### Gas Company Is Granted Increase In Local Rates

Lone Star Gas Company's application for a rate increase of 5.4 cents per MCF in each step of its rates for residential and commercial gas service was approved by the Munday City Council at its meeting on March 21. The new rate will become effective May 1, 1960. This increase to the average residential user would amount to only slightly more than one cent per day, it was pointed out by Lone Star's Local Manager O. F. Gates.

On February 15, 1960, the Railroad Commission of Texas authorized an increase in the city gate charge of 5.4 cents per MCF. The rate revision requested by Lone Star and authorized by the City Council is the exact amount of the increase in the charge at the city gate ordered by the Railroad Commission. Mr. Gates emphasized "that the approved increase will only offset the increased cost of gas to the Distribution Division at the city gate."

"The rate in effect in Munday prior to the Council's action," Mr. Gates pointed out, "was based on our 1951 cost of service, yet the costs of serving our customers had increased continually since that year. In addition to the increase of 5.4 cents in the city gate charge, pipe costing \$100.00 in 1951 now costs \$159.30; meters are up from \$100.00 to \$126.70; vehicles, \$100.00 to \$140.29; and payroll cost per employee, \$100.00 to \$151.60.

The increased cost of purchasing gas in the field is the primary cause for the increased expenses in delivering gas to the city gate. In recent years, numerous large gas pipe lines have been constructed from the gas producing areas of Texas, Louisiana, and Oklahoma to virtually every section of the United States; and these new lines have vigorously competed for all available supplies of gas. Progressively higher wellhead prices have been offered by these new buyers, and Lone Star has, of necessity, had to meet these higher competitive prices for both existing gas supplies and for the new reserves required to protect the present and future requirements of our customers.

Mr. O. F. Gates expressed appreciation to the City Council for approving the Company's application. He said, "This modest increase will help to provide additional funds needed by the Company to continue to acquire an adequate gas supply."

### NEWS FROM VERA

#### Vera Woman Elected

The 19th Annual Meeting of the Northwest Texas Conference of the Women's Society of Christian Service of the Methodist Church met in Brownfield, March 15th, 16th and 17th at the First Methodist Church. A good representation was present from each of the nine Districts. Fifteen attended from the Stamford District.

As this was election year, the following were elected to serve the next two years:

President: Mrs. M. L. Hines of Lubbock District.  
Vice President: Mrs. Marvin Boyd of Lubbock District.

Recording Secretary: Mrs. Virgil Johnson of the Childress District.

Secretary Children's Work: Mrs. Harold Morris of Big Springs District.

Secretary Christian Social Relations: Mrs. W. R. Cooper of Stamford District.

Secretary of Literature and Publication: Mrs. Wm. Finkner Plainview District.

Secretary of Missionary Education and Service: Mrs. Cecil Hardaway of Amarillo District.

Secretary of Missionary Personnel: Mrs. Paul Brennaman of Lubbock District.

Secretary of Promotion: Mrs. Walter Marrow of Abilene District.

Secretary of Spiritual Life: Mrs.

Orin W. Carter of Plainview District.

Secretary of Student Work: Mrs. Wesley Trainham of Stamford District.

Secretary of Wesleyan Service Guild: Mrs. Ethel Terrell of Lubbock District.

Secretary of Youth Work: Mrs. Hubert Bratcher of Pampa District.

Mrs. Jim Roberson accompanied Mr. and Mrs. Floyd Roberson of Truscott to Dallas last week end where they visited with relatives.

Mrs. Pete Patterson and family of Dallas visited recently with Mrs. Henry Patterson and other relatives.

Mr. and Mrs. L. H. Richards and Patty of Dickens visited over the week end with friends and relatives.

Miss Virginia Jackson of Crowell visited with her parents, Mr. and Mrs. Buster Jackson and family, over the week end.

Mr. and Mrs. Joe Wayne Roberson and two children of Irving spent last week end with his parents, Mr. and Mrs. Clifford Roberson.

Mrs. Gertie Hurd is visiting this week with her daughter, Mr. and Mrs. John Roth in Amarillo.

Jim Frank Coulston and Nelda Dowd of Abilene visited with home folks over the week end.

