Odd Bits Salvaged
By The Editor

Would you pay \$265 for a new Ford runabout, or \$685 for a Ford Sedan? Or maybe \$725 for a big new Overland Bluebird? Maybe the new Chevrolet 5-passenger sedan at \$795 would suit you better.

k-k

That was the prevailing price, F. O. B. factory, about 25 years ago.

k-k

And what brought the matter up was an old copy of The Munday Times which Jack Clowdis found and brought in to us. It was dated May 8, 1924. And from it, we gleaned some interesting news items, such as . . .

k-k

Farmers Union officers elected for the ensuing year: T. D. L. Johnson, president; W. M. Huddleston, vice president; W. C. Bevers, secretary; A. B. Lee, chairman; Orb Russell, door keeper; J. R. Nelson, R. L. Gaines, R. C. Partridge and Robert Myers, executive committee.

k-k

At the county convention, the meeting was opened by Oliver W. Lee, and R. D. Bell was elected chairman. Judge Billingsley offered a motion that the delegates be instructed to vote for the nomination of William B. McAdoo as a unit. Ross Baes of Goree offered an amendment to this resolution providing for the casting of the county's vote for McAdoo in the state convention so long as it seemed advisable, and then for some other candidate should their candidate fail to get the required number to instruct for him, but this amendment was promptly rejected, and the Billingsley motion was adopted.

k-k

The First National Bank of Goree was sold last week, and an entirely new set of officers have taken over the institution with Tom Isbell of this city as vice president and cashier. Ed McCoy is president of the new organization, W. C. Coffman, assistant cashier and Mark McWhirter, bookkeeper. H. A. Pendleton of this city is also vice president. Directors of the newly organized bank are: Ed McCoy, T. D. Isbell, D. C. Osborn, W. S. Heard, W. F. Johnson, Roy Jones and H. A. Pendleton. The capital stock of the bank is \$25,000.

k-k

A deal was consummated this week whereby E. H. Stodghill became the owner of the D. M. Wadlington brook building, and he immediately moved his blacksmith shop into the building and consolidated it with the Wadlington shop, giving him what is doubtless the largest and most completely equipped blacksmith shop in this section of the state, being fully equipped with various kinds of labor saving machinery, electrically driven.

k-k

Supt. J. Horace Bass, accompanied by Purvis Scott, Alton Lee and Tom Campbell, were visitors to Denton for the week end. Supt. Bass went over to look after business matters, and the boys accompanied him for the purpose of making an inspection of the North Texas State Teachers College there, as they contemplate going away to school next year.

k-k

Candidates for office included: E. L. Covey and G. M. Bryan, for state representative; William B. Cembest and C. B. Whitten for district attorney; O. R. Rouse and Thomas F. Glover for county clerk; J. B. Jones for county superintendent; W. S. Britton and J. W. Melton for sheriff; W. C. Glenn, Lee Haymes and John Cook for tax assessor; T. W. Templeton and N. S. Kilgore for county judge; E. W. Norris and D. C. Osborne, commissioner. Prec. 4; G. L. Ernest and J. T. House, county treasurer; J. W. Williams and John Lane, public weigher, Prec. 6.

k-k

And that's the way the little ball was bouncing back in May, 1924, according to this paper, which was rotted and yellowed with age.

k-k

Early this month, four area towns were making bids for business from this section by flooding us with Dollar Day and sales circulars. We've been pretty much of a sticker for "Trade at Home," and we guess the newspaper business made us that way. What would our town be like if everybody in it and surrounding it went out of town to do their trading? Not a bright picture.

H. A. Pendleton, Jr. Dies December 2 Of Heart Attack

H. A. Pendleton, Jr., 49, vice president of the City National Bank in Wichita Falls and former Munday resident, died unexpectedly on Wednesday night, December 2, of a heart attack. He suffered the attack at the home of a friend.

Funeral services were held at 2 p. m. Friday from the First Methodist Church in Wichita Falls with Dr. Neal Cannon, pastor, officiating. Entombment was in Crestview Memorial Park under direction of Hampton-Vaughan Funeral Home.

Palbearers were Oliver Anderson, Edgar Davis, Jack Jeffus, Ralph Milburn, George Payne and Claud Vaughn, honorary pallbearers were officers and directors of the City National Bank.

Mr. Pendleton started work at the bank in 1933 as a file clerk and later served as assistant cashier. His career was interrupted during World War II, when he served four years in the U. S. Infantry with the rank of first lieutenant. Following his return to the bank, he advanced rapidly and was named vice president in 1948.

He was recognized in banking circles as one of the most astute loan officers in the nation. He served as president of the Wichita Falls Clearing House in 1958 and was an active member of Robert Morris Associates, a national organization of bank loan officers.

He was treasurer of the Wichita Falls Independent School District, an active member of the First Methodist Church and served as treasurer of Cub Scout Pack 29 in Wichita Falls.

Mr. Pendleton received his bachelor of science degree in agricultural administration from Texas A&M College. He also attended public schools at Munday and Wichita Falls.

He married Frances Margaret McCord in 1933. They had one son, H. A. Pendleton, III.

Survivors include his wife and son, both of Wichita Falls; his parents, Mr. and Mrs. H. A. Pendleton, Sr., of Munday; one sister, Mrs. Roy Sanders of Wichita Falls; two brothers, Hal Pendleton of Dallas and Paul Pendleton of Munday.

The 1960 wheat crop may exceed the 1959 crop, even with the minimum allotment in effect, says John G. McHane, extension, economist. It has been estimated that 53 million acres may be harvested, he adds. If yields based upon the 1956-59 average are obtained, a crop of about 1.2 billion bushels would be produced, 8 percent larger than the 1959 crop.

County Council Holds Its Annual Christmas Event

The Knox County Home Demonstration Club Council held its annual Christmas program on Friday, December 4, in the assembly room of the court house at Benjamin. The room was beautifully decorated with a Christmas tree and other holiday decorations.

The program started at 10 a. m. with Mrs. R. M. Almanrode of Munday bringing the devotional. Christmas carols were sung by the group, and several games were directed by Mrs. Almanrode. A covered dish luncheon was served at the noon hour.

Special guests were County Judge L. A. Parker and County Agent Troy Jones. After lunch, the original Christmas story was given by Mrs. J. T. Cook of Gilliland, after which each club presented its queen for the year. They are: Mrs. Gill Wyatt, Munday; Mrs. H. P. Gillespie, Truscott; Mrs. M. J. Muddock, Goree; Mrs. Bobby Robertson, Vera; Mrs. J. R. Spivey, Gilliland; and Mrs. Bill Dodd, Benjamin.

From this group, Mrs. Bill Dodd of Benjamin was chosen queen of the Knox County Council for 1959, and she was crowned by Mrs. Homer Martin, council chairman, and presented with many lovely gifts from the clubs. Christmas gifts were also exchanged by the members.

New council officers for 1960 were installed by Mrs. Marion Chowning of Truscott. They are: Mrs. Homer Martin, chairman; Mrs. H. M. Black, vice chairman; Mrs. Bill Dodd, secretary, and Mrs. L. A. Parker, treasurer.

