

## Kracker Krumb's

Odd Bits Salvaged  
By The Editor

We were one of the 219,643.  
k-k  
That's how many, they claim, who tromped around at the Texas State Fair in Dallas last Saturday. Without our group—the H. F. Jungmans were with us—there would have been only 219,439 people there.  
k-k  
Personally, we wouldn't relish bucking a crowd like that every week end. Once a year is generally enough for us. We understand there were others from Munday bucking the crowds like we did, but if they saw us they dodged us. We certainly didn't see them.  
k-k  
Way up in the shank of the afternoon, some of us remarked about how peculiar it was that we could shuffle around in a crowd like that and not see anyone we knew. Later we began bumping into them and finally visited with a half-dozen or more people we knew.

There were around 75,500 of us jammed into the Cotton Bowl for the Texas-Oklahoma game, and that was a real thriller. One thrilling thing was the "us Texans" came out on top of a 19-12 score, but we think even the "Oaksies" got their money's worth. It was anybody's game, in our opinion, until Texas intercepted that pass with only two minutes remaining in the game. Then there wasn't any doubt in anybody's mind what Texas intended to do—just keep possession until it was all over.  
k-k  
We thought of our scrapping little Moguls during the game. In spite of their never-give-up fighting, our boys just can't seem to push the ball across the counter marker. If they had Jack Collins from Texas or that Negro from Oklahoma on their team, they could really go places!  
k-k  
We guess it's a pretty good fair. We saw some wonderful exhibits, but we couldn't see them all in the time allotted us. We heard one person remark: "When you've seen one State Fair, you've seen them all." But there's something always different from the last one. In our opinion they're getting too much "furin" stuff in the general exhibits building.

Eating is generally a problem at the fair, because it seems that everybody there gets hungry at the same time. We tried to steer clear of the places that reeked with odors of hamburgers and onions, which was being different from lots of people. These places were enjoying good business, too.  
k-k  
"Star Light! Star Bright!" is a pretty good show, as musicals go. We're not inclined to go all out for musicals, but we enjoyed most of this one. The famed McGuire Sisters do not make their appearance until well after intermission. A little criticism was pointed in our direction because we were not brusing the palms of our hands by applauding the acts, to which we replied: "They've got our money. Why give them all that remains of our energy?"  
k-k  
The fair parade was on Friday afternoon, at a time when we had finished our business and had "taxied" out to the Clearview Shopping Center for our annual visit with our store operating brother, Tommie, so we didn't even get to see Richard Nixon or Price Daniel. If the boys missed us, we have yet to hear from them!

The Fort Worth and Denver Railroad and the Extension Service are bringing another interesting program here for farmers, ranchers and business people of the area. We sat in on the planning committee session Wednesday, and the program appears to be more interesting than the one last year.  
k-k  
Last year it was called Soil Fertility Day, but because speakers will deal with other subjects, it will likely be Farm and Ranch Day or Agriculture Day, or something like that next year. The date has been set for Friday, January 29, and you wouldn't want to miss it.  
k-k  
There ain't no paradise trees standing on the city hall lawn. The town's maintainer jerked them all down Wednesday, and our guess is this will be an improvement to the town.

## City Council Rejects Proposal For Rural Telephone Service For Area

After getting the feelings of local and proposed rural customers regarding the extension of rural telephone service to this area, the City Council of Munday last Tuesday night rejected the General Telephone Company's proposal to install this service.  
Mayor V. E. Moore said that a number of people had expressed their views to city officials regarding this service, and a large majority of them felt that the cost of such service would be prohibitive.  
"The proposal is always open," Mayor Moore said, "if the people decide at some future date that they want it."

The overall program would have brought about an increase of around 40 per cent in service charge, it was explained. The decision came Tuesday night after some two months of negotiating with officials of the General Telephone Company of the Southwest. T. E. Robinett, district manager of Seymour, had met with city officials on several occasions.

The telephone company had asked for a local increase in service rates of about 22 per cent, Mr. Moore stated, and the City Council granted the company a 10 per cent increase, which was accepted. When the increase goes into effect, the local rates will be as follows:  
\$10 for business phones on one-party line, \$8 for two-party line, \$5 for one-party residential line, and \$4 for two-party line.

## Lions Annual Broom Sale Will Be On Wednesday

The pickups will be rolling Wednesday morning, October 21, and they will be laden with brooms, mops, door mats, ironing board covers and all those articles which the Lions Club have for their annual broom sale. That's when it will be held—on Wednesday, instead of the usual Thursday.  
Four teams will be working Wednesday, and plans are to call on every home and business house with the "Blind Caravan" products.  
This annual event has proven very successful for several years. Proceeds from the sale, the Lion's share, will be used for Lion Club projects, the major of which is sight conservation and the crippled children's camp at Kerrville.  
Ironing board covers and pad combinations, top quality brooms, attractive door mats, and mops will be sold by the Lions. All are manufactured by Texas blind workmen in blind shops, or "lighthouses," which are non-profit organizations.

The caravan will be located on the city hall square, and teams of Lions will work the town from that location.  
k-k  
Cooperate with other organizations for setting up Knox County on a brucellosis program; bull fertility testing; stress importance of the leptospirosis vaccination, and encourage further work on performance testing of beef cattle.  
The group also made plans to visit the Spur Agricultural Experiment Station in the near future.  
Members of the committee present were: J. C. (Togo) Moorhouse, chairman; Edgar Jones, G. C. Browning and Lee Smith. Also present was Jack Idol, chairman of the program building committee. C. P. Baker, other member of the committee, was unable to attend the meeting.

## Committee In Meeting Tuesday; Plans Activities

The livestock and range sub-committee of the County Program Building Committee met at 2 p.m. Tuesday in the court house at Benjamin. Purpose of the meeting was to plan next year's livestock and range program for the county. Some of the plans made were:  
k-k  
Cooperate with other organizations for setting up Knox County on a brucellosis program; bull fertility testing; stress importance of the leptospirosis vaccination, and encourage further work on performance testing of beef cattle.  
The group also made plans to visit the Spur Agricultural Experiment Station in the near future.  
Members of the committee present were: J. C. (Togo) Moorhouse, chairman; Edgar Jones, G. C. Browning and Lee Smith. Also present was Jack Idol, chairman of the program building committee. C. P. Baker, other member of the committee, was unable to attend the meeting.

## New Members Are Added To 4-H Club

Eight new members were added to the grade school 4-H Club Thursday, October 8, when they met with the county agent, Troy Jones.  
Mr. Jones topic of discussion for the boys was snakes. He told them about the different variety of snakes and had several dead specimens for them to see. He stressed the rattle snake and told how poisonous it was and the way one should treat a bite from a rattle snake.  
There will be a council meeting for 4-H boys and girls Saturday, October 31, in Benjamin. Reporter, John Peysen.

## DANCE AT RHINELAND

One of the most versatile dance bands of the southwest, Johnny Lee Wills and his Boys, will play for a dance at the Parish Hall in Rhineland Tuesday night, October 20. The public is cordially invited to attend and enjoy the good music of this much sought after band.

