Volume XXVII.

Munday, Texas, Thursday, November 12, 1931.

Number 27.

## Eiland Drug Store Buys Cutler Stock At Auction Sale

The stock of the Cutler Drug Company was sold at public auction on Wednesday afternoon by P. S. Richardson, receiver appointed by the Bankruptcy Court, and was purchased by G. R. Eiland, representing the Eiland Drug Stores for \$915.00. The stock and fixtures involved approximately \$3,200.

Immediately following the sale the purchasers announced that the stock would be placed on sale in its present location, and will be closed out as soon as possible, and an announcement of their sale and the low prices offered the public will be found in this issue of The Times.

## RHINELAND

The schools will resume Monday morning, November 16, 1931. All students are urged to be present in order that the routine work may take place the first day.

The Knights of Columbus held Memorial Exercises last Sunday evening at eight o'clock.

The Rev. Paul Mosler, O. M. S., of Seymour, Texas, attended the Memorial Exercises of the Knights of Columbus.

Mr. John Albus and son, Robert, and Mr. Francis Albus returned from a brief visit in Pep, Texas, last Monday.

Miss Mary Mulroy left for Wichita Falls Sunday evening, after spending a week with her parents, Mr. and Mrs. Mike Bruckner.

—Reporter.

## Lad's Leg Broken Second Time In Past Few Months

Hollis Barnicoat, son of Jack Barnicoat, sustained a broken leg on the afternoon of Armistice Day while playing football with a number of other boys. The broken limb was dressed by Dr. Arthur A. Smith and he is resting very well.

This is the second time that the lad has sustained a broken leg within the past few months, having broken the same limb some months ago in jumping from the back of a horse.

## A CORRECTION

In our article last week concerning the plans for the re-opening of the First State Bank we stated that a capital stock of \$20,000 would be required. The figures should have been \$25,000, as that is the minimum capital stock with which a State Bank can be chartered under the laws of the State of Texas, and we just want to keep the record straight.

We are informed that those who have been working on the re-organization plan are making some progress, however, it will require the united support of the local citizens in putting the thing over, and the committee will appreciate subscriptions, small or large.

## NOTES AND COMMENT

Useless advice: "Don't bargain yourself." Bargain hunters know what put the "hopping" in shopping.

Hard times do not mean that the cheapest purchase is the best.

The pessimists are beginning to doubt the existence of Santa Claus.

Even an honest man can't pay his debts if he hasn't any money.

Saving time is a good habit, if you do anything with it after you save it.

November, with five Sundays and two holidays, is what working people call a good month.

The small boy's idea of Thanksgiving is a day on which to be thankful that Christmas is coming.

Nothing touches the spot like a check in full payment. If you feel this way, what about the people you owe?

You can go all around the world hunting an opportunity and then come back to Munday and do as well.

Hard times are abundantly proven by the crowds of 50,000 and 75,000 that witness the Saturday football games.

The best honor that we can pay our war dead is to strive to promote world peace, which it seems, needs some promoting.

Every city in the land claims

## Thanksgiving Day Recalls Pilgrims

### FIRST HARVEST IN NEW LAND WAS OCCASION OF CUSTOM

The 26th of this month, some three hundred years ago, or thereabouts, the first settlers of this, which has come to be greatest of all nations, found time to pause in their labor and offer up a prayer of thanksgiving for the blessings which had been theirs during the year.

This handful of men and women left homes of comfort, friends and relatives, and braved the wilds of an unknown country in search of religious freedom. Untold hardships were theirs from the very first. They began life anew, surrounded by hostile people and with little at their disposal to undertake the labors which lay before them in making a new home for their selves.

Nevertheless, suffering all of these adverse conditions, they went ahead, and at the close of their first year, while they may not have succeeded as they would have liked to, yet, they had gathered a crop. It was sufficient to keep them for the winter. They had constructed rough homes that were sufficient to keep out the cold. What they had accomplished they were grateful for and they conceived the idea of expressing thanks in prayer, to the Supreme Being.

So the first day of Thanksgiving ever known in this whole wide world came into being. It has since become a national day of prayer, and the observance has spread to other countries in later years.

The Pilgrims had a struggle from the very first day they landed. They tilled their fields with a shot gun slung to their backs. They went to church with their weapons. They kept them handy at their bedside at night. They had no tools to speak of with which to work. They had to improvise these before they could even go to work to gain a livelihood.

Since then the nation has moved forward, and has its ups and downs, it is true, but none to compare with the conditions which existed then. If this be true, then we should be truly thankful at the forthcoming celebration. We have been passing through a period which has caused suffering. Men have been thrown out of employment. Financial difficulties have been numerous. Yet none of these are as bad as the conditions in those early days.

We have much more at our very doors which we can turn to our use than did these people. We have made abundance of crops. We are living among neighbors who are friendly, and who will come to the aid of those in distress when necessary.

There are many things for which we could be thankful even though the skies appear to be dark. Think of the ones who are on beds of sickness, and wholly dependent upon others. If for nothing else, be thankful for your health, for with health almost everyone can find something to do which will keep the wolf from the door. Be thankful for this, and hopeful that the time will not be far distant when you will be able to do better.

## FIRST METHODIST CHURCH

The Sunday School and Epworth Leagues of the First Methodist Church will meet at the usual hours Sunday. There will be no preaching services however, as the pastor is attending Annual Conference. The members of the church are urged to worship with the other congregations of the city.

## CARD OF THANKS

We wish to express our sincere thanks to the kind friends who assisted us in our hour of sorrow in the death of W. F. Zeissel. Especially do we wish to thank the good ladies of Munday who provided the nice meals, the Rev. Father P. Boniface for his kindness, and to all others who in any way assisted us, we shall ever feel grateful.

Mr. and Mrs. Nick Peysen.  
Mr. and Mrs. S. E. Williamson.  
Fritz Zeissel.  
J. W. Zeissel.  
Frank Zeissel.  
Mr. and Mrs. F. N. Carnahan.

superior climate and friendly people; does Munday appreciate these assets.

