Munday, Texas, Thursday, February 19, 1931.

Number 42. 45

## MELON GROWERS TO ORGANIZE NEXT SATURDAY

### Terracing-Soil Conservation School Here Feb. 27-28

### Farmers Interested In Growing Melons Asked To Meet At Farmers Union Hall To Perfect An Organization and Plans

#### Corps of Experts Will Conduct Night School and Give Demonstrations Here and In Other Counties Over West Texas

A terracing demonstration will be held at some point near Munday on Saturday, February 28th, and a night school will be held at the high school auditorium the preceding night, Friday, 27th, according to an announcement received from M. Bruce Oates, agricultural agent for the Fort Worth & Denver lines, who is working in conjunction with A. K. Short, conservation and terracing agent for the Federal Land Bank of Houston, and M. R. Bentley, farm engineer of the Extension Service of the Texas A. and M. College.

These gentlemen have outlined an itinerary that will carry them into every county served by the Fort Worth & Denver, starting inarrant county on February 19th and finishing at Lubbock April 2nd. In each county there will be a night meeting. The next day there will be a field demonstration in running lines and building terraces. Terracing has been done for many years to prevent washing, but it has been found in recent years that terraces are just as valuable for conserving moisture as they are for saving soil. Many farmers have harvested fairly good crops of maize or cotton from terraced fields during the past two years, whereas adjoining fields which were not terraced made practically nothing. On the level plains of West Texas, terracing has proved very valuable from the standpoint of saving moisture, and everyone should become acquainted with these results. It is hoped that bankers, merchants, landlords and farmers will attend both the terracing meeting and the terracing demonstration.

#### P.-T. Association Will Serve Lunch to School Children

Mrs. M. H. Reeves, president of the Parent-Teacher association, states that arrangements have been made whereby noonday lunches will be served to some thirty or more pupils at the school building, and in completing arrangements for the serving of these lunches Mrs. Reeves requests that those who have surplus milk that they would like to contribute to this cause will confer a favor upon the association by notifying her Saturday, Mrs. Reeves also states that a number of cups and spoons good for dishes will be required in serving these lunches and requests that those who can, contribute a plate, glass, spoon and fork, and to leave them at the lunch room or notify her and she will make arrangements to get them. A balanced menu will be served at these lunches, which are to be served to those who are unable to pay for their lunches and the lunches will be served in such a manner as to cause no embarrassment to the children who are unable to provide lunches, and the fullest cooperation of the entire community is solicited in this movement.

#### Rev. Howell Will Take His Flock On Big Joy Ride

Hurrah for everybody. We are off for a "Joy Ride to Kingdom Come." Let every Methodist and "in-law" cousin, uncle and aunt be on hand next Sunday promptly at 11:00 a. m. This is the place from which we start and we will be off promptly on the hour. Yes, and we will be singing as we go. The following lines will be our song sung to the tune of "Tramp, tramp, tramp, the boys are marching." And in order that you may be able to join in the great chorus just clip this out and bring it along with you to church that day:

"The Methodist they never lag,  
'Tis a beacon of a new and better day.  
Now O, let us be and do  
Something worthy of review:  
Let us work to make  
"Our membership mean more."  
Tramp, tramp, tramp the Church  
is marching.  
Marching to the Gospel call  
We are off for "Kingdom Come"  
Praying that his work will be done.  
As we work to make  
"Our membership mean more."  
"Boy, you will miss it if you miss it.  
And if you miss it don't blame me,  
for here is your invitation.  
Certainly I covet for you the privilege  
of enjoying this "Joy Ride"  
with us. We shall regret if you fail  
to avail yourself of this rare privilege.  
So, put on a smile and never mind  
about the clothes and come right on  
and have a good time for once with  
the people of your kind."

#### Munday Represented In Protest Meet On Gas Rates In Abilene Wednesday

D. T. Mauldin and J. A. Kennedy attended the protest meeting on gas rates held in Abilene on Wednesday, at which 38 towns were represented by city officials and the matter of gas and other utility rates were discussed at length. Mayor Hayden of Abilene was chosen as chairman of the meeting and City Attorney DeBusk was chosen as secretary. Addresses were made by Mr. DeBusk, City attorney F. D. Wright of Cisco and other attorneys who have gone into the matter of regulating utility rates, and it was the universal opinion of the attorneys that there was no statute on the books at this time that would enable the municipalities to regulate charges imposed by utility companies. With a view of giving municipalities some power to regulate the charges made by utilities the bill recently introduced by Representative Petch (House Bill No. 306) which would vest some power in the city governments in regulating rates, and which has the backing of the Texas League of Municipalities, of which the City of Munday is a member, and city officials and all citizens who are interested in rate regulation are

asked to wire or write their Representative and Senator at Austin urging them to support this bill, which is to be passed upon on the 24th of this month. Immediate action is necessary. The Abilene meeting proved conclusively that the dissatisfaction that has arisen recently over the state with reference to gas bills is based upon good reasons and is not altogether due to the depression. While the depression has likely brought it out more generally, there is a feeling among citizens of the state that utility rates could and should be reduced. And especially is this so with reference to gas rates. West Texans have in recent years felt proud of the fact that almost unlimited natural resources have been developed, but, despite the fact that we have this great supply of natural resources over West Texas, we are paying as high a rate for it as are the citizens of other states to whom it is conveyed by pipe lines, and industries have been discouraged into coming into Texas by reason of the high gas rates charged, and it is in this condition that the city officials have organized to remedy.