## UNDERGOES SURGERY

Mrs. Muriel Mitchell underwent surgery on her left arm last week at a Wichita Falls hospital. She is home now and doing fine, but the doctor advises her not to work for a week.

## STATE FAIR'S FESTIVAL OF FASHION

Illustrating the variety of styles to be shown at the Sewing Fashion Festival during the 1959 State Fair of Texas, Oct. 9-25, are Simplicity Patterns' daytime ensemble of a reversible coat in wool and mohair, worn over a slim tweed dress (left), and Vogue Patterns' deeply collared evening wrap in silk brocade worn over a brocade ballgown on formal evenings. Free fashion shows are presented several times daily in the air-conditioned Women's Building.

## Fire Destroys Home Thursday

Fire of undetermined origin destroyed the home of the Kenneth Jones family at about 10:45 a.m. Thursday.  
No one was home when the blaze started and nothing was saved from the two-room frame house.  
Jones said he was working on his car in another part of town when the home burned. His wife was working in a cotton field near Munday and the couple's five children were at Ida Dean's Cafe in "The Flats."  
Munday Chief of Police Joe Massey said the fire might have been started from faulty wiring or from a leaking butane stove.  
Fireman Billy Cypert was the first to spot the fire. He turned in the alarm. Cypert, who works a block north of the Jones home, said smoke and flames were coming from the windows of the house when he first sighted the blaze.  
Jones said he had no insurance on the house, but the furniture was covered by insurance.  
Munday firemen were called out twice before the Jones home burned. The first trip was to a burning motor on a drilling company truck and the second was a pickup fire, which was extinguished before firemen arrived at the scene.

## Study Club To Sponsor Second Program Oct. 22

Walter Charles, musical director and conductor of the Abilene Symphony Orchestra Association, and Mrs. Charles will give an informal program of music in the second series of programs sponsored by the Munday Study Club on Thursday evening, October 22, at 7 o'clock in the elementary school building.  
Among other honors, Mr. Charles has guest conducted the Philadelphia Orchestra and received this comment from Eugene Ormandy in the Symphony magazine: "Mr. Charles has one of the outstanding talents of young conductors—he was capable of inspiring the musicians of the Philadelphia Orchestra—he had absolute command at all times—his reading of the score showed complete knowledge and sensitive interpretation of the work."  
Mr. and Mrs. Charles are appearing in Munday to publicize the Abilene Symphony Orchestra Association's drive. For season membership, \$10 and \$12 for a series of 9 concerts beginning November 3 to April 19. Among the things they will present will be Hal Holbrook in "Mark Twain Tonight" direct from Broadway.

## Thornton To Speak At Knox City Meet

Gene Thornton will hold a meeting at the Wm. Cameron Lumber Co. in Knox City Wednesday, October 21 where he will explain the new minimum property standard. Everyone interested in house building is invited.

## Eastern Star To Meet On Tuesday

The regular meeting of Munday Chapter, Order of Eastern Star, will be held at 7:30 p.m. Tuesday, October 20, at the Masonic Hall. The program will be a review of the work by officers.  
A practice meeting has been called for 7:30 p.m. Saturday, October 17.

## LEAVE ON TOUR OF NORTHEASTERN STATES

Mrs. Emmett Partridge and Mrs. R. M. Almanrode left last Friday for Bowie and on Saturday left with Mr. and Mrs. L. S. Partridge for a two weeks tour of the northeastern States. They will stop to say hello to the Almanrode families in Livingston, Tenn., and visit with friends in Jessup, Maryland. From there up through to Maine, across to Quebec, Canada, down to Montreal, across to Buffalo, N. Y. and Niagara Falls, through Ohio, Illinois, Missouri, Oklahoma City and back to Texas.

## One Drive For Everything Is Aim Of United Fund; Budget Funds Announced

United Fund is an organization designated to conserve time and effort for benevolent drives that a small community like Munday or from a leaking butane stove.  
Fireman Billy Cypert was the first to spot the fire. He turned in the alarm. Cypert, who works a block north of the Jones home, said smoke and flames were coming from the windows of the house when he first sighted the blaze.  
Jones said he had no insurance on the house, but the furniture was covered by insurance.  
Munday firemen were called out twice before the Jones home burned. The first trip was to a burning motor on a drilling company truck and the second was a pickup fire, which was extinguished before firemen arrived at the scene.  
Many donors have been concerned about not being able to give to their favorite organization. This is a false conception of United Fund. Each donor can still specify the particular charitable institution they wish to give to, if they desire to do so. The local United Fund has made up their budget for the year of 1960 at 6,500.00 dollars. This amount has been divided among the following organizations in the following ways:  
Boy Scouts \$1,100.00  
Salvation Army \$75.00  
Texas United Fund \$250.00  
Munday Public Library \$400.00  
American Red Cross \$500.00  
American Heart Ass'n \$500.00  
American Cancer Society \$500.00  
Munday Polio Fund \$1,500.00  
Local Operating Expense \$75.00  
TOTAL FOR 1960 \$6,500.00  
Boy Scout fund will be divided into two categories: 700.00 will go to the West Texas Conference and 400.00 dollars will be left in Munday for the local unit's needs.  
One other misconception about United Fund must be clarified; that is, the drive for each year is made during the fall of the preceding year. In other words, this fall we are giving to the 1960 drive. If a donor finds it more convenient to give during the 1960 fiscal year for tax ex-

## Welch Funeral Held In Vernon Monday Morning

M. Welch, 90-year-old retired farmer, passed away Saturday morning in a Vernon hospital following a long illness.  
Funeral services were held at 10 a.m. Monday from the Houston and Peace Church of Christ in Vernon with a nephew, Bernie Welch of Mullin, officiating. He was assisted by L. R. Mickey, minister of the Vernon church. Burial was in Truscott Cemetery under direction of Henderson Funeral Home.  
Surviving him are his wife; four sons, Onie Welch and Elmer Welch of Gilliland, Jimmy Welch of Munday and Roy Welch of Vernon; three daughters, Mrs. Viola Groves of Fort Worth, Mrs. Essie Duncan of Vernon and Mrs. Willie Mae Webb of Grand Prairie; two brothers, Henry Welch of Belton and Zack of Porterville, Calif.; three sisters, Mrs. Ella Cochran of Nocona, Mrs. Julia Long of Eastland and Mrs. Cordie Flowers of Hollywood, Calif.; a stepson, Glen Hoover of Abilene; 24 grandchildren and 31 great-grandchildren.

## Moguls Go To Paducah Friday

With little hope of a victory but ready to continue their courageous battle against odds, the Munday Moguls will "take to the road" Friday and meet the Paducah Dragons on the Paducah Field on Friday night.  
While the Moguls were suffering a 0-4 defeat at the hands of Iowa Park last Friday night, the Dragons were adding a 33-6 victory to their side of the ledger against Henrietta, which team will be next foes for the Moguls.  
Light in weight and inexperienced, the Moguls had stood up well against their heavier and more experienced opponents this year. In almost every game, they have gotten into scoring position but seem to lack that final touchdown punch. As among some of the college teams, a "wait until next year" attitude seems to prevail among the local team and fans.

