Odd Bits Salvaged
By The Editor

"Well, how did you like the ball game Saturday night?" "Oh, I liked it!"

k-k
This is the type of conversation that's been going the rounds this week, since the Moguls made their 1958 debut Saturday night. Local fans generally liked the way the Moguls performed, and they were not too much disappointed at the local boys not being able to hold that margin and gain a victory.

k-k
You see, Rochester has through the years been rated as one of the strongest teams in its class. And through the years, the Moguls have just about evened things up — game for game. The Mogul-Rochester game is nearly always a season's opener — and most any team is liable to win.

k-k
Our Moguls will gain strength and will improve as they gain more experience in competition, and Saturday night's performance was such as to show us that we can expect greater things as the season advances.

k-k
Wichita Falls and Seymour do not have water problems, so the voters said in effect in the elections last Saturday. To say the least, these voters do not want their water problems solved in the manner proposed last Saturday.

k-k
Leaders in the Miller Creek proposal are taking their hats off to people of Munday, Goree, Haskell and Rule, who voted in a big way to build the Miller Creek reservoir. But Seymour voting in reverse to their earlier vote, the confirmation vote, has put a different light on the matter.

k-k
Local members of the Authority believe the reservoir will be constructed, and that the four towns staying in the Authority will eventually have "an abundant supply of good water." Members of the Authority will meet tonight (Thursday) with engineers and legal advisers to determine the next step in completing the project upon which work and study has been done for some two years.

k-k
The rat situation is getting no better fast. County Agent Roy England says the situation is worse this year because of favorable conditions for the rodents for reproduction and the scarcity of predatory animals. "This will likely be a good fall for wolves," he said, "because they feed chiefly on rats."

k-k
England is going ahead with plans for a mass rat extermination program, which will probably be the latter part of this month. Demonstrations will be held in various areas of the county, and he hopes to have poison available at each of these demonstrations. He'll announce the plan when details are completed.

k-k
And speaking of rats, we enjoyed George Dolan's column "This Is West Texas" in the Star-Telegram which he devoted to the rodents on Tuesday. We quote his opening remarks:

k-k
"The mouse and rat infiltration is getting ridiculous. When they get so arrogant that they saunter into a living room, switch on the television and line up the couch to watch the Mouseketeers, they're going too far."

k-k
From all accounts, that big blowout and Bar-B-Q slated for Thursday night of next week honoring the teachers will be a humdinger. Make your plans now to be there and meet the new teachers, visit the old ones and other friends.

Merchants Aid In Homecoming Expense

Expense of holding the third annual homecoming here amounted to more than money taken in, and when officials started making a "balance sheet" they found a deficit of around \$280.

Early this week, officials started seeking contributions from local merchants to "get out of the red," and they found their townspeople very liberal and cooperative.

"We certainly appreciate the contributions and the attitude of everyone who helped us make up this deficit," they explained. "You seemed to realize the great effort and expense we went to in order to bring our ex-students together for this homecoming."

P. V. Williams, Theater Owner, Dies Wednesday

Death closed the final chapter in a long and colorful career of service, when P. V. Williams, Munday theater owner and distributor for Gulf oil products, passed away early Wednesday afternoon in a Wichita Falls hospital.

Mr. Williams had been hospitalized for a liver ailment for over two weeks and had undergone surgery in efforts to prolong his life. His condition had been very critical for over a week as members of the family waited anxiously at his bedside and hoped for improvement.

He pioneered the movie business in Munday, operating the Roxy and Roy theaters here and having interests in several others. He was local distributor for Gulf Oil Company since the early days of automobiles.

At press time Thursday, funeral services were incomplete, pending arrival of relatives.

Allison Heads Salvation Army Fund Campaign

Rev. G. N. Allison, pastor of the First Baptist Church, will head the annual Salvation Army's campaign for funds in this community, it was announced Friday.

Munday is one of the 172 communities in Texas in which the Salvation Army program of aid to the needy and unfortunate is being administered by a service unit committee, members of which serve voluntarily and without compensation. The chairman of this committee is E. W. Harrell.

Other members serving with him are: Charles McCauley, Mrs. Helen Penick, treasurer; J. W. Massey, Rev. Allison, M. L. Wiggins, Aaron Edgar, J. W. Laningham of Goree and Milton J. Kirby of Vera.

According to Mr. Harrell, the service unit here has been especially helpful in cases of emergency, and has been able to provide food and lodging for individual transients and families who could not get help elsewhere. The committee has also supplied medicine in emergency cases and met other emergency needs for those in distress.

The local service unit derives its support from the annual fund (Continued on page Five)

Moguls Battle Rochester To 12-12 Deadlock

The Munday Moguls opened the 1958 football season here on Saturday night by battling the Rochester Steers to a 12-12 deadlock. It was also the first game of the season for Rochester.

The Moguls grabbed the lead twice in the game but Rochester battled back, tying it up with a fourth-quarter TD by quarter-back Sam Adkins on a 33-yard drive.

Munday's Bunny Norville put the Moguls ahead, 6-0, in the first quarter, recovering Adkins' fumbled punt on the Rochester 22-yard line and scoring from the one. Phillip McAfee's extra-point plunge was thwarted.

In the second quarter Rochester's Jimmy Gammill dived over from the one to make it 6-6. But Munday came right back as Jerry Jetton intercepted an Adkins pass, then plunged over from one foot for a 12-6 halftime bulge.

