

Kracker KrumbS

Odd Bits Salvaged
By The Editor

He's an exceptional person who has never "goofed."

k-k
It's generally embarrassing, and somewhat surprising at times, to be informed that we "goofed" in the newspaper. But, as we have said before, if we are successful in getting out only one publication without a single error, we'd be tempted to quite the business then and there, while at this stage of perfection.

k-k
We goofed last week, but were not informed about it until Monday. We possibly would have been, but we took off for "The Golden Spread" soon after getting last week's paper in the mail — not because of the error, but because the Panhandle Press Association was holding forth with its 51st annual convention.

k-k
In last week's city election story, we stated that M. L. Wiggins received a total of 227 votes in the councilmen's race. Truth of the matter is that a total of 277 votes were cast for Mr. Wiggins and the source of our information, which was not the election officials, was in error.

k-k
This corrected figure makes Wiggins just about as good a race horse as John C. Spann, his cohort in city council affairs, who received 181 votes. So it was a neck-and-neck finish between the two.

k-k
We lived "high on the yearling" during the week end. With all those banquets and dinners and breakfasts and entertainments that go with the annual P. P. A. convention, we were nearly bursting at the hamestrings during the two days. As if this wasn't enough, we motored over to Berger after the convention was over with the Saturday noon meeting and visited with some relations to round out the week end.

k-k
Our relatives, the Ray Phy family, not only put out the welcome mat for us, but she cooks up a storm in anticipation of our arrival and stay. We arrived home late Sunday, and we're now back on ordinary grub, which will probably be better for the waistline, as if we ever worried about that portion of our person.

k-k
We found conditions looking rather good over all the area from here to the Hub City. In fact, we remarked enroute home on how good the wheat looks over all the area. With one or two beneficial rains and no disasters, a bumper wheat crop should be made over all the area.

k-k
The publicity which Amarillo has received due to the recent investigation came in for some "puns" during the convention. But since the convention holds forth in the Herring Hotel and is full of sessions, programs, banquets, etc., we only stuck our head out of the hotel twice—and then not long enough to get any first-hand information on that big time gambling and other activities which were investigated. We have nothing to report along that line which might add to what the investigation revealed!

k-k
We thought while driving up there Thursday that some portions of the country were ahead of us in hailing the arrival of spring. It seemed that fruit trees and others were in fuller blossom than ours. There were more blooms here, however, when we returned Sunday, showing that only a few days make a difference.

k-k
Some have remarked that it's too early to plant as long as the mesquite trees are not coming out. If that is a criterion, then it's about time to start planting gardens, and cotton, and stuff. If you want to be scientific about the matter, though, get those soil temperature reports that come over the radio.

k-k
As we've said before, the Mrs. Is pretty much of a Good Friday gardener—which means that our pea patch will have to be planted right pronto.

GAME NIGHT TO BE HELD AT GOREE
The Goree Cemetery Association is sponsoring a game night on Tuesday night, April 19, at the memorial building in Goree. The entire public is cordially invited to come out and enjoy the games and refreshments.

Knox Students Are Winners In League Events

A number of Knox County students were winners in the recent Interscholastic League events which were held at O'Brien. In the grade school track events, Pete Alcala of Munday won second in 50-yard dash, first in 100-yard dash, second in broad jump. Munday was second in team points with a total of 12.

In high school and junior track meet, Douglas McGrady was first in 50-yard dash, first in 100-yard dash. Griffith of Munday was third in 660 yard. Munday was second in 440 relay; Baleher of Munday was third in shot put; Bruce Pruitt of Munday, fourth in pole vault. Munday was second in team points, with 19.

In the literary events, Kenneth Struck of Goree was third in junior boys' declamation; Billy Beck of Vera, first, and Terry Patterson of Goree tied for third in spelling. Garon Jetton of Goree third in sub-junior boys' declamation, and Goree won third place in picture memory.

In high school literary events, David Albus of Rhineland was third in boys' declamation; Melba Ritchie of Vera, first, and Marilyn Albus of Rhineland third in girls' declamation. Mack Hardin of Vera was third in boys' poetry reading. Clynda Herring of Rhineland was first and June Fuller of Vera, third, in girls' poetry reading.

Evelyn Bellinghausen of Rhineland won first, and Sandra Kuehler, Rhineland, third in extemporaneous speech, and Evelyn also won first in reading writing. Jackie Green of Goree was first in number sense. In junior boys' declamation, Jackie Barger of Goree was first and Dwight Albus of Rhineland, second.

Evelyn Bellinghausen of Rhineland was first in individual points, with 33½.

Abilene Orchestra Will Give Concert Here On Wednesday

The All-City Orchestra, a special group of young people, will appear in Munday for a concert on Wednesday, April 20, under the sponsorship of the Munday Study Club. The concert will be at the Munday school auditorium at 2:30 p.m.

This is a training orchestra open to people of all ages who have an interest in symphonic music. It is conducted by Walter Charles, who conducts the Abilene Symphony Orchestra.

The orchestra has recently grown to 60 players from Abilene, Baird, Brownwood, Clyde, Hamlin and Sylvester, and the entire group will be here for the concert. Admission will be \$1.00 for adults and 25c for students. The entire public is invited to attend the concert.

Motor Vehicle Inspection Law Reduces Accidents

Austin — The Texas Motor Vehicle Inspection Law—in effect now just seven years—has reduced accidents caused by vehicle defects by nearly two-thirds.

Association of Texas Fire & Casualty Insurance Companies' Studies of Department of Public Safety reports show that in 1952 vehicle defects were a cause of 16 percent of fatal accidents. By 1958—the latest year for which statistics are complete—the rate had been reduced to 6 percent.

In one year—from 1953 to 1954—vehicle defects as a cause of accidents dropped from a high rate of 18 percent to a level of only 6 percent and has remained at either 6 or 5 percent each year since.

The reduction in non-fatal accidents caused by vehicle defects has also been substantial. The drop in the 1953 to 1954 period was from 18 to 8 percent. Presently, DPS figures show vehicle defects as a cause in 10 percent of nonfatal accidents.

In 1952 better than 1-out-of-10 automobiles involved in a fatal accident had a defect contributing to the accident. Now, only 1-out-of-20 automobiles involved in fatal accidents have contributing vehicle defects.

The inspection law was continued in force despite demands for repeal. The full effect of the law was shown in the drop in vehicle defect-caused accidents in 1954—the year following the Legislature's decision to leave the law on the books.

