

## Kracker Krumb's

Odd Bits Salvaged  
By The Editor

"Understand thou what thou readest?" — The Bible.

k-k

This familiar portion of the scriptures might apply today just as it did in biblical times. If anyone interpreted our remarks last week about the dentist's Hal-ow-een prank of putting sugarc-coated laxative pills in trick-or-treaters' bags to mean our own dentist, Delmon Alexander, then we think thou didn't understand what thou readest. We read of the incident in an Associated Press article with a Fremont, Calif., dateline. We told Delmon that if he had been that mean we don't think we'd have hesitated to call names. So for the clarification of everyone, folks, it wasn't a local dentist, not even a Texas dentist.

k-k

There's a group in Munday who want to be kind to children, especially the underprivileged ones, when Christmas time rolls around — and that's not far off. The Munday Jaycees want to distribute toys and things to these underprivileged children, and they want their names right away.

k-k

It's difficult to wait until the last minute and prepare things for Christmas baskets to the needy or underprivileged, so those Jaycees would like to get started now. If you know of someone these boys could provide a brighter and happier Christmas through their efforts, please turn their names in to the Jaycees of the Chamber of Commerce. The Jaycees are to be commended for this move, and they need your cooperation if the project is to meet with success.

k-k

"Have you ever attended one of those feeds at Rhineland?" someone asked us a few days ago. "We shore have," we replied, "and they really serve you the actuals."

k-k

We imagine the coming event, the Thanksgiving feed, slated at Rhineland next Thursday will be no different. The turkey, homemade sausage in the casings, all the necessary trimmings, and delicious homemade pie and cake to climax the delectable feed will be on hand. They have really served big crowds in the past, and to most people all that needs to be said is: "They're going to have a feed at Rhineland," and the crowd will be there.

k-k

"A great majority of the tests for the week killer has shown no contamination," Secretary of Welfare Arthur S. Flemming said Monday night. "This is encouraging, and a trend that I hope continues as the testing proceeds. So the weed killer in cranberries that causes cancer in rats may not be such a booger-bear after all, and our guess is that if the Thanksgiving delay is on the menu most people wouldn't turn it down. Much publicity in humans, but very few of we adicts have quit. Wonder what smoking would do to rats. Personally, we would sum the whole cranberry situation up in two words—Aw, rats!

k-k

We reckon no person in Munday thought water from the proposed Miller Creek reservoir would be brought into Munday and put in our faucets for free, but quite a few are now protesting the costs after receiving their tax letters and appearing before the equalization board. We understand about 150 persons registered Monday to be heard by the board.

k-k

Then Wednesday, petitions were being circulated asking that "some out" be found to the situation. Leaders of those seeking to have Munday withdraw from the Authority are dubious of what saddling a million dollar debt on the town would mean in the future. We don't know, and we doubt if many do, what the outcome will be, other than presenting authorities with the expressed views of signing the petition.

## MONDAY PTA MEET TONIGHT

The regular November meeting of the Munday PTA will be held Thursday, tonight, at 7:30 in the lunch room.

Elmer Kuntz agriculture teacher, will be in charge of the program and will show slides of the actual work being done by the F. F. A. boys. Music will be furnished by a special quartet.

Drive carefully. The life you save may be your own!

## Munday Farmer And Cotton Harvester Featured In Sunday Feature Magazine

"Easy Pickin' in Cotton Field" is the caption given a photo of B. E. Smith, local farmer, and his mechanical cotton picker which was featured on the front page of Features Magazine in the Wichita Falls Times last Sunday. At the time the photo was made, Mr. Smith was operating the mechanical harvester on the farm of his son, Edward Smith, between Munday and Goree.

The cotton is irrigated and yields were high with the use of the machine.

The magazine article, "Cotton

Farmers Look to Machines," covered the mechanical harvesting outlook in several counties in the Wichita Falls area. The following was related to Knox County:

More than 50,000 acres were planted in Knox County, according to the new county agent, Troy Jones.

"And he described the yield as good as ever . . . at least from what farmers said, this was true. Irrigated land was yielding one bale to 1.5 bales an acre, while the dryland farms north of the Brazos river are giving about one-fourth bale an acre.

"Heavy rainfall plus irrigation has made blight and wilt a big problem with the Munday area harvest hit by blight."

"The county's biggest problem was the labor with Nationals used largely, which cost the farmer about \$51.50 to get a bale of cotton into the gin. If a farmer is renting the land this doesn't leave much to go into the farmer's pocket, said Jones. He added that machines are the topic for cotton farmers faced with this big labor bill."

## Texas Will Have Nearly Half 1960 Cotton Acreage

Secretary of Agriculture Ezra Taft Benson has proclaimed a national marketing quota of 13,133,000 bales (standard bales of 500 pounds gross weight) and a national acreage allotment of 16 million acres for the 1960 upland cotton crop.

Texas' share will be 6,761,512 acres with an additional 55,565 acres for the national reserve. The Secretary also announced his determination that alternate — Choice (B) — farm allotments for the 1960 upland cotton crop will be 40 percent larger than the "regular" Choice (A) allotments for the same farms.

An acreage allotment of 22,243 acres will be in effect for the extra long staple cotton grown in Texas in 1960. The national marketing quota will be 66,590 bales with a 64,776 acre allotment.

December 15 was set as the date for a growers' referendum on marketing quotas for both upland and extra long staple cotton. At least two-thirds of the farmers voting in the referendum must approve the quotas if they are to remain in effect.

If the quotas are approved, Choice (A) will include "regular" farm allotments with price support at not less than 75 percent of parity available to growers who comply with their regular allotments. Choice (B) includes 40-percent-larger farm allotments and price support to growers who comply with their Choice (B) allotments at 15 percent of parity less than under Choice (A). Individual farm allotments under both Choice (A) and Choice (B) will be made available to producers prior to the referendum.

Benson added that if marketing quotas are not approved for the upland cotton crop, only the regular Choice (A) allotment program will be in effect and price support will be available to co-operators at 50 percent of parity, as provided by law. If quotas are turned down by extra long staple producers, support to eligible growers will drop to 50 percent of parity.

## Plans Completed For Feed Thurs.

Plans have been completed by members of St. Joseph's Catholic Church at Rhineland for their annual Thanksgiving celebration which will be held on Thursday, November 26, at Rhineland.

The Thanksgiving dinner, featuring turkey and homemade country sausage and all the trimmings will be served at the Knights of Columbus Hall beginning at 11:30 a.m. Games will include a doll rack, fish pond for the children, ring toss, and others.

In the evening, Billy Walker and his Traveling Texans will play for a dance which will begin at 9 p.m. at the Parish Hall.

The entire public is cordially invited to come out and enjoy these events.

## Chester Smith Sells Interest In Local Paint, Body Shop

Announcement was made that Chester Smith has sold his interests in the Munday Paint and Body Shop to Pete Vinson, with whom he has been associated for several years.

Smith expressed his appreciation to the people of this area for their patronage during the ten years he was associated in the business. He will continue to devote his time to his farming interests.

## Texas 4-H'ers Honored For Achievement

Melvin Young

Two college students from the Lone Star state have received the Ford Motor awards for their outstanding 4-H accomplishments in "all-around achievements" according to the Cooperative Extension Service.

Melvin Young, 19, of Lockhart, has merited the certificate of honor for the record he has compiled in 10 years of 4-H activities. He has completed 36 projects and has won many top awards.

This capable young man has served three terms as president of the Lockhart Boys' 4-H Club. He attends Texas A & M College.

Gloria Schneider

Winner of a \$150 achievement scholarship from Ford Motor, top 4-H recognition is nothing new for Gloria Schneider, 18, of Sequi. Last year she attended the National 4-H Club Congress in Chicago, a trip awarded for her citizenship activities.

Leader of the Marion Community 4-H Club, she has been an officer of her local, as well as the Guadalupe county 4-H Council. A freshman at Southwest Texas State, this outstanding 4-H'er is a home economics major.