## Dr. Ray Ellis Is Interim Pastor Of O'Brien Church

Dr. Ray Ellis, associate professor of Bible and Greek at Hardin-Simmons University, has been called as interim pastor of the O'Brien Baptist Church.  
The church has been without a pastor since mid-summer when the Rev. Marc Hardin resigned to accept the pastorate of the First Baptist Church in Merkel.  
Dr. Ellis joined the HSU faculty in 1957 after holding Baptist pastorates at Lampasas, Zephyr, Ireddell and Groveton.  
A native of Terre Haute, Ind., Ellis received his B. A. degree from Howard Payne College in 1950, and the B. D. and Th. D. from Southwestern Baptist Theological Seminary in 1953 and 1956.

## Weather Report

Precipitation to date, 1958 — 21.16 in.

## City's Board Of Equalization To Begin Tax Hearings On October 19th

Have you received your card notifying you of a raise in your tax valuation? Most people have. But don't fly off on a tangent too quickly!  
For a lot of people it will likely mean an increase in taxes. For some, it means you'll pay the same amount of taxes you did last year.  
As explained by Mayor V. E. Moore and Lee Dennett of the valuation engineering firm of Pritchard and Abbott, Fort Worth, the tax valuations have been raised from 25 to 35 per cent, but the tax rate has been lowered from \$1.50 to \$1.25 maximum on the \$100 valuation.  
"If your valuation has been raised from \$1,000 to \$1,200 or from \$4,000 to \$4,800," they explained, "you will pay the same taxes as before."  
Multiply your old valuation by \$1.50, then the valuation proposed by the Board of Equalization by \$1.25, and you'll find

## School Taxes Get 10 Per Cent Increase

Taxpayers of the Munday Independent School District will receive a flat 10 per cent increase straight across the board, it was announced Tuesday by E. W. Harrell, tax assessor-collector for the schools.  
"This is a must," school officials explained, "if we are to repair our building and bring the schools up to standards required by the accreditation committee. We believe very few will object to this step in improving our school system."  
The Board of Equalization for the Munday schools will be convened from 9 a.m. Thursday, October 22, through Friday, October 23, for the purpose of discussing tax problems with the taxpayers.

## A. S. Hargrove, Retired Farmer, Dies Thursday

Arthur Smith Hargrove, retired Goores farmer, passed away at 8 p.m. Thursday in an Olney hospital. He had been ill for 10 years and seriously ill for two months.  
Mr. Hargrove was born November 21, 1881 near Fort Smith, Ark., and was 77 years, 10 months and 11 days of age. He married Nellie Kirkpatrick on August 12, 1906, at Elbert, and they had been living near Goores since 1928.  
Funeral services were held at 2:30 p.m. Saturday from the Primitive Baptist Church in Munday with Elder Spence Kirkpatrick of Midland officiating. Burial was in Goores Cemetery under the direction of McCauley Funeral Home.  
Serving as pallbearers were S. R. Hudson, Carl Howry, Tom Cloud, T. J. Trainham, Mason Harlan and Joe Key.  
Surviving him are his wife; six children, Mrs. Mary A. Mitchell of Phoenix, Ariz.; John Arthur and Ira A. Hargrove of Goores; Willard R. Hargrove of Lubbock, Mrs. Angie Sundstrom of Alameda, Calif., Jess Hargrove of De Leon, Mrs. Pearl Strickland of Rule, Mrs. Alice Harris of El Cajon, Calif., Mrs. Irene Teaff of Beulah, and Mrs. Christine Moore of Wichita Falls; 30 grandchildren and 10 great-grandchildren; four brothers, John Hargrove of Brownfield, Tom Hargrove of Throckmorton, Bob Hargrove of Littlefield and George Hargrove of Morton.

## Bank Deposits Show Increase

Gathering and marketing of the fall crops have boosted deposits in the First National Bank of Munday, according to the bank's financial statement published this week.  
The statement, issued in response to a call made by the Comptroller of Currency in Washington, showed total deposits of \$3,756,699.21 at the close of business on October 6, against a total of \$3,599,239.06 on June 10, when the last statement was issued. This shows a total gain of \$158,460.15.

## Veterans Meet In Bridgeport Sunday

The 13th district meeting of World War 1 Veterans, Inc., was held at Bridgeport Sunday, October 11, for the purpose of electing a full slate of officers for district 13 and the Auxiliary. Seven members of the local barracks and auxiliary were elected to offices.  
Those attending were Mr. and Mrs. J. G. Robin of Knox City, Mr. and Mrs. Gill Wyatt, Mr. and Mrs. S. G. Smith, Mr. and Mrs. J. E. Reeves, R. M. Almanrode, Ed Winningham and R. F. Horan. The district now comprises the 13th Congressional District.

### SUBSCRIPTION RATES

In first zone, per year . . . . . \$2.00  
 In second zone, per year . . . . . \$2.50

The Munday Times is Democratic, yet supporting only what it believes to be right and opposing what it believes to be wrong, regardless of party politics, publishing news fairly, impartially.

NOTICE TO THE PUBLIC: Any erroneous reflection upon the character, standing, or reputation of any person, firm or corporation which may appear in the columns of this paper, will be gladly corrected upon due notice being given to the publisher at the Munday Times office.

### THE BIBLE AND YOU

It is possible that Nikita Khrushchev has heard of Horace Greeley. We hope that Mr. Khrushchev is also aware of a bit of Mr. Greeley's philosophy: "It is impossible to mentally or socially enslave a Bible-reading people. The principles of the Bible are the groundwork of human freedom."

The nineteenth annual observance of National Bible Week will be from October 19 to 25, 1959. The theme for the week will be, "The Bible and You."

H. E. Humphreys Jr., chairman of the board, United States Rubber Company, is the national chairman for this year's Bible Week observance. In his statement on the week, Mr. Humphreys said, "There is no better guide, no better set of principles or source of inner strength than the Holy Bible. It is the answer for us as individuals, as a society, and as a world searching for the truth."

National Bible Week is sponsored by the Laymen's National Committee, Inc., of New York, an interfaith organization founded in 1940 to reawaken religious thought, to conduct a campaign of Bible reading and study, and to encourage church and synagogue attendance.

### DON'T BE NAIVE

Taxpayers got another jolt with the one-cent increase in the Federal gas tax for "the next 21 months."

If anyone is naive enough to think this "emergency" tax will be dropped at the end of "21 months" he is undoubtedly due for a sad awakening. "War emergency" transportation and other taxes have now been in effect for some 15 years.

At the end of 21 months the plea will probably be to add the revenue from the one-cent gas tax hike to the general fund instead of dropping it. Already a large portion of the existing 3c gas tax and certain automobile-related tax revenues go into the Treasury, instead of on the roads as was intended.