Funeral Held On Monday For Shahan Child

Funeral services were held at 2 p.m. Monday from the Goree Church of Christ for Sheryl Kay Shahan, three-year-old daughter of Mr. and Mrs. J. W. Shahan, Jr., of the Hefner community.

Payne Hattox, minister of the church, officiated, and burial was in Goree Cemetery under the direction of McCauley Funeral Home.

The child passed away last Saturday morning at the Knox County Hospital, succumbing to cancer. She was born December 15, 1956, and had been ill since October, 1959. She had surgery last summer in Dallas.

Survivors are the parents; one sister, Jeanette Ann Shahan of the home; three brothers, Joe Dean Shahan, Lloyd Shahan and Harold Shahan, all of the home; and the grandparents, Mr. and Mrs. Jim Proffitt of Munday and J. W. Shahan of Goree.

Mathis Resigns As Goree Pastor

Rev. C. R. Mathis has resigned as pastor of the First Baptist Church in Goree, and has accepted the pastorate of Lenorah Baptist Church near Big Springs.

Rev. Mathis announced his resignation some two weeks ago, and preached his last sermon at the Goree Church last Sunday. He and his family moved to Lenorah the first of this week to make their home.

Mathis served as pastor of the Goree church for four years and two months, succeeding Rev. S. E. Stevenson, who resigned to go to Kim, Colo.

Church officials plan to secure a new pastor within the near future.

Aggie Muster To Be On April 21st

Former students of the A & M College of Texas who live in North central west Texas will gather at the exhibit building at the fair grounds in Haskell, Texas at 7:00 p.m. April 21st, 1960 to carry on a tradition that is 57 years old. They will attend the fifty seventh anniversary Muster of Texas A & M men. All former students regardless of duration are urged to renew old acquaintances.

The Hasell Muster will be one of more than 500 similar ceremonies held all over the world where Texas A & M College former students pay homage to their fellow classmates who have passed on, and humble tribute to the Texans who won the freedom of the State at the Battle of San Jacinto near Houston some 124 years ago. The April 21 Muster is one of the greatest traditions to be found in American colleges and universities, and thousands of A & M men participate in the program each year. A special invitation to all A & M ex-students living in this area is extended. Food will be served.

Herman K. Henry of Haskell is president, Joe Astin of Stamford vice president, Joe B. Cloud of Rule secretary and M. M. (Gene) Overton of Haskell Muster chairman of the sponsoring organization known as HJSEK club. Haskell Jones, Stonewall, Knox and King counties are sponsoring counties.

Tax-Man Sam Sez:

We sure are living in a fast age. One of the fastest things is the short time between January 1 and April 15.

All of us old timers know that April gets here as soon as March 15 used to. However, I don't guess it will bother you if you filed your tax return on January 2.

MUNDAY STUDY CLUB TO SPONSOR BAKE SALE

The Munday Study Club is sponsoring a Bake Sale next Saturday, March 16, at 10:00 o'clock in the spacious back yard of the J. R. Smith family home. This will give you a chance to buy your cakes or pies for Easter and coffee will also be sold so you can buy your sweets and have your coffee too. Mrs. McClure will also display the beautiful Iris which is in full bloom. The Munday Study Club extends a cordial invitation to everyone.

GO TO STATE — The Munday F. F. A. meat judging team above, composed of, l to r, J. L. Hunter, Henry Pope and Jerry Richards, placed in the top five teams from Area IV at the contests held in Fort Worth last Saturday, thus qualifying them for the state judging contests. They will accompany the milk judging team, which has already qualified for the state contest.

Munday, Seymour Couples Leave On Month's Tour Of European Countries

Mr. and Mrs. H. F. Jungman of Munday and Mr. and Mrs. W. C. Hertel of Seymour are among the 134 persons who are making the annual European trip with Murray Cox of WFAA, Dallas. They left here last Saturday for Dallas. Traveling from Dallas by plane to New York on Monday, they left New York by jet airplane Monday evening for Paris.

Other countries to be visited on the tour are: Monaco, Italy, Austria, Switzerland, Germany, Luxembourg, Belgium, Holland and England.

The tour will last 31 days, but some of the group will take an extended tour and will be away 40 days. The local people are expected to return home in mid-May.

This is the third such tour for Mr. and Mrs. Jungman, and the first for Mr. and Mrs. Hertel.

New Punch Card Is Issued For Use On Withholding Tax

Employers will receive a new type card-punch tax return, Form 941 (Social Security and Withholding Tax), and a separate paper schedule for listing employee wage information instead of the form printed on a single sheet of paper, for the quarter ending March 31, 1960, according to Henry R. Hall, Administrative Officer of the Wichita Falls office.

Use of this punch-card tax return is part of the Internal Revenue Service mechanization program designed to provide better and more economical processing procedures. The forms is substantially the same as the Form 941 previously used and employers should have no difficulty in preparing it, Mr. Hall said. This new type form will be mailed automatically to employers each quarter as in the past. The first mailing is scheduled for the end of March. Included with the new form will be an announcement of the change and brief instructions for the use of the new form.

Munday Couple Honored Sunday In Observance Of Their 56th Anniversary

The six children of Mr. and Mrs. E. J. Brazell honored them last Sunday, April 10, at the American Legion Hall in Munday in observance of their 56th wedding anniversary. Fifty-five persons attended, including children, grandchildren, great-grandchildren and guests.

Mrs. Brazell, the former Flora Finter, was born in Jacksboro, and moved to Cloud Chief, Okla., with her parents when she was three years of age. Mr. Brazell was born in Toler, Hood County, and moved to Cheyenne, Okla., with his parents when he was 14 years old.

The couple met at a New Year's Eve party and were married in Mountain View, Okla., in 1904. In 1921, they moved to Texas. They had a 1920 Model-T Ford, in which they and the youngest child rode. Following behind with their household goods were two covered wagons driven by the older boys. The oldest girl rode horseback all the way. Mr. and Mrs. Brazell would ride ahead and find a good camping place, then wait for the wagons.

They settled in the Lake Creek community, southeast of Munday. Mr. Brazell, has farmed all of his life, and now, at the age of 78, he still works a 160 acre farm. They moved to Munday in 1942.

Their children and families attending included Gene Brazell, Otto Brazell, Mrs. Frank Garrett, all of Munday; Mrs. Clifton Vaughn and Mrs. O. O. Shue of Anson and Bert Brazell of Sunray.

