Odd Bits Salvaged
By The Editor

We disturbed some dogs out at the Walter Jungman farm last Saturday when we went out with Harvey Lee and H. F. Jungman to take pictures of their century plant and told Mrs. Jungman: "We have more photographers than you can shake a stick at."

k-k

As the dogs quieted down, we heard the "chatter" of another farm personality — the lowly guinea fowl. "There's the watchdog of the farm," she said, as the guinea almost invariably makes a racket when someone arrives. "We have about 75 of them," Mrs. Jungman said, "did have more than that but something happened to some of them. The guinea nest all over the place, generally in far-off places along fence rows or down among the mesquite in the pasture. Anyway, it had been a long time since we've heard so much guinea racket."

k-k

We used to have them when we were a kid on the farm, but they nested so far away that the ravages of wolves kept the numbers down. We've eaten guineas and guinea eggs. Not had eating in a fight!

k-k

And speaking of eating, we noticed just Monday where a new Texas industry has been cited by the Texas Legislature as Luling's watermelon-on-a-stick confection plant that is now being readied for the 1959 melon crop.

k-k

This has been made possible through the resourcefulness and inventiveness of LeRoy Nelson of Minneapolis, Minn., who has developed and patented a process of making pure frozen watermelon on a stick, known as the "Mell-O-Nice," thereby preserving the delicacy for year-around pleasure for watermelon lovers everywhere.

Some time ago, quite a bit was said and printed about juvenile delinquency. We recently ran across "Ten Commandments for Parents" in which some home remedies for juvenile delinquency were given. We swiped them, and are passing them on to you:

1. Thou shalt guard thy children in the home and on the street.
2. Thou shalt make thy home a sanctuary of love and devotion.
3. Thou shalt honor the teachers of thy children and teach thy children to honor them.
4. Thou shalt not condone the faults of thy children through a misguided sense of loyalty.
5. Thou shalt teach thy children respect for the law and keep them from the companionship of children who indicate disrespect for the law.
6. Thou shalt not lead thy child into temptation by providing him with the means thereof, to-wit: Too much money, a car and adult privileges.
7. Thou shalt enforce decency in the dress of thy daughters and dignity in the dress of thy sons.
8. Thou shalt protect the morals of thy children from the indiscretions of youthful ardor and inexperience.
9. Thou shalt conduct thine own affairs in such a manner as to set an example worthy of imitation by thy children.
10. Thou shalt not permit thy children to bear arms except in the service of thy country.

Reducing Studio To Open June 25th

Mrs. Florence Yarbrough, owner, has announced that the Slender Form Reducing Studio will be opened in the former Yarbrough Hotel Coffee Shop on Thursday, June 25, and will be honoring all ladies of this area on that date. Everything will be free during the hours of 9 a. m. to 3 p. m.

This studio is equipped with the very finest of health studio equipment to reportion the figure. The entire studio is coin-operated, and you may come and use the machine of your choice.

"We believe the ladies of this area will appreciate our studio because of the great results it will give at a minimum of cost," Mrs. Yarbrough said. "It's fun, it's relaxing, it's reducing, and we invite you to visit the studio and enjoy its facilities."

Mrs. Tom Sparks Dies; Funeral Is Held On Sunday

Mrs. Tom Sparks, 66, resident of Munday since 1924, passed away last Saturday morning at the Knox County Hospital.

She suffered a heart attack on Friday. She had recently been hospitalized a week for treatment of a diabetic condition.

Mrs. Sparks was born in Tennessee and came to Munday in 1921 with her husband, a retired farmer. She was a member of the Church of Christ of Munday.

Funeral services were held from the Church of Christ in Munday at 2 p. m. Sunday with Minister Payne Hattox officiating, being assisted by Minister Harold Paden. Burial was in Johnson Memorial Cemetery under the direction of McCauley Funeral Home.

Survivors include her husband; five sons, Clarence of Hawley, L. C. of Fort Morgan, Colo., Dan of Hawley and Ray and Buddy of Abilene; four daughters, Mrs. W. S. Hatfield of Lubbock, Mrs. Roy Phemister of Big Spring, Mrs. Everette Kaines of Sagerton and Mrs. Elvis Blake of Munday; three sisters, Mrs. Francis Harrington of McKinney, Mrs. Nellie Green of Greenville, and Mrs. Susie Hicks of Merkel; 18 grandchildren and 3 great-grandchildren.

Oil Activities

Anderson Petroleum Account has completed No. 2 Walter Moon in the Goree Field, three miles northeast of Goree. The well pumped 38 barrels of 35 gravity oil per day from pay perforated at 1668-78 feet. Total depth was 1711.

Staley Oil Co. No. 1 C. W. Hill is a 2200-foot wildcat, three miles west of Munday.

Fletcher Oil and Gas Drilling Corp. of Dallas will re-enter and deepen to 500 feet a previously abandoned wildcat, the No. 1 R. C. Hamilton B-2, three miles northwest of Knox City. A. R. Dillard et al originally drilled the test and plugged it at 2593 feet in May, 1957.

Another wildcat staked the latter part of last week is Walsh and Watts No. 2 Bewley, four miles south-southwest of Benjamin, to 2500 feet.

Mr. and Mrs. Zane Franklin and Laura Gladys attended the Franklin family reunion in Rule last Saturday and Sunday.

TO TAKE IT EASIER AND DO SOME FISHING . . .

After 30 Years In Funeral Business In Goree, J. W. Laningham Has Retired

Approximately 30 years ago, a small stock of caskets arrived in Goree, and this Knox County town had its own funeral home. The owner was J. W. (Bill) Laningham, who was already operating two successful businesses but who decided Goree needed its own funeral director.

After thirty years of courteous and conscientious service to the community, Bill Laningham has retired from the funeral business. This became effective on Monday, June 15, when he sold his funeral coach, stock of caskets and other equipment to Charles McCauley of Munday and announced that he was going to take it more easy for a while.

"I've lived with the telephone 24 hours a day for the past thirty years," he said, "and now I plan to relax some, do some fishing, and take it more easy than I have in the past."

Although the funeral business was new to Mr. Laningham back in 1929, he was not a new businessman to the people of Goree. He has operated his hardware store there for some five years, opening it in 1924, and was the town's tinner and plumber for several years prior to that.