Both teams threatened several other times but were either repulsed or fumbled away their chances.

The Moguls will journey to Seymour on Friday night for their annual encounter with the strong Seymour Panthers of Class 2-A. A large motorcade of enthusiastic fans is expected to accompany the team to Seymour for their second game of the season.

NEW TEACHERS—Ten new teachers, on duty in the Munday Public School system this year, are shown above. They are, from left to right, front row: Mrs. Marvin Burgess, sixth grade; Mrs. Alice Wynn, English; Mrs. Mary Ann Lee, English and Spanish; Mrs. Margaret Ann Hill, first grade; Mrs. Zada Smith, fifth grade; Mrs. Juana Hill, fifth grade. Back row: Waydell Hill, coach and math; Herbert E. Arledge, science; Elmer Kuntz, vocational agriculture, and Halse Cunningham, math and grade school principal.

Funeral For Mrs. Henry Cowsar Is Held In Goree

Mrs. Henry Cowsar, about 65, former resident of Goree, passed away on Wednesday, September 3, in an Odessa hospital. She had been ill with cancer for some time.

She and her husband lived in Goree a number of years. Mrs. Cowsar was a teacher in the Goree schools, and Mr. Cowsar operated a cafe.

Funeral services were held at 3 p. m. Thursday from the First Methodist Church in Goree, with the pastor, Rev. H. Clayton Adair, officiating. Burial was in Goree Cemetery.

Survivors include her husband and two sons, Bob Cowsar of Dallas and John Cowsar of Brownfield; one sister, Mrs. Elmer Fagan of Hamlin.

Oil Activities

B. F. Allison of Graham has completed No. 1 Alvin Huskinson as a Tannehill sand discovery, six miles northeast of Munday. This was a re-entry venture of an old dry hole that was plugged by Ajax Oil and Development Co. in November, 1936.

Daily pumping potential was 39.9 barrels of 38 gravity oil, plus 60 per cent water, from pay perforated at 1840-46 feet. Total depth was 2085, and gas-oil ratio was 200-1.

In the Jarvis (Tannehill) Field, Anderson Petroleum Co. has finished No. A-3 Jarvis, six miles west of Munday. The well pumped 56 barrels of 35 gravity oil per day from perforations at 2059-66 feet. Hole was bottomed at 2102 feet.

Last week, the county gained two more wildcat locations. They are: Dublin-Kiel No. A-1 Waldrip, 2 1/2 miles northwest of Knox City, to 2400 feet, and the same firm's No. 1 I. D. Harlan, two miles southwest of Goree, to 2000 feet.

Anderson Petroleum Co. No. 1 G. L. Hunter Estate, 3 1/2 miles west of Munday, is another wildcat location, scheduled for 2250 feet.

Glenn W. Cooper of Seymour No. A-1 Ross Bates, four miles northeast of Goree, will go to 1900 feet. No. A-3 Bates, in the same area, is slated for 2000 feet.

Lomax and Maxwell of Dallas has completed No. A-6 Cartwright in the Texhoma, North-east (Tannehill) Field, 2 1/2 miles east of Goree. The well pumped 110 barrels of 34 gravity oil per day from perforations at 1701-08 feet. Total depth was 1775, and gas-oil ratio was 200-1.

Glenn W. Cooper of Seymour No. 1 J. W. Elliott is a 2000-foot wildcat, location being four miles north-northeast of Goree.

BIRTH ANNOUNCEMENT

Mr. and Mrs. Bobby Owens are announcing the arrival of a daughter on Monday, September 1, 1958. She made her arrival at 12:45 a. m. weighing 7 pounds and 5 ounces. She has been named Barbara Jean. Big brother, Danny Wayne, and sister, Linda, are very proud of their little sister. Mrs. E. M. Owens is the child's only grandparent.

Subscription Fund Will Go For More Wheel Chairs, Beds

More wheel chairs and hospital beds for loan to patients are being sought by the American Legion, Post 44, in a magazine subscription drive which starts in Knox county this week.

This equipment will be paid for by commissions from sale of Capper Publications. The magazine salesmen will have letters of introduction and will also issue sales receipts to the buyers of such subscriptions. No donations will be taken by the salesmen.

This equipment, when available, will be loaned free of charge on a temporary basis to residents of Knox County. The Legion now has several beds and wheel chairs but all are currently out on loan.

School Enrollment At Higher Figure

Enrollment in the Munday Public Schools last week reached the highest peak of all time for the first week of school, according to W. C. Cox, superintendent. "Our heaviest enrollment is always in October," he said, "so there will still be more students."

A total of 731 students have enrolled, and by schools the figures are: High school, 163; elementary school, 293; junior high, 124; Dunbar School, 41 in high school and 83 in grade school.

Latest methods for controlling Johnsongrass by spot treatment are outlined in a new publication recently released jointly by the Texas Agricultural Experiment Station and Extension Service. B-902 is available from the offices of local county agents or from the Agricultural Information Office, College Station, Texas.

300 Expected At Bar-B-Q Honoring Local Teachers

Around 300 citizens are expected at an "ole time" Bar-B-Q at 7:30 p. m. Thursday, September 11th. The highlight of the PTA community-wide program will center around meeting and getting acquainted with ten new teachers on the Munday public school staff.

The Bar-B-Q will be served out-of-doors on the Pony League Baseball Field, south of the bleachers, in a typical informal western style. Munday's Lions Club will be dishing out the beans, potato salad and Bar-B-Q to every man, woman and child in Lions-size portions for the feast.