Mr. and Mrs. Robert Petty of Seymour spent Sunday with his parents, Mr. and Mrs. Alvis Petty and family.

Bob McGaughey of Lubbock visited with his mother, Mrs. J. N. McGaughey, last week end.

Visitors in the home of Rev. and Mrs. Gene Louder last Sunday were Mrs. Wilson and Mrs. Bennett of Knox City.

Mrs. Della McGuire returned home last Thursday from an extended visit with her daughter, Mr. and Mrs. Bob Hastings and family in San Antonio.

Mrs. Viola Sanders is in Lubbock at the bedside of her son, Doyce Clouse of Abilene, who underwent surgery in the Methodist Memorial Hospital, last Thursday.

Mrs. W. F. Rabe was admitted to the General Hospital Room 428, in Wichita Falls, last Sunday.

Mr. and Mrs. Oscar Wolfe of Irving, Texas were visitors in the home of his sister, Mr. and Mrs. Ernest Kinnibrugh and Mr. and Mrs. Orville Kinnibrugh, last Sunday.

Mr. and Mrs. A. C. Taylor and girls visited Sunday in the home of Mrs. Kate Peek and Mr. Shahan in Goree.

### Mrs. W. T. West, 82 Dies At Stamford

Mrs. W. T. West, 82, died at 10:15 p.m. Tuesday at her home, following a two years illness.

Born May 22, 1877, in Tennessee, Lannie Smith married William T. West Sept. 12, 1895 in Cleburne.

She was a member of the First Baptist Church, Stamford.

They came to Haskell in early 1900s and farmed north of Stamford. In 1947 they moved into Stamford. He died in 1950.

Funeral was held at 3 p.m. Thursday at the First Baptist Church in Stamford with the Rev. Jack Southerland, pastor, officiating. Rev. Byron Brant of Abilene and Rev. Edwin Terrell, (a grandson) of Commerce, assisted.

Burial was in Pleasant Valley Cemetery, east of Stamford, with Kinney Funeral Home in charge.

Survivors include four sons, Cody of Goree, Horace of Weatherford, J. J. of Fort Stockton and Billy of Breckenridge; six daughters, Mrs. P. E. Thompson, Mrs. T. J. Caffey, Miss Jay West and Mrs. John Guillet, all of Stamford, Mrs. H. L. Terrell of Haskell, and Mrs. W. S. Thomas of Temple; a half sister, Mrs. J. Thomas of Dallas; 29 grandchildren and 36 great-grandchildren. Grandsons served as pallbearers.

Mr. and Mrs. Gus Brown visited relatives in Free Mission and De Leon last week.

# Agriculture

Released by  
The Texas Department of Agriculture

By John C. White, Commissioner

## TEXAS CATTLE UP 9%

It came as no surprise recently when the U. S. Department of Agriculture released its figures on livestock population at the beginning of 1960, showing that cattle on Texas ranges had increased by nine per cent over early 1959.

The USDA inventory reported the total of all cattle in Texas as of Jan. 1, 1960, at 9,276,000, compared with 8,510,000 at the same time a year ago. This nine per cent increase in population was nearly double the rate of the national increase, which amounted to about five per cent.

It also came as no surprise when the USDA reported that the total value of all livestock—cattle, hogs, sheep, horses and mules, poultry—had gone down in spite of increased numbers in most categories. The total valuation at the start of 1960 was placed at \$16,236,408,000, compared with \$18,092,870,000 a year ago.

Nationally, the livestock and poultry population figures showed these comparisons: Cattle, 101,520,000 this year and 96,650,000 last year; milk cows, 21,331,000 and 21,488,000; hogs, 58,484,000 and 56,924,000; sheep, 33,621,000 and 32,945,000; horses and mules, 3,089,000 and 3,142,000; chicken, 368,859,000 and 383,529,000, and turkeys, 5,673,000 and 5,923,000. Horses and mules declined two per cent, chickens fell off four

per cent in numbers, and dairy cows eased off one percent.

