Odd Bits Salvaged
By The Editor

Voters are a peculiar lot!

k-k
We've often bemoaned the fact that so few voters voice their opinions in matters pertaining to local and county government—especially in off-election years, such as this one. We've known the time when 25 Munday people elected their mayor and councilmen for two years.

k-k
Last Saturday saw a repetition of such circumstances—and on a county-wide basis. This was in the election for a bond issue for repairing the courthouse, which the voters rejected in a big way.

k-k
And we wouldn't fuss about that—it was the opinion of those who voted—and in the Democratic way, the majority rules. In this case, though, it wasn't the majority of voters, but a majority of those who voted.

k-k
Last July a total of 1675 voters of the county voted in the governor's race; the county judge's race polled 1723, while the treasurer's race drew 1679 votes. Last Saturday, a total of 486 voters decided the fate of the courthouse bond issue. The privilege and obligation of voting is not a very serious matter with most of us.

k-k
Voting strength of the county is not as great as last year, which is always the usual case in an off-election year. Only 1434 people of Knox County qualified themselves to vote this year, while 1605 poll taxes were paid in 1958. The last off-election year, 1957, found a total of 1444. So it appears the bond issue last Saturday drew about a third of the county's voting strength.

k-k
The men will be in a big majority in a few years, if the present birth rate is an indication. Last week in the hospital report there were three boys and one girl born at the hospital. This week, the report lists four boys and one girl.

k-k
Albert Loran has been on the job, off and on, since February 1st, after having that operation on his knee. And it seems he is getting rather adept at the use of his crutches. He's being very careful with that old knee, but it's pretty nice to have him back at his post.

k-k
We were shocked, as were many others, to learn of the death of Chester Borden on Wednesday morning. Chester had devoted part time to his office the first two days of this week, seemed to be feeling fine and getting back to his same old jolly self. We had visited with him since his return from the hospital and briefly at the office Tuesday. He seemed very happy, and we were happy, that he was getting "back in the groove."

k-k
Old Ches was the type of man you could go to in fun or talk with about your problems, hopes and aspirations. If he gave you advice, it was good. If he poked fun at you, it was because he liked you—and he liked everybody. He was sound, solid and stable—the same old Ches to day as yesterday. We will miss him terribly. No one can ever quite take his place in the community.

These Old Oil Wells Can Cause Trouble!

"That is where it had to go, so that is where it went," said Press Phillips last Friday in telling of a new location for an oil well on his place.

Press, who has several producing wells on his place just north and east of Munday, said they had to move Nolan's hog pen so they could put down another oil well on that spot. "I skinned my hands in a few places," he said, "but we got the hog pen moved, and now they can drill a well there."

REPRESENTATIVE OF SOCIAL SECURITY TO BE HERE TUESDAY

A representative of the Social Security Administration will be at the city hall in Munday on Tuesday, February 17, from 10 a. m. until noon.

Persons who desire information or assistance in Social Security matters are invited to meet with the representative at this time.

Knox County Hospital Notes

Patients in the hospital February 9:

Mrs. D. E. Wells, Knox City; C. W. Pack, Knox City; Mrs. Ida Hertel, Benjamin; Tom P. Robinson, Knox City; Sam Warren, Munday; Mrs. Sam Warren, Munday; Clarence Paulk, Knox City; Mrs. Clarence Paulk, Knox City; T. C. Carter, Knox City; Mrs. D. H. Henry, Knox City; Mrs. H. W. Buckner, Rochester; Virgil Williams, Munday; Mrs. S. L. Boydston, Knox City; Gary Cluck, Munday; S. H. Reed, Munday; Guy McLain, Jr., O'Brien; Mrs. P. H. Duke, Benjamin; Mrs. Luis Patlen, Goree; Ginger McCoy, Knox City; Mrs. R. Kilcrease, Benjamin; Mrs. Clarence Thompson, Knox City.

Patients dismissed since February 2:

Theima Williams, Munday; Hugh Eubanks, Truscott; Lorenzo Jackson, Knox City; Mrs. John Robinson, Knox City; June Ann Gough, Knox City; Mrs. John May, Knox City; Josephine Reynolds, Knox City; Joe Londo, Munday; C. C. Anderson, O'Brien; Lola Figueuroa, O'Brien; Ray Lynn Paraham, Vera; Sterling Lewis, Knox City; Jere Moore, Munday; Lizzie Watson, Rochester; Danny Welch, Munday; Brett Bumpas, Benjamin; Mrs. Joe Rojas, O'Brien; Judy Buffkin, Benjamin; Bennie Ray Phillips, Knox City; Mrs. F. D. Murray, Knox City; Mary Dickens, Goree; W. P. Sparks, O'Brien; Mrs. H. M. Thompson, Knox City; H. W. Perry, Rochester; Gary Garrison, Knox City; Fred Glover, Benjamin; Mrs. G. D. Jones, Goree.

Births since Feb. 2:
Mr. and Mrs. John Robinson, Knox City, a boy; Mr. and Mrs. Sterling Lewis, Knox City, a boy; Mr. and Mrs. Joe Rojas, O'Brien, a boy; Mr. and Mrs. F. D. Murray, Knox City, a boy; Mr. and Mrs. M. Dickens, Goree, a girl.

Deaths since Feb. 2:
Mrs. Eva Glover, Benjamin.

Sent To Hospital; Don't Know Nothin'

Clint Burris, local colored man, is in Baylor County Hospital in Seymour for treatment for "stab wounds," one of which was just below the heart, but he "don't know nothin'" according to officers.

He was wounded Sunday in some sort of disturbance in "the flats," but local officers have failed thus far to learn just what happened. "After 3½ hours of investigation, we were right back where we started," Police Chief J. W. Massey stated.

When questioned at length Monday by Sheriff Homer T. Melton, Burris was quoted as saying: "Four of 'em held me, and one stabbed me." When questioned about blood at the Burris residence, his wife told officers they "had been killing rabbits," and officers were back on the merry-go-round.

Doctors said Monday that Burris would be okay in about a week. He was to have gone on trial last Monday on an indictment of assault and attempted murder.

F. F. A. Judging Team In Contest

The senior livestock judging team of Munday F. F. A. and their sponsor, Elmer Kuntz, are in Wichita Falls today (Thursday) to enter the district livestock judging contest held in connection with the junior livestock show.

The local team will judge four classes of livestock and give reasons on one class, Mr. Kuntz said. The team is composed of Tommy Cunningham, Joe Decker, Gay Harlan and Bunny Norville.

ATTENTION FARMERS

An explanation of the choice (A) and choice (B) farm upland cotton allotments and price supports for 1959 will be given by Mr. B. P. Davenport, who is a member of the state committee of ASC of Texas, together with members of the County Committee and the staff of the County ASC office. The purpose of this meeting is to acquaint the farmers of this area of the working of both these plans.

The meeting will be held in the Elementary school auditorium on Thursday, February 12th. All farmers are urged to come out and hear the program fully explained.

Drive carefully. The life you save may be your own!

Mr. and Mrs. Payne Hattox and children, Tommy and Lavonne, pictured above, returned to Munday the first of last week after having served some 22 months in missionary work in Sweden with headquarters in Stockholm. Mr. Hattox was serving as minister of the local Church of Christ at the time he entered missionary work.

Payne will preach at the Church of Christ at the morning services next Sunday, and on Sunday evening he will give a report on the work in Sweden. This service will be at 6 p. m., and all those interested are invited to attend.