#### 4-County I. O. O. F. Ass'n To Meet In Haskell Feb. 26

The Four County I. O. O. F. association will meet at the First Christian Church at Haskell on Thursday, February 26th, and a most interesting program has been arranged for the occasion, and all members of the I. O. O. F. and Rebekah orders are extended an invitation to be in attendance. Among the interesting numbers on the program will be an address by Grand Master Ray Rector of Stamford, and an address by E. B. Harris of Rule, president of the Four County association.

#### Singers of County Will Meet Sunday At Sunset School

The Knox County Singing convention will be held on Sunday afternoon, beginning at 2:30 at the New Sunset school building, and it will be the first gathering in the auditorium of the new building, and the public is extended a cordial invitation to attend. The new auditorium has a seating capacity sufficient to accommodate a large audience and it is the hope of those who have sponsored these singing that the house will be filled at this time.

#### Workers Conference Haskell Baptist Association To Meet Here On Monday

Following is the program of the Workers' conference of the Haskell Baptist association, which is to be held with the Munday Baptist church on Monday, February 22nd:

- 10:00 a. m.—Song service, directed by John Coate.
- 10:15—The Inspiration of the Scriptures—Ollie Dennis.
- 10:50—The place of Discipline in the N. T. church—L. N. Alvis.
- 11:30—The Second Coming of Christ—Claude Stovall.
- 12:10—Lunch.
- 1:30—Board meeting and W. M. U. business meeting.
- 2:00—Devotional—Mrs. Vestus Alvis. Special music by Haskell W. M. U.
- 2:15—The W. M. U. a Major Factor in Religious Development—Mrs. Turner, Rule.
- 2:55—The Bible Doctrine of Hell—J. Perry King.

The Munday church extends a cordial invitation to all to come to this meeting.

J. S. Kendall and C. A. Eiland left Tuesday for Fort Worth on legal business.

#### European Songs Live Long In Hearts of American Public

#### Ruth Etting of Broadway Finds a Few Foreign Songs Have "It"

New York City.—Nut songs are purely American and could never be written by any other nation. This is the opinion of Ruth Etting, one of Broadway's sweet stars. "Europe loves our comedy and our numbers, but cannot write them," she declares. "A European can only burst into song over love, sorrow or beauty, and then set in the American rhythm. There have been two songs, however, 'Valencia' from Spain and 'Man Homme' ('My Man') from France, which have come to America and lived as few of our own numbers have. 'My Man' was first brought to this country eight years ago, after Mistinguette had sung it in Paris. It was the first foreign number which had adapted the American rhythm. Now after eight years, it has been revived and is featured in a talking picture, 'My Man.' "It is psychologically interesting to watch Europeans try to understand our rhythm. Yet when they do get it, they go us one better. Their ballads have a lasting quality which many of our writers somehow fail to achieve. Probably it is the foreign interpretation, but there is something different in what they give us. As the younger generation abroad takes more and more to our music, I expect to see more European music written in our rhythm."

#### Interest Good at Baptist Church, Says The Pastor

All religious services Sunday. The general attendance and interest has been good all through the indefinite weather. The spirit is fine. Be sure to come Sunday. Sermon subject: Morning, "The Better Way." Evening, "Come and See." The Associational workers' conference will be held with our church Monday, beginning at 10:00 o'clock. The ladies will serve lunch. Come.

#### P.-T. A. Program Monday Evening Well Attended

On Monday evening a most interesting program was rendered by the student body of the Grammar school, and they were greeted by a large audience at the community auditorium, and every number on the program was very entertaining and gave proof of the many hours of patient training that have been given the students by members of the faculty.

FOR SALE—Brunswick phonograph, good condition.—Times

#### DR. W. W. COOPER MOVES TO WOLFE CITY, TEXAS

Dr. and Mrs. W. W. Cooper last week moved to Wolfe City, Texas, where Dr. Cooper will open an office for the practice of his profession. Dr. and Mrs. Cooper have been in Munday for about two years and during their stay here have made many friends who will regret to learn of their departure from Munday, and who will wish them well in their new location.

#### Italians In America Are Changing Music

#### Even Jazz Yields to Melting Influence

New York City.—American music critics and American musicians who have visited Italy in the last year or two, invariably declare on returning that all Italy is influenced by our jazz music, that you hear jazz everywhere over there. Ted Bartell, well-known musical director, says, however, that the shoe is partly on the other foot. "It is true," says he, "that you hear jazz in Italy, but on the whole we Americans have been far more fundamentally influenced by Italian music, than Italian music has been influenced by

#### THINKING OUT LOUD

BY J. A. K.

Now, that it is assured that watermelons are to be given a try-out in the Munday country as an added source of revenue, why not add peanuts as another experiment?

Peanuts have proven a life-saver in some of the worn-out sections of Texas, and if folks can grow them profitably on worn-out land, what could they do here on the fertile Knox prairie?

However, TOL isn't a farmer. He isn't even an agriculturist. Our brief experience at farming was as a hired hand at \$12.00 per month—and board, and if we remember our appetite correctly, the farmer made a poor bargain.

One of our neighboring exchanges recently published figures compiled by a banker somewhere, which purported to show that farmers worked only about 80 days out of the 365 in the year.

But this banker wasn't talking about the farmer to whom TOL hired out. He didn't even recognize Saturday afternoon as a holiday.