He started his business career back in 1910 when he began his apprenticeship as a tinner under Lee Mead of West Texas Supply Co. He operated a tin and plumbing shop until 1935 or 1936, and in his earlier days at the trade he became an expert tinner, having the reputation of being able to repair anything that could be repaired in a tin shop. People still say: "If it can be fixed, Bill can fix it."

So when Bill Laningham de-

Golf Tourney To Open Friday

A golf tourney will be inaugurated at Lake Creek Golf Club at 7:30 p. m. Friday, June 19, with a barbecue dinner, it was announced Wednesday. A driving contest, pitching and putting contest will also get underway at 6:30 p. m. with prizes for the winner and runnerup in each event.

Everyone who attends the dinner will be eligible for the contests.

Players may qualify by 6:30 p. m. Friday, or may use their average score on handicap card for qualification. Pairings will be posted at the club house following the dinner.

The tournament will be match play by flights, with each flight being made up of eight players. Matches must be completed by Sunday, June 28. Prizes will be awarded the winner, runnerup consolation winner and runner-up in each flight.

The board of directors emphasize that the course is in good shape, and they have made arrangements to spray the entire area for mosquitoes. They urge every member to participate in the tourney.

No player will have to play more than three matches to complete his flight, and these may be arranged at the convenience of the players.

BILLY ROYCE WEIRS PARENTS OF SON

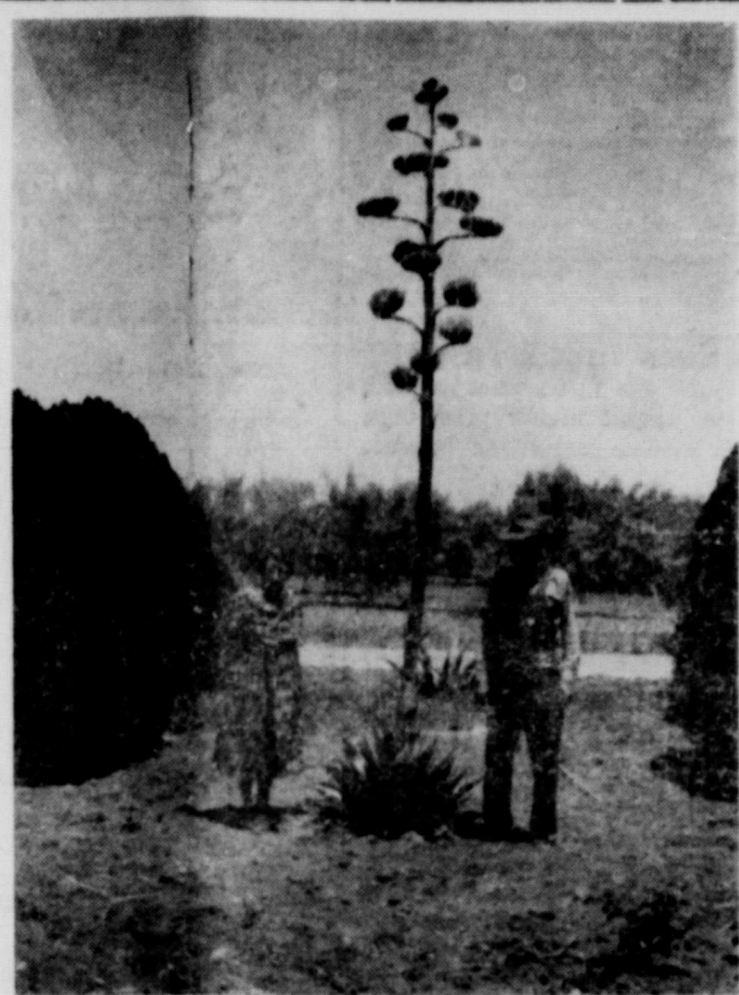

Mr. and Mrs. Billy Royce Weir are proudly announcing the arrival of their beautiful baby boy. The baby was born at the Haskell County Hospital June 3 at 3:05 p. m. He weighed 7 pounds and 5 ounces and was 20 inches long. His name was carefully chosen for him. He was named after his granddaddy, Daniel Oran Chamberlain, his uncle Jerry Dan Chamberlain and his proud father. What else could his name be but of course Daniel Royce.

Dedication Of Lake Davis on League Ranch Near Benjamin Is Held Recently

Dedication ceremonies were held recently at the lakesite for Lake Davis, private irrigation project on the League-Davis Estate ranch, about 5 1/2 miles southeast of Benjamin.

Present for the dedication ceremony were Mrs. Gladys Davis of League City; Mrs. D. S. Gauss, New Canaan, Conn.; Waters S. Davis, III, Roger and Jerry Davis, Jack Gray, and other close relatives and friends interested in the project.

Jack Idol, manager of the League-Davis Estate, gave the

dedicatory address in which he paid respect to the late Waters S. Davis one-time Conservationist, National President, whose desire was to have the dam constructed.

On the north side of the lake near the dam, a monumental marker erected reads: "Dedicated to Soil and Water Conservation in Loving Memory of Waters S. Davis, Jr." with a reproduction picture of his hands holding soil, and these words below: "The Earth is The Lord's."

The huge irrigation project with the dam on Double Dutchman Creek, will impound some 4,500 acre feet of water, and will be the largest body of water in the county. Covering approximately 500 acres of land, it is about six times as large as the 729-acre-foot Benjamin Lake.

The damsite is about two miles east of Highway 283, midway between Benjamin and Knox City and when the lake is full of water it will be backed up to the highway.

Lyles and Davis of Childress were contractors. Idol said around 1,000 acres adjacent to the lake could be irrigated.

DINNER AT COREE

The Goree Cemetery Association is sponsoring a dinner at the memorial building on Friday, June 19. The dinner will be \$1.00 per plate and serving will begin at 11:30 a. m. The public is invited to come out and enjoy a good feed.

Mrs. J. O. Tynes returned home last Wednesday from two weeks visit with her sister, Mrs. T. M. Anderson, in Wichita Falls.

The Merriott sisters of Stamford, Linda, left, and Pat, are grooming "Bud Turner," one of their four registered quarter horses, and who will ride in the parade of the Texas Cowboy Reunion at 4 p. m. July 2 and make a special appearance the afternoon of July 4. Linda has twice won the Texas championship in barrel races and appeared in the national high school shows.