Others and their families attending were: Mr. and Mrs. Benny Brazell of Stamford, Mr. and Mrs. E. D. Brazell of Haskell, Mr. and Mrs. Arthur Cundiff of Fort Worth, Mr. and Mrs. Otto Vaughn of Weinert, Mrs. J. R. Dunn of Killeen, Mrs. Oma Gene Hollingsworth of Rochester, Mrs. Don Elliott and Mrs. Alton Garrett of Abilene, Mr. and Mrs. Billy Minches of Munday. Guests included Payne Hattox, Tommy and Lorene, of Goree; Barry Box of Abilene and Miss Judy Lemley of Munday.

Water Supply Running Low

At the approach of hot, summer days, Munday is already faced with a water shortage, according to city officials.

This shortage became a problem of immediate concern last Friday and Saturday as consumers began greater use of water and pulled the storage down to a little less than 50,000 gallons.

This is far short of the storage necessary in case of a disastrous fire, officials pointed out, in view of the fact that over 250,000 gallons were used in a short time when fire destroyed the Graham Mill and Elevator a little over a year ago.

The City Council voted at a recent meeting to go ahead with immediate plans to drill an additional well on the city property just southeast of town. They met at 10 a.m. Wednesday to go over final figures with Doris Dickerson, who will drill the well, and work is expected to begin within the next few days. The well will be equipped with a sand trap and will be tied into the city's mains nearby.

Mayor V. E. Moore stated that the wells in the west portion of the city are falling rapidly, and the casing is sinking in the old well southeast of the square which has been used as an emergency water supply.

"Unless something is done immediately," Mayor Moore said, "Munday will be faced with its most critical water shortage when hot weather arrives, and at the rate the wells west of town are falling it is quite evident that they will have to be abandoned."

Rev. J. Temple Lewis, pastor of the Lone Star Baptist Church near Lockney, will be evangelist for the revival meeting which opens Friday, April 22, at the First Baptist Church in Goree. The meeting will continue through Sunday, May 1, with services being held at 10 a.m. and 7:30 p.m., and prayer meeting at 7 p.m.

Knox County Hospital Notes

Patients in the hospital April 12:

Mrs. Alice Simmons, Knox City; Mrs. Bert McFerrin, Knox City; Miss Maude Isbell, Munday; Henry Smith, Weinert; C. C. Jones, Munday; Mrs. E. Flores, and Baby Munday; Mrs. Ben Hunt, Goree; Mrs. E. S. Allen, Vera; Chas. Keck, Knox City; Margaret Francis Allen, Goree; Jim Henslee, Munday; Edward Redder, Munday; Geo. Hunt, Goree; M. G. Swaner, Knox City; Mrs. J. M. Bradberry, Knox City; J. B. Duke, Munday; Johnny Earp, Munday; Curtis Seale, Goree; Mrs. Cleve Hester, Rochester; J. L. Boardwine, Knox City; Mrs. Earl Lee Ward, Knox City; Patients, dismissed since April 5:

Joe Wilde, Munday; Lynn Cooke, O'Brien; Mrs. Ethel Branton, Knox City; Mrs. Cora Bell Gardner, Benjamin; Mrs. M. V. McCartney, Benjamin; Claude Reynolds, Benjamin; M. R. Smith, Knox City; Mrs. M. V. Chowning, Truscott; Mrs. Tom Myers, Goree; Mrs. Josephine Gomez, and Baby, O'Brien; P. H. Duke, Benjamin; Rose Maria Nava, Munday; Mrs. C. D. Roberson, Vera; Ray Willis, Knox City; Mrs. R. H. Herring and Baby, Munday; Ollis Johnson, Munday; Mrs. C. E. Dodson, Knox City; Jeff Fletcher, Knox City; G. C. Cole, Benjamin; Jerad, Cypert, Knox City; Jerry Cornett, Knox City; City; Mrs. Ikie Ray, O'Brien. Births: Mr. and Mrs. J. Gomez, O'Brien, a Son; Mr. and Mrs. R. H. Herring, Munday a daughter. Deaths: Kay Shahan, Goree.

Rhineland 4-H Club Girls Meet

The twenty-seven Rhineland 4-H girls met with Miss S. C. Kinsey on April 6th. Glynda Herring presided and Velma Bellinghausen called the roll and read the minutes.

Miss Kinsey gave a demonstration on making better rolls. The meeting adjourned at noon.

HOME ON LEAVE

/Sgt. Clement F. Wilde, who is stationed in Germany, left last Sunday after a weeks leave to be with his father, Joe Wilde, who has been very ill in the Knox County Hospital. M/Sgt. Wilde also visited his father-in-law and mother-in-law, Mr. and Mrs. Bob Lambeth, in Goree.

Methodist Men Enjoy Fish Fry

Some 45 members of the Methodist Men's Club motored to Lake Kemp last Tuesday evening and enjoyed a delicious fish fry for their regular monthly meeting.

A number of fishermen had been saving their catches for this event, and there were plenty of fish to go with the potatoes, pickles and salads to complete the meal.

The fish were prepared by Jasper Bevers, Gill Wyatt, Worth Gafford and Wendell Partridge, who went out earlier to have them ready by 6:30 p.m.

After the feed, Mr. Partridge presided over the brief business session, and Rev. Robert Young, pastor of the First Baptist Church of Munday, brought a very inspirational message to the group.

Goree Ex-Students To Present Minstrel

The Goree Ex-Students' Association is presenting a minstrel show, "Miz Pointer Gets Her Man", on Thursday, April 21, at 8:00 p.m. in the high school auditorium.

The cast of 65 includes exes, teachers, and students, and features Mrs. Patsy Cooper as "Miz Pointer."

The 3 acts are centered in the schoolroom with the program at the end of the school year, and are climaxed with the wedding of "Miz Pointer."

Tickets are 25c and 50c. Proceeds will be used to defray expenses of the Homecoming activities next October.

President of the Association, Walter W. Coffman, will be the announcer.

Everyone should come to see how many of his neighbors, friends, and relatives he can recognize.

Munday Man Gets Award For Safety

Awards recognized one Union Oil Company employee of Munday, who drove on the streets and highways of this area throughout, 1959 without a chargeable vehicle accident were recently made by James S. McNulty, division superintendent of Midland.

Walter Caddell of Munday was awarded a two-year certificate. Awards were based on driving defensively. Defensive driving is to drive in such a manner as to anticipate and allow for hazards created by the unsafe acts of other motorists and pedestrians and adverse road and weather conditions.

CEMETERY WORKING IS SET AT BRUSHY

Chas. W. Sargent, Sr., president of the Brushy or Routon City Cemetery Association, is calling a meeting for all those interested in this cemetery association to meet him there for a short business session and working of said cemetery Monday, April 18, at 9:00 a.m. He urges you to attend or send one in your place.

