Ellen Decker, 78, who died Wednesday in the home of a daughter Mrs. Rose Parker of Abilene, were held from the First Baptist Church in Knox City at 3 p. m. last Friday, with the pastor, Rev. R. L. Dodson, officiating.

Mrs. Decker was born in Shackelford County and married B. F. Decker on June 15, 1899, in Throckmorton. They lived in Knox City most of their married lives. Decker died in 1925. Mrs. Decker moved to Abilene last November.

Survivors include two daughters, Mrs. Parker and Lillie Decker of Abilene; one son, Henry Decker of Munday; eight grandchildren and five great-grandchildren.

Burial was in the Knox City Cemetery under the direction of Pinkard-Smith Funeral Home of Knox City.

## Last Rites For Mrs. Armstrong Held On Tuesday

Funeral services for Mrs. Lula Bell Armstrong, 67, former resident of Munday, were held last Tuesday afternoon from the First Baptist Church in Munday, with Rev. Huron A. Polnac, pastor of the Rotan Baptist Church, officiating.

Burial was in Johnson Memorial Cemetery with the McCauley Funeral Home in charge of local arrangements. Mrs. Armstrong, who had been living in Portales, N.M., died Friday in Odessa. She had suffered a stroke July 4 at her home in Portales. Her husband died in 1953.

Survivors include four daughters, Mrs. Opal Pool, Mrs. Polly Lea, Mrs. Elizabeth Sharpe and Mrs. B. Fitzgerald, all of Odessa; one son, R. W. Armstrong of Hobbs, N.M.; six sisters, Mrs. Eddie Dumas of Poolville, Mrs. Newell Russell of Shamrock, Mrs. Tom Peters of Weatherford, Mrs. Clyde Holder of Sane, Mrs. Homer Rogers of Dallas and Mrs. H. S. Johnson of Amarillo; three brothers, James Murray of Shamrock, Sherman Murry of Weatherford and Abner Murry of Fort Worth; and five grandchildren.

Rev. and Mrs. E. L. Hill accompanied her son and wife, Mr. and Mrs. C. N. Wilborn of Lubbock, to Fort Worth where they attended the 31st annual family reunion of the M. W. Johnson family on Friday, Saturday and Sunday. The reunion was held at Camp Carter where approximately 70 members attended during the three days.

Mrs. Hill is the only one of the five sisters and four brothers who has attended all of the reunions. Of the nine children four sisters survive.

## ANOTHER BOY!

It's another boy for Mr. and Mrs. Clarence Searcey and his brother Jeff is mighty proud he wasn't a girl. Matthew Scott made his arrival at 6:57 p. m. at the Haskell Hospital Monday, August 11, 1958 and weighed 7 pounds and 9 ounces. Grandparents are Mrs. A. M. Searcey of Munday and Mr. and Mrs. Frank Oman of Weinert.

Miss Sheryl Jetton is spending this week in Dallas visiting her cousins, Dennis and Debbie Geddie.

## Oil Activities

Two new Tannehill pays were recently opened in Knox County. GFG Oil Co. of Tyler has asked discovery allowable for No. 3 J. W. and F. Zeissell, two miles northwest of Munday. The well flowed 75.24 barrels of 36.1 gravity oil per day from perforations at 1874-1900 feet. Hole was bottomed at 2092 feet, and gas-oil ratio was 315-1.

Lisle and Gray of Olney recently completed No. 1 Sybilla Andres, eight miles north of Munday. Daily pumping potential was 41.37 barrels of 39 gravity oil from perforations at 1888-94 feet. Total depth was 1960 feet, and gas-oil ratio was 100-1.

Katz Oil Co. of Abilene has staked No. T-3 McFadden Estate, 12 miles northwest of Knox City, as a 3000-foot project.

Anderson Petroleum Co. No. 2 Abe Watson, four miles north of Knox City is a 2400-foot project.

L. M. and C. E. Williams have completed No. 21 L. W. Hobert in the Plumlee (2nd Tannehill) field, two miles north of Munday. The well flowed 110.69 barrels of 36.2 gravity oil per day from pay perforated at 2021-27 feet. Total depth was 2090 feet, and gas-oil ratio was 186-1.

Daily pumping potential of 58 barrels of 35 gravity oil, plus 39 per cent water, was reported by Union Oil Co. of California for No. 4-27 L. D. Offutt in the Voss (Tannehill) Field one mile north of Munday. Pay was perforated at 2013-18 and 2021-24 feet, and hole was bottomed at 2062 feet. Gas-oil ratio was 275-1.

Lomax and Maxwell of Dallas has finished No. C-4 Cartwright, 2 1/2 miles east of Goree for 24-hour pumping potential of 44 1/2 barrels of 35.7 gravity oil per day from perforations at 1723-31 feet. Gas-oil ratio was 280-1.

Glenn W. Cooper of Seymour No. 9 E. Golden, in the Goree Field, pumped 67.39 barrels of 37 gravity crude from pay perforated at 1743-53 feet. Hole was bottomed at 1800 feet, and gas-oil ratio was 200-1.

Katz Oil Co. of Abilene has staked No. 4T McFadden Estate, 12 miles northwest of Knox City, as a 3000-foot wildcat.

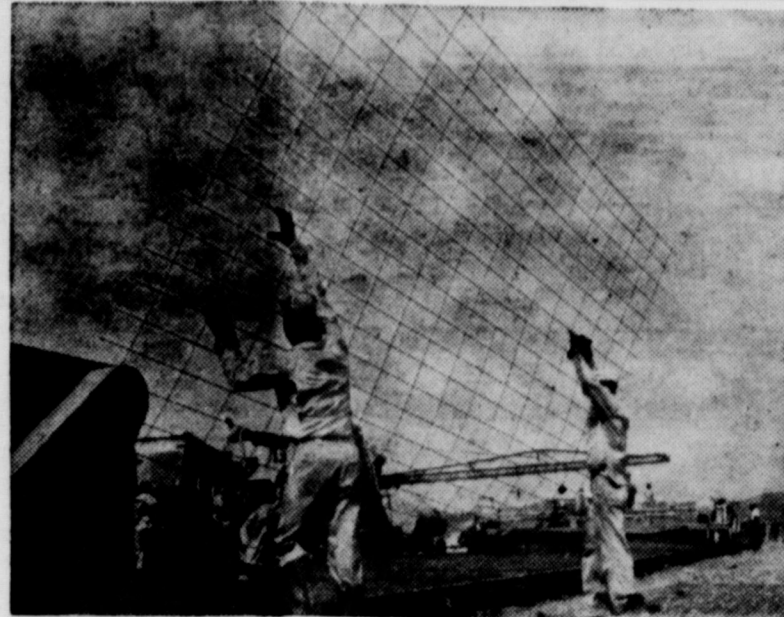

## DAUGHTER BORN TO THE DON GUFFEYS

For Mr. and Mrs. Don Guffey the world seemed much brighter when their daughter made her arrival at 2:30 a. m. Tuesday, August 12, 1958, at the Knox County Hospital. They also seem to think that they have the prettiest little girl you ever saw and hearsay tells us that papa Don took off three days from work for the occasion — a proud papa, wouldn't you think? They have named their little angel Terri Lynn and she weighed 7 pounds and 2 ounces. Mother and baby are doing fine and expect to come home this week. Grandparents are Mr. and Mrs. Lee A. Parks and Mr. and Mrs. Leo Guffey of Modesto, Calif.