Century Plant At W. A. Jungman's Farm Home Is Now In Full Bloom

Mr. and Mrs. W. A. Jungman will soon be in the market for a new century plant at their farm home six miles north of Munday. Their present plant, which they have had for 18 years, is now in its last stages of life.

Although reputed to bloom once each century, the plant actually has a life span of about 35 years and invariably dies after blooming only once.

The plant, said to actually be

a member of the lily family, is a native of Old Mexico. Mr. and Mrs. Jungman secured it from Mr. Jungman's brother, A. G. Jungman of Pep, 18 years ago.

The plant is 15 feet tall, with the blooms starting about 10 feet above ground. Last Saturday, the lower blooms showed signs of dying, while the top ones were not quite in full bloom. It is said the plant will remain in bloom some two weeks.

This is the second century plant to bloom in this area during the past few years. One bloomed at Benjamin some two years ago.

Visitors interested in seeing the rare occurrence of a century plant in bloom are invited to visit the Jungman's farm home.

Art Jungman, 78 Dies On Sunday; Rites Tuesday

Art Jungman, 78 retired area farmer and resident of Knox County well over a half century, passed away at 9 p. m. Sunday in a Haskell hospital. He had been in failing health for several years.

Mr. Jungman was born on September 25, 1880, at Welcome, in Austin County, and moved to Knox County in 1900. He farmed in the county for a number of years before retiring several years ago.

Funeral services were held at 9 a. m. Tuesday from St. Joseph's Catholic Church in Rhineland with the pastor, Rev. Anthony Shroeder, officiating. Burial was in St. Joseph's Cemetery under the direction of Pinkard-Smith Funeral Home of Knox City.

Survivors include one daughter, Mrs. John Michels of Munday; four sons, Aloys Jungman of Aspermont, Ed Jungman of Fort Worth, Anton Jungman of Plainview and Wallace Jungman of Abilene, and several grandchildren.

Other survivors include a sister, Mrs. Ida Hertel of Benjamin, and six brothers, Willie and Adolph Jungman of Munday, Lee Jungman of Bakersfield, Calif., and Emil Jungman of San Angelo.

Jaycees, Knox City Lions To Play In Donkey Ball Game

Announcement has just been made that the Munday Jaycees have entered into a contract with Ralph Godfrey of Crescent, Okla., whereby the famous Godfrey Donkeys are to appear here in their comedy version of a ball game.

The game will be a contest between the Jaycees and the Knox City Lions Club, and will be staged on the Pony League field in Munday on Tuesday night, June 30. A return match is scheduled at Knox City for Wednesday night, July 1.

Such bronc-bustin' Jaycees as Troy McKnight, Hal Weigel, Spike Bryan, Buster Carpenter, Gene Kissing, and others will be riding the stubborn brutes for Munday.

The game is reputed to be better than a rodeo and funnier than a circus, and the public is urged to keep the date in mind, come out and see the fun. Advanced tickets will be on sale soon.

Mrs. R. C. Duncan Dies On Monday At Daughter's Home

Funeral services were held at 2:30 p. m. Tuesday from the First Baptist Church in Munday for Mrs. Richard C. Duncan, 66, who passed away at 1 a. m. Monday at the home of her daughter, Mrs. O. B. Peddy of Munday.

Mrs. Duncan, who broke her hip May 5, has been in ill health for two years.

Harold Paden, minister of the Church of Christ in Munday, officiated and was assisted by L. B. Patterson a member of the Baptist Church. Burial was in Johnson Memorial Cemetery under the direction of McCauley Funeral Home.

Mrs. Duncan was born on October 12, 1892, in Indian Territory and married Richard C. Duncan on September 9, 1912, at Jacksboro. She had lived with Mrs. Peddy since last January, when she moved here from Electra.

Survivors include her husband of Munday; three daughters, Mrs. Mary Hecker of Abilene, Mrs. O. B. Peddy of Munday and Mrs. Bill Hayes of Midland; three sons, R. C. of Dollarhide, Calvin of Miles City, Mont., and Arnold of Jal. N. M.; her father, R. D. Burton of Chula Vista, Calif.; and four sisters, Mrs. Bell Scarborough of Wichita Falls, Mrs. Mary Johnson of Jolly, Mrs. Grace Wells of Bakersfield, Calif., and Mrs. Audie Lloyd of Chula Vista, Calif.; and nine brothers, Albert Bruton of Electra, J. J. of Washington, Frank and Hubert of Anchorage, Alaska, Tom of Chula Vista, Calif., Billy of Modesto, Calif.; and Robert, Oscar and Vernon of California.

Range Tour To Be Held June 24

The Wichita-Brazos Soil Conservation District and the Extension Service are planning a range tour next Wednesday, June 24. The tour will start in Benjamin at 9:30. Plans are to end tour at the new Lake Davis, where Jack Idol, manager of League-Davis Ranch, will give a short history of the new lake.

Guest speakers will be Doug Robison, range specialist with the Spur Experiment Station, who will talk on brush control; B. J. Ragsdale, range specialist with the Extension Service, whose subject will be range management; Joe Norris, range specialist, will represent the Soil Conservation Service and will speak on the Great Plains Conservation Program.

J. H. Louwrens, extension worker from Southern Rhodesia, will accompany Mr. Ragsdale on the tour. Mr. Louwrens works in the conservation and beef cattle field in the 15-20 inch rainfall belt in Southern Rhodesia. He is visiting the United States and is studying management practices in this area.

Everyone is invited. A bus for transportation will be furnished and if needed additional transportation will be provided.

Cemetery Cleanup Set For Weinert

The Weinert Study Club is sponsoring a cemetery clean-up next Friday and Saturday mornings.

Everyone interested is asked to come and help with this work. Rakes, power mowers and heavy forks are especially needed. Workers will begin at 6:30 a. m.

Mrs. Henry Volkuffa is chairman of this club project. Clyde Mayfield is president of the cemetery association.

HORSE SENSE — AND TRACTORS

The farm equipment companies of this country put safety high on their list of objectives. The machines are designed to reduce hazards of operation to a minimum. Yet an appalling number of accidents, many of a most serious nature, continue to occur each year.