Christmas Mail Pile-Up Expected At Post Office

"The time has passed to talk about 'Mailing Early for Christmas,'" Postmaster Lee Haymes said this week, "but our patrons can still help the Postal Service avoid a tremendous last-minute pile-up of Christmas mail by sending all packages and cards right now!"

To the inevitable last-minute mailers he suggests that Air Mail postage be used on all gifts and cards going to distant cities.

The Postmaster said that Regional Postal officials were expecting the Christmas mail volume this year to break all previous records. And this mail load is expected to hit its peak next week.

He cautioned local post office patrons to make sure that all packages are addressed carefully and that zone numbers are included on mail going to large cities with zoned delivery.

"There is still time to mail cards for local delivery," Mr. Haymes said, "but they should all be in the mail by the end of next week."

He recommended that cards going out of town be sent by first class mail (4c postage) in order that they may be returned or forwarded in case the addressee has moved. And he pointed out that it is quite proper to affix your return address on Christmas cards.

GOREE CEMETERY ASSN. TO SERVE DINNER

The Goree Cemetery Association will serve dinner at the memorial building in Goree on Friday, December 11. Serving will begin at 11:30 a. m. Everyone is invited to come out and enjoy this feed.

Water Authority Announces That No Taxes For Reservoir Collected In 1959

Announcement was made Wednesday by Pete Beecher, tax assessor and collector for the North Central Texas Municipal Water Authority, to the effect that no taxes will be levied and collected by the Authority for 1959.

A spokesman for the Authority stated that it would be impossible to get any bonds sold and tax statements delivered before January 1, 1959, and that the board believed collection of taxes for 1959 would work an undue burden on the taxpayers.

No taxes will be collected un-

Christmas Party For 4-Hers Slated

The Knox County Senior 4-H Club Christmas Party will be held Saturday, December 12 at 7:00 p. m. in the Parish Hall at Rhineland.

Planning Committee for the party is Sherry Cook, Sue Banks-ton, June Fuller, Mack Hardin, Douglas Gore and David Albus. All Knox County Sr. 4-Hers (13-21 years) are invited to attend.

State Hospital To Receive Christmas Box From Munday

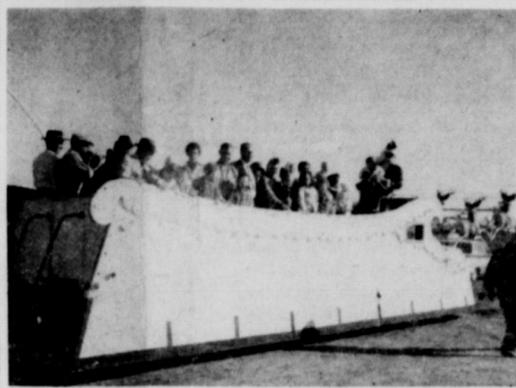

The State Hospital will again receive a Christmas box from Munday this year, to be shared by patients in the hospital. This project is again sponsored by the Munday Study Club, and its members ask anyone interested in sharing in this project to leave a gift in the box, which is located in the city hall.

Gifts are to be unwrapped, and they may be anything from clothing to personal articles for either men or women.

Tax Man Sam Sez:

Retired taxpayers have been given a lot of extra tax deductions by Congress. It is very important that taxpayers with retired income read their instructions. Here are some of the benefits:

1. An extra personal exemption for the taxpayer over 65. This can mean two extra exemptions — the husband and the wife.
2. Up to \$240 retirement income credit for the taxpayer. This is a reduction in the amount of taxes you pay. You may be due this credit for both husband and wife. The community property law gives double credit in some cases or it can make you lose your credit in other cases.
3. A tax credit for your pension or annuity. Don't forget the community property law here. Read your instructions carefully.

NOT JUST KIDS - But grown-ups, too, rode Santa's motorized sleigh when it was here last Friday. Pictured above is the first load to come into Munday from Stewart's Animal Hospital, the starting point. You can pick out Chamber of Commerce directors and other "notables" in the photo. Santa had a big day Friday. Some 600 persons had ridden the sleigh up to 3 p. m., then they really got swamped and lost count.

Santa Claus, With Motorized Sleigh Is Busy Person All Day Last Friday

Santa was "all pooped" last Friday night. The little man had had a busy day!

Starting before 10 a. m., when he first organized his sleigh rides, Santa entertained the grownup and kiddoes alike all day Friday, stopping only long enough to appease his hunger at noon-time.

The sleigh first made its appearance at Stewart's Animal Hospital, west of town, where activities were organized. Men, women and small children were out there

to see things get under way.

The first sleigh load consisted of Chamber of Commerce officials and a few "town notables," small children and their mothers. A number of cameras, including movies, were clicking as the sleigh was loaded and the parade came into town.

Santa Claus was aboard the sleigh at all times during the day, dishing out candy to the children from his huge pouch that was slung from his shoulders. His jolly face shone brightly, and at times there were signs of perspiration, although the day was cool as he entertained the "small fry."

The sleigh's leading and unloading zone was on the west side of the square until mid-afternoon when it moved to the north side. Around 600 persons had ridden the sleigh by 3 p. m. and after that Santa was so swamped that he failed to keep count. Children were given free rides over several blocks of the residential section before being brought back for unloading.

The event, which officially opened the Christmas shopping season in Munday, was an enjoyable one for the children. Sponsored by the Munday Chamber of Commerce, it also signified a big "Thank You" from Munday's merchants to people of this area for their patronage during the year.

Earlier directors of the authority had proposed selling \$1,250,000 of its bonds to buy land, build the dam and operate the district for two years. The remaining \$2,550,000 in bonds, to be sold in the future, would finance pipelines, filter station and pump station.

W. R. Johnson of Haskell, president of the board expressed the hope that the bond market will become more favorable, resulting in a lower interest rate for the bonds.

Eastern Star Plans Christmas Program

The regular meeting of members of Munday chapter, Order of Eastern Star, will be held at 7:30 p. m. Tuesday at the Masonic Hall to be followed by a Christmas program.

The program will be at 8:30, and husbands and wives of Eastern Star members are invited. A Christmas tree will also be held.

Featured on the Christmas program will be Mrs. H. H. Cowan, who will give "The Christmas Story" and Mrs. Rex Mauldin, who will give vocal selections, accompanied on the piano by Mrs. C. T. West.

ANOTHER GRANDDAUGHTER FOR THE BEN TUGGLES

My name is Jaylene. I came to live in Newark, Calif., on December 8, with my parents, Jerry and Wynama, and I have two big sisters who are very proud of me although they wanted a little brother. Their names are Brenda Kay, 4, and Coy Denise, 2. My grandparents are Mr. and Mrs. C. D. Sudbury of Newark, Calif., and Mr. and Mrs. Ben Tuggle of Munday. I'll be coming to Texas to see everybody some of these days.

There's a lot of dirt that detractors can't touch.

Notices Of Cotton Allotments For 1960 Mailed To Farmers By A. S. C. Offices

Official notices of 1960 cotton farm allotments are being mailed from county ASC offices to cotton growers. The notices should reach all operations of "old" cotton farms well in advance of the December 15 cotton referendum, said Searcy Ferguson, chairman, Texas Stabilization and Conservation Committee.