But, regardless of the number of days worked by the farmer, let us say in his behalf that he has never established an eight hour day. He is hardly familiar with the 44-hour week, and knows absolutely nothing about the five day week in the operation of his business.

The farmer gets more free advice as to how he should run his business than any group of men on the face of the globe, and all the ills of the country are laid at his feet.

For his year's labor he gets just

what a cruel world is willing to pay. He is forced to compete with the entire world in selling the products of his farm, while he is forced to buy everything that he can afford to buy on a market that has the protecting wing of a protective tariff around it.

He sells his cotton in competition with convict labor, and buys it back at a price representing several times the price of the cotton, for the cotton manufacturer does not compete with the world, due to the protective tariff.

We attended a meeting the other day and were told repeatedly that the laws of this state guaranteed the utilities companies a fair return on their investment, and we were also told that the law-making bodies had neglected to make any laws that would protect the people against excessive rates.

All of which reminded us of the fact that we recently had pointed out to us a number of lobbyists in one of the big hotels in Austin. We wondered just why the gas folks thought it necessary for them to send men down there to tell the law-makers what laws to pass and what not to pass, especially, since the people as a whole seem so disinterested in what is going on down there.

But when you attempt to tell these gas folks something you are just out of luck. They dictate all the terms.

Every citizen should watch the way his representatives in the law-making bodies vote, and if he is inclined to discriminate in favor of special interests why just keep him at home the next time election day rolls 'round.

#### Man Is Killed by Auto Near Haskell

HASKELL, February 18.—John Wheeler, 46, was killed Wednesday afternoon when struck by an automobile driven by Mayor J. B. Jones of Benjamin. The accident occurred two miles north of Haskell on Highway 30. An inquest was held by Justice of the Peace D. Dotson, at which evidence showed that the accident was unavoidable. Wheeler, who was walking, according to witnesses, became confused after the auto horn sounded and jumped in front of the machine. He is survived by his wife and other relatives in this section.

D. T. Mauldin, Mr. and Mrs. W. R. Moore, J. C. Campbell and G. R. Eiland went to Spur on Monday to attend a district meeting of the Retail Merchants association, and while there Mr. Eiland made a study of the relief work being done there by the Red Cross, and stated that this great organization was taking care of the situation in a most efficient manner and that citizens everywhere were responding liberally to the distressed condition.

A FRIEND LEAVES  
I had him for a friend, but he left earth and said no word to me;  
Opened the door with his own hand  
And stepped into that other land.  
Now this I think: How failed him I  
Since he disdained to say goodbye?  
Where had he found me short, that he could go without one word to me?  
I saw him but a week before,  
The old familiar smile he wore,  
Nor could I guess that even then  
He knew we'd never meet again.  
Had I been questioned yesterday  
I should have said: "Let fall what may  
Of grief or trouble burdened some  
To me for aid my friend will come."  
I look for granted he would call  
On me among the first of all;  
Now I must wonder to the end  
Was I or was I not his friend?  
—Edgar A. Guest.

## BABY CHICK PRICES REDUCED

Get your order in before the egg market advances and we have to raise the price.

Until further notice we offer you the following prices:

Purebred S. C. White Leghorns from high production, blood-tested, \$7.00 per 100

Extra heavy mixed chicks for broilers and fryers \$7.50 per 100

Purebred R. L. Reds, Barred Rocks, Buff Orpingtons, Black Minorcas, Brown Leghorns, Silver Laced Wyandottes and Austrawhites \$8.00 per 100

Purebred Australorps, from a high-class pedigreed flock, (Australorp holds the World's Record for Egg Production), a real bargain at \$12.00 per 100

—These chickens would ordinarily cost you \$50.00 per hundred.

Jersey Black Giants from a fine flock. They can't be beaten for \$12.00 per 100

Light mixed chicks, no culls, no cripples, worth the money \$5.00 per 100

Don't fail to call on us when in Munday, and don't forget the Poultry Show here March 6th and 7th.

Munday, Texas

### Haskell Citizens Protest Issuance of Warrants Against County for Making Courthouse Improvements

Meeting for the purpose of protesting against the proposed issuance of county warrants for the repairing and remodeling of the Haskell county courthouse, a crowd which filled the district court room Tuesday afternoon adopted resolutions condemning the proposed expenditures and heard several speakers in support of the contemplated action of the court as undemocratic and contrary to the principles of right government.

At the outset, F. T. Sanders, local citizen, was chosen as permanent chairman and Newt Thibault, of Weimer named as secretary.

Hon. W. H. Murchison, prominent Haskell lawyer, was the principal speaker, and at the beginning of his task read the following resolution, which was promptly adopted.

"Whereas, the Commissioners'

Court of Haskell County, Texas, has published their intention to improve the present court house of Haskell County to the extent of \$100,000 by issuance of warrants and, whereas a majority of the commissioners court have signed and published a statement that if the proposition of the issuance of bonds to improve the court house were submitted to the people that the proposition would be defeated.

"Therefore be it resolved that we protest against the issuance of county warrants by the commissioners court of Haskell County for the aforesaid purposes, because:

"FIRST: Because our people owe taxes, they can not pay and debts they can not liquidate.

"SECOND: Because the Commissioners' Court admits that the majority of our people are opposed to the issuance of county warrants or the issuance of bonds for said

purpose at this time.

"THIRD: Because if said improvements should be made they should be built by the issuance of county bonds authorized by a majority of the voters of the county, because such bonds could not be sold below par, whereas county warrants can be sold and would be sold much below par.