Music for the evening meal will be furnished by our own Munday "Madcats", while everybody becomes better acquainted with his neighbor but especially the ten new teachers in a spirit which characterizes the City in the Heart of Knox Prairie.

Ten new teachers this year are a lot of folk to meet, but they want to know whose kiddoes they are raising — and citizens want to know by what method of stimulation the children are "raised" — whether literally or just education-wise.

The evening will be enjoyed by every member of the family. There will be games, races, contests for all children and teenagers. The real young cowboys are asked to bring their guns, caps and holsters for a "drawing contest". This "ain't lady-like" for cowgirls, so the lassies will bring their ropes and lassos for a contest.

In case of an unscheduled rain the Bar-B-Q will move into the grammar school lunch room.

The ladies of PTA are furnishing gratis all the trimmings, however the Bar-B-Q headquarters will force the Association to set a price of thirty-five cents per plate to cover only the price of the meat. The Association heartily welcomes all citizens, whether parents of school children or not, to come and enjoy the evening.

Childress To Play Junior Moguls Here

The Sunset Junior High football boys will meet the Childress Junior team for their first game of the season Thursday night, September 11, at 7 p. m. The game will be played on Scruggs field. The boys have been working out the past week and are looking forward to their first game which promises to be a very interesting contest. Everyone should turn out for this game and give the boys encouragement.

BILBREY C. COFFMANS PARENTS OF DAUGHTER

Mr. and Mrs. Bilbrey Craig Coffman are the proud parents of a daughter who made her arrival Monday, September 1, 1958. She weighed 7 pounds and has been named Kerri Criss. Mike and Donna, her big brother and sister, think she is a little doll. Her grandparents are Mr. and Mrs. Elbridge Coffman and Mr. and Mrs. C. E. Barger of Goree.

Four Area Towns Approve Water Plan Saturday; Seymour Turns Thumbs Down

Munday voters, along with those of three other towns of the area, said Saturday they wanted the Miller Creek reservoir as an assurance of plenty of good water, but voters of Seymour said "No" by an emphatic 9-to-1 landslide.

The two elections were for the \$4,800,000 bond issue for construction of the reservoir and pipelines, and for a water purchase contract by each town. Approval was given by Munday, Haskell, Rule and Goree.

Seymour voted 48-for and 453-against to turn down the bond proposal. They also voted heavily against authorization of contracts between member towns for purchase of water for 30 cents per

1,000 gallons. The vote was 54 for and 405 against.

Their action removed them from the Authority, leaving four members. However, other towns in the area reportedly have indicated they would like to become Authority members.

Authority president W. R. Johnson of Haskell called a meeting for Sept. 11 in Munday to work out revised figures for the four-town membership.

Authority engineers and bond company representatives will attend in an effort to work out cost of the scaled-down project.

The four towns for the project voted this way:

Haskell—on bond issue, 493 for and 15 against; on water contract, 500 for and 113 against.

Rule — bond, 102 for and 68 against; contract, 98 for and 72 against.

Munday — bond, 214 for and 31 against; contract, 207 for and 32 against.

Goree — bond, 62 for and 26 against; contract, 62 for and 26 against.

A majority vote was required in each city for passage. However, it was pointed out that Seymour's action does not defeat the entire project.

Total project cost for five cities was estimated at \$4,700,000, including land for reservoir site, dam, pumping and filtering plants and pipeline systems serving the towns.

Proposed site for the dam and reservoir is on Miller Creek, about 12 miles east of Munday.

Authority bonds will be retired with revenue from the sale of water, supplemented with an ad valorem tax.

Men Injured In Gin Accidents

Two separate accidents last week caused injuries to two men, one at Munday and one at Rhineland. Both are reported in improved conditions at Bethania Hospital in Wichita Falls.

Robert Friske, 22, employee at the Rhineland Co-op Gin, underwent eye surgery, and doctors reported his vision will not be impaired. Friske was hit in the eye by a piece of steel which broke off his hammer at about 2 p. m. Friday.

T. W. Sparks, 65, employee of the Farmers Co-op Gin in Munday, was reported in satisfactory condition Monday. He broke a hip and a wrist in a fall from a ladder at the gin last Thursday.

Antonio L. Sanchez, laborer, was fined \$150 plus costs of \$32.50 Saturday night on charges of possession of beer for sale. He was also sentenced to two days in jail on his plea of guilty, Knox County Attorney Tom Bullington said.

Morris Ford, 42-year-old Haskell County man, was charged with contesting for speed and driving without a license in an accident which followed the police raid on Sanchez' residence.

His car was chased for six miles along dirt roads at 100 mile per hour speeds, Deputy Sheriff H. C. Stone and Munday Police Chief Joe Massey said.

The chase ended when Ford's car failed to make the turn onto Farm to Market Road 1587 between Munday and Throckmorton and slid across the road and into a fence. The car backed out into the path of Stone's oncoming patrol car which struck Ford's car on the left side.

Quarterback Club To Meet Tuesday

In a meeting of the Quarterback Club on Tuesday night a proposal carried by unanimous vote to build a partition at each end of the stadium, in order to keep out passage from in front of the stadium in compliance with Interscholastic League rules.

Next Tuesday night, members will be able to see a film on the Munday-Rochester game. This meeting is scheduled for 7:30 o'clock.

Club members suggest that a caravan be formed to attend the Seymour game Friday night. Fans are requested to form the caravan at 6:45 p. m. around the square.