If Congress had worked half as hard trying to stay within the Federal income as it did in trying to find new ways to spend money and increase taxes, it could have made headway in balancing the budget and saving the value of the dollar.

—SAY YOU SAW IT IN THE TIMES—

### ADVENTURES OF THE MIND

Are the readers of popular magazines of vast circulation interested in serious and even difficult subjects?

The answer is YES—going by the Saturday Evening Post's revealing experience with its Adventures of the Mind articles.

This series marks an attempt to bridge the chasm between the intellectuals and the ordinary citizens of the country. The subjects range a tremendous gamut—art, anthropology, poetry, nuclear physics, religion, the theatre and so on. Each author represented is an outstanding authority in his or her field.

The Post's editors had misgivings as to readership. Experience dispelled those misgivings. Readership was twice as high as predicted, and plans were revised to carry an Adventure of the Mind article every other week instead of every three or four weeks. Now 21 of the articles are out in book form and the book seems headed for the best-seller list.

We live in a complex and serious world. And millions of Americans, fortunately, are eager to learn more about the army facets of that world.

### SALAMANCA, N. Y., INQUIRER:

"Several leading stock brokerage firms have inserted large advertisements in the leading newspapers of the country warning those who might succumb to speculative fever to get out of the market if they are in it on a shoestring, and gambling merely for quick profits."

"This type of advertising is in the best interests of the stock brokerage industry, and may do a lot to achieve stability and avoid disaster on the New York stock market."

NEWBERRY, S. C., OBSERVER: "Dr. Robert B. Corbett, president of New Mexico State University, said in a speech recently that a few years ago young men were told not to take engineering because engineers were a dime a dozen. Today, he stated, men trained in engineering are the scarcest and most demanded in our economy."

"The same situation could conceivably develop in farming. Our population is increasing so rapidly that in 10 years, according to Dr. Corbett, unless the nation is careful, it may wake up and find itself incapable of providing food for that sharply expanding population."

By John C. White, Commissioner

Texas farmers and ranchers might do well to take a long look at the figures on just how much production efficiency, rather than the cattle population itself, has come to be the controlling factor in vaulting U. S. beef production.

Beef output has just about doubled in the past three decades, which is not likely to surprise anyone. What may be surprising, however, is the fact that only half of this huge increase is due to growing numbers of cattle in range inventories at any one time. The other half has come from more beef produced per head.

In other words the number of cattle on the nation's numbers at any one time are only a factor of 50 per cent in the total production of beef.

Growing cattle numbers have just about kept pace with our growing population in the past 30 years. The number of people and the number of cattle each increased approximately 43 per cent. If beef production were controlled by numbers alone, consumers would be supplied with no more beef per capita than they were getting three decades ago.

But production of beef per head during the same period increased by 44 per cent, and U. S. consumers must now eat more beef per capita.

Just what has brought about this phenomenal gain in production per head? Aside from the cumulative advances in breeding, feeding, disease and parasite control, there is the growing percentage of beeves going to the slaugh-

ter pens rather than lighter dairy cattle.

Another reason is the higher birth rates and lower death losses for calves. Calf births per 100 cows have increased from 75 per year in the 1920's to 87 in the past few years. This has been achieved in spite of the shift from milk cows to beef cattle, which are not so reliable as breeders.

More animals are being kept to maturity before slaughter, amounting to about 70 per cent now compared with 50 per cent in the 1920's and 1930's. Dressed weight has increased by some 80 pounds per head.

These figures give a fairly clear indication of the future outlook. If cattle numbers alone should go up from 100 to 110 million in the next five years, production probably would rise from the present 14½ to about 17 billion pounds of beef per year, and half of the increase would come from higher productivity per head.

## Legal Notice

### THE STATE OF TEXAS COUNTY OF KNOX

TO THOSE INDEBTED TO, OR HOLDING CLAIMS AGAINST THE ESTATE OF JOE TOMANEK, DECEASED, NO. 985, IN THE COUNTY COURT OF KNOX COUNTY, TEXAS:

**MOORHOUSE INSURANCE AGENCY**  
 4th Blk. North of Ford Dealer MUNDAY, TEXAS Phone 4051

**IT'S THE LAW in Texas**

**AGENTS NECESSARY IN BUSINESS**  
Practically all business transactions of every kind depend upon the services of agents of one kind or another. Your insurance man is an agent and so is the man who sells you real estate, or delivers your groceries, or

drives your bus. These are just a few examples and each under the law of agency is somewhat different.  
But they have in common the idea that, in some way or another, they represent or act for someone else. The person or corporation for which they act is known as the principal.  
Generally speaking, there are two broad classes of agents — special agents and general agents. For example, suppose you wish to sell your house and you engage a realtor to handle it for you. He is a special agent who represents you in this transaction alone.  
On the other hand, if you were to be absent from the city for a long period of time and have business affairs to be cared for, you might grant a power of attorney to a close associate to act

**MOTOR MAIDS**

**What Should You Do In an Emergency?**

By Martha Johnson  
Dodge Safety Consultant

It doesn't matter whether you are driving to the corner drug store or taking a long trip, there's always a chance you may be faced with an emergency.  
Because feminine drivers often don't know what to do when an unusual situation arises, many panic. This isn't necessary, however, if you remember these few simple hints.  
**IF YOU HAVE A BLOW-OUT** . . . Let your car coast to a stop. Don't brake hard. Move to the edge of the road.  
**IF YOUR BRAKES FAIL** . . . Use the hand brake. Steer into the curb if necessary.  
**IF YOU GET OFF ON THE SHOULDER** . . . Hold steering wheel firmly. Let the car slow down; then turn the wheels back onto the road.  
**IF YOU START TO SKID** . . . Turn the wheels in the direction of the skid. Don't set your brakes.  
**IF YOU ARE CAUGHT BY A LIGHT CHANGE** . . . At an intersection, continue at safe speed. Approaching an intersection, stop safely if you can. But don't slam on the brakes.

in your place as fully as if you were present.  
He would be your general agent and could use his own judgment and discretion in conducting your affairs without consulting you as to what should be done with any old or new problems that might arise.  
However, the principal is responsible for the conduct of his agent, either general or special, if the agent is in the process of doing what he has been hired to do. Thus, if the agent is acting

within his "scope of authority," and someone is injured through the agent's negligence, the principal is liable.  
Very often difficult legal questions arise as to whether the conduct of the agent was within the "scope of his authority," and thus binding upon the principal. For example, suppose the grocer's delivery boy while enroute to a customer's home, and despite the grocer's instructions to stick to business while on deliveries, decided to go a mile or so out of

his way to see his girl about a date that night. He drives through a stop sign and hits a pedestrian. Is the grocer responsible for this?  
Though this is one of the areas of the law that can be very complex, at the same time it is one of the areas of the law where fairness, common sense and common understanding are most important.  
(This column, prepared by the State Bar of Texas, is written to inform — not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)

Dr. and Mrs. Delmon E. Alexander and daughters visited with their son and family. Mr. and Mrs. David Alexander and son, in Lubbock over the week end and Dr. Alexander and David attended the Texas Tech and T. C. U. football game on Saturday night.

