Odd Bits Salvaged
By The Editor

You may not be interested in taxes, but we expect you are. As a consumer, you'll become interested around the first of next month; so, here are some general questions and answers concerning the new tax bill recently passed by the Texas Legislature for you to mull over.

k-k
When does the tax go into effect?
September 1, 1961.

How much will this new sales tax cost me?

That will depend on how much you earn, how much you spend of what you earn and how you spend it. You may pay substantially more one year than you do the next because you happen to buy furniture or some other major item of taxable merchandise one year and not the next.

On the average, however, the American people spend about 24% of their total income on items subject to this tax. This means that a man with an income of \$5,000 a year will spend about \$1,200 on taxable goods and will pay an annual sales tax of about \$24.00.

What are the main things on which I will pay the sales tax?

Furniture, household and kitchen appliances, most clothing, household supplies, toys, restaurant meals and electric and gas utility service.

What are the main things on which I will not pay the sales tax?

Groceries, housing (whether you own or rent), medical and dental expenses, insurance, telephone service, your car and the gasoline you buy to run it.

Why won't the tax apply to a car?

Because motor vehicles have been subject to a selective sales tax in Texas since 1941. That tax is now at the rate of 1 1/2% and will not be increased by the new sales tax bill. Because the state already levies taxes on such things as cigarettes, gasoline and beer, they too will be exempt from the new sales tax.

What about a television set which is already subject to a state tax?

The new sales tax will apply to television sets, but the old state tax has been repealed. Actually the tax on television sets, radios, and air conditioners is reduced from 3% to 2% by the new tax bill. The tax on cosmetics is reduced from 2.2% to 2%.

How will I pay the tax?

When you buy something that is taxable, the retailer will add the tax to the purchase price. He will determine the correct tax by applying a tax "bracket" stated in the law. For example, purchases under 25¢ will not be taxed. If the price is between 25¢ and 74¢ you will pay a tax of one penny; the tax will be two cents on items costing from 75¢ to \$1.24, and so on. Over the long haul, this bracket system is designed to average out to a 2% tax on what you buy, and it enables the retailer to collect the tax without the nuisance of stamps or tokens.

Can I get credit for this tax when I pay my Federal income tax?

Yes, this tax is levied on the consumer. Probably the Internal Revenue Service will shortly issue a special bulletin which will provide an easy way to determine how much of a deduction you may take. IRS has done this for all other sales tax states. Of course, you can always keep your own records and use them instead of the standard IRS deduction.

k-k
Business firms will get a batch more information and report forms before the sales tax goes into effect on September 1. More forms for the bookkeeper or store manager to fill out each quarter, etc.

k-k
"You can have it practically made, and then lose it." Farmers living to the north and northeast of Munday realize more than ever the truth of that statement since the destructive hail last Monday night. A drive out into that area reveals destruction by the wholesale, the ground covered with cotton bolls and many of them washed onto the roadways.

Mr. and Mrs. Glynn Bilbrey and Cathy of Hereford visited Mr. and Mrs. M. L. Barnard, and with his father, J. H. Bilbrey, in Goree over the week end. Cathy remained for a weeks visit.

Funeral Service For Lynn Cooke Held On Friday

Robert Lynn Cooke, 57, a native of the Brushy community southeast of Munday, passed away at his home at 2 a.m. last Thursday after suffering a heart attack. An ambulance from McCauley Funeral Home rushed him to the Throckmorton hospital, but he was dead upon arrival. Mr. Cooke was born January 5, 1904, and was married to Marie Corwell in Goree on November 21, 1931. He had been in ill health for some time. He was a well known farmer of the Brushy community.

Funeral services were held at 4 p.m. Friday from the First Baptist Church in Goree with Rev. Clyde Cook, pastor of Trinity Baptist church in Stamford, officiating. He was assisted by Rev. Robert Young of Munday and Rev. W. C. Williamson of Lake Arthur, N. M.

Burial was in Brushy Cemetery under the direction of McCauley Funeral Home. Serving as pallbearers were Pete Kelley, C. N. Howard, J. D. Hicks, Charles Sargent, and Vester Bowman.

He is survived by his wife; three sons, Jimmy Lynn and Bob of Munday and Tom of Fort Worth; two daughters, Mrs. Claude Mae Norton of Fort Worth and Emma Jean of the home; three brothers, Mack, Sam and Jim of Goree, two sisters, Mrs. Ruth Williamson of Lake Arthur, N. M., and Mrs. Faye Griffith of Colcord, Okla., and five grandchildren.