"FOURTH: Because we believe that it is unfair to stop a few leaks in the court house when half the homes of the tax payers are leaking, because it is unfair to furnish polished furniture to county officers when the tax payers are putting new bottoms in their old chairs, because it is unfair for the taxpayers to face the price of their products and their earning capacity cut in half in a little more than one year, and at the same time to have their taxes raised without their consent by a commissioners court who still draw the same old salary.

"FIFTH: Because we do not believe it is right that taxation of a free people should be levied without their consent and that to do so is tyranny; and that officers elected by the people are the servants of the people and not their masters.

"Upon motion, duly carried, the secretary was instructed to furnish to our state senator, Honorable Oliver Cunningham, and our representative, Honorable D. P. Ratliff, a copy of this resolution.

F. T. Sanders, Chairman,  
H. N. Thernhauser, Sec.

In discussing the method of financing the proposed improvements, Mr. Murchison called the attention of his hearers to the fact that county warrants, if issued, would probably have to be sold below par value while if bonds were voted the county would receive par and accrued interest for the bonds. He pointed out that a majority of the voters of the county could authorize the issuance of bonds for the proposed improvements and urged the Commissioners Court to call an election for the purpose of letting the people decide as to whether or not the expenditures should be made at this time.

Others who addressed the gathering were Doren Brown of Rochester, J. C. Davis and J. W. Mason of Rule and F. T. Sanders of this city. All were outspoken against the action of the Commissioners Court in the contemplated action of issuing warrants for the improvements without first allowing the voters to express their sentiments on the question.

County Judge Jones, who was in the audience, was called upon to discuss the courthouse improvement, but aside from stating that he had no authority to speak for the Commissioners he discussed the question but briefly, pointing out that a published statement in last

#### OBITUARY

R. S. Langford  
Died January 26, 1931.

R. S. Langford was called by death after a week's brief illness. His death came as a great shock to his many friends of the Munday community, where he had resided for the past five years.

Robert Stephens Langford was born in Arkansas, March 25, 1882. Then he moved to Texas with his parents at the age of sixteen. He was married to Miss Cora Sullivan of Stephens county, August 21, 1910, where they lived for eleven years. They moved to Throckmorton county in 1921, living there four years, they came to Munday in 1925. To this union four children were born.

He is survived by his wife and children, Mrs. Coy Phillips, Robert Garland, age 16; Arnold Eugene, age 10, and little Billy Joe, age 4 months.

In addition his mother, Mrs. M. J. Langford, Frankell, Texas; six brothers and three sisters, W. J. Ranger, Texas; J. E. Frankell, Texas; A. F. Breckenridge, Texas; T. F. Weslaco, Texas; Mrs. Ida Vaughn, Fairy, Texas; E. A. Langford, Olney, Texas; Mrs. Pearl Flournoy, Olten, Texas; Mrs. Hattie McCluskey, Frankell, Texas; Houston Langford, Olton, Texas.

Mr. Langford was a devoted member of the First Baptist church of Munday.

—Contributed.

#### CARD OF THANKS

We wish to thank the people for their kind assistance and help during the brief illness and death of our dear husband and father.

Especially do we wish to thank Dr. Ammons and Mrs. Tom Martin for their great kindness. And we do also appreciate and thank the friends and neighbors and the ladies of the Baptist church, who assisted us so much in caring for our relatives who come from a distance.

We have a deep love in our hearts for all of you and we ask God's richest blessings upon each of you.

Mrs. R. S. Langford,  
and Children.

week's Free Press and Rule Review expressed its moving considerations which prompted the Commissioners Court in authorizing the improvements at this time.

At the conclusion of the meeting a motion was adopted providing that a committee of five be appointed to circulate a petition asking that an election be called for the purpose of letting the qualified voters of the county decide whether or not bonds should be voted, for the proposed improvements.—Haskell Free Press.

#### KEEP YOUR CHIN UP AND YOUR HEAD HIGH

Blue Monday?

Sing. If you can't sing, whistle. If you can whistle, pucker up your lips and maybe somebody will come along and kiss you. Anyhow, brighten up.

The world is not as bad as you think it is. Don't let your lip drag on the ground. You may step on it and trip. In these lean days, laugh and grow fat. The reducing fad is past.

If your taxes are too heavy to think of, don't let your lip drag on the ground. You may step on it and trip. In these lean days, laugh and grow fat. The reducing fad is past.

If you have something to pay taxes on. At that your tax bill is not as large as it was last year. If your bank account is low be comforted that if the institution goes bust, you will lose little. If food prices are higher than you think they ought to be, at least you get more for the produce you raise. If you are reduced to two meals a day, you will be healthier with a smaller waist line. So be thankful.

If you haven't a dime to your name at least you have no worry about a hand holding you up. You can show the insides of your pockets and do the vanishing American. If your best girl has left you, there is still room for cheer; the hold-up boys will never catch you necking by the side of the road.

What if stocks are the lowest they have been in years? Now is a good time to buy. They can't go any place but up. You may be down on your uppers; be thankful you have them left.

Your candidate may not have been elected; but at least that relieves you of responsibility. Now you can blame it on the other fellow. Candidates have a way of failing to make good.

If you can't go to Hawaii this winter, be thankful you don't have to go to Honduras.

So sing!—Los Angeles Times.

Patient: "Doctor, how can I ever repay you for your kindness to me?"

