

## Kracker Krumb's

Odd Bits Salvaged  
By The Editor

Next week, July 26 - August 1, is "Burglary Prevention Week" in Texas. Most every week in the year is some sort of special week, but it appears to us that this is a new one.

k-k

The week, in our opinion as well as others, is sort of designed for the big cities. We don't have too many instances of burglary in towns the size of Munday, where suspicious characters are easily spotted. But it might be well to review some of the simple precautions suggested for everyone when leaving their homes for any period of time. Among them are the following:

k-k

1. Close and lock all windows and doors, including basement, porch and garage.

2. Leave a lamp or two connected to an automatic timer to turn lights on and off regularly each evening. This makes the home look "lived-in" and is a good protective measure.

3. If you are going away for a week-end or a vacation, notify local police officials as to the date you are leaving and the date on which you will return.

4. Have all mail and store deliveries to your home stopped while you are away.

5. Cancel milk and newspaper deliveries. An accumulation of milk bottles and newspapers is a sure sign that you're not at home.

6. If on vacation, have your lawn mowed and your side walk swept by a neighbor at least once a week.

7. Have your phone disconnected. Burglars will sometimes call to see if someone is home.

8. Tell one neighbor when you are leaving. Have him notify police if he sees anyone prowling around.

9. Do not close shades or blinds completely. Leave them as you normally would when you are at home.

10. Close your garage doors. An empty garage with the door open is a good sign that no one is at home.

k-k

Munday's homes are watched pretty closely by our local chief of police when people are away. He also picks up accumulations of newspapers, circulars, etc., that reveal that you are away, a service which we didn't know he rendered until this week. So, if you live in Munday and are going on vacation, you may rest assured your home is being watched while you are away.

k-k

There are conflicts in tonight's activities. While the school board is explaining Munday's school situation to patrons, the Little League district playoff will be under way on the Little League field. Your interest in affairs of the school are important, and so is your support of Little League ball players. The choice of which event you attend is up to you.

k-k

Supt. W. C. Cox announced Wednesday that the school board will still be in session after the Little League games, so come on over.

k-k

The death of Walter Bevers shortened by one link the chain of old pioneers in Knox County, which is becoming increasingly shorter. We shall miss Walter's wit and his interesting tales of pioneer days. Walter traveled this section when there were scarcely more than cowtrails over the Knox Prairie, and he loved to talk of the days when the cowpony was his means of transportation.

k-k

Walter kept up with our Knox Prairie Philosopher. We remember one time the Philosopher had something to say about picking up a newspaper that came floating down Miller Creek. "I've known Miller Creek all my life," Walter said, "and it hasn't floated a newspaper in years!" Walter was one of the first subscribers to this paper, and was one of its most loyal readers for over fifty years.

x-x

In closing the fiscal year, 1959, with a deficit of \$12.5 millions—the largest peacetime deficit in history—it appears to us our present administration in Washington is setting the stage for a change in 1960.

## Walter C. Bevers, Pioneer Rancher And Cowboy, Passes Away On Monday

Walter C. Bevers, 77, pioneer rancher, cowboy and businessman of this area, passed away at 3:30 p.m. Monday in the Knox County Hospital after about a week's illness, thus closing a colorful career of over 60 years in this area.

Born in Palo Pinto on February 5, 1882, Mr. Bevers was the son of the late Mr. and Mrs. Spence Bevers, who moved to Haskell County in 1887 from Young County. His father had ranch holdings in Knox and Haskell Counties, and Mr. Bevers knew every cow trail in the area.

Mr. Bevers entered college at Palo Pinto in 1898, but returned to ranching with his father in Knox County in 1903. That same year he married the former Jodie Thompson at Munday.

The couple lived in a ranch home in the Thorp community, five miles southwest of Munday, until 1922 when they moved into town. Mr. Bevers was in the grocery business here for several years, later running a hatchery. He was also a former city official of Munday.

The oldtime cowboy was a member of the Texas Cowboy Reunion Association and attended every Cowboy Reunion at Stamford except one. He attended this year's reunion just a few days before he became ill. At one time he served as an official at the reunion. He loved to attend those chuck wagon dinners and spin tales of the early day cowboy.

Funeral services were held at 2 p.m. Wednesday from the First Methodist Church in Munday with the pastor, Rev. Rex L. Mauldin, officiating. He was assisted by Rev. Marvin Burgess, pastor of the Gillespie Baptist Church. Burial was in Gillespie Cemetery under the direction of McCauley Funeral Home.

Survivors include his wife:

## Moffett Writes On Tax Problems In Legislature

The Munday Times has received the following statement from Senator George Moffett, who represents the 23rd Senatorial District in the State Senate at Austin, of which this county is a part:

"I frequently receive inquiries concerning my attitude on the various proposals to raise revenue to wipe out the State's deficit and provide necessary funds to operate the State Government for the next two years," stated Senator Moffett.

"I have voted five times for a complete bill which would provide the revenue to meet the State's obligations which are authorized by law. Among other things, I have voted for an increase in the taxation of cigarettes, whiskey, wine and beer. I have voted five times for an increase in the tax on natural gas, including the so-called 'severance beneficiary' natural gas tax.

"Those persons who have served on school boards, church boards, city councils and other public agencies can realize full well how difficult it would be to get a much larger group, such as the 181 members of the Legislature, to agree on a public question, and particularly a tax bill. I have voted for every reasonable proposal that has been placed before us. I hope an agreement can be reached soon. I want to get back home."

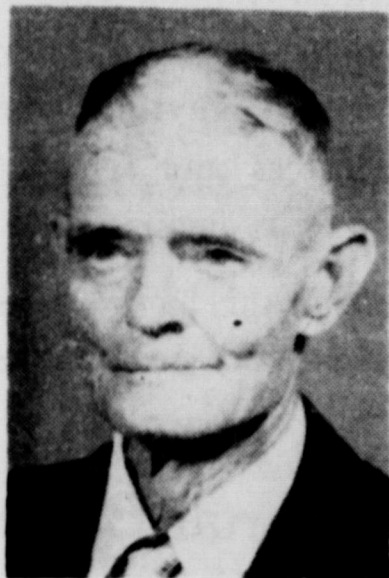

## F. F. A. Boys Attend State Convention

Five members of the Munday F. F. A. chapter and their advisor returned last Friday from the 31st annual F. F. A. convention which was held in Austin.