Goree School To Start August 28

E. B. Hosea, newly elected superintendent, announced Tuesday that the Goree Public School will open on Monday, August 28, with general assembly at 9 a.m.

A faculty meeting will be held at 8 a.m. Friday, August 25, for teacher assignments, etc.

Mr. Hosea said the school buses will run on the same schedule as last year, and the school lunch room will be opened on the 28th.

Registration of high school students will follow the assembly, and the following schedule of registration will be observed:

Seniors, 11 to 12 a.m.; Juniors, 1 to 1:30 p.m.; sophomores, 1:30 to 2 p.m.; freshmen, 2 to 2:30 p.m.

Mr. Hosea stressed the fact that all first grade students will need their birth certificates and immunization records when they enter school.

Vera Church To Hold Revival

Revival services at the Vera Baptist church began Wednesday night, August 16, with Rev. P. D. (Dick) O'Brien of Big Spring doing the preaching.

Mr. Vincent Roberts of Seymour is leading the singing. Services are at 10 o'clock in the mornings and at 8 o'clock in the evening and will continue through August 27th.

Rev. Douglas Crow, pastor, along with the members extends every one a cordial invitation to come and hear Rev. O'Brien who is well known in this area.

sophomores from 1 to 2:30 p.m. and freshmen from 2:30 to 4 p.m. Registration of junior high and elementary school students will be from 9 to 11 a.m. August 28. School buses will run at 8:15 and return students to their homes at 11:30. Late enrollees in the first grade will register at 2:30 p.m.

Frank McClain, 94 Dies Wednesday; Rites Thursday

Frank McClain, 94, well known resident of Benjamin, passed away at 10:45 a.m. Wednesday, August 9, at the home of a daughter, Mrs. Fred Jackson of Benjamin, after a long illness.

Mr. McClain was born in Montague County on May 29, 1867, and was married to Precila Isbell in 1887. His wife preceded him in death in 1929.

Mr. McClain was engaged in farming and ranching in this area for many years.

Funeral services were held from the First Methodist Church in Benjamin at 10 a.m. Friday with the pastor, Rev. William H. Wright, officiating. He was assisted by Rev. Lynn Wilson, pastor of the Benjamin Baptist Church. Burial was in Benjamin cemetery.

Survivors include the daughter, four grandchildren and 11 great-grandchildren.

Barton Carl Adds More Store Space

Barton Carl is gaining some 250 square feet of store space at Carl's Department Store by constructing a 10x25 extension to the rear of the store.

Workmen have been busy there for about a week, and will have the addition completed soon. The fitting room will be enlarged for merchandise display, and the remainder of the addition will be used for storage.

Barton found the rear of his store flooded Tuesday morning when he came to work. Rain had entered the building through the roof of the new addition. He reported only minor water damage.

Dr. and Mrs. J. B. Reneau and daughters, Mary Ann and Frances, attended the Greenbelt Bowl game in Childress last Saturday night.

Jerry Mack Peady, above, who recently finished Fabian's Barber School in Fort Worth and passed his state examination at San Antonio, is now employed at Moon's Barber Shop in Burk Burnett. Jerry Mack was picked top graduate of his graduating class. He is the son of Mr. and Mrs. O. B. Peady of Munday.

Former Goree Resident Is Killed In Accident Near McCamey Last Sunday

Funeral services for Nealie W. Moore, 58, of McCamey, a native of Goree, were held at 2:30 p.m. Wednesday from the First Methodist Church in Goree with burial in Goree cemetery.

Mr. Moore was killed, along with a nephew, Phil Martin of Crane, when the car in which they were riding overturned and was wrecked between Big Lake and McCamey last Sunday. Mr. Moore was believed to have suffered a heart attack while driving.

Officiating at the service were Rev. Lynnward Harrison, Goree pastor, and Rev. H. C. Adair of Rule, a former pastor at Goree.

An earlier service was held in the McCamey Methodist Church at 2:30 p.m. Tuesday.

Born June 28, 1903, in Goree, Mr. Moore graduated from the Goree Public Schools, where he was outstanding in athletics. He had lived in McCamey for the past 23 years and was employed by Texas Petroleum Oil Co. He was a member of the Methodist Church and IOOF lodge.

He managed the Little League baseball teams in McCamey for a number of years, and Nealie W. Moore Ball Park there was named in his honor.