Doctor: "By check, money order or cash."

"Shy, did you see me come in?"

"Yes, I saw you come in."

"Well—hic—ever see me before?"

"No, I never saw you before"

"Then,—how did you know it was me?"

Patsy: Life is one darn thing after another. I wonder what life is."

Helen: Two darn things after each other.

Patsy (protestingly): I don't think married women should work. Mary: Well, having a husband is no reason she should go hungry.

### Texas Almanac of 1931 Issued By Dallas News

A copy of the Texas Almanac and State Industrial Guide, edition of 1931, received by The Times and published by The Dallas Morning News, might more properly be called an encyclopedia of Texas. Nearly everything one might wish to know about Texas is found in this new volume. Among the subjects covered in articles and statistical tables are agriculture and live stock raising, manufacturing, commerce, finance, minerals, railroads, highways and automobiles, aviation, foreign commerce, geography and physiography, forests and lumber production, irrigation and reclamation, wild animals, bird and fish resources, population, history, government, education and churches and religious organizations.

New census figures are given. There are several hundred articles and statistical tables containing several thousand facts about Texas.

There is a full text of the State Constitution, with explanation of each of the fifty-one amendments that have been ratified since adoption of the Constitution in 1876.

Constitution of the United States is included also. A folded sheet carries on one side a political and railroad map and on the other side a highway map. There are about 8,000 names and addresses of Federal and State officials, county and district officials, Mayors, school superintendents, chamber of commerce secretaries, writers, painters, news secretaries, writers, painters.

Questions such as the following can be answered from the Texas Almanac: When was Fort Phantom Hill established? Where? What is the highest mountain and what is the deepest canyon in Texas? What was the acreage, production and value of broom corn in Texas in 1930? How many airplane landing fields are there in Texas? What railroad projects are to be

under construction in 1931? How many kinds of native oak trees are found in Texas? What was the 1930 census population of Munday, Texas.

The new Texas Almanac contains an article about each of the 254 counties, also brief articles about the more important cities and towns. While the primary purpose of the Texas Almanac is to give information about Texas, certain other information of general interest is given. The new edition has 384 pages, is printed on book paper and is illustrated with a number of half tones. The price is 60c a copy by mail.

### FEDERAL LAND BANK LOANS

#### 5 1/2 -- Per Cent -- 5 1/2

A long term loan with the option to pay at any interest rate, provided the payment to be made is out of one's own funds. And contrary to the general belief, THIS LOAN DOES NOT CARRY ANY LIABILITY ON YOUR FARM, OTHER THAN YOUR OWN LOAN.

This loan offers a saving of \$10.00 on the \$1,000.00 over any loan offered by any Loan Company in Texas.

### Greater Tractor Values Than Ever Before

in the Improved JOHN DEERE Two-Cylinder TRACTORS for 1931

THE MODEL D

#### Come In and See Them

NEVER before have we offered such all-around tractor values as you will find in the improved John Deere Tractors for 1931—now on display.

If you are farming with horses, by all means take the time on your next trip to town to drop in and see what these improved tractors have to offer you. If you already have a tractor—come in and see the 1931 John Deeres anyway—it will be well worth your while.

#### Even Greater Economy

As you know, John Deere Tractors have always led the field in low fuel costs. But you will find even greater economy in these 1931 models—they are designed to burn low-cost fuels more effectively and more efficiently than ever before.

#### Better Performance

Only when you operate one of these tractors in the field, will you realize the new high standard of performance these tractors have set. There is a new smoothness and quietness of operation that will amaze you. Round after round in the field, hour after hour, with no fuss—no strain—that's the kind of operation you'll get.

—and in comfort, ease of operation, and in long life—you'll find greater value than you have ever been offered before.

Come in now and look over these better tractors. If you are looking for real tractor values you will find them here.

THE GENERAL PURPOSE WIDE-TREAD

**BEN GUINN, Munday, Texas**

### Electric Power Encourages Industry

2,500 miles of trunk transmission network, interlacing this vast empire and distributing economical energy from three strategically located major generating plants, insure West Texas a power supply on a par with that of the largest cities and industrial centers.

This territory, dependably served by the West Texas Utilities Company, now offers to industry all the advantages of flexible, ever-ready electric power—of such refined quality as to meet the stringent requirements of the modern electric clock, radio and talking picture equipment, which were not in use in the days of the small isolated plant.

One hundred and twenty prosperous cities and towns throughout forty-eight West Texas counties are benefiting by the obvious advantages of transmission line service. They look into the future, secure in the knowledge that they will be able to compete with the larger cities on an equal basis.

## West Texas Utilities Company

### A Friendly Banking Service Linked With a Desire to Help Our Patrons Is Our Aim.

With the beginning of another year, this bank, its officers and all directors, pledge themselves to do all that is possible to bring about a more prosperous and happy condition than has existed within the past year throughout our section. Let us all strive to profit by the mistakes we have made in the past, and we will all be well repaid in the years to come.

## THE TOM-TOM

DEVOTED TO THE ACTIVITIES OF THE MUNDAY PUBLIC SCHOOLS

- Editor-in-Chief HAZEL DEAN EILAND
- Assistant Editor ELEANOR JUNGMAN
- Athletic Reporter GILBERT MYERS
- Senior Reporter VERA TATE
- Junior Reporter MAYOUREEN REEVES
- Sophomore Reporter IRENE MARTIN
- Freshman Reporter JESSIE MAE WEBB

#### SENIORS

The Seniors and their Freshmen friends gave that long look-out for entertainment to the Juniors and Sophomores.