Mr. and Mrs. Don Boyles were his sister and husband, Mr. and Mrs. Gene Moss, in Oklahoma City. Other guests in the Moss home were Mr. and Mrs. Jimmy Boyles of Eufala, Mr. and Mrs. Russell Phillips and F. J. Callahan of Wichita, Kans. Mr. Callahan returned home with his daughter and husband and will visit here with them for several weeks.

LET'S EMPHASIZE OUR STRENGTH

It's one thing to keep a close watch on what the Soviets are doing, and to carefully evaluate their achievements on the basis of the best available data. It's an entirely different thing to go from this to the belief that, if we are to stay ahead of Russia, we must imitate her system and her ways.

That warning, in effect, was recently given by Vice President Nixon. The Washington Post quoted him as saying that the Russians have made some of their biggest strides using American forms of individual competition. "At a time when they are moving our way, the greatest mistake we can make is to move their way," he went on. "There is a tendency today to say the way to get things done is to have the Government step in and do more, the way it is done in the Soviet Union. I would say we couldn't make any greater mistake than to follow that philosophy in the United States."

"The Communists have a monopoly on bureaucracy. We should emphasize our strength—creative private enterprise."

It would be a great thing for this country if more political figures, of both the parties, spoke out in similarly forthright words instead of flirting with the left-wingers.

KNOW WHAT YOU'RE VOTING FOR

Newsweek, in urging all citizens to vote, "If you can spend a few minutes each day using hair tonic to save your hair, can't you spend a few minutes each year at the polls to save your scalp?"

Every vote is important. Many elections have been decided by a mere handful of votes. And, in instance after instance, this has amounted to election by minority—for the reason that only half the qualified voters or less troubled to go to the polls.

Another thing needs to be added. An ignorant vote is as bad or worse than no vote at all. Study the candidates and their platforms. Consider their integrity, character, sincerity. Measure their ideas in terms of freedom, opportunity, and the traditions and principles on which the American system of government has been built.

Yes, vote—in every election, minor or major, that is open to you. And make sure it is an informed vote.

EVERYBODY'S PROBLEM

Crime costs this nation some \$22 billion a year—"In the last 10 years something has happened to the American public that is worse than communism. A new kind of crime is sweeping the nation. People claim it's right to be a little bit of a thief, to do a little wrong."

That indictment comes from a real authority—Juvenile Judge Gilliam of Denver. Naturally enough, he is particularly concerned about juvenile delinquency which, it is forecast, will double in the next 10 years. He says: "The belief seems to be 'Never get sore about anything. Don't fight the racketeer; you'd just get hurt.'"

"I ask boys why they stole, and they answered 'I didn't want to be a square.'"

"Can you imagine a great American who would say 'I didn't want to be chicken?'"

"Thomas Jefferson and George Washington were angry Americans."

What we are confronted with is a great and gnawing moral problem. To quote Judge Gilliam once more, "We'll have delinquency as long as we have people who don't care, sloppy homes, people who excuse wrong-doing, poorly-trained teachers, filthy magazines and violent television programs." And this problem is everybody's problem.

DANGERS IN THE HOME

An editorial in a release from The American Medical Association observers that " . . . a new look at safety in the home is certainly indicated."

On top of the long-standing home hazards, many new ones have appeared. Detergents, chemicals cleaners and weed killers, all potential poisoners, are cited among the examples. So is do-it-yourself equipment, particularly power tools, which create dangers in the hands of the unskillful.

The need, says the editorial, " . . . is the alerting of an indifferent public without creating needless panic and unwarranted fears."

J. E. Corette, president of the Edison Electric Institute says: "Based on the trends which have been in effect for the past 25 years, I see the following problems which could destroy America's prosperity: First, the Government in business; second, totally or partially tax-free business; third, unnecessarily large Government expenditures; and fourth, unbearable taxes."

Chips From The Carpenter's Workbench

By HAROLD C. PADEN

In New Testament times worship included praise and adoration to God and Christ through singing. Singing expressed the gratitude and thanksgiving with joy for the salvation the early Christians had gained through the Cross. Under the impulse of love for God they sang spontaneously (James 5:13) "with the spirit . . . and understanding" (1 Cor. 14:28).

The origin of this practice came from the Jewish synagogue worship where psalm singing was outstanding. Paul commanded the Christians to "teach and admonish one another in psalms and hymns and spiritual songs" in praise to God (Eph. 5:19; Col. 3:16). The singing was to come from the heart which was spirit-controlled (1 Cor. 14:26).

Paul and John quote from several hymns of Christian origin in the Epistles and Revelation, (fragments are found in Ephesians 5:14; 1 Tim. 3:16; 2 Tim. 2:11; Phil. 2:6-7; Rev. 4:11; 5:9-13; 11:15-18; 15:3-4). In Luke 1:45-46 there is a record of Mary's song, spontaneously offered, when she learned that she was to become the mother of Jesus, (compare 1

Sam; 2:1-10), from which "Ave Maria" is taken today. In verses 29-32 in Simeon's song known as the "Nunc Dimittis." In chapter 2, verse 14, is found the source of the later song "Gloria in Excelsis." Singing of these unmetrical songs retained the quality of spontaneity found in the old Hebrew cantillations.

The primitive church used vocal music only as the whole assembly sang in unison about 115 A.D., antiphonal style of singing between portions of the congregation developed to teach the new converts the songs. A capella singing was the practice until about the fifth century and history tells us that Pope Vitalian introduced the organ into the worship in the seventh century, however under strong protest. The Greek Orthodox Church never abandoned a capella singing, (Compare Clement of Alexander, "Paedagogus" 2:4 and Origin Commentary on Psalm—Patrologia Graeca (23, 1171). "The first Christians were of too spiritual a fibre to substitute lifeless instruments for (or use them to accompany) the human voice" (Catholic Encyclopedia X, 651).

By John C. White, Commissioner

FAIRM INCOME DOWN 16%

This will certainly not come as news to many Texas farm families who have been well aware of the situation for months, but the U. S. Department of Agriculture has now officially confirmed that total farm income dropped 16 per cent in 1959 below 1958.

The decline in the average farmer's spendable income was a little less, the USDA reported, falling 13.5 per cent in 1959 below what the farmer has to spend in 1958. The average spendable income per farmer in 1959 was \$2,364, being figured on the basis of what the farmer had left after paying all production expenses.