At the same time, the USDA estimated a sharp drop in value per head of livestock, as follows: Cattle, \$136 this year and \$153 last year; milk cows, \$208 and \$219; hogs, \$16.50 and \$20.30; horses and mules, \$112 and \$101; chickens, \$1.05 and \$1.25, and turkeys, \$4.91 and \$4.65. Only horses and mules and turkeys showed a slight increase in price.

Release of the figures reemphasized the attitude of most authorities in their outlook on the 1960 cattle market, which is that the time has arrived for caution in planning any further increases of the livestock population on Texas ranges. Good range conditions in general continue to encourage the trend toward taking full advantage of the conditions, but authorities agree that extreme care should be exercised before any further heavy expansion is developed.

Mrs. R. E. Thorn of Dallas came in last Friday for two weeks visit with her daughter, Mrs. W. H. Stewart, and family.

Mr. and Mrs. W. E. Combs, Jr. and sons, Mrs. W. E. Combs, Sr. and Mr. and Mrs. Al Marrs all of Plainview visited relatives here over the week end.

Inconsistency is the only thing women are consistent about.

## People, Spots In The News

**TEXAS PRESS ASSOCIATION**  
1716 SAN ANTONIO STREET AUSTIN 1, TEXAS

## Legal Notice

**AN ORDINANCE FIXING AND DETERMINING THE GENERAL SERVICE RATE TO BE CHARGED FOR SALES OF NATURAL GAS AND NATURAL GAS SERVICE TO RESIDENTIAL AND COMMERCIAL CONSUMERS WITHIN THE CITY LIMITS OF MUNDAY, KNOX COUNTY, TEXAS, PROVIDING FOR THE MANNER IN WHICH SUCH RATE MAY BE CHANGED, ADJUSTED AND AMENDED AND DECLARING AN EMERGENCY. BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF MUNDAY:**

SECTION 1. Effective with the first gas bills rendered on or after the 21 day of March, 1960, the general service rate for sales of natural gas and natural gas service rendered to residential and commercial consumers within the city limits of Munday by Lone Star Gas Company, a Texas corporation, its successors and assigns, is hereby fixed and determined as follows:

**Minimum Monthly Bill \$1.53**  
 First 1 MCF at \$1.760 per MCF gross; \$1.584 per MCF net.  
 Next 1 MCF at 1.482 per MCF gross; 1.334 per MCF net.  
 Next 3 MCF at .927 per MCF gross; .834 per MCF net.  
 Next 20 MCF at .649 per MCF gross; .584 per MCF net.  
 All over 25 MCF at .593 per MCF gross; .534 per MCF net.

Net rate shall apply to all bills paid within ten days from monthly billing date.

This ordinance does not regulate any rate or charge except those specifically set out hereinabove.

The above rate is applicable to each residential and commercial consumer per month or for any part of a month for which gas is used at the same location.

SECTION 2. The rate set forth in Section 1 may be changed and amended by either the City or Company furnishing gas in the manner provided by law. Service hereunder is subject to the orders of regulatory bodies having jurisdiction, and to the Company's Rules and Regulations currently in effect.

**For COLDS take 666**

on file in the Company's office. SECTION 3. The fact that there is an imperative public need for an immediate change and adjustment in the rate for gas and gas service furnished to residential and commercial consumers creates an emergency and the reading and passage of this ordinance at three separate meetings is hereby suspended and this ordinance shall take effect and be in full force from and after the date of its passage at a single meeting and the approval thereof by the mayor.

PASSED AND APPROVED on this the 21 day of March A. D. 1960.

ATTEST:  
 E. W. HARRELL, City Secretary.

V. E. MOORE, Mayor.  
 STATE OF TEXAS  
 COUNTY OF KNOX

I, E. W. HARRELL, Secretary of the City of Munday, Knox County, Texas, hereby certify that the above and foregoing is a true and correct copy of an ordinance passed and approved by the City Council of the City of Munday at a call session held on the 21 day of March, 1960, as it appears of record in the Minutes of said Council, in Book \_\_\_\_\_ page \_\_\_\_\_.

WITNESS MY HAND AND SEAL OF SAID CITY, this the 21 day of March, A. D. 1960.