## GOREE SCHOOL TO ADOPT BUDGET

The board of trustees for Goree Independent School District will meet at the Goree High School on Friday, August 15, at 8 p. m. to adopt a budget for the coming fiscal year. Taxpayers of the district are invited to participate in the hearing.

The present tax rate is \$1.60 per \$100 valuation, with \$1.22 for operations and 38 cents for debt service.

TURNPIKE'S STEEL BACKBONE — Welded wire fabric sheet, flipped into place on Dallas-Fort Worth Turnpike, adds strength to concrete pavement, is typical of high quality of Texas' most modern highway. Steel fabric, embedded in concrete, assures longer pavement life, less maintenance, smoother riding. Picture taken on one of final stretches of paving, outside of Dallas, looking east. Toll road opens this month.

## Water Election Is Set For Sept. 6th

The board of directors of the North-Central Texas Municipal Water Authority, representing five towns of the area, voted last Monday night to call a \$4,800,000 water bond election for Saturday, September 6.

Qualified voters in Munday, Haskell, Seymour, Goree and Rule will go to the polls on that

date to vote for or against authorizing their respective towns entering into a contract for the purchase of water from the authority.

Knox City and Rochester, originally included in the authority, pulled out in the confirmation election, and will not be included in the water program. It has been estimated by financial advisors that 80 per cent of the cost of the Miller Creek reservoir and related items will be paid from revenue.

The proposed reservoir will be located on the Harry Portwood Ranch, 14 miles southwest of Seymour and 15 miles northeast of Munday. It will cover a 217 square mile area and is estimated to produce 25,000 acre feet of water.

Attending the meeting Monday night were M. L. Tipson and L. D. Jones of Seymour, W. W. Coffman and E. L. Barger of Goree, L. B. Patterson and C. P. Baker of Munday, Morris Neal and R. O. Carothers of Rule, and Roy Johnson and W. M. Herren of Haskell.

## Quarterback Club To Name Officers

An important meeting of the Munday Quarterback Club will be held next Monday night at the south bleachers of the Munday athletic field. Every member interested in the club's activities for the coming season is urged to be present.

An interesting film will be shown, and new officers for the coming year will be elected.

## Revival Begins At Gillespie Sunday, Aug. 17

Rev. Jack Wester will be the evangelist for a revival meeting to begin next Sunday, August 17, and continue through the following Sunday. Services will be at 10:30 a. m. and at 8:00 p. m. daily, with a prayer meeting preceding the night services at 7:30.

Rev. Wester was formerly pastor at the Pinkerton church in Haskell-Knox Association, and Mrs. Wester will be visiting in that community during the meeting.

Leading the music for the revival will be Fred Reddell, Jr., accompanied by E. G. Parkhill. The public is cordially invited to attend these services.

## Queen's Contest For Farm Bureau Set For August 22

The Knox County Farm Bureau Queen contest will be held at 8 p. m. August 22 in the Grade School auditorium. The awards will be made by L. B. Patterson, president of the Farm Bureau. Sam Albright of Seymour will serve as master of ceremonies.

The Farm Bureau extends a cordial invitation to the public to attend. There will be no admission charge.

## IN RADIO SCHOOL

Pvt. Joe Royce Peterson, son of Mr. and Mrs. Earl Peterson of Goree is in his 12th week of Radio school at Fort Monmouth, N. J. Pvt. Peterson, a 1957 graduate of Goree High School, finished his basic training in April at Fort Carson, Colo.

## HAS OPERATION

James Glenn Elliott, who has had polio, has recently had surgery on his foot at the Hendricks Memorial Hospital in Abilene. He is staying with his grandparents, Mr. and Mrs. Otis Simpson, to be near his doctors in Abilene. He will go back Saturday for a check-up.

## 1958-59 School Term To Open Here September 1st; Faculty Announced

The 1958-59 school term for the Munday Public Schools will begin on Monday, September 1, it was announced this week by Supt. W. C. Cox with the enrollment of all grade students, juniors and seniors on Monday morning at 9 o'clock. Freshmen and sophomores will enroll Monday afternoon, beginning at 1 o'clock.

A general faculty meeting will be held in the band hall at 9:30 a. m. Saturday, August 30, Mr. Cox announced.

"It will be a great help in getting schedules under way if all students will enroll on the date and at the hours designated," Mr. Cox said. Early scheduling will enable students to select more nearly the schedule they prefer.

Lunchrooms will not open for

servicing lunches until Tuesday, September 2. Grade students, juniors and seniors should be through enrolling by noon Monday, and freshmen and sophomores may have lunch at home before coming to enroll.

"Due to the fact that our lunchrooms operated at a loss last year," Mr. Cox said, "it will be necessary to raise the price of lunches from 25 cents to 30 cents. Federal and state aid for lunchrooms was not as great last year as usual, which accounts for part of the deficit. We hope this small raise will enable us to operate without loss."

High School — Joe F. Canafax, principal; J. H. Bardwell, science; Roy W. Hill, coach and math; W. C. Hulse, band and music; Mrs. Mary Anne Lee, English and Spanish; Elmer Kuntz, agriculture; Mrs. Joe Canafax, homemaking; Ray Snyder, coach and commercial; Mrs. Alice Wynne, English.

Junior High School — C. C. Brown, principal; Mrs. Irene Bardwell, math; H. E. Arledge, coach and science; Mrs. Annie Morgan, English; Mrs. Alice Partridge and Mrs. Leona Partridge, sixth grade.

Grade School — Haise Cunningham, principal and math in high school; Mrs. Zada Smith, Mrs. Roy Hill and Mrs. June Kane, fifth grade; Miss Juanita Smiley, fourth grade; Mrs. Ina Cowan and Mrs. Ruth Brown, third grade; Mrs. Nina Pendleton and Mrs. Euris Reid, second grade; Mrs. Bronza Cox and Mrs. Margaret Hill, first grade.

Dunbar School — Dewey R. Williams, principal; Elizabeth Calvin, Lois McBride, Dora Lee Jordan, Thelma Spriggins and Ruth Scott.

## Citizens March To Aid Gonzales Polio Foundation

Gonzales — An urgent appeal for willing workers from Munday to give a single evening of effort to an emergency statewide "Citizens' March" for the Gonzales Warm Springs Foundation (now the Texas Rehabilitation Center) is being made by R. I. Payne of Dallas, Foundation president.

Unless financial help is forthcoming in the very near future, the famous Texas rehabilitation center is faced with the probability of having to close its doors.