As in 1959, two allotments for 1960 crop upland will be established for each farm. If marketing quotas are in effect for the crop each farm operator will have an opportunity to choose between Choice A or B. Choice A will be the regular farm allotment and the grower under this plan will be eligible for price support at not less than 75 percent of parity. Under Choice B, the grower may plant 40 percent more cotton than the A allotment but the price support will be not less than 60 percent of parity.

If marketing quotas are not in effect for the 1960 crop of upland cotton, only the regular allotments will be available and

price support to cooperators will be available at 50 percent of parity, as directed by law, said Ferguson.

Ferguson pointed out that farmers electing to take Plan B must register their choice at the county ASC office. If the referendum on December 15 favors marketing quotas for the 1960 upland crop, farmers have until March 16, 1960 to register for Plan B.

If the operator intends to grow his cotton under Plan A, no action need be taken. But, Ferguson said, failure to elect Plan B will automatically make Plan A effective on the farm for 1960.

Allotments are established for all farms on which cotton was planted or regarded as planted in any one of the past three years. The minimum farm allotment is the smaller of the farm's 1958 allotment or 10 acres.

Ferguson urges every eligible voter to cast a ballot in the December 15 referendum. Polling places for each county will be announced locally and details on any part of the ASC program can be obtained from the local ASC offices, he said.

Dr. Monroe Vivion, Executive Secretary of the Texas Methodist Conference Council, Houston, Texas, has been selected Executive Director of the newly organized Texas Methodist Foundation, which is expected to be a multi-million dollar investing institution of the six Methodist conferences of Texas.

Paatterned after private and other denominational foundations, the Texas Methodist Foundation will not only invest on a voluntary basis the funds entrusted to it by Methodist institutions, but will accept gifts and bequests from individuals to be invested and administered to designated and non-designated Methodist institutions in the state of Texas.

Dr. Vivion will assume full-time duties as Executive Director of the Foundation June 1, 1960, but will direct the affairs of the Foundation as a part of his present duties until that date. The state office for the Foundation will be located in Austin after June 1.

Gore Leads Vera By Weinert 61-34

Douglas Gore of Vera bucketed 28 points last Friday night to lead his team to a 61 to 34 non-district high school basketball victory over Weinert. The game was played at Vera.

Keith Hobbs scored 10 points to lead the losers.

Weinert's girls nipped Vera 32 to 27 in the girls' game, with Erlanda Alexander sinking 22 points for the winners. Barbara Weiss scored 13 for the losing Vera team.

Firemen Enjoy Holiday Dinner

The Munday Volunteer Firemen held their annual Christmas dinner party Monday night, December 7th. The event was held in the Legion Hall beautifully decorated in Christmas style. Wives and children of the firemen and city officials were guests.

A traditional holiday dinner was served to the twenty-three firemen and guests of about eighty people.

City officials attending were Mayor and Mrs. Varney Moore and son, secretary E. W. Harrell, fire-marshall and Mrs. Joel Massey. Councilmen were Mr. and Mrs. John Spann, Mr. and Mrs. Ralph Cypert and children and Mr. and Mrs. J. B. Scott.

After dinner the entire group played games with prizes going to Mr. and Mrs. Moore and Gary, Mr. and Mrs. Larry Lain, Mrs. Ray Ford, Mrs. Spann, Bobby Patterson and Walter Caddell.

C. E. McCutchen Dies Saturday At Wichita Falls

Funeral services for C. E. McCutchen, Wichita Falls banker and civic leader, were held at 3 p. m. Sunday from the First Presbyterian Church in Wichita Falls with the pastor, Dr. Earle W. Crawford, officiating. Burial was in Riverside Cemetery.

Mr. McCutchen, chairman of the board of directors of the First National Bank in Wichita Falls, passed away Saturday morning in a Wichita Falls hospital after a lengthy illness.

Born November 15, 1884 at Peaster, Mr. McCutchen was widely recognized in banking and financial circles throughout the nation. He had been associated with the First National Bank since 1915, serving as president from 1946 to 1956 when he retired to become chairman of the board of directors.

A former resident of Munday, he began his banking career with the First National Bank of Munday in 1906.

He was a member of the executive council of the American Bankers Association and has served as treasurer and president of the Texas Bankers Association. Active in Chamber of Commerce work, his other activities include membership of the board of directors of the North Texas Oil and Gas Assn.; director of the Wichita Falls Railway Co.; director of the Missouri-Kansas-Texas Railroad; president of the Wichita Falls Country Club, and city councilman.

He was a pioneer in Boy Scout work and was named chief scout by the Northwest Texas Council this year.

He is survived by a son, Jim McCutchen of Wichita Falls; two brothers, Floyd McCutchen of Weatherford and W. U. McCutchen of Houston; three grandchildren, Linda, Bill and Carla McCutchen of Wichita Falls, and several nieces and nephews.

State Collects \$13,115 In Fines On Game Law Violations

More than 300 Texas hunters paid fines last month for violation of game laws, according to the director of law enforcement of the Game and Fish Commission. In all 461 persons were arrested for hunting and fishing violations. They paid \$13,115.35 in fines and costs. Four served jail terms.

Despite warnings about hunting with unplugged guns, 49 paid fines for carrying shotguns with more than three-shot capacity. Next on the list 46 paid fines for killing too many doves.

Failure to have hunting and fishing licenses brought fines for 98 persons. There were 39 arrests of automobile hunters and seven for headlighting game animals. Quail shooters also got in too big a hurry and 37 killed them out of season.

There were a number of violations on killing doe deer, selling game animals and killing deer out of season.

And there were seven persons who tried out their luck at "telephoning fish" and got caught.

BOYCE HOUSE

In Fredricksburg a while back, I stopped at a cafe for Sunday dinner. The meal, which was a triumph of German cookery, consisted of vegetable soup, veal chop, green beans, macaroni, potato salad (with a wonderful "dressing;" I guess you'd call it), sliced tomatoes with the flavor that tomatoes had years ago—not the pitchiness of the present; crusty light-bread that was made by a rotund baker, whose father before him probably also was a baker; peaches and coffee — to-

tal. \$1.05.

Spent a couple of days in Mason. That's a place with a quiet that is good for strained nerves. I had forgotten what it was to be awakened by a rooster's crow. The wide street on the east side of the courthouse is the route of the highway and there are no traffic signals, so crossing the street is something of an adventure; however, an "island" gives the pedestrian an opportunity to halt midway in safety and wait till the way is clear.

There had been a death in the town — a 92-year old man — and the church bell tolled for the service.

A group of men sat at a table in the courthouse yard, probably dominoes, maybe checkers. I was too indolent as I sat in a chair in front of the hotel to get up and find out.

Eight boys, in another section of the courthouse yard, engaged in a football skirmish. A row of

Shoulders

Top hands among contestants for the historic National Finals Rodeo to be staged here Dec. 26-30 in the State Fair Livestock Coliseum were announced this week. Leading money-winners in their respective events going into the first "world series of rodeo" are Casey Tibbs of Nemo, S. D., in saddle bronc riding, Jack Buschbom of Cassville, Wis., bareback bronc riding, Bob Weg-

ner of Ponca City, Okla., Brahma bull riding, Jim Bob Altizer of Del Rio, Texas, calf roping, and Harry Charters of Malta, Idaho, in steer wrestling. Topping the field for All-Around Cowboy World Championship honors for the fourth straight year is Jim Shoulders of Henryetta, Okla., who competes in both bareback bronc and bull riding.

struction of plants or main interception sewers (main lines from town to plant and/or lift stations.) provided the applicant qualifies.