Mr. and Mrs. Troy Moore, visited her parents, Mr. and Mrs. C. T. Wilson, in Meadow last Sunday and Monday.

**CARD OF THANKS**  
Our thanks to each one of the many friends whose loving expressions of sympathy helped us so much during our recent sorrow. We are especially grateful. Mr. and Mrs. A. B. Warren and family of Mrs. J. W. Medley.

**LOCALS**

Mr. and Mrs. W. V. Terry of Sudan were Sunday guests of her brother and wife, Mr. and Mrs. Don Boyles.

Jerry Bowden attended the Texas Tech and T. C. U. football game in Lubbock last Saturday night.

Mrs. Leslie Tremmer and Ardet of Hale Center visited her sister, Mrs. Clarice Mitchell, and Annette over the week end.

Sunday visitors in the home of Mr. and Mrs. Buster Ford and Helen were Mr. and Mrs. Lee Louis of Loongview, Calif.

Miss Helen Ford and Graham Aker of Wichita Falls attended the Texas and Oklahoma football game in Dallas last Saturday.

### Kenneth Sanders Speaks To Guild Members Monday

Miss Merle Dingus was hostess to members of the Wesleyan Service Guild at their regular meeting last Monday night at the Methodist Church.

Mrs. Rex Mauldin led the group in singing, and Mrs. Roberta Beck led in prayer and gave the devotional.

Mrs. Lee Haymes, program chairman for the evening, presented Kenneth Sanders of Weir, who spoke to the group about his tour to the United Nations. He also showed films of his tour.

A short business meeting was conducted by Mrs. John Spann. Rev. Rex Mauldin dismissed the group.

Refreshments were served to three guests, Mr. Sanders, Rev. Mauldin and Mrs. J. C. Borden, and 21 members.

### P-TA TO MEET AT 4 P.M. THURSDAY

The meeting of the Munday P-TA to discuss proceeds of the Halloween carnival has been changed to 4 p.m. Thursday, October 15. This change in time was made because of the Munday Study Club's meeting at the school at 6 p.m.

Drive carefully. The life you save may be your own!

### Baptist Circle Meets Monday In Patterson Home

The June Petty Circle of the First Baptist Church held their first meeting of the year, Monday, October 12, at the home of Mrs. Joe Patterson. Mrs. Robert Young led the opening prayer.

Mrs. Patterson introduced Mrs. Paul Pruitt who gave a book review of "By All Means" by Baker J. Cauthen. The book tells of the ways and means our missionaries use to win people of all races.

Mrs. Patterson's daughter, Mrs. Gerald Doyle, is a missionary in San Jose, Costa Rica, Ecuador. Mrs. E. L. Blacklock closed the meeting with a prayer.

### Study Club To Honor Guest At Dinner Thursday

Thursday evening before the program, featuring Mrs. Frank Grimes of Abilene in the first of a series of programs sponsored by the Munday Study Club, the Munday Study Club will have a dinner at the school cafeteria with Mrs. Grimes as special guest. Mrs. Grimes will be accompanied by her sister-in-law, Mrs. Leslie Grimes, who will sing at the program.

Ten women's clubs in the surrounding area have accepted the invitation to discuss organizing a Fine Arts Federation to bring outstanding musical and dramatic programs to this area. Some of the programs will be for school children and some for adults.

### BENJAMIN NEWS

Mr. and Mrs. A. Golden visited his mother, Mrs. Golden, who is ill in the hospital in Crowell, last week.

Mrs. John Blair of Red Springs visited Mr. and Mrs. George Jackson last Thursday.

Mr. and Mrs. Roy Pettis had as their guests last Sunday Mrs. Pettis mother, Mrs. Brothers, and her brother of Fort Worth.

Mr. and Mrs. Buck Meizer and daughter of Knox City visited his mother last Saturday.

Mrs. Muriel Johnson visited relatives in Fort Worth one day last week.

Mrs. D. V. Gilbert and her mother, Mrs. O. V. Chitty, visited in Knox City last Saturday.

Mrs. Nancy Hamilton and son, Bobby Jack, of Fort Worth spent the week end at their home here and visited with relatives.

Sharon Peters of Abilene visited Sharon and Billie Skidmore and attended church here Sunday.

### Gems Of Thought

**"TODAY"**  
To those leaning on the sustaining infinite, to-day is big with blessings.

—Mary Baker Eddy

The man who wastes to-day lamenting yesterday will waste tomorrow lamenting to-day.

—Phillip M. Raskin

You can't escape the responsibility of tomorrow by evading it today.

—Abraham Lincoln

It will be a shock to men when they realize that thoughts that were fast enough for today are not fast enough for tomorrow.

Mrs. Lula Jones returned home last Monday from El Cajon, Calif. from several weeks visit with her daughter and family.

Mr. and Mrs. Press Phillips and Miss Helen Phillips of Abilene returned home last Monday from a weeks vacation in Arkansas.

**YOUR NEWSPAPER PACKS SELLING POWER!**

I am not afraid of tomorrow; for I have seen yesterday and I love today.

—William Allen White

The past, the present and the future are really one — they are today.

Mr. and Mrs. Bill Victory and daughter of Matador visited her brother and wife, Mr. and Mrs. James Boger, over the week end.

Mrs. Ben Yarbrough, Mrs. John Phillips and Johnny and Mrs. J. B. Scott visited with Mr. and Mrs. Jerry Scott and daughter in Wichita Falls one day last week.

Speed doesn't shorten the road . . . it shortens your life!

### Barbour Resigns As Director In Farm Bureau

WICHITA FALLS — Loys D. Barbour of Iowa Park today announced his resignation from the Texas Farm Bureau board of directors at a meeting of Dist. 3 county presidents and secretaries. He will continue in office until the end of the business session at the State convention Nov. 11 in San Antonio when his present term expires.

Barbour, who had served on numerous important state-wide committees and was secretary-treasurer of the state farm organization in 1957, has served as Dist. 3 director for 18 years. The long-time farm leader stated in a letter to his district leaders that due to expansion of his farm operations, he does not have sufficient time to "effectively promote" the Farm Bureau program.

"The county Farm Bureau leadership in Dist. 3 throughout these 18 years has certainly been very kind and cooperative to me," he said. "I want personally to extend to everyone who has co-

operated and given so generously of his time and money to build Farm Bureau my sincere appreciation for the many kindnesses shown me during many trying times we labored together to organize agriculture."

Barbour made it clear that he was not retiring from participation in the Farm Bureau organization.

"As many of you know, I have lived and breathed Farm Bureau the best years of my life, and I am not planning on quitting Farm Bureau, but must relinquish my official obligations at the present time," he said.

**MUNDAY SCHOOL LUNCHEON MENU**

Monday: Spanish Rice and meat, candied sweet potatoes, green beans, cheese slices, cornbread, milk, cookies.