"We earnestly hope there is a civic church, women's Scout, or school group in Munday which would like to volunteer for this one evening's Citizens' March," Payne said. If so, its officers are urged to contact the Foundation's executive director, Walter H. Richter, P. O. Box 58, Gonzales, Texas, as soon as possible.

"It would be a tragedy," Payne observed, "if these remarkable facilities, built by and for all Texans, were lost to the thousands of citizens crippled in car wrecks and other accidents and by strokes, arthritis, cerebral palsy, and many other handicapping conditions."

Only about 30 per cent of the patients at the center are still polio victims, and there are few agencies, such as polio's March of Dimes, which can help finance the non-polio patients. Of the non-polio patients, more than 90 per cent must have some if not total financial assistance from the Foundation's welfare program.

The Citizens' March will be scheduled some night in September and will follow an intensive public information campaign designed to tell the people of Texas about the Foundation's new program.

"We believe a lot of Texans who want to keep this fine work going will turn on their porch lights when the signal is given," Payne said.

## Knox City Man Drowns Tuesday

A verdict of death by accidental drowning was returned by Justice of Peace W. E. Lovelace of Knox City in the death of Noah Hodges, 64, who was found floating in a pond near Knox City on Tuesday.

Mr. Hodges' body was found by two fishing companions, Willie Warren and Joe Corley, on a farm five miles northeast of Knox City. He was pronounced dead at the scene by Dr. C. G. Markward.

Hodges had been a resident of Knox County for 35 years. He was born in Mississippi on October 25, 1894, and moved to Texas in 1910. He was engaged in farming.

Survivors include his widow; two sons, A. D. of Odessa and D. W. of Brownfield; four daughters, Mrs. Marie Adams of Lubbock, Mrs. Peggy Passmore of Amarillo, Mrs. Viola Logan of Knox City and Mrs. Ethel Moon of West Germany.

Funeral services were held Wednesday from the Church of Christ in Knox City with Jerome Savage officiating. Burial was in Gillespie Cemetery.

Week end guests in the home of Mr. and Mrs. Worth Gafford were his parents, Mr. and Mrs. J. A. Gafford of Coleman, Mrs. J. C. Gafford of San Marcus and Mr. and Mrs. Buddy Gafford and children of Wichita Falls.

## Dedication Of Columbus Hall Held On Sunday

An all-day celebration and dedication of the new Knights of Columbus Hall in Rhineland was opened Sunday night with the blessing of the building by Father John Walbe, pastor St. Joseph Catholic Church and chaplain of the Rhineland Council No. 1766.

A. J. (Shorty) Kuehler, grand knight, gave the welcome address and introduced the building and dedication committee. The Rev. Walbe introduced the visiting priests, Father Edward Bastian, pastor of the Seymour church, Grand Knight Johnny Joe Pechacek of Mergargel, and Alvin Youngman of Seymour and other visitors.

Albert Loran, district deputy of the council at Rhineland, introduced the guest speaker, N. A. Quintanilla, state deputy from San Antonio.

The Rhineland Council of Knights of Columbus was organized in 1914 by the late Peter Loran. Only five charter members were left, John Albus, L. Loran, H. P. Decker, Alfred Decker, and August Schumacker, who is the only man in the Council with an honorary life membership.

Quintanilla praised the council for the work of its members who had helped the growth from 23 in 1914 to its present membership of 91.

The building formerly occupied by the Knights burned in July, 1957. Records dating back to 1914 were destroyed. The new air-conditioned seven-room hall was dedicated to the Knights who died before their dreams of a new hall were fulfilled.

## B-K Electric's Annual Meeting Set August 21st

All members are urged to attend this annual meeting, and directors have extended a cordial invitation for the general public to attend.

The annual meeting of members of the B-K Electric Cooperative, Inc., will be held at 7 p. m. Thursday, August 21, in the football stadium in Seymour. This is an event which members look forward to annually.

J. R. Cobb, general manager of the Texas Electric Cooperative, Austin, Texas, will be the principal speaker. He will talk to members on some of the problems now facing them.

The Nation's first forest conservation postage stamp goes on sale October 27 at Tucson, Arizona during the annual meeting of the American Forestry Association. The issue was designed by the Post Office Department to commemorate the 100th anniversary of the birth of Theodore Roosevelt, one of this country's earliest forest conservationists, and to salute the many private and public agencies whose cooperation has helped make possible the progress in forest conservation.

First-day mailings will be cancelled with the above die featuring the Smokey Bear and the Keep America Green forest fire prevention programs.

### MEN WHO KNOW FARMING BEST

Many non-farm people undoubtedly think that practically all farmers are in favor of farm subsidies and the government's other aids to agriculture.

However, as the New York Herald Tribune observes editorially: "The men who know farming best are not nearly as keen for federal subsidies as the farm-bloc congressmen are."

This view was prompted by a poll which Farm Journal, the leading farm monthly, conducted among its readers. It found that half of the American farmers want the government to get entirely out of agriculture — "lock, stock and subsidy". And another 11 per cent want less government aid than at present.

This is not so surprising as it may seem to some. For one thing, the subsidies are limited to the six so-called basic crops. Many farmers get no aid at all. The subsidy program has been of greatest financial benefit to the big corporation-type farms, rather than the family farms.

For another, over the years some of the most successful crops have been produced and sold strictly in a free-supply-and-demand market. Meat is the outstanding example. It is the largest source of cash to farmers by far. It can be produced on farms in all parts of the country, and of every size. The livestock producers have had plenty of downs as well as ups, but they have always opposed government control, subsidy and intervention. And, all in all, season in and season out, they have done well, not only in money, but in keeping their freedom and independence.

TERRE HAUTE, IND., TRIBUNE STAR: "James R. Hoffa's proposal to wield the nation's land, sea and air transport unions into a solid alliance is not going to encounter smooth sailing . . . Some indication of the difficulties ahead was contained in a statement by Guy L. Brown, grand chief engineer of the Brotherhood of Locomotive Engineers. Brown told the 70,000 members of his union that he opposes joining any such amalgamation of organized labor strength. His fear of the consequences was summed up in a sentence that merits widespread public attention: 'I firmly believe that if this plan for organizing all the transport unions into one large group is adopted, the organization might become so powerful that it could result in the destruction of the nation.'"

### DROWNINGS ON FARMS

Drowning is the second leading cause of farm fatalities, according to a recently published government study. This has caused the Red Cross to list 12 "safe swimming tips" for farm pond owners. Here they are:

Small children should always swim under adult supervision. All pond users should be able to swim well enough to take care of themselves. Floats and rafts should be stable and securely anchored. Equipment for rescuing persons in trouble, such as ropes and buoys, should be readily available. Someone in the family should be capable of giving artificial respiration. The water supply should be approved by the local health department and periodically checked for contamination. If practical, the pond should be fenced, with a locked gate. Make sure the bottom of the pond is cleared of debris and obstacles. Mark off deep water and unsafe swimming areas with posts or floats. Inner tube and air mattresses are unreliable — it is too easy to fall off them, and they may float away or become deflated. Never swim alone — even the best swimmers can get into trouble. General water safety education should be arranged for all users of ponds.