Munday will have to plan and achieve its own future; no kind fairy is going to settle in our midst and make things hum.

## THINKING OUT LOUD

BY JAKE N. NEDY

Well, there's one thing that can be verified by this issue of The Times, and that is that Munday business men are not superstitious, for several of them have announced sales to start on Friday, the 13th.

Birdsong's and Baker-Campbell Company are two of the firms that have announced drastic reductions in their prices, and if you will read their ads, and the others in this paper you will save several times what the Times will cost you for a whole year.

In fact, you can do this with any of the fifty-two issues of The Times you get each year, for there are always outstanding bargains offered, and if you don't read the Times you cannot know where the best bargains are to be had.

And while we're talking about the ads let us call attention to the ad of the Eiland Drug Stores. These birds bought the Cutler stock and are closing it out at unheard of prices. See their ad, too.

It's beginning to look like the Democrats are going to have full control of the next Congress, and we democrats are beginning to

## PRESBYTERIAN CHURCH

Since the Rev. Crowe will be at Conference and absent from his pulpit Sunday, we extend a most hearty invitation to the Methodist congregation to fellowship with us both the morning and evening worship services Sunday. The World War veterans are invited to be the honor guests and occupy special reserved seats. The sermon thoughts will be on war and our desire for peace: "War does not end war; war does not bring peace." Every citizen should carefully consider the profits and losses of war and come to a definite conclusion on this question which is the center of world thinking today.

This subject will be presented at Sunset at 2:30 p. m. Sunday. You always receive a cordial welcome at our church.

CHARLES TUCKER.

The Rev. John H. Crowe left Wednesday for Vernon, where he will attend the annual conference of the Northwest Texas district. He carried with him a good report from the local church, as most all of the pledges of the church were paid in full, and the many friends of the pastor are hoping sincerely that he will be returned to the church for another year.

Dr. and Mrs. N. L. Davidson of Pharr, Texas, are here visiting in the home of Mr. and Mrs. Fred N. Warren and other friends.

## Armistice Day Is Observed Here By Legion Boys

Armistice day was observed in Munday, all the business houses closing for the day. In the morning a football game was played between independent teams from Knox City and Munday, in which the local aggregation was victorious by a score of 13-0.

At noon a fine luncheon was served a large number of Legionnaires at the local hall, and in the evening the Roxy gave a benefit program for the Legion, and most everyone reports a most enjoyable day.

## Thos. L. Blanton Delivers Address At Stamford 11th

Stamford, Texas, Nov. 11.—Earnestly advocating a cash payment of "the government's debt of honor" to ex-service men, Congressman Thomas L. Blanton spoke here tonight at a meeting of the local American Legion post.

"When our service men returned victorious, after saving the civilization of the world, their pay was adjusted by allowing them an additional \$125 per day," Blanton said. "But instead of receiving it in cash, as everybody else was paid, they received merely a long term note. This is a debt of honor which our government owes. It must be paid. By the eternals, it will be paid, in spite of Mellon, Hoover and the propagandized press. I believe that I speak with authority when I predict that every congress in the coming session of congress will vote to pay this debt in cash. I am one of those who 'shall not forget'."

In the earlier part of his address Congressman Blanton said in part:

"Thirteen years have passed since that horrible nightmare of war. During this retrospect all civilized peoples have determined that ways and means must be established that will make future wars improbable.

"Our government is grateful to every man and woman who did their best. But it rightfully recognizes that our brave men who wore our country's uniforms made the greatest sacrifice. To them our debt of gratitude must be eternal. We must not forget. They shall not be forgotten.

"They fought in foreign trenches, knee deep in mud, coffee-intested, facing tragic death constantly, and their pay was \$1.25 per day. Some able-bodied men who were exempted from the draft received \$30 per day working in shipyards at home."

## PROFITS HIGHER LAST SUMMER THAN YEAR AGO

By gathering more buckets of eggs from the same number of hens, cheapening the ration by use of more home grown feeds, and rigid culling of loafers, Texas poultry demonstrators have met the disheartening drop in egg prices of the past season, and actually increased their net earnings for last July and August over the same months one year ago. Profits from demonstration flocks totaling 100,000 hens rose from 5.9 cents per bird per month in July-August 1930 to 7.1 cents per bird in the same months of this year, according to Paul Cunyus, assistant poultry husbandman of the Extension Service of Texas A. and M. College and the United States Department of Agriculture.

These flocks are located in every part of Texas and are managed under direction of county and home demonstration agents. Instead of being counted out on the chicken deal the owners of these hens got an average total production of 25.1 eggs per bird in two summer months of 1931 as compared to 21.7 eggs per bird for those months in 1930. While the average price received per dozen dropped from 22.8 cents in 1930 to 18 cents this year, the feed cost per dozen eggs was reduced from 16 cents in 1930 to 6.1 cents per dozen for July and August 1931. The profit above feed cost per dozen eggs increased from 6.5 cents to 6.9 cents in this time, and the monthly profit per hen above feed cost from 5.9 cents to 7.1 cents.

"Low egg prices have worked great hardships on Texas farmers and it is to be hoped that prices will soon readjust themselves on

## County Agent Tells How To Finish Turkeys

By W. E. Jones, County Agent

"Turkeys must have feed to produce flesh, fat and bones. Grains make fat, but grain alone will not produce the best finish, it must be supplemented by meat scraps or by milk to produce flesh and by bone meal to grow bones. A good ration to feed for four weeks previous to marketing is 60 pounds ground maize, corn, or hiegar—20 pounds ground wheat or shorts—10 pounds meat scraps—4 pounds of bone meal and one pound of salt.

"If there is plenty of milk to feed the turkeys the meat scraps may be left out. But the mash must be available in the hoppers all the time and water vessels should be near by and kept filled. In addition 5 pounds of mash moistened with water or milk to every 100 birds might be fed daily. And at night all the grain that they will eat should be fed, but care must be taken not to have too much of this whole oats or barley.