The boys attended morning business sessions, with John Reneau representing the local chapter as voting delegate. In the afternoons and evenings, they made tours of the capitol building, accompanied by Senator George Moffett and Representative Ed Cloud. They were shown through the senate chamber, house of representatives, treasury department, and were guests of Governor Price Daniel and an actress Carolyn Jones.

The boys also went through the Daughters of the Republic museum, swimming at Barton Springs, attend fun night activities and other convention sponsored events.

Attending the convention were John Reneau, Henry Pape, Tommy Dickerson, Gary Wood, Clifford Straw, and their advisor, Elmer Kuntz.

WALTER C. BEVERS

three daughters, Mrs. Thelma Lewis of Houston, Mrs. Allene Koening of Oklahoma City, Okla., and Mrs. Maurine Doran of Odessa; two sons, Joe L. Bevers of Dallas and Jasper Bevers of Munday; three sisters, Mrs. J. A. Frazier of Haskell, Mrs. Frank Moore of Houston and Mrs. Lena Colard of Fort Worth; and three grandchildren.

Serving as pallbearers were E. H. Nelson, Ed Johnson, E. B. Littlefield, Joe Gray, Worth Gafford and L. C. Guinn.

## Library Adds 5 Best Sellers

Five best sellers in books have recently been added to the rental shelf of the Munday Public Library. They are as follows:

"War Is A Private Affair," by Edmund G. Love. This is a story of ten soldiers the army is trying to forget.

"Command The Morning," by Pearl S. Buck.

"The Professor and I," by Dorothy Van Doran, mother of Charles Van Doran.

"The Treasured One," by Ruth Adams Knight.

"Grandma Wears Blue Jeans," by Alice Dewole Pardee.

### OPAL'S BEAUTY SHOP

Merle Norman Studio  
Opal Borger and Mary Francis Stewart are announcing this week that they are local distributors of Merle Norman products. The Merle Norman Cosmetic Studio is located in Opal's Beauty Shop and both Mrs. Borger and Mrs. Stewart are trained technicians and invite the ladies of this area to drop in for a complimentary demonstration.

### FATHER PASSES

Mrs. Joe Choucar received word on Thursday, July 16, of the death of her father who died of a heart attack in Syria. He was a native of Lebanon, Syria.

## Mrs. Breeden, 64 Dies Saturday At Odessa Hospital

Mrs. Evie Breeden of Munday, who would have been 64 years of age on July 26, passed away at 12:55 a.m. Saturday in an Odessa hospital. She had been visiting her two sons in Odessa.

Born in 1895 in Kaufman County, she married Eli Breeden of Jones County on May 19, 1912. Mr. Breeden, farmer in Haskell County for many years, and a daughter preceded her in death.

Mrs. Breeden was a former resident of Rule and a member of the Church of Christ there. She came to Haskell County about 1912 from Jones County.

Funeral services were held at 4 p.m. Sunday from the Haskell Church of Christ with Owen Aiken, minister of the Rule Church of Christ, officiating. Burial was in Rule Cemetery under direction of Holden Funeral Home of Haskell.

Survivors include four daughters, Mrs. W. E. Manis of Munday, Mrs. Mildred Kennamer of Haskell, Mrs. R. L. Barrington and Mrs. W. R. Barrington, both of Throckmorton; four sons, John W. of Copperas Cove, Olen and Walter of Odessa and Sam of Dallas; one sister, Mrs. Luther V. Veazey of Ven Wheller, 27 grandchildren and six great-grandchildren.

## Oil Activities

Location has been staked for a 6000-foot Mississippian wildcat, five miles northeast of Benjamin. It's the C. Andraade III of Dallas and Lauderdale and Straughn Drilling Co. of Abilene No. 1 John E. Jones.

Another deep wildcat test is Gramac Production Co. and Nolan Bros. J. W. Howell Estate, a 6000-foot venture seven miles west of Knox City.

Front Range Oil and Uranium Co. of Denver No. 17 Urbanczyk, in the Hackatorn (Tannehill) Field, five miles northwest of Munday pumped 54.03 barrels of 36 gravity crude per day from perforations at 2010 1/2 ft. Gas-oil ratio was 185-1, and well was cemented at 2080 feet, five feet off bottom.

Cities Service Oil Co. has completed No. C3 Phillips in the Plumlee (Tannehill) Field, 1 1/2 miles northwest of Munday. The well pumped 51 barrels of 34.5 gravity oil, plus 59 per cent water, per day from pay perforated at 1901-35 feet. Hole was plugged back from 21 - feet to 1995.

A wildcat failure was reported when C. Y. Gorman Drilling Co. et al abandoned at 1944 feet No. 1 D. A. Melton, two miles west of Goree.

### CLOSING FOR VACATION

Mr. and Mrs. J. D. Pack are announcing in this week's paper that they will close the Dairy Treat Sunday night, July 26, for a much needed vacation and will be closed about two weeks. J. D. says that they are going to do a lot of fishing going first to Possum Kingdom for a few days and then take off for other interesting points—mostly where there are good fishing holes.

## Chimney Swift From Alabama Is Found In Texas

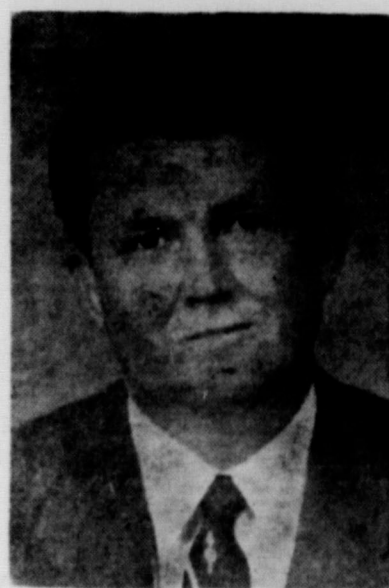

How far will a chimney swift travel?

Wildlife biologists of the Game and Fish Commission have a record of one traveling all the way from Rome, Ga., to Bonham, Texas, according to the director of Wildlife Restoration.