Missionary Drowns In Africa Accident

Winfred Harper, 39, son of Mr. and Mrs. Dave Harper of Gorman and nephew of the late Cliff Moorman of Goree, was drowned last Thursday while on a sight-seeing trip with a group of other missionaries on a beach at Dar-es-Salaam, East Africa.

The parents were notified Thursday night by telephone, and a letter from Mrs. Harper later stated that Harper was swept from a reef by a huge wave and was caught in a strong undertow. His body was recovered about 30 minutes later, and efforts of his companions to revive him failed.

Harper, a Baptist missionary to East Africa for the past eight years, was reared at Gorman. He was in Munday last February, at which time he showed films and gave a talk to students of the Dunbar School.

Mr. and Mrs. Gus Brown of Munday and Mrs. Grace Moorman of Goree attended the memorial services at Gorman last Sunday. Harper was buried in East Africa on Friday.

F. F. A. Chapter Elects Officers

Bunny Norvill, a senior in Munday High School has been elected president of the Munday Chapter of Future Farmers of America. Bunny has been an active agriculture student the past two years.

Other officers elected for the school year include John Reneau, vice president; Joe Decker, secretary; Tommy Cunningham, treasurer; Henry Pape, reporter and Don Kegley, sentinel. Elmer Kuntz, agriculture instructor, is adviser of the Munday chapter.

The first regular monthly Munday FFA chapter meeting was held in the Band Hall. There were approximately 25 members present.

In addition to the election of officers, other business presented to the chapter at this meeting included appointment of refreshment and banquet committees, motions to purchase beef, livestock and other items for a cooperative chapter project; motion to elect the chapter sweetheart by "Penny-a-Vote" donations, motion to promote the regular magazine subscription campaign to raise money to purchase a pickup for the FFA Chapter, and a motion to make plans for attending the Texas State Fair on FFA day.

The first regular monthly Munday FFA chapter meeting was held in the Band Hall. There were approximately 25 members present.

Cotton Office Is Opened For Season

A. D. (Andy) Brown of Ackertly was here a few days last week, checking the records, etc., in preparation for opening the A. D. Brown Cotton Co. here for the fall season.

The office is now opened and, as last year, is under the active management of H. A. Pendleton.

FREE ENTERPRISE FARMERS

As the ancient adage has it, what goes up must come down. That's as true of cattle and other livestock prices as it is of just about everything else except taxes.

This year those prices have been running at excellent levels, and farmers and ranchers have done exceptionally well.

But some day the prices will fall, just as they always have, due to natural factors. That fact inspired an article in Farm Journal, dealing with how long the beef boom may be expected to last.

Naturally farmers, economists and others whom the magazine queried had different ideas as to the boom's potential duration and extent. But one Indiana farmer gave a very interesting answer when asked what he'd do when the downward trend next sets in. He said: "We'll do exactly as in the past. When we get squeezed, we work harder to cut costs and get more efficient. You make progress by being a better cattleman. . . ."

This, it is safe to say, is the attitude of the great majority of livestock men. They are no strangers to economic adversity. They've seen prices plummet as well as soar. But they've kept their independence, and their freedom of action and decision — by refusing to ask for government controls and price floors. The livestock farmers are "free enterprise" farmers, and they mean to keep it that way.

AN AD IN THE PAPER

One of the most valuable tools that has been used for combating the current recession is the advertising power of home town and neighborhood newspapers. At the end of every production line stands the consumer and national prosperity is but the sum total of local prosperity. In thousands of communities all across the country because of editorial comment encouraging people to buy in their own neighborhood or in their own home town and as a result of newspaper advertising programs undertaken by local merchants, local retail sales, the pulsebeat of national prosperity, have been much encouraged.

An ad in the local paper has always been the mark of a successful business and the experience of recent months has only served to prove the point.

The Pacific Gas & Electric Company, of California, has announced plans to produce electric power from the natural steam of geysers.

A TIP FROM MARK TWAIN

Mark Twain's lovable Pudd'nhead Wilson wrote in his diary: "October. This is a peculiarly dangerous month to speculate in. The others are July, January, September, April, November, May, March, June, December, August and February."

Pudd'nhead Wilson could write today with more telling effect about the gamble millions of Americans are now taking. For these millions are gambling with more than money. They are gambling with their lives.

Here is what we mean: There are 300,000 Americans alive today who have had polio. Many of them are crippled for life. Some are still in iron lungs. Some will never be able to leave a wheel chair.

But since 1955, thanks to Dr. Jonas E. Salk and the March of Dimes we have a vaccine to prevent polio paralysis. It won't cure those already crippled, but it will prevent new cases.

Some 65 million Americans have already had the wisdom to stop gambling with polio by taking Salk injections. But 46 million polio-susceptible persons under the age of 40 have neglected to do so. These are the foolhardy gamblers.

Any month in the calendar is a good month for starting your series of polio shots. Every month you delay is a bad month for speculating with your health. Take a tip from Pudd'nhead Wilson and protect yourself against the risk of polio crippling now.

NATIONAL NEWSPAPER WEEK

This country has something of a mania for "weeks" and "days" celebrating all manner of things and occasions from the sublime to the ridiculous. But some of the observances are far above the common ruck, and deserve the public's interest and attention.