E. W. HARRELL  
 City Secretary  
 City of Munday, Texas 362tc

Mr. and Mrs. Dave Jetton and children visited Mr. and Mrs. George Cotton in Lubbock last Sunday.

Mr. and Mrs. Hoyt Gray attended the funeral of her nephew, Ellis McCain, in Wichita Falls last Tuesday.

Mrs. Ralph Watkins and children of Wichita Falls were Sunday guests of her parents, Mr. and Mrs. W. E. Reynolds.

Sied Waheed is spending this week with relatives in Dallas and Houston.

### CARD OF THANKS

We take this means of expressing our sincere thanks to our many friends and the merchants who helped us in a financial way after our farm home near Vera was destroyed by fire on Sunday, March 13. We deeply appreciate your assistance, and we pray God's richest blessings on you all.  
 The Jimmie Fuller Family. 11p

## Camels, Look to Your Laurels— There's a Long Dry Spell Ahead

Joan Roberts drew a puzzled expression from Sheba, a Bactrian (two humps) camel, when she pointed to the Corvair aluminum engine as the undisputed champion of machine or beast operating forever without water. Sheba, though passive, was content to relinquish the camel's historic endurance laurels to the new compact car's rear-installed air-cooled engine which never needs water. At any rate, the camel can hold the "no water" record until 1959 BC (before Corvair).

## News From The U. S. Congress

By Congressman Frank Bkard

The House continues to be involved in the civil rights debate which has now been going on for almost two weeks. The House Bill under consideration would do the following things: first, make it a felony to cross a state line to avoid prosecution, for willfully damaging or destroying a church, synagogue, or public building; second, it would require preservation of records in a Federal election for a reasonable time to permit investigation of complaints that any citizen might have involving his denial of the right to vote; third, it would make an offense to obstruct or impede the carrying out of a lawful court order by force or violence; fourth, it would extend the Civil Rights Commission for two years. There have been offered to this basic bill many amendments, many of which attempt to assure the right

of a citizen to vote. It is absolutely impossible at this time to know what final form the measure will be in when it is voted on by the House. It does appear, however, that if some of the amendments that have been offered are adopted, the "cure" may be "worse than the disease." That is that in attempting to assure voting rights it may mean providing for destroying of our traditional secret ballot and also making it possible for controlled elections. As we have indicated, there is no possible way to tell what provisions the final version of the civil rights bill will contain. It is evident, as the debate continues, that the only real solution to this problem must come from the local level rather than from the Federal Government.

There is more and more skepticism about the effectiveness of our foreign economic aid program. Recent disclosures show that in many instances it has been badly administered and has been extremely wasteful. The chances are good that this program will be materially reduced

by this session of Congress. While the Congress has not yet considered any of the big money bills, the few that have been acted on in the House so far show that the budgetary requests have been reduced to date in the amount of approximately 161 Million Dollars.

As more and more of the facts come to light, it becomes apparent that there is a considerable gap existing between this country and Russia in missile development and space exploration. During the coming weeks, we will hear more and more of this—how to forge ahead. This is one of the most critical problems facing us today. Visitors from home this week were Dr. Robert Daily and Daughter, Barbara, Col. Floyd Taylor, Mr. Boyd Kelley, Mr. John Wallace, of Wichita Falls; and Mr. Grady Halbert of Crowell.

Mr. and Mrs. David Alexander and children of Lubbock visited relatives here over the week end.

## April 15 Deadline For Safety Stickers

"There are less than 20 working days left until the April 15 deadline for the new Motor Vehicle Inspection sticker," Captain Alan Johnson said today. Captain Johnson, Service Commander for the Motor Vehicle Inspection service of the Texas Department of Public Safety, pointed out that only 44 per cent of the 459,372 registered motor vehicles in this region had been inspected as of March 1, 1960.

Of the 4,521 vehicles registered in Knox County, only 1,630, or 36 per cent, had been inspected on March 1.

This indicates that many motorists continue to postpone having their vehicle inspected. By failing to do it now, drivers face the possibility of waiting in line at one of the state approved inspection stations as the deadline approaches. If bad weather continues, this adds to the burden because inspection stations do not make inspection while the streets are wet.