"Turkeys fatten more quickly when confined to a small area, but range birds may refuse to eat if confined too suddenly so it is best to accustom them to feeding near the house before penning them.

"At selling time the turkey raiser would get better prices if he would divide his flock into four groups, marketing the best birds to save as breeders; penning and selling the finished ones; saving for further feeding and later marketing the small or late hatched birds, the ones showing pin feathers and lack of fleshing; and eating or canning the deformed or crooked breasted members of the flock.

"It pays well to grade this way and nobody need be in a hurry to rush their unfinished turkeys on the Thanksgiving market, because eight years out of the past eleven the Christmas market has been as good or better than the earlier one."

## BRUSHY NEWS

We had an interesting Sunday school lesson Sunday, and we urge all to attend next Sunday.

Several farmers are through picking cotton, all of the grain is looking fine.

Mr. and Mrs. J. D. Palmer lost all of their clothing and several other articles a few nights ago when their home was burglarized. No clue has been found as to who did it.

Jim Keith visited Mr. and Mrs. C. F. Surges Sunday.

Orville Britton and Herman Smith left Thursday for the plains to secure work.

Mr. and Mrs. J. D. Palmer visited Mr. and Mrs. Dan Routen and family Sunday.

Mr. and Mrs. P. H. Routen visited in Munday Sunday.

Miss Geretha Patrick and Misses Faye and Myrtle Emma Britton visited Miss Ruby Suggs Sunday.

—Reporter.

## CARD OF THANKS

We wish to express our sincere thanks to the good friends and neighbors who assisted us in so many ways during the sorrow that has come to us in the death of our little one, for the numerous deeds of kindness, the beautiful flowers and sympathetic interest we are grateful beyond expression.

Dr. and Mrs. E. M. Roberts.

Munday citizens should buy what they can from our merchants. Dollars spent away from home seldom get back into local circulation.

ELECTRIC POLISHING, expert greasing and washing. When your car needs attention let us serve you. We make a specialty of giving service that will stand the closest inspection.—R. B. BOWDEN, Gulf Service Station.

a higher and more reasonable level", says Mr. Cunyus. "On the other hand, low prices have forced an increased efficiency of production such has never been observed before. It is a matter of pride that the majority of Texas poultry demonstrators have been able to make a profit at all during the year. That they increased their profits last summer proves that within certain limits low prices can be partly offset by heavier and more efficient production."

## Free Movie Show of Ford Plant To Be Shown Here

### Sound Motion Picture Feature Exhibit Arranged by Local Dealer

A sound motion picture graphically portraying the story of the Ford Motor Company and its wide spread activities will be exhibited free of charge in a special Ford exhibit to be held at The Baums Motor Company, Munday, Texas beginning Friday, Nov. 20, and continuing through Saturday.

The picture entitled "A Tour Through the Ford factory" will show the gathering of raw materials, their arrival at the Rouge Plant in Dearborn, Mich., and the numerous interesting stages through which they pass in the process of making Ford cars and trucks. It is, in short, an education in the extent and meaning of modern volume production.

While an unseen voice explains each scene, the audience is taken on a tour of the plant, through the great blast furnace building where ore is converted into iron; into the open heart building where the iron becomes steel and is poured, white hot liquid, into moulds; into the blooming mill where the steel ingots are made into bars; into the rolling mill in which the long bars of white hot steel are reduced to definite sizes. Forty kinds of steel, each of a composition to serve a definite purpose are used in the Ford car and truck.

The picture shows also the manufacture of glass in an endless unbroken strip, a process developed by Ford engineers; the machine shops in which parts for the car are manufactured; the pressed steel building with its gigantic presses; and the coke ovens and other units in which by-products are recovered to the extent of millions of dollars annually.

Throughout the picture one sees literally miles and miles of conveyors which take much of the manual labor off the backs of men. There are conveyors carrying newly arrived materials into the plant, others taking parts from one building to another, and, of course, the final assembly line, that famous conveyors on which the parts are put together to form the completed car.

In addition to the picture, there will be a representative line of Ford cars and trucks and display road/Ford/Johnson plant/Ford/boards containing car and truck parts.

All the body types are featured by the Ford's new beauty of line and color. The deep radiator, the wide generous fenders, and the graceful sweeping lines of the bodies contribute to a pleasing whole. The cars may be obtained in a variety of color combinations.

## KEEPING UP WITH WEST TEXAS

One oil refining company is spending one hundred and fifty thousand dollars in improvements at McCamey, Texas.

West Texas counties won the first three places in county exhibits at the State Fair of Texas this year. They were Eastland, Randall, and Hartley in the order named.

A million dollars worth of mohair has been marketed in the San Angelo territory this year.

A Levelland farm woman made a profit of twenty-two dollars from one hundred fifty cans of chicken meat made from the culls of her poultry flock. Observes the woman, "This brought me more than my husband made from four acres of cotton this year."

Forty thousand acres of sudan grass seed were harvested in the Muleshoe, Texas, territory this season with yields as high as 1,600 pounds to the acre.

Five hundred and sixty-one Dickens county families signed up to can six hundred and ten calves this fall and winter, as result of a chamber of commerce campaign.

A nine story hotel was recently the tallest building in New Mexico.

Nineteen head of Kentucky horses were sold at auction in Brady recently.

A new court house at Wellington, Collingsworth county, is nearing completion.

Thanks is one of the things we forget. We take our blessings as a matter of course. We seldom say a word about them—although we kick like steers when things don't go right. So let's stop complaining long enough to say "Thank You."—Grit.