Survivors include his wife, the former Mary Martin of Goree; his father, W. L. Moore of Goree; four brothers, Roy, Jack, Johnnie and Billie, all of Goree; five sisters, Mrs. Ira Loving of Seymour, Mrs. Horace Oneal of Haskell, Mrs. Alma Clabourne of Wichita Falls, Mrs. Lola Purdie and Miss Essie Mae Moore, both of Goree.

Funeral services were held from the First Methodist Church in Munday at 10 a.m. Friday with Rev. Billy Frank Fitzgerald, youth director in the local church, and Rev. Robert Young, pastor of the First Baptist Church, officiating. Burial was in Johnson Memorial cemetery under the direction of McCauley Funeral Home.

Survivors include three daughters, Mrs. Bessie Price of Haskell, Mrs. B. L. Melton of Munday and Mrs. Elsie Hicks of Lubbock; a son, W. W. Griffith of Wichita Falls; a brother, Dave Griffith of Munday; 36 grandchildren, 72 great-grandchildren and 6 great-great-grandchildren.

H. C. Griffith Retired Farmer, Dies Wednesday

Harvey C. Griffith, 87, retired area farmer, passed away on Wednesday, August 9, in the Haskell County Hospital. He had been ill for a long time.

Known as "Uncle Harvey," Mr. Griffith was born on May 20, 1874, and was married to Miss Holly Hayes at Abilene on December 12, 1894. He came to Munday in 1940, following his wife's death in 1938. He farmed here for a time, but retired several years ago.

Funeral services were held from the First Methodist Church in Munday at 10 a.m. Friday with Rev. Billy Frank Fitzgerald, youth director in the local church, and Rev. Robert Young, pastor of the First Baptist Church, officiating. Burial was in Johnson Memorial cemetery under the direction of McCauley Funeral Home.

Survivors include three daughters, Mrs. Bessie Price of Haskell, Mrs. B. L. Melton of Munday and Mrs. Elsie Hicks of Lubbock; a son, W. W. Griffith of Wichita Falls; a brother, Dave Griffith of Munday; 36 grandchildren, 72 great-grandchildren and 6 great-great-grandchildren.

Jimminy Crickets!

Munday has received her annual visitation of crickets! And over town is the stench of cricket poison and dead crickets, as Munday merchants try to combat the pests and keep them out of store buildings.

Attracted by the town's lights, the pesky chirpers congregated outside buildings, and they seem to have the knack of coming through tiny cracks in the walls. Merchants will welcome the time they decide to take off for other climes!

Mogul Gridmen Begin Practice

The 1961 edition of Munday Moguls, some 30 strong and stalwart men, reported for the first practice session of the season last Monday under the tutelage of Coaches Wayne Bingham and Doyle Lowrance.

The group is being "put through the paces" in preparing them for the football season, and sore muscles are very much in evidence. Those who have been witnessing the practice sessions report that the Moguls hold much promise of a successful season. They are expected to be showing good form by the opening season.

Tickets On Sale

Tickets for reserve seats at the games went on sale Wednesday, following Tuesday night's meeting of the Quarterback Club.

Those who have held reserve seat tickets in the past will be given an opportunity to obtain their same seats; however, Friday, August 25, is the deadline for reserving them. Tickets are \$2.50 each and will be good for all six home games. These are not good for admission to the games.

All school-aged children must have tickets to sit in the reserved seat section. Tickets may be obtained by contacting V. E. Moore or Paul Pendleton.

Munday's opening game will be with Rochester on Saturday September 2, on the home field. This will be the homecoming game for ex-students of Munday High School.

Red Cross Meet Held Wednesday

The county Red Cross meeting was held at the Clinic in Knox City Wednesday, August 6, at 8 p.m.

New chairmen have been appointed for each community as follows: Mrs. Collins Moorhouse, Benjamin; Mrs. Tip Albus, Rhineland; Mrs. Clelan Russell, Vera; Mrs. Barton Carl, Goree; Mrs. C. G. Markward, Knox City; Mrs. D. C. Eiland, Munday; Mrs. L. D. Welch, Truscott and Gilliland, Tom West of Benjamin is County Chairman and Luther Graham of Knox City is county treasurer.

The purpose of the meeting was to complete the organization and plans for establishing the Red Cross Blood Bank at the Knox County Hospital.

Hail which accompanied a thundershower late Monday afternoon brought destruction to some of Knox County's promising bumper cotton and grain crops, and a number of farmers found much of their crops "gathered" within a few minutes.