This is certainly the case with National Newspaper Week, October 1-8. Its theme is "Your Newspaper Guards Your Freedoms." And that's more than just a felicitous little slogan. It's a fact. A free press is the most potent weapon against tyranny and persecution that any nation can possess.

Dictators always take over the press as soon as they gain power and pervert it to their own ends. That's only logical. For dictatorship can't stand the freedom of expression and debate a free press stands solidly for.

Soil Conservation District News

The purpose of winter cover and soil improving crops are to protect and enrich the soil. Legume cover crops grown in the crop rotation not only adds organic matter to the soil, but returns the various fertilizing elements that have gone into the making of the soil depleting crops. The protection they give against wind erosion is reason enough to plant them on soils that are likely to blow.

Organic matter added to the soil improves its structure and water-holding capacity. Organic matter decaying in the soil releases minerals which are available for the succeeding crops.

In order for legumes to add nitrogen to the soil; the seed must be inoculated with nitrogen-fixing bacteria before planting. Super phosphate should be applied to the soil to stimulate the growth of the legume.

Austrian winter peas and vetch are the two main winter cover crops grown in the Wichita-Brazos Soil Conservation District. The best planting time for Austrian winter peas is from September 1 to November 1, vetch can be planted with good results from September 1 to December 1. The seed of Austrian winter peas and vetch can be purchased at local seed dealers in the District.

trict. If they do not have the seed on hand, they can get them for you right away. Before planting inoculate the seed with proper inoculant. The direction on the can should be followed in inoculation.

The ASC office is offering financial assistance on purchase of seed of cover crops. Farmers wishing to get this assistance should check with that office before planting.

Considering the many benefits of cover crops, it is important that a portion of our land be in a cover crop each year. Good results can usually be had if the crops are planted at the proper time.

Shirley Struck Is Honored On Her Tenth Birthday

Shirley Struck was honored with a birthday party at her home in Goree on Friday, August 29, the occasion being her tenth birthday.

Many games were played, and pictures were made of the group and the white and pink cake. The cake and punch were served to the following:

Shirley Ann Jackson, Janey Trainham, Beverly Harlan, Pamela Yates, Sue Lowrance, Karla Greene, Glenda Hutchens, Jane and Cathy Carl, Joyce Beaty, Lynn Jetton, Avis Struck, Deckie and Beckie Green, Donny Land, Brenda and Ray Hudson, Kenneth and Randy Struck, all of Goree; Barbara Elaine Walsh, David and Charles Ballard, Munday; Glenda Cole, Vera; Patty Waymon and Rickey Meinzer, Benjamin; Mrs. Wendell Walsh, Mrs. Pate Meinzer and Mrs. DeWitt Green.

Gilliland Club Meets Sept. 3rd In Club Rooms

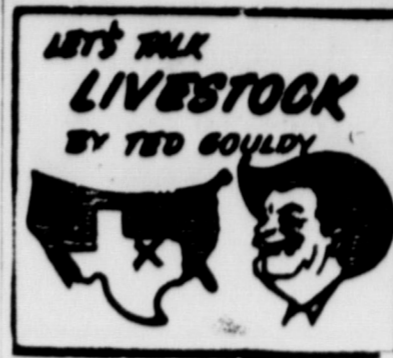

The Gilliland Home Demonstration Club met on Wednesday, September 3, in the club room of Gilliland school.

Mrs. W. T. Cook called the meeting to order, with Mrs. Homer Martin bringing the devotional. Mrs. Leonard Welch resigned as secretary, and Mrs. Dwight Burgess was selected for the remainder of the year.

Reports were made on the annual picnic, and entertainment, with Mrs. W. T. Cook giving an interesting report on the THDA meeting in Austin. It was decided to have a demonstration on making hand lotion at a later meeting.

New officers were elected for the coming year, as follows: Mrs. Orb Miller, president; Mrs. Arnold Navratil, vice president; Mrs. Dwight Burgess, secretary; Mrs. Homer Martin, council delegate; Mrs. E. D. Welch, alternate; Mrs. O. L. Cook, reporter; Mrs. Homer Martin and Mrs. E. D. Welch, 4-H Club leaders.

Mr. and Mrs. J. J. Keel and Leona visited Mrs. A. D. McDonald and son in Midland last Saturday and Sunday. Mrs. Muriel Mitchell accompanied them to Midland and visited her daughter and family. Mr. and Mrs. Michael Sloan and daughters.

CATTLE MARKET OPENS ON STRONGER BASIS MONDAY

Fort Worth, Sept. 8 — The opening session on the livestock market at Fort Worth Monday was fairly active and most cattle and calves cleared at fully steady to strong prices. Slaughter cows were scarce, and somewhat higher. Stocker and feeder trade was very active and Cornbelt and Western outlets had to compete with a more determined set of Southwestern stockmen, who in many cases had gotten some good moisture out of Hurricane Ella's visit to Texas.

Packers were active buyers, since the abbreviated supplies of meat acquired in the previous week left their cupboards comparatively bare.

Comparative prices: Good and choice slaughter steers and yearlings drew \$24 to \$27, and common and medium offerings cleared at \$18 to \$23. Fat cows ranged from \$18 to \$21, and canners and cutters drew \$13 to \$18, a few emaciated canners below \$13. Bulls brought \$17.50 to \$21.50.

Good and choice slaughter calves cashed at \$24 to \$27, and medium and lower grades bulked at \$16 to \$23. Medium and good stocker steer calves cashed at \$28 to \$32, a few good and choice \$32 to \$33.50. Similar heifer calves ranged from \$30 downward. Lighter weight steer yearlings ranged from \$27 downward, and a heavier steers sold from \$24.50 down. A few medium and plain stocker cows cashed at \$18 to \$20.50.

