Odd Bits Salvaged
By The Editor

It won't be an April Fool stunt at all. It will be the "real McCoy."

k-k
For tomorrow, Friday, April 1, will be the time when faces change at the Munday post office. Ray L. Snyder will become acting postmaster, and Lee Hayes will become a has-been.

k-k
Lee told a story on us at the meeting of postal employees in Knox City recently. He said he informed us some time ago that he was retiring as March 31—which he did, with the request that nothing appear in our publication about it until he was ready for it. He said we asked if he was retiring from the standpoint of service, or if he had reached retirement age, and he told us it was his age—that he was 70 years of age.

k-k
"The editor looked surprised," Lee said, "and said to me: 'Why, you don't look a day over 69'."

k-k
So we reckon, now, what Lee wants is some good fishing weather. He said that rod and reel and other fishing equipment given him at the postal meeting was just what he wanted—but it's not at all conducive to his helping out with the household chores!

k-k
Guess we'll all have to sorta get used to seeing Snyder looking at us from the business side of the post office—but that shouldn't be hard to do. He's the type of fellow that's easy to get acquainted with, and he told us in an interview following his appointment that he was going to do his best to give post office patrons service and to improve service wherever and whenever he can. A man dedicated to service, like Ray seems to be, will make a good postmaster.

k-k
We've had a good postmaster for the past 25 years, we believe, and we see no reason why we won't have another one in Ray Snyder. If an old shop-worn editor can do anything for him in reaching this goal, we'll be glad to put in our two-bits worth.

k-k
We received a Quannah paper last week. For some reason, that paper got off our exchange list some time ago. In this copy we found something the editor had "borrowed" and we thought it good enough to re-borrow and pass it on to you. Here it is:

k-k
WHEN AN ADVERTISER'S message can be read at 5 p.m. by the housewife, 5:30 by the children in the family and at 6 p.m. by the man of the house . . . then it can be called adequate.

k-k
When the merchant's message gets to the customer without making a date, without her doing any certain share, without her watching the clock, then it is doing a service to the customer.

k-k
When an advertisement comes to the customer's attention without creating a disturbance, without being annoying, without disrupting what he is doing, then it is already started on the job of making people like the advertiser.

k-k
When an advertising medium can perform and guarantee all the above services, without costing one penny more, then it is as near perfect as you can get advertising.

k-k
Newspaper advertising can be read any time of day or night, at the reader's choosing, it waits the reader's pleasure and doesn't have to be anywhere at any certain time. It comes to the customer's attention without glare or annoyance.

k-k
Newspapers are the perfect advertising medium for the retailer.

k-k
Saturday you vote—if you care for that sort of thing! The election Saturday is for local county school trustees—an important election, in which you should cast your ballot.

k-k
This will be followed by another important election on Tuesday of next week. This will be for the election of a mayor and two aldermen for Munday, at Goree and other towns of the county. You shouldn't let the day pass without casting your vote in this election.

UNDERGOES SURGERY

Mrs. R. D. Atkinson underwent surgery in the Harris Memorial Hospital in Fort Worth the first of this week. She is reported to be getting along fine. Her room number is 572.

H. C. Yandell, 64 Dies On Monday At Vets Hospital

H. C. (Pick) Yandell, retired Munday farmer, passed away at 2:40 a.m. Monday in the Veterans Hospital in Big Springs after an illness of two years. He was admitted to the hospital on March 10 for treatment of a heart ailment.

Born August 16, 1895, in Gainesville, he was 64 years, seven months and 12 days of age. He was married to Ruby Howard of Weinert on October 5, 1924. The couple lived near Weinert for several years, and bought a farm in the Brushy community in 1941. They moved to Munday in 1954, when he retired.

A veteran of World War I, he served with the U. S. forces in France. He moved to Haskell from Oklahoma in 1921. He was a member of the Methodist Church.

Funeral services were held from the First Methodist Church in Munday at 3:30 p.m. Tuesday, with Rev. Rex Mauldin, pastor; Rev. Charlie Sargent, retired Methodist Minister, and Rev. Robert Young, pastor of the Munday Baptist Church, officiating. Burial was in Weinert Cemetery under the direction of Holden Funeral Home of Haskell.

Surviving are his wife; three sons, Howard of Lubbock, James of Fort Sill, Okla., and Don of Graham; two daughters, Mrs. Margaret Tidwell, 1803 Dillingham St., Abilene, and Miss Fatsy Yandell of the home; one brother, Clarence Yandell of Durant, Okla.; one half-brother, three half-sisters, and seven grandchildren.

Pallbearers were Clarence Taylor, Stanley Furrh, Elbert Owens, J. B. Booe, Thurman Gully, Chester Bowden, John Mayfield and Cody West.

Cotton Acreage For Texas Is Set

Texas cotton farmers have expressed their choices and the 1960 cotton acreage for the State is set. They will plant an additional 509,528 acres over the regular allotments as a result of Choice B selections.

Tom Prater, extension economist, said the final results of the selections — the deadline was March 16 — were provided by the Texas Agricultural Stabilization and Conservation office. He said the acreage on Choice A farms adds up to 5,543,000 acres with 283,194 acres of this total under Conservation Reserve contracts. Choice B farms this year can plant a total of 1,783,228 acres.

Prater said the total acreage under both Choice A and Choice B plans now available for Texas growers stood at 7,326,220 acres compared with 6,842,599 acres in 1959.

The 483,621 acre increase over last year's acreage resulted primarily from the selection of the Choice B plan by farmers holding the larger regular acreage allotments, Prater said.

Goree Couple Are Injured In Wreck

Mr. and Mrs. Homan E. McMahon and Bob Sadler of Goree were involved in a truck-two car collision last Monday afternoon around 1:30 o'clock in down town Fort Worth. The truck's air-brake failed when stopping for a red light causing him to run the red light. He hit the other car before swerving into the McMahon car, driven by Mr. McMahon.

Mrs. McMahon suffered fractured ribs and multiple bruises. She is in the Doctor's General Hospital in Fort Worth for observation and treatment. Mr. McMahon suffered cuts and bruises but was not thought to be seriously injured. Mr. Sadler escaped injury.