Tuesday: Pinto beans, mixed greens, pimiento cheese sandwich, chilled canned tomatoes, cornbread, cherry cobbler.

Wednesday: Steak and gravy, mashed potatoes, buttered carrots, hot rolls, butter.

Thursday: Ham, cheese and rice casserole, green beans, cabbage and carrot slaw, cornbread, sliced apples.

Friday: Turkey and dressing, giblet gravy, english peas, hot rolls, butter, sliced peaches.

### Moguls Lose To Iowa Park Team

The scrapping little Moguls lost their fifth straight game of the season last Friday night as they were defeated by the Iowa Park Eagles 44-0 on the local field. Iowa Park now has a 4-1 season total.

The Moguls continued to battle the Eagles during all the game, but they seemed to lack the scoring punch.

Iowa Park pushed over one marker in the first quarter and two in the second. For the second marker in the second quarter, David Parkey legged it over and Lyndell Glenn added the two extra points. Mike Cladwell added a six pointer in the third and pushed over the extra points.

In the fourth Glenn and Bobby Gilbreath each crossed for tallies. Munday moved to the Iowa Park one-foot line on the last play of the game, the only time they threatened during play.

### Moran Defeats Goree Team 57-26

In a district 3 six-man football game, Moran defeated Goree 57 to 26 last Friday night at Moran.

Left end Burrell McKelvin of Moran scored two tallies on passes from quarterback James Tabor and ran back punts of 59 and 60 yards for touchdowns. Fullback Kenneth Williams scored on runs of 4, 8, and 13 yards. End James Shelton ran 40 yards to score and Tabor kicked four extra points.

From a double winged-T, Goree halfback Tommy Howry twice on passes, and Foster Kelly and tailback Charlie Lainam each scored on one-yard plunges.

### RECEIVES BROKEN ARMS IN FALL

Miss Helen Phillips of Abilene fell Monday afternoon at the home of her parents, Mr. and Mrs. Press Phillips and broke both of her arms just above the wrist. She was carried to the Knox County Hospital for treatment. She expects to be able to come home the latter part of this week.

Mr. and Mrs. A. C. Boggs were business visitors in Dallas over the week end and also attended the State Fair while there.

Miss Lennie West visited her mother, Mrs. I. L. West, and other relatives in Dallas over the week end.

### Help your teen-agers do better homework!

The pressure is on for better grades. How can you as a parent help your children do better homework, better schoolwork? Start them on the "look it up" habit that not only builds word power but teaches youngsters how to think for themselves. Buy them a copy of Webster's New Collegiate Dictionary, a Merriam-Webster.

Look for the word Merriam. This is the dictionary required or recommended by almost every school and college. Insist on a genuine Merriam-Webster.

## Root-Knot Nematodes On Cotton Can Be Controlled, Pathologist Declares

Root-Knot nematodes, which results in an average loss of more than 160,000 bales of cotton annually for all U. S. cotton-producing areas, can be controlled by using a chemical soil fumigant, reports Harlan E. Smith, extension plant pathologist. This pest occurs particularly in the irrigated areas of the Southwest, he adds, and accounts for 10 percent of U. S. cotton disease losses.

A nematologist of USDA's Agricultural Research Service in Arizona has shown that DBCP (marketed under the name of Nemagon or Fumazone) can effectively reduce populations of root-knot nematodes. This method of control, says Smith, is as effective as crop rotation and summerfallow is combating the pest.

Moreover, even with the added cost of the fumigant—about \$22 per acre—the cost per bale of cotton produced under the experiment was lower than when the nematodes were not controlled.

Applied at the rate of four gallons per acre, DBCP is injected about eight inches into the soil with equipment similar to that used apply anhydrous ammonia. Then the soil is compacted with a roller to prevent the fumigant from escaping. Cotton planting should be delayed until about eight days following fumigation to avoid any possible toxic effects of the nematocide on the plants. Because this waiting period varies with the type of soil, growers are advised to follow the fumigant manufacturer's recommendations, says Smith.

Differences between the size of seedlings in the treated areas and those in the untreated areas are really apparent. Plants in the fumigated plots are larger and more vigorous than those in the untreated plots and these differences become more pronounced as the plants mature.

Research showed that treatment after planting leaves a moderately heavy nematode infestation, and is not an effective means of control.

Observation in Texas indicate that spot treatment of localized infested areas may be better than overall fumigation in the field. Smith adds that the fumigants Dowfume D 85 and D-D are being used with good results in the irrigated cotton areas of Texas.

## Weekly Health LETTER

Issued by the State Health Department

In all nature there is an elementary truism: The mother always protects her young. The truism applies fourfold in human civilization.

In our complex society there are so many things for parents to do to protect their young that they are apt to let certain aspects of child protection slide.

One of these is seeing that their children have the entire battery of protective inoculations against polio.

This is especially important for small children—the pre-schooler. Last year there were 1,618 cases of paralytic polio up to the middle of September. This year, by September 19, there were 3,407 cases in the United States.

The largest percentage of victims were under five years of age.

In Texas there have already been 257 cases of paralytic polio, a slight rise over last year.

The overwhelming majority of paralytic polio victims have been persons who have not completed the entire series of three shots.

Immunization programs are in effect in many schools, so that large numbers of school children have been polio-protected.

However, that still leaves huge numbers of adults and small children unprotected.

Parents have a responsibility to themselves to start and finish the series of three Salk shots.

More important we need to protect our children—the pre-schoolers.

Many areas of Texas have active polio immunization programs in operation. It would be wise to take advantage of such a program, if present in your community.

Whether or not such a program exists in your area, you should have your whole family polio protected.

Also, if you have already completed your series of three shots, you may obtain added protection by getting a booster shot.

Consult your physician about it soon.

Mr. and Mrs. Rhoads Allen attended the Texas Tech and T. C. U. football game in Lubbock last Saturday night.

O. Henry would never have become a brilliant writer had he not gone to prison.

This is the belief of one who can remember the famous short story writer.

Mrs. Frances Maddox Massie of Austin was just a little girl but she recalls that Will Porter was fond of children and that he was a frequent visitor to her father's home. John Maddox was in the real estate business and he gave the young man a job. Maddox was so impressed with Porter's skill as an artist that he offered to provide the funds for him to study in Chicago, an offer which O. Henry did not accept, however.

When she was older, Frances Maddox was permitted to use the same typewriter in her father's office that O. Henry had used. Mrs. Massie's belief is that O. Henry liked people too much over to have become a writer in the ordinary course of events.

"He was always giving of himself to others — his jokes, his smiles, his singing and conversation," Mrs. Massie declares.

The tragedy of the bank fund accusation, his conviction and his conviction and his sentencing changed him completely and in prison he began really to write.