The Juniors and Sophomores actually beat the Seniors and Freshmen selling magazines! Well, on account of school going on we could not "slip off" and not give it, so we braved the battle Friday night and invited the Junior and Sophomore salesmen and salesladies to play "84" at the Masonic hall.

You know Miss Kendall is the kind of lady that does not want anyone to think that she has anything of theirs. Well, the other day a poor old tramp came to her door and this is what she said: "Tramp—in a very pathetic tone—"Lady, I've lost my leg."

Miss Kendall—"Well, I ain't got it."

Louise Aycock, another one of our good and innocent seniors, never has traveled much but the other day she went to Wichita Falls. When Louise came back she said that the people there were simply crazy for they did not know that Christmas was over as they still had up their red, green and yellow lights!

We seniors do not expect to have very much more fun as Helen Francis Eiland and Louise Atkinson will turn their cheerful thoughts into serious ones, for they are already saying: "Love is in the air."

#### MHS—GILB'S GAB

This basketball season is no more for the year of 1931, but it is not forgotten by the Moguls. They will lose only one man and they sincerely believe that they will have a quintet next season that will make you stand up and take notice.

This season completes Captain Pruitt's fourth year in basketball. Paul was not so hot on throwing the old pill thru the hoop, but he was the life of the team otherwise. Even though Paul will not play for Munday High in the future, he says that he will always be backing the Moguls.

Although this person never threw a goal for the team, he was always present, and it was his excellent instruction and management that accounted for the good teamwork and sportsmanship shown throughout the season. We are in great hopes that we will have Mr. Hardigree back with us next year.

The Mogul quintet was made up by the following boys: Paul Pruitt, Cecil Rayburn, Hearshel Thompson, Everett Thompson, Earl Nichols, Arnold Bates, Harold Swift, Elmo Cure, and Lee Parks.

The Mogulet team will be badly torn up by the graduation of some of its outstanding members, but they will keep up the good work. Just watch their smoke.

Mrs. Palmer has shown superiority in the coaching of the girls. During the three seasons that she has coached in Munday, the Mogulets have won county championship. The times that they have been defeated are very few.

The Mogulet team was made up of Lillian McClothlin, Marjorie Harris, Lorene Jones, Dorothy Matlock, Katherine Jones, Clove Owens, Irene Martin, and Barbara Eiland.

#### MHS—JUNIORS

The Juniors gave all the other classes' basket-ball teams plenty of competition in the class tournament. This is one time we may truthfully say that we have a splendid boy's and girl's team both.

The Juniors thank the Seniors and Freshmen for the delightful party that they gave us together with the Sophomores, on Friday night. We did not know that this upper and lower class could give such wonderful entertainments until they proved it by this party. We had a lot of fun playing "84", and the refreshments were played on the occasion.

"Kicked Out of College", that rollicking comedy of college life, will be given by the Juniors soon. Watch for an announcement of the date when it will be given.

#### MHS—SOPHOMORES

The Sophomore class was entertained at the home of Irene Martin Friday evening of last week. Owing to the conditions of the roads some few were unable to get there. After many games were played and refreshments were served, everyone returned home with the report of a good time.

We are going to start our home room programs this week, and Barbara Eiland has charge of the program.

Oh say, just watch our smoke in the class tournament of basket ball this week.

We hope our teachers will not feel offended if their names appear in the paper.

Miss Kendall was not in too good a humor this morning when James came in late.

"Why were you an hour late this morning James?"

"I've been attending brother's wedding M'am," protested James.

"Well, who did he marry?" asked Miss Kendall.

"A woman," said James.

"Well, don't get smart, did you ever hear of anyone marrying a man?"

"Yesum, my sister," said James.

#### MHS—FRESHMEN

We enjoyed the pleasure of helping the Seniors entertain the Sophomores and Juniors last Friday night and they seemed to enjoy the entertainment.

The study hall was entertained by the Seniors Friday morning at assembly. We enjoyed their songs very much.

The Freshmen science class will entertain the study hall Friday morning with a science program.

We think you will enjoy our program if we succeed with our experiments.

This week has been very bad, and we Freshmen were afraid to get out in the mud and water, therefore we have stayed in all week and learned or studied our lessons.

#### MHS—GRAMMAR SCHOOL NOTES

The boys and girls of Grammar school have been forced to leave their balls and bats in the school building because of the rain. Everyone is so interested in baseball that it is trying to create interest in any other recreation.

Now would be a good time to fill in the holes on the school ground. We are sorry times are so hard.

Some of the pupils of Grammar school helped with the entertainment of the county P. T. A. Tuesday afternoon.

Pupils of Grammar school have reported enjoyable times at parties this week end.

#### SPRING TIME

God reaches down and paints a scene for man As an artist can.

A sunny day and skies of blue, Trees and flowers too, that speak to you;

They whisper in a language of their own Something that God to the world has shown.

Babbling brooks and grassie nooks and essence of flowers in the air— Spring is everywhere.

The beauty of it all as God gives it to man, Speaks to us as no language can.

Tells us that we, too, some day, Shall come again just as the flowers and trees, And be more glorious than these.

—C. Williams, Munday, Texas.

#### WANT ADS

##### WANTED

To announce that I have taken over the Ledbetter Battery Station. Thanks.