**MAKING THE GRADE**

No less an authority than Dr. Shirley W. Wynne, Health Commissioner of New York City, in his outline of requirements for school children, says, "Keeping your youngsters in health is not an arduous proposition, but it requires a little care on your part. He should have a filling luncheon such as soup or salad, sandwiches, macaroni and cheese or some other easily prepared dish, and with whatever he eats he should always have a glass of milk, as well as an apple or some other fruit. For his evening meal he should be able to eat the same dishes as the rest of the family, plus a glass of milk. His diet as well as ours should include plenty of fresh vegetables, particularly of the leafy variety; such as cabbage, lettuce, kale and spinach. Tomatoe, too, are important."

"If this balanced diet, plus the milk, is adhered to the child will stay in health, providing the other cardinal rules of health are obeyed. These are: at least eight hours' sleep in a well-ventilated room; plenty of exercise and recreation in the open air and sunshine, and frequent bathing. We expect top grades from our children. They have a right to expect carefully selected, adequate, growth producing and protective food from us."

**WOULD HURT SOMEBODY**

Probably the underlying cause of our present economic distress is that old acquisitive characteristic of human nature which, when overindulged is condemned as selfishness. Everybody seeks primarily to take care of himself and that, of course, means that somebody else must pay.

Dairymen throughout the country are suffering like everybody else from overproduction. To solve this a prominent dairymen recently urged that one out of every ten milk cows on farms be killed and that they be sold for meat. This proposition was something like the laughed-to-death recommendation of the Farm Board that the cotton farmer plow

under every third row. Opposition to the killing of so many milk cows was immediately expressed by the men on the meat business, for such a deluge of meat would certainly ruin prices for this commodity, involving the packers in serious financial trouble. Opposition could also have been expressed by the great mass of the public for which such an operation would mean higher prices for butter and milk, making it harder for families even to properly feed their infant children.

Yet, such a situation suggests the need for some effective control of industry and agriculture, regulating production to the normal and necessary requirements of consumers. As long as we try to follow the free-for-all system in economy we will have present conditions repeated periodically.

**PRESIDENT HOOVER ISSUES PROCLAMATION**

"Many of our neighbors are in need from causes beyond their control, says President Hoover, in his proclamation, proclaiming Thursday, November 26th, as Thanksgiving Day. The President urges those who are more fortunate to share their security with these victims of an economic debacle in order that they, too, may have full cause to render gratitude and thanks to a gracious Heavenly Father.

There are, undoubtedly, in Munday some citizens suffering from hardships and deprivations in the midst of others who are enjoying life to its fullest extent. Surely, the fortunate ones should remember the others less fortunate and by concrete acts of thoughtful kindness, and, where necessary, gentle generosity.

It is one thing for a people to return thanks to the Almighty at the altars of His churches or in the sanctity of their homes and another to translate these emotions of gratitude into acts which will bless the lives of others. Today, Munday has many causes for thanksgiving but, at the same time, there exists individual cases to the contrary. These should not be compelled to look upon a people upon their knees in thanks for blessings without having real evidence that the spirit behind their words is one that impels the doing of good deeds.

In truth, Thanksgiving Day, 1931, affords us a splendid opportunity to follow the example of the good Samaritan.

**EVERYBODY'S BUSINESS**

In connection with the recent Fire Prevention Week, Secretary of Agriculture Arthur M. Hyde made a plea to farmers and rural dwellers to reduce the gigantic annual fire loss on farms—a loss said to total \$100,000,000 in property and 3500 lives.

Fire Prevention Week is over. But that advice is still good—and will always be good. Every fire prevented, as Secretary Hyde pointed out, represents that much gain for the community, and a reduction in fire loss is equivalent to an increase in farm income.

At present, farm property losses due to fire total about a fifth of the entire national waste in property, and a third of the waste in lives. Practically all farm fires, like those in cities, are preventable. The principal causes are defective chimneys and flues, sparks on combustible roofs, lightning, careless use of matches and smoking, spontaneous ignition of farm products, careless handling and storage of gasoline and other inflammable and explosive liquids, defective wiring and improper use of electrical appliances. Almost all of these menaces may be minimized by care and thought on the part of the farmer.

Every community should organize in an effort to prevent fire. It should do this, not for one week each year only, but for fifty-two weeks. Public opinion should be used to bring home to the individual his personal responsibility for fire. Every fire damages the whole community, and costs the whole community money. It is one case where one person's business is everybody's business.

A scenic drive in the Davis Mountains near Fort Davis is under construction to extend approximately seventy-five miles.

A few remarks on mistakes in the paper from the Grandview Tribune: "Both the machine operator and proof reader made a glaring typographical error in the Tribune of last week. Some good subscribers called our attention to it. We all make mistakes. Some times we find the wrong letter in our box at the post office. We call for 98 and get 198 over the telephone. We ask for No. 50 thread and get 60. We felt sick and the doctor said we were eating too much meat when we hadn't tasted any meat in six months. The garage man said our flyover was missing because it needed a new timer. We cleaned a spark plug and it has been running perfectly as a Ford will run. Yes, we made a mistake in last week's paper, and it was not the first one and probably will not be the last. Yes, we all make mistakes. But seriously, there are more than 212,088 letters to be handled and scanned for errors each week in the make-up of the Tribune, and the wonder is that more errors do not get by."

**DOCTOR REA OF Minnesota**

TO SEYMOUR  
Seymour Hotel, Monday, Nov. 23.  
ONE DAY ONLY

Hours—10 A. M. to 4 P. M.  
DR. REA, well known American Physician, specialist in the science of internal medicine, licensed by the State, visiting many important places in the State. Treating diseases without surgical operation.

Specialist in stomach, liver, and bowel diseases, as complicated with blood, skin, lungs, nerves, heart, kidneys, bladder, nose, throat, rheumatism, neuritis, bedwetting, pellagra, blood pressure, leg ulcers, slow growth, and deformities in children.

He does not operate for chronic

appendicitis, gall-stones, ulcers of stomach, goiter. Small tumors, skin cancer, tubercular glands, moles, warts, facial blemishes, piles, fistula, varicose veins, treated with the hypodermic injection method.