Mr. Hattox and his family have returned to this area in behalf of the work in Sweden for an indefinite period. They are presently making their home in Munday, and the children have entered the Munday schools.

Mr. Hattox will be visiting various parts of this area and speaking to Church of Christ congregations in behalf of the work.

The church is purchasing a building in Sweden to be used for worship services.

The Munday church has sponsored the Hattox family in their missionary work, and is also sponsoring the purchase of the building in Sweden. A number of churches in this area have also had a part in the work.

The Hattox family is living in the home of Mrs. T. I. Phillips while in Munday, and they invite their friends to come by for a visit.

J. C. Borden, Business And Church Leader Of Munday, Dies On Wednesday

People of the Munday area were shocked early Wednesday to learn of the death of J. C. Borden, well known Munday insurance agent, who passed away at 12:05 a. m. Wednesday at the Knox County Hospital.

Mr. Borden suffered a stroke on January 7 and remained under treatment in a Wichita Falls hospital for about three weeks. He was dismissed some ten days prior to his death, and apparently was well on the way to recovery.

After remaining at home for a week, Chester felt he had sufficiently recovered to devote some time at his office. He was in the office part time both Monday and Tuesday, and apparently felt better than at any time since suffering the stroke.

He suffered another stroke shortly after eight o'clock Tuesday night and was rushed to the hospital.

A devoted Christian man, Mr. Borden had been a business and church leader in Munday for over 40 years.

He was born December 31, 1895, at Weatherford and was 63 years, 1 month and 10 days of age. He came to the Munday area in 1916 and had made his home here since that time.

Some time after coming to Munday, Mr. Borden established the J. C. Borden Insurance Agency, which he operated for over 30 years. He had also been a director in the First National Bank for many years.

On June 14, 1921, he married Jo Campbell, daughter of the late Mr. and Mrs. J. O. Campbell, pioneer residents of this area. He was a veteran of World War I.

A member of the First Methodist Church, Mr. Borden had been a member of the official board for many years and served

J. C. BORDEN

as the board's secretary for several years. He was one of the area's most devoted and consecrated church members.

He was also a Mason and held his membership in Knox Lodge No. 851, AF&AM, at Munday.

Surviving him are his wife, Mrs. Jo Borden of Munday; a son, Joseph Chester Borden, Jr., of Corpus Christi; three sisters, Mrs. O. M. Cook of Riverside, Calif.; Mrs. Joe Smith of South Gate, Calif.; and Mrs. Ralph Hansen of San Gabriel, Calif.; and one grandson, Joseph Chester Borden, III, of Corpus Christi.

Burial services were held at 10 a. m. Thursday from the First Methodist Church in Munday with the pastor, Rev. Rex Mauldin, officiating. He was assisted by Rev. Doyle Ragle, pastor of the First Methodist Church in Canyon and former Munday pastor.

Burial was in Johnson Memorial Cemetery under the direction of McCauley Funeral Home. Nephews served as pallbearers.

RETURNS HOME

Mrs. E. E. Lowe was able to be brought home from the Bethesda Hospital in Wichita Falls last Monday after undergoing minor surgery last week. Her son, Sargent Lowe, brought her home.

Voters Reject Bond Issue on Courthouse

With a very light vote being polled, voters of Knox County decisively rejected a \$55,000 bond issue for remodeling and repairing the county courthouse at Benjamin last Saturday.

The vote was 180 for the bonds and 306 against, according to the unofficial tabulation reported Monday.

Only the two Munday boxes, Benjamin, Rhineland and Brock favored the issue—and these by a light margin—while Truscott, Vera, Sunset, Gilliland, Goree and the two Knox City precincts gave an opposition vote.

The bond issue was called following a recent examination of the courthouse by a firm of Fort Worth architects hired by the Commissioners Court. The architects said the building was a first

class structure when erected in 1934 at a cost of \$93,300, but that it has deteriorated from weather, water leakage, freezing and the "ravages of time."

The architects had said \$55,000 was needed to correct defects in the structure and put it in first class condition. To erect a new building comparable with the present one would require \$350,000 at present-day costs, according to officials.

All bonds on the courthouse have been paid, but the Knox County hospital bonds still have seven years to run and jail bonds 15. Commissioners set a 25 cent rate on permanent improvements to pay for hospital, jail and courthouse bonds (if the courthouse issue had been passed.) The court had indicated in advance of the election, however, that the rate would not be changed regardless of the outcome of the election. The tax money which would have gone to pay off the new courthouse bond issue will be used for repairs and upkeep each year to prevent further deterioration, the court said.

Whether a new bond issue will be called later has not been decided.

The vote by boxes:

	For	Against
1. Benjamin	38	23
2. Truscott	10	40
3. Gilliland	4	29
4. Vera	6	43
5. Goree	19	21
6. South Munday	25	17
7. Rhineland	12	10
8. Sunset	1	13
9. S. Knox City	32	23
9A. N. Knox City	11	36
10. Brock	5	4
Absentees	0	4
Totals	180	306

Short Course On Control Of Cotton Insects Is Likely

A short course on identification and control of cotton insects will be offered adults of this area if the minimum enrollment of ten can be reached, Elmer Kuntz, vocational agriculture instructor in the local schools, announced Wednesday.

H. A. Turney, entomology specialist of Texas A&M College, will be in Munday during the month of March to teach the course. The minimum enrollment is 10, and the maximum is 20. This course will be held one night each week for three hours. Entry fee will be \$2.00.

Any farmer or businessman interested in taking the course is asked to contact Mr. Kuntz at the Munday High School.

City Officials Attend League Meet In Graham

City officials of Munday attended a meeting of the Red River Valley region of the Texas Municipal League in Graham on Thursday night, February 5.

The meeting, held in the American Legion building, had to deal with legislation and problems confronting municipalities of this area. A dinner preceded the program.

One of the important matters to come up for discussion was the proposed increased rates for supplying gas to the area towns served by Lone Star Gas Co.

Attending the meeting were: V. E. Moore, mayor; J. B. Scott and M. L. Wiggins, aldermen; J. W. Massey, chief of police, and E. W. Harrell, city secretary.

Local Farm Bureau Campaign Planned

Kickoff supper for the Knox County Farm Bureau membership drive has been set for March 9 at the Munday Elementary School luncheon.

Odell Frazier, Hockley County Agent and assistant manager of the state farm bureau, will be the guest speaker at the kickoff meet.

Decision for the kickoff date and starting the membership drive March 10 was made at a meeting of the bureau directors Monday night at Munday. A total of 34 persons attended the meeting.

O. K. Hoyle of Seymour, state-area field supervisor, addressed the group on "Animal Health Program." He was assisted by Herbert Partridge of Munday, Omar Cure of Munday, Knox County bureau president, was in charge of the meeting.

Courts Dismiss Cases To Challenge Election On Miller Creek Reservoir

Court action Saturday cleared the way for a \$3,800,000 water development project to serve Haskell, Rule, Munday and Goree.

Judge Ben Charlie Chapman of 39th District Court of Haskell Saturday dismissed a suit brought by 23 Rule residents who challenged the outcome of the North Central Texas Municipal Water Authority bond election held in Rule Oct. 11 in which voters had approved the water development project.

The suit alleged irregularities in voting procedures, but was dismissed on request of attorneys for both the Rule residents and the water authority.

Late Friday Dist. Judge Lewis Williams of Benjamin dismissed a similar suit brought by three Goree residents challenging the validity of the election there. This suit also was dismissed at the request of both plaintiffs and defendants.