E. H. WILSON, Phone 66, Wilson Battery Station.

SETTING eggs from purebred Barred Rocks. Book your orders now for future delivery—WALTER PLUNKETT at Magnolia Service Station. Phone 186.

CAR WASHING, polishing and greasing, all work strictly guaranteed.—R. B. BOWDEN at Gulf Service Station. Phone 91.

WE HAVE opened a cream factory in Munday and want to buy your cream.—LEE WEST.

WANTED—Battery charging and repairing. All work guaranteed. We call for and deliver. Just phone 66. Leave it to us.—WILSON BATTERY STATION.

### PRICES REDUCED ON CLEANING AND PRESSING

Effective February 1st, we will give a discount on cleaning and pressing done on the Cash and Carry plan, and on work done on this basis we will make the following prices:

- Men's and Ladies' Suits cleaned and Pressed \$1.00
- Pants Cleaned and Pressed 50c
- Men's and Ladies' Suits Pressed 50c
- Overcoats cleaned and pressed \$1.00

These prices are only for Cash and Carry. Pick-ups and Deliveries will be made as usual at the usual price.

**John C. Spann**

PHONE 147

### CHICKENS—TURKEYS

Have healthy egg producing fowls. Intestinal worms and other intestinal diseases paralyze nerves at poultry houses. These death-dealing parasites are carried into the intestines by scratching the feet. As they multiply the fowls gradually begin losing in vitality and egg production. Finally become sick.

#### STAR PARASITE REMOVER

Contains Sulphur, Lime, Calcium Sulphate, Calcium Thiocyanate. A powerful germicide, toxic and disease preventive. If given to fowls once every week as directed we positively guarantee to destroy all these germs in the period of germination; to keep your fowls healthy, to increase egg production, to promote more rapid growth in young fowls, and to save the life of baby chicks, or we refund your money. Also, if used as directed, we will refund your money if it fails to keep your flock free of lice, mites, fleas and blowflies. No trouble to use, and a 14-day bottle will last 100 fowls more than 100 days. For good Spring results begin its use now. Manufactured by Star Chemical Co., Arlington, Texas. For sale by Munday Hatchery, Munday, Texas.

## Again We REPEAT COMPARE

Compare the values, prices and service we give you with those of any other tire dealer or distributor of special brands.

The low prices of rubber and cotton give Firestone unusual advantages due to their world-wide facilities in securing these raw materials and their efficient manufacturing. With Firestone's most economical distributing system, with over 600 branches, warehouses and service stores, we can secure a complete line of fresh Firestone tires, tubes, batteries, brake lining, rims and accessories within a few minutes' to a few hours' time and give our customers values and service that are not duplicated.

### COMPARE VALUES

Firestone has this year added more rubber to the tread which gives 20% to 25% more safe mileage before the tread wears smooth.

The Firestone Double Cord Breaker gives SIX and EIGHT plus under the tread—springs road shocks—lessens punctures—gives over 50% stronger union between tread and tire body which ensures longer tire life and greater safety.

Less rubber penetrates every cord and costs every fiber by the patented Gum-Dipping process—what not only every cord, but every fiber within the cords, is insulated: this gives you 25% to 40% added tire life.

### COMPARE CONSTRUCTION

4-50-21 Tire	Our Tire	*Mail Order Tire
Rubber Volume	165 cu. in.	150 cu. in.
Weight	16.80 lbs.	15.68 lbs.
Width	4.75 in.	4.72 in.
Plies at Tread	6 plies	5 plies
Thickness of Tire	-.598 in.	-.558 in.
Price	\$5.69	\$5.69

\*A "Mail Order" or "Special Brand" tire is made by some unknown manufacturer and sold under a name that does not identify him to the public, usually because he builds his "first grade" tires under his own name.

### Friendly Eighty-Four Entertained

Mrs. M. F. Billingsley and Mrs. S. E. McStay entertained members of the Friendly Eighty-Four club Thursday evening at the home of the former. Spring violets were used for floral decorations throughout the rooms and the valentine theme was emphasized in the party appointments. Following a number of games of "42" a dainty refreshment plate of date nut cake topped with whipped cream, and pineapple-mint punch was served. Valentines, each carrying an original verse, were plate favors. The guest list included Messrs. and Mrs. E. H. Bauman, T. G. Bengel, W. H. Atkinson, Chester Bowden, J. C. Campbell, C. A. Eiland, U. R. Houser, G. E. Eiland, D. E. Holder, John Ed Jones, E. W. McGlothlin, Mrs. C. L. Mayes and Messrs. M. F. Billingsley and S. E. McStay.

### Baptist Ladies, Entertained Tuesday Afternoon

Mrs. T. Phil Lowry, J. E. Reeves and Mart Hardin were associate hostesses to members of the Womens Missionary Society of the Baptist church at a business and social meeting held at the home of Mrs. Lowry Tuesday afternoon. The home was beautifully decorated with spring violets and after some time spent in needle work a short business session was held. Mrs. B. L. Blacklock read the 23rd Psalm, followed by prayer by Mrs. W. E. Reynolds. Mrs. Ammons gave a splendid talk on "Personal Service". Refreshments of cherry pie topped with cream, and iced tea were served. Mrs. E. M. Ammons, B. L. Blacklock, F. O. Cossey, Chester Bowden, Leland Hannan, T. C. Lowry, Walter Plunkett, H. H. Riley, W. E. Reynolds and the hostesses.