DR. REA is an experienced practitioner in chronic diseases, he also has a special diploma in diseases of children, and applies his efforts in the interest of those diseases that he is best qualified to treat, so if ailing, and not getting any better, see him, at this time, as delays just prolong your illness. He will give free consultation

and examination. Services and medicines at reasonable cost, where there is need of treatment. Remember the date, and bear in mind that his treatment is different. Married women should come with their husbands, and children with parents.

Christmas Candle Spelled Welcome Home

ALLOWING an old family custom, Katherine Blair placed a candle in the window. Originally serving to guide lost travelers on Christmas eve, John Blair it had been placed there three years with Kenneth in the son who was too busy some home for Christmas.

Enjoy Christmas in Mansions in the Skies

IS not over the fashion to keep both feet on the ground? It's hard to keep one on the ground; the other is always to be up, getting into an airplane and peering there you are—both feet on, completely, distinctly of the ground.

Reunion With Comrade of War Cost His Life

Wagon Mound, N. M.—Charles Geist lost his life because he recognized the name of his war-time buddy on a sign.

Charm of Christmas

THE chief charm of Christmas is its simplicity. It is a festival that appeals to every eye, because every one can understand it.

Christmas Cards

Henry Cole, an English social educational reformer, introduced the first Christmas card. It is six inches long and four wide, and depicted in the center a group of people.

Christmas and the Birds

It is said that no peasant in England will sit down with his family to Christmas dinner until he has provided food for the birds.

First Christmas Carols

It is believed that the first Christmas carols were written in the thirteenth century, being sung on the scenes of the miracle mystery plays of the period.

es to See Daddy as Santa

It is the youngster who does all the work in Santa Claus enjoys his father arrayed in red and white.

ld Not Write Card Verses

It is said that a young man once refused an offer of \$100 for a short set of verses on Christmas cards.

WHO'S WHO "CRASHED" BY 3,400 MORE AMERICANS

New Names Include Bobby Jones—Dr. W. E. Barton Gets More Space Than Anyone Else.

New York.—More than 3,400 Americans gained some measure of fame by being listed for the first time in the 1931-32 "Who's Who in America."

Fourteen of the group of sixty-four men selected by James W. Gerard as the "real rulers" of America are omitted from the list.

In general there appears to be a tendency to recognize literary, scientific, theological and academic achievement more readily than leadership in business, industry or sport.

The names given them are: "The Business empires" and "The World's Leaders." "Found late could come home, so I down with the mail."

The volume is a "Who's Who in America" and "Who's Who in the World."

Some criticism is given the world of sports in the admission for the first time of the name Robert Tyne Jones of Atlanta, Ga., soccer player.

The volume contains sketches of 23,794 persons from the last edition and 1,497 names from the last edition and 1,102 were dropped. New names totaled 3,408.

Reunion With Comrade of War Cost His Life

Wagon Mound, N. M.—Charles Geist lost his life because he recognized the name of his war-time buddy on a sign.

Charm of Christmas

THE chief charm of Christmas is its simplicity. It is a festival that appeals to every eye, because every one can understand it.

Christmas Cards

Henry Cole, an English social educational reformer, introduced the first Christmas card. It is six inches long and four wide, and depicted in the center a group of people.

Christmas and the Birds

It is said that no peasant in England will sit down with his family to Christmas dinner until he has provided food for the birds.

First Christmas Carols

It is believed that the first Christmas carols were written in the thirteenth century, being sung on the scenes of the miracle mystery plays of the period.

es to See Daddy as Santa

It is the youngster who does all the work in Santa Claus enjoys his father arrayed in red and white.

ld Not Write Card Verses

It is said that a young man once refused an offer of \$100 for a short set of verses on Christmas cards.

In the Carpenter Shop

Just Before Christmas

LONG ago it was the day before Christmas; but the world was not celebrating Christmas then as we do now.

In a little carpenter shop with crude tools and benches, an apprentice was quietly planing a sandalwood block to perfect smoothness.

Suddenly a chisel slipped, a man cried out in pain. A carpenter had received a splinter fall in the eye, piercing the eyeball.

Others gathered about him to bind up the wound and sadly shook their heads. "He will be blind," they said.

The apprentice worked on calmly, almost smiling. A great philosophy came and removed the splinter. "The eye is sound," he said.

"You must have been mistaken. It looks as if it had never been injured at all."

"It was never injured," said the man, but the other carpenters shook their heads and the apprentice went on smoothing the sandalwood.

Led by the Christmas Spirit, They Rejoiced

SITTING before a blazing fire and listening to the merry carols without, Martha Barrows felt all the joy of the Christmas season.

As Little Children

THE survival power of Christmas, its persistence as a world-wide festival, lies in the fact that it is a festival of human kinship.

Blessing River Danube

It has been the custom in Romania from time immemorial to bless the Danube on Christmas day.

Like Christmas Dolls

In spite of all the advanced ideas of the rising generation, the average small girl still likes a doll as well as she likes any other Christmas present.

A Seasonable Reminder

One-half of the work done in the world is done in the United States, according to a Columbia professor.

"Yule"

"Yule" is a very old name for Christmas, and there are a score or more explanations as to its origin and meaning.

Santa Claus Everywhere

Apparently Santa Claus breaks down the ancient rule that a person cannot be in two places at one time.

Ford Show Will Come To Munday

November 20-21

Free sound moving pictures of a trip through the Rouge Plant of the Ford Motor Co. will be exhibited here as a part of the special Ford show to be held Friday and Saturday, November 20th and 21st.

Arrangements for this special Ford show were made by Mr. Bauman with the Ford Motor Company, Dallas branch.

The motion picture, according to Mr. Bauman, will reveal in interesting fashion how the Ford Motor Company has made volume production of quality automobiles possible.

While the motion picture will show how the Ford Motor Company mines its own coal and iron ore, how it conveys the material to its plants, how many by-products are developed in the process of manufacturing the car, and how machinery has made possible production so great that even a watchmaker would consider it "fast."