W. R. Johnson, Haskell banker who is president of the water authority, said he would call a meeting of the water authority's board of directors at the "earliest

Junior Basketball Boys Win Title Of Western Division

Coach Herb Arledge's Junior High basketball boys clinched the western division of this district by defeating Crowell Tuesday night 29-19. The boys have one more game to play with Paducah next Friday night at Paducah. To date the boys have played 10 games and only lost one. Their total points in the ten games have been 343 to their opponents 182.

Coach Arledge stated that the boys will meet Iowa Park next week for the district playoff, the time and place to be determined. He stated that he is very proud of his boys' record and hopes that all the basketball fans will attend the playoff.

MOVE TO LYFORD

Mr. and Mrs. William Browning and children left today (Thursday) for Lyford to make their future home. Mr. Browning has accepted a position with a gin in Lyford. He has been an employee at the Farmers Coop Gin in Munday for several years. Mrs. Browning is the former Nelda Smith, daughter of Mr. and Mrs. B. E. Smith.

possible date" to work out plans for carrying out the water development program.

One of the first steps, he said, will be setting up tax rolls and equalization of evaluations of taxable property in the four towns comprising the water district.

The bond election—held in the four towns on the same date—was for funds to develop a municipal water supply, pumping plant, filtration plant and pipe line distribution system to supply water to the four towns.

The bond issue carried in all four towns, but the two legal actions challenging validity had delayed further work on the project.

The water district plans to build a 25,000 acre-foot reservoir about 12 miles east of Munday, with the plans being such the reservoir can be increased to 40,000 acre-feet at a later time.

Freese and Nichols of Fort Worth are consulting engineers for the project.

P.T.A. MEETING SET FOR FEBRUARY 19TH

The Munday P. T. A. will hold their monthly meeting Thursday, February 19, at 8 p. m. at the grade school auditorium.

The program will be under the direction of Elmer Kuntz, vocational agriculture instructor, and the F. F. A. boys. They will demonstrate methods of parliamentary procedure in carrying out a meeting. Mr. Kuntz will also show a film or slides at the meeting.

Oil Activities

Four wells in the Knox County L-M (Tannehill) Field, 5½ miles north of Munday, have been patented by W. M. Null.

No. A-1 Redder flowed 93 barrels of 36 gravity crude in 12 hours through 20/64-inch choke from perforations at 1894-1910 feet. Gas-oil ratio was 200-1.

No. 1 Victor Redder flowed 69 barrels of 36 gravity crude in 12 hours from perforations at 1894-1904 feet. Gas-oil ratio was 200-1.

No. A-2 Redder flowed 108 barrels of 36 gravity crude in 12 hours from perforations at 1884-94 feet. Gas-oil ratio was also 200-1.

No. 4 Redder flowed 61 barrels of 36 gravity crude in 12 hours from perforations at 1886-1904 feet. Gas-oil ratio was 200-1.

A WELL-FILLED WOODSHED

The following editorial is reprinted from the St. Louis, Mo., Globe Democrat:

"There is something about a well-filled woodshed that means peace of mind. It requires plenty of fuel to keep fires going in the kitchen range and in the nickel-trimmed base burner

"It is good to see stacked tiers of solid maple, oak, ash and hickory. It is heartening to see a big pile of knotty chunks for the parlor stove—chunks that will burn slowly during a zero night and leave a bed of glowing coals to start the morning fire quickly. It is good to know there is a generous pile of dry kindling—small diameter pine branches and finely-split gray birch. On a zero morning a forehanded countryman wants plenty of dry kindling to start the fire in the kitchen range.

"When a man comes in from chores these evenings, he stops a minute with lantern and milkpail on arm, and lets the light of the lantern play over the woodshed fuel. Modern fuel is easily obtained, but it doesn't have the meaning of a woodshed that is filled with the fuel a man has harvested from his woodlot."

There is speculation in Washington over the possibility of bringing about a realignment of the two political parties into liberal and conservative groups. One report says this might happen more rapidly than is generally believed likely. Both parties now contain high elected officials who have virtually nothing in common.

PENNIES FOR DOLLARS

As long as the people vote for candidates for office who seek votes by promising ever increasing public expenditures instead of government economy, they have no one but themselves to blame if they are bled white by taxation.

Don't kick at your taxes if you vote for "free" handouts and tax-spending politicians—they take dollars from your earnings to give you pennies for your votes.

New Jersey has adopted the country's toughest highway speed laws. License revocation for exceeding the posted limits will be mandatory. On the first offense, revocation will be for 30 days; on the second for 60 days; on the third, for an indefinite period.

—SAY YOU SAW IT IN THE TIMES—

THE IMPORTANCE OF NEWSPAPERS

Last December a deliverers' strike forced New York City's newspapers to suspend publication. Nothing has done more to point up the importance of the press to the community.

As Editor & Publisher puts it, life in New York "did not grind to a halt." But almost everyone in the city was affected by the communications failure.

Thousands of non-strikers were thrown out of work. Some 10,000 of the city's 16,000 newsstands closed. The city government went into low gear because of the difficulty of getting information to the public. Even education was hit—as a majority of the students in the city's schools use newspapers in their curricula.

Businesses of many kinds—stores, amusement houses, automobile and real estate dealers and so on—slumped so badly that the city's Board of Trade said the strike produced "irretrievable" damage.

Editor & Publisher sums up: "The importance of newspapers in the daily life of a community is rarely known or appreciated until suddenly they fail to publish."

THE PRICE OF A STRIKE

Robert U. Brown writes in Editor & Publisher:

"It has been estimated that the deliverers' strike against New York newspapers cost about \$50,000,000—about \$25,000,000 in lost newspaper advertising and circulation revenue, \$5,000,000 in lost wages to newspaper employees, \$10,000,000 in lost retail sales, and another \$10,000,000 in lost revenue to other businesses which depend upon newspapers and newspaper advertising."

Despite all this, Mr. Brown goes on, the strikers didn't gain anything. They finally accepted wage increases and fringe benefits which were virtually the same as those they had been offered and had refused weeks earlier.

According to a survey conducted by Nation's Business magazine, executives of leading U. S. companies expect 1959 to be a good year for the economy. Of more than 175 executives polled, 93 per cent predicted an increase in sales. A high percentage said they planned to spend more than in 1958 on product improvement, introduction of new products, and expansion of plant and facilities.

HOW WILL YOU HAVE YOUR CHICKEN?

Texas is a chicken-raising and chicken-eating state. More than two million broiling or frying chickens are bought by Texas consumers each week, and the popularity of the budget-wise bird is ever-increasing.

To determine just what sort of bird the Texas fryer buyer is looking for when he or she goes shopping, the Texas State Fair in Dallas was the site for comprehensive consumer preference

tests on certain poultry products.

The tests, conducted among 2,000 men and women attending the State Fair, were directed by personnel from the Texas Agricultural Experiment Station of Texas A&M College.

Items on which Fair visitors were asked to indicate their choice included: skin "color"—light, medium or dark yellow; method of pre-cutting chickens—into 6 pieces (as is commonly done), 10 or 13 pieces; type of wrapping for pre-packaged birds—conventional clear cellophane, colored cellophane or aluminum wrap.

Conclusions showed that most of those tested (57 per cent of men, 55 per cent of women) preferred a medium yellow skin color for broiler chickens although a considerable number preferred a dark yellow color and very few (13% of men, 15% of women) chose a light yellow, almost white, skin color.