The McMahon's 1960 Mercury was reported a total loss.

Tax-Man Sam Sez:

There are three different income tax forms you can use. The Form 1040 can be used by any individual.

The 1040A can be used for salary and wages up to \$10,000 a year. The new 1040W can be used on salary and wages of any amount and you can itemize your deductions.

There is usually a sign in the post office that tells you about each form. Get the one you need.

Bond Sales In County Increase

An increase of 4% in February marked the second time this year that Savings Bond sales in Texas have been greater than sales in the same month in 1959 according to Mr. W. E. Braly, Chairman of the Knox County Savings Bonds Committee.

February sales in Texas totaled \$15,506,998. Sales for the first two months of this year amounted to \$32,044,765 or 19.4% of the 1960 goal. Total bond purchases in Knox County for January and February were \$53,225 which represents 26.6% of the 1960 county goal.

"We are most encouraged by 1960 Savings Bonds sales," Mr. Braly said. "More and more people are purchasing Series E and H Bonds because they realize that in so doing they are making a direct contribution to the economic stability of this nation and to the future security of their own families. The Savings Bonds being purchased now earn an attractive 3 1/2% interest compounded semi-annually when held to maturity," he concluded.

Senior Class To Present Play

The senior class of Munday High School is making preparation for the presentation of the annual senior play. This year's play is "Grandpa's Twin Sister" by Jean Provenzo to be presented Thursday, April 7, at 8:00 p.m., at the elementary school gym.

The setting is a simple living room in an old country house which combines the genteel stiffness of the early years of the century with the comforts of more modern furniture to indicate that the house is owned by an old man under the influence of the past, and a number of other people — his nieces, granddaughter, and an assortment of in-laws.

The characters are: Grandpa (Johnny Pruitt) a congenial and sparkling old man of seventy, in spite of his continued ranting and raving, which is a mechanism to cover up his heart of gold; Maggie (Margaret Cloudis) a hard-working and not too bright Irish cook of the old school; Louise (Mary Ann Reneau) a smart, sophisticated young lady of twenty-two; Betty (Sandra Harper) who is inclined to take after Grandpa and is madly in love with Dr. Ralph; Edgar (Carroll Odell) is a good example of the proverbial drab and colorless henpecked husband; Clara (Nancy Cowan) is a hard-boiled, precise, exacting shrew who thinks

Wulf, Jr., Brady, 2nd vice president. Briscoe, at 37, is believed to be the youngest president ever to head the 10,000-member association.

Eight Legion Posts To Be Honored

JOE MATTHEWS

Eight posts will be honored at the annual spring convention of the 13th Congressional District of

The American Legion, to be held at Haskell next Saturday and Sunday by being presented with citations for having exceeded their 1960 membership quota.

Posts that have attained their quota and their commanders are: Aspermont, Leroy R. Moyers; Bryson, James O. Manley; Burk Burnett, Francis L. Perry; Goree, C. T. Weber; Munday, J. E. Reeves; Throckmorton, Terrell C. Redwins, and Vernon, Warren D. Pruitt. Quannah exceeded its all-time high in membership, with M. E. Watson, Jr. serving as post commander.

Joe L. Matthews of Fort Worth, national executive committee man, will deliver the principal address. Following the guest speakers, Milly Ray Wright, district chaplain, will conduct the memorial service.

Registration will get under way at 9 a.m. Saturday at the Legion hall, and convention activities will get under way Sunday morning with a breakfast at 8:30 for commanders and adjutants.

Rabbit Drive Is Set At Weinert

The Weinert Lion's Club is sponsoring a rabbit drive Monday, April 4th. Anyone interested in participating is asked to meet at the Community Center in Weinert at 8:00 a.m. on the above date.

The ladies are asked to bring a salad and dinner will be served at noon at the Community Center.

The Weinert Lions also stated that ammunition will be on sale at reasonable prices. Everyone is extended a cordial invitation to join in the activities.

Goree Methodist Church Will Have Fellowship Service

The First Methodist Church of Goree are preparing for a church wide fellowship service for all members and friends of the church Wednesday, April 6, at 7:30 p.m. in the fellowship hall.

The program will be "Home Town Movies" taken and produced by Pete Beecher.

The purpose of the meeting will be outlined by the speaker, Mack Tynes, finance chairman of the church, and explained that the supper is to be a kick-off to a finance campaign to complete this year's program and begin the Missionary Outreach for the coming year. Pledges will be secured following the program to meet these obligations.

A fried chicken dinner with all the trimmings will be served under the direction of Commission on Social Relations. Members of this commission are Mmes. Homer Lambeth, Pete Beecher, Alma Reeves and Jack Nuchols.

All members and friends are extended a cordial invitation to attend.

Pecan Grafting Demonstration Set

A pecan budding and grafting demonstration will be held in Knox County during the second week of April. The demonstration will be given by George Blackburn of Throckmorton and Knox Countians needing information or help on this subject should plan to attend.

Time and place will be given next week. Those interested in attending should contact Troy Jones, County Agent, for more information.

Training Given Census Takers

Census takers who will visit every dwelling unit in the area during the 1960 Census of Population and Housing, which starts April 1, participated in four training sessions this week, according to Herbert S. Gray, district supervisor.

The training sessions, conducted by the crew leaders, were held Monday through Thursday of this week with each census taker receiving a total of approximately 16 hours of instruction. Emphasis was placed on the importance of a systematic, thorough canvass of every dwelling unit during the census to insure a complete count. Class room training covered proper manner of asking questions, use of the census questionnaire, census definitions, and map reading.

Map reading is an important census-taking technique since, without maps, defining the limits of each district to which a census taker is assigned the job would be a matter of confusion. About 250,000 maps have been prepared for the 1960 Census. This provides an individual map for each of the 250,000 districts into which the country has been divided for the census. Every census taker will be furnished with a map of his district. As they make their rounds, census takers will be required to canvass every street and road and visit every housing unit within the boundaries of their assignments shown on these maps.

EATING INTO INCOME

There has been an interminable amount of talk and debate over the subject of inflation. But, it seems, multitudes of people don't relate the problem to their own financial situation.