In addition to the motion picture "A Trip Through the Rouge Plant," a picture has been arranged for by Mr. Bauman, titled "Hidden Qualities."

This picture will see Mr. Johnson personally demonstrating the use of Johnson's gauges and explaining how it became possible for him to so highly specialize and develop the Johnson Gauge as to permit him to actually measure the thickness of a soap bubble.

Besides the two motion pictures, Mr. Bauman will have a representative showing of Ford passenger cars, trucks and light commercial units. This will afford the citizens of this community an opportunity to see in one place such a display of automobiles and special exhibits as can be seen only in the large automobile shows.

DEMONSTRATIONS ANSWER 1932 CHOPPING QUESTION

COLLEGE STATION.—The answer to the question "What shall I do with my extra acres next year?" may be found close to each farmer's own door step, declares O. B. Martin, director of the Extension Service of Texas A. and M. College and the United States Department of Agriculture.

SHERRIFF'S SALE

THE STATE OF TEXAS, County of Knox. NOTICE IS HEREBY GIVEN That by virtue of a certain Execution issued out of the Honorable District Court of Knox County, on the 21st day of October, 1931, by Roy Phillips, Clerk of said Court for the sum of Six Hundred Sixty Nine and 77-100 Dollars, and costs of suit, under a Judgment, in and against W. B. Smith, in a certain case in said Court, No. 2214 and styled W. B. Smith, vs. M. G. Nix, and placed in my hands for service, I, C. B. Elliott, Sheriff of Knox County, Texas, did, on the 4th day of November, 1931, levy on certain Real Estate, situated in Knox County, Texas, described as follows, to wit: Ten acres of land off of the South side of the North west quarter of section No. 64, in Block No. 2, of the Dallas and Wichita Railway Company Survey.

See and Hear The Talking Picture

"A Tour Through the Ford Factory"

Thousands of people from all over the world visit the Ford plant every year. Now this vast industrial organization is brought direct to you by an intensely interesting Talking Motion Picture.

Come and see where and how America's most popular motor car is built. Only when you see and hear how efficiency, economy and craftsmanship have been put into volume production can you realize how so much extra value can be given in the Ford car without increase in price.

Special Showing of Latest Ford Cars and Many Trucks

Don't miss the new Ford De Luxe Body Types. Distinctive in line and color. Smart in their new appointments. Rich and luxurious in their interior trim and upholstery. You will be interested, too, in the reasons why so many manufacturers and stores have chosen the rugged Ford truck and the swift Ford delivery cars.

There are many other features on display that in themselves make this Special Ford Exhibit well worth a visit. Learn about the added protection of the Triplex polished plate safety glass windshield, the strength of the steel-spoke wheels, the comfort of the Houdaille double-acting hydraulic shock absorbers, and the brilliance of the Rustless Steel.

for ANY BABY

WOMEN; watch your BOWELS

What should women do to keep their bowels moving freely? A doctor should know the answer. That is why pure Syrup Pepsin is so good for women. It just suits their delicate organism. It is the prescription of an old family doctor who has treated thousands of women patients, and who made a special study of bowel troubles.

**VALUE OF TOM-TOM**

No other factor has ever been of more benefit to the students of Munday High School than the Tom-Tom. Work on this paper enables the students to obtain experience in journalism, to learn the lesson of cooperation, and to develop the art of self expression. It improves the interest in athletics and in class spirit.

As the financial condition of the school are very low, Mr. and Mrs. Kennedy have offered the usual space in the paper for the news free of charge as of former years. The students of Munday High School wish to express their gratitude for this privilege, and to assume Mr. and Mrs. Kennedy of their cooperation.

**Munday Plays Crowell, Nov. 11**

Let's all celebrate Armistice day by going to Crowell and helping the Moguls win that game.

Last Friday, Munday was defeated by Megargel, here, in one of the best games played this season. Although the Moguls showed some of their fighting spirit, Megargel scored as a result of a fumble. A few of the first string men were out, and we believe that

**NERVOUS? SLEEPLESS?**

If you are nervous and restless; if you can't sleep, tire easily, have Nervous Headache, Nervous Indigestion; if you have Sea Sickness, Train Sickness, Auto Sickness—take Dr. Miles' Effervescent Nerve Tablets.

Dr. Rogers, noted educator, writes: "My wife has been suffering from nervousness and sleeplessness and we find Dr. Miles' Effervescent Nerve Tablets a great relief."

"I don't go much on patent medicines, but it's a pleasure to recommend a remedy that is really good."

Rev. S. W. Rogers, Ph. D., P. O. Box 57, Key West, Fla. Get them at your drug store. Large Package \$1.00; Small 50 cents.

**DR. MILES' EFFERVESCENT NERVINE**

should be able to produce a good high school team.

Football boys will not report until after their last game of football.

**English Club**

An interesting program was enjoyed by the English Club which met Tuesday, November 10, 1931. The assembly sang, "The Star Spangled Banner," accompanied on the piano by Mrs. Ingram. A clever stunt imitating the high school teachers at a faculty meeting was given by several of the high school students. They were Paul Pendleton, Mr. Riley; Hearsheal Thompson, Mr. Rawls; James Gaither, Mr. Hardegree; Arnold Matlock, Mr. Harrell; Frances McCord, Miss Clifford; Mavoureen Reeves, Miss Chapple; and Eleanor Jungman, Miss Watson. The Choral Club rendered the song, "Columbia's Song." Ida McMahon, assisted by the Choral Club, sang a vocal solo.

The members of the club seem to be rather enthusiastic over the work of this organization. We believe that this activity will help to make high school life more pleasant and profitable.

**Contest For Selection of Football Queen.**

Much excitement has been stirred up in high school over a race in which all classes are taking part. Every class has chosen the most popular girl to represent it, and in order to get votes, the members of the classes are selling tickets to the home football game. Each student ticket counts thirty votes, and each adult ticket counts fifty votes. The girls chosen to represent the classes are Maxine Newsum, Senior; Maxine Burnison, Junior; Hazel Clough, Sophomore; and Maxine Lane, Freshman. At the end of the football season, the girls having the most votes will be crowned "football queen." At the present the Seniors are ahead, but those little Freshmen are putting up a good fight, and certainly are backing their queen.