The 16 per cent decline in total farm income showed a total of \$11 billion in 1959, compared with \$13.1 billion in 1958. The USDA attributed the drop to lower cash receipts and higher production costs which are an old familiar problem to most Texas farmers.

Cash receipts went down in 32 states, including Texas, and crops showing the sharpest declines were hogs, eggs, wheat, broilers and soybeans. In contrast production expenses were higher in 43 states also including Texas. Most of the increase in production expenses was due to depreciation charges, cost of repairs and operations, livestock purposes, fertilizer, hired labor and taxes.

The per capita income of the entire farm population last year was \$960, a decrease from the \$1,043 of the previous year. This was considerably less than half of the per capita income of the non-farm population, which amounted to \$2,202 in 1959.

But not all of the per capita farm income, the USDA pointed out, came from actual farming operations. Of the \$960 realiz-

ed, \$643 came from farming and \$317 from sources outside of the farm. In 1958, the \$1,043 per capita realized showed \$748 coming from the farm and \$295 from outside sources.

The first months of 1960 have shown a slight regaining of some of the ground lost in total farm income, but the best opinion on the outlook as the year goes on is extremely cautious. Over-all, the consensus seems to be that there is not much basis for any outbursts of optimism and that, in fact, the farm income charts will do well to hold their own in comparisons with 1959.

LOCALS

Don Bowman of Texas Tech in Lubbock came in last Saturday to spend the Easter holidays with his parents, Mr. and Mrs. Floyd Bowman.

Mr. and Mrs. Ben Yarbrough visited her sister and husband, Mr. and Mrs. R. W. Wade, in Lawton, Okla., last Sunday. They also visited with Mr. and Mrs. Clay Grove while in Lawton.

Mr. and Mrs. Verbon Voss and children of Dublin were recent visitors with Mrs. J. T. Voss.

Shower Given To Honor Mrs. Billy Minchew

A post-nuptial shower honoring Mrs. Billy Minchew, the former Miss Betty Brazell, was held Tuesday evening, April 12, in the annex building of the Church of Christ.

Miss Jimmie Del Peysen greeted the guests and presented them to the honoree, her mother, Mrs. Mrs. Gene Brazell, and her grandmother, Mrs. E. J. Brazell. Miss Evelyn Tomlinson registered the

guests.

The serving table was covered with a pale green cloth centered with a crystal block of ice which had been molded into a punch bowl. Surrounding it were pink, blue, orchid, yellow and white spring blossoms with greenery. Misses Dale Phillips and Susan Rayburn presided at the serving table. Miss Shirley McCarty displayed the gifts.

Other hostesses were Misses Neva Morgan, Joyce Johnson, Sara Evelyn Offutt, Sandy Harper and Margaret Clowdis.

Dollars And Sense

By Miss S. C. Kinsey, Knox County H. D. Agent

Compare advantages and disadvantages of buying a new house or an existing house.

No. 1 — Advantages of buying a new house. Everything inside and outside will be new and in "top" condition. You may have the opportunity of choosing interior decorations as part of purchase price. New houses may offer the latest modern conveniences in baths, kitchens, laundry, heating and cooling systems and up to date lighting and wiring. New houses may be designed for better utilization of space. You may have the opportunity to landscape the yard to your taste.

No. 2 — Advantages of buying existing houses. They may be structurally more substantial, they may be located in established communities with adequate school transportation and shopping facilities. There are more existing houses available than new houses, thus your choice is wider. The yard may be landscaped. The property may be fully improved.

It is up to you to buy the house that will give you the most for your money. If you do buy a house with the idea of remodeling it to make it suit your needs, get professional advice before you buy as to the practicality and cost of your remodeling plans.

Mrs. Jerry Anderson and son of Monroe, La., is spending this week with her parents, Mr. and Mrs. Clyde Yost, and other relatives.

CARD OF THANKS

I wish to thank everyone for all the nice things you did for me while in the hospital. Your prayers, those who sat up, visits, cards and food brought to my home, they meant so much to us all. May God bless each of you.

There never was another judge exactly like A. B. Pittman of Memphis, Tennessee. A man of broad sympathies, especially for the under-dog, he was endowed with fairness, learning and a quiet sense of humor. He was one of my boyhood heroes and was instrumental in my getting

a tryout as a reporter after graduation from high school. Another who shares my admiration for the late jurist is a leading attorney of Memphis, Abe D. Waldauer. Like Judge Pittman, Waldauer is a believer in the philosophy of the great Henry George, advocate of the single tax (land value taxation.) Recently Waldauer and I had an opportunity to reminisce and he told about the time that a lawyer — probably then the forecast member of the Memphis bar — asked for a continuance because President Franklin D. Roosevelt had invited him to Washington for an NRA Conference. Judge Pittman told the attorney that he could designate a young lawyer in his office to try

the case and overruled the motion. Waldauer was next and, after seeing what had happened to the distinguished lawyer, it was with diffidence that the young attorney requested a continuance, his reason being that, sometime before, he had accepted an invitation to speak in a Mid-West city under the auspices of the Henry George Foundation. The judge asked, "How do you plan to go?" Waldauer replied, "Your Honor, I plan to drive." The judge said, "Continuance granted — and, if invited, I'll go with you." We take our modern highways for granted, but this was not always the case. Back in the early 1920's, I was making a trip through the hills of Arkansas and I asked a native, "How's the road to Hardy?" He replied, "Rough and rocky—but good." Any road that you could get over was "good."

Texas Longhorn Cavern, Third Largest In World, Is Attraction for Tourists

Burnet — Texas Longhorn Cavern, third largest cave in the world, has come of age as one of the state's prime tourist attractions, H. H. (Hob) Galloway, manager of the cavern, declared this week.

Cavern visitors will total more than 500,000 long before the cave's 28th anniversary as a public show-place this Thanksgiving. Mr. Galloway predicted after studying attendance figures for past years. In fact, the half-millionth visitor probably will pass through the famous Sam Bass entranceway sometime in July, he said.

When the cavern was first opened for public inspection by the State of Texas back on Thanksgiving Day in 1932, Thanksgiving services were held in the 183 ft. long Main Room and attended by the Governor and other state dignitaries. After four years of development, few people even knew about it except the folks who lived in this area — like Mr. Galloway and his boyhood friends who used to play hide and seek in the dark reaches of the cave.

"We were a little bit off the beaten track then," recalled Mr. Galloway, who is also president of a bank, former mayor and a director of the Burnet Chamber of Commerce.