If you're one of them, consider this item which appears in the March issue of Nation's Business: "Living standards—measured by income—are rising."

"A look ahead shows: Total personal income soon will average \$1,900 a year for every man, woman, child in the country. That's the highest ever.

"But the rise is only half as much as it could be.

"Inflation eats heavily into income. Here are the facts: Total personal income now averages about \$625 per person higher than it did 10 years ago. Adjust for loss due to price inflation and you'll find that real purchasing power has gone up only \$325 per person.

"Without inflation, purchasing power of each person would have gone up the full \$625."

It can be added that if and when inflation reaches the real "runaway" stage, the printing presses can't turn out enough currency to keep up, and any conceivable wage or income boost becomes meaningless. That has happened in country after country in the last 50 years. It could happen here.

FRILLS AND FOLLIES

The Geneva, Ohio, Free Press, gives some reasons why government budgets are so incredibly huge: "We spend great sums of interest charges on our public debt, but we do not reduce the principle.

"We carry on massive federal programs which state and local governments could do better.

"We devote large amounts of money to benefit special groups at rates below those the government must pay to its own creditors.

"We perpetuate federal programs which have long since met the objectives for which they were created."

None of these programs, it is importance to note, affect the national defense or any other fundamental duty of government. They add up to frills and follies, of the most expensive possible kind.

—SAY YOU SAW IT IN THE TIMES—

WHEN GASOLINE ISN'T GASOLINE

Very likely you think that gasoline is gasoline, no matter where you buy it.

If so, you're mistaken. For, as the magazine Petroleum Today points out, "A latter-day Sherlock Holmes armed with a test tube would have little difficulty today determining where a motorist had been doing his driving."

A tankful of gasoline bought in wintery Chicago, for instance, differs in several ways from a tankful of the identical brand bought at the same time in balmy Miami. And next summer's gas bought in Chicago will be unlike winter's fuel there.

The reason for this is that refineries vary the volatility of the gasoline according to climate. Volatility is simply the rate at which gasoline vaporizes in the carburetor. And, just as the family wash will dry quickly when the day is sunny or hang damp for hours when it's cloudy and humid, so does the nature of gasoline evaporation vary with weather conditions.

Consequently, the oil industry has split into three periods—summer, winter and spring—fall and has set a maximum volatility for each period. It has also divided the country into four climatic zones. Additionally, other things are done to make your gas match your weather. Chemical compounds eliminate carburetor icing. And additives take care of the moisture that can get into the gasoline from the air.

This is just one more example of the industry's never-ending effort to give the motorist the best possible fuel, no matter where he lives or where he drives.

PHILLIPS, WISC, BEE: "Instead of individuals in the states contributing extra money to the federal government in order that the federal government may dole out educational handouts, wouldn't it be far better if the states themselves would collect that same money and hand it back to the individual districts in the state?"

According to Senator Byrd of Virginia, recent great increases in federal spending have not been for Defense or Foreign Aid. Since 1954, he goes on expenditures outside of Defense, Atomic Energy and Foreign Aid categories increased from \$19.1 billion to about \$34 billion last year—a jump of 78 per cent.

AN ORDINANCE FIXING AND DETERMINING THE GENERAL SERVICE RATE TO BE CHARGED FOR SALES OF NATURAL GAS AND NATURAL GAS SERVICE TO RESIDENTIAL AND COMMERCIAL CONSUMERS WITHIN THE CITY LIMITS OF MUNDAY, KNOX COUNTY, TEXAS, PROVIDING FOR THE MANNER IN WHICH SUCH RATE MAY BE CHANGED, ADJUSTED AND AMENDED AND DECLARING AN EMERGENCY. BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF MUNDAY:

SECTION 1. Effective with the first gas bills rendered on or after the 21 day of March, 1960, the general service rate for sales of natural gas and natural gas service rendered to residential and commercial consumers within the city limits of Munday by Lone Star Gas Company, a Texas corporation, its successors and assigns, is hereby fixed and determined as follows:

Minimum Monthly Bill \$1.53
 First 1 MCF at \$1.760 per MCF gross; \$1.584 per MCF net.
 Next 1 MCF at 1.482 per MCF gross; 1.334 per MCF net.
 Next 3 MCF at 927 per MCF gross; 834 per MCF net.
 Next 20 MCF at 649 per MCF gross; 584 per MCF net.
 All over 25 MCF at 593 per MCF gross; 534 per MCF net.

Net rate shall apply to all bills paid within ten days from monthly billing date.

This ordinance does not regulate any rate or charge except those specifically set out herein, above.

The above rate is applicable to each residential and commercial consumer per month or for any part of a month for which gas is used at the same location.

SECTION 2. The rate set forth in Section 1 may be changed and amended by either the City or Company furnishing gas in the manner provided by law. Service hereunder is subject to the orders of regulatory bodies having

jurisdiction, and to the Company's Rules and Regulations currently on file in the Company's office.

SECTION 3. The fact that there is an imperative public need for an immediate change and adjustment in the rate for gas and gas service furnished to residential and commercial consumers creates an emergency and the reading and passage of this ordinance at three separate meetings is hereby suspended and this ordinance shall take effect and be in full force from and after the date of its passage at a single meeting and the approval thereof by the mayor.

PASSED AND APPROVED on this the 21 day of March A. D. 1960.

TUMBLE WEEDS FOR DECORATIONS

Opportunity, when it comes, may appear in strange guises. But Ray Felker, manager of the Colorado City Chamber of Commerce, was quick to grab hold of it recently when opportunity rapped unexpectedly on Colorado City's door.

We herewith pass on Mr. Felker's report on this development, along with our pledge to do everything in our power to make it a success. His report follows:

"Several weeks ago I received a request from the Cincinnati, Ohio, Chamber of Commerce to send a shipment of Texas tumble weeds to a member of their organization who is in the floral and decorative business. We followed through on the request and have since received correspondence and several telephone calls from company executives stating that they had developed a most unusual decoration from the weeds.

"They plan to fly to Colorado City in the near future to look over the possibilities of using the tumble weeds to advantage in the field of decorations. The company has nationwide distribution and this of course could develop into something worthwhile for this area where the tumble weeds are a menace to the farmers.