This bird was banded in Rome, Ga., September 27, 1953, by Gordon L. Hight, Jr. The same bird was taken at Bonham, in Fannin County, early this summer. The band number was recorded and the bird was then released. Whether it remains in Texas or moves on may never be known.

"This is an interesting bit of information, as this small bird has been free some six years," the director said. "If everyone would record bands on live birds or return the bands of killed birds, it would be a great deal of assistance in an overall study of wildlife everywhere."

Each year thousands of birds are banded in every state. In Texas the Commission limits its banding to game birds. Ornithological groups, however, do some banding on other birds for their records.

Smith Kyte, above, evangelist of Saint Jo, Texas, will do the preaching for the series of meetings which begin on Monday night, July 27, at the Church of Christ in Munday. Kyte is known to a number of local people, having visited the Munday church on other occasions.

The meeting will continue through Sunday, August 2, with services being held at 7 a.m. and 8 p.m. John Phillips of Munday will lead the song services. The public is cordially invited to attend the services and "hear Christ preached."

## Eastern Star Program Honors Mrs. P. B. Baker

Mrs. P. B. Baker, beloved resident of Munday for many years, was honored as "Chapter Mother" at a special program of Munday Chapter, Order of Eastern Star, at their regular meeting last Tuesday night.

The program, "This is your Life" was given depicting many events in the colorful life of the honoree. Mrs. Baker was escorted to the place of honor by Mrs. Doris Collins and Mrs. W. R. Rodgers, and she was given a special welcome by Mrs. M. F. Billingsley, worthy matron.

Mrs. Lee Haymes gave the early childhood of Mrs. Baker and the story of her courtship and family life. Mrs. R. M. Almarode continued the life story with an account of her membership in the Eastern Star for thirty years, her kind deeds as a friend in her career as business administrator in the Knox County Hospital and in the Methodist Home in Waco, as a faithful Sunday School teacher among the youth.

Mrs. H. H. Cowan read an adapted Psalm and declared Mrs. Baker chapter mother of the Munday chapter.

Mrs. Levi Bowden pinned an Eastern Star jewel on the honoree, a gift from the chapter expressing the chapter's love and appreciation for her.

About 40 members were present and enjoyed the period of fellowship that followed.

### LOCAL GIRLS GO TO METHODIST CAMP

Mrs. J. Weldon Smith and Kenneth took Misses Linda Kay Smith and Donna Kay Partridge to Lubbock last Tuesday where they left at 6:30 p.m. by chartered bus with 50 other children and their sponsors for a ten day camp trip near Salida, Colo.

Mrs. Smith and Kenneth remained in Lubbock for a few days visit with Mr. and Mrs. Manson D. Waits and family.

## Little League's District Games Begin Tonight at Munday; 5 Teams Competing

Top baseball games of the area will be "reeled off" in Munday for three days, starting Thursday night of this week, when the Little League district playoff games will be held on the local field.

Elimination games will be played on Thursday and Friday nights, while the championship game will be played on Saturday night. Teams entered in the district playoff are: Seymour, Munday, Sheppard Air Force Base in Wichita Falls, Haskell and Iowa Park.

The starting game will be at

5:45 p.m. Thursday when Haskell and Iowa Park meet in the opener. This will be followed at 7:30 p.m. by Seymour and Munday.

Friday night the winner of the Seymour - Munday game will take on S. A. F. B., while the loser of the Haskell - Iowa Park game will meet the loser of the Seymour - Munday game.

The third and fourth place game will be Saturday night's opener with the championship game scheduled for 7:30 p.m. Saturday.

Munday's Little League field was selected for the district games because it is rated as one of the best fields in the area. However, local officials have been adding extra bleachers in order to take care of the crowds and placing the field in tip-top condition for the games.

## Dress Revue Is Slated Monday

The annual Knox County 4-H Club dress revue is to be held at 8 p.m. Monday, July 27, in the Rhineland High School auditorium. It was announced this week.

Judging of the garments and clothing records will be done July 24 at the court house in Benjamin beginning at 9 a.m.

The 4-H dress revue is the clothing achievement event for the year and is held at the completion of a series of clothing workshops.

The 45 girls of the county have participated in from one to six of these workshops.

## Louisiana Hayride Show To Stamford

The Louisiana Hayride, Saturday night country music show of Station KWKH, will be in Stamford on Saturday, July 25, at the Texas Cowboy Reunion arena, starting at 8 p.m.

Known as "The Cradle of Stars," this show has discovered and developed such top name stars as the late Hank Williams, Elvis Presley, Webb Pierce, Slim Whitman, Farron Young, Jim Reeves, Johnny Cash, Red Sovine, and others.

The regular cast is headed by Johnny Horton (Battle of New Orleans) and includes a number of promising young artists who have produced hit records. In addition to the regular cast, top ranking guests appear on each week's show.

This is the first time since the show started that it will bring its entire show and do broadcasts from an open arena. Tickets will be on sale at the Western Auto Store in Munday, or write Stamford Jaycees, box 1088, Stamford, Texas.

Mr. and Mrs. Havis Graham and children, Linda and Jerry, of Herrin, Ill., visited Mrs. J. A. Reid last week.

### PROCLAMATION

#### BE IT PROCLAIMED:

WHEREAS, Throughout the nation unlawful entry and burglary causes much loss of property and personal valuables and frequently results in bodily harm to victimized citizens; and

WHEREAS, in cooperation with police agencies many private citizens, particularly home-owners, can utilize many measures to discourage and diminish the crime of burglary;

NOW, THEREFORE, I J. B. Scott, Mayor Pro-tem of the City of Munday, do hereby proclaim the week of July 26th thru August 1st, 1959 as

#### BURGLARY PREVENTION WEEK

and urge the citizens of the City of Munday to take cognizance of special events arranged for the period for the purpose of making precautionary measures more widely employed.

IN WITNESS WHEREOF, I have hereunto set my hand, and have caused the Seal of the City of Munday to be affixed this 14th day of July in the year of our Lord Nineteen Hundred and Fifty-Nine.