## O'Brien Tourney Set December 17th

The annual basketball tourney at O'Brien has been set for December 17-19, it was announced by Coach Tommy Robinson, with eight teams to enter in the boys' and girls' division.

Entries have come from Matson, Weinert, Rochester, Vera, Goree, and possible entries expected from Paint Creek and Rule, in addition to the host team.

Trophies will be given the winning team, runnerup and consolation winner in each division.

## Munday Man Now Serves In Army

Larry O. Heiskell, son of Mr. and Mrs. Harmon Heiskell of Munday, has enlisted in the U. S. Army for a period of three years, it was announced by SPC Robert Tourville, army recruiter from Abilene.

Larry departed Abilene by air for Fort Carson, Colo., on November 7, and he will probably undergo basic training at that post.

Due to the army training policy for the holidays, Larry will probably complete his basic training the week before Christmas and be given two weeks leave to spend the holidays with his parents. Larry attended Pampa high school, where he was an outstanding player on the football team.

Children crippled and dying from muscular dystrophy can be saved through medical research—but only if you give generously to the 1959 United Fund.

## LEAVE FOR AUSTIN

Mr. and Mrs. J. E. Reeves and Mrs. Nell Campbell left last Tuesday for Austin, where Mr. Reeves plants to have surgery in a few days. Mrs. Campbell is also undergoing medical examination and treatment.

## Weather Report

For seven days ending 7 p. m. Nov. 17, 1959, as compiled by H. P. Hill, U. S. Weather Observer.

CULBERSON HEADS TEXAS CANCER CRUSADE — Judge Olin Culberston of Austin, Tex. Railroad Commissioner, will head the 1960 Texas Cancer Crusade. He is shown here, center, accepting the emblem of the Crusade, the American Cancer Society's Sword of Hope, from the hands of the Society's Texas Division president, Dr. John A. Wall of Houston. Also shown with the new Crusade chairman is Mrs. L. E. Dudley of Abilene, Texas Division vice president. Under the direction of Judge Culberston, the Society hopes to raise \$1,320,000 in the 1960 Crusade to continue its three-pronged attack on cancer through research, education and service to cancer patients.

## Flash Fire Saturday At O'Brien Gas Plant Injures Six Persons

Six men were burned Saturday afternoon in a flash fire at the Cities Service Butane Gas plant near O'Brien. The blast was thought to have happened when a welder's torch set off fumes. The accident occurred at about 5 p.m.

The victims were Charles L. Keener, Jimmy Huntsman, Bob Stone, Gerald Huff, Bob Chaney and Billy Joe Fritz, all of Knox City. All of the victims were taken to the Knox County Hospital.

Keener and Fritz were most

seriously injured. Both men had burns over the neck, face and arms. Huff was treated and dismissed. The other three men were admitted to the hospital and were reported in fair condition.

Tom Eaton, a plant supervisor, said the plant was not damaged. He explained that the men were burned by a sudden flash that lasted only seconds, and which did not burn plant equipment.

Eaton said plant officials could only speculate about the cause of the accident. He said a welder was working near a gasoline pipeline in the plant, and his torch apparently touched off fumes.

Some of the injured men are plant employees, and others are members of a construction crew enlarging the plant facilities, it was stated.

## Many Appear At Board Meeting Of Water Dist.

Members of the Board of Equalization for the North Central Texas Water Authority convened here last Monday for the purpose of determining the amount at which property is to be assessed in the district's tax rolls.

Property owners had been notified in advance of the figure at which their real estate and personal property had been listed on the NCTMWA tax rolls for tax purposes. Some persons appeared in protest of the estimated figures, while others asked that inequalities be straightened out. In some instances, the figures were lowered, when it appeared to the board that they had been set too high.

In one instance, property had been listed that was exempt from taxation by statutes. In others, the amounts had been lowered before the taxpayer appeared before the board, but in the main, the tax valuations remained at the district's figures.

The board held its meeting in Goree on Tuesday and reported light opposition to the tax estimates. It was stated valuations had automatically been adjusted on business property in Goree, which had been recognized as being too high.

Taxes now being assessed are for the year 1959. Values as shown in notices sent to property owners represented approximately 65 per cent of the board's estimated actual value of the property.

Personal property valuations, as far as automobiles are concerned, were listed to high in the notices and the board automatically readjusted these figures to represent 65 per cent of the Blue Book values, a national standard for automobile values.

The tax rate is tentatively set at 85 cents on the \$100 valuation. Directors of the water authority recently announced plans to sell \$1,250,000 bonds to finance land purchases and build a dam for a municipal reservoir on Miller Creek, east of Munday.

Taxable values in the district, which includes Haskell, Rule Munday and Goree, amount to approximately \$24,000,000, it was stated.

The Board of Equalization met at Rule on Wednesday and Thursday and is scheduled to meet at Haskell on Friday and Saturday of this week.

## New Mechanic At Farmers Supply Co.

Announcement was made Tuesday that J. D. Davis of Weinert is now employed as mechanic at Farmers Supply Co. in Munday.

Mr. Davis has had many years of experience with farm equipment, at one time operating his own garage in Weinert. He is qualified to do all types of repairs on farm tractors and equipment, and he invites people of this area to visit him for their repair work.

## Oil Activities

Two more wells have been finished in the Voss (Tannehill) Field in the Munday area. Willard White No. 7 E. H. Wilson, one mile north of Munday, pumped 56 barrels of 35 gravity crude in 24 hours from perforations at 1981-91 feet. Gas-oil ratio was 200-1, and total depth was 2925 feet.

Union Oil Co. of California No. 978 Mrs. W. P. Farrington, two miles north of Munday, pumped 53 barrels of 35 gravity oil, plus 42.4 per cent gas, per day from perforations at 1947-53 feet. Total depth was 2976 feet, and gas-oil ratio was 335-1.

## Field Work On Farm Census Has Begun In County

Field work in the 1959 Census of Agriculture gets underway locally on Nov. 18 when a force of census takers will start visiting every farm in the area, it was announced today by Field Director James W. Stroud of the Census Bureau's regional office at Dallas.

Farm census questionnaires have been mailed to all farm operators. The census takers will visit all local farms to collect the questionnaires and, if necessary, assist the farmer in filling out the report form.

The 1959 Census of Agriculture is the 17th in a series of nationwide farm canvasses, the first of which was conducted in 1840. The Census of Agriculture is taken at five-year intervals to provide up-to-date statistical information about the nearly five million farms which supply food and raw materials for manufacture of goods used by the people of the United States, now numbering about 175 million. The current census will yield information on the number and size of farms, acreage and harvest of crops, livestock production and inventories, selected farm facilities and equipment and selected farm expenditures.

The field director emphasized that all information about individuals and their farm operations furnished to the Census Bureau is held in absolute confidence under Federal law. It is used only to provide summary figures such as totals, averages, and percentages. The information on an individual report cannot be furnished to any one other than sworn Census employees and thus cannot be used for investigation, taxation, or regulation.

## Mother Of Sen. Moffett Dies

Mrs. Ina Moffett, 88, mother of State Sen. George Moffett, passed away last Monday at her home in Chillicothe. She had been in poor health for some time.

Funeral services were held at 2:30 p.m. Tuesday from the First Methodist Church in Chillicothe with Rev. Kenneth Wyatt, pastor, officiating. He was assisted by Rev. Roy Canada, Baptist minister. Burial was in Chillicothe Cemetery.

Born in Mexico, Mrs. Moffett had lived in Hardeman County since 1890 and had taught school in the county two years. She was married to F. L. Moffett in 1894. Survivors include her husband; her son; a daughter, Mrs. Mary Touchstone of Chillicothe, and three grandchildren.

## F. F. A. Chapter To Hold Pig Scramble

The Munday F. F. A. chapter will hold its greased pig scramble on the local football field on Tuesday, November 24, at 2:45 p.m., it was announced this week by Elmer Kuntz, F. F. A. adalisor.