But today heavy tourist traffic streams down U. S. Highway 281, a direct Canada-to-Mexico route. And many tourists take time out to visit the cavern, reach-

ed by a paved road which enters Longhorn Cavern State Park at a point four miles south of Burnet. It is also situated in the heart of the burgeoning Highland Lakes resort area of Texas which includes Buchanan Lake, Inks Lake, Granite Shoals Lake, Lake Travis, and Lake Austin — along the lower Colorado River.

"We're getting people from every state in the union now," Mr. Galloway said, "and you'd be surprised how many Texans visit the cavern and are amazed when they see what a spectacular natural wonder it is."

"We figure it's really unusual when a Texan is amazed at something that fulfills every requirement of a Texas 'brag'!"

This summer, Mr. Galloway estimates that more than 5,000 tourists and restorers a month will visit the cavern.

Two miles of the cavern have been developed and a completely new lighting system has recently been installed to bring out all its neutral subterranean beauty. Guides relate all of the cave's romantic legends of Indians, desperadoes and buried treasure, during the hourly tours from 10 a. m. to 5 p. m.

Visitors are filled with cavern lore and at the same time exposed to one of the world's most unusual natural phenomena.

Game Wardens Go To School

Expanded duties of wardens of the Game and Fish Commission were outlined to the nearly 200 wardens attending the annual "in service" school in Austin this week.

Two sessions were held. The first group with approximately 100 men, met Monday and Tuesday; the second group met on Thursday and Friday.

They were given detailed instructions as to their participation in game census counts, safety measures and enforcement under the increased regulatory responsibility program.

Mr. and Mrs. Troy Moore visited Mr. and Mrs. Ray Moore in Clarendon last Sunday.

CARD OF THANKS

We wish to express our heartfelt thanks to our many friends and neighbors for the flowers, food and sympathy during the loss of our beloved Sheryl.

News From The U. S. Congress

By Congressman Frank Beard

It seems to have become a practice during these days of the Cold War for everyone to continually mark the progress that is being made in this conflict and for us here to be continually taking inventory of the assets of our Nation. It is gratifying, therefore, to be able to point to a successful venture resulting from this continual process of reassessment, one of which is steadily moving toward the preservation and strengthening of one of our Nation's most vital resources, our soil. Any of us who have lived our lives in the Southwest can well remember the thirties when billowing clouds of dust spread over most of that area. More recently, during the fifties as the drought swept over the Midwest and the Southwest, we again saw firsthand the misery and destruction that can come when proper measures for the conservation of soil and water are not taken.

In 1957 there was inaugurated in the ten Great Plains States stretching through the heart of our country a sound and far-reaching effort to conserve these two vital resources. This was the Great Plains Conservation Program, and even though it is not yet three years old, its benefits are already apparent. At the end of February, 4,000 farms and ranches covering nearly 11 million acres were participating in this program. In Texas there are over 3 million acres in this program which seeks to tie down the soil, save our water, and recondition worn-out land. Almost any place you go through in the Dakotas, Montana, Wyoming, Nebraska, Colorado, Kansas, Oklahoma, and Texas, you can see the progressive signs of the Great Plains Program and that more and more it is accomplishing its purpose of taking out of culti-

Lisa, daughter of Mr. and Mrs. E. E. Owens

vation land that is better suited for grazing and the reconditioning of worn-out range land depleted by drought or overstocking—you can see small trees already beginning to grow, new terraces taking form, and vegetation covering soil that just a short time ago was barren. Some say that such accomplishments are simple ones in our complex world, but if by multiplying these gains we can preserve our soil and hold it where it is, we will

leave a much richer heritage. The Great Plains Conservation Program has made a significant beginning, and it is hoped that it will be continued with vigor.

Visitors in Washington this week were Mr. and Harley Goble,

Mr. E. L. Conatser, and Mr. J. J. Morris of Wichita Falls; Mr. and Mrs. Andre L. Gerault and daughters of Lewisville; Mr. Jack Crownover of Nocona; Mr. W. E. Lanham of Bluegrove; and Mr. Tom Craddock of Seymour.

Zane Franklin and his mother, Mrs. W. S. Franklin of Rule, visited relatives in Altus, Okla., last Sunday. His aunt, Mrs. Susie Kinser, who had been visiting there the past two weeks, returned to her home in Rule with them.

"You Won't Cry About the FACTS of Electric Clothes Drying"

* COSTS ONLY 5¢ A LOAD TO OPERATE

Here are some facts to think about for just a second—you can dry more than 500 loads of clothes electrically for the difference in the initial cost of an electric dryer and any other type automatic dryer. It's a fact—check it.

And here is another fact—Electric Clothes Drying is quite economical. It's safe, clean and the actual cost is only about a nickel a load.

Electric Dryers cost considerably less to purchase and install and there is less wiring installation in any home served by WTU. These are facts you can check with your favorite appliance dealer.

Years ahead in style... that's why Ford is far ahead in sales!

The "bug" bites thousands of people every week. They've been driving high-priced cars year after year. But suddenly they sprang out in 1960 Ford Galaxies, pleased and proud as punch. They're switching to Galaxy because they want that years-ahead Thunderbird look, with a glamour and grace that won't ever wear thin. They're going for Galaxy because Galaxy

gives them—in look and in deed—an elegance denied to all but costlier cars.

And Galaxy gives them all this for far less than what they've paid in the past . . . plus a high resale value!

And these selfsame values are crafted into every car we sell—from Thunderbird to new Ford Falcon! Come let us prove it!

the elegant best is *Galaxy* by FORD

IT'S THE LAW
in Texas
A public service feature
of the State Bar of Texas

THE ORIGINAL
"PHILADELPHIA LAWYER"
Frequently, when a problem is

particularly perplexing, someone will exclaim that "this would confuse a Philadelphia lawyer." The term takes on special significance when it is remembered that it has a close connection with one of the most important cases in American legal history—the seditious libel trial of John Peter Zenger in 1735.

Zenger was the printer and publisher of a paper known as the New York Weekly Journal. Unfortunately, he made the unhappy mistake of criticizing the administration of Royal Governor Cosby of New York in the public print. The tyrannical Cosby

had Zenger jailed and thus began a dramatic and important event in American history.

Zenger had editorialized that the Governor had deeds to lands destroyed, judges arbitrarily displaced, new courts established without the consent of the Legislature and had denied the right to vote to certain landowners. All of these accusations were based on fact but truth was held to be no defense in a prosecution for seditious libel, which was defined as "a written censure upon public men for their conduct as such." Inconceivable as it is today, the English courts had taken the position that the greater the truth the more serious the nature of the libel.