J. R. SCOTT  
Mayor Pro-tem

## Crop Prospects Good In County

Crop prospects in Knox County are the best in several years, according to farmers in various portions of the county. Good rains have fallen during May and June and into the middle of July, which have almost assured a bumper grain sorghum crop.

Jess Gilpin of the ASC office and Bill Cladek of the SCS have said that the cotton outlook is as good or better than last year. Farmers are busy "digging out of the weeds" when rain lets off long enough for them to get into the fields.

Farmers have not had to irrigate as much as last year, and the cotton is much more matured at this date than it was at the same time last year. Very little hail has fallen in the county, and the biggest problem now is to get the rank weeds out of the fields.

A lot of the Mexican laborers have gone to the Rio Grande Valley to pull cotton.

Knox County has an estimated 53,000 acres planted to cotton this year, according to figures at the ASC office.

## Burtons Home From Enjoyable Trip

Mr. and Mrs. Cecil Burton have returned from a vacation trip to the St. Lawrence Seaways. They were accompanied by their daughters, Mrs. Jane Summers and Mrs. Ruth Kimbrough.

In Ohio, they were joined on the trip by a granddaughter, Betty Burton.

Places of interest visited were Chicago, Niagara Falls, a trip around Lake Ontario on the Canadian side, the Iroquois Lock and dam on the St. Lawrence river, and Montreal, Canada.

The return trip carried them through northern New York, the Lake Champlain area, the winter resort area of Lake Placid and Lake Saranac, and Whiteface Mountain. From Ohio, they came through West Virginia, Kentucky, Tennessee and Arkansas.

Many interesting things were seen, but the highlight of the trip for Cecil was the double-header baseball game in beautiful Busch Stadium, St. Louis, Mo., between the San Francisco Giants and the St. Louis Cardinals.

### 319 FISHERMEN CAUGHT WITHOUT \$2.15 LICENSE

Fishing without a license is still the top offense in enforcement of game and fish laws, according to the director of law enforcement of the Game and Fish Commission. In June 319 persons were arrested for fishing without licenses.

Other violations, however, took a drop. There were 22 persons arrested for trespassing and 15 for hunting at night. Otherwise, there were a few violations for killing game out of season. Arrests for the month totaled 440 persons who paid fines and court costs totalling \$7370. A fishing license costs \$2.15.

### STUDY CLUB TO SPONSOR COFFEE

On Tuesday evening, July 28, at 8:15 a coffee will be given in the home of Mrs. Helen McClure. All proceeds from the coffee will be given to the library for the purchase of new books.

The Study Club urges every person who is interested in the library to attend.

### SAFE-DRIVING TIPS FOR TEENAGERS

The National Safety Council describes a free booklet of safe-driving tips for teenagers, which is distributed by a leading American oil company and its marketing affiliates as one of the most important contributions to safety ever made.

The tips come from professionals — the state patrolman, the test track driver, the trucker. Here are some of them:

1. Don't show off or clown behind the wheel.
2. Have guts enough behind the wheel to chicken out when common sense tells you it's time to give in. Never mind who's right — Be smart — stay alive!
3. The public highways are for sharing, not competing.
4. The squeal of tires and roar of the exhaust may sound like hot stuff to a driver who needs it to build up his ego. But it tags him as strictly an amateur to the real pro.
5. The pro gives in to bad weather, bad roads, and traffic jams, and slows down.
6. Would your coach send in a player who has been drinking? Well, it goes double for driving. Remember — a half-loaded driver is more dangerous than a loaded gun.

Teenagers are involved in twice as many fatal accidents for the number of miles they drive as drivers over 25. This tragic and needless picture will change in a hurry if the young drivers will follow sound and simple tips like these.

### BEATING THE "SUMMER SLUMP"

An executive of a big department store recently had something to say about how retailers can move goods, particularly during the so-called "summer slump". He put it in a jingle:

"Early to bed; Early to rise; Work like hell; And advertise."

Then he dealt with newspapers as an advertising media: "Newspaper circulation stays up in the summer. There is no appreciable change in the number of papers distributed, and this means that our advertising will get full readership and may even be more effective, because people are more relaxed and have more time to read."

No matter what the season — and in spite of the emergence of newer forms of advertising media — newspapers remain a prime vehicle for interesting people in goods and services and persuading them to buy. You can't beat the written word.

### A TRIBUTE TO TEENAGERS

Juvenile delinquency is a grave and growing problem in this country, and should never be underestimated. At the same time we shouldn't lose sight of the legions of young people of splendid character.

Something that happened off San Francisco's Golden Gate in early May deserves national recognition. An 18-year old girl, Shirley O'Neill, was swimming with an 18-year old boy when he was attacked by a great white shark which had strayed far from its normal habitat. As the water reddened with his blood he called to her to "go back, go back!" Instead, she swam to him and seized an arm. Finding it had been almost severed, she managed a hold about his body and brought him ashore. Then, while he lay lying on the beach, the Catholic girl baptized him and pronounced, the Act of Contrition.

A soldier of long service who witnessed the tragedy from a bluff above the bay called it the greatest exhibition of courage he had ever seen. And the president of San Francisco's Board of Supervisors said he will seek a Carnegie Medal of Honor for Shirley O'Neill.

Max Ascoli writes in The Reporter: "Perhaps Khrushchev, by raising the issue of Berlin and of Germany, thought that the time had come to cash in on a superiority in missiles and similar weapons that, in the years ahead, may make Russia stronger than we. If this is so, he has proved to be a singularly imprudent man. For the two major powers still have, and are likely to maintain for quite some time, a capacity for reciprocal obliteration. The greater powers that communicate with each other by attrition - diplomacy, aggressiveness never pays. When the means of warfare are of immeasurable and universal destructiveness, ultimata can serve no purpose."

The FBI reports that aggravated assaults in cities about the country rose 13% during the first quarter of this year as compared with last. Forcible rapes, for instance, were up 11%. On the other hand, there were declines of 8% in robberies, 4% in auto thefts, and 3% in murders.

The lowly turpentine weed, also known as perennial broomweed and by the Texas ranchers who despise it most — as "slinkweed", faces possible conquest through the use of herbicides.

Tests during the past two years by West Texas rancher Robert K. Field of Bronco in which he aerially sprayed weed-infested pasture land at various periods of growth have proved that turpentine weed can be successfully subdued.