"I thought perhaps you might be interested in this unique project and that you also would like to make contact with the company executives."

Mr. Felker has already been assured of our interest, and the proper contacts have been made.

When your Commissioner of Agriculture was a boy growing up in West Texas we used to call tumble weeds lots of things, but we never even remotely thought of them as potential material for

decorations. It just goes to show again what imagination and initiative can visualize in things that we often overlook in our own backyards.

Mr. Felker and the Colorado City Chamber of Commerce are to be congratulated on their alertness in this opportunity.

Munday H. D. Club Meets Wednesday In Winchester Home

The Munday Home Demonstration Club met Wednesday, March 23, in the home of Mrs. Tobie Winchester with Mrs. Gill Wyatt, president, presiding.

Mrs. R. M. Almanrode directed a game, followed by a poem and the THDA prayer.

After the business meeting Mrs. Wyatt brought the program on "Children and their Money."

Mrs. Almanrode brought a demonstration of 'one dish' meals and served beef sasserole to those present.

The club decided to meet at the Legion Hall for an all day hat making, open to any woman interested, on April 13th.

Refreshments were served to Mmes. A. L. Roden, Lola Cartwright, Joe Patterson, Otis Simpson, M. H. Dean, R. M. Almanrode, Gill Wyatt and the hostess.

Wesleyan Service Guild Has Annual Senior Banquet

The Munday High School Senior Class and their sponsors were guests of the Wesleyan Service Guild at a banquet Tuesday evening, March 29, in the Fellowship Hall of the First Methodist Church.

Greeting the guests were Mrs. John Spann, President of the Guild, and Mmes. Joe Massey, Weldon Smith and Harold Partidge.

A Hawaiian theme was featured throughout the decorations for the banquet room. A lighted pool was centered among life size palm trees. Fish nets, attached to the walls of the hall held beautiful and multicolored flowers and sea shells and singing birds. Miniature Hawaiian scenes were featured on the tables. Four freshmen girls, dressed in grass skirts, added to the Hawaiian theme.

Members of the McMurry Band under the direction of Mr. Bynum, furnished entertainment for the evening.

Mrs. Daisey Loony and Leon and Charles Phillips visited Mrs. Loony's mother, Mrs. J. C. Mayo, in Copville over the week end. They also attended a party celebrating Mrs. Mayo's birthday.

Mr. and Mrs. James R. Rodgers of Kilgore, Mrs. W. B. Hayley of Fort Worth and Billy Joe Henslee of Dallas came in last Tuesday to be with their father, Jim Henslee, who is seriously ill in the Knox County Hospital, and Mrs. Henslee.

Mr. and Mrs. Joel Massey and John attended the funeral of Mrs. Massey's uncle, Paul Jossel in Haskell last Wednesday of ternoxon.

Mr. and Mrs. George Spann of Lubbock spent the week end with their parents, Mr. and Mrs. Chester Lain and Mr. and Mrs. Oscar Spann.

ADVOCACY

In old Greece each accused person such as Socrates had to come before the jury himself to plead his case. This was tough if he didn't know the art of advocacy. He was assumed to be guilty. Had Socrates taken independent advice would he have offended the boisterous and biased Athenian jury, which sentenced him

to the hemlock there on the hillside in 399 B.C.?

Many think not: Less outspoken defendants in those days got under the counter legal advice and coaching in the ways of swaying the jury.

Antiphon (415 B. C.) ghost-wrote and sold briefs to clients who faced the jury. He set out four steps of an Athenian trial: (1) the accuser's charge, (2) the accuser's reply, (3) the accuser's reply, and (4) the accused's response.

After these steps the jury either let the accused off or found him guilty. The jury sentenced the guilty on the spot allowing some — Socrates, for one — to propose their own penalties, and even to bid the punishment upward if the jury was not pleased.

After the trial, the speakers (or in Socrates' case, his friend Plato) often worked their talks over, and sent them out for

friends to admire or criticize. What appeals did the rhetoricians find that would win the jury over? The same ones we hear today.

Aristotle listed a few: The values the jurors shared with the speaker — reverence for justice, the law, and the city's founding fathers; the sanctity of the juror's oath, the verdict's effect upon public and foreign opinion and sometimes upon women and youth.

The later Romans realized that an accused person might be unjustly found guilty simply because he did not know how to speak in public. So they encouraged litigants and accused persons to have well qualified advocates represent them.

In this country the constitution gives you your day in court and the right to counsel. For your lawyer to speak up well for you in court, he must know all about your case. So under the law, no court can harm you by making him talk about what you told him.

(This column, prepared by the State Bar of Texas, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)

Drive carefully. The life you save may be your own!

Pictured above are, l. to r.: Top row, Jackie, Jr. and Deborah Gail, children of Mr. and Mrs. Jackie Young; and daughter of Mr. and Mrs. Jack Steward. Bottom row: Eliabeth Ann, daughter of Mr. and Mrs. Robert Beck, Teresa Kim, Mr. and Mrs. Toby Yates.

Prizes Offered in Photo Contest

Winston B. Lucas of Irving will be in Munday on Wednesday, April 13, at Jean's Specialty Shop for the purpose of taking pictures of children in this vicinity in his regular child photo contest.

In addition to having their pictures printed in this paper, the children will be competing for \$20 in prizes, which are being offered for the three best photographs made during the day.

There will be no charge for taking the pictures, or for running them in the paper. If you wish extra photographs they may be purchased, but no purchase is necessary to compete for the prizes. Proofs will be shown at a later date.

There is no age limit on the contest, and every child's photograph in this area is wanted to appear in the paper. However, it is necessary that all pictures be of uniform size, so they must be made by Mr. Lucas while here on April 13.

The Continuation Of
Stanley Wardlaw Appliance Co.

The business of Stanley Wardlaw Appliance and Butane Co., which was operated by the late Stanley Wardlaw, will continue in operation under the same policies as in the past.

Mr. Edwin Jetton, whom you all know and who has been with the firm for a number of years, will serve as its manager.

We wish to continue to serve your needs every way possible, and we invite your continued patronage.