The prime reason why this is so is simple: Individual carelessness, ignorance, and indifference.

As an example, modern tractors have power take-offs. The revolving shaft presents a major hazard if left bare, so shields are provided. But to keep the shield properly in place is apparently an inconvenience to some farmers. So, it has been found, the shields are often removed — and injuries and fatalities follow.

A few years ago, at the Iowa State Fair, a little survey was made on the farm equipment accident question. Of some 600 people who filled out cards, only one thought the machines were at fault. All the others placed the blame on human frailty of one kind or another. They also made various suggestions like these: Slow down. Don't get too tired. Be alert. Follow manufacturers' instructions. Use the shields provided. Stop machines before adjusting or serving. Use safety lights and reflectors when on public roads at night. Buy good machinery and maintain it properly. Keep children away from the machines.

Advice couldn't be simpler — or sounder. Safety, so far as modern farm equipment is concerned, is just a matter of down to earth horse sense.

Because Alaska "has the beginnings, but only the bare beginnings" of an oil industry legislation is needed to increase the amount of public land acreage which may be held under lease or option, according to Senator Ernest Gruening. He, in company with Senator Bartlett, have introduced a bill to raise the limitation from a total of 50,000 acres to 1 million.

At least 35 species or subspecies of poisonous snakes are known in the United States. Bites are estimated at 3,000 a year, but the death rate is low — 10 to 20 a year. It is pointed out, however, that the hazards may increase as camping and other outdoor activities become more popular.

This fiscal year the interest on the national debt will total \$7.5 billion. Next fiscal year it will exceed \$8.1 billion.

CHEAPER THAN THEY SEEM

Some things may be said to be "cheaper than they seem." That is, despite higher price tags, they actually take a smaller part of our incomes than they used to.

For instance, the Department of Agriculture reports that in the past 10 years spending for food has declined from 30.5% of total consumer expenditures to 25.7%. And spending for clothing and shoes has declined from 10.2% to 8.6%. A comparable situation exists in other universally used commodities sold at retail.

Various factors have made this possible in an age of inflation. And one of the more important of them has been the steady development of efficient, economical mass distribution. Retailers, faced with the toughest kind of competition, and with a demanding public which searches for the best buys, have pared costs in every possible direction. The savings, for the most part, have been passed on to the customer in the form of lower price or better quality. And retail profits remain very low — a cent or a cent and a fraction on each dollar in the case of food chains, for example, and but a few cents in the case of other goods.

The result is that most of us eat better, dress better, and live better than we ever did before.

INFLATION — EDUCATION!

Oswald West, governor of Oregon from 1911-1915, recently observed his 86th birthday. A man of definite convictions, he has always expressed himself in plain English on public questions.

In a published interview on his birthday he didn't mince words on inflation when he said: "I am thankful that I joined Teddy Roosevelt and Gifford Pinchot in the conservation movement . . . for now we have ample timber from which to mill the paper to supply the material to make the irredeemable paper money."

On the tax and financial problems of the state which the recent Oregon Legislature left unsolved he said: "They're all college graduates but not one of them knows how to add or subtract."

On the subject of higher education and school and college facilities which are troubling Oregon and most states he said: "About 25 per cent of the students in college aren't going to get an education. They're there to play football, or do something else besides study. If these were choked off in high school, it wouldn't be necessary to build so many buildings."

The springtime peddlers of "bargain basement" seed are again at work trying to dupe unwary Texas farmers into the purchase of their illegal and doubtful wares.

Texas Department of Agriculture inspectors are tracking down all leads into operations of fly-by-night seed hucksters reported operating within the state whose misrepresented seed is a potential menace to our farmers.

Under the state's agricultural laws, all field seed offered for sale in Texas must bear a Texas Tested Seed Tag regardless of where the seed comes from. This tag gives required information as to the value and qualities of the seed and the name and address of the person or grower offering it for sale. The exception is an individual farmer's seed production when not advertised outside his home county nor transferred by common carrier.

The seed salesman in question are operating in violation of the law by offering unregulated seed for sale in Texas. These salesmen often operate as truckers with stock samples from which the unwary farmer may book for future delivery. The unregulated seed which they actually deliver could be below official tolerance levels in fertility and purity and also in fertility harmful percentage of noxious weed seed capable of contamination good farm land. As any farmer knows, contamination of good land by such hard-to-eradicate weeds is worse than a plague of grasshoppers.

Although farmers should apply the same precaution in buying any planting seed, the major concern

Mrs. Lloyd Bowden and Ronnie of McCamey and Mrs. M. L. McCamey and Mrs. M. L. Joyce Joyce and Joe of Albany visited Mrs. J. B. Bowden last week.

Helpful Hints For Vacationers Given By Safety Council

More people vacation in July, August and September than during any other three-month period of the year.

Most people who travel those months will make the trip by car.

About 3 out of 10 trips during the period will be less than 100 miles. More than half will be less than 300 miles.

With these facts in mind, the National Safety Council issued these helpful hints for vacationers:

Before you start your trip—
1. Jot down the items you want

to take along. You'll think of more things to add to the list as the Big Day approaches. And you'll probably eliminate a lot of the excess baggage.

2. Have your car serviced thoroughly. Pay special attention to lights, brakes, tires and steering.

3. Make sure you take along such items as a first-aid kit, spare tire and jack.

On the way to your vacation spot, the Council says:

1. Pay strict attention to your speed. And obey traffic signs—they're your signs of life.

2. Look out for the other fellow. A good driver is a defensive driver.

3. Don't overdo it on the road. Take rest stops often, and limit your day's driving to 300-400

Mr. and Mrs. Doyle Aaron Blair, Jr., above, are making their home at 219 1/2 West 2nd St. in Odessa following their marriage on Sunday, June 7, at the Gillespie Baptist Church. Mrs. Blair is the former Lovetta Carol Chaburn, daughter of Mr. and Mrs. Earl C. Chaburn.

And when you arrive at your destination—
1. Don't overdo it! "Fun is fun," the Council agrees, "but too much exercise can be dangerous. Play in moderation—and rest when you're tired."
Other suggestions:
1. Swim only as far as you know you can.
2. Look where you're diving. Before you dive, find out about underwater obstacles and the water's depth.
3. Enter cold water gradually.