Although most poultry offered for sale in Texas stores is packaged with the carcass cut into

6 pieces, most consumers selected the carcass cut into either 10 or 13 pieces, with no significant preference between the two. This is probably because many housewives either do not know how to cut up a frying chicken or else have no desire to do so.

In the test for wrap preference, groups of poultry carcasses cut into six pieces were packed in pulpboard trays and wrapped in clear, yellow or red cellophane or in wrapping paper with an exterior aluminum finish. Eighty-three per cent of those expressing a choice took the transparent cellophane overwrap now commonly used. Only 8 per cent expressed a choice for the aluminum-wrapped package, probably because it would give better protection if the poultry were to be held frozen before consumption.

Concerning the tests for skin pigmentation or color, it is interesting to note that a similar survey conducted in Baltimore, Maryland, revealed that most consumers there preferred either a very light or very dark pigmented carcass. It is possible that the differences can be explained on the basis of regional preferences, but further work is underway to determine some of the factors consumers associate with a white or yellow skin.

BROAD DEMAND FOR STOCKER CATTLE CONTINUES

FORT WORTH, Feb. 9 — Volume of cattle now moving in the Southwest continues small but the demand for stocker and feeder cattle continued very strong throughout the territory. Feeder cattle prices have been under some pressure in recent days, but most feeders report favorable returns and this has held fleshy feeders up well. Lighter weight stockers continue in good demand as grass gets a little nearer each day.

Currently prices of calves are \$3 to \$5 above a year ago and yearlings are \$2 to \$3 higher, spots \$4 higher. The spread above prices of a year ago is also being reflected in cattle contracts for Spring and later delivery.

Intense interest in "buying" cattle has been strongly reflected in the early reservations made by buyers for the March 5 special stocker and feeder cattle

sale at Fort Worth. More than half of the buyers who have contacted the Market Institute have been ranchers and farmers, rather than professional order buyers, dealers or commissionmen.

The March 5 event at Fort Worth will mark the first time that auction selling has been available, along with the regular private treaty system in vogue on the market here. The seller and the buyer will be able to take his choice as to the system he wants to sell or buy under.

FED CATTLE EASE IN MONDAY TRADING

Cattle and calves were uneven at Fort Worth Monday with fed steers slow and weak to 50 cents lower. Fat cows were also dull and weak to unevenly lower. Canners and cutters, bulls and slaughter calves were fully steady. Stocker and feeder classes were in rather light supply and steady.

Good and choice slaughter steers and yearlings sold from \$25.50 to \$27, a few hand-weight young choice cattle up to \$28. Common and medium sorts sold from \$18 to \$25.50.

Fat cows cleared at \$18.50 to \$20.50 and canners and cutters drew \$13 to \$19. Bulls sold from

\$18 to \$23.50. Good and choice slaughter calves cleared at \$25.50 to \$29.25 and common and medium sorts drew \$20 to \$25. Culls sold from \$17 to \$20.

Medium and good stocker steer calves sold from \$27 to \$33 and similar heifer calves ranged from \$30 downward. Stocker steer yearlings sold from \$22 to \$30.

FEEDER LAMBS OPEN 50c HIGHER, SHEEP SCARCE

Slaughter classes of sheep and lambs ruled steady at Fort Worth Monday and stocker and feeder lambs were strong to 50 cents higher. The receipts were also lambs.

Good and choice slaughter lambs sold from \$16 to \$17.50 and good and choice feeder lambs, cashed at \$16 to \$18, the higher figure for around 80-pound wool-fed feeders. Shorn fat lambs with No. 2 and No. 3 pelts sold from \$16.50 downward. Shorn feeder lambs of good to choice quality sold from \$16 to \$17.50. Low grade stocker lambs drew \$13 to \$15.50.

HOGS OPEN STEADY NORTHERN RUN LIGHT

Northern markets reported smaller numbers on hand in swine divisions Monday. The offering was even below the storm-tossed numbers of a week earlier.

Hogs were steady at Fort Worth Monday. Choice butcher hogs ranged from \$16.75 to \$17.25 and the higher figure was reserved for mostly No. 1 hogs of 210 to 230 pounds. Butcher hogs weighing 250 to 300 pounds or over, sold from \$15.25 to \$16.50. Som eightweights of around 160 pounds sold at \$15.50. Sows cashed at \$13 to \$15.

Mr. and Mrs. Jim Gaines visited with their son and family, Mr. and Mrs. Gordon Gaines and children, in Ropesville over the week end.

Miss Vera Faye Spann and Bobby Boyd of Lubbock were guests in the home of Miss Spann's parents, Mr. and Mrs. Oscar Spann, over the week end.

MUNDAY SCHOOL LUNCHROOM MENU

Monday: Beef and vegetable stew, cabbage and apple salad, cheese slices, cornbread, milk, rice pudding.

Tuesday: Milk, pinto beans, kraut with wieners, buttered beets, peanut butter and crackers, cornbread, cherry cobbler.

Wednesday: Milk, meat patties and gravy, buttered whole kernel corn, tossed green salad, rolls, butter, apple sauce.

Thursday: Red beans seasoned with pork, fried potatoes, buttered carrots, cornbread, milk, apricot cobbler.

Friday: Milk, creamed turkey over rice, candied sweet potatoes, green beans, rolls, butter, fruit jello.

Patsy Peddy of Lubbock visited over the week end with her parents, Mr. and Mrs. Willis Peddy.

Mr. and Mrs. John Dud Alford

Munday Study Club To Have Federation Program Thursday

The Munday Study Club will meet Thursday, February 19, at 2:30 p. m. in the Baptist Church for their Federation Day program. The outstanding part of which will be a book review by Mrs. L. E. Dudley of Abilene.

The club feels fortunate in being able to bring this accomplished speaker to our city. Federated clubs from adjoining towns will be invited and each club member is urged to be present and bring as many guests as possible.

AIR RIFLES AND PROPERTY DAMAGE

During the past two years, several hundred dollars in personal and public property damage has resulted by use of air rifles in the city limits of Munday. Some children have been going so far as shooting their neighbors' pets to the extent that the pet required a veterinarian's attention.

In the future, anyone having in their possession a B. B. gun or air rifle any place other than on their own property will be brought before the corporation court of the City of Munday, and the responsible party shall answer to the court for violation of the city ordinances and subject to fine and settlement of any property damage by the party, or parties, responsible for the violation.

It is not our aim to deprive a child of his, or her, pleasure. It is our aim to see that personal and public property is safe from damage or destruction by children who have rifles and have no supervision as to where and when to use them. Your cooperation will be greatly appreciated.

Munday Police Dept. 30-2tc

of Wichita Falls visited their Beck kin here over the week end. Visitors in the C. N. Struck home Sunday were Mr. and Mrs. Earl Struck and family of Goree.

The Vera High School basketball boys' and girls' team will play Knox City at Vera Thursday night beginning at 7:00 p. m.

The Vera Baptist Church is sponsoring a Sweetheart Banquet for the young people Saturday evening, February 14th, at 7:00 p. m. in the church.

Joe Kuchan of Maxwell, New Mexico, visited over the week end with his brother, Mr. and Mrs. Carl Kuchan and Barbara.

LOCALS

Mrs. Ora McCollough and Mrs. C. Y. Morris of Rule were Sunday guests of Mrs. C. N. Smith.