HOGS FIRM AS MODERATE NUMBERS ARRIVE IN NORTH

A modest offering of about 70,000 hogs was reported around the major market circle Monday, and the trade was fully steady at Fort Worth as good meat type hogs topped at \$21, and good and choice butchers generally ranged from \$20.50 to \$21. Medium to good butchers sold at \$19 to \$20.50. Sows cashed at \$18 to \$20. Stags drew \$12 to \$15. Boars sold from \$8 to \$12. A few feeder pigs sold at \$17 to \$18.

FAT LAMBS WEAK, GOATS SHEEP & FEEDERS STEADY

Sheep and lambs were uneven at Fort Worth Monday, with some sales of slaughter lambs displaying weakness. Feeder lambs, sheep and goats were mostly steady, quality considered. Good fat lambs sold from \$21 to \$22, and cull to medium lambs cashed at \$13 to \$20. Stocker and feeder lambs were reported from \$18 to \$21.

Fat yearlings of medium to good grades sold from \$17 to \$18.

and aged wethers sold from \$10 to \$13. Slaughter ewes sold from \$7.50 to \$8.50. Aged slaughter bucks sold from \$16 to \$6.50. A few slaughter goats sold for \$7.

STOCKER SALES FEATURE STRONG PRICES, TOP \$45.00

The double header stocker-feeder sales at Fort Worth Sept. 4-5 attracted 3,743 calves and yearlings which sold for a total of \$532,101.11.

In the Hereford sales 2,583 head grossed \$362,211.86 and averaged \$140.22 per head. This compared with a \$107 average in the September stocker sale last year.

In the Angus sale a total of 1,160 head grossed \$169,889.29 and averaged \$146.45 per head.

This compared with an average of \$104 last year.

The sales reflected the vast improvement in the cattle market as compared with a year ago. Good and choice steer calves sold in the \$30 to \$25.50 range, with top at \$36.50 and \$37.50. Good and choice heifers sold from \$28 to \$33, with a top of \$45 per hundred on the grand champion pen of heifers which weighed 460 pounds. These heifers were purebreds bought as breeding heifers at this price, which is far in excess of feeder heifer prices.

Mr. and Mrs. F. J. Josselet and Leonard Pedneau of Haskell were guests in the home of Mr. and Mrs. Joe Massey and John and attended the Mogul Steer football game last Saturday night.

HOW MANY HORSES IN YOUR HOME?

... In terms of the amount of work you give electricity to do, perhaps 5 or 6. The electricity an average American family uses actually equals the work of a half-dozen powerful horses.

Hard to believe? Stop for a minute and think of all the ways you put electricity to work — and how often. Cooling, heating, cooking, cleaning, lighting, even entertaining.

Yet how little all this electricity costs! Nothing else your family buys adds up to such a value.

The horsepower equivalent in electric energy used for Electric Cooking meets the average W.T.U. family for more 3¢ a meal — about \$2.34 a month.

Electricity costs so little — you can afford to use more of it!

West Texas Utilities Company

Land Values To Affect '59 Soil Bank Payments

Farmers who have already "reserved" part of their land under the Soil Bank's Conservation Reserve program may be eligible for the higher 1959 annual payments on the balance of their cropland if the productivity of the land warrants such increased payments, said H. H. Partridge, Chairman, Knox County Agricultural Stabilization and Conservation Committee.

Many farmers who have Conservation Reserve contracts entered into in previous years may have more attractive contracts than can be offered under the 1959 program. In determining rates of annual payment, land productivity is more important item in 1959 than in former years. In addition, the cost-share assistance for many conservation practices has been reduced beginning in 1959.

Farmers with more productive and valuable land will generally find higher rates applicable to their farms than in previous years. Nationally, the annual payment will average around \$13.50 per acre, compared with the previous national average rate of \$10. As in previous years, farmers taking part in the program also receive assistance during the first year of the contract to help cover the cost of installing a conservation practice on the "reserved" land.

The Chairman explained that no change can be made in the level of annual payments to be made under an already-existing Conservation Reserve contract. During the past 3 years farmers have entered into Soil Bank contracts voluntarily under the then prevailing rate of payment. Such a contract may not ordinarily be changed or broken during the period it is effective unless, of course, such a change were in the public interest.

For farmers who would like to put their entire farm in the Conservation Reserve, the higher rate of annual payment may be available for eligible land not already in the program and an additional incentive payment of 10 per cent above the normal rates will be made if all the eligible land is put in the program for at least 5 years.

September 26, 1958, is the final date to apply for a payment rate. Chairman Partridge reminded farmers that the Conservation Reserve will be the only Soil Bank program available in 1959. The Acreage Reserve for allotment crops is being discontinued after 1958.

Early Destruction Of Cotton Stalks, Advice To Farmers

Destroy those cotton stalks to prevent pink bollworm winter carryover!

This is the advice of F. M. Fuller and C. F. Garner, extension entomologists, who remind that deadline dates for stalk destruction are fast approaching.

They say in areas of Texas where stalk destruction is recommended, it is one of the most economical and effective methods of controlling the pink bollworm. The use of stalk shredders is highly recommended, since they kill many of the pink bollworms left in the field after harvest. Although it is not legally required, they advise plowing under the shredded residues to a depth of six inches within five days after cutting.