Miss Opal Booe, James Berger Are Married June 6th

Miss Opal Booe, daughter of Mr. and Mrs. J. B. Booe, Sr., became the bride of James Berger, nephew of Mr. and Mrs. Tom Firestone of Henrietta on Saturday evening, June 6, at 6 o'clock in the parsonage of the First Methodist Church of Munday.

Rev. Rex L. Mauldin, pastor, officiated at the double-ring ceremony, with Mrs. Mauldin as attendant.

The bride wore a white street-length dress trimmed with imported lace, white accessories and an orchid corsage.

A reception was held following the ceremony in the new home of the bride and groom. The table was covered with a white lace cloth over pink and centered with the wedding cake. Appointments were crystal.

Hostesses for the occasion were Meses. W. O. Mays, Lila Masters, Walter Caddell, Ed Jetton, W. C. Nance, Alvin Reid and Jack Stewart.

Goree 4-H Club Enjoys Picnic At Mansfield Park

The Goree 4-H club girls held a picnic recently at Mansfield Park. Swimming and games of horseshoes were enjoyed by all.

Miss Kinsey met with the girls during a business session and discussed and planned the summer clothing workshop. The workshop will be held in the Memorial building at 2:30 p.m. Friday, June 19. All girls interested are asked to be there at the above time.

Those who enjoyed the outing were Sandra Yates, Pat Knight, Margaret, Carol and Shirley Jackson, Lynell Jetton, Jan Roberts, Beverly Harlan and Glenda Hutchens. Mothers attending were Meses. Felton Jackson, Bill Yates, Tommie Harlan and guests Danny Jackson and Danny Ray Miller.

Mr. and Mrs. Rich Kunkel of Megargel and their granddaughters, Jill, Jane and Susan Kunkel, of Olney were Sunday guests of Mr. and Mrs. Jeff Mitchell.

Plastic Coverings Should Be Kept Out Of Children's Way

"Thin plastic coverings — such as laundry bags, vegetable bags and dry goods wrappings — were responsible for more than 20 deaths during the first quarter of this year.

J. O. Musiek, general manager of the Texas Safety Association made the above statement today, in his Austin office, as he discussed one of the newest hazards to appear in the American home.

Musiek said that no accurate

statistics have been compiled that would as yet give a true picture, but that a poll of 48 state health departments were recently made by the National Safety Council and revealed that as many as 100 children may die during 1959 in mishaps involving plastic coverings.

"News reports alone, in recent months, have given sufficient evidence that thin plastics are a menace when left within easy reach of small children," Musiek said.

He explained that the danger lies in the fact that thin plastic will cling to the skin, sometimes causing infants to suffocate.

"Static electricity, similar to that on a comb after having been run through hair, is generated on the thin plastic in handling. Any

youngster getting the bag close to his face is likely to have it literally grab him through an electrical attraction.

"Also, in at least two cases, children have died from chewing off bits of plastic which lodged in the windpipe.

"Another hazard especially among older and stronger children, is created if the child puts the bag over his head. Before long he is breathing deadly carbon dioxide. The dizziness, inability to react promptly and muscle spasms occur with more rapid breathing. Before the victim realized it, he is too weakened to tear the plastic from his face."

The safety expert said the remedy for such accidents is merely

one of common sense and that once parents are told that these particular plastics are dangerous, most of them will simply keep the plastics away from small children, just as they would a poisonous insecticide or medicine.

News From The U. S. Congress

By Congressman Frank Ikard

Now it is apparent that Congress will appropriate in excess of a billion dollars less than requested in the President's budget. This should mean that the budget will be in balance next year. It was projected that there would be a balance even at the budget figure that the President had recommended. This is an encouraging sign, particularly in view of the fact that this year we will see the largest peace-time deficit in history.

This week the House will be considering H. R. 3 which is a bill to assure to the States many of their historic rights. It provides that the Acts of Congress shall not overrule State laws unless there is a special provision to that effect. The purpose of the bill is to reverse several of the recent Supreme Court decisions. I hope that it can be quickly approved by the Congress.

We are, in many respects, continually preoccupied with our relations with the countries in Western Europe and the Far East and are prone to forget the importance of maintaining our present excellent relations with our two closest neighbors, Canada and Mexico. Our boundaries with these countries are the longest unfortified boundaries in the world, and our trade with them is essential to our economic well-being. This week there was created a commission to deal with the troublesome economic problems that exist between this country and Canada. This commission will be followed, no doubt, by one that will have the same purpose with respect to Mexico. The work of this group should be fruitful, and the study of many of the questions in which we have a common interest with Canada and Mexico is long past due. The commission will be made up of equal numbers from the Senate and the House of Representatives. I am pleased to have been named to serve as one of those from the House.

The problem of managing our tremendous National debt was brought into focus this week by the request on the part of the Administration to increase the debt ceiling. I hope that the proposal offered by Congressman Wright of Fort Worth and myself to set up a systematic way of paying off the debt will be adopted shortly.

Mr. and Mrs. Bob Fing and daughters, Eileen and Jean, of Haskell, were visitors in Washington this week. Mr. and Mrs. W. F. Riggs of Jacksboro and Colonel Norman Locksley of Denton were also visitors.

How To Display Old Glory

There are "right" and "wrong" ways to display our American Flag. Texaco's free Flag History and Historic Touring booklet, gives these official American Flag Foundation rules:

YOUR FLAG'S blue field must be at the top if displayed from a staff at an angle from your home. If displayed from a horizontal rope or pole, flag should be hoisted out with blue field first.

HALF-MAST: When flown at half-mast, flag should be raised to peak, then lowered to half-mast. Before lowering, hoist to peak for an instant. On Memorial Day, flag is flown half-mast till noon, then raised to peak.

FLAG ETIQUETTE rules that our flag should never touch the ground. For decoration use red, white and blue bunting, but never drape or tie OLD GLORY.

WITH OTHER FLAGS: Our flag should be flown at top. Only flags of states or cities, or pennants of societies may be flown on same halyard.

MUNDAY, TEXAS

Weekly Health LETTER

Issued by Henry A. Holle, M. D., State Health Officer

According to the calendar, summer doesn't start until next week. But according to the weather, summer has been here for quite some time now.