Applications are available only from the Texas State Health Department. The deadline for 1960-61 is May 1, 1960.

Health Department engineers rate the applications one against the other, based on financial condition, pollution abatement (will it eliminate the pollution problem now existing), nuisances, existing facilities, and "readiness to go" (financing, plans and specifications, purchased land site.)

The money is paid out (after approval) proportionately as construction progresses. The lack of red tape is one of the program's main attractions.

non over the week end.

Mrs. G. R. Elland visited with relatives in Fort Worth several days last week.

Mrs. J. L. Warrick of Wellington visited her brother and sister-in-law, Mr. and Mrs. Aaron Edgar, last Friday night and Saturday.

Mr. and Mrs. H. F. Jungman were business visitors in Dallas during the week end.

If success made the heart swell like it does the head, this would be a far better world.

FOR YOUR FUTURE HEALTH

Centuries ago when a physician wished to treat a patient with a certain drug, it was up to him to prepare that drug. In the days of ancient Greece and Rome, medical men were their own pharmacists. To put it mildly, times have changed. Today, drug manufacturing is a basic and highly essential industry. It is estimated that in the year 1959 alone, the industry will expend an estimated \$190 million on research. To help practicing physicians keep abreast of advancement in drug therapy, the pharmaceutical manufacturers maintain a force of trained "detail men" in the field. There are 15,000 of these individuals relaying information from industry research physicians to physicians in active practice.

To an increasing extent the drug manufacturer is becoming an ally of the medical profession. New drug development is rarely pursued from start to finish by the medical profession—the practitioner or professor. Usually the pharmaceutical manufacturer makes an important contribution in assembling facts which must quickly be put in the hands of the practicing physician and the medical educator.

One of the greatest problems facing both the medical profession and pharmaceutical manufacturer is lack of public appreciation of the giant strides that have been taken in medical care and drug therapy. In the words of the president of a leading pharmaceutical company, "During the next decade the preservation of freedom as the proper climate for medical and scientific progress must be diligently worked for. . . . This requires the utilization of every opportunity to teach the advantages and accomplishments of our present system of medical care to the oncoming generations."

LOUISBURG, N. C., TIMES: "Fidel Castro has unleashed a vitriolic attack on the United States and staged a huge rally designed to whip up anti-American sentiment in Cuba. He is now, at least, out in the open with his communist-inspired plans."

According to Time, Russia is adopting a capitalistic sales device—installment buying. Soviet citizens will be allowed, for the first time, to buy certain expensive items on a pay-as-you-go basis. The government will take no chances on bad accounts—payments will be a payroll deduction.

CAN'T ALL BE CAPTAINS

In the running of a ship the sailor is just as important to her operation as is the captain; each has his job to do. The sailor makes the ship function and the captain sets her course. The same could be said for labor and management in industry. Labor makes the industry function and management sets its course.

The great question today is whether labor is stepping beyond its bounds and attempting to take over management. If this is the case industry will deteriorate into an entity without leadership. How long would a ship sail without a captain?

This is flirting with chaos because without the command leaves any organization without purpose whether it involves the captain of a ship, the management of an industry or the foreman on a job. Everybody cannot be "captain" and still keep the ship on a charted course.

SALEM, IND., LEADER: "It isn't so much the decline in revenue that has hurt our railroads as the increase in expenditures. They have had to pay for a lot of things they do not receive. Firemen, for instance, used to have to shovel a lot of coal. Now they sit in ease while diesel motors glide along the tracks. Yet railroads have not been able to economize because of this improved locomotive that costs near the million dollar mark."

The new locomotives pull longer trains, but extra help has to be paid, even though not needed.

"It is high time more people recognize that this is a buyer's market—and that means transportation service. It is possible to price anything out of the markets. Once priced out of the market, it is too late to do anything about the jobs lost."

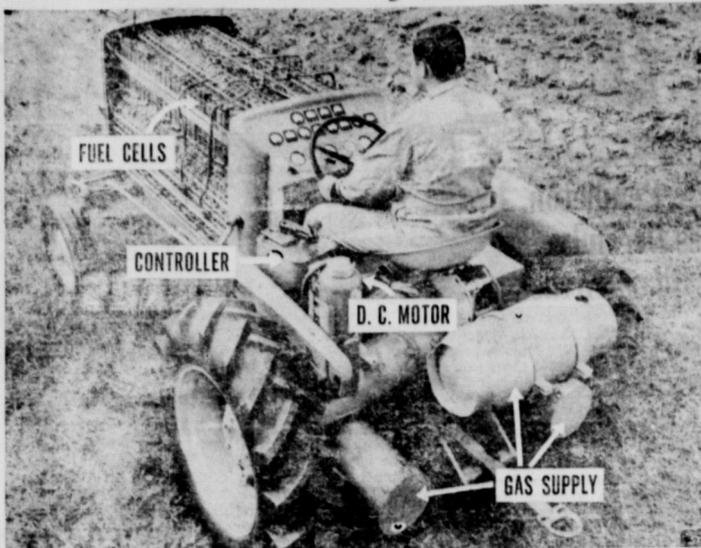

PITTSFIELD, ME., ADVERTISER: "The State of Michigan, sixth wealthiest in the nation is still—despite a strange news blackout—in real financial trouble."

"States as well as businesses are liable to failure and bankruptcy; free spending and unbalanced budgets can hardly lead elsewhere."

"This fact cannot be impressed too much on the mind of the average voter who indirectly controls the affairs and paths of state."

—SAY YOU SAW IT IN THE TIMES—

Fuel Cells Power Engineless Tractor

A new source of electrical power—fuel cells—has come out of Allis-Chalmers Research Laboratories to power a vehicle for the first time. A mixture of fuel gases—largely propane—and oxygen react within 1,008 fuel cells to generate 15 kilowatts of electricity. These pass through a compact controller to a 20-horsepower motor which drives the experimental, engineless tractor. The company's researchers developed and built the fuel

cells and installed them in a modified tractor. The vehicle develops 3,000 pounds of drawbar pull, enough to pull a multiple-bottom plow through hard, dry ground. Although the fuel cell tractor is of commercial size, the company says it still is a research vehicle. However, fuel cells of the future may provide electric power for homes and factories, vehicles such as trucks and buses, or even be used in military weapons or space vehicles.

By John C. White, Commissioner

TEXAS HOG PRODUCTION

Texas, which produces far less pork than it consumes, had an estimated hog population of 1,226,000 at the beginning of this year with an average value of \$25.10 and a total farm value went down as the hog market dropped.

The hog population in Texas has fluctuated widely through the years. Back in 1870, there were as many as 1,004,000 hogs on Texas farms, with an average value then of \$1.07 and a total farm value of \$2,811,000. The all-time high in Texas hog production was in 1944, when 3,681,000 head were counted carrying a total farm value of \$36,335,000.