There's nothing expensive or difficult about these suggestions. Following them can pay huge dividends in the most irreplaceable of all coins — human life.

VIRGINIA, MINN., MESABI DAILY NEWS: "Churches, the homes and the schools appear to be fighting not much better than a holding action for the minds of the populace. In many a city or hamlet, no matter its size, there is an underworld organized and effective in striving to take over. The larger the locality, the richer the material rewards, and against these elements the conscientious citizen must always do battle, at the ballot box and in the public forum."

OLYMPIA, WASHINGTON, DAILY OLYMPIAN: "That now famous secret meeting of top national gangsters last Fall in Apalachin, New York, must have been the biggest mass gathering of criminal leaders in world history . . ."

"The fellow who didn't make the Apalachin guest list probably doesn't have much of a future in crookdom. He'd better look around for another game. He might even try going straight."

## IT'S THE LAW in Texas

### WHO INHERITS PROPERTY IN ABSENCE OF WILL?

What will happen if you should die without executing a legal and proper will? Who will inherit your property? Your husband, wife, mother, father, children, your wife's relatives? The best way you can say who will have it is to provide a will which will protect your rightful beneficiaries and dispose of your property in accordance with your wishes.

When a deceased has no will, or dies "intestate" as the law calls it, the property of that person is distributed according to a detailed formula fixed by law. In some cases this may be the way you yourself would divide it — but in many cases it is not.

The provisions of the law concerning the distribution of the property of a person who dies without a will are rather complicated, and all of the possibilities cannot be covered by a general statement.

There are different rules for real estate and for personal property, for community property and for separate property for homestead property, and for all of the many possible combinations of surviving relatives. Each situation must be carefully studied to determine the correct distribution of the property.

For example, here is a general idea of how the community property which you and your spouse have accumulated will be divided if you do not make a will prior to your death.

If your husband or wife survives and there are no children, the surviving spouse receives all of the property.

If, in addition, there are surviving children or descendants of deceased children, they would divide one-half of the property, while the surviving spouse would receive the other one-half.

Of course, grandchildren do not share in the estate unless their parent who would inherit is deceased. And when descendants of previously deceased children do inherit, they receive only the portion that the child would have received, regardless of the number of such descendants.

An odd note, perhaps, is that the surviving spouse already owns one-half of the community estate prior to your death, and the law adds nothing to this share where there are children surviving.

When there are only children

## MODERN HOMEMAKING

### Recipes . . . Household Helps

By Julia Hunter

HOME ECONOMICS DIRECTOR, LONE STAR GAS CO.

It seems that almost every eaten between two pieces of food has its special month and bread. There are hot sandwiches sandwiches are no exception. Grilled, fried, baked in foil and August is National Sandwich Month! Sandwiches are so much cold sandwiches of countless more than just something to be

ens of breads to make into sandwiches.

A fish cheese sandwich bake is an outstanding member of the casserole style sandwiches. So complete in ingredients, it needs only a green salad added to make a whole meal. For 4 servings, spread 4 slices of bread with butter or margarine and place them in the bottom of an 8-inch square baking dish. Toast lightly in a moderate gas oven (350 deg. F.) about 10 minutes. Combine 1 1/2 cups chopped cooked shrimp, 1/4 cup diced celery, 1/4 teaspoon instant minced onion, 1 tablespoon lemon juice and 2 tablespoons mayonnaise. Spoon mixture over toast in baking dish. Spread 4 more bread slices with butter or margarine and arrange them over the shrimp. Cover bread with thin slices of mild cheese (about 1/2 pound), letting slices overlap. Top cheese with 1/2 cup minced ripe olives. Spread 4 more bread slices with butter or margarine and arrange them over olives. Combine 3 beaten eggs and 2 cups milk. Pour the mixture over the sandwiches. Sprinkle with paprika. Bake in moderate gas oven (350 deg. F.) 35 minutes. Serve hot. Flaked tuna or salmon may be substituted for the shrimp.

On the daintier side are apricot pecan finger sandwiches. Tart yet sweet, they are delicious with iced drinks and with hot coffee. Combine 1 eight-ounce package cream cheese, 2 tablespoons mayonnaise, 1/2 cup finely chopped pecans, 2 teaspoons grated orange peel, 1 tablespoon orange juice and 1/2 cup chopped dried apricots. Mix thoroughly. Trim crusts from 12 slices thinly sliced whole wheat or white sandwich bread. Spread half the bread with mixture, close sandwiches with remaining bread. Cut each sandwich into 4 finger sandwiches. Allow 2 sandwiches for each serving.

**RECIPE OF THE WEEK**  
Corned Beef Sandwiches: Split and remove soft centers from 8 hamburger buns. (Save and toast centers to make bread crumbs.)

Combine 1 twelve-ounce can corned beef, shredded, 1 cup grated process American cheese, 1/2 cup chopped, stuffed olives, 1/4 cup minced onions, 1/2 cup catsup and 2 tablespoons Worcestershire sauce. Mix well. Fill buns with mixture. Wrap each bun separately in aluminum foil closing wrap with double folds. Heat in moderate gas oven (375 deg. F.) 15 to 20 minutes. Serve hot in foil wrapping.

NOTICE OF ELECTION

THE STATE OF TEXAS: COUNTY OF KNOX: CITY OF MUNDAY:

TO THE RESIDENT, QUALIFIED ELECTORS OF THE CITY OF MUNDAY, TEXAS, WHO OWN TAXABLE PROPERTY IN SAID CITY AND WHO HAVE DULY RENDERED THE SAME FOR TAXATION:

TAKE NOTICE that an election will be held in the City of Munday, Texas, on the 6th day of September, 1958, on the proposition and at the place more particularly set forth in the resolution adopted by the City Council on the 12th day of August, 1958, calling said election, which is substantially as follows:

RESOLUTION

Calling an election for the purpose of determining whether the City Council shall be authorized to enter into a contract with North Central Texas Municipal Water Authority for the purpose of supplying water to the City of Munday.

WHEREAS, the City is in urgent need of additional water supply which may be obtained by contract with North Central Texas Municipal Water Authority;

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF MUNDAY, TEXAS:

1. That an election be held in said City on the 6th day of September, 1958, at which election the following proposition shall be submitted:

PROPOSITION

"Shall the City Council of the City of Munday, Texas, be authorized to enter into a contract

with North Central Texas Municipal Water Authority for the purpose of supplying water to said City, as authorized by Chapter 342, Acts of the Fifty First Legislature and other applicable laws?"

2. That said election shall be held at the City Hall, within said City, and the following named person is hereby appointed Presiding Judge of said election, to-wit: J. D. Crockett.

3. That said election shall be held under the provisions of Chapter 342, Acts of the Fifty First Legislature, and only qualified electors of the City who own taxable property therein and who have duly rendered the same for taxation shall be permitted to vote at said election.