For those of us who must battle the heat, a few simple health rules will go a long way in making the hot Texas summer a little more bearable.

First of all, avoid heavy meals,

they are difficult to digest in hot weather. Fewer protein foods such as eggs, fish and meat should be eaten, with more emphasis on fruits and vegetables.

Perspiration causes much fluid loss during the day and must be replaced. Fruit juices — two or three glasses per day — make a pleasant way to make up the loss. But don't gulp down large amounts of ice water when overheated.

The body also loses salt through perspiration, so that if your work or exercise causes you to sweat profusely salt should be replaced with salt tablets — about one every half hour with a glass of water.

Parents can place extra salt in the children's diet with salted nuts

or crackers plus a little added salt during meals.

Clothing plays an important role in keeping cool. Loose, light clothing is highly recommended for summertime year. Normal body temperatures are dependent on the evaporation of sweat.

Clothes which inhibit evaporation should be avoided. Also, it is well to remember that white or light colors are cooler than dark. Since they do not absorb hot sun rays so readily.

It's smart to get some exercise all year round. But it can easily be overdone in the summer. Long periods of hard yard work or active game of tennis should be confined to the cooler parts of the day.

Swimming is one of the best summer sports, provided the proper safety rules are followed—including not swimming alone, getting chilled, waiting at least an hour after meals, and avoiding tiredness.

It is important to keep up your physical condition during the summer months by adequate sleep and a good idea to have your annual check-up before indulging in any strenuous summer activities. (Feature of Texas State Department of Health).

Lee Haynes attended the Methodist district trustee meeting in Stamford last Friday night.

IT'S THE LAW
in Texas
A public service feature of the State Bar of Texas

ANCIENT JURORS AND ADVOCATES

Speaking before juries—the beginning of jury trials—goes back to Greek colonies in Sicily about 600 B.C., in lawsuits over lands seized by tyrants.

Soon Athens itself took over such oratory, but appears to have worked out no rules of evidence or judicial control of the trial.

Juries often cheered or booed the parties. They talked together and shouted back to the speakers. What one man knew about the case he told his neighbor.

All evidence could go: Personal knowledge, hearsay, prejudice, and the juror's opinion.

The Athenian jury had power. Each "diast" (chosen by lot) was both juror and judge. Each juror got one obol a day — about three cents.

Each accused person had to come before the jury personally to defend himself — which was especially hard if he didn't know the art of advocacy, since he was assumed to be guilty.

Indeed, many held that if Socrates had taken independent advice he would never have offended the boisterous and biased Athenian jury which sentenced him to the hemlock there on the hillside in 399 B. C.

Less outspoken defendants in

those days sought bootleg legal advice.

Antiphon (415) ghost wrote and sold briefs to clients who had to put their own cases to the jury. He set out four steps of an Athenian trial: (1) the accuser's charge, (2) the accused's reply, (3) the accuser's reply, and (4) the accused's response.

Afterwards the jury let the accused off or found him guilty. The jury sentenced the guilty then and there, allowing some—Socrates, for one—to propose their own penalties, and even to bid them upward if they failed to please the jury.

After the trial, the speakers (or in Socrates' case, his friend Plato) often worked their talks over, and set them out for friends to admire or criticize.

What appeals were used to win the jury over? Pretty much the same ones we hear today. Aristotle listed a few:

The values the jurors shared with the speaker — reverence for justice, the law, and the city's founding fathers; the sanctity of the juror's oath; the verdict's effect upon public and foreign opinion, and sometimes upon women and youth.

This column, prepared by the State Bar of Texas, is written to inform not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.

Mr. and Mr. C. A. Howell of Plainview visited her mother, Mrs. Ida Nance, and sister, Mrs. Vera Patterson, and Patti over the week end. Dick Patterson, who spent the past two weeks in Plainview, returned home with them.

Tax-Man Sam Sez:

According to the amount of income tax we pay, our economy in the northern half of Texas is growing at the rate of 4% per year.

Most of us wish that our own personal economy would grow much faster. One way to make it grow faster is to read your instructions and save on your tax dollars. If you want the government to have the money you can loan Uncle Sam the money you save on your taxes by buying U. S. Savings Bonds and drawing interest off of Uncle to help your personal economy grow.

At any rate it always is a good idea to know more about the taxes on your business. It always is a good idea to know more about the taxes on your business. It always saves money

and even if you find you owe more you save trouble with the tax men and that is always a worthwhile saving.

Wheat Growers To Vote July 23

Marketing quotas for the 1960 wheat crop were proclaimed on June 1 by Secretary of Agriculture Ezra Taft Benson. This seventh successive proclamation of wheat marketing quotas is required by a wheat supply that is 99.6 percent above the normal supply level.

The Texas share of the 1960 wheat allotment will be 4,092,251 acres, which is nearly 7,000 acres less than the 1959 allotment of 4,099,094 acres.

Benson proclaimed a national wheat acreage allotment of 55 million acres, the minimum permitted by law, and announced State shares of the national allotment. He also set July 23, 1959, as the date for a referendum to determine producer approval or disapproval of quotas and announced a 39-state commercial and a 10-state non-commercial wheat-producing area for 1959.

If producers approve marketing quotas, under the proclamation announced June 1, the national average support price available to eligible growers in the commercial area will not be less than the minimum support to be announced before the referendum. On the basis of the present supply of wheat and present legislation, the legal minimum wheat support price for the 1960 crop would be at 75 percent of parity. Individual farm marketing quotas will be the normal production of the actual production from the farm acreage allotment whichever is larger.

The 1960 national wheat acreage allotment of 55 million acres is the minimum fixed by law and is the same as for the 1958 crop. If the allotments had been determined solely on the basis of the law's supply formula, the 1960 allotment would have been zero acres.

At least two-thirds of the pro-

ducers voting in the referendum on July 23 must approve quotas for the 1960 crop if they are to be in effect. Growers who will have more than 15 acres of wheat for harvest as grain in 1960 in any one of the 39 commercial wheat States come under the regulation of quotas and will be eligible to vote in the referendum.

37-Year-Old Stamford Man Father Of Three Named Baptist Father Of Year

Alton McClellan, 37-year-old Stamford father of three children who manages a full-time business from a wheelchair, has been named the 1959 Baptist Father of the Year. McClellan says he believes fathers should play more with their children and be more liberal with old-fashioned discipline when it is needed.