MRS. STANLEY WARDLAW

Cattle Losses Caused By Bloat

Bloat is causing increasing cattle losses in Texas, especially along the Gulf Coast where cattle are allowed to graze young legume pastures. A severe hay shortage has made the problem even more serious.

Hay or cottonseed hulls are the best preventatives, but if not available, use any dry, palatable roughage available, advises Dr. C. M. Patterson, extension veterinarian. It is a good management practice to have the animals well-filled on dry roughage before starting legume grazing, and to feed at least small amounts of dry roughage as long as the legumes are soft and fast growing, he adds.

Many cattle feeders prefer cottonseed hulls because they are easy to feed without waste and appear to be especially well adapted to preventing bloat because of their capacity for water absorption. Also, hulls are easily mixed with cottonseed meal, molasses, or other ingredients which add sufficient palatability to insure the cattle eating enough roughage.

When cattle are turned on young legume pasture for the first day, be sure they are well-filled on roughage or more mature pasture forage, and have plenty of fresh water available, continues the veterinarian. Mid-day or early afternoon is a better time to start grazing than early morning, and avoid grazing when the young legumes are covered with dew or wet from rain. It is sometimes best to let the cattle graze only a short time the first day if they appear to be eating heavily. If cattle are removed from the young legume grazing, the same precautions must be observed in starting them back on the legumes, Dr. Patterson says.

Wardens Warn To Secure License Before Fishing

A few days of sunshine has doubled the number of fishermen on the lakes and streams of Texas, according to the director of law enforcement of the Game and Fish Commission.

"Wardens checking these fishermen find that most of them have their licenses," the director said. "A few, however, have put off buying their fishing licenses and it is necessary to charge them with violation."

Fishing licenses are required of all persons, except those under 16 or over 65 years, fishing with rod and reel in any Texas waters.

Non-residents pay the same fee for their license as Texans — \$1.15 which permits fishing in either fresh or salt water.

"Visitors to Texas are appreciative of this license," the director said. "Most states charge a much higher price for non-resident fishing visitors in the state."

Fishing licenses can be bought from most sporting goods stores, the county clerks and game and fish commission offices in the major Texas cities.

Mr. and Mrs. Lee Ward and children, Mr. and Mrs. Walter B. Holland and children of Post and Mrs. Billy Drennan and children of the Pitchfork Ranch near Guthrie visited their father and brother, Cecil Fitzgerald and Billy Frank, over the week end.

News From The U. S. Congress

By Congressman Frank Beard

It becomes more and more apparent that there has been a change in pace in Russia's diplomatic policy. They continue to flirt and court the erratic Castro in Cuba with the hope that they can establish a firm beachhead for Communist activities in the Western Hemisphere. Castro reacts by his near hysterical rantings against the United States and by arresting our citizens on the slightest pretense and confiscating American property in Cuba. The result has been that our relationships with Cuba have steadily deteriorated since the Castro Regime, and all indications are that this will continue with the little Cuban Dictator apparently trying to see just how far he can push us before we break off relations altogether.

In the meantime, on the other fronts the Russians make pious proposals with respect to suspending atomic tests and speak of the urgent need for world disarmament obviously hopeful that we will be lulled into a false sense of security by their pious pronouncements. All of this indicates that the Russians have reached a conclusion that they are strong enough politically and economically to challenge us on

Legal Notices

TO THE CITIZENS AND VOTERS OF MUNDAY, TEXAS

The undersigned has filed an application with the proper officials for a place on the City Council in the coming election. For the information of all concerned, I wish to state that I have been a citizen of the town and County for approximately three years and came here for the purpose of engaging in business and at once established a small business as a Trading Post. I gave my customers the benefit of my experience in buying and selling various articles of merchandise, all of whom have been kind and courteous to my wife and I. Our business has grown to such an extent that we have established another store, carrying new and used furniture, etc. We are indebted to our friends and customers.

We came here to permanently locate and to carry on a strictly legitimate business and have identified ourselves with the people. If elected as a member of the council, I pledge myself to represent all the citizens in a fair, honest and impartial manner, and for this reason and many others, solicit your vote and influence.

all fronts in the world. More and more we will see attempts at economic and political penetration into the Western Hemisphere for the Russians know that we have been preoccupied with Europe and Asia and have to a

degree forgotten about our traditional friends south of the border. We should be able to overcome the Russians in any economic and political conflict, but to win takes imagination, determination, energy, and leadership. If it de-

velops that Castro does succumb to the Communist influence in Cuba, we will have suffered a major defeat.

Knox Prairie Philosopher Wants A Brand New Style Of Insurance Policy Against Russian Missiles

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek won't get anywhere with his idea this week, but still it's a thought.

Dear Editor:

Some people are always saying there aren't any more opportunities left in this country to get ahead and while getting ahead hasn't been my prime goal, after all, if some of us don't drag behind we'll rob those up ahead of the glory of being there—whoever heard of a situation where everybody was equally ahead and everybody was satisfied with it—at any rate, to get on with this sentence, I wish to point out that there are still plenty of opportunities.

For example, an insurance salesman was out here the other day trying to sell me some insurance that would protect me in case a cow of mine got out and damaged a neighbor's property, whereas what I really need is mainly just a better fence, although he didn't seem to be interested in helping me build one, said he had to get on and try to sell some more insurance.

I got to thinking after he left and discovered a brand new field for the insurance people.

If the insurance people really want to do some business, what they ought to do is work up a policy that protects people from the Russians. It would sell like hot cakes.

Everybody knows those Russians have all those guided missiles aimed and cocked, and while I doubt if they have one zeroed in on my Johnson grass farm out here, they might not be as accurate as they're reported, you can't trust them Russians, and a five-tonner aimed at Fort Worth might very easily overshoot or undershoot and land in my backyard. That's where I'd like to have some insurance. Not insurance though that would go to my estate, which by that time would be a big hole in the ground, but insurance that would stop

that missile somewhere near the middle of the ocean, or make it turn around and head back toward Russia.

I think they call this living insurance and if the insurance industry can work up such a policy, I'm in the market.

Yours faithfully,
J. A.