Mr. and Mrs. H. N. McClellan spent last Monday with his sister, Mrs. C. N. Smith.

Mr. and Mrs. C. C. Harpham of Levelland were week end guests of Mr. and Mrs. J. C. Harpham.

Mr. and Mrs. Lamoine Blacklock and children of Sulphur Springs visited their parents, Mr. and Mrs. B. L. Blacklock and Mr. and Mrs. Clyde Hendrix, over the week end.

Mr. and Mrs. Billy J. Lain and children of Midland visited her mother, Mrs. Fannie Armstrong, and his brother, Larry Lain, and families here over the week end.

Mr. and Mrs. Joe B. Roberts attended the fat stock show in Fort Worth over the week end.

Guests in the home of Mr. and Mrs. Jack Tidwell over the week end were their daughter, Mrs. Joe Lynn Crow of Dallas, her mother-in-law, Mrs. E. J. Crow of Bluff Dale and Mr. and Mrs. Wyman Tidwell and Tammy of Lubbock.

Mr. and Mrs. Joe T. Smith of Lubbock visited Mr. and Mrs. John Earl Nelson and other relatives here over the week end.

Mrs. Pearl Ross of Pittsburg, Pa., visited Mr. and Mrs. Terry Harrison over the week end. Mr. and Mrs. Harrison took her to Aspermont on Sunday for a visit with relatives there.

Mrs. Muriel Mitchell is spending this week in Muenster with her daughter and family, Mr. and Mrs. Michael Sloan, Sandra and Susan.

Mrs. Leslie Tremmier of Hale Center visited her sister, Mrs. Clarice Mitchell, last Sunday.

Mrs. E. M. Owens attended the funeral of her brother-in-law in Pampa one day last week.

Mrs. Vera Patterson, Patti and Dick, visited her sister and husband, Mr. and Mrs. C. A. Howell, in Plainview over the week end.

Mr. and Mrs. G. W. Hawkins and Jan and Mr. and Mrs. Wallace Reid and Jimmy were in Amarillo over the week end where Mr. and Mrs. Reid attended a hardware convention and Mr. and Mrs. Hawkins and Jan visited with Mr. and Mrs. Dwaine Russell and children.

Tax-Man Sam Sez:

The community property law of the State of Texas continues to be one of the most important points for Texans to remember in filing their Federal tax returns.

In Texas the husband and wife must each file on one-half of all the community income and on one-half of all the community income and on one-half of all the expenses of the community if they file separate returns. It is much better in Texas to file a joint return with all the husband's and wife's income on one return.

Now for our annual joke — In Texas a woman cannot have all of her husband's money, she is only entitled to half. It says so in the law.

SUPERB!

From Goble's Dairyland comes the most delightful cottage cheese you've ever tasted. And it comes in all-plastic, re-usable refrigerator dishes! Get some today! Enjoy it often!

Chevy panel steps lively in Florida...runs and night, delivers 19.3 miles per gallon!

This '59 Chevy panel is on the go, morning, noon and night; it covers as much as 587 miles a day... runs so constantly that its engine never cools off completely. Yet Mr. Clark Farber, the Tampa Tribune's circulation manager, reports that the truck is delivering 19.3 miles per gallon!

This year, the light-, medium- and heavy-duty trucks of the 1959 Chevrolet Task-Force fleet are out to whip anything that comes their way—and they've got what it takes to do it!

Take the panel pictured above, for example. Powered by the '59 Thriftmaster 6 with new economy-contoured camshaft, it's building a sensational economy record, despite the sizzling pace of its work. That's typical of the way Chevies of all sizes are turning-to on the most challenging jobs in America. The way they're made, with tough-built truck components, they make the hardest hauls look easy!

If you have a job that puts a truck on its mettle, see your Chevrolet dealer!

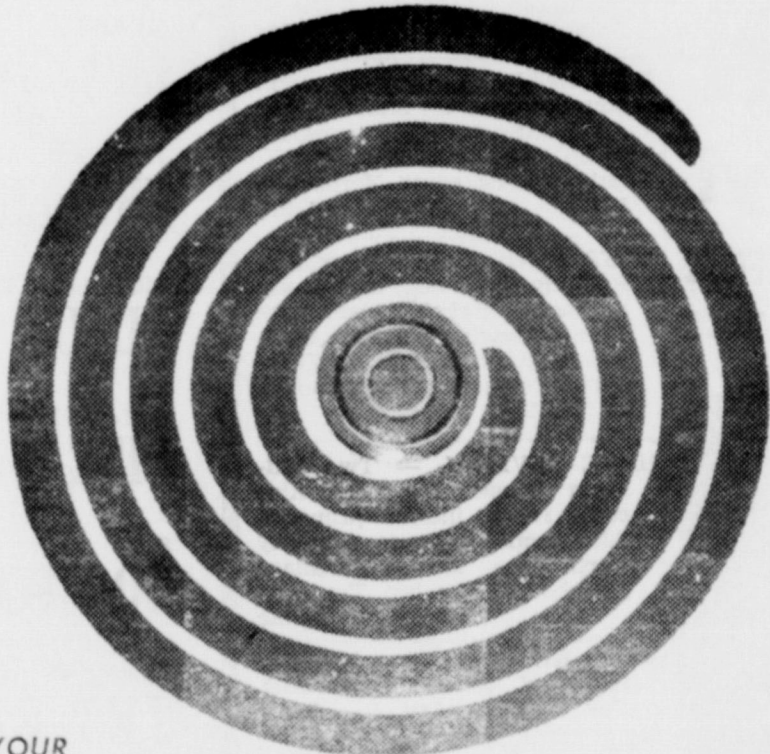

No job's too tough for a Chevrolet truck!

Wesleyan Service Guild Meeting Is Held On Tuesday

The Wesleyan Service Guild met last Tuesday night at the Methodist church for their regular meeting. Mrs. John Spann gave the devotional.

Mrs. Lee Haymes, director of the program, assisted by Mrs. Oscar Spann, brought the first lesson of the Bible study "Isaiah Speaks."

After a very interesting lesson hot punch and cookies were served to fourteen members by the hostess, Mrs. Joe B. Roberts.

Goree Study Club Has Program On Natural Resources

Mrs. W. L. Stewart, charter member of Goree Woman's Study Club which was organized in 1916, was speaker for the Goree Study Club on a program of "Natural Resources". She gave a very timely talk on land and water rights and facts about the program which started 62 years ago to preserve these rights.

Club member responded to roll call with an item on conservation.

Mrs. Orb Coffman, president presided in a business session. Mrs. J. B. Lawson was hostess for this meeting which was held in the club room of the Memorial Building at 4 p. m. Thursday, February 5.

Grade School 4-H Club Has Meeting

The Munday grade school 4-H club met Thursday, February 5 with Miss S. C. Kinsey, agent, who demonstrated to the girls how to plant tomato seed and then how to transplant them when they are large enough.

The club girls will hold a "Sweet Bake Sale" Saturday, February 21, at the Chamber of Commerce office from 9:15 until noon.

Sow farrowing at night? With available electronic equipment the super modern farmer might flip on a TV switch and see how she's getting along, without ever leaving his bed. Only trouble, if he's loafing in the barn his wife could spy on him while peeling potatoes in the kitchen.

Pioneer Knox Resident Dies On February 7th

Funeral services were held in Kilgore on Monday, February 9, for J. Clyde Jones of Enid, Okla., who died suddenly of a heart attack on Saturday, February 7. He suffered with asthma but was seemingly in good health and was preparing for a trip to Houston for a medical check-up. He was buried beside his son at Kilgore.