A victim of infantile paralysis for 16 years, he and his family lead normal lives, filled with hobbies, music lessons and church activities.

Jointly sponsored by the Baptist Standard, state denominational newspaper, and the 1 1/2 million-member Baptist General Convention of Texas, the award is made each year to honor Texas Baptist fathers who have made outstanding contributions to Christianity.

Life as McClellan now knows it began during World War II after he returned from a mission with the first all-American raid over Rome. He was stricken with polio. After weary months he reached Boston on a hospital ship and then spent 14 months in an Arkansas VA hospital.

He came out of the hospital in a wheelchair, only partially recovered. He resumed his education which had been interrupted by the war and transferred from Tarleton State to the University of Texas. Shortly after, he married the former Miss Betty Jo Mahood of Stamford. The couple now have three children—Susan, 13; Bobby, 11; and Billy, 8.

A traveling job was offered McClellan after graduation, but he did not want to "drag the family around the country."

He joined the Stamford radio repair service business owned by

Alton McClellan

his father, who died in 1953. Mac now runs the shop, largest in town, which he has expanded to include television repair.

The McClellan children reflect the Christian stability of the home. All three accepted Christ at the age of five.

Their music teacher said of Mac, "He is interested in what his children are doing and that they are doing what is right."

His plain-spoken advice to young fathers is, "So live before your children that they can see what the Sunday school teacher is teaching them." He believes the greatest problem young fathers have is trying to place the right value on the right thing. He said too often fathers covet Sunday as their day and simply drop the children off at Sunday school.

In addition to teaching a class, Mac has been a deacon for six years, is an officer in Brotherhood, teaches in study courses, is active in Training Union and takes part in all church activities.

He is an avid sports fan and likes to fish and hunt.

And still he finds time to sing with his daughter, wrestle with the boys, and wash the dishes for his wife.

An independent streak in both Mac and Betty makes them like to do their own getting along. And Mac is known, not for his hand-icap, but for his consecration, his knowledge of the Bible, his faith and his good humor.

'Pro' Drivers Made Not Born

By Martha Johnson Dodge Safety Consultant

You, too, can be a professional driver.

In fact, it's important that you are as professional about driving as the trained truck, bus and taxicab driver.

To acquire this technique the National Safety Council lists these driving "extras."

Obey traffic signals and never get caught moving in an intersection when the traffic light is yellow.

Look both ways before starting on the green light to make certain no cross traffic is coming through against the light.

Allow one vehicle length of following distance for every 10 miles per hour of speed.

So you won't crowd the center line, line up a point on the dash or hood of your car with the road edge to keep the wheels safely within one foot of the road edge.

Look to the rear before pulling into the left lane to pass a car to make certain no vehicle is trying to pass you.

Slow down for all pedestrians at all times, particularly between intersections.

Don't drive when drowsy and don't relax too much while driving, particularly on superhighways.

On long trips, don't try for speed and endurance records.

And finally, professional drivers are made—not born. Ability behind the wheel depends on knowing the facts about traffic regulations, accident prevention techniques and the human nature of traffic behavior. To keep "the professional touch," a driver never should stop learning.

Knox Prairie Philosopher Finds Good Reason Finally For Going Ahead In Effort To Conquer Space

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek must have some bills he can't pay, his letter this week indicates.

Dear editor:
From time to time I have poked a little fun at all the excitement some people work up over exploring outer space. I've been contending that when we finally get a man into space, he may find there's nothing out there, at least nothing half as interesting as what he already had on earth, and all that money we're spending may be in vain.

But now I wish to revise my opinions a little. After long thought and meditation, I have figured out a reason why we ought to go ahead and explore space.

I thought of it the other afternoon while I was reading a newspaper I picked up a day or two before. Some people think if they don't read a newspaper the day it's published, it's not worth reading, but I've found you can wait two or three days and read it and sometimes get more out of it than you could

the day it was printed, especially if you've read another one or two in the mean time and subsequent reports have corrected the earlier ones.

According to this article, nobody knows how much money the world owes. They have a pretty good idea what a given country owes, nationally, but nobody has figured up all the debts of all the states, all the counties, all the cities and towns, all the school districts, water districts, etc. And also, nobody has figured up how much individual families owe. But everybody agrees if you added up all of it, the figure would be overwhelming, flabbergasting. In fact, some people are contending the world if it keeps going in debt will wind up bankrupt.

Now here's where exploring space comes in. I'm not a lawyer, but I understand that when a man goes bankrupt, and wants to settle his debts by pleading bankruptcy, he has to at least find a court that's solvent to hear his plea.

If we can just find a planet out in space that's solvent, to take the world's bankruptcy plea to, that's just what we're look-

J. A. Martin, 92 Dies At Dallas Home On Sunday

James A. Martin, 92, pioneer of Knox County and resident of Dallas for 13 years, died last Sunday at his Dallas home after a long illness.

He was born near Marshall. After his marriage in 1904 to the former Miss Mae Nelson at Pritchett, Upsher County, he moved to Knox County where he and Mrs. Martin were pioneer settlers in the Goree and Munday Communities.

Mr. Martin was elected district and county clerk of Knox County in 1908 and afterwards operated a mill and elevator in Munday until 1919.

After five years in Denton, the couple moved to Abilene where he operated a retail grocery business for 17 years. From there he returned to Denton and then moved to Dallas in 1946, having retired from business because of his health.

He was a Royal Arch Mason and a member of the University Park Methodist Church.

Funeral services were held at 10 a.m. Tuesday in Memorial Chapel of Restland Funeral Home, in Dallas with the Rev. Alsie H. Carleton, officiating. Burial was in Restland Memorial Park.

He is survived by his wife; a daughter, Mrs. William A. Pitkin of Carbondale, Ill.; a son, Robert O. Martin of Dallas; three sisters, Mrs. Lelia Covey of Marshall, Mrs. Cornelia R. Martin of Lone Star, Morris County, and Mrs. Amarillo Ragsdale of Hutchinson, Kan., and a grandson.