Winners To Honor Martin 4-H Clubber At April Meeting

DALLAS — Bobby Kelly, Martin County 4-H Club member, and Aubrey L. Lockett, Vernon gin-ner and banker, will be singled out for special recognition during the Texas Cotton Ginners' Association convention in Dallas April 3-5.

Kelly will receive the Association award for excellence in cotton production. He was selected by the Extension Service as the state's outstanding 4-H cotton producer.

Lockett, a veteran of 40 years in the gin business, is Texas Gin-ner of the Year. He will receive the Horace Hayden Memorial Plaque. He owns four gins in West Texas, operates the Lockett Seed Co., and is active in all major cotton industry organizations.

Bobby Kelly is the son of Mr. and Mrs. Owen Kelly, Route 1 Stanton and is described by Extension Service workers as an outstanding leader in farm youth programs. He has been growing cotton since 1952. His demonstrations consisted of five acres each year until 1959 when he increased his crop to 18 acres. Production has never dropped below 600 pounds lint per acre and went as high as two bales per acre in 1958.

The 4-H award is made annually to encourage a closer working relationship of youth with cotton handling, ginning and marketing, and to encourage the production of better quality cotton.

Dr. and Mrs. A. A. Smith visited Mr. and Mrs. Tom Busby in Anson last Sunday.

Mrs. Freddie Morrow of Abilene visited her mother, Mrs. Virginia Hutchinson, and other relatives and friends here over the week end.

TAX RENDITION FOR THE YEAR OF 1960

NOTICE IS HEREBY GIVEN by the Goree Independent School District that property owners will no longer be contacted to render their real and personal property for taxation.

The law requires each real or personal property owner to go to the office of the Assessor and Collector of taxes for each taxing unit in which they own property for taxation.

The office of Everett Barger, Assessor and Collector of taxes for the above units will be open from 8:00 o'clock A.M. to 5:00 o'clock P.M. each week day, and from 8:00 o'clock A.M. to 12:00 o'clock noon on Saturdays to assist in this rendition.

It will be the duty of the Equalization Board to render the taxes for any taxpayer who fails to render his taxes as required by law.

Your co-operation in this matter is sincerely solicited.
Goree Independent School Dist. 36-2tc

CITATION OF FINAL ACCOUNT

THE STATE OF TEXAS
To any Sheriff or any Constable within the State of Texas — GREETING:

You are hereby commanded to cause to be published, ONCE, not less than ten days before the return day thereof, exclusive of the date of publication, in a newspaper printed in Knox County, Texas, the accompanying citation, of which the herein below following is a true copy—(but if there be no newspaper so printed in said county, then that you cause the said citation to be posted for at least TEN days before the return term thereof as required by law).

CITATION BY PUBLICATION THE STATE OF TEXAS

TO ALL PERSONS INTERESTED IN THE ESTATE OF MAMIE L. BLANKENSHIP, A Person of Unsound Mind, No. 669, County Court, Knox County, Texas. W. E. Blankenship, Guardian,

in the above numbered and entitled estate, filed on the 23rd day of March, 1960, his verified account for final settlement of said estate and requests that said estate be settled and closed, and said applicant be discharged from his trust.

Said application will be heard and acted on by said Court at 10 o'clock A.M. on the first Monday next after the expiration of ten days from date of publication of this citation, the same being the 11th day of April, 1960, at the County Courthouse in Benjamin, Texas.

All persons interested in said estate are hereby cited to appear before said Honorable Court at said above mentioned time and place by filing a written answer contesting such application should they desire to do so.

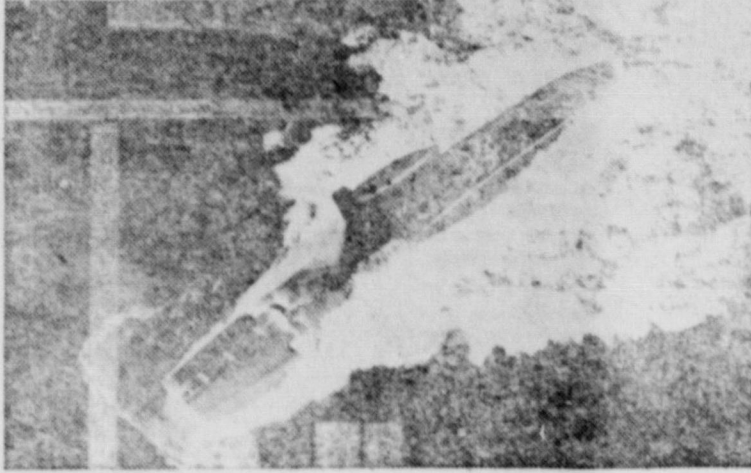

The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.

GIVEN UNDER MY HAND AND THE SEAL OF SAID COURT at office in Benjamin, Texas, this the 23rd day of March

SIXTY YEARS OF SUBMARINE PROGRESS

THE UNITED STATES NAVY accepted its first submarine, the USS Holland, in April of 1900, marking the beginning of the U.S. submarine service. The 54-foot long, 75-ton Holland is shown above during trial runs in Peconic Bay, L.I. Below is the Navy's newest submarine, the nuclear powered USS George Washington. Designed to fire the Polaris intermediate range ballistic missile from submerged positions, it displaces 5,100 tons and is 359 feet long. Both submarines were built by General Dynamics Corporation's Electric Boat Division, Groton, Conn.

Dates For Cowboy Reunion Are Set

The Texas Cowboy Reunion of Stamford will hold its 31st annual reunion on July 1, 2 and 4, according to Gene Swenson, new president who replaces his colorful father, W. G. Swenson, who had served 30 years.

The reunion has never met on Sunday in its 30-year history, hence the skip of the July 3rd date.

Last year's reunion had more than 340 actual working cowboy contestants, and more are expected for 1960. This reunion claims the largest number of working cowboy contestants of any rodeo meet in the world. Professional riders are barred, and only the cowboys from the ranges of the west take part.

Weekly Health LETTER

Issued by the State Health Department

Approximately 4,000 establishments in Texas are engaged in making, renovating, selling, and germinally treating items of bedding. All these establishments are subject to inspection under the provisions of the Texas Bedding Act.

Charged with the responsibility of enforcing regulations and making inspections in Texas bedding factories and retail outlets, is the Bedding Division of the State Health Department.