Prizes will be two registered Durock gilts. Fees for contestants will be 50 cents for junior high school students and 75 cents for high school students.

Admission to the scramble will be 10 cents for students and 15 cents for adults. Everyone is invited to come out and see the fun.

## Weinert Team To Play Divide On Friday Night

The bi-district football game between the Weinert Bulldogs and the Divide Trojans, each winners in 6-man games in their districts, will be played on Mogul Field in Munday next Friday night, it was announced this week.

Word was received here Thursday, too late for last week's edition, that the game which was scheduled for last Friday, had been postponed because of a technicality.

According to league rules, a team cannot play more than 10 games before November 14, and the Trojans had failed to observe an open date in their schedule, and were ineligible to play the bi-district game last week.

Mrs. E. H. Melton was able to be brought home recently from the Haskell Hospital, where she spent some two weeks after undergoing surgery.

### A DESERTED DRILLING RIG

A house organ of one of our American oil companies prints a significant picture.

On the surface, there is nothing striking about it. The scene is a barren and remote stretch of ground in southeastern Utah. Dead, fallen trees and dry brush occupy the foreground. At the rear, on a little rise, stands an oil drilling rig. It is deserted, with no living being in sight.

The story behind that rig and the well it drilled provides the significance.

This was an exploratory well. The best exploration techniques indicated that it might find oil. But it failed. All that resulted was a dry and worthless hole in the ground.

And this well was in no way unusual. It was, to the contrary, an example of common occurrence. Exploratory wells often cost half a million dollars or more. But only one of these wells in nine has a chance of success. The odds are eight to one against those who risk their money in the search for oil. And only one well in 44 finds a million-barrel field.

This picture, then, tells why since 1926 it has been government policy to provide oil producers with incentives to keep them going ahead and taking the heavy risks. The principal incentive is called the depletion allowance, which permits a producer to deduct from his taxable income a part of the money he must have to search for more oil. It also helps to compensate for the fact that the best of wells eventually run dry and must be replaced.

Most important of all, it helps assure that now and in the future we will have available the incredible quantities of oil the nation needs.

### LONG WAY TO GO

During his American visit, Soviet Premier Khrushchev made it clear that one of his primary goals is a Soviet economy which will out-produce that of the United States. And the intimation was that this will be accomplished in the foreseeable future.

If the Premier is correct, he will have produced a miracle of the first water.

U. S. News & World Report has summed up comparative data, based on official sources, concerning pay and output here and in the Soviet Union. Highlights:

Average U. S. factory pay is \$4,700 — in Rus-

sia it is about \$1,000, based on buying power. The average American farmer produces enough for himself and 20 others, with much to spare as the huge farm surpluses prove — while the average Russian farmer produces enough for himself and only four others, with nothing to spare. And the output of the U. S. factory worker is 2½ to three times that of his Soviet equivalent.

The magazine says: "So the Khrushchev problem boils down to this: inefficient farming, meaning a limited supply of workers for other jobs . . . a shortage of modern equipment, as well as manpower, for nonfarm production . . . low productivity of the work force . . . defense needs that strain the country's capacity to produce."

Capitalism, with its competitions, its incentives, more good things for more people than any other system ever devised by man.

### J. EDGAR HOOVER SAYS:

"A valuable ally in the fight against crime, the news media of the Nation can afford further public service in focusing the spotlight of public opinion on those members of the judiciary who, in the face of the present crisis, persist in endangering the public by unleashing young terrorists apprehended at great risk by law enforcement officers."

"Parents who, through bad example, indifference, or lust for worldly gain, inflict upon their fellow men the scourge of vicious offspring deserve to feel the sting of public indignation and to face legal and financial responsibility for the criminal acts of their children."

"At this time, when the increase in youthful crimes constitutes the bulk of the shameful rise in our national crime, serious consideration should be given to lowering the age distinction between a juvenile and an adult violator. We are dealing with vicious young criminals, and they should be treated as such."

A major manufacturing company reports that in 1953 a certain pump cost \$244.96 to make in its American plant and \$148.96 in its foreign plant. In 1958, it cost \$348.55 to make the same pump in the American plant, due to inflation and wage increases — while the cost to make it in the foreign plant had actually declined, to \$140.57.

By John C. White, Commissioner

### CATTLE CYCLE NEARS STAGE FOR CAUTION

A significant note of warning about the cattle outlook was delivered before the National Association of State Department of Agriculture in Nashville, Tenn., not long ago by Oris V. Wells, administrator of the Agricultural Marketing Service of the U. S. Department of Agriculture.

Wells summed up his facts and figures by warning that "the cattle cycle is fast moving to a place where farmers, ranchers and feeders should be careful."

It was pointed out that cattle and calves have been the largest source of farm sales for several years now, and that we are all aware of the sharp rise in cattle prices in 1957-58. The number of cattle on farms and ranches was up 3.5 million head, or almost four per cent, on Jan. 1, 1959, as compared with Jan. 1, 1958.

Present estimates indicate a two per cent increase in the 1959 calf crop, which is the first increase in the calf crop from the previous year since 1954. Although cattle slaughter for all of 1959 probably will be somewhat smaller than last year, there are prospects that slaughter in the fourth or last quarter of 1959 will show an increase over the last quarter of 1958. This would be the first increase over the corresponding quarter of the year before in nearly three years.

However, Wells predicted that "prices will continue to be supported by retentions for herd expansion, and our analysts now expect a significant increase in the number of cattle and calves on farms as of Jan. 1, 1960, perhaps as much as five to six million head above the estimate for Jan. 1, 1959."

"All of this means more beef for American consumers some time in the future, but it also means that the cattle cycle is fast moving to a place where farmers, ranchers and feeders should

be careful." These words of caution are seconded by spokesmen for the American National Cattlemen's Association such as Jay Taylor of Amarillo, former president, and John Marble, head of the fact-finding committee.

"Sure we're going to get a break," says Marble, "and it will come when we quit holding back heifers to build up our breeding herds, either in late 1960 or 1961. But the break doesn't have to be a bust."

### NEWS FROM VERA (Mrs. Thelma Lee Coulston)

Week end guests in the home of Mr. and Mrs. Robert Feemster, June and Janice, included their son, Mr. and Mrs. Murl Feemster and little daughter, Sharon of Wichita Falls.

Mr. and Mrs. Orville Kinnibrugh and Betty Jo visited Saturday evening in the home of Mrs. Kinnibrugh's sister, Mr. and Mrs. Luther Williams in Goree.

Miss Karen Sullins and friend, Ray Carter attended Homecoming at Texas Tech college in Lubbock, over the week end.

Mrs. H. A. Patterson visited Sunday in the home of her daughter, Mr. and Mrs. Robert Nix and family in Graham.

Mr. Herman Weiss of Apache, Oklahoma visited over the week end with his brother, Mr. and Mrs. Paul Weiss and family.

Mr. and Mrs. Derrell Coffman of Wichita Falls visited over the week end with home folks.

The Vera High school football banquet was held last Friday evening in the high school gymnasium. Highlights of the banquet included the selection of Billy Hardin as football hero.

Donnie Gay Hardin of North Texas college in Denton visited over the week end with her parents, Mr. and Mrs. Hershell Hardin, Waylan and Mac.

Several of the students of Vera school attended the Annual 4-H Knox County Awards Banquet at the Munday High school, last Monday evening.

Mr. and Mrs. Tom Bowdoin are grandparents of a new little granddaughter, Daughter of Mr. had Mrs. Boyd Jenkins in Freeport, Texas.

Travis Gore of Wichita Falls took his parents, Mr. and Mrs. H. H. Gore to Fort Worth over the week end to see Mrs. Gore's brother who is seriously ill.

There's nothing like a new car — and no new car like a Chevrolet. This is the 1960 Chevrolet Bel Air Sport Coupe!

## PEOPLE SAY THESE ARE THE THINGS THEY WANT IN A CAR...and CHEVROLET for '60 comes closest to meeting every need!

Interviews with thousands of car owners across the country show clearly what they like or dislike about their present cars . . . and what they want most in their 1960 cars. Here's what the people tell us they want . . . and here's how Chevrolet meets their needs.