Turpentine weed infestation means compound trouble for ranchers. During a drought or when grass cover has been reduced by heavy grazing, the weed moves in on the bare spots. Besides crowding out grass and stealing a lion's share of early season moisture sorely needed to keep a good grass cover, turpentine weed is a dietary hazard for cattle. Cows eating the weed in certain stages of its growth often lose their calves before or shortly after birth.

On Texas ranch land such as that of Fields' which suffered the effects of the '50s' crippling drought, "slinkweed" moved in quickly on the barren land. Although under normal weather conditions and sound range management the grass would eventually crowd out the weeds, Field was not content to wait nature out.

After having tried other methods unsuccessfully, various mixtures of herbicides 2, 4-D and 2, 4, 5-T were used at various stages of weed growth. It was discovered that aerial spraying in the spring just as plants reach the full leaf stage in apparently the time for maximum eradication. In Fields' tests it took about two months for the herbicide to take its full toll and completely kill an estimated 85-90 percent of plants sprayed.

After the weed competition was reduced, the grass made rapid growth and produced a good seed crop, growing at twice the rate of grass in untreated areas.

In treated areas where the turf was in good condition with clumps of grass less than a foot apart, there was little research of the weed the following season. However, where there were open spaces of three or four feet the weeds staged a comeback.

If possible, it is recommended that grazing on treated areas be deferred during the following growing season in order that the turf will have a chance to recover and crowd out the weeds that might otherwise grow back on bare spots.

The application most commonly planned for current use in spring-time rangeland spraying is 1/4 pound of 2, 4-D in a fallow of fuel per acre. Estimated cost is about \$1 per acre. Most satisfactory results are expected when soil moisture is high and soil temperatures are cool (50-65 degrees) at the time of spraying.

Use of chemical herbicides, with all their effectiveness, are capable of doing heavy crop damage if sprayed in the vicinity of susceptible plants such as cotton. The user should be fully familiar with their destructive properties and should at all times use extreme caution in their handling. In some Texas counties, use of herbicides

## Weekly Health LETTER

Issued by the State Health Department

"School days, school days. Good of gloden rule days!" Here they come again, and if you're a wise parent you'll get ready ahead of time.

There is lots to do — buy clothes, fit shoes — and if your child is entering the first grade, chances are you need a birth certificate copy.

School districts in Texas require that entering students be six years old before September 1. Otherwise they must wait until the following year.

The best means of proving your child's age and birth date is to have a certified copy of his birth certificate.

In many areas of Texas copies are available from local registrars of vital statistics in health departments or county court houses. You may also obtain a birth certificate copy from the Division of Vital Statistics of the Texas State Department of Health in Austin.

To do so, you must send one dollar requesting a copy. Be sure to include the child's name, date and place of birth and the parent's name.

It is important that parents take care of this chore as early as possible.

During August and September the Division of Vital Statistics is swamped with literally thousands of requests each week for birth certificate copies.

If you want to be sure your child has his birth certificate when school starts, request it now.

Rough estimates place the number of upcoming first graders at about 250,000. That makes for a lot of birth certificate copies.

In addition to birth certificates, it would be wise to check with your school district regarding any vaccinations that may be required.

It would be a good idea — if you have not already done so — to get your child started on his series of three Salk polio shots

before school starts.

Also, a fourth shot or "booster" is generally recommended for added protection; a minimum of one year after the initial series.

Another smart idea that will pay off, is adjusting your child's schedule to approximate that of school time including bedtime, meals and especially waking time. (This is a weekly feature of the Division of Public Health Education Texas State Department of Health.)

**IT'S THE LAW**  
in Texas

**NO WILL? WHO INHERITS PROPERTY?**

What will happen if you should die without executing a legal and proper will? Who will inherit your property? Your husband, wife, father, children, your wife's relatives? The best way you can say who will have it is to provide a will which will protect your rightful beneficiaries and dispose of your property in accordance with your wishes.

When a deceased has no will, or dies "intestate" as the law calls it, the property of that person is distributed according to a detailed formula fixed by law. In some cases this may be the way you yourself would divide it—but in many cases it is not.

The provisions of the law concerning the distribution of the property of a person who dies without a will are rather complicated, and all of the possibilities

cannot be covered by a general statement.

There are different rules for real estate and for personal property, for community property and for separate property, for homestead property, and for all of the many possible combinations of surviving relatives. Each situation must be carefully studied to determine the correct distribution of the property.

For example, here is a general idea of how the community property which you and your spouse have accumulated will be divided if you do not make a will prior to your death.

If your husband or wife survives and there are no children, the surviving spouse receives all of the property.

If, in addition, there are surviving children or descendants of deceased children, they would divide one-half of the property, while the surviving spouse would receive the other one-half.

Of course, grandchildren do not share in the estate unless their parent who would inherit is deceased. And when descendants of previously deceased children do inherit, they receive only the portion that the child would have received regardless of the number of such descendants.

An odd note, perhaps, is that the surviving spouse already owns one-half of the community estate prior to your death, and the law adds nothing to this share where there are children surviving.

When there are only children and their descendants surviving, they divide the entire community estate between them.

(This column, prepared by the State Bar of Texas, is written to inform not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)

**JESUS CHRIST**  
The Central Figure in all History!

Every letter you write. Every book you read. Every significant event in your life is dated in relation to Jesus' incomparable life! All the armies that ever marched, all the assemblies that ever met, and all the rulers that ever reigned put together have not affected the life of man upon this earth as powerfully as the life of Jesus Christ! Truly Jesus has proved His claim to be "the way, the truth, and the life."

Absolutely Necessary! Yes, Indispensable! Notice these striking descriptions of Christ in the Bible! He is the "bread of life," "the door," "the light of the world," "the good shepherd," "the Saviour," "The King." In every instance Jesus Christ is pictured as absolutely indispensable — never an alternative. He said: "No man cometh unto the Father, but by me," John 14:6.