It was estimated Tuesday that some 1,000 acres of cotton and maize were destroyed by the hail, which cut a swath some half mile wide and five miles long north of Munday. Some of the fine irrigated cotton held promise of making two bales to the acre, or better, and farmers had planned starting combines in their maize crops on Tuesday or Wednesday.

Some crops in the edge of the hail received slight damage, while those hardest hit were completely destroyed. The hail apparently started just northwest of Goree and extended to the Rhineland highway.

Rain varying from .75 of an inch to better than two inches was reported.

The hail ranged from the size of marbles to golf balls and completely stripped many of the cotton fields, leaving only a few bolls on the stalks.

Among farmers reporting damage were F. G. Offutt, Floyd Reid, F. G. Offutt, Jr., Leland Floyd, Tince Offutt, Aubrey Roden, Gene Thompson, Ike Gresham, Joe Patterson, George Reidenbach, Elmer Hendrix, Alphonse Kuehler, Leo Fetsch, Homan McMahon, Mack Tynes, George Steinbach, and possibly others.

Still other who had reported hail damage late Tuesday included Frank Cerveny, Herbert Willford and Urban Bellinghausen, John Klug, Frank Hendrix and Bernard and Gerald Brown.

Heavy Winds, possibly a twister, did considerable damage to a service station and cafe in the edge of Munday. Damage was estimated "in the hundreds" to the new Shamrock Service Station on Highway 277. An 18-foot and heavily reinforced sign was blown down at the station, and a brick sign was caved in at the Shamrock Cafe, landing on the porch roof and almost demolishing it. Accessories in front of the station, such as tires and cans of oil, were scattered and a soft drink machine was blown around the corner of the building.

A sign at the Western Motel was ripped from its supports.

The rain was confined mostly to Munday and the area hit by hail, extending on to Goree. No rain was reported to the south and west of town.

Mrs. Stovall, 59 Dies Last Sunday; Funeral Tuesday

Mrs. W. E. Stovall, 59, a resident of Munday since 1913, passed away at her home here at 9:30 p.m. Sunday. She had been in failing health for several years.

She was married to Mr. Stovall on August 14, 1921, in Munday.

Funeral services were held from the North Side Church of Christ at 4 p.m. Tuesday with J. W. Beddingfield of Olney officiating. He was assisted by Rev. Robert Young, pastor of the First Baptist Church of Munday. Burial was in Johnson Memorial cemetery under the direction of McCauley Funeral Home.

Serving as pallbearers were Joe E. Egan, Ed Johnson, Joe Gray, Roe Alfred, Lawrence Kegley and Charles Sargent.

Survivors include her husband; three daughters, Mrs. Willa Florene Moore of Hamlin, Mrs. Ruby Baccus of Abilene and Maudyce Jennings of Munday; two sons, W. E. Jr., of Munday and Marvin of Kirkland; one sister, Mrs. Rhonda Davis of Antton; four brothers, John White of San Diego, Calif., Monroe White of Sugarland, Truman White of Knox City and Jack White of Munday; and eight grandchildren.

SOCIAL SECURITY MAN TO VISIT IN MUNDAY

A representative of the Social Security Administration will be in Munday at the City Hall on Tuesday, August 22, from 10:00 a.m. until 12:00 noon. You are invited to meet with the representative to file your claim, or to obtain information or assistance concerning Social Security.

PLENTY OF STRINGS

Supporters of federal aid to education say that Washington will dole out dollars without any strings attached. However, the facts show otherwise, as the Chamber of Commerce of the United States points out. Whenever the U. S. Office of Education has passed out money, it has exercised controls.

The Chamber cites a list of specific examples. Among them: The Office of Education dictated curriculum and administrative practices of a guiding and counseling institute in Tennessee. Under the same Office's regulations a language laboratory in an Illinois school must remain idle when not used for teaching modern languages; It cannot be used to teach Latin. A federal employe threatened to remove a school adding machine from a Minnesota school if it were used for any purpose but science—the government had helped buy the machine. In Alabama the government set minimum wages to be paid on a school building for whose construction federal funds were used.

So it goes. And no one should be surprised. Back in 1942 the Supreme Court held that "it is hardly lack of due process (of law) for the government to regulate that which it subsidizes." That pretty well tells the whole federal aid story.

FRAIL WEAPON

The belief has been widely held that Communism feeds upon poverty, hunger, human misery. This country's multi-billion dollar postwar foreign aid program was largely designed to raise the living standard of great masses of people and so help make them immune to the Communist virus.