"Price, that's what's uppermost in my mind." All Impalas and Bel Airs with V8 engines are lower in price, as are automatic transmissions and many other popular options. Also Biscaynes now include as standard equipment conveniences formerly optional at extra cost.

"And how about operating economy? And resale value?" You keep right on saving after you buy your favorite Chevrolet, too. And Chevrolet's traditionally higher resale value means you'll get more back when you trade.

"Give me plenty of good old-fashioned comfort." There's comfort and then some in this one. Chevy's long on space, for one thing. Once you're under way you'll know just how comfortable Full Coil suspension makes your ride.

"Safety—don't forget safety!" You're surrounded by safety features in a new

Chevrolet. You've got big, sturdy brakes underfoot, for example, that last longer. As it has been for years, safety is standard equipment in Chevy.

"Let's keep upkeep down, too." More than ever, Chevrolet for 1960 is built to stay on the road and out of the repair shop. You can tell that from its hushed, unruffled way of going, from the solid *thunk* of Chevy's big doors. Of course, if you should need service, you're always near efficient, economical attention to your needs.

"I want a car that will stand up to the driving I do." For proof of Chevy's staying power, just spend a minute watching the nearest road. You'll see more Chevrolets traveling on it than any other car—evidence-on-wheels of Chevrolet durability. (And that higher resale value attests to it, too.)

"Me for a sweet-handling car." Handling's always been Chevy's forte, and

1960 is no exception. But really, this kind of lightness and precision you've simply got to enjoy for yourself.

"... a car you can look at and be smug about buying it." Chevrolet for 1960 leaves the low-price field far behind when it comes to fashion. But you're the best judge of styling, so take a good close look at Chevrolet. We warn you: you're about to fall in love.

"And performance. Let's have a hot one!" Chevy's spirited V8's have set the standard for ultra-efficient power in American-built passenger car engines. You've got a long list of performance-minded transmissions to pick from, too.

So that, friends, is what you told us you want. We think it can be summed up rather well in just one word: *value*.

Get the full story of Chevy's brand of value soon at your Chevrolet dealer's.

Nearest to perfection a low-priced car ever came . . .

Ride test '60's best — at your local authorized Chevrolet dealer's

**BENJAMIN NEWS**

Mr. and Mrs. C. D. Hall of Crowell visited in the home of their daughter, Mrs. Bill Dodd, and family last Sunday.

Guests of Mr. and Mrs. Tommy Hall last week included Mr. and Mrs. James Mincey of Lawton, Okla., Mr. and Mrs. Glenn Hall of Houston, Mr. and Mrs. C. A. Parham of Lamesa and Mr. and Mrs. Wallace Grene of Weatherford.

Mrs. Almanrode and Mrs. Shannon of Munday visited in the home of Judge and Mrs. L. A. Parker last Monday.

Week end guests of Mrs. Willie Redwine were her daughter, Mrs. R. C. Giles, and granddaughter, Dorothy Giles of Fort Worth.

Mrs. Bill Ryder and daughter, Sue, and Jan Morton were business visitors in Wichita Falls last Saturday.

Mr. and Mrs. Von Terry and daughter, Vicki, were visitors in Knox City last Saturday.

Mrs. Myrtle Meinzer left last Thursday for Memphis, Tenn., to be with her daughter, Mrs. Claudie Hawse, who will undergo

surgery this week.

Mrs. Ruby Moorhouse of Santa Rosa, N. M. visited relatives and friends here last week.

Mrs. Alice Dutton of Knox City visited her sister, Mrs. Della Parnell, last Sunday.

Word was received last week from Mrs. Frank Hill, a former resident of Goree, Benjamin and Munday, now living in Dalhart, asking to tell all my friends I miss them very much and hope to see all of them again sometime and that I pray they all have a nice Christmas.

Mr. and Mrs. Jim Castleman of Fort Worth visited Mrs. Muriel Johnson and other relatives here over the week end.

Mrs. Bertie Littlepage and Mrs. Ray Skidmore and daughters visited in the home of Mr. and Mrs. J. W. Herndon in Knox City last Sunday.

**IT'S THE LAW**  
in Texas

**"LAWYER TALK"**  
Many persons feel that the "whereas," "aforesaid," and other legal verbiage used by lawyers are intended only to confound and confuse the layman.

Nothing could be further from the truth. In drafting legal documents, the lawyer attempts to draft them in such a way as to exclude all ambiguities. In the last analysis, a legal document means what some court at some future time shall declare that it means. As a consequence, it's the lawyer's duty to his client to attempt to draft the instrument in such a way that it can mean on-

ly one thing.

Most any paragraph of non-legal language contains numerous ambiguities. When a lawyer refers to the "deed aforesaid," he is referring to the deed mentioned in a prior portion of the instrument. Likewise, when he prefaces a legal document with a long list of "whereas," he is simply reciting pertinent details to show the facts of the situation that lead to the execution of the instrument.

The difficulty with drafting a document in layman's language is that to the trained analyst such language is susceptible of several meanings, and consequently is likely to lead to litigation. It is the draftsman's purpose to avoid litigation which is usually expensive for the client.

Another reason why lawyers use legal language is historical in nature. Thus most deeds declare that the grantor "by these presents does grant, sell, and convey" the land in question to the grantee. Each of the words recited has a technical meaning. The words together have frequently been construed by the courts and consequently the lawyer knows in using them that their meaning is settled, and that they will operate to properly transfer the title. He would be inviting litigation for his client, if instead of using those words, he devised new language to express the same purpose. He could only say, "While I think the language that I have used will accomplish the purpose, I cannot be sure of it."

As a consequence, the lawyer, in the interest of his client, naturally uses the time-tested language. Instead of experimenting with new language.

(This column, prepared by the State Bar of Texas, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)

**Weekly Health LETTER**

Issued by the State Health Department

Healthful nutrition is a year round job. But as cooler weather comes to Texas, it becomes increasingly important to guard against falling victim of "winter susceptibility."

There really isn't any such term, but the fact of the matter is that bodily resistance may be lessened during fall and winter.

For this reason it is smart to observe, more than ever, the rules of good nutrition.

The well-fed family receives the basic foods in their daily diet. Food rich in protein should be served at every meal.

Meat, fish, poultry, eggs and milk (including milk products like cheese and ice cream) are the best sources of high quality protein. Other sources are cereals, peas, beans, and nuts.

A green or yellow vegetable should be served at least once a day. These contain essential vitamins and minerals.

Because it cannot be stored in the body, vitamin (from citrus fruits, tomatoes and other fresh or processed fruits and vegetables) is needed every day.

With the addition of these to round out meals according to tastes and appetites, the well-fed family is provided with all the nutrients needed for health and growth.

Breakfast is probably the most important meal of the day because you have gone without food for such a long period of time. One-third of our daily diet must be eaten at breakfast.

Breakfast is essential to children. Fruit, meat, or eggs, and cereal or bread and butter and milk should be included in every breakfast.

Three good meals a day will go

a long way toward keeping you fit through fall and winter and all year long.

**Gilliland Boys 4-H Club Meets**

The Gilliland boys' 4-H Club met Wednesday, November 11, at 1:45 p.m. in the school building with Johnny Cook presiding.

Lawence New, secretary, called the roll and read the minutes. The council delegate, Dwight Reeves, gave his report. County Agent Troy Jones gave an interesting talk on how to store gasoline engines.

Others attending the meeting were: Robert Conway, Leon Groves, Ronnie Simmons, Freddy Cash and Randy Reeves. The meeting adjourned at 2:45 p.m.—Ronnie Simmons, reporter.

**LOCALS**

Mr. and Mrs. Glen D. Henson and son of Odessa, Mr. and Mrs. Dub Gresham and children and Mr. and Mrs. Billy Joe Pruitt of Wichita Falls were week end guests of their parents, Mr. and Mrs. H. D. Henson.