Who is this Indispensable Man? He is "the Son of Man" and also "the Son of the Living God." Nineteen hundred years ago in Judea, God announced: "Unto you this day is born in the city of David, a Saviour, which is Christ the Lord." Born of a virgin, Jesus came to reveal God's love for a lost world. "He came from the bosom of the Father to the bosom of a woman. He put on humanity that we might put on divinity. He became the Son of Man that we might become sons of God."

"What manner of man is this!" his contemporaries exclaimed. With moving compassion He attracted the poor and the rich,

the sick and the well, the unclean and the wise. He lived the perfect life. Even His enemies could find nothing evil in Him. Yet, strange as it seems, man's reaction to the perfect life was murder on a cross!

But Jesus' death on the cross was more than the murder of an innocent man. It was a perfect offering for sin. Jesus was the lamb of God, slain for the forgiveness of man's sin. But on the cross "God was in Christ, reconciling the world unto himself"

... II Corinthians 5:19. Jesus "was wounded for our transgressions. He was bruised for our iniquities." ... Isaiah 53:5. He transformed the shame of the cross to the glory of man's salvation. At the same time by His cross He fulfilled the law of Moses and delivered men from its bondage. Ephesians 2:15.

But Jesus Christ is not still hanging on a cross! "He is risen." After appearing to hundreds of His disciples He ascended to the Father's right hand where He is reigning today. Acts 2:33. He dwells in the lives of all those who obey Him. He is the head, the only head, of His Kingdom. His body, His Church. Colossians 1:18. But What Has All Of This To Do With You? Very much indeed. You were created "in the image of God" and endowed with an eternal destiny. For you to achieve fullness of life and obtain salvation you must enthronate Christ at the center of your life. Christ is not valued at all unless He is valued above all! He is "the author of eternal salvation unto all them that obey him..."

Hebrews 5:9. "What will you do with Jesus who is called Christ?" Will you believe in Him as God's Son, your Saviour? "He that believeth and is baptized shall be saved; but he that believeth not shall be damned." Mark 16:16. Will you repent of your sins, your violations of God's law? "Repent, and be baptized every one of you in the name of Jesus for the remission of sins..." Acts 2:38. Will you confess Jesus? "Everyone who shall confess me before men, him will I also confess before my Father who is in heaven." Will you express your faith by obeying Christ's command to be buried with Him in baptism for the forgiveness of your sins? "Therefore we are buried with him by baptism into death; that like as Christ was raised up from the dead by the glory of the Father, even so we also should walk in newness of life." Romans 6:4. Jesus said: "Except one be born of the water and of the Spirit, he cannot enter into the kingdom of God." John 3:5.

You Can Be Just A Christian. When you obey these commands of Christ, God will add you to the non-denominational body, the church of Christ. Acts 2:47. The early Christians were not members of any sect or denomination. Peter, James and Paul were just Christians. Take Christ as your only creed and the Bible as your only rule of faith and become just a Christian today! Let Christ be the answer to your soul's deep need!

Jesus Christ is absolutely Necessary! Yes, Indispensable! to you!

## BOYCE HOUSE

If Alaska is the state that's farthest north, why Texas is the state that's farthest south. (The tip of Texas is the most southerly point on the mainland of the United States.)

Some of Alaska's mountains may be taller — mind you, I said, "may" — but Texas mountains are closer to the stars. This is because the air above them is so clear. That's why the finest view of the heavens in all the world is through the observatory on top of Mt. Locke in the Davis Mountains.

I knew two brothers. One was straight-laced and the other was a rollicking, happy-go-lucky sort — in fact, he liked to "tread the primrose path", as the poet puts it. This brother had a heart attack and his upright brother said, "I warned you that your drinking and carrying-on would have to be paid for." The other replied, "Thunder! I've lived a dozen lives."

"Space-men," junior, are nothing new.

I have known quite a few; in fact, I was one myself. When I was editor of the Banner in Piggott, Ark., I also wrote news for the Memphis Commercial Appeal and the Arkansas Gazette. I kept a "string" — that is, I clipped out the items as they were published and pasted them and sent the string at the end of the month as I was paid space rates. So that made me a space-man, didn't it?

The high-brow magazines print a few productions each month that are supposed to be poetry. One such contained these lines: "Silence spoke with your voice As you slept."

This, as near as I can figure out, means — if it means anything — that the fellow snored.

James P. Eagle, who served as governor of Arkansas, brought his bride from Kentucky and he named their residence, "the Eyrie" ("the Eagles' home").

Some unknown authority on oratory gave this advice, "Begin low and go slow; rise higher and make a fire; then grow warm and raise a storm."

Mr. and Mrs. Alvin Hollar and sons and Mr. and Mrs. Earl Hollar visited Mr. and Mrs. Roy Hollar in Comfort last Sunday and Monday morning.

Mrs. L. J. Hill visited Mr. and Mrs. Scotty Ponder and son and Mac Hill and other relatives in Lubbock from Friday until Monday.

Mr. and Mrs. Frank Bullington of Pavilion, Wyoming, visited with Mrs. Jimmie Bullington, Mr. and Mrs. Zane Franklin and Mrs. S. E. Robertson one day last week.

Mr. and Mrs. James Amerson visited Mr. and Mrs. Lynn Reynolds and son in Lubbock last Thursday and Friday.

Mrs. Oscar Cypert and Mrs. Dorothy Ancil were visitors in Wichita Falls last Monday.

Little Jan Broach of Snyder visited her grandmother, Mrs. Nora Broach, several days last week.

Carol Broer returned to her home in Houston last week after a months visit with her uncle and aunt, Mr. and Mrs. Dee Mullean. Mr. Mullean took her home.

## Camp At Lueders Opens On July 27

Junior Royal Ambassador camp will open at 2 o'clock p.m. July 27 at Lueders Baptist Encampment and will close with the noon meal Thursday, July 30.

Rev. Lenard Hartley, pastor of the Lamar Street Baptist Church in Sweetwater, will direct the R. A. Camp.

Rev. Avery Sullivan, pastor of the Trinity Baptist Church in Sweetwater will serve as camp pastor.