The current condition of the market offers little incentive, but it is figured that Texas now raises sufficient grain sorghum and corn to produce as many as 4,000,000 hogs a year. Texas now has about 46 per cent of the grain sorghum acreage in the nation, and in a normal year can be counted on for about 270,000,000 bushels. A continuing increase in corn production also can be anticipated. The nation's hogs consume about 40 per cent of the feed grains produced, and by applying this percentage to Texas and using average feeding rates and slaughter weights it can be seen that the 4,000,000 head production rate could easily be achieved.

As for the present market situation and the outlook for the immediate future, Marvin L. McClain, Assistant Secretary of Agriculture, told the National Swine Industry Conference in Iowa the other day that prospects are not as bleak as might be expected. "Price-wise," he said, "developments of the past few months have been about what would be expected when hog production goes up materially. Hogs got a little below \$13 in October. For 1959 as a whole, the average is expected to be about \$14.50 a hundredweight."

Summing up the overall situation, as far as prices are concerned we are obviously in the low phase of a hog cycle. However, there are good indications that

producers are working out from under the current situation—as they always do if given a chance. The whole situation is much better than some pessimists were expecting a little while ago."

LOCALS

J. W. Baker of Weatherford visited with relatives and friends and attended to business matters here several days this week.

Recent visitors in the home of Mr. and Mrs. J. F. Hendrix were their children, Major and Mrs. Alfred F. Hendrix, Donna, DeWayne and Cathy of Austin, Mr. and Mrs. Wilford Welch, Cynthia, Rose Ann and Jan, of Wichita Falls and Mr. and Mrs. Kenneth Hendrix and son, Timothy, of Munday.

Harvey and Sidney Lee of Fort Worth visited friends here last Saturday.

Mrs. Walter Rodgers left last week for Austin for several weeks visit with her son, Wayne Rodgers, and family.

Mr. and Mrs. Will Campbell of Lubbock visited Mrs. J. C. Borden, and other relatives and friends over the week end.

Masonic Home And School In Fort Worth Is Considered Among The Finest

The Masonic Home and School of Texas, located on the outskirts of Ft. Worth and noted for producing some of the nation's first citizens, has just celebrated its sixtieth anniversary.

In its sixty years of service, the home and school has fed, clothed, sheltered and educated more than 2,000 children or grandchildren of Texas Masons. Evidence of the school's high caliber are the college professors and presidents, lawyers and judges, school superintendents, doctors, engineers and other high professional men and women who are numbered among Masonic Home alumni.

Through the years the Masonic Home has been able to fulfill its mission so successfully because it has lacked neither human nor physical resources.

There are 12 major buildings on the 212-acre campus. One of them houses the Masonic Home Independent School District, created by an act of the Texas Legislature, which includes a 12-grade accredited school system and a kindergarten. Classes are small enough to afford each student individual attention, and excellent working conditions have kept teacher turnover at a minimum. Harvey S. Williams has been School Superintendent for 14 years.

Both faculty and students are provided with the best in equipment and facilities. The latest step in the school's continuing program of classroom modernization was the purchase of study centers for the third, fourth, fifth, and sixth grades. The Study Center, made by American Seating Company of Texas, is a compact, movable, self-contained desk and chair unit that can be adjusted to different angles needed for various study and work positions, and for better vision and posture. The chair and seat can be mov-

ed forward and backward and up and down for maximum student comfort.

Over the past 14 years, 67 per cent of the school's graduates have continued their education in colleges and universities. The national average of high school graduates who attend college is only 46 per cent. Such a record can only be a tribute to the school's quality of elementary and secondary education.

Life at the Masonic Home and School is not all classroom studies and homework. The boys and girls, ranging in age from 3 to 17, have a well rounded home life and comfortable modern dormitories. A balanced program of recreation, vocational guidance and training, and religious activities is provided residents of the school and home.

Masonic Home and School is open to the children and grandchildren of Texas Masons, who through circumstances beyond their control do not have homes of their own. The institution is supported by annual contributions from the more than 250,000 Texas Masons, and typifies the activities of the world's largest and oldest fraternal organization.

June Petty Circle Meets On Monday

The June Petty Circle of the First Baptist Church met in the home of Mrs. Robert Young Monday, December 7th. Mrs. James Smith led the opening prayer.

After a short business meeting Mrs. Paul Pruitt gave a review on the last two chapters of "By All Means."

A refreshment plate of open Christmas sandwiches, cookies and coffee were served to nine members and two guests. Mrs. J. C. Galehon and Mrs. Ben Fuggle.

MASONIC HOME in Fort Worth has just celebrated its sixtieth anniversary. More than 150 children and grandchildren of Texas Masons make their home at the famous institution, which has one of the State's finest independent school systems. Pictured here are members of the 3rd, 4th and 5th grades seated at their new study centers which adjust to the individual child's needs.

Dec. 13 Designated As "Safety Sunday"

Sunday, December 13, has been designated by Governor Price Daniel as "Safety Sunday" in Texas to signal the opening of the Christmas - New Year's holiday traffic safety campaign throughout the state.

The Governor's proclamation said efforts to "end death and destruction on the streets and highways of Texas will not fully succeed until each driver comes to realize that traffic safety is a spiritual concern."

The Governor urged each citizen to be "vigilant in the conscience and mind of every driver the realization that negligence at the wheel of an automobile is a transgression of God's Own Command, 'Thou Shalt Not Kill.'"

He also asked the assistance of every pastor in Texas by reminding each church member of his moral responsibility in obeying the traffic laws. Numerous organizations have already pledged their support of the annual campaign to reduce the holiday highway slaughter.

A diplomat can tell you where to go and make you look forward to the trip.

"Dollars And Sense"

(By Miss S. C. Kinsey, County Home Demonstration Agent)

The amount of money you have to spend sets definite limits on the things you can have. Doing the very best with the amount of money available can be a great source of satisfaction.

Your goal as a successful shopper is to find the item best suited to your purposes at the price you want to pay. Knowing why you want an article will help you make sure that you get the one that suits your needs and purposes best.

Leave your rose-colored glasses at home when going to sales. One advantage of cash buying is that you can control spending within set limits, since it is impossible for you to spend more than you have in your pocket or savings account.

Mrs. Emma Mayo visited her daughter, Mrs. Agnes Mayes, in Amarillo from Saturday until Monday.

Guests in the home of Mrs. C. N. Smith over the week end were Mr. and Mrs. M. R. Bridgewater, Ricky and Ray Lynn, and Mrs. E. E. Spotsanski and Eddie all of Fort Worth.

It's Not Time For Guesswork When Hunting

"Guessing and hunting, like drinking and driving, don't mix" warns the Executive Secretary of the Texas Game and Fish Commission. "The famous first words of a hunter who has just killed his buddy is 'I thought it was a...'"

"This year's hunting accidents have been reasonably low considering the number of hunters going into the field each day,"

said the executive. "If all those planning to hunt this year will just resolve not to load their rifles until on the spot they plan to hunt, keep the safety on and muzzle up until ready to sight in, and be certain that what they sight in is not another hunter, accident records this year will remain low."

"Excitement sometimes leaves our minds blank for seconds, time enough to miss a deer or kill a friend," said the executive. "If you're not positive it's game, don't squeeze the trigger. The chance out of a thousand that it isn't your game is too great a chance to take. It's far better to return empty handed than to take a chance on accidentally killing a friend."