But events cast grave doubts on the accuracy of the belief. Consider an article in National Review on the Italian political situation by E. v. Kuehnelt-Leddihn, a distinguished Austrian observer of the world scene, and a writer and lecturer of international standing. In Italy, he writes, the chance of a Communist take-over is greater than in any other European country—and if this should happen it might prove a fatal blow to the whole defense system of the West, as established in NATO. But Communist strength in Italy cannot be blamed on the "empty stomach" theory. Despite much still existing poverty, he tells us, "general living standards in Italy for all classes have never been higher than they are right now."

Then he makes this extremely significant observation: "The richest parts of Italy always have been the Reddest; the provinces immediately

south of the Po—not the distressed areas . . . where poverty and misery have been the rule for centuries."

In the cold war against Communism, it would seem that the foreign aid program, for all its fine goals, has too often proven a frail and expensive weapon.

VIOLENCE AT HOME

Violence and threats of more violence the world over should not blind us to the gravity of our own, purely domestic violence problem.

FBI Director J. Edgar Hoover reports that serious crime reached a new all-time high last year, with an astounding 98 per cent increase over 1950. The population increase was only 18 per cent during the decade.

Throughout 1960 there was a murder every 58 minutes, a forcible rape every 34 minutes and an aggravated assault every 4 minutes. Crimes against property, too, occurred much more frequently.

The juvenile crime problem continues to get worse. Arrests of juveniles have more than doubled since 1950, while the population of youth aged 10 to 17 increased by less than one half.

Even as we must be ready to protect ourselves from enemies abroad, we must do a much more effective job of dealing with society's enemies at home.

CANTON, MASS., JOURNAL: "Some people think that just because a company is big it has all the money it needs and can help support any cause, activity or government program that comes along.

"The money that keeps all these wheels turning doesn't grow on trees. It comes from human effort—human effort that is put to profitable use. We all depend on each other."

TONASKET, WASH., TRIBUNE: "If today's taxpayers had some of the gumption of their forefathers who made history with the Boston tea party, it wouldn't take long to call a halt to the wasteful and extravagant spending by governments which grow bigger and bigger and which exact more and more taxes to sustain their constantly expanding operations."

American railroads serve 50,000 communities over 218,000 miles of track, carrying almost as much freight as all other forms of transportation combined.

Former Resident Of Munday Visits Her Native Country First Time In 34 Years

Mrs. Rose Jones of Odessa returned home recently from Brazil, where she visited her mother, brothers and sisters. After being away for 34 years, she found that it took her a little while to get accustomed to their way of life and to the native language of Portuguese.

Mrs. Jones was accompanied on the trip by one of her daughters, Mrs. Frank Clements of Andrews. Her other daughter is Mrs. Jack McCall with whom Mrs. Jones makes her home.

Mrs. Jones was born in Correntes, Brazil, and lived most of her life in Tres Lagoas. It was in Tres Lagoas that she was a guest in the home of her mother, Mrs. Dolores Acunah, and a brother, Fidelis Acunah. She also visited her other brothers and sisters, some of whom she had never seen.

For their trip to Brazil, they flew via Miami, Panama City, Caracas, Venezuela, and San Paulo, Brazil, thus making the longest overland flight in the world (4,200 miles). They returned via San Paulo, Rio de Janeiro, Brazilia, Guatemala City and Mexico City.

While in Brazil, they visited in San Paulo and Rio de Janeiro, the cities where Mrs. Jones and her late husband spent their honeymoon some 39 years ago. They found San Paulo a busy, bustling city like any large American city. In Rio, it was a thrill to see this beautiful old capitol and chief port of Brazil, where they saw the famous Sugar Loaf Mountain and harbor entrance. They felt they were fortunate in two ways on their return flight; one being before they reached Brazilia, the new Brazilian capitol when their jet airliner developed wing trouble but they landed safely at Brazilia, then due to the trouble, their flight was delayed some eight hours which they spent in

this modern, beautiful city. It has been carefully planned and is truly a modern capitol. Mrs. Jones says, "One cannot realize, unless they see and know the country around the capitol, what a great piece of work went into the planning and building of this lovely, modern city. The Brazilians are to be recognized for this great accomplishment."

They found the Brazilians as a whole a very hospitable people who love the Americans and the United States and are eager to learn all they can about us and our way of life.

Mrs. Jones says, "It has definitely been a thrill of a lifetime and one that surpasses anything that has happened to me in a long time. One does not realize the emptiness in one's life of not knowing your family or being with them for a long period of time, and then to be suddenly reunited with your own mother, brothers and sisters who were children when you left them, and some whom you had never seen, being the oldest in the family. This is an experience one will not easily forget."