Rev. Alvin Hatton, missionary to Brazil will be the missionary for the week. Rev. Hatton is Royal Ambassador secretary for Brazil, having assumed this position in 1950. At that time, there were less than a half-dozen R. A. chapters in Brazil; now there are 150. Rev. Hatton promoted and purchased a camp site and camping is a basic feature of the Royal Ambassador program in Brazil. In addition to his responsibilities with the R. A.'s, Mr. Hatton is pastor of the Rio Douro Baptist Church, and resides in Rio de Janeiro. A native of Abilene, he received his bachelor of arts degree from Hardin-Simmons University, and the bachelor of divinity degree from Southwestern Baptist Theological Seminary in Fort Worth, Texas.

Other personnel of the camp include Rev. Philip Goodrum, Rotan chairman of mission study. He will be assisted by Rev. Glenn Roenfeldt, Roscoe; Rev. Daniel Aleman, Sweetwater; Rev. James Kinsey, Nolan; Rev. A. H. Williams, Trent; Rev. Don Reed, Sweetwater; Rev. Harold Watson, Peacock; Rev. Rodney Dowdy, Rule; Rev. James Allison, Rotan; Rev. Alfred Altum, Abilene; Edwin Peoples, Abilene.

Rev. Moorgan Beach, Albany; will direct the Ranking Study.

Rev. Herbert Barker of First Baptist Church, Rochester will direct the music. Mrs. Gene Tucker of Rule will serve as camp nurse, and Mrs. N. I. Williams of Lueders will serve as registrar. Rev. L. L. Trotter, Abilene, is the District Missions Secretary of District 17, Baptist General Convention of Texas. Mr. George McDonald Rotan is the District 17 Brotherhood President and helps plan the Royal Ambassadors for the eight associations in the district.

Mrs. George Martin and children left Monday for their home in Milwaukee, Wisc., after three weeks visit with Mr. and Mrs. Chas. Moorhouse and other relatives.

Mr. and Mrs. Clarence Eiland and Bill and Helen Merle Palmore of Lamesa and Bill Walker of Fort Worth visited Mrs. A. U. Hathaway and other relatives last Sunday and Sunday night.

Bob and Richard Jacobs left last Monday for their home in Chicago, Ill., after several weeks visit with their sister, Mrs. David Eiland, and family.

Week end guests in the home of Dr. and Mrs. A. A. Smith were Mr. and Mrs. Doug Moore and daughter of Shallowater and Mr. and Mrs. Bob Ballinger and daughter, Brenda, of Irving.

A. H. Hargrove of Goree, who has been a patient in the Olney Hospital several days last week, was able to be brought home last Saturday.

## 4-H'ers Are Compiling Records For Awards To Be Made In Home Projects

Hundreds of local 4-H Club boys and girls are among more than a third of a million club members in about 2,000 counties across the nation who are tallying their records in two useful home projects. Scores will be singled out for honors.

As many as eight club members in the county can win handsome gold-filled medals for doing an extra good job in either "beautification of home grounds" or "home improvement" programs, the Extension Service reports.

In addition to an estimated 10,000 county medal winners throughout the 48 states, individual state winners will be selected and 16 national winners will be named. Club members will be judged not only on excellence in project work, but also as all-around 4-H'ers demonstrating good citizenship and leadership.

To be eligible for the top 14 awards members must be over 14 years of age and have satisfactorily completed three years of 4-H Club activities.

While the 4-H program is conducted by the Cooperative Extension Service, United States Department of Agriculture, funds for awards are provided by private citizens, business, industry and educational foundations through arrangements made by

the National Committee on Boys and Girls Club Work.

Awards in home grounds beautification have been given for the past 22 years by Mrs. Charles R. Walgreen, Chicago, noted horticulturist and 4-H benefactor. Besides medals, she provides engraved wristwatches and trips to the National 4-H Club Congress held right after Thanksgiving at the Conrad Hilton hotel in Chicago.

Home improvement awards are made possible by the Sears-Roebuck Foundation. They consist of medals, congress trips, and \$400 college scholarships for national winners. The foundation also supplies up-to-date training material designed for use by leaders in this project.

All national winners will be announced during the Congress where they will be saluted at the 4-H banquet for more than 2,000 delegates, leaders, award donors, and special guests.

Mr. and Mrs. D. E. Whitworth took their little grandchildren, Cindy and Joe Craig, who spent the past two weeks here, to their home in Dallas last Tuesday and visited with their daughter and husband, Mr. and Mrs. Joe Combs.

Mrs. Ruby Gearn of Houston was a guest of Mrs. Nora Broach last Sunday and Monday.

## Knox Prairie Philosopher Thinks That Poland's Farmers Using Horses May Not Be As Dumb As You May Think

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek discusses the foreign situation this week, you might say.

Dear Editor: Not knowing much for sure about farming in this country, I couldn't be expected to know anything about farming in Poland, but I read an article last night about a situation over there that attracted my attention.

As I understand it, the Communists over there are trying to get the Polish farmers to get rid of their horses. There are 2,700,000 horses in Poland, they graze over 5,000,000 acres of pasture, and eat over 3,000,000 tons of grain a year.

The Communists are saying, it takes too much grain to feed those horses, last year they ate more grain than all the city-dwellers in Poland got, and the thing to do is get rid of them, switch to government-owned tractors.

The Polish farmer, though, are resisting. They don't have to be told that while a tractor doesn't eat grain, it does consume

some gasoline, and very few farms in Poland produce gasoline.

Them Poles ain't so dumb. When it comes to a choice of feeding grain to horses or to Communists, they favor the horses.

I never have sat down and figured it up, I don't mind sitting down, it's the figuring that gets me, but maybe you could tell me: how much production does a tractor consume? In Poland they figure it takes 15 per cent of the land to support the horses. What per cent of a farm does it take to support the tractor it takes to work it? I know a man can work a lot more land with a tractor, but you can't raise a tractor, you have to buy it, and if somebody stopped and figured up how much production it takes to buy a tractor, maintain it, keep it in gasoline and oil, replace it when it wears out, he might come up with some interesting figures.

Understand, I'm not planning on going back to horse farming, a tractor that won't start is bad but a mule that won't is worse, yet I have a great deal of sympathy with those Polish farmers. It's not how much grain

you raise that counts, it's how much you have left over for yourself, to eat or sell, and if they come out better with horses, that's their business. Personally, I never have seen the horse I wouldn't rather feed than a Communist.  
Yours faithfully,  
J. A.