Mr. Jones was born in Bowie on December 8, 1890; was the eldest son of the late J. B. Jones, Knox County teacher, and was reared in the Sunset community, known then as Gillespie, and attended Texas A&M College and was a construction engineer by profession. He was a member of the Church of Christ.

He is survived by his wife of Enid; two daughters, Mrs. R. C. Richardson and Mrs. Leroy Taylor, both of Houston; one brother, J. P. Jones of Munday; two sisters, Mrs. J. R. Burnison of Munday and Mrs. Gladstone McLennan of Leuders.

Mr. and Mrs. J. R. Burnison, Mr. and Mrs. J. P. Jones accompanied by Mr. and Mrs. Gladstone McLennan of Leuders attended the funeral at Kilgore.

ATTEND DIOCESAN COUNCIL

Misses Mary Janelle and Marilyn Albus, Clarice Decker, Sylvia Kuehler and Lucille Redder spent the week end in Fort Worth where they attended the 6th annual convention of the Diocesan Council of Catholic Louth at the Hotel Texas.

JOINS RIDING CLUB

Mr. and Mrs. Sidney Winchester and Tommy Cunningham attended the Haskell Sheriff's Posse Club at Stamford last Monday night. Tommy joined the Riders club and is now a member of the Haskell Sheriff's Posse club.

Mrs. M. H. Dean attended the funeral of her cousin, George W. Bruce, in Childress last Thursday afternoon. She was accompanied by Mrs. R. M. Almanrode.

FUTURE FARMERS OF AMERICA WEEK
FEBRUARY 21 - FEBRUARY 28, 1959

WHY FFA WEEK IS OBSERVED IN FEBRUARY

National FFA Week comes every year during the week of the anniversary of the birthday of George Washington. Although usually considered first as a great general, our first president, and an engineer, George Wash-

ington's first love was the farm he called Mount Vernon. There he was one of the first in the nation to practice contour planting, crop rotations, and other soil conserving methods. Probably no other man in America of his day spent more time seeking new agricultural information, el-

ther by experimentation on his own farm, or by correspondence with agricultural scientists in England. The title of America's first "scientific farmer" might be applied to Washington. It was more than a century after his death that many of the sound agricultural practices he advocated found general practice.

It is out of deep respect and admiration for George Washington, the farmer in whose progressive ways they seek to follow, that Future Farmers annually observe their National FFA Week at the time of his birthday.

Gilliland Club Meets February 4; Contest Begun

The Gilliland Home Demonstration club met Wednesday, February 4, in the club room with twenty-two attending.

A contest was begun by the parliamentarian, Mrs. Emil Navratil, to put into usage a larger number of rules of order. Points will be given for new members gained.

A number of copper pictures were displayed by members interested in that craft.

The introduction to the family financial management program was begun by Miss S. C. Kinsey. Management was defined as using what we have to get what we need and want. There is little chance of happiness where our wants continually exceed our means was pointed out. A look at the families resources include not only money and material goods but time, energy, skills, knowledge and others.

Present were Mmes. O. R. Miller, Dwight Burgess, Hewitt Simmons, J. R. Spivey, W. G. Hollis, Billy Kinnibrugh, Arnold Reeves, John Thompson, M. G. Duncan, A. L. Cook, Arnold Navratil, Emil Navratil, Homer Martin, E. D. Welch, L. D. Welch, Charles Meek, Jesse Rutherford, Charlie Groves, Orville Burgess, Arthur Horne and visitors, Mrs. Marie Gillispit of Truscott and Miss S. C. Kinsey, agent.

ON HONOR ROLL

Mrs. Felton Raynes, daughter of Mr. and Mrs. T. V. Yost made the 1958-59 honor roll at Midwestern University in Wichita Falls. Mrs. Raynes married when she was a sophomore in Munday High School. Since her marriage, while the couple were living in Wichita Falls, she completed high school and attended Midwestern University where she is a junior. The couple moved to Lawton, Okla., where Mrs. Raynes is attending as junior at Cameron College where she is majoring in elementary education and minoring in elementary music.

Mrs. Jeff Bowden, daughter-in-law of Mr. and Mrs. J. O. Bowden, of Wichita Falls, and Melissa Lee, daughter of Mr. and Mrs. Travis Lee, also made the honor roll at Midwestern University.

Prize-Winning Lake Trout

Saskatchewan fish come in the large economy size! Here's the 1958 winner of the Saskatchewan Angler's Derby—a whopping 51 lb. 10 oz. Lake Trout caught by Henry Thorimbert.

New access roads are opening up lakes seldom if ever fished before in this Western Canadian province. For information on the best places to fish, write to the Tourist Branch, Legislative Annex, Regina, Saskatchewan, Canada.

Notice

Notice is hereby given that at a meeting of the City Council of City of Munday had on the 10th day of February, A. D. 1959, at their regular meeting place at the City Hall of said City of Munday, said City Council ordered that bids be received by said City Council on March 2nd, A. D. 1959, at 8:00 o'clock P. M., at the regular meeting place of said City Council in the City Hall in said City of Munday, for the purpose of accepting bids on an oil, gas and mineral lease on their one-half (1/2) undivided interest in the minerals upon and under the following described tract of land, to wit:

Being 14.61 acres of land out of the Southwest Quarter of Section No. 75, Block 2, D. & W. Ry. Co. Survey in Knox County, Texas, and within the territorial limits of the City of Munday, described as follows:

Beginning at an iron pin 25 feet South of the Northeast Corner of said Southwest Quarter of Section No. 75 aforesaid, for the Northeast Corner of this tract;

Thence South 1388.7 feet to corner in the North Boundary Line of State Highway No. 277;

Thence West along said boundary line 787 feet;

Thence North 1388.7 feet to corner;

Thence East 787 feet to the place of beginning;

And being Original Blocks Nos. 105, 106, 107 and 108 of the Reeves and Musser Addition to the Town of Munday, Texas, together with certain streets and alleys in said blocks;

Less such part of said property as has been heretofore conveyed to the State of Texas for highway purposes;

At which time bids will be received for the leasing of the above described minerals under said land for mineral development, in all things in conformity with the provisions of Art. 5421p of the Revised Civil Statutes of the State of Texas, for such provisions and for such term as said City Council may determine at such hearing, and after this notice has been published for three consecutive issues in The Munday Times, a newspaper published in said County.

This notice is given in conformity with said order, and as directed by said City Council.

V. E. MOORE
Mayor,
City of Munday. 30-3tc

IT'S THE LAW
in Texas

A public service feature of the State Bar of Texas

OFFER AND ACCEPTANCE COMPLETE CONTRACT

A contract isn't always a formal document, written and signed with pomp. We do not use "contracts" for our daily business with grocer, plumber, babysitter or newsboy. Contracts like these informal ones are seldom written.

The boy next door says he will cut your grass for a dollar, and you say, "Go ahead."

You two have a contract — and offer and an acceptance.

Or take a "unilateral" contract — an offer by one party which anybody can accept.

One man may say "I'll give five dollars to anybody who finds and returns my lost wallet." If you do, you can claim the five dollars. The man made an offer at large, and you accepted it by

finding and returning the wallet. So there is a contract.

An auctioneer invites offers in the form of bids. The fall of the auctioneer's hammer signals his acceptance of one of the offers — and there's another contract.