**Do You Remember Boop-oop-a-Munday**

Munday High School is planning another carnival in the near future, and we are expecting it to be really good. No definite plans have been made yet, but there will be plenty of fun and excitement for everyone.

**Debate Club Organizes**

On Wednesday of last week the debate club met and elected the following officers: Paul Pendleton, president; Lee Parks, vice-president; and Lowry Rigby, secretary. Plans for a weekly meeting of the club were discussed and it is believed that several debate teams will be formed in the near future. Mr. Harrell will be the

coach again this year as he has been for several years past. A program was planned for the next meeting in the form of two talks—"The Value of Debating," by Lowry Rigby; and "Preparation for Debating," by Jesse George Kennedy.

**Spanish Club Organizes.**

The Spanish Club met for the first time Tuesday, October 27, and officers for the year were selected. The officers elected were Lee Parks, President; Vincent Lane, Vice-president; and Margaret Hulme, Secretary-Treasurer. It is the plan of the club to furnish interesting programs for its members and at the same time to better acquaint them with Spanish customs.

**SENIORS**

In our report last week we forgot to tell you who our room mother and class officers were so we will get this off our minds right now. In a meeting held not long ago we elected Mrs. E. S. McCord as our room mother. She was our room mother last year and we all knew what a good one she was. Room-mothers certainly are helpful sometimes and we Seniors think someone "had one more bright idea" when he thought of this office and its duties. In a class meeting before this one, Mavoureen Reeves and Lee Alfred Parks had tied in votes received for president of the class, so the business of settling this was carried over until another class meeting, when a coin was flipped and, as luck would have it, Mavoureen Reeves was designated as president, Lee Alfred Parks was appointed vice-president, and Paul Pendleton was elected secretary-treasurer.

We thought one of our faithful sixteen (now we are numbering eighteen) had deserted us last week, when she decided to try married life. We were indeed surprised to hear of classmate Marguerite Stodghill's marriage to Curtis Bell, and we wish them a very successful and happy married life. Marguerite decided to continue her school year, so she joined us again this morning. We are very glad to have her back and hope she does not find her school life well compared with her married life.

One of our last year's classmates, Maurice Patterson, joined us this morning. We are glad to have you back, too, Maurice. Now there are eighteen of us Seniors!

The magazine selling contest closed at noon today—Monday. The Seniors won! We did as we said we were going to and carried our color to the top in the contest. The money received from this con-

test will help us very much and we thank all the subscribers who helped us win. Junior friends, we hope you have better luck next time.

There are four of our Senior boys on the football squad this year. They are Lee Alfred Parks, Paul Pendleton, Elmo Cure, and Everett Thompson. We're proud of the showing they made in the game with Megargel last Friday. Although Munday did not win, we join the many loyal supporters of the Moguls in saying: "That's all right! Fight! Fight! Fight!"

**JUNIORS**

The Juniors have not been very active this week. We have been too busy studying.

In the magazine contest the Seniors beat us. We worked very hard at it, but they worked harder. However, they did not beat us much.

We sold many tickets for the football game, Friday afternoon. We are expecting our queen to win, although the Seniors are ahead of us now.

We are looking forward to the holiday on November 11. We are going to celebrate in a big way. We hope the Moguls beat Crowell in the game.

**SOPHOMORES**

Sophomores, we'll win yet! Believe me, we are fighting hard. As Hazel Clough was selected the most popular girl in the Sophomore class, we want to give her our most loyal support so she may become queen. We still have another chance to see football tickets, so by spending more time and trying harder, we may make it possible to elect Hazel, queen. Sophomores, let's work hard!

Last week an important item was omitted from our report. It was our class colors. They are orange and white.

**FRESHMEN**

We Fish are glad that our queen has an excellent chance of winning the crown this year. Thanks to J. B. Duval and his fellow assistants!

The girls who are to be initiated Tuesday night at the Home Economics party are busy engaged in the honest task of making pillows and knee pads. Do not be surprised if you deny being acquainted with the girls when they present themselves at their respective classes Thursday morning.

Most of our Freshmen are very proud of our first high school report cards. If a few of us do not get down to work, however, we will have the thrilling experience of being freshmen again next year.

**HAPPY WASHDAYS**

WASHDAY is no longer a day of back-breaking drudgery—for modern and progressive Home-managers. . . They have freed themselves from an every-Monday ordeal over steaming wash-tubs and scrub-board by the simple expedient of having an efficient *Electrical Servant* do the work.

You, too, can have Mondays for yourself! Install one of the new Fedelco Electric Washers—cut washday to but a fraction of the time, work and worry required by old-fashioned methods—and profit by better work, more inexpensively completed! A salesman will be happy to arrange a complete demonstration—in your own home, on your own things. Call him today. Convenient Terms.

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule . . . and adds only a small amount to your total bill?

# LOW RATES!

## ON YOUR FAVORITE NEWSPAPER

Due to the depression the big daily newspapers have cut their rates to the lowest figures in many years, despite the fact that materials and labor in these lines have come down but little. This reduction in price will enable everyone to have their favorite daily newspaper at a much lower rate than they have paid in a number of years.

Next year, being campaign year, everyone will want a good daily newspaper in order to keep in touch with State and National Political happenings. Public officials from President to Constable are to be chosen during the year and you will want to keep in touch with

National, State and County Political developments, and you can do this economically by taking advantage of these low Bargain Day Rates and our Special Clubbing Rates, which are offered by The Times exclusively.

Or, perhaps you would like to have the Dallas Semi-Weekly Farm News, and if so, by special arrangement with the publishers, we are enabled to make a special low clubbing rate.