## News From The U. S. Congress

By Congressman Frank Ikard

Currently there is much speculation about when Congress will adjourn. It is hoped that adjournment will come not later than August 15th; however, it is entirely possible that Congress might be held over until Labor Day if it develops that agreement cannot be reached on a labor reform bill. Like most other Members of Congress, I am most anxious to get through here in order to be able to spend some time at home.

Next year, 1960, the Federal Government, as is required by law, will be conducting the census. While it seems that there is much foolish information compiled in the process of taking the census, the information gained is actually used more by the business community and individuals and by state and local governments than it is by the Federal Government. Many decisions with reference to the location of utilities, roads, schools, hospitals, water supplies, and other phases of private and local planning are tied closely to the numbers and types of people in a particular area and the rate at which a given city or town is changing in size. Census information is used in the establishment of new industries, new retail outlets, and nationwide as well as local sales efforts. Not the least important is the way the census figures will affect our Government, for a reapportionment of the Representatives in the House will be determined on the distribution of the population in keeping with the Constitution, and the figures will have a similar effect on the Legislatures of all the States. Before April 1st of next year, every householder will receive a census form which he or she will be asked to complete and hold until the door-to-door enumerator calls for it. This is the basis of the count of the population. Even though questions asked may seem personal and sometimes exasperating, most of the information is necessary to get a true picture of what the United States in 1960 will be like.

Visitors from home this week were Mr. Clyde McMurray of Decatur and Mr. Donald E. Staber of Wichita Falls.

A Shoshone Indian girl named Sacajawea, which means "Bird Woman," guided the Lewis and Clark Expedition through the Northwest.

### Don't Drive In Foggy Daze

By Martha Johnson  
Dodge Safety Consultant

"WHAT SHOULD I do when driving in fog?"

This question is heard frequently, particularly now that the weather is so changeable.

The best advice for driving in fog, according to the Michigan State University Highway Traffic Safety Center at East Lansing, is:

- 1—Reduce your speed. If visibility is low, crawl.
- 2—Put headlights on low beam. During the day headlights will help other drivers see you; parking lights are not effective enough for this. At night, the low beam reduces glare and throws light down on the road. If fog is very heavy, switch off panel lights on the dashboard.
- 3—Roll down left front window so you can hear the traffic.
- 4—Drive as close as possible to right edge of road. Do not ride center line or use it as a guide—oncoming traffic may be using it, too.
- 5—Use your windshield wipers.
- 6—Don't attempt to pass.
- 7—Don't follow car ahead too closely and don't rely on it as a guide.
- 8—Avoid sudden stops and signal your intention to stop well in advance by flashing your brake lights.
- 9—Flash turn signals well in advance and take special care in making left turns.

July 19-25 is National Farm Safety Week. The Texas Farm and Ranch Safety Council urges all rural residents to participate in safety programs planned in their communities.

Mr. and Mrs. G. W. Hawkins and Jan and Miss Becky Arrott spent several days last week visiting Mr. and Mrs. H. G. Briley at Oak Creek Lake near Blackwell.

## Manly To Head Abilene's Cotton Classing Office

A native farm boy of this area and a graduate of the Leuders High School, B. B. Manly, Jr., takes charge of the Abilene cotton classing office of the Agricultural Marketing Service, July 19.

This was announced today by John L. McCollum, manager, southwest area cotton division, U. S. Department of Agriculture, Dallas.

The post was held for many years by H. J. Matejowsky until he passed away in June.

Mr. Manly has eight years of experience in classing cotton at

Lubbock, various south Texas points, Memphis, Tenn., and most recently Little Rock, where he was a supervisory classer.

A graduate in agriculture from Sam Houston State Teachers College, Manly also attended Abilene Christian College. He served two years with the U. S. Navy.

The Abilene AMS cotton office serves farmers, ginners and members of the cotton trade in 29 west Texas cotton producing counties — Baylor, Brown, Callahan, Coke, Concho, Coleman, Dickens, Fisher, Glasscock, Haskell, Howard, Jones, Kent, Knox, Martin, Midland, Mitchell, Nolan, Reagan, Runnels, Schleicher, Scurry, Shackelford, Stephens, Stonewall, Taylor, Throckmorton, Tom Green and Young.

In this area, there are 24 cot-

ton improvement groups organized under the Smith-Doxey Act, representing more than 16,000 farmers, Mr. McCollum said. They send their cotton to 172 gins.

Last year, the Abilene AMS cotton office classed more than 434,000 bales of cotton, most of it for farmers in cotton improvement groups, which get this U.S. DA service plus market news without cost.

The office is located at 248 Leggett Drive. Mails should be addressed to P. O. Box 2001, Abilene.

Mr. and Mrs. Coy Tuggle and Don Elliott drove to Lawton, Okla., last Monday night and got Robert and Alan Tuggle and brought them to the home of their grandparents, Mr. and Mrs.

Ben Tuggle, to stay a few days while their parents, Sgt. and Mrs. Bobby Tuggle, are both patients in the Fort Sill Hospital. Mrs. Tuggle is having dental work done while Sgt. Tuggle is suffering from gun shot wounds he received on June 30th when his gun accidentally went off while on guard duty. He was shot through the right leg and left foot. He will be in the hospital for several days yet but is reported of being doing fine.

Mrs. Ralph Glass and her friend, Mrs. Ralph Williams, who is visiting her from Great Bend, Kans., visited with Mrs. Glass' foster sister, Mrs. Larry Best, in Artesia, N. M., last week. Enroute home, they toured Carlsbad Caverns.

## REPRESENTATIVE OF SOCIAL SECURITY TO BE HERE ON TUESDAY

A representative of the Social Security Administration will be at the City Hall in Munday at 10 a.m. Tuesday, July 28, it was announced this week.

Persons who desire information or assistance in Social Security matters are invited to meet with the representative.

Mrs. Evelyne Almos and her son, Charlie Elliott, of Seymour visited her parents, Mr. and Mrs. Ben Tuggle last Tuesday and Wednesday.

Mr. and Mrs. Morgan Hampton of Mt. Ida, Ark., were guests of Mrs. P. B. Baker last Saturday.