One reason that O. Henry visited the Maddox home was to talk to Mrs. Massie's uncle, John C. Duval, a hero of Goliad and author of two Texas classics, "Early Times in Texas" and "Adventures

### Irrigation In Texas Increases

A survey just completed by the Texas Agricultural Extension Service shows a continued increase in irrigated acreage in Texas. The irrigated area in June 1959 was 7,140,443 acres. Similar surveys in 1957 and 1955 showed an irrigated area of 6,962,234 and 6,208,022 acres, respectively. The data in each survey was compiled from information furnished by county agents from each Texas county, according to Wayne Keese, extension agricultural engineer-irrigation.

Reports from the counties show that some irrigation is practiced in 239 of the State's 254 counties. An estimated 6,445,155 acres are irrigated by surface methods and 695,288 by sprinkler systems. Irrigation is used on 48,110 farms, and ground water supplies obtained from 60,708 wells are used on 5,914,753 acres, noted Keese.

Cotton is the leading irrigated crop with 2.2 million acres, and grain sorghum is second with just two million acres. Wheat ranks third with 637,000. Other important irrigated crops are rice, 436,000 acres; vegetables, 375,000; and pastures, 200,000. Corn, forage sorghum, alfalfa,

oats and many other crops are produced on irrigated farms.

Irrigation did not expand as rapidly the last two years as in the previous two year period, probably because of more favorable rainfall, explained the specialist. The increase during a period of more favorable rainfall indicates an acceptance of irrigation by farmers as a sound management practice instead of simply an emergency practice to maintain production in drought periods.

Keese added that the growth of irrigation not only indicates the farmer's continuing effort to increase his production efficiency, but also demands continued emphasis on conservation and efficient use of one of our greatest natural resources—water.

**4-H CLUB NEWS**

The meeting was called to order by vice president, Jan Jones at 12:30 p.m. Tuesday. The minutes were read by Terry Patterson. Troy Jones, our counselor, told us how to prevent snake bites and how far a snake can strike. He also told us how a snake strikes under water. Then we learned how to make a yard fence snake proof. We learned what snakes were poison to humans and what snakes were not poison to humans. We were told how to detect poison snakes from the ones that were not. We learned that there were 113 different kind of snakes in Texas and which 16 of these were poison to man. By reporter, Bobby Lee

**MOTOR MAIDS**

**'Life Can Be Longer With Seat Belts'**

By Martha Johnson  
Dodge Safety Consultant

LOS ANGELES, CALIF.—Joining the growing ranks of seat belt advocates is J. H. Mathewson, professor of engineering at the University of California at Los Angeles.

Using facts uncovered during 10 years of research at UCLA, plus the findings of other researchers and traffic enforcement agencies, Professor Mathewson is a firm believer that "life can be longer—with seat belts."

He debunks the two most common arguments against seat belts—in case of fire a person could be trapped, or in the event of a roll or tumble off an embankment, belts would prevent the driver or passenger from being thrown clear.

"According to surveys, fire in an automobile following a collision is an extremely rare event. And those that are thrown clear and remain uninjured number, among the few," claims Mathewson.

"In view of arguments pro and con about the value of seat belts, coupled with the sparing use of the belts, it seems not unlikely that a large segment of the motoring public has arrived at the answer—a plague on both of your houses." But there is substantial evidence to prove that the motoring public is, by not using seat belts, missing a really good bet.

"All of the findings published by persons and agencies performing research in

Mr. and Mrs. Altus Day of Mexia visited his sister, Mrs. W. O. Mays, over the week end and all went on to Pampa to visit another brother, Alvin Day, and family in Pampa a few days this week.

Mr. and Mrs. Bill Rippetoe and sons, Mike, Pat and Rusty, of Lubbock were Sunday guests of her parents, Mr. and Mrs. M. Dean.

Mr. and Mrs. R. L. Ratliff were business visitors in Sulphur Springs several days this week.

Mr. and Mrs. W. R. Moore were business visitors in Shreveport, La., and Texarkana several days last week.

**Former Munday Resident Dies In Blythe, California**

Funeral services were held in Blythe, Calif., at 2 p.m. Sunday, October 4, for Hubert Wardlaw, 47, former resident of Munday, with Rev. Elmer Kitterjohn officiating.

Mr. Wardlaw had been ill with leukemia for several months and died in Redlands Hospital on October 1. He was born in Munday on August 7, 1912, and lived in Knox County for several years before moving to Blythe, where he married Dorothy Butler in 1941. He was the father of two Warden's also will compile information.

He was deputy sheriff of Riverside County, and law enforcement officers served as honorary pallbearers.

The body was taken to Santa Paula, where graveside rites were conducted with the American Legion in charge.

Besides his wife, Dorothy, and children, Jack and Gail, he is survived by three sisters, Mrs. J. A. Hill and Mrs. Cotton Smith of Munday and Mrs. Thaxton Searcy of Dallas; four brothers, Homer of El Campo, Texas, Bert of Phoenix, Ariz., and Joe and Clint of Blythe.

**Game Wardens To Make Counts Of Waterfowl**

Thirty Texas game wardens have volunteered their services to make a waterfowl inventory in Texas, according to Harold Irby and Bob Singleton, waterfowl biologists of the Game and Fish Commission.

Each warden will cover a highway route of 200 miles every 15 days, during the duck season. They will survey all lakes, tanks and ponds within a quarter-mile of each side of the highway they traverse; thus each warden will survey approximately 100 square miles on each day of work.

The route selected for these surveys will be where maximum bodies of water may be found. Wardens also will compile information as to area of the lakes and the time when waterfowl concentration is heaviest.

"This is taking the first step in the direction of preferential hunting seasons," the biologist said. "We will learn where the heaviest concentrations are. Then on the basis of our kill reports we can evaluate gun pressure and probably bring about a beneficial adjustment."

Troy McKnight, L. B. Patterson and Mr. and Mrs. Lee Bruce attended a district 3 Farn Bureau meeting in Wichita Falls last Monday.

Mr. and Mrs. W. B. Neill visited with sick relatives in the Merkel Hospital and with Mr. Neill's brother in Hendricks Memorial Hospital in Abilene last Sunday.

FOR SALE—Clean 1933 1/4 ton Chevrolet. Pick-up. Albert Kuehler, 3 miles east of Rhineland. 1tp

## Knox Prairie Philosopher Is Glad To Learn That Some Of Those Quiz Folks Are Just Ordinary After All

Editor's Note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek views the quiz show scandals this week. Dear Editor:

I'm not exactly a television fan, television programs don't turn up out here like newspapers, people can't hand you a television program but nonetheless I manage to look at a few programs now and then and I was interested in reading in a newspaper I borrowed out of my neighbor's mail box yesterday that Congress has been investigating the quiz programs which were so popular last year on television.

As I understand it, several contestants have testified that the quiz programs were rigged, that the answers were given to them before they went on the air.

Now this has struck some people as outrageous, they think something ought to be done to the television producers who worked such a fraud on the public.

I disagree with this attitude completely. Personally, I am very satisfied to learn that some of the contestants claim they were given the answers ahead of time.

I watched those people rattle off answers to almost impossible questions, week after week, and their vast store of knowledge was making people like you and me, at least me feel inferior. It

J. A.

just wasn't human to have that many facts crammed in your head. It's a pleasure to me to get this thing brought to light.