NEW SON WELCOMED INTO EILAND FAMILY

James Allen Eiland will never lack for playmates. Big sister, Dianna Kay, and older brother, Dave Chase, can hardly wait for the time he can join in their games. Born August 8, 1961, he weighed 9 pounds and was 21 inches long. Parents are Dr. and Mrs. David Eiland, Jr., of Little Rock, Ark. Grandparents are Mr. and Mrs. W. L. Jacobs of Western Springs, Ill., and Dr. and Mrs. D. C. Eiland of Munday. James Allen has two great grandmothers in Munday. They are Mrs. Chas. Moorhouse and Mrs. Jessie Wood. The baby was named for his great uncle, James Andy Eiland, and his uncle, Clarence Allen Eiland.

Pictured above are: Top row, Gary, son of Mr. and Mrs. Grady Howry; JoEda, daughter of Mr. and Mrs. Ross Lankford, and Terry, son of Mr. and Mrs. H. G. Carnahan; bottom row, Gary, son of Mr. and Mrs. A. J. Keathley; Diana, daughter of Mr. and Mrs. Louis Redder, and Walter, Jr., son of Mr. and Mrs. Walter Caddell.

Changes In Your Social Security

There was one recent change in social security law that, while minor, directly or indirectly affects everybody under 72 receiving old-age or survivors insurance benefits. This was a change in the so-called "retirement test."

Under the old law, a person could earn \$1200 and receive all of his monthly social security benefits. \$1 in benefits were withheld, however, for each \$2 earned from \$1200 to \$1500 and \$1 for each \$1 earned over \$1500. Under the new law, only \$1 is withheld for each \$2 earned from \$1200 to \$1700, with an additional dollar withheld for each dollar earned over \$1700.

This means that under the new law a person eligible for social security benefits may earn up to \$1700 and receive more in total earnings and benefits than under the old law. Of course, for each \$1 earned over \$1700, \$1 is withheld in benefits.

An important part of this change, too, is that it applies to earnings for this year. People who are receiving benefits and earning \$1500 or more may get more information about this by inquiring at the Wichita Falls Social Security Office.

There is no change in the provision that, regardless of how much a beneficiary earns in a year, he will get a benefit check for any month in which he is over 72, or in which he neither earns more than \$100 in wages nor performs substantial services in self-employment.

Mr. and Mrs. Doug Moore and children of Garland were week end guests in the home of Dr. and Mrs. A. A. Smith.

Bacterial blight of cotton is the most damaging plant disease in Texas. Losses vary, according to Harlan Smith, extension plant pathologist, from 35 to 40 million dollars annually from decreased yields.

Gems Of Thought

"FORGIVENESS"
If you have been badly wronged, forgive and forget. — Mary Baker Eddy
He is below himself that is not above an injury. — Frances Quarles
Forgiveness ought to be like

a cancelled note—torn in two, and burned up, so that it never can be shown against one.—Hendy Ward Beecher

The memory and conscience never did, nor never will agree about forgiving injuries. — Lord Halifax

Only the brave know how to forgive; it is the most refined and generous pitch of virtue human nature can arrive at.—Laurence Sterne

There is a noble forgetfulness—that which does not remember injuries.—Charles Simmons

Tax-Man Sam Sez:

Even though IRS's tax enforcement program brings in millions, Texans voluntarily pay most of the \$3 billion taxes taken in annually by the Austin and Dallas Internal Revenue Service Districts. The tax folks give strong support to voluntary compliance with enforcement. Thousands have their tax returns audited and several score are indicted for fraud annually.

More than 200 brand new tax men hired this year for Texas IRS offices have just finished tax schools being held here in Texas now. It probably pays to voluntarily comply after all.

The party line golden rule

People on telephone party lines have a daily opportunity to practice the principle of the golden rule.

Sometimes, when you pick up the receiver, you expect the party line to be in use. But your call is delayed only when the party line is tied up for an excessive length of time.

So the best rule for party line users is the golden rule. To put it simply "Do unto your party line neighbor as you would have your party line neighbor do unto you."

"All Is Not Gold That Glitters"

Throughout recorded history there have always been reports about charlatans who exploited the sick.

We now have laws that protect you by only permitting a Physician to practice medicine and a Pharmacist to dispense medicines . . . Unfortunately there is a growing effort to increase the use of patent medicines by permitting their sale anywhere, instead of under the supervision of a Pharmacist, who has the necessary training to advise you against wrong use. Any medicine can be harmful if improperly taken.