Anson Team Beats Benjamin 37 to 27

Anson swept two boys game from Benjamin last Friday night 37 to 27 in the varsity contest, and 35 to 15 in the B team game.

Anson's Barbar led his winning team with 15 points, and Donnie Ryder was high for the Benjamin team, also with 15.

The Benjamin's girls' team defeated Rhireland, 45 to 34. Peggy Jennings scored 11 for Benjamin and Sandra Keller hit 17 for Rhireland.

Fletcher Gates, Ed Edwards, Wayne West and Red McCord were business visitors in Dallas over the week end.

Texas Methodists To Launch State-Wide Stewardship Program

Dallas — All Methodist Churches in Texas will sponsor a state-wide program of stewardship promotion during 1960-61, according to a recommendation made by the denomination's inter-conference committee of the Texas Methodist Stewardship Movement at a meeting held here Monday, Nov. 30, at First Methodist Church.

Pat Thompson, Bay City, director of the Stewardship Movement, presided at the meeting.

District superintendents of the five conferences of The Methodist Church in the state of Texas will be asked to recommend to every quarterly conference of the local churches the adoption of a plan to have a stewardship emphasis during 1960-61. They will also urge every Methodist church to have an every member canvass before the end of the present conference year.

"Stewardship of All of Life" will be the theme of the 1960-61 plan. Recommendation is that all churches will enter a period of emphasis at the same time, beginning the first of October through Thanksgiving of 1960. All churches will be asked to conduct their every member canvasses following this period.

The proposed plan will include sermons, training sessions, reading programs, and church school materials on: 1. Biblical backgrounds; 2. stewardship of time and ability; 3. stewardship of volunteer service; and 4. stewardship of possessions, emphasizing that the tithe is the most acceptable method of giving.

The committee authorized the making of a film, filmstrip, and slides for the use of all churches in promoting the stewardship program. The film will be produced by the radio and television committee of First Methodist Church, Dallas.

BIRTH ANNOUNCEMENT

Mr. and Mrs. Mackey Murdock of Garland are announcing the arrival of a daughter Saturday, December 5, 1959. She weighed 7 pounds and 9 ounces and has been named Julia Ann. She has a 4 year old sister, Sheri Lynn, who is very proud of her. Grandparents are Mr. and Mrs. J. T. Murdock of Goree and Mr. and Mrs. L. J. Taylor of Colorado City.

IT PAYS TO ADVERTISE:

Miss Richards And Norbert Brown To Be Married Soon

Mr. and Mrs. R. B. Richards announce the engagement and approaching marriage of their daughter, Joyce, to Norbert Brown, of Rhineland.

Miss Richards is a 1959 graduate of Munday High School and is now employed at the Farmers National Bank in Seymour.

Mr. Brown is a 1958 graduate of Rhineland High School and is now employed in farming.

The exact date of the wedding has not been revealed.

New Marriage Law Held Constitutional

Attorney General Will Wilson has held that the new marriage law enacted by the last Legislature was not unconstitutional on account of a defective caption.

The opinion stated that the original marriage license may be returned to the couple after it has been recorded by the county clerk.

The opinion on the wording of House Bill 48 was requested by Williamson County Attorney J. R. Owen after confusion arose about returning the license.

Baptist Circle Meets On Monday

The Sarah Lou Henley Circle of the First Baptist Church met in the home of Mrs. Lee Isbell Monday afternoon at three o'clock with 17 members present.

Opening prayer was led by Mrs. W. O. Mayes. A very interesting lesson was given by Mrs. Goodson Sellers on the concluding chapter of the missionary book "By All Means".

A short business meeting was held and closing prayer was led by Mrs. Gus Brown. The next meeting will be Bible study on January 4th.

Juke Boxes Exempt From State Tax Law

Attorney General Will Wilson has ruled that juke boxes are exempt from the new State tax on record-players and hi-fidelity equipment.

The opinion noted that the same act specially taxes coin operated machines including juke boxes. Reference to "phonographs" under the three per cent retail sales tax on high fidelity recording equipment does not include juke boxes.

"Music coin-operated machines are commonly known and sold by that name or as 'juke boxes' not phonographs," the opinion stated.

Mr. and Mrs. Norman Brown and daughter, Sandy, of Albuquerque, N. M. visited their parents, Mr. and Mrs. John Brown and Mr. and Mrs. Albert Fetsch, over the week end. Norman's brother, Robert Brown, returned home with them where he is now employed.

IT'S THE LAW
in Texas

A public service feature of the State Bar of Texas

HUMAN RELATIONS

These days in business and government we hear much of "human relations," the shiny skills new from the psychology labs which help men and women work together in peace and understanding. Though not so new by a long shot, the law arises from human nature. Does the law have anything much to offer?

Trouble often arises, as the human relation people say, out of a person's feelings of insecurity and injustice. So the law seeks to allay them and to give each person his due under fair rules. Written ones. Applied by impartial judges. The law sets up courts to settle disputes fairly among men when they fall out, and to curb those who would overstep their due bounds and harm others.

Under such rules each one may know where he stands. For the law sets out his rights and duties, and takes note of his interests—in amounting to something, in earning a living and raising a family, in the pursuit of happiness and in seeking salvation.

The law gives each one wide powers (or freedom) through contracts to work with others to serve these lawful interests. It seeks to give each man, woman and child a fair and equal chance to learn, to make mistakes, think, and to talk over experience with others, so that we may find ways the better to live together.

The law tries to fit in with human nature, giving weight to man's hopes and to his shortcomings. Indeed, as one of man's achievements, the law itself takes note that it too may fall short—that judges and juries may err (hence courts of appeal), that the laws may have flaws (hence legislatures to change them).

At any rate, these are things we find written into our fundamental law, the Constitution.

Our most important rights are specifically enumerated in our American "Bill of Rights," which is a part of our Federal Constitution. Since "Bill of Rights Day" will soon be observed, next week's column will list the rights included in that document.

This column, prepared by the State Bar of Texas, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the applicable law.

LOCALS

Mrs. H. D. Henson and Billy Ray visited Mr. and Mrs. James Henson and children in Shallowater several days this week.

Mr. and Mrs. Ronald Foshee

and daughters of Midland were recent visitors with his parents, Mr. and Mrs. R. E. Foshee.

Mrs. Jessie Yost, Mrs. S. E. Robertson, Mrs. Jimmie Bullington and Mrs. Zane Franklin were visitors in Wichita Falls last Monday.

NOW... for the first time **Life & Accident of America** offers you this Revolutionary New Concept of Health Insurance...

FOR TEXAS RESIDENTS ONLY!
HOSPITAL-SURGICAL INSURANCE
FOR ALL MEN AND WOMEN
AGES 60 TO 100

REGARDLESS OF PAST OR PRESENT HEALTH

PRESENT ENROLLMENT
Closes Jan. 10, 1960
YOU MUST ACT NOW!

- ✓ No physical examination
- ✓ No health questions to answer
- ✓ 10-day money-back guarantee
- ✓ Good in any regular hospital
- ✓ Covers both illness and accidents
- ✓ Costs only \$7⁰⁰ per month

BOTH MEN OR WOMEN — We do not charge more for women. Same price — same coverage.