In Northwest Texas, the entomologists recommend that the stalks be left standing in the field until after a hard freeze because the low temperatures will kill the pink bollworms in exposed bolls.

Stripper harvesting aids in reducing numbers of pink bollworms in areas where it can be used. A large amount of the infested materials is stripped from the stalk and carried to the gin where the pink bollworms are destroyed.

The entomologists encourage farmers to avoid irrigating too late in the season, because insects are attracted on large numbers to late irrigated fields of cotton. The sooner harvest is completed and stalks destroyed, the better the chance of preventing a heavy winter carryover of bollweevils and pink bollworms. It is expensive to produce a late fall crop because in most instances, this practice encourages a large buildup of pink bollworms and bollweevils to go through the winter.

For more information on pink bollworm control and regulations, they advise asking local county agents for L-219, "Ways to Fight the Pink Bollworm in Texas."

HOME ON LEAVE

Byron Gass, son of Mr. and Mrs. M. J. Gass, recently spent a 15-day leave with his parents and sister, Brenda Kay. He has been stationed at Los Alamitos, Long Beach, Calif., for the past year. He has been assigned to Yorktown and is to leave for Canada on his return.

Miss Joyce Friske, Billy R. Weir Are Married Saturday

The St. Joseph's Church in Rhineland was the setting Saturday evening for the wedding of Miss Joyce Friske and Billy R. Weir. Rev. John Walbe officiated at the double ring candlelight ceremony.

Sister of the bride, Miss Nora Friske, was maid of honor. She wore a lovely blue dress with pink headdress and carried a bouquet of pink carnations.

The bride wore a gown of white chantilly lace and nylon tulle. The full skirt was accented with row after row of tulle ruffles. Her finger tip veil of illusion fell from a crown sprinkled with pearls. She carried a bouquet of white carnations.

Mainard Moore served as best man.

The groom graduated from Goree High School in 1953 and attended Midwestern University in Wichita Falls and San Francisco University.

Mr. and Mrs. Bill Pape of Abilene visited Mr. and Mrs. Dick Moore last week.

Mr. and Mrs. E. E. Spotanski and Eddie of Fort Worth visited her mother, Mrs. C. N. Smith, last week.

Miss Audrey Gulley, who has been employed in Seymour during the summer months, has returned to her home in Munday.

Dickey Lee Moore of Oklahoma City visited his parents, Mr. and Mrs. Dick Moore, last week end. Mr. and Mrs. Essie Smith of

Electra visited her son, Elbert Owens, and family over the week end.

Mr. and Mrs. Henry Walker and Charles were in Fort Worth last Thursday where Charles enrolled in Texas Christian University. He has been chosen one of the instructors of the Horned Frog Band. This is Charles second year at T. C. U. where he is majoring in music.

Geo. Nix Thanks Voters Of County

To The Voters Of Knox County:

I wish to take this means of saying "Thank You" to those of you who voted for me in the runoff election, and to all the people who helped to influence others to go and vote.

I also thank the friends who sponsored the ad in my behalf in the newspaper and saying all the good words they did in my behalf.

I will still be in there fighting for our county and precinct, and everything that will help our county.

Very sincerely,
GEORGE NIX 1tc

Champion Gilt To Show At Iowa Park

Richard Jungman of Rhineland will represent the Knox County 4-H swine breeding program at Iowa Park on Saturday, September 13. The show is sponsored by Sears-Roebuck Foundation and the Texas A&M Extension Service.

The gilt to be shown by Jungman was champion at the Knox County show on August 30. Roy B. England, county agent supervised the project.

Postal Meeting Held At Knox City

Postmaster Jeff Graham of Knox City was host to the Brazos Valley Postal Employees Assn. last Monday evening in the post office building at Knox City.

Opening prayer was by S. G. Hampton of Goree. Herbert Rinn, president, presided in the business session, after which Graham led the group in a discussion on extended pouch service in this area and a more efficient mail service by rural route extension.

About 20 members from Rule, Rochester, Weinert, Goree, Munday, Throckmorton and Knox City were present. At the close of the meeting all were taken to a Knox City cafe for refreshments.

Tax-Man Sam Sez:

When a young man or young lady grows up nowadays he usually becomes of age not by becoming 21, but through becoming a taxpayer.

Long before the young folks reach the 21 mark nowadays, they are usually (1) paying income tax; (2) paying Social Security tax for their eventual retirement; and (3) if they go into business they are paying employers' taxes.

Before you go to work you must secure a Social Security number. You get a Form SS-4 from your Post Office to file your Social Security number.

If you are going into business and will become an employer you probably need to read Internal Revenue Service Publication No. 15, Circular E, The Employer's Tax Guide. This tax guide will tell you whether you need an employer's number or not. Young folks nowadays find that it's less taxing to be well informed on taxes.

A large crowd is expected to attend the "Family Night" affair in Goree at 7:30 p. m. Monday, September 15. This event is being sponsored by the Goree Parent-Teachers Association.

Included in the activities will be picnic lunch, and everyone is asked to bring a picnic basket and enjoy the evening.

The picnic will be held on the football field, but in case of inclement weather, it will be moved indoors.

Mr. and Mrs. Bobby Lambeth and daughter visited their parents, Mr. and Mrs. Vernice Lambeth and Mr. and Mrs. Vester Bowman, over the week end.