Albert H. Decker Dies At Albuquerque

Albert H. Decker, 65, former resident of Knox County died last Friday at a hospital in Albuquerque, N. M., where he had been making his home for the past 25 years. He had been ill for some time.

Mr. Decker was a builder, a veteran of World War I, and a member of Our Lady of Guadalupe Church in Albuquerque.

Survivors are his wife, Bernice; two sons, Leonard and Arnold, of Albuquerque; seven brothers and sisters, Joseph Decker and Mrs. Mary Redder of Munday, Lawrence Decker and Mrs. Annie Wilde of Decatur; Mrs. Lena Haggard of Fort Worth, Mrs. Rose Birkenfeld of Nazareth and Frank Decker of Albuquerque.

Funeral services were held at Albuquerque at 9 a.m. Monday with Rev. Elmer Niemeyer officiating. Burial was in Mt. Calvary Cemetery in Albuquerque.

Mr. and Mrs. Joe Frank Bowley and Teddy Mack of Odessa visited their parents, Mr. and Mrs. A. E. Rowley and Mrs. T. H. Armstrong, and other relatives and friends here this week.

W. L. Thornton Of Goree Passes; Rites Thursday

W. L. Thornton, prominent farmer of the Goree area, passed away 9 p.m. Tuesday at the Knox County Hospital, where he had been under treatment for four weeks. He had been in ill health for three years.

Walter Leon Thornton was born in Lampasas County on April 11, 1875, and was 84 years, 2 months and 5 days of age. He married Annie Adell on October 9, 1895, at Desdemona, and the family moved to Knox County in 1920, where Mr. Thornton farmed until ill health forced him to retire. Two children, Bill and Edith, preceded him in death.

He is survived by his wife, Mrs. Annie Thornton of Goree; a son, Grady Thornton of Glen Rose; three daughters, Mrs. H. E. McMahon and Mrs. Mack Tynes, both of Goree, and Mrs. Richard Allen of Wichita Falls.

Funeral services were scheduled for 2 p.m. Thursday at the First Methodist Church in Goree with the pastor, Rev. H. Clayton Adair, officiating. Burial will be in Goree Cemetery under the direction of McCauley Funeral home.

LEAVES FOR JAPAN

Mrs. Nahwana Donoho of Goree left Wednesday by plane for Tokyo, Japan, to join her husband, Pfc. Raymond D. Donoho, where they will be for the next two years. She called her parents, Mr. and Mrs. Merle Lambeth, at 11:25 p.m. Friday, saying she had landed and made the trip fine.

Mr. and Mrs. J. E. Womble of Woodward, Okla., came in Wednesday to spend their vacation with his mother, Mrs. A. E. Womble, and other relatives.

Mrs. Vera Patterson and Patti and Miss Shirley Duncan were visitors in Abilene last Monday.

Mrs. T. H. Armstrong returned home last Tuesday from a week's visit with her daughter, Mrs. Dorris Tuggle, and family in Brownfield. Two of her little grandsons, Danny and Dale, returned home with her for a visit with her and their other grandparents, Mr. and Mrs. Ben Tuggle.

M/Sgt. and Mrs. Lloyd F. Pittman and children of Killeen visited his sisters, Mrs. Oscar Cypert and Mrs. Dorothy Ancil, and their families over the week end.

Troyce and Troylene McKnight returned home last Sunday from three weeks' visit with their grandparents in Winters.

Walter Medley of Santa Rosa, N. M., was a Sunday guest of his sister and husband, Mr. and Mrs. A. R. Warren.

Joe Decker, Mrs. Joe Redder and daughter, Lucille, attended the funeral of Albert H. Decker in Albuquerque, N. M., last Monday.

Mr. and Mrs. S. H. Cousen and son, Joe, of Freeport visited Mr. and Mrs. Jeff Michell this week.

P. T. A. Summer Program Is Off To Good Start

The P. T. A. summer youth program is off to a big start. Last Tuesday night, 127 girls and their mothers met on the bleachers of the athletic field to organize the girls softball league.

Mrs. Barbara Ratliff, director, announced the first game for next Tuesday afternoon on the Little League field between the Apaches and Pownees, at 5:45 to 7:30 p. m. The second game, between the Tejas and Cheyennes, will start at 7:30.

Junior and senior teams are scheduled to play their first games on the Pony League field at 7 p.m. Tuesday and Thursday nights. These two teams are called the "Rocettes" and the "Talahasse Lassies."

Managers and co-managers of the softball league are: Mrs. Corinne Jetton and Mrs. Mozell Boggs for the Apaches, Mrs. Nelda Mitchell and Mrs. Ruedel Peysen for the Pownees, Winters Matthews and Virginia Burnison for the Tejas, Elizabeth Thompson and Billie Montgomery for the Cheyennes.

Junior and senior high Rocettes will be managed by Merle Anderson and Lydia Duncan, while the Lassies will be managed by Carroll Welch and Nettie

Partridge. There is a possibility that these teams will have to be split to form a third one managed by Edith Hobert.

The schedule for all games will be announced next week. Any girl not already signed up for softball should contact Barbara Ratliff this week.

Several business firms have already offered to help buy the girls their team blouses which will distinguish them from their rival teams. Names of the business firms will be lettered on the back of the blouses. The cooperation of the business firms is appreciated.

One mistake in last week's schedule needs to be corrected. On Mondays, from 9 to 11, there will be trampoline for the third

through fifth grades. One other correction is that twirling classes will begin next Monday, 8 to 9 a.m., for two weeks only, and will include ages 6 through 10.

The P. T. A. regrets that the organization is unable to pay for the insurance for the youth program; however, members feel sure that parents want their children covered. Each child is asked to bring enough money to pay for their share. Insurance will be cheaper for the entire group than individually, and it will be taken out this way.

Mrs. Joe Morrow and Mrs. Gene Thompson are giving their services free to teach swimming to the girls. Only a small fee for a lifeguard by the hour will be charged.

Richard Whitworth, who is stationed at Fort Bliss, El Paso, was a week end guest of his rapnets, Mr. and Mrs. D. E. Whitworth.

CARD OF THANKS
May we take this method of thanking our many friends and neighbors for their many acts of kindness shown us during the illness and loss of our loved one. The many beautiful floral offerings, and your kind words of sympathy were deeply appreciated. May God bless all of you.