4. The ballots for said election shall have written or printed thereon the following:

PROPOSITION

"For The Water Contract" "Against The Water Contract"

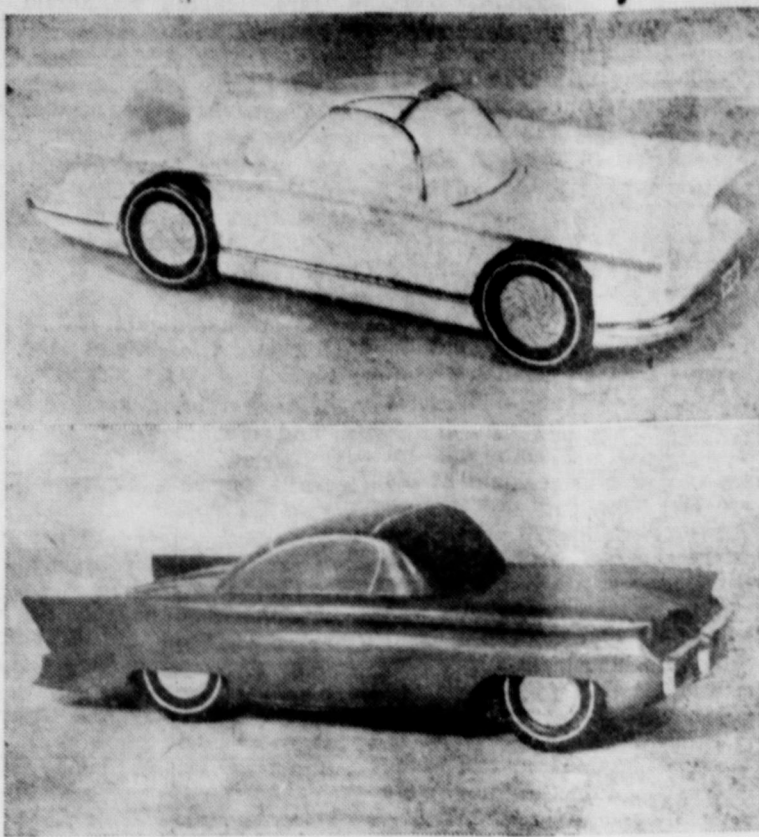

Each voter shall draw a line through one of the above expressions, thus leaving the other as indicating his vote on the proposition.

5. If this election results favorably to the making of said contract, the City Council will pass an ordinance prescribing the form and substance of said contract and directing its execution. Such contract will provide that the city shall not be obligated to pay more than 30c per one thousand gallons of water delivered to the City.

6. A substantial copy of this resolution signed by the Mayor of said City and attested by the City Secretary shall serve as proper notice of said election. Said notice shall be published on the same day in each of two successive weeks in a newspaper of general circulation published within said City, the date of the first publication to be not less than fourteen days prior to the date set for said election. Except as otherwise provided in said Chapter 342 Acts of the Fifty First Legislature, the manner of holding said election shall be governed by the general election laws.

MOTOR MAIDS

'Teens Spurn 'Mood' Driving' By Jeanne Smith, Dodge Safety Consultant

MOODS have no place behind the wheel of a car, say the country's top teen drivers—youngsters who have won scholarships as winners in the 1957 National Teenage Road-e-o safe driving contests.

Miss Smith

"Some teens get in a car when they're not feeling well, then take their moods out on the car," says first place winner Charles Hopkins of Atlanta, Ga.

"A driver training course will show them that such action leads to a hospital bed," continued Charles.

Two more top winners agree. Arkansas state champion Mary Jane Sawyer and Colorado road-racer Vivien Cox support driver training courses as a means of discouraging reckless driving.

Less girls felt that immaturity plays a big part in teen accidents, but that driver training courses helped teens take driving seriously and showed them how to act in an emergency.

The National Road-e-o safe driving contests will be held again this summer, beginning as a community level with state finals sent to Washington, D. C. for national competition.

More than 300,000 teen drivers, most of whom will have taken driver training courses, are expected to participate.

Antelope Crop Shows Big Gain In Trans-Pecos

Outlook for a good Pronghorned Antelope season in the Trans-Pecos area this year is very promising, according to the Director of Wildlife Restoration of the Game and Fish Commission.

Aerial surveys indicate an exceptional fawn crop. Many ranches over the area have had 100 to 125 per cent reproduction of Pronghorn herds, well over recent 50 to 60 per cent reproduction rates. Persons desiring to hunt should immediately send their request for applications to the chief clerk of the commission in Austin.

"Range land is in the best shape in several years," Pierce Uzzell, wildlife biologist for the commission said. He explained that winter snows and spring rains have improved vegetation which have enabled doe to rear more young.

There should be several trophy bucks also. Uzzell said some well developed horns have been observed. All conditions point to a good season and a better hunt, he added.

Hunting season for Pronghorns in the Trans-Pecos was set at a recent meeting of the commission. Extending from October 1 through 10, the season will consist of three separate hunts of three days each, October 1-3, 5-7, and 8-10.

Counties in the Trans-Pecos area include: Brewster, Culberson, Jeff Davis, Hudspeth, Pecos, and Presidio.

CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT THE GENERAL ELECTION ON NOVEMBER 4, 1958.

HJR #31—Number Four on the Ballot.

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 4, 1958.

HOUSE JOINT RESOLUTION NO. 31 proposing an amendment to the Constitution of Texas to provide that all county officials for whom four-year terms of office were authorized in 1954 must resign such office prior to announcing for a different office when more than one (1) year remains unexpired of the term for which they were elected, and providing for the filling of such vacancies in the manner now provided by law.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. Section 52 of Article 16 of the Constitution of the State of Texas is hereby amended to read hereafter as follows:

Section 52. STAGGERING TERMS OF OFFICE.—The following officers elected at the General Election in November, 1954, and thereafter, shall serve for the full term provided in this Constitution: (a) District Clerks; (b) County Clerks; (c) County Judges; (d) Judges of County Courts; (e) Criminal District Attorneys; (f) County Surveyors; (g) Inspectors of Mines and Animals; (h) County Commissioners for Precincts Two and Four; (i) Justices of the Peace.

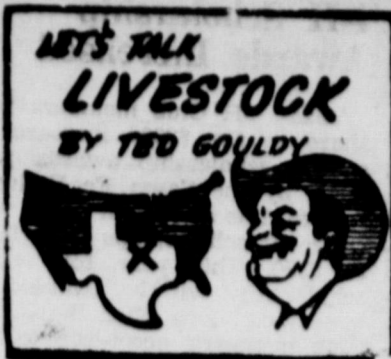

Notwithstanding other provisions of this Constitution, the following officers elected at the General Election in November, 1954, shall serve only for terms of two (2) years: (a) Sheriffs; (b) Assessors and Collectors of Taxes; (c) District Attorneys; (d) County Attorneys; (e) Public Weighers; (f) County Commissioners for Precincts One and Three; (g) Constables. At subsequent elections, such officers shall be elected for the full term provided in this Constitution.