For your own safety, depend on your Physician to advise you what medicine to take and you can always depend on our Pharmacy to fill your Prescription just like your Physician prescribes.

Knox Prairie Philosopher Wants His Tractor Hijacked, But Reflects On The Rewards Russian Spacemen Get

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek has been keeping up with the news lately, his letter this week indicates.

J. A.

Dear editor:

I was out here on this Johnson grass farm the other afternoon wondering why people are always picking on airplanes to hijack, you never hear of anybody hijacking a farmer's tractor and forcing him to drive off course to some distant place, when I shut the motor off on my own and got off and sat down under the shade of a tree and pulled out a newspaper I'd been carrying around in my pocket for several days as a stand-by in case I ran out of something to think about, and discovered it was an issue printed right after the second Russian flew around the earth in a rocket ship.

I had already known this latest flier had made seventeen trips around the earth and landed right back in Russia where he started from, which may be progress to some people but it isn't my notion of it, but what interested me was a paragraph saying this flier, just like the other one who made it around the earth, would be given an automobile.

For conquering space, a Russian gets what we Americans are already swamped with. Funniest way to distribute automobiles I ever heard of, and it's also an index to what man really thinks about it. He may be curious about it, but once he's been out there, he sure is interested in getting back to earth and sampling some of the pleasures of the world, like driving an automobile or going to sleep in his own bed.

People are always talking about conquering space, but it's sort of like me conquering this Johnson grass farm. You can make a dent in it, but you never really get it conquered; the minute you turn your back, it starts closing in on you. Understand, I'm not discounting what the Russian astronauts have done, but it sure seems like going to a lot of trouble to get a slap on the back and a new car, when anybody in America can get the same thing just by walking into the nearest car

Mrs. M. A. Masters and Bobby spent last week with her daughter and family. Mr. and Mrs. W. I. Gunter, Rusty and Cindy, in Denver City. They also visited in Monahans. Mr. and Mrs. Gunter and children brought them home on Sunday and remained until Tuesday for a visit. Enroute home they attended the pro-football game in Midland on Sunday afternoon between the Dallas Texans and the Denver Broncos.

Mr. and Mrs. Wilkie Guinn and Wilkie Jr., Mr. and Mrs. C. L. McAfee and Mr. and Mrs. Phillip McAfee enjoyed a week end of fishing at San Saba on the Colorado river.

port for wheat would likely be in the neighborhood of \$2.00 per bushel.

If farmers decide in the referendum against quotas, there will be no limit on marketings, price support would be at 50 per cent of parity (wheat parity is now \$2.37 per bushel) and would be available to those farmers who plant within their acreage allotments.

On May 12, Secretary Freeman proclaimed marketing quotas and a national acreage allotment of 55 million acres for the 1962 wheat crop on the basis of estimated supplies and utilization of wheat. At that time he deferred setting the date for the referendum pending action to provide an improved wheat program for next year's crop.

"Though action has not been completed on a new program," the Secretary explained, "it seems desirable to now set a date for the referendum on 1962 marketing quotas in order that all producers may be appraised of the voting time. Under legislation now being considered, stocks of what would probably be reduced by 100 million bushels rather than increased by that amount if changes are not made. This would result in savings to the Government on this one crop of \$50 million in the first crop year, and in the period before new stocks could be disposed of at present rates the savings on this one crop would amount to \$258 million."

"The decision farmers make is extremely important to them and to the rest of the Nation not only for 1962 but also for many years to come," said Secretary of Agriculture Orville L. Freeman when he announced the referendum date. "The program available with quotas in effect would be far different from that which could be operated without quotas," he added.

If two-thirds of the referendum voters favor quotas, cooperators will be eligible for full 1962 wheat price support. Although the level of support has not definitely been determined, it will be higher than the present level of \$1.79 per bushel if proposed legislation now before Congress becomes law. At a recent press conference, Secretary Freeman said that the nation average sup-

Choosing a record keeping system: Simplicity is a characteristic of prime importance. Simple recording does not demand large blocks of time but makes use of slack moments when other time consuming tasks are in progress. A simple system of organization of items, coupled with a form easy to handle, can be comfortably integrated into daily routine.

The adequacy of a system is determined by how well it fits the needs of the family. The system is not adequate unless it tells facts the family needs to know. If it tells more than necessary, it may be too cumbersome.