THIS IS THE PLAN YOU HAVE ALWAYS WANTED TO BUY!
THIS IS THE PLAN WE HAVE ALWAYS WANTED TO SELL YOU!

Now for you who need and deserve it most and who want it most, LIFE AND ACCIDENT OF AMERICA now makes it possible for you to have this revolutionary New Concept of health insurance. Read the remarkable guarantee that we offer you, check the fine coverage that you will get — then compare with ANY plan ever offered you. This is not an old plan just offered to you as a senior citizen but an entirely new concept of insurance.

CHECK THESE IMPORTANT ADVANTAGES

THERE ARE NO HEALTH QUESTIONS TO ANSWER. No matter what your state of health is now or ever was, no matter what your medical or hospital record has been. YOU are eligible for this plan.

NO LIMIT TO THE NUMBER OF TIMES YOU COLLECT BENEFITS

For each different sickness and accident that hospitalizes you. If confined more than once for the same or related causes within a 6-month period, any benefits not used during the first confinement may be used for the second; however, if such confinements are separated by 6-months, FULL BENEFITS ARE AGAIN PAYABLE.

THIS
SENIOR HOSPITAL
SECURITY POLICY
GUARANTEES YOU:

LIFE AND ACCIDENT OF AMERICA guarantees that under no circumstances can your policy be cancelled because of the number of times or the amount of benefits you may collect! In this respect, your SENIOR HOSPITAL SECURITY POLICY is much like group insurance in that it cannot be cancelled nor can the premium be increased unless such action is taken on ALL Senior Hospital Security Policies (Form SHS10) in your state!

John A. Jones
 President

POLICY SHS-10

ANYONE 60 to 100 DEPEND ON YOU? Perhaps your mother, father or some other relative? If so, the SENIOR HOSPITAL SECURITY POLICY is a thoughtful way of providing for them.

COVERS BOTH ILLNESS AND INJURIES!

Except those caused by war or covered by any Workman's Compensation or Employer's Liability laws; suicide; alcoholism or drug addiction.

PAYS IN ADDITION TO OTHER INSURANCE

You will receive these benefits in addition to any other hospital insurance you might now have. And, it is not necessary to drop or discontinue any policy to be eligible for the SENIOR HOSPITAL SECURITY POLICY. This even applies to other insurance you might now have with LIFE AND ACCIDENT OF AMERICA, except that you may have only one SENIOR HOSPITAL SECURITY POLICY.

ENROLLMENT PERIOD OPEN FOR A LIMITED TIME ONLY!

You must act now — your policy takes effect, January 10th, 1960
 Be sure to send in your application no later than, January 5th, 1960
 We do not know when this offer can be repeated. So we want no one to miss out. Never have such liberal terms been offered... make your check or money order for \$7.00 payable to Life and Accident of America Insurance Company today.

YOU GET THESE FINE BENEFITS
FROM LIFE & ACCIDENT OF AMERICA'S
SENIOR HOSPITAL SECURITY POLICY

- 1 UP TO \$10.00 A DAY — FOR AS LONG AS 31 DAYS.**
 You are covered for the actual cost of your room and board.
- 2 PAYS SURGEON'S FEES FROM \$4.00 TO \$300.00**
 Benefits vary from \$4.00 to \$300.00 on a fine schedule basis according to severity of the operations performed. Repairs of fractures or dislocations will be considered operations. Surgical fees for covered sickness and accident will be paid regardless of where operation is performed — HOME, HOSPITAL, DOCTOR'S OFFICE. Dental surgery, or service or repairs are not covered, except room and board benefits if hospital confinement is necessary.
- 3 YOU RECEIVE THESE OTHER FINE BENEFITS**

Operating Room	No Limit
Surgical Dressings	No Limit
Casts	No Limit
Medicines and Hypodermics.....	\$25.00
Blood Transfusions	\$15.00
Oxygen	\$15.00
Anesthetics	\$10.00
X-Ray (Both Sickness or Accident).....	\$10.00
Laboratory Services	\$10.00
- 4 AMBULANCE SERVICE UP TO \$25.00**
 To and from the hospital, in or out of the City.
- 5 PLUS THESE DISMEMBERMENT BENEFITS**
 From \$500.00 to \$1,000.00 for dismemberment or loss of sight due to injury.
- 6 YOU ARE GUARANTEED** immediate protection for accidents which occur or sickness which originates after the date of your policy.
- 7 YOU ARE ALSO GUARANTEED** protection for conditions you had before you took out this policy, provided the hospital confinement begins, surgical operation is performed or ambulance service is used after your policy has been in force six months.

Tips For Winter Driving Given

When highways are covered with ice or snow, there's no sounder advice than "go slow," says J. O. Musick, General Manager of the Texas Safety Association.

"Unsafe speeds at any time of year are a leading cause of traffic accidents," he pointed out. "Winter roads often are made hazardous for travel because of ice formation or snowfall. When snow keeps falling, and traffic keeps moving over the snow, the packed snow can become almost as slippery as ice."

The safety expert praised the Texas Highway Department maintenance crews for the "excellent performance they turn in each winter season in keeping highways open for essential traffic," but at the same time he warned, "Motorists must compensate for the dangers of snow and ice by reducing speed, lengthening distance between cars, and making

gradual—rather than fast—starts and stops."

Musick listed the following tips on how to be a better winter driver:

1. Winterize not only your car, but your driving technique and your attitude, as well. Normal speeds often are too fast for winter conditions. When weather's bad, slow down.
 2. Have good tires — for severe conditions, use reinforced tire chains.
 3. Keep windshield and windows clear, and wiper blades, heater and defroster in proper operating conditions.
 4. Get the feel of the road as soon as you start out (but away from hazards or other cars). By cautiously trying your brakes or gently pressing your accelerator, you can learn how slippery the road surface is. Then adjust your speed accordingly.
 5. Keep well back of the vehicle ahead to give yourself plenty of room for an emergency stop. Following too closely is doubly dangerous on winter roads.
 6. Pump your brakes to stop quickly on icy roads. Jamming on the brakes will throw the car into an uncontrollable skid. The trick is to slow the car by rapid and intermittent brake applications and at the same time maintain rolling traction that gives steering control.
- "There's nothing much you can do about winter weather — except be prepared for it," Musick says. "Snow and ice, combined with early darkness, frequent snowfalls and spattered wind shields, help cause the high toll in death and injury toll in the winter."

There's nothing faster on the take-off than a bus you've just missed.

NOW... SAFE DRIVING SAVES MONEY...

as well as **YOUR LIFE!**

Take a fresh look at your driving habits! Under the provisions of the Texas Safe Driving Insurance Plan, a clean record would entitle you to a discount of 20%... or a possible penalty increase of 100% for a bad record. It's your money, but with a little caution you'll save your money as well as your life!

He who dozes while he drives will rest in pieces forever.
It's no longer something special when the Texas legislature has a special session. Fact is, it's getting rather routine.

Knox Prairie Philosopher Sees A Bright Side Of Recent Failure Of Our Latest Rocket Shot At The Moon

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek discusses world travel this week, we guess.

Dear Editor:
Now that President Eisenhower is off on his trip to eleven foreign countries, there is one aspect of the tour a lot of the experts seem to have overlooked.