As for working a fraud on the public, that's an unpleasant thing, but let's not carry our outrage too far. Congress doesn't want to get too energetic about it. People demand a certain amount of fraud in their entertainment and possible in their politics. Nearly everybody knows the gunmen in TV westerns use blanks. There never was a woman's hat that some man wouldn't brag on, and everybody knows there are some hats that the only way you can brag on them is to lie.

There's nothing wrong with hokum, as long as the people know it's hokum. Congressmen know that.

Yours faithfully,  
J. A.

Miss Carla Booe of Abilene visited her parents, Mr. and Mrs. Carl Booe, over the week end.

Mr. and Mrs. R. G. Alley and son of San Angelo visited their daughter, Mrs. Wayne Cliff, and family in Goree over the week end.

Go outside and look at your house RIGHT NOW!

ISN'T THIS WHAT IT NEEDS?

Now is the time to protect your house against everything the weather can think of... with the kind of paint that has what it takes. That's SWP... Weathered to talk back to the weather!  
Paint now with SWP... have the best-looking house in your neighborhood.

Munday Lumber Co.

DEEP WITHIN a mountain in southwestern Missouri, freight cars await unloading of civil defense equipment to be stockpiled there for use in case of enemy attack. The siding, extending 600 feet into the mountain, can accommodate 16 railroad cars simultaneously. The Office of Defense and Civilian Mobilization facility, part of a limestone mine, contains a vast array of medical supplies and "hardware" to be used in recovery operations in the event of an attack on the United States. (Courtesy Southwestern Limestone Co.)

### Certificate Awarded To E. Y. Johnson

State health authorities have awarded E. Y. Johnson of Munday a Grade C certificate of competency in recognition of his skill and knowledge of sewage plant operation.

The certificate was awarded under Texas' general sanitation law that municipal sewage plants must be supervised by an operator who has proved his knowledge

of the job and its public health implications in written examination and has been certified by the Texas State Department of Health.

A 24-year employee of the Munday sewage plant, Johnson's certificate will be valid for three years.

Grade C certification requires detailed experience in sewage plant management, plus 40 credits annual district and state short courses sponsored by the Texas State Department of Health, the

engineering extension service of Texas A and M College, and the Texas Water and Sewage Works Association.

S/Sgt. Don J. Weaver, who has been instructor at Sheppard Field in Wichita Falls for the past two years, spent a few days here with his father, Bert Weaver, and mother, Willie Weaver, and with Glynn Weaver and family. Don is enroute to Travis Air Base in California where he will fly to Camp Yohota, Japan to

spend three years. His wife and children plan to join him as soon as possible. At the present they are with her father in Mt. Olive, Miss.

Mr. and Mrs. J. L. Stodghill returned home last Monday from Torrance, Calif., where they visited with his daughter and family. Mr. and Mrs. Eugene Gorce and children. They also attended the three world series baseball games between the Los Angeles Dodgers and the Chicago White Sox in Los Angeles.

### DINNER AT GOREE

There will be a dinner Friday, October 16, at the Memorial building in Goree sponsored by the Goree Cemetery Association. Serving will begin at 11:30 a.m. and will be \$1.00 for all you can eat.

Mr. and Mrs. Stanley Wardlaw visited with Mr. and Mrs. Dorsey Wardlaw and children in Fort Worth and with Mr. and Mrs. Ralph Geeddie and children in Dallas over the week end.

### Home Accidents Take Many Lives

Be it ever so humble, there's no place like home — despite the accident statistics.

The statistics might make you wonder about "home, sweet home."

1. Home accidents kill more children 1-4 years of age than any disease.

2. Home falls take 12,000 lives a year.

3. Home fires and other burns take the lives of 5,500 persons annually.

4. Accidental poisoning in the home claims 1,000 victims a year.

Home accidents, reports the Texas Safety Association and National Safety Council, kill 27,000 persons a year, and injure more than four million, in the U.S. Home accidents in Texas alone claimed the lives of 1,202 persons and injured more than 72,000.

"In view of these facts," J. O. Musick, general manager of the Texas Safety Association, said, "you may well be concerned with the safety of your home."

"But when you stop and consider the great number of hours spent in the home, the statistics are more understandable even if the danger is just as real."

A hazard-free home, Musick said, results from practicing the safe way of doing things. "You'll soon do them automatically," he predicted, and suggested some danger signals to watch out for in the home:

1. Water or grease on the kitchen floor.

2. An unlighted stair, or toys and boxes piled on stair steps.

3. Cily rags or papers left in a corner or garage or basement.

4. Dull knives, which are dangerous because they force the user to apply too much pressure, and because most people don't have the proper respect for them.

5. Pots on the stove, the handles turned out for little hands to grab.

6. Rubbing alcohol, candy-coated laxatives and aspirin left for small children to sample.

Mrs. Claudia Rodgers returned home last Saturday from a ten day visit with her son and family, Mr. and Mrs. Wayne Rodgers and children, in August.

Mr. and Mrs. J. H. Amerson, Mr. and Mrs. James Amerson and Mr. and Mrs. Kenneth Stubblefield visited in Lubbock over the week end and attended the Texas Tech and T. C. U. football game on Saturday night.

Love is an ocean of emotion surrounded by expanses of expenses.

### Gilliland 4-H Club In Meeting

The Gilliland 4-H club girls met in a recent meeting for the purpose of electing officers for the coming year. Those elected were Karen Cook, president; Norma Jo Navratil, vice president; Paula Horne, secretary-treasurer; Anita Bartos, delegate to county council, Ray Cook, reporter.

The agent Miss Kinsey discussed projects to be continued and new ones to be chosen. The adult leader attending was Mrs. J. T. Cook.

Gary Offutt left last Tuesday for San Antonio where he entered the Air Force and will be stationed at Lackland Air Force Base.

### Officers Named For Local 4-H Girls

The fourth and fifth grade girls held a 4-H Club meeting at 2 p.m. Thursday, October 8, and elected the following officers:

Toni Leflar, president; Ginger Searcey, vice president; Jackie Horan, secretary and food demonstrator, and Connie Bellinghausen, reporter and delegate.

Some people never hit the mark because they never pull the trigger.

Even a tombstone will say good things about a guy when he's down.

## Sweet Potatoes

New 1959 Crop Now Ready!

Our new crop of sweet potatoes is cured out and are being processed this week. Will have a continuous supply until next February.

We are located in the Munday Locker Plant building, and invite all those desiring sweet potatoes to see us there.

### Sweet Potato Pie

2 cups sweet potatoes, 3 eggs, 13 marshmallows, 1/2 cup sugar, 2 tablespoons corn starch, 1 stick butter, 1 teaspoon vanilla, 1/2 cup milk.

Strain potatoes, put in double boiler, add marshmallows and butter. Mix corn starch with sugar and add to potatoes. Add milk. Last, add eggs and vanilla, mixing well. Pour in uncooked crust and cook until crust is brown.