Mrs. Muriel Mitchell visited relatives in Baird from Tuesday until Sunday of last week and attended the funeral of her brother-in-law, Harry Berry, on Thursday afternoon.

**Joe's Radio And TV Service**

**Rhineland 4-H Girls In Meeting**  
Twenty seven girls attended a 4-H meeting Nov. 11 at Rhineland. Glenda Herring presided, with Verma Bellinghausen calling the roll and reading minutes. The program featured salad making with each salad containing a dairy product. Miss Kinsey discussed the importance of Dairy products in the diet before the meeting adjourned.  
Mr. and Mrs. J. H. Amerson and Mr. and Mrs. James Amerson visited in Lubbock over the week end and attended the Texas Tech and Houston football game on Saturday afternoon.

**Santa's Party Is Coming Dec. 4th**  
A special Christmas treat for the kiddies will be the appearance of Santa's Motorized Sleigh, which is coming to Munday for an all-day party on Friday, December 4th.  
Free rides on Santa's sleigh will be given all children of this area during the time it is in town - from 10 a.m. to 6 p.m. All younger children are urged to get their rides during school hours, then children of school age may ride after school is dismissed. The Mogul Band will also give a concert in the afternoon.  
This is a new event for the Munday area one which the children, and many grown-ups, will enjoy. Everyone is invited to come to Santa's Party on Friday, December 4th, and help officially open the Christmas shopping season.  
Sponsored By The Munday —  
**Chamber of Commerce**

**GIVE THANKS**  
EVERY TEXAN BUY A U.S. SAVINGS BOND IN NOVEMBER  
America is a praying nation. Founded and built on the right to freedom of worship, we go to God in prayer and thank Him for the freedoms we have in this land.  
We pray for peace. We ask for strength to meet the challenges of the day. We give thanks for our abundance.  
While humble in prayer, we must remain strong. You can be a partner in maintaining this strength by investing in U.S. Savings Bonds. They now pay 3 1/2% interest when held to maturity, the highest rate in history.  
Texans, Give Thanks during November by signing up for payroll savings where you work or buying U.S. Savings Bonds where you bank.  
**BUY U.S. SAVINGS BONDS**  
For the convenience of this space, the Treasury Department is asked grateful.

**Book Review Is Given At Goree Study Club Meet**

Mrs. Bess C. Porter of Rochester gave a delightful review of "The Loving Meddler" by Rosabond Marshall to members of the Goree Study Club and a few visitors Thursday, November 12, in the home of Mrs. Reeves, club president.

A solo was rendered by Mrs. John Broach accompanied by Mrs. Orb Coffman.

A new member, Mary Katherine Bingham, was welcomed into the club.

During a social hour fruit cake and coffee was served by Mrs. Reeves and the program committee, Mes. H. D. Arnold, Orb Coffman and Sam Hampton.

Beautiful arrangements of fall flowers were used in the party rooms.

**Veterans And Wives Meet On November 11**

Wednesday, November 11, members of World War One, Barracks 1029, and their wives met, 38 strong, for dinner and to hear speaker, Carl Murrell of Hamlin. Mrs. Murrell accompanied her husband.

After the joint meeting the separate meetings were held, headed by Jim Reeves and Mrs. R. M. Almarode.

The women will send a box to Big Spring Hospital after the December 6th meeting at the Legion Hall. All women are urged to join the auxiliary, dues are \$4.00 per year. Meetings are held at 3 p.m. on the first Sunday in the month.

**GUILD MEMBERS TO SPONSOR BAZAAR**

Plans are being made by the Wesleyan Service Guild for their annual bazaar, which will be held on Tuesday, December 1, in the Chamber of Commerce office.

Hand made gifts and other items will be on display for you to select gifts for your Christmas list.

**DINNER AT GOREE**

The Goree Cemetery Association will serve a turkey dinner with all the trimmings Friday, November 20, in the memorial building. Serving will begin at 11:30 a.m.

**LOCALS**

Richard Whitworth, who is stationed at Fort Bliss, spent the week end with his parents, Mr. and Mrs. D. E. Whitworth.

Mrs. Vera Patterson, Patti and Dickie, visited her sister and husband, Mr. and Mrs. C. A. Howell, in Plainview over the week end and all attended the Texas Tech and Houston football game on Saturday afternoon.

Mr. and Mrs. W. I. Gunter and children of Midkiff were week end guests of her mother, Mrs. M. A. Masters.

Mrs. Ralph Glass visited with her parents, Mr. and Mrs. W. M. Coplin, in Oklahoma City several days last week.

Members attending the World War 1 Veteran's meeting in Rotan last Sunday were Mr. and Mrs. S. G. Smith, Mr. and Mrs. Jim Reeves, Mr. and Mrs. R. M. Almarode, Mr. and Mrs. Gill Wyatt and Mr. and Mrs. M. H. Dean.

Mr. and Mrs. E. O. Tuggle and Sandy of Wayside spent the week end with her sister, Mrs. Dee Mullican, and his parents, Mr. and Mrs. Ben Tuggle.

Best way to get in the swim is to stay out of the dives.

**C. P. A's. To Aid On Income Tax Returns**

Texas taxpayers of tomorrow should file the most accurate Federal income tax returns to date, according to Gregg C. Waddill of Houston. Mr. Waddill is chairman of the Texas Society of Certified Public Accountants' committee on cooperation with educational institutions.

"Texas CPA's, 3,000 strong, will help — when possible — high school and college teachers in 1,500 Texas schools, give Internal Revenue Service's Teaching Taxes courses," Mr. Waddill said.

Two Federal tax courses are available: a general course for city students, another for their farming and ranching cousins. Teaching Taxes kits may be ordered, without charge, from Internal Revenue district offices in either Austin, or Dallas.

**Leadership Teams In Area Contest**

The Munday F. F. A. chapter entered four leadership teams in the District Leadership contest held Saturday, November 14, at Olney.

All four teams placed fourth in their contest. The teams were Greenhand Quiz, Junior Chapter Conducting, Senior Chapter Conducting and Radio. There were twenty-one members of the chapter that made up the four teams. There were thirteen other schools in the Oil Belt district that competed in the contests.

**TO BOARD MEETING**

Mrs. Glen Barber, state director of Munday Jaycee-ettes, attended a State board meeting in Waco last week end.

During the assembly meeting Mrs. Barber was presented with the charter for the Munday group. She also attended the reception, tea, banquet and two parties.

The Waco Jaycee-ettes were hostesses.

**MOTOR MAIDS**

**Safety Device Is Good Driver**

By Martha Johnson, Dodge Safety Consultant

SAFETY seat belts, padded instrument panels and safety-latch doors are just a few of the devices that have made the modern car the safest ever built.

But the finest safety device is still a careful driver, according to Paul Jones of the National Safety Council. The only safe driver, he points out, is the one who wants to drive safely.

"You can't keep a driver from having an accident if he doesn't really want to keep out of one," Jones told me. "A driver can have split-second reflexes, 20-20 vision, the IQ of a genius, and the skill of a race driver, but he's still a menace on the highway if he doesn't want to drive safely."

Jones advocates continuous campaigns by women's groups, civic organizations and local safety clubs, aimed at making drivers more safety-conscious.

"Fostering safety into the driver," he says, "is the big reason why traffic tolls have been decreasing during the past few years."

"This is not to minimize the importance of extra safety devices on your car," Jones emphasizes. "Every safety expert recommends and urges the use of seat belts, safety-rim wheels, tubeless tires, power accessories and other 'built-in' safety features."

"But remember, to be safe, you have to obey highway signs, drive carefully, be courteous and constantly think 'safe.'"

## FOOTBALL SWEETHEART AND HERO CROWNED

Claudia Warren was crowned sweetheart and Charley Latham football hero at the football banquet last Tuesday night in Goree. Miss Warren is the daughter of Mr. and Mrs. Elkin Warren, is a senior in high school, a member of the pep squad and girls' basketball team. Charley is the son of Mr. and Mrs. Buster Latham. He is a junior and a member of the basketball and football teams.