Texas Registered vehicles operated on public streets and high-

ways after April 15 must display the 1960 Motor Vehicle Inspection sticker. Failure to do so often leads to traffic arrest for the driver without a current inspection sticker displayed on his vehicle.

Ulcers aren't caused by what you eat — but by what's eating you.

## Weekly Health LETTER

Issued by the State Health Department

Wildlife rabies is running two to one ahead of rabies among domestic animals, the State Department of Health record for February shows.

In February, there were 69 cases of rabies diagnosed in all animals. Only 17 of the 69 total were among dogs and cats.

The rabies picture in Texas has recently been taking on a new

look. The present trend indicates a decline in the number of rabies in domestic pets, but a rise in the number of wildlife rabid animals.

Infected skunks and foxes were more numerous than the total of rabid dogs confirmed by the State Health Department laboratory during 1959. Livestock rabies has shown an increase also, probably due to exposure to wildlife.

Public health veterinarians point out that, numerically, there isn't a high enough immune pet population in Texas to prevent the spillover of wildlife rabies into the dog and cat population.

Right now, three counties, Milam, Washington and Falls, have emergency rabies control pro-

grams in effect.

Since November, 1957, when lactobacilli counts were made available through the State Health Department laboratory to patients of all Texas dentists, over 4,100 tests have been made. The lactobacillus is a kind of bacteria associated with much of the decay of teeth.

When laboratory tests show a high lactobacilli count, a recommended sample diet list is mailed to the dentist along with the results of the test. It is a joint project of the Dental Health Division and the Laboratory Section of the State Health Department.

In caries-susceptible people, the count will ordinarily range in the amount of 50,000 lactobacilli per milliliter of saliva. Counts under 10,000 are considered to indicate caries immunity.

The method of taking saliva samples is simple. Only dentists may submit samples from patients, kits for taking saliva swabs are available to dentists from the State Health Department. The service is free.

### Night Hunters Lead In Arrests By Game Warden

Night hunters kept game wardens busy in February, according to the monthly report of the director of law enforcement of the Game and Fish Commission.

Thirty-five arrests were made for illegal night hunting and headlighting of game animals. At the same time, wardens arrested 37 persons for fishing without a license. A \$2.15 license is required for persons between 16 and 65 who fish with a rod and reel. This includes saltwater fishing.

Ten hunters found out they couldn't get away with killing deer out of season. Several others were booked for killing ducks, geese, quail, and squirrel after the season closed. In all there were 214 arrests, which brought fines and court costs to \$7,947.29 for the month.

SKI JUMPERS from all over the world competed on these 60-meter and 80-meter runs specially constructed at Squaw Valley, California, for the 1960 Winter Olympic Games. At lower right is one of nearly 150 ABC Vending Corporation installations to supply hot food and drinks to nearly 250,000 outdoor sports fans who attended the 11-day ice and snow spectacle.

### Munday Girl Win Spelling Bee; Will Represent County In District Contest

Miss Exa Lee Peysen, eighth grader in the Munday Schools, was winner of the Knox County Spelling Bee last Saturday by accurately spelling the word "accurate."

Winning after 50 minutes of taut competition, Exa Lee took the county championship when Otie Ray Garrison, Knox City fifth grader, failed to double the "c" in "accumulate." Exa Lee correctly spelled this word and went on to the winning "accurate."

The spelloff between the two finalists lasted about 40 minutes with the two contestants spelling 292 words between them.

A short rest period was called

TOP SPELLERS — of the county are Exa Lee Peysen, who won the county spelling bee last Saturday, and Otie Ray Garrison, son of Mr. and Mrs. Wesley Garrison of Knox City, runnerup in the contest.

**State Farm HOMEOWNERS POLICY gives more home protection, SAVES \$\$**

This single policy costs less than four separate home policies, yet gives greater protection. And—the State Farm Homeowners Policy may cost less than many other homeowners policies! Of course, complete and exact protection is described only in the policy. Ask about it today.

### Dollars And Sense

By Miss S. C. Kinsey, Knox County H. D. Agent

Choose the "right time and place to shop."