Zenger was brought to trial for his published remarks and almost immediately his New York counsel were disbarred because of the resistance they offered in his defense. After disbarment they secured the services of Andrew Hamilton of the Philadelphia bar to continue the defense. Hamilton was the foremost lawyer in the American Colonies and the term "Philadelphia lawyer" was long used as a special compliment in his individual honor.

Hamilton offered his services to Zenger without fee. Displaying great moral courage he defied the judges who were controlled by the Governor and told the jury that it was not considering the cause of just a poor printer. Instead, it was considering the cause of "the liberty both of exposing and opposing arbitrary power by speaking and writing truth." At the conclusion of the trial the Chief Justice instructed the jury that the printed words of Zenger were libelous and that if the jury found he had published them, as he had, then Zenger should be found guilty. Under such circumstances it was obvious that Zenger would be convicted.

Fortunately, the jury, which was not controlled by the Governor, defied the court. Zenger was found not guilty. America had a free press and as Governor Morris, one of the members of the Constitutional Convention was later to remark, "The trial of Zenger in 1775 was the germ of American freedom, the morning star of that liberty which subsequently revolutionized America."

CLEANLINESS, MAJOR PROTECTION AGAINST DISEASE, HAS SOMETIMES TAKEN STRANGE FORMS:—

concerning the facts involved, because a slight variance in facts may change the application of the law.)

Weekly Health LETTER

Issued by the State Health Department

The Texas State Department of Health several years ago, started a program of services for medically indigent children who are severely impaired in hearing.

Those who are eligible are examined medically, and the degree and type of their hearing loss is determined. Many still

retain some hearing ability, provided sounds are made loud enough through use of hearing aids.

Under this program, administered by the Division of Maternal and Child Health, the use of such equipment is arranged.

For those who have been impaired from birth, or through accident or disease during early childhood, the new sounds which they hear must be identified. Training in listening must be provided.

Other sounds must be learned through attentive observation and association such as hearing the telephone ring and someone then answering it, or pressing a ring on the steering wheel to sound a horn.

Preschool clinics to test hearing and sight and uncover dental defects are in operation in vari-

16-FOOT COMBINE McCORMICK No. 151

Now—even more capacity for the No. 151 Self-Propelled—with a new 16-foot platform available! Has same deep-set auger design as the regular 15-foot platform. Aids cleaner cutting; grain won't "bunch" or "wrap," even in tall, tangled growth.

PLUS all these time and grain-saving features:

- BIG CAPACITY in every threshable crop—37" separator width x 22" diameter cylinder ... 75 hp IH engine
- Exclusive DOUBLE-SHAKE, opposed-action cleaning
- 3-point separation
- Big-capacity corn head available

Come in and find out how the McCormick No. 151 can answer your problems of harvesting heavier yields, increased acreages, and diversified crops in the face of dwindling, expensive manpower. Find out why the No. 151 is the MIGHTY MASTER of the BIG YIELDS.

The Methodist Pre-Easter Revival is continuing thru this week. Services are being held nightly at 8: p.m. with Rev. Gene Loudner, Pastor, doing the preaching and Bartley K. McDonough leading the singing.

Records Sought On White Bass Over 4 Pounds

How many four pound white bass are caught in Texas every year? And how much larger do they get?

This is information sought by the Game and Fish Commission, according to the director of inland fisheries.

Ed Bonn, aquatic biologist on Lake Texoma, thinks the white bass (sandies) should be included in the FIELD AND STREAM annual fishing contest. He thinks if any appreciable number of four pounders turn up, this outdoors magazine might recognize them along with blacks, small mouth and spotted bass.

Information on large whites can be sent to the director of inland fisheries of the Game and Fish Commission in Austin. Included should be the weight and size of the fish; how caught and on what kind of equipment and lure, line test, etc. To be eligible to enter in the magazine contest it should also have the make of the rod and reel. It will be necessary to measure and weigh the fish in the presence of witnesses. In such case, a game warden or biologist would be a good authority.

Bonn for a number of years has been making a study of the white bass population of Lake Texoma and other North Texas lakes.

Gems Of Thought

LAW

The law is the last result of human wisdom acting upon human experience for the benefit of the public.

—Samuel Johnson

Love is the fulfilling of the law; it is grace, mercy, and justice.

—Mary Baker Eddy

Our human laws are but the copies, more or less imperfect, of the eternal laws, so far as we can read them.

—James A. Froude

Let all the laws be clear, uniform and precise; to interpret laws is almost always to corrupt them.

—Voltaire

The execution of the laws is more important than the making of them.

—Thomas Jefferson

Laws exist in vain for those who have not the courage and the means to defend them.

—T. B. Macaulay

LOCALS

Mrs. Muriel Mitchell visited her aunt, Mrs. G. E. Cutler, and other relatives in Abilene over the week end.

Knox Prairie Philosopher Speculates On The Value Of Looking At Clouds From Top Side Instead Of Bottomside

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek has found out about the new weather satellite now circling the earth, his letter this week reveals.

Dear Editor:
I'm always in favor of progress, provided it doesn't disturb the way I'm living already, and consequently I was pleased to learn that the United States now has a weather-viewing satellite circling the globe every 90 minutes, sending back pictures from 400 miles up.

A lot of professional weather-men are saying this will open up a new day in weather forecasting, but I read in a newspaper last night, along toward the bottom of an article about the new prospects, that one scientist said

FOR SALE—A bargain, 4 room house to be moved. Hardwood floors with new rugs, new Royal butane cookstove, new Youngstown cabinet, hot water heater, commode, lavatory and bath tub—all this for \$1500. Also have 5 good farms for sale. W. E. (Salty) Blankinship, phone HE 6-2881, Goree, Texas. 38-2tc

he had his doubts, that most weather is fairly local.

I don't know exactly what he means by this, but I do know that most people, including me, are a lot more interested in the weather immediately overhead and a few miles on all sides, than they are in the weather 1,000 miles away or 400 miles up. It's sort of like a scandal. The closer it is to your area, the more fascinating it is.

As I understand this new satellite, it photographs clouds from up above, looking down, and while this may have some meaning I can't grasp, I'm not sure that looking at a cloud from the top down instead of from the bottom up will tell you whether or not it's going to give down any rain. At least I know that from a life-time of studying them from the ground looking up, I haven't been able to tell any more about what they're going to do than a long-range forecaster. I've seen a day dawn bright and clear without a cloud in the sky, and before noon had a cloud-burst. On the other hand, I've seen it stay cloudy for a week without getting more than a mildewing mist.