Mr. and Mrs. Homer Lambeth and Keith visited in the home of Mrs. Ruth Hutchens and family in Abilene last Sunday.

S. E. Vandiver has returned home after spending several days in the Knox County Hospital.

Cherry Moore of Fort Worth visited in the home of his parents, Mr. and Mrs. H. W. Moore, last Saturday and Sunday.

Samye Bates of McMurry College in Abilene was a week end guest of her parents, Mr. and Mrs. Reuben Bates.

Mrs. T. M. Tucker and Mrs. W. R. Caldwell were visitors in Wichita Falls last Thursday. They are accompanied by Mrs. Tucker's daughter, Mrs. Wesley Darilek, and children of Megargel.

Mrs. H. D. Arnold received a broken bone in her right arm when she slipped and fell at the school building last Friday night. She has returned to her home after a few days in the Knox County Hospital. She left Tuesday for a visit with her son and daughter-in-law, Mr. and Mrs. H. D. Arnold, Jr., in Fort Worth.

Ruth Ann Beaty of McMurry

College in Abilene visited her parents, Mr. and Mrs. Harold Beaty, last week end.

A/2c Alton K. Chamberlain and Mrs. Chamberlain visited in the home of Keith's mother, Mrs. Etta Chamberlain, last week end.

Mr. and Mrs. G. O. Denham returned home with Mr. and Mrs. Tony Denham last Sunday for a visit with them and their other children in Amarillo.

Mr. and Mrs. Buel Claburn, Patsey and Sandra, and James Moss of Wichita Falls were visitors with Mrs. Claburn's father and sister, W. L. Moore and Essie, last Sunday.

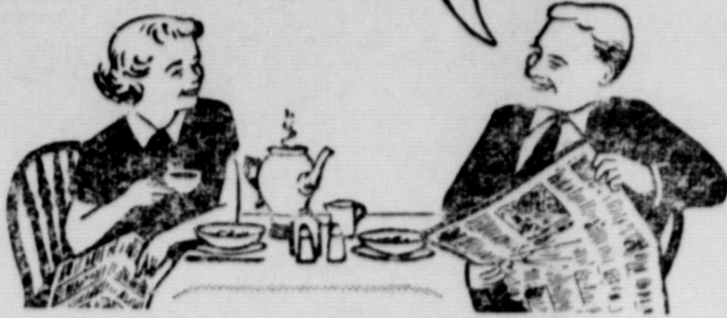

Visitors in the home of Mr. and Mrs. Luther Hunter during the week end were Mr. and Mrs. John Earl Nelson and children of Munday, Mr. and Mrs. Weldon Floyd and a sister and brother-in-law of Mr. Hunter, Mr. and Mrs. Rob Myers, also of Munday; Mr. and Mrs. Gene Hunter of Haskell, and Mr. Hunter's niece and children, Mrs. Hassel Hunter, Karen and Russell, of Abilene.

Mr. and Mrs. Tommy Rogers and Kevin of Wichita Falls spent Saturday night in the home of Mr. and Mrs. Buster Latham, and they all spent Sunday with Mr. and Mrs. Willard Free and family in Haskell.

### BAPTIST CIRCLE MEETS

The June Petty Circle of the First Baptist Church had set aside Monday, November 16 for visiting and inviting people to attend the Baptist revival instead of having their regular meeting.

### Munday Invited To Have Special Day At Stock Show

Munday has been invited by the Southwestern Exposition and Fat Stock Show to select a special day to be designated as Munday Day during the 1969 show in Fort Worth, January 29-February 7.

The Munday Chamber of Commerce is invited to designate the day desired. This day would then be set up for special recognition of the city, which has been invited to send its band to give a concert for stock show visitors during this special day. Band members would be guests of the rodeo that day.

The city has also been invited to name a young lady, either married or unmarried, as cowgirl sweetheart. Minimum age is 16. She will wear western attire and be introduced to rodeo visitors on this special day.

### O'Brien Girls In Tennis Training

Six O'Brien high school girls recently completed two weeks of training for tennis matches in the spring. They are: Cleoda Hawley, Rees Lee Hooks, JoAnn Snailson, Sandra Ellis, Jessi Hanning and Gril Day. The latter three played in the district grade school contest last year against Rule.

A tennis meet will be held on March 7-12 at O'Brien with Knox City, Rule, Munday and Benjamin definite entries, with others expected from nearby schools.

The meet will include boys and girls' singles and doubles for both grade school and high school.

### MUNDAY SCHOOL LUNCHEON MENU

Nov. 23-24-25, 1969.  
 Monday: Bean and Ham scallop, buttered corn, spinach, cornbread, plum cobbler.

Tuesday: Meat sauce over rice, English peas, cabbage and carrot salad, cornbread, milk, cookies.

Wednesday: Turkey and dressing, giblet gravy, candied sweet potatoes, green beans, Hot rolls, butter, sliced peaches.

### Benjamin Cagers Down Old Glory

Benjamin boys beat the Old Glory boys, 35-22, and Old Glory girls won 40-30 over Benjamin in basketball games at Benjamin last Friday night.

High pointers for the Benjamin boys team were Donnie Ryder with 15 and Bert Leaverton with nine.

Old Glory's top scorers were Darrell Sawyer with nine, and Sandy Leverett with 7.

In the girls teams, Mary Boles was tops for Old Glory with 18, followed by Peggy Pringle with 12. Benjamin girls who scored were Peggy Jennings, who made 24 points and Nelda Kilgore who made six.

Protect our boys from juvenile delinquency by giving to the Boy Scouts of America through the United Fund.

### Gems Of Thought

"ENVY"  
 There is a time in every man's education when he arrives at the conviction that envy is ignorance.  
 —Ralph Waldo Emerson

If you wish to travel far and fast, travel light. Take off all your envies, jealousies, unforgiveness, selfishness and fears.  
 —Glenn Clark

Envy always implies conscious inferiority wherever it resides.  
 —Pliny

To envy's own hell, justice consigns the lie, which, to advance itself, breaks God's commandments.  
 —Mary Baker Eddy

If we did but know how little some enjoy of the great things that they possess, there would not be much envy in the world.  
 —Edward Young

The most common disguise of envy is in the praise of what is subordinate.  
 —Washington Allston

## Enjoy Dinner

## Be Smart Enough To Prepare, Skillful Enough To Outsmart Winter In Driving

AUSTIN — Motorists of Texas will do well to gird themselves now for another "cold war" in the months ahead, J. O. Musick, general manager, of the Texas Safety Association, declared today.

"The annual battle of drivers against the elements will soon be under way," Musick warned. "And the victors will be those car owners who are smart enough to be prepared and skillful enough in their driving to outwit Old Man Winter."

The safety expert urged motor-

ists to "make sure now — before the frantic rush — that your vehicle is prepared for the severe tests which cold weather, snow and ice can create overnight. Have your car serviced by a reliable expert, so you can really depend on it when the going gets tough."

He emphasized that "preventive maintenance pays off handsomely in any season, but particularly during the winter months."

Musick added, "You'll need anti-freeze eventually; why not install it now? Your battery will receive additional strain because of heat-

er, defroster, wipers and increased use of lights; check now to make certain your battery has the power you'll need.

"You'll want to be warm; make sure your heater will perform. You'll want to see clearly in rain, sleet and snow. Therefore check windshield wiper arms for adequate pressure to remove these dangerous obscurers. You'll want to stop safely. Therefore adjust brakes and make sure your tires have good treads. Always carry a set of reinforced tire chains in the trunk, ready for use when needed, for the most reliable stop-and-go traction during severe snow or ice conditions."

"An engine tune-up to prevent stalling in traffic; neglect of any of the foregoing items will lead to regret," Musick cautioned.

"With your car in shape and properly equipped, the battle of winter is half-won," he concluded. "The rest of the battle will depend largely on careful attitudes and skill in driving under the variety of weather and road conditions which will prevail during the coming cold season."