Mrs. Hubert Blankenship, Mrs. Buster Latham and Dusty, and

Louise Grundy and Cammie, Mrs. Willard Free and Cindy were visitors in Wichita Falls last Monday.

Jimmy Crouch and Bud Yates of Wichita Falls visited in the home of Mr. and Mrs. George Crouch last Sunday, and Mrs. Crouch and Donnie returned home with them, returning home Monday.

Mr. and Mrs. Calbert Haskins were visitors in Wichita Falls last Monday.

Mr. and Mrs. Willard Free and children visited relatives in Haskell last Sunday.

Mr. and Mrs. Buster Styles and Mark of Seymour visited Mr. and Mrs. Buster Latham and Mr. and Mrs. Willard Free and families last Saturday.

Moffett Gives Austin News

Senator George Moffett recently returned from Austin, Texas, where he attended a lengthy session of the Texas Legislative Council, of which he is a member. The Council is composed of fifteen experienced members of the Legislature. Its duty is to study various subjects that may need attention at the next session of the Legislature, collect data from other states about them, and prepare bills for introduction.

Moffett stated that among the subjects now under study by the Council are: revision of the automobile insurance laws; tightening of the law concerning the sale of narcotics; and revision of the small loan laws.

Senator Moffett called attention to the \$5.00 monthly raise in all old age assistance payments which will start with the October checks. However, he states that the increase comes entirely from Federal funds, pursuant to a recently enacted Federal Law.

"The Federal government," said Moffett, "provides more than two thirds of the money for old age assistance payments and also makes certain definite requirements as to how the money is distributed. Among them is the requirement that each case be investigated once each year by a trained field investigator. The Texas Legislature has to accept this requirement, or lose the money sent to Texas by the Federal Government."

BOYCE HOUSE

In this age of mechanical devices, it is difficult to visualize an era when the speaking voice was unaided.

Can you recall the sonorous tone of the train announcer in the St. Louis Union Station as he rolled out the tidings that the Cotton Belt train to — and at this point he named 26 cities and towns — was leaving in 10 minutes on Track 4?

Was it done by a phonograph record over a loud speaker?

Can you remember the resonant voice of the bellboy as he strolled through the hotel lobby, "Paging Mr. Sparklefuss, Mr. Amos J. Sparklefuss"? And if you were Mr. Sparklefuss, Mr. Amos J. Sparklefuss, you would call out, "Boy!" and everyone looked in your direction and, for a moment, you were the center of the stage and you grandly rewarded the bellboy with a dime—or maybe even a quarter?

Now a young woman does the paging in a mechanical way, in a mechanical voice, over a mechanical device and a man mechanically rises to head for a house phone and nobody notices.

Romance is dead.

Then there was the circus announcer, "Lade-e-s and gentlemen-n-n, your attention to the center arena where the Suicide Trio will do their death-defying slide for life." No public address system in those days, yet a boy eating a nickel sack of peanuts in the two-bit section could hear every word distinctly.

Now — not even a circus.

All this train of reflection was set in motion when Foghorn Clancy died. Clancy was a rodeo announcer in the early days. I saw him stand flat-footed in the middle of the baseball park in Eastland, Texas, and make each resounding syllable heard by the packed grandstand — and he did it with no more effort than it is for me to drop gravy on a new two-dollar necktie.

Clancy says that when President William Howard Taft spoke at the Minnesota — or maybe it was the Nebraska — State Fair, his first words to the audience of the stands in the open air were:

"If I had the voice of Foghorn Clancy

But there was only one Foghorn, and now he is gone.

I yearn for the good old days

Knox Prairie Philosopher Tries To Think Of His Own World-Wide Responsibilities, But Fails Again

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek tries some international thinking this week, but not very successfully. Dear editor:

I have no idea how it got here, it's hard to explain, like how some men got to Congress or how some women got married, but yesterday morning I was out here on my farm walking around not doing anything when I found a copy of a newspaper caught on a fence post and when I worked my way over to it and opened it up I discovered it was a copy of the London Daily Telegraph.

How a London paper got out here on this Johnson grass farm is beyond me, could have fallen out of an airplane or been dropped out of a car by some tourist, but if you think too hard on some things you get no where, most newspapers aren't made to think about, just to read, so I opened it up and read it, and what appealed to me was an editorial on the United States.

According to it, the internal stability of the United States is of paramount concern to her allies," and the paper went on to say that "the American people are not yet accustomed to thinking in terms of their world responsibilities." It argued we ought to.

Now I can go along with this British paper's concern with our internal stability, in a financial sort of way, but when it comes to thinking in terms of world responsibility, I don't see how we can swing it.

That is, after a man gets through thinking about his immediate responsibilities, then his city and county responsibilities, then his state and federal responsibilities, he hasn't got over ten or fifteen minutes left for the rest of the world. I know when I get to thinking for example about whether I ought to grow more of this or less of that, I ought to be thinking in terms of world responsibility, but actually what I'm thinking about is which one of em can I make the most money out of and how much will that lack in meeting my family responsibilities.

In fact, I could give more at-

J. A.

attention to my world responsibilities, would be glad to, if I could bring my family around to taking the same viewpoint. But the trouble with this country is that most families think they come first, whereas any world thinker knows English families ought to come first, or Egyptian families, or Indian families or any other kind. I recognize we've got responsibilities to other parts of the world, but just for once I'd like to find somebody in the other parts who figures he's got some responsibilities toward me.

Yours faithfully,
J. A.