During the last quarter ending, February 29, 1960, a total of 2,625 inspections were made. The inspection program is self supporting from fees collected for permits and bedding stamps.

Highly trained inspectors search for violations of the Bedding Act. These include sanitation in bedding factories, cleanliness of filling materials in bedding products, labeling of concealed materials in bedding products, germicidal treatment of second hand bedding for sale, and licensing of bedding manufacturers and germicidal treatment devices.

Only a tiny minority are intentional violators. Court action is used only as a last resort when education and persuasion fail to correct the violation.

A recent pilot project for diabetes screening was initiated by the Tuberculosis and Chronic Division of the State Health Department in the out-patient clinic at Brackenridge Hospital in Austin.

The project was made possible by arrangements with the Austin-Travis County Health Department, and hospital officials. The screening technique tested involved taking a small amount

Farm Facts

We have never been so well fed for so little despite more people in the U.S. and fewer farmers to feed them.

of blood from a finger and employing a machine (Hewson Clinotron) to discover whether the blood sugar level is above or below a preselected screening level.

The test takes only five minutes and is relatively quick compared to other diabetic tests. The test only indicates a possible diabetic condition, but makes possible mass screening for diabetics similar to screening for tuberculosis with the tuberculosis skin test.

Culture, like custard, curdles when its overdone.

Dollars And Sense

Before entering into a financing agreement for purchasing a home:

Be sure the monthly payments will fit comfortably into your money management plan. In most cases make the largest possible down payment, recognizing the need to hold ample funds for emergencies and unexpected costs. Know all the costs involved in obtaining a mortgage.

Investigate the "prepayment" privileges and special types of mortgages, such as "open-end" and "packages."

Find out when the financing institution will pay out money under the terms of the mortgage. In building, the house may have to be "under roof" or be completed before money is paid to contractors.

Protect your investment in a home with adequate insurance.

WEDDING DATE SET — Saturday, June 11, 1960, has been set for the wedding date of Miss Jane (Janie) Lynn Mayes, above, of Corpus Christi and Richard (Dick) Allen Beeler of Houston. The wedding will be at Parkway Presbyterian Church in Corpus Christi.

Miss Mayes is the daughter of Mrs. Joe Lynn Mayes of Corpus Christi and the late Mr. Mayes, and the granddaughter of C. L. Mayes of Munday. Parents of the groom-to-be are Mr. and Mrs. R. F. Beeler of Houston.

Kinnibrugh, Ernest Beck, Jr., Clelan Russell, Fred Wiles, Wesley Trainham, Clyde Beck, Loran Patterson, J. A. Fuller, Bobby Roberson and the hostess, Mrs. Clyde Couch.

The club will meet on April 12 in the home of Mrs. J. A. Fuller.

Mr. and Mrs. W. B. Neill visited with relatives in Hamlin last Sunday.

Mr. and Mrs. James Amerson were visitors in Abilene last Saturday.

In the winter of 1908-09, I lived in Douglas, Arizona, and was in the seventh grade. I can remember a sandstorm with a wind so strong that, thin as I was, I had to walk across the street at an angle and with eyes almost closed.

My father rented a store building and installed two boxball alleys — a pastime similar to bowling but not as strenuous. Most of the time (except during school hours) I ran the place as my father was ill.

He subleased part of the space to a big Swede named Johnson who put in a snooting gallery. While the owner was out at lunch, I ran the shooting gallery, too. If I was going to stretch the truth, it would be set down here that I became a dead-shot but actually I didn't (although I did acquire skill in playing boxball). At cleaning the guns, reloading them and at whitewashing the targets, I became quite adept — and there was one (seemingly) difficult feat that I could perform and that was hitting a swinging target.

The pendulum, upon completing a swing, would pause before starting to swing back and the secret was to aim at the spot at the end of the swing and to be ready to fire the single instant the pendulum halted.

Quite a few Latin Americans attended school and my chum was one of these. His name was Joe Aguirre. He had sprakling eyes and flashing white teeth and he was always smiling. He was very quick in all his movements in our contests on the campus. I recall that one day I playfully tapped him and then

ran. Fleet as a deer, he raced in pursuit and, just as he overhauled me, out went a foot, tripping me and the ground rose up and I saw a shower of stars.

My father died the next spring; we moved away and I have never been back to Douglas. I use to often think of my former playmate and wonder what ever happened to him.

Years went by — as years do — and one day I read a brief news item from Mexico saying that a revolutionary leader had been killed in battle. He was Colonel Jose Aguirre. I never have known whether he was my former playmate.

John Pruitt of Abilene came in last Sunday to be with his

brother, G. L. Pruitt, who was ill in the Knox County Hospital. Mr. Pruitt passed away on Monday.

Zane Franklin took his mother, Mrs. W. S. Franklin, and her sister, Mrs. Susie Kinser, of Rule to Brownwood last Sunday for a visit with his brother and wife, Mr. and Mrs. Clyde Franklin.

CARD OF THANKS

We wish to say "Thank you" to everyone for all the very nice cards, and especially for your prayers, while I was in the Big Spring hospital for surgery. May the love of our Lord and Saviour be with each of you now, and forever more.

Beta Chi Chapter Meets Recently With Vera Members

A program on the "Utilization of New Discoveries in the Teaching Media" was presented for members and guest of Beta Chi Chapter of Delta Kappa Gamma at a recent session held in the First Methodist Church in Vera. Vera and Goree members: Mmes. Tom Russell, Tom Bowdoin, Orb Coffman, and W. M. Taylor, were hostesses.

Mrs. Russell, program leader, introduced Bartley McDonough, who presented the Vera School Band in a series of musical selections. Mrs. Douglas Crow, accompanied by Mrs. Virginia Casey, sang "The Holy City."

Mrs. Louise Greene of Haskell discussed various teaching aids used in her classes of junior high math. She exhibited numerous articles used as aids in learning fractions, the study of triangles, and other divisions of math.

Mrs. Mary Martin of Haskell demonstrated the correlation of other subjects with that of her chosen field, public school music. She led the group in singing Mexican folk songs.