## Light Bulb 80 Years Old This Year

Charles Edison, son of Thomas Alva Edison and chairman of the board of McGraw-Edison Company, shows Max McGraw, president, how the famed inventor developed the first successful incandescent light bulb 80 years ago this year (Oct. 21, 1879). Arrow points to replica of the first bulb mounted on the mercury pump used to exhaust air around the carbonized cotton-thread filament. Scene is the original Menlo Park Laboratory which Henry Ford moved to Greenfield Village, Dearborn, Mich., in 1929.

have quit committing poems to memory. Back in the 1920's the rendition of "The Hermit of Shark-tooth Shoal" and "Churchyard down at Ranger" enlivened many a friendly session when glasses were raised.

"I bet nobody anywhere this year has memorized, 'It was down in the Lehigh Valley.'"

What is humor?

I have written six books of humor which the public has bought in generous fashion and people have told me they laughed at the stories; and I have made hundreds of speeches, which people laughed at; but I can't tell you what humor is — or why something is funny.

Men who have given years of study to the subject — (I haven't had time to study it) — say that it is hard to draw the line between humor and pathos; the listener laughs and yet feels half-inclined to cry.

Not with all humor, but certainly with some of it, this is true.

I will tell you a story that was told to me as an actual occurrence. It was while I was editor of the Ranger Times, back in 1929-1931. A middle-aged Latin American woman entered the Western Union office and, in broken English, asked, "You telegraph flowers?"

"Yes," replied the operator.

She left but in a minute or so returned, in her hands a potted plant, and said, "Telegraph this to my son in Sweetwater."

"Arising? Yes. And I laughed. When I saw the simple trust and faith of that woman and I saw the manifestation of a mother's love, and then it was amusing, no longer.

## Planning Essential For Success In Farm Irrigation

Soil moisture is plentiful over most of Texas at the present. However, this is no guarantee that sufficient moisture will be available next summer. Many farmers, remembering recent drought periods, may be considering irrigation as a means of providing a continuous supply of available moisture for their crops.

Irrigation is not a magic process which assures increased production and income, emphasizes Wayne Keese, extension agricultural engineer. Careful planning and consideration of all factors involved is essential if irrigation is to be successful. Now is a good time to start making those plans. Don't wait until the crop is wilted to plan your irrigation system, the engineer advises.

The first step in planning any irrigation system is to determine if an adequate supply of water is available. Quality of water is also very important. Water quality can be determined only by making a chemical analysis.

Soil characteristics are also very important. A deep, fertile, well-drained soil is desirable. Increased yields are necessary to pay the extra costs of irrigation and it may be uneconomical if

soil characteristics exist which would hinder crop production.

Other factors which must be considered include the type of crops to be grown, selection of method of irrigation which best fits your conditions and selection of irrigation equipment.

Your local county agent has a bulletin entitled "Thinking of Irrigation," which explains the many factors which should be considered in planning for successful irrigation, Keese said. See him for a copy and for advice about individual problems. The SCS technician in your area can also provide technical assistance in designing your irrigation system.

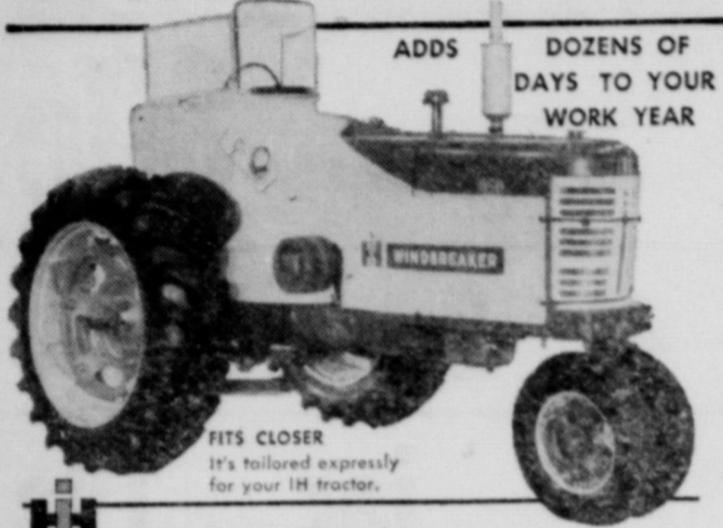

## LOCALS

Mr. and Mrs. F. L. Bowley and A. E. Bowley attended the funeral of Mrs. Bowley's sister, Mrs. George Barnes, in Bangs last Friday afternoon.

Mrs. Ed Jetton and Sheryll, Mrs. Oscar Cypert, Melvin and Cathy and Kenneth Parker were visitors in Wichita Falls last Saturday.

Mrs. Charles McCauley and Mrs. Lee Roy Leffer were visitors in Wichita Falls last Tuesday.

## AMERICA'S FINEST INTERNATIONAL TRACTOR HARVESTER WINDBREAKER

ADDS DOZENS OF DAYS TO YOUR WORK YEAR

**FITS CLOSER**  
It's tailored expressly for your IH tractor.

**Built-in quality gives you...**

- MORE WARMTH** — up to 40% more protection from wind and cold because wings fold in.
- BETTER VISIBILITY** — big, 3-piece windshield lets you see wheels and furrows from seat.

**LONGER LASTING COVER AND FRAME** — up to 20% heavier cover, extra heavy gauge steel frame.

**EASIER INSTALLATION** — no extra holes to cut. Parts are precision tooled... canvas tailored to exact fit.

**MORE CONVENIENCE** — adjustability for weather change. Side wings open... windshield removes... engine flaps roll back. Big tool and glove pocket in each side wing.

**SIDE DOOR OPENING**... for utility model tractors.

**HORTON EQUIPMENT CO.**  
YOUR INTERNATIONAL DEALER

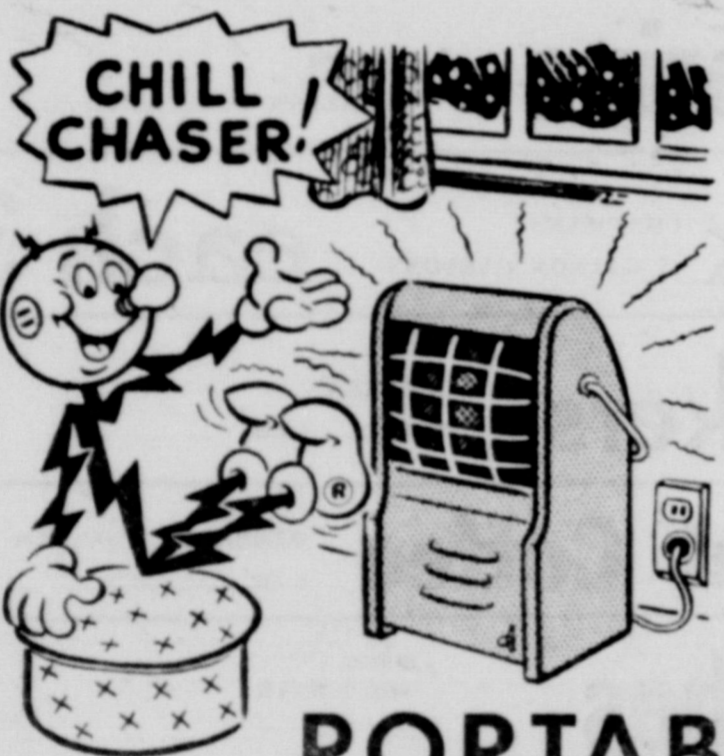

When I attended high school, students — (or at least I did) memorized Kipling and Service. I knew by heart "Gunga Din" and "Mandalay" — and can still recall them almost completely; also "The Cremation of Sam McGee" and "Spell of the Yukon" by the bard of the Klondike.

Do students nowadays, I wonder, memorize — voluntarily — poems?