Some mail order people try to make their "offers" look like your "acceptance" — but you need not accept unordered things sent you through the mail or in any other way.

Suppose a firm mailed an unordered book to you with a letter setting its price at \$25 — this is an offer to sell.

The letter might add that if you don't mail it back within ten days the firm would "assume" you had accepted it.

Have you accepted it? Not if you put the book on the shelf unread; or if you return it; or if you refuse to accept it from the mailman.

But if you read but did not pay for the book, or gave it away as a present, by your act you may have accepted the offer and may have to pay for the book.

It is hard to prove unwritten agreements; and people may in good faith forget or misunderstand what they agreed to do.

When you make a business deal, make sure the offer, the acceptance, and every promise in your agreement are written down. If they aren't, they're not

in the contract.

No contract can stand up in court unless one party makes a firm offer and the other accepts it.

(This column, prepared by the State Bar of Texas, is written to inform — not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)

The most lavish entertainment I ever received was in Port Arthur. I was to speak at the ladies' night dinner of the Lions Club, and, next night, to the Elks and their wives.

Dr. Desmond Secrest, who had arranged the engagements, was aided and abetted by other Lions (I'm a Lion myself) and the red carpet was really rolled out. A group met me in Houston and we drove to Port Arthur. At the Goodhue Hotel, I was ushered into a suite — yes, sir, a suite and it had a balcony — and I mean balcony, for it would easily hold eight persons, seated.

We drove out to a beach cafe and had barbecued crab, the specialty of the house. Next day, there was a cruise on a luxury craft. But the crowning event was a dinner at a lodge on a bayou — a campfire (for lighting, as the night was mild), a dinner composed of French dishes, and stories afterward. Some 50 of the leading citizens of Port Arthur were there.

I felt embarrassed at all this

SUNSET SCHOOL LUNCHROOM MENU

Monday: Chili beans, sliced spinach, cabbage and apple slaw, peanut butter cookies, cornbread, butter, milk.

Tuesday: Beef and vegetable stew, peanut butter and crackers, lemon jello, lemon frosted cake, cornbread, butter, milk.

Wednesday: Turkey and dressing with giblet gravy, candied sweet potatoes, whole green beans, hot rolls, sliced apples, butter, milk.

Thursday: Beef with macaroni, tomatoes and onions, buttered boiled potatoes, cheese, pineapple and lettuce salad, cornbread, chocolate cake, butter, milk.

Friday: Pot roast and gravy, creamed potatoes, English pea salad, cookies, hot rolls, butter, milk.

attention — but I sure did like it.

In the shack city of Desdemona during the oil boom, every bit of space was utilized. Hotels built upper-story porches out over the sidewalk and filled these porches with cots. An oil man who went through the boom (1918-1920) said he had a cot on a second story porch and he was always nervous for fear that when a sidewalk gun-fight broke out (and they did, every now and then in the wild town), a bullet would come up through the floor.

Learned men scoffed at the idea that there had ever been such a city as Troy. But a businessman, who did not have enough learning to know that Troy was only a myth, dug and found the ruins. In fact, he found the ruins of five Troys, one on top of the other.

Chambers of Commerce are overlooking an opportunity to get wide publicity for their cities. In the old days of boxing, there were "Harlem Tommy" Murphy; Leach Cross, always referred to in the sports pages as the Brooklyn dentist, and Jim Flynn, the "Pueblo fireman." One of the greats of his time was "Packer" McFarland, whose monicker was a constant reminder that he came from the packinghouse district of Chicago.

NEWS FROM VERA
(Mrs. Thelma Lee Coulston)

Within the last few years there has been a complete reversal of both public and Congressional opinion with respect to the admission of new states into the Union. Last year, Congress acted favorably upon Alaskan Statehood. This year, it seems to be a foregone conclusion that the admission of Hawaii will be approved. The fact of the matter is that the new flag with forty-nine stars will probably be obsolete before it is ever actually used. The House Committee by an overwhelming majority approved the Hawaiian Statehood Bill this week. The question will be on the floor in a short time and undoubtedly will pass. It seems to me that we are setting a dangerous precedent by admitting in the Union as a state a territory that is not contiguous to the North American Continent. Commonwealth status for Hawaii would be a better answer to the problem.

The release by the State Department of the tape recordings of the radio conversations between the Russian Pilots who shot down an unarmed American transport which, after losing its way, had gotten over Russian territory is perhaps the most shocking evidence of Russian deceit and proves again that they are absolutely unreliable and cannot be trusted in any respect. In checking back over the Budget requests of the Chief Executive for the last ten years, it is interesting to note that, notwithstanding all we read and hear to the contrary, each year the Congress has appropriated through appropriation bills less than was requested by the President. For fiscal year 1959 the President requested \$1.7 Billion.

By appropriation bills Congress approved 600 Million Dollars less. For fiscal year 1958 the Budget requests were for 78.1 Billion which appropriation bills reduced by over 5 Billion. For fiscal 1957 the Budget submitted was for 73.3 Billion. Appropriation bills totaled 300 Million less. For 1956, 66 Billion were requested in the Budget. 63.9 Billion were appropriated. The pattern is the same all the way back to 1950 where the Budget figure was 48.3 Billion which was reduced by appropriation bills by 1.8 Billion. There is no reason to expect that the present Congress will reverse this trend, and even though there will be considerable heated discussion about the allocation of funds within the total Budget figure, chances are good that Congress will again actually reduce the overall amount of the Budget.

Mr. Quin Baker of Quannah was a Washington visitor this week.

Weekly Health LETTER

Issued by Henry A. Holle, M. D., State Health Officer

The next time you hear the rich full voice of your favorite singer, don't envy him. Pity him instead. He probably has extra large sinuses, and when they stop up . . .

Some racial groups are apparently immune to specific maladies which beset the rest of humanity. Eskimos rarely if ever get cancer. And toothache is practically unknown among natives in remote parts of the globe.

But apparently the rule concerning sinus trouble is this: if you're human you're susceptible. Thus, if you suffer from a sinus condition or suffer chronically or occasionally, you are in excellent company.

A nasal sinus is a lined cavity in the face bones which opens into the nose. There are two important ones on each side of the face: one in each cheek bone, and one over each eye.

Cheekbone sinuses are triangle-shaped, large enough to hold half an ounce of fluid. Oversized ones can hold up to a full ounce. Eyebrow sinuses are smaller, the average having a fluid capacity of one-fifth ounce.

Sinuses are lined with mucous membrane, a continuation of the membrane lining the nasal cavity. When a sinus lining becomes inflamed enough to interfere with drainage, someone is in for

trouble.

You can get all sorts of answers as to what good purpose sinuses serve. Some specialists believe they warm and moisten air as it is inhaled. Others believe that sinuses, like the appendix, are evolutionary remnants which are sometimes more harmful than useful.

Sinus sufferers subscribe unanimously to this latter theory. But the truth probably is that sinus cavities serve as resonating chambers for the voice. Whether a person has a high or low pitched voice, according to this reasoning, is dependent on the size of his sinuses.

There are as many different causes of sinus inflammation as there are people suffering from it. Infection-producing agents such as viruses, and irritants such as pollens and dust are most often the cause. But facial injuries, infected teeth, and other conditions can also bring on flare ups.

What to do about it? Make sin-

uses drain, which is a little like telling the winter to go away. Still it can be done, if you can identify and eliminate the cause of irritation.

Temporary relief can sometimes be obtained with dilating drugs or inhalers, but the basic cause should be determined and treated by a physician. (A weekly public service feature from the Health Education Division, State Health Department.)