In any district, county or precinct where any of the aforementioned offices of such nature that two (2) or more persons hold such office, with the result that candidates file for "Place No. 1," "Place No. 2," etc., the officers

elected at the General Election in November, 1954, shall serve for a term of two (2) years if the designation of their office is as hereinafter provided for a term of four (4) years if the designation of their office is as hereinafter provided. All such officers shall be elected for the terms provided in this Constitution.

"If an officer, named herein, shall announce their candidacy, or shall in fact become a candidate, for any office of the State or the United States other than the office then held, at any time when the unexpired term of the office then held shall exceed one (1) year, such announcement or such candidacy shall constitute an automatic resignation of the office then held, and the vacancy thereby created shall be filled pursuant to law. If an officer, named herein, shall announce for such office any time when the unexpired term of the office then held shall exceed one (1) year, such announcement or such candidacy shall constitute an automatic resignation of the office then held, and the vacancy thereby created shall be filled pursuant to law. markets the trade showed some strength.

The margin of recovery from the previous week's lows was generally narrow but there was a definite reversal in the downturn due to the slackened receipts. The trade at Fort Worth generally took the view that if stockmen and farmers continue to space their shipments through the week, that serious price impairments such as were suffered in the past two weeks can be avoided.

**CATTLE MOVEMENT BRAKED FOLLOWING SHARP BREAKS**

Fort Worth, August 11 — The twelve major livestock markets across the nation registered some 25,000 fewer salable cattle and calves on Monday than on the same day last week. This amounted to a better than 20% slash in the cattle supply compared with a week earlier. The result was that heavy pressures on prices were eased, and at most

At Fort Worth most classes of cattle and calves were active and steady to stronger, with instances 25 to 50 cents higher through the list. In a few cases advances were even longer. Fed steers were in small supply and sold in the slowest trade of any class and at about steady prices.

Comparative prices included good and choice steers and yearlings at \$22 to \$22.50 and common and medium offerings from

\$18 to \$22. Fat cows sold from \$17 to \$19.50 and canners and cutters cashed at \$11 to \$17. Bulls cashed at \$17 to \$21.50.

Good and choice slaughter calves cashed at \$22.50 to \$25.50, a few to \$26. Common and medium sorts sold from \$17 to \$22. Stocker steer calves bulked at \$25 to \$31, and heifer calves sold from \$27.75 down. Stocker yearlings sold from \$26 down and feeder cattle sold from \$20 to \$23.50.

**HOGS OPEN 25c LOWER, TOP \$23.50, SOWS \$21.50 DOWN**

Dutcher hogs were steady to 25 cents lower on Monday at Fort Worth as choice hogs topped at \$23.50. The bulk of the shipments were mixed as to grades and weights, and medium to good butchers cashed at \$22 to \$23.25. Sows cashed at \$18 to \$19 on heavyweights, and up to \$21.50 on light weight sows. Stags sold from \$12 to \$15. Some

feeder hogs sold from \$22 down. Light pigs were quoted well above that range.

**SHEEP AND LAMBS STEADY, QUALITY CONSIDERED**

Good slaughter lambs cashed at \$20 to \$21 at Fort Worth Monday and all classes of sheep and lambs cleared at steady prices, quality considered. Cull to medium lambs cashed at \$14 to \$20. Stocker and feeder lambs bulked at \$19 to \$20.25, some bucks at \$16 to \$17.

Good yearling muttons sold from \$17 to \$18 and cull to medium yearlings sold from \$12 to \$16. Slaughter ewes bulked at \$7 to \$8. Aged slaughter bucks sold around \$6. Breeding ewes ranged from \$10 to \$22.

**INTEGRATED FARMING GETS ATTENTION OF USDA**

It was learned in Fort Worth this week that Government Printing Office presses were flying in

getting out a special bulletin titled "Contract Farming and Vertical Integration in Agriculture". USDA bigwigs, including Secretary of Agriculture Benson, are showing signs of alarm over the spread of integrated and contract farming in animal agriculture from the broiler industry to other segments.

The broiler industry is currently estimated to be 95% contract or integrated to some degree. The new booklet explains various contract farming arrangements and suggests there is danger of the farmers themselves not reaping the profits of this new production scheme.

The booklet points out that in return for management service, financing and other help, the farmer usually surrenders his freedom of action to greater or less degree.

USDA's concern with the problem of contract farming in ani-

mal agriculture follows the concern of most industries who do business with farmers.

Some sources have raised the issue the contract farming may, in the end, result in price fixing or otherwise invade the realms of violation of anti-trust laws.

## Traffic Misfits May Cause Trouble

"Don't be a traffic misfit — the fellow who's out of step is out of luck!"

That warning was given to motorists today by J. O. Musick, General Manager of the Texas Safety Association, as he discussed the Share the Road program of the Texas Safety Association. This program is a part of the nationwide Back the Attack on Traffic Accidents campaign.

"Safety on the highway depends to a great extent on the smooth, even flow of traffic," Musick said. "Whenever you interrupt this flow, you're in trouble — and so are the drivers around you. Here are a few examples of stunts that will foul up traffic in a hurry."

"Stopping suddenly can cause an aggravating pile-up of the cars behind you. Making a turn from the wrong lane is sure to jam things up in the lane you barge into. Hugging the bumper of the car ahead makes you a sitting duck for a serious accident if the fellow in front stops suddenly."

"Speed is another thing that must be adjusted to the traffic flow," Musick said. "In fact, excessive speed accounted for more than 57 percent of the rural fatal accidents in Texas last year. So set your speed to help maintain a smooth, even flow of traffic."

Guests in the home of Mrs. G. P. Burns over the week end were Mr. and Mrs. Vernon Spaeth, Michael and Deborah Lynn, of Fort Worth.

Mr. and Mrs. W. O. Ratliff and Becky and Barry left Sunday for the Valley. They will visit Mr. and Mrs. B. P. Horton in San Benito, spend some time in Corpus Christi, San Antonio and Austin, before returning home.

## LEARN THE BARBER PROFESSION

"Lubbock Barber College, Inc., is the cheapest way to a good profession" since the full six month course costs only \$250. Upon completion of the state approved course, anyone over 16½ years can take the examination for state license. As the student is in the school only seven hours a day, some work after school hours can pay the expenses.

Mr. Dave Loyd, who has been a master barber over ten years, is assisted on the staff by Earl Taylor as instructor.

Details of how to train for a good paying trade where there are lots of jobs open for all graduates can be obtained at The Lubbock Barber College, Inc., 2844 34th Street, Lubbock, Texas or call SH4-8837.

# To Our Friends And Customers

More than a month ago, we announced a reduction of approximately 12½% in our insecticide prices, and at that time we suggested that our dealers pass this saving on to their customers.

Typical suggested consumer prices on Depester brand insecticides are as follows:

### LIQUIDS:

3 lb. DDT (54 gal. drums) .....	1.95 per gal.
6 lb. Toxaphene (54 gal.) .....	2.75 per gal.
2-1 Mix (54 gal.) .....	2.75 per gal.
1.6 lb. Endrin (54 gal.) .....	8.00 per gal.