Look over the list below and note the substantial reductions that have been made in price, and we guarantee that no lower rate will be authorized by the publishers than those quoted herein.

The Fort Worth Star-Telegram, Daily and Sunday, \$5.95. Our Clubbing rate with—

Mr. and Mrs. E. H. Bauman entertained members of the Wednesday Bridge club, their husbands and a number of guests Friday evening of last week. Following a number of interesting games of contract bridge refreshments were served. Messrs. T. G. Bengel, J. C. Borden, F. L. Decker, M. S. Broach, H. H. Langford, U. R. Houser, Dr. and Mrs. Joe Davis and Mrs. C. L. Mayes.

**Ace High Bridge Club**  
Entertained

Mr. and Mrs. W. H. Chapman were hosts Friday evening to members of the Ace High Bridge Club. Three tables were placed for auction bridge. Mrs. John Lane winning high score among the ladies, with Mr. Tom Haney taking high honor among the men. Delicious refreshments were served. Dr. and Mrs. Wm. P. Farrington, Messrs and Misses Tom Haney, L. E. Loveless, John Lane, J. A. Kennedy and the hostess.

**SHERIFF'S SALE.**  
THE STATE OF TEXAS,

NOTICE IS HEREBY GIVEN That by virtue of a certain Execution issued out of the Honorable County Court of Wichita County, on the 22nd day of October, 1931, by Elizabeth Hall, Clerk of said Court for the sum of \$321.47, Three Hundred Twenty One, 47-100 Dollars and costs of suit, under a Judgment, in favor of Auto Equipment Company, a Corporation, in a certain cause in said Court, No. 9843 and styled Auto Equipment Co., a Corp., vs. G. J. Zeissel and placed in my hands for service, I, C. R. Elliott as Sheriff of Knox County, Texas, did, on the 26th day of October, 1931, levy on certain Real Estate, situated in Knox County, Texas, described as follows, to wit:

All the right, title and interest of the defendant G. J. Zeissel in and to 320 acres of land in the D. G. Burnett Survey, No. 13, Abstract No. 16, being sub-survey No. 6 and 8; also 160 acres of land out of the D. G. Burnett Survey No. 12, Abstract No. 17, being sub-survey or block No. 5, Abstract No. 17, being sub-survey or block No. 5; also 160 acres of land out of the D. G. Burnett survey No. 15, Abstract No. 18, being sub-survey or block No. 4; Also lots 19 and 20, block 8 of the City of Goree in Knox County, Texas, all of said

**Dorcas Sunday School Class**  
Entertained Thursday

The Dorcas Sunday school class met at the home of Mrs. M. O. Burnett Thursday afternoon of last week in a business and social meeting. After devotional service an election of officers was held. In the absence of the president Mrs. J. O. Bowden presided. The following officers were elected: president, Mrs. A. C. Brock; first vice-president, Mrs. J. M. Perdue; second vice-president, Mrs. J. J. Keel; third vice-president, Mrs. J. W. Williams; secretary, Mrs. C. R. Parker; treasurer, Mrs. Brice Dobbs; reporter, Mrs. Eva Belrose. After discussing plans for enlarging the class a social hour was enjoyed. The hostesses, Mrs. Burnett and Mrs. J. W. Williams, served a lovely plate, consisting of chicken salad on lettuce, sandwiches and hot cocoa, to nine members. Yellow cosmos were plate favors.

M. H. Lee and family of Wichita Falls spent the week end here visiting in the home of his mother, Mrs. J. T. Lee, and other relatives.

lands now standing of record in the name of W. F. Zeissel, and levied upon as the property of G. J. Zeissel, and that on the first Tuesday in December 1931, the same being the 1st day of said month, at the Court House door, of Knox County, in the City of Benjamin, Texas, between the hours of 10 A. M. and 4 P. M., by virtue of said levy and said Execution, I will offer for sale and sell at public vendue, for cash, to the highest bidder, all the right, title and interest of the said G. J. Zeissel in and to said property.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Munday Times, a newspaper published in Knox County, Texas, my hand, this 26th day of October, 1931.

C. R. ELLIOTT, Sheriff, Knox County, Texas.

**COUNTY CANNING PASSES MILLION MARK**

LUFKIN.—Far in excess of one million containers of home grown fruit, vegetables and meat have been earned by Angelina county farm households since January 1st, according to a recent compilation of results of home demonstration work by Miss Gladys Young, home demonstration agent. A total of 778,130 fruit jars and 248,000 tin cans have been sold, as well as 77 steam pressure canners and 84 sealers. Due to the fact that many families have from 250 to 300 jars that they use over and over again Miss Young believes the total canning for the first nine months of the year has considerably exceeded the number of containers sold.

**BAYER ASPIRIN**  
is always SAFE

BEWARE OF IMITATIONS

UNLESS you see the name Bayer and the word genuine on the package as pictured above you can never be sure that you are taking the genuine Bayer Aspirin that thousands of physicians prescribe in their daily practice.

The name Bayer means genuine Aspirin. It is your guarantee of purity—your protection against the imitations. Millions of users have proved that it is safe.

Genuine Bayer Aspirin promptly relieves:

- Headaches
- Colds
- Sore Throat
- Rheumatism
- Neuritis
- Neuralgia
- Lumbago
- Rheumatism
- Toothache

No harmful after-effects follow its use. It does not depress the heart.

**Reduce the Acid**

SICK stomachs, sour stomachs and indigestion usually mean excess acid. The stomach nerves are over-stimulated. Too much acid makes the stomach and intestines sour. Alkali kills acid instantly. The best form is Phillips' Milk of Magnesia, because one harmless dose neutralizes many times its volume in acid. For 50 years the standard with physicians everywhere. Take a spoonful in water and your unhappy condition will probably end in five minutes. Then you will always know what to do. Crude and harmful methods will never appeal to you. Go prove this for your own sake. It may save a great many disagreeable hours. Be sure to get the genuine Phillips' Milk of Magnesia prescribed by physicians in correcting excess acid.