### New Arrivals in Spring Wearing Apparel

We will receive a new shipment of Spring Hats, which we will sell for a special price Saturday of \$2.75 and \$3.95. These are special values and you must see them to appreciate the values. Shipment of Beautiful Silk Dresses from \$9.75 upward. See them! Just received a new shipment of Rollins Hosiery, priced at \$1.00 and up.

THE HAT SHOP

### Mrs. Bauman Hostess to Wednesday Bridge Club

Mrs. E. H. Bauman was hostess to the Wednesday Bridge club this week. Mrs. Pitzer Baker, guest from Weirnet, held high score honors at the conclusion of the games. A salad plate was served the following club members and guests: Mrs. T. G. Bengel, R. B. Davy, Joe Davis, W. H. Chapman, Chester Bowden, Carrol Hopkins, H. H. Langford, John Ed Jones, C. L. Mayes, E. W. McGlothlin, S. E. McStay and Pitzer Baker, Weirnet.

### Monday Bridge Club Entertained at Duval Home

Mrs. E. Duval was hostess to members of the Monday Bridge Club Tuesday evening of this week. In the games Mrs. J. D. Kethley and Mr. W. R. Moore held high score honors. A dainty refreshment plate of angel parfait and cake was served Mr. and Mrs. W. H. Chapman, Mr. and Mrs. J. D. Kethley, Mr. and Mrs. W. R. Moore, Mr. and Mrs. H. A. Pendleton, Mr. and Mrs. T. G. Bengel, Mr. and Mrs. M. F. Billingsley, Mr. and Mrs. L. E. Lovelless, Mr. and Mrs. E. W. McGlothlin and Mr. and Mrs. Duval.

### Mr. and Mrs. Lovelless Entertain Honoring Guests

Complimentary to Mr. and Mrs. F. L. Elkins, of Houston, Mr. and Mrs. L. E. Lovelless entertained with three tables of bridge Thursday evening of last week. Mrs. H. F. Barnes and Mr. Lovelless scoring high in the games. Dainty refreshments were served Messrs. and Mrs. Elkins, H. F. Barnes, T. R. Haney, John Lane, E. J. Roberts, Jr., and the hosts.

### Rhineland Seniors and Juniors Are Entertained

The Seniors and Juniors of the Rhineland school were delightfully entertained with a Valentine party given by the Freshmen and Sophomore classes on Saturday evening, February 13th, in the school auditorium. The auditorium was artistically decorated in red and white, with red hearts and balloons predominating. The Junior band rendered a number of selections which were greatly enjoyed. Various games were played after which a delicious refreshment plate, carrying out the Valentine motif, was served. The favors were boxes of Valentine candies.

—Reporter.

### POLLOCK-BURNETT

Last week Otis Burnett stole off down to Cleburne, Texas, and before any of his friends knew anything about his plans, he had become a benedict, having married Miss Mae Adeline Pollock of that city on Saturday evening. The ceremony was performed at the Methodist parsonage, with the Rev. Irving officiating.

The bride is a daughter of Mr. J. F. Pollock of Cleburne, and is a graduate of the Cleburne High school. She had visited in Munday and it was upon a visit here that she met Otis and the romance had its beginning.

Otis, as most of you know, is a son of Mr. and Mrs. M. O. Burnett of this city, and was practically reared here. For some years he has held a responsible position with the Wm. Cameron Co. here, and we join their many friends in wishing for them a full measure of success and happiness.

J. Manly Morgan of Raton, N. M., was here first of the week visiting in the home of his brother-in-law, Walter Hensler.

Mrs. R. B. Wilson left on Saturday of last week for Fieldton, where she will remain with her son, Ora, who is farming the place owned by her there. She plans to return to Munday about September 1st.

Carl Mahan of Abilene was here for a short time Tuesday evening and stopped in for a brief argument with the Times man.

### NEGRO MEN ORGANIZE CLUB FOR BETTERING THEIR CONDITIONS HERE

The colored men of Munday met on Tuesday night at the old Reeves building and organized a community club to be known as "Munday Ideal Hour Club."

The object of this organization, according to the Rev. H. Jones, who has been instrumental in its organization, is to combine all the male persons of their race between the ages of 15 and 75 years

### Illness Is An Unwelcomed Visitor In The Home . . . .

—But when it comes you want nothing but the best in drugs.

We use only the very highest quality drugs in our prescription department, and they are compounded by a Registered Pharmacist strictly in accord with your Physicians order, and our prices are lower than that usually charged.

Illness is expensive at the best, but we maintain our prices in this department to the very lowest levels possible, and will appreciate your prescription work.

**LOVELESS DRUG COMPANY**  
"A Good Place to Trade"

of age, into an organization to comfort the sick, to financially assist those who have accidents, to administer to the poor and to give aid to those who are poverty-stricken.

Its motto is to encourage its members to be better citizens and to devote themselves to the up-building and development of the community as a testimony of racial solidarity and achievement.

This event marks a new epoch of inspiration, of community interest and responsibility.

Officers elected were as follows: H. Jones, president; C. A. Dean, vice-president; L. Barber, secretary; W. Lewis, assistant secretary; D. Neal, treasurer; J. Wade, chaplain.

And among the other members

of the club are H. Veal and Mack Searage, who are chairmen of committees.

All officers will be installed and a big banquet served on Wednesday night, February 28th, at which time our white friends will be made welcome.

H. JONES, president.  
L. BARBER, secretary.