Mrs. John P. Ward of Aspermont had for her subject, "Constructive use of Classroom Bulletin Boards." She gave a list of "Do's and Don'ts" and told her audience where certain materials for easier bulletin board work might be obtained.

With Mrs. Ina Cowan of Munday in charge, a report of the nominating committee was unanimously accepted. New officers for the 1960-62 biennium include:

Mrs. Grethen Colehour, Knox City, president; Mrs. Mary Martin, Haskell, vice president; Mrs. Ila Moody, Weinert, second vice president; Mrs. Erma Liles, Weinert, treasurer; Mrs. Marvin Lott, Jr., Aspermont, recording secretary; Mrs. E. F. Branton, Knox City, corresponding secretary, and Mrs. Ina Cowan, Munday, parliamentarian.

The president and vice president elect were named delegates to the state convention in Fort Worth in April.

Mrs. Martin led the group in singing two Delta Kappa Gamma songs.

The refreshment table was covered with a linen cutwork cloth over red, and centered with a low arrangement of red and white carnations. Finger foods and spring punch were served to 34 members and guests from Haskell, Old Glory, Aspermont, Munday, Vera and Goree.

Disease Is Costly To Vegetable Crops

Each year thousands of dollars are lost by Texas Vegetable Producers from disease to their crops. In an effort to combat part of that loss, a Vegetable Disease, Soil Fertility Meeting has been planned by the Knox County Extension Vegetable Subcommittee. The meeting is to be held April 11th at 7:30 p.m. in the Production Credit Association office at Munday.

Included on the program are Dr. Harlan Smith, Extension Plant Pathologist and Dr. William Bennett, Extension Agronomist. Vegetable producers are urged to attend this meeting. Members of the Vegetable Subcommittee are: Herbert Partridge, J. B. King, Gene Thompson, B. E. Smith, L. D. Offutt, and Bill Langford.

M. H. Dean For Mayor

Should I be elected your Mayor, I wish to state:

I am Against the Miller Creek Water Project

There are certain movements now on that, if allowed, will make our Taxes from two to three times higher than at present.

1. Such high Taxes will kill potential new industries.
2. Such high taxes will decrease the value of our property.
3. Business houses, when becoming empty, would be torn down to stop the taxes.

If elected as your mayor, I will do my utmost to get water district dissolved.

A. M. Reeves, Pioneer Ginner Of Knox County, Dies Monday At 89

Funeral services were held at 2:30 p.m. Wednesday from the First Baptist Church in Rochester for Andrew M. Reeves, 89, former mayor of Rochester and pioneer Knox County lawman and cotton ginner.

Mr. Reeves passed away at 8:30 p.m. Monday in Dimmitt. Rev. Paul Nelson, pastor of the Rochester church, officiated, and burial was in Johnson Memorial Cemetery. The Rochester Masonic Lodge had charge of Masonic services at the graveside.

Born January 6, 1871, in Clinton County, Ky., Mr. Reeves moved to Texas in 1889, and from Comanche to Munday in 1891. He married Iona Browder of Benjamin on May 17, 1899.

He was deputy sheriff of Knox County in the early 1900's, and operated the first cotton gin in Knox County at the old Kasoga community, northeast of Knox City on the Brazos River. From 1903 until moving to Rochester in 1910, he operated a gin at Munday. He was also the first ginner in the Rochester area.

In 1923 Mr. Reeves formed the Reeves Gin Co., which was later associated with the Rule - Jayton-Cotton - Oil Co., of Stamford. He retired as a gin manager about four years ago.

Mr. Reeves was Rochester mayor in the early 1930's.

Mr. and Mrs. Reeves celebrated their 60th wedding anniversary last May. They had since been living with their daughters at Pampa and Dimmitt. Mrs. Reeves died last month.

Mr. Reeves had been a member of the Baptist Church since early youth.

Survivors include three daughters, Mrs. Dow King of Pampa, Mrs. Swain Burkett of Dimmitt and Mrs. Leon G. Cox of Houston; one son, Rufus of Corpus Christi; 11 grandchildren and 7 great-grandchildren.

Pallbearers were Jack Mills and Buster Pugh, both of Stam-

ford; and Fletcher Ballard, Bill Taylor, Earl Alvis, Ted White-ner, all of Rochester.

Senior Class—

(Continued from Page One)

she knows exactly what she wants and makes Edgar go after it; Ralph is a pleasant and sympathetic young doctor of twenty-five, who has just started to practice medicine and is ambitious to render his community a real service; Collins (Joe McMahon) a more sober and calculating individual than Ralph and very unsympathetic in character; The Widow Williams (Brenda Gass) is a gushing, tittering, and scatter-brained woman of an uncertain age who never stops talking, but goes on jabbering at a rapid pace for hours; and Adam (Billy Frank Fitzgerald) a serious-minded man beyond fifty who thinks before he leaps and always checks the bank account, for his best trait is his ability to save money.

The plot deepens as Grandpa becomes his own twin sister, Betty becomes Grandpa and the widow Williams turns her attentions to Adam which pleases Grandpa very much. The plot progresses to a seemingly unsolved climax and then unveils in an interesting but unexpected manner.

Munday Boy On College Who's Who

Fourteen students have been chosen by the academic department of Midwestern University in Wichita Falls to be ranked as the 1960 Who's Who on Midwestern campus.

Selection of these students was based not entirely on outstanding grades, but also on campus citizenship and participation in extra-curricular activities.

Jerry W. Scott, senior from Munday, was honored by the physics department. He is a math major and a physics minor. The physics department employs him as a student assistant. Jerry is the son of Mr. and Mrs. J. B. Scott.

BAND BOOSTERS TO MEET

The regular meeting of the Band Booster Club will be held Monday, April 4, at 7:30 p.m. in the band hall.

The discussion will be on the banquet being planned to honor the Mogul Band in a few weeks and about the annual sale of Band Booster calendars.

Mr. and Mrs. E. B. Littlefield and Eddie visited their daughter and husband, Mr. and Mrs. Joe Weinberg, in Kilgore over the week end.

Mrs. Vernal Zeissel returned home last Saturday after undergoing surgery at the Bethania Hospital in Wichita Falls on Monday.