These are also available in 5-gallon cans and 30-gallon drums at slightly higher prices.

### DUSTS:

2-10-40, per 100 .....	9.25
3-10-40, per 100 .....	10.00

Our attention has been called recently to the fact that some local applicators are quoting application rates 20 to 25 per cent higher for materials which they do not sell.

We invite you to use and compare our materials with those of competitive manufacturers. We hope you will find them satisfactory in quality and performance. In case you have difficulty getting these materials applied at rates comparable to those charged for competitive products, we shall be glad to help you secure such services.

 NORTH CENTRAL TEXAS  
 MUNICIPAL WATER  
 AUTHORITY:

TO THE RESIDENT, QUALIFIED ELECTORS OF NORTH CENTRAL TEXAS MUNICIPAL WATER AUTHORITY, WHO OWN TAXABLE PROPERTY IN SAID AUTHORITY, AND WHO HAVE DULY RENDERED THE SAME FOR TAXATION:

TAKE NOTICE that an election will be held in the Authority on the 6th day of September, 1958, for the purpose as set forth in the resolution adopted by the Board of Directors on the 11th

day of August, 1958, which is as follows:

**RESOLUTION**

By the Board of Directors of North Central Texas Municipal Water Authority calling an election on the question of the issuance of \$4,800,000.00 of bonds payable from the levy of ad valorem taxes and the pledge of revenues of the authority.

WHEREAS, North Central Texas Municipal Water Authority was created under Article XVI, Section 59 of the Constitution of Texas, by Chapter 86, Acts of the Fifty-Fifth Legislature; and

WHEREAS, said Authority, as created by the law just mentioned, included all of the territory then contained within the corp-

orate limits of the Cities of Seymour, Munday, Goree, Haskell, Rule, Rochester and Knox City; and

WHEREAS, by an election, said Authority was confirmed to include only the Cities of Seymour, Munday, Goree, Haskell and Rule, as shown by an order heretofore entered by the Board of Water Engineers of the State of Texas; and

WHEREAS, in order to accomplish the purposes for which said Authority was created, it will be necessary to issue bonds payable from ad valorem taxes to be levied on all taxable property in the Authority; and the revenues of the Authority; and

WHEREAS, an election should be held in the Authority for the purpose of authorizing the issuance of such bonds;

BE IT RESOLVED BY THE BOARD OF DIRECTORS OF NORTH CENTRAL TEXAS MUNICIPAL WATER AUTHORITY:

1. That an election be held in said North Central Texas Municipal Water Authority on the 6th day of September, 1958, at which election the following proposition shall be submitted:

"Shall the Board of Directors of North Central Texas Municipal Water Authority be authorized to issue the bonds of said Authority in an amount not to exceed Four Million Eight Hundred Thousand (\$4,800,000.00) Dollars, maturing serially or otherwise in not to exceed Forty (40) years from their date, for the purpose of providing a source of water supply for cities and other users for municipal, domestic, industrial, mining and oil flooding purposes as authorized by the Act creating the Authority, by constructing a dam or dams and all works, plants and other facilities necessary or useful for the purpose of impounding, processing and transporting water to cities and others for municipal, domestic, industrial and mining purposes, and to levy and collect ad valorem taxes on all taxable property in the Authority for the payment of said bonds and the interest thereon, and to pledge all or part of the net revenues of any one or more contracts for the sale of water and such other revenues as may be specified by resolution of the Board of Directors, as provided in the law creating said Authority?"

(d) The election in the Haskell Precinct shall be held at the City Hall, in the City of Haskell, Texas. Virgil Brown is hereby appointed as Presiding Judge for said election and he shall appoint an assistant judge and two (2) clerks to assist him in holding said election.

(e) The election in the Rule Precinct shall be held at the City Hall, in the City of Rule, Texas. O. T. Higgs is hereby appointed as Presiding Judge for said election and he shall appoint an assistant judge and two (2) clerks to assist him in holding said election.

4. That said election shall be held under the laws governing general elections except as otherwise provided in the law creating said Authority. Only legally qualified electors residing within said Authority who own taxable property in said Authority and who have duly rendered the same for taxation shall be qualified to vote, and each elector shall vote only in the precinct of his residence.

5. The ballots of said election shall be printed in the following form:

**Wheat Varieties To Be Discounted In Support Program**

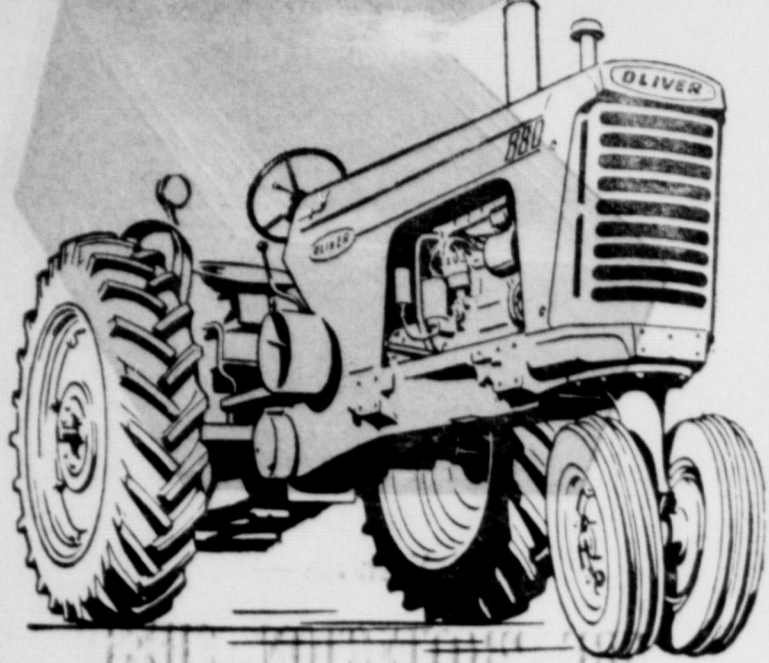

The U. S. Department of Agriculture has named wheat varieties which are undesirable because of inferior milling or baking qualities and will be discounted among the hard red winter class

ed 20 cents a bushel in price support rates on the 1959 crop.

Discounts to discourage plantings of the undesirable wheat varieties were included in the price-support program for the first time in 1956.

R. J. Hodges, extension agronomist, says the list includes among the hard red winter class

**New OLIVER 880 — Most Powerful Row Crop Tractor Built**

Newest in its class and already the most spectacular performer of all! In official, nationally recognized tests this new Oliver 880 broke drawbar-pull records to become the most powerful row crop tractor built today in both fuel types—gasoline and diesel.

So, no matter which you pick, you get a champion—56.29 and 54.97 drawbar horsepower... 7988 and 8118 pounds of drawbar pull.