Flexibility is an important characteristic of the record keeping system. It is important to be able to adjust the system to requirements of changing circumstances or conditions and to provide for emergency expenses.

Convenience refers both to ease in recording and to ease in getting at and taking care of the system. If record keeping is made a family project in which children are allowed to help, both the system of recording items as purchased and the arithmetic involved are important.

Mr. and Mrs. J. J. Keel and Leona visited Mrs. A. L. McDonald and Jimmy and other relatives in Midland over the week end.

5 Injured In July Accidents

The Highway Patrol investigated 8 accidents on rural highways in Knox County during the month of July, according to Sgt. Frank Jirick, Highway Patrol supervisor of this area.

These wrecks accounted for five persons injured and a property damage of \$5,975.00.

The rural traffic accident summary for Knox County from January through July of 1961 shows a total of 28 crashes. As a result of these crashes there were 15 persons injured and no one killed. The estimated property damage amounted to \$21,910.00. This compares with the first seven months of 1960's total of 31 rural crashes injuring 5 people, killing one and causing an estimated property damage of \$20,880.00.

"Prior to August 1, throughout the state of Texas, there had been a total of 974 fatal crashes resulting in 1,214 persons losing their lives needlessly," the Sgt. stated. This compares with 929 fatal crashes and 1,134 lives lost. Therefore, in 1961 there have been 45 more fatal crashes resulting in 80 more lives lost, or a 7% increase.

Robertson Named To F. H. A. Board

Morris E. Robertson, Knox County farmer, has been named to the Farmers Home Administration Knox county committee, according to Wilburn A. Satterwhite the agency's county supervisor here. The appointment is for three years beginning July 1.

The purpose of the county committee is to review applications for FHA loans. Composed of three members, the committee is set up on a rotation basis with one new member appointed each year. Mr. Robertson succeeds Mr. Murval H. Jackson, Vera, Texas, who has served on the committee the past three years. Other committee members are Lloyd W. Waldrip and B. E. Smith.

The Farmers Home Administration extends credit accompanied by technical farm management assistance to farm families in Baylor, Knox and Throckmorton Counties.

These families have used the loans to strengthen and improve their farm operations. Many have replaced worn-out equipment, brought additional land, cleared scrub timber and brush, applied heavy amount of fertilizer on unproductive fields, replaced grade livestock with top-quality animals. Some have installed irrigation systems to combat drought hazards and others have developed farmstead water supply systems. Several improved their homes and essential farm buildings.

The county office is located at 115 W. McLain Street in Seymour, Texas, the County Supervisor may be contacted in Knox City at the ASC office each Tuesday between the hours of 11:00 a.m. to 12:00 noon. He is also in the Seymour office each Friday morning.

BIRTH ANNOUNCEMENT

Mr. and Mrs. Lester Hutchinson are announcing the arrival of a son on Thursday, August 3, 1961. He made his arrival at the Haskell Hospital at 11:37 p.m. and weighed 7 pounds and 14 ounces. He has been named Wayne Allen. He is four years old, and is very proud of his new brother. Grandparents are Mr. and Mrs. R. E. Hutchinson of Weintert and Mr. and Mrs. Konrad Hofflich of Roth, Germany.

Attending the Texas Home Demonstration Association Convention in San Antonio last week from Knox County were Mrs. Homer Martin of Gilliland; Mrs. Clelan Russell of Vera; Mrs. L. A. Parker of Benjamin; Mrs. Gill Wyatt of Munday and district vice president, Mrs. Wesley Trainham, of Vera.

Mr. and Mrs. Jim Gaines visited in Fort Worth over the week end.

'Round The World In Just One Suit!

"There's no stipulation that one must wear the same suit around the world before it's properly cleaned and refreshed... but it has been done" according to Joe Bailey King of King's Cleaners. Recently, Mr. R. W. Hemphill, renowned world traveler did just that... circled the globe in an effort to prove the durability, the self-pressing qualities of the Worsted-Tex suit he was wearing. Upon Mr. Hemphill's return home Mr. King states, "the suit was taken to a Sanitone Dry Cleaner to be refreshed."

Worsted-Tex, Serbin, Botany, Handmacher plus many other leading clothing makers are endorsing this quality method of dry cleaning because it keeps the original shape, texture and freshness of their fabrics... giving the customer added years of service from the clothes they buy.

Hang tags placed on each garment in the retail outlets back up the clothing manufacturers recommendation of this quality dry cleaning process.—Adv.