Knox Prairie Philosopher Says Balancing The U. S. Budget Is Like Balancing The Family Budget

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek must have budgetary problems of his own, his letter this week indicates.

Dear editor:
I don't know how President Eisenhower handled his son when he was growing up, but if he handled him like he's suggesting Congress be handled, I take my hat off to him.

As I understand an article I read in a newspaper last night, Ike has drawn up a balanced budget for the next twelve months and has informed Congress if it wants to spend more money than the budget allows, it ought to add enough taxes to cover the extra cost.

This is a splendid idea for families—I don't know about Congress, what Congress does is not always limited to reason on

J. A.

account of the people—but I don't know of anybody who has succeeded in making it work.

Maybe Ike could do it, but all the parents I know who say, "Look here son, a new pair of shoes at this stage of the year wasn't included in the budget, if you want another pair you'll have to find the money for them"—well, most parents just can't bring this off.

And it doesn't have to be something as necessary as a pair of shoes. Say your daughter comes in with the announcement she's been nominated as a candidate for class queen and has to have a new fancy dress for the cam-

aign, the average father would be run out of the house if he suggested it wasn't included in the budget and she'll have to find the money herself for the new outfit.

That's the problem Ike is up against with Congress. And the problem Congress is up against isn't that Congress just likes to spend the money, it's just that the people like to have these things.

I guess that's the way it works.

In my case, I don't have any trouble balancing my budget on paper, but my 10-year-old tractor hasn't got any appreciation for figures and is liable to blow a gasket any day and throw my budget head over heels. And I think Congress has found the people have gaskets too.

Yours faithfully,
J. A.

GOV. PRICE DANIEL is shown signing a proclamation designating the week of Feb. 15-22 as "Farm Bureau Week" in Texas. Looking on are J. H. West, Bishop, president of the Texas Farm Bureau; and Millard Shivers, Waco, organization director. A big rally of Farm Bureau county and community membership chairmen in Dallas Feb. 12 will kick off the annual state-wide membership drive. Texas ended its 1958 membership year with 76,032 farm and ranch families enrolled. Daniel, who is a member of the Liberty County Farm Bureau, congratulated the state organization for having the largest membership gain in the nation last year—3,351 members.

Munday Downs Paducah, 52-37

Munday rushed past the Paducah Dragons by a score of 52 to 37 last Friday night in a very active District 11-A game played in the local gym.

Philip McAfee crammed in 15 points to pace the winners and Jerry Brooks banged in 13 for Paducah.

Munday also won the girls' contest, 38-28, and a junior high and B team boys game. Audrey Trammel shattered the nets for 22 points to pace the Munday sextet while Judy Hossman hit 14 for the losers.

Munday triumphed in the B boys tilt, 47-37, and the junior high tussle, 33-9.

Crowell Downs Munday Moguls

After scoring only 34 points in the first three quarters, the Crowell Wildcats pumped 31 points through the hoop in the last stanza to down the Munday Moguls, 64-46, in District 11-A play Tuesday night.

The Wildcats, undefeated in district action, were led by Gary Carpenter's 29 points while Philip McAfee was high for the Moguls with 17.

Crowell also took the boys' B game and the girls' game. In the B game Crowell won, 66-34. Tom Crowell was high for the Wildcats with 16 while Wayne Russell paced Munday with 14. Pat Prosser's 23 points paced the Crowell girls to a 31-45 victory. Audry Trammel was high for the losers

with 28. Munday's only triumph of the night came in the opening contest as the Munday Junior High downed Crowell, 29-19.

Motorists Face Winter Hazards

"Poor visibility is one of the most serious problems facing the motorist in winter driving," J. O. Musick, general manager of the Texas Safety Association, said today.

"In addition to the hazards of skidding, that winter presents, the problem of reduced visibility can make driving especially treacherous. Motorists must be able to see danger to avoid it," Musick said.

He also warned motorists to replace windshield wipers that have become worn out or baked stiff by the past summer's sun. "Fewer hours of daylight, slippery streets and streaked windshields all serve to reduce the distance a driver can safely see," he said.

"Also, keep the inside of car windows clean and free of smoke or steam. Danger may approach from the sides, or rear, as well as from the front."

The safety expert said that in almost one out of seven fatal accidents, the driver's vision was obscured. In two out of five of these cases, the obstruction was on the vehicle itself, such as rain, snow or sleet on the windshield. "Keep these figures in mind," Musick warned, "and keep alert to the road ahead. No sane person would drive with his eyes closed, so why drive when vision has been obstructed."

Johnny Lowrance, who is attending Texas Tech in Lubbock, spent the week end with his parents, Mr. and Mrs. Jeff Lowrance.

Clarence Paulk, Knox City, Dies

Clarence Paulk, 70, a resident of Knox County since 1920, passed away at 5:40 p. m. Monday at the Knox County Hospital after an illness of about a week.

He was born January 17, 1889, in Las Vegas, N. M., and married Ruth Yates on July 22, 1910.

Funeral services were held at 3:30 p. m. Tuesday from the First Baptist Church in Knox City with Rev. Homer Stephens, pastor of the Truscott Baptist Church, officiating. Burial was in Knox City Cemetery, with

Pinkard-Smith Funeral Home in charge.

Survivors include his wife; two nieces, Mrs. Jack Kennedy of Stamford and Mrs. Louise Phillips of Chattanooga, Tenn.; and four nephews, A. J. Smith of Petersburg, J. D. Smith of Truscott, I. B. Smith of Pampa and T. E. Smith of Truscott.

Mrs. R. E. Foshee returned home last Saturday after a week's visit with her son and family, Mr. and Mrs. Ronald Foshee and daughters, in Midland.

Mr. and Mrs. A. B. Warren visited Mr. and Mrs. Joe Duke and Jo Ann in Lovington, N. M., over the week end.

Diseases Cost Cotton Farmers \$156 Millions In 1958

Diseases took a \$156 million bite out of the 1958 Texas cotton crop, report 15 cotton specialists located throughout the state.

"Cotton diseases kept at least 930,000 bales of cotton from being marketed," said Harlan Smith, extension plant pathologist, who compiled the information for the Cotton Disease Council.

Besides the \$156 million cash loss to producers, there were losses of business to farm labor, railroads, trucking companies, suppliers, compress companies,

storage facilities and other phases of the industry. Diseases also were a major factor in grade reduction and a limiting factor in yield.

This loss occurred even though 1958 growing conditions were generally good as record yields were harvested in many areas, Smith said.

Major diseases and estimated loss due to their effect on yield were bacterial blight, 7.31 percent; root rot, 3.18 percent; verticillium wilt, 3.06 percent; seedling diseases, 3.0 percent; and boll rots, 0.92 percent. Other diseases causing losses were root knot nematodes, fusarium wilt and ascochyta blight.

These average figures don't give the true picture because in

areas where diseases struck the hardest losses ran into ruinous figures, pointed out Smith. For example, root rot was estimated to have caused a 25 percent loss in the Central Blackland area. Seeding diseases were especially damaging in the Lower Rio Grande Valley and in some North Texas areas. Bacterial blight caused damage throughout most of the state.

Billy Ray Henson of Texas Tech in Lubbock spent the week end with his parents, Mr. and Mrs. H. D. Henson.

Don Bowman of Texas Tech in Lubbock was a week end guest of his parents, Mr. and Mrs. Floyd Bowman.