Perhaps you will reply that we have no new poets today who, like Kipling and Service in my time, captured the imagination. But I used to memorize Poe, Byron and Burns — and let me assure you that, contrary to what you may think, they wrote before my day.

For that matter, grownups too

## Hunters Asked To Save Hides For Hospitals

Operation "deer hide" will be in effect again this year, it has been announced by the director of information of the Game and Fish Commission.

Hunters are asked to save their deer hides for use of hospital patients. Formerly they were sent only to tubercular hospitals, but this year they will be made available for patients in mental hospitals and special schools.

Wherever possible the hides should be sent to L. M. Rathbone, Austin taxidermist, who will handle them out to the tanneries. Hunters should rub salt on the green hides before sending them in. If the hides cannot be delivered direct to the taxidermist they should be left with the nearest frozen food locker plant. These locker plants then will route them to Austin over motor freight lines which have agreed to handle them when they are marked "charity."

On hides west of the Pecos, they should be routed to the Russell Williams Frozen Food locker on N. Grand Street, Odessa. From there they will be picked up by Cmar Drilling of San Angelo and routed into Austin.

From Austin they will go to tanneries, and then be sent to the hospitals for use of patients in handicraft.

The entire operation is on a cost-free basis, under direction of the Board of Hospitals and Special Schools.

Mr. and Mrs. R. C. Partridge visited their daughter, Mrs. Glenn Meeks, and family in Abilene last Tuesday.

## Political Announcements

The Munday Times is authorized to announce the following candidates for office, subject to the action of the Democratic Primary. All listings are made on advertising basis, cash in advance.

## FALCON, the New-size Ford, delivers the value and cuts the budget!

Handling that's really a breeze. The all-new, new-size Falcon parks on a dime... turns on one, too! You'll be able to steer with power steering ease... without power steering. You'll be able to stop as though you had power brakes... without power brakes.

Room for six—and all their luggage. No doing without in the Falcon! There's hip, shoulder, knee, and head room galore! Both two- and four-door models are a cinch to enter. Then, thanks to the Falcon's front-mounted engine, there's luggage space aplenty for everyone.

Up to 30 MPG on regular gas, too. And the Falcon actually crossed the country without any oil added. Speaking of that, the Falcon's finish never needs wax. Its aluminum muffler normally lasts up to twice as long.

Sweet performance from Ford's most modern Six. A full 90 hp. You'll have to feel the pickup and responsive power to believe it! And each Falcon Six is electronically balanced, while running under its own power, for top smoothness.

New luxury interiors. Upholsteries are truly quality-made... materials you'd expect to find in cars costing twice the money. Seats are chair high. The front seat cushion is foam padded. And the Falcon rides smooth as silk... corners on rails.

Proved over 3,000,000 miles. To top off 3 years of testing, a fleet of the new-size Falcons has just been proved over every mile of numbered Federal highway. It's without a doubt, the world's most experienced new car.

## Knox Prairie Philosopher Finds A New Financial Idea In Castro's Method Of Buying Up Land, Cattle

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek discusses a big Cuban cattle deal this week. Dear Editor:

While I don't own any cattle in Cuba, a head or two of my livestock have been known to turn up on, while not exactly foreign soil, at least on soil not my own, as my neighbors have been quick to point out, still I have been very interested in what Dictator Fidel Castro has been doing to some American cattle he found over there.

As I understand it, some Americans own a big ranch and about 7,000 head of cattle in Cuba, and Senor Castro, now that he has won his revolution and discovered keeping it won takes a lot more money than mountain fighting did, has decided to appropriate the ranch.

Well maybe appropriate isn't the right word. He's paying for the land and cattle, but not in cash, in bonds, the land to be paid off in the next 20 years, the cattle in the next 5, provided the Castro government survives. I don't think the Americans

who owned the ranch will like this; in the first place they probably weren't interested in selling at this time and in the second place if they had to sell nothing beats cash and probably a lot of things beat Castro bonds, but Senor Castros idea has great possibilities for this country.

For example, Senor Castro himself was in Washington not too long ago and he wasn't there for the social season. What Washington ought to do is tell him it has finally decided to make him a loan, but in lieu of cash we're sending over a large stack of Civil War Confederate currency. When that runs out, we'll send over a large stack of Russian bonds we've been holding for 30 or 40 years. If that isn't enough, I'm sure we have a good many old World War I notes put up by a wide assortment of European countries, and he can take his pick. Stuck away in the inactive files, Washington must have enough old notes to keep Castro in television time for years to come, if he can get the stations to accept them. If Washington runs out of old notes, I imagine private banks all over the country, including those around here, could dig up a few. Whose, I won't say.

Yours faithfully,  
J. A.

### New Program For Pasture And Range Improvement Begin

A new community Pasture-Range Improvement program has been developed for the entire state, according to G. O. Hoffman, extension range specialist. This program is sponsored by the Texas Plant Food Educational Society in cooperation with the Texas Agricultural Extension Service.

Awards totaling \$400 will be given to the six outstanding communities in pasture and range improvement in each of the 12 state districts. All communities entering will receive a certificate.

It is designed so that each farmer, rancher and community entering wins even if they do not receive a cash award. You win by improving your pasture, range and livestock conditions to obtain more efficient production and increased family income, Hoffman explained.

The purpose of the program is four-fold: to increase the quality and quantity of livestock grazing; to promote wiser use of forage lands; to promote better use of cropland; and to stimulate community cooperation and improvement by individuals and families working together.

Judging is based on progress made in pasture, range and community improvement during the past year. Eighty percent of the score is based on progress made in forage production, utilization and management of pastures and ranges. The remaining 20 percent is based on improvement in community life, such as building and repairing and improving of the community social and religious life.

This is a program the farmer and rancher can enter and win, added the specialist. For details on how to enter, see your local county agent now as entries close December 1.

#### ATTEND FUNERAL

Mr. and Mrs. Jeff Mitchell left last Saturday via Millsap, where they were joined by Mr. and Mrs. Wayne Mitchell for Timpson, Texas, where they attended the funeral of the Mitchell's nephew, M. C. Courtney. Mr. Courtney's home was in Marshall.

### Greyhounds To Play Matador In Bi-District

The Knox City Greyhounds, top ranking team in its classification in the Abilene area, will play the Matador Matadors at 7:30 p.m. Friday at Paducah in bi-district play. They won the District 10-B championship two weeks ago with a 34-0 whipping of Rochester.

Coach Ted Darland's Greyhounds have romped through 10 straight victories this season. Playing a number of Class-A teams, the Greyhounds have run up the following scores:

Chillicothe, 44-0; Trent, 56-6; Munday, 42-0; Lockett, 38-6; Valley View, 20-0; Throckmorton, 28-11; Newcastle, 24-8; Aspermont, 45-6; Rule, 33-0 and Rochester, 34-0.

#### Gilliland Junior 4-H Club Meets

The Gilliland Junior 4-H Club met on November 11, with eleven members present.

After members recited the club motto and pledge, Miss Kinsey gave a report of activities of the County Council which was held at Benjamin.

4-H records that were judged at the district contest were returned. Lynda Navratil, Norma Jo Navratil, Janice Kay Cook and Mary Nell Miller with ribbon awards.

Miss Kinsey demonstrated making of cheese salads to the group. Attending the meeting was Mrs. E. D. Welch, adult leader.

#### MARINE RECRUITER TO BE HERE SATURDAY

Sgt. Jim Moore, Marine recruiter from Wichita Falls, will be in Munday at the city hall next Saturday from 10 a.m. until noon. Anyone desiring information about the Marine Corps may contact him at that time.

Sgt. Moore states that he has two openings for enlistment in the regular Marine Corps. A man enlisting may choose between ground and aviation duty.

#### BAKE SALE SLATED

The Wesleyan Service Guild will hold a bake sale on Wednesday morning, November 25, in the Chamber of Commerce. Get your cakes and pies for Thanksgiving at this sale.

Medical research conquered polio. Help keep those already affected by it in good health by giving to the Munday Polio Fund.