I guess it's going to be interesting to have a photographic record of where the clouds are over the world, but there'll never be a substitute for clouds overhead when you need a rain, and it doesn't take a satellite to tell me that, all I have to do is tilt my head and look up, and if I'm lying flat of may back out in the open, I don't even have to go to that trouble.

Yours faithfully,
J. A.

Mr. and Mrs. Joe Pickard of Dallas visited her sister, Mrs. Fred Broach, Sr., several days this week.

Mr. and Mrs. C. A. Howell of Plainview visited her sister, Mrs. Chuck Calaway, and family over the week end.

CHEVY! YOU CAN'T BUY ANY CAR FOR LESS ... UNLESS IT'S A LOT LESS CAR!

Anyone who's looked around knows the majority of Chevrolet models—6's and V8's together—list for less than comparable models of other low-priced cars. But the price tag alone is only one of a whole raft of reasons a Chevy does better by your dollars.

Nothing near Chevy's size and price can match the Full Coil cushioning of its ride, or the fine, finished workmanship of its Body by Fisher. That even applies to some cars that cost a lot more. You're up in the higher price brackets before you find a car that moves as quietly as a Chevrolet or offers the inner space that Chevrolet does.

Or look at the extras Chevy gives you—at no extra cost—that others in its class can't offer at any price. Shock-cushioned steering. Safety *Plus* Glass in every window. Keyless locking of all doors. Crank-operated vent windows. Chevrolet offers the widest choice of power teams, too. Drive a Chevy just once. You'll have a tough time settling for anything less.

Scholarships Await National Winners In Safety And Health

Chicago, Ill. — A total of 14 college scholarships will be awarded to 4-H Club members this year for best achievement in the 4-H health and safety programs, according to Norman C. Mindrum, director of the National Committee on Boys and Girls Club Work.

The \$400 scholarships will be presented to six national health winners and eight safety winners to be announced at the National 4-H Club Congress in Chicago next December. The state and national champions will receive all-expense trips to the congress. Club members over 14 years old who have completed three years of project work are eligible for both state and national awards, Mr. Mindrum declares. For the younger member there is a medal award given for best achievement at the county level.

In addition to developing desirable health and safety practices in day-to-day living, the programs teach the responsibility of good citizenship and effective leadership, he points out. The work is under supervision of the Cooperative Extension Service and local volunteer club leaders.

Last year nearly 1½ million 4-H'ers across the nation were enrolled in these programs.

Donor of the health awards is Eli Lilly and Company of Indianapolis, Ind. General Motors, Detroit, Mich., sponsor the safety awards.

Further information can be obtained from the County Extension agent or the State Extension office.

Mrs. Earl Nichols and children of Levelland and Mrs. Uyen Heinson and children of Crossroads, N. M., visited Mr. and Mrs. H. P. Hill and other relatives over the week end.

Mrs. Mae Hawkins of Roscoe spent the week end with her son and family, Mr. and Mrs. G. W. Hawkins and Jan.

CARD OF THANKS

I wish to thank everyone for all the nice things, you did for me while I was in the hospital, especially to the ladies who stayed with me. Your prayers, visits, flowers and cards meant so much to me. Also I would like to thank those who were so nice to my family. May God bless each and everyone of you.
Mrs. A. M. Moore, Jr. 1tc

15 Year-Old Wins "Juvenile Decency" Award

Jimmy Tillinghast, 15, of Lubbock, Texas, an articulate public speaker and an honor student, has been named "Junior Citizen" for the southwest region of the Boys' Clubs of America. It was announced by A. L. Cole, president of the national youth guidance organization. Young Mr. Tillinghast, a member of the Lubbock Boys' Club, was chosen from candidates in a six state area.

Jimmy was selected on the basis of the quality and quantity of his service to home, church, school, community and his Boys' Club. He is one of six regional winners in the 600,000 member youth organization, which consists of more than 550 Boys' Clubs across the nation, to combat juvenile delinquency by encouraging higher education among less privileged youngsters. The national title of "Boy of the Year" was won by Nick Beck of Hollywood, Calif. Boys' Club, who received a \$500 scholarship award.

Young Tillinghast who serves with wit and ease as master of ceremonies for school and club functions, leads prayers in church, manages his school football team and plays the piano, cello and guitar. He hopes to study engineering in college. He is an excellent swimmer and recently rescued a younger boy from drowning.

Jimmy Tillinghast

Jimmy devotes lots of time and energy to community service. During the Christmas holidays he spent 14 hours a day in volunteer work for the city recreation department.

Gilliland Boys 4-H Club Meets

The Gilliland boys' 4-H Club met in the school building at 1:45 p.m. Wednesday, April 6, with all members present.

Troy Jones, county agent, gave an interesting demonstration on how to repair, care for and use electrical cords.

Some of the members accompanied Mr. Jones to see Johnnie Cook's calf and Ronnie Simmons' pig.

Mr. and Mrs. Joe Massey attended the funeral of her cousin, Robert Drinnon, in Haskell last Sunday afternoon.

Mr. and Mrs. Malcom Shipman of Flagler, Colo., visited Mr. and Mrs. Walter Coody last Friday night.

Leeman Arrott and daughter, Becky, of Palo Pinto accompanied Mr. and Mrs. Jeff Mitchell and Mrs. Laura Swilling to Matador last Sunday, where they attended a birthday dinner honoring their brother, J. D. Mounce. All of the family except one sister were present.

Mr. and Mrs. Press Phillips and Helen visited relatives in Jacksboro over the week end.

JUST A REMINDER

The Munday Study Club wishes to remind you not to forget to be at the elementary school auditorium at 7:30 p.m. Thursday, (today) to see the film Dr. Ed Bebb is showing and to hear E. A. Williford's talk. The purpose of this meeting is to try to establish a chapter of the American Cancer society in Knox County.

Mr. and Mrs. C. T. Wilson of Meadow and Miss Carol Pruitt of Hale Center spent Wednesday of last week with Mr. and Mrs. Troy Moore enroute home from the Ginner's Convention in Dallas.

Chris and Gene Harrell of Portales, N. M., spent last week with their grandfather, E. W. Harrell.

NOTICE TO THE PUBLIC:

Contrary to the belief of some, the constable's job and the city nightwatchman's job do not go together. The constable's job, for which I seek election, is a county job, while the nightwatchman is employed by the city.

I am in the race for constable of Precinct 6, and I solicit your support upon the basis of my ability to give you faithful and efficient service.
E. J. CUDE 1tc