You'll recall that when Dictator Khrushchev arrived in this country last summer, he turned up just a few days after the Russians had hit the moon with a rocket, and this was considered a great propaganda victory. Consequently, a lot of people had been hoping that the recent United States attempt to send a rocket around the moon would be a success, so Mr. Eisenhower could arrive fresh in those foreign countries with a moon shot to our credit, but as everybody knows, the rocket was a flop.

This was considered a heavy blow, but I don't look at it that way at all.

In one way, it was really fortunate. It heads off a trend. If the world started the practice of requiring a sensational rocket firing every time some high official visited a foreign country, you can see what this would lead to. It wouldn't be long before outer space would be filled with satellites orbiting around each other in great propaganda dives celebrating the arrival of somebody somewhere on this earth, not to mention the even greater number cluttering up the bottom of the ocean when the things misfired.

Why you take the average Secretary of State, I estimate it'd

take 40 or 50 satellite launching a year just to keep him in fresh propaganda on his travels about the earth, even in normal times, and when a crisis breaks out, the figure'd be doubled.

And you know how this thing spreads. It wouldn't be long before you couldn't get the Prime Minister of say, India, for example, to fly to Washington at our expense for a summit meeting unless we first guaranteed to send up a first-class satellite in his honor.

A little later on governors of states would catch on and refuse to cross the border from one state to another without a medium, or governor's size, launching. The thing would finally break us.

As far as I can tell, we may be just as well off that our recent moon shot is at the bottom of the ocean and Mr. Eisenhower is in Europe talking peace instead of propaganda. Wonder what went wrong with that rocket anyway, though?

Yours faithfully,
J. A.

Attorney General's Drive Against Loan Sharks Marks Its First Anniversary

Attorney General Will Wilson's crusade against loan sharks in Texas marked its first anniversary last week with the setting of trail dates for 25 cases involving San Antonio loan companies charged with violating the state's anti-usury laws.

This group of cases includes suits against the Term Finance Company and Credit Discount Company. The Credit Discount Company is owned by Bexar County District Attorney Charles J. Lieck, Jr.

The Attorney General's loan company investigation began in February 1958, and was climaxed December 10 when a mass operation opened against loan companies in every major city in Texas. Wilson directed the drive from headquarters in a San Antonio hotel.

Before the day was over 272 permanent injunctions had been asked against 350 companies.

The current total stands at 365 suits filed for permanent injunction against 465 loan companies. Forty permanent injunctions have been granted against 42 companies.

This was Wilson's third big move in his crusade for law enforcement.

He shut down Galveston gambling in July, 1957, and cut operations of 400 quack doctors that winter.

Wilson estimates that the small loan demand in the State is approximately four hundred million dollars a year, with sixty million

of it sharked by loan companies.

"These companies have been charging more than 100 per cent interest annually and some as much as 300 per cent," Wilson said. "Our investigations of hundreds of these companies have convinced us that a great proportion of the borrowers are actually eligible for bank credit. They would be far better off doing business with a bank."

Grateful and informative letters continue to pour into the Attorney General's Office.

"The cooperation of the public, particularly the loan shark victims has been invaluable to us," Wilson said.

Quarterback Club's Light Bulb Sale Opens On Wednesday

Any light bulbs today?

That's the question being asked by members of the Munday Quarterback Club, as they started their annual sale of light bulbs following their meeting last Tuesday night.

The club members are making a door-to-door canvass in this sale, and all types of light bulbs are being sold, including Christmas lights and strings of Christmas lights.

By making a purchase of bulbs you'll be helping the club with its projects, and they will appreciate your patronage.

Junior High Honor Roll Announced

Students in Junior High School making an average of 85 or more the past six weeks were as follows:

Eighth grade, Eva Lee Peysen, Jerilyn Duke, Sandra Massingill, Leslie McClure, Ricky Smith and Billie Sue Walker.

Seventh grade, Judy Hardin, Eddie Littlefield, Marita Massingill and Millie Moore.

Sixth grade, Clyde Burnett, Mary Penick and Mary Ann Carden.

Boys' 4-H Club Meets Here December 3rd

The boys grade school 4-H club met Thursday, December 3, with the agent, Troy Jones.

Stan Key was elected secretary in the place of Virgil Howland who dropped 4-H club work.

Pen and pencil sets were issued to the boys to sell to make money for their Christmas party.

Mr. Jones talked on fertilizers and their uses in making the soil better for growing things.

Mr. and Mrs. M. W. Harper of Uvalde visited Mr. and Mrs. Harold Partridge and Mr. and Mrs. J. T. Harbor over the week end.

Relative Of Local Man Dies Monday

Mr. and Mrs. E. Beecher received word Monday, November 23, of the death of his brother, John L. Thiebaud.

Mr. Thiebaud had suffered a heart attack and had been in the Dublin Hospital three weeks but had been dismissed on Saturday, had been brought home and enjoyed Sunday with family and friends, then suffered another attack early Monday morning. He passed away before a doctor could be summoned.

Mr. and Mrs. Beecher, Mrs. T. V. Vost and Mrs. Pete Beecher and Gayle left early Tuesday morning to be with the family and attended the funeral at the Round Grove Church.

Oil Activities

Union Oil Co. of California has finished No. 15-27 Alice Lowrance in the Voss (Tannehill) Field, 1½ miles north of Munday. During 24-hour test, the well pumped 132 barrels of 35 gravity oil, plus 2 per cent water from perforations at 1888-93 feet and 2020-28 feet. Total depth was 2070, and gas-oil ratio was 472-1.

In the Goree Field, Howard Smuicer has completed No. 11 Buster Coffman for a daily pumping potential of 39½ barrels of 34 gravity oil from pay perforated at 1730-45 feet. Hole was bottomed at 1773 feet. The well is three-fourths mile southeast of Goree.

Too Late to Classify

WANTED — Small upright or spinet piano for school. Must be in good condition. Contact C. C. Brown or W. C. Cox, Munday, Texas. 1tp

NORTH CENTRAL TEXAS MUNICIPAL WATER AUTHORITY

At the regular monthly meeting of the Directors of the Authority, held at the office of Stamford Production Credit Association at Munday, Texas, Tuesday night, December 8, 1959, the Directors passed a resolution to the effect that no taxes will be levied and collected for the 1959 tax year.

E. Pete Beecher
Tax Assessor/Collector
for The Authority. 1tc

"Youthpower - Food Comes First" Contest Sponsored In Area

An opportunity to win a free trip to the National Youthpower Congress in Chicago is being offered in the "Youthpower - Food Comes First" contest sponsored with the county agricultural agents.

The 50 students, juniors or seniors in high school selected in the state contest will be invited to a breakfast and program in Austin on January 9, 1960, and two first prize winners, one boy and one girl, selected from the state will receive an all-expense paid trip to the National Youthpower Congress in Chicago next February.

To qualify in the contest, a student must write a food-related news story or editorial column dealing with some of the following suggestions:

The Farm-to-Table story of Food, The Food Industry in my Town, Food for Health, Happiness and Achievement; Benefits from a Proper Diet by Teenagers and Adults, or What's Good Breakfast does for Me.

Entries should be mailed to Mr. Vern Sanford, 1716 San Antonio St., Austin, Texas. December 20 is the closing date for state entries.