Crowds in stores can be avoided. Sales persons can give greater help, information and service to you during so-called slack periods, when they are least busy. Generally, when there is no pressure on you to make a quick decision, it's easier to evaluate an article's worth to you.

During known peak selling periods, such as just before Christmas or Easter, stores try to have their biggest and best selections of merchandise from which you may choose.

Shopping just after the peak of the season, as goods are marked down for clearance, may result in worthwhile savings if you can find the article you want.

Prices at the peak of the season are usually the lowest for perishable foods—fresh produce and certain kinds of meats and dairy products. Learn when these times occur if you plan to take advantage of quantity buying.

### LOCALS

Mr. and Mrs. Press Phillips and Helen were visitors in Wichita Falls last Monday.

Mr. and Mrs. R. C. Partridge were recent visitors in the home of Mr. and Mrs. Buel Bowden in Andrews.

Mr. and Mrs. Glenn Meeks and children of Abilene spent the week end with her parents, Mr. and Mrs. R. C. Partridge.

Dr. and Mrs. Delmon E. Alexander and daughters visited relatives in Stephenville over the week end.

Mrs. D. C. Eiland and Allen visited Mr. and Mrs. David Eiland and children in Dallas over the week end.

Mr. and Mrs. Lee Bowden of Lubbock visited their parents, Mr. and Mrs. Clarence Booe and Mr. and Mrs. Levi Bowden, over the week end.

### MOTOR MAIDS

**Check Yourself Before Driving**

By Martha Johnson  
Dodge Safety Consultant

Are you fit to drive a car? You may think you are in good health. You may have an excellent safety record. Yet, under certain circumstances, it can be dangerous for you to be in the driver's seat.

Before you take the wheel of your car, read through this list prepared by the American Medical Assn. in co-operation with the Center for Safety Education, at New York University.

- Don't drive when you have serious problems on your mind. Emotional upsets may cause accidents.
- Check your attitude. Be mature.
- Don't make a date with the sandman while driving.
- Some medicines and driving don't mix.
- Alcohol and gasoline are a dangerous combination.
- Clearheadedness is vital.
- Don't take the wheel if you are bothered with nervous disorders.
- Don't drive if you have a heart condition unless the doctor gives his OK.
- If you are diabetic, check with your doctor about the wisdom of driving.
- Periodic check-ups are a good idea if you are past 65.

# BOYCE HOUSE

A highway marker near Brownsville designates Resaca de la Palma, scene of an early battle in the U. S. - Mexico war;

Sitting in the El Jardis lobby in Brownsville, TV viewers see and hear a commercial on orange juice—Florida orange juice!

In Harlingen, one of those tiny foreign cars was parked with a sign painted on it, "Go around—not over";

Just out of Harlingen at a roadside stand was this sign, "Strawberries—4 for \$1"—Texas really must grow big strawberries! (Someone said it meant four boxes for a dollar.)

Paging Major Hoopie! San Benito has an Owls Club.

A Harlingen man in a cafe complained that half the time he bit the filter end of the cigaret. He said, "They ought to put the filter in the middle."

Real bargain in New Braunfels, "Hamburgers, 20 cents; 5 for 99 cents."

In an Austin store window featuring "Luggage for your trip to Europe," one piece of luggage was priced at \$231. If I bought that for my trip to Europe, the trip would be off.

When I arrived in Eastland in the summer of 1921 to become editor of the Daily Oil Belt News, the courthouse was a red brick structure, trimmed in stone. The building was three stories high. It is interesting to know that the edifice cost \$49,000.

Also as showing how times change, shortly before the discovery of oil (1917) in the county, Eastland's business establishments included blacksmith shops, two livery stables and a wagon yard.

Casey Jones is the most famous of all the thousands of men who have ever worked on railroads. Why? Because somebody wrote a song about him.

Sam Bass is the best known of Texas' outlaws for the same reason.

William F. Cody killed one Indian in combat. (Some historians dispute that he did even this.) He took a contract to kill enough buffaloes to provide the Union Pacific Railroad construction crews with meat. He was also a pony express rider. With these achievements as the foundation, he is regarded under the name of "Buffalo Bill" as the embodiment of the West. Why? He had a fine press agent.