That isn't all you get in the new 4-5 plow 880 and its row crop companion, the 3-4 plow 770. You have a choice of new power helps to make farming faster, easier and more profitable. One is Power-Booster Drive, which gives you almost one-third more pull for tough spots and 12 forward speeds. Another is Power Traction Hitch, which transfers more weight to the rear wheels. Still others include Powerjuster wheels and full-time power steering.

See the many extra advantages. See for yourself how much more you get in a new Oliver.

Bluejacket, Chiefkan, Cimarron, Early Blackhull, Kanking, Khar-kof MC 22, New Chief, Pawnee Sel. 33, Purkof, Red Chief, Red Hull, Red Jacket and Stafford.

Also listed in the soft red winter class in Kan Queen, Kaw-vale, Nured and Seabreeze. Durum varieties listed are Golden Ball, Pelliss and Pentad.

Hodges points out that the list was developed by the USDA's Agricultural Research Service after consultation with state agricultural experiment station personnel, agronomists, cereal chemists and others. Representatives of crop improvement associations support the program which is aimed at improving the overall quality of U. S. wheat production.

Application of the 20-cents-per-bushel discount to producer support rates will be the same as under the 1958 operation. Because wheat varieties are difficult to determine from threshed samples, identification of the variety going under price support will be the responsibility of the producer based on his knowledge of the varieties he seeded

and harvested. Even though some of the undesirable varieties might have protein content high enough for a premium, no protein premiums will apply to the undesirable varieties when loan rates are determined, said Hodges.

**2,936 Youths Attend Lueders Baptist Camps**

Baptist Youth camp August 5-8 completed the camp season for District 17 at Lueders Baptist Encampment grounds for 1958.

Almost every camp had a higher attendance than last year and some of them, such as 100 higher than the corresponding 1957 camp.

For instance 637 campers attended the Junior Girls Auxiliary camp this season and attendance last year was 530.

The Sunbeam camp on August 1 numbered 485 boys and girls in 1958 as compared to 329 last year.

Total attendance for 1958 is 2936, Mrs. N. J. Williams said. Last year's number totaled 2599.

Mrs. Williams is treasurer of Lueders Baptist Encampment and has been working at the camp for several seasons. Her husband has just completed his first season as business manager. He succeeded Rev. Henry Littleton, who had been serving in that capacity for many years.

Final payment of the new swimming pool was made in July through the cooperation of the various churches of District 17. Many of the churches have put the encampment in their budget and other sending special contributions to the encampment program.

Rev. Byron Bryant of Breckenridge, encampment president, expressed appreciation for the fine cooperation, interest, and participation throughout the season.

Mr. and Mrs. J. C. Harpham and Claire were visitors in Dallas the first of this week.

Mrs. R. B. Bowden left last Wednesday for her home in Andrews after several days visit with relatives and friends.

Mr. and Mrs. Cherry Moore of Fort Worth visited her sister and family, Mr. and Mrs. Levi Bowden, Lee and Jerry, and with relatives in Goree over the week end.

## Knox Prairie Philosopher Joins With The President In Refusing To Raise Price Of What He Grows

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek has an odd idea for whipping inflation, his letter this week reveals.

Dear editor: Talk about living in a fast age, here I was out here on my farm gathering my forces to whip the recession when I opened up a copy of a newspaper I found in the road by my mail box this morning and found it was already over, and the thing to be doing now is to start whipping inflation.

That's one of the troubles with reading newspapers, all you do is bring more problems to your attention you'd never know existed if you hadn't read about them. If it hadn't been for newspapers, right now I wouldn't be any more worried about the Middle East than the Middle East is about me.

However, since I've always tried to do my duty, so long as it was me, not the other fellow, defining the duty, I was interested in reading President Eisenhower's views on how to stop inflation.

He says both labor and business have got to stop raising prices unnecessarily, labor to stop asking for higher wages without a corresponding increase in production, and business to stop raising prices just because it figures it can.

Now here's my position: as

I'm a farmer, I don't guess you could call me a laborer, at least I don't work for wages, some times don't work at all, so I guess you could call me a business man, if you want to be careless with the term, and I wish to state to President Eisenhower that I will back him up 100 per cent in this fight against inflation and he won't catch me raising the price of a thing I grow.

Regardless of how big the temptation may be to raise the price when I start to sell my crops, I intend to back the President up and take whatever is offered me, and furthermore I can pledge Mr. Eisenhower that 99 per cent of all the other farmers in this area and throughout the United States will do the same. You just don't catch a farmer saying, look, everything I buy has gone up, labor has gone up, I guess I'll have to raise my prices a few dollars this year to balance things out. No sir, the farmer understands economics

and knows that won't get him anywhere.

What this country needs is a car manufacturer who will work all year making a big stack of automobiles and then haul them to town and ask somebody what he'll give him for them. That's the way to whip inflation. Maybe not the way to stay in the car-making business, but it'd sure be anti-inflationary.

Yours faithfully,  
J. A.

*It can be done NOW — a REFRIGERATOR-FREEZER that needs NO DEFROSTING*  
MADE BY FRIGIDAIRE  
**FROST-PROOF FOOD KEEPING - WHERE YOU NEVER DEFROST AGAIN**

*In the Flowing - Cold Refrigerator...*  
Flowing Cold means super-fast, more uniform chilling for all your fresh foods no matter where you store them — in the refrigerator section or on the door — regardless of outside temperatures.  
And Flowing Cold means no more frost! Here's how it works:  
Fresh warm air enters the refrigerator section every time you open the door — and is drawn by a fan up and over the hidden Refrig-o-Plate that cools it and removes the excess moisture after which it comes back in at the top as Flowing Cold.  
Best of all, the moisture removed is evaporated automatically — there's nothing you have to do!

*In the Frost-Proof Freezer...*  
Completely new and revolutionary — completely different from so-called "automatic" defrosting systems. Frigidaire patented Frost-Proof Freezing actually whisks away heat and moisture before frost can form!  
Frost-Proof Cold enters at the top, rear, cooling and removing moisture from the entire freezer. Then this warmer, moist air is drawn out of the freezer across sub-zero freezing plate underneath and completely separate from the freezer, where the air is recharged, changing warm air into dry, sub-zero Frost-Proof Cold!  
And the moisture, of course, evaporates automatically. Frost never accumulates on freezer walls or on food. No more chipping, scraping at a stubborn ice crust. No more melting frost, no more pans to spill!

**FROSTED-UP!** Ordinary freezer chest after 30 days. Everything has liberal coating of frost! Some types demand do-it-yourself defrosting. Others apply electric heat to freezer to melt frost. Sometimes frost water drips down on food — refreezes on packages. Foods may thaw, then refreeze — lose flavor and vitamins!

**FROST-PROOF!** Frigidaire Frost-Proof Freezer after months or even years! Not a whisker of frost in sight! The secret is a new kind of circulating cold — dry, sub-zero cold — that's hungry for heat and thirsty for moisture. Carries away warm air and moisture before frost can form! Freezes foods faster — keeps them frozen.