Gerald Reynolds, Gaylon Al Ired, Phillip McAfee and Lee Bruce left last Saturday morning by train from Wichita Falls for Fort Knox, Ky., where they will receive their basic training for the Army.

## A Trio of 4-H State Victors

Miss Pysatt

Miss Campbell

Miss Lammert

Texas team winners of the 4-H dairy foods demonstration contest for 1959 were two 16-year-old members of the Lone 4-H Club of Tulla. Juniors in Tulla High school, they are Nancy Pysatt and Sue Campbell.

Subject of their demonstration was "what America needs: a decent breakfast." Both are junior leaders in their 4-H Club and active in Swisher county 4-H work.

Individual state winner was Lela Nell Lammert, 18, of Meridian. She demonstrated how to make appauceau refrigerator cake.

A junior leader in the Clifton 4-H Club, she is also camp chairman of the Bosque County 4-H Club.

Each girl received a 19-jewel wrist watch from the Carnation Co., according to the Cooperative Extension Service.

### Biologists Says Fertilize Your Tanks And Ponds

"In recent years, in America, the idea of fertilization has been transferred to the raising of fish," states Lou Guerra in an article, "Fish Pond Fertilization," in the March issue of TEXAS GAME AND FISIL. "The object here has not been specifically to increase the yield of water to produce the additional food but to cause the production of greater quantities of sport fish to improve the lot of the sport fisherman."

Water fertilization encourages microscopic algae growth. Zooplankton feed on this algae and then become choice food for insects and young fish. The insects and small fish become the nourishment of still larger fish, which in the end are targets for sportsmen who usually catch and eat these larger ones.

"In other words," writes Guerra, aquatic biologist for the Texas Game and Fish Commission, "the addition of fertilizer to the water increases the nutrient material needed by the tiny plants and animals which form the basis of the food chain. Thus, fertilizing small ponds and lakes leads to better fishing."

The author explains that fertilizer is identified by the number or ration of its main ingredients which are nitrogen, phosphorus, and potassium. The type of fertilizer needed in a particular pond would depend on the type, texture, chemical composition of the acid or alkaline, and various other factors.

Other articles in the magazine include such topics as the great horned owl, teaching a boy to cast, warden's school, the value of water, deer, oyster reefs, dogwood trees, sennam seed planting, SCOT, wildlife management areas, and whitewings.

### Goree Will Elect Mayor, 2 Aldermen

A mayor and two aldermen for the City of Goree will be elected in the city election slated for Tuesday, April 5, it was announced last week.

Filing for mayor was J. W. Laningham, and for aldermen are Elmer Hutchens, J. L. Cloud and J. B. Lawson.

### ATTEND CHURCH AFFAIR IN JONESBORO, ARK.

Mr. and Mrs. Walter Brown, Phyllis Bellinghausen, Sharon Birkenfeld, Susan Kuehler, Betty Jean Herring, Sister M. Pauline, O. S. B., Mrs. A. J. Kuehler, Mrs. Albert Fetsch, Janice Kuehler, Mrs. Albert Fetsch, Dorothy Edrington and Judy Bruggeman attended the Profession of the Sisters of St. Benedict at Holy Angel's Conference in Jonesboro, Ark., on March 20-21. All enjoyed the very impressive ceremony. On the return trip they visited Jerry Bellinghausen in Subiaco, Ark., and other relatives in Paris and Ratcliff, Ark. They also visited Father John O. S. B., former pastor at Rhineland and now pastor in Fort Smith, Ark.

### MOFFETT TO SPEAK

The Munday Study Club wishes to remind everyone that tonight, Thursday, March 24th, is the date that Sen. George Moffett will speak at the school gym at 4:30 o'clock. They urge everyone to attend.

## LOCALS

Leona Faye Bartos of Wichita Falls spent the week end with her parents, Mr. and Mrs. A. L. Bartos and Anita, of Gilliland. She had as her guest for the week end, Miss Mary Lou Schaffner of Henrietta, student at Midwestern University.

Mr. and Mrs. James Rodgers of Kilgore visited her parents, Mr. and Mrs. Jim Henslee, and other relatives over the week end.
